The board of education at its Saturday afternoon meeting also authorized Superintendent Town Hall to advertise for bids on construction of a similar building at Martin so that the structure may be let to contract at the June 3 meeting of the board. Plans of the board of education are to locate the new building at Martin at the southern (up-Beaver) end of its property in Martin. School Here, Called By Death Monday

Joseph Newton Allen, former Floyd county official and one of the section's Heart Attack Fatal to Aged 4-H Club Prize Winners To oldest and most prominent men, died at his Maytown home at 5 o'clock Monday afternoon following an illness attendant upon advanced age.

He was 90 years old. Though he had been in failing health for months, his illness became critical only a week before his passing.

Born Feb. 25, 1849, the son of the late Samuel and Sarah Ann Allen, pioneer residents of the Right Beaver section, his life was contemporary with the development of the county. He was born near what is now Northern.

Himself denied the privileges of wide education, he was a moving force in the educational development of his county. He financed the construction of the building which now houses the Prestonsburg graded school and which at one time was occupied by Professor Byington's school and, later, the Prestonsburg Baptist Institute. When a community center was founded at Maytown, it was "Uncle" Newt who led the contributing to its success.

Though he is said to have attended but one brief common school term, his aptness in mathematics was remarkable. His ability in arithmetic is said

CAPITOL COMMENTS

The Derby last week brought thousands of persons and hundreds of thousands of dollars to Kentucky, and remains a fertile but sadly neglected source of state revenue.

The racing industry has mean much to Kentucky. The people who er must execute bond with approved attend races are, for the most part surety or sureties, bearing legal inter- wealthy and can afford this luxury and certainly those who bet should not object to paying a small tax or judgment with a lien retained upon their bets.

In Florida, racing is supervised by the state and a small per cent tax is charged on every bet. This tax brings more than six million dollars a year to the state treasury for use on roads schools and other purposes of state expense.

In Kentucky, the home of racing the betting is not supervised by state

FLOYD CIRCUIT COURT mission tax that each patron pays on his ticket, just as they do in Florida a license tax of so much a day, but no tax or suvervision is made on the betting by the state and a potential revenue of millions of dollars to the state is passed up while the burden is borne by the farmers, small business men and property owners.

> The Republican party is gaining strength and hopes as the days pass, national polls show, and the party in Kentucky is planning on a strong fight this campaign.

King Swope announced he would not run in a Republican primary this August and the field is wide open for a hot contest. Which reminds us of an interesting fact on the Presidential race next year. A number of Republicans at Corbin have incorporated with the Secretary of State a "Charter Club Dewey for President" with the intention of getting 10,000 stockholders at a dollar each to promote Dewey's campaign for the Republican nomination for President.

-0-And in the ranks of the Democrats this week, everything has been quiet. The calm before the storm?

-0-

The other night at the Thoroughbred dinner the Governor told us a fish story that we pass on to you. He was fishing off the coast, not far from Key West, Fla., when he felt a strong tug on his line and, after about 30 minutes of play, pulled a large dolphin close to the boat. Suddenly the line started reeling out and, after about 60 yards of it was out, he again started reeling in, and pulled the fish up to the boat where they saw that a shark had bitten the back half of it off. The Governor saw it and said, "I may have some back-biting enemies but at least they can't snap me half in two!"

Mrs. Rosa Belle Cook, 67, former Knott county resident, was fatally burned when an Ashland rooming house was destroyed early Monday morning. Seven other people escaped, two of whom were carried out on a ladder by firemen.

Flames engulfed the room she entered, cutting off escape. Firemen reached her a few minutes later and took her to a hospital, where she died almost five hours later.

ENGLAND BLUNDERS

England took a leaf from Nazi Germany's book Monday in banning the British broadcast of the Duke of Windsor's fervent plea as a common citizen and a man for world peace.

And America the same day upheld its traditional belief in the right of a free people to free speech by relaying the Duke's speech back to England via short-wave to penetrate the wall of censorship. Every lover of liberty is indebted to the National Broadcasting Company for performing that real service.

Why should England or any other peace-loving nation fear a sincere petition for peace among the peoples of the earth? There was no mention of British politics. In the speech the former Edward, king of the earth's greatest empire, spoke as a common man, continuing to pledge his fealty to his country and his king.

