

Clerk Says Contest Suits Stolen

STATE BUREAU CALLED UPON FOR PROBE

Hall, May Contest Sturgill's Victory In Sheriff's Race

Theft from the Floyd Circuit Clerk's office of three election contest suits and a sheet from the Public Fund book on which the date of their filing was annotated was reported Monday morning by Circuit Clerk W. W. Cooley in asking the State Bureau of Investigation and Identification to attempt a solution of the case.

Disappearance of the suits and the leaf from the record book was discovered Monday morning by Miss Rebecca Ellis, assistant to Mr. Cooley, when she opened the office. Immediately after learning the records were missing, Mr. Cooley closed the office to await arrival of an investigator to study fingerprints.

Lane Bertram, of the State Bureau of Investigation and Identification, began a probe of the case Tuesday.

The missing contest suits are those of Bill Hall and Willard May, filed Saturday evening, and that of Elson Kendrick, filed Sunday afternoon—all seeking to void the Democratic nomination for Sheriff of Troy B. Sturgill, of Prestonsburg.

Attorneys for Sturgill announced they were willing to sign an agreed order for supplying of the record from the plaintiffs' attorneys' copies of the actions, Kendrick's suit is considered void because of its Sunday filing.

The Circuit Clerk expressed the belief that his office was entered through a window which had been previously broken. Though only a part of a pane was out, it was held that the opening permitted the intruder to reach inside and raise the window catch.

Findings of the investigator called here from Frankfort were not disclosed.

In the recent primary Sturgill received 2,030 votes; Hall, 1,696, and May, 1,511. May alleged in his petition that pluralities gained by his opponents were the result of "fraud, intimidation, bribery and violence." The petition added that at least 1,038 votes were bribed for Sturgill and 897 for Hall.

Hall's action charged Sturgill with spending \$7,000 in the election and bribing at least 1,200 voters.

The May petition was filed by Atty. Joe Hobson; Hall's, by Atty. Joe P. Tackett.

BACK FROM LOUISVILLE
Mr. and Mrs. V. F. Strahan returned Sunday from a two-weeks' business visit to Louisville and have re-opened their studio.

Former Miner, Victim At Wayland of Cancer
Wilburn Scott, 27 years old, former miner, died Monday at the home of his father, Phelix Scott, of Wayland, victim of cancer of the lungs.

Mr. Scott was a member of the Baptist Church and was highly regarded by acquaintances in this section. He is survived by his parents, his widow and three children.

The funeral, delayed pending arrival of his brother from a California army post, was conducted today from the Baptist Church, near Garrett, the Revs. M. C. Wright, Tom Moseley, E. H. Howard and Alex Coburn officiating. Burial in the Tom Martin cemetery, West Garrett, was conducted by the Arnold Funeral Home.

ALLEN MAN, JAP VICTIM

Pvt. Clevenger Dies Of Wounds Received In Pacific Fighting

Mr. and Mrs. Charles Clevenger, Sr., of Allen, were notified Wednesday by the War Department that their son, Pvt. Charles Clevenger, Jr., had died August 4 of wounds received in action in the southwest Pacific.

It was held probable that the Floyd countian fell wounded during the drive on Munda, Jap base recently taken by American forces.

Pvt. Clevenger volunteered for army service two years ago. He was about 32 years old.

Surviving, besides his parents, are three brothers and six sisters: John, of Detroit; David, of Baltimore; Leamon, of Ohio; Mrs. John Hobson, of Allen; Mrs. Lula Hobson, Harold; Miss Mary Jane Clevenger, at home; Miss Ruth Clevenger, Clear Creek; Misses Madeline and Beatrice Clevenger, both of Cincinnati.

Minister's Car Hits Youth Who Suffers Brain Concussion

Buford Morgan, 14 years old, suffered a brain concussion Wednesday morning when struck on the Mayo Trail in the Porter Addition here by an automobile driven by the Rev. Robert L. Offield, Holston Valley, Tennessee. He was dismissed from the Prestonsburg General hospital after receiving treatment and his condition is not considered serious.

The Rev. Offield told Chief of Police Epp Lafayette that the youth, riding a bicycle, cut across the highway, directly in the path of his car.

You Don't Have To Contribute-- Yet It's the Duty of Us All

The question was asked here this week if it was necessary for an individual having a soldier's name placed on the proposed "Honor Roll" here to contribute at least a dollar.

And this was the answer given: "No, you do not have to contribute one cent. Your boy's name will go on the Honor Roll. His service in the armed forces is all the contribution necessary. Whatever you give is your own voluntary assistance to bearing the expense of building the huge signboard and having the painting done."

Although most folks have expressed their interest in the undertaking and are willing to contribute in honor of those serving their country and doing honor to their home county, only \$88 had been contributed as of Tuesday afternoon, this week. It is estimated that approximately \$750 will be needed for the complete job.

Names of those who have contributed since last week follow: Mrs. Ernest Garrett, \$1; W. M. Arrowood, \$2; Billie Bolling, \$2; Ruth S. May, \$1; J. A. Lafferty, \$1; Vivian Hatcher, \$2; Amy M. Begley, \$2; Fred Dickerson, \$2; Lou Burchett, \$1; Mrs. J. P. Laven, \$1; Edward P. Hill, \$5; J. W. Prater, \$1; Willie Johnson, \$1; Mr. and Mrs. Lindsay May, \$2; Lida Cottrell, \$5; Mr. and Mrs. Joe Hobson, \$10; Belve Turner, \$2; R. L. Pitts, \$2; Morell Supply Co., \$10.

'Blood Plasma Saved Me,' Says Sailor From Weeksbury, Wounded 42 Times

Holt's Subchaser Sank, Crew Machinegunned By German U-Boat

Although Floyd county blood is not going into the life-saving blood plasma needed on world land, sea and air fronts, a Floyd county sailor, Gunner's Mate Third Class Nelson Holt, 19, of Weeksbury, is alive after receiving 42 wounds to tell the world that "that plasma saved me."

(Incidentally, Floyd county blood is not going into the blood banks because there is none of these banks accessible to this section.)

Petty Officer Holt was serving aboard a small subchaser on Atlantic patrol when it was sunk by an Axis U boat. Wounded in 42 places, he spent four hours in the water before being picked up.

Holt, who left Wheelwright high school to enlist in the navy in September, 1941, was at his gun station at 1:15 that morning when his ship literally was blown out of the water.

Floyd Native's Body Returned from Detroit For Burial at Harold

Funeral rites for Adrian B. Clark, 49 years old, former Floyd man who died in Detroit, Mich., Aug. 15 of a heart attack, were conducted Sunday from the home of his parents, Mr. and Mrs. Sheridan Clark, at Harold.

Mr. Clark, member of a well-known Floyd county family, had resided in Detroit for the last 25 years. He served with the American expeditionary force in France for 18 months during World War I and, though residing elsewhere since that time, had many friends in this section.

He is survived by his widow, one daughter, Virginia, and two sisters, Mrs. Lillian Hatcher, St. Petersburg, Fla., and Mrs. Nelle Kotle, Atlanta, Ga.

Funeral rites were conducted by the Rev. Isaac Stratton and burial was made in the Stumbo cemetery at Harold, the Arnold Funeral Home directing. Pallbearers were his cousins, Robert, Willie, James and Orville Clark, Edwin Walters and Floyd Caldwell.

