

SPEAKING OF AND FOR FLOYD COUNTY

PRESTONSBURG, KENTUCKY

JUNE 27, 1946

THURSDAY

BOARD NAMES 386 TEACHERS FOR 1946-47

Adopts Budget, Lets Building Contracts At Meet June 20

The Floyd County Board of Education last Thursday afternoon almost completed the hiring of teachers for all county schools, naming in all at that time 386. These with the 32 previously employed for Prestonsburg high and grade schools bring the teacher list for the county to 418.

At the same time, the board of education adopted a budget for the coming school year which provides for a term of nine months for all schools. Wesley Campbell and the First National Bank were re-named, respectively treasurer and depository of school funds. W. J. May, of the Bank Josephine, was employed to audit the board's financial records and to settle with the sheriff for school taxes due for the 1946-47 term.

Contracts on construction of four school buildings were let to lowest bidders, as follows:

Riley's Branch and Buckingham schools to L. A. Conley; Abner Fork, to W. D. McCown; Atioch, to Monroe Newsom.

The board also previously awarded to J. L. Meade and Taubee McGuire for construction of school buildings at Clear Creek, Brush Creek, Cold Spring and Lick Fork were cancelled because of non-performance of contract by the bidders, Superintendent Town Hall said. The board is asking for new bids.

The board also authorized the sale of some of the school system's old buses, now declared no longer useful. These will be sold at the school bus garage, Allen, on the afternoon of July 1.

Bid of J. C. Spurlin, Prestonsburg, on the bond of custodian of free textbooks was low at \$3.60 per \$1,000.

Teachers employed are:

Auxier—Carl N. Woods, principal; Wm. D. Music, coach; Edgar Moles, Virginia Moles, Mary E. Wells, Josephine Hobson, Jewell Castle, Laura Wells, Allene Music, Angie D. Harmon, Christine M. Patton.

Betsy Layne—D. W. Howard, principal; Charles Spears, coach; Phillip Dingus, Myrtle Howard, Lola Burke, Carlos Haywood, Carl Crum, Lenora Burke, Hazel D. George, Ruby Martin, Kathryn C. Blackburn, Eulavene B. Conn, Verbal Hamilton Meek, Cora Perry.

Martin—James Salisbury, principal; Sherrill Frazier, coach; Mabel Conley, Lillian Salisbury, Mary Ellen Evans, Blanche Dingus, Mrs. Berman Martin, Dorothy W. Allen, Margaret E. May, Mrs. T. R. Peters, Otis Spurluck, Ora M. Allen, Magdalene Brantham, Zonia D. Greer, Audrey Gannells, Alva Allen, Fay Pratt, Ruth S. Reynolds, Mary B. Vance, Girdell Salyers, Margaret Pickle.

GAME REFUGES ESTABLISHED

Webb, Harman Farms Supplant 2 Others Previously Used

Establishment of two game refuges, each approximately 500 acres, one on the farm of O. J. Webb at Midas on Right Beaver Creek and the other on the Russell Harman farm, lower Johns Creek, were announced this week by E. R. Burke, Seventh District Supervisor, Division of Game and Fish. These two refuges take the place of one on E. R. Burke farm, near here, and another near Maytown.

No hunting will be permitted on these tracts, since they are to be used as breeding grounds for wildlife by the Division of Game and Fish, which has a ten-year lease on each.

These lands were carefully selected, being farms where there is a year-round supply of cover, water and food, Mr. Burke said. The advantage of these breeding areas is that in a short time they should become crowded, forcing game to go to surrounding farms and become potential sport for the hunter.

The posting was done by John Dine and Jim Moyrahan, federal project leaders in Kentucky, assisted by E. R. Burke, Seventh district supervisor, and Bernard Baldrige, Floyd county conservation officer.

Mr. Burke says that the Division hopes to establish one or two more refuges next year in other sections of the county.