Those masters of intrigue, whose minds see ulterior motievs in any speech or action, feared that Windsor intended to meddle in British affairs while his brother, King George, was en

route to this country. Low minds, full of foul schemes and base stratagems, have always expected only bad to come out of even the finest

It is a pity that petty politics barred his people from hearing, at first hand, this sincere utterance of the vnest of royalty-a man who renounced a crown for love of a woman and who yet renounces all claim to power and glory for love of his country.

SUNDAY-MOTHER'S DAY

Easter, the day of the Resurrection; Memorial Day, dedicated to loved ones gone ahead-outside of these, since a barbarian observance of

Christmas, the natal day of Christ, has reduced the sacred holiday to an orgy of merry-making, Mother's Day is the most sacred date in these few years we humans live.

Sunday is-if you had not recalled the date-

No, you don't have to buy her something. Mother would appreciate your gift, of course. But what she wants and needs most, as all of us do, is some kindness that comes from the heart.

And, if you are a son or daughter worthy of having a good mother, you will give her that and feel, at the same time, that you owe her at least such a gift every day you live.

FIGURES FOR COMPARISON

In the advertisement in THE TIMES this week of property to satisfy delinquent tax bills, valuation of each parcel of real estate thus listed is published.

This is the result of a new statute which is of real value. Now, each landowner, whose property is advertised can see for himself how the valuation of his realty compares with that of his neighbor.

But the law should not restrict publication of assessment lists to delinquent taxes. Every taxpayer should be given this service.

Such publicity will in large measure remove the need for "equalization" boards. Publicity and attendant public opinion are the greatest equalizers you'll find this side of the grave.

HAIL, MR. STOKES!

THE FLOYD COUNTY TIMES expected no Pulitzer prize for journalism. It submitted no samples of its product; had it done so, it doubtless would remain yet "unhonored and unsung"not because of partial judgment, but because of the quality of the product.

That is THE TIMES' honest opinion. We do not "kid" ourselves.

Yet this newspaper, and few others, can reconcile Journalism's demand for accuracy in its news-stories with the inaccuracies claimed for those written by the Pulitzer winner for news-reporting.

Robert L. Stokes, of the Scripps-Howard newspapers, "wrote up" Kentucky's WPA in a big way last year. His "stories" were widely read, were intensely interesting.

But they were untrue, in a large measure, if the burden of proof is to be believed.

Yet his papers were not sued for libel; the federal government and its employes are rather lenient in that way. And so, hail, Mr. Stokes, as long as you "get by."

Meanwhile, THE TIMES hazards the guess that any one of a thousand newspapermen in this country-and we don't include ourselves-could have written, even if they didn't, stories as interesting as long as the Muse furnished the "lead" and as long as the Pulitzer judges mused not upon the manner of their favorite's winning

MISSOURI'S "JACK, THE GIANT KILLER"

Whatever fate may have in store for Manhattan's colorful District Attorney, Thomas E. Dewey, his exploits have attracted national attention to a Missouri World War veteran who is performing still greater marvels in Kansas City as the result of his own initiative and hard, unostentatious efforts these last six years.

Dewey's reputation rests on the uncompleted record of his prosecution of racketeers and their henchmen. U. S. District Attorney Maurice M. Milligan, of Ray county, Missouri, however, was sapping the foundation of Kansas City's notorious and seemingly impregnible Democratic machine back in 1933 before Dewey was heard of. He started on the mystery of the "Union Depot Massacre."

Tammany already had been licked in New York when Governor Lehman designated Dewey as special prosecutor. Driven from the City Hall after Governor Roosevelt forced the resignation of Mayor Walker, Tammany was beleaguered in the courthouse by the entire metropolitan press.

Milligan has operated under no such favorable auspices. He was prosecuting frauds of the Democratic machine in the 1936 national election when he came up for reappointment, opposed by a Democratic United States Senator from Kansas City. President Roosevelt named him, nevertheless, and subsequently, the machine carried the Democratic city primary and elected its ticket.

