COBB MENTIONS FORMER DRUGGIST HERE

In the list of friends named by Irvin Cobb, famed Kentucky writer-humorist, to accompany his ashes to their final resting place was Douglas Bagby, former Prestonsburg druggist. "Doc" Bagby was a cousin of the jovial Paduchan and while here told friends numerous interesting stories of Cobb's boyhood and early newspaper career.

ONE LINE OF THOUGHT

One of our boys couldn't see thru the forestry department's instructions to burn brush and weeds late in the afternoon. When told this was because the wind usually died down late in the day, he came back with the idea that they should start the fire early so they would have all day in which to fight it.

AH! THE SPRING!

Now that Spring is definitely just around the corner, we think it is time to remind our readers again that we do not publish poetry. The trouble is, we are restricted as to newsprint and there are too many would-be poets. And if we publish one or two poems and discard the others, that brings on talk that we'd rather not hear.

DISCRETION, THE BETTER PART OF VALOR

Some impious soul who heard this fellow Goodrich, who claims to be a God-sent Presidential candidate, say he was preferring a convention fight with Wilkie and Dewey to any truck with the Democratic convention wondered out loud if he was afraid, even with the backing he claims to have, to square off against FDR in a convention fight.

APRIL DRAFT QUOTA, 414, BOARDS TOLD

Only 'Indispensables' In 18-25-Year Group Given Deferment Hope

Although Floyd county's April draft quota is below that of March, the drain on manpower remains heavy and a total of 414 men will be called during the month for pre-induction examination.

The April quota for Draft Board 45 is 242, only one less than the March call, but Draft Board 44 has an April call of only 172 as compared with 232 this month.

Only those men of the 18-25 year age group who are "absolutely indispensable" to war industry will be given deferment, it was indicated this week by statements originating in Washington. Both army and navy are behind on their induction schedule, it was said, and those in the younger age groups hitherto deferred will find further deferments harder to procure.

Draft Board 44 here announced Wednesday that it had several days previously removed from the deferment list all men under 26, and Board 45 said it had undertaken the same task.

Each board here will send one man to the navy March 27—John D. Rollins, Tram, from Board 44, and Charles M. Tyler, Weeksbury, from Board 45.

Board 44 also will send two colored selectees to Huntington Monday, March 20, for pre-induction examination. They are Otto Everett Gardner and Alex Gardner, both of Tram.

THEATRE FIRE LOSS \$8,000

Early Sunday Blaze Of Unknown Origin Razes Bypro Theatre

Fire of undetermined origin destroyed the Bypro Theater at Wheelwright Junction at 2 o'clock Sunday morning at an estimated loss of \$8,000.

Nearby apartments of Ernest Hatfield were damaged, and only prompt work of volunteer firefighters aided by chemicals saved the rear portion of the Hatfield building. Also destroyed with the theater was the restaurant owned by Bill Sears in the theater building.

Unlucky Sears

Destruction of his restaurant was not Sears' only loss. When the garage and whisky store of Ernest Hatfield were destroyed by fire recently, Sears' automobile was in the garage. Moreover, the restaurant had been burglarized twice recently.

The theater was operated by Lawrence Maggard, formerly of Martin. The building was completed about three years ago by Emmett Belcher and Ferd Sanders who had leased the site from T. A. Bates.

When the fire was discovered flames were shooting through the roof. Brick and concrete block walls of the structure soon afterward collapsed.

The Jan. 22 fire which destroyed the Hatfield property also was of unknown origin and Mr. Hatfield's loss placed at \$7,000 was uninsured. It is not known if the theater was protected by insurance.

'Fog Almost Smothered Us,' Vet Says in Describing Invasion of Attu

Home after dreary months of service in Alaska and the Aleutians, Sgt. Dewey Conley, son of Mr. and Mrs. J. E. Conley, Prestonsburg, this week welcomed sunshine, spring-like days.

The Prestonsburg soldier, a veteran of the Attu invasion, expressed a particular dislike for fog.

"The Japs themselves were not so bad, though they are tough and inhuman," Sgt. Conley said. "But the elements made our Attu invasion a terrible thing. The fog almost smothered us. We would be there for half an hour, maybe an hour, nothing but fog to see beyond 10 feet from our gun muzzles, and everything would be so quiet you would begin to feel like you were in a

Trading and Building Brisk in Prestonsburg

Booming property values here last week resulted in active trading or building.

G. C. Spradlin and Jack Spurlin bought the Alice Turner property extending from First to Second avenue for a reported price of \$14,000 in the week's biggest deal.

Meanwhile James E. Goble, of THE TIMES staff, purchased from R. Taylor his vacant lot on Third street.

The Sandy Valley Produce Company moved from the Spurlin building, next door to THE TIMES on Third street, to its new location which George D. Brown, head of the firm, recently purchased from F. P. Howard, across the street. An addition to the building is near completion, Mr. Brown said.

Sam Hale last week began work on an addition to his Third street residence property, the space thus added to be used as a furniture store.

On North Highland, W. J. Vaughan sold his residence to John Benjey.

200 ATTEND I.O.O.F. MEET

Dr. Gabbard, Speaker At Associational Meet, Saturday

Approximately 200 Odd Fellows of this section attended the district association held at the Odd Fellows' hall here Saturday evening, with Dr. Elmer E. Gabbard, Buckhorn, Ky., the principal speaker.

