### PIKE JURY EMPANELED FOR TRIAL

Of Wesley N. Martin On Slaying Charge; Four are Acquitted

A jury of 12 Pike counties began hearing evidence Wednesday in the trial of Wesley N. Martin, Allen farmer, who is charged with murder in the slaying of Billie Martin at Allen last year.

Circuit Judge Henry Stephens, Jr., ordered veniremen summoned Tuesday from Pike, holding that it would be an onerous task to empanel a jury from this county because of the wide relationship of those on opposite sides in the case and because of wide discussion of the slaying.

Hearing of evidence began Wednesday afternoon. After three Commonwealth witnesses had testified, court was adjourned while the jury was being taken to Allen for an inspection of the scene of the slaying. A night court session was held Wednesday.

The case is not expected to reach the jury before Friday.

The grand jury adjourned Saturday after returning 27 indictments and will re-convene April 22 for a three-day session. Major indictments reported since last Thursday follow:

Joseph A. Prusky, horsestealing; John H. Lyons, forgery and uttering a cold check; Henry Allen, child desertion; Tommy Coburn, child desertion; Lula Jones, shooting at without wounding; Harrison Hunley, assault and battery.

Two of these six were arraigned during the week. Prusky pleaded guilty and was given a one-year pen term. Hunley's case was dismissed.

Perry Martin was fined \$50 after pleading guilty to a charge of shooting and wounding Dave Parker. Four defendants were acquitted: Marion and Merlin Jarvis, charged with cutting and wounding; Matilda Stewart, forgery; Dewey Gibson, grand larceny. These cases were dismissed: Tivis Jones, child desertion; Tilman Mullins, cutting and wounding; Dewey Gibson, shooting and wounding; Virgil Barnett, child desertion; Dud and Minnie Marslett, falsifying; Thurman Akers, damaging and destroying property; Curt Collins, having moonshine whiskey in possession.

### 'SCRAP SCOUTS' PLAN SURVEY

To Visit Floyd Homes Saturday, Locating Needed Materials

Floyd county Boy Scouts will begin the county scrap salvage survey Saturday by visiting every home in the communities where Scout troops are located and there ferretting out all old rubber, metal and rags.

Date of the Scout survey was set Tuesday night at a meeting of troop leaders held in the office of County Attorney W. W. Burchett. Troops are located at Prestonsburg, Wheelwright, Auxier, Allen, Wayland, Garrett, David, Martin, Betsy Layne and Harold.

Later, it was said, every home in the county will be visited by "scrap-spotters."

After the salvage survey is completed, reports will be sent to Council Agent S. L. Isbell, chairman of the county salvage campaign, so that trucks can be sent to pick up these materials.

In the survey to be made Saturday Boy Scouts will ask housekeepers for permission to search their premises from basement to attic for waste materials that otherwise might be overlooked. "We are asking home-owners to co-operate with the boys. The help they can give by permitting them to make this close search for scrap materials will

### State Aid Recipients Offered Commodities

Henry McCown, commodity warehouse clerk here, said this week that all persons who are receiving assistance from the state Department of Welfare may procure foodstuffs at the warehouse here by coming or sending for them on any day from April 19 to April 23, inclusive. Corn meal, flour, beans and milk are the foodstuffs offered. Ration stamps (4 points to the pound) are required from those receiving beans.

### Scout Ceremonies To Be Held April 20

Investiture of 16 tenderfoot Scouts and a Court of Honor will be conducted at the grade school auditorium here Tuesday, April 20, at 8 p.m., J. S. Keenon, scoutmaster here, announced this week.

The ceremony marking the official investiture of new Scouts will be conducted by Troop 20 here; the Court of Honor at which eight Scouts will be awarded merit badges and other marks of Scout distinction, by Charles E. Hudson, Pikeville, Boy Scout executive.

### COOK CITED FOR BRAVERY

Floyd Man's Conduct On Torpedoed Ship Evokes Praise

Word has been received that Spencer Cook, 19, seaman first class, U.S. Naval Reserve, son of Willie Cook, of Gearheart, has been awarded a letter of commendation by the Chief of Naval Personnel.

The letter awarded reads: "The Chief of Naval Personnel takes pleasure in commending you for your conduct as a member of the armed guard crew of a U. S. merchant vessel when that vessel was torpedoed and sunk by an enemy submarine.

"A report of the occurrence indicates that without warning the submarine suddenly appeared out of the darkness and at close range began attacking the vessel, raking the deck from bridge to stern with a continuous and terrific barrage of shell fire, causing numerous fires to break out. Although handicapped by the loss of their commanding officer and three of their shipmates, the members of the crew already at their guns returned the fire of the raider. All others unhesitatingly braved the flames and shell fire in an attempt to reach their battle stations. The gun crew remained at their posts until all hope of saving the burning ship was lost.

"Your courage throughout the attack and subsequent thereto while adrift in a lifeboat, was in keeping with the best traditions of the Naval Service."

### MINER KILLED AT W'WRIGHT

Noel Bates Crushed Beneath Slatfall; Burial in Knott-co.

Caught beneath a heavy fall of slate in the mines of the Inland Steel Company at Wheelwright, Noel Bates, 32 years old, miner, was instantly killed at 4:30 o'clock Wednesday morning. His chest was crushed and he suffered multiple head injuries, it was said at the J. W. Call & Son funeral home.

A son of the Rev. and Mrs. Willie Bates, of Wheelwright, the victim was born in Laurel county but had resided at Wheelwright for several years. Besides his parents, he is survived by his widow, Mrs. Julia Bates, one daughter, Floline of Wheelwright, two sisters and three brothers, Misses Nina Mae and Dorothy Bates, Gomer and Hobert Bates, all of Wheelwright, and Homer Bates, Newport News, Va.

