

Thirteenth Year

COURT VOTES BOND 'SWAP' ON DEBT

STATE OFFICER'S O.K. OF PLANS AWAITED BY OFFICIALS

If Harry Lynn, state local finance officer, approves the plan, the Floyd fiscal court will shortly issue \$50,000 worth of 4 1/2 per cent bonds which will be used as an exchange payment of the \$50,000 installment due on the county's \$200,000 5 1/2 per cent funding bonds, issued several years ago.

The new bond issue was made necessary by the county's inability to pay the installment in cash on the maturity date, October 1. The only present cash outlay for the county, under the plan, will be payment of interest due on the \$50,000 installment.

To meet the \$5,000 payments on the proposed bonds each year, beginning with July 1, 1951, and continuing for a period of 10 years, a special levy is to be placed on all taxable property in the county. Funds thus derived to form a special sinking fund which may not be used for any purpose other than the payment on this bonded indebtedness.

For the handling of the transfer of bonds and all other matters pertaining to the amortization of the installment due October 1 on the old bond issue, the State Finance Company, Maysville, Ky., is to be paid \$1,500.

The plan was adopted by the fiscal court at its special meeting here last Wednesday, and becomes effective immediately. Sanction of State Local Finance Officer Lynn is expected this week.

At the same meeting salary of W. J. May, county treasurer, was raised from \$360 a year to \$600 a year. His salary is to be paid monthly.

Mrs. Ethel Dickerson was employed at a salary of \$90 a month, effective July 1, as clerk for County Attorney Forrest D. Short.

F. C. Hall and W. J. May were named to settle with Sheriff Dial Salisbury for taxes collected for the year 1939.

Mrs. Ardelia King, Of Osborne, Is Victim

Mrs. Ardelia King, 51 years old, wife of Shielor King Osborne, died at the Beaver Valley hospital, Martin, last Thursday, the victim of a ruptured blood vessel.

A member of the Regular Baptist Church for many years, Mrs. King became ill and was admitted to the hospital the day before her death.

Besides her husband she is survived by four daughters, Mrs. Lizzie Warwick, Mrs. Jones, Misses Margaret and Nora King; three sons, John, Oscar and Earl King, all of Osborne.

Funeral rites were conducted from the home Friday afternoon, with the Revs. Tack Hall, Bill Martin and Melvin Kidd officiating. Burial was made in the family cemetery at Osborne, under the direction of the Ryan Funeral Home.

This Town-- That World

CITY FOLKS ARE SO-O DUMB!

The visitor to Prestonsburg must have been from the city. He complained about the frogs croaking so-ye, he said, "croaking." Opined, he did, that there must be plenty of frog ponds hereabouts. What he didn't know was that incessant, screaming din he was hearing was caused by a horde of "seventeen-year" locusts.

ECHO OF PLAGUE

I can remember, 'way back when I believed the old folks' claim that the locusts were yelling, "Phar-a-oh, Phar-a-oh."

ME AN' UNCLE JEFF

This makes two 17-year locust years I can remember. Ninety-eight-year-old "Uncle" Jeff Sizemore can remember only four. Say, I'm getting old!

TO A VISITOR

The guy, as we see it, "had something there."

He breezed into the office, caught the editorial eye and announced, "I oughta cut your throat!"

But the practised eye quickly saw that he wasn't really on the warpath; hence, no sudden take-off for the tall timber. Instead, we remained to listen:

"Yeah, you wrote me up for being in Court. And I admit—I well, I might have been as guilty as hell. But, say, did you know I have done some good things in my life? Wonder why

Mrs. Clara Martin, 48, Allen, Succumbs To Cancer

Funeral services for Mrs. Clara Alice Martin, 48, wife of W. J. (Billy) Martin, Allen, who died at her home at 11:45 Wednesday night after suffering for the past several years from cancer, will be conducted from the Methodist Church at Allen at 2 o'clock Saturday afternoon, with the Revs. Isaac Stratton, Banner, and C. C. Newsome, Langley, officiating.

The victim was a native of Pike county, the daughter of James F. and Talitha King. She had been an active member of the Methodist Church for many years. She was a former member of the Prestonsburg Methodist Church.

Besides her husband she is survived by two daughters, Misses Mary and Edith Martin, both at home, and two sons, Bud Martin, at home, and Charles Smith, of Pike county; one brother, Bud Bevin, Regina; four sisters, Mrs. Clara Stone and Mrs. Fannie Bevin, both of Millard; Mrs. Kate Hackney, Elkhorn City, and Mrs. Lyda Bevin, Uclan, W. Va.

Burial will be made in the Martin cemetery at Allen Saturday afternoon, with the Ryan Funeral Home directing.

Heart Attack Claims James Caldwell, Of Tram

After becoming ill at ten o'clock Wednesday night of last week at his home, James Caldwell, 66, Tram, prominent farmer, succumbed at four o'clock Thursday morning, the victim of a heart attack.

His widow, Jenny Layne Caldwell, had gone to Man, W. Va., where their son, Frank Caldwell, is seriously ill. Another son, Shirley, was the only other person at the home at the time Mr. Caldwell was stricken. Shirley had gone for aid and when he returned the body of Mr. Caldwell was found in a chair. He was the son of the late Mr. and Mrs. Marion Caldwell, Harold.