Dr. Gabbard's address on Odd Fellowship stressed loyalty to country, home and church.

Welcoming address to visiting members was delivered by Mayor E. P. Arnold, of Prestonsburg, with Noble Hobbs, Wayland, giving the response. W. M. Davies, Lexington, Kentucky I.O.O.F. secretary, was a speaker on the program, which included reports of the various lodges of the district.

District officers elected at the previous Hazard district meet were installed here. They are: Raymond Meade, Wayland, president; Wm. Dingus, Prestonsburg, vice-president; W. J. Vaughan, Prestonsburg, treasurer; Paul C. Hager, Paintsville, secretary.

A feature of the meeting here was the program of folk music led by Mrs. Edith Fitzpatrick James, Prestonsburg. Singing with her "O, Brothers, Will You Come with Me?" were Mrs. J. D. Thomas, Mrs. P. L. Hall, Mrs. C. P. Stephens, Misses Carlos Hale and Vivian Caudill, with the response being given by Elmer E. Rice, Franklin Moore, Ralph Taylor, Wm. Dingus and John Gunnels, and the audience joining in the close of the old hymn. "Oh, Wondrous Love" was sung by the women's group, and Wm. Dingus sang the old version of "Hark! from the Tomb." The music program was concluded with "Amazing Grace," sung by all.

Wayland lodge conducted the initiatory degree after the general session was concluded. Next meeting of the Association will be held at Paintsville June 10.

20-YEAR-OLD SON OF SOLDIER SUCCUMBS

George Skeans, 20 years old, son of Taylor Skeans, who is in army service, died Thursday, last week, at the home of his grandmother, Mrs. Rhoda Skeans, of Dock, a victim of pneumonia.

Funeral rites were conducted Thursday from the home of the grandmother and burial in the family cemetery was under direction of the Ryan Funeral Home.

ghost land. You didn't know which way to look or what to expect. Friend or foe might be out there in the fog. Then, after all that silence and just when your nerves had you seeing things, all hell would break loose.

"I was in charge of a machine gun section," Sgt. Conley continued, "but we were not much benefit, most of the time. We could shoot but we couldn't see what we were shooting. We had to get into closer quarters than machine gun range to do the bloody work necessary to run those Nips out of their rat-holes."

Sgt. Conley will leave Friday for a "rest camp" in the South. After that, he expects to be ready for the next job.

Ranking Floyd Naval Officer Returns for Mother's Rites

Death of his mother, Mrs. Mary Belle Rockwell Calhoun, last week brought back to Floyd county Lieut.-Com. Taylor Calhoun, U.S.N., Floyd county's ranking naval officer, on a sad mission after years of absence.

Commander Calhoun came here only a few days prior to the end of 30 years' navy service and the day in normal times when retirement would have become effective. Yet he continues his work with the navy for the duration, he told friends here.

Commissioned a navy lieutenant before the outbreak of World War I, he served as paymaster during that conflict, seeing service in France and in European waters. He was on his way to navy advancement after a few months' service, way back in

the early 1900's when he was assigned to a naval training school, later finishing study at Annapolis, although he was not an enrollee at the Naval Academy.

A teacher in the Floyd county schools, Lt.-Com. Calhoun made his way up through the ranks on the basis of sheer merit. He was perhaps a bit shy of the 18-year age limit when he entered the navy, but youth was served.

Commander Calhoun has four children, the eldest of whom, a daughter, is a petty officer in—yes, the WAVES, naturally, with her navy background.

Death of his mother left him one Floyd member of the family—Charles Calhoun, of Water Gap.

SCHOOL HEAD IS HONORED

As Hero in Rescue Of 100 Students From Fire Threat

Lewis Campbell, principal of the Weeksbury consolidated school, was honored March 8 by unanimous vote of the Kentucky House of Representatives in its adoption of a resolution offered by Representative Jerry Fonce Howell commending his courageous conduct in saving pupils of the school which destroyed the Weeksbury school building Jan. 14.

The resolution follows: "WHEREAS, Lewis Campbell, school superintendent of Weeksbury school, Floyd county, Kentucky, on January 14, 1944, without regard to his own personal safety, risked his life to save the children of Weeksbury school when the school building was being consumed by fire, and

"WHEREAS, by his brave acts the said Lewis Campbell saved the lives of more than one hundred school children, and

"WHEREAS, the said Lewis Campbell deserves the highest praise and commendation that can be awarded by the citizens of this Commonwealth, NOW, THEREFORE,

SALVAGE TASK SUCCESSFUL

Paper Tonnage Up; Salvage of Fats Shows Increase

County Agent S. L. Isbell, Floyd waste paper salvage chairman, Mrs. A. H. Mandt, Floyd chairman of tin can and waste fats salvage, and Mayor E. P. Arnold, of Prestonsburg, co-operating in the salvage drives, this week expressed their gratification on the showing of Floyd county's citizens in supplying these vital wartime needs.

Mrs. Mandt reported that the waste fats salvage shipments from this county jumped from only 97 pounds in January to 500 pounds last month and that future months are expected to produce even heavier shipments.

The paper salvage campaign, only recently initiated, produced in the last two weeks between six and seven tons from Wayland alone, 2-200 pounds from Harold and several tons from Prestonsburg where work was begun only last week.

