### FANNIN ACQUITTED OF SHOOTING ALLEGATION

Joe Fannin Tuesday was acquitted in the Floyd circuit court of a shooting and wounding charge with intent to kill in connection with the shooting at Allen, several weeks ago, of Garfield Wright, marshal of the town of Allen.

Fannin contended that the officer fired the first shot. Wright, on the other hand, produced evidence to the effect that the restaurant-owner first fired. Fannin produced more witnesses.

The shooting and wounding charge filed against Wright for the shooting of Fannin was quashed, but it was said Tuesday that Fannin sought its re-instatement.

### Fitzpatrick Named To Board of Agriculture

Henry D. Fitzpatrick, former State Senator from this district, January 10 received from Governor A. B. Chandler his appointment as a member of the State Board of Agriculture. Mr. Fitzpatrick Tuesday attended the first meeting of the new Board of Agriculture.

Mr. Fitzpatrick is one of three Republican members on the Board of Agriculture. He is vice-president of The Bank Josephine here and for years has been one of Prestonsburg's leading business men.

Steve Hager, manager of the Midland Store here, is confined to his room this week by tonsillitis.

### WAYLAND POLICE CHIEF RECOVERING

Deputy Policeman Kirkley Resigns; Bradleys Arrested for Officer Shooting

Condition of Ben Whittaker-Wayland chief of police, who Tuesday last week, was shot by Ern Bradley on first day of his term, was reported this week at the Paintsville hospital as being favorable to his recovery, though the fever was split by Bradley's bullet.

George Kirkley, deputy policeman at Wayland, resigned last week and Pat Blevins, former chief of police there, was named in his stead. Mr. Blevins was assisted last week end by Millard Salisbury.

Ern Bradley and his brothers, Woodrow and Sol, were arrested at their home at Estill Wednesday by Sheriff M. T. Stumbo. They at first were believed to have escaped into the hills, but Sheriff Stumbo said they were awaiting his arrival.

### FLOYD MEN HELD IN DEATH OF TRIO

Two Women and Man Dead; Hicks and Blair Under Guard at Hospital

Sam Hicks, 23 years old, and Floyd Blair, 27, both of Wheelwright, this county, were named in warrants charging them with wilful murder and were under guard Wednesday in the Methodist hospital, Pikeville, following the wreck of their auto and another car Saturday night, six miles south of Pikeville, with three persons being killed and six injured.

The dead: Mrs. Eva Cox Gilbert, 56, Regina, Ky., who died instantly from a broken neck.

Mrs. Cora Ratliff Coleman, 51, Regina, whose death resulted from spinal injuries: John Coleman, 58, husband of the second victim, fractured skull and chest injuries.

The injured: Ruey Ratliff, driver of the auto in which the victims were passengers, lacerated lung, rib fracture. Death feared if pneumonia develops.

Hazel Coleman, 27, daughter of Mr. and Mrs. John Coleman, injured eye, cuts and bruises about the face.

Betty Jo Coleman, 12, daughter of the dead parents, broken leg, injured pelvis, cuts and bruises.

Sam Hicks, Wheelwright, fractured jaw, cuts and bruises.

Floyd Blair, Wheelwright, head injury.

### MRS. BEV BURCHETT CLAIMED BY DEATH

Illness of Years Fatal Saturday to Emma Woman at Age of 56

Mrs. Nora Burchett, 56 years old, wife of Beverly Burchett, died at her home at Emma Saturday morning following an illness of several years.

A daughter of the late Newton Harris, Mrs. Burchett was born and reared in the community in which she died. She was a member of a well-known Floyd county family, and held the esteem of all who knew her. Twenty-seven years ago she became a member of the Baptist church. Surviving are her husband, three sons: John, Graham and Bev, Jr., all of Emma, and two daughters, Mrs. Joe Wheeler Harris and Mrs. Martin Leefer Moseley, also of Emma. Funeral rites were conducted Sunday afternoon at 2 o'clock from the home, the Rev. Isaac Stratton officiating, assisted by the Rev. John Laferty. Burial was made under the direction of E. P. Arnold in the new cemetery near the home.

### DRAWN \$10 FINE

Farris Porter, of Allen, was fined \$10 and costs Friday in county court here upon his conviction of failure to send his children to school.

Rev. Josef Nordenhaug is conducting a series of meetings at Van Lear Baptist Church this week.

### MEMBERSHIP CONTEST BEGUN BY FLOYD POST

Until February 15 two teams, the Red and Blue, of Floyd Post, American Legion, will engage in a membership contest, by means of which Legion enrollment here is expected to reach a new high.

