THURSDAY

MINES REMAIN IDLE; PARLEY IS CONTINUED

Foreman Union Issue Is Pressed by UMWA Head During Talks

All major coal-producing mines of this section remained idle this week while industry and labor representatives continued through today (Thursday) their talks seeking a compromise of the strike which has affected six states.

In this county one or two truck mines continue to operate, it was said.

The coal walkout, involving 183,000 miners and nearly half of the country's soft coal production, is the biggest of scores of labor disputes keeping 451,000 workers off the job.

Union Chief John L. Lewis proposed that the strike would be ended if the operators would negotiate on the recognition issue. But the operators came up with a condition—

The miners' chieftain objected to making a letter from Secretary of Labor Schwelienbach, interpreting the agreement, a part of the agreement itself. The operators oppose foremen's unionization because, they contend, foremen are part of the management.

Strikes grew more widespread as Secretary Schwelienbach sought to bring an agreement between the operators and the United Mine Workers. Another 82 mines shut down during Wednesday.

The miners' dispute which has choked off production of almost a million tons of coal daily and restricted steel production involves the following number of miners:

79,500 in West Virginia; 60,475 in Pennsylvania; 27,200 in Kentucky; 8,500 in Ohio; 8,500 in Tennessee; and 5,000 in Indiana.

CATS EMERGE UNDEJECTED

From 54-7 Defeat At Hazard; Prep For Jenkins Tilt

Though suffering a 54 to 7 defeat at Hazard in their first football game of the season, Prestonsburg's Black Cats were anything but dejected as they prepared this week for Saturday's tilt at Jenkins.

The boys played better ball than the score indicates, suffering from their own mistakes resulting from inexperience. Hazard scored four touchdowns in the last five minutes of play on intercepted passes as Prestonsburg recklessly took to the air in an effort to score.

The Prestonsburg touchdown was scored by "Moon" Bradley, fullback, after a sustained drive of 80 yards during which only one pass, a toss caught by Hill for an 18-yard gain, was attempted. Bradley converted by plunging off tackle.

Pilot Is Unscathed In Crack-Up Here

Harold Sammons, Prestonsburg flier, emerged unscathed from a crack-up at the flying field on the Auxier road, near here, Tuesday afternoon after maneuvering his plane back to the field when engine trouble developed while 2,000 feet over Prestonsburg.

The plane, a Piper Cub owned by Gene Auxier, Pikeville, was considered a total loss after landing trees at the south end of the field. Sammons said an investigation revealed ice in the carburetor of the engine caused the crash.

BELGIAN GIRL TELLS THANKS

For War Fund Aid; Drive in Floyd-co. To End October 31

To thank the school children of Kentucky as well as those of other states represented in the National War Fund, a little girl in Belgium wrote a touching letter, sent by Kentucky War Fund, this week to N. M. White, Jr., Floyd county chairman of the final Kentucky War Fund campaign now in progress. (Part of the funds raised will go to the people of liberated countries in Europe after the USO and USO-Camp Shows and other service agencies for our men are underwritten.)

The Belgian girl wrote: "I am a little girl living in a school for orphans in Rochefort, Belgium. I am now an orphan because my parents were killed by the Germans. We have only black bread and potatoes. They are dry and not good but clothing, we have not at all. My only dress is ragged and our shoes have no soles."

"So you can imagine what eyes we opened when we arrived your gift! We jumped and laughed and clapped our hands as we danced around the parcels and admired one by one the nice things."

"Many thanks to all our little sisters in America. We have learned to love your country, to admire your soldiers, to highly respect your President. Many thanks for the gifts, but many thanks too for the kind idea of sending them. We pray God to reward you for us. We shall thank you for us and give you happiness for the joy you gave us."

Because of the cessation of work in mines throughout the county, the Kentucky War Fund drive will be continued until Oct. 31, Mr. White said. "Floyd county, let us let the boys in the Army of Occupation and those in hospitals too ill to be sent home, know that we have not forgotten them," Mr. White appealed. "We can do this by giving our contribution to the War Fund drive. This will enable our boys to still have the USO and USO-Camp Shows and United Seaman's Service. This is the last War Fund drive that we expect to have, so let us all help make it go over the top. The funds we raise now will carry on this work till January, 1947."

Contributions received to date, in addition to the \$1,045 from the Princess Elkhorn Coal Company local already on hand, total \$80.

P'BURG COPS FIRST GAME

Early Attack Wins Sunday Over Drift; Teams To Meet Here

With the exception of one last-gasp home run smash in the ninth inning over the left field fence by "Squire" Henry Stumbo, Drift's league-leading team never had a chance against Prestonsburg at Drift Sunday in the first of a "best two out of three" series to determine the Big Sandy league baseball championship.

Prestonsburg won, 8 to 1, behind brilliant hurling by Patton, slender righthander, with steady, sometimes sensational, fielding helping him out of his few tight spots. The veteran Kit Stumbo was off form, wilder than usual and was hit hard at opportune moments.

Championship First Aid Team

The first aid team of the Utilities Elkhorn Coal Company, Martin, amassed the perfect score of 1500 points to win first place honors at the recent Big Sandy-Elkhorn safety meet at Pikeville.

Standing, left to right—Harry McCarty, captain; Sammie Hughes, Tom Hampton, I. C. Peters, Parker Brown, Walter Hornsby, superintendent; kneeling, Elliott Murphy.

FORMER WESTERN UNION MANAGER HERE BRINGS 'MISSING' HUSBAND BACK FOR VISIT WITH FRIENDS

Lt. Col. Richard C. Kadel and his wife, Mrs. Kathryn Curd Kadel, who was here two years ago as Western Union Telegraph Company office manager, working to occupy her mind and hands while hoping against hope for her husband's fate on Bataan, were recent guests of friends here.

"I owe my life to these Filipinos, who took me away when I could walk no more, who bathed my wounds and fed me and secured medical assistance and finally took me to a place of safety till I could walk again," Lt. Col. Kadel told his friends here.

After nearly three years of awaiting the jangling of friends again on Luzon—months during which death hung over his every step—Kadel came barefooted from the hills of the island to meet landing American forces. With him he carried a spotless khaki shirt and trousers. "I had them with me when I left Bataan and carried them with me wherever I went," the officer said. "I wore them sometimes at guerrilla military ceremonies, but saved them mainly for this day which I always felt confident would come."

The Kadels, happily together again, are soon to return to Prestonsburg for another visit, Mr. Salisbury said this week.

