THURSDAY

WET-DRY POLL DATE IS SET FOR MAY 15

Judge Hill Orders Local Option Vote; Bitter Scrap Seen

Floyd county's voters will go to the polls Saturday, May 15, to determine in a local option election if intoxicating liquors are to continue to be sold in the county.

Date of the election was set Monday by County Judge E. P. Hill, Jr., at the regular March term of county court.

Calling of an election was required by the filing, several days earlier, of a petition bearing the names of voters whose number was more than 25 per cent of the number of votes cast at the last general election in the county.

The petition, Mrs. Henry Stephens, leader here in the dry movement, said, bore the names of voters from all sections of the county and in such number that it contains well above the minimum number of voter-signatures required to call an election.

Both wet and dry forces are prepared for a hard fight, and the coming few weeks are expected to see a vote campaign of unusual interest.

ONE WOUNDED, 1 IS PRISONER

Yet Another Safe, Is War Report On Floyd Men

With the official report of one Floyd countian being wounded in North Africa and another being a Jap prisoner comes word that yet another, a sailor, was rescued in southwest Pacific waters after his destroyer was sunk in a naval engagement with the Japanese.

A Jap prisoner is Warrant Officer Charles Moore, son of Mrs. Rhoda Moore, of Fed, who was one of 22 Kentuckians recently reported by the War Department as having been captured in the Philippines. Report recently received by Mrs. Alice Kendrick, of Emma, that her son, Pfc. Billie L. Kendrick, had been wounded on the Tunisian battlefield, was confirmed Sunday by the War Department. He was one of 15 Kentuckians reported as having been wounded.

Rescued and able to fight another day is Everett Arthur Smith, seaman first class, son of Mrs. Dora Smith Montgomery, West Prestonsburg. His mother reported she had been notified of his safety and that he had been taken to a mobile hospital unit on Guadalcanal. During

Roadhouse Operators Are Heavily Fined In County Court

Heavy fines were assessed in county court here Monday against two Floyd countians for roadhouse violations.

Jim Edd Rains, of Weeksbury, was fined \$50 and costs on conviction of having operated a roadhouse without permit. He also was jailed on a peace warrant.

More than \$1,000 worth of beer was temporarily confiscated Saturday night when Deputy Sheriff Tommy Salsbury found that Ed Rudd, new operator of the "Y" restaurant at Allen, was selling without license. Mr. Rudd explained, however, that he had bought the restaurant from Ed Moore and operated the restaurant in the belief that Mr. Moore's beer license was transferred to him in the deal. The former owner re-assumed operation of the restaurant, authorities said, and the beer was transferred to his ownership.

Rudd was fined \$100 and costs. For drunken driving Shelby Triplett was fined \$100 and costs after having been arrested by Policemen Troy Mullins and Ben Layne, of Wayland. He executed an appeal bond and will ask a new hearing from the Floyd circuit court.

'War Widders' Form Town's Newest Group

The war has given Prestonsburg a new social organization. It's the newly organized "War Widders' Club," composed of women whose husbands are in the armed forces. Meeting each Saturday night, the members chat, play cards and while away the time.

Officers are Mrs. H. L. Lockwood, president; Mrs. Leroy Combs, vice-president; Mrs. Robert M. Rankin, secretary; Mrs. J. M. Shields, treasurer; Mrs. Dick Mayo Allen, sergeant-at-arms; Mrs. Tom G. Dingus, blesser of foods.

FLOYD MINER IS DROWNED

Lattice Fouts, Victim In Pike-co. Sunday As Auto Wrecks

Lattice Fouts, 37 years old, mine employee of the Inland Steel Company at Wheelwright, was drowned late Sunday afternoon when his auto wrecked at Lookout, Pike county, and plunged over an embankment into a rain-swollen stream.

Although employed at Wheelwright, he resided at Virgie, Pike county. He was a son of John and Mary Hall Fouts and was a native of Knott county. Surviving are his widow, Mrs. Cordelia Little Fouts, two sons and four daughters: Homer Clayton, Dessie Mae, Mary Ann, Nellie June, Norman Gene and Ruth Evelyn, all of Virgie. He also leaves two brothers and three sisters: Ked Fouts, address unknown; Jacob Fouts, of Melvin; Mrs. Fannie Tackett, of Dorton, Ky.; Mrs. Dakota Tackett, Hartley, Ky., and Mrs. Martha Belle Mullins, of this county.

Funeral was conducted Wednesday at the graveside in the Little cemetery at Hartley, with burial under direction of J. W. Call & Son.

90 TO LEAVE HERE APRIL 9

For Possible Induction In U.S. Armed Forces At Huntington

Ninety Floyd countians registered for selective service with Draft Board 44, in addition to several transferred here for induction by draft boards in other states, will leave Prestonsburg Friday morning, April 9, for final physical examination and possible induction in the armed forces.

Twenty-one are volunteers (name of each volunteer is followed by a V). Originally scheduled to go to Huntington by train, they will be taken instead by bus, as usual, and are ordered to report here not later than 6 a. m., April 9.

Names of those to leave follow: Chester Clifford Coleman, Prestonsburg; George Jackson Allen, Allen; Oliver Crisp, Allen; Jesse Crawford, Prestonsburg; Hansford Spears, Endicott; James Emery Conn (V), Dana; Galloway Laferty, Allen; Herbert Bradley, Dock; Ollie Dillon, Lancer; Bill W. Dingus, East Point; Edward Solomon Daniels, Justell (now of Cincinnati, O.); Andrew Hurt (V), Auxier (now of Peru, O.); Irvin Harris, Lancer; Ballard Sturgill, Osborn (now of Lincoln Park, Mich.); Paris Martin (V), Galveston (now of Marion, O.); Norman Hall, Betsy Layne; Conrad Isaac, Deane, Ky.; Darwin Gibson (V), West Prestonsburg.