'Stamp' for Ration Book Doesn't Mean Kind That You Lick

Many holders of Ration Book No. 3 have gained the erroneous impression that a stamp is necessary to render the ration book valid, John Stephens, clerk of the Floyd County War Price and Rationing Board, said this week.

"Holders of these books will note that the book is stamped already in red with these words, 'OPA Valid U.S.A.'" Mr. Stephens pointed out. "That," he added, "is all the stamp necessary."

The ration board office here has had many callers seeking information about the stamp middle.

Mr. Stephens at the same time said that all holders of Old Form R 527A and R528A "B" and "C" ration books should mail these coupon books to the ration board at once. In return, new form books will be mailed the ration-book owners.

Mrs. Mary Rice, 79, Victim Last Week

Mrs. Mary Rice, 79 years old, wife of Sam M. Rice, of Banner, died Thursday, last week, at the Martin General hospital, a victim of dysentery.

Mrs. Rice had been a member of the Regular Baptist Church for 40 years and was one of the county's best women. She is survived by her husband and three daughters, Mrs. Willie Sammons and Mrs. Epp Jarrell, of Dana, and Mrs. James Skaggs, of Dana.

Funeral rites were conducted Saturday, the Revs. C. F. Conn and Bert Conn officiating. Burial in the Rice cemetery at Dana was under direction of the Ryan Funeral Home.

YOUTH DIES SUDDENLY
Draft Rejectee, Victim Of Heart Attack Here Sunday
Twenty-year-old Otto Stanley, who was rejected for military service a few months ago because of a heart ailment, died suddenly late Sunday afternoon at the Standard Oil service station here where he was working.

Young Stanley slumped to a seat outside the station and died before medical aid could be reached. He was taken to the Prestonsburg General hospital, but was dead on arrival.

He was a son of Mr. and Mrs. Jim Stanley, Prestonsburg, and had many friends throughout this section. He had been employed by Burl Spurlock at West Prestonsburg until condition of his heart prevented him from strenuous work.

Surviving, besides his parents, are his bride of a few months, Mrs. Anna Stone Stanley, four brothers, and three sisters: Bub and Scott Stanley, in the army; Jack, Lloyd, Misses Loraine, Ada and Peggy Stanley, all at home.

Funeral rites were conducted Tuesday afternoon from the Assembly of God Church, West Prestonsburg, the Revs. G. R. Fannin and H. C. Church and Mrs. Cora Fannin officiating. Burial in West Prestonsburg cemetery was under direction of the Arnold Funeral Home.

DRAFT QUOTA RAISE VIEWED IN OCTOBER

15 Per Cent Increase Would Send 520 Men From This County

The heavy October drain on Floyd draft eligibles was predicted after state selective service headquarters said October's quota, biggest of the year, will be 15 per cent above the September call. The September quota for the state is approximately 40 per cent above that of August. This county will call up 452 men next month, practically exhausting the 1A manpower pool.

Draft boards here this week received notice from Maj. Gen. Lewis B. Hershey, national draft director, that the last four or five months of this year will be the hardest for them, not only because of increased quotas but because of the induction of fathers and all the complications thus created and also because of occupational deferments.

Gen. Hershey said it may be necessary to induct 446,000 pre-Pearl Harbor fathers by January to meet demands of the armed forces.

About 1,000 young Kentuckians will reach draft age, 18, and register before October 1, state selective service officials said, and many will be

Condition of Child, Burned This Week, Considered Serious
Four-year-old Carol Jean Harris, daughter of Mr. and Mrs. Gene Harris, Columbus, O., was seriously burned Tuesday while playing alone during a visit here with her mother.

Her clothing caught fire when she struck a match and before a truck driver could divest her of her flaming dress she suffered extensive burns on her chest, stomach and right arm.

Dr. D. H. Daniel, of the Prestonsburg General hospital, whither the child was taken for treatment, Wednesday described her condition as serious but added that, barring complications, she will recover. She was given blood plasma Wednesday afternoon and this morning (Thursday) little change was noted in her condition.

The little girl was playing in front of the home of Graham Harris when burned.

Congressman Speaks At Kiwanis Meet

Guest speaker at the Prestonsburg Kiwanis Club last Thursday evening, Congressman A. J. May discussed post-war problems of the nation.

N. M. White, Jr., president of the club, named a committee to work with the American Legion Post here to push erection of the "Honor Roll" for Floyd countians in the armed forces. The meeting was marked by return of Mrs. Palmer Hall, the club pianist, from a visit with her husband who is taking special army training in Minnesota.

The meeting was the second since the three-month attendance contest began. Bill Coffman and the Rev. W. B. Garriot are captains of the competing divisions of the club. The September goal is 100 per cent attendance.

Floyd Countian's Wish Is Barely Thwarted By Death Sunday

Told by physicians at the Paints-ville hospital, where he was taken suffering from typhoid followed by pneumonia complications, that he could not recover, 64-year-old Melvin Endicott expressed the wish that he be taken to his home on Buffalo Creek, this county, to die.

His wish was granted; he was taken back to Buffalo Sunday in the ambulance of the Arnold Funeral Home. And just as the ambulance came within sight of the Endicott home, he died.

Mr. Endicott, a native of West Virginia, had resided on Buffalo for years and was a well-known farmer. He is survived by his widow and several children, among whom are Mrs. Joe Goble, Mrs. Crit Blackburn and Mrs. Johnny Campbell, all of the Buffalo section.

Funeral rites were conducted Tuesday and burial was made in the family cemetery.

SPLENDID SPIRIT

Wheelwright, we are told, has been taking a part in the war effort and has overlooked the fact that the town has asked permission to have its own blood bank so that folks in its area may donate their blood to help save the lives of our wounded fighting men. Wheelwright, we are further told, is already prepared to donate the precious gifts of blood to the Red Cross. Prestonsburg isn't. But Prestonsburg could be.

Wheelwright—nothing of slothfulness even in the name of the place! Saludos, amigos!

MEN

Writes a correspondent, with whom I agree completely: "Rome is about to be declared an open city, so we hear. Rome's bombing was protested in many quarters from all over the world. Some, they said, is holy, a place of antiquity, the home of early Christianity. . . . I have no desire to turn theologian and argue about Rome's merits as a religious shrine. I have a deep regard for all things any person truly regards as holy."

"But there is a plot on my farm that I, unlearned in religious lore, regard as more holy than the Vatican itself—for I saw my father and mother and others of our immediate family buried there. And I would not for an instant call a halt, if I could, to stop the bombing of that hallowed ground if the Nazis and the Fascists were hiding therein to carry on war against my children and the children of my friends and relatives. For I know those sleeping there would approve the order to fire and keep firing till the despoiler of humanity and all humanities of Christianity were exterminated—bodily or in spirit. Of those beautiful, mute churches Rome could speak, I know they would make the same request."

GOING

On Tuesday afternoon, two weeks of reporting by THE TIMES of contributions to the "Honor Roll" for service men here found the total at only \$88. Forty-four dollars a week—and \$750 needed! At that rate, we'll be almost five months raising the money needed for the job.

What are we waiting for?—The boys to come home and build the thing for us?

I can't knit or sew worth a tinker's dam. But—come on with your blood bank!—I bleed sump'n wonderful!

