FIRST VISITORS TO 1940 FAIR ARRIVING

LEADERS IN FIELD OF AGRICULTURE TO BE HERE

Preparations for the Floyd County Fair are all complete, and this morning (Thursday) the first of an expected throng of visitors from all parts of the county, as well as many from other counties, were arriving here for the three-day agricultural and industrial exhibit.

Agricultural leaders expected to be present during the Fair are W. H. May, Jr., Commissioner of Agriculture; Ivan C. Jett, director of marketing, state department of agriculture, and O. M. Farrington, state executive officer of the Agricultural Conservation Program.

The Fair is being held at the Club Rustique, at the lower corporate limits of Prestonsburg. Yesterday, a chartered school bus carried a picked band of musicians from the various school bands of the county into practically every Floyd town, and they, with the Rev. Campbell Jeffries at the microphone, will advertise the Fair.

Prestonsburg itself was lavishly decorated for the occasion.

The Fair committee this week stressed the fact that no beer or any other intoxicant will be sold on the fairgrounds.

Prizes will be awarded to owners of winning entries at the desk in the Club Rustique, immediately after the decision of the judges is made.

Only change in the program for the three days is that shifting time of the dog show from Saturday to Friday at 5 p. m. The dog show will be held in the tent on the fairgrounds.

In addition to all those whose advertisements appeared in the Fair supplement to THE FLOYD COUNTY TIMES last week, the following firms contributed liberally:

Beaver Creek Consolidated Coal Company, Inland Steel Corporation, Warfield Natural Gas Company, Inland Gas Company, Kentucky West Virginia Gas Company, Columbian Fuel Corporation, United Carbon Company.

ANNOUNCES CONTEST

Saad's Studio this week announced a contest for Prestonsburg and Floyd county children between the ages of four months and 10 years, with prizes valued at a total of \$70 being offered. Particulars of the plan may be found on page 7.

SUBMITS TO OPERATION

50 X-Ray Pictures Made at Clinic Held Here

X-ray examinations were made at the annual Floyd county tuberculosis clinic, conducted here last Wednesday and Thursday in the offices of the Floyd county health department, of 50 persons who had come into contact with the disease in their homes.

The clinic, an annual phase of the general health program, was sponsored by the county health department, with the co-operation of the Prestonsburg Woman's Club.

X-ray pictures were made by Dr. John B. Floyd, director of the department of tuberculosis, state board of health, and Miss Katherine Harrison, technician. Dr. Floyd also made examinations of several patients referred to the clinic by Floyd county physicians.

GLO MOTORMAN FATALLY HURT

LEAPS TO AVOID SLATEFALL; HIT BY MOTOR

Homer Bentley, 30 years old, of Glo, was killed instantly in the No. 1 mine at Glo Monday night at 8:30 when his head was crushed by the motor on which he had been working.

Employed as a utility worker around the mine for the past 13 years, the victim was running the mine motor at the time of the accident. He was struck after a piece of slate had knocked him onto the track as he was attempting to leap from beneath the slatefall. He was the son of John H. Bentley, of Glo.

Also surviving are his widow, Mrs. Opal Prater Bentley, and three children, all of Glo.

Funeral services were conducted from the home Wednesday, and burial was made in the Estill cemetery at Glo, with the Arnold Funeral Home directing.

CO-OP GRANTED \$150,000

FOR DEVELOPMENT OF REA POWER IN SECTION

Big Sandy Rural Electric Co-Operative Corporation officials were notified recently of the appropriation by the Rural Electrification Administration of \$150,000 for the construction of approximately 160 miles of power line in Floyd and Johnson counties.

W. W. Burchett, Prestonsburg attorney for the Co-op, said that the Roy W. Channaberry Engineering Company, Louisville, has started a survey which, when completed, will furnish complete plans and specifications on which contractors may base their bids for construction of the lines.

Approximately 600 families have enrolled with the Co-operative—200 in Floyd, 400 in Johnson. Officials of the co-operative hope to see 200 more miles of line constructed in Floyd, Pike and Johnson counties.

The \$150,000 appropriation is for construction of main lines, it is explained, and extension of rural power over branch lines, it is hoped, will be made without a break in construction activities under a second expected allotment.

FLOYD MINES RE-OPEN

'TRIAL RUN' STARTED AT WAYLAND, GARRETT

A "trial run" was started last week by the Elk Horn Coal Corporation after a shut-down of several weeks following the naming of receivers for the company's mines at Wayland and Garrett, this county, and at Fleming.

The Fleming mines have been operating for two weeks or longer. Wayland and Garrett re-opened Monday of last week on an experimental basis, THE TIMES was told here.

Only the mechanized parts of the Wayland and Garrett operations are active. It was reported here that 218 men had been put back to work at Wayland and 115 at Garrett.

Operation of the company's mines in the county at full capacity is predicted within a few weeks.

Mr. and Mrs. R. R. Allen, of Frankfort, spent the week-end, guests of relatives here.

'UNCLE' JEFF SIZEMORE'S CAKE ADORNED BY 98 CANDLES

From left to right: Dr. John Sizemore, "Uncle" Jeff with his birthday cake of 98 candles. Mrs. John Sizemore, Mrs. W. J. Skene and her husband, Uncle Jeff's grandson.

The years relentlessly advance, and he knows that he must eventually fall before them—but "Uncle" Jeff Sizemore, last of Floyd county's veterans of the Union army, is hopefully praying that he'll hold out another two years.

"That would let me round out an even 100 years," he said recently.

Uncle Jeff on October 2 celebrated the passing of his 98th milestone with a giant birthday party at his home on Town Branch, near here. Relatives and friends registered for the birthday "dinner" to the number of 115, and there were others who did not leave their names.

Uncle Jeff's a little less spry, these days, than of yore, but he had himself a time during the day. Gifts galore were showered upon him; he met and talked with old friends and relatives. He recalled General Garfield's expedition up the Big Sandy and from memory quoted the future President's proclamation to the people of Prestonsburg when his army encamped here.

"I hope you're everyone back, next year—and that I'm here to welcome you," was Uncle Jeff's parting words to many of his guests.

Illness of Three Years Claims Weeksbury Woman

Mrs. Rhoda Hall died October 1 at Weeksbury following an illness of three years. Mrs. Hall was 80 years old.

Funeral services were held at the home with the Revs. G. B. Adams, of Whitesburg, F. A. Hopkins, of Pikeville, and Jerry Hall, Ligon, officiating. Interment was made in the family cemetery.

Mrs. Hall was a native of the Weeksbury section, the daughter of Harley and Sarah Johnson Hall. She was a lifelong Baptist. Her husband, G. W. Hall, died in 1921.

Surviving are one sister, Mrs. Tode Johnson, of Yeager; four sons, V. B. Hall, of Spades, Ind.; P. P. Hall, Millard and George Hall, all of Whitesburg; six daughters, Mrs. Ludena Isaacs, of Wheelwright; Mrs. Maxie Young and Mrs. Dorcas Newsome, of Melvin; Miss Pattie Hall and Mrs. Sarah Jones, of Weeksbury, and Mrs. Mattie Compton, of Martin.

GO TO HUNTINGTON

Mr. and Mrs. W. W. Roberts left Wednesday for Huntington with their 12-year-old daughter, Jo Ann, who will enter the C. & O. Hospital for a tonsillectomy.

BLACKCATS SCORE FIRST WIN OF SEASON OVER LOUISA

After being held scoreless during the first half by the Louisa high school Bulldogs Coach Joe Taylor Hyden's Prestonsburg Blackcats early in the third quarter climaxed a 60-yard drive with a touchdown thrust from the one-yard line with Quarterback John Herald carrying the ball for a 6-0 victory at Louisa Saturday afternoon.

Prestonsburg opened the second half by kicking off to the losers, who were held on downs. After they punted the Blackcats received on their own 40 and a series of runs by Fullback Charlie Hunter and a 15-yard pass from Salisbury to Cottrell took the ball to the Louisa five. Hunter hit the line twice, placing the ball on the one-yard line, from which John Herald, Prestonsburg quarterback, plunged through center for the score. Hunter's thrust at center failed in the try for extra point.

In the second period Prestonsburg's bid for a touchdown was stopped when Charles Hall, Louisa fullback, intercepted Salisbury's pass deep in Louisa territory after the team had marched down the field more than 50 yards.

Plain-Song Chanters At World's Fair October 17

Edith Fitzpatrick James' Floyd County Plain-Song Chanters move a step nearer national recognition as they appear at the New York World's Fair Thursday, October 17, on invitation of Director Anderson of the American Common, that vital World Fair adjunct wherein American national music, literature and the other arts are being featured to the delight of thousands daily.

Mr. Anderson heard the Chanters at the National Folk Festival and was quoted as declaring, "These are the most authentic of all the ballads I have heard."

Soon thereafter, he asked Mrs. James to bring to the Fair 30 singers of the authenticated Gregorian and other ancient chants. This being impossible, Mrs. James will take to New York the following singers: Sam Lafferty, Albert Hall, George Goodman, Alex Wallen, "Uncle" Si Boyd, Carpenter Holbrook, Tom James.

Negress is Sought After Husband Dies of Cuts

Marie Wilson, negress, was sought this week by Floyd county officers and Wheelwright police after she had stabbed her 35-year-old husband, Worley Wilson, to death at Wheelwright Sunday morning at 4 o'clock.

Her husband, a miner, died in the Methodist hospital, Pikeville, of two knife wounds in his throat, one of which is said to have penetrated his jugular.