The Blue team is composed of W. C. Rimmer, captain, W. G. Africa, J. R. Hurt, C. B. Latta and Marvin Marshall. J. B. Clarke is captain of the Red team, and other members are Melvin Meador, R. G. Francis, Homer Burchett and James Flanery.

Though State Commander James W. Hammond failed to appear for the meeting, B. M. Rogers, Van Lear, district commander, was present and addressed the Post. C. R. Graves and Liss Chafin, of Elkhorn Post, Wayland, were visitors.

### MAGGARD AND FIELDS LEASE LAYNE BUILDING

Maggard and Fields' Variety Store has leased from the Layne heirs the building on Court street formerly occupied by Oppenheimer's store, and repair of the building is now under way.

Maggard and Fields are now located in the Hotel Elizabeth building in First avenue and expect to move into their new quarters by February 1.

Miss Maurine Mayo left Sunday for Frankfort, where she assumed her duties this week in the office of State Treasurer John E. Buckingham.

### Betsy Layne Merchant Reports Loss of \$2,200

Two Hitch-Hikers Held While Search Made for Missing Funds---Roadside Combed---Loss of Money Not Discovered Till Truck Parked Here

Loss of approximately \$2,200 about \$1,800 of which was in currency, was reported here Tuesday morning by L. M. Miller, Betsy Layne merchant, who found his money missing when he alighted from his truck to go to The First National Bank here and make a deposit.

Two men whose names were given as Homer Eggleston and Clifford Worland, both of Stone, Ky., who were given a ride by the merchant to Prestonsburg from a point near Betsy Layne, were jailed here Tuesday afternoon on a technical charge while an investigation of Mr. Miller's loss is being made. The men were stripped of their clothing in the office of the county judge here but the money was not found in their possession.

Mr. Miller said he had the cash, which was mainly in five, ten and twenty-dollar bills, and the checks, wrapped

### BLACKBURN DRAWS 11-YEAR SENTENCE IN SLONE SLAYING

Jury Reaches Verdict Sunday Morning; No Appeal Is Expected

### NEGRO ACQUITTED

A jury of the Floyd circuit court Sunday morning reached a verdict in the case of Bennie Blackburn, charged with the murder of Emery Slone, held him guilty of the charge and sentenced him to an 11-year term in the state penitentiary.

It was believed this week that Blackburn would accept the sentence without appeal.

Saturday, Dave, "Popcorn" Miller, 48-year-old negro, was acquitted of the murder charge filed against him in the slaying, a week earlier, at Wheelwright of J. D. Tompkins, negro. Commonwealth's Attorney O. C. Hall said, after the trial, that the case was one of evident self-defense.

The Commonwealth, in the Blackburn trial, produced evidence which contended that Blackburn shot Slone, a Maytown merchant, after asking Slone to shake hands with him. Slone, his wife and Mr. and Mrs. Bill Bailey, were sitting in the cab of Slone's truck outside the Green Lantern, at Knottley Hollow, a few miles above here after Slone had been threatened with a revolver in

**WAYNE MYSTERY ANIMAL IS KILLED AFTER ALL-DAY CHASE**

Breaking through the ice when it attempted to evade dogs that had pursued it all day, Wayne county's fabled mystery animal was killed Christmas eve on Milum Creek in Grant district after an all-day chase.

Fond of pigs and sheep, the animal had harassed farmers of Grant district for six years. Several people had seen the animal in recent years but even though many attempts to trap the animal had been made, it had always eluded them and had become almost a legend in Wayne county.

Discovered by Milton Nelson early the day before Christmas, the animal was chased all day by Nelson's and other farmers' dogs. Other men and dogs later in the day joined the chase which proved good holiday sport for the community.

Most of the dogs, it is reported, quit the trail when they got near the animal. Only "Rouster," Mr. Nelson's

dog, continued on the trail to the end.

Early in the chase the animal ran the ridges but in the evening when it became tired it dropped down to the creek levels. Late Christmas eve the animal, in attempting to cross Milum Creek on the ice, broke through and it was shot in the shoulder by Will Sprye.

It was not learned what kind of an animal it is, but it was described by those in the chase as being about five feet in length, with the height of a sheep, and with feet and legs larger than those of a fox hound. Its weight was estimated at 75 pounds. It has a nose sharp and long like a fox and its tusks are one and one-half inches in length. The animal is heavily furred, and tinted brown and gray.

The animal, it was reported, is being mounted and will be on display in the near future.

Mrs. Van Shumake and daughter, Wilma, of Garrett, were the guests of relatives here over the past weekend. Miss Bird Reed, of Lackey, near here, was the Sunday guest here of her aunt, Mrs. Charlotte Martin, and other relatives.