BIRTH ANNOUNCEMENT

Relatives and friends of Mr. and Mrs. Woodrow Allen have recently been informed of the arrival on July 14 of a 9½-pound son, named William Edward. Mrs. Allen will be remembered as Miss Mabel Wells, former teacher at Auxier. Mr. Allen was formerly high school principal and registrar at Caney Junior College.

Kendrick's Regret--Didn't Learn Name of Man Who Saved Him

Cpl. Billy Kendrick, who volunteered for army service almost three years ago at the age of 19, came back to Floyd county a few days ago, scarred with wounds received in the battle of Faid Pass in Tunisia, still limping from a leg wound. He left a part of his youth in Tunisia.

"But I have only one regret for it all," he said this week. "I'm not grumbling because pieces of German shrapnel found me instead of some other boy. But I do wish I knew the name of that brave man—I know he was a corporal, just as I am—who carried me back, in spite of everything, all the hell around us, and saved me from a German concentration camp."

Young Kendrick, a son of Mr. and Mrs. Kelly Kendrick, of Emma, was wounded in the right leg and his right shoulder was smashed by German shrapnel that came "from way back" on Feb. 2. "I was sent out with what I call a suicide squad to see what the enemy had. . . . Well, I found out."

"But," he continued, "my buddy, lying right beside me, wasn't scratched. That helped some. And it could have been worse, after all, you know. Only the day before, a sniper almost got me. My helmet got a bullet through it."

Faid Pass was where the German Afrika Corps made its big break-

This Is the Army
(By the Soldiers in Irving Berlin's
Show for Army Emergency Relief.)

According to the pay rate for
American soldiers as compared with
the wages the average Jap soldier
gets, Uncle Sam considers the Amer-
ican private to be worth 167 Japs. . .
Soldiers are flooding the Fifth Ave.
Public Library with requests for
books about Germany, Japan and
Italy—especially the points of inter-
est in those countries. They're so
confident the U. S. will take over
they want to be prepared for a bit
of sightseeing.

The Quartermasters Department
at Philadelphia has asked manufac-
turers of medallions and decorations
to bid on the manufacture of be-
tween 500,000 and one million de-
corations to be worn by the soldiers
of the Army occupying Germany after
the present war. . . The U. S. Army
tells its men: "It is commonly sup-
posed that the first duty of a good
soldier is to die for his country. This
is a mistake. The first duty of a
soldier is to make his enemies die
for theirs."

The U. S. Army runs the largest
movie chain in the world—500 the-
aters at camps throughout the coun-
try. . . The Army soon won't have
any dish-breaking problems in its
mess halls. The Quartermaster Corps
has developed a new shatterproof
glass that will bounce like a golf
ball when dropped. . . One of the
Army's special services for its men
is providing members of the A.E.F.
with an opportunity to acquire an
education via correspondence
courses.

WALTER WINCHELL is on a tour
of duty outside Continental U. S. During
his absence, contributors will substitute.

Our average soldier is more than
a half inch taller and nearly 10
pounds heavier than the men of 1917,
according to the war department. . .
Glider pilots are referred to as the
"G-Men of the Air". . . The speed
limit for all Army vehicles is 30
miles per hour, regardless of the
civil speed limit. The Army wants
its vehicles driven in a manner that
will set an example for civilians. . .
The men who load the bombs on
Uncle Sam's planes refer to them as
"Bundles for Berlin."

As the result of a survey made
by the Quartermaster Corps, all gov-
ernment issues of Army trousers, in
the future, will be more roomy
around the seat. . . A Negro pri-
vate, after being issued his Army
clothing at Fort Sill recently, was
asked about the fit of his new uni-
form. "Why, these duds fits fine,
sa'gint," he replied, "but do you
mind if I buys another pair of pants
for jitterbugging?"

Although the new steel helmet is
slightly heavier than the 1917 model,
the soldiers don't mind the extra
weight. They claim the new helmet
is a hair-restorer because it stimu-
lates the scalp by bouncing around
on the head.

During the Army's recent maneu-
vers, the boys discovered lots of uses
for their new steel helmets. It makes
a good seat just outside the pup tent,
sort of a front stoop. It's an excel-
lent container for the things a sol-
dier takes out of his pockets be-
fore going to sleep. And it's the finest
outdoor washtub ever designed—it
holds at least two shirts and a couple
of pairs of socks.

Army Slang: Insects are "mech-
anized freckles". . . A wastebasket
is known as "File 13," and the nut
house is "Section Eight". . . Nurses
are "Snow Whites," and a letter
from the girl friend is a "sugar re-
port". . . The guardhouse is the
"Cross-bar hotel," and woollen un-
derwear are "Superman drawers".
. . . The bugler is "Gabriel," money
is "E Pluribus," and a garbage truck
is a "honeywagon."

A girl in Sebring, Fla., whose boy
friend is on duty in the Pacific war
zone, recently received a letter from
him. On opening the letter, the girl
found only a narrow slip of paper on
which was written: "Your boy friend
still loves you, but he talks too
much." It was signed "Censor."

When Gen. Jimmy Doolittle recent-
ly made a breathtaking steep takeoff
with an observer, he turned around
and chuckled: "Bet 95 per cent of
the people down there thought we'd
crash". . . The observer replied:
"Only 50 per cent up here thought
so."

U. S. troops in Australia have a hit
tune of their own titled, "The Aussie
and the Yanks Are Here." It was
written by Pvt. Johnny Nauer of
Michigan, while aboard his troopship
bound for Australia. . . Swimming
is a compulsory activity for recruits
at the Army Air Force training cen-
ter at Miami Beach, Florida. . .
The shortest movie review ever
printed appeared recently in the Fort
Leavenworth Reception Center News.
The picture was a War Department
training film on "Sanitation." The
comment was: "Good clean fun."

THE GENERAL'S TWO WIVES

There was much more than meets
the eye behind the departure of
Gen. Hsiung Shih-fai, head of the
Chinese military mission to Wash-
ington. It had its intriguing per-
sonal side, but also it went deep
into the vitals of our most difficult
war problem.

On the personal side, it happened
that General Hsiung had two wives,
which in China is a criterion of
power and prestige. But it also
happened that Madame Chiang Kai-
shek, educated in the United States,
does not approve of two wives.

When in China, Madame Chiang
does not interfere with the military
appointments of her husband. But
in the United States, General Hsiung
is reported to believe that the situa-
tion might have been otherwise, and
that the U. S. A., big as it is, might
have been too small for both of them.

FARM FIGHT

A group of presidents of land
grant colleges, headed by President
H. C. "Curley" Byrd of the Uni-
versity of Maryland, called on Sec-
retary of Agriculture Wickard the
other day. Behind that call was one
of the most important fights which
will come before the present con-
gress.

Actually the land grant college
presidents came to propose an agri-
cultural program which they think
will overcome the food shortages.
But behind this is a plan to put
control of the farm economy back
into the hands of the farm bureau
and the powerful farm lobbies. It
is a fight which probably will keep
up a running fire all during con-
gress.

Background of the fight goes back
to early in the Roosevelt adminis-
tration when Henry Wallace, then
secretary of agriculture, delivered
a speech in which he criticized his
own agriculture department for
helping only the one-third upper-
crust farmers. "The great mass of
the farmers, he said, the tenants,
the little farmers, and farm labor,
got no help from the government."