The slaying was attributed by Coroner Elliott Prater, following an investigation of the case, to jealousy and intoxicants. One witness stated in an affidavit that the woman had told her husband that "one or the other of us will be in hell before daylight." Wilson is said to have slapped his wife after she had cursed him. The stabbing, Coroner Prater said, took place on a Wheelwright street where Wilson had followed his wife after she had threatened to go to Williamson, W. Va.

Lester Hargrove, who admitted taking the woman to Pikeville to the home of her mother before the wounded man expired, was arrested by the Coroner and brought here. He later was released after being questioned by County Attorney Forrest D. Short.

Two Tickets File For Election At Martin

The town of Martin is figuratively girding its loins for another Town Board election. The present board is serving by virtue of appointment by County Judge Hill after last year's election was voided through contest action of defeated candidates.

One ticket composed of Mrs. Mary Francis, J. D. Adams, Gardez Dingus, Floyd Skaggs and Demra Taylor, filed notification and declaration papers in the office of the County Clerk on September 20. The other ticket which includes Dave Marrs, S. D. Osborne, Florence Crisp, W. L. Bentley and Foster Porter filed October 4.

The town of McDowell also elects a Town Board at the November election. Filed for places on the board there are Chas. Moore, S. T. Meade, Jack Hopkins, John Vanderpool and J. M. Bentley.

No candidates for membership on the Floyd County Board of Education had filed up till Wednesday morning.

SEWER LEVY ENJOINED

APPELLATE COURT MAY BE ASKED FOR DECISION

Martin's Town Council was enjoined Tuesday by Special Judge W. R. Prater, Salsyville, from collecting assessments against property-owners of the town to pay for construction of a sewer line which has been a bone of contention there for the last few months.

Judge Prater's decision followed a hearing held in the offices of Combs and Combs here. The Court of Appeals may be asked for a final decision, it was indicated. Circuit Judge Henry Stephens, Jr., disqualified in the case.

The sewer line serving that part of Martin along the highway already has been completed, or is nearing completion. The work has been done as a WPA project, and the Town Council voted the property-owner assessment to meet the sponsor's appropriation requirements, it was said.

1ST LIME CARS ARRIVE

50 TONS ON HAND; 300 TONS, GOAL OF ACP BODY

The County Agent's office announced the arrival last week of five carloads of lime, the first contingent of an estimated 300 cars to be distributed to Floyd county farmers during the fall months.

The farmers are showing the greatest interest this year in the use of lime, phosphate and vetch for winter cover crops that has been shown at any time in the history of the AAA program, according to County Agent Isbell.

Applications have been filed for 5,000 pounds of vetch seed as grant of aid material. Local A.C.P. headquarters, located in the County Agent's office, state only 5,000 additional pounds are available and urges farmers in the A.C. Program to file their applications at once.

AIRPORT YARN, MISLEADING

DEFINITE LOCATIONS YET TO BE MADE, TIMES IS TOLD

The list of 89 Kentucky airport locations released to the press recently was not only misleading but also unauthorized, the Civil Aeronautics Authority was quoted this week in Washington as saying.

That Prestonsburg is not "out" of the program and that towns listed in the recent dispatch are not "in," was the gist of the statement.

The 89 locations listed more accurately compose a "study list," from which only a few airport locations may be made. One field may be selected for the Big Sandy valley, one for the Kentucky river section, and possibly two or three for Central and Western Kentucky, it was learned this week.

Congressman A. J. May assured Prestonsburg business men that he would investigate the matter and report to them on the town's chances for participation in this phase of the national defense program.

MIDDLE CREEK RAIL PERMIT IS SOUGHT

COAL DEVELOPMENT IS CONSIDERED A CERTAINTY

Building of a 10-mile railway line up Middle Creek and the development of the rich coal field there was considered a certainty here this week as the Chesapeake & Ohio Railway Company applied to the Interstate Commerce Commission for authority to construct the railway.

THE TIMES learned from an unofficial but reliable source this week that the Island Creek Coal Company, second largest coal producing firm in the world, already has signed a contract with the railway company by which the latter is promised the annual shipment of 1,000,000 tons of coal over the 10-mile stretch of road.

According to this source of information, the railway line from West Prestonsburg up to the Left Fork of Middle Creek coal field is to be completed by April 1. While the line is being laid, installation of equipment and tippie-building will be made as far as transportation facilities will allow, it is predicted.

Cross-section survey of the proposed rail route is now under way. Bids on construction will be asked by the railway company as soon as the Interstate Commerce Commission approves the project.

First shipment of coal from the new field is planned not later than April 1, next year, THE TIMES learned. Plans as unofficially stated would embrace the shipment of around 50 gondola-loads of coal a day from the operations.

All these reported plans for immediate development of the field which brace the shipment of around 50 in this and Magoffin counties follow months of coal-testing operations made in the Middle Creek area. One report says the quality of coal submitted from the section for tests is the finest yet discovered in Eastern Kentucky, home of fine bituminous.

Another Wheelwright, where the Inland Steel Corporation has operated to the particular advantage of the upper Left Beaver section and to the benefit of the county as a whole, is now envisioned for the Middle Creek section. Openings from the Middle Creek area may be driven on beneath the bed of the Licking river in Magoffin county as more coal of the same high grade is needed. Several hundreds of workmen will be employed.

This Town... That World

AND THE HOSS TRAILED ALONG

George Dye gets a life pen term for hoss-stealin' as a climax to a one-man crime wave. And that reminds us of the story accredited to that certain Floyd man, accused of the same offense, explained:

"Naw, I didn't steal the hoss. I met him a-comin' down the road. I caught him by the halter and he lollered me back up the road."

KING OF HIS HOUSEHOLD

I wish I could pass the picture on to you, just as I saw it. I thought it was sorta striking... It was a scene off the "main drag." A six-footer who would have made the scales yell, "Uncle!" was riding a mule and his feet were drawn back along the donk's flanks so as to keep 'em off the ground. I figured. A tow-headed youngster of two years or thereabouts straddled the saddle-horn in front of him. The beast of burden labored on at snail's pace, and he looked like king of all he surveyed as he sat there, letting his lordly gaze wander over the countryside... as his wife, a mite of a woman, trudged a few paces ahead, with a sackful of something pretty heavy across her tired shoulder.

Why is it a guy never has a camera—not even a gun—on occasions such as this?

PAPA STAYS HOME

County Attorney Forrest D. Short has joined me in supplying iron-clad alibi for his failure to be at this or that public meeting. And Forrest frankly comes up with the one about having to stay home and tend to the baby.

BILL HENRY SAYS:

(The views herein expressed are those of the writer and not necessarily those of The Times.)

IT DEPENDS on which side of the fence you are on. It depends on whether you are one of those die-hard Republicans or Democrats who would vote his ticket, regardless of who was on it. If you are a Republican who swears all Democrats are bums and all Republicans angels, or visa versa, you will go to the polls and blindly cast your vote. If you do, you may pat yourself on the back for being a good Republican or Democrat . . . but, if through your blindness you make a mistake, you may have a cold piece of steel prodding you between the shoulders as is happening to Frenchmen and others. When you meet a fool, don't be a fool along with him — use the intelligence that has been given you. Be honest with yourself because the man who would mislead you now for purely selfish reasons will be in no position to help you later. This column is supporting Franklin D. Roosevelt but you should not necessarily agree, unless the reasons given sound reasonable to you. Likewise, you should not agree with any Tom, Dick and Harry who advises you to support Wendell Willkie unless they present a logical reason why you should.

Perhaps Wendell Willkie might meet all the requirements necessary as President of the United States—perhaps. But is the future of the millions of men, women and children of the United States secondary to satisfying the ambitions of one man—is it reasonable to gamble the lives of these millions? Mr. Willkie has had absolutely no experience in governmental affairs, his business experience is of very short duration and that only as titular head of a large corporation producing electric power. These large corporations do not always hire as their heads men for the knowledge they have of their industry (there are exceptions, men who have spent their lives with one corporation and worked up through their own ability); they hire men who have the ability to promote bond issues for them and men who have the legal training to guide them through loopholes in our tax structures. Such a man was and is Wendell Willkie. Until seven years ago he was a lawyer. Simple arithmetic does not add up that he became president of the Commonwealth and Southern because of his ability as a business man.

Wendell Willkie has been making many promises. "I," he says "will make America a better place in which to live." "I will put electricity in every home." "I will put central heating into every home." "I will give every man and woman a job." "I will balance the budget." "I believe in economy." "I will increase the old-age pensions." "I will do the things that President Roosevelt is doing, but I will do them better." He would balance the budget . . . he believes in economy, yet he would increase the expenditure on the very items he claims Roosevelt is spending too much on. Promises—with no explanation as to just how he intends to accomplish them.

They sound too much like Herbert Hoover when he was going to place two cars in every garage and two chickens in every pot. Herbert Hoover did that . . . he certainly did . . . for those at the head of large corporations, the kind of corporations headed by such men as Samuel Insull and Wendell Willkie (Mr. Willkie was not president of the Commonwealth and Southern at that time). Now that Mr. Willkie wants to be President, he suddenly finds he is interested in cheap electricity for every home. Isn't it strange that during the seven years he has been at the head of the Commonwealth and Southern it never occurred to him the same people were in need of

some of the comforts of life? Instead of showing any interest in the common man he now professes anxiety for, his company is accused of having been one of the worst offenders in bribing newspapers into a campaign favorable to large corporations and against any plan to get electric power to rural communities except as the corporations wanted it done and at the high price they wanted to charge.

