NEW THE BODY
The series of Business Clinics begun at the courthouse here Tuesday night. A good thing, too. But some of us need an autopsy instead of a diagnosis.

WHERE THE MONEY GOES
Chairman A. J. May, of the House Military Affairs Committee, estimates that investigations made by his committee has effected a saving of a billion dollars on war jobs, chiefly through re-negotiation of contracts. Chairman Vinson, of the House Naval Affairs Committee, reports a similar saving by the same method. And so Congress is going to haul up on the carpet some high-ranking army and navy men to see how come. Don't be surprised if, some of these days, union racketeers get a needed airing.

The Yanks have the Japs up the trees. Now if they can only get 'em out on a limb!

I DO NOT CHOOSE TO RUN
No, I shall not be a candidate for Governor — even if two men did promise to vote for me. Lige Brown was called on, just when I was about to be drafted, for his pledge of support. "Sure, I'll vote for him," quoth Lige. "In November—I'm a Republican, you know." Which recalled to mind Ham Wallen's sage remark when given the same promise, a few years ago, while a candidate for Jailer: "November, hell—I won't be on the ballot in November!"

WE POOR MEN
They tell us to wear trousers without cuffs, eschew double-breasted models, even if we could wear them—and at the same time permit evening gowns to be made for, and sold to the wimmen-folks. So it would seem that, if we men could cut down on our apparel on the top, front and back, we might have all we want on the bottom.

THAT MAKES A DIFFERENCE
The Germans started this pincer movement business on the Russians. Now the Russians are pinning the Germans—only, the Germans have their panzers down.

4 MEMBERS OF FAMILY CONVICTED

In Murder of Wadkins; Caudill Jury 'Hangs'; Court Term Near End

Four of five members of the Barnett family on trial here for the murder last September of Walter Wadkins, 63, on Cole Branch of Middle Creek, were convicted Tuesday.

Melis and Warren Barnett drew pen terms of 10 years each. Lacy Barnett, brother of Melis, and Melis' son, Lacey, were given two-year sentences.
Of the five defendants, only Mrs. Molly Barnett, wife of Melis, was acquitted. The jury deliberated three hours before making a verdict. J. W. Howard, Prestonsburg attorney, presided as special judge in the trial.

The second murder jury to be dismissed as hopelessly deadlocked was that which heard the trial of William Caudill, accused of the slaying at Buckingham, last June, of Jess Osborne.

Although it was testified that Osborne lived more than 20 minutes after having been pulled from beneath a train at Wheelwright Junction, the jurors could not decide if Caudill had or had not committed murder.

The Commonwealth contended that Caudill had struck Osborne with a poker and a chair, crushing his skull, and had carried him almost two miles from the Caudill home to where Osborne was found on the railway tracks. His skull had been crushed in two places, his chest had been crushed and a hip had been broken.
Caudill denied that he struck Osborne and the defense pointed out that he was struck by the train approximately five hours after he had been at the Caudill home. Pairise Johnson testified that Osborne, after using vile language, was ordered by Caudill to leave the home and that, upon refusing to do so, was struck first with a poker, then by a chair, knocking Osborne over the hill on which the Caudill home stands. She first testified that Caudill later left the house, but on cross examination stated that he did not leave.

The Barnetts claimed in their trial that Wadkins started the fight.

DAVID WOMAN TO LEAD DRIVE

Mrs. Hill, Floyd Chairman Of Drive for Polio Funds; Campaign Ends Jan. 30

The role Floyd county will play this year in the celebration of the President's birthday by raising funds for the fight against infantile paralysis will be directed by Mrs. Lon C. Hill, of David.

The campaign ends Jan. 30, the President's birthday.
Mrs. Hill said this week she is soliciting the help of co-chairmen in the several communities of the county where coin containers and birthday cards will be distributed.

Kentucky, it was explained by Neil Dalton, Louisville, director of the Kentucky Committee to Celebrate the President's Birthday for The National Foundation for Infantile Paralysis, has a state chapter which has charge of half of the proceeds of each annual drive. This chapter pays out this money on orders of the Kentucky State Crippled Children's Commission in infantile paralysis cases only. "For instance," Mr. Dalton said, "should a child in Floyd county develop infantile paralysis all you would have to do would be to apply through the County Medical Officer, or any doctor, to the Crippled Children's Commission, who would immediately send a trained nurse to take charge of the case and handle it as the facts called for."

