CITY COUNCIL VOTES BOND SALE HERE

Bond Ordinance O.K. Is by 3 to 2 Vote; Hill, Fire Chief

Prestonsburg this week was a step nearer municipal ownership of the gas distribution system which serves the town after the City Council had, Monday night, approved minutes of the meeting at which offer of Joe Hill to sell the Prestonsburg Gas Company was accepted and a bond ordinance was adopted.

The bond ordinance and notice of bond sale are published elsewhere in THE TIMES this week. Bids for the purchase of the \$50,000 worth of 3 1/2 per cent bonds will be opened at the City Hall May 3.

Only five members of the Council were present for the vote on the gas company purchase, and the ordinance was enacted by a 3-2 vote. The original acceptance of the offer made by Mr. Hill was made only after Mayor E. P. Arnold had broken a 4-4 deadlock. R. G. Francis, Burl Spurlock and Bill Blackburn voted for the bond ordinance; James Morell, Jr. and Roe Layne, against.

Persons summoning the fire department to brush fires and other blazes of little consequence will, henceforth, pay fines in the amount the fire department run costs the city if an ordinance voted Monday night is enforced. Each volunteer fireman answering a fire alarm is paid \$3 and several trivial blazes, described as the result of carelessness, have in recent weeks cost the city heavily.

JOE HAMILTON, TRUCK VICTIM

Floyd Countian, Hurt At Kingsport, Tenn., Succumbs Sunday

Four days after he began work at Kingsport, Tenn., in the construction of an ordnance plant, Joe Hamilton, of Teaberry, this county, was hit and fatally injured by a truck there Saturday night. He died the following morning at a Kingsport hospital of internal injuries.

The body was returned from Kingsport to the Hamilton home on Mud Creek by the Ryan Funeral Home, and funeral rites await arrival of two brothers from army posts. The rites will be conducted, probably Saturday, by Elder John Hamilton, and burial will be in the family cemetery.

Mr. Hamilton was a son of the late Thomas Hamilton. He is survived by his mother, his widow, Mrs. Millie Hamilton, and five daughters: Mrs. Sollie Bryant, Misses Esta, Taza, Martha and Geneva Hamilton, all of Teaberry.

STONE KILLED ON WAY HERE

Ohio Farmer, Brother Of Floyd Residents, Is Wreck Victim

En route here from his home at Alvada, O., Harrison Stone, 54 years old, brother of Mrs. Sam Hale, Prestonsburg, and Mrs. Kate Williams, Bonanza, was instantly killed early Saturday night when his truck left the Mayo Trail, 16 miles north of Louisville, and plunged over a 100-foot embankment.

Dr. H. S. Young, Lawrence county coroner, said Stone was apparently blinded by the lights of an approaching automobile. A hitchhiker who had been given a ride by Mr. Stone to a point near the scene of the tragedy said the victim told him he was en route here to recruit laborers to work on his farm.

A native of Ivyton, Magoffin county, the victim was a son of the late Steve Stone and of Mrs. Jane Stone, of Ivyton. He had resided in Ohio for several years and was a well-known farmer.

Mrs. Effort Reynolds Dies at Age of 23 Of Tuberculosis

A months-long illness of tuberculosis ended Friday night in the death at her home at Beaver of Mrs. Dorsie Tackett Reynolds, 23-year-old wife of Effort Reynolds.

Mrs. Reynolds was one of her community's best women and a member of a well-known Floyd county family. Her husband is a son of J. S. Reynolds, well-known Mud Creek merchant. Besides her husband, she leaves two sons, Billie Joe, 5, and Richard, 3.

Funeral rites were conducted Sunday from the home, the Revs. M. C. Wright, Jarvey Hall, J. B. Hamilton and the Rev. McCloud officiating. Burial in the family cemetery was under direction of the Arnold Funeral Home.

LOCAL OPTION POLL OFFICIALS

To Be Selections Of Both Factions In May 15 Voting

If the Wets and Drys fail to get a square deal at the polling places May 15, it will be their own fault or lack of judgment.

For the law provides an equal representation in the matter of election officers and challengers. Each group, it was pointed out here this week, will submit to the county election commissioners a list of four names for each precinct, and from each of these two lists the commissioners will select two election officers, thus giving the Drys two officials of their choice and the Wets the same representation.

The county political organizations have no authority in the selection of poll officials. These election officers must be chosen not more than 15 nor less than 10 days before the election.

Ministers of the county organized in a meeting at the Methodist Church here Sunday afternoon to aid the Dry cause. Carl L. Senters, Ivel, was named chairman of the ministerial group; G. R. Fannin, West Prestonsburg, secretary, and J. B. Hahn, Lackey, treasurer.

Meanwhile, the Wets were quietly organizing for what was described as a "strong finish," their second meeting in two weeks having been scheduled here early this week.

Veteran Bus Chaser Offers Cure for Dog Car-Chasers

Does your dog chase cars? Are you unable to break him of that bit of canine foolishness?

Well, THE TIMES has a remedy that's guaranteed. Just take your dog up to Wheelwright and start him out after that school bus Walter Price drives. A certain police dog named Skeeter will thereupon wean the poor innocent of chasing motor vehicles of all types, small and large.

For Skeeter claims that school bus as his private quarry. In fact, Skeeter, a five-year-old who should know better, started his bus route with the beginning of school last September 1 when his master, 12-year-old Billy Holmes, boarded the bus at Wheelwright to ride the two miles down to the school at Wheelwright Junction. Just for the record, Skeeter has traveled almost 2,000 miles, conveying Wheelwright school children since school began.

The dog's self-appointed task of escorting the bus could be explained by the fact that his young master rides it one trip to and from school—but the bus makes two other round trips a day, and he makes these trips, too, leaving his boy friend behind. He has a well-beaten

path that he follows—here along the sidewalk, now cutting under floors, again across the road to a pathway.

But Skeeter is no Goofy. He knows what it's all about. He'll hot-foot it from Wheelwright down to school, of mornings, come back to school, and go back to school on the bus' second morning run. But, after this trip, the bus goes on to Ligon. And does Skeeter go to Ligon with it? Not a step—no, it's nine miles, or thereabouts to Ligon, and bus-chasin' there and back would make a guy plumb dog tired. And, evenings, he'll go up to Wheelwright with the bus, come back to school, then go back to Wheelwright with it again. But when it starts back, this time to go on to Ligon—no traveling for Skeeter till next morning.

Those venturesome canine souls who have muscled in on Skeeter's private racetrack have suddenly lost all interest in this sport. Which gave us the idea for the remedy here prescribed. We do not, however, guarantee your pet will be able even to chase a cat for a time after taking the treatment.

150 ATTEND CEREMONIES

Conducted by Scouts; 16 Invested, Court Of Honor Held

Approximately 150 persons witnessed the investiture of 16 tenderfoot Boy Scouts and the Scout Court of Honor conducted Tuesday evening in the auditorium of the Prestonsburg grade school.

Following the invocation by J. B. Clarke, J. H. Keenon, scoutmaster, conducted the induction of tenderfoot Scouts, through actual awarding of Scout pins was made by parents of the boys. Tenderfoot Scouts invested were Gordon Wade Belcher, Bill Hall, Quentin Allen, Billy Hale, Jesse Lee Wright, Thomas Bolling, Donald Stratton, Bill Harvey Howard, Bobby Huff, Paul Harmon, Bobby Mayo, Vernon D. Wright, Goble Branham, Jr., James D. Hyden, Jesse B. Hagewood, Donald Willis.

The Court of Honor was conducted by Chas. E. Hudson, Pikeville, Scout executive, who presented Scoutmaster Keenon the Neighborhood Commissioner's Badge, the troop charter to N. M. White, Jr., president of the Kiwanis Club here.

REV. BELL, 62, IS CALLED

Former Pastor Here Dies at Charleston, Buried at Ashland

The Rev. James D. Bell, 62 years old, of Charleston, W. Va., retired Methodist minister who formerly was pastor of the Methodist Church here, died Monday in a Charleston hospital.

He joined the Western Virginia conference of the M. E. Church, South, in 1919, and was active in the ministry for 31 years. His last charge was at Gassaway, W. Va.

Other churches which he served were in South Charleston, East Bank, Hurricane and Ravenswood. He also was pastor of an Ashland, Ky., church at one time. His Prestonsburg pastorate ended about 15 years ago.

The Reverend Bell is survived by his widow and seven daughters. Funeral services were held Wednesday at Charleston and burial was made at Ashland.

Patriotic Work of Floyd Students Helps County 'Do Its Part' in War

WHEELWRIGHT PUPILS INVEST OVER \$5,000 IN BONDS, STAMPS

No inconsiderable contribution toward the Floyd county War Bond goal is being made by school boys and girls, and the spirit shown by them, as in the county's scrap drive, was described this week as "a big factor in helping Floyd county to do its part when called upon for any patriotic effort."

As of last week, Wheelwright grade and high school pupils had, since January 1, actually spent more than \$5,000 for War Bonds and Stamps.

At the same time, Mrs. Jane R. Combs, sponsor of the Senior class of Prestonsburg high school, announced that the class had topped its goal of \$1,000 in War Bonds and Stamps by \$38.55.

Students at Wheelwright from the seventh grade through the Senior class have spent \$3,929.50 for Bonds and Stamps. The lower six grades have expended approximately \$1,400 in the same cause. Purchases of teachers were not counted in the students' Bond total.

Wheelwright high expects to bring Bond and Stamp purchases past the \$5,000 mark by May 1 as its contribution to the \$13,000,000 War Bond drive now under way.

Prestonsburg's Seniors exceeded

Shoois the Works!

