SELF-REGULATION

In time of war...

Kentucky brewers prepared themselves for the contingencies of war long before we were drawn into conflict. In 1940, when Selective Service became effective, they augmented their efforts through the Kentucky Committee in all military training areas. Their effective work in helping maintain wholesome conditions in licensed retail beer outlets in those areas drew high praise from military and public officials, from the press and from civic leaders. Through its Army and Navy Cooperation Program, work in military areas vsas carried out diligently since its inception.

At the same time brewers did not relinquish their supervision of licensed retail beer outlets in nonmilitary areas. Their self-imposed and farsighted program of public service went on uninterrupted.

KENTUCKY COMMITTEE UNITED STATES BREWERS FOUNDATION

STATE DIRECTOR 1523 HEYBURN BLDG. LOUISVILLE

a WHAS program dedicated to helping Kentucky regain her true greatness

Only Kentuckians can restore Kentucky's greatness! Are you cognizant of the vital facts about conditions in our beloved State? Do you realize the value of a blueprint for Kentucky's tomorrow? Are you being blinded by the lustre of history from seeing present problems? To bring the facts to you, WHAS created and developed a weekly radio program to awaken Kentuckians to action.

"Wake Up, Kentucky" is a dramatic presentation of facts as reported by The Committee for Kentucky from its exhaustive research by experts. Some of the facts and figures are not pretty, or pleasing, nor do they bring a glow of pride to our faces, but they are accurate and authentic. Built around a typical Kentuckian, Boone Walker, kindly, resourceful, the confidant of all who know him, this intensely interesting program portrays in vivid word pictures the problems Kentucky faces in health, education, housing, welfare, its constitution, natural resources, labor, industry, agriculture, and taxation.

For an informative, interesting, thought-stirring, entertaining quarterhour listen to "Wake Up, Kentucky" every Monday evening at 6:30 -840 on your dial-on Kentucky's clear channel

Floyd County's Party-

Presents to the People...

ALEX L. DAVIDSON

FOR COUNTY ATTORNEY:

County Attorney at present, Mr. Bur-

chett has no opposition for re-election and

that is as it should be-for he has done an

outstanding work at a difficult job. His full

strength is behind the Democratic ticket-

which, also, is as it should be. He not only

is a good public official but also a good cit-

izen whose interest in the county extends

beyond the mere duties of his office.

the people's appreciation of his war service will

be rewarded by honest service.

The voters of Floyd county are offered for their consideration at the November 6 election a ticket unexcelled--if, indeed, equalled--by any group of candidates for county and district office in the long history of the party in Floyd, the Mother county of the Big Sandy region.

These men, by experience, education, training and service to their county as citizens, are eminently qualified to give Floyd county an administration of the several offices in such manner that all the people will benefit and know that they are a part of local government.

We respectfully ask that you men and women of the county consider them from every angle, especially with a thought to the future of the county and your individual communities.

And Please Remember . . . IT'S BETTER TO BE SAFE THAN SORRY!

We submit THIS ticket-and challenge the opposition to match, even approach it-

FOR CIRCUIT JUDGE

EDWARD P. HILL

Although Judge Hill has no opposition in this final election, he graces a fine Democratic ticket and without reservation gives it his full support. His record as your County Judge for two terms and the long and honorable record of his father, Ed Hill, before him, need no comment. His record as your Crcuit Judge, we assure you, will be one of which every citizen, Democrat or Republican, cannot but be proud.

Again the Democratic party offers a candidate of distinction who is without opposition in the coming election but who, hailing from the traditionally Democratic county of Knott, just naturally joins in the fight for the ticket's complete November victory. He is the present County Judge of Knott county, and has done an outstanding job in that office and will give the people real service as Commonwealth's

CHRIS CORNETT Attorney.

No Circuit Court Clerk in the history of Floyd county has given better service and done all his work so obligingly as has Mr. Cooley. He has been unfailingly friendly with all people at all times, his office is in excellent shape and he will, by reason of his experience during his first term of office, be better equipped to give you even better service during the next six years.

