

BLAZE GOES TO GLORY

It's probably none of my doggone business, as Mrs. Roosevelt has indicated to other newspaper guys who wanted to pry into the matter, but this business of bumping off Blaze, Elliott Roosevelt's bulldog, just because he mopped up an acre or so with Fala, sends me to the typewriter.

Of course, Blaze had no business picking on a little guy, but the record does not disclose just who instigated this one-round fiasco. My experience with little dogs has been such as to create the suspicion these lightweights of dogdom caper, tantalize and in a word torment the biguns to the extent that mayhem might sometimes be justified.

A great deal of all which is beside the point. What irks me is that excuse for putting Blaze out of circulation. "It was feared," the newspapers quoted the family as saying, "that Blaze might have rabies and he was destroyed."

Incidentally, he was not mad, only angry. It was ascertained, after he had been bumped off. Had the famed better been my pup, I would have given him the benefit of doubt—I would have isolated him for a time during which he would have been under observation. In brief, I would have been certain he was afflicted with something only the potent mixture of gunpowder and lead would cure before unlimbering my musket. I have never subscribed to the policy of shooting and asking questions afterwards.

P.S. The only "tics" to be associated with this dissertation are those which afflict dogs, not the brand we humans get every summer and fall.

WOULD HELP STRICKEN BOY AT CHRISTMAS

From Mrs. Robert Martin, of Dock, the following, inspired by sympathy for the Ragland, W. Va., boy of 15 who looks hopefully to Christmas, although he is hopelessly ill of a crippling disease:

"Your report in the Nov. 22 Times regarding Obie Curry touched me deeply. Will you please write me if money sent to Mr. Boyd Curry, Ragland, W. Va., will reach them?"

"May I suggest one thing, please? Why not in your next issue suggest to your readers that they contribute as individuals and as groups to this family? As the wife of a minister I have listened, ad nauseum, to reasons why folks don't believe in foreign missions, but here is a home case that such folks could help, who refuse to help 'foreigners.'

"If every parent would act toward this child as he would like to have others act toward his child, were it afflicted in like manner, I'm sure the response would be generous.

"Why could not the churches contribute half of one Sunday's offering to this cause?"

(THE TIMES is not certain that contributions addressed as Mrs. Martin suggests would reach the stricken boy, yet believes they would. This woman's heart is "in the right place." How many others?—Editor.)

A MERE CHOICE OF WORDS

Day after THE FLOYD COUNTY TIMES hit the streets with the headline, "Johns Creek Dam Work Is Temporarily Stalled," the House of Representatives voted the appropriation which unstalled it. Just change the word from "temporarily" to "momentarily."

An Ohio farmer, hot under the collar toward pilots of low-flying planes, promptly impounded one which crashed on his premises this week. We'd like to see some of those wags and punsters take off on that one.

Army Indicates Plan To Return Bodies of War Dead to Home Soil

The office of the Quartermaster General has indicated in a letter to Mrs. Harrison Terry, Wheelersburg, O., formerly of Garrett, this county, that "the return at government expense of the remains of those who have died overseas in the service of their country to a final resting place as selected by the next of kin will be authorized in the near future."

This information was supplied in reply to Mrs. Terry's request that remains of her son, Pvt. Dan Terry, be returned from Ireland for interment at Garrett, his birthplace.

When authority for such service was made, Mrs. Terry was told, the

OFFICERS SEEK MAN WHOSE WIFE SLAIN

Shots from Darkness Kill Mrs. Triplett; Cousin Jailed Here

Mrs. Gertrude Chaffins Triplett, of West Garrett, died almost instantly Saturday night as two of four revolver bullets fired through the window of a Garrett tavern pierced her head and back, and this week her husband, Shelby Triplett, was named in a warrant issued by County Judge E. P. Hill, Jr., in connection with her slaying.

Held in the county jail here as a material witness in the case is Arnold Chaffins, 25, a distant cousin of the slain woman. Shelby Triplett has not been located by officers, it was said.