Mr. Dalton added that there are now 30 children from all parts of Kentucky in the Kosair Children's hospital, Louisville, receiving the Kenney treatment given by a trained man whose salary the state chapter is paying. The state chapter also is sending specially selected nurses to the University of Minnesota, where Sister Kenney is stationed, to receive instruction in her methods, he said.

The victim had been visiting his son, Thurman Walker, and was en route home when the tragedy occurred. He was a native of Marion, North Carolina, and had many friends in the Left Beaver section of the county.

Besides his son at Wheelwright, he is survived by his widow, one daughter, Mrs. Bill Hall, of Ligon, and a son, James, also of Ligon. Funeral rites were conducted Wednesday from the home of Bill Hall, on Mud Creek, near Ligon, and burial was made under direction of the Arnold Funeral Home.

Bobby Salisbury, son of Mr. and Mrs. Herbert Salisbury, Prestonsburg, was recently named captain of his water polo team, "The Monitors," at Indiana Tech, Ft. Wayne, Indiana. The team won the intramural championship last year, is leading the intra-mural league this year. Although only a second-term man, young Salisbury was chosen to head the team, one of the finest in the middle-west.

YOUR DATE?

Look at the date opposite your name on your FLOYD COUNTY TIMES this week. If it is marked Dec. 42, that means your subscription expired on the last day of December, 1942. It also means that, unless you renew on or before Jan. 20, your name will be removed from our mailing list.

All subscribers whose expiration dates are Jan. 43 (January, 1943), and who do not renew on or before Jan. 31 will not receive the paper after that date.

THE TIMES has always been liberal with its subscribers, and it is not the management's desire to change that policy. Yet wartime conditions made it absolutely necessary that all subscriptions be cancelled upon expiration.

BIG SANDY CONFERENCE NET TOURNEY TO BEGIN NEXT WEEK AT BETSY LAYNE

Prestonsburg, Betsy Layne, Only Floyd Representatives, in Opposite Brackets; Cumberland Named Pre-Tourney Favorite

The Big Sandy Conference's annual basketball tournament will be held next week, beginning Thursday night, at Betsy Layne.

Betsy Layne and Prestonsburg are Floyd county's only representatives in the tourney, and they are in opposite brackets, Betsy Layne, bracketed along with Paintsville and Cumberland, is expected to have the toughest going, but Prestonsburg may come a cropper in the first round when it plays Van Lear, a team which has defeated the Black Cats in two engagements this season.

Tom Holland, in Sunday's Courier-Journal, named Cumberland high school of Elkhorn City as the pre-tournament favorite, with Paintsville, last year's winner, in

SURVIVOR OF U. S. CRUISER SUNK BY JAPANESE FINDS GETTING MARRIED, TACTICAL PROBLEM

Benjamin Franklin Hicks, 24-year-old son of Mrs. Julia Hicks Bailey, whose ship was sunk beneath him in the Guadalcanal naval battle of last November, saw his hope of getting married last Saturday sinking when he came here with his bride-to-be, Miss Callie Marie Hale, Hueysville, only to find the Floyd County Clerk's office closed.

But the 24-year-old veteran of numerous sea battles decided to outflank the enemy, Time. He telephoned Paintsville. And he caught County Clerk Lonza Reed, just before he locked the door of the Johnson County Clerk's office. County Clerk Reed agreed to stay in his office till the couple could drive to

Paintsville, 12 miles from here.
And then, having granted them license, County Clerk Reed, who also is the Rev. Lonza Reed, of the Baptist Church, tied the knot.
The groom is one of Mrs. Bailey's five sons in the armed service of the United States, and has been in the Navy more than four years. His brother, Samuel Hicks, was recently reported as wounded. A letter later received by Hicks' mother, apparently written in Samuel Hicks' own hand, indicated that he will recover. For Hatfield's Release; Two from Hueysville Jailed in Robbery

Charged with shooting at without wounding Noah Akers, Edward Hatfield, of the Left Beaver section, was jailed here Sunday, and \$5,000 bond was asked for his release.

County officials here could tell no details of the case, since Hatfield was arrested and brought before Magistrate Henry Stumbo, McDowell, then jailed without further hearing.