Other community reports are not available. Mr. Isbell said arrangements have been made with Paintsville and Pikeville paper dealers to pick up salvaged paper in Floyd towns, but at the same time he emphasized the fact that no group or community should expect accumulated paper to be removed at any certain date. It was suggested that community workers write or other-

TO ADDRESS REA MEET

Co-op To Elect New Directors Here Saturday

Principal speakers at the annual conference here Saturday afternoon of the Big Sandy Rural Electrification Co-Operative Corporation will be two officials of the St. Louis REA office, W. A. Toney, manager of the co-op, announced this week.

They are Walter Johnson, of the applicational loans division, and Russell Adams, of the department of operations.

Election of a new board of directors will be held at the conference and reports on the co-operative's business for the preceding year will be given by its president, Milt Stanley, of Bonanza, and its secretary, Magistrate G. C. Burchett, Woods. Also to be discussed will be qualifications of those entitled to rural electrification service and means of procuring it.

Representatives from Floyd, Knott, Pike, Martin, Johnson and Lawrence counties are expected to attend the conference.

Mrs. Calhoun, Widow Of Minister, Passes At P'burg Hospital

Mrs. Mary Belle Rockwell Calhoun, 78 years old, widow of the Rev. Hiram Calhoun, of Water Gap, died at the Prestonsburg General hospital Wednesday, last week, a victim of paralysis.

Mrs. Calhoun, one of the county's best women, was stricken March 2 within 20 minutes after she had arrived at the hospital for medical treatment.

She was a native of Menifee county and after her marriage to the Reverend Calhoun resided in Knott

'God-Sent' Presidential Candidate Here; To Shun FDR Till November

The 1944 national political picture was either in or out of focus here this week.

Declaring that he had been "called by God to run for the Presidency of the United States," 69-year-old George Goodrich, Ann Arbor, Mich., erstwhile farmer-poultryman-blacksmith-carpenter, appeared here Tuesday to announce a series of addresses to be delivered from the Floyd county courthouse during the week in behalf of his candidacy.

Goodrich, former Methodist minister who dashes off poems in spare time, says he could not live with his conscience if he did not make the race for President.

Asked about his political affiliation, he says he knows the Democrats will nominate President Roose-

FANS BEMOAN WAYLAND LOSS IN REGIONAL

Cumberland Wins Out In Closing Minutes Of Hectic Contest

Basketball fans of this county are still wearing sackcloth and ashes over the tragic loss of Wayland's Wildcats last Saturday afternoon at Inez in the regional tourney to Elkhorn City.

They still vow that Wayland, for that afternoon at least, was the better team—though the Pike countians won the semi-final game over Wayland and the clear sailing over West Liberty in the finals to the state tournament at Lexington.

Trailing throughout the game till DeCoursey, star Wayland center, was ejected on fouls, Elkhorn City came through in the last four minutes of play to win, 40 to 37. Until DeCoursey left the game the Floyd county net champs had led from five to 10 points.

Wayland fought its way into the semi-finals with a rousing 37-36 win over the powerful Paintsville team in the tournament opener last Thursday night. Although both DeCoursey and Fraley went out via the foul route, the regulars remaining, with the assistance of reserves, hung on and won.

The only consolation gained by Wayland's team was their victory in an overtime Saturday night over Oil Springs, the other semi-finalist, which had been beaten by West Liberty. That and the "treat" the school this week is giving the players and their coach, Lawrence Price, by sending them to watch the state tournament at Lexington—where, most folks hereabouts will tell you, they should be playing right now.

C. A. DINGUS IS VICTIM

Of Motor Wreck On Left Beaver; Motorman Hurt

Chester Arthur Dingus, 34 years old, son of Mr. and Mrs. W. M. Dingus, of Hite, was instantly killed Saturday morning when the mine motor on which he was brakeman was derailed and plunged from a tippie onto him as he sought to leap to safety.

Warrnie Sammons, motorman, escaped with injuries and is recovering in the Martin General hospital.

The motor, operated in the Kathryn Elkhorn Coal Company at Jump, was approaching the trestle at the head of Hunter Branch, Left Beaver, when it was derailed. The machine weighing several tons dropped a distance of approximately 20 feet, squarely onto Dingus.

Surviving are his parents, his widow, Mrs. Hazel Taylor Dingus, two children, and the following brothers and sisters: Lewis, D. P., Reynolds and Furman Dingus, all of Martin; Phillip Dingus, of the armed forces; Mrs. Girdell Salyers, Hite; Mrs. Rhoda Crawford, Springdale, Utah; Blanche Dingus, of the Women's Army Corps, Newport News, Virginia.

Funeral rites were conducted Tuesday afternoon from the home of his parents, elders of the Mormon church officiating, and burial was made in the family cemetery under direction of the Ryan Funeral Home.

vet for a fourth term, therefore has decided to buck Dewey and Wilkie for the Republican nomination.

"If I were elected President," he said in answer to a facetious question about his foreign policy, "I would have every German commander of as many as a hundred troops, all of the Gestapo, all the higher ranking officers, the government officials from Hitler down—I would have them all stood up before a firing squad, then I would divide Germany into small parcels and distribute them among its neighbors. As for the Japs, we must catch them first," he concluded.

Goodrich eschews his surname, prefers the title, "Him that Hear-eth," with a quotation from Revelations to explain the name, and says he might be called "Him," for short.