The 21-year-old woman, a daughter of Mr. and Mrs. Kelse Chaffins, of West Garrett, sat in a booth of Fred Hall's place in Garrett Saturday night with her sister, Mrs. Anis Chaffins Prater, of Garrett, and Charles and Ola Daniels, of Van Lear. The place was well-filled with people when suddenly four shots were fired from the outside semi-darkness. Two of the .32-caliber bullets fired struck Mrs. Triplett.

Authorities were told by persons inside the restaurant at the time of the shooting they could not see outside. Several persons outside Hall's restaurant said, however, they saw two men fleeing the scene of the shooting running down the railway tracks, but none could or would identify the two. Among those who saw the two was Deputy Sheriff Brock Craft, who did not know the cause of their haste, it was said.

The warrant for Shelby Triplett, member of a prominent Floyd-Knott family, was issued after it was definitely established, according to evidence supplied investigators, that he had been in Garrett during Saturday after a stay of several months in Ohio. He and Mrs. Triplett became estranged, months ago, after he had allegedly beat Mrs. Kelse Chaffins, his mother-in-law, for which act a peace warrant was sworn out for him here. The peace warrant was never executed.

Arnold Chaffins, questioned at the jail Monday night, admitted he was with Triplett on the night of the slaying, that Triplett sought the purchase of a revolver on their way down Rock Fork Creek toward Garrett. But under close questioning he became confused and unable to offer rational answers. He insisted he parted company with Triplett while they were on Rock Fork.

Surviving Mrs. Triplett are her parents, and the following brothers and sisters: Mrs. Mabel Foster, Mrs. James Reed, Mrs. Bert Craft, Mrs. Arnold Prater, Miss Velma Chaffins, Clayton and Hiatt Chaffins.

Funeral rites will be conducted Friday from the home of Mr. and Mrs. Kelse Chaffins, with burial at Garrett under direction of the Ryan Funeral Home.

Martin School Girl Pneumonia Victim Saturday at 13

An illness of only a few days of virus pneumonia resulted Saturday in the death at the Beaver Valley hospital, Martin, of 13-year-old Joan Johns, daughter of Mr. and Mrs. W. S. Johns, well-known Martin residents.

The victim was a freshman in Martin high school and was a favorite with all who knew her. She is survived by her parents, two sisters, Mrs. Marguerite Johns Pickle and Miss Betty Rose Johns, and two brothers, Charles Russell Johns and John Paul Johns.

Funeral rites were conducted today (Thursday) from the auditorium of Martin high school, the Revs. W. B. Garritt, Carl Layne and L. E. Wells officiating. Burial was made in the Samba cemetery at Harold, the Ryan Funeral Home directing.

War Department, through the office of the Quartermaster General, will supply next of kin full information and solicit their desires. "However," wrote Major James L. Prens, "it should be realized that this mission as a whole is world-wide in scope and of necessity time-consuming, but you may rest assured that this office will do everything in its power to fulfill them at the earliest possible date." Pvt. Terry, according to the official interment report supplied Mr. and Mrs. Terry, was interred in the Lisabreeny cemetery, Belfast, Ireland.

9-Year-Old Child Victim at Martin Of Rare Disease

Nine-year-old Mary Ousley, daughter of Mr. and Mrs. George Ousley, of Martin, died Wednesday morning at her parents' home, a victim of leukemia, a rare blood disease which frequently defies treatment.

The child had been ill for the last three months. Surviving are the parents, six brothers and three sisters. Funeral rites will be conducted at the Ousley home on Buck's Branch Friday, the Rev. A. J. Moore officiating, and burial will be made in the family cemetery at Dock under direction of the Ryan Funeral Home.

BOND DRIVE HOPES RISE

As Schools Assure Hill of Assistance; Sales at \$50,000

After gaining assurance of co-operation from all left Beaver Creek schools and the schools at Martin and Allen during a partial tour of the county Tuesday, County Judge E. P. Hill, chairman of the county's Victory Bond drive, said Wednesday that Floyd county's chances of reaching its \$767,000 quota are definitely brighter.