**FIRST AID ON THE HIGHWAYS**

Red Cross workers have begun to forge the Kentucky link in the nationwide chain of Red Cross highway first aid stations. One at Millersburg was the first organized in the state and other counties are following.

In each instance it will be necessary, before a station may display a Red Cross first aid sign, for the personnel of the establishment to have taken the standard course in first aid. At least one person with a knowledge of first aid must be in attendance at all times during the hours the station is open. The stations are being located in filling stations, wayside stores and at police stations. The Red Cross will train owners and operators of the place where the emergency accident treatment will be available and supply emergency medical equipment.

It is hoped that the Red Cross emergency service will reduce the highway traffic fatality toll, because it is a well-known fact that many traffic deaths result because of failure to obtain emergency care. Floyd county will take steps at once to establish a station.

**LET YOUR POCKETBOOK TAKE ITS PICK!**

**THEY'RE ALL BIG... ALL BEAUTIFUL... ALL BUICKS!**

THERE was a time when the price tag told the main story about a car's quality. Low price, low quality — high price, high quality.

But Buick has changed that. For example, the sleek Buick Special at \$765\* factory list has the same basic Buick quality as the lordly Limited at more than twice the price!

It has the same more efficient type of valve-in-head straight-eight engine. The same smooth, lash-free torque-tube drive. The same tiptoe hydraulics, solid steel "Turret Top" roof, "Knee-Action" gliding ride.

The difference is in size and capacity and finish. All Buicks are big in power and ability, beautiful inside and out, Buicks to the innermost fibre.

Bring your pocket-

book here and let it choose from four cars that range in price from \$765 factory list to \$1945\*. Then look upon the best buy money can produce. Whatever Buick you pick you'll get longer life, more tasteful style, deeper comfort, a more satisfying car to own.

The new GMAC 6% Time Payment Plan brings down the cost of buying on time. You'll be surprised at how little per month lets you own a Buick. Come in and let us show you how you can use this saving to get a better car than you've been driving.

Speaking of men—or were we?—E. B. "Lige" Brown, of Prestonsburg, is one of the most unusual men I know. Blind since childhood, Lige has it all over most fellows who don't even wear "specs." He knows his town like a book; walks glibly wherever he wants to go—around the courthouse, the postoffice, to the banks—anywhere you can name. While in school he was something of an athlete—did you know that? The medals he won in athletic competition are there for you to see. Lige served on the board of supervisors here at various times, and when the board wanted to know the size and value of a piece of property, all they had to do was ask Lige. He had the exact figures all card-indexed in his mind.

Lige is living proof of the power of mind over matter. Bereft of one of his senses, he goes ahead, his other faculties sharper and stronger than ever. He is one of the town's most prominent business men, and there aren't more than a dozen men in town who wouldn't swap financial fortunes with him.

The other morning Lige and I STARTED down the courthouse stairs together. But we didn't reach the landing together. Blind, several years older than I, Lige descended, jumping two steps at a time. I came down behind him, clumpety-clump.

And a few mornings later, a gentleman descended, buckety, buckety-ooop, in even better time than Lige made. On his "plus-fours," so to speak.

Garrett Man Wounded While Aiding Officer

Lucien Laferty, son of former Policeman Ep Laferty, of Garrett, was arrested Saturday night following the wounding there of James Bartley who was shot through the foot and hand. Laferty executed \$500 bond, with H. E. Stewart as his surety.

According to the report received here of the affair, Laferty was resisting Constable Millard Frazier's attempt to arrest him and Bartley went to the officer's assistance. In the ensuing scuffle over the possession of Laferty's revolver Bartley was shot. A moment later, this re-

port says, Bartley wrung the weapon from Laferty's grasp and struck him over the head.

Bartley was taken to the Beaver Valley hospital for treatment.

GARRETT WINS OVER LACKEY LIONS, 27-14

Coach Bill Mayo's Garrett Blue Devils defeated the Lackey Lions Friday night, 27-14, in a Floyd county conference game.

In the first half the two teams fought an almost even battle. End of first quarter the score was tied, 4-4. At the end of the half Garrett

led, 12-8.

The scoring in the second half was begun by Lackey. Hughes made good a free pitch, then Garrett opened up and scored two field goals in rapid succession.

In a former game the Lions won over the Black Devils, 23 to 19.

TO HOLD COUNTY BEE JANUARY 24

Rural Schools Expected To Enter Spellers In Title Competition

The annual Floyd county spelling bee will be held at the graded school building here Friday, January 24, to determine Floyd's spelling champion, it was announced this week by John Warix, county attendance officer, who has been designated by Superintendent Ballard Hunter to direct the competition.

