Contract Delay Possible If Bidders Outside Range Of Engineers' Estimates

Contractors' bids for the construc-on of the Dewey dam will be pub-cly opened in the office of Col. B. Talley, district engineer, U.S. En-eer Office, Huntington, W. Va., at 10 o'clock tomorrow (Friday) morning, Herbert W. Witte, resident engineer here, announced Tuesday.

The construction contract will be awarded to the contractor whose bid is most favorable to the public interest, provided that the amount compares reasonably with the cost estimate prepared by government engineers of the Huntington office, and contingent upon approval of the chief of engineers in Washing-

Award of the contract will be made about March 15 unless the bids sub-mitted contain informalities or irregularities which would delay re-view and acceptance.

Mr. Witte said a number of competent contractors have shown in-terest in the Dewey project. He de-clined to hazard a guess as to the probability of an acceptable bid be-

Rites for Mrs. Gill, Victim of Street Car, Conducted at Wayland

Funeral rites for Mrs. Thelma Burnette Gill, 30 years old, who was fatally injured Feb. 19 by a street car in Cincinnati, O., were conduct-ed Wednesday afternoon from the Methodist Church, Wayland, the Rev. R. P. Crumpler officiating.

Mrs. Gill, a daughter of Mr. and Mrs. Charles (Red) Burnette, of Wayland, died Saturday at 5 p.m., in Bethesda hospital, Cincinnati, of a skull fracture and other injuries which included a broken pelvis, a crushed lung and a broken leg.

She had left her home and walked across the street car line to a safety zone when hit, a relative told THE said she was at a regular car stop but that the motorman apparently did not see her and continued past the station. She was knocked a dis-tance of 75 feet, it was said.

Mrs. Cill was graduated from Wayland high school and was married in June of last year. Since that time she had resided with her husband County Cill band, Curtis Gill, in Cincinnati, where both were employed. Her death came as a shock to many friends and relatives in Wayland

Fellow Floyd Countian,

Just one year ago, while "sweating it out" in a German prison camp I made two pledges to myself. First, I would never knowingly pass up a man, woman, or child who might be hungry. Second, I should hold, forever, in my heart a werm spot for the American Red Cross.

Why these pledges? Because this war prison camp had given me an experience that I and so many, many others of this much-blessed land of ours had not before known, - the indescribable pangs of prolonged hunger. And because the only possible earthly agency that could help us there did come thru! Yes, the American Red Cross found us there and partly relieved our miseries and suffering. To you the help was mighty small: To us it was beyond eny meens of evaluating. It was for many life itself:

Now I am given the opportunity to fulfill these pledges in a measure. I have been asked to take the chairmanship of the annual RED CROSS DRIVE for 1946. I am happy to take this job for I know that it is a worthy one. I could beg without shame. I could ask you to not let "me" down in this task without any feeling of egoism. But I know it will not be necessary to beg; I know that you will not think me selfish for reminding you of the TIME to GIVE and the reason for GIVING.

You know that the end of the war meant more work for the RED CROSS instead of less work as in the case of the armies. Thousands of the boys, relexed from battle tenseness, are homesick beyond description and need the Red Cross to see them thru. Thousands who must lie patiently in Army and Weteran's hospitals need the Red Cross to cheer them and take care of their needs. Untold sufferings exist in the war-wounded countries. Floods and accidents are with us here. Where misery and suffering is, the Red Cross goes! Let your dollars represent you there:

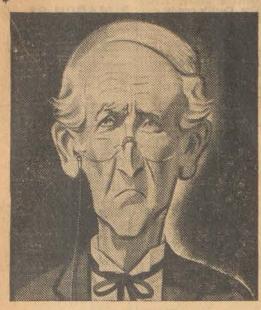

So, with gratitude to God that you do not need but are able to give Red Cross help, remember that March is RED CROSS MONTH. Have your mind made up: Have your contribution ready !! For somebody will be seein' you for THE AMERICAN RED CROSS.