Kent Bentley, Allen; James Joseph Carter, Prestonsburg; Clyde Burton

Floyd County Youth Blames Horse Theft On Alleged Deserter

Sammie Jarrell, Prater Creek youth held in jail here on a horse-stealing charge, this week blamed a man whom he named as Joe Prusky, alleged deserter from the Navy, as an accomplice and the instigator of the crime.

The two are accused of stealing Hi Conn's horse at Dana. They were arrested in Knott county Monday after having ridden the horse "double" from Prater Creek. Prusky was held at Hindman by Knott authorities and may be claimed by naval authorities instead of being returned to this county for trial.

Scout Leaders' Course Graduates 'Rough It' During 'Commencement'

Front row, left to right—N. M. White, Jr., S. L. Isbell, J. H. Keenan, Luther Vaughan.

Standing—Leon Preston, W. W. Burchett, E. P. Hill, Jr., Ralph Taylor, H. T. Dorton, Rev. Merrick, Charles Blane.

Final meeting of a training course conducted here over the last three weeks for Boy Scout leaders was a session of "roughing it."

The meeting was held outdoors Saturday night near Cliff, and each person attending was required to cook half a pound of hamburger and two potatoes without benefit of cooking utensils whatsoever. Additions to the menu were fried chicken, supplied by County Judge E. P. Hill, and "beanpole beans."

The training course, conducted by Charles E. Hudson, Pikeville, Scout executive, taught methods of conducting Boy Scout troops and the training of the American boy thru the Boy Scouts of America.

Those who will receive Scout leader certificates as a result of completing the course are County Judge E. P. Hill, County Attorney W. W. Burchett, County Agent S. L. Isbell, R. V. Taylor, J. H. Keenan, all of Prestonsburg; H. T. Dorton and Leon Preston, of Paintsville.

The training course, conducted by

James and Cleith Barnet, brothers, of Martin, were jailed here on breach of peace charges but were released after relatives had assured Judge Hill there was "nothing to it." Their part in the stabbing will be probed, it was said.

A knife blade stuck into the back of Howell's head penetrated to the brain, Dr. Claude Allen, of the hospital staff said. Combined efforts of three persons were required to pull the blade from his skull. Howell's condition was described as serious.

Policeman Tavis Flanery, of Martin, said he could furnish no details of the stabbing.

Lightest court docket in the modern history of the Floyd circuit court is foreseen for the court term which convenes here Monday April 5.

Circuit Clerk W. W. Cooley said only 123 cases in all are docketed and that a heavy percentage, possibly half, of the defendants are not "before the court."

Names of 24 persons drawn from the jury wheel for prospective grand jury service and of 30 for the petit jury were released this week:

Grand Jurors
W. S. Collins, Prestonsburg; Andie Akers, Whitaker; Ed Banks, Water Gap; Rube Stone, Goodloe; Dick Garrett, Banner; J. W. When rationing begins on March 29 the first set of stamps, marked "A," worth 16 points, will be valid. Beginning on April 4, and then on each succeeding Sunday throughout April, an additional set of stamps will be validated. All these stamps, from "A" through "E" inclusive, will remain in use all month, making a total of 80 points per person for April.

Another difference in the use of the red stamps is that it permits retailers to make "change" in ration stamps when a customer finds it impossible to give the exact amount of valid red stamps when making a purchase. Only one-point

house-to-house canvass on April 1 to ascertain salvage possibilities and will report to county salvage directors—their findings, so that quick location and accumulation of scrap can be effected. Floyd county Boy Scouts are ready for this work, it was said here. At the same time, full co-operation of organized labor has been again assured the salvage movement.

Governor Keen Johnson is expected to declare a state holiday in May to initiate the scrap blitz.

A WPB salvage official, speaking before the Paintsville gathering, declared the saving of waste fats is of paramount importance. The WPB was quoted as saying, "Saving of household fats would have prevented lard rationing and the shortage of tin is one of the prime reasons for rationing of tin-canned foods."

Seventy per cent of housewives are not saving old grease, 300,000,000 pounds of which went down sink drainpipes last year instead of into war on the side of the United States, the speaker declared. Kentucky's waste fat quota is 202,000 pounds a month. The housewife takes such waste fats to her grocer and is paid 4c per pound for it. The grocer, in turn, is paid 5c per pound for handling it.

"Copper is scarcer than gold," declared the WPB speaker, who warned: "Don't let up on the rubber drive, because it will be a long time before you will even see one pound of synthetic rubber and these huge piles of old tires can vanish mighty quick."

Navy Recruiting Officer
To Receive Enlistments
To WAVES, Each Week
 A Navy recruiting officer will be in
 Paintsville, at the postoffice build-
 ing, from 9 a. m. until 4 p. m., every
 Tuesday and Wednesday, to inter-
 view all applicants for enlistment in
 the WAVES, G. T. Thixton,
 U.S.N.R., announced this week.
 The primary purpose of the
 WAVES is to take over shore jobs
 now held by navy men, consequen-
 tly every WAVE enlistment means
 another fighting man for Uncle
 Sam.

"The benefits derived by the en-
 listee herself, in addition to aiding
 her country, are tremendous," de-
 clared Chief Thixton, officer in
 charge of the station. "Visualize a
 young woman between 20 and 36
 years of age with a minimum edu-
 cation of two years of high school
 or business college starting a career
 with a salary equivalent to about
 \$150 per month, getting an educa-
 tional training while being paid at
 such colleges as Indiana University;
 Iowa State Teachers' College; Uni-
 versity of Wisconsin and others; be-
 ing allowed to wear uniforms of
 navy and powder blue, which have
 an unmatched style and grace, be-
 ing given the opportunity to
 travel, meet new people, having free
 mail rights and all the other priv-
 ileges enjoyed by our fighting men.
 And in addition to all this, to have
 the chance to win a rating or a
 commission in the United States
 Navy. It's small wonder the young
 women are coming in and signing
 up."