Funeral arrangements had not been completed Wednesday afternoon. The body will be taken to Hall, Knott county, for burial.

### PRICE HOME DESTROYED

In W. P'burg Blaze; Occupants Escape In Night Dress

West Prestonsburg home of Mrs. Sadie Price and practically all its contents were destroyed by fire at 5 a.m., Wednesday, and occupants of the residence, Mrs. Price, her daughter and infant granddaughter, escaped lightly clad from the flames.

When the fire was discovered it was raging through a major portion of the residence and the fire department was powerless to prevent a total loss. It was held that the blaze started from a chicken brooder in the rear of the home.

The residence contained five rooms and was of frame structure. Loss was estimated at \$2,500. There was no insurance.

### 6 JOHNS CREEK BROTHERS IN ARMY

ONLY ONE OF SEVEN BROTHERS REMAINS OUTSIDE SERVICE

Sixth of the seven sons of Daniel Webster Blackburn, 56-year-old Buffalo Creek farmer, to enter army service, leaves for Ft. Thomas Friday, another is expected to volunteer soon, and "I'm ready myself, any time," the father said.

The Blackburn army roster follows: Pvt. Everett Blackburn, Indian-town Gap, Pa.; entered army Feb. 2, 1942.

Pfc. Allen Blackburn, inducted June 14, 1942; stationed at Benicia, California.

### Former Prestonsburg Twirler Baffles Big League Sluggers

Those of this section who have been wondering how big Ray Patton, last year's fireball ace of the Big Sandy baseball league, would fare against major, or even minor, league batters, they now know.

Sunday, Patton twirled three innings for the Louisville Colonels in an exhibition game with the Chicago Cubs. He faced such batters as Hack, Nicholson, Dallesandro, Cavaretta and a few other less-famed wielders of the ash.

In those three innings, "Big" Patton allowed one single—and that by Merullo, who is no Williams or Dimaggio with the mace. The rest of the Cubs were feebly grounding or flying out.

As usual, Patton was a bit on the wild side, walking four and heaving one wild pitch. He fanned one. Luckily for the Cubs, he hit none of them.

Of Patton's work, together with that of Jim Wilson, a Chicago rookie, Tommy Fitzgerald, The Courier-Journal sports writer, wrote Monday:

"It was the professional debuts

Pfc. Homer Blackburn, inducted July 14, 1942; address, unknown.

Pvt. William Blackburn, stationed at Greenville, Pa.; entered army as volunteer Nov. 19, last.

Pvt. Elmer Blackburn, inducted Dec. 2, now at Camp Van Dorn, Mississippi.

Otis Blackburn will be Pvt. Blackburn when he enters the army at Ft. Thomas.

The seventh son, Arthur, is in West Virginia and may soon enter the service.

Here last Saturday, the father produced a Springfield rifle and declared he was ready to go himself. "All I need is a uniform and some ammunition," he added.

### All Able-Bodied Men, Aged 18-38, To Be Inducted; Ky. Quotas, Less

3-B CLASSIFICATION WHOLLY ELIMINATED; 3 GROUPS EXEMPTED

The oft-changed Selective Service system underwent another revamping this week as preparations were made to induct into the armed services this year every able-bodied man between the ages of 18 and 37, inclusive, except the following:

1. Men employed full-time in essential farming.
2. Men irreplaceable in essential non-agricultural jobs.
3. Men whose induction would mean "extreme hardship and privation" to dependents.

The changes in classification swept away dependency deferments for childless married men, added thousands of men to the "fatherless" class, created a special class for men whose induction would mean extreme hardship, and eliminated altogether the 3-B classification established a year ago for men with dependents and engaged in essential occupations.

Manpower Commissioner Paul V. McNutt, who has general charge of Selective Service, said the revision of regulations is intended to postpone calling of fathers "as long as possible," but it was indicated that the job of raising the armed forces to a total of 10,800,000 men by the year's end would necessitate lifting the present ban on the induction of fathers by about July 1.

Selective Service laid down for the first time a hard and fast rule governing who is a father, as far as it is concerned. It directed that local boards shall classify in 3A—the division for fathers maintaining a bona fide family relationship with a child or children—men with a child or children, born before Sept. 15.

The effect of this was to open 3A to many men heretofore excluded under general instructions to local boards not to regard as reason for deferment a child conceived at a time when there were "reasonable grounds" for the father to believe he might be inducted.

The special hardship class was denoted 3D and boards were instructed to classify in it men whose induction would cause "extreme hardship and privation" to a wife, child or parents bona fide family relationship. In this class, for instance, might be placed the childless husband of an invalid wife, or a single man who cared for a widowed invalid mother.

Hershey said that some states, on the basis of present figures, would have to start drafting fathers as long as three months ahead of others, but he added that the gap was steadily being diminished by quota adjustments, though it will never be wiped out. Permission to draft fathers will be given simultaneously in all states, he continued, but each will begin actually inducting this class only when they have to do so to meet quotas.

In this connection, official figures indicated that there are not enough childless men aged 18 to 37, inclusive, to meet quotas for three months, since quotas now run above 360,000 a month.

### Teacher Eight Years, Miss Flanery Returns To School—in WAAC's

For eight years a teacher in the Floyd county schools, Miss Grady Flanery, of Martin, is going back to College next Monday—but not for the learning to be found in school books.

She goes to Hunter College, New York City, to begin basic training as a WAAC. Miss Flanery, who is a teacher at Martin, enlisted in the Women's Army Auxiliary Corps in February but only recently received notice to report for duty. She is a daughter of J. W. Flanery.

### DIPHTHERIA VICTIM

Dorothy, three-year-old daughter of Mr. and Mrs. Jay Howell, of Craynor, died Monday at the Beaver Valley hospital, Martin, a victim of diphtheria. Body of the little victim was returned to Craynor where funeral rites were conducted Thursday afternoon and burial was made in the family cemetery under direction of the Ryan Funeral Home.

### Frank Rasnick Hurt By Coal from Train

Frank Rasnick, C. & O. brakeman, suffered a fractured skull at 4:30 o'clock Saturday morning at Martin when a lump of coal fell from a car in the railway yards here onto his head. Mr. Rasnick was taken the same day to the C. & O. hospital, Huntington, W. Va., where his condition was described Tuesday "as well as could be expected." The block of coal, 18 inches square, fell when the train jerked into motion after switching cars.

### WILSON CLARK DIES AT 71

Well-Known Resident Of Prestonsburg Dies Of Bright's Disease

An illness of eight weeks of pneumonia and Bright's disease ended in death at his home here Tuesday afternoon of Wilson M. Clark, 71 years old.

A son of the late James W. and Elizabeth Goble Clark, he was born Feb. 2, 1872 on Right Beaver Creek, near Allen, where he resided until he moved to Prestonsburg 21 years ago. Mr. Clark was well-known as a carpenter and painter and was one of the community's best citizens. He was a member of the Methodist Church.

Surviving are his widow, Mrs. Rebecca Clark, and son, Glenn, both of Prestonsburg; two half-sisters, Mrs. Ada Burchett, of Dwaile, and Mrs. Fanny Combs, Baltimore, Md.

Following brief services at the home this morning (Thursday), the body was taken to the Methodist Church, Allen, where last rites were conducted by the Revs. W. B. Garriott, A. C. Harlowe and J. B. Hahn. Burial was made under direction of the Arnold Funeral Home in the Mayo cemetery, near Allen.

### X-RAY CLINIC HERE, APR. 26

High School Seniors, Others To Receive T.B. Examinations

The annual x-ray tuberculosis diagnostic clinic will be held in the offices of the Floyd County Health Department, Monday, April 26, from 8 a.m. to 3 p.m., Dr. Marvin Ransdell, director of the health department, announced this week.

This clinic will be held primarily for high school seniors, but will be open to any one needing x-ray service. This includes contacts, suspects and cases who have been requested by their doctors to be re-x-rayed.

Dr. Ransdell called attention of new teachers in this county to the order of the County Board of Education requiring complete physical examination, including x-ray of chest before being issued teaching contracts. He suggested that they avail themselves of the opportunity to get an x-ray made at the April clinic, since another x-ray clinic will not be held until October. The price of the film to all is \$1.25.

Some very interesting observations were made during the past month while tuberculin-testing the high school seniors, Dr. Ransdell noted. Groups of this character have in the past given a percentage of 15 per cent to 20 per cent. This year, this percentage fell to around 5 per cent for the entire county.

### Emma Dell Prater, Appendix Victim

Miss Emma Dell Prater, 17-year-old daughter of Mr. and Mrs. Frank Prater, died Monday morning at the Paintsville hospital of a ruptured appendix. She became ill at Glo where she resided with her sister, Mrs. Willard Ward.

Besides her parents and her sister at Glo, she leaves one sister, Mrs. Homer Bentley, of Johns Creek, and four brothers, two of whom are in the army. Funeral and burial will be made by the Arnold Funeral Home upon arrival of her brother from a California army post.

### APRIL 22 DRAFT CALL MADE BY BOARD 44; 107 RECEIVE NOTICE

One hundred seven selectees have been notified by Draft Board 45 to report here at 6 a.m., Thursday, April 22, to submit to final examination at Huntington, W. Va., for induction in the armed forces.

Draft board officials pointed out the importance of each selectee bringing with him his registration certificate and classification card which will be left with the induction station if he is accepted for service. Of the 96 sent last week by Draft Board 44, 40 were rejected, and 25 of the 40 were rejected because of mental deficiencies of various types. ### LT. DONOHO DIES IN CRASH

Body of Former Floyd Youth Not Recovered From Chesapeake Bay

Word has been received at Wayland, place of his former residence, that Lt. L. A. (Jack) Donoho's body is missing after his plane crashed in Chesapeake Bay and sank immediately.

A son of the late Dr. L. A. Donoho, for years a physician at Wayland, Lt. Donoho attended grade and high school at Wayland, was graduated from high school at Martin, Tenn., the Donohos' old home, and studied at the University of Tennessee. He enlisted in February, last year, in the Marine air corps and was doing a practise landing on the bay in completion of his training as a flier when the tragedy occurred. One report said his plane exploded in mid-air, then crashed into the water.

A memorial service for the former Floyd countyman was held Sunday at Martin, Tenn. He is survived by his mother, one brother, Pvt. David Donoho, Camp Livingston, La., and two sisters, Misses Dorothy and Florence Donoho, Martin, Tennessee.

**A** MERICA — Let's be frank about it . . . so far, many of us back home have been fighting this war from an easy chair.

Many of us have bought War Bonds out of *extra* cash, out of money we didn't miss too much. We haven't been really tough with ourselves.

But this war is a hard, down-to-reality war. And many of our boys are dying in it.

**We've got to buy MORE**

So your government asks you to buy Bonds and *more* Bonds — to get really tough with yourself. We're asking you to give up the frills and "extras" for the rest of this war.

We know how human it is not to make sacrifices until the crisis drives us to it. In England they felt the same way until the bombs started falling. Now they can't do enough!

Bombs are such persuasive things. But just as persuasive ought to be the spirit of our brothers, sons, husbands — who are ready to give all. Think now . . . what are your dollars, compared to their lives?

**If you could see**

Look at it this way — suppose you had a magic carpet that could take you to Africa and New Guinea. Suppose you could hear the groan of American boys wounded, and American boys dying . . . Say now, how many Bonds would you buy?

**That kind of war**

**THEY . . . are dying.** And they will keep on dying until we drown the enemy in an overwhelming torrent of bombs, bullets, guns, tanks, planes, ships, and shells.

That's why we're asking you, in this one month of April alone, to lend Uncle Sam 13 billions of dollars — by buying War Bonds. 13 billions of *extra* dollars — over and above any buying that you'd be doing anyway!

**A lot of money**

Of course, 13 billion dollars is a lot of money. It'll take sweat and tears to raise it. It'll mean going *without* now. But also—it will mean savings now—to buy later. It'll mean giving up *everything* you can't square with your conscience, so that we, us, our children,

can have a better, more decent place to live in when this war is won.

**The drive is on**

So during this month of April, if someone calls on you to ask you to buy War Bonds in this 2<sup>ND</sup> WAR LOAN DRIVE, will you buy to the limit—and then buy more?

Better yet, will you go to your Bank, Postoffice, or wherever you're used to buying your Bonds — and buy NOW? Will you lend *extra* money this month? Money that can hasten the day of Victory? Money that can help to save American lives—perhaps your son's or your brother's or your husband's—by helping to shorten this war?

**Money buys money**

Remember, what you're really buying with your money is still *more* money. For after all, these Bonds are *money!* Money plus! Every dollar you put into War Bonds will bring you a dollar *plus interest.*

So the more Bonds you buy the better for you. Americans — Get Tough — with yourselves — for your country.

**There Are 7 Different Types of U. S. Government Securities — Choose the Ones Best Suited for You:**

**United States War Savings Bonds — Series E:** The perfect investment for individual and family savings. Gives you back \$4 for every \$3 when the Bond matures. Balance Your Meals Against Your Budget with LOW-COST MENUS & RECIPES

THINKING that we could be of some help to homemakers in the vexing problems that confront them under rationing, we are now publishing periodically a folder entitled "Health for Victory." This folder contains low-cost menus and recipes for breakfast, lunch, and evening meals and for lunch boxes as well.

By following the suggestions in the folder, your family will be assured of receiving economical as well as nutritious, healthful meals. Interesting and exciting new recipes are also included, along with other suggestions for wartime economy.

Our suggested wartime menus can be followed in other cooking methods to advantage . . . however, the many thousands of our customers who now cook electrically are assured that Electric Cookery retains a high proportion of valuable minerals and vitamins.

We are endeavoring to supply all of our customers with this folder, but if you fail to receive your copy, it is available at our cashier's desk.

# FLOYD COUNTY GOES TO WAR

## Where Floyd Countians in Armed Forces Are, What They're Doing

**Pvt. Sid Hall**, brother of Lloyd Hall, Weeksbury, was promoted to the grade of private first class last week and enrolled in Keesler Field's B-24 Liberator mechanics school. Pvt. Hall's promotion, and selection for technical training, are results of the high scores he received in his army mechanical aptitude tests. His course, directed by the Technical Training Command of the Army Air Forces, will last 17 weeks and will include training in B-24 maintenance, hydraulics, fuel and electrical systems, propellers, instruments, engines and inspection. The last eight days of the course will place him in the open under simulated battle conditions where he will have an opportunity to apply in the field what he has learned in hangers and workshops.

**Benjamin F. Tackett**, son of Mr. Mrs. W. B. Tackett, Weeksbury, has been promoted from Sergeant to Staff Sergeant in recognition of his ability and diligence, at Fort Barracks, Mo., basic training center of the Army Air Forces Technical Training Command. He is 27 years old and before his induction into the army March 16, 1942, employed at Weeksbury in the office of the Koppers Coal Company. He attended college at the University of Kentucky.

**Russell Hale**, son of Mr. and Mrs. William Hale, of Myrtle, was selected from the army air forces gunnery school at Ft. Myers, Fla. Now qualified as an aerial gunner, he will become a member of the thousands of bomber crews which will be sent overseas in a few weeks to battle the Nazis or the Japs. He will receive his crew training at an operational training field in the United States.

Hundreds of gunners are graduated each week from the school located near Ft. Myers. The course lasts only five weeks and covers everything from BB and skeet shooting to firing from the power-operated turret of a large B-34 bomber on special missions over the Gulf of Mexico.

Pfc. Hale entered the army in March. In civilian life he was employed as a factory worker in Lima, Ohio.

**Miles Bentley**, of the Quartermaster Section, 1560th Service Unit, Camp Atterbury, Ind., has been promoted from technician 5th grade to technician 4th grade. His mother, Mrs. Mae Bentley, lives at Allen.

The following Floyd county men have been assigned and sent forward from the reception center, Ft. Thomas, Ky., to the army stations indicated:

To Infantry RTC, Camp Wheeler, Ga.—**Sidney E. Bailey**, Northern; **Wiley C. Elliott**, Martin; **Dewey Huffman, Jr.**, Garrett; **William D. D. Skiles**, Weeksbury; **Lundy L. Turner**, Garrett.

To Air Force Command, Quartermaster, Keesler Field, Miss.—**Jackson Hopkins, Jr.**, McDowell.

