

THURSDAY

MAY TO FILE  
SUIT SEEKING  
APPOINTMENT

Of Election Board  
Member from List  
Submitted by Him

John May, Floyd county Democratic chairman, announced Wednesday that he will file suit in the Franklin circuit court in an attempt to force the state election commission to select a Democratic election commissioner for this county from the list he submitted.

The state board left the incumbent Democratic member of the Floyd election commission, J. D. Fitzpatrick, Prestonsburg, to continue to serve until a successor is named. The Floyd list, as submitted by Chairman May, Charles F. O'Connell, Jr., state appellate clerk and ex officio member of the state board, said contained the name of a postmaster. Federal officeholders, he added, are barred from election commissions and the state board decided to wait for a complete "legal list" to be submitted and to name the Floyd Democratic commissioner at "some" later meeting. R. D. Spurlock was named as the Republican commissioner from this county. Mrs. Annie Stumbo, Floyd Sheriff, is the ex-officio member of the county board.

Graydon Howard, of Pyramid, was said to be the postmaster on May's list. His other four nominees for the election post are J. C. Cooley, Lackey; W. J. Reynolds, Martin; Tom Turner, Minnie, and himself. May branded the failure of the state board to select an election commissioner from this list as "more politics, engineered from the courthouse at Prestonsburg. Jonathan Fitzpatrick as highway foreman is under the Hatch Act, the same as Graydon Howard is as postmaster."

FLOYD BOND  
QUOTA SET

'Ordinary Citizen Must  
Buy More Than Ever,'  
Drive Leader Says

"If Floyd county is to maintain its unbroken record of never having failed to oversubscribe a War Loan quota, the ordinary citizen will have to buy more bonds this month than ever before," W. P. Mayo, Prestonsburg, chairman of the Third War Loan campaign in this county, said this week.

The county's quota is \$893,100. Bond purchases by banking institutions in the previous Bond drive made over-subscribing of the county's quota a comparatively easy matter," Mr. Mayo pointed out. "But this time," he added, "it's up to private citizens to go over the top without help from banks."

The nation's Third War Loan drive begins Thursday, Sept. 9. Quotas of nearby counties are: Johnson, \$622,600; Martin, \$61,700; Pike, \$1,205,800; Knott, \$81,200.

Boy Scouts Here Begin  
Activities as Bearers  
Of OWI Dispatches

The Boy Scouts of America have been appointed by President Roosevelt as official Office of War Information dispatch bearers, and this week Prestonsburg Scouts made their first deliveries of OWI posters pointing residents here the way to help on the home front to win the war.

The posters distributed this week advertise the Third War Loan campaign which begins Sept. 9. Boy Scouts here and elsewhere over the nation will distribute posters twice a month.

Glo Soldier Killed  
In Pacific Fighting,  
War Dept. Announces

The War Department announced last week that Pvt. Jesse Erskine, of Glo, had been killed in the southwest Pacific fighting. He was about 23 years old.

A native of Morgan county, where his parents now reside, young Morris formerly was employed at Glo where he married Miss Lucille Old. His widow and eight-months-old babe survive.

Officers Destroy Still,  
Make Four Arrests

Moonshine whisky got back in the county news this week with one still destroyed and four men arrested as manufacturers or handlers of illegal whisky.

Deputy Sheriff T. S. Salisbury, Constable Henry Keathley and Deputy Constable Homer Parsons found a four-barrel copper still on the head of Little Mud Creek Monday night, later arrested Charlie Hall, Caner Hamilton and Walk Hall as its alleged operators. Last week, Deputy Sheriff Salisbury and Elson Kendrick arrested Jasper Stone on Middle Creek as the possessor of two gallons of moonshine.

A. L. TURNER,  
HEART VICTIM

Prominent Resident  
Of Maytown Found  
Dead at His Home

A. L. Turner, better known as "Nig," died unexpectedly at his home on Turkey Creek, near Maytown, Thursday evening, last week, at the age of 54 years. Mr. Turner, an employe of the Kentucky West Virginia Gas Company for 17 years, retired at 3 p.m. to go to the gas company's Maytown compressor station at midnight. At 9 p.m., his wife went to the room and found her husband dead, obviously from a heart attack.

Dr. J. H. Allen announced that he had been dead two hours. Death was wholly unexpected, since Mr. Turner was apparently a man of excellent health and had seldom been sick. His death came as a shock to every resident of his community.

Mr. Turner was a son of the late Mr. and Mrs. Joel Turner and was born at Minnie on Feb. 25, 1889. On Nov. 27, 1914, he married Miss Polly Hayes. Three sons were born to this union, Wallace, who died in infancy, Roy Turner at home, and Pfc. Roger Turner, of the U. S. armed forces at Ft. Lewis, Wash. The latter took a plane when notified of his father's death and arrived in Maytown Sunday for the funeral services. In addition, the deceased is survived by two brothers, Joe Turner, of McDowell; Kelly Turner, of Pikeville; two sisters, Mrs. Hadler Kinney, of Hueysville, and Mrs. Perry Prater, of Shreveport, La.

Though not a member of any church, Mr. Turner clung to the beliefs of the Baptist Church. His life was exemplary in every respect, and few men held the esteem of all who knew him to the extent that "Nig" Turner did. He had many friends among the children to whom he gave much attention.

Harkins To Head  
State War Fund  
Drive Next Month

J. D. Harkins, Sr., Prestonsburg attorney, has been named Floyd county chairman of the Kentucky War Fund drive next month. It was announced recently by Dr. Frank L. McVey, Lexington, state chairman.

The Kentucky War Fund held district meetings of county chairmen in Lexington Tuesday, for the eastern and central districts, and in Owensboro today (Thursday) for the western district.

Virgil Martin, director, special services division, National War Fund, New York City, addressed the Lexington meeting.

Purpose of the meeting was to give information and inspiration to the county chairmen and their committees who will campaign in the state Oct. 15-30 for the Kentucky quota of \$1,419,300. Eighty of Kentucky's 120 counties have already been organized, the chairman said.

Navigator of 'Fortress'  
Is German Prisoner,  
Relatives Learn

Missing since June when his Flying Fortress was shot down over Occupied Europe, Lieut. Burr P. Hereford, Jr., former resident of Cliff, this county, was reported last week as a war prisoner in a German prison camp, his parents, Mr. and Mrs. B. P. Hereford, Sr., of Milton, Ky., have written relatives here.

Lieut. Hereford was navigator of the bomber which operated from a North African base. The prison camp where he is held is in France, his parents learned.

'Honor Roll' Fund Reaches  
Total This Week of \$316

Miners, coal company officials and other residents of Drift and vicinity contributed a total of \$172.50 this week to the Honor Roll here bearing the names of all Floyd countians in the armed services, and other residents of the county came through with contributions sufficient to pull the fund up from last week's low of \$88 to an encouraging \$316 as of Tuesday afternoon, this week.

Meanwhile, the American Legion and the Prestonsburg Kiwanis Club have authorized E. F. Epling, Prestonsburg sign painter, to proceed with construction of the huge sign-board on which will be painted the names of those in service.

Contributions may be mailed either to any Floyd county Legion Post—Floyd Post, Prestonsburg, Elkhorn Post, Wayland; Wheelwright Post, Wheelwright—or to the Kiwanis Club, Prestonsburg.

Those sponsoring the Honor Roll this week were planning the listing of names of all service men and asked the assistance of parents and other relatives of these men in this respect. Elsewhere in THE TIMES is a coupon which may be filled out and mailed to Floyd Post, American Legion, giving names of each fighting man from your family.

Names of contributors since last Tuesday follow:

May Wants Post-War  
Military-Training Law

Congressman A. J. May, chairman of the House Military Affairs committee, announced Tuesday he will press for immediate enactment of a universal post-war military training law designed to train 1,000,000 men a year for active military service.