Wallace was referring to the fact
that the American Farm Bureau
federation, the Grange, the National
Co-operative Milk Producers, and
other organizations with powerful
lobbies in Washington, had always
influenced farm policies and domi-
nated the agriculture department.

Working hand in glove with them
have been the land grant colleges,
the state commissioners of agricul-
ture, the county agents, and the farm
extension services.

These groups controlled agricul-
ture locally, even when Washington
was supplying a majority of the
funds.

HITLER OR JAPAN?

Another factor, however, goes
much deeper and is one reason be-
hind reports that Gen. Joseph Stil-
well may return as head of the
U. S. military mission to China.

This factor is the Chinese argu-
ment that Japan is a greater en-
emy than Hitler, coupled with the
fear that after we have defeated
Hitler, we will make peace with
Japan at the expense of China.

This fear is one which cannot be
laughed off easily. In fact, it will
take a lot of persuading to dispel
Chinese worries. They know that
a lot of the career gentlemen, pow-
erful in the state department, have
contended that Japan should have
her place in the sun. They know
that some of the state department
clique tacitly favored Japanese oc-
cupation of Manchuria, while the
British almost openly supported it.

The realistic Chinese, therefore,
argue that after Hitler is defeated
Japan is more than likely to pro-
pose a compromise (as she got Ted-
dy Roosevelt to do in the Russo-
Japanese war) whereby Japan gets
a slice of China and the world gets
a rest from war.

The realistic Chinese also know
that they could make peace with
Japan tomorrow by giving her sev-
eral treaty ports and a slice of the
North. In fact, the Japs probably
would like nothing better than a
peace which would permit them to
withdraw half a million men from
China and use them against us in
the Pacific.

Finally Chiang Kai-shek has his
own troubles with his generals,
many of them pliable to Jap wiles,
especially "silver bullets," which
the Japs claim is the easiest way to
win wars.

So Chiang needs something to
show to keep his generals in line—
either more arms, which he is not
getting; or a treaty from the United
States pledging we will fight to the
end until China is absolutely free.

Instead of such a pledge, Chiang
has a military mission headed by a
man whom the Chinese don't like—
General Stilwell. Joe Stilwell comes
from the old school which didn't par-
ticularly like the Chinese, and the
Chinese make no bones about the
fact that they don't like him.

He insists on doing all his busi-
ness direct with the generalissimo,
talking to him only.

As a result, Stilwell was given a
message to take back to Roosevelt
to get General Stilwell out of the
picture.

Notice is hereby given that I, by
order of the board of trustees of the
town of Martin, Floyd county, Ken-
tucky, will at the door of the town
hall of Martin, Floyd county, Ken-
tucky, between the hours of 9:00
and 11:00 o'clock in the forenoon,
on the 1st day of September, 1943,
offer for sale to the highest and
best bidder and receive bids for the
right, privilege, franchise and au-
thority to acquire, maintain, con-
struct and operate in, above, under,
across and along the streets, thor-
oughfares, alleys, bridges and public
places (as the same now exist or
may hereafter be laid out) of the
town of Martin, Floyd county, Ken-
tucky, lines, poles and equipment
for the distribution of electric en-
ergy, either by means of overhead
or underground conductors, with all
the necessary or desirable appur-
tenances, for the purpose of supply-
ing electric energy to said town and
the inhabitants thereof, and per-
sons or corporations beyond the lim-
its thereof, for light, heat, power,
and other purpose or purposes for
which electric energy is now or may
hereafter be used, and for the trans-
mission of the same within, through
or across said town, subject to the
following conditions, viz:

(a) Said lines and appurtenances
shall be constructed so as to inter-
fere as little as possible with the
traveling public in its use of the
streets, thoroughfares, alleys, bridges
and public places. The location of
all poles or conduits shall be
made under the supervision of the
proper board or committee of the
town government.

(b) The right, privilege and fran-
chise shall be in full force and effect
for a period of twenty (20) years
from the date of the ordinance
granting such franchise.

(c) The grantee of such franchise
shall save the town harmless from
any and all liability arising in any
way from negligence in the erection,
maintenance or operation of
said lines and appurtenances.

(d) Whenever the grantee of this
franchise shall begin the erection
of any lines or other equipment, it
shall promptly and diligently prose-
cute the work to completion and
leave the streets, thoroughfares, al-
leys, bridges, and public places
where such work is done in as good
condition of repair as before such
work was commenced.

(e) Wherever in such franchise,
either the town of Martin or the
grantee of such franchise is referred
to, it shall be deemed to include the
respective successors, or assigns, or
either, and all rights, privileges and
obligations contained in such fran-
chise shall be binding upon and inure
to the benefit of the respective suc-
cessors and assigns of said town, or
said grantee, whether so expressed
or not.

(f) The grantee of such franchise
may make such rules and regula-
tions covering the furnishing of said
electric energy as may be fair and
reasonable and consistent with the
standard practice of the grantee.
Said grantee may charge such rates
for electric service as shall be fair
and reasonable. The said grantee
shall render service under said fran-
chise of like quality, that is, ade-
quate, efficient and reasonable, to
that now being rendered to said
town.

Every person or corporation, other
than the present holder of the ex-
isting electric franchise in the town
of Martin, that is to say, Kentucky
and West Virginia Power Company,
Incorporated, shall first deposit with
the treasurer of the town of Mar-
tin, cash or certified check drawn
on a bank of this commonwealth, or
on a national bank, in the amount
of One Thousand Three Hundred
Fifteen (\$1,315.00) Dollars, which is
five (5 pct.) percentum of the esti-
mated cost of the plant required to
render the service, as estimated by
the board of trustees from the
value certified by the Kentucky
State Department of Revenue, which
check or cash in the sum of \$1,315.00
shall be forfeited to the town of
Martin in case the bid should be ac-
cepted and such bidder making such
deposit shall fail for thirty (30) days
after the confirmation of the sale
to pay the price bid, and to give a
good and sufficient bond in a sum
equal to one-fourth of the fair esti-
mated cost of the plant to be erect-
ed as aforesaid; and said bond shall
be conditioned that it shall be en-
forceable in case the party giving it
should fail within a reasonable time
to establish a suitable plant for ren-
dering the service and to begin ren-
dering the service in the manner set
forth, according to the terms and
conditions thereof.

This provision shall not apply to
any person or corporation already
owning in said municipality a plant
and equipment sufficient to render
the service required under the terms
and provisions thereof.

The town reserves the right to re-
ject any and all bids.

This 4 day of August, 1943.

Town of Martin, Ky.

ELMER TWITCHELL ON THE
NEW RATIONING

"Yes and no," said Elmer Twitch-
ell today when asked if he minded
the latest ban on canned stuff. "I
got pretty sick of it down through
the years. In fact, I suppose I have
suffered as much from hastily pre-
pared canned bean suppers as any-
body. There were many times when
I thought the country had stopped
delivering food in any other way."

"If Uncle Sam had called for less
canned goods years ago I would
have cheered till I was blue in the
face. After every meal in my house
there were tin cans all over the
place. Nothing would have disrupt-
ed our home more than the loss of a
can opener."

"My wife seemed to have for-
gotten that food came out of the
ground. She developed the notion
that men could live via the
canning corporations alone. She
thought food was something de-
pendent on complete liaison be-
tween the tin mines, the bean-
eries and the gas range."

"And I never saw much excuse for
it until the past year during which
time the old gal has been flying all
over the map in something she calls
home front activities, letting all her
home affairs go to pot."

