## FLOYD FLIER MEETS DEATH IN LOUISIANA

### Sgt. Anderson's Body Is Expected To Arrive Home This Evening

ANDERSON

One of five Barksdale Field, La., fliers who perished Saturday when their medium bomber crashed 10 miles north of Shreveport, La., was Sgt. Marion Anderson, 22-year-old son of Mr. and Mrs. Melvin Anderson, of McDowell.

The plane crashed, five or six minutes after taking off from Barksdale Field and heading north. It struck a levee on the east bank of Red River, bounced across the stream, buried its nose in a sandbar and burned.

Body of the Floyd countian was the first to be identified. Five bodies were removed from the charred wreckage and a sixth was believed to have parachuted from the plane. Authorities at Barksdale Field did not state the cause of the crash.

Young Anderson had been in the air corps 10 months and was a tail gunner on a B-26 bomber. He recently wrote his parents at McDowell of his enthusiasm for flying and of his desire to get into "the real thing" against the enemy.

His body, escorted by Sgt. Richard A. Kenney, of Barksdale Field, will arrive here Thursday night, the Arnold Funeral Home has been notified, and from here will be taken to the Anderson home at McDowell where funeral rites will be conducted Friday. Funeral arrangements were not announced when THE TIMES was published.

### Cash Hardware Here Bought by Morell

Purchase of the Cash Hardware on Third street from Ray Howard was made Wednesday by the Morell Supply Company. Amount involved in the transaction was not stated.

The store, in operation here for several years, was opened this morning under Morell management and will continue to be operated at its present location at least temporarily.

Only the stock of merchandise was involved in the transaction.

### GRANT WALTERS' SCRAP DRIVE

Has already been started, with donation by J. T. Hughes, Allen, Ky., of two jalopies, complete. Others should round up old, dilapidated cars and get them into war production.

I buy all metals, rubber, even rags. See me at my yard on U.S. 23, seven miles south of Prestonsburg. (Adv.) GRANT WALTERS

### Improved Mail Service Offered Prestonsburg

The postoffice Department has the mail delivery system of Prestonsburg under survey and is determining if better facilities can be extended to residents of the town.

It is important that the people of Prestonsburg join, without further delay, the current drive to install mail boxes at homes and provide the correct house numbers for homes, it was said this week. These two things must be done before city delivery service can be rendered.

City delivery service, which can be given through this co-operation, will be a free service to all people of the community and will afford delivery to more houses than has been possible in the past. It also will eliminate the need for calling at the postoffice for mail, since deliveries will be arranged so that letters will be taken out for delivery as soon as possible after train arrivals, postal authorities said.

An urgent request for immediate co-operation in the matter of house numbering and installation of mail receptacles was made. The postmaster or the mail carrier will offer any assistance possible in this respect. "Whole-hearted response will be evidence to the postal authorities that Prestonsburg desires city-delivery service," it was stated.

### MARRIAGE LICENSES

Paul Raymond Hale, 21, West Prestonsburg, and Annette Powell, 17, Prestonsburg. James Holbrook, 25, Portsmouth, O., and Anna Mae Water, 21, Brainerd; married here April 1, 1943, the Rev. Wm. Dingus officiating.

### ADMINISTRATOR'S NOTICE

W. L. Bradford, admx., estate of W. L. Bradford. Will Shortridge, adm., estate of Willie Shortridge.

### GUARDIAN BONDS

Lillie S. Hackworth, gdn., of Juanita Hackworth, 4, Rhoda Fitch, gdn., of Martha, Kenneth and Jack Laferty. Dony Henderson, gdn., of Ruby, Brady, Susie Mae, Gladys, Franklin D., Charles Edgel, Ada, Erma and Johnie Henderson.

## Illness of Two Years Claims Martin Woman

An illness of two years ended Monday with the death at Martin of Mrs. Crissie Hamilton, 79 years old, widow of Nelson Hamilton, who died at Martin two years ago.

Mrs. Hamilton was a daughter of the late Isaac and Rhoda Flanery, and had many friends and relatives in this county. She is survived by six sons and daughters: Henry Hamilton, Albion, Mich.; Mrs. Betty Carroll, Martin; Mrs. Della Hall, Splash Dam, W. Va.; Mrs. Nannie Osborne, Printer; Duvall Hamilton, Orkney; Jeff Hamilton, of Oregon. The funeral was conducted Thursday at the graveside at Printer, the Rev. M. C. Wright, officiating, and burial was made under direction of the Ryan Funeral Home.

## THREE HELD IN SLAYING

### Of Miss Vanderpool At Bisbee, Arizona, Relatives Learn

While return of the body of 19-year-old Irma Mae Vanderpool was awaited by relatives here from Bisbee, Ariz., where she was slain last Saturday, detailed information telling of how she met her death was lacking.

Only the report received by Deputy Sheriff B. L. Sturgill from Sheriff I. V. Pruitt, of Bisbee, to the effect, that Miss Vanderpool had been slain and that two men and a woman had been jailed in connection with her death was definitely known. Body of the girl, a daughter of Mrs. Don Childers, West Prestonsburg, by a former marriage, was found Saturday night. She had died in a government-owned trailer, Sheriff Pruitt reported, but it was not learned how she met death.

Statement ascribed to the trio held in the slaying to the effect that Miss Vanderpool fell from a trailer hitched to their car indicated that she may have died of a blow on her head.

Held in the slaying were Paul Miller, of Michigan, and Russell Manville, government truckdrivers, and a woman whose name was given as Sarah Kilbury. The Arizona sheriff said circumstances were such he believed conviction of one of the men is highly probable.

## Prestonsburg Seniors To Present, Apr. 8, "Funzapoppin"

The senior class of Prestonsburg high school will present "Funzapoppin" Thursday, April 8, at the grade school auditorium at 8:07 p.m.

A musical comedy that is both snappy and spooky, the production will use a cast of nearly 40 high school students including chorus, as well as children from many of the grades. Proceeds of the play will be invested in a War Bond for the high school.

To boost the Bond, a Victory Baby (any pre-school child) contest will be carried on under the

## Floyd Meat Consumers Have the Points-- Now Inquire, 'Where's the Meat?'

Consumers began Monday morning paying points as well as money for meats, cheeses, fats and oils and canned fish under the nation's newest and largest wartime rationing program, but consumers here found no wide variety of meats on which to spend their red stamps and hard cash.

See Page 4 for chart of Point Values

"Two packages of sausage and some goose liver is our stock of meats," one grocer said Tuesday morning.

The dearth of meats exists in every dealer's shop in the community, and they were told it will be three weeks before they can expect to acquire normal supplies. Monday morning's receipts of meat shipments at stores here were larger than pre-ration shipments but this supply was quickly exhausted.

The weekly allotment of 16 points per person, represented by red stamps in War Ration Book Two, compares with an average weekly allotment of 12 points per person under the canned goods program. On a "per pound" basis, the point

## County-Wide Graduation Exercises To Be Held Here 7th Time, May 14

### P'BURG, UNANIMOUS CHOICE OF PRINCIPALS; 1943-44 SCHOOL TERM BEGINNINGS ARE VOTED EARLIER; 6-DAY PLAN IS NOT FAVORED

Despite gasoline rationing, the rubber shortage and other transportation handicaps, the seventh county-wide high school commencement exercises will be held here as usual, principals of the nine Floyd high schools decided Saturday.

The exercises will be held on the night of May 14, in the Prestonsburg gymnasium.

School buses may not be used, according to the Office of Defense Transportation to transport students to such events. The principals at their meeting here held, however, that private means of transportation will be adequate. A balance in the county high school annual fund will be made available to help defray transportation expenses, since the annual will not be published this year.

