More came Out of that Old Lunch Pail than went In

Big sandwiches with thick slices of bread helped to build the brawn that built America's industrial might.

Wartime demands upon men and women, young and old, have brought us as a nation to a stern realization of the need for an adequate diet for all.

So today—in homes, in plant cafeterias and in restaurants large and small

—America is wisely recognizing the nutritive importance of bread. Now enriched, it is the finest bread ever set before the human race . . . so good that our ancestors would have called it cake.

When you eat plenty of enriched bread, you improve your diet besides saving ration points for other good foods.

In your own family circle or on evenings when good friends surround you, simple sandwiches become delicacies when served with golden, bubbling Budweiser . . . which accents the flavors of all good foods, yet never loses the identity of its own distinctive taste.

In addition to supplying the bakers of America with yeast, Anheuser-Busch manufactures glider and bomber fuselage frames, wing parts, gun turret parts and foodstuffs for the government, and produces other materials which go into the manufacture of: Rubber Aluminum • Munitions • Medicines • B Complex Vitamins • Hospital Diets • Baby Foods Bread and other Bakery products • Vitamin-fortified cattle feeds • Batteries • Paper Soap and Textiles—to name a few.

Budweiser

ANHEUSER-BUSCH • SAINT LOUIS

In Henry county, about 250 acres of balbo rye were harvested for seed, 48 acres of which were certified.

The use of ammonium nitrate on crops in Taylor county gave excellent results, particularly on barley and early pastures.

Health Night

IS BEING INCLUDED BY

South Seas Veteran Goes Back to Farm

Back from the South Pacific on a medical discharge, Joe Burks, veteran of the Marines, is farming in Larue county, Kentucky. He has bought a farm of 114 acres, on which he has two and a half acres of tobacco, 15 acres of hybrid corn, and a herd of 26 Jerseys. Three-fourths of an acre of small fruits and a garden of the same size supply fruit and vegetables.

The farm house needing repairs, Burks, with the aid of his brothers, at odd times, took out partitions, changed doors and windows, shingled and otherwise remodeled and repaired it. Then he made a spring-house and piped water a quarter of a mile to the house.

Although his recent bride was a city girl, she papered the rooms and painted the floors and wood-work. Her canning includes blackberries and other fruit, and vegetables produced in the big garden.

Mr. and Mrs. Burks are taking an active part in older farm boys and girls Utopia Club work, and spent two days at Camp Bingham in Washington county, where post-war problems of youth and the farm were discussed.

WAYLAND

A movement was started weeks ago by J. David Tufts to give the boys of Wayland a playground. The climax of this movement was reached on the evening of August 9 when the playground was dedicated. Mr. Tufts acted as master of ceremonies and the principal speaker was Billy Sturgill, of Prestonsburg. Other speakers were Frank Harmon, Scoutmaster, George Pow and R. P. Crumpler, superintendent of the Methodist Sunday School.

Mr. Sturgill stressed good sportsmanship, clean living and healthy bodies. He complimented Wayland highly and pointed out that it was the first such club organized in Floyd county. The program was closed by the singing of "My Old Kentucky Home," and a freewill offering was taken, \$75 being donated. The program was attended by a large crowd.

The boys have elected Mr. Tufts as their leader and have chosen as their motto, "Better boys today, better men tomorrow." They pledged themselves to refrain from swearing, gambling or using foul language of any kind at or near the playground, no fighting or using tobacco and always to play fair and practise good sportsmanship.

Patrons and friends of the boys' club have adopted as their motto, "Let's reach them today, tomorrow they take our places."

The club is composed of youngsters from the Boy Scouts, the Sunday School and other boys who show worthy ambitions.

Pvt. Nick Schimmel, of Cincinnati, Ohio, spent five days of his furlough at the home of Mr. and Mrs. J. D. Barney, guest of Miss Dora Barney. He is stationed in Virginia with the engineers and will return to camp August 20. He is also visiting his mother and relatives in Cincinnati, Ohio, this week.

Mrs. J. D. Barney heard recently from her brother, S/Sgt. Gliden Badley, who is now in France.

Pvt. Edward Stone is now stationed in New Guinea.

Pvt. Russell Gibson is with the engineers somewhere in India.

Pvt. Arthur Pridemore and Sgt. Everett Pfgman were home recently on furlough.