That was enough to discourage a mere politician; but things soon began to break for the Missouri country lawyer. Governor Starks and the Pendergast machine fell out. Milligan convicted thirty-three local political workers of both parties and the Jackson county prosecutor resigned under fire. Milligan has secured the indictment of the principals in a nation-wide narcotic ring, brought to trial those alleged to be implicated in a sensational insurance compromise case many years old and reached "Boss" Pendergast himself on an income tax count. Kansas City's Mayor has joined the reform element. Pendergast's business agent is a fugitive.

But for Dewey's fame, Milligan's more substantial achievement might never have been heard of outside of Missouri; Manhattan's size magnifies everything done there. Federal Judge Reeves' charges to the grand jury were extensively quoted by newspaper reporters. Only when Senator Truman denounced Milligan in the Senate was he mentioned and then quickly consigned to journalistic oblivion. It was Governor Starks' turn next to occupy the limelight.

Though Milligan escapes the title of a "Kansas City Dewey," unquestionably he has to thank the temporary glamor of Dewey's office for his prospect to superseding Truman as Democratic candidate for Senator in Missouri next year.

From the national point of view, Roosevelt's appointment of Milligan and Lehman's appointment of Dewey are somewhat epochal. Those who think the New Deal is wrecking the Democratic party can exhibit the debris of two corrupt political machines as proof .- Courier-

Hughes, Hippo merchant, on the night of March 17. Trials of the other defendants are docketed for the September term.

The fire, according to the testimony, occurred on the night following the trial of Marsillet in magistrate's court at Bosco for the alleged theft of two hound dogs from Huthes' son. At the time of the arrest of Shepherd and Marsillet and their wives on the arson charge, officers were told that the statement was made that Mr. Hughes' cost of the magistrate's court trial would be "a lot more than the worth of the dogs."

According to the testimony of the defendant, he and Marsillet, following the trial at Bosco, went up Brush Creek, across Prater Fork, and on to, their homes. Several witnesses testified they saw the group going homeward, several hours before the fire.

A piece of bed ticking, which was identified by commonwealth witnesses as belonging to Shepherd, was found near the scene of the burning barn where, the commonwealth contended, those accompanying the defendant had built up a small fire to keep them warm. The voices of Shepherd and Marsillet, as they were coming from the direction of the burned barn, were recognized by several of the state's witnesses.

COLLINS DRAWS FIVE-YEAR TERM

Second Trial in Cole Slaying Brings Verdict; Shepherd Convicted

Given trial the second time for the January slaying of Willie Cole on Abner Fork, near Melvin, Everett Collins was convicted in circuit court here last week and sentenced to five years in the state penitentiary at La-Grange. His previous trial resulted in a hung jury.

According to testimony substantiated by both the commonwealth and defense witnesses, the two youths had been having trouble for about two years, and each had repeatedly made threats against the other. Collins, with a scar across his face, the result of a severe cut inflicted with a broken bottle in the hands of Cole during this time, had remarked that the scar would cost Cole his life, it was tesi-

On the evening of the slaying, the defense contended, Collins and Floyd Johnson, who is also named in the indictment, went to the home of Will Tackett, on Orchard Fork, where a party was in progress. With them they had an automatic shotgun, in two pieces, which was left in Tackett's yard. Soon Cole came to the party and, according to the defense. Collins went into the kitchen, in order to avert trouble. From there he went into another room and, to escape meeting Cole, went through a window and around the house to the front gate. On Bull Creek, a cow owned by Mrs. Martha Wright, widow of A. J. Wright, was declared rabid by the Department of Public Service laboratories, Lexington, whither the head of the animal was sent for examination. Before the cow was killed, however, 50 persons drank its milk, it is estimated.

Nineteen persons in the Raccoon section of Salt Lick Creek, this county, are known, it is said, to have consumed milk from a cow owned by Toni Patton and later declared rabid.

On Middle Creek, a son of Bill Marsillet was bitten Friday, last week, by a mad dog.

Not until a few years ago was milk produced from a rabid animal considered dangerous. Research conducted by the Rockefeller Foundation proved, however, that negro bodies (the rabies virus) have been found in the mammillary glands of female animals and thus may be communicated to human

FLOYD STUDENTS AT MUSIC FEST

Musicians to Pikeville Maet

More than 700 persons, 200 in excess of the number expected, gathered on the campus of Pikeville College, Saturday, to celebrate the annual Eastern Kentucky Music Festival.