Date of the county finals was set early enough to permit rural schools to enter spellers, and as a result spellers from 50 schools are expected to compete, Mr. Warix said.

In addition to the cash prizes to be awarded the winner of the county bee, the Floyd champion will go to Louisville to compete with other county spelling titlists for the state championship and the coveted trip to Washington.

Aside from training their entrants simply how to spell, teachers should

teach them in written tests, since many spellers reaching the state finals fail to qualify in the written test held there for the spelling bee proper, it is pointed out.

To the state winner goes a trip to Washington for the national finals. He may select either his teacher or parent to make the trip with him as chaperon. All expenses on this trip are paid by The Courier-Journal, both for the speller and for the chaperon. No cash award is given, for he is certain of at least \$50 in the national finals.

The runner-up in the state bee receives \$100, and the child finishing third is awarded \$75. Fifty dollars is the reward of the fourth place speller and \$35 is given to the fifth place speller. Sixth place receives \$25 and \$15 is the reward of the contestant finishing seventh. Spellers finishing eight to seventeenth receive \$10. Those finishing eighteenth to thirty-seventh are awarded \$5.

### LETTERS TO THE EDITOR

To the editor of The Times:  
I wonder if our county newspaper is aware of the manner in which certain relief work is being conducted. I live on Salt Lick Creek, where a road project has been started under the WPA. And STARTED is right. To date, a mere showing has been made on less than half a mile of this road. This, despite the fact that work began November 4—despite the fact that an estimated sum of \$2,500 or more already has been expended on the project.

This work looks like an endurance loafing contest.  
Two miles away, on Brush Creek, relief work must mean work. For this project is a third farther along than the Salt Lick job, though the Brush Creek work began some time after ours did.

In my opinion, the main reason for this difference in progress on the two projects lies in the foremen. On Brush Creek, Ex-Magistrate Dan Prater, a resident of that creek who is intensely interested in getting a good road completed with the money allotted for his project, is the foreman. The two foremen on Salt Lick are from Maytown, five miles away, and Maytown will not be affected one way or the other if Salt Lick's road is never completed. I personally like both these gentlemen and have nothing against either of them, but we do feel that we are entitled to better service and more interest in our people.

Every landowner along this project on Salt Lick gave his right-of-way, and there were two of these who also volunteered their services as Deputy Clerk and Notary Public to take acknowledgments to deeds without one cent of pay. We are all deeply interested in good roads. We at first believed we at last would get out of the mud, but are now becoming discouraged. It seems to me that the Salt Lick community has men who are qualified to act as foremen and who at the same time are interested in the work. We, I believe have an average community with an average amount of common sense and ability. Then why is it necessary to send in men from another community and probably from another state to boss our labor over our own land and on our own road?

We have a number of men along this road who are qualified to act as foremen. We have some ex-soldiers who are unemployed, who need work and can do the work.

It is unfortunate that there is not some court of justice and inquiry in this section wherein the people could file complaints and have injustices corrected.

Whoever effected the appointment of these foremen did this community a bad turn and should try to make amends by making some changes.

I am for the New Deal and endorse the spirit behind relief. I do not want to convey the impression that there should be any blame against President Roosevelt for local injustices. But I do want to say that I am fully convinced that between Washington and Salt Lick Creek there's many a slip.  
If FDR could only see these "slips" and know how often he is betrayed!

toxicated.  
Mrs. Burke told the boys and others Sunday slayer picked up his rifle and announced that he was going to the lock-up and kill the two—"The two were Policeman Murphy and Deputy Policeman Ben Mullett. Mrs. Burke is quoted as saying she pleaded with her husband not to go to the jail, and a Weeksbury boy said he heard Burke's threat and ran ahead, seeking to warn the officers of Burke's approach. When he arrived near the lock-up, however, he found Burke so near that he feared to shout the warning.

Kicking open the door to the office of the jail building, Burke opened fire, it was stated. Four prisoners, one his half-brother, witnessed the shooting. Policeman Murphy was engaged in opening a door to a cell or in attending to a prisoner when Burke threw open the door.

H. S. McKalip, manager of the Elkhorn-Piney Coal Company at Weeksbury, telephoned the Sheriff's office here, asking that a search be instituted for the slayer. Bloodhounds were summoned from Lexington, and the trail was picked up early Sunday. The posse searched the Burke home and followed the dogs about seven miles through the hills before the pursuit was considered fruitless and halted.

