Teachers in Initial Section Meet Friday With 40 Attending

First of a series of sectional teacher meetings was held at Betsy Layne Friday night, with 40 rural teachers attending and hearing discussions of pupil and teacher problems. Other similar meetings will be held in the county following the Christmas holidays. Superintendent Palmer Hall said.

At the initial meeting speakers were:

V. O. Turner, principal of the Maytown consolidated school and chairman of the panel session; the Rev. William White, of Betsy Layne, who pointed to the need for more spiritual training in the schools; Earl Hays, Betsy Layne Vocational Agriculture teacher, who outlined a plan whereby rural teachers may procure free materials to use in the teaching of Agriculture; Dr. Marvin Ransdell, director of the Floyd County Health Department, with a discussion of the importance of morning health inspections in the schools and the keeping of weight records of pupils; Glenn Anderson, head of the U.S. Employment Service office here, who gave figures on the educational attainments of those seeking employment through USES; Deputy Sheriff Harold Conn, who cited specific juvenile cases in this county, stressing more thorough knowledge of both children and parents by the teacher, necessitating more home visits by the teacher; Mrs. Grace L. Conley, of Bonanza, with ideas on schoolroom beautification; George L. Moore, principal of the consolidated school, McDowell, with a discussion of citizenship and the task of getting the pupil ready for high school.

Superintendent Hall gave an analysis of problems discussed at the meeting. A general discussion of problems followed.

W'Wright Woman's Club In Christmas Program

Wheelwright, Ky., Dec. 16 (Spl.)—Mesdames John W. Rupe, Lyman Jones, E. R. Price and J. H. Cantrell entertained the Wheelwright Woman's Club last week at the Community Hall, with Mrs. F. P. Allred in charge of the Christmas program. Guests were greeted by little Frances Paige Allred, who was dressed to represent a miniature Santa.

The Fine Arts committee announced plans of bringing to Wheelwright as a guest of the club, in March, a violinist from the Metropolitan Opera Association, Inc. but definite plans remain to be made.

The need for ceiling projectors used in veterans' hospitals for the entertainment of patients was discussed and the club contributed \$15 toward one projector.

The club contributed \$20 to the drive for funds to fight tuberculosis and Mrs. Arthur Bradbury, president, urged all members to invest liberally in Christmas seals. Mrs. Wayne Ratliff was welcomed as a new member and Mrs. Harry Pendrey, a former member of the Garrett-Lackey club, now residing at the clubhouse here, was a guest.

 Chalmer Frazier attended a meeting of life insurance agents in Louisville this week. He represents the Commonwealth Life Insurance Company.
 Mrs. Olga M. Latta attended to business in Washington last week, returning home Saturday.
 Mr. and Mrs. Gordon Francis returned home last week from Excelsior Springs, Mo., where Mr. Francis received treatment.
 Dr. W. J. Fitzpatrick, of Berea, is here this week visiting at the home of Mrs. Maggie Leete and family.
 Mrs. John Bingham, of Martin, was here shopping Tuesday.

There are "entirely too many taxis operating in Harlan county in proportion to the population." Division records show 91 cabs are licensed in Harlan county.
 There are 2,866 taxis operating in 1,280 companies in Kentucky, Brumleve said. Many of these permits represent one-cab companies operated by veterans, he said.
 Yearly taxes now paid by a one-cab company amount to \$16-19 for the business permit and \$150 for each seat in a cab, except the driver's seat. A 10-car company would pay \$10 for the business permit and a \$80 seat tax.
 During the ban any taxi-permit applicant could appeal for a hearing after his application was rejected by Brumleve.
 Applicants must have certificates from local officials attesting to the need for additional cabs and show they have adequate insurance to cover their operations.