In a recent speech Mr. Willkie stated: "When Senator McNary and I are elected, the first thing I shall do to help you in the task that lies ahead of you will be to clean house of those boys from government. I will clean out the cynics and unbelievers, the nuts and the bunk artists . . . Changing the administration does not mean changing the whole government." Just who would Mr. Willkie change? Evidently from his own words he would change all those men who are supporting the administration. His accusation is, the administration is doing everything wrong. In other words he would get rid of the very men who are doing the things he says he is in favor of doing. He would leave the men who have fought the administration at every turn, the men who do not believe in helping England to defend our own shores for us. He would get rid of all our representatives in the foreign capitals and replace them with untried men.

This is the man, Wendell Willkie, who says if you elect me President I, an untrained man, an ordinary lawyer, will make America over. Wendell Willkie is the type of man who, if he was campaigning for a county office in one of our mountain counties, would be classed as just a windbag. There are plenty of men in Floyd county who would beat him for the office of magistrate.

Let's Stop This Practice

The law states that every person who weighs livestock must be bonded and Ivan Jett, director of marketing, State Department of Agriculture, advises that the next time you go to your stockyards, you should notice the large red and white sign which contains the names of bonded weighmen.

If you see any person other than those whose names are listed on this card weighing livestock they are subject to a penalty of \$100 to \$500 fine or 90 days in jail or both, according to Mr. Jett. Stockmen are asked to report at once any violation of the

CALL US FOR HIGHEST QUALITY MEATS GROCERIES VEGETABLES WE DELIVER PERRY'S GROCERY Court Street Phone 90 PRESTONSBURG, KY.

law so that it may be strictly enforced.

In the scale house is posted a small, round sticker on which is written the last date that one of the state inspectors visited the market and thoroughly examined the scales to see if they were in good mechanical condition, properly oiled, free of obstructions, working smoothly and easily and properly balanced.

A larger sign will give the date that the scales were tested with weights by a competent scale-tester, who has no affiliation with the state. He is usually connected with some scale firm. His inspection and test is the best guarantee of accurate scales. This inspection should be made at least once every six months and is absolutely essential, since scales "in the wrong" usually work to the detriment of the seller.

Says Mr. Jett: "The next time you sell some livestock go to the scale house and either go inside or look in the window and watch the weighman weigh your stock. He is supposed to weigh it to the nearest five pounds. Your livestock has not been properly weighed until the beam is as close to the center as possible and standing still. If it is moving you do not have accurate weight and may be from 10 to 15 pounds off.

"Your livestock is usually weighed slightly in favor of the buyer, because that seems to be an established custom among all weighmen. On a five-pound listed weight the odds are against any livestock being on the even or five weight.

"If Kentucky farmers will study their own marketing problems more and insist on their lawful rights, their income will be increased many hundreds of thousands of dollars yearly."

"Hi-Times" Makes Appearance

First issue of the Prestonsburg high school's publication "Hi-Times," was published last week. The school paper is made possible by the business men and concerns of Prestonsburg and Floyd county.

The staff follows: George W. Hall, editor-in-chief; Cassie Catrick, associate editor; Dorothy Sue Allen, associate editor; Hugh C. Slone, sports editor; Sara Clay Stephens, alumni editor; Bennie Mae Caudill, society editor; Hugh Slone, art editor; Bennie Caudill, advertising manager; Jane C. Hager, circulation manager; Ethel Cross, mimeograph operator; Jerry Stephens, assistant mimeograph operator; Vivian Caudill, typist; Mrs. Virginia Jeffries, sponsor.

SHIKE'S POKES

(Views expressed in this column are those of the writer and not necessarily those of The Times.)

Commodore seemed to think that the truck wreck in Drift was caused by the "WW" signs on the windshield. The classic remark about the wreck was made by "Buck" Ward—he noted the position of both trucks and then happened to glance at the "WW" signs on the windshield and said—No wonder they collided—you can't do wrong and get by.

That Martin-Beaver Co-Operative Association is an up-and-coming organization. Just watch their smoke!

IT'S OUR FAIR—LET'S ALL ATTEND.

I see by last week's paper that Writer Dorothy Thompson has finally seen the light.

The man with the largest radio audience in this section is Walter Winchell—he's tops in any league.

A fellow told me that he drove all over Drift Saturday night and didn't miss a word of FDR's speech and he didn't have a radio in his car, every radio in Drift was blaring forth the words of our President. The people in this section, or at least 90 per cent of them, always take time out to listen to ROOSEVELT.

Aside to Pat and Comm.—it was great mixing while it lasted. It must have been for the "sot" championship.

Henry and Vance P. the Dug Busters extraordinary—especially on Friday night.

Bill Howell said that he was wearing "Indian underwear"—it just keeps creeping up on him.

I wonder if "Hedge" has ever found his sweater—somebody reported that it looked like someone had been carrying cabbage in it.

Orville went to Ashland Thursday night and didn't show up for work Friday night. He must have been "campaigning."

I didn't have to use a "loud speaker" to give away that thousand political badges I received last week.

It seems that, not so long ago, Bev-

erly C. woke up somewhere upstairs and in dressing to leave he put his pants on hind-part-before and started down the steps. He stumbled and wound up in a heap at the bottom. When asked if he was hurt, he carefully examined himself and, noting the back of his pants in front, remarked, "I'm not hurt but I'm in one h— of a twist."

Sammy H. has swapped his tonky-ing mule for one of "Henry's undertakings" and is undertaking to get to Drift and back every day to work.

Well, the World Series is over and the best team won, but Curt J., "Cat" and some of the boys are still unstrung. Just after the last game, Pat reported that Charlie found Cat up in the hills with about 40 feet of rope—and Curt J. is reported to have wrecked a Jook Box when someone started playing, "Hold That Tiger," and it is reported that Lum has quit chewing "Tiger Stripe." He switched to "Red Man."

We have missed "Danny" since he has been visiting in Pennsylvania. We haven't had anyone to argue with.

If Clarence keeps on having to "walk the baby" they are going to dub him the Marathon Walker.

A lot of people have been standing up to eat since that skatin' rink came to Drift.

I see where Chandler has been separated from his appendix—seems as though he always has tough luck along about election time with operations, poisoning, etc.

Squire and his deputies took Drift to the cleaners in Sunday's ball game. Final score—Clear Creek, 13; Drift, 7. The only thing that Squire couldn't stop was the Drift stealers—they pilfered six bases on him.

The "Chunk" wanted to ride the airplane Sunday but the pilot said he was unable to get him off the ground.

God has blessed America

NOTHING can soften the sadness of parting from our young men who are answering the call to the colors.

But just watching them swing by, you know there is a cause for giving thanks on bended knees that they are the kind of young men they are.

May we all find ways of telling them the brimming appreciation in our hearts for the high purpose behind the noble sacrifice they are making. God speed them . . . and return them home safely and soon.

 NORMAN ALLEN Editor
 Entered as second class matter June 18, 1927, at the postoffice at Prestonsburg, Ky., under the Act of March 3, 1879.

THE TIMES ENDORSES

1. Immediate completion of the Left Beaver, Middle Creek and Johns Creek road.
2. Consideration by officials of human needs, not the need for political influence.
3. Completion of all Farm-to-Market roads, by W. P. A. labor if possible, maintenance of these routes by the state rural road fund.
4. A trade-at-home policy followed by merchants and customers alike.
5. Full co-operation with all county and city officials, insisting that lawmakers and enforcement officers themselves obey the law to the letter.
6. Continuance of the Floyd county health department and the county agricultural agent work.

ANOTHER TASK

During the last few months, as America began first preparations for defense against the power-lust of Old World dictators, Floyd county has been doing its part.

Without fanfare, sans the blaring of bands, the waving of flags and the kisses of pretty girls, the boys have been quietly answering the call to the colors as volunteers. So quietly have they left us that none of us know exactly how many Floyd county boys have enlisted in the various branches of the country's armed forces.

And now . . . during the coming months, Floyd county must continue to do its part. To join those who have gone before, there are those to be drafted into the service.

And right there is where we have a job to do. It's a job for those who will remain at home while the boys go into active service. That is the task of seeing that rich and poor, humble and proud, friend and foe—all alike—are on the same footing as this country and Floyd county enforce the draft to put the nation on an effective defense footing.

There will be two draft boards in this county. The members of these boards will exercise the power of sending into the service or rejecting from service our youth. To these, whoever they may be, Floyd county will look for—not mercy but justice, without fear or favor.

Registration day—Wednesday, October 16—will be one hundred per cent effective. The law is inexorable in guaranteeing that it will be effective.

Let the "local" draft boards of this and the other counties of the nation function as well—and none may justly complain.

There is no room for aristocracy in the democracy of the draft.

SALUTE . . .

A salute to the Inland Steel Company. What a pity it is that every corporation, every employer in Floyd county is not financially able to emulate the noble example it set in its announcement, published recently in this newspaper!

That statement insured its employees who may be conscripted, or called into the service because of their National Guard training, as much pay from the company as will be the government's basic pay to them as soldiers or other members of the military service.

Truly it is a pity that we all cannot assure our employees the same back-at-home support as that cheerfully and patriotically offered by INLAND.