COUNTY JUDGE HITS APPEALS

Writes State Board Reasons for Denying Booze License Okehs

Five appeals of applicants for license to sell whiskey in this county from decision of County Judge Alex L. Davidson to refuse approval of county alcoholic administrator were heard at Frankfort, Wednesday, by the Department of Alcoholic Beverage Control after Judge Davidson had written the department, setting out his reasons for declining approval of the applications and placing the responsibility squarely upon the state agency.

"Some of these applications," Judge Davidson wrote, "were refused by me because the circumstances were such that it was not in the best interest of the people to grant these licenses. . . there was nothing personal in any way that brought about the refusal of any license. . . some of the applications refused were made by close personal friends of mine but all personalities were disregarded when the well-being of the community warranted my doing otherwise."

Continuing, he wrote, "I have been told that I might as well approve certain applications because they would be approved by your board, anyway, and that the only result would be embarrassment to me. I want to say that it will not be embarrassing to me because I have done my duty and if the blame is to be placed anywhere it will be placed on your board by overruling what I have done."

The judge added that "I was certainly embarrassed" on the last occasion when he, Circuit Judge Hill, and Sheriff Sturgill appeared before the board "in behalf" of one of the best citizens' whose license "you saw fit to revoke for a minor technical violation. I saw in the newspapers that on the same day you had merely suspended for 10 days licensees who had committed offenses equally as great or greater than the alleged offense of the licensee in whose behalf I appeared."

He referred to Charles Newman of Hi Hat.

WAR MARKER ASSN. FORMS

Various Groups Join In Plan for Memorial To Floyd War Vets

The Floyd County War Memorial Association was organized here Tuesday to raise funds for construction here of a memorial to war veterans.

The memorial, cost of which will run between \$10,000 and \$25,000, depending upon its size and overall arrangement, will probably include a monument and a fountain to be located in the courthouse grounds. It was said this week after a Louisville architect had submitted drawings.

German Civilian Held In Death of Soldier From Floyd County

Floyd county relatives of Pfc. Leonard Stricklett, 23-year-old Melvin soldier, have learned that he died in the station hospital, Regensburg, Germany, a victim of poisoning and that a German civilian is being held for trial in connection with his death.

Young Stricklett, an army veteran of three years, drank a beverage in which poison had been mixed, military authorities notified his mother, Mrs. Parsie Stricklett, of Melvin.

The victim, a member of the 51st constabulary squadron, was a son of the late Melcher Stricklett. His wife, Mrs. Betty Jo Chandler Stricklett, to whom he was married last January, a month before he went overseas, resides at Melvin. Besides his widow and mother, he leaves four brothers and sisters: Norvin, of Detroit, Mich., Herschell, Carmalee and Reba Jewell, all of Melvin.

Request will be made, the mother said last week, for return of his body to this county for burial.

LEAGUE PROBE OF INELIGIBLES

To Be Sought, Manager Of Prestonsburg Team Says, Citing Offense

The playing of ineligible men in the Big Sandy league will be one of the first matters to be discussed at the league meeting here July 9, Fred Dickerson, manager of the Prestonsburg team, said this week.

Mr. Dickerson particularly referred to the Paintsville team, alleging that in Sunday's game at Paintsville against Prestonsburg that team presented a line-up composed almost entirely of ineligible.

Prestonsburg won the Paintsville game but had to come from behind to do it. After scoring an unearned run in the first inning and then seeing Prestonsburg tie it up in the second, Paintsville scored four runs in a third inning outburst of hitting, mixed with loose Prestonsburg fielding.

With Clifton and Roark leading the attack, the winners scored five runs in the seventh and eighth innings off Price, Paintsville left-hander.

At Auxier, Wayland was the winner Sunday, 13 to 2; Pikeville went to Drift and won in a romp, 12-2, while Harold was having a tough afternoon of it at David, the latter winning, 12 to 6.

Inez has replaced Auxier in the league. Games scheduled for the coming week:

Sunday—Inez at Prestonsburg, Paintsville at David, Wayland at Pikeville, Drift at Harold.

Monday—David at Prestonsburg, Pikeville at Inez, Harold at Wayland, Paintsville at Drift.