Largest individual student-purchaser of Bonds at Wheelwright was Forrest Elliott, a member of the Junior class. After winning a scholarship offered by a mail order firm, he took the amount of the scholarship in Bonds instead of cash. Actual amount of money young Elliott invested in Bonds and Stamps, his teacher, Walter Price, said, was \$1,660.

their goal of \$1,000 by buying from the proceeds of their class play a War Bond made payable to the American Red Cross in 1933. Mrs. Combs, class sponsor, this week listed the following other activities of the class of 41, smallest in years: Contributed \$25 toward supplying December draftees coffee, food, cigarettes, etc.; donated \$5 to the American Red Cross in addition to a War Bond; purchased \$2 worth of tuberculosis seals; sponsored purchase of a service men's honor roll for the school and contributed for this purpose \$10.41; supplied insignia for the Victory Corps in the high school; sponsored the filling of 13 "Buddy Bags" made by high school students; 14 members of the class graduated from the Red Cross adult first-aid course; conducted all assembly programs in the pa-

Bond purchases at Wheelwright for the upper grades, beginning with the seventh, follow, name of student making heaviest investments and the amount he or she spent appearing in parentheses: Senior class, \$145.20 (Wanda Skiles, \$34); Juniors, \$2,137.25 (Forrest Elliott, \$1,660); Sophomore class 1, \$85.65 (Claude Hall, \$40.75); Sophomore Class 2, \$369.35 (Fay Branham, \$218.90); Freshman Class 1, \$89.80 (Eckner Pandzic, \$47.70); Freshman Class 2, \$80.75 (Billy Jean Harmon, \$43.25); eighth grade \$130.30 (Bill Hanger, \$26.85); seventh and eighth grades, \$267.15 (Ruth Branham, \$106.75); seventh grade, \$624.05 (Glenda Hicks, \$302).

When Wheelwright high school closes May 7 the room selling the greatest amount of Bonds and Stamps will be awarded a \$25 Bond; the pupil buying most will receive \$5, and the room with 100 per cent of its enrollment buying will receive \$2.50.

Mrs. Smith Succumbs At Martin Monday In Her 63rd Year

Mrs. Lora Emma Smith, wife of William P. Smith, boilermaker for the Chesapeake & Ohio Railway Company at Martin, died Monday at her home in Martin, victim of a cerebral hemorrhage. She was 63 years old and had been ill for the last four weeks.

A native of St. Albans, W. Va., Mrs. Smith had resided at Martin for the last two years during which time she gained many friends there. Surviving are her husband, nine daughters and one son: Mrs. G. D. Arthur, Mrs. B. B. Stewart and R. T. Smith, all of Ronceverte, W. Va.; Mrs. A. C. Martin, Sampson, N. Y.; Mrs. James Baker, Columbus, O.; Mrs. E. Burns, Baltimore, Md.; Mrs. J. L. Goodall, Arlington, Va.; Mrs. Charles E. Hunter, Misses Roberta and Joyce Smith, all of Martin.

The body was taken to St. Albans, where funeral rites were conducted Wednesday afternoon. Burial there was under direction of the Ryan Funeral Home.

EX-RESIDENT, WAR VICTIM

Frank Crabtree Dies In North Africa, Family Learns

Relatives here learned Friday that Pfc. James Franklin Crabtree, former Prestonsburg boy, and a son of Mr. and Mrs. Gilbert Crabtree, Crooksville, O., died Feb. 10 of wounds received in action in North Africa.

The Crabtree family first learned Feb. 30 that he had been wounded. No other details were given.

Twenty-eight years old, Pfc. Crabtree was reared here and was a graduate of Prestonsburg high school. He moved to Ohio with his parents, a few years ago. Early this year, relatives learned that he and his brother, Cpl. Arthur Crabtree, had met in North Africa, last November. The brothers had been in the army almost two years at that time.

Besides his parents, Pfc. Crabtree is survived by three sisters and three brothers, Misses Ruth, Shirley Ann and Mary Alice Crabtree, all of Crooksville, O.; Pfc. Arthur Crabtree, in North Africa; George Crabtree, of Michigan.

PROSECUTION OF VAGRANTS

Threatened by Hill; Three Girls Jailed On Charge Here

After issuing vagrancy and drunkenness warrants for three young women Thursday morning, County Judge E. P. Hill, Jr., announced that he was "going on the warpath on loafers."

"When I have evidence that a man can get work but won't and persists in loafing, I intend to write a vagrancy warrant for him. And several cases right here in Prestonsburg have come to my attention," he added.

Judge Hill indicated that he intended to administer maximum penalties for the three in jail now and to follow up with the same treatment to those arrested on the same charge in the future.

2-YEAR TERM GIVEN YOUTH FOR SLAYING

Mistrial Is Declared In Martin Case; Bentley Freed

Murder docket of the Floyd circuit court was out of the way early this week, with one conviction out of three trials during the term.

Trial of Estill Harris, convicted draft-dodger who is accused of the ambush-slaying of Noah Johnson, Halo merchant, was continued till September, thus clearing the current docket of active murder cases.

The indictment against Harris later was quashed, to be re-submitted to the next grand jury which, Commonwealth's Attorney John Allen said, will be asked to make indictments against others in the case.

The conviction gained was that of 15-year-old Aaron Newsome for the rock-slaying of his grandfather, Elisha Johnson. The youth drew a two-year term.

First of the three murder cases called, that of Wesley N. Martin, resulted Friday morning in a mistrial after Milton Layne, one of 12 Pike countians sitting as jurors in the case, became ill and was left unguarded while the other 11 ate dinner.

Next day, when the trial of Dewey Bentley, Martin railroad, for the slaying of John Craft, former Martin policeman, began Circuit Judge Henry Stephens profited from experience gained in the Martin trial and empaneled a 13th juror against the possibility of a member of the regular jury becoming ill or otherwise removed from service. Third trial of Martin was set for the September term.

Bentley was acquitted. He claimed that he shot Craft in self-defense after the former officer had first fired two shots at him.

The trial was an anomaly of conflicting evidence, both oral and physical. The defendant himself stated he "might" have fired two shots. Mr. and Mrs. Keen Goodman and Lloyd Bentley, the defendant's son, concurred in stating Bentley fired only one shot.

A ballistic expert from the Federal Bureau of Investigation, Washington, identified as having been fired from Bentley's revolver a bullet which Z. C. Dingus, owner of the building in which the shooting took place, testified he found on the floor of an adjoining room. The bullet which killed Craft did not emerge from his head. To this testimony the defense countered with the testimony of Bentley and his son, Lloyd, stating that the defendant had used his revolver in killing hogs for Mr. Dingus and the bullet examined by the FBI had been taken from the head of one of these hogs.

Policeman Tavis Flanery testified that when he picked Craft's revolver from the floor beside the body it had not been fired. Commonwealth testimony claimed Bentley's revolver had been fired three

JOHN HUNLEY IS VICTIM

Former Star Athlete, Tuberculosis Victim Here Last Thursday

John Hunley, former Prestonsburg high school athlete, died Thursday night at 9:30 o'clock of tuberculosis at the home of his mother, Mrs. Ella Hunley, on Friend street. He was 32 years old.

The victim, at one time one of the most versatile athletes in Eastern Kentucky, had been in ill health for more than a year and his condition became critical, a week before his death.

He was a son of the late John Hunley, onetime Floyd county coal operator, who was killed here in 1929 while chief of police. The victim was a young man of splendid character and had many friends throughout this section.

Besides his mother, he is survived by one brother, Russell Hunley, Prestonsburg, and one sister, Mrs. Eulah Durham, Portland, Oregon. Funeral rites were conducted from the residence Saturday afternoon, the Rev. W. B. Garriott, pastor of the Prestonsburg Methodist Church, officiating. Burial was made in the Richmond cemetery under direction of the Arnold Funeral Home.

I GET SOME HELP

I have an unenviable reputation for being a poor hand at getting out bills. But I didn't know Curtis Owens up at Garrett knew about it. Yet it appears that he does. Recently, when he ordered a ream of paper from us, he asked me to send him a bill. That was only a few days ago. Tuesday I received a postal card addressed, "Curtis Owens, Garrett, Ky." And on the other side was this: "Dear Curtis: "The paper you bought from us amounted to \$..... "Sincerely,

TO SAM ISBELL

Dear Sam: Say, didn't we pick up a lemon when we hatched up that Victory Parade idea for last Saturday? I've heard of glorious failures, but this one couldn't be called even that, even by us. Wonder what ever got into our heads the idea that folks would come out without a band or some bellblinder to lure 'em, just to buy a War Bond? We should have known a mere announcement would not suffice. Aren't we the innocents, though? Well, anyway, Sam, the day was wet. And maybe we were "all wet."

OTHERWISE ENGAGED

Some folks seem to be wondering whom "Happy" Chandler will support for Governor. Strikes us that he's too busy trying to run the army to fool with an election.

BUY WAR BONDS!

Don't say
I didn't tell you!

PAUL VON HINDENBURG was a professional soldier with little taste for politics—and little love for the upstart paper-hanger, Hitler, whom he had to accept as Chancellor.

After the last war, the shrewd old Prussian put his finger on one prime reason for Germany's defeat: "America's brilliant war industry had entered the service of patriotism. . . . They understood war!"

Now history is repeating itself for Hindenburg's successor!

America's war industry again is pouring out planes, tanks and guns—meeting production goals that seemed fantastic at first.

Back of this fast-growing military power is electric power—far more power than Hitler and all his henchmen have—turning the machines that turn out everything from bullets to battleships.

Behind the great bulk of this power are the electric companies under experienced business management—doing their

job and delivering electric power in ever-increasing quantities!