Also surviving are three other sons, Ollie, Herbert and Kenneth Caldwell, all of Tram; one sister, Mrs. Belle Dillon, Lancer, and one half-sister, Mrs. Alfred Lewis, Banner.

Funeral rites were conducted from the home Saturday afternoon, with the Rev. Isaac Stratton officiating. Burial was made in the Layne cemetery at Tram, under the direction of the Arnold Funeral Home.

SURRENDER OF FUGITIVE

IS MADE HERE; GIBSON TO FACE CHARGE OF KILLING BROTHER

A fugitive since March 14 when he shot and fatally wounded his brother, Charlie Gibson, near Goodloe, this county, Lincoln Gibson, 35, surrendered to authorities here Wednesday morning and was released under \$5,000 bond.

He was accompanied here by Pete Bailey, father-in-law of both the slayer and the victim.

An official here said Gibson had fled as far away as Texas.

He and his brother were WPA workers and on the day of the shooting were idle because of inclement weather. Charlie Gibson is said to have raised a disturbance at Hale's store but had left the store and was walking up the creek when his brother caught up with him, the shooting following.

Trial of Gibson was set for the September term of circuit court.

Man Jailed in Theft of Ambulance

Macron Mosley, Garrett, janitor for the Ryan Funeral Home, Martin, was jailed here Saturday, accused of the theft of the funeral home's ambulance early Saturday morning.

His arrest followed the wreck of the ambulance as it left the highway, opposite the Inland Gas Company's compressor station, near Midas, smashed into the auto of Conway Pigman, tore off a part of the front portion of a nearby garage and careened into a gully. Only Mosley of the three persons in the ambulance was hurt.

He was removed from jail Monday to the Martin General hospital for treatment of head injuries.

G. D. Ryan, owner of the funeral home, said he had left Martin only a short time before the ambulance was taken and that he was on route to Hazard to bring to the Beaver Valley hospital Lee McCown, who was fatally hurt when struck on the preceding night by a car.

PRESTONSBURG WELCOMES LOUISVILLE TRADE GROUP

MEMBERS OF GOOD-WILL TOUR ADDRESS GATHERING WEDNESDAY

"You have our goodwill—we have come to Prestonsburg to get yours," Edward J. O'Brien, president of the Louisville Board of Trade, told a group of several hundred Wednesday morning on the Prestonsburg high school campus, where the Prestonsburg Co-Operative Business Association arranged to greet officially the Louisville visitors.

The party, traveling aboard the Blue Grass-Mountain Special train, arrived here at 11:10 a. m., from Pikeville. They were brought to the scene of the reception by private automobiles, obtained by the P.C.B.A.

Mayor E. P. Arnold welcomed the visitors to Prestonsburg and then introduced E. S. Woolsey, of the Trade Promotion Committee, who in turn introduced several of the speakers representing the Board.

The Hon. Joseph D. Scholtz, mayor of Louisville, speaking of the interest Louisville holds for the Big Sandy section, declared that the operation of the city's largest industrial concerns depends upon the coal and gas which comes from Eastern Kentucky. The significance of Louisville as a wholesale and retail trading center was mentioned; it is the first city of the South in number of factory wage earners and amount of industrial wages paid, he said.

Other members of the Board who addressed the gathering were John C. Theobald, Ralph G. Strother and Luther R. Stein.

After spending two hours here the group, which is composed of about 75 representatives of a like number of Louisville concerns, left for Paintsville, visiting as many as nine towns daily, the party will end its four-day tour Friday.

DEATH NEAR 'RENDEZVOUS'

HONAKER MAN DIES AFTER BEING RUN DOWN BY AUTO

Two Perry countians were jailed Saturday after having driven an auto from a highway to run down Lee McCown, 34 years old of Honaker, this county, and inflict injuries to which he succumbed Wednesday afternoon at the Beaver Valley hospital, Martin.

McCown was struck as he walked along the roadside, near "The Rendezvous," a roadhouse, near Hazard. Relatives told THE TIMES that he and another man had had an altercation at the roadhouse, and that the other followed him in a car and swerved it from the highway onto the dirt and struck him.

McCown's skull was fractured and his pelvis was thrice broken. A trepanning operation was performed at the hospital in an effort to save his life.

The victim was employed in Perry county by the Columbus Mining Company. He is survived by his mother, Mrs. Leetie Moore McCown, widow of Will McCown; his widow, Mrs. Louise McCown; four brothers, David, Charles and Curtis McCown, Honaker, and William McCown, Alphoretta; two sisters, Mrs. Melvina Spears and Mrs. Grace Moore, Honaker; two half-brothers, Moore Gayheart and Willie Moore, both of Honaker. Burial was made Thursday morning in the family cemetery at Honaker, under the direction of the Ryan Funeral Home.

Tax Commission Raises Assessments On Lots And Farm Lands

A blanket raise on 1940 tax assessments on town lots and farm land was made by the State Tax Commission recently. At the same time \$77,958 in bank shares was added to the original assessment.

Ten per cent increase was made on both town lots and land.

Prior to a hearing attended by County Judge E. P. Hill, Jr., and County Attorney Forrest D. Short in Frankfort May 24, the Tax Commission had ordered a raise of 15 per cent on land, 20 per cent on livestock and five per cent on mineral and timber. The livestock and mineral-timber increases were eliminated.