WATER PLANTS GET APPROVAL

Allen and Maytown Systems Installed, Total Is Now Six

Installation of two modern water systems was completed last week at Allen and Maytown, bringing the total number of approved water plants in the county to six.

The new systems are the plant at Allen, installed by Herman Porter, and that of the Maytown consolidated school.

Both systems were approved by the State Board of Health and the Floyd County Health Department last week. The Allen system was installed at a cost of approximately \$7,000. The Maytown school water supply was provided at an estimated overall cost of \$9,000.

Salt That Saved Pioneer Costs Coal Firm Thousands

PRINCESS ELKHORN INSTALLING SYSTEM TO REMOVE SALT FROM DRINKING WATER SUPPLY FOR ITS MINING CENTER AT DAVID

One man's drink is another man's poison, as the Princess Elkhorn Coal Company at David on Middle Creek knows from bitter experience—and Princess Elkhorn is now doing something about the matter.

The salt lick which is credited by historians with probably saving the life during the winter of 1767-68 of Daniel Boone while he and a companion, William Hill, camped at the present site of David has cost the company around \$25,000 a year since the mining town was founded in 1941.

For the company has drilled between 12 and 15 water wells there and none has been satisfactory. Most have filled with salt water—in all probability, from the same source whence came the salt that figured indirectly in Boone's settlement of Kentucky.

Meanwhile, the company has been buying approximately 350,000 gallons of water a month from the Prestonsburg Waterworks and having it hauled the 11 miles from Prestonsburg to David by truck at an estimated expense of \$25,000 a year.

Unidentified Man Held in Jail Here Booked As Insane

Held in the county jail here on a sanity charge is a man who is uncertain about his name and apparently knows nothing of whence he came or whether he is going.

His only explanation of his activities in the means of a cellmate was, "I'm eating the peaches easiest to pick."

The prisoner, a man of about 25 years, short, florid of countenance, whose ears have been frost-bitten, was booked as Theodore Bartlin after he had given various names. His fingerprints were sent to the Federal Bureau of Investigation, Washington, D.C.

The man was arrested here Friday by Prestonsburg police.

PRE-INDUCTION CALL FOR 97

Call for October 17th By Draft Board 45 Is Among Heaviest

Ninety-seven registrants have been notified by Draft Board 45 at Martin to report for pre-induction examination Wednesday, Oct. 17, for one of the heaviest pre-induction calls to be made by either of the county's selective service boards in months.

Names and addresses of selectees notified follow:

HUNTER, DOGS DIE TOGETHER IN GLO WOODS

Smith's Body Found Tuesday; Had Been Missing 28 Hours

A tragedy of the woods was uncovered early Tuesday afternoon when Dick Smith, 67-year-old farmer-hunter, missing since Monday morning, was found dead with his two dogs atop the mountain near Glo where hunter and dogs had apparently walked into a "live" high-tension line.

The story of tragedy was mutely but plainly told by the surroundings, Coroner Brady Shepherd indicated in describing the scene. A tree had blown onto a 6,600-volt power line leading to the mine of the Glogora Coal Company. Smith's badly burned body lay diagonally across the line; one of his dogs lay behind him a few feet, the other lay ahead, about the same distance—both deeply burned, one with two legs burned away.

Coroner Shepherd expressed the opinion that Smith had been dead "at least 24 hours when found." His clothing had been burned from his body.

Less than 10 feet away from the hunter's body lay an opossum which had either been caught and killed or which had come in contact with the "live" wire before or after Smith's death.

The body was found by Raleigh Melvin, Elmer Harris and Ray Fannin after a search of several hours had been made over the hills surrounding Glo where Smith resided. A coroner's jury held that Smith's death was accidental.

Smith lived alone and spent much of his time, hunting. He is survived by two sons and one daughter, Russell Smith and Mrs. Mack Keaton, of Glo, and John Smith, of Morgan county. Funeral rites were conducted at Glo Wednesday and burial was made under direction of the Arnold Funeral Home.

Mrs. Charles Rowe Is Cancer Victim Tuesday at 38

Mrs. Clara Vanhose Rowe, 37 years old, wife of the Rev. Charles Rowe, died at her home here Tuesday afternoon, a victim of cancer following a long illness.

Mrs. Rowe was a daughter of William Vanhose, of Hueysville, and had many friends in the county. She and her family moved here two years ago from Estill, where they resided for several years. Surviving, besides her husband and father, are eight children: Grace, Sylvia, Charles, Clarence, James, Forrest, Dorothy, Ruth, Jackie Dairrel and Babe Rogers. Mrs. Rowe, of Prestonsburg, three brothers and two sisters also survive: Ed, of Glo; Nathan, Wayland; J. C. Martin; Mrs. Harrison Castle, Estill; Mrs. Floyd Taylor, Hueysville.

Funeral rites were conducted this morning (Thursday) at 11 o'clock, the Rev. Scott Daniels officiating. Burial here was directed by the Arnold Funeral Home.

In Lecture Series For Students Here

Sponsoring Vocational Guidance in the high school here, the Prestonsburg Kiwanis Club has designated leading Prestonsburg business and professional men to deliver a series of lectures at the high school chapel period on Wednesdays.

First lecture of the series was delivered by C. H. Corbin on Mining Engineering Wednesday of last week, and some of the old kettles used in making salt there are still in this county.

Local tradition has it that salt, in those early days, was so scarce that one early settler, Sam May, paid \$5 for two pints of this mineral that has been the bane of this modern mining town.

ONLY GRAVEL IS PROMISED

For Middle Creek Route, Yet Hope Not Abandoned

County Attorney W. W. Burchett said this week that only results gained to date by efforts of Floyd county officials to have the State Highway Department give the Prestonsburg-Salersville road black-top surfacing was a promise of 500 tons of gravel.

Mr. Burchett emphasized, however, that hope of traffic-bound surfacing of the route, one of the most important in this section, has not been surrendered and that officials still think the highway department may decide to make the present gravel surface traffic-bound.

Other highway improvements in the valley include patching of weak spots in the concrete of Route 23 between Prestonsburg and Paintsville—and there are many of them—and closing of Route 23 at the point of the old detour on the Paintsville-Louisia road during surfacing of the Trail.

East side of Route 23 between Prestonsburg and Paintsville is, for a matter of miles, a series of road-blocks while "patch-work" is being done.

SUCH A PROBLEM
The young uns, nowadays—now, don't they awful. No respect for their elders, running hit and run, after-skitter, no sense of responsibility, impudent and impervious to advice. What can the Younger generation amount to?