Chief Thixton also announced
 that 17-year-old boys and men be-
 tween the ages of 38 and 50 are in-
 vited to enlist in the Navy. If
 skilled, men of these ages are par-
 ticularly urged to visit the recruit-
 ing station. Ratings up to chief
 petty officer are available to those
 qualified in the SEABEES, the con-
 struction branch of the navy.

SHIKE'S POKES
 (The views expressed herein are
 those of the writer and not neces-
 sarily those of this newspaper.—
 Editor.)

They're going to draft labor, and
 it looks like "Hunk" will be drafted
 as an airplane mechanic, since he
 built a chicken house that would fly.
 Yep, flew right off the hill.

And we are of the opinion we'll
 have a bunch broadcasting for the
 "Barn Dance" at Nashville. Trap
 H. is the Roy Acuff of this section,
 while Garland, Bob and Hunk are
 the "Smoky Mountain Boys." It was
 smoky when they got home, any-
 way.

Garland also has another honor—
 he is one of the "Three Black
 Crows."

We always thought that gas was
 sold at the sign of the orange disc.
 But Jim F. sez it's at the sign of
 the straw hat and feather.

It being war times and probably
 a strike coming on, I wish to recom-
 mend John Horn as poke warden.
 He would make a good one and be
 interested in his job.

Notice the headlines in the paper
 this week: "Hoover Says America
 Probably Will Go Hungry This
 Year." Probably, hell!—we did for
 the four years he was president.

We have always heard that money
 talks. But if you buy bonds—it will
 fight!

Well, it looks like Roosevelt and
 Willkie again in 1944—with Roose-
 velt winning. FDR would have to
 win or there would be another war
 in about 25 years, for the majority
 of Willkie's party are isolationists
 and he couldn't control them. The
 majority of Republican Senators
 are isolationists and, remember, iso-
 lation isn't dead. They are just
 afraid to speak out in war time. Re-
 member, this war could have been
 avoided if the Senate had backed
 Wilson's policy. Willkie's foreign
 policy is the same as Roosevelt's—
 but he can't get his party to go
 along. Bricker is out; his policy is
 the same as Taft's, America Firsters,
 and by the way, where's ole yellow
 Lindy?

GET RE-CAPS No Certificate Necessary

A rationing certificate no longer is required to have passenger car and light truck tires re-capped with re-claimed rubber.

The action, approved by Rubber Director William M. Jeffers, is designed to reduce the demand for replacement tires. Re-capping requires about half as much reclaimed rubber as a new "war tire."

Church Group Joins
In Surgical Dressing
Work Under Way Here

A large group from the Assembly of God Church, West Prestonsburg, led by their pastor, the Reverend G. R. Fannin, and his wife, came to the Red Cross sewing room here recently to make surgical dressings. This was in response to an appeal from the pulpit, the Reverend Fannin said. And he added that it would be nice for all churches in the county to do likewise.

Mrs. Lillian Keenon, supervising the making of the surgical dressings, said that a splendid delegation from Drift, was here Saturday morning. A group of beauticians who are expert in intricacies of milady's hair-do are proving themselves adept each Wednesday at producing these dressings, she said. A number from Allen are faithfully reporting each week and rendering good service on this particular "home front."

Although the ladies here in town are increasing their attendance at the sewing room, Mrs. Keenon announced, the West Prestonsburg group still "carries the banner."

The group representing the Assembly of God Church this week was composed of the Rev. and Mrs. G. R. Fannin, Mrs. Anna Hale, Mrs. Phyllis Ranier, Miss Emma Jean Herald, Miss Martha Alice Perry, Miss Jeanette Bildridge, Mrs. Virginia Griffith, Mrs. Ruth Willis, Mrs. Sadie Price, Mrs. Virginia Wright, Mrs. Della Herald, Mrs. Beulah LeMaster, Ballard Herald and Vernon Doug Wright.

A standing schedule for surgical dressings was given as follows: 1 p. m.—Mrs. Lillian Keenon and Miss Ella Noel White, co-chairmen; Tuesday 10 a. m.—designated as "Mothers' Day"—Mrs. Lillian Keenon, chairman; Wednesday, 1 p. m.—Mrs. Mary Lou Layne and Mrs. Maria Hill, co-chairmen; Wednesday, 7 p. m.—Mrs. Suez Hobson, chairman; Thursday, 1 p. m.—Mrs. Phyllis Ranier and Miss Emma Jean Herald, co-chairmen; Friday, 7 p. m.—Mrs. Lillian Keenon and Miss Ella Noel White, co-chairmen.

Emergency chairmen have been announced as follows: Mesdames A. H. Mandt, J. R. Hurt, John Hale and N. M. White, Jr.

The regular schedule of surgical dressing work follows: Sunday, 2 p. m.—Mrs. Lillian Keenon and Miss Ella Noel White, co-chairmen.

Monday, 1 p. m.—Mrs. Elizabeth Garriott and Mrs. Merle Kelly, co-chairmen.

Monday, 7 p. m.—Mrs. Lillian Keenon and Miss Ella Noel White, co-chairmen.

Tuesday, 10 a. m.—Mrs. Lillian Keenon, chairman (Mother's Day.)

Wednesday, 1 p. m.—Mrs. Mary Lou Layne, Mrs. Maris Hill, co-chairmen.

Wednesday, 7 p. m.—Mrs. Inez Hobson, chairman, Mrs. Winnie F. Johns, assistant.

Thursday, 1 p. m.—Mrs. Lillian Keenon, chairman.

Friday, 1 p. m.—Mrs. Phyllis Ranier, Miss Emma Jean Herald, co-chairmen.

Friday, 7 p. m.—Mrs. Lillian Keenon, Miss Ella Noel White, co-chairmen.