BILL COOLEY

BILL BIGGERS

FOR REPRESENTATIVE, Dist. 96:

If he had never done anything but father the bill providing for treatment for sufferers of the dread disease, tuberculosis, Bill Biggers would have done an outstanding work-an achievement few Kentuckians can equal. Such legislation is the type which helps those who need help most. In other legislative work Mr. Biggers has been equally progressive—in the matter of good roads, better pay for teachers, etc-and the people owe it to themselves to return him

Representative Howell occupies the highest position ever attained by a Floyd countian in the state House of Representatives. As a member of the Legislative Council, he is largely responsible for the entire legislative program of the House. A former teacher, his friendship to the teachers, the aged and the workers has been often tried and never found wanting. While in the Legislature he has steadily grown stronger with the folks back home—and that is all the commentary that is needed.

JERRY FONCE HOWELL

FOR COUNTY JUDGE:

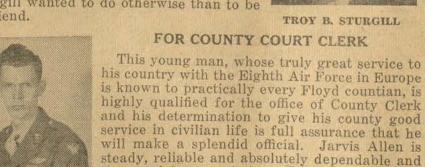

Few men in Floyd county know their county and its people better than Mr. Davidson, and none is more interested in their problems. He has, by virtue of his work in the banking business at Prestonsburg and with the local schools, an intimate knowledge of finances and various problems the public must meet. Moreover, he is the type of fellow common folks will be glad to meet and tell about their needs.

WOODROW BURCHETT

A one-word description of Mr. Sturgill, above all others, is this: "Friendly." At election time, after the election or between elections, folks find the present Sheriff of this county always friendly—never too busy to stop for a chat or to do a kindly turn for others. His record as Sheriff is outstanding. He has not only preserved law and order and carried on the manifold other duties of his office but has done all this in such manner that no citizen could feel that Troy Sturgill wanted to do otherwise than to be

FOR SHERIFF:

JARVIS ALLEN

FOR TAX COMMISSIONER

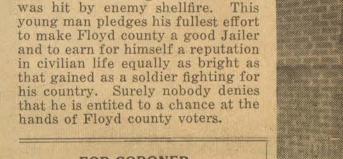

Mr. Akers, the party's nominee for reelection, is another Democrat without opposition in the November election. He, however, is very much in the campaign, helping his ticket to pile up the greatest Democratic majority in the county's history. His record as Tax Commissioner has been outstanding. His experience will enable him to improve during the next four years on the service given in his first term of office.

CLIVE AKERS

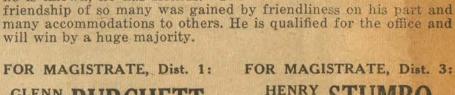

FOR JAILER

Another veteran of Word War II is Mr. Collins and he now wants to serve at home as he did in Africa where he lost a leg when his tank

the ticket because he is wellknown and because, wherever he is known, he has friends. The

One of the best Magistrates Floyd county ever had, Mr. Burchett emerged from the recent primary the party's nominee for a second term. The people of his district appreciate his sound business sense, his willingness to help in any matter that is right and his ability to say "No" when asked to do the wrong thing.

FOR MAGISTRATE, Dist. 2:

As is the case in most Magistrate races in this county, Mr. May had a number of opponents in the August primary but his friendliness and the spirit of sportsmanship he showed in this race left his opponents feeling he was their friend. Young, energetic, a success in his own business, he is the type of man needed to represent the thousands of people in this magisterial district.

FOR MAGISTRATE, Dist. 3:

EVERETTE COLLINS

The party's nominee for re-election, Mr. Stumbo is widely known for his honesty and his ability to protect the people's rights. He has never sought to enrich himself at the taxpayers' ex pense and he has never permitted and other person to do this. Henry Stumbo, member of one of the county's biggest Democratic families, remains "one of the boys" to all his friends-and they are many, as the primary election returns will prove even to the rank stran-

FOR MAGISTRATE, Dist. 4:

No better Democrat or citizen can be found in Floyd county than Mr. Roberts who has served his district with eminent ability. Alive to every need of his district, he is always on his toes, never asleep when something can be done for his section of the county. He is close to his people and they stick close to him. No change would help-no change will be made!

Space does not permit comment on each Democratic candidate for Constable, but we unhesitatingly commend each of these men to you as officers who will be sensible at all times and afford the greatest protection with the least possible offense to the people:
