SUPERINTENDENT HUNTER OUSTED

PALMER HALL IS ELECTED TO FILL VACANCY CREATED

Climax in School "Feud" Comes Saturday After Ten-Day Hearing

CLERKS NAMED

The "educational feud" which started two years ago with a county board of education election, and during which legal skirmishes have been staged from time to time, Saturday resulted in the removal of Ballard Hunter from the office of Superintendent of Floyd county schools.

Palmer Hall, of McDowell, was named Superintendent in his stead.

Held guilty of 16 of the 33 complaints filed against him several weeks ago by Henry Porter as a taxpayer, Mr. Hunter's discharge came after a 10-day hearing of oral evidence by the board of education. Townsel Combs, chairman of the board, Dr. Dewey Osborne, Guy E. Childers, and Harold Bailey were the board members who sat at the hearings. Harry Baisden, the one remaining pro-Hunter member of the board, did not attend the board meetings at which this evidence was heard.

Removal of Mr. Hunter as Superintendent was followed by the discharge of Edgar L. Wright as Clerk, and Tuesday morning John Warix, Attendance Officer under Hunter, received the board's request that he immediately tender his resignation.

Failure to devote himself "exclusively" to the duties of his office, participation in politics and his holding a "club" over teachers by failing to sign their teacher contracts until "just before" the election in order to command their support at the polls, and support of W. W. Cooley and Jack Branham for board membership, during which he exacted from teachers contributions, were the charges.

RESPITE FROM PEN TERMS IS SHORT FOR TEN CONVICTS

Ten convicts are back in their cells in the state reformatory at Frankfort and are facing longer penitentiary terms in payment for less than two days of freedom gained in prison breaks last week.

Meanwhile, Attorney General Beverly M. Vincent, acting on orders of Governor A. B. Chandler to make a full report and not to "pull punches," was conducting an investigation into the escapes and into conditions at the reformatory.

TURNER SUCCUMBS TO PNEUMONIA TUESDAY

A week's illness of pneumonia Tuesday claimed the life of James Turner, 42 years old, miner, at his home at Wayland. A native of Knott county, Mr. Turner had resided at Wayland for several years and had many friends and relatives in this section.

Surviving him are his widow, four sons and two daughters. One brother, Boyd Turner, resides at Martin. Funeral rites were conducted from the home Tuesday, Revs. M. C. Wright and Earl Howard, of the Baptist Church, officiating. The body was returned Wednesday to Dema for burial in the family cemetery under the direction of G. D. Ryan.

PROJECTS PROVIDE CLOTHES FOR POOR

80 Women Employed in Four Work Centers of County, Making Wearing Apparel

With four Training Work Centers located in Floyd county, furnishing employment for approximately 80 women under the WPA, supplying the poor with clothing and affording these women training in sewing which will be of value to them in later years, one of the most important but least publicized of relief projects is well under way in this county.

These work centers are located in Prestonsburg, Betsy Layne, Martin and Lackey. The first was started late in November. Since then the women furnished employment have been making all kinds of wearing apparel from materials furnished by the PWA, and these garments in turn have been placed in the hands of county officials for distribution among the needy.

Each of the four Magistrates of the county has been asked to supervise distribution of this clothing, it was said this week by Miss Josephine Hill, county supervisor of the training work center projects. This week 60 new machines arrived in this county for use at these work centers. With these machines to facilitate the work and the women employed on these projects gaining in skill, a large supply of garments, all of better manufacture, will be available, it is pointed out. Women thus employed are paid \$21 a month, and work four days a week, it was said by Miss Hill.

INJURED IN FALL

Jack Hale, 82 years old, well-known Amba man, sustained a fractured pelvis last week when he fell on the ice near his home. His condition has been serious, but Tuesday it was reported that he was expected to recover.

MOTOR BRAKEMAN INSTANTLY KILLED

Irvin Hicks Crushed to Death By Motor at West Garrett Tuesday

Crushed beneath a mine motor and a coal car inside the mines of the Welch Elk-horn Coal Company at West Garrett, his skull fractured and his back broken, Irvin Hicks, 23 years old, motor brakeman, was instantly killed Tuesday morning at 10:45 o'clock.

The tragedy occurred, it is said, when Hicks leaped from the motor and his foot slipped as he was attempting to throw a switch. The body was prepared for burial by G. D. Ryan, and funeral rites were conducted Thursday from the home of his parents, Mr. and Mrs. Alfred Hicks, West Garrett. Burial was made at Garrett.

Besides his parents, young Hicks is survived by six brothers.

Miss Ella Noel White, executive secretary of Floyd chapter, American Red Cross, is in Washington, D. C., attending a Red Cross training school.

DRAWINGS FOR NET TOURNAMENT HELD

Six Teams Draw Byes; Auxier, Dwale, McDowell and Maytown Open Meet

Drawings held here Saturday by coaches of the 10 Floyd county basketball teams to compete in the district net tournament beginning at Martin March 5 gave six teams first round byes, leaving two games to be played on Thursday night, first day of the tourney.

In the first round Auxier plays Dwale and McDowell meets Maytown. Prestonsburg, Lackey, Betsy Layne, Garrett, Martin and Wheelwright drew byes.

The second round finds Prestonsburg playing Garrett, Lackey meeting Betsy Layne, Martin facing Wheelwright and the winners of the Thursday night games meeting each other. The semi-finals will be played Saturday afternoon and the finals on Saturday night.