Purchase of \$100,000 worth of bonds by the Inland Steel Company, Wheelwright, also helped to brighten the situation, bringing the total of bonds bought in the county during the drive to around \$350,000.

Judge Hill expects to visit other schools of the county as soon as road conditions permit.

"The schools always have played a major part in Floyd county's bond drives," Judge Hill commented. "It looks like they will do it again."

ENLIST AID OF FBI AGENT

In Search for Clues After P'burg Stores Looted Last Thursday

Prestonsburg police and the County Attorney's office last week enlisted the aid of FBI Agent Caldwell, of Pikeville, in their search of clues to the identity of the person or persons who last Thursday night entered the I. Richmond Company and Union Wholesale stores here, taking with them merchandise the value of which may reach \$1,000.

A footprint in the mud outside the Richmond store apparently was the only clue left, and Caldwell made a plaster cast of this. Later, a shoe from the foot of a local man was sent along with the cast for comparison by experts.

County Attorney W. W. Burchett said the buildings were entered by some person apparently acquainted with their construction. Entrance to the Richmond store was effected through the basement and a hole was drilled at the exact spot necessary to enable the burglar to reach inside and lift a steel bar across the door. After going upstairs into the store, a hole was cut so that the Yale lock barring the door between Richmond's and the Union Wholesale could be turned.

From Richmond's already have been missed boys' suits, jackets, shoes, raincoats, gloves, shirts and other articles. The loot from Union Wholesale included cigarettes, shotgun shells and sardines.

Entrance to the two stores followed by a few days the looting of the Leader Store, less than a block from the scene of Thursday night's robbery, of merchandise valued at \$400 to \$600. Authorities expressed the belief the same thief participated in the robbery of all three firms.

Second P'Burg Boy May Win Regular Position on Famed Basketball Team

There's a definite possibility that two Prestonsburg brothers may be regulars on the famed Kentucky Wildcats basketball team this year.

One of the two, Bill Sturgill, a senior at the University, was a regular last year and has a guard position cinched. His "little" brother, Barkley (6 feet, 2 1/2 inches), already has substituted at forward and is an excellent prospect. Barkley, a freshman, was graduated from Prestonsburg high school last May and was a member of the Blackcat basketball team till he suffered a broken arm in the Big Sandy Conference tournament at Pikeville last winter.

The two are sons of Sheriff and Mrs. Troy B. Sturgill.

Here is the remainder of Kentucky's schedule for the 1945-46 season:

Dec. 7, Western Ontario at Lexington; Dec. 8, Western Ontario, at Lexington; Dec. 15, Cincinnati, at Lexington; Dec. 18, University of Arkansas, at Lexington; Dec. 21, University of Oklahoma, at Lexington; Dec. 29, St. John's, at New York City; Jan. 1, Temple, at Philadelphia, Pa.; Jan. 5, Ohio University, at Lexington; Jan. 12, Michigan State, at East Lansing, Mich.; Jan. 14, Xavier University, at Cincinnati, O.; Jan. 19, Tennessee, at Knoxville; Jan. 21, Georgia Tech, at Atlanta; Jan. 22, Notre Dame, at Louisville; Jan. 28, Georgia Tech, at Lexington; Feb. 2, Michigan State, at Lexington; Feb. 4, Vanderbilt University, at Nashville, Tenn.; Feb. 9, Vanderbilt University, at Paducah; Feb. 16, Tennessee, at Lexington; Feb. 19, Ohio University, at Athens, O.; Feb. 23, Xavier University, at Lexington.

Hays, Howell Move To Curb Appointive Rights of Governor

After the Democratic majority on the Legislative Council had failed to force Governor Willis a statement as to his fiscal policy, including the matter of repeal or retention of the state income tax, two Floyd county legislators moved to modify the Governor's appointive powers.