EARLY AMERICA SHOWED US HOW

HELP YOUR COMMUNITY DRIVES .. and You Help America

In Colonial days when a family faced misfortune, kindly neighbors set up a melting pot before the door. The community was quick to contribute, because lean and perilous years taught our forefathers that only by helping one another could all survive and earn security in a land of growing opportunities.

Today, when this hard-won security is in

jeopardy, our country and many of its citizens need a helping hand. The Red Cross, the War Chest, the scrap and salvage drives and other calls on each community are realistic reminders of the pioneer spirit that bound our nation together . . . that gave us the highest standard of living the world has ever known. When we help our neighbors we help our country.

In every community, Budweiser is known as the Perfect Host to a host of friends. To serve your neighbors beer is simple hospitality, but to serve them Budweiser is a gracious compliment . . . and, it makes your simple wartime meals taste better.

A lot of those Congressmen had better put all their people on the payrolls and get all they can, for when the boys come home they will be retired. Now, since the Republican minority in Congress has joined with a few numbskull Democrats to keep the soldiers from voting, just what is your honest opinion of that bunch of jerques that pass a law that if you're IA you can't vote, but if you're 4F you can? I listened to Senator Wherry's Lincoln Day address. I thought I would hear a speech on the immortal Lincoln, but he spent his time explaining why he was against the soldiers voting. The only reason I could figure he was against the soldiers' vote was because the soldiers had more sense than to vote for him or his crowd. Boy! I bet the people's faces in Nebraska were red! They could have had Norris, yet they elected another "Happy" Chandler—a fellow who doesn't know the first World War is over.

That case in the Huntington papers last week about a fellow taking his complaint before the court and receiving \$50 damages for overcharging on OPA prices should be a warning to Floyd county merchants, for the fellows are now watching for any overcharge. That's the only way to break up this overcharging of OPA prices—take your complaint to the Board and then prosecute.

Buying anything on price alone is a hazardous experiment. Both quality and price must be considered in determining value. Our wide price range enables every family to select a service of high excellence, priced in keeping with its wishes. Is your boy out there ... in the land of blood and tears?

Is he slogging along some muddy road ... or huddled beneath a leaky tent? Do you see him now, thirsty beneath a broiling sun?

Or is your boy fighting a wintry blast in the land where winter never ends? ... Yes, millions of people worry tonight for the men in the lands that God forgot.

But if your heart is sick with longing for some special boy ... remember this and find comfort ... wherever he may be, in the frozen wastes of Iceland or the jungles of New Guinea ... you can reach out and give your boy some little comforts that speak of home.

He will get coffee, doughnuts and other American comforts when the long march is over ... thanks to you.

He will sleep between sheets when he gets his furlough, in a town ten thousand miles from home ... thanks to you. Even should he be a prisoner of war, he won't be condemned to live on alien bread. For every week the Red Cross will carry to him a carton of food, five, eleven full pounds of real American food, the kind you used to give him at your own table. And real American cigarettes and tobacco!

He will get all this ... and more ... straight from your

heart through the Red Cross. Because the Red Cross is you—the Greatest Mother in the World, because it represents all the mothers of America. The Red Cross is your blood and your bandages, the sweaters you knit and the gifts you pack.

And the Red Cross is your money too! This year when your Red Cross has a bigger job than ever before to do ... this year when your Red Cross is serving your own sons in every corner of the globe ... this year you will want to give more, more of your time, more of your work, the blood from your heart ... and more of your money to help the work go on.

So dig deep and be glad. For wherever he is

The RED CROSS is at his side and the Red Cross is YOU!

Learn about Sportsmanship from Us!

EASTERN KENTUCKY, some folks say, shocks them sometimes. We're crude, they say; violent, even. THE TIMES has no intention of using space here, or elsewhere, in an attempt to whitewash this section and its people. Yes, we have our faults, just like the rest of the world. But if we are not polished, we are as the uncut diamond. If we kill, we kill in "sudden heat and passion." None can say that the Eastern Kentuckian is wantonly cruel. Last week TIME magazine, in sarcastic turn of phrase and poignant picture, told a story which indicts of malicious cruelty a section of a neighboring state whose newspapers, from time to time, have been none too kind to Eastern Kentucky. The pictures and accompanying story told of the Hanover county, Ohio, fox drives in which hundreds of men, some women and children form a giant circle, flush from hiding a fox, then draw the cordon smaller and smaller, inexorably penning in the frantic animal. When the poor fox is tired to the state of exhaustion, big, strong, brave men armed with

clubs step out of the line and club the animal to death. Or, as one picture showed, a boy of eleven administers the coup de grace. Meanwhile eyes glint savagely from the circle of humans encompassing the victim and his slayer; teeth flash in what are known in some circles as smiles.

Even a four-year-old tot toddles out to pose with his club as a victorious gladiator!

Bring on the next victim! More daring hunters are ready to take a chance with him, to show their children how to get rid of the dumb, helpless, wild things!

It is a pity these Ohioans could not come to Floyd or any neighboring hill county and learn about sportsmanship from us. Here they would find men who hunt foxes for the pure joy of the chase—they would find here the essence of sportsmanship.