C. P. Stephens, assistant U. S. district attorney, has returned from Lexington, where he has been attending federal court.

Asks Support for Athletics

Mayor Arthur C. Carter this week issued the following statement:

"Having noticed that many of our prominent citizens and business men are becoming conspicuous for their absence at basketball games in which our home boys are contestants, and realizing that this does not have a good influence on our boys, I am taking this means, as the executive head of the city, of appealing to all citizens, more particularly our business men, to lay aside your regular duties and attend the basketball games at the gymnasium.

Chemist's Report Says Floyd Cannel Unequaled

Product of Right Beaver Creek Mines 'Premium Cannel Coal'—Real Value Hitherto Little Known to Coal Men—Samples Taken from Three Mines

Though it has long been known that Floyd county is a producer of high-grade Elk-horn coals, and that, if this field were more favorably situated geographically, other coal-producing sections would be confronted with a competition in quality difficult to meet, a chemist's report on Floyd county cannel coal recently supplied information of which coal men in this section hitherto were ignorant.

For the past 15 to 20 years the Right Beaver Creek section of this county has been shipping a cannel coal for which there has been a seasonal demand, but about which little has been known except that it is of low ignition temperature, free burning, and a desirable open fire place fuel.

This product has been sold without the shippers having a definite knowledge of its quality. Within the past month, three samples of cannel coal taken at the working face in three separate and distinct Right Beaver Creek mines, were forwarded to the laboratories of a widely and favorably known chemist. The following results were obtained:

BANK OFFICERS AND DIRECTORS SELECTED

Annual election of officers and directors was held Monday at the meeting of stockholders of The Bank Josephine here. Officers of the bank remain as in 1935, and the board of directors is the same except for the addition of Jo M. Davidson to its personnel. Names of officers and directors follow:

A. J. Davidson, president; J. D. Harkins and H. D. Fitzpatrick, vice-presidents; George P. Archer, cashier; Jo M. Davidson, assistant cashier; directors—A. J. Davidson, George P. Archer, J. D. Harkins, H. D. Fitzpatrick, W. S. Harkins, Jr., Dr. W. W. Richmond, Jo M. Davidson.

W. H. FITZPATRICK IS VICTIM AT 76

Former Magistrate and Prominent Farmer Succumbs Tuesday on Middle Creek

W. H. Fitzpatrick, prominent Floyd county farmer and a former county official, died at his home on Middle Creek, a mile from West Prestonsburg, Tuesday morning as the result of complications at the age of 76 years.

A son of the late H. C. and Mrs. Minerva Hamilton Fitzpatrick, pioneer residents of this section, he was a member of one of this county's largest families. He was familiarly known to his hundreds of friends as "Squire Bill," a cognomen resulting from the fact that he was formerly Magistrate of his district. Mr. Fitzpatrick was owner of large land holdings and was a very successful farmer. He was united with the Methodist Church in boyhood and was a citizen of high standing.

Mr. Fitzpatrick's wife, Mrs. Ellen Harris Fitzpatrick, preceded him in death about three years ago. He leaves one daughter, Mrs. Sallie Stephens, one brother, Jonathan H. Fitzpatrick, of Middle Creek, and two sisters, Mrs. B. P. Friend, Prestonsburg, and Mrs. Cynthia Holbrook, of Middle Creek. He also leaves two grandchildren, Mrs. Cornelia Allen and Bill Henry Stephens, of Middle Creek.

Funeral rites were conducted from the home Thursday afternoon at 1 o'clock, and burial was made in the family cemetery under the direction of E. P. Arnold.

POSTMASTER'S WIFE DIES

Mrs. Lee Frasure, wife of the postmaster at Teaberry, died recently at her home after an illness of two months. Burial was made in the family cemetery. Mrs. Frasure was one of the county's best women.

TRAGEDIES IN AND CLAIM TWO LIVES LAST WEEK

Relief Worker, Melvin Succumb at Martin to Injuries

NING UNHEEDED?

Floyd county residents, a woman and a man, were injured by Chesapeake Railway trains last week.

Of the two victims, Irvin Hicks, a woman of 23 years, who was on a freight train home at West Garrett after 5 o'clock Tuesday afternoon as she was along the tracks where she was at a Training Work Center of the WPA. She died when she was taken to Valley hospital.

At night at Melvin, the 59 years old, died of injuries from which he died the following day at Martin. He had fallen from a "chifter" bound for West Garrett. Internal injuries were the cause of his death. The place near Mr. Cole.

Mr. Hicks' child, said to have witnessed her fatal injury as she looked from a window at her home, watching her mother to return to work. The report here says that the engine whistled several blasts and that, evidently, thinking the woman had stepped from the tracks, the engineer did not apply the brakes in time to prevent the tragedy.

Funeral rites for Mrs. Hicks are being held at her husband and four children's home.

Her funeral and interment were conducted at West Garrett. Mr. Cole was removed to his home at Melvin where taken to Abingdon for burial Tuesday. He was survived by his widow, Mary Cole, two sons, and Willie Cole, and two daughters.

COMMITTEE CONSiders FINANCING PLANS FOR COURTHOUSE

Actively approving the plan of L. J. Dean, Hunt architect, for the reconstruction and enlargement of the county courthouse, the county court Tuesday turned the task of financing the project over to a committee consisting of Attorney Forrest D. Dean, county clerk A. B. Dean and Attorneys J. W. Dean and B. F. Combs.