And back of it all, of course, is the American way of life at work—where free men are encouraged to invent, invest, produce, and everybody benefits.

TRIO NAMED IN SLAYING

Of Prestonsburg Girl At Willcox, Arizona, Says Sheriff's Report

Two men and a woman arrested March 27 in connection with the slaying near Willcox, Arizona, of Erma Mae Vanderpool, 19, of West Prestonsburg, have been charged in justice court at Willcox with manslaughter, Sheriff I. V. Pruitt reported from Bisbee, Arizona.

Defendants are Paul V. Miller, driver of the truck that was towing a house trailer in which the girl allegedly was riding; Russell Mandel and Fay Kilbury. Preliminary hearing was set today (Thursday) at Willcox.

Miss Vanderpool's body was found on a highway near Willcox March 17. At that time Deputy Sheriff Clarence Post quoted the accused as saying the girl fell from the trailer. She joined the group at Amarillo, Texas, officers were told.

The girl's skull was crushed, Sheriff Pruitt said it appeared she had been beaten.

THE GARDEN

SWEET POTATO BEDS

Sweet potatoes are a "war crop," this year, which means that a large part of the commercial crop will go to the armed forces, and in dehydrated form, to the allies, overseas. Valuable food as they are, and easy to grow, there should be some in every garden. A 100-foot row should make 1 1/2 bushels of fine potatoes, from 75 plants. Now is the time to start the plant bed.

The size of the bed depends on the number of plants desired. A bed 3 by 6 feet accommodates a bushel of seed, and should produce 1,500 plants for early-May setting, but if drawing is continued until June 15, the latest practicable setting date, from 3,000 to 4,000.

The best way is to make a hot bed with a pit 15 inches deep, for 12 inches of properly-prepared horse manure, and a cover of earth, 3 inches deep. A 12-inch plank frame should enclose the bed. Another, though slower way, is a cold frame, with 12-inch sides. In either case, the potatoes are laid so as not to touch each other. Then they are covered with 4 inches of new sawdust, or light soil taken from where sweet potatoes have not been grown for at least two years, to avoid any chance of carry-over of disease.

Disease may also be carried on the seed sweets, and these should be treated, even though they appear healthy. Mercury having gone to war, corrosive sublimate is difficult to find, but in its stead, borax may be used, easy to get, inexpensive, and quite effective. The borax is dissolved in water, 6 pounds to 30 gallons, the potatoes soaked 10 minutes. This solution will treat 50 bushels of seed, and half this, up to 25, but no less than 15 gallons should be made, using 3 pounds of borax. The potatoes may be bedded wet, with no rinsing. With the solution that remains, the frame and the sash should be thoroughly swabbed, or the canvas covering thoroughly soaked, the idea being to make everything about the bed surgically clean, so that no germs of black rot and soil stain may remain alive. Any solution that still remains should be poured away where no living thing may get to it.

NOTICE TO BIDDERS

Notice is hereby given that bids will be accepted by the fiscal court of Floyd county for the construction of a road on Frasure's Creek 12 feet wide and 250 feet long, commencing on the lower line of Charley Hamilton and running up the creek a distance of 250 feet. Floyd county will furnish an air compressor and jack hammer.

Bids must be filed with County Judge E. P. Hill before May 1, 1943.

tary objectives, men who even had the willpower to refrain from dropping a bomb on the Son of H—'s palace.

TANK TRAP Third street, Prestonsburg, at one time a plague to every motorist, what with a hundred or so "chugholes" in it. Now it has only four holes in all its length—but darned if one of these didn't catch a car last week, something those lesser 'oles never did.

WHY NOT? Why should an elderly woman with not a son in the service worry more about surgical dressings for army hospitals than the rest of us? She doesn't get a cent for either her worrying or her work. She could stay at home as well as the rest and let the surgical dressings go hang. She could duck her head in shame with the rest when a soldier returns to Floyd county, convalescing from his wounds, knowing that not our surgical dressings helped make that boy's recovery possible.

But she just isn't that sort. She still calls for women to come out and help her work. Even after only one mother worked at the surgical dressing room on Tuesday, the day of each week designated as Mothers' Day, she didn't give up. Personally, I think a spirit like that, not to mention those boys who will wear those bandages as white badges of courage, should be given the support of all of us.

WHAT A LETTER MEANS What does a letter mean to a boy in the armed forces? These are two answers.

From Lt. James Hicks, somewhere in Africa, writing to his sister, Mrs. James Prater, Hueysville: "Just received your letter this morning. Sis, I wish you could see these soldiers' faces when they receive mail from home. They read their letters many times over. Mail means more than food."

From Pvt. Samuel E. Leake, Eks. 1238, Co. C, 6th Bn., 2nd Trn. Regt., Shenanga Persn. Depot, Greenville, Pa., and his brother, Pvt. Elmer Leake, Co. A, 88th Bn., North Camp Polk, La. both writing to THE FLOYD COUNTY TIMES:

"Samuel E. and Elmer L. Leake, formerly of East Point, wish to hear from their friends and relatives in Floyd and Johnson counties."

Board. In this registration the retailer will be required to report, in addition to the name and address of his ration bank, the amount of his gross and net point inventories as of May 1 and the amount of his allowable inventory.

During the week from April 25 through May 1 retailers will be required to keep a record of total sales and transfers of foods subject to the ration program. This record must show the total sales to consumers of all types. The Board stresses the importance of retailers figuring their point inventory as of the close of business May 1. The retailer's allowable inventory will be equal to three times the point value of foods sold under the rationing program from April 25 to May 1, inclusive.

Three other regulations of interest to the public were cited by Mr. Thomas:

1. The deadline for procuring Ration Book No. 2 is April 30. Those who have Ration Book 1 but who do not have Book 2 must register on or before that date.

2. Young babies cannot be registered for Ration Book 1 unless birth certificate is presented. If parent does not have birth certificate, one may be procured at the Floyd County Health Department.

3. Any applicant for tires, tubes or re-capping service for a commercial motor vehicle must present a currently valid Certificate of War Necessity.

All transportation committees again were asked to emphasize to all employees of their respective companies the importance of the "Share the Ride Plan." Because of the value of the plan as a gasoline and tire saver, such committees were urged to ascertain if each applicant for additional gasoline rations or tires is conforming with the plan, and to forward to the rationing board here immediately complete information concerning those applicants who are not co-operating in the plan.

"Price administration," Mr. Thomas said, "has become an integral part of the war set-up, and will necessarily remain for the duration. The members of the local rationing board are giving a great deal of their time and effort to the work. To that extent, it is their contribution to help winning the war. Price control and rationing have vital parts to play in doing so.

"It is no small matter to keep abreast of the many rules and requirements constantly issued and received. But they are always willing to answer questions as best they can consistent with regulations.

"It will be helpful to the successful operation and price control and rationing, if citizens will remember that the board is composed of their friends and neighbors, and is doing all it can to carry out the objectives for which it was established.

"The price control business hits every one of us. And even if we do, as sometimes happens, get impatient, or are critical of the board's operation, if immediate information is not obtained, just remember it is a part of the war effort. And it's not nearly so hard to wait for an answer on the home front, as it is to wait for the enemy on the battle front."

Invalid Twenty Years, Mrs. Mary Spradlin, Aged 93, Victim

Mrs. Mary Prater Spradlin, one of the section's oldest women, died Thursday at Bonanza after more than 20 years of semi-invalidism resulting from a fall in which her hip was broken. She was the widow of "Buddy" Spradlin, well-known Abbott Creek farmer, and was 93 years old.

Mrs. Spradlin had for years been a devout member of the Baptist Church. She was born and reared in this county and had many relatives and friends in this section.

Three sons and two daughters survive: Henry Spradlin, Cliff; B. F. Spradlin, Ashland; W. D. Spradlin, Bonanza; Mrs. Clinton Fraley, Flemingsburg, and Mrs. Lee Yates, Bonanza. One sister, Mrs. Lydia Spradlin, Brainard, also survives.

The funeral was conducted Saturday, the Rev. Joel Conley officiating, and burial was made under direction of the Arnold Funeral Home in the family cemetery on Abbott Creek.

CARD OF THANKS

We take this means of expressing deepest gratitude to all who extended kindly assistance during the last illness of our beloved husband and father, Wilson M. Clark, and to those who offered consolation, by word or deed, upon his death. We especially thank the Rev. W. B. Garriott and the Rev. A. C. Harlow for their comforting words, the Arnold Funeral Home for its efficient services and our neighbors and friends who sent floral offerings.

YOUNG AMERICANS

THERE is story on Page 1, this edition, that is a lesson in Americanism and Good Citizenship.

It is the story of boys and girls in Floyd county schools buying War Bonds and Stamps, engaging in other patriotic or charitable endeavors.

This is the story of the Young Generation about which oldsters profess to worry so much.

Former Floyd Man, Indiana Farmer, Heart Victim

Willie D. Hopkins, 59 years old, native Floyd countyman, died at Nebraska, Ind., Friday, a victim of chronic myocarditis. He had been ill since January.

Well-known in this county and a member of a prominent Eastern Kentucky family, he was born at Melvin, the son of the late James C. and Mary E. Hopkins. He moved to Indiana about 15 years ago and there was engaged in farming.

His widow, Mrs. Maggie Ratliff Hopkins, survives, as do three daughters and two sons: Miss Octavia Hopkins, Cincinnati, O.; Nettie and Maxie, of Ohio; Robert Hopkins, Wheelwright; Jeffie, at home. He also leaves two brothers and five sisters: Mrs. John Stumbo and Mrs. W. S. Johns, of Harold; Mrs. Henry McCown, Prestonsburg; Mrs. Marion Hall, Bevinsville; Mrs. Hiram Osborne, Melvin; John Hopkins, Ashland, and McKinley Hopkins, of Pikeville.