Representative Jerry F. Howell, of Gearheart, a Democratic member of the Council, said he and Democratic Senator Doug Hays, of McDowell, are in agreement that the Democratic majorities in both branches ought to consider the following bills:

1. To abolish the present one-man highway commission appointed by the Governor in favor of a commission of seven to nine members to be named by the Governor with ratification by the Senate.
2. To abolish the present three-man Republican Alcoholic Beverage Control Board, appointed by the Governor, in favor of a board of six, three Democrats and two Republicans, to be appointed by the Governor with ratification by the Senate.
3. To give the Senate general power of ratification over the Governor's major appointees.

The Governor has the unimpeded power of appointment and removal since the Reorganization Act of 1936 centralized wide authority in the Governor's office.

Representative Howell said he favors the broad principle of approval by the Senate of major appointments by the Governor. Now that the Senate is Democratic by 21 to 17, Howell said the time strikes him as opportune to amend the law in anticipation of the time when the Governor and a majority of the Senate will be from the same party.

The meeting of Senators was called Monday night by Senator Hays, chairman of the Ways and Means Committee at the 1944 session. On the agenda was discussion of party strategy and prospective candidates for the major offices of majority floor leader, president pro tem and clerk.

Moore on Second Team; Conference Tournament To Be at Betsy Layne

Prestonsburg landed one player, Charles Tackett, speedy halfback, on the All-Conference team as selected by Big Sandy Conference coaches and officials at Pikeville Sunday. The Paintsville Tigers, loop champions, placed three men on the mythical eleven.

On the second team, or honorable mention squad, Tommy Moore, Prestonsburg, also gained a berth.

The All-Conference eleven, selected without regard to position, follows:

Corky Kirtley, Harry Wheeler, Enoch Robinson, Paintsville; Bob Wright, Ewe Dawhare, Fleming; Bill Goff, Paul Blair, Pikeville; Bill Ross, Bobby McGuire, Hazard; Walter Shubert, Jenkins; Charles Tackett, Prestonsburg.

Given honorable mention were Jimmy Ramsey and Jimmy Hefner, Pikeville; Blake Jenkins and Mitchell Preston, Paintsville; Tommy Moore, Prestonsburg.

Betsy Layne was chosen as the scene of the 1946 conference basketball tournament to be played Jan. 24, 25, 26 and 27. Officials named were Edgar McNabb and Glenn Taylor, referees; Noble Newsome, scorer, and Adrian Collins, timer.

The draw was up, bracket, Martin vs. Van Lear; Wheelwright vs. Paintsville; Jenkins vs. Prestonsburg; Inez vs. Fleming. Lower bracket: Betsy Layne vs. Virgie; Elkhorn City vs. Pikeville; Pikeville Academy vs. Meade Memorial.

Conference officials voted to bar from all participation in league games or tournaments any referee or official seen or found betting on a conference basketball contest.

KY. WAR FUND QUOTA SHORT

As Close of Office Set for December 17; Final Reports Asked

"Unless Floyd county's citizens show by their contributions greater interest in the Kentucky War Fund and its purposes, the county will not exceed half of its \$1,250 quota," N. M. White, Jr., chairman of the drive in this county, said this week as he announced that War Fund headquarters will remain open here till Dec. 17 and no longer. Approximately \$5,000 has been contributed to date.

The decision to keep the office here open till a week before Christmas was prompted by a desire to give miners of the county a chance to recover from effects of the recent shut-down. Mines, schools and all other sources of funds are urged to report by date of closing of the office.

Lunch Room Here Feeds an Average Of 300 Each Day

An average of 300 Prestonsburg pupils are being fed daily at the lunch room in the basement of the grade school, the Parent-Teacher Association, sponsor of the school lunch program, announced this week. Co-operation of volunteer workers who are interested in the success of the program has been splendid, it was said. Fresh milk has been added to the lunchroom menu. Students are served lunch at a cost of 20 cents.

