County Board of Education AUDIT REPORT

From July 1, 1934 to June 30, 1935

Paintsville, Ky.,

Sept. 25, 1935

Ballard Hunter, Superintendent, and Members of the Board of Education of Floyd County, Kentucky,

Prestonsburg, Kentucky.

Gentlemen:

Pursuant to your instructions, I have made a detailed audit of the books of account and records of The Board of Education, Floyd County, Kentucky, for the period July 1, 1934, to June 30, 1935, also made the settlement with the Sheriff for the taxes collected for the various Consolidated Districts and submit herewith, Balance Sheet, Statement of School Fund, covering all your receipts and disbursements, except the Sinking Funds, detailed statements of each Consolidated District and the necessary supporting schedules.

I found your records well kept and expenditures all allowed by your board.

Particular attention is called to the following Schedules:

Schedule B. (School Fund) As noted above, this Schedule includes all of the receipts and disbursements. The detailed statements of the Consolidated Districts are set out for your information and are not additional receipts and disbursements.

Schedule Q. (Reconciliation of Bank Balances) While there might be some question as to advisability of carrying this Bank Balance at the close of the Fiscal Year, it appears to be necessary to take care of the current expenses for the Rural Schools until your receipts commence coming in.

Schtdule R. (Recapitulation of Indebtedness) This Schedule shows a net reduction of indebtedness for the Fiscal Year of \$38,504.91 after eliminating all BankBala nces. I believe this speaks for itself without any further comment.

Schedule T. (Warants outstanding) Includes one warrant, duplicate of Number 240, issued by the preceding administration; this warrant is for \$686.70, payable to F. A. Maggard and there was no stub or record of same.

Schedule U. (Accounts payable) Are as taken from your books and include accrued teachers pay rolls.

Schedule V. (Overpaid commission on Consolidated districts) Section 4426-2 Carroll's statutes only allow the Sheric 1 per cent. This excess commission is noted for your in-

Schedule W. (Interest on average general monthly balances). Under an order entered by your Board July 2, 1934, your depository was required to pay 2 per cent on average monthly balances. This amounts to \$832.12 and has not been paid.

I was given all assistance possible by your Superintendent and his helpers and take this

opportunity of thanking them. I certify that, in my opinion, subject to the comments above, the accompanying Balance Sheet and supporting schedules, fairly reflect the financial transactions of the Board for the period namel and the condition of the various funds as of June 30, 1935.

ALFRED D. ROBERTS, Public Accountant.

## OVER 30,000 KENTUCKY PEOPLE

VER 30,000 Kentuckians owe their sole employment to the distilling industry in Kentucky.

Over one hundred million dollars are invested in this same industry-enough to make a path of dollar bills over 10,000 miles long.

Unless you vote "Yes" to Repeal the State Prohibition Amendment on November 5, most if not all these 30,000 people will be deprived of employment, and a \$100,000,000 industry will be driven out of Kentucky.

### Why It Is Necessary to Vote on November 5

Prior to 1933, Kentucky was dry under both the Eighteenth Amendment to the Federal Constitution, and a State Constitutional Prohibition Amendment.

In 1933, national repeal of the Eighteenth Amendment legalized the distilling industry only so far as the Federal Government was

National Repeal still left Kentucky with State prohibition laws which, under our State Constitution, could not be repealed until the November election of 1935.

Pending that date, the Legislature in 1934 passed an act known as the Liquor Control Act, which now permits (as an emergency measure) the sale of alcoholic beverages.

The Liquor Control Act, which is merely an emergency measure enacted pending the repeal vote, must not be confused with the State Constitution's Prohibition Amendment.

The Prohibition Amendment is a permanent part of our State Constitution unless the people of Kentucky vote to repeal it on

A vote for Repeal in November is NOT a vote to repeal the Liquor Control Act now in effect. It is simply a vote to put an end to Constitutional Prohibition in Kentucky, and to replace it with a system by which each county, city, town or precinct may determine for itself whether or not alcoholic beverages may be sold therein.

If you wish to help over 30,000 Kentuckians to keep their sole means of employment_if you wish to help keep thousands of honest workers off the relief rolls-