The body was returned to this county for burial. Funeral rites were conducted Sunday from the residence of John Stumbo at Harold, the Revs. F. A. Hopkins and A. L. Allen officiating. Burial in the Hopkins cemetery was under direction of the Ryan Funeral Home.

Tooth Complications Fatal to Youth, 18, Monday Morning

Complications developing after a tooth had been extracted here Saturday resulted in the death at 12:15 a.m., Monday of 18-year-old Arthur Clifton, of Dwale, at the Beaver Valley hospital, Martin.

The youth was a son of James and Mrs. Rhoda Frazier Clifton, of Dwale.

Besides his parents, he is survived by six sisters: Mrs. Dorothy Pope, Thacker, W. Va.; Mrs. Sarah Payne, Matewan, W. Va.; Mrs. Ethel Sherman, Dwale; Mrs. Evelyn Hickman, Longacre, W. Va.; Mrs. Goldie Shepherd, Dwale, and Miss Nell Clifton, Dwale.

Funeral rites were conducted from the Clifton residence Wednesday, the Rev. B. W. Craft officiating, and burial was made in Dwale cemetery under direction of the Arnold Funeral Home.

Portsmouth, Va., April 6 (Spl.)—Miss Rachel May, of Langley, recently went to Washington, D. C., to take a Civil Service Commission job. She is a graduate of Maytown high school and received her commercial training at the Mayo State Vocational Training School, Paintsville.

En route to Washington, Miss May stopped off at Norfolk, Va., for a week's visit with Mr. and Mrs. Rudolph Hayes. While in Norfolk Miss May and the Hayeses visited Ocean View, Virginia Beach and Cape Charles, Va. Mrs. Hayes will spend the coming week-end in Washington, guest of Miss May.

Mrs. Meadows, Victim At 27 of Brain Tumor

Mrs. Bessie Rose Meadows, 27 years old, wife of Johnny Meadows, died at her home on Katy Friend, near West Prestonsburg, Saturday of a brain tumor. She had been ill three years.

A daughter of Mr. and Mrs. Ben Rose, of Katy Friend, she was born and reared in this county. Mrs. Meadows was a member of the Freewill Baptist Church.

Besides her parents and her husband, she leaves one daughter, Rena Ethel; three brothers, Jesse, West Prestonsburg, Reuben, of the U. S. army, Bennie, of Michigan; and two sisters, Misses Mollie Jane and Fanny Rose, both of Katy Friend.

The funeral was conducted from the home, the Revs. Henry Music and Lewis Robinson officiating. Burial was made on Spurlock, the Arnold Funeral Home directing.

These are the youngsters who have at no time during this war, failed either their county or country. They are the bunch who worked hardest to gather the scrap last year. According to their means and opportunity, they are the heaviest buyers of Bonds and Stamps.

And the argument that they didn't have to work for this money they invested in Bonds doesn't hold water, either. Many of them do work for their spending money. And those who do not, they could have wasted the money their parents gave them as easily as they could have invested it in a Bond due ten years hence.

The older generation, fine as it is, came up from the days when it was every man for himself and the devil take the hindmost. That bred a splendid sort of raw individualism. But it didn't beget any too much teamwork.

These youngsters are learning Good Citizenship in a social workshop. They're learning the importance of unity, the valor in sacrifice.

This much of good is coming out of a terrible war.

Oral Arguments Heard In Estate Tax Ruling

Oral arguments over whether the Court of Appeals should reverse its tax ruling of February 16 concerning the estate left by the late James Hatcher, of Pikeville, were heard Friday at Frankfort.

The high court held then that part of the property valued at \$412,941.29 which Hatcher left in trust could be used to pay federal taxes on his estate. It added, however, that no tax contributions could be required of recipients of \$173,176 worth of property given away by the wealthy native of Floyd county prior to his death September 29 1939.

Spurlin To Represent Lloyd's of London

Jack C. Spurlin, of the Spurlin Insurance Agency, Prestonsburg, has been appointed a representative of Lloyds of London, for the purpose of writing Workmen's Compensation Insurance on the larger coal mines.

Lloyds of London, the oldest and largest insurance syndicate in the world, was entered in Kentucky in 1937. At the beginning of the war Sept. 1, 1939, Lloyds of London deposited in a New York bank \$40,000,000 as a trust fund for American policy holders only. This fund has increased greatly since first deposited.

Miss Mildred Turpin, Mr. Combs are Wed At Lexington, Ky.

Announcement is made of the marriage at Lexington, Ky., on April 10, of Miss Mildred Turpin, daughter of Mrs. Nell Turpin, Irvine, Ky., and Mr. Paul Churchill Combs, son of Mr. and Mrs. B. F. Combs, Prestonsburg.

The nuptials were solemnized in the home of the groom's brother, Dr. Fletcher Combs, before an improvised altar of white snapdragons, palms and ferns, with white tapers. The Rev. Dr. Jesse Hermann, of the Presbyterian Church, officiated.

Miss Eloise Williams, of Prestonsburg, and a student at the University of Kentucky, played "I Love You Truly," "Sweetheart of Sigma Chi" and Lohengrin's "Wedding March."

The bride wore a tan-and-yellow ensemble and her bouquet was of orchids. Her maid of honor was Miss Geraldine Williams, Lexington, Ky., who wore an aqua blue suit with dark blue accessories. Her flowers were gardenias.

Mr. Everett Warren, Louisville, a student at the University of Kentucky, was best man. Mothers of the bride and groom wore bouquets of tallsmann roses.

Immediately following the wedding ceremony, a reception for approximately 25 friends of the two families was given at 4:30 p.m., at the home of Dr. and Mrs. Combs.

The attractive bride is a member of a prominent Irvine family. She received her education at the Eastern State Teachers College, Richmond, Ky., and at Brenau College, Gainesville, Ga. Mr. Combs was graduate from the Kentucky Military Institute, Lyndon, Ky., and last year received his A.B. degree from the University of Kentucky. He is now a freshman in the Law School of the University of Kentucky and expects soon to enter military service.

Attending the nuptials from Prestonsburg were Mrs. B. F. Combs, Mrs. Leroy Combs and Mr. Kilmer Combs.

5-Year-Old Marriage Commemorated Here

Former Judge A. T. Patrick commemorated on April 9 the 125th anniversary of his paternal grandparents' marriage.

A delicious dinner was prepared Mrs. Bill Coffman, at the Patrick home. The corn bread was baked as near as possible like his grandmother's baking. Before parting of this good dinner, he told his guests that his grandparents were devout Christians, members of the Methodist Church, that his grandfather milked the cows, mended, made the fires in the stove, (a No. 7 step stove), and did things about the home for his wife.

The marriage took place in Floyd County, April 18, 1818, and hundreds of their descendants now live in Alabama, Mississippi, Texas, Florida, Washington, Colorado, Alaska, Indiana, Ohio, West Virginia, and Kentucky and in other states.

"On account of the war many are in foreign countries and some are fighting and dying on the battlefields for freedom to save the world from aggression and the destruction of democracy. So this marriage was in vain, but a blessing. They wished and kept their sacred marriage vows, and God blessed them and brought about so many of their beneficial results and not any regrettable consequences," said Mr. Patrick. His grandfather was born in Burke's Garden, Tazewell county, Va.; his grandmother, in this county.

Tackett-Ryan Nuptials Are Announced

Mr. and Mrs. Joe P. Tackett announce the marriage of their daughter, Miss Mildred J. Tackett, to Mr. Milton Eugene Ryan, son of Mr. and Mrs. G. D. Ryan, Martin, Ky.

The single ring ceremony was solemnized at Georgetown, Ky., March 20, with the Rev. A. E. Giron officiating. Mr. and Mrs. K. B. Tackett were their attendants.

Mrs. Ryan, a graduate of Bowling Green Business University, has been employed at the First National Bank, Prestonsburg.

Mr. Ryan, while attending school, also assists his father, well-known Martin funeral director.

The couple will be at home to their friends at Martin, until Mr. Ryan receives his call for army service.

Miss Preston, Pvt. Daniel Are Wed at Auxier

Miss Oneida Preston, of this place, became the bride of Pvt. Mack R. Daniel, of the Army Air Corps, Orlando, Fla., on Tuesday evening, April 13. The single ring ceremony was performed in the home of the Rev. and Mrs. W. H. Horne, at Auxier, Ky.

A light blue dress with navy accessories was chosen by the bride as her wedding attire. A white fever few corsage was worn at her shoulder. Mrs. Guy Greer, formerly Miss Edith Burton, sister of the bride, and Mrs. Grady Newberry were the only attendants.

Immediately following the ceremony the couple motored to the home of Mr. and Mrs. C. W. Burke, Thealka, Ky., where a lovely buffet supper awaited them. Several relatives and friends were present to extend their congratulations.

The bride had for the last four years been employed in the office of the health department here, but had resigned that position April 1 to begin work at the Red Cross office. Pvt. Daniel, before his induction into the service, was connected with the North-East Coal Company, Auxier.

AT MOTHER'S BEDSIDE

Floyd Nutrition Group In 2nd Meeting Here; Evaluate Soybeans

Second meeting of the Floyd County Nutrition Committee, composed of all Home Economics teachers in the county high schools, Miss Davidson, community nutritionist at Wheelwright, and County Agent S. L. Isbell, was held here Saturday.

Miss Margaret Pezzarossi, Prestonsburg Home Economics instructor, led the discussion on the value of soybeans in the diet. It was pointed out that soybeans, first grown in this country for farm animals, are gradually coming into use as a valuable addition to the vegetable menu on the family table and that, compared with common table beans, rank higher in food value. While soybeans are 40 per cent protein, navy beans are only 22 per cent and peanuts, 26 per cent, it was stated.