PETITION ASKS THAT HARLOWE BE RETAINED AS COACH

PRESENTATION WILL BE MADE AT NEXT MEETING OF CITY BOARD OF EDUCATION

To the Prestonsburg Board of Education will be presented at its next meeting a petition signed by from 200 to 300 residents of Prestonsburg, asking that body to retain Bob Harlowe as athletic coach here for the coming school year.

Circulation of the petition began, shortly after it was rumored that the school board planned a change in coaches.

Included in the list of signers of the petition are persons from all walks of life, it was stated.

Reads the petition, in part: "It has recently come to our attention that we are about to suffer the loss of Robert Harlowe as coach of athletics, this at a time when our

After spending two hours here the group, which is composed of about 75 representatives of a like number of Louisville concerns, left for Paintsville, visiting as many as nine towns daily, the party will end its four-day tour Friday.

Although the fatality record showed a decrease, the number of injuries increased. Three operations in the section were without an accident during the period. They were Edgemont Fuel Co., Minnie; Elkhorn Utilities Co., and Elk Horn Coal Corporation No. 6.

Following is the report of the number of accidents at the various mines in this county:

Edgemont Fuel Co., Minnie, none; Ruth Elkhorn Coals, Inc., Harold, 1; Clear Branch Mining Co., Ligon, 3; Glogora Coal Co., Glo, 2; Koppers Coal Company, Weeksbury, 12; Stephens Elkhorn Fuel Corporation, Alphoretta, 3; Inland Steel Company, Wheelwright, 33; Sandy Valley Coal Company, Water Gap, 3; Goose Creek Mining Company, Garrett, 3; North-East Coal Company, Auxier, 8; Sampson Elkhorn Mining Company, Drift, 6; Turner Elkhorn Mining Company, Drift, 6; Utilities Elkhorn Coal Company, Martin, 8.

MINE MISHAPS CLAIM TWO IN BIG SANDY SECTION DURING FIRST FOUR MONTHS OF 1940

Only two fatal mine accidents occurred in the Big Sandy area during the first four months of 1940, according to a report compiled by A. D. Sisk, Pikeville, secretary of the Big Sandy-Elkhorn Coal Mining Institute. The report was compiled from the records of 34 operations in the area.

Although the fatality record showed a decrease, the number of injuries increased. Three operations in the section were without an accident during the period. They were Edgemont Fuel Co., Minnie; Elkhorn Utilities Co., and Elk Horn Coal Corporation No. 6.

Condition of Girl Hit By Lightning Remains Serious

Remaining in a serious condition at the Beaver Valley hospital, Martin, from burns suffered when lightning struck a stove near which she was standing, though believed to have a good chance of recovery, is Miss Reba Carter, 19, of Maytown.

Her condition was described Wednesday as being "as good as can be expected under the circumstances." She was burned about her neck and abdomen.

ROVING BARBER HAS ANOTHER BRUSH WITH LAW

Again the walkin' barber has been clipped!

For the sixth time Beverly Osborne, McDowell, perambulating tonsorial artist who specializes in cue-ball haircuts and down-the-side neckshaves, has run afoul of the law and been taken in tow for practicing his art without a license.

Bev, who ordinarily will trim your locks in the sanctity of your own home or in the shade of the nearest tree, was nabbed here last week in Sheriff Dial Salisbury's office, where he had gone to see if any of the boys needed an application of the shears. The warrant was sworn to by the state barber inspector, who had caught wind of Bev's "misdeeds."

Five times previously Bev, who carries all his clippin' and chin-scrapin' necessities except the chair in his hip pocket, has been indicted and five times the jury has returned the verdict: "Not guilty."

Blurtin' forth a laugh which is peculiarly his own Bev, who can deftly administer a round haircut without the benefit of a bowl, allows as how his case will come out all right. But as yet he hasn't planned his defense.

He filed bond immediately after his arrest. Trial is scheduled in county court here June 19.

Oppenheimer Injured In Auto Wreck Sunday

His chest and abdomen crushed in an automobile wreck near George's Creek, Lawrence county, Sunday morning, Chas. Oppenheimer, well-known Prestonsburg man, remains in a serious condition, though removed this week from the Paintsville hospital to his home here.

Other occupants of the auto, Mr. and Mrs. Charles Hale and daughter, Miss Carlos, of West Prestonsburg, escaped with minor bruises. The party was en route to Carter county to visit the graves of relatives when the wreck took place.

FLOYD'S QUOTA IS DOUBLED

RED CROSS REQUESTS \$1,200 FOR WAR SUFFERERS

With the doubling of the nation's Red Cross quota for the relief of the war-sufferers of France, England, Holland, Norway, Poland, Belgium and China, Floyd county's quota has been raised from \$600 to \$1,200, it was announced last week by Miss Ella Noel White, executive secretary, Floyd Chapter of the Red Cross.

Norman H. Davis, national Red Cross chairman, last week called upon the county for \$20,000,000 instead of the \$10,000,000 originally asked.

Five million civilian refugees on foot, on bicycles, in horse-drawn vehicles, in trucks, and on trains, are fleeing blindly before the advancing enemy, it is said. Hundreds of thousands have been bombed from the air and machine-gunned in their flight. Many thousands are sick and wounded; many must leave their dead by the roadside as they are driven relentlessly forward; all are suffering from exposure, exhaustion and hunger.