A majority of the older folk today all sound their plaints about the youngsters along that line. But there's nothing original about such fare-talk. It was about 3,000 years ago when another older, the Greek poet Hesiod, hauled off and gave with this sage observation about the young folks back then:

"I see no hope for the future of our people if they are to be dependent upon the frivolous youth of today. For certainly all the youth are reckless beyond comparison and nominated much beyond their years. When I was a boy, we were taught to be discreet and respectful toward our elders, but the present youth are exceeding wise and impatient of restraint."

IN WHICH WE ESCAPE THE HOSS-WHIP

If editors didn't have so much of the other sort of thing to bear, they probably wouldn't be so anxious to read and then print for others to read the kind words folks sometimes say or write.

Now, with that obvious excuse in mind, we offer you the following from Mrs. Gilbert Dewart, Snyder county editor of the Sunbury (Pa.) Daily Item:

"Reading your paper is just like a visit home to me, and it is not because I know the folks you write about that I enjoy it. I have wonderful subjects in those people, they are the kindest and most amorous people on earth and take an interest in life and the other folks around them that make being with them a vivid experience. But I sided to them are your own humor, insight and intelligence which make your paper unique. I don't have a word from the New York Times to Selingsgrove Times-Tribune, and this is my favorite."

And this girl is my favorite correspondent!

OD INJUN

With the Occupation Army in the mountain mountains now is one Sgt. Alton who accepts from THE MES force the nickname, "Big Red," so completely that when he is to visit this point, he would solemnly lift his hand and with a pan utter the one word, "How."

Last week, I received from him a remembrance of those long-stemmed cigars of Austrian models. And I think this note: "Peace pipe. From the Chief!"

INNOCENT-OUR GUILTY

Folks tell us they read this column why, for the life of us we couldn't say. Anyday the Prestonsburg parent-teacher Association, having harder time of it, apparently, than a teacher-parent organization would have in a modern community, has asked for space here. And I give it gladly. The P.-T.A. meets on third Thursday nights when am busiest. And I don't want to see anybody else trying forth with an excuse for failure to attend.

NOTICE

NOTICE is hereby given that I, by order of the common council of the city of Prestonsburg, Floyd county, Kentucky, will at the door of the city hall of Prestonsburg, Floyd county, Kentucky, between the hours of 9:00 and 10:00 o'clock in the forenoon, on the 15th day of October, 1945, offer for sale to the highest and best bidder and receive bids for the right, privilege, franchise and authority to acquire, maintain, construct and operate in, above, under, across and along the streets, thoroughfares, alleys, bridges and public places (as the same now exist or may hereafter be laid out) of the city of Prestonsburg, Floyd county, Kentucky, lines, poles and equipment for the distribution of electric energy, either by means of overhead or underground conductors, with all the necessary or desirable appurtenances, for the purpose of supplying electric energy to said city and the inhabitants thereof, and persons or corporations beyond the limits thereof, for light, heat, power, and any other purpose or purposes for which electric energy is now or may hereafter be used, and for the transmission of the same within, through or across said city, subject to the following conditions, viz:

- (a) Said lines and appurtenances shall be constructed so as to interfere as little as possible with the traveling public in its use of the streets, thoroughfares, alleys, bridges and public places. The location of all poles or conduits shall be made under the supervision of the proper board or committee of the city government.
- (b) The right, privilege and franchise shall be in full force and effect for a period of twenty (20) years from the date of the ordinance granting such franchise.
- (c) The grantee of such franchise shall save the city harmless from any and all liability arising in any way from negligence in the erection, maintenance or operation of said lines and appurtenances.
- (d) Whenever the grantee of this franchise shall begin the erection of any lines or other equipment, it shall promptly and diligently prosecute the work to completion and leave the streets, thoroughfares, alleys, bridges and public places where such work is done in as good condition of repair as before such work was commenced.
- (e) Wherever in such franchise, either the city of Prestonsburg or the grantee of such franchise is referred to, it shall be deemed to include the respective successors, or assigns, or either, and all rights, privileges and obligations contained in such franchise shall be binding upon and inure to the benefit of the respective successors and assigns of said city, or said grantee, whether so expressed or not.
- (f) The grantee of such franchise may make such rules and regulations governing the furnishing of said electric energy as may be fair and reasonable and consistent with the standard practice of the grantee. Said grantee may charge such rates for electric service as shall be fair and reasonable. The said grantee shall render service under said franchise of like quality, that is, adequate, efficient and reasonable, to that now being rendered to said city.

Every person or corporation, other than the present holder of the existing electric franchise in the city of Prestonsburg, that is to say, Kentucky & West Virginia Power Company, Incorporated, shall first deposit with the treasurer of the city of Prestonsburg, cash or certified check drawn on a bank of this Commonwealth, or on a national bank, in the amount of Two Thousand (\$2,000.00) Dollars, which is five (5 pct.) percentum of the estimated cost of the plant required to render the service, as estimated by the common council from the value certified by the Kentucky State Department of Revenue, which check or cash in the sum of Two Thousand (\$2,000.00) Dollars shall be forfeited to the city of Prestonsburg in case the bid should be accepted and such bidder making such deposit shall fail for thirty (30) days after the confirmation of the sale to pay the price bid, and to give good and sufficient bond in a sum equal to one-fourth of the fair estimated cost of the plant to be erected as aforesaid; and said bond shall be conditioned that it shall be enforceable in case the party giving it should fail within a reasonable time to establish a suitable plant for rendering the service and to begin rendering the service in the manner set forth, according to the terms and conditions thereof.

This provision shall not apply to any person or corporation already owning in said municipality a plant and equipment sufficient to render the service required under the terms and provisions thereof.

The city reserves the right to reject any and all bids.

Nine from Wheelwright At District Club Meet

Wheelwright, Ky., Oct. 9 (Spl)—Nine members of the Wheelwright Woman's Club attended the 27th annual meeting of the Seventh District of the Kentucky Federation of Women's Clubs which was held at the Jenkins Methodist Church October 6.

Delegates from Wheelwright were Mrs. F. E. Conley, Miss Margaret Motter and Mrs. T. J. Parker. Others from the Wheelwright club to attend the meeting were Mesdames Stephen W. Clark, M. C. Hahan, Cora S. McHone and E. R. Price.