WOULD HONOR GRONNERUD

New Hospital Wing To Be Memorial To Late Surgeon

To meet the increasing demands of the sick and provide a better and more up-to-date workshop for its doctors, the Methodist hospital, Pikeville, plans a new \$150,000 building.

The top floor of the new wing, which will be devoted entirely to surgery, will be called the Paul Gronnerud Hall of Surgery in honor of the late surgeon who was for years a surgeon at Floyd and Pike counties.

"No one in the practice of his profession displayed greater skill, gave more generously of his services and saved more lives on the basis of numbers ministered unto, than this great servant of the sick, the late Paul Gronnerud," the Methodist hospital board of directors declared in announcing the memorial plan.

"Our hospital owes an everlasting debt to his sacred memory and so do we thousands of doctors who had the good fortune to sit at his feet, as well as the multitudes whose bodies have been touched by his hand of skill and healing."

T. B. FIGHTERS MAKING GAINS

Says Dr. Floyd Here In Address At Meet Of Nurses, Physicians

"We feel that at last we are really making some progress toward meeting the problem of tuberculosis and that we are now in position to fight the disease effectively," Dr. John B. Floyd, of the tuberculosis bureau, State Board of Health, told physicians and nurses from seven counties of this section at the district educational conference held here Tuesday and Wednesday.

Dr. Floyd accompanied his lecture Wednesday morning by a showing of x-ray pictures of tuberculosis in its various stages. Tuesday, Miss Oma Smith, state supervisor of public health nurses, told nurses of the area of their responsibilities in facing the tuberculosis problem.

Represented at the conference were Floyd, Pike, Perry, Knott, Johnson, Magoffin and Lawrence counties.

Food Shortage Hits Floyd; Hominy, Oatmeal In Demand

ASK BAKERS, PACKERS TO DIVERT SUPPLIES TO MINING AREAS

Ministering the government-seized mines of the area this week called on food distributors and meat packers to divert supplies to miners. Although a Department of Agriculture official said the government is "powerless" to correct the meat shortage, relief from the bread famine may be effected through government lending of flour to mills.

H. S. Homan, Secretary of the Big Sandy Elkhorn Coal Operators Association said he planned to take a "direct appeal" to Secretary of Agriculture Anderson.

Homan added that unless some action is taken soon he "fears the worst."

"Either the mines will be forced to close or we will see some food riots," he declared.

POLICE JUDGE WILL STUDY TESTIMONY

Given at Hearing Here Before Taking Action In Peace Bond Case

Decision of Police Judge J. D. Harkins, Jr., on action taken by John J. (Jack) Ryan, representative of the Transport Workers Union, to place McKinley Sparks, of the Sparks Brothers Bus Company, and John P. Wells under peace bond was withheld Tuesday afternoon after a hearing of approximately three hours during which conflicting testimony was offered.

Judge Harkins announced he would await a transcript of the testimony, so that he could make a detailed study of the evidence before deciding if the defendants should be placed under bond to keep the peace.

Peace warrants were sworn out before Judge Harkins for Sparks and Wells following an altercation near the Sparks home last Thursday between the two and Fonso (Hoover) Harrington on one side and Mr. Ryan and Robert E. Smedley, representative of the United Construction Workers, AFL, on the other.

Harrington, arrested on a pistol charge, waived examining trial Tuesday afternoon and executed \$1,000 to answer to the grand jury.

Trouble between labor union representatives and Sparks, Harrington and Wells followed a meeting of striking bus workers, labor representatives and United Mine Workers at the courthouse last Thursday afternoon. At the meeting all labor groups represented joined in a statement alleging that Sparks Brothers had through misrepresentation procured stickers for their buses which claimed the drivers as drivers and associated their operation with the UMWA. Later, Mr. Ryan testified at the hearing, he and Smedley inquired at the bus garage after Mr. Sparks' whereabouts. Told by a garage employee that "he didn't know," and refused the return of the stickers, Smedley entered one bus and removed a sticker, according to the testimony of Ryan.