Supervisors and inspectors—Mrs. Virginia Taylor, Mrs. Lillian Rimmer, Mrs. Winnie F. Johns, Mrs. Lillian Ferguson, Mrs. Robert May.

Mrs. HALL DIES
Mrs. Rebecca Hall, 69 years old, wife of Robert Hall, died at her home at Blue Moon, Mud Creek, Saturday. One son, Melvin, resides at Blue Moon. Names of other survivors were unavailable. Burial at Blue Moon was under direction of the Arnold Funeral Home.

CONTROL CAN DO WHAT PROHIBITION CAN'T!

THE OLD JUDGE SAYS...

"Judge, would you mind tellin' Charlie here what you told me the other night walkin' home from lodge. I can't word it just the way you did."
"Sure thing, Tim. Here's what I told him, Charlie. There's no such thing as votin' a nation, a state, a county, or even a community dry. We had proof enough of that

during our 13 years of prohibition. What you really vote for is whether liquor is going to be sold legally or illegally...whether the community is going to get needed taxes for schools, hospitals, and the like, or whether this money is going to go to gangsters and bootleggers. That's the answer, boys... simple as A-B-C."

TOWN AND FARM IN WARTIME

A WEEKLY DIGEST FROM THE RURAL PRESS SECTION OF THE OWI NEWS SECTION

RED STAMP RATIONING REMINDER

Red stamps from War Ration Book Two, which are good for the purchase of meats, cheese, edible fats and oils and canned fish, will become valid and will expire as follows:

Week Beginning
March 29—red stamps bearing letter A (16 points) stamp will expire April 30.

April 4—red stamps bearing letter B (16 points) stamp will expire April 30.

April 11—red stamps bearing letter C (16 points) stamps expire April 30.

April 18—red stamps bearing letter D (16 points) stamps will expire April 30.

April 25—red stamps bearing letter E (16 points) to be announced.

Easterners Get 6 Gallons of Gas a Month

Autoists in 17 Eastern states now will get only six gallons of gasoline a month, although they may use it for any kind of non-occupational driving. The new order does not apply to other areas. A-books will still be good for three gallons in the 17 Eastern states, but they must last for four months. Shortage of gas and oil supplies, and greatly increased demands for fuel and farm machinery, caused the OPA order, which became effective March 22.

More Meat for Shortage Areas

OPA has empowered regional administrators to report to the Food Rationing Division of OPA whenever an area has an acute meat shortage which endangers public health, morale or war effort. OPA will authorize slaughterers to increase their civilian deliveries of controlled meats in such areas.

Plenty of Canning Supplies

Plenty of metal closures and rubber jar rings will be available for American housewives who will be doing an increased amount of canning this year. The War Production Board has removed all quota restrictions on the manufacture of certain types of metal lids used to seal the jars. Prohibition of the use of zinc is continued.

More Turkeys This Year

Turkey growers plan to raise about 37 million turkeys this year, according to February 1 returns from over 5,000 farmers throughout the United States. This would be the largest crop of turkeys ever produced in this country—12 per cent larger than the 1942 crop. Some difference between February indications and actual performance is to be expected, depending on the supply and price of hatching eggs, poultry prices, availability and cost of high protein feeds, and the willingness of growers to accept late hatched poult.

Modification of Shoe Rationing Order

Three modifications of shoe ration order 17 have been authorized by OPA. They are: (1) an additional ration of "safety" shoes, used for health protection in special work, may be acquired from the local board by any person who has spent his ration stamp 17, even though a member of his family has an unspent stamp; (2) sandals which can be sold ration-free are re-defined to include all sandals with an open back and a heel height of 1 1/8 inches or less, regardless of the material used in the upper; (3) certain shoes with soles made principally of rope, wood, or other non-strategic materials may be sold ration-free, regardless of the material used in the upper.

Extra Food for Temporary Workers

An employer who temporarily hires workmen for periods of less than 30 days may obtain rationed foods for them by applying to his local War Price and Rationing Board. This is of special importance to farmers who hire labor during the planting and harvesting seasons, to employers of construction workers or temporary jobs, lumber camp operators, and other seasonal employers.

Ceilings on Corn

Permanent maximum prices on corn—America's top-ranking farm crop in point of size and value—have been fixed by OPA. The ceilings apply from the time the corn is harvested.

leaves the farmer's hand until it is sold by retailers. Recognizing seasonal price variations and carrying charges, the new OPA order sets peak prices for all varieties and types of corn sold by farmers, truckers, local elevator and terminal market operators and retail dealers. Typical peak under the new maximum price regulation No. 346 (corn) is \$1.02 per 56-pound bushel of No. 2 yellow corn at Chicago—key point in the country's grain exchange and marketing setup.

Special Rations of Fresh Foods are Scarce

Forest rangers, missionaries, fishermen, sheep herders, and other consumers, if they are located in such remote places that it is impossible for them to get fresh foods except at very infrequent intervals, may now apply to their local board for special rations, according to an amendment issued by the OPA. Means were also provided for certain logging camps and similar institutional users to get processed food if no other sources of food can be made available.

Higher Prices for Canning Crops

A price-support program which assures farmers 20 to 50 per cent higher prices for their canning crops than last year has been announced by the U. S. Department of Agriculture and the OPA. Crops for which support prices are established include tomatoes, sweet corn, snap beans, green peas, lima beans, beets, carrots, and cabbage for kraut.

Second War Loan Drive

During April the U. S. Treasury will borrow the sum of \$13,000,000,000 in its second war loan drive. "This money, which is needed to back up our armed forces, will be raised through the continuing sale of War Savings Bonds, and tax savings notes, treasury bills, and the offering of a number of new treasury issues designed for every class and type of investor," said Secretary Morgenthau. "As we move forward into full production in the war effort, it is increasingly important that every American invest in his government's securities to the limit of his or her ability."

Can Sell Butter Below Price Ceiling

There is nothing in any OPA regulation preventing sales of butter at lower than ceiling prices set recently at the creamery and wholesaler levels. These ceilings represent the maximum prices at which this commodity may be sold, Price Administrator Prentiss M. Brown said.

Farm Machinery Released

Restrictions on distribution of three types of rationed farm machinery have been lifted by the U. S. Department of Agriculture. The order permits manufacturers of farm cream separators to release without restriction 80 per cent of their authorized production of separators as allowed by WPB Order L-170 and all remaining stocks produced under L-26. It similarly permits manufacturers of power spray pumps and horse or tractor drawn rod weeders to release 100 per cent of their production under L-170 and all inventory stocks produced under L-26.

Blue Ration Stamp Calendar

Blue stamps D, E, and F in War Ration Book Two, totaling 48 points will be good from March 25 and March 31, blue stamps. A through F, may be used to buy rationed canned foods.

Damaged Shoes "Non-Rationed"

Shoe dealers whose stocks have been damaged by fire, water, steam or other accidental cause to the extent that they cannot be exchanged for ration currency may be authorized by district OPA offices to mark these shoes "non-rationed."

Booklet on Car Care

A manual of ABC's of vehicle maintenance for cars, trucks, and buses, outlining the kind of inspections, checks, and adjustments that should be made to assure efficient and economic operation of all types of motor vehicles, will soon be available through the Office of Defense Transportation and the field offices of the Office of War Information.

Staggered Hours for Women

Staggered hours of work so that women may shop under rationing rules, but still work in war plants and necessary services have been proposed by War Manpower Commissioner Paul V. McNutt. Six million women will be in war industries this year and changes must be made in present work systems.

Department Appeals Handled Locally

All appeals involving claims for occupational deferment are now being handled by the Selective Service Board of Appeal in the area of the worker's employment. Formerly, these appeals were handled in the area in which the worker was registered.

SERIOUSLY SPEAKING

By E. F. EPLING

After mistakes, which have caused one to wonder if there is a better day, have been put in the past, but not forgotten, will there be a continuous cycle of misfortune? It seems that one never gets too old to err.

Home is a pretty good place, after all, even if you have a hard time making it home.

Cincinnati has one virtue I can speak of, and that is the many ads offering garden space free for Victory Gardens.

I've spoken many times of unions demanding exorbitant raises in pay. But there are plenty of places where a union is needed, especially when one must work in a plant for 50r an hour.

I was very sick; after several days, was able to start back. As soon as the bus began to roll by fields and streams in old Kentucky, I was feeling better. Of course, the sun was shining as it often does and the smoke could not keep it hid.

We sometimes think there is nothing new to write or talk about. Well, there is. Every day is a new day and should be appreciated.

Anthony Eden in Washington and at a time when a lot of people are jittery over the thought of F.D.R. running again. If the dear fellow is worn out with the big job, let Eleanor have it. Then Franklin can be her very close advisor.

What's the use of the "otherside" squawking? If they haven't got any one big enough to compete, why make a laughing stock out of themselves?

There are plenty of people big enough, but they're just not broad-minded enough to keep themselves from being hogzish.

And I've never yet found an old standpatter in the Grand Old Party who'd feed a few hundred starving families—unless it was on their side. Oh! oh!

lower qualities—Grade II—when he needs replacements. Motorists with mileage rations between 560 and 1,000 monthly, who have been eligible for new casings in the lower quality bracket only, can now get Grade I tires. The release of these new casings under rationing to "B" and "C" card holders will be for replacement of tires worn beyond the recapping stage, according to OPA.

Food Prices Increase Slightly

The average cost of all foods consumed by the average family advanced between mid-January and mid-February 0.5 per cent as fresh fruits and vegetables went up with increased buying because of short supplies of canned goods and in anticipation of rationing effective March 1. The usual large seasonal decline in egg prices of 13.5 per cent was primarily responsible for holding down the over-all increase. The average cost of foods other than eggs rose 1.5 per cent, according to Bureau of Labor statistics.

War Expenditures

The average daily rate of U. S. war expenditures reached a new high of \$253,400,000 in February. The previous high in November, 1942, was surpassed by 3.6 per cent, or \$8,900,000. Expenditures for war purposes totaled \$6,081,000,000 in February. This was \$173,000,000 or 2.8 per cent less than in January and 2 1/2 times expenditures a year ago February.

Regardless of full car clubs, no supplemental gasoline rations are to be allowed if any other means of transportation in a specified area (such as subway, elevated railroads, or railroad commutation service) are deemed adequate by the OPA regional administrator or the OPA deputy administrator in charge of rationing.

Smelt for Food

About 10,000,000 pounds of low cost smelt will be added to the nation's wartime food supply within the next few weeks, according to the Office of Co-ordinator of Fisheries. The current scarcity of meat and other seafood products, coupled with the usual Lenten demand, is expected to create a wider market for smelt this year than ever before.

Inspectors Advise Accident Reduction From Falls in Weeksbury Mine

Officials and employees of the Weeksbury coal mine at Weeksbury, should intensify their efforts to reduce fatal and serious accidents resulting from rock and coal falls in the 2,500-ton-a-day mine, according to a federal coal mine inspection report made public by Dr. R. R. Sayers, director of the Bureau of Mines, Washington, D. C.

Although rules for systematic timbering apparently were well enforced when a federal inspector visited the mine a few months ago, the report quoted company figures showing that falls of rock and coal killed four employes in 1940 and were the chief cause of disabling injuries in 1941 when the accident-frequency rate increased substantially above 1940.

The hand-loading mine is owned and operated by the Koppers Coal Division, Eastern Gas and Fuel Associates. There are 547 employes.

Other recommendations in the report called for the elimination of certain haulage hazards, improvements in the ventilating system, stricter enforcement of the mine's no-smoking rule underground, and additional rock-dusting to lower the combustible content of the coal dust. Director Sayers told Secretary of the Interior Harold L. Ickes.

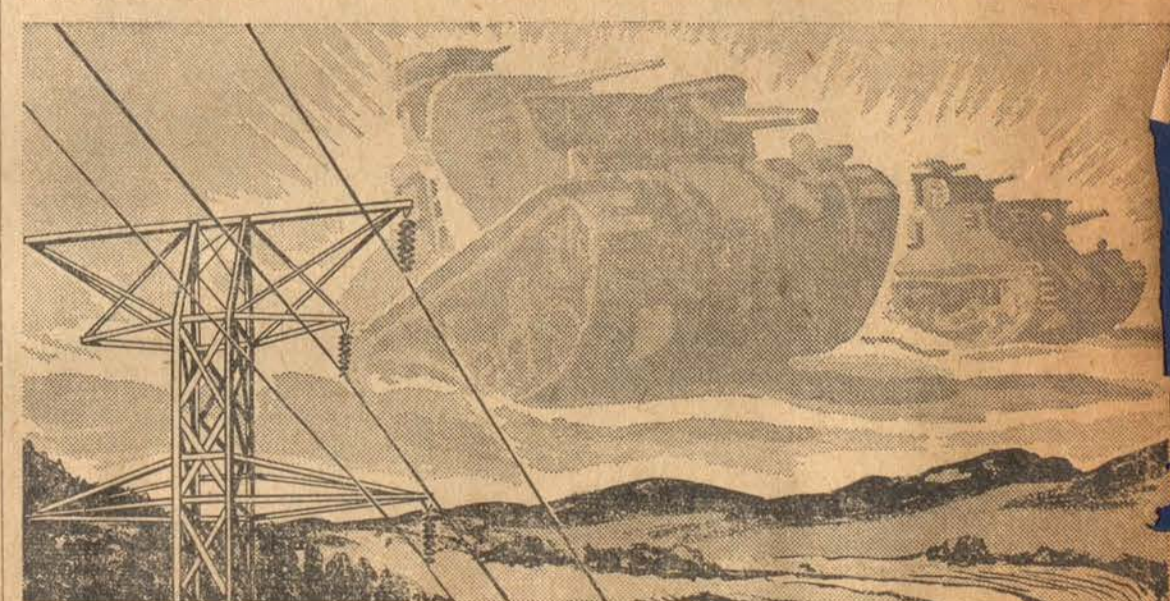

The inspector commended the mine for a number of safety features including an extensive safety organization, the use of permissible explosives for blasting and of permissible electric cap lamps for illumination, the wearing of special protective clothing by underground employes, and well-regulated man trips.

Although the mine is rated non-gassy by the Kentucky Department of Mines and Minerals and air analyses revealed only a trace of methane, an explosive gas, the federal inspector urged that more air be circulated through certain working places to insure effective dilution of methane should the gas be liberated in a greater volume. He also suggested that all ventilating doors used to direct the air flow be installed in pairs to form air locks, that all main ventilating fans be placed on the surface and operated exhaustively, and that the use of portable blower fans underground be discontinued.

The report noted that the mine air was analyzed monthly for methane but suggested that the foremen carry permissible flame safety lamps to test for gas during the daily shifts. "Nipping" of portable electrical equipment along trolley wires should be discontinued to reduce ignition possibilities, the inspector advised.

While the mine is partly rock-dusted, this precautionary practice should be carried closer to the face regions and intensified in other areas where the incombustible content of the coal dust is less than 65 percent, the inspector stated. The report recommended the removal of refuse from along the clearance side of roadways, prohibiting brakemen jumping off moving cars to run ahead and throw switches, better guarding of electric wires where men pass beneath them, and the removal of dust accumulations on the tipples. The management said that shelter holes will be provided along roadways and entries in new developments.

Betsy Layne War Stamp Drive Nets \$673.30 In 6-Week Period

Betsy Layne, Ky., March 19 (Spl.)—"Enthusiastic response" mildly describes the results of the War Stamp sales drive conducted by the eighth grade of the Betsy Layne school and sponsored by Mrs. Angelyn George, in view of the fact that the youngsters reached a total of \$673.30 in stamp sales for the past six weeks.

The campaign has been conducted in this manner: At the end of each two weeks all those who have purchased as much as, or more than, one ten-cent stamp, may join in a parade to be held over the community, headed by the school band. The pupil who has purchased the most in stamps during the two-week period is awarded the honor of leading the parade and carrying the flag. This, coupled with the encouraging support evidenced by patrons of the school, has definitely contributed to the success of this war effort, on the part of Betsy Layne students.

Stretch your car's life line with expert Studebaker Service

Get frequent inspections and tune-ups... get more miles of essential transportation

THE old methods of servicing cars are no longer completely adequate because rationed mileage has created new operating problems. And so, Studebaker dealers now handle your wartime service requirements according to procedures that have been worked out by factory experts in the great Studebaker engineering laboratories and on the famous 800-acre Studebaker proving ground. Avail yourself of this better, more modern Studebaker service, whatever make of car you drive.

HOW TO AVOID THE EFFECTS OF MILEAGE RATIONING

Don't wait till your car gets in trouble from slower speed and lessened driving. Have your car inspected and lubricated at frequent intervals instead of mileage intervals. Feel free to consult any Studebaker dealer about car operating problems at any time without obligation.

When 30 Seconds... = 7,000,000 Minutes

If everyone who uses the telephone talked just 30 seconds less on each local call, the aggregate saving in time for our war-busy equipment would be about 7,000,000 minutes each average working day or over 13 years.

That's important time-saving these days when telephone lines are so crowded with calls, including military and government calls that help fight the war. Won't you try to shorten your local calls—not just 30 seconds—but all that's possible? It will help a lot, too, if you can manage to make fewer local calls.