Prestonsburg was the unanimous choice of school principals for the graduation site after they had discussed the location with members of their senior classes.

The school heads also voted to move the beginning of the 1943-44

consolidated school term from September up to August 16, to provide an earlier end of the term next spring and thus enable students to give more early-season help on farms. Approval of their plan must be given by the Floyd County Board of Education before it is official. Superintendent Town Hall said the school principals did not approve of the six-day school-week plan adopted in some counties of the state.

Prestonsburg's grade school term opening is to be set by the City Board of Education.

The rural school term is expected to begin July 5, so that it will end around Jan. 1. These schools did not start their terms last year till July 21.

Earlier beginning of the rural school term will not only effect an economy in fuel but will also eliminate from the term weeks of bad weather and wretched traveling conditions which result in reduced attendance, Superintendent Hall explained.

## DAIRY RATINGS ANNOUNCED

### By Health Department; Five in "A" Class For 1942-43

The Floyd County Health Department last week announced dairy grades for Floyd county.

Permits issued for 1943 follow: Beaver Valley Dairy, Melvin, (A) raw milk; Mayo's Dairy, Prestonsburg, (A) raw milk; Music's Dairy, Little Paint, (A) raw milk; Valley View Dairy, Little Paint, (A) raw milk; Guyan Creamery, Huntington, W. Va., (A) pasteurized; Bill Adams, Right Middle Creek, (C) raw; Mrs. Jimmie George, Porter Addition, (C) raw; Green Hackworth, Bonanza, (C) buttermilk; Lillie Parker, Right Middle Creek, (C) raw; Frank Spradlin, Bonanza, (C) buttermilk.

Permits — applications pending 1943: Ed Banks, Bull Creek, (C) raw; Harry Burke, Bonanza, (C) raw; B. W. Craft, Bull Creek, (C) buttermilk; Cynthia Hatfield, Bull Creek, (C) buttermilk; Harry Willis, Bull Creek, (C) raw; Ad Warrix, Bull Creek, (C) raw.

Under state and local regulations regarding the production and sale of milk or milk products all persons desiring to engage in such work or business must make application for and procure a permit from the Floyd County Board of Health. Under a recent ruling no more permits for the production and delivery of Grade D raw milk or milk products can be issued, Dr. Marvin Ransdell, health department director, said.

In order to secure a permit to sell

## MINING TOWNS SHOW WAY

### As Other Communities Of County Lagging In Red Cross Drive

While failure of some communities to reach their quotas was requiring a continuation of the Red Cross war fund drive in the county beyond the March 31 deadline, the liberal response of mining communities was the subject of commendation this week.

At least six mining towns have already exceeded their quotas.

With a quota of \$75 the Sandy Valley Coal Company contributed \$175-\$100 by employees, \$75 by the company. The Stephens Elkhorn Fuel Corporation's quota was \$200, and the community raised its contribution to \$619, \$469 from officials and employees, \$150 from the company itself.

Although the drive at Wheelwright was not complete, that community already has reached the \$2,800 mark and expects to go to \$3,000. Wheelwright's quota is \$2,000.

Prestonsburg was one of the several communities below their quota.

Employees of Princess Elkhorn Coal Company at David have already endorsed the 1943 War Fund of the American Red Cross by contributing to Floyd chapter 100 per cent.

Said a company official: "It is a tribute to the awakening realization of the needs of the American Red Cross that within three weeks after the community of David was notified of the 1943 War Fund campaign, and a chairman for the drive appointed, each

hand, in pounds and ounces, as of March 1, 1943.

Amount of processed foods on hand, in pounds and ounces, during the month of March, 1943.

Blanks for reporting this information will be mailed to the merchants when received from the regional office. They may be returned to the board at Prestonsburg, by mail, postmarked not later than April 10, 1943.

The rationing board here especially emphasizes, Mr. Thomas said, the extreme value of War Ration Books 1 and 2, because of their immediate use in the purchase of foods and other necessities, as well as because of the added responsibilities of the board staff, and the limited supply of printing paper and labor. "The consumer is responsible for the books issued to him or her. It's going to be difficult to supply duplicates in the future, simply on request. Please keep this

## Surgical Dressing Work On Your 'Must' List, Mrs. Keenon Declares

"Housecleaning and Victory gardening must be done, but we must not forget that surgical dressings also must be made for the benefit of our wounded on the battlefronts," Mrs. Lillian Keenon, leader of the Red Cross surgical dressing work here, said this week.

After 25 persons from the Assembly of God Church, West Prestonsburg, had worked Tuesday night, Mrs. Keenon commented, "I don't know what we'd do without West Prestonsburg. We get other help, but these folks never fail."

One of the Tuesday evening group was a 78-year-old man who has two sons in the army, one in foreign service, and a grandson in the navy.

## MANTON ROAD WORK SEEN

### Highway Department Promises Surfacing; Survey Is Talked

Surfacing this year of the Stephens Branch road leading to Manton, the mining town of the Stephens Elkhorn Fuel Company and its mud-bound population of approximately 500 persons, was promised in a letter received recently by County Judge E. P. Hill from the State Highway Department.

This work will be done, the Department indicated, if right-of-way sufficient to the operation of a steam shovel is procured. Judge Hill said sufficient right-of-way had already been acquired.

Promised surfacing is expected to be of crushed stone.

It also was said this week that federal engineers will make a survey of the Stephens Branch route.

The highway department letter promised as one of the first operations in the county this spring that of clearing highways of landslides and the cleaning of ditches.

## BROWN GIVEN LIFE SENTENCE

### Floyd Physicians Appear To Testify In Lawrence Trial

Despite testimony of two Prestonsburg physicians who said they believed the defendant was temporarily deranged when he shot and killed Harry Akers on George's Creek, Lawrence county, last October, Dan G. Brown, 56-year-old Loss Creek farmer, was given a life pen term by a Lawrence county circuit court jury at Louisa last Saturday.

Dr. O. T. Stephens and Dr. D. H. Daniel, of Prestonsburg, concurred in stating they believed Brown temporarily insane, and Mrs. Angie Preston, who taught the Sunday School class of which Brown was secretary, testified that after his son, Junior Brown, was killed in August, 1941, the defendant stopped attending church. "Before then," she added, "he attended regularly."

The comely wife of Brown asserted that he had acted queer since the night in August, 1941, when their son, Junior, was killed from ambush.

It was for the killing of young Brown, Sheriff Arch Thompson had testified for the state, that Brown said in his confession he had slain the 28-year-old Akers.

Junior Brown and Akers both were killed from ambush—Brown dying after he alighted from his car to remove a branch from the highway. Akers was shot as he chatted with members of his family at the home of his mother, Mrs.

## Pre-Easter Services Here are Announced

The Rev. W. B. Garriott, pastor of the Methodist Church, announced this week that he will preach each evening during the week preceding Easter, and that on Good Friday, April 23, a service will be conducted at the church in which all other churches of the community are invited to join. Arrangements have been made for the closing of Prestonsburg business places during the Good Friday service and for attendance of school children, the pastor said.

## 31 TEACHERS IN FLOYD-CO. ARE ELIGIBLE

### Under New Legislation Providing Lifetime Teacher Contracts

Thirty-one Floyd county teachers qualified under the 1942 teacher-tenure act which for the first time went into full effect Wednesday of this week, County Superintendent Town Hall announced.

The number eligible for these continuing contracts was cut down by failure of many teachers to continue in the profession during the current school year. The law provides that all qualified teachers now under contract for the fourth consecutive year of teaching service shall receive contracts which may be terminated only by their resignation, retirement or failure to perform their teaching duties. Teachers may be removed from the payroll only through hearing of complaints filed against them.

School superintendents and principals are not issued such continuing contracts under the present law.