"Now I claim that among the
home front activities conducive to
preserving morale and winning the
war few take precedence over mak-
ing the home fairly comfortable and
doing a little decent cooking now
and then."

"A lot of those women you see
trotting around in all sorts of uni-
forms or with all sorts of bands on
their arms are just sabotaging the
home front by leaving the men folk
hungry, cold, disgusted and pretty
sore."

"I know a couple of 'em who are
spending 12 hours a day working on
the problem of sustenance, morale
and first aid while their husbands
are so neglected that they could use
some ambulatory aid right now."

"The point of which is that thou-
sands of American husbands who
don't know much about cooking are
obliged to depend on canned stuff.
Something they just dig out of a
container and hold over a gas flame
five minutes. If they find they are
suddenly cut off from canned food
they are going to be in a bad way."
"Don't you think all men
should learn to cook?" we asked
Elmer.

"Learn to cook!" he ex-
claimed. "They should now
learn to scout and forage."

RHYMES FOR THE CANNED
GOODS CRISIS

Cut me down on canned fruit juices—
If it deals the Axis deuces.

Take away those pitted cherries;
They will give Adolf "the berries."

Lima beans I'll gladly lay off
If in victory they'll pay off.

Pork and beans? Well, I'll go easy—
If they make Der Fuehrer wheezy.

Carrots, corn, asparagus?
Take 'em and swamp "Hit" and "Muss."

In this rationing of canned goods
there is this thing to bear in mind:
Maybe the can you give up will be
the one they'll tie on Hitler.

GONE WITH THE RATION CARDS

- 1—I'll take a second helping.
- 2—Oh, have another chop!
- 3—I'd like to reduce but I just
can't stop eating everything.
- 4—Please pass the butter!
- 5—Add a cup of sugar and a quart
of rich cream and stir well.
- 6—You are cordially invited to a
beefsteak dinner, tickets to be \$1
per plate.
- 7—My order of steak hasn't ar-
rived yet; what's the matter?
- 8—Just cut me off some round
steak for the dog.
- 9—And I'll take ten or twelve cans
of soup, too.
- 10—The best dinner in town for
40 cents.

WINTER, 1942-43.

I pull down shades, I wear my long;
I've put up new storm doors;
I sleep with heavy, woolen socks;
Rugs cover all my floors.

Each crack is sealed, I've closed off
rooms;
Such neat tricks I well know;
I've even insulated pipes—
Do I keep warm? Gosh! No!
—PIER.

Everybody is remarking on the
splendid appearance of our service
men. When the first draft army
was called the boys didn't look any
too hot. Even a year ago the equip-
ment seemed somewhat catch-as-
catch-can. But there are no smart-
er looking soldiers on earth today,
and the same applies to other
branches of the services.

The fellow who has a laugh on others
today is the man who stuck to his old
coal furnace and never let the oil-burn-
er salesman get a foot inside the door.

Powder Preservatives
Not Recommended

That powder preservatives should
not be used in home canning is the
warning received at the Kentucky
College of Agriculture and Home
Economics from Washington. In a
recent statement, the commissioner
of the Federal Food and Drug Ad-
ministration said that the use of
some of the canning powders is a
definite health hazard. "Practically
all the substances proposed in the
past as chemical preservatives have
limited value as such, and in view
of the known harmful effects of
some of them, and the doubtful
safety of others, they should not be
used as substitutes or the more ef-
fective and safer processes of steril-
ization by heat," said the com-
missioner.

Food specialists at the college
recommend the hot water bath
method of the pressure cooker, for
all non-acid vegetables. A free leaf-
let of directions, "Can Fruits and
Vegetables for Victory," is available
upon request at offices of county
agents and home agents, or at the
college.

By all means, let 'em eat cakeand candy, too

Nature has her own way of telling us that there is energy in sweets. Today, corn syrup, rich in dextrose, is playing a more important role than ever before in supplying active America with the sugar that gives power to the body and keeps wits sharp.

Candy is part of the field ration and sweets are served generously to our armed forces everywhere. Sweets served in war plants have greatly stepped up human energy and production.

Tremendous quantities of corn syrup are used to make icings, cookies, cakes, candies and pies so temptingly good—and good for you.

Immense amounts of corn syrup for the army as well as for civilian consumption are produced by the Home of Budweiser. Our Corn Products Division—working entirely apart from the brewery—grew out of the experience that developed from years of laboratory research. The quest for better methods and facilities for brewing the world's most popular beer never ceases.

In addition to supplying the armed forces with glider parts, gun turret parts and foodstuffs, Anheuser-Busch produces materials which go into the manufacture of: Rubber • Aluminum • Munitions • Medicines • B Complex Vitamins • Hospital Diets • Baby Foods • Bread and other Bakery products • Vitamin-fortified cattle feeds • Batteries • Paper Soap and textiles—to name a few.

NOTICE

Notice is hereby given that I, by order of the board of trustees of the town of Lackey, Floyd County, Kentucky, will at the door of the town hall of Lackey, Floyd County, Kentucky, between the hours of 9:00 and 11:00 o'clock in the forenoon, on the 6th day of September, 1943, offer for sale to the highest and best bidder and receive bids for the right, privilege, franchise and authority to acquire, maintain, construct and operate in, above, under, across and along the streets, thoroughfares, alleys, bridges and public places (as the same now exist or may hereafter be laid out) of the town of Lackey, Floyd County, Kentucky, lines, poles and equipment for the distribution of electric energy, either by means of overhead or underground conductors, with all the necessary or desirable appurtenances, for the purpose of supplying electric energy to said town and the inhabitants thereof, and persons or corporations beyond the limits thereof, for light, heat, power, and any other purpose or purposes for which electric energy is now or may hereafter be used, and for the transmission of the same within, through or across said town, subject to the following conditions, viz:

(a) Said lines and appurtenances shall be constructed so as to interfere as little as possible with the traveling public in its use of the streets, thoroughfares, alleys, bridges and public places. The location of all poles and conduits shall be made under the supervision of the proper board or committee of the town government.

(b) The right, privilege and franchise shall be in full force and effect for a period of twenty (20) years from the date of the ordinance granting such franchise.

(c) The grantee of such franchise shall save the town harmless from any and all liability arising in any way from negligence in the erection, maintenance or operation of said lines and appurtenances.

(d) Whenever the grantee of this franchise shall begin the erection of any lines or other equipment, it shall promptly and diligently prosecute the work to completion and leave the streets, alleys, bridges and public places where such work is done in as good condition or repair as before such work was commenced.

(e) Wherever in such franchise, either the town of Lackey or the grantee of such franchise is referred

to it shall be deemed to include the respective successors, or assigns, or either, and all rights, privileges and obligations contained in such franchise shall be binding upon and inure to the benefit of said town, or said grantee, whether so expressed or not.

(f) The grantee of such franchise may make such rules and regulations covering the furnishing of said electric energy as may be fair and reasonable and consistent with the standard practice of said grantee. Said grantee may charge such rates for electric service as shall be fair and reasonable. The said grantee shall render service under said franchise of like quality, that is, adequate, efficient and reasonable, to that now being rendered to said town.