> Yours with appreciation, Palmer Hall Palmer Hall, Chairman Fund Drive, 1946, ARC

SAVE MONEY UR ELECTRIC BILL"

as Q. Twitch, Eminent Economist

Dr. Twitch

Disconnect your electric door-bell. What if your friends and neighbors do bruise their knuckles knocking? You'll save a penny a month.

Naturally, a penny saved is a penny earned. In only eleven years (at compound interest) you'll earn enough to buy another door-bell for the back door so you can save TWICE as much by not using it!

Sell your vacuum cleaner and beat your rugs by hand. The money you get for your old machine will buy several sturdy beaters and an ample supply of liniment. Then, every time you beat ten large rugs, you'll save a whole penny.

You can easily do ten rugs in a couple of days, after you get used to it. The exercise will build you up, even if it does break down the rugs. And the more you beat 'em the more you save!

3 Turn off your radio during "The Electric Hour" on Sunday afternoon. You'll miss Nelson Eddy and his guest stars and Robert Armbruster's Orchestra, but you'll save a sixth of a penny every time. In a year, that's nearly 9c. And there's no music so pleasant as those coppers clinking in your pocket!

LET'S WORK FOR INDUSTRIAL PEACE

Men want to work.

Management wants to produce.

The public wants to buy.

The country wants prosperity.

Yet good times have been held up by an agony of strikes.

Strikes breed bitterness . . . hunger . . . and economic stagnation.

For the sake of our country, let's change this! Change it fast. Time is running out!

Let's work out a way to get - and keep - industrial peace and prosperity.

THE FIRST STEP

Isn't a sound national labor policy . . . one that treats workers and management exactly alike and above all one that is fair to the public . . . the first step toward that peace?

Sincerely believing this to be so, we offer this program for peace and production and prosperity:

- 1. Make employers and unions equal in responsibility under the law.
- 2. Let Congress set the rules for genuine collective bargaining, free from coercion and violence, and then let government enforce these rules with strict impartiality.
- 3. Provide safeguards for the public against strikes or boycotts arising from disputes between unions.
- 4. Insure against strikes until all orderly procedures for settling disputes have been exhausted.

Your representatives in Congress have the power to establish this pattern for an enduring and a fair labor peace. Let them know how you feel about it. Urge them to act promptly on legislation to include these four points.

Time alone won't bring industrial peace. Doing nothing won't bring it. Positive action is the only way. For your own sake and for the future of our country, let your voice be heard!

FREE! A timely, authoritative booklet entitled "The Public and Industrial Peace," gives full details of this program, including specific suggestions for legislation. It is a useful handbook for every citizen, program chairman, or group leader. A postcard brings it. Address: National Association of Manufacturers, 14 West 49th Street, New York 20, N. Y.

Snoar Price Increase Due March 1st

Announcement of an increase of approximately one-half cent per pound in the price of sugar resulted in many inquiries from dealers and consumers as to when increased prices will become effective. OPA district office said last week that dealers cannot raise their prices until they have sold an amount equal to their February 9, 1946 inventories and have purchased at the new higher price.

Retailers will observe present community ceiling prices until new ones are received effective March 1, 1946. Therefore the increase in sugar prices should not reach the consumer until about March 1, OPA said.

With evangelism as one of the five parts of the "Crusade for Christ" program of the Methodist Church and with the aim of increasing Sunday School and church attendance, members of the Allen church are aiding in these accomplishments by joining in an evangelistic campaign, with the Rev. L.

E. Wells in charge. A group of workers in teams of two are visit-ing in the homes, reading from the TO THE PUBLIC:

ing in the homes, reading from the Bible and praying, extending invitations to attend the services. A survey was made some weeks ago and it is hoped all the homes in the community will be visited by March 10. Revival services will begin Sunday, March 17, with the Rev. Wells in charge. A christening is expected to be held in the church Sunday.