'Cats in Tailspin After Inez Upset, Drop Three Tilt
 After reaching the heights in scoring their victory over top-rated Inez here Tuesday night of last week, the Black Cats of Prestonsburg high school used their second stringers largely on the following night in licking Belfry, 37 to 21—then went into a three-game nose-dive.
 The crack Olive Hill Comets started the Cats on their way down Thursday night with as great an exhibition of offensive play as ever seen in Prestonsburg gymnasium (and the Comets, incidentally, came a cropper on the following night at Inez) Friday night, they traveled to Hindman where they lost, 33-26. The strain of five games in as many nights was becoming more and more apparent from game to game.
 Then came Saturday night's defeat here by the Betsy Layne Bobcats, always a tough foe—by a lone last-second point. The contest was a thriller all the way, although the visitors were out in front from the outset and were never headed till the last quarter. His team trailing by a single point, Gearheart, stellar Betsy Layne guard, scored the winning basket on a rebound play.
 Tonight (Thursday) the Cats go to Paintsville for their first net meeting of the season with their traditional athletic rivals, the Tigers; Friday night, they are at McDowell, and Saturday night they are at home to the improving Auxier high team Night before Christmas, they go to Inez to give Russell Williamson and his Indians a chance to avenge that summer they suffered here last week. Which ends the basketball campaign for the Cats till 1947.

CARD OF THANKS
 We wish to express our gratitude to all those who were so kind and thoughtful during our recent bereavement in the loss of our beloved husband and father, Charlie George. To the doctor and nurses for their watchful care in his last hours; to the ministers for their consoling words; to the glee club for the beautiful hymns; to the funeral home for the convenient arrangements; to those who presented floral offerings and to the friends who called and expressed their sympathy by many other kind acts, we extend our deep appreciation.—The George Family.

SAVE YOUR WAR BONDS—YOU'LL BE GLAD YOU DID

Attention, Truckers

There is a new law becoming effective Jan. 1, 1947, which completely changes the method of licensing your truck. Heretofore you have been licensing them according to manufacturers' capacity rating as 1/2-ton, 1-ton, or 1 1/2-ton. You must now completely forget the old method and your 1947 license will be issued according to gross weights which includes the weight of your truck plus the maximum load you expect to haul. Have your truck weighed so you will know what gross weight you will need to license it for. Your license receipt will show your gross weights and if the State Patrol should check you and you are hauling a greater load than you license your truck for, then you will be fined.

Any private owner of a truck who uses it in his own business only and not for hire and who hauls a gross weight exceeding 18,000 pounds must purchase weight tags in addition to his license. This weight tag will be sold only in this office.

Common and contract carriers must secure a weight tag from the Department of Motor Vehicle Transportation before we can license them in this office.

Anyone who owns a truck and hauls for hire must buy a weight tag as they are classed as common or contract carriers, regardless of weight. For example, if you own a pick-up truck and haul groceries for some one who pays you, this makes you a contract carrier. But if you haul different types of material for anyone you then become a common carrier.

In order to license either of the above two types you must first secure your weight tags from Frankfort and then present them to us before we can license your vehicle.

I feel sure this law will cause quite a lot of trouble in licensing a number of vehicles, but I am ready to explain any phase of the law you may wish to ask and I will license your truck on the weight you state and either as a private, contract or common carrier as you wish and have the proper papers for; then, if your license is wrong it will be between you and the State Patrol. So I urge you all to begin thinking now and be prepared to tell us just what gross weight you expect to haul and whether you expect to operate for hire, and if so, you should apply now to Frankfort for your weight permit so you can present it here for license.

NOTICE

Some people have come to me about last week's comments of SOLID SAM. I wish to state that I had nothing to do with that article whatsoever. My feelings and attitude were expressed in my note to the public in The Times immediately following the election. They remain unchanged.

that is a pretty good wrecker. So I shall have jurisdiction to issue any restraining order . . . in a case involving or growing out of a labor dispute except under certain conditions.

WHY LIE ABOUT IT?

The American Cancer Society sends The Times a "flyer" reproducing "lead" paragraphs of stories in eight newspapers telling of the death of Damon Runyon, one of our favorite fiction writers.

Three of the stories told the truth, that Runyon died of cancer; the other five described his ailment as of the liver or "lingering."

Why the soft-pedaling? The beloved Runyon is dead. It is no disgrace to his name that he died of cancer. The American Cancer Society argues correctly: "Why not call cancer a cancer? How can the people of the United States be made to realize the seriousness of the cancer problem that confronts this nation, when they seldom see cancer listed as a cause of death? How can the people even believe that Americans die of cancer?"

Three from County Receiving Degrees

Invitations have been received to the graduation this week at the University of Louisville College of Dentistry of Dr. Herbert G. Salisbury, Jr., Dr. Forrest Skaggs and Dr. Edward B. Leslie, all of this county.