FLOYD CLUB ADDS TO AIMS

After Hearing Martin Plan for Combatting Youth Delinquency

Leading the round-table discussion at the rally of the Floyd County Club in the Martin high school auditorium last Thursday, James Salisbury, Martin high school principal, outlined the school's plan to open the school and gymnasium several nights weekly for recreational purposes as a move toward solving the juvenile delinquency problem.

As a result of Mr. Salisbury's statement, the Club added to its list of aims that of "Supervised play and recreation, the year round."

Although inclement weather limited the attendance, the school and community had made elaborate preparations for the rally which was marked by enthusiasm of members. A feature of the meeting was the music program rendered by members of the Martin school band, directed by Jesse Elliott.

Items of the program included:

A discussion by Prof. Monroe Wicker, Prestonsburg, club president, of the need for such a club; Palmer L. Hall's inspirational talk on the influence of one man or one movement; a talk by Charles Clumley, president of the Kiwanis Club, Prestonsburg, pointing to the need for advertising the county for industrial expansion; a discussion by Mrs. J. D. Mayo on "Health Aspects," an outline by Mrs. Palmer L. Hall of special features, projects and possibilities of the club; the stressing by Dr. C. L. Hutsinpler that "operation" as well as "inspiration" is essential; a talk by Carl N. Woods, principal of the Auxier school, urging the encouragement of veterans to return to school; the statement by L. C. McCloud, Martin Sunday School leader, to the effect that the spiritual side should receive most attention from the club, and Mrs. Joe Allen's talk on the influence of teachers on community life.

Dr. Hutsinpler announced that the next countywide program will be held in Prestonsburg, shortly after the holidays, by the Floyd County Fish & Game Club, one of the section's most active groups.

NO OTHER SUITS FILED BY LOSERS

Heavy Expenditure Of Money Alleged By Contestants

Second, and most important, of the two suits filed by defeated candidates at the November election against their victorious opponents was lodged in the Floyd Circuit Clerk's office Wednesday afternoon by Dial Salisbury, Republican, of Langley, naming Troy B. Sturgill, Democratic Sheriff-elect, of Prestonsburg, as defendant.

First of the pair was filed Tuesday when Mallie Conn, Republican candidate for Magistrate in District 4, filed suit against Dewey Roberts, Democratic Magisterial incumbent.

The Circuit Clerk's office closed Wednesday afternoon without other contest suits being filed.

Declaring he did not in any way violate the Corrupt Practices Act of the state, Salisbury, a former Floyd county Sheriff, charged Sturgill with contributing to a pool of "slush fund" of whiskey, intimidation and other means of violation. To these sums, his petition alleged, Sheriff Sturgill, his friends, relatives and supporters contributed and participated in to the extent of at least \$10,000 for the purpose of influencing voters for Sturgill.

Salisbury's petition was filed by John L. Harrington, Paintsville attorney; Conn's, by Joe P. Tackett, of Prestonsburg.

"Bribery, force and violence" were other means of "influencing" votes for Sturgill that Salisbury's petition cited. The contestant asked that he be declared the legally elected Sheriff.

Conn's petition, however, did not seek any such settlement. On the contrary, it merely asked that the election be held null and void and a vacancy in the office declared.

Conn alleged that a major portion of Roberts' votes was procured "directly as a result of . . . illegal expenditure by him and fraud and corruption perpetrated by him, his friends, relatives and supporters." He also charged that Roberts, with other Democratic candidates, planned and conspired to and actually did pool a large slush fund to be spent in the Fourth district, where, as a result, at least 700 votes were bribed in his behalf. Conn alleged, also, that on the day of the election his opponent "visited the various precincts of the district to check on the progress of his selected strikers and to supplement their funds if these were found falling.

The contestant in the Magistrate's race did not, however, state he did not violate election laws and he did not ask that he be declared the legally elected candidate.

Roberts received, according to the official tabulation, 1276 votes to Conn's 1058. In the Sheriff's race Sturgill's vote was tabulated at 6,530; Salisbury's at 3,614.