On the same day Burke appeared in Neon, Letcher county, and surrendered to an officer there. The jailer of Letcher county late Sunday afternoon notified the Sheriff's office here that he was holding Burke in jail there. Sheriff Stumbo left Monday morning to bring Burke here. Burke opened fire, it was

Burke told Sheriff Stumbo that he he went to the lock-up for the purpose of posting his rifle for his half-brother's bond. When he opened the door, he said, Policeman Murphy began firing. He returned the officer's fire in self-defense, Burke claimed.

Surviving Policeman Murphy are his widow, one daughter, Pauline Murphy; two step-daughters, Weeksbury, Miss Cynthia Ellen King, at home; and one step-son, Irvin King, also of Weeksbury.

Mr. Murphy was a native of Louisa, and his standing as an officer and citizen alike was such that both company officials and mine employees joined this week in expressing deep regret upon his slaying.

Bashful Irishman Offers Lady Friend a Rare Treat

Some time ago a young Irish farmer in the County Kilkenny was very much in love. He wanted to marry the girl, but being a shy lad he couldn't for the life of him ask her outright to marry him. He felt he would choke if he tried to mention the words marry or marriage to her. So, after taking much earnest, shrewd thought on the problem, he asked her in a whisper one evening: "Julia, how would you like to be buried with my people?"—Chicago Tribune.

AAA Is No More Who Will Pay Now? Only 11 Can Run Fast The State of the Union

The Supreme court decision rejecting AAA, the "agricultural adjustment act," affects every American directly. Issued just as the President announced his program to balance the national budget within one thousand million dollars, the decision upsets that administration program.

Men with large incomes, of whom few survive, may worry, for the decision takes from the government seven hundred million a year of processing taxes that will have to be made good elsewhere. The manufacturers', or processing, tax, handed along to the little people, was, in reality, a sales tax on life's necessities—cotton cloth, flour, meat.

The question is, Who will provide cash promised the farmers, since the Supreme court will not sanction the sales tax, disguised as a "gross" tax?

When will come the hundreds of millions the government owes to farmers under its AAA promises and has not yet paid? The farmers did their part, the government could hardly fail to do its part by paying.

International News Service sports department shows that out of about 1,800,000,000 human beings on earth only 11 are known that can run a mile at really high speed. Of these not more than four would have any chance of beating an individual named Glenn Cunningham of Kansas.

You would think that the billion unknown uncounted among the so-called "backward races," many with native energy, free of civilization's handicaps, could easily be trained to beat the 11 fast ones, but it is not probable.

The President's address "on the state of the Union" was, like nearly all Presidential speeches, an address on the state of the administration.

Discussing danger of war, if it is true that "85 or 90 per cent of all the people in the world are content with the territorial limits of their respective nations," that would leave only 10 or 15 per cent of the aggressive type.

Lloyd George, playing a little politics with his friend Prime Minister Baldwin, exults in the noble moral uprising of the British, rejecting the terrible, immoral plan to divide Ethiopia and placate Italy. Something "without precedent," Lloyd George calls it.

Where England is concerned, "dividing up" is, indeed, almost without precedent. England's custom as a rule is to swallow things whole, as she did with the Transvaal, India, and other territories that have kept her old fighting flag always in the sunshine.

The Methodist Episcopal church is proud to announce in Nashville, Tenn., that it begins 1936 with 2,783,269 regularly enrolled members, an increase over the preceding year of 31,298, with 21,361 baptized infants not included. This is the reply of the Methodist Episcopalians to the "high church" Episcopalians of the English church that suggests giving up Protestantism altogether as a failure.

Children will learn with pleasure that it is not necessary to eat spinach unless you like it. Other vegetables take the place of spinach with a menacing person called "Pop-Eye."

The government, through WPA, will print a book on what to eat and how to eat it. One well known New York physician ventures the opinion that spinach contains an objectionable amount of "vegetable uric acid."

The English, horrified by Italian bombing in Ethiopia, would be interested, if they have forgotten about it, to see photographs of one big Egyptian city after British warships had finished its bombardment. It was an exceptionally complete job, nothing left standing.

New Jersey says the execution of Hauptmann, close at hand, will be no theatrical show. No woman reporter will be allowed to witness Hauptmann's death, an excellent idea, although some young ladies will not think so. Female reporters, let us hope, will have babies later on. Watching a miserable creature writhing in the electric chair would not be good for the babies, although science no longer believes in prenatal influences, as Voltaire did.

Dragon's Blood Dragon's blood is the red resin obtained from several trees, including the calamus, dragon tree and an Australian eucalyptus. It is used in lacquers and varnishes and by Chinese as backing for paper.