Highlights of the meeting were the address of Mrs. R. E. Jensen, president of the Kentucky Federation of Women's Clubs, and the luncheon talk of Miss Chloe Gifford, of Lexington, who is second vice-president of the Kentucky Federation of Women's Clubs. Miss Gifford, a versatile speaker, spoke on "Peace Our Responsibility".

At the conclusion of the all-day meeting, the guests were invited to the Jenkins Woman's Clubhouse where they were served tea by members of the Jenkins Woman's Club. A display of hooked rugs, made by club women of the district, was examined and appreciated by the guests.

Next meeting of the Wheelwright Woman's Club will be held October 13 in Community Hall. Guests will be members of the Lackey-Garrett Club who will be served a covered dish supper.

Mrs. Blaine Smith entertained members of her bridge club Thursday evening, Oct. 4. Three tables were in play and members playing were Mesdames L. S. Becker, Stephen W. Clark, C. B. Hanger, Cora S. McHone, J. T. Parker, E. R. Price and H. O. Zimmerman and Anna B. Smathers. Guests were Mesdames Harry Hostetter, of Myersdale, Pa., Hunter Thomas and Misses Margaret Motter, of Frederick, Md., and Miss Sarah Clay Stephens, of Prestonsburg.

High prize was won by Mrs. Anna B. Smathers; second high by Mrs. E. R. Price; bingo by Mrs. J. T. Parker and high guest prize by Mrs. Harry Hostetter. At the conclusion of play a salad course was served by the hostess. Tea guest was Lt. Margaret Becker.

SELF-REGULATION

A high aim....

Throughout the centuries beer and ale have been recognized as beverages of moderation. Kentucky brewers are determined that such a reputation shall be maintained by seeing to it that wholesome surroundings prevail in every retail outlet in the State.

For over five years Kentucky brewers have voluntarily supported the Kentucky Committee of the United States Brewers Foundation whose field men call regularly on all licensees and outline clearly the principles of their program and all regulations governing the sale of beer and ale. When an occasional non-observance of rules is discovered, prompt and effectual action is taken. *Self-Regulation works.*

Waterproof clothing—thanks to chemicals—will mean new jobs.

Molded furniture—through chemicals. More jobs for workers.

Unscuffable shoes—made possible with chemicals. Still more jobs.

Goodbye to mosquitoes—with chemicals. Still more jobs.

Making Postwar Jobs—Out of Chemicals

WHAT WILL the employment situation be — now that Victory has been won? Will there be enough jobs for returning soldiers, sailors, war workers?

No one can say, exactly. But this we do know: business management, in scores of industries, has long since laid plans for new products, new ventures, new services, that will make jobs by the thousands by creating new demands.

Take the chemical industry. Not only will it continue as one of America's basic job-makers, but from chemical research have come scores of new products that will mean thousands of new jobs in the

future—products many of which were little more than dreams before the war.

Imagine your home rid of moths and mosquitoes. Specially treated clothing that will let you stroll in the rain and stay perfectly dry. Chemically treated pine furniture, hard as ebony, on which scratches and blemishes will not show.

Think of scuffproof shoes. Or shrink-proof woollens. Of window screens that won't rot or rust. All these things—and many others—will increase the demand for chemicals — and demand for goods makes jobs.

The chemical industry is only one of

many along the Chesapeake and Ohio, the Nickel Plate, and the Pere Marquette that have planned for postwar employment.

And, now that the war is over, the chemical industry and other industries throughout the country will put into operation their plans for the jobs and opportunities all of us want.

Jay Bates, Leonard Little and Mr. and Mrs. E. E. Hall were shopping in Prestonsburg Saturday.

HUEYSVILLE

Home with his parents, Mr. and Mrs. Green Bailey, of Handshoe, is S/Sgt. Elden Bailey, on leave and soon to go to Camp Aterbury, Ind., where he expects his army discharge. S/Sgt. Ralph Mullins recently wrote his mother, Mrs. Leora Mullins, that he is en route home from the Philippines.

Following is an excerpt from the commendation transmitted to Pvt. Curtis Hicks, Jr., of Hippo, near here: "The enclosed certificate is awarded you in recognition of meritorious and outstanding performance of military duty in supply operation during this period" (the period between December 17, 1944 and January 3, 1945, during the offensive in the Ardennes).

A. J. Coburn has received a letter from his son, S/Sgt. Edgar W. Coburn, stating he is en route home from Germany and that he would sail from England about Oct. 4. His sister, Mrs. Violet Mullins, Dayton, O., is already here to welcome him home.

Ashland Bradley has purchased a house and lot in Low Gap, near here, and will soon build an addition to the house before moving there.

WEST GARRETT

Pvt. Willie B. Boyd spent several days at home on leave with his wife and baby, Mrs. Beatrice Boyd and Bradley, Jr. He has been stationed at Camp Croft, S.C., where he received his basic training. He will report back to Ft. Riley, Kansas.

Rev. L. S. Wells has returned to the hospital for treatment. His friends wish for him a speedy recovery.

Sgt. Everett Osborne is at home on a 90-day furlough with his parents, Mr. and Mrs. W. E. Osborne, of Eastern, Everett, who had been honorably discharged from the army, re-enlisted for three more years.

Donald May and Miss Pauline May had as their guests Saturday night Misses Juanita May, Janet Webb, Shirley Martin and Bill Stapleton.

Mrs. J. H. Allen, Mrs. Elizabeth Baker and Mrs. Maurice Vaughan were shopping in Hazard Saturday.

Ashland Salisbury and Hester Salisbury are visiting their parents, Mr. and Mrs. George Salisbury. They are both in the armed forces.

Major Ed Sutton, Jr., wife and baby, of Washington, D.C., spent several days here last week with his parents, Mr. and Mrs. Ed Sutton. Major Sutton is stationed in Washington with the post-war aviation department.

Mrs. Jack Crow and son, Joe, of Cincinnati, accompanied Major and Mrs. Ed Sutton, Jr., home to spend a few days with their parents, Mr. and Mrs. Ed Sutton, and their sister, Mrs. Helen Snoddy.

Miss Leoria Hall, of Wheelwright, has been visiting her sister, Mrs. T. J. Hagans.

John Ratliff has arrived home after three and a half years in the European theater of war. He was also in the army two years, prior to going overseas. His fiancée, Miss May Fisher, of New Brunswick, N.J., accompanied him home. He met Miss Fisher three years ago while he was stationed at Camp Kilmer, N.J. They were united in marriage at the residence of his brother, Jim Ratliff, of Dwale, the Rev. Hall officiating. They are staying with his mother and his sister, Miss Bess Ratliff, in Maytown. Mr. Ratliff will return to his duties after a 90-day furlough. He has re-enlisted in the army for three years.