The committee pointed by the court ways and means of financing the structure. Their report will be given the court Tuesday on page five.

SHIRTMAKER FROCK IS INDISPENSABLE

PATTERN 2507

2507

A budget-wardrobe is a limited wardrobe, one in which each separate item must play more than one role. The shirtmaker is a very good example of this type of frock, for it's just as smart for country as town, and can go any place during daylight hours and feel well dressed. It's right for classroom and office, too, so includes both school and business girls among its wearers. So simple the veriest beginner could make it. Wool or wool-appearing cotton are excellent fabric ideas.

Pattern 2507 is available in sizes 12, 14, 16, 18, 20, 30, 32, 34, 36, 38, 40 and 42. Size 16 takes 2 1/2 yards 54 inch fabric. Illustrated step-by-step sewing instructions included.

SEND FIFTEEN CENTS (15c) in coins or stamps (coins preferred) for this pattern. Write plainly name, address and style number. BE SURE TO STATE SIZE.

Address orders to the Sewing Circle Pattern Dept., 243 W. Seventeenth St., New York City.

Week's Supply of Postum Free Read the offer made by the Postum Company in another part of this paper. They will send a full week's supply of health giving Postum free to anyone who writes for it.—Adv.

Divide and Rule Big Men, Light Eyes Why Go Naked? Borrowing a Blimp

Mr. Green, American Federation of Labor head, warns the miners' union not to split up the federation.

Arthur Brisbane

Louis XI's motto, Divide et impera ("Divide and rule"), in dealing with powerful nobles, is not unknown to the enemies of union labor, or Goethe's Divide and rule! Powerful word. Unite and lead! Better word.

A lonely English soldier living on an island in the Indian ocean wrote that he wanted a wife, saying, "I have hazel eyes," nothing else about himself. Already 250 English girls have offered to marry him. The 249 disappointed may find comfort in a better marriage, picking out somebody with blue eyes. It annoys many, but it must be said that practically all the great men in history had blue or gray eyes, even men from dark-eyed races, like Napoleon from Corsica, Caesar from Rome.

To save answering questions, here is a short list: Washington, Jefferson, Lincoln, Roosevelt, Edison, Henry Ford. Look up the others.

Near Tampa, Fla., a schooner loaded with men, women, children, on the way to establish a nudist colony in the Virgin Islands, ran aground. Navigators were unwilling to sign for a nudist enterprise, afraid, perhaps, of catching cold, so the ship ran ashore.

Nudism is a queer atavistic craving. The human race began that way in the Garden of Eden, and each of us starts out as a nudist at birth. The struggle is to keep clothed thereafter.

It is a strange demoralization that makes some long to run about undressed; the more strange because they look so hideously ugly.

Discouraged by incompetence that wrecked two dirigibles, this country decided that lighter than air machines are not necessary. It was necessary to borrow a small privately owned blimp to take food to 3,000 Tangier Islanders, cut off from relief by ice. No heavier than air plane could land there before the blimp, which landed easily.

Mussolini threatens to leave the league if it includes a ban on oil in its sanctions. In modern war, no oil, no war. Mussolini may buy old American ships to use as floating gasoline storage tanks. Had he come a little sooner he could have had plenty of them at a bargain, about one thousand million dollars' worth of expensive steel floating "junk," built when this country's foolish entrance into the World war found it unprepared.

England and Russia were getting along nicely, and now the Russian envoy, Litvinoff, attending the late King's funeral, commits the British unpardonable sin.

After talking with the new king, Litvinoff, instead of expressing admiration for the overwhelming royal intellect, remarked that the new king, Edward VIII, was "just a mediocre young Englishman" and repeated what the young king had said to him, something "not done."

Mr. Norman Thomas of the Socialist left wing runs for President sometimes and says the "New Deal" is leading to Fascism, a dictator.

In Italy Socialism, and doctrines even more radical, led to the rise of Mussolini, aided by castor oil and other methods. If our dictatorship comes, some radicals will look back sadly to the good old days when you could speak your mind without being shot or put to work.

One man's frostbite is another man's good news. New Jersey fruit growers say the extreme cold, freezing the ground two feet deep, will destroy orchard pests, including the gypsy and coddling moths. The cold, which has not injured trees, is expected to discourage larvae of the Japanese beetle.

Some day scientists will show fruit farmers, including this writer, how to penetrate the earth by radioactivity, or otherwise, to the necessary depth and kill the hibernating pests. A remedy for borers would be welcome. Radio power should solve the insect problem.

Col. Charles A. Lindbergh spent his thirty-fourth birthday in Wales, his wife and one son with him. He must have felt as though he had already lived 100 years, and have wished, almost, that he had been content to remain in the air mail service, apart from the limelight.

what Irvin S. Cobb thinks about:

The "Peasant" Candidate.

HOUSTON, TEX.—To certain candidates: Dear cans., please discourage your campaign strategists, whoever those poor anti-quarians may be, who believe you can prove the Spartan simplicity of your rugged souls by inviting distinguished visitors to drop in for pot-luck with you and the family in the kitchen.

Because, dear cans., that's old stuff. It dates back to the McIntyre and Heath era of political vaudeville. The great common people may be common—anyhow the orators keep on telling them they are—but they aren't exactly stupid. Merely because a man has to live in the deep woods doesn't mean he has to think like a woodpecker. I contend it's generally the other way around.

Irvin S. Cobb

With the exception of "Mr. Dooley," practically all the outstanding satiric observers of our national follies sprang from the soil and not from the sidewalk. If there are any true yokels left, their principal center is New York city. And if ever there was a day when Americans in mass believed a man could best qualify for the Presidency by behaving like a peasant, that day has passed.

Odorless Cabbage.

SOME experimental genius at Cornell university has bred a non-odorless cabbage—a thing absolutely guaranteed to remain unsmellable while being cooked. I presume he crossed it with the tuberose.

Now, I never protested when they produced a spring onion with no aftertaste to it, no lingering reminiscence. "Fair enough," I said, "after all, why not let bygones be bygones?"

And I shall welcome with glad cries the evolution of the anti-squirt grapefruit, and the self-opening coconut, and, greatest boon of all, the hicoughless radish.

But to take away from the succulent fried cabbage its only means of self-defense seems a cruel thing. Besides, how in future would a stranger be able after dark to identify an old-fashioned, two-dollar-a-day, American plan hotel? Once he got inside and saw the Gideon Bibles and met the resident cockroaches, he'd know, of course, where he was, but how about approaching in the night-time with no perfume to guide him?

The Courage of Texans.

THERE'S something about Texans—something different.

The men who tramped the Oregon trail were homesteaders. They took their wives with them, and plows and seed-corn, the forty-niners who went to California had shovels on their shoulders and—if you can believe the Savannah song—banjos on their knees. But if it came to a pinch they threw away the banjos first. Because they were looking for gold. But in the beginning those who came to Texas carried rifles and kept their eyes peeled. They were looking for trouble. And, laws, how abundantly they found it.

For nobody dreamed then of the incredibly rich and fertile empire this would be. The only prospect was for a fight against the wilderness.

The heritage lives on; Texans still take a chance. A native waylaid me today. First he offered to bet a cool million Mr. Hoover would be nominated. Then he tried to borrow twenty. Both of us came out even. He saved his million. I kept my twenty.

The Happy Warrior's Grammar.

IN THE Sabbath calm following the explosion of Al Smithisms over the palpant ether, you could almost hear the purists murmuring: "Be sure thy syntax will find thee out"; but the purist vote isn't big enough to count. For culture, a collegiate accent may have it all over the Brooklyn brogue, but there are more people crossing Brooklyn bridge every day than go through Yale or Harvard in 50 years.

Governor Smith may not pronounce radio the correct way—as some critics already have pointed out—but he certainly knows what to do with it when he faces a microphone. All grammar aside—and why not all grammar aside, if leaving it aside keeps simple speech?—when he gets through talking there are no missing word contests, no guessing games afterward. Take it or leave it, you get what he's driving at, the very foist time.

The War in the Papers.

MODERN wars are won by the side with the best advance agent—at least so far as the press notices go. In the inspired reports sent out from Rome, one reads that the white invaders have again routed the dismayed Ethiopians after destroying tremendous numbers of the black warriors, while casualties on the Italian side amounted to two infantrymen suffering from fallen arches and one bystander painfully kicked by an ambulance mule. Or statistics to that gratifying effect. And next day a postscript trickles out from Africa that the victory was so complete the winners only fell back about 20 miles.

Constructive Suggestions or Complaints: Which Get Results?

There are two ways of accomplishing things which one has to get done. One is to complain that things are not as they should be. The other is to make constructive suggestions and request that they be followed out. The first method is apt to annoy the person conferred with. The second appeals to his sense of justice, and, if the suggestion is a good one and within reason, it is generally heeded. Assuming that, in both cases the thing gets done, in the first instance, annoyance prevails, while in the second, good will is fostered. You will remember the old adage that you can catch more flies with molasses, than vinegar. In other words you can get more accomplished by keeping good tempered and sweet, than by getting annoyed and sour tempered.

Giving Things Accomplished.

It is well to remember these methods for family use, and for civic purposes. It does not mean that one can get things done merely by being good natured. There must be a plus to it. There must be continual effort in the right direction, until the point is won. And when there has been no hard feeling created, and the matter is seen to, there is likely to be a feeling of satisfaction on the side of both parties, each being pleased that a good thing has resulted.

It was by the recommended method that a woman succeeded in getting a bench put on a waiting station platform. She appealed to the correct authorities, telling of the genuine need for such a bench, as tired persons found it almost more than they could endure to stand from ten to twenty minutes, more or less, according to the connection of one car with another at this junction. At first, came a note stating that her request had been noted, and formally thanking her for letting them know of her wish; nothing more, and nothing was done.

It was only after repeated appeals, and continued assertions that the company would be treating their patrons with consideration by putting the bench at the place suggested, that finally she succeeded. And now, not only are her own trips to the city made less tiresome, but hundreds of other persons daily find the seat a blessing.

Another instance comes to mind. Repeated accidents of major and mi-

nor severity occurred at a certain city corner, by autos colliding. A woman requested the city to install STOP BEFORE CROSSING signs by the curb at each corner of the cross street. Since her request was heeded, fewer catastrophes have occurred, and there need be none, if only motorists would heed them. She did not complain, but she made a good suggestion in a good way, and won her point to the comfort of all but the reckless.