The committee has for its purpose the study of nutrition problems and how to help each individual, either by personal contact or by newspaper publicity.

May 15, 1962	50	1,000.00

that said bonds bear interest at the coupon rate of three and one-half (3 1/2) per cent per annum, payable semi-annually, on the 15th day of November, 1943, and on the 15th days of May and November in each year thereafter, and interest on said bonds at the rate aforesaid, shall be evidenced by proper coupons attached to each of said bonds, and that both principal and interest shall be payable in lawful money of the United States of America, at the Kentucky Title Trust Company, of Louisville, Ky.

That bonds maturing after May 15, 1948 shall be callable and redeemable in the inverse order of their numbers on November 15, 1948, or any interest date thereafter prior to maturity, and prior to November 15, 1953, at 103 and accrued interest to the redemption date, and on and after November 15, 1953, at 101 1/2 and interest, provided that at least thirty (30) days before the interest date upon which redemption is to be made, a notice of intention so to redeem, signed by the Mayor and City Clerk, and giving the numbers of the bonds to be redeemed, shall have been published in a newspaper of general circulation in the state of Kentucky.

Sec. 3. That such bonds and coupons to be in substantially the following form, to-wit:

UNITED STATES OF AMERICA,
COMMONWEALTH OF KENTUCKY
COUNTY OF FLOYD
CITY OF PRESTONSBURG
GAS DISTRIBUTION SYSTEM
3 1/2 PCT. REVENUE BOND
No. _____ \$1,000.00

The City of Prestonsburg, in Floyd County, Kentucky, for value received, hereby promises to pay to the bearer, the sum of One Thousand (\$1,000.00) Dollars, on the 15th day of May, 19... and to pay interest thereon at the rate of three and one-half (3 1/2) per cent on November 15, 1943, and semi-annually thereafter on May 15 and November 15 of each year, upon presentation and surrender of the annexed interest coupons as the same severally mature, both principal and interest being payable in lawful money of the United States of America at the Kentucky Title Trust Company, of Louisville, Ky.

This bond is one of a series of fifty (50) bonds of like amount, tenor and effect, save as to proof of identification and date of maturity. Bonds maturing after May 15, 1948, are subject to call and redemption on November 15, 1948, or any interest paying date thereafter until November 15, 1953, at 103 and interest, and on and after November 15, 1953, at 101 1/2 and interest, on thirty (30) days published notice in a newspaper of general circulation throughout the Commonwealth of Kentucky. Any of said bonds when so called shall cease to bear interest on the redemption date.

This bond is issued by said City under the provisions of KRS 96.190, for the purpose of defraying the cost of acquiring the gas distribution system for said city.

This bond, and the issue of which it is a part, is payable only from, and secured by, an exclusive pledge of a fixed amount of the gross income and revenues to be derived from the operation of said gas distribution system, which amount shall be sufficient to pay the principal hereof, and interest hereon, as and when the same shall become due and payable, and which shall be set aside as a special fund for the purpose and identified as "Prestonsburg Gas Distribution System Bond and Interest Redemption Fund," and this bond does not constitute an indebtedness of the City of Prestonsburg within the meaning of any Constitutional provisions or limitations.

Said City covenants that it will fix such rates for gas and gas service, and collect and account for income and revenues from said Gas Distribution System sufficient to promptly pay the principal and interest on this bond, and the issue of which it forms a part as the same shall become due.

This bond shall be fully negotiable and pass by delivery. The City shall treat the holder of this bond, or any coupons hereof, as the absolute owner thereof.

This bond is exempt from taxation in Kentucky.

IT IS HEREBY CERTIFIED, RECITED AND DECLARED, that all acts, conditions and things required to exist, and happen and be performed precedent to and in the issuance of this bond, do exist, have happened, and have been performed in due time, form and manner, as required by law, and the amount of this bond does not exceed any limit prescribed by the Constitution or Statutes of Kentucky, and that a sufficient amount of the income and revenues of said Gas Distribution System has been pledged to, and will be set aside in the Special Fund by said City, for the prompt payment of the principal and interest on this bond, and the issue of which it is a part.

IN WITNESS WHEREOF, the City of Prestonsburg, in the Commonwealth of Kentucky, has caused this bond to be signed by its Mayor, and its corporate seal to be hereunto affixed, and attested by the City Clerk, and the coupons hereto attached to be executed by the facsimile signatures of said Mayor and

said City Clerk, and this bond to be dated as of May 15, 1943.

Sec. 4. That such bonds shall be signed by the Mayor of the City of Prestonsburg, and attested by the City Clerk, with the seal of the City affixed, and the interest coupons attached thereto shall be executed by said Mayor and City Clerk, by their respective facsimile signatures.

Sec. 5. That upon the delivery of any bonds issued under the provisions of this ordinance, and thereafter so long as any of said bonds remain outstanding, the municipal Gas Distribution System of the City of Prestonsburg, as said system now exists, and as it may hereafter be improved, and extended, shall be operated for the purpose of this section on a fiscal year basis, commencing May 16 of each year, and ending May 15 of the succeeding year, and during each of said years the income and revenues of said System shall be set aside in a special and separate fund to be held apart from all other funds of said City, to be used and applied insofar as necessary for the payment of the interest on, and the principal of, said bonds, the operation and maintenance of said System, and for balancing the depreciation thereof, which revenues shall be apportioned as follows, to-wit:

There is hereby created an account to be known as the "Prestonsburg Gas Distribution System Bond and Interest Redemption Account," (hereinafter called the Bond Account) and from the gross income and revenues of said System there shall be paid into said account, until all the bonds authorized hereby shall have been retired, the following amounts:
On or before November 1, 1943, and in each year thereafter \$ 900.00
On or before May 1, 1944, and in each year thereafter \$2,900.00
From said account there shall be remitted to the paying agent named in said bonds at least fifteen days prior to each interest date, an amount sufficient to cover the interest and principal due on said date.

There is hereby created an account to be known as the "Prestonsburg Gas Distribution System Depreciation and Replacement Account" (hereinafter called Depreciation Account) into which there shall be paid from the gross revenues of said System, on or before the 15th day of May in each year, beginning with 1944, the sum of Two Thousand (\$2,000.00) Dollars, which shall be used in making good any depreciation of said System, and in making any extensions, additions, or constructions thereto, and when and if such depreciation account exceeds the sum of Five Thousand (\$5,000.00) Dollars by sufficient amount to retire any of the bonds in accordance with their terms, said bonds may be called and redeemed as herein set out, or such excess over \$5,000.00 may be transferred for whatever other purposes the City Council may direct.

After provision for payment of the sums hereinabove designated, into the respective accounts, the remaining gross revenue and receipts from said Prestonsburg Gas Distribution System shall be applied to the necessary maintenance and operating expenses of said system, and the excess remaining thereafter shall be used for the retirement of bonds issued hereunder, or, as the City Council may direct.

Sec. 6. That while the bonds authorized hereunder, or any of them, remain outstanding and unpaid, the rates for all services rendered by the said Gas Distribution System to said City and to its citizens, corporations or other customers shall be reasonable and just, taking into account and consideration the cost and value of said Gas Distribution System and the cost of maintaining and operating the same and the proper and necessary allowances for depreciation thereof and the amounts necessary for the retirement of all bonds and the accruing interest on all such bonds as may be sold and are unpaid under the provisions of this ordinance, and there shall be charged against all users of said Gas Distribution System, including said City, such rates and amounts for gas and gas service as shall be adequate to meet the requirements of this and the preceding sections hereof. Compensation for gas and gas service rendered to said City and payment for same from the corporate funds shall be made monthly and shall be ap-

portioned as other income and revenues of said system.

Insofar as consistent with the laws of Kentucky, said City agrees that so long as any of the bonds hereby authorized remain outstanding, it will keep proper books of record and account, separate from all other municipal records and accounts, showing complete and correct entries of all transactions relating to said Gas Distribution System, and that the holders of any of said bonds shall have the right at all reasonable times to inspect the system and all records, accounts and data of the City relating thereto.

Sec. 7. The said City of Prestonsburg hereby covenants and agrees with the holder or holders of the bonds herein authorized to be issued, or any of them, that it will faithfully and punctually perform all duties with reference to said Gas Distribution System required by the Constitution and laws of the Commonwealth of Kentucky, including the making and collecting of reasonable and sufficient rates for gas and gas service rendered by said Gas Distribution System, and the segregation of the revenue of said Gas Distribution System, and the application of the respective funds created by this ordinance; and the City hereby irrevocably covenants, binds and obligates itself not to sell, lease, mortgage or in any manner dispose of said Gas Distribution System, including any and all extension and additions that may be made there- to, except the mortgage as provided in Section 8, until all the bonds herein authorized to be issued shall have been paid in full, with principal and interest; and the City further covenants and agrees with the holders of said bonds to maintain in good condition and continuously operate said Gas Distribution System and to charge and collect such rates and charges for gas and gas service rendered thereby so the gross revenues shall be sufficient at all times to provide for the payment of the amount stipulated into the Bond and Interest Redemption Fund, and to provide for the proper operation and maintenance thereof and to provide adequate amounts for the Depreciation Fund as herein provided; that the City, in its operation of said System, will carry adequate Workmen's Compensation Insurance, and public liability and other insurance, in such amounts, and to such extent, as are normally carried by municipal corporations operating public utilities of the same type.