For your Eastern Kentuckian does not hunt the fox or ride to the hounds to be in at the kill. Their garb, these men who climb the steep slopes and walk the long, high ridges, may be rough; all the amenities they may not have mastered. But these are the men who can teach you the highest type of sportsmanship.

And that is to follow the pack, to sit long hours at a fire on a high, wind-swept knob, to walk through the night in all weathers—not to kill a fox, but simply to listen to the music of the hounds. Their blood tingles not to the thud of the lethal blow or the crack of the deadly shot but to the now-near, now-distant trumpeting of Loud and Drum whose voices are as that of Bugle Ann.

Truth to tell, most of them would dare you to kill that fox!

For sportsmanship and many of the other fine things, the real things, of life, we suggest "Life up thine eyes unto the hills!"

Training Pay Offered Men, Women, 16-55, At Mayo School

Men and women in Floyd and surrounding counties between the ages of 16 and 55, inclusive, not now employed in essential work are again being offered the opportunity to learn a trade while being paid, Minerva H. Spradlin, senior interviewer-in-charge of the United States Employment Service Office, Paintsville, announced this week.

A representative of the Civil Service Commission and Patterson Field, near Dayton, O., will be at the Paintsville United States Employment Service office, March 20, 21 and 22, to interview persons interested in these Civil Service positions. Those hired will be assigned to one of three courses now being offered at the Mayo Vocational School. These courses consist of basic instructions in sheet metal, machine shop and aircraft engines. The starting salary will be \$1,200 per year, plus \$300 overtime. Upon completion of the basic training, two weeks for those assigned to aircraft engines and four weeks for sheet metal and machine shop trainees, they will be transferred, at government expense, to the department of training at Patterson Field. There they will be assigned to government dormitories adjacent to Patterson Field where, if they desire, they may live for 30 days, in which time the housing unit can aid them in locating other desirable living quarters.

Persons selected for this training are eligible for their first promotion and re-classification to \$1,320 per year (plus \$300 overtime) within 30 days of the conclusion of their first pay period. They are again eligible for re-classification and increase in salary to \$1,500 per year (plus \$324 overtime) 30 days after their first promotion. These salaries are subject to income deductions along with a five per cent retirement deduction. The retirement deduction is payable

to employes upon leaving Civil Service.

Mrs. Spradlin said no previous work experience is necessary and the only requirements are at least eight years of common school, a signed medical statement by a physician that the applicant is able to do the work and compliance with War Manpower Commission regulations. Applications for employment and medical statements are available now at the United States Employment Office where further information can be furnished by the local staff.

Minister, Floyd Native, Dies Friday at Ewing At Age of 80 Years

Elder W. B. Hall, native Floyd countian and veteran minister of the Primitive Baptist Church, died Friday at the Ewing, Ky., home of his son, Lee Hall. He was 80 years old. A son of the late John and Nancy Hall, he was born Sept. 13, 1863 at McDowell. He became a member of the Antioch Primitive Baptist Church Sept. 4, 1898 and since that time had been active as a minister. He was married to Mary E. Hall, of McDowell, who preceded him in death several years ago.

Of his 11 children, six survive: Mrs. Joseph Reynolds, Winchester, O.; Lee Hall, Ewing, Ky.; Jay Hall, Mrs. Minnie Williams, Mrs. Maude Anderson and Mrs. Mabel Williams, all of California; also by one sister, Mrs. Willie Hall, Greenup, Ky., and three brothers, Day Hall, Prestonsburg, Elisha Hall of this county and Wilburn Hall, Myrtle Creek, Oregon.

Burial was made in the Elizaville cemetery where his brother, Booton, and a sister, Sallie, are buried.

For Young Women (20-36) Questions, Answers About the WAVES

Do all WAVES begin as apprentice seamen? Yes, even officer candidates. However, after the indoctrination and training period there are automatic promotions. Higher ratings thereafter depend on ability and length of service.

How do qualifications for WAVE officers differ from those for enlisted personnel? A college degree, or two years of college work plus acceptable business or professional experience, is required. Eye and teeth standards are slightly higher. Women up to 50 years of age are eligible. These are the principal differences in requirements.

How long are WAVES on duty daily? Theoretically, WAVES are always on duty. Practically, the work is no more arduous than in an efficiently managed business. No WAVE candidate, however, should be actuated by a desire for an easy, glamorous life. WAVES have plenty of time for recreation, but the important thing is to do a job quickly and well and thereby contribute toward earlier termination of the war.

Information about the WAVES is available by telephone, letter or personal call at any Navy Recruiting Station or Office of Naval Officer Procurement.

OPA 'Gas' Edict Effective April 1

The Office of Price Administration this week issued a ruling, effective April 1, forbidding the transfer of gasoline by any dealer or licensed distributor from his retail facilities in exchange for Class R gasoline coupons, unless the dealer or distributor transports such gasoline in quantities of 25 gallons or more to the place of delivery selected by the buyer, or unless the seller is authorized in writing by the district OPA director to make bulk gasoline transfers in exchange for such coupons.

This announcement was made Tuesday by the Floyd War Price and Rationing Board here.

"The dealer or local distributor," the ruling continued, "may make application to his local rationing board and application can then be transferred to the district director."

Licensed or intermediate distributors of gasoline for re-sale are eligible to accept R coupons, but operators of retail outlets (service stations, etc.) may not accept such coupons after April 1, nor shall they have in their possession such coupons after April 10 unless they maintain required delivery equipment or have written OPA authority to accept these coupons.