A Grave Mistake for a Mother to Make

GIVING CHILD UNKNOWN REMEDIES WITHOUT ASKING DOCTOR FIRST

GIVING your child a medicine or remedy you don't know all about—without asking your family doctor first—is a bad risk for any mother to take.

Doctors and child authorities say health, and sometimes life itself, depends on this.

So—when you're offered a "bargain" in a remedy for your child; ask your doctor before

you buy it. Do this for your child's sake and your own peace of mind.

Ask him particularly about the frequently used "milk of magnesia"—about Phillips' Milk of Magnesia. He will tell you that for over 60 years physicians have endorsed it as SAFE for your child. The kind of remedy you want your child to have.

Remember this when you buy, and say "Phillips' Milk of Magnesia" to your druggist. Comes now, also, in tablets that taste of peppermint, that children like to take.

Safety for You and Yours

NOW, ALSO IN TABLET FORM

You can assist others by refusing to accept a substitute for the genuine Phillips' Milk of Magnesia. Do this in the interest of yourself and your children—and in the interest of the public in general.

I FEEL FINE Mothers read this:

A CONSTIPATED child is so easily straightened out, it's a pity more mothers don't know the remedy. A liquid laxative is the answer, mothers. The answer to all your worries over constipation. A liquid can be measured. The dose can be exactly suited to any age or need. Just reduce the dose each time, until the bowels are moving of their own accord and need no help. This treatment will succeed with any child and with any adult. Doctors use liquid laxatives. Hospitals use the liquid form. If it is best for their use, it is best for home use. And today, there are fully a million families that will have no other kind in the house. The liquid laxative generally used is Dr. Caldwell's Syrup Pepsin. It is a doctor's prescription, now so widely known that you can get it all ready for use at any drugstore.

butions ranging from \$10 to \$100, were some of the allegations filed against Mr. Hunter.

Salary of the new Superintendent was fixed at \$3,000 a year, payable in monthly installments from the general fund. The contract between the board of education and Mr. Hall provides that his appointment exist until June 30, 1938, and that he is to devote his entire time to the discharge of his duties as Superintendent, that his failure to do so shall invalidate his contract, and that he is to refrain from active participation in partisan politics. Bond of \$1,000 required of Mr. Hall by the board was signed by Jim Hale and A. Martin as sureties.

Two clerks were named by the board of education Saturday. These are Mrs. Holme Hall, wife of Town Hall, leader in the election fight last November for Childers and Bailey, and Ex-Superintendent John Stephens. Salaries of Mrs. Hall and Mr. Stephens were fixed at \$135 a month.

D. Harkins, attorney for Superintendent Hunter, stated Tuesday that the next step would be the filing of a suit for a mandatory injunction to reinstate Mr. Hunter as Superintendent. Meanwhile, the suit in which Childers and Bailey were named as defendants and Mr. Bailey as members of the board of education continues.

Respite Short for Ten Prisoners

Continued from page one
The breaks took place within two days. Four slugged a guard and walked out the front gate Thursday night. Saturday six others commandeered a truck and dashed from the prison yard.

The allegation that the prison was undermanned was "a damned lie," Governor Chandler asserted.

Henry Coomer, James C. Morris, Clarence Crawford and Dexter Anderson, the four who escaped, were captured at the home of Coomer in Lee county when a posse surrounded the homestead.

The other six, Logan Leasure, Chester Campbell, Lawrence Taylor, Oscar Pearson, Vernice Griffin and Dexter Anderson, were captured in Owen county.

An investigation into the slaying at the reformatory of Matt Van Cleave by Wendell Osborne, another prisoner, was delayed while the prison breaks were being probed. Both convicts were sent to the reformatory from Breathitt county.

WELL-KNOWN FLOYD FARMER IS CLAIMED BY DEATH SATURDAY

George Gearheart, well-known farmer and one of the county's best citizens, died at his home on Goose Creek, near Northern, Saturday after an illness of several weeks from a stomach ailment. He was about 65 years old.

The son of the late Mr. and Mrs. Bee Gearheart, pioneer residents of the Beaver Creek section, the deceased was born near Brush Creek and had resided on Beaver Creek throughout life. He was a farmer and held the respect of all who knew him.

Surviving Mr. Gearheart are his widow, Mrs. Catherine Martin Gearheart, and several sons and daughters. He also leaves four sisters and two brothers: Mrs. G. J. Allen, Mrs. Douglas Reed, Misses Louisa and Polly Gearheart, all of Hueysville; Reece Gearheart, of Hueysville; and Malcolm Gearheart, of Northern. The funeral was conducted Sunday and burial was made in the family cemetery.

RECOVERY OF LAND BY MAYOS UPHELD

Court Holds Church Failure To Use Property Surrenders Title

Mrs. Alice Mayo, of Ashland, received United States circuit court of appeals affirmation today of her recovery of two tracts of land in Johnson county which had been deeded to charitable organizations for a college.

The court upheld a decision of the late U. S. District Judge A. M. J. Cochran, who dismissed a suit by the Board of Missions of the Methodist Episcopal Church, South, of Nashville, Tenn., and the Board of Education of Paintsville, and held that the land reverted to Mrs. Mayo upon abandonment of the John C. C. Mayo College, for which it was donated.

