CONTRACTOR ON DAM MAY USE 2 ROADS

In Moving Equipment; Ryan Now Preparing To Start Operations

Equipment of the Ryan Construction Company, Evansville, Ind., contractor on construction of the Dewey dam, will probably be moved over two routes to site of the project, C. E. Bales, engineer for the firm, said Wednesday.

Heavier equipment is expected to be shipped by rail to Van Lear, thence across the mountain to Dewey. Other materials will be shipped to Prestonsburg and taken from here via the Auxier road to the scene of operations.

These were tentatively stated as the company's plans upon the arrival here Tuesday of Mike Ryan, a member of the contracting firm, and Mr. Bales.

Equipment will start moving to the dam site next week, it was predicted.

Actual work on the dam is not expected to begin for 10 days yet but initial phases of the construction project, the varied tasks connected with work preparations, are under way this week.

Improvement of access roads is the first work phase and the county has already begun widening of the Auxier road and is also doing grade work. Other preliminary work will include extension of power and telephone lines to the site.

Mr. Bales said the company had not decided what employment method will be used—whether through the U. S. Employment Service or by direct application of workers. A temporary office may be located here soon but the company will, within the next two or three months, establish an office on the scene of operations, as will Herbert W. Witte, resident engineer representing the federal government, who now has a temporary office in the Fitzpatrick building.

Appraisal of land in the area at and near the dam site is expected to be completed within the next few days, it was said this week. This appraisal, however, does not include the value of timber and minerals—a work yet to be done. Negotiations for essential tracts of land are expected to be begun within the next three weeks, Mr. Witte said.

MAY TO VIEW A-BOMB WORK

Prestonsburg Man Chosen by Truman To Assay Results

While Congressman A. J. May, chairman of the House Military Affairs Committee, visited in Prestonsburg it was announced Tuesday that he has chosen by President Truman a member of the nine-man commission to appraise the results of the proposed atomic bomb tests at Bikini Atoll in the Pacific this summer.

The President's choice of two Senators and two members of the House to sit with a scientific group to study the atomic bomb tests met with general approval in Congress.

Other Congressional members of the committee are Senator Hatch (D), New Mexico; Senator Saltonstall (R), Massachusetts; and Representative Andrews (R), New York, a member of the Military Affairs committee.

Members of the scientific group to join the four Congressional appointees in the study are Dr. Oppenheimer, physics professor at the University of California, who took a leading part in development of the bomb; Dr. Earl Compton, president of the Massachusetts Institute of Technology; Bradley Dewey, wartime rubber director and president of Dewey & Almy, Cambridge, Massachusetts; William S. Newell, president of the Bath (Maine) Iron Works Corp., and Fred Searles, Jr., New York mining engineer and assistant to Secretary of State Byrnes.

The bomb tests on American and captured enemy warships are expected to be made, starting around July 1. The undertaking, cryptically designated as "Operations Crossroads," is expected to point the direction of warfare of the future.

Chairman McMahon, of the Senate Atomic Committee, said he was "highly pleased" with makeup of the group to study the bomb effects, adding: "I think the President's choices guarantee a fair and dispassionate report."

Mrs. Elaine Smith and Mrs. Cora McHone, of Wheelwright, spent the week-end here with their mother, Mrs. Anna Stephens.

Mrs. Gracie Ousley Is Victim Friday At Parents' Home

Mrs. Gracie B. Stephens Ousley, 37 years old, wife of Homer Ousley, of Jeffersonville, Montgomery county, died Friday at the home of her parents, the Rev. and Mrs. Alex Stephens, Jr., West Prestonsburg, following an illness of five years of heart disease.

Mrs. Ousley was brought to the home of her parents last December when her condition became more serious. Six weeks ago, an embolism rendered her condition critical and her death was not unexpected.

A devout Christian, she became a member of the United Baptist Church in 1930 and was baptized by her father and the Rev. S. G. Rice. Her husband, parents and six children survive: Emma Jean, Robert Lee, Claude, Nathan, Jr., Alex Ray and Alma Fay. She also leaves three brothers and six sisters: Henry, Joe and William Stephens, all of Prestonsburg; Mrs. Mary Bradley, Battle Creek, Mich.; Mrs. Dora Bradley, Marshall, Mich.; Mrs. Betty Hunter of Martins; Mrs. Julia Hunter of Cliff; Mrs. Bertha Ousley and Mrs. Nola Stumbo, both of West Prestonsburg.

The funeral was conducted Sunday from the home of the Rev. and Mrs. Stephens, the Revs. Bert Conn, Frank McGuire, B. W. Craft, Paris Music and Johnnie King officiating. Burial in the Bassom May cemetery near here was directed by the Arnold Funeral Home.

THREE JUDGES TO PRESIDE

In Trial of Duncan, Accused in Slayings Of 3 Floyd Countians

Sometime in April a three-judge court will hear at Ironton, O., the triple charge of first degree murder against Chester Duncan, 40, for the deaths of John Wright, 66, his wife, Parrott Wright, 66, and William Robinson, 60, a farmhand, all former residents of Floyd county.

Prosecuting Attorney Milton J. Andrews and defense counsel A. J. Lane recently reached an agreement on trial of Duncan. Under terms of the agreement the three cases will be consolidated and will be tried before the three-judge court. Layne on Monday filed a waiver of a jury trial in the case of the Wright and Robinson killings. He had already waived jury trial in the case of the death of Mrs. Wright. The trial court will be composed of Judge James Collier and two judges to be assigned for the cases by the chief justice.