Dr. G. C. Collins, of Martin, was a recent guest of Kermit Stone.

A birthday and farewell party was given in honor of Curtis Winfred Tufts at the home of his parents, Mr. and Mrs. David Tufts, by his sister, Lillian Mae Tufts. Many of his friends celebrated with him his 18th birthday, which will be later in this month, and wished him well in the service of his country which will begin August 16. He volunteered for service in the navy six weeks ago. Forty-eight of his friends gave him useful gifts, these young folks being from the high school, the Sunday School, the Boys' club, the basketball team. Curtis is fourth of the first five members of the championship Floyd county basketball team to enlist in the navy. His brother, J. David Tufts, Jr., is a seaman second class.

THE WEEK IN OPA

New Sugar Stamp Valid September 1

Sugar stamp No. 33 in War Ration Book Four will be good for buying five pounds of sugar beginning September 1, 1944, the OPA has announced.

Like other sugar stamps now being used, Stamp No. 33 will be valid indefinitely. Stamps now good for five pounds each are No. 30, 31 and 32.

Sugar Stamp No. 40 is good for five pounds of canning sugar through February 28, 1945.

It is the policy of OPA to validate a sugar stamp every 2 1/2 months.

Fuel Oil Rules Tightened

Local War Price and Rationing Boards have been authorized by the OPA to withhold fuel oil rations from anyone who destroys coal or wood burning equipment, or who sells it or gives it away without good reason, in order to obtain a fuel oil ration.

Heretofore Boards have only been permitted to revoke outstanding rations if such other equipment was destroyed or made unserviceable after the ration was issued.

Because of the shortage of kerosene and other heating oils, the OPA also has halted the issuance of fuel oil rations for hot water, domestic heating or domestic lighting if the householder or other applicant has the use of electric equipment for these purposes. If the electric equipment is not adequate, the ration will be reduced by the maximum amount that can be saved through the use of electric equipment.

Meat Points Changed

Utility grades of beef and lamb have been removed from rationing for the period from August 13 through September 2, the OPA announced this week.

At the same time, ration values for pork loin, ham and canned fish were restored and point values for cheeses and butter were increased. Country butter has advanced to 12 points a pound but creamery butter continues at 16 points.

Inventory Point Adjustment

Because many items were placed at zero point value on May 4, 1944, and because point values higher than zero were placed on some items on August 13, 1944, some wholesalers and retailers may not be able to buy enough Revised Ration Order 16 foods for their needs with their present point capital, OPA said this week.

To relieve any hardship caused by these point changes, OPA has made arrangements for making point adjustments from August 12 through September 15, 1944.

Rationing At A Glance

Processed Foods

Blue stamps A8 through Z8 and A5 through F5 in War Ration Book Four now good for 10 points each indefinitely.

Meats and Fats

Red stamps A8 through Z8 and A5 through C5 in Book Four good for 10 points indefinitely.

Sugar

Stamps 30, 31 and 32 in Book Four now good for five pounds each indefinitely. Stamp 33 valid September 1. Stamp 40 in Book Four good for five pounds of canning sugar through February 28, 1945. Also, application may be made to local Board for additional allotment upon presentation of Spare Stamp 37.

Shoes

Airplane Stamps 1 and 2 in War Ration Book Three each good indefinitely for one pair of shoes.

Gasoline

Stamps A-12 good for 3 gallons through September 21. B-3, C-3, B-4 stamps good for 5 gallons until used. State and license number must be written on face of each coupon IMMEDIATELY upon receipt of book.

Tires

Inspections not compulsory unless applying for tires. Motorists must keep old inspection record. Commercial vehicle inspections due every six months or 5,000 miles, whichever is first.

Fuel Oil

Consumers who have central heating plants have been mailed 1944-45 rations. Have your supplier fill your tank immediately.

WHEELWRIGHT

Mrs. Bill Hall and children spent the week-end in Garrett visiting her grandmother, Mrs. W. H. Tufts. Mrs. Elmer Nemet is home after spending a few months with her husband, Pvt. Nemet, in Arkansas.

Never let up till they're home

Copr. 1944 by The Seven-Up Company

Buy more war bonds

Can we...their mothers, fathers and wives...actually bring our fighting men home sooner? Yes, we truly can...by matching their measure of devotion...doing all we should and nothing we shouldn't do. And, real "fighter backers"...real Americans...we'll never let up till they're home.