FLOYD CLUB ADDS TO AIMS

After Hearing Martin Plan for Combatting Youth Delinquency

Leading the round-table discussion at the rally of the Floyd County Club in the Martin high school auditorium last Thursday, James Salisbury, Martin high school principal, outlined the school's plan to open the school and gymnasium several nights weekly for recreational purposes as a move toward solving the juvenile delinquency problem.

As a result of Mr. Salisbury's statement, the Club added to its list of aims that of "Supervised play and recreation, the year round."

Although inclement weather limited the attendance, the school and community had made elaborate preparations for the rally which was marked by enthusiasm of members. A feature of the meeting was the music program rendered by members of the Martin school band, directed by Jesse Elliott.

Items of the program included:

A discussion by Prof. Monroe Wicker, Prestonsburg, club president, of the need for such a club; Palmer L. Hall's inspirational talk on the influence of one man or one movement; a talk by Charles Clumley, president of the Kiwanis Club, Prestonsburg, pointing to the need for advertising the county for industrial expansion; a discussion by Mrs. J. D. Mayo on "Health Aspects," an outline by Mrs. Palmer L. Hall of special features, projects and possibilities of the club; the stressing by Dr. C. L. Hutsinpler that "operation" as well as "inspiration" is essential; a talk by Carl N. Woods, principal of the Auxier school, urging the encouragement of veterans to return to school; the statement by L. C. McCloud, Martin Sunday School leader, to the effect that the spiritual side should receive most attention from the club, and Mrs. Joe Allen's talk on the influence of teachers on community life.

Dr. Hutsinpler announced that the next countywide program will be held in Prestonsburg, shortly after the holidays, by the Floyd County Fish & Game Club, one of the section's most active groups.

NO OTHER SUITS FILED BY LOSERS

Heavy Expenditure Of Money Alleged By Contestants

Second, and most important, of the two suits filed by defeated candidates at the November election against their victorious opponents was lodged in the Floyd Circuit Clerk's office Wednesday afternoon by Dial Salisbury, Republican, of Langley, naming Troy B. Sturgill, Democratic Sheriff-elect, of Prestonsburg, as defendant.

First of the pair was filed Tuesday when Mallie Conn, Republican candidate for Magistrate in District 4, filed suit against Dewey Roberts, Democratic Magisterial incumbent.

The Circuit Clerk's office closed Wednesday afternoon without other contest suits being filed.

Declaring he did not in any way violate the Corrupt Practices Act of the state, Salisbury, a former Floyd county Sheriff, charged Sturgill with contributing to a pool of "slush fund" of whiskey, intimidation and other means of violation. To these sums, his petition alleged, Sheriff Sturgill, his friends, relatives and supporters contributed and participated in to the extent of at least \$10,000 for the purpose of influencing voters for Sturgill.

Salisbury's petition was

IN MEMORIAM

In memory of our dear, loving son and brother, who died of a wound in Germany Dec. 3, 1944—1st. Lt. Darwin Caudill.

Our precious loved one, how we miss you. This lonesome year just gone by; Oft I seem to hear your footsteps, Oh, how I wish you could be nigh.

Our darling one, who died in Germany. His loving face we can see no more; In our home his place is vacant, Which can be filled no more.

Our darling son, we often heard from, Hoping for his soon return, Until we received that awful telegram. Then we knew it was all done.

Now our darling one awaits us in heaven, awaiting there for our return; His work on earth now is over, And his victory has been won.

Our darling one we can never forget you. Those comforting words you always wrote, Don't worry too much about me, It won't be long till I'll be home.

Darwin, how we miss you, God only knows. The sound of your voice shall onward go; Your loving smiles we can never forget, The sound of your footstep lingers yet.

I pray that Christ, our blessed Savior, He is whom we all adore, Took him in His arms of rescue, As he crossed that peaceful shore.

My darling son, I long to meet you When my work on earth is o'er, For I know our earthly meeting Can be here no more.