Threatened when this took place, Ryan continued, they left, driving to Paintsville where Smedley called upon the Conley bus line to surrender stickers it had received from his union. On their return to Prestonsburg, he stated, McKinley Sparks and others were seen on the porch of the Sparks home. Ryan claimed he instructed the driver of their auto to park at least 200 feet beyond the Sparks home and that he and Smedley then left the car to talk to the bus company manager. The action that followed was described as a scuffle between Harrington and Smedley, Harrington drawing a pistol, Wells challenging them to a "man to man" fight, Sparks striking Smedley and striking at Ryan. He described the call on Sparks as a "peaceful mission."

The witness said there were four other men in the car he and Smedley occupied and that only one of these got outside to stand with his foot on the running board. He said Wells did not personally threaten him but added that he believed himself in danger from both Wells and Sparks.

Testimony of Estill Butler, James Laferty and Richard Ball, Jr., in effect corroborated the evidence produced by Ryan.

Alleging that the union men "raided my home," Sparks said he first saw them on the highway below here as he was returning from Paintsville. He said there were "six or seven carloads" of them. Sparks contended the bus from which the stickers was removed was inside the company's garage and that Smedley could not have entered it without going inside the garage. Ryan claimed the bus was outside and that neither he nor Smedley entered the garage.

Mr. Sparks declared that three cars stopped on the opposite side of the highway from his home, that Ryan, Smedley and two or three others got out. Walking across to the garage driveway, he said, the union representatives demanded the stickers and were refused these. Both Smedley and Ryan, he testified, accused Harrington of lying to them, to which, he said, Harrington replied, "You took our money and we got the stickers." Thereupon, he continued, Smedley struck Harrington, then called Sparks a liar. The witness said he then hit Smedley, knocking him to his knees. At this juncture, this testimony continued, Harrington yelled to him that Ryan was coming from behind him, whereupon he turned and struck at Ryan.

Sparks testified that Harrington got the gun he was accused of producing from Sparks' car. He claimed that guns were drawn by Jesse Wallen and James Laferty, striking drivers, and Morton "Shikopeke" McClathen, of the United Mine Workers.

Laferty testified that he did not have a gun and had not carried one "in a long time," and also declared that Jesse Wallen, whom Sparks accused of producing the gun, was not with him.

A guy Moran, whose screwball were the subject of an H. Smith chapter in one of his screwballish books, is letting himself, trying to see if he can catch an ostrich egg. If Moran hatches, bet it'll be a . . .

A grateful government has acknowledged its debt to the nation's draft boards. It owes as much to the ration boards. The draft boards helped us save ourselves from the enemy. The ration boards helped us save ourselves from ourselves.

THE FORGOTTEN MAN

While the bus strike goes on and on and the situation grows progressively worse, only one interested party is completely forgotten. We list him as Public, John Q.

OH, BOY!

That baseball game at Paintsville Sunday was a hokey. It required the presence of three officers—one to take a pifflicated second to jail and a third to stand guard.

AH, MEMORY!

In the current Reader's Digest is an anecdote that brings back memories.

It tells of a certain school board resolution to the effect that a new school building was needed and that it must be build of materials in the old building but that the old building was so badly needed that it must not be torn down till the new one was built.

I first heard Uncle Josh tell that one via a cylinder wax recording machine 30 years ago, at least.

And that brings to memory some other matters I would just as soon forget.

One of these several matters is the statement made by a relative with a distinct leaning toward the truth to the effect that when I departed this vale of tears there will pass a body filled with music, for naught of music has ever escaped me.

Well, I wouldn't go so far as to say that, but there is more truth than fiction in it. I have on occasion, when well removed from the rest of the mob, done a low-pitched but rather fancy version of "Listen to the Mocking Bird," but even at that I usually come to grief. Let a cat-bird or a jay strike up the band and I go along with them. The poor mocking bird gets mixed up with these other harsh notes and, first thing I know, I'm clear off the fairway.