"The law now offers the qualified teacher permanent employment, but it does not make teaching a sinecure," Superintendent Hall pointed out this week. "She must do her work well."

Names of the 31 Floyd teachers eligible for continuing contracts, some of which have already been signed by the teachers and the remainder of which are at the Superintendent's office awaiting their signatures follow (addresses given indicate school to which the teacher was assigned during the 1942-43 term):

- Mary E. Clarke, Auxler; Eva S. Wakeland, Wayland; Hettie L. Triplett, Auxler; Frances A. Turner, Wheelwright; Dixie Tackett, Melvin; Elsie Stephens, Allen; Zettie Elliott Snyder, Fed; Wade Sloan, Fed; Walter Price, Wheelwright; Anna Peters, Martin; Elsie J. Patrick, Maytown; Lucretia Osborne, Maytown; Dixie Adams Neeley, Myrtle; Opal S. May, Allen; Audrey S. Martin, Garrett-Wayland; Jo Allyn Howell, Harold; Angeline George, Betsy Layne; Emma Goble, Auxler; Myrtle Franklin, Wheelwright; Mildred R. Hall, Wayland; Ann S. England, McDowell; Jesse Elliott, county band instructor; Georgia Salsbury Davis, Hunter; Raymond Cooley, Dwale; Grace Conley, Bonanza; Columbus Compton, Stephens Branch; Norcie Triplett Brown, Jane R. Combs, Gerald Leslie, Mae K. Roberts, Minnie Grace Sutherland; all of Prestonsburg.

The 1942 law also guarantees restoration of their teaching positions after the war to men and women inducted into the armed services.

"Qualified teachers now working under continuing contracts," said Superintendent of Public Instruction John W. Brooker, "would do well to think twice before they quit to take temporary jobs paying more. Under the tenure law, they are guaranteed a life job until they re-

## FLOYD YOUTH, HURT VICTIM

### Meningitis Develops Following Injury In Baltimore

Meningitis said to have developed from a head injury sustained while an employe of the Bethlehem Fairfield shipyard, Baltimore, Md., resulted in the death Thursday, last week, at Johns Hopkins hospital, Baltimore, of Raymond Allen, 20 years old, son of C. S. (Sep) Allen, of Printer, this county.

He had been ill three weeks. He was a young man of splendid character and had many friends and relatives in this section.

Besides his father he is survived by four brothers and five sisters: Mrs. Lula Salsbury, Mrs. Julia B. Hall, Wilson Allen, Mrs. Louisa McGlothen, Pauline, Bonnie, C. S., Jr., and Felix Allen, all of Printer, and Frank Allen, of the U. S. army.

The body was returned to the Allen home at Printer where funeral rites were conducted Sunday afternoon, the Rev. Isaac Stratton officiating. Burial was made in the family cemetery under direction of the Ryan Funeral Home.

## CONTROL CAN DO WHAT PROHIBITION CAN'T!

THE OLD JUDGE SAYS...

"I was just tellin' my brother Fred this morning, Judge...there's never been a time in our lives when we got to live up to that old sayin' 'United we stand, divided we fall' more than we have to today."

"How true that is, Herb. And for the life of me, I can't figure out why, at a time like this, some folks insist on raising a question like prohibition. I can't imagine anything that would tickle our enemies more than to get us folks over here taking sides

against each other, arguing about an issue like that. We've got a he-man's job on our hands to win this war and we can't be wasting our minds, our money and our strength fighting about something we tried for nearly 14 years and found couldn't work."

"I say there's a time and a place for everything, and this is no time or place to be doing any fightin' except the kind that's going to win the war."

A "welcome home party" was given Pvt. Chester Daniels, who returned home from the U. S. army with an honorable discharge because of illness, last Saturday night at his home here by his parents, Mr. and Mrs. Clayton Daniels.

Miss Nadine Belcher, of Betsy Layne, celebrated her seventh birthday anniversary by enjoying a party given by her parents, Mr. and Mrs. Ned Belcher.

Cpl. Jesse Elliott, of the U. S. army, was recently a visitor here. Before his induction into the service he was Floyd county high school band instructor. He spent a ten-day furlough here with friends and relatives. He visited the high school here and led the group in a Victory march around the community.

Pvt. "Butch" Reed, of the U. S. army, was home from camp last week for 10 days' leave to visit friends and relatives.

## HUNTER

Pfc. Oliver Williamson, of Camp Gordon Johnston, Fla., is home on furlough, due to the illness of his wife.

Mrs. B. N. Smith, of West Prestonsburg, is visiting her daughter, Mrs. Henry Skeans, here for a few days.

Pfc. and Mrs. Oliver Williamson are the parents of a 10-pound daughter, born March 25. The babe has been christened Olivia Rose. Mrs. Williamson is the former Miss Audrey Mae Skeans. Mother and babe are doing nicely.

Mrs. Ferrell Williamson, of Betsy Layne, was here Sunday.

Mrs. Randolph Hunt and Mrs. B. B. Salisbury were the Sunday guests of Mrs. Fred Cochrane.

## THE MAY ACT

Editor, The Times:  
There is not a mother or wife who sends her beloved son or husband to the fighting forces who does not within her innermost being fear the dreadful menace of prostitution which is enveloping all military areas. In this section the problem has not assumed immense dimensions, but enough is known to make a heart ache and wonder, "Will my boy be caught in the maelstrom?"

After talking with many citizens I found they shared my viewpoint that the federal government should have some law and see that it was enforced in handling this social evil. It was with this idea in mind that I interviewed Congressman A. J. May when he was home from Washington this week. I felt surely he would know the proper steps to take.

I had only to utter the word, "prostitution," before he said, "I have the answer to that. Enforce the MAY ACT, a law passed by Congress in April, 1941, which I sponsored. This law adequately deals with the problem. It leaves its enforcement up to the Army and Navy Departments. That it has not been enforced is adequately brought out in a recent article by Surgeon General Parran of the U. S. Army who criticized fully the War Department for neglecting the enforcement of the May Act. It provides for quarantining, segregating and instituting a rehabilitation program for prostitutes in military areas. In one section in Tennessee the law was enforced rigidly in 29 counties with remarkable success. The law provides for complete co-operation between military police and local officials. After the recent report on Norfolk discussed in The Mercury, the army took action in Norfolk with results."

It would seem then that the solution of this curse of our society is to be found in making the evils so clearly outlined to the military and local authorities that subsequent enforcement of the May Act must result. I wish to express to Congressman May appreciation on the part of many women of Floyd county for his wholehearted interest and effort in solving this problem. If others will back Mr. May up and help put pressure where it will do some good, i. e., in areas where there are organizations who can demand action and will, there is bound to follow improvement.

## A CHALLENGE TO MOTHERS

Editor, The Times:  
I wonder if all our Floyd county mothers read the letter from the lieutenant who so miraculously escaped death "In the Wilds of Nowhere, the Land of Death and Destruction."

To me this is a challenge to all our mothers—those dear men and boys there shedding their blood for our freedom. What are we doing about it? They are pleading for our prayers. May God help us to ever hold them up with our fervent prayers. How true it is—God will turn His face from us if we neglect prayer.

Floyd county needs more prayers; America needs prayer. May God help us to pray as never before.

## IN REPLY TO MRS. FORD

Editor, The Times:  
This letter is written by three young women whose husbands are now in the armed services. We feel offended by Mrs. W. J. Ford's recent letter in regard to the surgical dressing room. We have been going to Red Cross surgical dressing class ever since it started and have felt that in our small way we are contributing something that might help our husbands in this fight. However, some people seem to think of it as a fashion parade. If bird's-eye diaper head-dresses and smocks made from bleached-out feed sacks pinned together with that insignia of social standing, the Safety Pin, can be considered fashionable, then we certainly are in fashion. Of course there are a few of us who use a piece of an old kitchen curtain for a head-dress and all of the so-called socialites wear faded last-summer dresses. "Just so they're clean," Mrs. Keenon tells us.