DRIFT

A group of parents and teachers attended the organization of the Drift Parent-Teacher Association Wednesday evening. Mrs. Oliver Elam discussed how to make the P-T.A. a success. Next meeting will be held the first Wednesday in November.

Students who have enrolled in college for the fall term are: June, Audrey and Violet Turner, Rex and Ralph Martin, E. R. Osborne, at the University of Kentucky; Love Clark, Eastern State Teachers College, and Virginia Ann Hewlett, Berea College.

Mr. and Mrs. Ernest Turner, Mrs. Roy Cook, Betty and Jimmy Paul Turner were business visitors in Lexington Monday.

Mr. and Mrs. Oliver Elam spent last week-end in Lexington.

Mrs. Curt Stumbo has been a substitute teacher for the second grade teacher, Mrs. Georgia Davis, who is visiting her mother, Mrs. Fanny Salisbury, in the Stumbo Memorial hospital at Lackey.

Buster Turner, of the army, spent a few days visiting relatives and friends here.

Mrs. Edyth Hopkins visited friends in Garrett and Maytown Saturday.

The P-T.A. is giving a party at the Drift school Saturday, Oct. 13, at 7 o'clock.

Miss Ruby Akers spent the weekend in Ashland.

Hancock on Destroyer Anchored in Tokyo Bay

Bill Hancock, Jr., 22, of Lackey, has the good fortune to be part of the great allied naval armada now anchored in Tokyo Bay. He is a SF 1/c aboard the USS Wedderburn (DD634), a plucky destroyer with an action-packed record in the Pacific. She led the advance unit to the Yokosuka Naval Base anchorage, so Bill was one of the first men to enter Tokyo Bay in a warship of the U.S. navy.

Hancock has been in the navy almost five years and in the South Pacific for the last two years.

Floyd County's Party-- THE DEMOCRATIC PARTY--

Presents to the People...

The voters of Floyd county are offered for their consideration at the November 6 election a ticket unexcelled--if, indeed, equalled--by any group of candidates for county and district office in the long history of the party in Floyd, the Mother county of the Big Sandy region.

These men, by experience, education, training and service to their county as citizens, are eminently qualified to give Floyd county an administration of the several offices in such manner that all the people will benefit and know that they are a part of local government.

We respectfully ask that you men and women of the county consider them from every angle, especially with a thought to the future of the county and your individual communities.

And Please Remember... IT'S BETTER TO BE SAFE THAN SORRY!

We submit THIS ticket--and challenge the opposition to match, even approach it--

FOR CIRCUIT JUDGE

EDWARD P. HILL

Although Judge Hill has no opposition in this final election, he graces a fine Democratic ticket and without reservation gives it his full support. His record as your County Judge for two terms and the long and honorable record of his father, Ed Hill, before him, need no comment. His record as your Circuit Judge, we assure you, will be one of which every citizen, Democrat or Republican, cannot but be proud.

FOR COMMONWEALTH'S ATTORNEY

Again the Democratic party offers a candidate of distinction who is without opposition in the coming election but who, hailing from the traditionally Democratic county of Knott, just naturally joins in the fight for the ticket's complete November victory. He is the present County Judge of Knott county, and has done an outstanding job in that office and will give the people real service as Commonwealth's Attorney.

JOHN CHRIS CORNETT

FOR CIRCUIT COURT CLERK

No Circuit Court Clerk in the history of Floyd county has given better service and done all his work so obligingly as has Mr. Cooley. He has been unfailingly friendly with all people at all times, his office is in excellent shape and he will, by reason of his experience during his first term of office, be better equipped to give you even better service during the next six years.

BILL COOLEY

FOR REPRESENTATIVE, Dist. 96:

If he had never done anything but father the bill providing for treatment for sufferers of the dread disease, tuberculosis, Bill Biggers would have done an outstanding work--an achievement few Kentuckians can equal. Such legislation is the type which helps those who need help most. In other legislative work Mr. Biggers has been equally progressive--in the matter of good roads, better pay for teachers, etc--and the people owe it to themselves to return him to Frankfort.

BILL BIGGERS

FOR REPRESENTATIVE, Dist 97:

Representative Howell occupies the highest position ever attained by a Floyd countian in the state House of Representatives. As a member of the Legislative Council, he is largely responsible for the entire legislative program of the House. A former teacher, his friendship to the teachers, the aged and the workers has been often tried and never found wanting. While in the Legislature he has steadily grown stronger with the folks back home--and that is all the commentary that is needed.

JERRY FONCE HOWELL

FOR APPELLATE JUDGE:
P. H. VINCENT

Experienced and qualified for this post, Judge Vincent is equally experienced in other fields of service. A World War I veteran, he is a former District Commander of the American Legion, former County Judge of Boyd county and State Representative.

FOR COUNTY JUDGE:

Few men in Floyd county know their county and its people better than Mr. Davidson, and none is more interested in their problems. He has, by virtue of his work in the banking business at Prestonsburg and with the local schools, an intimate knowledge of finances and various problems the public must meet. Moreover, he is the type of fellow common folks will be glad to meet and tell about their needs.

ALEX L. DAVIDSON

FOR COUNTY ATTORNEY:

County Attorney at present, Mr. Burchett has no opposition for re-election and that is as it should be--for he has done an outstanding work at a difficult job. His full strength is behind the Democratic ticket--which, also, is as it should be. He not only is a good public official but also a good citizen whose interest in the county extends beyond the mere duties of his office.

WOODROW BURCHETT

FOR SHERIFF:

A one-word description of Mr. Sturgill, above all others, is this: "Friendly." At election time, after the election or between elections, folks find the present Sheriff of this county always friendly--never too busy to stop for a chat or to do a kindly turn for others. His record as Sheriff is outstanding. He has not only preserved law and order and carried on the manifold other duties of his office but has done all this in such manner that no citizen could feel that Troy Sturgill wanted to do otherwise than to be a friend.

TROY B. STURGILL

FOR COUNTY COURT CLERK

This young man, whose truly great service to his country with the Eighth Air Force in Europe is known to practically every Floyd countian, is highly qualified for the office of County Clerk and his determination to give his county good service in civilian life is full assurance that he will make a splendid official. Jarvis Allen is steady, reliable and absolutely dependable and the people's appreciation of his war service will be rewarded by honest service.