Licensed distributors are required to deposit on or before April 10 in their ration bank accounts all Class R coupons which they possessed or controlled on April 1, the order concluded.

FOR VICTORY BUY UNITED STATES WAR BONDS AND STAMPS

D.A.R. DRIVE TO CONTINUE

The Quota Reached, Need for Plasma Held Increasing

The Blood Plasma drive initiated in this county by John Graham Chapter, Daughters of the American Revolution, was only \$3.50 shy of the original goal of \$5,000 this week as a contribution of \$275.61 from Wayland and other smaller cash gifts were reported.

The drive conducted at Wayland by Mrs. Crit Wells was aided by \$109 from the Elkhorn Coal Company local UMW union.

"Although we are within a few dollars of reaching our \$5,000 quota," Mrs. Winnie F. Johns, DAR Blood Plasma chairman, said this week, "we cannot stop here. Because the war has not stopped, more Floyd county boys are being called each month and as the casualties of war mount—which they surely will—more help from the folks back home will be needed. We should and must continue to work and give for this great cause."

Other DAR chapters of the state are far behind the chapter here in this phase of war endeavor and have incredulously asked how such achievements were attained.

CARD OF THANKS

We wish to thank all who assisted us during the illness and upon the death of our beloved husband and father, Joe Jarrell.

MRS. FANNY JARRELL AND FAMILY

In Madison county, 240 bushels of hybrid seed corn have been purchased, Ky. 102 being the favorite.

OPA TO MAKE PRICE CHECK

On 'Market Basket' Food Prices in This Section, Mar. 13-18

A drive to mobilize price control forces among retailers and consumers in the 56 counties of the Lexington district of the Office of Price Administration will be launched March 13, under the direction of the local War Price and Rationing Boards, E. Reed Wilson, district director, announced this week.

Approximately 6,000 food stores in the Lexington district will be visited by more than 700 rationing board employes and price panel associates between March 13 and 18, Mr. Wilson said.

In this survey, 10 popular "Market Basket" foods will be checked for selling and ceiling prices. Subsequent checks will be made during the following three weeks to determine if prices are being kept in line and to report deliberate violations, Mr. Wilson stated. The survey will be carried out entirely by the local boards, he said.

Although the basic purpose of this store survey is to obtain better compliance with price control regulations, Mr. Wilson emphasized that the drive will also serve to protect storekeepers and their customers from black market operations.

"This is not a get-tough job," he declared. "While the boards recognize the needs for enforcement action in some cases, the primary purpose of this survey is to help retailers and consumers to understand price regulations and show them that 100 per cent compliance with these regulations will result in firm control of prices and living costs in this territory. This joint effort of retailers, consumers and Rationing Board representatives will further our main objective—a strong 'compliance for community protection' program—and at the same time it will enable us to bring deliberate and flagrant violators to the attention of our district enforcement officials who will take immediate and stringent enforcement measures.

"Above all, the survey will help us hold down the cost of living and halt inflation. Many of us remember what happened when rising prices and living costs took hold during the last war, and we are resolved not to see it happen again," he said.

Annual History Received by

Miss Evelyn Moore, Mr. and Mrs. Earl Moore, of Prestonsburg, Tuesday received the medal annually awarded to the standing high school student by Greenville Davidson chapter, United Daughters of the Confederacy.

The award was made at high school chapel exercises.

FASTER GAINS WITH LESS FEED

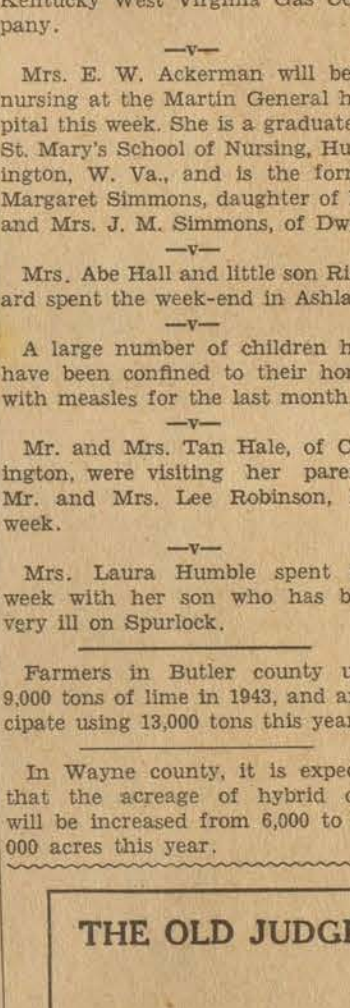

on CONCRETE FEEDING FLOORS
Feeding floors made with clean, long-lasting concrete will help you raise more pork for war needs. They save pigs by keeping them cleaner and healthier—save feed otherwise trampled in the mud—insure faster gains, more pork per bushel of feed.
Long-lasting concrete improvements cost little to build—need few if any "critical materials." You'll find valuable suggestions in free booklet, "Permanent Farm Construction." Paste coupon on penny postal for your copy.
If you need help, get in touch with your concrete contractor, or building material dealer.

THE OLD JUDGE SAYS...