It's very evident from Mrs. Ford's letter that she had never been to the Red Cross room where the surgical dressings are made, and therefore knows nothing about the class of people that attend or the work that is done there. She reveals her lack of knowledge when she questions the necessity of covering the head in the flowing head-dresses she refers to. Mrs. Ford evidently doesn't realize that one fallen hair or loose thread in the surgical dressing could prevent the healing of a wound and thereby cost the life of an American soldier. Mrs. Ford's suggestion that the dressings could be made at home is both impractical and impossible for reasons too numerous to mention. Those of you who have attended the surgical dressing room well know this.

The number of dressings produced daily testify to the congenial and workable atmosphere there. It is impossible to believe that an air of condescension and superiority was ever felt or shown there. The members of the Prestonsburg Kiwanis Club did not make dressings because the women had fallen down on the job but because they were prompted by their own patriotic desire to do something.

It occurs to us that one who

would let a little thing like fashion keep her from making dressings to be used on the wounds of our boys, who are giving their all, just doesn't care or they do not have anyone in the service for whom they wish to give aid. We girls are proud that we can say we spent the evening making surgical dressings; we are only sorry that we can't give more time. Of course, we have men in the service. But what of those who don't have men in the service? Ask Mrs. Frances Bowling, whose son was listed as the first Floyd county casualty at Pearl Harbor. Her son was killed long before a surgical dressing room was ever organized, yet she has been one of our most constant helpers. Do you think she would let a little thing like fashion keep her from her duty? No. Almost every night she is there in her clean wash dress doing her bit. . . . what for? She has only memories to work for, yet she is doing your job and mine! Yes, she too wears a fraternity pin, a well earned one, the fraternity pin of the American housewife, the Safety Pin. There are also many other women who are among the most constant helpers who do not have anyone in their immediate families in the service, yet they have no feeling of giving something for nothing. Every night untiringly they spend two or three hours making surgical dressings along with the rest of us who have loved ones in the service. Are we thinking of our looks or social distinction? NO, because we know that the boys in those fox-holes in far-off Africa won't be thinking of social distinction; they'll be needing those dressings more than we can make. So why should we stop to quibble about what we wear? We have all got a job to do—let's do it and after it is all over we can talk about our petty differences. We, the young War Brides of this community, are very much in earnest about our Red Cross work. Though it may be only a drop in a very large bucket, we aren't going to be discouraged, not when we have the backing of such courageous people as Mrs. Frances Bowling and our leader, Mrs. Keenon, who through the entire winter has had arthritis so badly that every move is an effort, yet she keeps pushing us on, guiding and leading us, and she has no son in the service.

We are just wondering if those boys on Bataan were thinking of fashion and fraternal orders when their blood was spilled for liberty.

Mrs. Ford and her friends may not have benefitted personally from the Red Cross, but statistics show that thousands of dollars have been spent in Wayland and vicinity by the Red Cross aiding flood-stricken families there. If you wish a verification of this statement, call upon the Red Cross chairman in Prestonsburg.

Certainly in these times we should put aside petty envy, jealousies and criticisms and unite our efforts; so, Mrs. Ford, we extend to you and your friends an invitation to join the great fraternal order of the American Red Cross surgical dressing class. Just bring your clean house dresses, your head-dresses and don't forget your safety pins, and we will all work together to a brighter and—may God grant—a quicker victory.

## LAUDS JUDGE HILL

Editor, The Times:  
I am a native of West Virginia, well-known as a gospel minister in your county and other portions of Kentucky. A native of your county, W. E. Meade, moved to this section of the country last fall, and lived close to my home. He has recently received a copy of your good paper, and from it learned what your County Judge, the Hon. Eddie P. Hill has done and is doing with the roadhouses, beer gardens and dance spots, and all such dens of infamy, in Floyd county.

Bro. Meade and I both desire to express through the columns of your paper our appreciation of the Hon. Hill's work, and also to commend you as editor of THE TIMES for giving Mr. Hill's efforts toward protection of decent society the publicity they so richly deserve.

It is our opinion that such a man, and such efforts as he has made, should receive the whole-hearted support of every family in his county, and that every voter should feel himself exalted and happy to have the privilege of supporting such a judge. We fervently hope that Mr. Hill will be called to the judgeship of Floyd county again, and yet again, and that he may be rewarded with the admiration, praise and goodwill of the county while he strives to make it a clean and respectable place for God-fearing men and women to bring up their children.

The schools, churches, and all kinds of social organizations will flourish if the youth can be protected from the slimy coils of the serpent that winds itself around such pitfalls of virtue as mentioned in this letter, and of which your Judge Hill appears to be a foe. May he live long and live gloriously with the confidence and support of all of Floyd county's fine people, is our sincere wish.

## WHY CRITICISE THE UNIONS?

Editor, The Times:  
For some time ye scribe has been absent from the columns of THE TIMES. However, I am sure that my other reader can readily see that the quality of the reading material hasn't deteriorated any due to my absence.

There is something on my chest this week that I want to get off and, like the average American, I shall write to my paper, THE TIMES. What about all this criticism of the trade union movement in this country coming from the members of the Fourth Estate? Is it justified and are the unions all the things they say we are and is that shrinking violet of a man, John L. Lewis, guilty of all the crimes that have been laid at his door?

The Times, recently, along with thousands of other weekly and daily periodicals, came out with a blistering condemnation of Mr. Lewis because in some way he was supposedly the cause of the recent strike in the anthracite coal region.

Did the editor of THE TIMES know that ballots were distributed to every Local Union in the jurisdiction of the U.M.W. of A., asking the membership whether or not to increase the dues? And did the editor know that the membership voted by a margin of four and one-half to one to increase the fees fifty cents per month? And did the editor know that in the region where the strike occurred that one district where the strike took place had voted to increase their dues?

The truth of the matter is that every district and international Union official of the U.M.W.A. in the hard coal region advised strongly against any strike action and did all in their power to prevent said strike. And I think it would be a good idea for those in charge of anti-sabotage work to closely investigate just who inspired the action that brought about the strike instead of trying to lay the blame on Mr. Lewis, who did all in his power to prevent that strike.

Again next week, a time will arrive when every coal miner who is a member of his Union will expect a new contract and again the press is trying to inspire the belief that a great big "bugger man" whose name happens to be Lewis will, somehow, go around and frighten the coal miner so badly on March 31 that he will not report for work on the first day of April.

One cannot but wonder if the public at large is so gullible as to believe that one man could cause united action on the part of six hundred thousand miners unless the miners themselves were well satisfied with the action of said "bugger man" Lewis.

It is the belief of this writer that every top official in the capital of our nation knows that, unless a contract is signed, the coal miners will not report for work on April 1. And so far nothing has been done about it.

It is also my belief that every responsible official knows that the so-called price ceiling has been punctured so full of holes that there is no comparison with the cost of living as to what it was two years ago when our present contract was made.

Furthermore, they tell us we absolutely cannot have any increase in wages and at the same time Congress tells those who make over \$25,000 dollars a year to go ahead and make all they can. Why discriminate between the man who works for wages and the big executives of this country?

I think the most interesting dispatch that has come back from the African front was one recently sent back by Ernie Pyle. He was talking to a young soldier who was a member of a union and he frankly told Mr. Pyle that he still believed in his union and its principles and was still proud of its membership, even though he was on the front line, and ended up by asking what Mr. Westbrook Pegler would think of that.