It would be similar to the conscription programs in Europe before the war.

In addition to one year of compulsory military training for all youths between 17 and 21, May's bill will propose a one-month refresher course each year for succeeding generations.

"There must be no settling of battleships, airplane carriers or destroyers after this war," May said.

Confirmation of Rumor  
That Tire Inspectors  
'Canned,' Is Lacking

Confirmation of the rumor circulated here to the effect that the number of tire inspectors in Floyd county is being cut and that some of the old inspectors are not in OPA's good graces could not be gained from the War Price and Rationing Board here this week.

The Board did say, however, that E. Howard Bell, associate mileage rationing representative of the OPA district office, recently visited Floyd county, made a survey of the truck and passenger tires and reported several cases of tire abuse. He said many truck and passenger car owners are running and using their tires too long before recapping and are failing to repair the injuries; also that he found a great percentage of automobiles in use with improper wheel alignment.

He also reported many cases of overloaded truck tires. "In view of the serious tire shortage," a ration board official said, "it is necessary that truck and car owners take the best care of their equipment and follow recommendations of our official tire inspectors. Otherwise regulations compel us to stop issuing tires to anyone whose inspection shows tire abuse in any manner, and this must be reported by the"

Two Alleged Deserters  
Taken to Army Post

Taken by Deputy Sheriff A. C. Carter to Ft. Knox last Thursday as alleged army deserters were Burton Jones, of Ligon, and Adam Youngblood, of California. Both were arrested at Ligon by Anthony Moore and Henry Campbell and jailed here.

Mitchell H. Palvdore was arrested at Wheelwright last Thursday by Policeman Earl Blackburn as a deserter-suspect from the Camp Hitchcock naval air station.

HOME AGENT  
BEGINS WORK

Miss Amburgy Arrives  
Here This Week;  
States Plans

Miss Frances Amburgy began work Wednesday morning as Floyd county's first Home Demonstration Agent.

Miss Amburgy's work with the women of the county is a result of the fiscal court's action of several months ago when an appropriation was made for this type of service.

The Floyd county Home Agent is a daughter of Maryland D. Amburgy, a native of Knott county who has been county agent of one Missouri county for the last 25 years. She is a graduate of the University of Missouri and for the last few months has been assistant Home Demonstration Agent in Breathitt county.

On beginning work here, Miss Amburgy asked the co-operation of those interested in 4-H and Homemakers' clubs. The latter groups are to be formed in communities where the women are interested in learning from the practices and experiences of women of other communities and counties. In connection with this work, she will help the women solve their individual homemaking problems and will offer them the training and new ideas gained from all the research and study going on at the University of Kentucky in this field. She also will assist County Agent S. L. Isbell in 4-H club work.

NO SOLUTION  
IS REACHED

In Probe of Entry  
Of Clerk's Office;  
Wells, Spl. Judge

Mystery of the disappearance from the Floyd Circuit Clerk's office, Aug. 22, of three election contest petitions this week appeared to be no nearer a solution than on the morning of Aug. 23 when Circuit Clerk W. W. Cooley announced his office had been entered and the records taken.

But the record in the contest cases was supplied Tuesday by agreement of opposing counsel, a special judge was named to hear the case—and the county political waters remained as muddied as ever.

Z. Wells, Paintsville attorney, was named special judge to hear the contest actions filed by Bill Hall and Willard May, contesting the nomination of Troy B. Sturgill, for Sheriff, Elson Kendrick's petition, filed on Sunday, was not generally regarded as valid, but as late as Wednesday, this week, hope remained with some of his friends that the suit might "stick." Circuit Judge Henry Stephens disqualified for the contest hearing.

Though expressing willingness to sign an agreed order to supply the record in the contest actions, Sturgill's attorneys were unwilling to sign an order describing the original records as stolen. The order, as finally filed, agrees to substitute copies of each contestant's petition in these words: "It appearing that the petition filed or claimed to have been filed in the office of the Circuit Court Clerk herein, has been lost or misplaced, stolen or otherwise disappeared . . ."

Surgical Dressing Work  
Is Temporarily Halted

The Red Cross surgical bandage room here has been temporarily closed, pending arrival of a supply of gauze, Mrs. Lillian Keenan, director of the work, announced this week. Announcement of resumption of work will be made in THE TIMES.

RURAL SCHOOL  
TEACHERS GET  
PAY INCREASE

Additional Services  
Recognized; Base Pay  
Per Month Is \$85.00

Recognition of the trials of a rural school teacher is being made this year by the Floyd County Board of Education in the form of a \$5 per month "allowance" above the base salary for all teachers.

The basal teaching salary, announced last week by Superintendent Town Hall, is \$85 a month—\$10 above that of last year and the highest in the last 10 years. In addition to the base pay figure \$2 a year will be paid for teaching experience up to five years and 25c an hour up to 128 will be allowed for college work.

The \$5 of additional base pay for rural teachers was allowed because of the long distances many of them travel, the fact that they do their own janitor work, teach several, sometimes all eight, grades and in other ways are called upon for greater effort, it was explained.

Of the \$10 increase in base pay, \$4 was gained through the appropriation made from Governor Keen Johnson's emergency fund. The other \$6 will be paid from local taxation without any increase in tax levies, Mr. Hall said.

NO HOLIDAY  
FOR MINERS

Seen for Labor Day  
If the Government  
Asks Them To Work

Reports from Kentucky's coal fields indicate that approximately 60,000 miners will work on Labor Day, next Monday.

Sam Caddy, president of District 30 of the UMW, said the miners in the Big Sandy and Hazard fields were willing to work on Labor Day "to help win the war." He said he was notifying all local unions that they may work on Labor Day "if the government asks them to."

William Turnblazer, president of District 19 of the United Mine Workers of America, said that mines in southeastern Kentucky and East Tennessee will operate on Labor Day for the first time since the miners organized more than 25 years ago.

The district president said that UMW President John L. Lewis had granted special permission for the miners to work on the usual holiday with the understanding that they will receive time and one-half rates and that they will be paid at the same rate for work on the Saturday following Labor Day, the sixth working day of the week.

Operators in the Hazard field said all mines there would be worked on the holiday.

THREE HELD  
DELINQUENT

For Failing To Report  
For Pre-Induction  
Examinations

Three draft registrants of Floyd Selective Service Board No. 44 have been declared delinquent after failing to appear here, as notified, to go to Huntington, W. Va., for final pre-induction examination.

One of the three is Joe Houston, a conscientious objector, who registered as a transient but whose last known address was Wheeling, W. Va. The others are Samuel Buchanan, of Allen and Pikeville, and Leland C. Wright, originally of Auxier but last reported at Aberdeen Proving Grounds, Maryland.

Appeals of four registrants of Board 45 were denied last week by the Board of Appeal and they remain in 1-A classification assigned them by the local board. Their names, addresses and data concerning appeals follow, as supplied by the draft board:

Joe Woody, Garrett; single, mother filed for dependency and appealed.

Commodore Reed, Hueysville; married, no children; no other dependents; appealed because he didn't think it was his time to be called and he had been married for several years.

O. K. BY US

The bombing of Pisa evidently gave our contributor this idea for the punishment of Hitler.

"My idea for Hitler's just punishment would be, if it could be arranged, to chain him by the neck to the Leaning Tower of Pisa. Let the bombers bomb all around while the shades of all those helpless people he has caused to be murdered could be seen by him, hemming him in. I'd let the Tower lean a little toward him, gradually, crack just a little, to make him sweat. Then, just as the weight of the settling Tower against the back of his neck was becoming unbearable, I'd have him hear the false announcement that his armies had won and have somebody race toward her Fuehrer to release him. Then, just as anticipation of more worlds to conquer began making his muscles twitch, I'd have the Tower straighten with a sudden jerk and snap a couple of knots in the varmint's neck!"