"There is no question," the appellate court ruled, "that the two tracts were conveyed as gifts for charitable purposes, and that upon abandonment of the college the purposes for which the gifts were made failed. It is the law in Kentucky that upon the failure of the purpose of a charitable gift, the property reverts to the donor."

Mrs. Mayo and her late husband, the late John C. C. Mayo, deeded the first tract to the college October 30, 1906, and Mrs. Mayo deeded the second May 5, 1920.

MISS ARNETT AND DR. JOHNSON WED FEB. 1 AT MT. STERLING, KY.

Outstanding among the functions of the late winter calendar, an occasion of considerable interest to society folk of Eastern Kentucky, was the wedding of Miss Anise Arnett, charming and accomplished daughter of Mr. and Mrs. Wiley Arnett, of Salyersville, and Dr. M. T. Johnson, dentist, also of Salyersville, which occurred Saturday afternoon at the home of Mr. and Mrs. Carroll Johnson, Jr., on Vista Court, in Mt. Sterling.

The wedding took place about 6 o'clock, and those gathered for the occasion were only a very few intimate friends of the happy couple. Rev. A. Brooks, pastor of the First Christian Church in Mt. Sterling, was the officiating minister, and performed the single ring ceremony.

Late in the evening, the couple departed in their automobile for a brief bridal trip, and on their return will be located at Salyersville, where Dr. Johnson will continue his practice.

Mrs. Johnson attended the Beothe Business School at Paintsville and later did stenographic work in the WPA office in Salyersville.

Dr. Johnson is the son of Mr. and Mrs. George Johnson, of Prestonsburg, Ky. He is a young man of sterling worth and estimable character. Having spent his early school days in Prestonsburg and Pikeville, he entered the University of Louisville, where he was pledged to the Delta Sigma Delta fraternity. Later he received his degree of Doctor of Dental Surgery from that University.

The citizens of Salyersville are very happy to welcome this young couple into their midst.—Salyersville Independent.

Committee for Courthouse

Continued from page one at its next meeting Tuesday, February 18.

A snag was struck in the financing of the proposed project when it was found that the general fund levy of 50 cents per \$100 valuation could not be exceeded. Elimination of two levies and reduction of another would have made it possible to make a levy of as much as 20 cents per \$100 valuation and still keep this year's tax bill 29 cents below that of 1935, it is pointed out.

The entire court, with the exception of Magistrate M. C. Wright, concurred in asking the committee to study ways and means of raising the necessary funds.

Three firms of architects, Dean, of Huntington, H. A. Churchill, of Lexington, and Weber and Weber, of Cincinnati, submitted plans. Though Mr. Dean's plans were tentatively approved, the court is in no wise obligated to accept them.

A number of citizens from Johns Creek appeared before the court Tuesday and discussed right-of-way matters with the officials. County Attorney Short and Magistrate John Scott will go to Johns Creek within a few days to negotiate right-of-way concessions for construction of the highway, it was announced.

LIBRARY TEA TO BE HELD VALENTINE DAY

The high school library and auditorium will be the scene of a Valentine literary tea on Friday afternoon, February 14, from 3:30 until 5 o'clock, according to Miss Virginia Murrill, librarian.

The guests will be served in the library at the table where Miss Emma Alice Collins and Miss Rose Ranier, president and vice-president of the Literary club, will pour tea. They will then go to the auditorium where a program will be given under the direction of Miss Minnie Grace Harris.

The public is cordially invited to attend and is requested to kindly bring silver offerings or books suitable for a high school library.

(From last week)

Mrs. Charles Hornsby, of this place, was hostess on Thursday, Jan. 30, to the Lackey Woman's Club. The following members of the club were present: Mesdames B. Music, G. E. Cecil, Earl Castle, Chas. Sturgill, T. J. Chandler, M. M. Collins, H. Hornsby, Melvin Hays and T. F. Hatcher.

Work is progressing nicely on a quilt top being made for Ellen Hornsby, while the club just finished another quilt. A delicious salad was served to the members by Mrs. Hornsby.

The many friends of Mrs. Charles Sercian, of this place, will be glad to hear of her return from the Marting hospital, Ironton, O., and of the fact that she is now convalescing nicely at her home here. Mrs. Escorn Murray is re-

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

Appl. Will Jump Out of Bed in Morning Rarin' to Go

Feel sour and sunk and the world don't swallow a lot of salts, mints, oil, laxative candy or chewing gum. Get them to make you suddenly sweet and full of sunshine. They can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You have a thick, bad taste and your breath is foul. You often break out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned. It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely. But don't look for liver pills. Ask for Carter's Little Liver Pills on the red label. Robert's substitute. 25c at drug stores. ©1931 C. M. C.

MAYTOWN

Woman's Club Meets

The Woman's Club held its February meeting with Mrs. Frank May and Mrs. Henry L. May, joint hostesses to a Silver Tea Saturday. A large crowd was present. The meeting was almost entirely devoted to business.

The club voted to send pennies to the state treasurer for the Penny Art Fund. Members agreed to plant trees in March, to sponsor an Arbor Day observance in connection with the school and the Youth Education Movement, directed locally by Mrs. Wiley Jones.

A motion was made and carried to sponsor a poetry contest in the grade school during March, prizes to be awarded each grade. Grade instructors to be judges.