SELF-REGULATION OF BEER INDUSTRY WINS U.S. GOV'T. PRAISE
 OFFICIAL REPORT ON ARMY CAMPS BY OFFICE OF WAR INFORMATION

In crediting 3.2 beer in army canteens as a prime cause of army good behavior, the government—through the O. W. I.—heaps high praise on the Brewing Industry Foundation as well. Following a coast-to-coast survey in army camps, the Office of War Information calls this "our best behaved army." In its recent report the comparison is drawn between the temperate army of 1942 and our troops of '18 who had moderate beer denied them—hence were prey to bootleggers and their ilk. Right in our own camps they say: "The army, with an eye on its own disciplinary problem, usually prefers wet communities to dry communities." Because, the report continues, "Bootleggers cannot be regulated. Legal dispensers can be regulated." That's down-to-earth truth.

In this state the brewing industry is united to maintain good conditions where beer is sold. Action is promptly taken, in cooperation with law enforcement officials, where laws are violated. The government report continues: "Various state branches of the Brewing Industry Foundation—the beer manufacturers' enlightened trade organization—have taken the initiative. Through control of distributors, the Foundation has been able to clean up unsavory places. The...system works..." That's a tribute from your government! A mark this industry will work ceaselessly to deserve. In the interest of moderation. A complete copy of the full O. W. I. army camp report will be sent free upon request.

The report of the Office of War Information was an independent objective study carried out without the knowledge of the brewing industry, and publication of excerpts here in no way implies an endorsement of the product.

They Live—If You Remember
 Few things are more precious than the memory of loved ones who have gone. Grace and dignity should be the keynote of the final rites. To neglect this means years of bitter memories and regrets. At our home you are sure of completeness in every detail and at prices well within reasonable limits.

FLOYD COUNTY GOES TO WAR

Stringer May

Sexton Jay W. Preston Capt. Preston Anderson

Cpl. Thomas Clark May, son of Mr. and Mrs. W. H. May, of Langley, is in the 16th Field Artillery Observation Battalion at Ft. Leonard Wood, Mo. Pte. Bill Stringer (at his left) is from Somerset, Ky., but the two are buddies in camp and Cpl. May here introduces Stringer to his Floyd county friends.

In foreign service for the last 11 months with the coast artillery is Pte. Lincoln Sexton, son of Harlan Sexton, of Hueysville. He had been in the army only three months when given the famed "boat ride."

Jay Warren Preston and his brother, Capt. Walter M. Preston, sons of Mr. and Mrs. Mann Preston, of Martin, chose widely divergent branches of the services, but both are doing well. Jay Warren is in the submarine service; enlisted in January, 1942. His brother, who volunteered for army service in June, 1941, was recently promoted to the rank of captain. He is at Fort Sill, Oklahoma.

Sgt. Marion (Coon) Anderson, son of Mr. and Mrs. M. C. Anderson, of McDowell, is a tail-gunner on a B-26 bomber and is in training for a whack at the enemy. He is now stationed at Barksdale Field, Louisiana.

Holbrook

Henry Louis Holbrook volunteered recently for army service and is scheduled for induction at Fort Hayes, Columbus, O. He and Mrs. Holbrook recently visited his parents, Mr. and Mrs. Henry Holbrook, on Middle Creek, near here.

The following newly inducted personnel of the United States army have been sent forward from the reception center at Fort Thomas, Ky., to the stations and addresses indicated:

To 78th Inf. Div., Camp Butler, N.C.—Henry Hamilton, Teaberry; Thomas B. Mays, Estill; Israel Shepherd, Goodloe; Darwin L. Snipes, Bonanza; Thomas Spears, Jr., Banner; Roger D. Steele, German; James E. Stewart, Betsy Layne.

To 78th Infantry Division, Camp Butler, N. C.—Robert L. Rannels, Herbert Preston, George D. Butler, William B. Damron, all of Prestonsburg; Ishmael Greer, Bonanza; Edward L. Clark, Harold; Frank Williams, Myrtle.

To 652nd Tank Destroyer Bn., Camp Bowie, Texas—Wade O. Burcheff, Prestonsburg; Avery Newsom, Grethel.

To 46th Ordnance Evacuation Company, OUTC, Santa Anita California—Darwin W. Music, German. To 202nd Engineer Combat Battalion,

lion, Camp Shelby, Miss.—William Caudill, Martin; Johnny Henson, Orkney; Johnnie C. Janow, Wayland; Stanley T. Logan, Wheelwright; Seaman Samons, Martin.

To 106th Infantry Division, Fort Jackson, S. C.—Broadus D. Spears, Betsy Layne.

To Air Force Command, Quartermaster, Keesler Field, Miss.—George R. Hanger, Wheelwright. To Branch Immaterial, RTC, Camp Joseph T. Robinson, Ark.—Earl Hackworth and Earnest Hackworth, twin sons of Greeley Hackworth, of Bonanza.

Mrs. Huff Is Victim At Martin Hospital, Victim of Cancer

Mrs. Mary Bradley Huff, 67 years old, wife of Allen Huff, of Wayland, died Friday at the Martin General hospital of cancer.

A daughter of the late William and Martha Collins, she was twice married, her first husband preceding her in death. Her husband and the following children survive: Green Bradley, Mrs. Miles Gibson, Mrs. Claude Stone, Mrs. John Varney, Alonzo Bradley, Dale and Glendon Bradley and Mrs. Ishmael Hopkins, all of Wayland and vicinity, and Mrs. Kermit Stone, Raven, Ky.

Funeral rites were conducted from the home near Wayland Sunday, the Revs. Aaron Pack, Earl Howard and Hawk Moore officiating. Burial in the family cemetery was under direction of the Ryan Funeral Home.

4 Injured Near Allen Tuesday as Truck, Car in Wreck

Four men were injured early Tuesday morning when a truck and automobile collided on Route 23 near Allen and three of the injured men remain in the Martin General hospital.