Neutron Ray Strong There are other rays besides the X-rays that can penetrate a solid substance. A notable example is the neutron ray, which consists of a stream of neutrons, and can penetrate several inches of lead.

what Irwin S. Cobb thinks about:

The Faculty Flag Pledge

SANTA MONICA, CALIF.—I never heard of a law compelling a private individual in times of peace to take an oath to defend our flag and respect our institutions. Neither do I know of laws compelling us to give public jobs to men and women who refuse to take such an oath or requiring us to leave them in their jobs should they violate that oath. From the President of this country on down, the run of officeholders must swear to uphold the Constitution and support the government. Should any one of them wilfully fail to do so, the offender is liable to removal—amid loud cheers! Then why not include teachers and college professors, those whose high task it is to mould youth into stuff fit for citizenship and civic responsibility?

Why should they be suffered to peddle sedition and yet go on drawing salaries from the public fund—these people who claim they have conscientious scruples when what most of us think they really suffer from is Communist biliousness? And for the students, as I understand it, the right of free speech and the gift of free education do not mean license to spout treason on a campus or scorn America in a classroom.

A red flag fits an auction sale, but I don't believe I'd ever get used to seeing it aloft over a district schoolhouse.

Political Plagiarism POLITICS certainly produces copycats. First, the young Republicans meet, being greeted by a typical bounding juvenile, who's the last surviving drummer boy of Shiloh. Then the young Democrats come rallying as fast as wheelchairs will bring them, with their breakfast shawls and their ear-trumpets. The self-proclaimed "young" leader of any party is usually somebody who hopes to set a patriotic example to his grandchildren and at the same time get the old job back.

The Republicans hold a Grass-Roots convention. So this month at Atlanta there'll be what you might call a grass-widow convention for the revolting southern Democrats—absolutely too revolting for words, to hear Jim Farley talk. You see, they've been divorced, but the decree is not yet final.

Southern Democrats are great hands for seceding and remaining so every day in the year except just one day. On election, they become reconciled long enough to vote the straight Democratic ticket. Twenty minutes later, they're off the reservation again. I hear a number of bankers will attend. This would seem to indicate a changing trend. For quite a while after 1929, very few bankers went to Atlanta voluntarily.

Going Nuts in Hollywood IF, WHILE touring Los Angeles, you see a bushy-headed, wild-eyed, elderly gentleman aimlessly wandering about, don't jump too soon at the conclusion that he's a typical specimen of our famous coterie of hermits.

You see, they laid out Los Angeles and environs on the ground-plan of a drunken angleworm, and the system of numbering houses is further designed to encourage raving insanity. So what you behold may merely be an ex-resident of the Middle West, who came out here years ago to retire and bought him a cozy bungalow and incautiously went for a stroll and has been trying ever since to find his way back home again.

Not all the nuts were nutty when they first arrived. Many of them got that way trying to trace street addresses. After a year and a half here, I'm beginning to have trouble with the knee-reflexes myself.

But there's one consolation about going crazy in Hollywood. Unless you leave town, nobody would ever notice it.

Gen. Liggett's Passing SO HUNTER LIGGETT is dead at seventy-eight—the only contemporary lieutenant general of the United States army. For 50-odd years, he wore with gallantry and with honor the uniform of his country.

He fought Indians; fought border-bandits; fought Spaniards in Cuba; fought Germans in France; and, at the end, fought off death for many dragging months.

I saw him overseas, commanding our splendid First corps, which he made more splendid still. He was as plain as an old shoe, and as easy to get along with. His officers respected him, his soldiers loved him. They went where he sent 'em, and if they failed in their objective, they didn't come back. They went instead to report at the sills of the judgment seat the reason why they failed.

Behind his back, the Buck privates called him "Uncle Ligg"—that ought to give you the idea. They'll like 'em over there—Israel Putnam, and Stonewall Jackson, and Forrest, and Grant, and all the rest of our real ones. IRVIN S. COBB. © North American Newspaper Alliance, Inc.—WNU Service.

The color and flavor of roast beef gravy is improved when a tablespoonful of brown or white sugar is added to it.

To cut marshmallows easily dip a dry scissors used for cutting into powdered sugar.

To prevent fruit settling on bottom of gelatin desserts, whip until gelatin is of the consistency of whipped cream.

Why Physicians Recommend Milnesia Wafers

These mint-flavored, candy-like wafers are pure milk of magnesia in solid form—much pleasanter to take than liquid. Each wafer is approximately equal to a full adult dose of liquid milk of magnesia. Chewed thoroughly, then swallowed, they correct acidity in the mouth and throughout the digestive system, and insure regular, complete elimination without pain or effort. Milnesia Wafers come in bottles of 20 and 48, at 35c and 60c respectively, and in convenient tins for your handbag containing 12 at 20c. Each wafer is approximately one adult dose of milk of magnesia. All good drug stores sell and recommend them.