Deputy Sheriff Rich Hall, Garrett, Sunday jailed here Edward Gearheart and Casey Jones, both of Hueysville, on a robbery charge, and they were taken Tuesday to the Magoffin county jail at Salyersville. The two are alleged to have entered the store of Scott Shepherd, last Friday night, on the headwaters of Licking river, Magoffin county, and to have taken \$600 in cash and checks from the store. They were arrested by Deputy Sheriff Hall Sunday at Paintsville, and were said to have had in their possession at that time almost a hundred dollars of the stolen money. Deputy Sheriff Hall said they admitted breaking into the store.

Rendezvous in Africa

Separated for almost two years by demands of their services in the armed forces, Cpl. Arthur Crabtree, of the U. S. air corps, and Pfc. James Franklin Crabtree, of the infantry, made rendezvous in North Africa last November, their parents, Mr. and Mrs. Gilbert Crabtree, Crooksville, O., formerly of Prestonsburg, recently learned.

One had, before the African invasion, been in Ireland; the other in England. Letters from both arrived within a few days of each other to tell of the reunion, and one of the brothers facetiously remarked that he was exceedingly glad to see the other because he himself had run short of money between long-separated pay-days and thus found a "soft touch."

COURT, BOARD, CO-SPONSORS

Of Surplus Commodity Distribution; Allen Is Referral Agent

The Floyd fiscal court and the county board of education will share expenses of continuing the distribution of surplus commodities to the county's schools and indigents, it was said after the court unanimously voted Monday to pay the salary of a certifying agent.

The court's order providing for payment of the certifying agent's salary is to become effective if the board of education agrees to pay \$20 a month on rent of a storage room and on payment of utility expenses and \$30 a month on the cost of commodity transportation.

The court's order providing for payment of the certifying agent's salary is to become effective if the board of education agrees to pay \$20 a month on rent of a storage room and on payment of utility expenses and \$30 a month on the cost of commodity transportation.

R. T. Allen, Prestonsburg, was employed as certifying agent at a salary of \$100 a month.

The court last week began the work of re-instating federal surplus food distribution in the county. At last week's meeting it adopted a resolution stating that 80 rural schools and several high and consolidated schools, as well as poor persons, have been obtaining food from the Federal Surplus Commodity Administration. The past unproductive crop season was also given as a reason for the need of such aid.

Each of the county's four magistrates was named commissioner of roads in his district. Changes in the right fork of Wilson Creek road and the road from the mouth of Hackworth Branch, near Harold, were ordered by the court.

James' Suggestion Wins Award at Shipyard

Tom James, formerly of Prestonsburg, now a shipyard worker at Baltimore, Md., had himself an idea recently that paid off.

Each month, the Bethlehem Steel Corporation offers \$250 in prizes to employes making the most practical suggestions. The November awards were announced Jan. 15—and Mr. James was the winner of \$50, the only winner among the more than 600 men in his group.

His prizewinning suggestion was that chocks be put on brow plates in the yard being brought on the ways. His suggestion, according to The Fairfield Yardbird, Baltimore labor publication, will not only save time but will also save "a lot of valuable material."

Magistrate Hicks' Kin Dies in Knott County

PRACTICAL AND PATRIOTIC

MOST of Johnson county's schools will operate on a six-day weekly schedule during the second semester, this year.

The one day of extra work a week will enable schools having a nine-month term to close on April 16 instead of mid-May and in the height of the early farming season.

This wartime time-saving schedule was agreed upon by county school officials, teachers and students—all anxious to work with no weekly holiday, save Sunday, to the end that teachers and students may be available for necessary work next spring outside the school-room.

Johnson county's plan will enable many teachers to get at their farming early or to spend a longer period between schools terms in other war production jobs. School's end in April also will release many high school students for work on farms already short of labor.

Johnson county's instructors and students in this move are altogether practical, as well as patriotic.

WHAT PRICE LIBERTY— FIFTY CENTS?

FOR two weeks now, several thousands of Pennsylvania anthracite coal miners have been on strike.

They walked out, not because of any dispute with operators of the mines. They quit because John L. Lewis had demanded fifty cents more of them on monthly union dues.

Fifty measly cents stood between them and the face of the coal where their country, engaged in a war-to-the-death with an implacable foe, needs them.

Those fifty cents are a measly sum, because they are the added dues asked over a period of a month and because they are only a small part of any miner's monthly wage in this land of the free!