QUICK—THE ASPIRIN!

"Printer" Goble is worried. He read the Treasury Department's announcement that there's a shortage of \$10,000 bills and is wondering mightily about what the FLOYD COUNTY TIMES is gonna use on payday.

The big difference between the Law and most candidates is, the Law is trying to learn who got in the Circuit Clerk's office, the other night; the candidates try to learn how to get in.

NO CREDIT DUE

No individual or group should claim credit for the Honor Roll now under construction here—neither American Legion nor the Kiwanis Club nor The Floyd County Times nor any other. This is a public enterprise to honor those who serve, not to glorify anybody or to make money.

BY TO THE Nth DEGREE

Everything about that letter we received this week from Cleveland—except the \$2 enclosed—sounded fishy. The writer asked us to send him \$2 worth of Hon. paper. Velly good? And signed the letter "Simon Degree."

STORY OF A STORY  
THAT WASN'T

Every newspaper bloke has, at one time or another, got all hopped up about a story and then had it to fall flat as a pancake. It doesn't have to be something big, just something you like. But let one thing go wrong and it collapses—and you have that feeling I imagine a woman has when the cake she's baking falls.

This week I thought we had a nice, little feature when told that Pvt. Lewis Wallen, of West Prestonsburg, a paratrooper stationed in Nebraska, had flown as far as Winchester, Ky., in an army transport, en route to spend his furlough here with his wife and mother. Winchester, I was told, was the nearest approach of the plane to West Prestonsburg and it couldn't land there. So—the story went—Wallen did what a paratrooper is expected to do. Jumped. Then caught a bus here.

The thing went flat when Wallen himself informed us he hadn't jumped, had merely stepped from the plane when it landed at Winchester.

But, come to think of it, the fact that a home-town boy had traveled in an army transport by air that far would have been anything but a dud of a yarn, 10 years ago.

## NOTICE

Notice is hereby given that I, by order of the board of trustees of the town of Lackey, Floyd County, Kentucky, will at the door of the town hall of Lackey, Floyd County, Kentucky, between the hours of 9:00 and 11:00 o'clock in the forenoon, on the 6th day of September, 1943, offer for sale to the highest and best bidder and receive bids for the right, privilege, franchise and authority to acquire, maintain, construct and operate in, above, under, across and along the streets, thoroughfares, alleys, bridges and public places (as the same now exist or may hereafter be laid out) of the town of Lackey, Floyd County, Kentucky, lines, poles and equipment for the distribution of electric energy, either by means of overhead or underground conductors, with all the necessary or desirable appurtenances, for the purpose of supplying electric energy to said town and the inhabitants thereof, and persons or corporations beyond the limits thereof, for light, heat, power, and any other purpose or purposes for which electric energy is now or may hereafter be used, and for the transmission of the same within, through or across said town, subject to the following conditions, viz:

(a) Said lines and appurtenances shall be constructed so as to interfere as little as possible with the traveling public in its use of the streets, thoroughfares, alleys, bridges and public places. The location of all poles and conduits shall be made under the supervision of the proper board or committee of the town government.

(b) The right, privilege and franchise shall be in full force and effect for a period of twenty (20) years from the date of the ordinance granting such franchise.

(c) The grantee of such franchise shall save the town harmless from any and all liability arising in any way from negligence in the erection, maintenance or operation of said lines and appurtenances.

(d) Whenever the grantee of this franchise shall begin the erection of any lines or other equipment, it shall promptly and diligently prosecute the work to completion and leave the streets, alleys, bridges and public places where such work is done in as good condition or repair as before such work was commenced.

(e) Wherever in such franchise, either the town of Lackey or the grantee of such franchise is referred to it shall be deemed to include the respective successors, or assigns, or either, and all rights, privileges and obligations contained in such franchise shall be binding upon and inure to the benefit of said town, or said grantee, whether so expressed or not.

(f) The grantee of such franchise may make such rules and regulations covering the furnishing of said electric energy as may be fair and reasonable and consistent with the standard practice of said grantee. Said grantee may charge such rates for electric service as shall be fair and reasonable. The said grantee shall render service under said franchise of like quality that is, adequate, efficient and reasonable, to that now being rendered to said town.

Every person or corporation, other than the present holder of the existing electric franchise in the town of Lackey, that is to say, Kentucky and West Virginia Power Company, Incorporated, shall first deposit with the treasurer of the town of Lackey, cash or certified check drawn on a bank of this Commonwealth, or on a national bank, in the amount of One Hundred Ninety-Two and 65/100 (\$192.65) Dollars, which is five (5 pct.) percentum of the estimated cost of the plant required to render the service, as estimated by the board of trustees from the value certified by the Kentucky State Department of Revenue, which check or cash in the sum of \$192.65 shall be forfeited to the town of Lackey in case the bid should be accepted and such bidder making such deposit shall fail for thirty (30) days after the confirmation of the sale to pay the price bid, and to give a good and sufficient bond in a sum equal to one-fourth of the fair estimated cost of the plant to be erected as aforesaid; and said bond shall be conditioned that it shall be enforceable in case the party giving it should fail within a reasonable time to establish a suitable plant for rendering the service and to begin rendering the service in the manner set forth, according to the terms and conditions thereof.

This provision shall not apply to any person or corporation already owning in said municipality a plant and equipment sufficient to render the service required under the terms and provisions thereof.

The town reserves the right to reject any and all bids.  
This 20 day of August, 1943.

## Federal Inspectors File Reports On Two Floyd County Mines

Improved ventilation control of coal dust, and elimination of ignition hazards were recommended for two Floyd county coal mines in separate federal coal inspection reports transmitted August 21 by Dr. R. E. Sayers, director of the Bureau of Mines, to Secretary of the Interior Harold L. Ickes. The reports, prepared following routine inspections a few months ago, also listed commendable practices of each mine.

The mines are the 775-ton-a-day Liberty Elkhorn mine of the Liberty Elkhorn Mining Company near Maytown, employing 138 men, and the 400 ton-a-day Central Elkhorn No. 5 mine of the Central Elkhorn Coal Company at Lackey, employing 93 men.

Both mines were rated non-gassy by the Kentucky Department of Mines and Minerals and some methane, an explosive gas, was being liberated in each mine, calling for vigilance to prevent an accumulation of gas.

Since the federal inspection of the Liberty Elkhorn Mine, Dr. Sayers has been advised, ventilation has been improved by reversing the air currents and placing haulageways on intake air. Plans also were under way to move the ventilating fan, to be operated exhausting, to a new opening near the active workings, Dr. Sayers said.

Commending the mine for good timbering, first-aid training of workers, printed safety rules, protection on man-trips, and adequate safeguards in the tipples, the federal inspector, Harvey P. Landis, proposed elimination of some ignition hazards by imposing a "no smoking" rule, firing permissible explosives in a permissible manner and replacing

the few remaining open-flame cap lamps with permissible electric cap lamps.

Use of water in allaying coal dust and rock dust to reduce the combustible content of the coal dust was proposed by the inspector, who also advised using permissible flame safety lamps in making tests for gas, providing safer mine-car blocks, creating a safety organization, and discontinuing the practice of "nipping." Other recommendations called for wearing of protective hats and safety-toe shoes by all employees.

Commending the Central Elkhorn No. 5 mine for reducing lost-time accidents while increasing production, the federal inspector, Albion V. Faull, outlined specific changes in the ventilating system to increase air supply at working faces. During 1942, the report said, the mine produced 15,715 tons of coal for each compensable accident, or nearly double the 1941 average of 8,345 tons.

The use of water to allay coal dust at its source, and rock dust to reduce the combustible content of the coal dust, was proposed in the report, which also suggested minimizing ignition hazards by using permissible explosives fired in a permissible manner instead of black blasting powder, prohibiting smoking, and replacing open-flame cap lamps with permissible electric cap lamps.