RESOLVED - TO SAVE TIME AND MONEY THIS YEAR WITH Firestone GROUND GRIP TIRES

SELF CLEANING

THE best New Year's resolution you can make is to put your car, truck, tractor, and all your farm vehicles on Firestone Ground Grip Tires.

These remarkable tires make their own road — wherever they go. That is why they will take your car or truck through mud, snow, or over unimproved roads — and you will not need chains.

On tractors and farm implements, Ground Grip Tires enable you to do more work in less time at a considerable saving in fuel. The great flexibility of the Gum-Dipped cord body cushions the shocks of rough going and protects costly equipment against vibration and breakage. They make equipment roll easier, reducing draft more than 50%.

No farmer can afford to be without Ground Grip Tires. See your nearby Firestone Auto Supply and Service Store or Firestone Tire Dealer today and resolve to end your traction troubles with Ground Grip Tires.

HOW WOMEN CAN WIN MEN AND MEN WIN

The Favor of Other Men

Unless two pints of bile juice flow daily from your liver into your bowels, your food decays in your bowels. This poisons your whole body. Movements get hard and constipated. You get yellow tongue, yellow skin, pimples, dull eyes, bad breath, bad taste, gas, dizziness, headache. You have become an ugly-looking, foul-smelling, sour-thinking person. You have lost your personal charm. Everybody wants to run from you.

But don't take salts, mineral waters, oils, laxative pills, laxative candies or chewing gums and expect them to get rid of this poison that destroys your personal charm. They can't do it, for they only move out the tail end of your bowels and that doesn't take away enough of the decayed poison. Cosmetics won't help at all.

Only a free flow of your bile juice will stop this decay poison in your bowels. The one mild vegetable medicine which starts a free flow of your bile juice is Carter's Little Liver Pills. No calomel (mercury) in Carter's. Only fine, mild vegetable extracts. If you would bring back your personal charm to win men, start taking Carter's Little Liver Pills according to directions today. 25¢ at drug stores.

Refuse "something just as good", for it may gripe, loosen teeth or scald rectum. Ask for Carter's Little Liver Pills by name and get what you ask for. © 1935, C. M. Co.

FLOYD MEN HELD IN DEATH OF TRIO

Continued from page 1. Rell England, Shelby, probable loss of an eye, fractured nose. The wreck took place at Ratliff's Inn, above Pikeville. It was said the car in which the Colemans, Mrs. Gilbert and Ratliff were driving had been stopped for a supply of gasoline and had just pulled out onto the highway, heading toward Regina, when it and the car driven by Hicks and also occupied by Blair and England collided, met head-on. Ratliff was driving the other auto. Both machines were almost totally demolished. Bodies of their occupants were thrown in ghastly array all over the road.

Pike authorities immediately began an investigation of the tragedy, and a warrant was sworn out, charging the Wheelwright men with murder. Deputy Sheriffs Vernon Sanders and Bill Pinson, of Pike county, were quoted as alleging that Hicks was drinking shortly before the crash occurred. Hicks denied that he had

been drinking and stated that he was driving at a speed of from 35 to 40 miles an hour. Sheriff G. C. Rowe, Pikeville, said the speedometers of the two autos locked when the crash came and that the speedometer of Hicks' car stood at 60. That of the other machine was at 35, he stated.

Ex-Sheriff M. V. Allen, of Northern, was a business visitor here Monday.

Mr. and Mrs. Fred H. Cottrell are in Cincinnati this week, buying stock for the I. Richmond Company store here.

Dr. K. J. Whaley wishes to announce that he has closed his Pikeville office and is devoting all his time to his practise here.

How Calotabs Help Nature To Throw Off a Bad Cold

Millions have found in Calotabs a valuable aid in the treatment of colds. They take one or two tablets at night and repeat the dose the fifth night if needed. Calotabs help Nature throw off a cold? First, Calotabs are most thorough and delicate intestinal eliminants, clearing the intestinal tract of mucus and toxins.

Second, Calotabs are diuretic to the kidneys, promoting the elimination of cold poisons from the system. Thus Calotabs serve the double purpose of a purgative and diuretic, both of which are needed in the treatment of colds. Calotabs are quite economical; only twenty-five cents for the family package, ten cents for the trial package. (Adv.)

New School to Train Brides Is Opened in New York

A school conceived to rid brides of the chestnut about the weight and density of biscuits has been opened in New York.

Specifically, it is a training school for brides in which they will be taught not only cooking, but social amenities of the perfect hostess from dressing the turkey, to dressing the table, or dressing down the butler.