Of the \$1,200 quota, Floyd county on Tuesday had contributed \$350. Report of the Prestonsburg Co-Operative Business Association committee—Leroy Combs, S. L. Isbell and A. W. Lawson—was made Wednesday and thereafter the Red Cross drive here is in the hands of women workers.

Reports from other sections of the county are meagre to date, but a willing response is expected.

8 Floyd Students From U-K. To Graduate

Eight Floyd county students at the University of Kentucky will be awarded degrees Friday night at the commencement exercises, when a total of 446 degrees will be conferred.

Miss Kathryn Margaritte Chandler, daughter of Dr. and Mrs. T. J. Chandler, Lackey, will receive an A. B. degree in Education, "with distinction," having attained a standing of 2.5 for at least three years.

The Order of the Coif, honorary law fraternity, announced the pledging of John Paul Curry, Jr., Wayland, who will be graduated from the College of Law.

Among others who will receive degrees are: Joe Wheeler Jarrell, son of Mr. and Mrs. Joe Jarrell, Prestons-

RAILWAY, COAL DEVELOPMENT RUMORED

MIDDLE CREEK FIELD MAY BE WORKED, SAYS REPORT

Unconfirmed reports say that construction of a railroad up Middle Creek with a view to development of coal deposits in that section may be undertaken.

Core-drilling and survey work in the valley has been under way for some time, it was said.

Railroad-building, construction of a tippie and actual coal development depend upon results of tests of the coal, the market, labor conditions and other matters.

Residents of the Middle Creek section say there are approximately 10,000 acres of high-grade bituminous coal in the valley and that another seam of bituminous approaches the quality of canal coal.

If undertaken, the development would extend up to the headwaters of the stream and might make available to market coal deposits of the Licking river valley in Magoffin county. Middle Creek coal is for the most part owned by the Elk Horn Coal Corporation and the Beaver Creek Consolidated Coal Company.

ARGUE SALARY OF MAYOR

SOURCE OF PAYMENT, IN DOUBT; COUNCIL IS DEADLOCKED

Heated argument on Mayor E. P. Arnold's motion that his salary for the second half of 1940 be paid out of current funds was followed Monday evening by a deadlock of the City Council.

Mayor Arnold then threatened to sue the city for his pay and to file up municipal funds.

The vote on the motion stood: For—R. T. Allen, Bill Fitzpatrick, Roe Layne; against—Leroy Combs, W. A. Rose, J. H. Nunnery.

The three Councilmen opposing the motion advocated payment of the Mayor's salary by warrants to be redeemed at some later date. Mayor Arnold's salary for the first six months of the year was paid out of the city's special emergency fund.

The Council during the meeting discussed the Prestonsburg water plant purchase and the paving of Third street. It was pointed out that the project will cost a total of \$12,000, approximately \$3,000 of which must be paid by the sponsor. Help from property-owners on the thoroughfare is to be sought, it was stated.

### WAYLAND NIPS ELKHORN CITY

#### POWER-ATTACK NETS WINNERS A 10-3 DECISION

The Wayland baseball team defeated Elkhorn City, 10-3, Sunday afternoon at Elkhorn City, to go into a two-way tie with Pikeville for fourth place in the Big Sandy Baseball League standings.

The winners blasted the slants of two Elkhorn City pitchers for 14 hits, five of them triples. Martin started on the mound for Wayland, and he was relieved by Rollins.

Baird, playing at third for the winners, collected two three-baggers and two singles to lead his team in hitting. "Big" Jess Ratliff hit a triple and a pair of singles. Stags and "Little" Jess Ratliff each made two singles. For the losers Potter hit a home run and a single, while Roberts made a double and a single.

Elkhorn City was the victim of four errors, and Wayland did not commit a miscue.

### Cover Crop Seed May Boost Farm Income In 1940

Kentucky farmers may obtain additional income and increased protection against soil losses by saving a part of their crimson clover, vetch, barley, rye and rye grass for seed this year, according to W. C. Johnstone, of the State College of Agriculture.

With the increased interest in seeding cover crops throughout the state there is a steady demand for good seed of adapted crops, he said, and a special co-ordinated effort is being made this year by extension agents and Agricultural Adjustment Administration committeemen to promote the saving of these seeds.

Indications are that national production of crimson clover and vetch seed will be below normal. Johnstone pointed out, and the supply from Europe has been practically cut off.

Saving of these seeds, including crimson clover, vetch, Kentucky No. 1 and No. 2 and Missouri early beardless barley, balbo and abruzzi rye, rye grass and wheat, will be of particular value in more ways than one, Johnstone advises. A larger supply of seed will be assured, costs of seeding will be reduced, and seeding of a larger acreage of cover crops will be promoted by the interest that is thus created.

While many farmers normally turn under cover crop growths at this time of year in carrying out soil-building practices, Johnstone points out that almost the same good results if the seed crop is harvested and the straw turned under. The farmer can use the seed to expand his cover crop acreage or sell the seed locally.

Details concerning harvesting cover crop seeds may be obtained from county agents.

### TWO FLOYD COUNTIANS GRADUATE FROM E. S. T. C.

Among the students who were awarded degrees at the commencement exercises at Eastern State Teachers' College, Richmond, last week were Miss Mary E. Clarke and Donald Music, both of Auxier.

Miss Clarke received a bachelor of science degree; Mr. Music, bachelor of arts.