Ye scribe thinks that every soldier, and there are seventy thousand of them from the ranks of the U.M.W.A., wants to find his union intact when he comes home and we are trying to keep it that way for them in spite of the many things that are said about us.

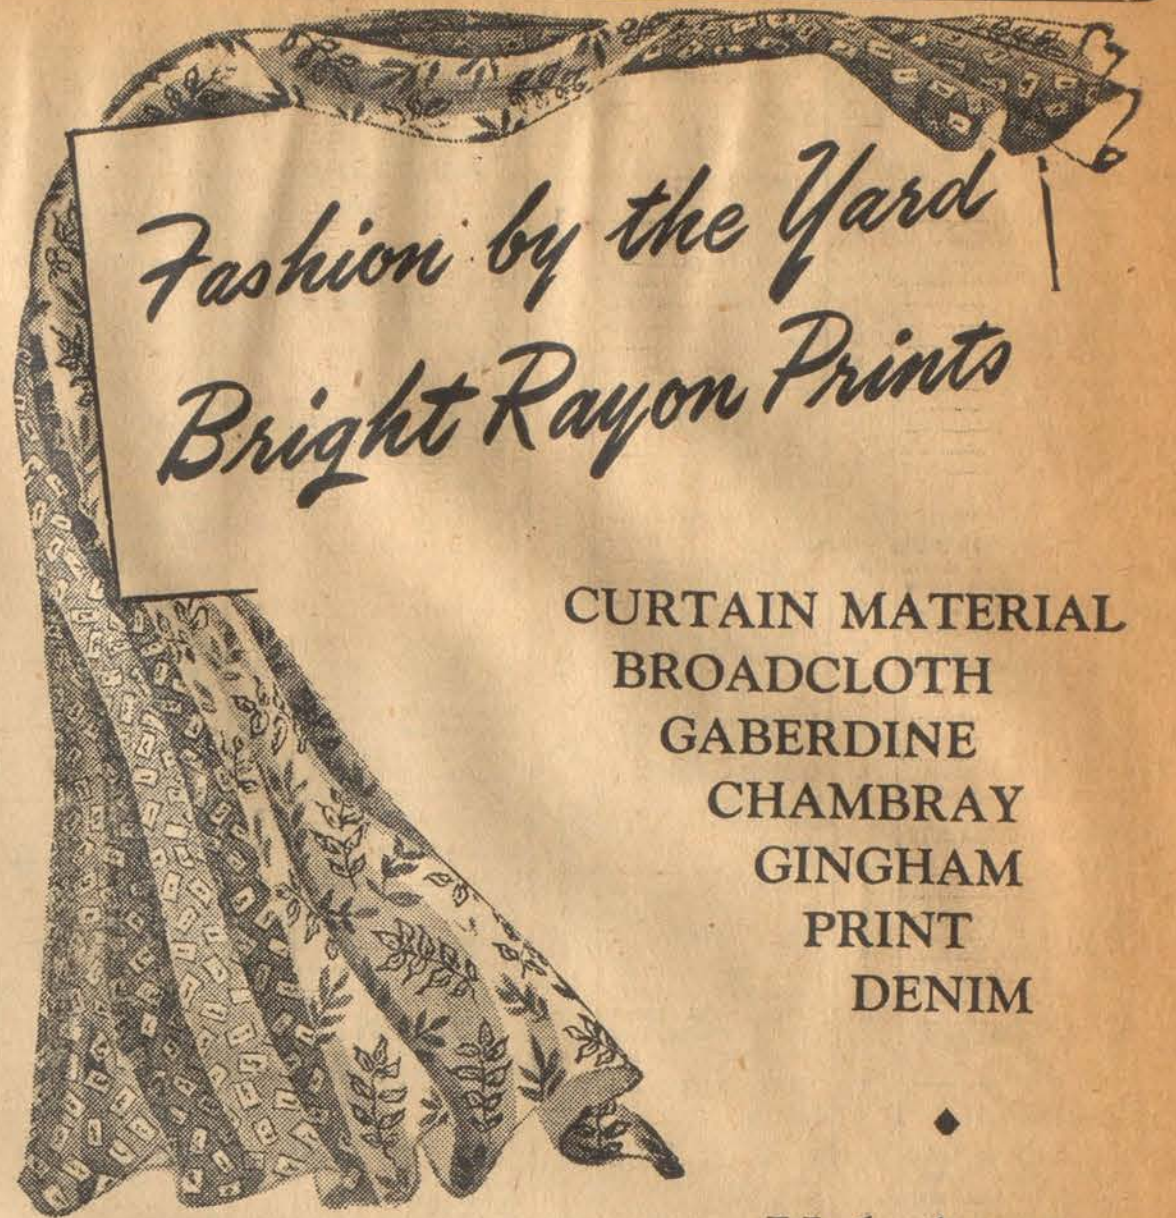

In conclusion let me say that I know not just what kind of organization the members of the Fourth Estate have. I know not whether they hold conventions, but if they do I strongly advise that they hold a short prayer and pray earnestly for a man of the type and caliber of the late Heywood Brown who was ever on the side of the under dog and could get people to read and understand their problems.

## LET'S TAKE RATIONING ON THE CHIN

Editor, The Times:  
Rationing is one of the finest and most democratic measures ever attempted by our country. I am for it 100 per cent, and I think those individuals who resent it are either ignorant and thoughtless or unpatriotic. To divide materials equally among everybody, old and young, rich and poor, is the first lesson in the principles for which the United States of America was founded—equal rights for all.

complaint throughout the years is traceable to the very human cry against inequality. So let's take our share of sugar and gasoline and canned goods and whatever comes to be necessary to ration, knowing that by having our share, and no more, guarantees that our neighbor will also have what he is entitled to have.

Don't find fault with your rationing board or the persons working in the office. They are merely carrying out the plan according to prescribed regulations and are ready and willing to serve us without cost. If you will learn more about the plan you will see that it is just and fair.

England has her Food Administrator. Germany had hers until recently when his cruel and inhuman treatment of civilians became unbearable, then Hitler fired him and put in Fischboeck, ex-member of the board of the Austrian National Bank. Is rationing new or is it recorded in history? There can be no doubt that rationing could have been used to advantage in the days of Pharaoh. Please read Genesis 12:10. There is revealed the first need for rationing. No use of me relating other occasions down thru the countless procession of forgotten centuries, because the task at hand is winning the war and this can be accelerated by a united effort.

of the employees at the mine had made a voluntary contribution to the cause. The amount given by the employees was \$250, and an equal amount was contributed by the coal company, making the total contribution tally \$500, which exceeded the quota of \$200. This amount was sent to the county chairman, March 17.

"Congratulations are due members of Local Union No. 7788 at David, as these men contributed the major portion of the \$250 given by the employees, and they are to be praised for the splendid spirit of co-operation and endeavor they displayed in co-operation with the various individuals who were given the responsibility for organizing and carrying out the drive. Such spirit should go far toward helping fulfill the quota assigned to Floyd county in this Red Cross campaign," stated company officials this week.

With only 22 employees on their payroll, the Sizemore Mining Corporation at Drift reports that, to date, they have contributed a total of \$212 and have set a goal of \$220 in order to make an average of \$10 per man. Commending their employees, Sizemore officials said, "We wish to thank each of our employees for the fine spirit of co-operation they have shown in this drive, and the men personally hope it will be an inspiration to other workers that they may contribute as we have done in this great cause."

The community of Banner, the Rev. Isaac Stratton, local committee chairman, reported, with a quota of \$50, has gone "over the top" with the sum of \$57. Red Cross officials here stated that Bonanza had reported contributions amounting to \$13, and Prestonsburg, with a quota of \$3,000, was still \$1,000 short of its goal.

By virtue of a judgment and or-  
 der of sale of the Floyd Circuit  
 Court rendered and entered at the  
 October term, 1942, in the above  
 styled cause I shall proceed to offer  
 for sale at the Courthouse door in  
 Prestonsburg, Kentucky, to the  
 highest and best bidder, at public  
 auction, on the 5th day of April,  
 1943, at 1 o'clock, p. m., same being  
 the first day of the regular term of  
 the Floyd County Court, upon a  
 credit of six months, the following  
 described property, to-wit:

FIRST TRACT: Situated on  
 Big Mud Creek in Floyd county,  
 Ky., containing forty-four (44)  
 acres, more or less, and being  
 the same land conveyed to Fran-  
 cis Tackett by unrecorded Com-  
 missioner's Deed, bearing date  
 the day of \_\_\_\_\_, 1939,  
 and being Lot No. Five (5) in  
 the division of the estate of  
 John M. Hall, deceased, as more  
 fully shown on map of record in  
 the Floyd Circuit Court Clerk's  
 office, to which reference is made  
 for a more definite description.

TRACT TWO: Beginning at the  
 mouth of a small ravine south  
 86 degrees, 30 minutes east 245  
 feet to a beech on the hillside  
 south 84 degrees 35 minutes east  
 375 feet to a black oak on a  
 point thence running up the  
 point south 60 degrees 40 min-  
 utes east 140 feet to an "X" on  
 a rock south 70 degrees 35 min-  
 utes east 165 feet to a black oak  
 on top of a point, a corner to  
 Jonah Isaac's land, south 9 de-  
 grees 10 minutes east 397 feet  
 to a black oak tree on the ridge  
 south 15 degrees 10 minutes

**Mrs Mandt To Lead Floyd Fund Drive For Cripples' Aid**

"As the work of the Kentucky So-  
 ciety for Crippled Children and  
 the Crippled Children Commission  
 becomes known each successive  
 year, less uncertainty exists in the  
 mind of the public as to just why  
 it is necessary for the Society to put  
 on an Easter fund-raising drive so  
 soon after the infantile paralysis  
 drive which always culminates with  
 the President's Birthday Bails," said  
 Neil Dalton, Louisville, again acting  
 as chairman for the state.

"However, for the information of  
 newcomers to Kentucky who may not  
 be familiar with the campaign, a  
 word of explanation is indicated,"  
 Mr. Dalton said. "The January  
 campaign is for polio cases only,  
 about 20 per cent of the state's cr-  
 ipples. Half of the money raised is  
 administered in Kentucky by the  
 Commission, as official state agency.  
 The other half must go to New  
 York for research.

"The annual Easter drive of the  
 Kentucky Society for Crippled Chil-  
 dren is Kentucky's own drive for all  
 crippled children. It is conducted  
 by men and women who volunteer  
 their services all through the year,  
 and the money raised stays right  
 here.

"The dates set for the campaign  
 are April 10 through April 25, and  
 the quota is \$40,000. Coming as it  
 does, at a time when all of us are  
 financially overburdened, the drive  
 will occasion some self-sacrifice in  
 most instances, but there are 4,779  
 youngsters on the Commission's  
 waiting list, many of them requir-  
 ing immediate attention. This is a  
 challenge that must be met, for that  
 is the American way."

As in former campaigns, the state  
 will be divided into districts, and  
 local chairmen have already been  
 appointed in most sections. Mrs.  
 Ambrose Mandt will act as chair-  
 man for Floyd county.

Transportation difficulties will  
 make it necessary to rely largely on  
 the mails in the soliciting of mem-  
 berships. Sheets of a hundred East-  
 er Seals at a penny each will also  
 be mailed throughout the state  
 about the middle of April.

A GOOD WORD

By the REV. W. B. GARRIOTT, Pastor, Prestonsburg Methodist Church

We could speak at length about the passion which possessed the prophets, the apostles and many others down through the years but it is not enough to note the effects on others. To hear the truth is good but to apply it to ourselves is better.

One of the most striking things ever said of Jesus was spoken by the author of the Acts of the Apostles: "The former treats me I made, O Theophilus, of all that Jesus began to do and to teach." Here the spotlight is turned on one who practiced—and then preached or taught.

Mr. Moody once heard some one say, "It is to be seen what God can do with a man who will let him have his way with him." Mr. Moody considered the statement, studied the cost and then made the resolve, "There shall be one man completely consecrated to show the world what God can do with a soul entirely given up to His service." Robert Southall Freeman, in his notable biography of Robert E. Lee, says that no one would hesitate in selecting this one incident to typify Lee's message as a man to his countrymen. It had occurred in Northern Virginia, probably on his last visit there. A young mother brought her baby to him for his blessing. He took the infant in his arms and looked at it and then at her and slowly said, "Teach him he must deny himself." In no other way is found great character and in no other way is found great Christian character.

It was said of George Whitefield, that in the early part of his life he was very unsettled about his religious life but finally to find a better way he wore patched clothing, ate coarse food, prayed under the trees far into the winter nights in such agony of soul that great sweat ran down his face and one time he said, "I almost fasted myself to death." He longed to be and became one of the world's greatest evangelists. He paid the price and won the victory. It is said that Franklin went to hear him one night when he was speaking in the interest of an orphan's home. Franklin had declared that he was not going to give anything to the orphanage. After listening a few minutes he decided he would give his pennies, then his silver, but finally he emptied his pockets, even of all his gold.

In 34 years Whitefield crossed the Atlantic 13 times and preached 18,000 sermons. Literally thousands were converted under his ministry. He preached his last sermon at Newburyport on Sunday morning on the subject of "Faith and Works" and with far-carrying tones he cried, "Works, works! a man gets to heaven by works! I would as soon think of climbing to the moon on a rope of sand!" His voice began to fail, but he said, "I go to my everlasting rest, my sun has risen, shone and is setting. Nay, it is about to rise and shine forever. I have not lived in vain, and though I could live to preach Christ a thousand years, I die to be with him, which to me is far better." He was to have preached again that night, but was unable. He took his candle to go up to bed, but midway on the outside stairs he paused with his candle in his hand. Answering the importunity of the people, he spoke with the passion of his Lord until his candle had burned to its socket and gone out. What happened next morning is expressed in the following words:

"Just as the sun in all his state illumined the eastern skies He passed through glory's morning gate And walked in paradise."

It is not a surprise to know that on the marble cenotaph above his sleeping dust is inscribed, "as a soldier of the cross, humble, devout, ardent, he put on the whole armor of God, preferring the honor of Christ to his own interest, repose, reputation or life."

If we could ask him I am sure he would tell us, he paid a great price but the rewards justified it. Presence of Methane in Floyd Mine Noted by Federal Inspectors

Federal coal mine inspectors have recommended better ventilation, safer blasting, and stricter enforcement of a no-smoking rule underground to help minimize hazards resulting from the liberation of methane, an explosive gas, in the Auxier No. 7 mine of the North-East Coal Company at Auxier.

Rated gassy by the Kentucky Department of Mines, the 900-ton-a-day mine was liberating methane when visited by two federal mine inspectors last fall, according to a report which Dr. R. R. Sayers, director of the Bureau of Mines, transmitted to Secretary of the Interior Harold L. Ickes.

The inspectors noted sufficient air in several working places to insure the effective dilution of gases and they offered a number of recommendations to improve the system of ventilation. One air sample contained 1.10 percent methane and was deficient in oxygen, according to the report.

The use of black powder stemmed with coal dust for blasting rock, and evidences of smoking underground were serious ignition hazards, the report said. Considerable difficulty was experienced in this mine about five years ago in extinguishing a fire which resulted from blasting with black powder, the inspectors were informed. They urged exclusive use of permissible explosives, fired permissibly and stemmed with incombustible material.