To Air Force Command, Medical, Kearns, Utah—**William H. Amberg**, Estill; **William H. Childers, Jr.**, Estill; **Gordon Hayes**, Hueysville; **Claude Hurst**, Minnie; **Ernest Johnson**, Weeksbury; **Charles E. Poteet**, Ligon; **Hubert Sizemore**, McDowell; **Monte R. Tussey**, Wheelwright.

To 104th Evacuation Hospital (Semi-Mobile) (Medical), Camp White, Ore.—**Everett D. Elliott**, Wayland; **Dennis Francis**, Wheelwright; **Russell Hall**, Bevinsville; **Cecil R. Hatton**, Martin; **Clifford Tackett**, Hunter.

To Quartermaster RTC, Ft. Francis E. Warren, Wyoming—**John H. Lewis**, Hueysville; **William R. Meade**, Garrett.

To Air Force Command, Chemical Warfare Service, Sheppard Field, Texas—**Paul Nidiffer**, Wheelwright.

To 914th HM Company (Q), Camp Polk, La.—**Walter Prater**, Wayland. To Hq. and Hq. Battery, 27th Anti-Aircraft Auto Weapons Group, Camp Stewart, Ga.—**Theodore Snoddy**, Langley.

To 75th Infantry Division, Fort Leonard E. Wood, Mo.—**Malcolm Hall**, McDowell; **Orvil Turner**, Garrett; **Ernest Parker**, Drift.

To Air Force Command, Engineer, Jefferson Barracks, Mo.—**Gardner Tackett**, Melvin.

To 247th Engineer Combat Battalion, Ft. Lewis, Wash.—**Enoch E. Croley, Jr.**, Weeksbury; **Walter Davidson**, Martin.

(Continued from page one)

The figures showed there are no more than 1,752,000 draft-age childless men left in Classes 3A and 3B, from which they will be re-classified under the revision announced today.

If the usual rejection rate of 43 to 50 per cent holds true for this group, less than 1,000,000 of them could be inducted, and an uncertain number are certain to be deferred for farming, irreplaceability or hardship.

#### New Classification Listed

The revised draft classifications are:

1-A-O. Conscientious objector available for non-combatant military service.

1-C. Member of land or naval forces of the United States.

2-A. Man necessary in his essential civilian activity.

2-B. Man necessary in the war production program.

2-C. Man deferred by reason of his agricultural occupation or endeavor.

3A. Man with child or children or parent with whom he maintains bona fide family relationship.

3-C. Man with dependents who is regularly engaged in agricultural occupation or endeavor.

3-D. Man deferred because induction would cause extreme hardship and privation to a wife, child or parent with whom he maintains a bona fide family relationship.

4-A. Man 45 years old, or over, who is deferred by reason of age.

4-B. Official deferred by law.

4-C. Neutral aliens requesting relief from liability for training and service, and aliens not acceptable to the armed forces.

4-D. Minister of religion or divinity student.

4-E. Conscientious objector available for work of national importance.

4-F. Physically, mentally or morally unfit.

4-H. Man deferred because age group, 38 through 45, is not being accepted for military service. These men now are being classified according to their status in the above categories in case of eventual call.

A man falling into the 1-A class, for example, is classified 1-A-H.

be appreciated," County Agent Isbell said.

Practically every Scout troop in the county was represented at Tuesday evening's meeting; all are taking part in the survey.

"The time has come," J. J. Rice, executive secretary of the Kentucky Salvage Committee, said, "when our steel mills again are clamoring for scrap metal. Inventories in the hands of dealers declined in January and February. Dealers report that scrap flowing into their yards has decreased from 50 to 75 per cent. Unless we continue the collection with determination we again are in danger of seeing steel mills closed and, if this happens, we may have a recurrence of the 1942 situation that lost us the production of 5,000,000 tons of tanks, airplanes, ships and guns."

It is planned to obtain an itemized report on each farm during the April survey. The report will contain such information as location and nature of the scrap whether the farmer wishes to sell or donate it, and whether any of it needs to be cut before it can be hauled away.

If Kentucky is to meet its 1943 quota of 265,000 tons for the first six months, Rice said, the drive for farm scrap will have to be conducted with unusual diligence.

#### Wheelwright Woman Dies of Tuberculosis

Mrs. Violet Pauline Price, 27 years old, wife of Thomas Price, died Sunday at her home at Wheelwright, victim of tuberculosis.

She was a native of this county and had many friends and relatives in this section. Surviving are her husband, one son, Thomas, Jr., of Wheelwright; her parents, Mr. and Mrs. Henry L. Pratt, and four sisters: Mrs. Mary Inice, Middleboro, Ky.; Misses Ruth Mae, Adeline and Nesselie Pratt, all of North Carolina, and Miss Henrietta Pratt, of Wheelwright.

The funeral was conducted Tuesday afternoon at 2 o'clock from the Price residence, the Rev. Howell officiating, and burial was made at Wheelwright under direction of J. W. Call & Son.

### Lt. E. V. Hall, on Leave After Active Service

Weeksbury, Ky., April 13 (Spl.)—Mr. and Mrs. M. J. Hall were pleasantly surprised last week when their son, Lt. Edgille V. Hall, U. S. N., arrived home on a short leave. Lt. Hall flew from San Francisco, Calif., thereby saving three days more for his leave at home.

Since the beginning of the war Lt. Hall has been in action in the Arctic, Atlantic and Pacific oceans. In the past several months he has been in the Coral Sea and in the Solomon Islands and was in several engagements, including the Battle of Guadalcanal Nov. 13-15 in which 23 Japanese ships were sunk and many others damaged.