JARVIS ALLEN

FOR TAX COMMISSIONER

Mr. Akers, the party's nominee for re-election, is another Democrat without opposition in the November election. He, however, is very much in the campaign, helping his ticket to pile up the greatest Democratic majority in the county's history. His record as Tax Commissioner has been outstanding. His experience will enable him to improve during the next four years on the service given in his first term of office.

CLIVE AKERS

FOR JAILER

Another veteran of Word War II is Mr. Collins and he now wants to serve at home as he did in Africa where he lost a leg when his tank was hit by enemy shellfire. This young man pledges his fullest effort to make Floyd county a good Jailer and to earn for himself a reputation in civilian life equally as bright as that gained as a soldier fighting for his country. Surely nobody denies that he is entitled to a chance at the hands of Floyd county voters.

EVERETTE COLLINS

FOR CORONER

ALLEN TRIPLETT

Mr. Triplett adds strength to the ticket because he is well-known and because, wherever he is known, he has friends. The friendship of so many was gained by friendliness on his part and many accommodations to others. He is qualified for the office and will win by a huge majority.

FOR MAGISTRATE, Dist. 1:

GLENN BURCHETT

One of the best Magistrates Floyd county ever had, Mr. Burchett emerged from the recent primary the party's nominee for a second term. The people of his district appreciate his sound business sense, his willingness to help in any matter that is right and his ability to say "No" when asked to do the wrong thing.

FOR MAGISTRATE, Dist. 3:

HENRY STUMBO

The party's nominee for re-election, Mr. Stumbo is widely known for his honesty and his ability to protect the people's rights. He has never sought to enrich himself at the taxpayers' expense and he has never permitted any other person to do this. Henry Stumbo, member of one of the county's biggest Democratic families, remains "one of the boys" to all his friends--and they are many, as the primary election returns will prove even to the rank stranger.

FOR MAGISTRATE, Dist. 2:

JOHN MAY

As is the case in most Magistrate races in this county, Mr. May had a number of opponents in the August primary but his friendliness and the spirit of sportsmanship he showed in this race left his opponents feeling he was their friend. Young, energetic, a success in his own business, he is the type of man needed to represent the thousands of people in this magisterial district.

FOR MAGISTRATE, Dist. 4:

DEWEY ROBERTS

No better Democrat or citizen can be found in Floyd county than Mr. Roberts who has served his district with eminent ability. Alive to every need of his district, he is always on his toes, never asleep when something can be done for his section of the county. He is close to his people and they stick close to him. No change would help--no change will be made!

Space does not permit comment on each Democratic candidate for Constable, but we unhesitatingly commend each of these men to you as officers who will be sensible at all times and afford the greatest protection with the least possible offense to the people:

Yes, he does ride cheap!

RIDING THE RODS or running a business, it's easy enough when you don't have to pay the freight. You simply get a free ride at somebody else's expense.

Maybe you run a store or service station or dress shop. Would you like to have a next-door competitor who has little or no rent, or taxes, or interest to pay, and who is kept in business partly by your tax money?

Yet this is what happens with government and municipal electric power systems. They're not required to pay federal taxes; often get money from the public treasury at little or no interest; make up losses out of your pocket as a taxpayer.

Meanwhile, on the average, America's business-managed electric companies turn back to the people as taxes about 25c out of every dollar received. And these companies—owned and operated by millions of folks like you—meet all other obligations without benefit of special privileges.

Today, these tax-paying, self-supporting companies supply over 80% of the tremendous amount of electric power produced in America... enough to meet the gigantic demands of war and still take care of civilian needs.

Better yet—at a time when most things cost more—business-managed companies still deliver electricity at low pre-war prices. This record is your assurance that cheap, plentiful, dependable electric power will be yours in the post-war era.

MADE BY RUMFORD

Up from the Meadows Rich with Corn

ONCE again the folks who feed the nation are harvesting one of the great crops of our history, and the record-breaking harvest of these war years has been produced by fewer people maintaining top production on more and more acres.

The progress that has been made in agriculture in recent years is almost unbelievable—corn yields of well over 100 bushels an acre, a rarity a few years ago, are now common; the production of ton-litters of hogs in less than 6 months after farrowing is no great problem now; hens that lay more than 200 eggs a year are not hard to find; and there are dairy cows with records of well over 30,000 pounds of milk and 1,000 pounds of butterfat annually.

All of these advances in the production of food have played an important part in the building of America to its present greatness and to victory in the war.

Back in the days of George Washington, one farm family was able to produce enough food for itself and one other family. Today each farm family in America can produce its own food and enough for 19 other families. This tells the story of the American harvest. And it is a story unique in world history.

We at Swift & Company salute our farmer and rancher friends for their great achievements and we are proud to have had a part in the preparation and distribution of the fruits of the harvest to Americans everywhere.

BUY VICTORY BONDS

THE EDITOR'S COLUMN

When the war began, Swift & Company adopted the following wartime policy:

"We will co-operate to the fullest extent with the U. S. Government to help win the war. We will do everything possible to safeguard the high quality of our products. Despite wartime difficulties, we will make every effort to distribute available civilian supplies to insure a fair share for all customers everywhere."

Under the present conditions, meat packers

know that there is no profit advantage in shipping meat long distances as compared with selling it nearby. OPA regulations set prices, by zones and areas, that meat packers may charge for beef, lamb, veal and pork. The United States is divided into ten zones for beef, lamb and veal and five for pork. Each has its own base price for each kind of meat. Additions to the base price are allowed for transportation and local delivery. These allowances are the very minimum and in many instances do not cover the actual cost of transportation, icing, and shrinkage.

Consequently, meat packers are better off when they sell close to their producing plants. In general, the net money they receive is greater the closer to the plant the sale is made. But despite this, Swift & Company has voluntarily adhered to its wartime policy of fair distribution. Starting in July 1945, all meat packers were required by OPA regulations to distribute their meats to the same areas they did the first three months of 1944.

SOFT CORN INTO HARD CASH

Corn that gets "cooked" by frost before it matures is still valuable feed, especially for cattle. Here are several ways to turn soft corn into hard cash, listed in the order of their value to the feeder: (a) Make ear-corn silage. (b) Feed ears with stalks, chopped or shredded. (c) Turn cattle and hogs into standing corn. (d) Leave in field and pick ears as needed rather than risk spoilage in storage.

Three main precautions in feeding soft corn are: (a) Change to soft corn ration gradually. (b) Feed a protein supplement. (c) Feed before freezing weather, if possible.