Sadly missed by all. Dad, Mother and Girls, Daisy and Dorothy, and Dallas Caudill, Somewhere in the Pacific. (Adv.)

A Great Financial Bulwark For Our Own and Our Country's Future

One of the brightest facts of the war effort is that many billions of dollars have been saved and are now in possession of the people. Eighty-five million Americans have bought War Bonds and are hanging on to them and have seventy-five million bank accounts, too.

These savings can mean much to the future welfare of our country and ourselves. They will permit us to spend more of our current income once goods become plentiful again. The savings themselves can be used to tide us over emergencies and for such things as new homes. Thus the savings of the war years and the months immediately ahead can contribute to demand for goods, busy factories and jobs later on. Save now while goods are scarce and the threat of rising prices continues. Buy Victory Bonds.

Help the nation's efforts to keep your living costs DOWN, the buying power of your dollar UP.

HERE'S PEACETIME BUSINESS

The magic of the mind is imagination. Imagination transformed America from a wilderness to the greatest industrial and agricultural power on earth. Imagination—plus courage and determination beat the Germans and the Japs.

Imagination will help win the peace, too. For winning the peace can be summed up in one word, prosperity! Yes, prosperity for all and prosperity means jobs. Who makes jobs?

They come from American enterprise. And the Telephone Company is proud to be a part of that enterprise. Because thrilling days lie ahead—big days that mean future prosperity for Kentuckians.

The 3,326 men and women of the Telephone Company in Kentucky are now putting into effect the greatest expansion program in their history in this state, calling for an expenditure of millions of dollars. Their imagination did not go to sleep during the war years. It remained awake at the drawing boards.

Blue prints are leaping to life with telephones for all who have been waiting for them, just as fast as we can secure the equipment. This is one of our top jobs! Telephones for our farmer and rural friends are also being swiftly scheduled. A greatly expanded long distance service is in process, too. It will include the installation of coaxial cables so we can handle more calls with greater speed and convenience for you, and provide more facilities for television. A lot of construction is to be done and a new service to motor vehicles is also in the offing.

What does it all mean? For one thing, it means a continuation of the pleasant, progressive partnership of the people of Kentucky and the people of the Telephone Company. Telephone folks are happy to be a part of this vast program that will lend so much impetus to the state's own industrial and agricultural expansion plans. As we see it, the future beckons Kentucky with a busy, prosperous hand!

Hymnal selections sung by the group included "Come Ye Thankful People," "America the Beautiful," "Count Your Blessings," "Bringing in the Sheaves," "Rejoice, Ye Pure in Heart," and "The Doxology." ELECTRICAL APPLIANCES

WHEN?

On the basis of our observations, we cannot see more than a trickle of appliances flowing into the market within the next few weeks.

HOWEVER

Once production really gets rolling good, appliances will be available in ever-increasing volume, and we don't advise our customers to grab at the first thing that comes along, but rather to exercise a little patience and select a product of proven quality, even if it means a few weeks delay.

About Advance Orders

This is a problem to which we have given much thought. We have come to the conclusion that we should not accept advance orders until we have complete samples on display and the customer can see what he is going to get and know what he will pay, thus assuring customer satisfaction. Another factor that influences our decision not to accept advance orders at this time is

THE RETURNING WAR VETERAN

If all dealers should accept advance orders for appliances, this man would have to wait longest for needed home conveniences and we feel that most people will agree with us that this must not happen. In fairness to all we will, therefore, hold in reserve a fair percentage of our first shipments for these men.

We shall, as always, do our best to serve our customers in a fair and equitable manner.

SERVICE

Before the war there were not more than two or three appliance dealers in Floyd county. These few dealers were able to take care of the normal service requirements of the appliances they sold. Now, it is a different story. Because of the pent-up demand, every known (and unknown) appliance will be for sale right here in our county. Some of these new dealers will continue in business and be in position to take care of service on the products they sell. Others will quit when the demand has been met and leave their customers without a local service outlet. So you can see that while it is important what make of appliance you buy, it is also most important FROM WHOM YOU BUY.