Every person or corporation, other than the present holder of the existing electric franchise in the town of Lackey, that is to say, Kentucky and West Virginia Power Company, Incorporated, shall first deposit with the treasurer of the town of Lackey, cash or certified check drawn on a bank of this Commonwealth, or on a national bank, in the amount of One Hundred Ninety-Two and 65/100 (\$192.65) Dollars, which is five (5 pct.) percentum of the estimated cost of the plant required to render the service, as estimated by the board of trustees from the value certified by the Kentucky State Department of Revenue, which check or cash in the sum of \$192.65 shall be forfeited to the town of Lackey in case the bid should be accepted and such bidder making such deposit shall fail for thirty (30) days after the confirmation of the sale to pay the price bid, and to give a good and sufficient bond in a sum equal to one-fourth of the fair estimated cost of the plant to be erected as aforesaid; and said bond shall be conditioned that it shall be enforceable in case the party giving it should fail within a reasonable time to establish a suitable plant for rendering the service and to begin rendering the service in the manner set forth, according to the terms and conditions thereof.

This provision shall not apply to any person or corporation already owning in said municipality a plant and equipment sufficient to render the service required under the terms and provisions thereof.

The town reserves the right to reject any and all bids.

U. K. Fall Term Opens On September 27th

All freshmen and other new students planning to enter the University of Kentucky this fall, are asked to report Friday and Saturday, Sept. 24 and 25, for classification tests and physical examinations, prior to the opening of the regular fall quarter which is scheduled for Monday, Sept. 27, according to an announcement issued Saturday by Dr. Leo Chamberlain, University dean and registrar.

The morning of Monday, Sept. 27, has been reserved for advisory conferences for freshmen students, and that afternoon freshmen will classify, and will register according to an alphabetical schedule. Tuesday will be devoted to registration and classification of upper classmen, also according to an alphabetical schedule.

All academic departments of the University will operate this fall in full scope, and a complete teaching staff will be available as in peacetime. Although there will be approximately 1,200 soldier-trainees on the campus, enrolled in the army specialized training program, the University will operate for its civilian students as in the past.

State War Fund Goal Set at \$1,419,300

Lexington, Ky., Aug. 23 (Spl.)—The Kentucky War Fund announced this week a goal of \$1,419,300 to be reached Oct. 15 to 30. The money will go for services to men and women in the armed forces and merchant marine, recreational, spiritual and educational aid to prisoners of war, medical supplies, clothing and food for the peoples of the United Nations and to refugees.

Dr. Frank L. McVey, campaign chairman for Kentucky, stated that the drive will give every Kentuckian an opportunity to share his material goods with those risking their lives on the military and United Nations' fronts.

"A thousand services... a million kindnesses... are wrapped up in a single gift to the United War Fund," Dr. McVey said. "It will cover a federation of agencies stretching around the world and will reach into the lives of our fighting men, our fighting allies and their families."

Farmers in Breckinridge county have ordered 25 carloads of feed wheat, corn being practically impossible to buy locally.

SHIKE'S POKES

(The views expressed herein are those of the writer and not necessarily those of this newspaper.—Editor.)

Well, it has taken me almost eight years to convince the people that "Happy" Chandler is just a cheap 2x4 politician. He's over in North Africa gallivanting around, supposed to be inspecting, but what in the hell does he know about anything to rate an inspector? Our state is just 50 per cent in the war effort with him as its Senator.

Yoo-hoo! — hello, Bob Hicks! — how's peanuts? Since you're the nominee, don't let that elephant eat up your stock. I'll be up next weekend to try out your peanuts. Peanuts for votes.

What's this I hear about Dennis Warrick, the demon checkweighman, winning a bucket of tomatoes?

We must beg the Japs to speed up their shipbuilding or our navy gunners will get rusty from lack of practice.

It makes me sore to hear any grumbling about rationing, taxes, etc. We have all got to sacrifice to win this war. Thomas Jefferson once said, "The tree of liberty must be refreshed from time to time with the blood of patriots and tyrants." The Axis knows that our tree of liberty is being refreshed and they will learn that Americans can and will sacrifice 'till it hurts to keep that tree planted where our Founding Fathers planted it and I imagine that our Founding Fathers would have considered our rationed fare a banquet. We should be thankful we have as much as we do—so just keep your mouth shut and pull in your ears. The government might draft jackasses.

Why all this yelling about a shortage of butter? It's easy to make at home—all you need is a cow and a churn.

I notice in the papers where some scientist said, "Old maids are particular." I guess that's the reason they're old maids.

A fellow asked me the other day if there was any difference in the school children of today and in my day. Well, in my high school days the young ladies blushed when embarrassed. Now they're embarrassed when they blush.

I see in the papers where Mussolini means "Little Donkey." Just a braying jackass that lost his voice and his typewriter. He once said he'd be Caesar or bust. He didn't get to be Caesar.

Boys, make no mistake about F.D.R. He will go down in history as our greatest President. He took over our ship of state when it was floundering in the worst sea since the Civil War and he brought it and all of us through safely. Historians in 2043 will write that Franklin Roosevelt prevented a revolution in 1933 and saved American democracy. We wouldn't have American democracy to fight for, if it hadn't been for F.D.R. in '33. I am firm in my belief that he is the logical choice for a fourth term. He is the only man capable of dealing with Churchill and Stalin at the peace table.

Thorne wheat on the Broadbent farms in Trigg county made 35 bushels to the acre on tobacco land, and as high as 25 bushels on corn land.

What You Buy With WAR BONDS

Booby Trap Detector

In the snow, in the sand, on the beaches, on the roads, in the woods, everywhere the Axis soldiers hide "booby traps," to slow the movement of oncoming fighting men of the United Nations. The detector does the same work on land as the mine sweeper does at sea.

Like buying War Bonds, the soldier operating the detectors will never know just how much they have aided in the success of their campaign, but he knows his work is necessary and must be accomplished. If more Americans on the home front will come to realize this, the success of our War Bond campaigns will be assured.

U. S. Treasury Department

School Speech Contest Planned by KEA

A state-wide speaking contest sponsored by the Kentucky Education Association will be inaugurated in the schools when the fall term begins, the board of directors declared last week at a meeting in Louisville.

Finals will be held in January. W. P. King, K.E.A. secretary, said. Subject of the speeches will be taken from the nine bulletins prepared, printed and distributed by the K.E.A. staff. The project is a part of the publicity campaign to acquaint the public with the schools, looking toward improvement of conditions.

In his report to the board, King listed the bulletin titles as follows: K.E.A.'s Ten-Year Record and Legislative Program; School Money; Teachers' Salaries; Teacher Shortage; What Happens When Schools Close?; Remedies; What Other States are Doing to Meet the Emergency in Schools; Rank; Federal Aid.

Dr. James H. Richmond, president of Murray State Teachers' College, attending his first board meeting as K.E.A. president, stating that great moral and social advances were made during emergencies, added: "We may be able to do more for Kentucky schools during this year than could be accomplished during 10 years in ordinary times."

He pointed out that the new teachers' code had been drafted and that the school fund per capita had been almost doubled during and since the depression.

Dr. John W. Brooker, state superintendent of public instruction, said a survey is being made in every county in the state to determine the effects of the teacher shortage and that all district conferences will follow at which recommendations will be made to cope with the situation.

The making of laprobes for army hospitals and canning demonstrations were primary interests of Mercer county homemakers' clubs the past month.