Twelve high schools of the region sent a total of 550 young musicians and their instructors to participate in what, according to college officials, was the fourth and most successful year the event has been sponsored by the college. Wayland, Martin, Prestonsburg, Betsy Layne, Cumberland, Jenkins, Hellier, Dorton, Belfry, Virgie, Pikeville High School, and Pikeville Academy sent representatives to participate in the musical sessions, allnon-competitive, which were held in Wickham Chapel.

Various musical groups and individuals took part in the afternoon and evening sessions and the festivities were officially opened by Dr. Harry Means Crooks, president of Pikeville College, in a welcoming address in the afternoon.

Following the afternoon session came a period of entertainment sponsored by the various departments of the college. A tennis match, tea, and a number of exhibits and displays furnished diversion between musical sessions for the college guests. The college, it was reported by thwe cafeteria management, played host by serving 5g0 of the participants and their instructors with a "box lunch' at six o'clock.

The session reached its climax at 6:30 p. m., when seven high school bands gathered in front of the administration building for an outdoor concert. Approximately 180 musicians brought their instruments together in a metallis musical medley for this particular event. Following this was the evening session which closed with singing by a combined high school chorus under the direction of Miss Alta May Lumbard, of the Pikeville College Music Department, the branch of the college which sponsored the

"I think this year's festival has surpassed the three previous ones from the standpoint of music and attendance." Miss Lumbard said. "I wish to thank all the participants, students and instructors, whose enthusiasm and support made this year's Eastern Kectucky Musical Festival a success. Pikeville College and the Musical Department look forward to welcoming them again."

should be made plain that this will Affect District 30" (tre Big Sandy field). Mr. Raney made this statement, he said, in view of the fact that the field is thoroughly unionized and that the miners will not return to work moder any circumstances until a contract is officially signed.

· He added that attendance of miners at a union meeting held in Letcher county Wednesday was a "conservative" 5,000 and that they voted unanimously to wire President Lewis that the U.M.W.A. is "stronger today in the district than on April 1."

B F. Reed, of the Turner-Elkhorn Mining Company, Drift, said, upon being informed of Mr. Raney's statement, that all except three operators of this field are willing to sign the closed-shop contract:

"I'd like to correct that. I have attended every operators' meeting of this section, and I think I know whereof I speak. There may be one of two Big Sandy operators who would sign such an agreement, but their interests lie largely outside of this section and they do not care whether their Big Sandy mines operate or not. As for this company, and all others of which I have any knowledge, they will not sign a contract containing the closed-shop provision."

A. B. Brooke, general manager, Elk Horn Coal Corporation, Wayland, deelined to make a statement as to his rempany's attitude toward the closedshop. He laughed when told that Mr Raney had said most operators of the region were willing to sign such a contract, adding that policies of his company were formulated by its president and board of directors.

The coal contract conference continued its work into the morning hours Thursday in an attempt to arrive at a settlement which President Roosevelt virtually "demanded" Monday in the face of a nation-wide coal shortage.

Gov. Chandler Threatens

To Send Troops to Field Governor A. B. Chandler said Wednesday that that unless Eastern Kentucky coal mines were operating by Monday he would send national guard treops into Harlan county to give protection to men wishing to work

"There is no dispute between representatives of the mine union and the operators with respect to wages, working hours or working conditions," the Governor said.

"The whole controversy is a demand for 'closed shops' and elimination of penalty clauses to prohibit illegal strikes, both of which are aimed at keeping American Federation miners from the mines, and both provisions are being insisted upon by John L Lewis (president of the United Mine Workers of America) and the C.I.O. which Lewis also heads," Chandler

In another section of his statement the Governor added:

"As Governor of this Commonwealth I have taken the position that any unemployed citizen of Kentucky or any citizen of America who needs and wants and has an opportunity to work at wages and under conditions acceptable to him shall have the right to work without intimidation, free from mclestation from any one."

The Governor said, "These troops will be ordered into Harlan county because that is the only county in the state that has requested them. If necessary, they will be sent elsewhere when resuested by local officials."

Chandler said "about 700" national uardsmen would be sent to patrol the Harlan coal fields, scene of many violent outbreaks in past labor strife, and that the state highway patrolmen on duty there would be withdrawn. Other troops will be available to go in, if necessary," he replied in answer to another question.