Ignition possibilities should be minimized further by restricting the operation of non-permissible electrical equipment to pure intake air and by discontinuing the use of electric locomotives in making pre-shift examinations of the mine, the report advised, also suggesting that portable blower fans be removed from underground since they tend to re-circulate air.

A number of recommendations were offered to help curb disabling injuries in the mine which, according to company figures, had 28 lost-time accidents, including one death, during 1941 compared with only 11 lost-time accidents in 1940. The mine has 240 employees. Additional supervision and stricter enforcement of safety rules are essential in accident-prevention at this mine, the inspectors said. The establishment of a safety organization, headed by a full-time safety inspector, with joint monthly meetings of employees and officials, also was suggested.

To correct hazards observed during their visit, the Bureau representatives advocated the use of safety posts at the working faces to give workmen more protection from possible falls of rock and coal and the elimination of several unsafe haulage conditions and practices such as brakemen running ahead of moving trips and coupling cars in motion, poor methods of blocking standing cars, and inadequate clearance along roadways. He also urged that all workmen wear protective hats and safety shoes and that all haulage employes wear snug-fitting clothes in the interest of safety.

While some places in the mines were naturally wet, the report suggested that rock dust be distributed in dry areas to lower the combustible content of the coal dust.

Subsequent to the inspection, a number of safety improvements were made in and around the tipples, the Bureau was informed. The mine inspection was made by Albion V. Paul and Harvey P. Landis.

Slaughterers, Dealers Must Have Permits After March 31

Farmers, dealers, and agents who contemplate the sale, purchase or slaughter of livestock or sale of meat from farm-slaughtered livestock after March 31 must obtain a slaughter or dealer permit from their USDA war board.

Only exemptions to the regulations found in Food Distribution Orders 26 and 27 which have been enacted to stop black market practice of meat and to assure an equitable supply and distribution are cases where farmers slaughter for home consumption only and farmers or bona fide producers who are engaged in dairy, wool, or meat production or in breeding, feeding or finishing livestock and who keep such livestock 30 days or more are not required to obtain a permit but must keep records concerning the weights, heads, and prices of livestock as well as the purchasers or sellers.

In most cases, slaughter quotas will be established by the county USDA war boards. These quotas will be based on information concerning the slaughter of meat during 1941. Slaughterers who apply for permits should have available all records of 1941 livestock slaughter.

# FLOYD COUNTY GOES TO WAR

Where Floyd Countians in Armed Forces Are, What They're Doing

CRISP REFFITT OSBORNE WALLEN

**Staff Sergeant James Crisp, 24**, son of Mrs. Florence Crisp, of Martin, is in the medical corps at Camp Mackall, N. C., having recently been transferred there from Ft. Bragg, N. C. He was graduated from Martin high school and Western Kentucky Teachers' College, Bowling Green.

**Cpl. Edwin P. Reffitt, son of Mr. and Mrs. Wm. Reffitt, formerly of Haysville but now residents of MacArthur, O.**, is now with the army air forces operating somewhere in the Middle East. Assistant crew chief of ground forces, he spends considerable time flying with the plane to which he is assigned.

**Albert E. Osborne, Jr., 24, son of Mr. and Mrs. A. B. Osborne, of Martin**, was recently promoted to the rating of corporal at Aberdeen Proving Grounds, Maryland, where he is in the land air corps. He formerly was bookkeeper for the Martin General Hospital, Martin.

Recovering at Ft. Bliss, Texas from an attack of spinal meningitis is **Pvt. Myrtle Wallen, of Prestonsburg**, writes Col. H. L. Conners, of the Ft. Bliss medical corps. His wife, Mrs. Myrtle Wallen, resides here.

Youngest petty officer aboard his ship is **Clyde Owen Burchett, son of Clyde O. and Grace M. Burchett, formerly of Prestonsburg**. Twenty-one years old Sunday, he is machinist mate second class aboard a cargo vessel, somewhere in Pacific waters.

**Sgt. Teamus Bowling, Wayland, March 13**, successfully completed the flexible aerial gunnery course at the Army Air Forces Gunnery School, Laredo, Texas.

Upon graduation, he was promoted to his present rank and received the coveted Aerial Gunnery Wings. He is now eligible to take his important position as a member of the Army Air Forces combat crew.

Three more Floyd county men are in the navy now. They reported to the U. S. Naval Training Station, Great Lakes, Ill., last week to begin recruit training. Upon graduation they will be given a nine-day leave after which they may be assigned to one of the navy's trade school to learn a specialized skill or be sent to active duty at sea.

They are: **Howard Hall, 17, son of Mrs. Epp Laferty, Prestonsburg; Gomer R. Martin, 20, son of Mr. and Mrs. G. R. Martin, Drift; James E. Adams, 20, son of Mrs. Della Beverly, Drift.**

**Eugene Cline, 19, Prestonsburg**, has been enrolled in a 16-week course for quartermaster at the service school of the U. S. Naval Training Station at Great Lakes, Ill. Upon completing the course he may be promoted to a petty officer rating and be assigned to active duty with the fleet or at a shore station.

Eugene has a brother, **Mont**, who is also in the navy. They are sons of Mrs. Ellen Roop, of Johns Creek.

**Henry Harold Wright, son of Mr. and Mrs. Henry Wright, West Prestonsburg**, has received his second promotion in rating with the army air corps at Geiger Field, Wash., this month. After being advanced to a private first class rating, he soon was promoted to that of corporal. A graduate of Prestonsburg high school, he enlisted in the air corps Nov. 30, last.

Miss **Bess Stephens, Prestonsburg**, and Miss **Mabel L. Wells, of Auxier**, have been selected to attend WAAC Branch No. 3, Army Administration Schools, at the Arkansas State Teachers' College, Conway, Ark. Both will be trained thoroughly in all aspects of army administration by competent officers, many of whom have had practical experience with field forces. At the conclusion of the intensive six weeks' course, they will be assigned to duty with a specific headquarters unit of the army.

They were enrolled in the WAAC'S Jan. 28 at Cincinnati, and received recruit training at Ft. Oglethorpe, Georgia.

**Aviation Cadet Quentin Lockwood, son of Mr. and Mrs. Ike Lockwood, Prestonsburg**, has entered the army air forces pre-flight school (navigator), Salem Field, Monroe, La. Cadet Lockwood attended Louisiana high school and Ashland Junior College. Before joining the armed forces he was employed by the Kentucky West Virginia Gas Company here.

**Pvt. Robert V. Wohlford, 20, son of Mr. and Mrs. J. C. Wohlford, of Hite**, has arrived at Minnesota State Teachers' College for a course of army air force instruction lasting approximately five months, prior to his appointment as an aviation cadet in the army air forces. During this period he will take numerous academic courses, as well as elementary flying training. Upon completion of the course he will be classified as a pilot, navigator or bombardier and go on to schools of the flying training command for training in these specialties.

**Dwight Edward Spradlin, 17, son of Mr. and Mrs. John Harrison Spradlin, of Glo**, is now qualified to serve as an electrician aboard one of Uncle Sam's modern warships. He was graduated from the Naval Training School (electrical) on the campus of Iowa State College, Ames, Iowa. Instruction given him during the past weeks of intense training included courses in electrical theory, mathematics, wiring motors and electrical methods. He will soon be assigned to active duty, either at sea or some naval shore station.

Two Floyd county men were graduated March 19 from the Hospital Corps school at the U. S. Naval hospital, Great Lakes, Ill.

The graduates, who were among a class of 525 men, are now advanced in rating to that of hospital apprentice, second class.

Graduation terminates a six week course of preliminary training at the Hospital Corps school. Included in the course is the study of anatomy and physiology, hygiene and sanitation, materia-medica and weights and measures, first aid and bandaging, nursing, transportation of casualties, and dietetics.