Plans for money-raising were discussed and several decided upon. Members will participate in an Old-Fashioned Deestrick Skule in the early spring. Proceeds will be used for the grade school library for which the club and P. T. A. are working. A committee was appointed to select dishes for the school lunch room. Maytown P. T. A. and the club are furnishing dishes sufficient for 100 people. This will make the room available at all times for banquets.

Members agreed to donate birthday pennies in addition to annual dues. Miss Martha Sexton of Glo favored the club with two piano selections. Mrs. Wilma G. May gave a report of the recent board meeting in Lexington. Next meeting is a silver tea in the home of Mrs. Thomas Patrick, Mrs. Ed Sutton, joint hostess, Saturday, Feb. 22, proceeds to Sunday School curtains and paint for interior work of church house.

WEST GARRETT

Cupid has worked fast in West Garrett vicinity during the last few days, engineering two marriages in which West Garrett youngsters were contracting parties.

Miss Minnie Neil, daughter of Mr. and Mrs. C. H. Neil, was married on January 25 at Estill to Mr. Adam Jacobs, of Estill, in the presence of a few close friends. The second ceremony, solemnized by the Rev. Ed Howard, of the Baptist Church, at his home on Stone Coal Creek was for Miss Mae Prater, of Hueysville, and Mr. Albert Salyers, of this place.

Both young couples are numbered among the finest young people of this section and have the best wishes of their many friends. Mr. and Mrs. Jacobs have established residence at Estill, and Mr. and Mrs. Salyers will reside here.

Miss Anis Conley, daughter of Mr. and Mrs. Crit Conley, of this place, Monday entered Pikeville College, where she will do her first year of college work. Miss Conley was in the graduating class at Garrett high school last year.

Mrs. Frank Noplus, of Hazard, spent the past two weeks here with her parents, Mr. and Mrs. Alonzo Napier.

Mr. and Mrs. Andrew Porter, of Glo, spent part of last week here, the guests of Mr. and Mrs. John Ward. Miss Faye Eastland, of

Ashland, was the guest last week of her brother, Orville Eastland, and other friends.

Pete Slaven, of this place, is back from the Paintsville hospital, where he has been a patient for a few days.

Mr. and Mrs. Adam Jacobs, of Estill, were the guests here last Sunday of Mrs. Jacobs' parents, Mr. and Mrs. Charlie Neil.

ESTILL

Bennie, nine-year-old son of Mr. and Mrs. Garfield Stone, of this place, is back from the Paintsville hospital, where he recently underwent an operation for complications following a severe case of pneumonia. He is showing steady improvement and will be able to be out again soon, it is said.

Willis Hondel, of this place, has been quite ill at his home here for the last few days from glandular trouble, but is somewhat improved at this writing. Dr. M. V. Wicker, of Wayland, lanced Hondel's jaw and neck Tuesday.

Attendance at the Estill graded school has been limited during the last few days because of ice floods in Beaver Creek, which might have very easily resulted in the washing out of bridges and cutting off from their homes of a number of students. Teachers decided that it was better for the students to remain away from school.

Monte Martin, of Wayland, and Ben Hall, of this place, were in Charleston, W. Va., on business a few days ago. The three-year-old daughter of Mr. and Mrs. Reb Martin, of this place, is slowly recovering from a recent attack of pneumonia.

Harvey Patton, Steve Collins, Hillard Gibson and C. Hays, all of this place, were in West Garrett on business Friday.

Frank Patton, of West Garrett, was the guest here a few nights ago of his brother, Oscar Hays, and other relatives.

Dave Gibson, of this place, was taken a few days ago to the Paintsville hospital, where he is taking medical treatment.

GLO

Benton Sexton, well-known man of this place, was taken Wednesday morning to the Paintsville hospital, where he will undergo treatment for pneumonia and tuberculosis. Mr. Sexton has been in poor health at his home here for several months, having been unable to work more than half the time. He has many friends and relatives in this section who hope for his early and full recovery.

Freezing of gas lines in Glo resulted Wednesday in temporary closing of the graded school by Principal John E. Jenkins and also in much inconvenience for a number of Glo's citizens. Only half of the town was without gas, and the entire town burns gas off the same main line.

G. B. Carter, well-known man of this place, is still confined to the Paintsville hospital, where he has been taking medical treatment for several weeks. Mr. Carter has a host of friends in this section who wish for him a rapid and complete recovery.

An official of the Glogora Coal Company said Wednesday that local officers of the United Mine Workers of America had been asked to work six days a week temporarily by an order from U. M. W. of A. headquarters in Washington, D. C.

Will Boggs, of Hueysville, correspondent in this section for the Floyd County Times, Ashland Daily Independent and INS, was in Glo Wednesday.

G. W. Harris, newspaper salesman in Glo, reports that his business is better now than it has been at any previous time in the last three years.

BEVINSVILLE

R. A. Triplett, this place, has probably written more deeds, signed more papers as Notary Public, assisted more World War veterans in filling their papers for various claims than any one in this entire section who is not a paid official of some organization.

H. D. Hall and Florence Hall, this place, are operating the store in the William Hall building at the mouth of Blue Branch. He will go to Cincinnati next week if the snow goes off to buy merchandise.

Find Out

From Your Doctor if the "Pain" Remedy You Take Is Safe.

Don't Entrust Your Own or Your Family's Well-Being to Unknown Preparations

BEFORE you take any preparation you don't know all about, for the relief of headaches; or the pains of rheumatism, neuritis or neuralgia, ask your doctor what he thinks about it—in comparison with Genuine Bayer Aspirin.