### MARTIN DROPS MUDDY BRANCH

#### NINETEEN-HIT ATTACK RESULTS IN 10-9 VICTORY

Overcoming a four-run deficit by scoring nine runs in the later innings of the game, the Martin entry in the Beaver Valley Baseball League nosed out Muddy Branch, 10-9, Sunday afternoon at Muddy Branch.

Blasting the offerings of two Muddy Branch twirlers for a total of 19 hits, Martin took the lead in the seventh inning when five runs were scored, then added three more in the eighth. With the exception of two-baggers by G. Dingus and Elam, all of Martin's hits were singles.

Muddy Branch took a 1-0 lead in the first inning and Martin tied the score in the first of the fourth. In the last of the fourth the losers pushed across four more runs, putting them out in front, 5-1. Both teams went scoreless in the fifth and sixth, then Martin started a rally in the seventh which netted five runs and a 6-5 lead. Three more in the eighth increased the advantage to 9-5, but Muddy Branch added another in the last of the eighth. In the top half of the ninth the winners scored their last run, making the score 10-6. A three-run rally in the last of the ninth failed to knot the score for the losers.

Vincent, Martin short stop, had a perfect day at bat, getting five hits and a walk in six trips to the plate. Dingus and Halbert each made three hits. The winners used five pitchers, with Prater getting credit for the win.

### Three Floyd Countians Awarded Degrees At Berea

Berea, Ky., June 1 (Spl.)—Three Floyd county students received degrees from Berea College at the regular commencement exercises, June 3.

Miss Nellie M. Leslie, daughter of Mr. and Mrs. Earl Leslie, Estill, Ky., has done major work in the field of Home Economics and will receive an A. B. degree. She has been active in Y. M. C. A., Women's Athletic Association, Home Economics Club, Agriculture-Home Economics Club and has served as manager of the Outing Club for two years, manager of the Hiking Club for one year, and secretary of the Home Economics Club one year. She is a graduate of Wayland high school.

Miss Margaret Pezzarossi, daughter of Mrs. C. Pezzarossi, Lackey, will receive a B. S. degree in Home Economics. She has participated in Y. M. C. A., Home Economics Club, Pi Mu Lambda Literary Society, and various sports, including basketball and tennis.

John A. Patton, son of Mr. and Mrs. Monroe Patton, Hueysville, has completed a course in Biology and will receive a B. A. degree in that field. He has been a member of Young Men's Christian Association, Twenty Writers Club, Pi Alpha Honorary Science Society, Upper Division Senate, and served as President of the Ornithological Society for three years. He was chairman of Freshman Days Orientation Program during his sophomore year.

A special feature of the graduation exercises at Berea this year will be the commencement address by Carl Sandburg.

### Floyd Countians Fined For Illegal Fishing In Pike County

Five Floyd county men were fined in Pike county quarterly court by Judge Ester Hopkins last week for violating the fish and game laws. All five were charged with illegal fishing. James Sanders, Chester Wells and Cruby Ratliff, all of Wheelwright, were fined \$15 and costs for gigning, and S. E. Kinzer and J. H. Howard, both of Allen, were given the same fine for snaring fish.

All five were arrested by officers under the direction of J. C. Williamson, district conservation officer.

### P'BURG BLANKS ALLEN, 2-0

### BRANHAM'S THREE-HIT WIN RAISES TEAM TO THIRD PLACE

Behind the three-hit pitching of "Eck" Branham Prestonsburg blanked Allen, 2-0, Sunday afternoon at Gasco Park for the team's third consecutive victory in the Big Sandy Baseball League. The win places Prestonsburg in third place in the League standings, trailing Van Lear and Wheelwright, the teams which are tied for first place honors.

Leslie started on the mound for Allen, and Prestonsburg got to him for their first run in the sixth. They scored another off him in the seventh. Buck Stumbo pitched the eighth inning for the losers, allowing one hit, no runs and striking out two. Branham gave two walks and struck out one.

For the winners, who collected seven safeties, A. Collins and Bingham each made two singles and Bingham made a double and a single; Prater got Allen's only extra-base hit, a double.

Next Sunday afternoon Prestonsburg will meet Clear Creek there.

# Floyd County Times

Published Every Thursday By

PRESTONSBURG PUBLISHING CO.

OFFICIAL ORGAN FOR FLOYD COUNTY, KY.  
\$1.50 Per Year Payable In Advance

NORMAN ALLEN Editor

Entered as second class matter June 18, 1927, at the postoffice at Prestonsburg, Ky., under the Act of March 3, 1879.

### THE TIMES ENDORSES

1. Immediate completion of the Left Beaver, Middle Creek and Johns Creek road.
2. Consideration by officials of human needs, not the need for political influence.
3. Completion of all Farm-to-Market roads, by W. P. A. labor if possible, maintenance of these routes by the state rural road fund.
4. A trade-at-home policy followed by merchants and customers alike.
5. Full co-operation with all county and city officials, insisting that lawmakers and enforcement officers themselves obey the law to the letter.
6. Continuance of the Floyd county health department and the county agricultural agent work.

### DR. JAGGERS IS RIGHT

When Dr. R. E. Jagers, speaker at the fourth county-wide graduation exercises held here recently, said, "You can't just stick out a diploma and get a job," he said what is known in less polite circles as a mouthful.