I am, more or less, a victim of circumstances in this music business, anyway. A childhood experience stifled whatever talent I may have ever possessed for vocalizing. That was at one of those old-time singing schools. As long as we were studying the book I scooted through with reasonably high honors. But when they divided us up into groups and I, just becoming conscious of the fact that I would, some day, be a man and that girls were awfully pretty and pretty awful, things, they put me and my high soprano over on the gals' side. I wouldn't sing a lick—and what he-man would?

But my tendency to slice and hook when any other noise creeps into the general tone-picture is my setting weakness after all. So, I keep mum. Wouldn't I be the life of the party in a choir, with me cussing all over the scale after every member thereof as he or she chimed in with his or her part? Perish the thought.

Yessiree, a soul full of music. Shades of Israel!

But I still say I could erect those sections of road that supported the big horn on the old Edison and get 'er cranked up and going quicker, man and boy, than anybody else in the hull neighborhood.

Two signs on the rear of an automobile parked here this week read: "DON'T BLOW YOUR HORN, DRIVER ASLEEP" and "SHUT UP WITH THE HELL'S DRIVING THIS CAR."

Just below those two bits of printed backtalk was a deep dent which must have awakened the driver, no matter who the . . . was driving it.

Allen Golf Course Is Ready for Play

The Beaver Valley golf course at Allen is now ready for play after several weeks of preparation, members said this week.

A meeting of the club members was held at the clubhouse Tuesday afternoon at 5 o'clock to elect officers and adopt rules governing operation of the course.

This meeting membership at present \$50-a-year fee is expected to be restricted.

WHAT REPEAL HAS GIVEN US

By REV. L. E. WELLS

The wets solemnly promised that legislation of liquor would bring financial and social benefits to the nation. Crime would be greatly decreased if not eliminated altogether. A few years ago one of our candidates for public office was asked how he stood on prohibition and his answer was that he was repeal. He gave two reasons for being for repeal: The elimination of crime and the promotion of greater temperance. But every American of average intelligence knows that repeal has done just the opposite. After more than ten years of legalized drunkenness we now have:

1-The highest rate of juvenile delinquency in our history.

2-The greatest period of crime in the history of the nation.

3-Veneral diseases so frightful in their prevalence that our foremost health and medical authorities refer to one of them, syphilis, as Public Health Problem No. 1.

4-Jails, penitentiaries and asylums more crowded than ever before.

5-Traffic fatalities more terrible than the statistics of American deaths in battle.

6-The highest tax rate on record.

7-The largest public debt in the nation's history.

8-Sickening spectacles of corruption in government.

9-The gloomiest postwar prospect of public morality than ever confronted our people.

10-437,000 liquor outlets and 40,000,000 drinkers.

If the wets ever kept one promise they made, I would like to know what it was.

As a nation we drink each year in alcoholic beverages five times what we were willing to give people who were our Allies in the war, whom we know to be on the verge of starvation. Our drink bill for one year is \$7,000,000,000.

We are asked to cut down on our consumption of bread while millions of bushels of grain is made into beer and liquor.

Is there anything we can do? Yes, we can wage a holy war against this enemy of mankind.

There are those who tell us that conditions were worse under prohibition. They seem to forget that some of us were here during prohibition and know better.

Occasionally I hear someone say that the liquor situation in Floyd county was worse during prohibition than now. Who believes it could have ever been worse than it is now?

NOTICE

Pursuant to order of the fiscal court of Floyd county, Kentucky, the County Judge of Floyd county is authorized to accept bids for the purchase of an exclusive franchise to sell and distribute natural gas to the residents of the unincorporated town of Dwale, Kentucky. All bids must be submitted to the County Judge on or before 10 a.m., June 29, 1946. The fiscal court reserves the right to reject any and all bids.

The conditions and stipulations of the franchise offered for sale by the fiscal court are as follows:

(1) The franchise shall extend and cover that area commonly known as Dwale, Ky., and the grantee shall be required to furnish natural gas to every applicant living in said area upon their application therefor.

(2) The grantee shall be required to construct, lay, maintain and operate pipe lines sufficient to distribute natural gas to every applicant in Dwale and the costs for so doing must be borne exclusively by the grantee.