Sec. 8. That there shall be a first lien upon the revenues from said System to secure equally each and all of the bonds of this issue. Any holder of said bonds, or any of the coupons, may either at law or in equity, by suit, action, mandamus or other proceedings, enforce or compel performance of all duties of the City of Prestonsburg, including the making and collecting of sufficient rates and segregation of the income and revenues and the application thereof.

If there be any default in the payment of the principal or interest on any of said bonds, then upon the filing of suit by any holder of said bonds, or of any of the coupons, any court having jurisdiction of the action may appoint a receiver to administer said Gas Dis-

tribution System on behalf of the City with power to charge and collect rates sufficient to provide for the payment of any bonds or obligations outstanding against said Gas, Distribution System, and for the payment of the operating expenses, and to apply the income and revenues in accordance with this ordinance and the provisions of the laws of Kentucky.

Sec. 9. That the bonds authorized to be issued hereunder and from time to time outstanding, shall not be entitled to priority over the other in the application of the revenues of said Gas Distribution System, regardless of the time or times of their issuance, it being the intention that there shall be no priority among the bonds authorized to be issued under the provisions of this ordinance; and provided further that the lien and security of and for any bonds or obligations hereafter issued that are payable from the income and revenues of the Gas Distribution System shall be subject to the priority of the bonds hereby authorized as may from time to time be outstanding.

Sec. 10. The Mayor of the City of Prestonsburg be and is authorized and directed to advertise the sale of the bonds herein authorized, by inserting a copy of this ordinance in The Floyd County Times, at Prestonsburg, Ky., on April 22, 1943, and by publishing in said paper on said date, notice of the sale of said bonds, which shall state that bids will be opened at the City Council chamber on the 3 day of May, 1943, at the hour of 1:00 p.m., and that the City of Prestonsburg will sell said bonds to the highest and best bidder, or, may, in its discretion, reject any and all bids. Said notice shall further state that no bid will be recognized unless accompanied by certified check of the bidder in the amount of \$5,000.00, and that after said sealed bids have been opened, and if said bonds are then sold, in that event all certified checks of unsuccessful bidders will be immediately returned; that the certified check of the successful bidder will be retained by the City Clerk to insure faithful compliance with the bid so submitted.

Sec. 11. That the net proceeds

derived from the issuance and sale of said bonds, shall be used only as payment for said Gas Distribution System.

Sec. 12. That from and after its purchase by the City said System shall be managed by the Prestonsburg Utility Commission, heretofore created in connection with the Municipal Water Works.

Sec. 13. If any section, paragraph, clause or provision of this ordinance shall be held to be invalid the invalidity of such section, paragraph clause or provision shall not affect any of the remaining provisions.

Sec. 14. All ordinances, resolutions and orders, or part thereof, in conflict with the provisions of this ordinance, are, to the extent of such conflict, hereby repealed.

Sec. 15. This ordinance shall be in full force and effect from and after its passage, approval by the Mayor of the City of Prestonsburg, and publication as required by law." Passed and approved this April 19, 1943.

CONTROL CAN DO WHAT PROHIBITION CAN'T!

THE OLD JUDGE SAYS...

"I've been meanin' to ask you for the last couple of weeks, Judge, what you think of this prohibition talk that keeps croppin' up every so often."

"I've heard some of it too, Henry, and I feel like this about it..."

"It comes from a comparatively small group of reformers... the same type that plunged us into prohibition during the last war. And, as we all remember, into nearly 14 years of the worst crime and gangsterism

this country has ever known. Everybody had all the liquor they wanted only it came from bootleggers at exorbitant prices and the government was deprived of millions and millions of dollars in taxes.

"It seems to me, as I told my Congressman down in Washington last week, that we've got all we can do here at home to help win this war without wasting time arguing about things we know, from sad experience, won't work."

LIQUOR—AMERICA'S WORST SABOTEUR

By the REV. J. B. HAHN

We are in the midst of the most dangerous war of our national history. Our God-given liberties and institutions won for us and preserved to us by our fathers and mothers, are at stake. We are fighting for our Christian civilization, our Christian church, our democracy, our American way of life. And we must not allow anything to interfere with an all-out mobilization of our physical, moral and spiritual resources and powers. Any person or traffic that deliberately wastes food and other materials, or weakens manpower, thus undermining health, interfering with safety and security, and reducing efficiency of the American soldier or civilian, or destroys our moral and spiritual values in this crisis, is our worst saboteur and enemy. The Liquor Traffic is such a Saboteur and Enemy.

No greater menace to civilization and the cause of righteousness, in any land or age, has been imposed upon humanity than that of the slavery and wretchedness of the Liquor Traffic. An eminent statesman summed up its evil effects when he said: "It is the sum of all villainies, the father of all crime, the mother of all abominations, the curse of all curses, the devil's best friend and God's worst enemy." The American Business Men's Research Foundation concludes: "Liquor has defeated more men, more armies, more nations than any other cause. It does seem that the lessons that history records should serve as an ample warning against this the worst of all enemies." History, sacred and profane, testifies that drink time and again has been the contributing, if not the prime, factor of the downfall of nations.

Holy writ records that Babylon, that celebrated city of antiquity, fell through drunkenness and dissipation. It was when Belshazzar sat drinking liquor out of the sacred vessels in his Babylonian palace, with his lords and ladies of the court, that the hand wrote on the wall in blazing letters, "Thou art weighed in the balances, and art found wanting." And when America sits down today in her cocktail lounges, beer parlors and saloons and sips at the glasses, she too is being weighed and found wanting. Nineveh, another proud city of antiquity, was destroyed by the Medes when the enemy came upon it in a night of sensual drinking and feasting. David defeated the Amalekites after they were found drunk celebrating a temporary victory. Ahab surprised and defeated Benhadad, king of Syria, when he found him with 32 kings, "drinking themselves drunk in their pavilions."

Profane history reveals that Alexander the Great, after having experienced triumph after triumph and longed for more worlds to conquer, was himself conquered by alcohol at the age of 33. Rome fell through a period of drunkenness and dissipation. The Normans won the Battle of Hastings after "they passed the night in fasting and prayer," while the Anglo-Saxons lost it, "devoting the same period to drunkenness and debauch." The American troops crossed the Delaware and won the Battle of Trenton when the surprised Hessian soldiers were celebrating the season with drinking and feasting. Napoleon met his Waterloo because Marshal Ney failed to make his appearance as ordered. Retiring the night before to his quarters, after having imbibed too freely of his favorite Burgundy, he "fell into a deep and profound sleep, and when he awoke found himself apparently unable to give orders, or to reach any decision." Press reports reveal that when the Germans in 1918 were closing in on Paris, the spearhead of the advance suddenly broke. No one could tell why. Later it was learned that the French had left a great supply of alcoholic drink as the surest means of retarding the German advance. And it worked. Marshal Petain, in an official statement, gave alcoholism as one of the chief causes of the overthrow of France in 1940. Honolulu was almost lost when the enemy by surprise attack on the week-end found the city in a drunken debauch.

It is time for America to arise and destroy this, her greatest saboteur and enemy—the Liquor Traffic.

Egg Profits Soar To New Records

Kentucky poultry keepers co-operating with county agents and the State College of Agriculture and Home Economics reported an average income of 28 cents per hen above cash expenses in January. This is the best poultry income for that month since 1932, when the profit was 12 cents per hen. The highest flock production in January was almost 24 eggs per hen, and the 10 best flocks had an average production of almost 22 eggs, while the lowest-producing flocks had an average of less than four eggs per hen.

In Nelson county, homemakers are canning more meat than usual, including a greater variety of cuts.

Keep your car up to par with Studebaker service

Let's put your car in top condition for Spring driving

THIS Spring, it's more important than it ever was before to have your car thoroughly reconditioned and revitalized.

None of us can tell how long our present cars may have to do. We have a war to win—and every automobile that helps ease the transportation situation is a potential aid to Victory.

So don't take chances with your car, whatever make you drive. Come in now and have it put in tip-top shape by our expert, factory-trained mechanics. These men are Essential Transportation Workers who fully realize their responsibility to the community and the nation.

Limited driving has created new operating problems. Old servicing methods are no longer completely adequate. Our special Spring inspection and tune-up service is based on new procedures that were devised by factory experts after exhaustive tests in the great Studebaker engineering laboratories and on the famous 800-acre Studebaker proving ground.

Save time, save money, save your car—let us keep it up to par with Studebaker service.

- GOOD RULES TO FOLLOW to keep your car up to par 1 Have inspections made regularly. 2 Have engine oil checked frequently for condition as well as quantity. 3 Have the chassis lubricated every 30 days. 4 Have the body washed and waxed often to protect the finish. 5 Have tires switched regularly and re-capped before too worn.

times and that another cartridge had been snapped on.

Evidence in the Martin case generally coincided with that produced at the first trial which resulted in a "hung" jury. The defense pointed to threats of the victim, Billy Martin, Jr., against the defendant, to an assault made, a few days earlier, on the defendant by the youth and to the defendant's claim that the other was chasing him when he fired. Commonwealth testimony contended that the youth was seeking to regain control of a dog which he and his sister were taking home and was offering no offense when shot.

In the Newsome trial it was admitted that the boy struck his grandfather with a rock after the elderly man had struck the boy with his cane.

Witnesses, including the victim's widow, Mrs. Cinda Johnson, explained the absence of the cane as part of the evidence by stating it had been buried with Johnson.

They said the cane had been used to measure his grave and it was considered bad luck not to bury the measuring implement with the body. Judge Stephens said he would decide at the end of the term whether the youth would be placed in a reformatory until he becomes 18 before starting his two-year sentence or whether the term would be started immediately.

The grand jury re-convenes today (Thursday) for the last three days of its session. The May court term will be devoted to the trial of equity cases.