Will they be in business when you need service? If so, will they be fully equipped to handle any service problem? Some will—many won't.

Morell Supply Company has been in business in the same location for over 45 years. We have placed orders for over \$4,000 worth of service equipment. We are placing in charge of our Service Department a World War II veteran with three years' experience repairing radios on the battlefronts. All-American Red Heads To Play at Wayland, Jan. 8

Left to right—Reynolds, Daniels, Haines, Nabors, Purkey, McGee, Love

Olson's All-American Red Heads, the only traveling girls basketball team ever to be featured in both LIFE and PIC magazines will play a picked men's team at Wayland high school gymnasium at 7:30 p.m., January 8.

This, the world's greatest aggregation of girl net stars, is coached by Ole Olson of Olson's Terrible Swedes. The Red Heads exhibit their artistry while playing under straight men's rules.

Ranging in height from 6 feet, 4 inches to a mere 5-10, the girls are the only players of their sex to tour the Philippines and the Orient where they defeated 18 men's teams. This visit of the world's championship girls team promises basketball fans of this section a rare sports treat.

"Me...I'm staying in the Army!"

THERE ARE PLENTY OF REASONS... AND HERE THEY ARE!

"First, I keep my present grade. That means a lot.

"By reenlisting for 3 years I can pick my own branch of service in the Air, Ground or Service Forces, and can go to any overseas theater I wish.

"I get my mustering-out pay, even though I'm reenlisting. Also, I get \$50 a year reenlistment bonus for each year I've been in the Army. My dependents receive family allowances for the full term of my enlistment. And I'll be eligible for GI Bill of Rights benefits when I get out of the Army.

"My food, clothes, quarters, medical and dental care are all supplied to me. And I can learn any of 200 skills or trades in the Army schools.

"All of us who are reenlisting are going to have from 30 to 90 days' furlough at home with full pay and our travel paid both ways. And we'll have 30 days' furlough every year with pay.

6 "Any time after 20 years I can retire at half pay increasing year by year to three-quarters retirement pay after 30 years of service. And the time I've already served in active military or naval service counts toward my retirement time. Added up—reenlistment seems pretty sound to me!"

JANUARY 31, 1946 AN IMPORTANT DATE FOR MEN IN THE ARMY

MEN now in Army who reenlist before February 1 will be reenlisted in present grade. Men honorably discharged can reenlist within 20 days after discharge in grade held at time of discharge, provided they reenlist before February 1, 1946.

You may enlist AT ANY TIME for 1 1/2, 2 or 3 year periods. (One-year enlistments for men now in the Army with at least 6 months of service.)

Announcement Made Of Her Engagement To Lieutenant Burke

STILL (PERIOD)
J. D. Thomas, the other day, gave forth with a cryptic statement as to the whereabouts of a do-nothing citizen. Said he: "He's still here—and here, still."

READ IT AGAIN
An old and respected friend writes to protest against this column's recent comment on the proposed removal of the Columbian Fuel Corporation office from Prestonsburg. The point at issue appears to be our use of the expression, "shunted aside like an old shoe."

My friend interpreted the statement as being applied to the company in its relation with its employees. Either he read too rapidly or I am guilty of ambiguity. The article mentioned the fact that Unemployment Compensation is protection to workers from being "shunted aside like an old shoe, without pay, when they outlive their usefulness or when no longer needed by their employers."

Columbian was not accused of shunting aside old workers. The allusion was to Prestonsburg and Floyd county being cast aside as something whose usefulness is no more.

Columbian's relations with its employees and the public in general have been very pleasant, which is one reason why we wanted the company to stay with us. Had it been otherwise, we might have said, "Good riddance."

GIFT FROM ABOVE
"Chick" Howard, our Third street neighbor, was unusually thankful, Thanksgiving. He didn't have turkey but a goose came out of the heavens just in time for the occasion. That's right—a wild goose made a three-point landing in his backyard and waddled around just long enough to get captured.