But shall we call these workers traitors to our common cause because they refused to heed the dictatorial demand of their chieftain, John L. Lewis, for more funds for his union treasury? Why not, instead, question his need for that extra fifty cents a month from all these thousands of miners?

Shall we not wonder if that fifty cents asked of each man facing the coal back under the Appalachian mountains is not more important to these workers than to their leader in his luxurious home or office?

It is shameful, true, that any man should refuse to work in a free America, for a living wage and to produce the materials necessary for this good land to remain free. But to these "little" men who work with their hands belongs the blame no more than to their leader whose fortune long since has been assured.

John L. Lewis tells President Roosevelt he will do all in his power to send the men back to work.

And what does he do? Talks talk. Chides, advises, reprimands the miners. Is he not enjoying the same liberties we all enjoy? Does not Mr. Lewis entertain the same bright hope we all cherish?

Would he do all in his power to send the men back to work—to work, as free men, for honest wages and for a great cause?

It was, and is, in his power to tell those workers to keep their fifty cents. He has not done that.

FLOYD COUNTY GOES TO WAR

Where Floyd Countians in Armed Forces Are, What They're Doing

Frazier Marshall Meade Cole

Hall

Now training in Texas to become a pilot of one of Uncle Sam's fighters or bombers in planes is **Moses Hall**, son of Mr. and Mrs. Milford Hall, McDowell. He enlisted, months ago, in the air corps reserve and had been waiting for six months to be called into active service when his notice to report for duty was received. Mr. Hall has for several years been a teacher in the Floyd county schools. His wife is the former Miss Lucy Howard, daughter of S. B. Howard, Prestonsburg.

Pfc. J. C. Frazier, son of L. G. Frazier, of Gearheart, was recently graduated as an airplane mechanic at the Ordnance Automotive School, Pomona, California. He is now stationed at Camp Chaffee, Arkansas.

Ishmael Meade, son of Frank Meade, of Orkney, is with the Atlantic fleet and took part in the landing of American troops in North Africa. Returning to this country, he was granted five-day leave.

Cpl. Johnnie Cole, of the U. S. army, has returned to his post at Miami, Fla., following a visit here with Mrs. Cole and friends.

Townsel Gordon Marshall, son of Mr. and Mrs. R. S. Marshall, of near Prestonsburg, was recently commissioned a second lieutenant and was awarded his "Wings" as a bombardier in the air corps at Kaye Field, Mississippi.

A member of the army's newest specialized unit, the Engineer Amphibian Command, is **Staff Sgt. Glenn D. Allen**, son of Mr. and Mrs. Jack Allen, of Pyramid.

Popularly known as the "Cape Cod Commandos" because the unit was first organized at Camp Edwards, Mass., they are now testing the Pacific surf at Fort Ord, Calif., in amphibious landing operations designed to prepare them to fight on very short notice in almost any part of the world. The outfit of seagoing soldiers—sporting a distinctive armpatch with a gold eagle, tommy-gun and anchor on a brilliant blue background—is composed of men chosen because of previous military or civilian experience in one or more of approximately 50 specialized lines of work.

Colored selectees to report Jan. 29 are:

John Henry Porter, **John Leonard Pearson**, **John Henry Jackson**, **Thomas Faulkner**, **Henry Jesse Nolan**, **Jesse Mitchell**, **Crawford Wheeler Loritts** (now in Lincoln, N.C.), **Arthur McClellan** (now in Chicago, Ill.), **George Gray**, **James William Peppers** (alias Northington—now in Chicago, Ill.), **Lovell Porter** (now at Valls Creek, W. Va.). Home address of all 11 is Wheelwright.

Women Respond To Call For Help in Preparing Of Surgical Dressings

Mrs. Lillian Keenon, head of the surgical dressing department of the American Red Cross chapter here, this week expressed gratification because of the large number of workers attending daily work-periods when dressings are made for use of army hospitals.

She added, however, that more women-workers is an urgent necessity, since Floyd county has only three more weeks in which to fill a quota of 57,000 dressings. A letter received by her Thursday told of the dire need of such supplies in army hospitals.

A week ago, Mrs. Keenon was deeply mortified because of the fact that only a few workers had returned after the Christmas holidays. "Now," she said, "we have an excellent number of workers, and they are really working. The appeal THE TIMES published for us last week certainly helped."