Lt. Hall, who wore four medals for his service, spent a few days visiting relatives and friends and then proceeded to the East coast where he will join a new ship.

### Quits State Job Here For War Plant Work

Resignation of Manis Conley as field worker in this county for the Division of Public Assistance, Department of Welfare, became effective March 31, and Mr. Conley left last week to engage in war production work at Toledo, O., where his son, Lewis, is employed. Mrs. Irene James Blackburn has been named by the department to succeed him.

Accepting Mr. Conley's resignation, Miss Helen C. Beauchamp, director of the Division of Public Assistance, wrote: "We wish to express our appreciation for the services you have rendered this agency; however, we understand your position in desiring to be more directly connected with the war effort."

### Floyd Soldier, Wounded In Africa, Still Says He Can Lick 'Heinie's'

Staff Sgt. Walter L. Goble, son of Millard Goble, of Lancer, has been in an army hospital after having seen action in six separate engagements in North Africa, he re-

cently wrote his aunt, Mrs. J. L. Stewart, of Edgar.

But the sergeant's wound was not serious—a little finger shot off. "Don't worry about me," he wrote Mrs. Stewart. "I can take care of myself and still wrap any Heinie around himself."

His brother Curwood also is in North Africa but the two had not met when the sergeant's letter was written.

with some schools not having a reactor. This could mean, it was pointed out, a lowered incidence of the disease or that the health department purely by chance examined an unusually tuberculosis-free group of boys and girls.

Physicians of the county with patients in the low income group who are not able to pay the regular rate for x-ray pictures, and for whom they would like to have pictures, are invited to take advantage of the April 26 clinic.

SERIOUSLY SPEAKING

By E. F. EPLING

"Two wounded soldiers win Purple Heart." That's fine, we like to see them get 'em. And there's many who are deserving do not get medals simply because many deeds of Americanism, performed the wide world over, cannot be cited every time.

But where there's chivalry or gallant deeds to be performed, we know our boys are right there.

And those who do not listen to enemy whisperings of tying up production come in for a goodly share of criticism.

But just let a guy throw a sprag now into the American machine that's rolling the Axis under and see what kind of a citation he gets.

Three fair meals a day, enough clothes and other necessities, with home guaranteed against the world's most terrible thieves, is not enough for some folks. They're the kind, when given all, want more and would like to see every one else sink, because there's nothing more to be had. These ought to be deprived of what they had at first.

The only person wanting Hitler to win is a crackpot. Even they know if he should win there'd be no peace, no nothing for them. But there are people who'd just like to see some of our real American leaders go under even if it takes them also. More than a crack-pot; a fool after a jack-pot even if it means inflation and ruin.

Bad boys throw at birds' nests or street lights—something that can't strike back. But, bye and bye, the day is coming when something will strike back.

Guarding others' property as well as our own is what makes this country strong. Everything destroyed is just another boost for Hitler.

The retail trade is better. The merchants are very busy. Of course, point rationing entails much work. But people are really spending more money in order to use up their stamps before they run out.

Write the boys in the service.

Dirt Prevents Anemia in Pigs

A statement published by the Kentucky College of Agriculture and Home Economics says pigs that develop anemia as a result of close confinement can be cured by turning them out on clean soil to eat dirt.

Confinement of newly born pigs away from soil for more than a week after birth results in low hemoglobin content of the blood. This means anemia, a nutritional trouble characterized by wrinkled skin, dull, listless appearance, quickened breathing, rough hair and drooping ears and tail. In severe cases the pigs have convulsions and die.

Anemia is one of the important causes of pig losses during the suckling period. It is most commonly found in pigs which are confined in central farrowing houses or similar quarters for several weeks after they are born. Pigs that survive anemia are unthrifty and because of their lowered vitality they are susceptible to other diseases.

Anemia may be prevented in pigs by giving them access to clean sod, starting before they are a week old. The best plan is to have sows and litter quartered on clean pasture so that the pigs can get their noses into the sod as soon as they get out of the house. When the ground is frozen or covered with snow, throw a piece of sod free of round worms into the pen each day. The pig will nibble the sod and soil and thus obtain the minerals necessary for normal blood development.

If severe anemia has developed in pigs, the teats and udder of the sow can be treated with a solution of one pound of copperas (iron sulfate) and three parts of water. This solution may also be sprinkled on sod.

A GOOD WORD

By the REV. W. B. GARRIOTT Pastor, Prestonsburg Methodist Church

Since writing my last article I have read the following from the pen of a man who is supposed to be in a prominent place in his church.

"It is a fact of history that religious ecstasy has grown less as civilization and culture have advanced. It was so in the days of the prophets, in the middle ages and in the more recent past. We may expect the same to happen with us."

I am not expressing an opinion more than to say that, if that be true, it is a terrible indictment against our educational standards and culture. Education and culture do not seem to have decreased our ecstasy. If you think they have, then you go to a ball game and watch some fellow hit a home run and drive about two men in ahead of him. You might see it in a basketball game or hear it over the radio or it might be at a football game. Football is the game of the colleges and universities and, if we have educated people, there should be some of them at a football game. If none of these things convince you, then you might listen in some time to a political convention and see how education and culture act there. There may be a lack of ecstasy with some people in their religious life and there may be a good reason.

Do not misunderstand me—I am not saying that noise is religion, but I am saying that when Christ comes into your heart and life you are going to become enthused about it.

They tell us that sometimes, when a man is condemned to die for his crimes, a pardon is granted and when that happens the man who was condemned many times is overcome for joy, sometimes they weep, and sometimes they actually shout, and their families rejoice with them. We would be very foolish not to rejoice with them under such circumstances. I read where it says, "I say unto you likewise that joy shall be in heaven over one sinner that repenteth." Ecstasy...

Having never been condemned by the courts, I cannot tell you how a person would feel under such circumstances, but I do know what it is like to be bowed down under the weight of sin and with a guilty conscience lashing at you for your failure and sin. Conscience is saying, "You are guilty and it was your sin which helped to drive him to the cross. He has never done you any wrong. Look at him! Blood is running from the wounds of his head, his hands, his feet, and blood is running from his opened side while water gushes forth. They tell me that he died of a broken heart. He seemed to charge me with his death though not a word he spoke." It is not a frown but his innocence which condemns me. Conscience tells me that I am guilty, the Holy Spirit tells me I am guilty, the cross and his wounds tell me I am guilty.

Prostrate at his feet, I look up, I confess my guilt, tremblingly to say, "Master, won't you forgive?" Look at him—he looks up, there is a smile on his face, he speaks the word, my sins are forgiven, peace comes into my heart. "There is therefore no condemnation to them who are in Christ Jesus." Glory! No mortal can ever know the ecstasy of such an experience until you have experienced it.

The words of this old hymn by Charles Wesley come more nearly telling of that experience than any thing I have ever read:

O, how happy are they Who the Saviour obey And have laid up their treasures above! Tongue can never express The sweet comfort and peace Of a soul in its earliest love.

That sweet comfort was mine, When the favor divine I first found in the bood of the Lamb; When my heart believed, What a joy I received, What a heaven in Jesus' name!

'Twas a heaven below, My redeemed to know, And the angels could do nothing more, Than to fall at his feet, And the story repeat, And the lover of sinners adore.

Jesus all the day long, Was my joy and my song; O, that all his salvation might see! "He hath loved me," I cried, "He hath suffered and died, "To redeem a poor rebel like me."

O, the rapturous height Of the holy delight Which I felt in the life-giving blood! Of my saviour possessed, I was perfectly blessed, As if filled with the fullness of God.

Thus I rode on the skies, Fully justified I, Nor did envy Elijah his seat; But my soul mounted higher In the chariots of fire And the moon was under my feet.

OVER THE TOP FOR VICTORY with UNITED STATES WAR BONDS-STAMPS

"It's great to know you're helping!"

"Sure, I know I'm too young to carry a gun and be a Ranger like brother Bill, but I'm helping all the same in every way I know how. Dad told me the other night about the need for cutting down my local 'phone calls. He said that every telephone line was needed so badly by Uncle Sam that every call I didn't make would help win the war.

"Gee, I didn't know my calls would make any difference, but they sure do. Dad says telephone lines and switchboards are so crowded now that every call I make, to be dead sure it's important.

"Mom and Dad, and Sister and the maid, and the whole gang of kids in my neighborhood are now doing a lot less telephoning. Believe me, I want brother Bill back home, and if cutting down on my 'phone calls will help bring him back—it's sure okay with me.

"How about you? Will you help, too? I bet you will."

THE OLD JUDGE SAYS...

"Looks like a pretty expensive cigar you've got there, Judge."

"Yesiree, it's a real good one, Bill. Won it from Chris down at the cigar store yesterday. He got pretty positive in a discussion we had and I had to take him up on it. Bet me three good cigars to my one that the three states that still have prohibition have less crime than the other states. Well, all I had to do was step across

the street to my office where I had some recent F. B. I. figures in my desk drawer. Why, on the average, those three states have a worse crime record than the whole rest of the country. And there's a good sound reason for it, Bill. There's no such thing as a dry community. It's only a question of whether liquor is sold legally or illegally. And when it's sold illegally it means bootleggers, gangsters and more crime."

# WET OR DRY?

Compiled by  
MRS. EDGAR E. MAY

George Washington denounced drink as the "source of all evil and the ruin of half the working men in the country." In 1917 General John J. Pershing said: "Banish the entire liquor industry from the U.S.; close every saloon, every brewery; suppress drinking by severe punishment to the drinker, and if necessary death to the seller or maker, or both, as traitors, and the nation will suddenly find itself amazed at the efficiency and started at the increase in its labor supply. I SHALL NOT GO SLOW ON PROHIBITION, FOR I KNOW WHAT IS THE GREATEST FOE TO MY MEN—GREATERS EVEN THAN THE BULLETS OF THE ENEMY." We need extra labor in war industry today!

"My experience through life has convinced me that abstinence from spiritous liquor is the best safeguard to morals and health."—Gen. Robert E. Lee.

"The U. S. Supreme Court has declared in several decisions that saloons cause more crime, more misery and more pauperism than any other source."—Crowley V. Christensen, Supreme Court Reporter 13.

"THERE ISN'T A THOT IN A HOGSHEAD OF BEER. There isn't an idea in a whole brewery."—Theodore Roosevelt.

"The four great scourges of mankind have been drink, war, pestilence and famine, and DRINK has been MORE DESTRUCTIVE than war, pestilence and famine combined."—Gladstone.

"I have better use for my brain than to POISON it with alcohol. To put alcohol in the human brain is like putting sand in the bearings of an engine."—Thomas A. Edison.

"If you expect to stay in the game, leave alcohol alone. It gets you sooner or later."—Walter Johnson of National Baseball Fame.

"Beverage alcohol," said the doctor who knew, "gives you a red nose, a black eye, a white liver, a yellow STREAK, a green brain, a dark brown breath and a blue outlook."

Dr. Arthur Hunter, Actuary of N.Y. Life Ins. Co., figures that every drink costs the moderate drinker 25 minutes of his life, in addition to his money.

"YOU CAN GET ALONG WITH A WOODEN LEG but you can't get along with a wooden HEAD. In order that your brain may be clear, you must keep your body fit. That cannot be done if one drinks liquor."—Dr. Chas. Mayo, of Mayo Clinic.

"ALCOHOL IS A MAJOR CAUSE OF INSANITY."—Dr. Thomas Parran, Surgeon Gen., U. S. Public Health Service.

After such indictments against liquor as the above, the wets, who sneeringly refer to the dries as "Prohibition Fanatics," should take a back seat.

"Youth do well to remember that it is not the fifth, the sixth or the ninety-sixth glass that may be loaded with danger. IT IS THE FIRST DRINK. Leave that alone and the rest will be taken care of. You don't use pepper sauce because someone else does. You don't have to take carbolic acid to find out if it is poison. Have the courage to be different. Your friends will respect you for it."

"FOR EVERY MAN LIQUOR EMPLOYS IT PUTS FOUR OUT OF EMPLOYMENT!"

Before repeal it was, "Come home, dear father, come home!" Now it's "COME HOME, DEAR DAUGHTER, come home!"

"ALCOHOL will kill anything ALIVE and preserve anything that is dead. It cuts down youth in its prime, manhood in its strength and age in its weakness. It fosters quarrels and cherishes riots. It crowds penitentiaries, and furnishes VICTIMS FOR SCAFFOLDS and the ELECTRIC CHAIR. It makes men bleary-eyed, jittery-nerved, undependable in locomotion. It will do the same for our boys in the army and navy. Take Heed America, Floyd county, arrest JOHN BARLEYCORN!"—(Prom Signs of the Times.)

When President Roosevelt drew the first draft number he said, "They must return healthy, decent and free." What chance has a soldier with liquor and prostitution surrounding the camps? How can this be an "ALL-OUT war with liquor given the right-of-way in tires, sugar, grain, metal, rubber and transportation? Are we foolish or just plumb crazy, when we give this the most dangerous of all FIFTH COLUMNISTS the all-clear signal? Yes, THIS IS AN ALL-OUT WAR, everything ALL-OUT except JOHN BARLEYCORN! Let's vote HIM OUT OF FLOYD.

Not long ago, a writer in The Times stated that the murder rate in the county is lower today because of Repeal. THEN WHY ARE MURDER AND ALL OTHER CRIMES GREATLY ON THE INCREASE EVERYWHERE ELSE? Repeal has NOT lowered the murder rate in Floyd or ANYWHERE ELSE. EDUCATION HAS DONE THAT IN FLOYD. Anyone questioning this assertion needs only to check the educational progress made in this county in recent years to be convinced that MORE EDUCATION, BETTER EDUCATION, and EDUCATION FOR MORE PEOPLE have decreased the murder rate. The hills were once so isolated that the people here were a law unto themselves, they admit, but this is no longer true since we have good roads. REPEAL NEVER DID ANY GOOD FOR ANYTHING OR ANYBODY ANYWHERE except for the WETS and the BOOTLEGGERS! EVERYBODY KNOWS THIS IS TRUE. THAT IS WHY FLOYD WILL VOTE DRY. A WET ADMITS THIS LAST WEEK; MOREOVER, HE IS GOING TO VOTE DRY HIMSELF!

Wake up, Floyd Countians, and help win this fight. Organize your communities and make a drive to the finish. Do not wait for help. Go ahead and work. John Barleycorn is on the run. Kentucky is going dry faster than any other state. Let's not have Floyd County behind. If Harlan can win an election of this sort, Floyd can, too.

Floyd county mothers and fathers, whose sons are in the service and all of the rest of us want our boys to win this war. The scripture tells us, "When the host goeth forth against thine enemies, then keep thee from EVERY WICKED THING."—(Deut. 23:9.) Let's rid ourselves of this menace and continue the battle till the entire United States is dry once more.

(Material compiled from various sources, including the Anti-Saloon League.)

The Rev. Walter S. Pond, of St. Barnabas Episcopal Church, donated his services. His text was simple and consoling: "Unless ye become as little children ye shall not enter the kingdom of heaven."

After the services, a sad but dignified procession made its way to Mount Auburn cemetery where Marie was laid to rest in a private grave.

Chicago, April 9—The beauty that touched the gentle and childish heart of a poor little girl and the attentions that she was denied to her in life came to her in death yesterday.

Nine-year-old Marie Tremmel, eldest of six fatherless children, was the victim of a simple tragedy—burned to death when children with whom she was playing tossed lighted matches in her direction. Her flimsy cotton dress caught fire and she suffered fatal burns.

Mrs. Elva Tremmel, her destitute mother, had no funds to bury her fragile daughter—even with the simple honors Marie had always given baby birds and other tiny creatures. It appeared that her funeral parlor was to be the county morgue and her burial place a potter's field.

But the city's more fortunate were quick to pay homage to the little girl who was to leave a poverty-stricken home for a pauper's grave. There were offers of expensive family burial lots in private cemeteries; several volunteered to meet all funeral expenses, and contributions of various amounts were pledged.

A factory worker collected \$85 from his co-workers, policemen at the west North avenue station volunteered to underwrite funeral expenses. There were contributions from scores of others.

Marie was buried in her first and last party dress, the gift of her teachers at the Pickard school. And on her little white lamb's wool coffin was a wreath of white carnations and gladioli—from her schoolmates.