But that is not all the Inland Steel Company has done for its employees and its country. Surely you

who are interested in what corporations do, or do not do, remember that INLAND, a few years ago, provided an annual scholarship for worthy daughters or sons of their employes as the boys and girls looked toward higher education following graduation from high school. Surely, you who are interested in conditions under which American workmen toil to earn a living will recall that story, published by THE TIMES, a few weeks ago, wherein it was shown that INLAND had spent thousands of dollars to insure its Floyd county operation, Wheelwright, against insidious disease outbreaks.

It is a pity that INLAND does not have an inland empire under America's democracy wherein to grant a wider shower of blessings!

Points By Other Editors

WOONG THE RUSSIAN BEAR

One of the most interesting by-products of the triple axis pact is the way its members are vying with one another in declaring their warm friendship for Soviet Russia. For German spokesmen this is nothing new, since Nazi editors got their cue a year ago, when the Russo-German accord was concluded. However, until the momentous Berlin pact was signed a few days ago, neither Japan nor Italy had followed suit. "Only yesterday," as Frederick Allen might put it, Japanese writers were warning against Red Russia as the ultimate enemy and Moscow as the seat of "dangerous thoughts." In Fascist Italy, the Bear fared no better. A backward glance through the press files will turn up the blistering editorials during the Spanish and Finnish war, when Virginio Gayda and his colleagues excoriated Joseph Stalin and all his works in the journalistic billingsgate for which the Fascist press is so justly famous.

Today, how the tune has changed! In Tokio, editorial comment unitedly stresses the idea that good relations with Russia are both desirable and practical, and that "moldy questions" belonging to the past should not be revived. In Rome, Virginio Gayda sets the tone with a long historical summary purporting to show that Fascist Italy has always been friendly to the Soviet regime. "Italian policy during the Fascist era," he writes, "has never shown any wavering and, even less, any hostility toward Soviet Russia. It has been inspired by calm Mussolinian realism." After pointing out many similarities between the two systems, Signor Gayda concludes: "Italy has always been attentive to the phenomena of humanity, and the nation has been following with great interest for a long time the internal evolution of Russian concepts and her political system."

Since neither Japanese nor Italian spokesmen would thus suddenly change their tune except by official order, it is plain that the three axis governments have adopted a vigorous Russophile line. Soviet Russia seems, indeed, to have many friends these days. Has not Britain's Laborite Ambassador, Sir Stafford Cripps, been tirelessly promoting good relations despite many rebuffs? And does not the government of Free China, dependent upon Russia as its sole avenue to the outer world, seek to propitiate Moscow in every way? With so variegated a throng knocking at his door, canny Joseph Stalin doubtless smokes his famous pipe, perhaps concealing beneath his drooping mustache the quirk of a cynic's smile.

The one outstanding exception to the current trend appears to be the Roman Pontiff. A Vatican City dispatch reports that Pope Pius XII is preparing an encyclical warning Catholics throughout the world to be on guard against "Communist influences" resulting from the international struggle to win Russia's support. The Vatican, according to the dispatch, is about to take a decisive stand in face of what it considers the ruinous expansion of Bolshevik philosophy and influence throughout the world.

With the war, now well into its second year, becoming more terrible with the approach of winter and threatening to engulf the whole world in its scope, all these maneuvers centering about Soviet Russia have a deep interest. The full significance may become startlingly evident in the months to come.—Washington Star.

WHOOPING COUGH VICTIM

Jackie Lee Roop, month-old-babe of Mr. and Mrs. Ernest Roop, died October 9 of whooping cough. Surviving are the bereaved parents and one sister. Funeral rites were conducted last Thursday by the Rev. Isaac Stratton and burial was made under the direction of the Arnold Funeral Home.

One case of diphtheria was reported last week at Langley and two at Drift.

In Harrison county, 500 ewes were imported and more are on order, though the original estimate was for only 300.

MISS BOND BECOMES BRIDE OF MR. WILLIAM C. MEERS

Irene Cole Memorial Baptist Church was the scene of the marriage at 2 o'clock Saturday afternoon of Miss Dorothy Curtis Bond and Mr. William Carden Meers. The single ring ceremony was used, the Rev. Campbell Jeffries, pastor of the church, officiating.

The bride was attended by Miss Marion Hager, of Ashland. Mr. Wilbur Meers, of Illinois, brother of the groom, was best man. Chas. Franklin Justice was ring-bearer, and Dorothy Sue Bond, flower girl. Ushers were Chas. V. Bond, Pikeville; County Attorney Forrest D. Short and J. D. Bond and Oscar P. Bond.

The bride wore the traditional white. Her bouquet was of lilies. Mrs. Meers is the attractive daughter of Dr. and Mrs. Chas. F. Bond, of Prestonsburg. She attended the University of Kentucky, Lexington, where she was a member of Kappa

Delta sorority, Cwens, honorary sophomore sorority, a member of the Guignol Theater staff, and was attendant to the May Queen in 1939.

The groom, the son of Mr. and Mrs. W. F. Meers, Champaign, Ill., was graduated from the University of Kentucky, where he was prominent in campus and fraternity activities. He is an officer in the U. S. Naval Reserves and is connected with the Goodrich Tire & Rubber Company, at Ashland.

A reception was held at the home of the bride's parents, following the ceremony. Mr. and Mrs. Meers will reside in Ashland.

Out-of-town guests for the nuptials were Miss Marian Hager and mother, Ashland; Mr. Wilbur Meers and Miss Virginia Meers, Champaign, Ill.; Miss Mary Ellen Evans, Ashland; Mr. Leo Beavers, Ashland; Miss Lucille Bond and Mr. Chas. V. Bond, Pikeville.

WPA Packhorse Library Has 8,000 Volumes Available Here

More than 8,000 volumes are now available to the Floyd reading public through the WPA Packhorse Library. It was announced this week upon the arrival of a large shipment of books. There are 832 registered readers in the library here, with approximately 230 readers of the branch library at Martin.

The number of workers on Packhorse Library is 24, with a payroll of over \$800 a month. Two thousand, nine hundred seven visitors were in the library during the month of September. Students in schools here are taking advantage of the large assortment of books to get material for their book reports. Many compliments have been made in regard to books that have been re-bound in the library.

Preparations are being made to establish branch libraries at Garrett and McDowell. Citizens of Prestonsburg are giving their discarded magazines to the library to be sent to the residents of rural sections who are unable to get them through any other source.

Dingus' Leg Broken When Hit By Auto

D. C. Dingus, well-known Floyd county man, is recovering at his home, near Martin, from a broken leg and head injuries suffered when struck by an automobile driven by Frank Ransnick, Garrett.

Mr. Dingus was crossing the highway, a few yards from his home, when struck. Ransnick said he saw the other start across the highway but did not see him again till the car crashed into him.

BUSY DAYS ARE HERE

The vacation days of Summer have gone, and Autumn's busy days are here again. There are children to get off to school, summer clothes to be stored, and woollens to be retrieved from the moth balls. Which means errands to be run, dry cleaning to be done, shopping trips to be made and a hundred and one other things that add to the cares of the busy housewife.

Well, there's one sure way to relieve a lot of this hurry-worry. Let the telephone run the errands while you take it easy.

If you already have telephone service but only one telephone, you probably lose a lot of time running downstairs or from one room to another to answer or place calls. A handy extension telephone upstairs or in some other much-frequented part of the house would put an end to most of this tiresome leg work.

Prepare now for the busy days ahead. Call the telephone office today and let us tell you how little it costs to enjoy all the benefits which telephone service or an extension can give you. — Southern Bell Telephone & Telegraph Company, Incorporated.

COMPLETIONS OF GAS WELLS IN THIS AREA, LISTED

OTHER OPERATIONS CONTINUE ON SAME GENERAL LEVEL IN EASTERN KENTUCKY

An operators' month-end report gives the completions of several gas wells in the Eastern Kentucky area and the completed log-in of other wells. The general activities remain on an unchanged level.

The Kentucky West Virginia Gas Company reports the completion of well No. 599 on the Willie D. Hall tract on Right Beaver Creek in Floyd county at a total depth of 2868 feet in shale. The well made 133,000 feet of gas, 210-lb-R.P., 10 hours.

FLOYD MAN IS ACQUITTED

43-YEAR-OLD MURDER CHARGE IS DROPPED IN WEST VIRGINIA

Williamson, W. Va.—George Estep, formerly of Floyd county, Ky., who, Prosecutor Lefe B. Chafin said admitted shooting Green "Dock" Brewster, a neighbor, to death in a quarrel 43 years ago, went free Wednesday. A Mingo county grand jury refused to indict him on a murder charge.

The evidence of Will Ooten, Holden, W. Va., only living witness to the fatal shooting on Trace Creek, Mingo county, on June 27, 1897, was held insufficient to warrant Estep's indictment, Chafin said.

Estep fled to Kentucky after the shooting, Chafin said, leaving behind his estranged wife and then enlisted in the U.S. Army as "Milton Pickles" and served in Cuba during the Spanish-American War.

After the war, Chafin said Estep told him, he returned to Floyd county, married and became the father of 13 children.

Chafin said Estep "talked freely" of the long-forgotten shooting after his arrest two weeks ago. A neighbor with whom Estep had quarreled wrote the prosecutor that Estep had told him, "I once killed a man in Mingo county," and the letter started the prosecutor digging through the old court files.

Estep was arrested by Mingo county sheriff's deputies at his farm near Printer, Ky., and readily agreed to accompany the West Virginia officers across the state line, the prosecutor said. He had been free under \$10,000 bond.

Thirty-seven felony indictments were returned by the jury which also refused to indict Johnnie Gibson, of Pike county, Ky., charged with the ambush slaying of Scott Calhoun at Thacker May 24.