It is announced as the first such school in the country. Its curriculum requires as long as three months and candidates for admission may be pre-nuptial or post-nuptial. One of the latest Electrolux models has been installed as part of the school's complete equipment, according to James Morell, Jr., of the Morell Supply Company.

Located in a converted apartment close to the fashionable east side 70's at 133 East 65th Street, New York City, the outstanding feature is a model kitchen, model from every standpoint—in equipment, decoration and step-saving arrangement. And by addition or subtraction of units, the bride can make it coincide with her budget.

A proud dietician recited glammers of the kitchen to a swarm of brides-to-be or brides-hopeful at an opening tea:

"My dear, one simply must turn to copper in utensils—so decorative" and "it is restful if one's curtains have just the right tone," and "we have chosen a gas-operated Electrolux refrigerator because it is absolutely quiet and seems to require a minimum of attention," and "here is a cook stove that keeps nearly all its heat to itself, not throwing it out into the room."

Then she added a word on refrigeration: "Refrigeration even cold—is as necessary in winter as in summer. I sometimes think it more necessary in winter. Extreme cold breaks down food value as devastatingly as extreme heat. Winter's cold will ruin exposed food. And what a boon a quiet gas refrigerator is—so economical.

The new school is conducted by Scientific Housekeeping Incorporated.

LETTERS TO THE EDITOR

ADVICE TO MERCHANTS

The Floyd County Times, Prestonsburg, Ky. Gentlemen:

As you know, the AAA was declared unconstitutional a few days ago. I feel sure that you have something for your paper this week regarding this, and you may already have it published before this letter arrives. However, if you do not, I believe it would be a good idea for you to take inventory as of the opening of business on January 6, the day the Act was declared unconstitutional. The inventory should be kept until a ruling is made as to whether or not the floor stocks are protected, then the merchants will get a rebate on the articles which they have in stock on which processing tax has been paid. The main items which would possibly be affected in this selection would be flour, meal, pork, lard and maybe cotton.

Very truly yours, SANDY VALLEY GRO. CO. H. H. Wheeler Paintsville, Ky.

CHEVROLET HEAD SEES GOOD YEAR

By M. E. COYLE

President and General Manager of Chevrolet Motor Co.

Indications point to a good business year in 1936.

Two significant facts indicate how our company regards the near future.

Two significant facts indicate how our company regards the near future. We spent \$25,000,000 in plant expansion during 1935. The public has accepted our new models with an unprecedented enthusiasm that shows no abatement.

A manufacturing company does not expand its production capacities by one-fourth unless it feels confident about the future. The motoring public does not buy more than 180,000 Chevrolets in November and December unless there is need for new cars, buying capacity to purchase such quantities of large package merchandise and a confidence in continued economic improvement.

Barring unpredictable accidents, the progress made in 1935 should continue in the automobile industry. This industry is so large that if its forward movement continues, the effect produced upon all industry will be beneficial.

Chevrolet has, during the past three years, built 200,000 cars each year more than the preceding year. In 1935 it produced more than one million cars.

NEW COAL COMPANY EMPLOYEES ORGANIZED

Hueysville, Ky., Jan. 6—Employees of the new Goose Creek Mining Company's mine between this place and West Garrett have organized during the past two weeks and will soon be a part of the United Mine Workers of America. Meetings will be held at this place, officers of

the new 'Local' say. Hueysville has not had a lodge of this sort during recent years.

Work at the new mine has not been so furious during the last few days because of the lack of railroad cars. It is believed, however, that failure of mine officials to bill loaded cars correctly has something to do with this and that the necessary routine will be followed in the future.

ROAD WORK

Construction of the Salt Lick Creek road, a Works Progress Administration project, is getting under way again after being delayed two weeks because of bad weather. The ground has been so solidly frozen that it was out of the question to try to work on the road with such implements as the crew here has. The soil is pretty well thawed out now, however, and foremen of the project express the belief that the present work period will end with much more done.

NO UPSETS

The proper treatment for a bilious child

A cleansing dose today; a small quantity tomorrow; less each day until bowels need no help at all.

ANY mother knows the little, is hard to manage. Constipation. But what a pity so few know sensible way to set things right.

The ordinary laxatives, of ordinary strength, destroy all of restoring regularity.

A liquid laxative is the answer to all mothers. The answer to all worries over constipation. A liquid laxative is the answer to all worries over constipation. A liquid laxative is the answer to all worries over constipation.

This treatment will succeed any child and with any adult.

Doctors use a liquid laxative. Hospitals use the liquid form. It is best for their use, it is best for home use. The liquid laxative generally use is Dr. Caldwell's Pepsin. Any druggist has it.