Other recommendations were concerned with adequate fire protection, sub-standard installation of power and trolley lines, unguarded belts and gears, the universal use of protective hats and safety-toe shoes, and a safety organization of employees and officials.

## TRACHOMA

By DR. MARVIN RANDELL  
Director, Floyd County Health Department

Trachoma, or granulated lids, is an infectious disease of the eyes and occurs at all ages. It is one of the oldest diseases of the eye of which we have any record. The Apostle Paul was probably a sufferer from trachoma.

While trachoma may attack people of any age, country or race some countries and races appear to be predisposed—the Russian Jews, the Irish—and it appears especially frequent in Arabia, Egypt, the low countries of Europe and in our own mountain sections of Kentucky, North Carolina and Virginia.

Trachoma is caused from contagion from eye to another eye, being transmitted through secretions. The danger of contagion depends upon the amount of secretion in any given case. The transfer from one eye to another may take place by the fingers, but usually by towels, handkerchiefs and the like, which are used in common by many persons. Hence the disease spreads most extensively in schools, asylums and barracks, and among people who live crowded closely together, and who are careless in regard to cleanliness. It is found most frequently among the poorer classes. The exact etiology is still unsettled; however, there is much support of the theory that it is a virus disease. The stage of the disease when it is most readily transmissible is also a moot question, but there is little doubt as to its contagious nature as we frequently see entire families suffering from the disease.

Trachoma was a very common condition in Eastern Kentucky a generation ago and the majority of the blind persons and those with impaired vision that are just past middle age that we see today are victims of trachoma and its complications. The federal and state governments have spent thousands of dollars establishing hospitals and clinics for the treatment of trachoma in Eastern Kentucky. For the past decade trachoma appears to have been on the decline, but we still have a sufficient number of chronic and new cases to make the disease one of public health significance.

The early symptoms of trachoma may not be unlike many other acute conditions of the eye. The earliest symptoms are pain, itching, burning sensations, feeling as of sand in the eye and visual disturbances. These symptoms may become chronic and run a course of several years.

A clinic for the diagnosis and treatment of trachoma will be held in the office of the Floyd County Health Department Thursday, Sept. 9, from 9 a.m. to 3 p.m. by Dr. Robert Sory, director of the McDowell Memorial Trachoma Hospital, Richmond, Ky. If you or a member of your family have any acute eye condition, better come in and have Dr. Sory examine you. The service is free.

W. F. Moody, a farmer in Madison county, says he can't afford to sow common rye, because the Balbo variety makes earlier and more grazing.

In Lee county, 93-year-old J. W. Wilson tied W. H. Beatty for second place in Victory gardens; R. B. Gose won first place.

## SHIKE'S POKES

(The views expressed herein are those of the writer and not necessarily those of this newspaper—Editor.)

Well, boys, let's all hurry up with our donations for the Honor Roll for service men. I understand that the plans call for a public drinking fountain to be installed at the front of the "Honor Roll." A public drinking fountain is certainly needed in Prestonsburg and since the fiscal courts of a majority of the counties built or paid for most of the cost of the Honor Rolls—well, just why couldn't the Floyd fiscal court donate \$100 to the cause? Surely Floyd county—one of the richest in the state—could afford it.

We have a report that one of my friends upon returning home late told his wife he had been sitting up with a sick friend. His wife asked, "How many did you set up before he got sick?"

I notice that in the WAC rules and regulations, a WAC is forbidden to eat popcorn in bed. I don't see what that would have to do with war—unless at inspection "a kernel" might be found in her bed.

A fellow the other day claimed that he got exemption from his draft board and him with no children and a pre-Pearl Harbor wife. I asked on what grounds. The fellow claims he took his wife along with him for examination and they exempted him on account of defective eyesight.

Mitch Keens is out looking for a "cow thief." There'll be no peace in the family till he finds that stolen cow—and when and if he does find the cow, he'd better do some de-horning before he takes her home.

Haz—the fellow who founded on hog ears—has a new system now. He just eats so much at the table—then fills his pockets for an afternoon snack.

A fellow asked a farmer what became of the hired hand he got from the city, and the farmer said he crawled under a mule to see why it didn't go up.

On a radio quiz program the other night the question was—"What was the tower of Babel?" And I was sure fooled in the answer. I thought that was where Solomon kept his 500 wives.

We have a report that John Horn was slightly injured when he "balled out" and his parachute failed to open. Seems as though he got scared of his pilot, Deward, and his navigator, Mack. So he joined the bird gang.

Now you talk about an accident going somewhere to happen—you should have seen "Peachy" barefoot wading around in a mudhole looking for a No. 18 stamp.

Just to keep the record straight, let it be remembered that David Precinct No. 54 has the honorable distinction of being the only precinct in the county which went for Kilgore for Governor.

### NEVER AGAIN

A tale going the rounds here is that of Elson Kendrick's little daughter trying to console him over his defeat in the Sheriff's race. Said she: "That's all right, Daddy, we'll run again next time."

Said Kendrick: "I'll be damned if Daddy does!"

### CONTESTING

Since I have no fish to fry, no axes to grind and no interest except as an interested bystander in the election contest now about to get started, I feel called upon to take the floor and say my piece, and thereafter hold my peace until events have taken place.

To my way of seeing it, not one of the candidates for Sheriff had any just grounds for contest action, regardless of who won. The three lowest candidates, one of which I voted for, didn't receive enough votes to justify the idea that they may have been "robbed." And of the top three candidates all seem to have been in the same category, except that Troy B. Sturgill had more voting friends than either Bill Hall or Willard May.

Therefore, I don't see how Hall and May could justify their action, even to their recent supporters, as regards the contesting of the election. Moreover, I cannot see any good to be gained by themselves or the Democratic party in their doings. And the only way it can be explained is that there is something shady brewing under cover, which is needed for its success.

It's a bad time for Democrats, or Republicans, to be spending valuable time, money and effort in squabbling among themselves. They ought to be in a coal mine or some other necessary war work helping those boys on the battlefields to hurry and get the job done so they can come home!

## Early Mailing of Gifts Overseas Necessary, Postoffice Dept. Says

The Christmas shopping season is here—even though the weather is still warm. Mailing of gifts for army and navy personnel overseas must begin by September 15, if many of the men and women in our armed services are not to be disappointed—and September 15 is less than a fortnight away, the Postoffice Department reminds relatives and friends of those in service.

Christmas gifts may be mailed by parcel post to army men and women overseas only between September 15 and October 15. After October 15, such parcels may not be mailed unless a written request from the soldier for the article is presented with each parcel. No soldier should have to ask for a Christmas gift, so gifts must be mailed on time. The navy also urges that gifts be mailed between September 15 and October 15.

Reasons for the early mailing dates are: The vast distances that the parcels must travel to reach our men at the war fronts and stations the world over, frequent transfers of thousands of men from one location to another, which means forwarding of the mail and consuming of additional time; the necessity for giving preference to reinforcements, arms, munitions, medicine and food in allotment of shipping space, which often means that shipments of gifts must wait. And it is most urgent that gifts be delivered to the men IN TIME FOR CHRISTMAS, to keep their spirit high.

The only way to insure against disappointment for the fighting men is to buy at once and mail early—mail your gifts as soon as possible after the September 15 starting date.

Those who have relatives or friends in the service should remember that we have fighting men in Alaska, Greenland, Iceland, England, Sicily, far separated regions of Africa, the Near-East countries, Australia, many of the South Pacific islands, India, China, South America, and other areas.

Weeks are required for a ship to reach many of these stations. There can be no assurance, of course, that the first ship sailing for any of these stations will have space available

to carry Christmas parcels. Gifts may have to wait until vitally needed supplies and equipment have been shipped, to assure victory and to save the lives of our men. If the parcels are not mailed early, that delay may prove to be just enough to prevent their arrival by Christmas day, with consequent disappointment to the men who are suffering their lives for their country and ours.