Former Floyd Girl Becomes Bride Aug. 14

Mr. and Mrs. A. L. Jackson, of 2204 Central avenue, Ashland, are announcing the marriage of their daughter, Virginia, to Claude Summer, Jr., son of Mr. and Mrs. Claude Summer, Sr., of Newberry, S. C.

The single ring ceremony was performed at the home of the bride's brother, W. T. Jackson, in Ashland, S. C., at 8:30 p. m., Aug. 14. The bride chose for her wedding dress a powder blue silk with black accessories. Her bouquet was of red rosebuds. Her only attendant was Miss Ruth Rogers, of Charleston, whose gown, contrasting with the bride's, was black sheer. Her flowers were yellow rosebuds.

The best man was Mr. Sam Humber, of Charleston, S. C., close friend of the groom.

A reception followed the wedding and 30 guests enjoyed the hospitality of Mr. and Mrs. W. T. Jackson at their home.

The bride has resided in Ashland for the last two years. She received her education in the Betsy Layne high school. The groom is a graduate of Newberry high school and is now employed at Charleston. They are at home to their friends at 164 St. Phillips street, Charleston, S. C.

Miss Moore, Mr. Foster Are Wed on Aug. 7

The following announcement is from the Alexandria Gazette, Alexandria, Va.:

Mr. and Mrs. William Pettrey of 510 Prince street are announcing the marriage of Mrs. Pettrey's sister, Miss Jacqueline Frances Moore, to James William Foster, of 1807 King street.

The wedding took place Aug. 7 in the Washington street Methodist Church. The bride wore a suit of teal blue with white accessories and a corsage of chrysanthemums.

Mr. Foster is the son of Mr. and Mrs. James Lewis Foster, of King street. A graduate of George Washington high school, he is well-known in the city as a singer.

His teacher, Mrs. Windsor W. Demaine, Jr., sang several songs at the wedding. After the ceremony a reception was held at the summer home of the groom's parents in Fairview.

The bride is a native of Garrett, Ky., and a graduate of Garrett high school. She attended Eastern State Teachers' College in Kentucky, and has been a resident of Alexandria for one year.

The young people are employed by the army air forces and are now making their home in Fairview.

I write letters in the nearly-dark

THIS is part of an actual letter from a soldier overseas:

"It's not the big things that you miss out here. It's little things. Like street noises. Or an electric lamp. Where we are there ain't no such. Since I'm on duty all day, I write letters in the nearly-dark. Funny, how you can miss a common, ordinary electric light bulb."

Here at home, folks take electricity for granted. The fact that you do take electric service for granted is a tribute to the men and women who supply it. They've made it dependable—and they've made it cheap. The average American family gets about twice as much electricity for its money as it did fifteen years ago.

Soldier, we're sorry we can't send you electricity over there. But we are pouring power into industry over here, so that you can have the tanks, planes, ships and guns you need. . . . The electric companies under business management are in the war—as you are—to dispel the darkness of state slavery!

The New Program

It is my belief that so far as 1943 is concerned, football should be given first place in any physical training.

Football isn't war—but it is the closest thing we have to war. Football is the best training for war.

The Needed Program

Granting the fact that football is a badly needed ingredient in our national training program—which no sane person denies—there should be outside competition at close traveling range.

The East can play against the East—the South against the South—the Midwest against the Midwest and the Southwest—the Far West only against the Far West.

Until the war is over, national championships are entirely out of order. Long trips are out of order. Intersectional games are out of order.

Very few people expect sports as usual. They know that far-reaching changes are inevitable.

But it so happens this country has teams in every section that can play among themselves on a high basis of skill, with a neighborhood rivalry that is far more interesting than any outside challenge.

For example—Harvard, Yale and Princeton—Georgia, Georgia Tech, Alabama and Auburn—Boston College and Holy Cross—Army and Navy—Southern Cal. and UCLA—Stanford and California—the Texas teams—on and on.

With the war department taking over so many colleges and universities, their major mistake would be to abolish football.

Their second major mistake would be to abolish all outside competition. They should let these colleges carry on with what they have left. We are thinking now only in terms of physical condition, competitive training and morale.

These are factors that can't be ignored, even by those in charge at Washington who claim to have more important matters to think about.

For practically this entire college enrollment will be in war service training, only waiting the call to active duty.

Magnificent Job

The services are doing a magnificent job in maintaining physical fitness—army, navy, marines and coast guard. They are giving millions the chance to box, swim, wrestle, run and jump.

FLOYD COUNTY GOES TO WAR

Where Floyd Countians in Armed Forces Are, What They're Doing

Pvt. Blanche Elmine Dingus, daughter of Mr. and Mrs. William Dingus, of Hite, who has been stationed at the Third Training Center of the Woman's Army Corps at Ft. Oglethorpe, Ga., has been assigned to Hampton Roads P. of E., at Newport News, Va.

Pfc. Dewey Conn, son of Melvin Conn, Prestonsburg, was graduated as an airplane mechanic Aug. 29 from the B-24 Liberator bomber mechanic's school at Kelly Field, Mississippi.

Pvt. Conn, with approximately 17 weeks of intensive training behind him, is now ready either for assignment to line duty wherever the big Liberators are operating, or to a flexible gunnery or factory school.

A story of Floyd county courage is written in and between the lines of a letter recently received by Mrs. James Woodrow Hurd, of Allen, from Major J. L. Whitaker, her husband's commanding officer. Pfc. Hurd is with the medical corps and is believed to have had a hand in the driving out of the Japs from Attu. Here's what Major Whitaker wrote:

"During a recent engagement with the Japanese your husband distinguished himself. Repeatedly he was under enemy fire while caring for the wounded. Without a doubt many a soldier owes his life to the prompt, efficient, hard work of your husband. You can be exceedingly proud of James and I sincerely hope that he may return to his home in the near future."

There's a story to be written by somebody about Sgt. Jerry Allen, son of Mr. and Mrs. W. K. Allen, Betsy Layne, who is with an anti-tank company in Hawaii. The fact that he's been in the army three years and now is only 18 has the makings of a good yarn, but for the present sufficient other information is lacking to write it. His commanding officer recently wrote Mr. and Mrs. Allen, saying in part: "... I am taking this opportunity to assure you that your son, Sgt. Jerry Allen, is well and happy here in Hawaii. You have every right to feel proud of your son. He is a fine soldier and performs his duties as section leader exceptionally well."

Cpl. Chester N. Hale, who is now stationed at Tyndall Field, Fla., in the army air corps, has been awarded the Good Conduct medal which he was very proud to receive.

Officers who arrived recently at Camp Roberts, Calif., for duty in the infantry replacement training center include Second Lt. Marion Ralph McCown, of Prestonsburg.

A visit to Silver Springs, Florida's famed and internationally known underwater fairyland, recently was enjoyed as a highlight of the current Florida tour of duty of Pvt. Thomas E. Fannin, of Prestonsburg.

Pvt. Edward Dawhare, son of Mr. and Mrs. M. F. Dawhare, of Wheelwright, is stationed at Camp Livingston, La., with a medical detachment. He has been in the army 11 months.