(3) The grantee shall, within 60 days after the purchase of the franchise, begin and continue to lay a main line of pipe from the most available source of supply of natural gas.

(4) The grantee shall furnish at his own expense gas meters, which shall be of a standard make. However, grantee if desired, may require of each consumer a meter deposit not to exceed ten (\$10.00) dollars provided interest is paid at the rate of six (6 pct.) per cent per annum.

(5) The maximum price at which the grantee of the franchise shall furnish gas to consumers shall not exceed forty (40c) cents per thousand cubic feet. The grantee may also make special contracts with consumers at rates based upon the amount of gas used, which special rates may be less than those charged to consumers taking a small amount of gas; but said special rates shall be the same to all consumers using a like amount of gas under the same contract conditions.

(6) The grantee shall take all reasonable precautions and measures necessary to furnish natural gas to all the consumers in Dwale during the period hereinafter authorized in this franchise.

(7) The grantee of this franchise shall enjoy the exclusive right to sell and distribute natural gas in the unincorporated town of Dwale.

(8) The grantee is hereby authorized to use the public ways of the town of Dwale for the purpose of laying and operating a system of mains and pipes.

(9) The franchise shall cover the period beginning July 1, 1946 and ending on June 30, 1966.

(10) In the event the grantee violates any of the provisions hereinbefore stated, this franchise shall become immediately void.

NOTICE TO BIDDERS

The Floyd County Board of Edu-
cation hereby calls for competitive
bids on the construction of one-room
schools in each of the following
places: (1) Clear Creek; (2) Buck's
Branch; (3) Lancer; (4) Cold Spring;
(5) Brush Creek. Bids may be filed
in the County Superintendent's of-
fice up to 4 p.m., Tuesday, July 2,
1946. Bidders' blanks and specifica-
tions for said construction may be
obtained from the County Superin-
tendent's office. These buildings were
previously let to contract, but for
failure to execute bond and begin
performance on the part of the con-
tractors, said contracts have been
cancelled, necessitating new bids.

Also, the Floyd County Board of
Education through its Superinten-
dent will offer for sale to the highest
and best bidder certain old school
buses, which are no longer suitable
for school bus service. These buses
are located at the school bus garage
at Allen, Ky., and said public sale
will be held at Allen, Monday after-
noon, July 1, 1946, at 2 o'clock p.m.,
Eastern Standard time. Terms—
Cash. The Board of Education re-
serves the right to reject any and
all bids in both cases as above out-
lined.

Waiting is tough
on us, too

For months we've been hoping to present each
and every one of you with the new Packards
you've ordered, and have been waiting for so
patiently.

Last fall, the outlook was good. Packard was
confident it would double its pre-war output
in 1946. (The factory is equipped to turn out
far more than that.)

Look what has happened!

Then came material shortages. Parts shortages.
For reasons completely beyond its own control,
Packard was able to keep its assembly line
moving only nine days in the first quarter of
this year.

In the meantime...

Our friends have kept calling us up and asking,
"Hey! Where's that new Packard I ordered
weeks ago?" Many of these are old friends—
Packard owners since 'way back.

But to make life more complicated, every-
body seems to want one of these grand new
Packards. Over 65% of the people out to buy
new Packards are now driving some other make.

Honest, it's gotten so we hate to answer the
telephone or look our friends in the face. But...

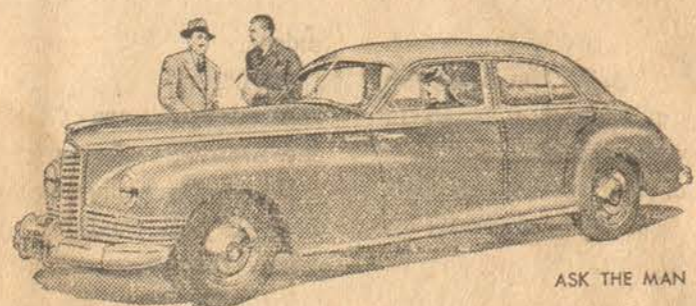

Your patience will pay off!