Mail of all kinds is vital to the spirit of fighting men. Every officer who has inspected our army and navy postal facilities overseas has reported that thousands of fighting men disregard mess call when it conflicts with mail call, and get their letters first. Officers at our large military and naval stations report that the spirit and efficiency of their men receive a distinct lift when mail is distributed, and that a delay in mail service caused a decided decline in spirit with a consequent letdown in efficiency.

A disconsolate soldier or sailor who thinks he has been forgotten at Christmas obviously is not at his best. So the gifts must be mailed on time so that they can arrive on time.

Rules for Christmas mailings to the fighting forces overseas were made public in June for the guidance of early shoppers. They include:

The parcel must not exceed five pounds, and must not be more than 15 inches in length or 36 inches in length and girth combined. It should be marked "Christmas Parcel" so that it may be given special attention to assure its arrival before December 15.

Not more than one parcel may be mailed in any one week to the same member of the armed forces by or in behalf of the same mailer.

The parcel must be well and strongly packed, in a container of metal, wood, strong fiber board, or similar material, then wrapped in strong paper and tied with twine. The cover should be such that it can be opened readily for censorship. The contents should be packed tightly.

Perishable goods, such as fruits that may spoil, are prohibited. Inflammable materials such as matches or lighter fluids, poisons, and anything that may damage other mail also are prohibited. Gifts enclosed in glass should be substantially packed to avoid breakage. Sharp instruments, such as razors and knives, must have their edges and points protected so that they cannot cut through the coverings and injure postal personnel or damage other packages.

Since the armed forces are being plentifully supplied with food and clothing, the army and navy recommends against these gifts.

Addresses must be written clearly and completely. In addition to the return address of the sender, a parcel for an army man should show the name, rank, army serial number, branch of service, organization, army postoffice number, and name of postoffice through which the parcel is routed.

The address on a parcel for a navy man should include the name and rank or rating of the addressee, the naval unit to which he is assigned and the navy number assigned thereto, or the name of his ship, and the fleet postoffice through which the parcel is routed.

## A GOOD WORD

By the REV. W. B. GARRIOTT  
Pastor, Prestonsburg Methodist Church

(Continued)

We have been talking about the dance. Now let us stop and ask a question about it. Why do people dance? Some one says, "Well, I can tell you—it is the rhythm that is in the person and when music is played they just naturally respond to the music." Well, if that is true, then why do they have to get some one to help them out with the performance? And especially if it is a man that is dancing why does he have to dance with a lady, or if it is a lady why does she want to dance with a man? There is but one answer and you know what that is—it is a hugging game and you know it and why should any man be allowed privileges when music is being played that he would not be allowed when the music was not being played?

If a man and woman should go down the street scantily attired as they are in the dance halls or parlors and in the embrace of each other on the street, they would be the laughing stock of the community. In the ballroom liberties are taken that you dare not take elsewhere and under any other circumstances or conditions. If you did they would be sufficient grounds for divorce.

Some time ago, a social worker talked to 200 fallen women and here is what they said: One hundred sixty-three of them fell as a result of the dance, 20 of them from drinking, 10 of them from wilful choice, seven of them attributed to poverty. I imagine I can hear some one else say, "How many have danced who did not fall?" And then I ask you again, how many more have fallen that have never been reported? No, I do not believe that all of the people who dance do so from bad motives—many people are thoughtless, even in their amusements. I do not believe that all who dance will be bad—no, certainly not. But every man and woman carries in his or her breast passions the same as bad men and bad women carry and thus your breast becomes a tinder-box and you ought to be careful where you go and what you do, lest you ignite it and an explosion be caused that will wreck your purity and manhood or womanhood. When that is gone, there is no way to redeem what was once yours.

You ask most any informed person where the best dances are found and they will tell you that they are down around the brothels. Many of them were taught to dance in dancing schools and some mother's pride who was thought to be graceful has become dis-graceful. I know that old argument that has been used so long—"My boy and my girl are not that kind and I have no fears for them." Yes, and that is the way some of the mothers of these others have argued.

Too many of us defend a thing, not because we think it is right, but because we want to do those things and if there were general disapproval we would not want to participate. You know that few men ever dance with their wives, for it is not their wives they want to dance with; it is the other fellow's wife. You make the men dance with the men and the women with the women and the dance is dead for all time and you know it. As I have said before, in dances liberties are taken that would not be permitted anywhere else on earth. They bring vice and virtue into such close contact that virtue is almost powerless. Dancing is of ill-repute. No-body dying sends for a dancing master. We will send for the preacher or the priest or some good Christian person, but we don't send for the dancing master when we die.

A young lady gave me the following reasons why she did not dance and I have never heard any better: "Dancing would lead me into crooked ballrooms and late hours which are injurious to health and usefulness. Dancing would lead me into close contact with pernicious company that would corrupt good morals and manners. Dancing would require me to permit the freedom of the other sex which I should be ashamed of and which I believe is wrong. Ministers are good people in general and opposed to dancing, and I do not think it is safe to set myself up in opposition to them. If there is any doubt, I want to be on the safe side. Dancing has a bad name, and I mean to study the things that are lovely, pure and of good report. Dancing is usually accompanied by drinking and drinking produces a great deal of evil. I am told that dancing is a great temptation to young men, and I don't want to do anything to lead them astray. Dancing would unfit the mind for serious reflection and prayer and I will do nothing that will estrange me from my God and Saviour Jesus Christ."

### THE WEEK IN WPB

**Ships and Steel Textile Changes More Underwear Baby Rides Again Ethyl Alcohol Burlap Bags Farm Engines More Containers**

Ships and steel shared the spotlight in the activities of the War Production Board last week.

(1) WPB announced operations had begun the first new complete steel plant to be built in the United States since Pearl Harbor.

(2) Donald M. Nelson, chairman of the War Production Board, revealed initial results of the first attempt in history at international cooperation in building ships for war.

The new steel plant, built at Fontana, Calif., is now turning out steel ship plates for merchantmen. It went into operation a month and a half ahead of schedule and it is expected to turn out enough hull steel for 100 Liberty ships a year.

The co-ordination in shipbuilding, Mr. Nelson said, was achieved through international co-operation in simplifying and standardizing designs so that parts could be interchangeable.

**THE HOME FRONT**  
On the home front, in the textile field, two steps were taken with a view to obtaining more equitable distribution of raw materials in that field. In one action WPB issued an order designed to put manufacturers in the woven cotton textile field on an equal priority basis in getting raw materials. In the other, basic control over distribution of all textiles, clothing, leather and related products was broadened.

Trim and frills on knit underwear—including sweaters and bathing suits—were banned and their styles and colors were restricted. On the other hand an industry advisory committee report indicated that production of knit underwear, particularly of infants' types, had been stepped up sharply of late through the WPB yarn allocation plan.

WPB also took action to step up production of baby carriages, strollers, walkers and sulkies. Old quotas for baby carriages, 290,000. New increases, 60,000. Old quotas for strollers, walkers, sulkies, 265,000. New increases, 80,000. The jump will be made without new allocation of material.

#### TIRE CORD

In the industrial field, basic changes were made in the plan for distributing through warehouses steel products designed for merchant trade in an effort to insure equitable distribution. Steps were taken to speed up production of cotton tire cord next year to meet increased requirements. Distribution of ethyl alcohol was placed under allocation. More than 2,000 vehicles were released under the truck program, most of them medium trucks.

#### THE FARM FRONT

On the farm front, larger quantities of burlap bags will be made available to farmers of five western states—California, Idaho, Montana, Oregon and Washington, because of an unusually large crop of small grains and seeds. Into the hands of the War Production Administration last week was placed authority to issue preference ratings to farmers seeking to purchase small internal combustion engines for essential agricultural needs.