PUPIL IS DISMISSED FROM HOSPITAL

Urban Peters, 11-year-old son of C. R. Peters and pupil of the Cracker school, was dismissed Sunday from the Martin General hospital, where he was taken after he suffered a fractured skull October 2 when he was struck by a falling flag pole on the school grounds.

Blackcats Score First

(Continued from page one)

defensive work of both players was very much in evidence for Prestonsburg. The play of Butler, at right guard, and Blackburn, at right tackle, also was outstanding. Both the defensive and offensive work of Charles Hall, Louisa fullback, stood out for the losers.

Saturday afternoon the Blackcats will meet the strong Whitesburg eleven at Gasco Park in a Big Sandy Conference encounter.

Rail Permit Sought

and the building of a major coal mining town on the Left Fork of Middle Creek is confidently expected.

Enlargement of the railway yards at West Prestonsburg is a possibility, though it is possible that the yards there will be a mere clearing station for the yards at Paintsville, where rail facilities already have been developed to the extent that the large shipments of coal from the new field may be satisfactorily handled.

If the Island Creek Company's reported plans materialize, the county, it is said, will be enriched by the operations of a company which never has shown a deficit, even in the darkest days of the "depression."

Mud Creek Youths Hurt in Wreck

Two Teaberry youths who wrecked the automobile of Okey Gwinn, member of the U. S. engineering corps stationed here during the survey work on the proposed Johns Creek dam, were seriously injured Sunday afternoon as the auto careened into the Toler Creek bridge.

The two, Bill Stanley, 16, and Everett Burke, 17, are in the Beaver Valley hospital, Martin.

The car was stolen Saturday night after Mr. Gwinn had left it parked in the street in front of the Bank Josephine. The two youths are said to have claimed that the car was placed in their possession at Pikeville by an unidentified man.

Blue Moon School Organizes P.-T. A.

Blue Moon, Ky. (Spl.)—For the first time a Parent-Teachers Association was organized here Friday night, October 11, when the citizens and teachers of district 59 met and completed the organization.

The meeting was conducted by Vannie Akers, teacher in the school, and was opened with a welcome song by the student body. Several plays were given by the pupils, and religious services were conducted by the Rev. Willie Hall.

Burial was made at Lancer under the direction of the Arnold Funeral Home. Surviving are the parents, several brothers and sisters.

ATTENDS WPA MEET
Mrs. Ruth Roberts, Mrs. Robert Hughes and Miss Ollie Jarvis returned to Prestonsburg Wednesday from Ashland where they attended a WPA staff meeting. Mrs. Viola Prior of the Social Division, Louisville, was the principal speaker.

Three Draw Fines In U. S. Court

Dr. M. T. Dotson, Dr. A. J. Davidson and Dr. C. L. Hutsinpler, pharmacist, all of Prestonsburg, were fined \$500 each by Federal Judge Mac Swinford in U. S. district court at Pikeville Tuesday after they had pleaded guilty to charges of violation of the federal narcotics laws.

The charges were filed following an investigation made, several months ago, by narcotics inspectors.

The three, though confessing to guilt under technicalities of the charges, maintain that they at no time willfully or maliciously violated the law. Dr. Dotson this week issued the following statement:

"All my prescriptions were given to patients suffering with diseases. The prescriptions were issued in the course of my medical practise and in good faith. One of my patients died in about two months after the investigation by the narcotics inspector. The case of one had previously been taken up by me through the health doctor with the narcotic farm for the purpose of obtaining institutional treatment for this patient. The other two were suffering with chronic diseases of such a nature that, if they were sent to an institution for treatment, they would be returned suffering with the same disease, regardless of the length of time of their stay in the institution."

COMES HERE ON VISIT, ENTERS BUSINESS

C. B. Sturgill came to Prestonsburg recently for a visit; wound up by deciding to stay—and bought from E. S. Dotson the Modern Dry Cleaners plant in West Prestonsburg.

Since assuming charge of the business, Mr. Sturgill has inaugurated some new ideas, some of which are 12-hour service, with three-hour service on rush work, and no charge if garments accepted on these terms are not returned by the time agreed.

CALLED TO LOUISVILLE

Congressman A. J. May returned Wednesday to Louisville upon learning that condition of Mrs. May, who submitted to a major operation there several days ago, had taken an unfavorable turn. Friends and relatives of Mrs. May are hopeful of her early recovery.

MAN WANTED BETWEEN 40 and 55 YEARS OF AGE to distribute nationally known line of food products, spices, extracts, fly spray, stock and poultry preparations, etc., to established farm customers. Seventy-year-old organization with a \$10,000,000 capital. Will provide thorough training and start you in business on credit in nearby locality. No experience or capital necessary but should own car. Write A. L. JONES, care THE J. R. WATKINS CO., Nashville, Tenn. 12 pd.

SUBMITS TO OPERATION

Mrs. N. M. White, Jr., submitted to a major operation Friday at St. Joseph's hospital, Lexington. Her condition was reported this week as indicating her early recovery. Mr. White returned to Prestonsburg Tuesday.

FOR SALE

I have for sale 10 head of Aberdeen-Angus cattle, three bulls and seven heifers. The heifers range in age from three months to three years; the bulls, from four months to 1 1/2 years.

All these cattle have the breeding of Prince Marshall, grand champion in the International Livestock Show at Chicago, 1921, and Black Cap Revolution, grand champion for 1923. No better breeding can be found.

All of these cattle are priced at farmer's prices and registered. Good look by my farm—come out and load them over.

SUNDAY-MONDAY

Bigger and Better Than "North-West Passage"

He's Prepared to do his Part!

The thought of preparedness is not new to Bell Telephone workers. In fact, the South's and the nation's vast telephone system is what it is today mainly because preparedness is one of the fundamental principles of the Bell System's policy.

Telephone people are constantly at war with the elements, fire, flood and hurricane. They are prepared in advance to meet the emergency whenever and wherever danger strikes.

Rapidly changing industrial demands—shifting populations—quick expansions in some places and contractions at others—ever-changing problems of supply and demand, are conditions under which all telephone people are accustomed to working.

Years of experience in anticipating, planning for and meeting these exacting demands strengthen the confidence of telephone workers in their ability to provide for the needs of the South and the nation under any conditions that may arise.

A STALE JOKE, AT THAT

Last week an Italian newspaper "offered" Canada, Newfoundland, the Bahamas, Bermuda, Jamaica, New Zealand and even Australia to the U.S. as "rewards" for her neutrality.

Some people may think that's a bargain, but I believe Shade Ollie's retort to the teller of a wild tale is appropriate. Shade said: "Mister, if you tella dat for a joke, hokay—good joke. But if you tella dat for de truth, it's a dam' lie!"

November 5th is the time for all good Democrats to come to the aid of the party—by voting it straight!

ACCUSED OF LYING

Sam Hatcher, who is probably the greatest dam builder on Johns Creek, has flatly accused me of lying about "OA's" tongue getting tired by quitting time. Sam sez it NEVER gets tired!

TIT FOR TAT

Some sweet day, when this little brat of mine gets so he can make cute "cracks," play pranks on folk who aren't interested, and stick his tongue out at people, then I'm going to collar several Proud Papas around here and force THEM to listen while I tell of the cute doings of MY "little darling."

POLLY-TICKS

A banner being displayed in front of Pike county Democratic headquarters reads: "We rose with Roosevelt—Why wilt with Willkie?"

FAMOUS LAST WORDS

Exclaimed one coal leader to another: "For gosh sakes, here comes Mrs. Roosevelt!"

GOOD WHILE IT LASTED!

A friend of ours who saw a free Willkie movie put on here recently reports that he sat directly behind former Circuit Judge C. B. Wheeler throughout the performance.

And when the show broke, our friend asked the ex-judge what he thought of it. "Well, I thought it was very good," replied Mr. Wheeler, "but I went to sleep a little while after it started."

HIPPO

Joe Davis, who is in the U. S. Army at Fort Knox, was visiting in Hippo Sunday.

Misses Viola Hicks and Beatrice Cooley and Emer Prater motored to Garrett Sunday.

E. C. Moore was a business visitor in Prestonsburg Saturday.

The Revs. Griffith, Rowe and others of Wayland and Gio held church here in the schoolhouse Saturday night and Sunday morning.

It seems as though Hippo has given its share of boys for the U. S. Army, Navy and CCC. Those from here are: James and Leonard Hicks, army; Benjamin Franklin, Preston Doe and Samuel Hicks, navy; Frank Bailey, navy; Joe and Raymond Davis, army; Oscar Sturgill, army; Brownie Hicks, army; Raymond Conley, army; Earl "Big Chick" Campbell, army; Orgie Adkins, navy; George Bailey, CCC; and Leland Chaffins, ex-soldier of the World War, who enlisted two weeks ago in the army for service.

Mr. and Mrs. Marion Hughes are the proud parents of a fine baby boy. Both mother and babe are doing fine.

Mrs. Curtis Hicks and daughter and son, Charlotte and Carlos, of Hueysville, were visiting Mrs. Hicks' mother-in-law, Mrs. Reuben Bailey, and Mr. Bailey, Saturday. Charlotte and Carlos were Saturday night guests of their grandmother.

Mrs. Alka Hicks and small daughter, Lurane, were in Prestonsburg Monday.

Jess Conley will be visiting his mother and sisters in Charleston, W. Va., for the next few days.

John Staley was in Paintsville Saturday on business.