We'll be glad to tell you where to get detailed information on soft corn feeding. Write Swift & Company, Department 128, Chicago 9, Illinois.

"IDLE" LAND IN SOUTH PRODUCES BEEF

The beef cattle population in North Carolina has nearly doubled in recent years. And even so-called "idle land" is being put to profitable use, particularly in the Coastal Plain. Pasture feeding trials conducted by the Agricultural Experiment Station and cooperating agencies demonstrate that even reeds can be pastured the year round, provided protein supplements are added during the winter months. The result of one of these trials is interesting—400-pound steer calves were turned into a reed area that was not grazed during the summer. They were fed a supplement of 4 pounds of cottonseed meal per head daily. From November to May these

calves made an average gain of 120 pounds. In May they were turned into another reed pasture, and they made an additional average gain of 140 pounds by November on reeds alone.

In another North Carolina 80-day feeding trial, 90-pound pigs, self-fed shelled corn and a supplement of equal parts of cottonseed meal, peanut oil meal and soybean oil meal, plus ground limestone and salt, made an average daily gain of 1.77 pounds and gained 100 pounds for each 415 pounds of feed consumed.

Here's Work For the Future

WE WANT every Kentuckian to know our future plans. For Kentucky and the Telephone Company have been working closely together for many years.

"What's coming up?" Quite a lot—the greatest expansion program in the history of the telephone in Kentucky as soon as materials are available.

It means spending millions of dollars to provide telephones for all who have been waiting for them. This is one of our first jobs! A greatly expanded telephone program for our farmer friends is also in process. Expansion of long distance service is being scheduled too. It will include the installation of coaxial cables to handle more calls with speed and convenience for you, and provide more facilities for that exciting visual art—television. A mass of construction is to be done and a new service to motor vehicles is also in the offing.

What does it all add up to? For one thing, it means more opportunity for the returning veteran, for all Kentuckians. It insures an adequate telephone system for Kentucky and that is essential to the state's growth. Each gives impetus to the other, as our friendly relationship has in the past.

More work for the future. That's what it means, when you analyze it, and Kentuckians have a knack of getting at the heart of things. They like to see the marshalling of Men, Money and Materials; that American combination which put Kentucky out in front, and keeps it there.

Yes, there's prosperity in work. And prosperity means happiness for Kentuckians. As for the 3,326 men and women of the Telephone Company in Kentucky, we face the future with confidence!

The Mailed Fist of MARS has Ceased Pounding

Temporarily at least, human flesh and nerves and the human spirit have gained surcease from the ceaseless hammering of Mars the war lord. Restful peace has settled once again on the world.

Now, it is the duty of us all to see the aims of this nation carried forward to gain a lasting peace... to make our country prosperous... to render the entire world a fit place for civilized men and women and their children...

Sound investments, economy, support of the nation which among all others is great—these are our bits of advice to our friends and customers.

BOB HOPE cracks wise to a wounded G.I. in the South Pacific, while troupe looks on. Though most of the stars donate their time, they make up only 3% of U.S.O. camp-show entertainers, the rest are paid about half their regular scale. Your dollars will help send entertainment to thousands of wounded, to cheer them on in their fight back to health.

MARLENE DIETRICH autographs the cast of a wounded G.I. in a Belgian hospital. U.S.O. will send 1500 entertainers overseas in 1945. It now has 16 stock companies in Europe, including a whole company that's giving "Oklahoma!" Your money can help them give a lift to millions of war-weary boys.

FRED ASTAIRE dances for G.I.'s in the palace gardens of Versailles. To keep up morale of troops stationed in occupied countries after war's end, the army has asked the U.S.O. to quadruple its activities. Every dollar you give will help bring home closer to G.I.'s everywhere.

LILY PONS, famous star of the "Met" and the movies, sings to battle-weary doughboys. Many U.S.O. shows have performed within 500 yards of the front lines. Six days after D day, the U.S.O. put seven camp shows on the Normandy beaches to cheer our men during the invasion.

Your gift brought them the stars themselves

LAST year, on every fighting front throughout the world, U.S.O. entertainers were busy bringing the U.S.A. closer to our fighting men.

Dozens of stars, in addition to those pictured above—as well as 1500 other U.S.O. entertainers—have given more than 300,000 performances, bringing fun and relaxation to 2,000,000 of our fighting men every week.

Commenting on this record, generals and admirals have been lavish with their praise. But today, they point out, with millions of men doing occupation duty in Europe—men who cannot be brought home for some time—the need for morale-building activities has become tremendously greater.

That's why the Army asked the U.S.O. to quadruple its efforts, following V.E. day. And that's why your support of the U.S.O. is today more urgently needed than ever before.

When you give to the U.S.O., and other agencies of the National War Fund, through your local

community campaign, you also help support many other services to our fighting men and allies. You help provide books and sports equipment for Americans held prisoners of war—medicines and surgical materials for our allies—help for men of our Merchant Marine.

And over and above all these things, your gift to your Community War Fund will support many human services right here in your own city. So, when you give this once, for all these great causes, give your *best!*

By virtue of a judgment and order of sale of the Floyd Circuit Court rendered and entered at the September term, 1945, in the above-styled cause I shall proceed to offer for sale at the courthouse door in Prestonsburg, Ky., to the highest and best bidder, at public auction, on the 22nd day of October, 1945, at 1 o'clock p.m., same being the first day of the regular term of the Floyd County Court, upon a credit of six months, the following described property, to-wit:
Lying and being on Abner Fork of left Beaver Creek, in Floyd

county, Ky., beginning on a marked stone in the center of Abner Fork at Willie Akers' line; thence with Willie Akers' line, crossing the bottom to a marked stone at the state highway; thence up Abner Fork to a marked stone; thence up to Fanny Akers' line and Ira Newsom's line to a marked stone; thence with Ira Newsom's and Myrtle Tackett's line crossing the bottom to a marked stone in the center of Abner Fork; thence down Abner Fork center to the beginning corner, a marked stone.

Excepting and excluding from said tract of land the following two tracts:
Beginning on corner of Fanny Akers and G. W. Newsome and Bessie Newsome line; thence running across the bottom with the G. W. Newsome and Bessie Newsome line to a planted stone near the Abner Fork branch; thence out to the center of Abner Fork branch; thence run-

ning down the branch as it meanders 50 feet to opposite a planted stone near the branch; thence to the planted stone; thence a straight line across the bottom to Fannie Akers' line; thence running up with said line 50 feet to the beginning, so as to include all the land in said boundary.