The following newly inducted personnel of the United States army have been sent forward from the reception center at Ft. Thomas, Ky., to the stations and addresses indicated:

To 834th Anti-Aircraft Artillery Automatic Weapons Battalion, Camp Haan, Calif.—Lee Clark, Galveston; William L. Collins, Honaker; Jerry Hackworth, Bonanza; Milo Hackworth, Bonanza; Lawrence Hale, Risner; Truman W. Hall, Osborne; Cline Jarrell, Woods; Clifford B. Marshall, Prestonsburg; Ernest J. Sturgill, Prestonsburg; Harry Weddington, Jr., Emma.

To Tank Destroyer RTC, North Camp Hood, Texas—Thurman Clark, Prestonsburg.

To Army Air Forces RTC No. 10, Greensboro, N.C.—Luther A. Cox, Printer.

Floyd Sailor's Ship Defies 2 Torpedoes, Bombing Attacks

The unnamed ship Homer J. Thacker, former Banner boy, now of the U.S. navy, is riding these days, must be one tough hombre or hom-bress.

The Floyd sailor, son of Mrs. Josephine Hill Hall, formerly of Banner but now a resident of Cleveland, O., writes his aunt, Mrs. Fred Workman, of Allen, that his ship during the Sicilian action was bombed three times and torpedoed twice—but they didn't do us very much damage. . . . Once when we were attacked coming back we got a destroyer and two days later we got eight airplanes. You will probably read about it in two or three months."

Moreover, his ship brought back, in addition to its regular complement of officers and men, 400 casualties and about 800 Italian prisoners.

"I think," he writes, "the prisoners are going to Camp Breckinridge, Ky. . . . We were on the beach three days. The fellows in the Third Beach Battalion made the invasion. I sure wish we could have been in on it; it must have been fun. They say the Italians surrendered by the hundreds every time they got a chance. Our boys even turned some of the prisoners loose to go get their friends who wanted to surrender, too."

Knott Woman Dies At Mansfield, O.

Body of Mrs. Virgil Adams, 35 years old, of Knott county, who died at Mansfield, O., arrived at Martin Wednesday morning and from there was taken by the Ryan Funeral Home to the home of her parents, Mr. and Mrs. John Gearheart, near Hindman.

Mrs. Adams is survived by her husband, two children, Ray and Louise, her parents, four brothers and two sisters. Funeral rites were conducted today from the Gearheart home and burial was made in the family cemetery.

GUEST OF STRAHANS

Mrs. S. B. Simmons, of Shepherdsville, is visiting her daughter, Mrs. V. F. Strahan, and Mr. Strahan. Mrs. Simmons' late husband built a number of the first railroads in Eastern Kentucky and West Virginia.

BABE IS VICTIM

Darlene, two-year-old daughter of Mr. and Mrs. Edgar Bowling, Weeksbury, died Thursday, last week, at the Martin General hospital. The body, prepared by the Ryan Funeral Home, was taken to Johnson county for burial Friday.

INFANT DIES

Willie B., infant son of Mr. and Mrs. Tom Carroll, of Blue Moon, died Saturday at the Beaver Valley hospital, Martin, after a brief illness. The body was returned to Blue Moon, where funeral rites were conducted Sunday and burial made under direction of the Ryan Funeral Home.

called. There also will be "several thousand" whose deferment periods will have expired, and many of these, likewise, will be called up for service.

Local boards throughout the state are now engaged in re-classifying fathers and those in non-deferable occupations will be the first to go, officials said. The October call will have its largest proportion of negro selectees, compared with whites, because the number of negroes registered and classified for the August and September calls was insufficient to meet the quota.

Seven out of every 100 men in the hitherto draft-proof pool of fathers may expect to be in uniform by the end of the year, Gen. Hershey said. Actually, as many as 21 out of every 100 may expect to make the trip from their local boards to induction centers, he added, but many are likely to be rejected as not physically fit for the life of a serviceman.

Hershey's figures were contained in a letter sent to 6,500 local boards explaining why the ban on drafting pre-Pearl Harbor fathers, except those in non-deferable work and therefore subject to induction at any time, had been lifted effective October 1.

Since he put the total number of draft age (18-37) fathers in non-agricultural work at 6,553,000, Hershey's figures showed approximately seven out of every 100 of them can expect to be in uniform before the end of 1943. Hershey said 907,000 men would have to be inducted between October 1 and January 1 to meet estimated army and navy calls. Inductions from last July 1 to October 1 would total 968,000, making the aggregate of inductions for the last half of this year 1,875,000.

From the 1,568,000 non-fathers in 1A on July 1, he said, 783,000 should be qualified for induction and another 644,000 can be obtained among the non-fathers now in 4F and occupationally deferred in 2A and 2B classifications, making 1,427,000 non-fathers to meet calls for 1,873,000 men.

The shortage of 446,000 must be made up with fathers, Hershey said, adding these observations:

"We have 2,976,000 4F's. We are constantly re working that group and many are inducted every month. The possibility of recovery, however, from class 4F's is not great in the light of present physical standards of the army and navy. . . . Most of these men will remain in

class 4F until the present physical standards are changed by the army and navy.

"There are 1,449,000 deferred because of agricultural activities. These deferments have been made pursuant to the act of Congress, and while reviews of such deferments may lead to the re-classification of some individuals, it is obvious that our deficit cannot be met from those now deferred for agricultural pursuits if food production is to be maintained. . . .

"Those occupationally deferred because of their work in the war effort total 1,373,000. Many of the men so deferred must for the time being continue their work in the building of ships, tanks, guns and planes. Many are highly skilled and irreplaceable in the present tight labor market. Even if we took all of them it is doubtful whether more than 685,000 would be actually available for military service after physical examination. This number would do little more than complete the calls through January 1, 1944.

"It therefore appears that the only large deferred pool remaining from which men can be called is the group of fathers, numbering 6,559,-

000. The fundamental issue is not whether we are to draft fathers but whether, in the consideration of the war effort, we will call those men least valuable to the war effort.

"It is clear that if a pre-Pearl Harbor father now becomes employed in a war plant he may be considered for occupational deferment. . . . In view of the fact that replaceability has become extremely important in tight labor areas, local boards will undoubtedly give thorough consideration to the occupational deferment of fathers making a substantial contribution to the war effort. . . .

"We have but one alternative: To complete our calls by taking fathers as they may be needed after all other available men have been exhausted.

"Occupational deferment problems are going to be troublesome but the system will meet its responsibilities in providing the necessary deferments so as to insure the food, ships, guns, tanks and planes that are so necessary to the millions of men already in the armed forces.

"Our responsibility is first to those we have sent to war and we must not fail them. . . .

"The decisions will be difficult

and many times unpleasant, but we can bear the burden, knowing that these decisions will bring the end we are seeking—the early and complete surrender of our enemies."

★ FROM YOUR PULPWOOD COMMITTEE

THIS Committee is starting a drive to cut more pulpwood trees. The shortage is serious . . . and pulpwood is urgently needed for everything from blood plasma containers to parachutes . . . from shell cases to airplane parts . . . from gas mask filters to explosives.

This is a challenge to everyone of us in this community. We must not let our boys down. 3 EXTRA days' work are little to ask when our boys are out there giving their lives for their country.

Our Government is asking every able-bodied woodcutter and farmer to pledge 3 extra work days this year (at regular pay) to cut pulpwood . . . 2,500,000 extra cords are needed quickly.

Enlist today in this drive. Wear the button that shows you are in this fight. This is one way this community can help win this war.

Come to Committee headquarters or get in touch with any of these men. And do it quickly.

This pulpwood shortage is a national war emergency.