Each Tuesday is Mother's Day, Mrs. Keenon said, and all mothers of boys in the armed services of the country are urged to work on this day in the making of dressings which their sons and other mothers' sons may need in army hospitals. She expressed gratification in particular after a number of women had come here from Allen to help in the undertaking. On Mother's Days work begins at the sewing rooms in the Masonic building at 10 a. m.

Colonel C. P. West, commanding officer at the army air forces basic flying school, Courtland, Ala., recently announced the promotion of **Pvt. Everett Pigman** to the grade of corporal in the United States Army Air Forces. Cpl. Pigman is the son of Mr. and Mrs. Mallie Pigman, of Dema.

The following newly inducted personnel of the United States army have been sent forward from the reception center at Fort Thomas, Ky., to the stations and addresses indicated:

To 528th Qm. Service Bn., Camp McCain, Miss.—**Carl Hall**, Printer; **Homer Mullins**, Weeksburg; **Joe Tackett**, Drift; **Tommie N. Tackett**, Garrett.

Women Respond To Call For Help in Preparing Of Surgical Dressings

Mrs. Lillian Keenon, head of the surgical dressing department of the American Red Cross chapter here, this week expressed gratification because of the large number of workers attending daily work-periods when dressings are made for use of army hospitals.

She added, however, that more women-workers is an urgent necessity, since Floyd county has only three more weeks in which to fill a quota of 57,000 dressings. A letter received by her Thursday told of the dire need of such supplies in army hospitals.

A week ago, Mrs. Keenon was deeply mortified because of the fact that only a few workers had returned after the Christmas holidays. "Now," she said, "we have an excellent number of workers, and they are really working. The appeal THE TIMES published for us last week certainly helped."

Each Tuesday is Mother's Day, Mrs. Keenon said, and all mothers of boys in the armed services of the country are urged to work on this day in the making of dressings which their sons and other mothers' sons may need in army hospitals. She expressed gratification in particular after a number of women had come here from Allen to help in the undertaking. On Mother's Days work begins at the sewing rooms in the Masonic building at 10 a. m.

which ended in his fatal injury when struck by a stone hurled by Warren Barnett. After the first flurry of fistcuffs, this testimony contended, Wadkins was being taken up the road when he tore free and turned to resume the fight.

Commonwealth testimony contended that the defendants assaulted Wadkins as he was carrying a load of cabbage and when offering no offense. This testimony claimed that Melis struck Wadkins the first blow of the fight, that Warren struck the fatal blow with the rock that Lacey struck Mrs. Wadkins and that Riley was also a participant in the trouble. Mrs. Nora Barnett, wife of Dud Barnett, another mother of Melis and Lacey, was Commonwealth witness, testifying that Melis struck Wadkins.

Murder trial of Harrison Frazier, Jr., charged with the murder, a few weeks ago at Garrett, of William Singleton, came to an abrupt Friday when a technical flaw in juvenile proceedings necessary to give the circuit court jurisdiction of the 16-year-old defendant's case was found. Special Judge Joseph Harkins, Sr., Prestonsburg, upon a motion for dismissal. The case may be re-submitted to the grand jury, which re-convenes here Jan. 25.

The Barnett case was the murder trial to be heard at the present court term, and little of court activity is expected for the remainder of the month.

First Aid Instructors Training Course Begins Feb. 1

"Floyd county needs more first aid instructors." J. H. Keen, chairman of First Aid of Floyd County Chapter, American Red Cross, announced this week in announcing the formation of instructors classes beginning on Feb. 1 at 7 p.m., in the library of the grade school building. There are only six qualified Red Cross first aid instructors in the county according to Mr. Keen.

Chairman Keen stressed the three-fold purpose of the Red Cross program of first aid as it applies particularly to war-time conditions. "The increased tempo of life creates new hazards," he said, "and we must overlook the fact that many of our doctors are being called into the army, and are not available to contact as in normal times." He stressed the ever-present possibility of emergency action which may strike the community. Not only are "first aid instructors" prepared to render emergency aid in time of accident, or widespread catastrophe, but they are better informed as to the methods of preventing or avoiding accidents. This is particularly important at this time when we must make all efforts to conserve man-power and material.

It is not necessary that persons desiring this course have any previous first aid training. Any person over 18 years of age is eligible. There is no obligation to teach first aid after completion of the course, nor any possibility that you might be called upon by the Red Cross to assist in any emergency. Mr. Keen added.

TO WHOM IT MAY CONCERN:

On and after this date I will not be responsible for any debts incurred by W. S. Frazier or any other person other than myself.

DR. COLLINS RETURNS HOME

Martin, Ky.—Dr. G. C. Collins has returned from Louisville, Ky., to his home in Martin, much improved, and will be able to re-open his office in the next two or three weeks. Mrs. Jack Wine, of 1025 East Breckinridge, Louisville, is nursing her father, Dr. Collins. Elmer Moore Collins has returned to Louisville after spending the week-end with his father.

"Sherman said it!"

"WAR is hell!" It's a tough racket all the way down the line—from the men who are throwing bullets at the Axis to the last K. P. The newspaper headlines carry the story of combat, but there's little enough glory and *beaucoup* hard work for the millions behind the lines who must maintain the Army in the field.

In industry, too, there are millions of unsung heroes. Many of our employees have joined the armed forces—those left behind are working like beavers to fill the gaps in the ranks.

In spite of shortages in materials and manpower, this Company has been able to provide adequate electric service for industry and commerce and the home. Before Pearl Harbor—before "lend-lease"—we planned the construction program that made this possible. It's just another example of American business management that has provided this country with more electric power than all the Axis nations combined—five times as much as we had in the last war.

...ers when his salary is at stake and also a warden who has never served in this capacity. It leaves me to wonder if he is at all interested in the county, now that he is out of it.

My main interest in working in the club for the past three years was to help re-stock the county with game and fish and aid in protecting it, since my main sport is hunting. However, it seems that I am not wanted by at least one man in the club. If Mr. Burke will check with club members, ex-officers, the county and circuit judges and other county officials he will find out whether it made a difference who was appointed. It would have been well had he tuned in on the conversation between Mr. A. B. Meade and Mr. Wakefield concerning the appointment and then maybe he would have really found out why the club is not allowed to sell any hunting and fishing licenses. I would like to say that I appreciate the letters of recommendation from officials of the club and county, but if politics got the best of them (letters). I don't believe that a club or county is "yellow" enough to sell different stories on such an important matter as Mr. Burke's appointment.

Several members came to me about Mr. Burke's spending so much of the club's money without authority, and I did what I could, without trying to hurt feelings, to stop it. I caused Mr. Burke to spend several days trying to secure some release as president, since he knew he was next in line for the presidency and that the club wanted me to serve. After three trips to Mr. Burke he finally persuaded him to accept this post, but not explaining to Mr. Cassady the conditions which he was accepting. Mr. Cassady told me about this.

WILL THEY SUCCEED?
Editor, The Times:
On Dec. 7, 1941, Japan bombed Pearl Harbor into a very disgraceful state. She slipped in and bombed civilians, destroying lives and property. This caused our relations with Japan to be broken completely and a few hours later we declared war on Japan, and, later on, the rest of the Axis powers.

The leaders of the Axis powers are trying to conquer the world, but will they succeed, is the question with us?
Now, every man in the U.S., between the ages of 18 and 85 has registered for service. We have a very powerful army, navy and air force at present, but the addition of these new men will make it more superior. At present, men between 18 and 38 are the only ones to be selected for military service.

Many of the young men between 18 and 24 are in college, but it is only a question how long they will remain there. Many have jobs, etc., but how long will they keep them, remains for us to see. Any true American will sacrifice all of this for his country.

Among these young men is where I stand and I am willing to fight, possibly to give my life, in order that we knock out the Axis powers. On Dec. 19, 1943, I registered for selective service with my country and I will soon enter into the service of my country to fight for the safety of all the things that are dear to me. If I should be called to some foreign field to serve, while over there my thoughts would turn to my home, a quiet country village in the mountains of Kentucky, where the people work, children go to school and the church bells ring on Sunday morning, as the people go to their various places of worship with freedom. This freedom of ours is what I call the most clearly expressed way of American life and I am willing to do my part in keeping it.

I and many other youths of our country will go and try to finish the jobs that our fathers only half completed in World War I, that of "making the world safe for democracy," and "winning the war to end all wars."