Misses Viola and Trylbia Hicks and Elmer Hicks had as Saturday night guests, Misses Beatrice Cooley and Dorothy Rone, Jack Hall, and Paul Cooley, all of Hippo; Joe Dyer, Edgar and Ezra Osborne, of Eastern.

Miss Marjorie Hicks was visiting Mr. and Mrs. Curtis Hicks last week. Oak Cooley and family were visiting his mother, Mrs. Harry Cooley, Northern, Sunday.

KIDNEY STAGNATION IS WORSE THAN CONSTIPATION!

Because We Treat Constipation at The Onset, While We Neglect Our Kidneys Indefinitely.

No other organ in your body is of more importance than your kidneys. For in your kidneys there are nine million tubes which must work day and night to filter the fluids and keep the system free from wastes, acids, poisons which, if permitted to remain may cause serious kidney and bladder troubles.

It is no wonder then that Nature often calls for help to clean out the kidneys. So if you are troubled with Getting-Up-Nights, Leg Pains, Backache, Nervous Headache, Dizziness or Loss of Energy, due to functional kidney disorders, try KIDANS, the famous kidney remedy, which aids Nature to flush out the kidneys, to filter all wastes, to prevent kidney stagnation.

KIDANS is Safe and Reliable. Thousands report entire satisfaction. Taken according to directions, KIDANS will give splendid results. Try KIDANS. Buy it at our Special Price Offer on two boxes. Use one box. If not satisfied, return unopened box and GET YOUR MONEY BACK.

If your local druggist cannot supply you, send \$1.00 to The Kidans Company, Atlanta, Georgia, for two full-size boxes on a money-back guarantee.

Yeah, We Said 'Moocher'— And so What?

A moocher isn't always an individual who is "bumming" a cigarette; a cat skinner is not necessarily a skinner of cats; and a mooner is not a moonstruck person.

Actually, according to R. F. Fields, manager of the Kentucky State Employment Service office at Pikeville, a moocher is a legitimate workman who earns a living by inspecting rivets, welded joints and seams in steel structures, marking defective points for repair.

Likewise, a cat skinner belies his implied association with dead felines and puts in his working hours driving a caterpillar tractor. And a mooner can't take time out to wander with his head in the clouds, lest he cut himself with the half-moon-shaped knife he used to scrape the fleshy sides of hides.

The local manager's authority is the New Dictionary of Occupational Titles prepared by the Federal Bureau of Employment Security, which was put into use by the State Employment Service.

The new job dictionary was designed primarily for use in public Employment throughout the nation, but unexpected demand from private industry for the publication made a second printing necessary.

"Practically all the new jobs found in business and industry in the United States were analyzed to get the de-tailed occupational information composing the volume," Mr. Fields said. "This work was done by trained analysts who, with the co-operation of business management, went into factories, offices and service establishments and learned by direct observation and endless interviews just what was done by the workers in each job."

"All this information then was assembled and co-ordinated, so that it could be embodied in the Dictionary of Occupational Titles. The book lists 17,452 job titles and 12,292 alternate names. A comprehensive outline of the duties of each job is given.

Need for the dictionary arose from the fact that many jobs are known by different names in various sections of the country, and even in various industries in the same city. With the help of the dictionary Employment Service interviews can tell at a glance just what the duties of any specific job are. It doesn't make any difference whether the job to be filled is in New York, California, or right here in Eastern Kentucky—as soon as the name by which the employer calls the job is known, an interviewer can identify it and learn its requirements by referring to the new volume. This is considered an invaluable help to

the Employment Service in its efforts to "match workers and jobs."

Mrs. Collins Named Dist. Vice-President

Lackey, Ky., Oct. 14 (Spl.)—Mrs. M. M. Collins, member of the Lackey-Garrett Woman's Club, was elected vice-governor of the Seventh district at its twenty-second annual convention which was held in Pikeville, Saturday, October 12.

Among the Lackey-Garrett Club members who took part on the program were Mrs. T. J. Chandler, president, who gave the yearly report for her club; Mrs. M. M. Collins, who in the absence of Mrs. W. T. Hatcher, read her response to the welcoming address; and Mrs. Charles Sturgill, who reported on the Spiritual Re-arrangement program for the district. Mrs. Sturgill and Mrs. Melvin Hayes served as delegates.

At the convention, Lackey-Garrett Club year books were presented to the state president, the district governor, and presidents of other clubs in the Seventh district. The club used as the central theme of its year book, "Americanism," and in carrying out this theme, chose for the year's club slogan a quotation from Carl Schurz: "Our country, right or wrong. When right to be kept right, when wrong to be put right." All programs planned for the year deal with some phase of American life; and include such topics as "American Homes and Hobbies," "A Tour of the Americas" (introducing the year's subject for the Study Club), "Songs of the Americas," "American Preparedness," "American Leaders in Times of Peril," "The Enemies Within Our Gates," "The Art of the American Indian," "The Mother Role in American Democracy," and "Our Flag as a Symbol." In keeping with the theme, the year book covers were adorned with miniature American flags.

Prominent Johnson County Woman Is Claimed

Funeral services were held at 2 o'clock Tuesday afternoon of last week for Mrs. Claude Buckingham who died at her home at Paintsville Sunday afternoon, October 6. Mrs. Buckingham, one of the city's best-loved and prominent women, had been ill for nearly a year.

The funeral services were held at the First Methodist Church and were in charge of Rev. H. E. Trent, pastor of the church, and Rev. Thomas B. Ashley, of Pikeville, a former pastor and friend of the Buckingham family. Burial was made in the family lot in the

Well-Buckingham cemetery in Bridgeford Addition.

Mrs. Buckingham was a member of a prominent Johnson county family. She was a daughter of the late George Jackson Allen and Nancy Jane (Rice) Allen. She had been a member of the Methodist Church since early girlhood and had always taken a leading part in its activities. She was one of the most regular attendants and a devout member.

Clubwomen To Help In County Fair This Week

Discussion of plans for the Prestonsburg Woman's Club's participation in the Floyd County Fair, October 17-19, attracted attention of the club at its meeting here October 3 last, at the Presbyterian Church as Mrs. Ambrose Mandt, club president, presided at the first meeting since her term of office began.

The Woman's Club will be in charge of the lunch stand, bingo stand and various exhibits in the fair. The other Woman's Clubs of the county are cordially invited to attend. Volunteers will be needed to help at the fair during the three days, and should notify Mrs. Mandt, Mrs. A. C. Harlowe or Mrs. Winnie F. Johns on what days they can work, so that plans may be definitely made.

The committee appointed reported that the Board of Stewards of the Presbyterian Church is willing for the Woman's Club to have regular clubrooms in the church. Suggestions were offered in regard to furnishing and decorating the rooms.

The club hopes to furnish a plaque of the Ten Commandments for each room in the graded and high school buildings here. Authorities will be contacted to ascertain how many plaques will be required.

The club is co-operating with the Floyd County Health Department in sponsoring the tuberculosis clinic held here, October 9-10.

The district meeting of the Woman's Club will be held at Pikeville Saturday, this week. There will be a luncheon at "The Grove," and reservations must be made so all who plan to attend are asked to notify the president on or before Thursday, October 10, so proper arrangements can be made. The tentative delegates will be Mrs. A. C. Harlowe, Mrs. Ambrose Mandt and Mrs. Winnie Johns. Several members have contributed cars and there will be accommodations for all who may wish to go.

Special recognition was made of the work of the Boy Scouts of Prestonsburg. Club members were asked to gather up all the magazines, new or old, in their possession for donation to the WPA Packhorse library here. The club plans to gather these magazines for the library.

At the close of the meeting, a lovely plate, decorated with rose buds, was served by the hostesses, Mrs. B. F. Combs, Mrs. A. B. Combs and Mrs. G. A. Culbertson.

Berea Alumni Group To Meet Oct. 26

Carl G. Ford, president of the Big Sandy Club, Berea College, this week announced that the group's Floyd county division will assemble at a dinner at a Prestonsburg hotel Saturday, October 26.

Speakers for the occasion are Chas. T. Morgan and Wilson Evans, former and present Berea Alumni Association secretaries, respectively.

Reservations should be made in advance with Mr. Ford or with Henry Martin, Prestonsburg, chairman of the Floyd county division. Invitations are being mailed to Berea alumni of the county who are listed with alumni officials. At the same time, an invitation was extended for all alumni who are not listed to attend and make the Berea organization more effective.

U. of K. Fraternities Hold Pledging

The 17 social fraternities on the University of Kentucky campus held pledging exercises last week for several hundred freshmen and new students at the state institution.

Following a week of intensive "rushing" the new members were announced after formal pledging exercises held at the various fraternity houses on the campus.

Among those pledged from Floyd county were Carl L. Combs, Langley, to the Triangle fraternity; Kilmer Combs, Prestonsburg, Bill Dudley Mchone, Prestonsburg, and Belvard Friend, Prestonsburg, all to the Sigma Chi fraternity.

HOOSGOW DEDICATION

According to the public prints, they dedicated the new Lawrence county jail at Louisa recently. Instead of swinging the traditional champagne full against the prow, they doubtless turned through cell-doors a well-hipped sot and gave him a swift kick in the pants.

WATERWAY ROBBERY

Joe Hill and Carl Co-bin fished all day Sunday without a strike—but they got their fish, just the same. No gigger, no dynamiting, seining or trapping, either. They got a nice channel cat via waterway robbery.