One of these days, the shortage of parts and
materials is bound to ease up. And when it
does, those twin-assembly lines at Packard will
really roll.

Anyway, you can depend on this:

As fast as the factory ships cars to us, we'll
do everything we can to deliver yours at the
earliest possible moment.

So, we hope you'll be patient a little longer.
We're doing the best we can, and so are the
folks at the factory!

the Paul Gronnerud Hall of Surgery. To make this possible, the doctors voted unanimously to raise a fund in the amount of not less than \$10,000. Our plan is, in addition to our own personal pledges, to ask each person whose name and address we have and each whose body has been touched by this hand of skill, to make a voluntary gift as a beautiful tribute to the debt we owe his memory, which will be indicated by placing a bronze tablet near the entrance bearing the inscription, "Donated by Grateful friends."

Tuberculosis Claims Soldier's Wife, 23

Ruby Jacobs, 23 years old, wife of Dan Jacobs, of the army, died June 19 at Marion, Ohio, a victim of tuberculosis.

Surviving, besides her husband, are her parents, Mr. and Mrs. John Lyons, formerly of Garrett, and one child, Betty.

The funeral was conducted at the Tom Martin cemetery, West Garrett, the Revs. Alex Coburn and Earl Howard officiating. Burial was made under the direction of the Ryan Funeral Home.

Mrs. Frank H. Layne and daughter, Mary Belle, have returned home from a two-weeks visit with Mrs. Layne's father, John Emerick, of Philadelphia, Pa., and Mrs. J. F. Ribble, Jr., Washington, D.C.

Canning Sugar Pleas To Go to Louisville, Not to Local Board

Numerous visits of persons needing canning sugar to the Floyd county price control board's office here led John Stephens, head of the office, this week to explain that all matters pertaining to canning sugar must go before the district office in Louisville.

"In fact," he explained, "the only function the board here performs in the matter is to receive new applications of returning veterans and newborn babies for sugar allowances, and even these we forward to the Louisville office."

Mr. Stephens added that he knew of no instance of the district board granting extra sugar allowances. "As far as we know, each person will receive 10 pounds of canning sugar this year," he said.

No. 9 spare stamp became valid in March and No. 10 spare becomes valid next Monday and will remain in effect till Oct. 31.

Mr. and Mrs. Garland Ridge Paintsville, were here Sunday visiting Mr. and Mrs. Jo. M. Davis. They have returned recently from two weeks visit with her relatives in Nebraska.

"DO RIGHT!"

This simple precept sums up the responsibilities of every licensed beer retailer. No half-way measures; no middle ground. "Do right; obey the law."

The primary aim of the Kentucky Committee of the United States Brewers Foundation is to see that this precept is strictly observed.

Licensees are informed of their legal and moral obligations and are given suggestions for improving conditions whenever such suggestions are warranted. Any willful irregularity is corrected promptly.

Chessie's Railroad Gets Harriman Award For Safety in 1945

THE Chesapeake & Ohio Railway has just received the Harriman Gold Medal for Class A railroads. The award was given by the American Museum of Safety for the utmost progress in safety and accident prevention in 1945.

This is no occasion for back-patting or self-congratulation. Instead, it is an opportunity to point out that the American railroad industry as a whole has such high standards of safety that any differences which may exist between the yearly safety records of individual roads are very slight indeed.

We are quite as proud of the safety record of all railroads as we are of the gold medal and certificate awarded us for our own 1945 record.

To all of our Chesapeake & Ohio people, whose work in 1945 made it possible for us to again receive this honor, we say a heartfelt thank you.

We shall try to keep up the good work in the years to come.