#### MORE CONTAINERS

In the containers field, steps were taken to assure box manufacturers of a normal supply of box veneer and manufacturers in several fields were asked to co-operate in relieving a critical situation in the supply of corrugated and solid fiber containers and wrappings.

#### Plans for Enlisting 17-Year-Old Fliers Told This Week

Plans for enlisting 17-year old men in naval aviation were announced this week by Commander W. H. Gardner, officer-in-charge of the St. Louis Naval Aviation Cadet Selection Board, ninth floor, new Federal Building.

Seniors in an accredited high school, who have a reasonable expectation of graduation not later than Feb. 15, 1944, as well as high school graduates and college students who have reached their 17th birthday but who are not yet 18, will be eligible under the plan.

Commander Gardner pointed out that quotas under the new plan are limited and plans are being completed for procuring 17-year-olds on an equitable basis from throughout the Board's five-state territory.

Seventeen-year-old applicants will be subject to the same physical and mental qualifications for naval flight training as those in effect under the former plan which closed June 30, 1943. Students who apply under the new program must be recommended by the head of the school or college attended and three members of its faculty. High school students who apply must rank in the upper one half of their class, and college students in the upper two-thirds.

The channels through which applicants will be accepted by the Naval Aviation Cadet Selection Board under the new program, will in all cases be the high school superintendent, principal, or other high school or college authority. They will not be permitted to apply directly to the board.

The 17-year-old men who are enlisted under the new procurement program, will be selected as apprentice seamen, V-5. Such men must then complete their high school training and await their 18th birthday before they are transferred to "Aviation Cadet V-5."

Those applicants who are recommended by their high school or college will be furnished transportation by the navy to St. Louis, and of those found physically and mentally qualified, a sufficient number will be enlisted in the naval aviation program to fill quotas assigned. Upon successful completion of training, these applicants will be commissioned as ensigns in the Naval Reserve, or as second lieutenants in the Marine Corps Reserve.

## The Root of the Election Evil

IN another column on this page is reprinted from The Courier-Journal J. Howard Henderson's "Suggestions for Election Honesty."

Mr. Henderson, on the whole, views the machinations of politicians realistically and writes with a view to eliminating election outrages. His suggestions are quite pertinent.

But it occurs to THE TIMES that, in discussing ways and means of doing away with fraud in elections, Mr. Henderson has missed an important suggestion.

That is the elimination of the fee system which is fraudulent in itself and which is directly responsible for men gambling huge sums of money on their chances of being elected to office.

If a straight salary of \$5,000 a year were paid holders of these offices, with no more added than an expense account based on actual and necessary expenditures, slush funds would take a nose-dive. Money, the root of election evil, would not be so plentiful.

Floyd county recently had an election in which several men were candidates for the office of Sheriff for a two-year term. It has been estimated by those who know their way around in the local political scene that three of these candidates spent not less than \$20,000 in the primary, with the winner in that election yet to face an opponent in November. If the present fee system holds officials to the Constitutional limit of \$5,000 a year, how could these three gamble an average of better than \$6,000 for an office that would legally pay the winner for the entire term only \$10,000?

THE TIMES suggests that Mr. Henderson use his splendid talents and wide circulation through The Courier-Journal in a discussion of this phase of politics as played in Old Kentucky.

## Points By Other Editors

### SUGGESTIONS FOR ELECTION HONESTY

By J. HOWARD HENDERSON  
(In The Courier-Journal)

DID you support somebody in the primaries last week who lost, but who you think would have won if the election had been honest? If you supported someone who won by benefit of fraud, are you sure you want it that way next time, when you may be on the losing side?

Wouldn't it meet your standards of democracy and good government if you and everybody felt that the state always does all it can to hold fraud in elections to the minimum? Are you satisfied that this year and last year, and the year before, that end has been reached in Kentucky?

Are you content that Harlan county shall do again what it did last year? It behaved itself this year. Was Logan's or Harlan's count honest eight years ago?

I know one candidate who feels outraged at the outcome in Logan of his race this year. On past performance he is justified in being suspicious of the lopsided returns from Logan this year. Everything there may have been on the up and up, but the total vote seems all out of line with the adult Democratic population there.

Kentucky's legal machinery to winnow out the fraudulent voter is like a sieve. The purgation law does not purge, but leaves 200,000 dead or gone voters' names on the registration books, a veritable corruptionist's lode to be mined.

It is such a simple thing to cure. Make purgation compulsory instead of optional. With that single weapon the citizens who want purgation could get action from their officials.

Is there some rather simple method to keep the repeater and the impersonator from voting the ballots of the dead and the absent? I believe there is: A legal requirement that those who can write should sign the registration before they are given a ballot.

There is another simple safeguard that would put restrictions on the political boss who habitually fosters corrupt voting: A strict limitation on the size of precincts. In a great majority of counties public opinion and watching forces the crooked politician, to confine his illegal practices to a very few precincts. As long as we can have 600 voters in each of those precincts, he has more to play with than if they were of moderate size. The law now says precinct sizes shall be limited, but the requirement is not mandatory.

Illegal voting and crooked counting stems from two things, the partisanship of factional followers and the corrupting influence of money. The first cannot be curtailed by law, but the latter may be kept in bounds by statute.

Our Corrupt Practices Act is antiquated, being little improved since primaries replaced the old convention method. Written with the general election in mind, the politicians have been content to leave the laws unimproved as to primaries.

Control over campaign funds should prohibit the solicitation and receiving of illegal contributions, as well as the giving of them. Emphasis should be on the source of funds, rather than their size. In turn, emphasis should be on the purpose of campaign expenditures rather than their size.

Expenditures that go to take information to the electorate increase in value as they increase in size, within the bounds of decency. Being public in its essence, the public is liable to react if outrageous expenditure is poured into publicity.

But the hidden spending, the slush funds, the vote-buying money, the purchase of influence need the closest of limitation and supervision by law.

It would not be hard for the General Assembly to incorporate those ideas into the law next January. The people who want these improvements should say so to the candidates who will be seeking votes for the November election.

## GLOGORA MINE RANKS SECOND

### In Matter of Safety, July Records Show; South-East, First

The Glogora Coal Company at Glo, this county, ranked second in July's safety records of the Big Sandy-Elkhorn field with a production of 22,775 tons of coal without an injury, but the South-East Coal Company at Millstone was the leader with no injuries while producing 26,686 tons.

Ten mines in the field had a no-accident record while producing a total of 130,667 tons.

For the field as a whole, that is, the 35 mines affiliated with the Institute, 127 injuries were reported, two of them fatal. During the month, a total of 1,166,511 tons of coal were produced by the combined operations.

The complete report: South East Coal Co. (Millstone), 26,686 tons of coal no injuries; Glogora Coal Co., 22,775 tons of coal, no injuries; Sampson Elkhorn Coal Co., 17,131 tons of coal, no injuries; Liberty Elkhorn Coal Co., 14,100 tons, no injuries; Sandy Valley Coal Co., 12,722 tons, no injury; Guaranty Elkhorn Coal Co., 12,488 tons, no injury; Central Elkhorn Coal Co. No. 5, 11,397 tons, no injury; Elk Horn Coal Corporation No. 2, 6,042 tons, no injury; Harold Fuel Corporation, 3,912 tons, no injury; Elk Horn Coal Corporation, No. 1, 3,421 tons, no injury; Inland Steel Corporation, 161,648 tons, 5 injuries; South-East Coal Co., 46,647 tons, 1 injury; Elkhorn Coal Company (Kona), 29,467 tons, 1 injury; Stephens Elkhorn Fuel Corporation, 22,238 tons, 1 injury; Princess Elkhorn Coal Co., 52,396 tons, 2 injuries; Kathryn-Elkhorn Coal Co., 20,725 tons, 1 injury; Koppers Coal Co., 39,617 tons, 4 injuries; Beaver Coal & Mining Co., 10,429 tons, 1 injury; Clear Branch Mining Co., 30,081 tons, 4 injuries; Utilities Elkhorn Coal Co. ## Deputy Tax Collector To Aid Taxpayers Of This County

Collector of Internal Revenue S. R. Glenn announces that a deputy from his office will visit Prestonsburg Aug. 30 through September 4; Wheelwright, September 8 and 9; Weeksburg, September 10 and 11; Wayland, September 13; Garrett, September 14, and Martin, September 15, for the purpose of assisting individual taxpayers in preparing their declaration returns. Special attention was called by Mr. Glenn to the group of taxpayers who will be required to file their declaration returns by September 15.