Just as all hope was lost, the two were shaken from their afternoon siesta by a violent disturbance in the water. Just a playful gar, they at first thought. Then, as the thrashing continued, they investigated to find that a water moccasin was doing his level best to swallow the fish, tail-first.

After that they started flailing the water with paddles, but the better fisherman of the three grimly hung on to his catch. Finally, "Look out, here they come," sang out Carl as he hoisted snake and fish into the boat. The pressure of a paddle edge at the back of the snake's neck then delivered the fish which, if fish have any sense of gratitude, wiggled his tail thankfully as he was turned back into the water.

STIFF-ARMED

G. N. Wilkinson, one of Wheelwright Coach Walter Price's backfield men who has been out of the line-up for almost the entire season, Tuesday night, last week, made a tough sort of tackle. Returning to the home of his parents who were away on vacation, he found that a burglar was upstairs and then ventured up to accost the intruder who was laden with his mother's fur coat and other wearing apparel. He promptly collared the "second story man" and was leading him to the front door with the idea of turning him over to the police when he got such a stiff-arm as he never received on the football field.

If halfback Wilkinson could find the burglar he would know him. The trouble is, neither he nor the police can find him.

LIGON BABE, VICTIM

Fred Allen Chaffin, two-months-old son of Mr. and Mrs. Norman Chaffin, of Ligon, died Monday. Burial was made Tuesday under the direction of the Arnold Funeral Home.

P'burg Girl Elected Secretary of Class

Miss Ann Allen, daughter of Mr. and Mrs. Edward L. Allen, Prestonsburg, was elected secretary of the sophomore class at Eastern State Teachers' College in general elections held by the sophomore, junior and senior classes. The freshmen will choose their officers later.

Other officers of the sophomore class are Copper John Campbell, Hindman, president; Guy Waring, Jellico, vice-president; and Miss Margaret Muncy, Salem, Ind., treasurer.

The seniors chose Nelson Gordon, Richmond, for their president; Billy Farris, Richmond, vice-president; Miss Jane Mills, Owenton, secretary, and Faye Watson, Owenton, treasurer. Junior officers are Raymond Goodlett, Burgin, President; Frank Flanagan, Richmond, vice-president; Miss Imogene Trent, Russell, secretary; and Miss Mabel Walker, Richmond, treasurer.

Faculty sponsors of the classes this year are Dr. L. G. Kennamer, for the seniors; Dr. T. C. Herndon, juniors; Dr. Emerson D. Jenkins, sophomores; and Dr. P. M. Grise, freshmen.

1940 Call for Red Cross Recruits

The 1940 Poster of The American Red Cross sounds the call to the nation to serve humanity within the ranks of this army of mercy.

KEEPING step with the boys called to the colors in America's new defense army and navy, will be the American Red Cross, fulfilling its mission of service to the men in the line and to their loved ones at home. Chairman Norman H. Davis announced in Washington.

"Several thousand Red Cross nurses already have been called to the colors," Mr. Davis said, "and Red Cross field directors, and thousands of Red Cross workers in Chapters throughout the nation, are ready to help America's soldiers and sailors with personal problems, just as in the 1917-18 World War period.

"Every patriotic man and woman in the United States, who wants to do his or her share in upholding the national defense of our nation, can do so

by sharing in the vitally important work of the Red Cross. Join as a member of the local Chapter during the roll call, November 11 to 30, and through your support you will strengthen the Red Cross army of mercy.

"Recruits are needed not alone as members, but also as volunteer workers in the Red Cross Chapters."

Red Cross work will continue undiminished in its usual domestic program of relief in disaster; community public health nursing; safety education and promotion of the Junior Red Cross. An individual membership supports all of this work, not only in Red Cross Chapters, but in the nation. Relief to war victims in Europe is financed by the \$20,000,000 war relief fund contributed by the public during the summer of 1940.

W. H. Nunley, Metcalfe county, has a litter of pigs weighing 2,062, or 232 pounds per pig.

WEEKSBURY INFANT IS DIARRHEA VICTIM

Geneva Thompson, infant daughter of Mr. and Mrs. Oscar Thompson, Weeksbury, died at the Beaver Valley hospital, Martin, Saturday, October 5, the victim of diarrhea.

Burial was made in the Weeksbury cemetery Sunday, with the Ryan Funeral Home in charge.

William O. Mays, Lee county, has corn grown on a ridge by improved methods, surpassing the yield elsewhere on rich bottom land.

TIDBITS
OF KENTUCKY
FOLKLORE

CHESTNUTS

Here is a passing situation indeed. It is autumn while I am writing this, just after the first good frost. The colors are blazing on the hills, acorns are dropping, there are hickory nuts and to spare. But where are the chestnuts? In many ways they were the most distinctive nuts of our childhood, for our schoolhouse stood in a large wooded area, stretching miles and miles away. On many of the rugged wooded hills the chestnut tree grew and bore its nuts. The squirrels and we knew where they were; no fall went by without our accumulating even more than we could eat daily. The worms liked them, too, but we had plenty besides. Chestnut hunts were actual events each fall. We roasted chestnuts in the ashes on cold fall nights. The chestnut timber made wood that sparkled and popped on our hearths; the long, straight poles were used in much of our buildings; chestnut lumber, sawed and planed, made beautiful ceiling for our houses. And when the telephone came, it was chestnut poles that we cut and planted to carry the new, magic wire that connected us with the big outside world.

And then came tragedy. A blight attacked the tree, as everybody knows. For years there was some resistance, but now the fight seems over, with the invisible blight as the victor. On

mountain sides there are millions of dead chestnuts, showing what a deal of food is no longer available for the squirrels and the birds and the chipmunks. Many a favorite old tree that we left in our wasteful war on timber has borne its last crop of nuts and stands gaunt and dead or else has long ago been reduced to firewood. The next generation will never know what we mean when we tell about chestnut hunts and stamping chestnut burrs. They will probably think their parents are cheerful liars and wonder whether our chestnuts were ever any more real than "fairies and goblins and elves and squigglesquees that swaller themselves."

When anything happens that we can possibly blame some one for, we are really happy; we can abuse him with pleasure and thereby ease our minds. This is not true with the chestnut, though, for man in his wastefulness has not done this, even though he has often done untold damage to nature: witness the passing of the Great Auk, the Passenger Pigeon, the Heath Hen, and the Carolina Paroquet. But a disease, as yet beyond the control of man, has done the work. I had hoped that some of the chestnuts would escape by being hardy and would re-people the entire chestnut world, but such is not to be. The few surviving ones remind me of the trees that grew from the grave of a man on his way to fight at Troy in Homer's epic: when they grew tall enough to see Troy, they died back to the ground. I still hope that our national government can import some hardy variety from some other country, so that people will again know the joys of chestnut hunts, the sight of ripe burrs opening after a heavy frost and dropping down their treasures.

BETSY LAYNE

(Last week's correspondence)
Sunday School here is having a large attendance.

Rev. Elswick, pastor of the Methodist Church, conducts services here at the Tabernacle each Sunday evening.

Prayer services at the Tabernacle each Friday evening, at 7:30 o'clock.

The Ladies' Club met with Mrs. Woody Blackburn Thursday evening. Some of the members are planning to meet again at the County Fair this year. They are planning on having a display in order to raise money to go ahead with the church building at Betsy Layne.

School here is progressing nicely. A large group from last year's class is attending college this year, among whom are:

Henrietta Layne, Lester Thacker, James Keathley, Berea; Bill Hamilton, Caney Creek; Haskell Crum, Kermit Martin, Eugene Kelly, Lee Junior College, Jackson; Elaine Roberts, Bowling Green; Eugene Bartley, Ray Stratton, Nell Stephens, Fred Hale, Wendell Matthew, Thomas Perry Hall, Ray Hamilton, Pikeville College; Bess Stephens, Ashland Junior College; Mary Alley, Berea

Memorial services were held at the Loar cemetery Sunday by the Rev. Isaac Stratton. The first Sunday in October for several years has been annually set aside for several years by Aunt Belle Loar for services.

Prayer service was held Thursday night at the Freewill Baptist Church. This service is held every Thursday night.

The Johnson county conference was held last week at Lackey. Several from here attended.

Mrs. Pearl Harvel was the dinner guest of Mrs. Sadie Stratton Sunday.

Mrs. Spears, of Laynesville, was visiting her daughter, Mrs. James George, Sunday.

Rev. Isaac Stratton was the dinner guest of Mr. and Mrs. J. H. Loar Sunday.

Following a fight Sunday at the roller rink between the manager, Fon Roberts, and Roda Stone, the latter was arrested and taken to jail by Bill Kozee, deputy sheriff. Joe Hatfield was also arrested shortly afterwards and taken to jail.

Mrs. Minnie Woods, of Pikeville, attended church here Sunday.

County Agent J. William Michael, Knott county, says: "No less than 1,000,000 locust seedlings soon available for planting."

TRAVEL BULLETIN TODAY'S ROADS

Prepared By
Eastern Kentucky Automobile Club

AMERICA IS ON THE MOVE

Once, not so long ago, travel was regarded as a pastime for the wealthy only. Today everybody . . . or everybody with a car and sufficient money to pay for a trip . . . travels and the cost is regarded by the majority not as an expenditure, but as an investment that yields dividends of pleasure, better health, a wider understanding of our country, its peoples, and happy memories.