It seems like yesterday
It seems like yesterday that Nancy was playing with
dolls. Now she's pushing her own baby carriage. Yes,
there've been a lot of changes in the last twenty years—
most of them so gradual we hardly noticed them at all.
Nancy didn't grow up all at once. A tooth at a time—
a curl at a time—an inch at a time—and suddenly a little
kid sister was Mrs. Joe Jones, mother of Joe, Junior.
Like Nancy, the use of electricity has grown a lot in
the last twenty years. But the price of electricity has
been going down steadily. You may not have noticed it
because your bill probably stays about the same—but
how many appliances have you added to your home
since 1926? Actually, you're getting twice as much
electricity for your money now as you did then.
Keeping electric service plentiful and cheap through
years of rising costs was not easy. That today's elec-
tricity is at its very lowest price in history is a tribute
to the hard work and experience of the men and women
in the industry, and to its sound business management.

Hornsby-Earle Wedding Solemnized, March 11

Mr. and Mrs. H. H. Hornsby, of Garrett, announce the marriage of their daughter, Sue, to Mr. John F. Earle, grandson of Mr. and Mrs. John A. Hicks, also of Garrett. The vows were solemnized at Paintsville on March 11 by the Rev. Alonzo Reed, with Mrs. Shelby Draughn, of Hindman as their only attendant. The bride wore a light blue dress with black accessories and a corsage of white gardenias.

Mrs. Earle was graduated from Garrett high school and attended the Franklin School of Science and Arts in Philadelphia, Pa., graduating April 20 as an x-ray technician. Mr. Earle served 26 months with the navy in the Pacific. He is a graduate of Garrett high school. The couple left last week for Dayton, Ohio, where they plan to take residence.

SON IS BORN

Mr. and Mrs. Edmund Fannin are announcing the birth of a son, Monday, June 24, at their home on Broadway. The babe has not been named.

Emma Tips Coal Run Sunday by 5 to 3

"Hob" Mosley went the route for Emma Sunday for the first time this season to defeat Coal Run, 5 to 3. He allowed only eight hits and was well supported by his team. With the score in a 2-2 tie, Emma went ahead in the third making 3-2, then in the fourth inning Weddington led off with a sharp hit to center, to be followed by a hit by Leslie and a walk to Childers, then a double by Burchett to clinch the game at 5-3, even though Coal Run threatened in the seventh with perfect bunting.

The box score:

MASTER COMMISSIONER'S SALE

FLOYD CIRCUIT COURT
Bob Frasure, Et Al. Plaintiff
Vs: NOTICE OF SALE
Kentucky Cannel Coal Corporation Defendant

By virtue of a judgment and order of sale of the Floyd Circuit Court, rendered and entered at the May term, 1946, in the above-styled cause, I shall proceed to offer for sale at the courthouse door in Prestonsburg, Ky., to the highest and best bidder, at public auction, on the 8th day of July, 1946, at one o'clock, p.m., upon a credit of three months, the following described property, to-wit:

Mine cars, tracks, motor trucks, mine motors, generators, tools, equipment and mules used in mining coal and located in the Mine Branch of Abbott Creek, Floyd county, Ky.

Said property, or a sufficiency thereof, will be sold to satisfy a judgment for the sum of \$406.00 with interest from the 31st day of January, 1946 and the costs of this action.

For the purchase price the purchaser must execute bond with approved surety or sureties, bearing legal interest from the day of sale until paid and having the force and effect of a judgment with a lien retained upon said property as a further security. Bidders will be prepared to comply promptly with these terms.

Given under my hand this 18th day of June, 1946.

J. B. CLARKE,
Master Commissioner,
Floyd Circuit Court

Come in today! Make your choice the tire that

OUTWEARS PREWAR TIRES!

Tires are arriving every week—perhaps we have your size now!

The new Silvertown tire with a wider, flatter tread puts more rubber where you need it—on the road! It has a stronger body with tougher cords and more of them plus two breaker strips to cushion sudden blows that sent that hub cap flying on Jimmie Lynch's car above.

Result? A tire that's safer than prewar tires because it grips the road better when moving, hugs it tighter in stopping. A tire that in laboratory tests resists bruising better than prewar tires. A tire that actually OUTWEARS PREWAR TIRES—even at high speeds!

Perhaps we have your size in stock. You'll get yours sooner, if you order today.