The collector explained that the many tax law changes made cannot be detailed in a short notice, but that his deputy is familiar with the law and is being sent to this county to be of service to the taxpaying public. The service is absolutely free, and Mr. Glenn urges the taxpayers to see him and let him help with their income tax problems.

A declaration must be made, on or before Sept. 15, by every citizen or resident of the United States if he comes within any of the following groups:

1. Single or married but not living with spouse at the date prescribed for the making of the declaration (whether or not head of family), if he had for 1942, or reasonably expects to have for 1943:

(a) gross income of more than \$2,700 from wages subject to withholding; or

(b) gross income of \$500 or more from all sources if more than \$100 of such income is from sources other than wages subject to withholding.

2. Married and living with spouse at the date prescribed for the mak-

ing of the declaration, if he had for 1942 or reasonably expects to have for 1943:

(a) gross income from wages subject to withholding which, when added to his spouse's gross income from such wages, exceeds \$3,500; or

(b) gross income from sources other than wages subject to withholding which, when added to his spouse's gross income from such sources, exceeds \$100, and also his gross income from all sources exceeds \$624 for 1943 or the aggregate gross income from all sources or both spouses amounts to \$1,200 or more for 1942 or 1943.

3. Individuals, regardless of marital status, who were required to file an income tax return for 1942 and whose wages subject to withholding for 1943 are reasonably expected to be less than such wages for 1942.

The foregoing rules apply also to Canada and Mexico whose wages are subject to withholding. Other non-resident aliens are not required to file declarations.

Farmers are not prohibited from filing declaration returns by September 15, but are given until Dec. 15 to file declaration returns if 80 per cent or more of their gross income is from farming activities.

Approximately 250 acres of beans were planted on river bottom land in Ballard county for canning and shipping.

James Holt, of Ballard county, harvested 72 bushels of Thorne wheat from slightly more than two acres, while other varieties yielded only half as much.

## LETTERS TO THE EDITOR

SAYS, "COME ON IN"

Editor, The Times:

I have just finished reading the latest issue of THE TIMES and enjoyed it very much. It sure is good to know what the people are doing back home and especially where the boys are stationed in the army and navy. Keep up the work and let's have more about the boys in the armed services.

Why not tell the boys back in old Kentucky about the paratroops - the best outfit under the sun and above the rising sun? I am an instructor here in the parachute camouflage school and would like very much to have some of the fellows from home down here. I'm sure they would like the outfit - plenty of thrills and extra money. Who could ask for anything more?

So far, I have made seven day jumps and two night jumps, each ranging from twelve hundred feet down to six hundred feet.

### All-Day 'Retreat' Held In Methodist Church

The Spiritual Life Committee of the Prestonsburg Methodist Church recently sponsored an all-day "Retreat." The entire program was under direction of Mrs. John Thomas, district chairman of the Spiritual Life Committee of Methodist women, Ashland district. Mrs. Thomas gave splendid suggestions and spiritual aid at intervals throughout the

retreat. Miss Pugsley, of the Highland Mission of Kentucky Society, gave an interesting Bible study. The women of the Paintsville Methodist church conducted impressive devotional services, followed by an inspirational Bible study presented by Mrs. Mary E. Michael, of Pikeville. Mrs. T. B. Ashley, of Pikeville, district secretary of women's work in the Ashland district, attended the retreat. The program closed with an impressive consecration service around the altar while the quartet of the Prestonsburg church sang "The Beautiful Garden of Prayer" and "Have Thine Own Way." The following out-of-town people were guests for the day: Mrs. John Thomas and Mrs. H. L. Clay, of Ashland; Mrs. E. E. Archer, Mrs. John Wheeler, Mrs. Frank J. ## From where I sit...

by Joe Marsh

Charlie Jenkins writes me from down at camp:

"Dear Joe: Somethin' mighty swell happened to me on my last day's leave. I'm standin' on the corner, not knowin' anybody in town, when a stranger says 'hello, soldier—how'd you like a chicken dinner at home with me and the wife?'"

"Well, it turns out they were the kind of folks who couldn't do enough to help out soldiers. They'd invited two other fellows and just as soon as we're introduced the lady brings us a glass of beer before dinner.

"We had a fine dinner, talked till ten... Honest, Joe, I'll never forget their hospitality. Make me feel good fighting for people like that."

Thought you might like to hear what kind o' fellows we got in this army of ours, and how they like to enjoy themselves when they get a chance to.

## "Those doggoned kids!"

Give 'em a screw-driver and a pair of pliers and they'll make anything run!"

The colonel's "kids" had come upon a broken-down French tank in North Africa. They were told it would never run again.

That was a dare to boys who loved machinery. They worked on the old tank until it grunted and lurched across the field!

The story of "those doggoned kids" is true—and so is its American moral.

The boys sweated those extra hours, not at bayonet point, but freely. They saw a job to do and they pitched in! That's the spirit that made America grow!

And that same spirit built

What You Buy With
WAR BONDS
Powder Monkey

On board ship and in the artillery
their buddies call them "powder
monkeys." Not disrespectful, just a
personal, intimate term between
friends. Civilians call them gun
crews. During a battle the crews of
"powder monkeys" must work like
trojans bringing the ammunition to
the guns.

The gun may fire an anti aircraft
.50 calibre shell or a broadside from
the 16 inch guns of a great battle-
ship, but in either event the "pow-
der monkey" must pass millions of
dollars' worth of ammunition to
make the gun effective, and your
savings in War Bonds are necessary
to supply the financial ammunition
that provides the shells.

ter, Joy, of Knox, Ind., are visiting
Mrs. Terry's mother, Mrs. Dollie
Rice.

A surprise birthday party was
given in honor of Mrs. Maude Dan-
iels at her home Aug. 20. It was
sponsored by Mrs. Dollie Terry, Mrs.
Hazel and Mollie Rice and Mrs.
Henry Layne.

Without fear of political repercu-
sions pertaining to good roads, I'd
forgotten the Governor election. But
I was reminded of same by the black
top on the highway. Correct, Shike-
poke?

to selling their full allotment of
tobacco, sold several truckloads of
plants to North Carolina and Ten-
nessee counties where blue mold
had caused heavy losses.

Kit bags for the navy were filled
by the East Lawrenceburg Homemak-
ers' Club in Anderson county; they
also replenished the school's first-
aid kit.

WAYLAND
HOT SHOTS

By R. H.

I have heard of pump-priming
and priming the cow to make her
give more milk, but I have never
heard of priming a coal mine. They
say that Noah Hopper has hauled
a load of coal to prime his truck
mine.

I visited Hindman over the week-
end and to my surprise they say
that Bill Smith has joined the
church. And John Sturgill, the way
he acted, I thought he was a candi-
date for Governor or something. He
was on the courthouse steps shaking
hands with every one he saw. But
Jonah Hicks had the biggest crowd
following him.

One big fight over the week end
in Wayland was all the excitement
we had. I will not call the names,
but it was a fist fight from start to
finish. Result: four black eyes.

The Fountain girls seem to be
getting along fine, except that there
are no boys to ask them for dates.