We say this because, before the discovery of Bayer Aspirin, most so-called "pain" remedies were advised against by physicians as being bad for the stomach; or, often, for the heart. And the discovery of Bayer Aspirin largely changed medical practice.

Countless thousands of people who have taken Bayer Aspirin year in and out without ill effect, have proved that the medical findings about its safety were correct.

Remember this: Genuine Bayer Aspirin is rated among the fastest methods yet discovered for the relief of headaches and all common pains... and safe for the average person to take regularly.

You can get real Bayer Aspirin at any drug store—simply by never asking for it by the name "Aspirin" alone, but always saying BAYER ASPIRIN when you buy.

RUFUS BLACKBURN Chemist's Analysis of Floyd Cannel Coal

CALLED BY DEATH

Well-Known Floyd Farmer Succumbs Tuesday, Last Week, Aged 79

Rufus Blackburn, 79 years old, one of Floyd county's best citizens, died Tuesday night, last week, at the home of his daughter, Mrs. Ida Robinson, on Jenny's Creek, Johnson county, a victim of Bright's disease. Mr. Blackburn had been in an enfeebled condition for some time but had been confined to his bed for only the last two or three weeks.

A native of North Carolina, he came to this county when a boy with his parents and settled on Little Paint where he spent the remainder of his life in the peaceful pursuit of farming. He had been a devout member of the Methodist Church at East Point for almost half a century, and leaves a host of relatives and friends who mourn his passing.

Surviving him are two daughters and four sons: Mrs. Robinson, of Jenny's Creek; Mrs. Tom Stephens, of Cliff; John Blackburn, Prestonsburg; Fred, Earl and Frank Blackburn, all of Wheelwright. His wife preceded him in death 10 years ago.

The body was returned Wednesday to the old home on Little Paint, from which funeral rites were conducted at 1 o'clock Thursday afternoon by the Rev. H. F. King, of the M. E. Church, South, here. Burial was made in the family cemetery under the direction of E. P. Arnold.

DEATH OF HOLT RESULT OF SNOW

Well-Known McDowell Man Succumbs Following Fall Down Mountainside

First death in Floyd county to result directly from the severe winter weather which has gripped this section for almost two months was that, several days ago, of Silas Holt, 60-year-old McDowell farmer, who was fatally injured when he slipped in the snow and ice on a mountainside on the Will Hamilton Branch of Mud Creek.

En route to the home of his son, Robert Holt, on Mud Creek, the aged man fell and suffered a spinal injury which paralyzed him. He was taken to the home of his son, and died as he was being taken on a sled back to his home near McDowell. The fatal accident was witnessed by the teacher of the school in sub-district 118 near whose school Mr. Holt fell.

Surviving the victim are a widow and...

"The really remarkable feature of your coal, however, is that in spite of a volatile content of 48 to 50 per cent the B. T. It has a low ignition temperature, burns freely, in our opinion, it is a premium product."

LIFERS IN GROUP TAKEN TO PRISON

Six Convicted at January Court Term Here Taken To Prison Thursday

Five men convicted at the January term of the Floyd circuit court for murder or slaughter left the Floyd county jail last Thursday in the custody of Sheriff M. Stumbo, bound for Frankfort, to begin their terms in the penitentiary. Another was taken to begin serving sentence for grand larceny. D. (Mannie) Burke and Edzie Hall begin life terms for murder. Burke was convicted recently for the murder of Chief of Police S. J. Murphy, of Weicksbury, and was sentenced for the murder of Jeff Daniels at Frankfort. Others taken Thursday for their offenses and duration of their sentences follow: Curtis Cook, slaying of Seamus Cook, 10 years; Bennie Blackburn, slaying of Emery, 11 years; Curtis Bradburn, slaying of Clyde Conley, 10 years; Buster Coleman, larceny, 18 months. Stumbo was accompanied by Sheriff R.

CONTINENTAL CONGRESS ALTERNATES CHOSEN BY JOHN GRAHAM CHAPTER

Election of alternates to the Continental Congress which will convene in Washington April 20 and of delegates to the state D. A. R. convention in Berea, Ky., was held at the meeting of John Graham chapter, Daughters of the American Revolution, Tuesday evening at the home of Mrs. O. T. Stephens. Mrs. C. J. Humphreys, new regent of the chapter, presided. Mrs. Josie D. Harkins was elected alternate to the regent to attend the Continental Congress. Other alternates, all of whom expect to make the trip to Washington in April, are Mesdames Jo M. Davidson, E. H. Sowards, A. J. May, D. C. Herndon, E. P. Arnold, H. D. Fitzpatrick and Elizabeth Wells. State convention delegates are: Mesdames C. J. Humphreys, Grace D. Ford, Joe Hobson, S. L. Spradlin, A. C. Harlowe, C. P. Stephens, O. T. Stephens, Jo M. Davidson, E. H. Sowards, H. D. Fitzpatrick. Miss Kathryn Stumbo, daughter of Mr. and Mrs. E. A. Stumbo, and a student at Berea College, was elected as page from John Graham chapter to the state convention at Berea.

Mrs. C. P. Stephens was in charge of the program which followed the business meeting, and she read a highly interesting paper, "Geographical History of Ken-