"Somethin' special catch your eye in the paper, Judge?"
"Sure did, Chet... an article here telling about prohibition in India being written off by the Madras government as a dismal failure after a three-year trial. They found out that enforcement was ineffective and that there was a steady increase in bootlegging and other violations of the law which increased penalties failed to check."
"It all goes to prove what I've said time and time again, Chet... prohibition does not prohibit. It's been tried in this country 47 times in the last 33 years and discarded everywhere except in three states. Was found to be a failure and abandoned in Canada, Norway, Sweden, Finland and Russia, too."
"Same thing happens every time... as soon as legal liquor is voted out, bootleg liquor with its crime and corruption moves right in."

HAROLD
(Last week's correspondence)
A Homemakers' club is being organized at Harold.
A meeting of the Woman's Society of Christian Service of the Methodist Church met at the home of Mrs. P. S. Clark. The service man to be awarded the \$3 box was Norman Sturgill, son of Mr. and Mrs. E. K. Sturgill. He is now at Ft. Benning, Georgia.
Oscar Forrest Bush was home recently to see his parents, Mr. and Mrs. Oscar Bush.
A small group from the Coal Run Homemakers club met at the home of Mrs. Fred Daniels and made dress forms. The members are Mrs. T. T. Webb, Mrs. Elmo Childers, Mrs. E. K. Sturgill, Mrs. B. T. Marrs, Mrs. James Earl Tackett.

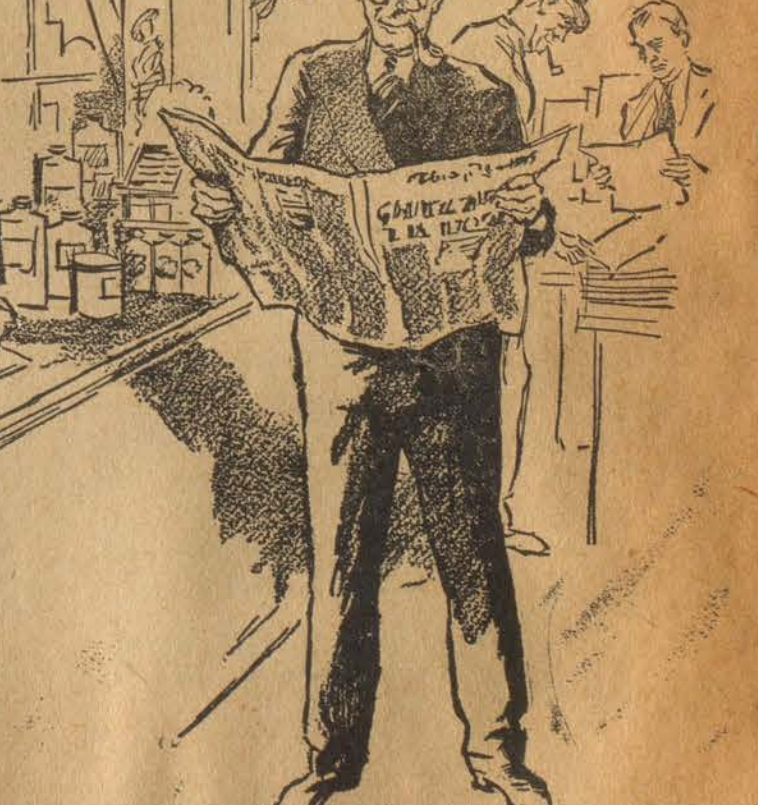

Unpeeled Boiled Potatoes Better
Food experts at the Kentucky College of Agriculture and Home Economics say potatoes boiled with their jackets on have greater food value than peeled potatoes. They contain twice as much vitamin C and three times as much vitamin B-1. So, why bother with the irksome job of peeling spuds? they say; just scrub them off and hurl them into the pot of water to boil, jackets and all, and thereby get the most food value from them.

From where I sit...
By Joe Marsh

Judge Cunningham told me yesterday he'd just had a letter from his son, Phil, down in the South Pacific.

"You know, Joe," he said, "despite the bitter fightin' in those Jap-infested jungles, the pesky insects and all that swelterin' heat, the boy seems as cheerful and chipper as ever. Just read this!"

He handed me Phil's letter.

"The shooting's died down for a spell," Phil wrote, "and it's hot as blazes. Wish I had just one cool glass of that good old Kentucky beer right now!"

"And I wish I'd been right there to hand it to him," the Judge said, with feeling.

Yes, from where I sit, the boys who are fighting our battles—and risking life itself in doing so—deserve the things they want. Especially when it's so simple a thing as a moderate glass of beer!

FLOYD COUNTY GOES TO WAR

Where Floyd Countians in Armed Forces Are, What They're Doing

Seaman 2/c Eugene C. Hall, whose family resides at Bevinville, is now an integral member of the amphibious forces of the navy.

At the completion of his preliminary LST training at the amphibious training base, Camp Bradford, N.O.B., Norfolk, Va., he was assigned to the crew of an LST for active duty.

The LST is especially constructed for the transportation of troops and heavy equipment. It has a bow that can be opened when it comes into the beach which enables men and equipment to land ready for action.

This type of amphibious craft is as large as a destroyer, and it is the largest of the amphibious ships capable of making landings directly on a beach.

Like the naval air force and the submarine service, the physical requirements of the amphibious force are greater than for the other branches of the naval service. To qualify for assignment to any of the amphibious craft, a candidate must successfully complete a thorough and varied curriculum.