Those who were graduated last year or in the last

few years know that only too well. They know that Dr. Jagers is exactly right when he tells the graduating class of youngsters that they must become efficient workers, the kind of workers employers want. They know that a sheepskin does not cause the world to beat a path to your door; that you've got to produce a good mouse trap for such results.

Which is an indictment of the system of education that teaches youth of the finer things of what we call civilization without teaching them how to attain them, without teaching them that a very real desire to work is as necessary to success as is the knowledge of how to do it.

This business of devoting a score of years to the search for knowledge, then of finding those splendid years spent in vain effort, produce a restive and embittered youth. Thus is youth's revolution against the existing order of things fomented. This thwarting of fond ambitions is Recruiting Officer No. 1 for Communism, Nazi-ism, Fascism and those other shadowy political and economic isms.

Had the pioneers who begot America possessed college degrees, America would not have lasted long enough for its history to be written; America would have revolted against the hardships and privations of the day.

So, as new frontiers are to be crossed, new situations faced in a changing world, education, if it is not to become a futile and yet a dangerous thing, must be changed to meet these issues. There are those who must work with their hands, those who will create, those who must teach. Education needs to be something more than a general smattering of knowledge. It should, as Dr. Jagers infers, teach young women and men to work, if necessary, at whatever job is presented; to equip themselves mentally and morally for something more than a bed of roses specially designed for an Epicurean or a dreamer.

Training the individual in individual effort is an apparent necessity.

# GLAZER'S

A little off the Main Street—But it Pays to Walk!

IN THE OLD MIDLAND STORE ROOM BELOW BANK JOSEPHINE

PRESTONSBURG, KY.

**WHICH ARE YOU?**

A man was driving his old mule across the field. Said the man to the mule: "Bill, you are a mule, the son of a jackass, and I am a man made in the image of God. Yet here we work, hitched up together, year in and year out. I often wonder if you work for me or if I work for you. Verily I think it is a partnership between a

mule and a fool, for surely I work as hard as you do. Plowing and cultivating we cover the same ground, but you do it on four legs and I do it on two. Therefore, I do twice as much work as you do, per leg.

"Soon we'll be preparing for a corn crop. When the crop is harvested I give one-third to the landlord for being so kind as to let me use this small speck of land. One-third goes to you and the balance is mine. You consume all of your third except the cobs, while I divide my third between several children, six hens, two ducks and the banker. If we both need shoes you get 'em. Bill, you are getting the best of me, and I ask you, is it fair for you, a mule and the son of a jackass, to swindle a man—the Lord of Creation—out of his substance? You only help to plow and cultivate the ground, and I alone must cut, shock and husk the corn while you look over the fence and hee-haw at me.

"All fall and most of the winter the whole family, from granny to the baby, picks cotton to help raise money to pay taxes, buy new harness and to pay the interest on the mortgage on you. And what do you care about the mortgage? Not a bit, you ornery cuss, I even have to do the worrying about the mortgage on your tough, ungrateful hide. About the only time I am your better is on election day, for I can vote and you can't. And after election I realize that I was fully as big a jackass as your papa. I sometimes wonder if politics were made for men or for jackasses. And that ain't all, Bill. When you are dead that is supposed to be the end of you. But me? The parson tells me that when I die, I must go to hell forever. That is, Bill, if I don't do just as he says. And most of what he says keeps me from getting any kick out of life.

"Tell me, Bill, considering these things, how can you keep a straight face and look so dumb and so solemn?"

Of course you want to get the news of the folks at home—get it in THE TIMES—\$1.50 per year.

**TIDBITS OF KENTUCKY FOLKLORE**

**BARK WHIPS**

When toys are so plentiful that few children can keep up with theirs, it sounds silly, I know, for me to tell how we valued ours in the old country days. A very distinctive possession of the country boy was a bark whip, especially if he made it himself. After all, it did take some skill to make a good whip and to keep it for any length of time. Little boys did not own jack-knives; they were too dangerous for little fellows. When one got big enough to have a big knife, he had to use it, and whittling or making things came as a matter of course.

To make a bark whip, cut a straight limb of hickory or pawpaw. Carefully peel the bark from the tip, leaving enough of the end for a handle. Cut out the peeled part of the wood except a small portion, which should be sharpened to blend in with the whip. If you are not very skilled, you had better divide the bark into three strings to be made into a whip. It is a mark of real art if you can plait a four-ply whip and make it round, like a rattlesnake. Some of the first ones I plaited looked snake-like, that is, after a snake had swallowed a few frogs and a setting of hen eggs. A leather thong or a piece of binder twine makes a good cracker. Any boy who has patiently gone through the process of making a whip like this should be allowed full freedom to crack his whip as long as it lasts. The only trouble is that the bark soon gets rather stiff, and the rattlesnake effect is lost.

After all, the bark whip was just a bark whip. The thing that all boys wanted to do was to wield the genuine leather rattlesnake whip that the men of the threshing crew used to drive the horses hitched to the "power" some of the whips were two or three yards long and could be wielded with all the grace now practiced by wild westerners at a rodeo. We did not practice cutting cigarettes from somebody's mouth but I have known country boys who could do equally clever feats. By the way, to plait one of these long leather whips and do as fine a job of your work as many people could do represented another of the arts not now so common.