The American motorist is no longer interested primarily in seeing how many miles he can cover in a given time, but is becoming more aware of the adventure and inspiration that may await him each hour of his tour. Less and less is he racing through the countryside. More and more is he seeking unusual paths and unusual stopovers that will provide him memories of a value that cannot be measured in time or money. America is, in short, developing into a nation of travelers, not of tourists.

Travel, which now approximates five billion dollars annually, is definitely "Big Business." The tremendous growth of motor travel and motorists' expendi-

tures in recent years is of vital economic importance to every community in every state in the Union. Only recently have people generally come to realize the importance of motor tourist expenditure. Actually no other type of expenditures flow so quickly through the channels of commerce and trade as does the tourist dollar.

TODAY EVERYBODY WITH A CAR TRAVELS!

Happiness Through Tears

By REV. CAMPBELL JEFFRIES

"Blessed are they that mourn, for they shall be comforted," reads Matt. 5:4; and it is one of the greatest paradoxes in the Holy Scriptures. That a man can be happy when he is suffering is contrary to all laws, but upon investigation I find that this scripture is true. When I see so much suffering in the world, the United States, and in our own city, I take courage in this truth.

Now, it does not mean that all who suffer will be comforted, or all who weep will be happy; as there are some people in this city who will be weeping, wailing and gnashing their teeth at the end of time. David in the 23rd Psalm said: "Yea, though I walk through the valley of the shadow of death I will fear no evil, for thou art with me; thy rod and thy staff they comfort me." However, he did not mean this for all men, for the secret was in the first verse when he said, "The Lord is my Shepherd." Now, to be happy in suffering we must first be a disciple of Jesus Christ, and enter the Kingdom of God which is very easy. If your suffering is painful enough you will find this a real comfort.

In examining the things that make a man suffer I find the loss of wealth

ASKS HELP FOR AN OLD WOMAN

"Aunt" Mary Thompson of Wayland, was born July, 1849, and is 91 years old. She lives with her daughter and son-in-law, but they are unable to give her proper care, since he is not strong and has been out of work a lot.

"Aunt" Mary has applied for the Old-Age Pension, but has never received one cent.

She is no relative of mine, is nothing to me except a pitiful, old woman. I cannot understand why the state does not help her.

has brought many tears; and yet, during the depression, a man in Louisville could walk out of his business without a dime left, and say to a Methodist minister, "I am still rich in God." Then there is the loss of health that keeps many people from enjoying life, and shedding many tears, but when Paul faced his thorn in the flesh is real suffering, he found Jesus saying to him "My grace is sufficient for thee." He could be happy in suffering. Since I have been in Prestonsburg, there have been many sad homes because of the passing of the next world of a loved one. There have been many tears shed for those loved ones and friends, but the greatest joy that can come in this greatest hour of sorrow is to know that the deceased has died a Christian, and has gone to the life beyond. This is by far the greatest comfort known to man today.

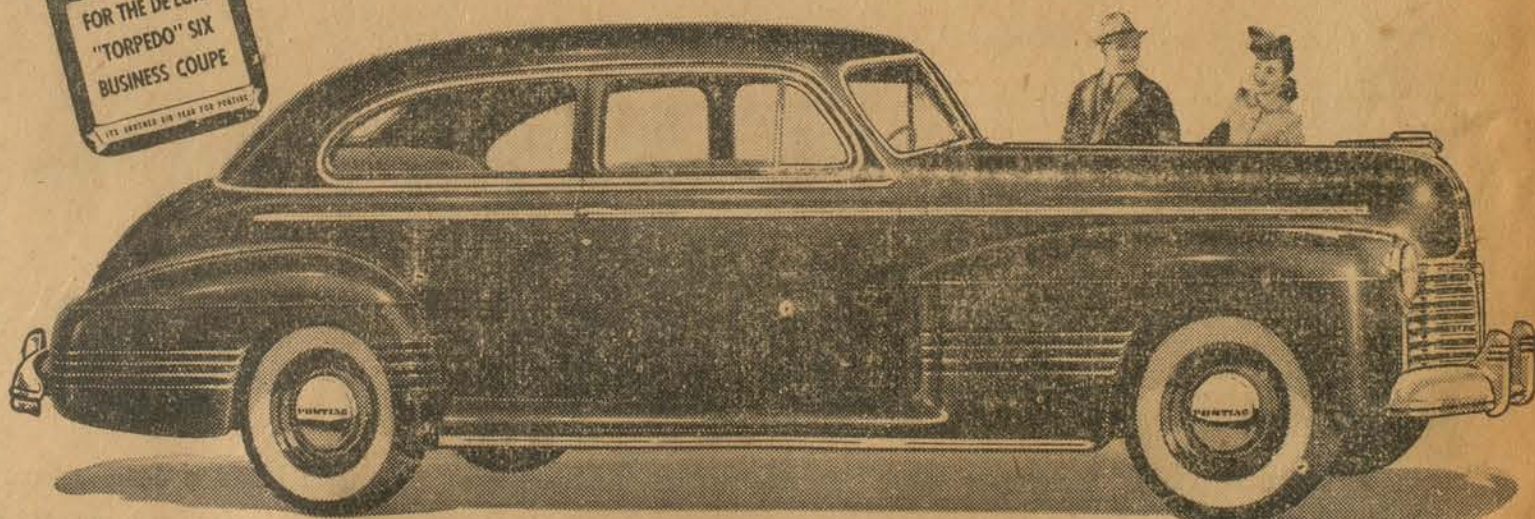

There is the heart of this lesson in the suffering on an individual for his own sins. What man is there who has not cried out with the apostle Paul, "O, wretched man that I am, who shall deliver me?" The darkest moment in the life of any man is when he doesn't feel pain for sin. Yet, there is comfort in the next verse of Paul: "I thank my God through Jesus Christ my Lord." To find the way out of sin will make any man truly happy. However, it is hard for us to be happy in the Christian life, when we know that so many of our own people are on the road to hell. Jesus stood over the city of Jerusalem that he loved, and wept for her, with a heart of love. There is sin in our homes and city which should cause every thinking man to shed tears. I had rather see some of my young boys die on the battlefield after having faith in God than to continue in their homes, and go to an eternal hell, led there by their fathers and mothers.

We must start thinking seriously about sin in our city, as there is comfort for those tears. Happiness will come to you when you turn to God, and you know there is nothing greater than this; not even that large bank account you pride yourself with. Are you happy? Why not have the comfort of God in your lives?

HEALTH NEWS

Compiled by Dr. Marvin Ransdell
Director, Floyd County Health Dept.

HOOKWORM DISEASE

Hookworm is prevalent in a number of communities in this county and is seriously menacing the health of both adults and children. Containers for submitting specimens for diagnosis may be obtained at the county health department.

Hookworm disease is caused by a small worm, whitish in color, which when full grown is not quite half an inch long and as thick as a small hairpin.

The very young and very tiny worms get into the body, usually by boring their way through the skin; occasionally they are swallowed. They are carried to different parts of the body by the blood and finally reach the bowels. Here they grow to their full size and proceed to suck the patient's blood and to give off a poisonous secretion which affects the blood.

The Symptoms—With these blood-sucking worms at work, the patient's blood becomes thin and watery. He grows pale and listless and may have indigestion. He becomes weak and cannot do any work. Often a person who has a mild case is thought to be merely lazy, when he really is sick. In severe cases where there are a great many worms in the bowels the skin is pasty yellow, the gums and lips very pale, and the abdomen, face

and legs are swollen. The patient may desire unusual things to eat, such as paper, chalk, dirt, or clay, hence the name "dirt-eater" disease which is sometimes used. Itching sores may form in the skin where the hookworm has bored its way through. These sores are called by various names, "ground itch," "dew itch," "cow itch," "foot itch" or "toe itch."

More Serious Than It Seems—Hookworm disease develops slowly. At first it produces only mild symptoms, but in the end it undermines the strength and saps the vitality of the person attacked. A child who has hookworm does not grow as he ought, and his mind does not develop properly. Sometimes he appears several years younger than he really is.

Cure Simple—All that is necessary to cure hookworm disease is to get the worms out of the patient's bowels. There are several simple, effective ways of doing this, but the treatment must be supervised by a physician.

Hookworms lay eggs, and if a person has the worms in his bowels, the eggs will be found in his bowel discharges. Therefore, if you live in a section where hookworm is common and have any symptoms of this disease, have an examination by your doctor or at a clinic at once. Take with you, or send, a sample of your bowel discharges to be examined under a microscope for eggs.

Even though you seem to have no symptoms, but are tired and listless all the time, an examination should be made.

How Hookworm Disease is Spread—The worms in the bowels lay thousands of small eggs, which are passed in the bowel movements. If this filth falls upon the ground or into a poorly constructed privy the disease will spread, especially among those who go about barefooted.

If the ground is warm and moist, the eggs hatch out tiny worms in one or several days. In about a week these are ready to enter the body of another person.

Prevention Easier Than Cure — If bowel discharges containing hookworm eggs are kept off the ground, the worms do not have a chance to infect other persons. Sanitary privies should be built and people should be taught never to pass bowel discharges on the ground. Hookworm disease can be largely prevented by wearing shoes, so that the worms in the ground cannot bore their way through the skin of the feet. But the most effective way is to keep bowel discharges off the ground.

What a Sanitary Privy Is—A sani-

tary privy is one that keeps the flies away from the bowel discharges and prevents these discharges from being exposed on the surface of the ground or from draining into wells or streams.

Such a privy, if properly installed and used, will be the best protection against hookworm.

There are many different types of privies; for advice as to the construction of the one found most useful in your state, consult your county or state board of health.