There will be no imposition of martial law, the Governor said, and added the troops would "be under the Governor," when asked what their status

Chandler made public a letter from Harlan County Judge C. E. Ball declaring 75 per cent of the miners "are facing starvation" and want to return to work, that the "situation is beyond the control of the county officials,' and that reopening of the mines "would mean trouble and bloodshed unless we have soldiers in sufficient number to keep order."

Examiner Denies

(Continued from page one)

At commission headquarters it was stated counsel for the operators who had protested benefit payments to approximately 24,000 miners claiming benefits and the miners' counsel had agreed to let the case go before Hall Lexington attorney who has refereed claims before without further evidence or argument.

However, if later a request is made for adding to the evidence or argument Buckholz heard Monday and Tuesday, the commission announced it would sit with Referee Hall to speed up its own decision.

The decision by Buckho'z, a young Covington attorney, was that "present conditions in the Kentucky coaf mining region constitute a bona fide labor dispute and all claimants unemployed due to this dispute are ineligible for benefits under Section (B) (4) of the Kentucky Unemployment Compensation Act."

If the United Mine Workers of America should succeed in getting it revised, the commission records indicate aproximately \$288,000 weekly would be paid to the miners and still further sums would become due later to men in Western Kentucky who might be affected.

Depletion of reserves piled up by the operators' contribution to the fund would follow any payments, and the operators would have to contribute additional sums.

At the hearing before Buckholz the operators and the miners each tried to show the other was responsible for the stoppage of work since the union contract expired March 31.

TIDBITS OF KENTUCKY FOLKLORE

EARLIER COMMENCEMENTS

It is not merely older manners that are passing; some of our newer ones have come and gone like models of automobiles. One of the institutions of our country, of course, is the annual high school college commencement day. When there were private colleges galore in the state, or at least schools that called themselves colleges, some actual traditions grew up that died with the schools themselves. State-supported high schools have not existed long enough to have developed much tradition.

Once I attended a small denominational college, now long dead. It was my first look-in on the big world, and my diary and I had a good time recording all the school happenings. When the school term was over, the commencement was put on in a very dignified manner, even though there District 4 for the month of April, was were only three graduates. The colthe NYA girls' semi-resident home- lege band, about a corporal's guard in number, formed the head of a collegiate procession that wound around the campus and into the building. The address was given in great form, in English, but the conferring of the degrees was in Latin, pure Ciceronian, I can assure you. To each of the three girls receiving the diploma the little speech was made, only the name, properly Latinized, being changed each time. I gaped at the old words and wondered, since my knowledge of Latin had not then begun. It was really dignified and worthy, then as well as in memory.

TIDBITS

tan 21 years ago. Even in that time many changes have occurred in high school commencements. As more than twenty of my hundred and fifty speeches were given in communities that had never had a commencement before, you may know that I have had some interesting experiences. Oddly enough, some of these same occasions were among the most impressive, because of the people who were present. One high school, which is now probably as regulated as most of them, used to have a flower bearer, dressed like the graduate he sat beside, to receive the gifts. These flower bearers were very small children, somewhat like the tots used in elaborate weddings. Ordinarily they had plenty of work to do, for presents fairly flowed in. At other high schools the ushers came up after the ceremony with the sifts, sometimes with Clear Creek Assumes Lead a considerable flourish. As for that when I graduated from a junior college, the same practice was in vogue. I can still recall how left-out I felt, for none of my family could come so far to my graduation, even though they had sent appropriate gifts thru the mail.

Some of the commencements had the air of a funeral. Tears were common, on the faces of the graduates and in the voices of the numerous speakers, including the distinguished gentleman who had come by train or boat or buggy to deliver the chief address of the time. On one such occasion I shocked the audience, who had wept through a long harangue on "Mother," tearfully given by the valedictorian, by saying that it was not a tearful but joyful occasion. I have not yet been invited back to that high school and may not ever be.

There were no caps and gowns in those days; it almost broke up the poor fathers to dress their children sufficiently to make the proper impression. In general, I must confess that our present-day graduating exercises are more dignified, if more regular, than those of other times.