But back to hickory and pawpaw. Both of these varieties of trees were designed especially for whips and

whistles. Cut off a length of either, with no knots showing. At the little end of the length shape up your whistle. Then tap the outside of the bark gently all around with the handle of your pocket knife, not too hard, for that would break the bark. Then with a deft twist remove the bark. Trim down the wood inside to make your whistle and mouth piece. If you want to get a siren effect, cut off the mouth piece from the rest of the wood, leaving the core to run up and down as a sort of piston, to give the variations of sound. I forgot to tell you to run the core of the whistle through your mouth to get it moist. After you start whistling, it will usually be moist enough and to spare. Then whistle until some one with jittery nerves makes you stop or until the whistle dries at night and breaks. We boys could not express contempt enough for the ignoramus who in making a whistle tried to use the big end of the limb. That to us showed how little sense the human animal could have. But do not take too many airs to yourself in making a whistle, for the best of us often made a failure, for it is a delicate matter, because of the nature of the bark and the state of the sap. All things of artistry come with difficulty and must be respected for this difficulty.

**THE GARDEN**

By JOHN S. GARDNER  
Kentucky College of Agriculture

**BORDEAUX**

It is too bad that in the control of insects several kinds of sprays must be recommended. However, in the control of the leaf diseases, the blights, gardens are more fortunate, for one spray will do the job. This spray is Bordeaux mixture.

The vegetables on which blight may come are white potatoes, tomatoes, cucumbers, watermelons, cantaloupes, squash, salsify, and sometimes beans. At their seedling state, all these crops are subject to the onslaught of the black flea-beetle, as are also the seedlings of greens of all kinds, and sometimes sweet potato slips, but Bordeaux stops flea-beetles, too.

Bordeaux is a combination of blue-stone, lime, and water. The blue-stone

is the essential ingredient and, to neutralize the left burning its extra acid might cause, the lime is added.

The Bordeaux usually recommended for garden use is "4-4-50," by which is meant, 4 pounds of bluestone, 4 pounds of lime and 50 gallons of water. As much as 50 gallons of Bordeaux is inconvenient for gardeners to use, for that would cover a half-acre, and it must be used fresh-mixed. Accordingly, home gardeners have been on the lookout for a recipe for making this spray in smaller amounts, in "garden size." Here is such a recipe:

1. Dissolve one pound of bluestone in 5 quarts of water. If the powdered form of bluestone is obtainable, all that is needed is to stir it into the water, but if the crystalline form is to be used it must be dissolved in a special way. This is to hang it in a sack just into the water. The dissolving takes place in about an hour, with no attention. This is "bluestone stock." Always, non-metallic vessels should be used, as bluestone attacks all metals.

2. Into the tank of a compressed air sprayer (particularly brass), put nine quarts of water, then one quart of the "stock," then four ounces of screened, hydrated lime.

3. Close the sprayer and shake endwise, 15 times. Two and a half gallons of 4-4-50 Bordeaux is now ready.

Attention is called to the fact that no extraordinary equipment is needed. For dissolving the bluestone, a cream crock will serve, with no damage to it. A preserving jar or a milk bottle may be used to measure the stock and water, and a measuring can permanently to be used in measuring the lime may be made of a baking powder can cut down to hold four weighed ounces. The tank of the sprayer, which you need anyhow, is the mixing tank. The unused bluestone stock may be saved in a corked gallon jug, to be instantly ready to use when more Bordeaux needs to be made.

Bordeaux mixture does not stop the Mexican bean beetle, but magnesium

arsenate should be combined with it. Neither does it control plant lice, but the recommended amount of Black Leaf 40 may be stirred into it, or "tobacco tea" may replace water in the above directions. Colorado beetles, likewise, are not controlled by Bordeaux alone, but lead arsenate or calcium arsenate should be added as if only water were used. Thus Bordeaux becomes a "dual-purpose" spray.

All in all, Bordeaux is so valuable a spray that any gardener who is not equipped to use it should hesitate no longer, but should possess himself of a sprayer, so that he may take advantage of the aid Bordeaux is prepared to give him.

**Cattle Make Money For Adair Farmer**

How Howard Russell in Adair, county, Ky., has successfully raised beef cattle for many years is told by County Agent R. B. Rankin. "He keeps enough beef-type cows to produce 12 to 14 calves a year," notes Rankin. "Purebred bulls are used, and the best heifers kept for breeding, while the rest of the calves are finished quickly and sold as baby beefs at weights around 700 pounds. Six to 10 baby beefs are sold a year. They are allowed to run with their mothers as long as possible and fed grain until sold. The herd has lespedeza hay in winter and good pasture in summer."

**The Legend of The Dogwood**

The hills and surrounding countryside were so beautifully dotted this spring with dogwood—possibly many will be interested in the "Dogwood Legend": The story goes, that at the time of the crucifixion the dogwood had the size of the oak and other forest trees. So firm and strong was the tree that it was chosen for the timber for the cross.

To be used thus for such a cruel purpose greatly distressed the tree, and Jesus, nailed upon it, senses this, and in His gentle pity for all sorrow and suffering, said to it:

"Because of your pity and regret for my suffering, never again shall the dogwood tree grow large enough to be used as a cross. Henceforth it shall be slender and bent and twisted and its blossoms shall be in the form of a cross—two long and two short petals. And in the center of its outer edge of each petal there shall be nail prints, brown with rust and stained with red, and in the center of the flower will be a crown of thorns and all who see it will remember . . ."