FLOYD COUNTY GOES TO WAR

Where Floyd Countians in Armed Forces Are, What They're Doing

CPL. LAFERTY CPL. GOBLE

Cpl. Darwin Laferty, son of Mr. and Mrs. J. L. Laferty, of Edgar, and Cpl. Virgil Goble, son of Mr. and Mrs. Joe Goble, Endicott, are sticking as close together in the army as they did back on Johns Creek. The two entered high school here together, were graduated together, were with each other during signal corps training at Ashland five months in 1942, and from there went to Lexington for advanced training. The two entered the signal corps reserve Dec. 4, 1942 at Camp Crowder, Mo., and now are together at Camp Murphy, Florida. And both are studying diesel engine work—together.

Onetime worker at the Stephens Elkhorn Fuel Corporation's mines on Stephens Branch, Arthur T. Simmons, 20, is now a member of the Marine Corps. Son of Mr. and Mrs. Clyde Simmons, now of Nolan, W. Va., he is now stationed at Ocean Side, California. He was employed at the mines as electrician.

Auxiliary Ella Hopkins, of McDowell, has arrived at Ft. Devens with a group of 282 Auxiliaries from Fort Oglethorpe, Georgia, who will comprise part of the Fourth Training Center of the Women's Auxiliary Corps there.

Auxiliary Hopkins (whose rank corresponds to private in the army) is the daughter of Mr. and Mrs. W. J. Hopkins. She attended Caney Junior College, and was formerly a teacher at Prestonsburg. She will be engaged in classifying the new enrollees to jobs or further training.

It is estimated that 10,000 women at a time will be receiving their basic training as Auxiliaries at Ft. Devens with hundreds of recruits coming in each week.

Pvt. Walter C. Gunnell, 22, of Emma, has arrived at Waynesburg College, Waynesburg, Pa., for a course of instruction lasting approximately five months prior to his appointment as an aviation cadet in the Army Air Forces Flying Training Command. During this period he will take numerous academic courses, as well as elementary flying training. Upon completion of the course he will be classified as a navigator, pilot or bombardier and go on to schools of the flying training command for training in these specialties.

Cpl. E. O. Rickard, son of Mr. and Mrs. E. A. Rickard, formerly

of Weeksbury but late of Wharton, W. Va., left recently for officers training in army administration work at Grinnell College, Grinnell, Iowa. Formerly of Post Headquarters, Ft. Thomas and more recently attached to the military police section at that post, Rickard was inducted into the armed forces in August, 1942. The former Wheelwright high school social science instructor and assistant athletic coach received his A. B. degree from Berea College in 1940, having majored in History and Political Science, and in June 1941 received the M. A. degree from George Peabody College, Nashville, Tenn., majoring in the social science field of secondary education. Cpl. Rickard's younger brother, William G. Rickard, a graduate of Wheelwright high school, is located in the army air force and is taking a cadet course in the field of meteorology at the University of Iowa. William "Bill" Rickard was inducted into the armed forces in February, 1943, and did his basic training at Keesler Field, Miss.

Pfc. Glenn H. Hall, son of Mr. and Mrs. John Hall, Wayland, was graduated from the Fifth Technical School Squadron, March 25. He has been permanently stationed at the school where he is an instructor in technical training.

Fourteen Floyd county men are being trained for duty with America's sea forces at the U. S. Naval Training Station, Great Lakes, Ill. They will receive 12 weeks of instruction in the fundamentals of seamanship, naval customs and procedure, and physical hardening, upon the completion of which they will be given a nine-day leave.

The Floyd county recruits are: John C. Hall, 20, McDowell; Elisha Gayheart 19, McDowell; Bobby Hall, 19, McDowell; Harold E. Shuffelbarger, 19, McDowell; Lawrence E. Bailey, 19, Garrett; Everett A. Daniels, 19, Garrett; Goble Singleton, 19, Wheelwright; Amel Combs, 19, Wayland; James D. Brewer, 19, Lancer; Noah O. Daniels, 19, Lackey; Jesse J. O'Brien, 19, Jump; Amos Moore, 17, Dony; Curtis Akers, 19, Banner; Hubbard K. Moore, 18, Alphoretta.

Cpl. Leonard Warrens and Cpl. Paul Russell, cousins, of Northern, are both in North Africa, letters to their relatives reveal, but neither knows the exact location of the other. They are nephews of Malta Warrens. Cpl. Warrens is a son of Mr. and Mrs. W. E. Warrens.

Estill J. (Eck) Branham, former Prestonsburg athletic coach, and a son of Mr. and Mrs. John Branham, of the Auxier road, is now Pvt. Branham at Ft. Custer, Mich., where he is a member of the 458th military police escort guard company.

The following newly inducted personnel of the U. S. army have been sent forward from the reception center at Ft. Thomas, Ky., to the stations and addresses indicated: To Medical RTC, Camp Grant, Ill.—Robert L. Edwards, Water Gap; Denzil Halbert, Martin; Herschel R. Stratton, Betsy Layne; Olby Thornsberry, Wheelwright.

To Engineers RTC, Fort Belvoir, Va.—Frank M. Heinze, Prestonsburg.

To Air Force Command, Signal (BTC No. 10), Greensboro, N. C.—Berlin Young, Drift.

To Air Force Command, Ordnance (BTC No. 4), Miami Beach, Fla.—Earl Manns, Wayland; Clem Martin, Garrett; Clifford Turner, McDowell.

To Air Force Command, Kearns Field, Utah—Burnis Flanery, Martin.

How Will You Vote?

IS AMERICA GUILTY?

Have we AMERICANS done any better than the English people? God said: "Woe unto them which justify the wicked for reward, and take away the righteousness of the righteous from him."—(Isa. 5:22, 23. Does not America justify the liquor traffic for the reward of revenue received from it?

God asks: "Shall the throne of iniquity have fellowship with thee which frameth mischief by law?"—(Psa. 49:20.) Are not all laws of licensing the liquor traffic gambling and vice "framing mischief by a law?"

God says: "Woe unto him that buildeth a town with blood and establisheth a city by iniquity."—(Heb. 2:12.) When we build up or help support a town with liquor traffic blood money, is not the "woe of God declared against us?"

After Judas had betrayed his master for thirty pieces of silver, he came back broken-hearted to the temple to return the money to the chief priest. They refused to take it and he threw it down on the temple floor and went out and hanged himself.

The Bible says: "And the chief priests took the silver pieces and said, 'It is not lawful to put them into the treasury, because it is the price of blood.'" And they bought with them the potters field to bury strangers. "That is with the blood money."—Matt. 27:6.)

If hard-boiled, hard-hearted priests of long ago refused to accept such blood money for church revenue, why should good citizens or Christian men and women today consent to the state and nation accepting revenue from the liquor traffic, gambling and vice, all of which is as truly "the price of blood" to millions of people in our country as was the price paid to Judas for the betrayal of his master?

God says: "An astonishing and horrible thing is committed in the land. And my people love to have it so! And what will ye do in the end thereof?"—(Jer. 5:30, 31.) Is there anything more amazing, more astonishing, more horrible than for

a civilized country, a so-called Christian country to "frame mischief by law," by which it permits and legalizes the horrible liquor traffic which the state and the nation know in advance that only physical destruction to the body, mental destruction to the mind and moral destruction to the souls of millions of people can come to all who patronize this evil traffic to all who "tarry long at wine?" Yes, God asks: "And what will ye do in the end thereof?"

It was stated recently by the government that there is enough whiskey now on hand in bond in this country to supply the normal liquor trade for five years to come. The government is using enormous quantities of alcohol in the manufacture of munitions of war. We hereby request the government to take over all the liquor in bond, re-distill it, and use the alcohol for manufacture rather than for beverage liquor for demoralizing people, as it is a crime against humanity to turn hundreds of millions of bushels of wheat, corn, rye, sugar, etc., into making intoxicating liquors to demoralize people when so many hundreds of millions of people are now starving to death in Europe and Asia.

When we are trying to save on everything else, to win this war, why should we allow the selfish, greedy liquor manufacturers to make millions of dollars out of the blood of human beings not only in our own country but also by robbing hundreds of millions of people of food in foreign countries by so doing?

When the new draft bill was under consideration, which will take from our homes all of our boys of 18 and 19, and an amendment was proposed that they should have the protection which has so persistently been denied those who have reached their majority, word comes to us that the whole force of the administration was exerted to defeat the amendment. Can it be possible that our government is so completely sold out to the iniquities which are amassing wealth by the manufacture and distribution of beer and distilled liquors, and to

those who have commercialized social vice and the moral forces of our land are thus defied?

But as sure as there is a God in heaven who hears the cry of the humble and pure in heart, America will reap the fruit of her sowing when God's wrath is poured out on those in places of authority who abuse their power. When our sons and daughters, the pride of our hearts and our hope for the present defense and future perpetuation of our democratic inheritance, have been debauched and made unfit for any worthy service either on the battlefields or in the building of our domestic institutions; and when our nation which God has set as a light to the heathen world is brought low in the eyes of all mankind, will it be then and then only that we can see the handwriting on the wall by that unseen Hand of God? God help us to repent now!

Thank God that much prayer is going up now in behalf of our soldiers, and for the cause of American liberty. We believe the United States is the most wonderful nation on earth, even in spite of the fact that there has been a sad, deplorable drifting away from the principles of our forefathers. It is time for America to pray, come down on our knees in humble submission, repent and get back to God. Only as we obey God's word, love and worship God in the beauty of holiness, get away from streamlined modernism, stand for truth, honesty, and the principles upon which our great government is founded, shall we continue a free and independent nation.