Merle Wilson, Prestonsburg drilling contractor, and driver of the truck, was able to return to his home here after receiving treatment at the hospital for cuts and bruises. John Thornsburg, Ashland salesman, sustained severe cuts and bruises. Hugh White, Prestonsburg, and Marshall Gaynor, Salem, W. Va., both of whom were passengers in the Wilson truck, sustained broken noses and the former also suffered a broken arm.

Thornsburg said Wilson's truck pulled around another car at a slide in the highway, resulting in the crash with his auto.

The majority of farmers in Lawrence county who grew hemp last year will increase their acreage 100 per cent or more this year.

red stamps of any series currently valid may be used for this purpose. During the week of April 4 to 10, for example, storekeepers may give their customers red one-point stamps marked "A" or "B" in change. Customers are reminded in this connection that they may use stamps they receive in change by the end of the month in which they are issued and before they expire—just as they must use these stamps in their own books.

As red stamps are declared valid, they may be used with complete freedom of choice by the housewife to buy one or any combination of the foods for which they must be surrendered. There is no distinction made at all in the use of the red stamps as between meat and cheese or any of the other foods for which these stamps will be spent.

"For example," explained Mr. Thomas, "a housewife who comes into the store with 40 points to spend from ration books of her family may spend all of them for meat or all of them for butter or cheese, or she may, if she wishes, divide up her points and buy butter and cheese, or margarine and meat, or any other combination of food she chooses."

Point values for the entire list of foods rationed in Floyd county will be the same as in every retail store in the country, just as they are for canned goods. Point prices of different cuts of meat will be different, just as the point prices of apricots and peas, for example, are different. However, there will be no difference in point price between different grades of the same cut of meat—nor between different grades of hard cheese, nor the same quantity of any kind of butter.

Many farmers—even those who operate on a very small scale—produce some of the foods included in the new ration program for the use of their families, Mr. Thomas pointed out. Although the new plan places no official restrictions on the use of any of these foods at the farmer's own table, the government is requesting that farm families retain red stamps in their family record books in an amount equal in point value to the foods produced and eaten at home.

A farmer who slaughters a pig he raised for the use of his family, for example, is asked to set aside point stamps equal in point value to the number of points he would have to surrender if he bought the equivalent amount of pork products at the store. Similarly, if he makes butter for the use of his own family he is requested to keep in his book and not otherwise use the number of red stamps to buy the same amount of butter.

When a farmer sells any of these home-produced foods he must collect ration stamps from his customers—even if they are neighbors—on the basis of official point prices, and turn these stamps in to the Office of Price Administration. Farmers will be instructed later on just when and how to turn in these stamps.

Many retailers, doing business on a relatively small scale, find that their allowable inventories of coffee are too small to enable them to maintain adequate stocks to meet their customers' demands.

To care for such cases, it has been decided to grant certain petitions made by retailers for increases over and above their allowable inventories. Petitions may be made on OPA Form No R-315 to the Board with which the retailer is registered. The local boards are directed to act on petitions as set forth below:

A retailer, whose allowable inventory of coffee (computed in accordance with Section 1407.981 (a))

drew the stick to strike him again, he said, he threw the stone.

The 63-year-old widow of Johnson testified Aaron had come to her home at various times in the past and created disturbances, picking quarrels with the grandchild the elderly couple kept with them. She told the court of her husband telling her of the fear he entertained that the boy would kill him and of others telling her of threats the youth had made against his grandfather.

The youthful slayer, a son of Quillen Newsome, of Halo, surrendered shortly after the killing to Constable Silas Johnson, who brought him to jail here. His victim was a son of the late Bill Johnson, and had many relatives and friends in the Left Beaver section. He had been a member of the Regular Baptist Church for years.

Surviving, besides his widow, are 10 sons and daughters: William Johnson, of Right Beaver Creek, Knott county; Mrs. Martha Caudill, Mrs. Mary Huff and Mrs. Azel Caudill, all of Drift; Mrs. Minerva Caudill, Halo; Mrs. Rose Ellen Francis, Lackey; Mrs. Hazel Stone, Charlie Johnson, Mrs. Sarah Thornsburg and Mrs. Elizabeth Newsome, all of Halo. He also leaves one sister and three brothers: Mrs. Nancy Bryant, of Fed; Willard Johnson, of Halo; Stumbo Johnson, Melvin, and Bud Johnson, of Pike county.

Burial was made Monday in the family cemetery at Halo.

or 1407.982) is less than 50 pounds, may apply to the local Board for an increase in his allowable inventory.

Upon the retailer's proving to the satisfaction of the Board that his present allowable inventory is too small to enable him to meet his customers' demands for coffee, the Board shall grant his petition. However, in no event shall the allowable inventory be increased by more than 24 pounds.

A retailer whose allowable inventory of coffee (computed in accordance with Section 1407.981 (a) or 1407.982) is 50 pounds or more but less than 120 pounds may apply to the local board for an increase in his allowable inventory.

Upon the retailer's proving to the satisfaction of the Board that his present allowable inventory is too small to enable him to meet his customers' demands for coffee, the Board shall grant his petition. However, in no event shall the amount of increase be such as to result in an allowable inventory of more than 120 pounds of coffee.

In no instance may more than one request by the same retailer as described be granted by the local Board.

If the Board approves the petition, it shall issue a certificate for coffee in weight value equal to the amount of increase granted, and record the increased allowable inventory and the certificate number on the retailers' OPA Form R-1203.

away after all. The atmosphere was blue for miles around for an hour thereafter.

A MATTER OF NAMES

Bob Francis writes Earl Ruby of The Courier-Journal sports department to point out that, since Hindman won the state basketball tournament, the town might well be called Headman.

He might have also reminded a certain sports announcer that it's not Hendman. Incidentally, the state champions didn't like that "Green Mountain Boys" moniker the sports writers hung onto them. Sounded too much, perhaps, like "green" mountain boys. Anyway, they showed some city slickers how to play the game by note.