Cats Even Net Score With Two Teams But Lose to Van Lear 5

The Prestonsburg Black Cats were foiled in their attempt to even the score with Van Lear here Friday night, losing to the Johnson countians, 36-32, but in their games Saturday night with Maytown and Tuesday night with Betsy Layne they wiped out the stigma of earlier defeats.

The Cats defeated Maytown at Maytown, 49-36, then on Tuesday night they gave Betsy Layne a 42-32 pasting.

The Maytown victory was costly, however, since Lloyd Miller, a regular at guard, sustained a broken collarbone and will be out of competition at least till district tournament time.

Improvement of Craft, a sophomore, at forward, was particularly pleasing over the last three games to Coach Branham.

The Prestonsburg reserves also defeated Maytown's second team, 39-16, and edged out Betsy Layne's reserves, 21-18.

The Cats' last two games before the Big Sandy Conference tourney at Betsy Layne next week are with Paintsville there Friday night and with Martin here Saturday night.

Line-ups of the three games follow:

A GOOD WORD IN BAD COMPANY

By the REV. W. B. GARRIOTT
Pastor, Prestonsburg Methodist Church

I closed my article last week by saying that there is nothing more pathetic in history than the rejection of Christ.

Jesus was greatly concerned about truth, but the one passion which consumed him was that of love. It might be possible for us to live and die without the knowledge of many truths and yet find a place in Abraham's bosom. But if we die without love, what will knowledge avail? It is not that we do not know, and that we have not been informed, but it is our indifference which is alarming.

A recent writer said, "The great fundamentals of the Christian life were never more generally accepted inside the church than they are today, but the sad thing about it all is that the world does not seem to be enough interested in Christian things even to discuss them." Not long ago the question was propounded in literary circles, "Do you find religious unrest among your friends and what is the cause?" The reply was, "We do not know anything about unrest of soul, we sleep. We do not go to church on Sunday morning, for we are in bad and we do not take up religious questions because we are not interested in them."

I am glad to say there are exceptions to this case.

The attitude of indifference is the one thing that Jesus could not stand and, next to actual hypocrisy, he spoke more vehemently against it than any other cause. He wanted men to think things through and do what they should do. Matthew 11:16-17: "We have mourned unto you and you have not lamented." John had appealed unto them and they did not respond. Jesus had taught, healed, restored their sight, but they were just indifferent to him and his cause. To the church at Laodicea he complained that they were neither cold nor hot. When Jesus ordained Peter to go preach there was no question of creed or church reform but there was one question so often repeated that it burned itself into Peter's soul, "LOVEST THOU ME?"

Jesus was poor and lowly, cast out as evil and died deserted while men called him mad. Born among cattle, died among thieves. He was eager, we are cold; he was enthusiastic,

we are indifferent. He wept and make merry.

How often do we read in scriptures that Jesus was meek and with compassion. Who could see the highways of his day and see the many people in their fortune, disease and misery and be moved? He so inspired the who followed him that in the brief years, when he went away they became heralds not of so creed but of a mighty passion. He opened the gates to a new universe and turned his face to the world in the midst of his own suffering on the cross and cried, "He that has seen me hath seen the Father." It was breaking his heart but he mastered men and events and broke into the terrible night with a blazing passion that was volcanic and irresistible.

BUY UNITED STATES WAR BONDS AND STAMPS

NATURE herself, makes shell horsehide the only leather on earth with a tough, reinforcing center layer or "shell." So even war can't change that. That's good, too, for it's the "shell" that makes this strange 3-ply leather resist wear so amazingly. But there's also no change in the famous Wolverine triple-tanning process that makes Shell Horsehide soft as kid for uppers, flexible as bamboo for soles. It even dries that way after repeated soaking.

That triple-tanning process has been a closely guarded secret for many years. So, if you want house-slipper comfort in work shoes plus months and miles of money-saving extra service—wear WOLVERINE SHELL HORSEHIDES. Come in—try on a pair and be convinced—no obligation.

They Live--If You Remember
Few things are more precious than the memory of loved ones who have gone. Grace and dignity should be the keynote of the final rites. To neglect this means years of bitter memories and regrets.
At our home you are sure of completeness in every detail and at prices well within reasonable limits.