The graduates will continue training at naval hospitals before being sent to duty at sea or to other shore stations.

The Floyd county graduates are: **John Bell Warman, 35, son of Mr. and Mrs. Joe Warman, Wayland, and Parnell Hiram Murray, 18, son of Mr. and Mrs. W. W. Murray, Wheelwright.**

**Pft. Arnold E. Thomas, of the marine corps**, was recently transferred from the New River (N.C.) training base to Oceanside, Calif. **Pvt. William F. Thomas, who enlisted in the air corps three months ago**, has been promoted to private first class, and is stationed in North Carolina. They are both sons of Mr. and Mrs. Lawrence Thomas, Prestonsburg.

"I will never kid you again about reading THE FLOYD COUNTY TIMES so thoroughly," writes **Pvt. Carl N. Woods to Mrs. Woods here**, after receiving the subscription she sent him. "Palmer L. Hall and I have that paper memorized," he confessed.

**Pvt. Woods and Hall entered the army Feb. 18**. On different dates, they entered troop trains at Fort Thomas for parts unknown. After traveling across the U.S., and while inquiries were being sent home as to each other's whereabouts, they came face-to-face with each other at Ft. Lewis, Washington. One is in the 71st Infantry, the other in the 72nd. They must have mused, "It's a small world after all, even in 'this man's' army."

**Pvt. Woods is a graduate of Martin high school and received his A.B. degree from Morehead College**. For the past four years he has been History and Civics instructor in the Martin high school. Shortly before his induction into the army, Mr. and Mrs. Woods and baby daughter, Judith Carol, moved from Allen to Prestonsburg, where Mrs. Woods is employed in the office of the Kentucky West Virginia Gas Company.

**Pvt. Hall is a graduate of Caney Junior College and received his A.B. from Tusculum College**. About two years ago, he received his law degree from the University of Kentucky. For several years, he has been supervisor of rural schools in this county. Mrs. Hall is with her parents, Mr. and Mrs. Clabe Birmingham, of Prestonsburg, and is teaching music in Martin high school.

**Henry B. Fults, who has been enrolled as a student in the signal corps at Avon, near Lexington**, has been sent from Ft. Thomas, Ky., to Camp Crowder, Mo. Mrs. Fults (nee, Miss Malta Hill), and daughter, Julia Lynn, are making their home with her parents, Mr. and Mrs. Ed Hill, 220 Holt avenue, Mt. Sterling. The Fults' are former residents of Drift, where Mr. Fults was employed by W. J. Turner.

The following newly inducted personnel of the United States army have been sent forward from the ception center at Ft. Thomas, Ky., to the stations and addresses indicated:

To Armored Force, RTC, Fort Knox, Ky.—**Junior W. Hensley, Harold.**

To Branch Immaterial RTC, Camp Joseph T. Robinson, Ark.—**Frank Orum, Banner.**

To Army Air Force, RTC, St. Petersburg, Fla.—**Obie Crisp, Allen; Lewis D. Dotson, Prestonsburg; James W. Hunter, Dock; Walter Jervis, Endicott; Ed Layne, Harold; Reuben Rose, West Prestonsburg; John J. Thompson, Prestonsburg.**

To Air Force Command, Ordnance, (BTC4), Miami Beach, Fla.—**Ballard Cecil, Willie King, Harold.**

To 497th Port Battalion (TC) Ft. Lawton, Wash.—**William H. Griffey, Thomas.**

To Central Signal Corps RTC, Camp Crowder, Mo.—**Blucher Allen, Jr., Hueysville; George D. Ryan, Jr., Martin.**

sign, retire or are removed for cause.

"I consider the tenure law, together with the retirement system, a definite inducement that ought to be attractive to most qualified teachers with continuing contracts. Teachers who leave for temporary jobs may find newcomers in their place when the war is over. And if a teacher returns after three years' absence, she must forfeit prior service when she rejoins the teachers system," Brooker said.

The 1942 tenure law is due for a general overhauling by the 1944 General Assembly, it was said by Assistant Attorney General W. Owen Keller, assigned to the Department of Education. While its simple effect is to guarantee tenure to qualified teachers, he said, amendments tacked on at the last session created several ambiguities and contradictions.

Miss Vanderpool was trained for war production work at the NYA-vocational school shop here and had gone to the NYA resident center at Mansfield, O., for further training. Last word of her whereabouts was learned, several days ago, by her mother when she received a letter from Miss Vanderpool in St. Louis, stating that she was en route to the west coast where she had a job.

The body is expected at West Prestonsburg Friday. Burial will be made there with the funeral Sunday at 1 p.m., from the Assembly of God Church, West Prestonsburg, the Rev. G. R. Fannin and Mrs. Cora Fannin officiating. The Arnold Funeral Home will direct funeral and burial.

Besides her mother, Miss Vanderpool is survived by one sister, Mrs. Opal Fitzpatrick, of Allen, her step-father, and two half-brothers.

The play will be directed by Miss Helen Shimeall, of Kansas City, and Mrs. Jane R. Combs, senior sponsor.

## Prestonsburg Student's Scholastic Standing At U. of Ky., High

A total of 253 students in the College of Arts and Sciences at the University of Kentucky, and 50 students in the College of Agriculture and Home Economics made scholastic standings of 2.0 or better during the fall quarter of the current year.

Among those students attaining this high standing is Betty Jean May, daughter of Mr. and Mrs. T. J. May, Prestonsburg.

In the College of Arts and Sciences the freshman class led with 69 students achieving that high standing. In addition to the freshmen there were 67 seniors, 63 juniors, and 54 sophomores attaining the average, which is the equivalent of a "B."

In the College of Agriculture and Home Economics the seniors took the lead with 18; while the freshmen had 15, the juniors 10, and the sophomores seven.

J. W. Akers, on George's Creek, 19 miles south of Louisa.

Her husband had complained frequently after the slaying of their son, Mrs. Brown testified, "He said at times everything went black, and that his head hurt."

He wasn't himself, Mrs. Brown added. "He would go to feed the hogs, and I would find him lying on his back up in the hay mow. At other times he would go for coal and return saying there was no coal in the bin, although the bin was full."

Records show that in Christian county the greatest proportion of the work of farmers is devoted to the production of burley and dark tobacco, corn and dairy cattle.

## Vote Floyd County Dry!

A BOTTLE OF WHISKEY carries the line, "30 per cent alcohol," which means "30 per cent rank narcotic poison."

IF A CAN OF SOUP carried the label, "30 per cent poison," would you buy it for your table?

A BEER CAN also has the line, "6 per cent Alcohol by weight.

IF MILK BOTTLES BORE THE WARNING, "Contents 6 per cent poison, would you buy the milk?

A WINE BOTTLE, brightly colored, bears the line—"20 per cent Alcohol." Yes, Alcohol is a Poison! If a jug of molasses bore a skull and cross-bones with the label, "BEWARE! 20 per cent POISON," would you buy it for your table?

AMERICANS INSIST ON FOODS FREE FROM POISONS.

THE GOVERNMENT COMPELS labeling of poisons with their remedial antidotes.

THE LIQUOR BUSINESS IS A PEDDLER OF POISON, RANK, DEADLY, UNLABELED!

CHRONIC ALCOHOLISM IS KEEPING ONE MILLION PERSONS out of the war effort. Sixty thousand new chronic cases are discovered each year.

HOW LONG WILL AMERICANS TOLERATE THIS EVIL?

BEER MEN have 4 to 6 year supply of metal on hand for bottle caps.

69 out of Kentucky's 120 counties are now dry; 15 entire counties voted on local option in 1942. (Adv.)