FLOYD COUNTY GOES TO WAR

Where Floyd Countians in Armed Forces Are, What They're Doing

Pvt. Frank Heinze, Prestonsburg, has reported to the College of the City of New York for special instruction under the army specialized training program. It was announced by Col. Raymond P. Cook, commandant of the army unit at the College.

More than 1,000 soldiers have been assigned to the College for special training in such fields as engineering, foreign languages and areas, and the "basic phase." They will remain at the College for periods ranging from nine months to a year, and on completion of the courses will be assigned to troop duty as technicians or to officer candidate schools.

Pvt. Heinze, a son of Mrs. F. L. Heinze, was graduated from Prestonsburg high school in 1940 and attended Berea College for two years.

A veteran of both the Tunisian and Sicilian invasions, Pvt. Bennie Blackburn, son of Mr. and Mrs. Frank Blackburn, of near Prestonsburg, turned out not to be a bad prophet when he wrote his mother from Sicily: "I think before you get this letter that Sicily will be finished, and it looks to me like when Sicily is finished Italy is also." Mrs. Blackburn received the letter Aug. 20. And Italy, if not out of the war, is wishing she could get out.

Mr. and Mrs. L. C. Hubbard, of Auxier, aren't doing bad by their country during the war—not at all. Four of their sons and one daughter are in the service. They are: Sgt. Clifford Hubbard, with the railway operating battalion in North Africa; A. C. Chas. W., at Boca Raton, Fla.; Sgt. Jack, with the air force at Appalachicola, Fla.; Apprentice Seaman Frank Eugene, at Great Lakes, Ill., and Pfc. Dorothy A. Hubbard, with the WAC at Turner Field, Albany, Georgia.

LEAVES FOR MOREHEAD

Mrs. Mary Nesbit Spear, Portland, Oregon, who has been visiting her cousins, Mrs. Wm. Dingus and Mrs. Lida Cottrell, left Sunday to visit her brother, James Nesbit, at Morehead. Mrs. Spear has not been in Kentucky in more than 40 years and many interesting changes have taken place in this community during that time.

RETURN FROM CAMP

Dr. and Mrs. John G. Archer motored to Gatlinburg, Tenn., to visit Camp Chervasse where their daughter Betty has spent two weeks. Betty returned home with her parents Monday.

AT NORRIS DAM

E. R. Burke is spending his vacation fishing at Norris Dam, Tenn. Friends from Charleston joined him Wednesday.

BRIDGE FOR MRS. RIBBLE

Mrs. J. F. Ribble was guest of honor at bridge Friday at the home of Mrs. A. L. Davidson. Mrs. J. W. Howard and Mrs. E. R. Burke were other guests who enjoyed the luncheon served by Mrs. Davidson. Mrs. Ribble was presented a guest prize.

RETURN FROM LOUISVILLE

Mrs. W. H. Jones, Miss Frances Jones and Mrs. Elizabeth Goble have returned from a visit to Mr. and Mrs. Jack Jones in Louisville.

RETURNS TO LEXINGTON

Mrs. Paul C. Combs and Phillip Gordon, son of Dr. and Mrs. Fletcher Combs, have returned to their home in Lexington after a visit with Mr. and Mrs. B. F. Combs.

JOINS HUSBAND AT DUKE

Mrs. Henry Davidson Fitzpatrick, Jr., left Sunday to join her husband, Lieut. Fitzpatrick, who is an army student at Duke University Finance School, Durham, N.C. VISITORS FROM DANVILLE Mrs. Marguerite F. Harkins and son, Donald Davidson, of Danville, arrived last week for a few days' visit here.

RETURN FROM LEXINGTON

Mrs. Joe A. Spradlin and little daughter, Lyda Margaret, have returned from a visit in Lexington with her mother, Mrs. John Findlayson, and family.

GO TO BETSY LAYNE

Dr. and Mrs. W. J. Fitzpatrick, Miami, Fla., who are guests at "Garfield Place," are spending a few days with their nieces, Mrs. Katherine Blackburn and Pearl Layne at Betsy Layne.

GUESTS HERE

Mr. and Mrs. Blaine Smith were here over the week-end, visiting her mother, Mrs. Anna Stephens.

GUESTS OF HILLS

Radioman 3/c M. V. Saunders, a veteran of 10 sea engagements with the enemy in the Pacific, is spending his leave with his mother, Mrs. Bert Hall, of Banner.

Promotion of S/Sgt. Savage W. Cooley from the rank of sergeant has been announced at Laughlin army field, near Del Rio, Texas, where he is on duty as a crew chief and aerial engineer. At the field student officers receive specialized training in piloting the Martin B-26 Marauder, world's fastest medium bomber and one of the deadliest to the Axis. S/Sgt. Cooley is the son of Mr. and Mrs. Harry Cooley, of Northern.

The following newly inducted personnel of the United States army have been sent forward from the reception center at Fort Thomas, Ky., to the stations and addresses indicated:

To 158th Service Unit, Ft. Benjamin Harrison, Ind.—Dan Halbert, Martin; Joe F. Irick, Osborn; Ira Mullins, Fed; Edward J. Newsome, McDowell; Worlie Newsome, Fed; James Staggs, Wayland.

To 171st Engineer Army Ground Forces, Camp Carson, Colo.—Gordon F. Little, Wheelwright.

To 70th Infantry Division, Camp Adair, Oregon—Leroy Akers, Ligon; James V. Allen, Wayland; Bernie Bradley, Hueysville; John Campbell, Lackey; Virgil Miller, Prestonsburg; Arthur H. Moore, Garrett.

Betsy Layne Scouts In Court of Honor

Betsy Layne, Ky., Aug. 24 (Spl.)—This place is probably the smallest community to hold a Boy Scout Court of Honor in this section, but when Betsy Layne's Scout troop did have "its day in court" Aug. 17 the attendance of 100 was said to have been the largest to witness a similar function in Eastern Kentucky.

The tenderfoot investiture ceremony was conducted by the Rev. Walter Binney, with the following boys being invested: Jack Scott, Joe Finley Crum, Sonny Boy Miller, Roy Layne, Richard Gilliam, Buster Parsons.

The second class Scout presentation was made by E. P. Davis, troop committeeman, to Junior Fannin, Richard Davis, Donald Caldwell, D. W. Howard, chairman of the Troop committee, made the first class Scout award to James Clark.

Merit badges were awarded to Roy C. Davis, James Clark, Donald Caldwell and McKinley Hunter by Walter Roberts, Troop committeeman. Chas. A. Blaine, Scout field executive, spoke on "How the Community Can Assist the Scout." Boy Scout demonstrations and talks by Troop and committee members were features of the program.

The Betsy Layne Scouts are building a cabin near Betsy Layne on land donated by Mr. and Mrs. W. W. Roberts, of Tram. The Troop is sponsored by the Bible Class of the Methodist Church here.

CARD OF THANKS

We are deeply grateful to the many friends who, by word and deed, sought to lighten our burden of sorrow upon the sudden passing of our beloved husband and father, A. L. Turner. We especially thank the ministers for their comforting words and the Ryan Funeral Home for its efficient services. Mrs. A. L. Turner and Sons

J. M. Nevels, of McCreary county, received approximately \$200 for potatoes grown from eight bags of seed.

ON THE OFFENSIVE AMERICA!

Wars are won by attacking, not by sitting in a fort! And today America is taking the offensive against the Axis with hard-fighting, non-stoppable men and materials! We're taking the offensive, too, against the enemy at home—the inflationary 6th column that blows prices sky high. You can help in both fights by saving at least 10% of your money in U. S. War Bonds every pay day. Attack the Axis with your dollars today. You can start with as little as 10c War Stamp and you can get a \$25.00 War Bond (maturity value) for only \$18.75—at your local post office, bank or other convenient sales agency. U. S. Treasury Department