Langley, Ky., Jan. 18 (Spl.)—Details of an August wedding in the East have just been made available to readers of The Times. On Aug. 9 Miss Mary Elizabeth Maloney became the bride of Mr. Ralph Salisbury in Jamaica Plain, Mass., in the church of Our Lady of Lords, the Rev. Father O'Conner officiating. Attendants were Misses Winifred Maloney, sister of the bride, and Eleanor Blanche, bridesmaids, both of East Boston, while Mr. James Sutton, of Rochelle, Ga., was best man.

The bride wore long-sleeved white satin with full-length train, sweetheart neckline, pointed basque waist, trimmed in pearls, which also formed the coronet she wore. A full-

length veil was attached to the latter by seed pearls. She carried a bouquet of white lilies and myosotis, with blue forget-me-nots and white ribbon streamers.

The single ring ceremony was used.

Following the ceremony, members of the wedding party and guests enjoyed an elaborate reception in the Hotel Von Dome, Boston.

Mrs. Salisbury is the daughter of Mrs. Elizabeth Maloney, East Boston, and a graduate of St. Joseph's Academy, Dorchester, Mass.

The groom is the only son of Mrs. Lillie Salisbury, of Maytown, and the late Ballard Salisbury. He received his education in the Maytown high school, and for the past three years has been in the U. S. navy, having volunteered for service early in World War II.

Mrs. Salisbury is now visiting Mr. Salisbury's relatives in Maytown, and in his absence receiving the congratulations of his numerous friends.

Smaller mercantile stores and their patrons everywhere are being protected by the War Production Board in an order designed to limit the stocks which can be held by the larger stores—those which do an annual business of \$200,000 and closed the last year with \$50,000 worth of goods on hand.

Many of these larger stores, with their greater financial resources and storage space, might well be able to obtain more of their share of war-scarce consumer goods. WPB Order L-219 (the "L" stands for limitation) now restricts these big stores to the amount of inventory they carried in corresponding quarters of last year.

John C. Virden, regional WPB Director for Kentucky, Ohio, West Virginia and Western Pennsylvania, explains that this is what the order seeks to accomplish:

To assure a more equitable distribution of stocks, with their normal share of the available consumer goods being available to stores in rural areas and small communities;

To curb inflation by discouraging speculative buying on the part of merchants with larger resources.

Some 54 per cent of the people live in small communities and rural areas, and L-219 will insure that their stores are able to obtain their fair share of consumer goods. Like rationing, the system of inventory control assures everyone of his fair share of whatever is available in that particular controlled field.

The WPB requirements committee has approved an Agriculture Department request for an increased production of repair parts for farm machinery and equipment.

The OPA suggests a sashless storm window made by placing a second pane of glass over the window frame and holding it in place with picture-frame type molding. The cost is estimated at \$2 per window. Yearly fuel savings for every 10 square feet of window space are

**Vital
to Liberty
Conserve
its Use**

The New Year, 1943, is "the end of the beginning." A greater burden of toil and conflict lies ahead. And while America's sons fight in desert and jungle, telephone communication lines at home will carry an ever-increasing load of calls vital to Victory.

Telephone materials are still going to battle in the form of guns and shells. So, to get the most out of our present equipment, we will continue to need your help in keeping long distance lines clear of all but necessary calls. And remember, the greater the distance you talk, the greater the chance of your call getting in the way of important war calls.

We are most grateful for the patriotic response during 1942, to our requests for voluntary reduction of unnecessary long distance calls. It helped us provide the services so badly needed in those critical times.

For the "duration," we can continue to best serve the telephone needs of all by serving our country first.

Results in The Beer Industry's Crusade of Decency

THESE figures may amaze you. For never before has an entire industry fearlessly acted as judge and jury in keeping its own business clean. But wherever beer is being sold in unwholesome surroundings, without regard for the simple common-sense rules laid down—we act! Here are the results:

	1940 (6 mo.)	1941	1942	TOTAL
Places investigated	239	446	533	1218
Places found O. K.	148	303	326	779
Licenses Revoked or Suspended	13	26	76	115
Other Actions	78	115	161	324

The record speaks for itself. Decent law-abiding beer retailers are entitled to do business without illegal competition that brings discredit on them all.

This Committee, pledged to the *Clean-Up or Close-Up* Campaign, investigates constantly, reports those places that do not heed the warning to *clean up*. Alert state enforcement officials promptly revoke or suspend licenses on the evidence we submit.

Beer's reputation as a beverage of moderation is jealously guarded against those who would use it to cloak unsavory activities.