Beginning on a stake highway at fence; thence running with fence to light pole; thence a straight line to center of Abner Fork branch; thence running down the center of branch as it meanders to Janie Harris' line; thence running with said line to state highway; thence running with said state highway to the beginning point so as to include all the land in said boundary.

For the purchase price the purchaser must execute bond with approved surety or sureties, bearing legal interest from the day of sale until paid and having the force and

effect of a judgment with a lien retained upon said property as a further security. Bidders will be prepared to comply promptly with these terms.

Given under my hand, this 1st day of October, 1945,

TRADES COUNCIL ENDORSES BIG SANDY CANALIZATION

BUILDING AND CONSTRUCTION TRADES COUNCIL OF HUNTINGTON AND VICINITY
Affiliated with the American Federation of Labor
HUNTINGTON, WEST VIRGINIA

October 5, 1945

Mr. Randolph Bias, Chairman Publicity Committee, Big Sandy Valley Association, Ashland, Ky.

Dear Sir:

We, the members of the Huntington Building & Construction Trades Council composed of delegates of nineteen Local Unions of the American Federation of Labor, have read with more than usual interest your letter in the Herald-Dispatch of Sunday, September 30th on the proposed development of the Big Sandy waterway.

We realize that this great Nation has been built up in a comparatively short time from a total wilderness, by improving the land, developing our natural resources, developing and improving methods and means of transportation and inventive genius.

The American Federation of Labor has always stood for advancement and improvement industrially, educationally and commercially: The Huntington Building & Construction Trades Council have gone on record as supporting your suggestion and will be glad to lend any assistance possible in helping to secure for Southern West Virginia and Eastern Kentucky the development of this waterway, providing, of course, that the U.S. Army Engineers determine it can be made to work efficiently, which will no doubt cause an unprecedented growth for this territory, and further, it provides an excellent post-war project which is of great importance at this time.

We are notifying the Huntington Chamber of Commerce and the City Council of our stand in this matter in opposition to theirs. You may feel at liberty to use this in any paper within the scope of the proposed project.

Yours for improvement and advancement,
Huntington Building & Construction Trades Council

How Huntington Backs Its So-Called Trade Area

Huntington business men boast that their city is THE HEADQUARTERS CITY for the Logan and Big Sandy Districts and the Chesapeake & Ohio Railway.

Here is the way they are backing up their so-called Trade Area in the Big Sandy Valley, through their Chamber of Commerce. Resolutions of Huntington Chamber of Commerce:

WHEREAS, the United States District and Division Engineers have recommended to the Board of Engineers for Rivers and Harbors the canalization of the Big Sandy River, including its Tug and Levisa Forks, at an initial cost of \$65,000,000, and an annual maintenance cost in excess of \$600,000, all of which would be paid from the public funds derived from the taxpayers, including the Chesapeake & Ohio and Norfolk & Western Railway Companies, with which the waterway thus created at public expense would directly compete, to be used as a free waterway for the handling of coal and other commodities which are now being adequately handled by the Railway Companies above mentioned; and

WHEREAS, this canal will yield nothing to the local, state or federal governments by way of taxation, and would divert business from the taxpaying railroads now serving the territory proposed to be served by this canal and would result in the use of public funds to establish direct competition with these railroads which have for more than three-quarters of a century contributed a large part in the development of Southern West Virginia and its business; and

WHEREAS, in view of the staggering debt of the United States, the expenditure of the sums of money required to be expended to provide these facilities is entirely unjustified, particularly when the cost of the annual maintenance of this canal will greatly exceed any revenue which could possibly accrue to the United States therefrom; and

WHEREAS, the operation of the canal in direct competition with the Chesapeake & Ohio Railway Com-

pany which has a line on the west side of the Big Sandy River and the Norfolk & Western Railway Company, which has a line on the east side of the Big Sandy River, both of which parallel the river and adequately serve the territory east and west thereof, will result in a diversion of business from these carriers, a reduction of revenue and employment to both of them, particularly to the Chesapeake & Ohio Railway Company which has many thousands of employes between Huntington, West Virginia, and Russell, Kentucky, where its largest yards and repair shops are maintained, is obviously contrary to the public interests and particularly contrary to the interests of the above named rail carriers and their employes.

NOW, THEREFORE, BE IT RESOLVED: That the Directors of the Chamber of Commerce of the City of Huntington, Cabell County, West Virginia, declare themselves unqualifiedly opposed: (1) to the canalization of the Big Sandy River and the Tug and Levisa Forks thereof as contrary to the public interests, and particularly to the interests of this community; (2) to employing public funds to construct and maintain the public transportation facility in direct competition with existing and adequate transportation facilities; (3) an unjustified increase in the national debt and public expenditure for the creation and maintenance of additional and unnecessary transportation facilities; and

BE IT FURTHER RESOLVED: That a copy of these resolutions be transmitted to the Board of Engineers for Rivers and Harbors and to the West Virginia Senators and Representatives and that the West Virginia Senators and Representatives be asked to oppose this project.

Certified copy of Resolution passed by the Board of Directors of the Chamber of Commerce of Huntington on Monday, September 10, 1945.

Managing Director Cerezo-Kenova is also ambitious to become THE HEADQUARTERS CITY for the Sandy Valley and both their Chamber of Commerce and City Council have passed similar resolutions. Whose chestnuts are they pulling out of the fire? THE BIG SANDY VALLEY ASSOCIATION

cluding a triple by Patton, a hit batsman, an error at first, and a stolen base. Second of the two hits, a single to left by Hall, was the pay-off blow. Thereafter, Vasvary easily held Prestonsburg in check.

A big, well-behaved crowd saw the game. Second of the series will be played here next Sunday.

Miss Jarrell, Mr. Hall Wed at Paintsville

The marriage of Miss Lorraine Jarrell, daughter of Mrs. Joe Jarrell, of Prestonsburg, to Mr. I. N. Hall, Jr., son of Mr. I. N. Hall, of Banner, was solemnized in Paintsville on Monday, Oct. 1.

The bride is a graduate of Prestonsburg high school and attended Georgetown College. She completed a commercial course at the State Vocational School, Paintsville, and is now a teacher in the Floyd county schools. Mr. Hall is a graduate of Betsy Layne high school and only recently returned from overseas where he spent three years in the army air corps.

Following the ceremony, the couple left on a wedding trip. They will enter the University of Kentucky, Lexington, the second quarter.