When we sacrifice the right for wrong, truth for error, righteousness for righteousness, salvation for fleshly gratifications, then shall we sink never to rise again. A volume of earnest prayer ought to go up to God from the hearts of the American people. May we be as Nineveh from the chief executive to the least, come down off our high horses, so to speak, as an humble people before God. We are conscious that we are in a very dangerous position, and our danger is more from a spiritual and moral

standpoint than anything else. The strongest fortification of a nation is its spiritual fortification. Every nation will eventually fall if she forsakes the BIBLE, GOD AND THE CHURCH.

If we win this mighty war it is going to be won through prayer and faith in God more than by our mighty soldiery and munitions of war. Multitudes of our boys will never return from the battlefield, except in answer to prayer.

It is social sabotage to sacrifice the welfare of its people to perpetuate a traffic in narcotic beverages. The German army is almost a total abstinence; likewise is the Japanese army. The American and English armies must come to the same, if they are to win this war.

Distilling institutions of the United States are calling for sixty thousand young men between the ages of twelve and twenty to enlist in the army of drunkards. Mothers, have you a son to spare? Think twice before you vote. Vote "Yes" to vote against.

'Happy', Unhappy When He's Boy Left Behind on Trip

Washington, April 8—Boys will be boys and the Senate Military and Truman War Investigating Committees produced some evidence today by way of proving it.

Each committee is semi-officially somewhat hurt and a little taken aback at the attitude adopted by the other on the burning question of which shall send a delegation to inspect the American fighting positions in North Africa.

Privately some of the boys are pretty mad about the whole thing, and cross words have been exchanged behind the swinging doors of the Senate cloakrooms where really important matters of this nature are threshed out.

The Truman Committee, it seems, got the jump on the junket in the form of a letter from President Roosevelt to Congressional leaders approving a visit by four committee members to North Africa. The committee headed by Senator Truman (D., Mo.) decided that Senator Mead (D., N.Y.) and Hatch (D., N.M.), Brewster (R., Maine), and Burton (R., Ohio), would make the journey.

Hardly had these four begun taking the inoculations prescribed for those who go overseas when Senator Chandler of Kentucky returned from an inspection trip to west coast military and other installations and demanded to know why the Military Committee wasn't represented on such a coveted assignment.

Chandler is chairman of a much-traveled military sub-committee which has been to Alaska, among other places. Chandler says this sub-committee has priorities on any trip outside the country because of a tacit understanding with the War Department, made long ago, that when it was willing for any Congressional group to visit Africa, Chandler's group would be tapped.

It looked for a while as if things might be worked out with a traditional compromise on a committee of five, combining members of both groups and including Senators Chandler, Hatch, Brewster, Wallgren (D., Wash.) and Lodge (R., Mass.)

But the Truman committee balked. And the Military Committee thereupon decided it, too, would be exclusive and name a sub-committee of five of its own members.

This afternoon Chandler and four members of his sub-committee called on Gen. George C. Marshall, the army Chief of Staff.

The opposing sides aired these views:

Chandler—"The Military originated the Truman committee, which is not supposed to investigate every-

thing on earth. The Military Committee has the right and duty to inspect military installations to keep abreast of what is going on. I, for one, am going to insist on that right."

Truman—"We don't intend to send a sub-committee on any pleasure jaunt or as the guests of the army to be shown just what the army wants the members to see. Our committee plans to inspect supplies, warehouses and other things to determine how the production program is working out in practical use."

Best bet for the final entry:

Two Senate committees will go to North Africa.

Adolph, Benito and Hirohito—the three blind mice. Make them run with ten percent of your income in War Bonds every pay day.

America depends for more than 80 pct of its essential transportation upon its 27 million passenger automobiles and 5 million trucks. These must be kept rolling if our war effort is to go forward. You can help preserve our precious rubber supply by keeping your tires properly inflated. The life of a tire can be lengthened by keeping the right air pressure in the tube at all times. This relieves tire "drag" and keeps your tire rolling with a minimum of wear. Soft tires expose an unnecessary amount of tire surface to damaging pressure. Let us inspect your tires regularly once a week. Drive them properly inflated. Drive them twice as long.

THIS 'N' THAT

By NOBLE HOBBS

Was down to Prestonsburg last week-end and saw the member of the Fourth Estate who heads THE TIMES, and we are still good friends, although I think he sometimes misuses the power of said membership.

Also saw the Winchell of Left Beaver, the Shike, who needed a shave.

Saw the circuit court in action and it is not my purpose to criticize the court but rather to advise some of my neighbors to stay away from said court. A case was tried involving a couple of our miners who had had a scrap. The jury was convinced one hit the other with a rock. Result: fine, \$10 and costs. All this is o.k. with me, were it not for the fact that I counted 12 miners who were either witnesses or spectators at the trial. The result of this part of the lawing was that 12 men lost a day's work. A coal miner produces an average of five and one-half tons per man and so 66 tons of coal didn't go to the market that day to make the scrap to lick the Jap. Let's quit that stuff and keep our fights sort of private or square away in a ring on the head of Beaver and charge admission and give the proceeds to the Red Cross. Ye scribe will be glad to referee.

We sincerely hope all the people will read the advertisements being sponsored by the United Mine Workers of America which will show the true state of affairs as far as the Union Miner is concerned. They are appearing in The Courier-Journal and The Herald-Dispatch, Huntington.

So long till next time.

Brooke Commissioned Second Lieutenant In Air Corps

Wayland, Ky., April 13 (Spl.)—Albert B. Brooke, Jr., returned to Wayland this week on a well-earned furlough. He had just completed an intensive training period and had been commissioned Second Lieutenant in the army air corps April 1.

Lt. Brooke, known to friends as "Bush," entered service last July, and after basic training was assigned to Radio Operations and Mechanics School in Sioux City, S.D. Then he was sent to Valley Forge Military Institute, Wayne, Pa., after which he was selected to attend the aviation cadet special officer training course at Yale University.

Lt. Brooke was an honor student at Wayland high school and the University of Kentucky. His advance in the army air corps was welcomed by his many friends in Floyd county. He expects to be assigned to the Advanced Flying School, Blytheville, Ark., where he will be officer in communications.

SENIORS TO PRESENT PLAY

The senior class of Wayland high school presented its Senior play, Monday, April 19, in the high school auditorium. The play, "The All-American Family," a comedy filled with amusing incidents in the lives of a typical American family, drew a large crowd.

The director was Miss Helen Daniels. The cast included Harry Craft, Irene Pigman, Susie Evans, Bobby Doyle Hicks, Davese Fannin, Betty Hampton, Henry Adkins, Archie Kazanico, Edith Turner, Genevieve Music, and Junior Oney.

George Pow, Jr., and Miss Kathryn Pow, son and daughter of Mr. and Mrs. George Pow, were home last week for a visit. George, Jr., has finished his course at the University of Cincinnati and expects to take a position as research engineer with an industrial concern in Ohio. Kathryn is enrolled at the University of Cincinnati as a student nurse.

Mr. and Mrs. George Pow had as their guest Lt. A. B. Brooke.

Betsy Layne 8th Grade Bond, Stamp Sales At \$1,044 Total

Betsy Layne, Ky., April 7 (Spl.)—An eight-weeks drive during which the eighth grade of the Betsy Layne consolidated school bought a total of \$1,044.45 of War Bonds and Stamps ended April 2 and its success was celebrated this morning with a Victory March over the town, with every pupil who bought a stamp joining in the parade.

One eighth grader, Charles Walters, especially distinguished himself during the drive. Immediately upon receiving a check from his father, Marvin Walters, who is in Hawaiian Island army service, he invested \$300 in bonds.

THE 2ND WAR LOAN DRIVE IS ON!

Winner Take All!

There is one stark and simple fact about war which you had better get straight . . . and quickly, too
THERE IS NO SECOND PLACE IN A WAR — IT'S EITHER WIN OR LOSE!

This war is being fought for tremendous stakes . . .

- ... for your life and your liberty.
- ... for your church and your children.
- ... for your freedom and your future.

And it's WINNER TAKE ALL. Don't forget that for a minute.

The winner will dictate whether tomorrow you shall be a free citizen of a free world, or a helpless serf to a "master race."

The winner will dictate whether you shall live and prosper under the Four Freedoms, or toil hopelessly in the darkness of a "New Order."

The winner will dictate . . . because the winner takes all.

The winner takes all. All you own, all you hold dear.

The winner is being decided right now . . . today . . . this very minute . . . on battlefields all over the world. Will you stand idly by . . . or throw all your weight on *our* side?

The weight of mighty tanks and planes. The weight of thousands of guns and millions of shells. The weight of billions of dollars . . . 13 billions which your country asks you to lend during this Drive.

Your country wants to borrow every idle dollar you have—every dollar except what you need for the barest necessities of life.

You'll have to give up some luxury or comfort which was dear to your heart. You'll have to postpone some pleasure which you had been eagerly anticipating.

But what of it?

Your sons and brothers and husbands are *dying* out there . . . fighting your fight. Surely it is no sacrifice to *lend your dollars* while they are giving their lives.

They need your help. They need the weapons your money can buy. If one of the War Loan volunteers calls on you . . . greet him with open pocketbook. Remember, Uncle Sam's goal is 13 billion dollars in April.

Don't wait to be asked. Go to your nearest bank, investment dealer, broker, Post Office or issuing agency and lay your money on the line. Remember it's an *investment* you're making—an investment that pays a good return and insures a happier future for you and your loved ones.

So *lend* up to the limit.

You'll sleep better for it.

There are 7 different types of U.S. Government securities—choose the ones best suited for you:

United States War Savings Bonds—Series E: The perfect investment for individual and family savings. Gives you back \$4 for every \$3 when the Bond matures.