Ottis Vanderpool, aviation radar technician, 2nd class, after having completed a nine-months training course in radar at Corpus Christi, Texas, has been transferred to Lake City, Florida, as an instructor in this field. His wife joined him there last week.

Melvin Innes, G.M. 2/c in the Sea Bees, formerly of Wayland and well-known baseball player of this section, writes from Gulfport, Miss. (he later had his address changed to Fleet Postoffice, San Francisco, Calif.) to say he enjoys Shikepoke's column and also that of his fellow-townsmen Noble Hobbs, even if he and Noble don't see eye-to-eye on political matters.

Lieut. Brady M. Collins, son of Dr. and Mrs. M. M. Collins, Lackey, is stationed at Pearl Harbor with the marine corps.

T/Sgt. Foster Mitchell in a letter to his mother, Mrs. Levi Mitchell, of Beaver, said he was stationed somewhere in New Guinea, and he had spent a furlough in southern Australia. He has been overseas 24 months.

Chief Petty Officer Harold D. Hall, eldest son of Mrs. Epp Laferty, Prestonsburg, a few days ago completed a three-month naval instructor's course at Farragut, Idaho, and has been transferred to Chicago as an instructor in the navy training school. Before entering the training school, he had made 20 voyages between this country and ports of allied countries. He has two brothers, Radford and Howard, with the navy.

What do the boys overseas say about the Red Cross? S/Sgt. Edgar W. Coburn, son of A. J. Coburn, Hueysville, writes from Italy to his sister, Mrs. Charles Wilson, Wheelwright, giving the answer:

"... don't forget to contribute to the Red Cross. They certainly do a wonderful job..."

Sgt. Coburn added: "We see and are visited by several famous generals. I think that I'm permitted to say that General Clarke has been here several times."

New recruits at the naval training station, Great Lakes, Ill., are 14 Floyd county men.

They are now receiving instruction in seamanship, military drill, and naval procedure. Soon they will be given a series of aptitude tests for determining whether they will be assigned to one of the navy's service schools, or to immediate active duty at sea.

Upon completing their recruit training these men will be home on a nine-day leave. They are: Maynard Hackworth, 24, Bonanza; Raymond B. Woods, 29, Emma; Johnnie Case, 27, Garrett; Doekie Prater, 25, Hueysville; Charles E. Conley, 25, Hueysville; Noah Akers, 26, Ligon; Ralph G. Reynolds, 19, Martin; Alvin Barnette, 18, Martin; Denver D. McKinney, 18, Manton; French P. Spencer, 18, Northern; Thomas M. Hereford, Jr., 29, Prestonsburg; Buster Thompson, 18, Edgar; Frank T. Conley, 27, Wayland; Savel Combs, 18, Wayland.

Hargus D. Reedy, S 2/c, Wheelwright, completed his recruit training March 9 at the Sampson, N. Y., naval training station on the shores of Seneca Lake and will be granted leave. Upon his return to Sampson, he will be eligible for further assignment which may qualify him for a petty officer rating.

Pfc. Jimmy Frazier, with the marines on Namur Island, and a son of Alex Frazier, Prestonsburg, writes his sister, Mrs. C. A. Lockwood, Staten Island, N. Y.:

"Hunting season is now over and your little brother and his squad are fine, not even a scratch. Thank God for that. Lost a few friends, due to the fact that Co. 'B' was the big dog in this show. 'As for the little yellow *?*-well, it was like fighting the little man who wasn't there. We are now living in a nice little hole in the ground, and if it wasn't for the smell of rotten yellow men one would think this was a summer resort. Spirit is great—even if all the Jap beer is gone..."

Elmer P. Simer, S 2/c, formerly of Wayland, is now an integral member of the amphibious forces of the U.S. navy. At the completion of his preliminary LST training at the Amphibious Training Base, Camp Bradford, N.O.B., Norfolk, Va., he was assigned to the crew of an LST for active duty.

wise contact Mr. Isbell when the paper stockpile reaches large proportions.

Prestonsburg's Boy Scouts are canvassing the town weekly, picking up scrap paper. Elsewhere, the schools and interested citizens, including Boy Scout troops, are working.

Mrs. Mandt also reported that 286 pounds of old clothing have been salvaged here. An announcement on tin can salvage for the week before Easter will be made, she said.

What You Buy With WAR BONDS 4 for 1

U. S. destroyers and other anti-submarine vessels of the Navy are equipped with quadruple tubes, meaning they are capable of firing four torpedoes simultaneously, making it more difficult for the target to escape.

Modern warfare is the most expensive destruction the world has ever experienced both for the destroyed and the destroyer. There is no point where we can stop in this war this side of peace so all of us will be required to buy an extra \$100 Bond in the War Loan.

"BE IT RESOLVED by the House of Representatives of the Commonwealth of Kentucky:

"1. That the House of Representatives of the Commonwealth of Kentucky publicly recognize the brave deed of Lewis Campbell in causing the lives of more than one hundred school children to be saved from death by fire at the Weeksbury school in Floyd county on January 14, 1944, and that it is the sense of the House of Representatives that said Lewis Campbell is entitled to the highest public esteem.

"2. That the Clerk of the House of Representatives is directed to spread this resolution at length upon the Journal and send a copy to said Lewis Campbell and to the newspapers of Floyd county."