**MOORE GRADUATES FROM BERA**

Berea, Ky., June 3—Gordon Moore, son of Mr. and Mrs. Earl Moore, Prestonsburg, completed his high school work and received his diploma from Berea College Secondary School, June 3.

During the three years that Moore attended Berea he was an active member of the Young Men's Christian Association and manager of the Academy basketball team.

**FUNERAL RITES HELD FOR WAYLAND NEGRESS**

Funeral services for Miss Barbara Neal, 23, colored, who succumbed to a cerebral hemorrhage at the home of her parents, Mr. and Mrs. Henry Neal, Wayland, were conducted Sunday from the First Baptist Church, Wayland, with the Rev. Mosley officiating.

Burial was made in the Steel's Creek cemetery, under the direction of the Ryan Funeral Home.

Approximately a thousand people stopped to see a crop demonstration of grasses on the farm of Creed Oney, Carroll county.

**Lime Effective After 22 Years**

Lime applied more than 20 years ago is still bringing increased yields worth \$6 an acre, at the experiment field which the Kentucky Agricultural Experiment Station maintains near Mayfield, in Graves county.

One plot was limed in 1913 and again in 1917, the total amount used being less than four tons of limestone screenings to the acre. Another plot never was limed. Both plots were treated with 550 pounds of 16 per cent superphosphate once in every four-year rotation.

The limed plot has consistently out-produced the unlimed land. In the last four-year rotation, the increased yields have been worth an average of \$6 per acre per year, figuring corn worth 50 cents a bushel, wheat 75 cents a bushel and hay \$10 a ton.

TOWN-WORLD

(Continued from page one)

you never heard about them and spread that kind of news?"

Now, there, brother, is a poser. This visitor isn't a bad sort of fellow at all. He's like a lot of other folks—gets tangled sometimes, not very often, with the law. But he sometimes gets in deep enough for the charges alleged against him to warrant a news-story. And so we print it.

Between spells, he is a good neighbor, a man of goodwill who is ready to help the needy, the sick, anybody more luckless than he.

But his good deeds are not told in these columns, we regret to admit.

Which is life for you, son. We are not omniscient and can only "turn to the record" for our news. And your everyday good deeds, we regret to say, are unrecorded on paper with ink.

We earthlings leave the recording of those good deeds to the Recording Angel.

Would that our recording of your misdeeds would wipe out every debit that that Recorder might have to chalk up against you!

I AWAIT SECOND PRIZE

I thought mine was the dirtiest automobile among the many taken to the railway station Wednesday morning to convey the Louisville Board of Trade delegation over here on their goodwill tour. But Sam Isbell takes the patented dirt-and-varnish-remover prize for that doubtful honor. When he, with a hospitable wave of his hand, offered his jalopy to five of the visitors needing transportation back to the station upon conclusion of their visit here, one of the five who has not been taught to say, like a woman, yes when he means no, balked. Quoth he: "That car's too dirty. Let's take another one."

SOMETHING TO BE THANKFUL FOR

Window-breaking—our specialty. No bricks used. A few weeks ago, two windows in the "back-end" of this joint came in, framing and all, with a sudden gust of wind, doing our brand-new linotype no good at all. This week, the plate glass squarely in front of where I rest my feet went smash. It's a good thing there's not a glass eye in the crowd.

TOLLING THE REQUIEM

Giving the order to move in an attack which will mean the deaths of thousands of his own country's young men, as well as the end of thousands from the ranks of the Allies, Adolf Hitler ordered that church bells toll for six days and that the nation pray for victory.

That's like the "high" Sheriff kowtowing to a Constable in Germany where Hitler thinks God is just a deputy.

POOEY!

Carl Corbin for a few minutes thought his third cast into the Big Sandy here Tuesday afternoon had hooked Monstro's grandson. His rod bent double, and only after a hard tussle did he succeed in landing his catch. No, it wasn't an old shoe; Carl could see the tail of the fish break above water as he reeled. But it wasn't the five-pounder it felt like. For his catch amounted to an eight-inch bass and a tomato can full of sand and mud, both apparently hooked at the same time.

BUSINESS CLUB HITS CARNIVALS

MARTIN GROUP ASKS SHOWS BE KEPT OUT OF TOWN

Opposition to "carnivals" was voiced this week by the Martin-Beaver Co-Operative Business Association in a letter addressed to district and county officials here.

The letter asking Circuit Judge Henry Stephens, Jr., Commonwealth's Attorney John Allen, County Judge E. P. Hill, Jr., and County Attorney Forrest D. Short to aid the business group in keeping such shows out of the Beaver Creek section follows:

"We understand that a carnival or carnivals may be located in Martin or Beaver Creek in the near future.

"We are strongly opposed to a carnival being located in Martin or on Beaver Creek for the following reasons:

"First, carnivals take all the savings of the working man and create hard times for the community where located for weeks following, often resulting in hungry children or deficiency in other needs for the family.

"Second, carnivals profit on wholesale gambling and other forms of vice that leave an immoral imprint upon the community.

"Third, dissension is often caused between carnival operators and local people. Let us not have repeated the strife caused in the town of Garrett a few years ago by the presence of one of these carnivals.

"We ask that you use your good offices to prevent a carnival being located in Martin or on Beaver Creek."