Wright, his wife and Robinson, their farm hand, were shot to death on Sunday afternoon, March 10, between the Wright and Duncan homes on a hillside in a rural section near Getaway, Ohio. Following the killings the small home of the Wrights burned to the ground. Duncan was arrested by Deputy Sheriff Homes Secrist a couple of hours after the shooting at the Duncan home. Questioned by Prosecuting Attorney Andrews and Deputy Sheriff Secrist, Duncan is said to have signed a statement of the shootings in which he said he shot Wright in an argument over boundaries when he thought Wright was reaching for a weapon. He said he shot Mrs. Wright after she had fired once at him with a shotgun, according to officers. Robinson, the third victim, was slain as he walked toward the scene of the shootings, officers say. Duncan said he thought Robinson was Wright's son. He is quoted as having claimed Robinson, too reached as if for a weapon.

Arraigned in municipal court he pleaded not guilty to three charges of first degree murder and was held to the grand jury under \$15,000 bond by Judge John J. Gallagher. The grand jury was recalled and returned three first degree murder indictments against Duncan. He was again arraigned, this time in common pleas court, pleaded innocent and bond was set at \$12,000. To date, he has been able only to supply bond to the extent of about \$2,000 and is still held in the county jail.

Charles L. Osborne Is Victim Dropsy At West P'burg Home

An illness of two years of a heart condition resulting in dropsy ended in death Friday afternoon at his home in West Prestonsburg of Charles Lee Osborne, 78 years old, former merchant.

A son of the late Bill Osborne, he was reared on Abbott Creek. He was a member of the Methodist Church and was a highly respected citizen. He was formerly a policeman here and also served as a member of the city board of tax supervisors.

His wife, Molly Snavely Osborne, died in 1928. Two sons, Clarence L. Osborne, Ashland, and Martin Luther Osborne, Prestonsburg, survive. He also leaves two brothers, Dave Osborne, Prestonsburg, and Jim Osborne, Tulsa, Oklahoma.

Funeral rites were conducted Sunday from the Assembly of God Church, West Prestonsburg, by the Revs. W. H. Horn and G. R. Fannin officiating. Burial in West Prestonsburg cemetery was directed by the Arnold Funeral Home.

CHURCH LOOP BEING FORMED

McNeil Says 3 Teams Are Certain Entries In New Organization

A church baseball league similar to the Louisville sports organization from which developed such diamond luminaries as Pewee Reese and Billy Herman was in process of formation this week, it was announced by J. C. McNeil, Jr., Wheelwright, who is taking the lead in organization details.

Wheelwright, Prestonsburg and Pikeville are regarded as certain league entries, Mr. McNeil said. Other communities of the section remain to be contacted.

May 4 has tentatively been set for opening of the loop season. While member teams may be sponsored either by churches or civic groups, one requisite to eligibility to play is attendance at church on Sunday School at least one Sunday each month. Players are to be from 12 to 18 years. Play will be confined to Saturday afternoons.

In Prestonsburg, leaders in the move are the Rev. W. B. Garriott, W. C. Rimmer and Adrian Collins; in Wheelwright, Mr. McNeil, the Rev. T. J. Hopson, Jr., Hobart Smith, Wayne Ratliff and Walter C. Price; in Pikeville, the Rev. C. E. Vogle, Tom Holland, A. G. Dickinson, Irvin Pruitt and Don Shoemaker. Entrance to the league may be effected by contacting either of these leaders, Mr. McNeil said.

The Big Sandy league will be asked to co-operate with the youth athletic movement by affording use of its parks in the several communities. W. A. Malone, of Allen, Big Sandy league president, was said to favor the Saturday afternoon circuit.

Boy Attempting Father's Rescue Overcome by Foul Air in Mine

A mine rescue party found the body of Hezekiah Harrison, 33-year-old miner, 600 feet back inside the Sprigg Elkhorn mine at Bosco Wednesday night and beside him lay his nine-year-old son, Bobby, who had been overcome by bad air after a shooting crew had finished work.

The boy was overcome, he later said, while attempting to drag his father to fresh air. Rescuers were quoted as saying air inside the mine was so bad they worked only with great difficulty. The boy was taken to the Stumbo Memorial hospital, Lackey, where it was later said he will recover.

Harrison, a resident of Bosco and a native of Pike county, is survived by his widow, Mrs. Bonnie Harrison, his mother, Mrs. Noah Harrison, Big Rock, Va., three sons, Bobby, Harold and Thurman, and one daughter, Dolores. He also leaves three brothers and two sisters: Oliver, of Jenkins, Hattie and Jesse Harrison, Mrs. Alex Stone and Mrs. Joseph Honaker, all of Big Rock.

The body will be taken by the Ryan Funeral Home to Big Rock where burial will be made Sunday.

THREE HELD UNDER BOND

To Face Grand Jury Probe in Escape Of Accused Man

Charley Reed, Goble and Wishard Watson, all of Magoffin county, executed bonds of \$2,500 each here Monday on a charge of aiding Lonnie Robinson, accused murderer, in his flight from the jail at West Liberty. They will face early grand jury action next week in Floyd circuit court, officials said.

The Watsons were jailed here last Thursday after having been arrested by Magoffin county officers. Reed was placed under bond at Sarsylersville for his appearance here Monday.

A fourth man, Ray Reed, who signed a statement as to the part the Watsons and Charley Reed played in Robinson's escape was not "before the court" when the case was called here by County Judge Alex L. Davidson.

Reed's affidavit said that on the night of March 14 he and Edward Watson stopped at the Charley Reed home as they were on their way into the hills for a fox-hunt. Later, when rain began falling and they returned to the home, they were told that "an old man" who was later identified as Robinson was inside. He also said he heard Robinson talk of being accused of killing two policemen. He quoted the fugitive as saying he escaped when the jail door was left unlocked and that he left through a basement window. Robinson "caught one little ride" in his flight from West Liberty, he quoted the accused man as saying.

Reed added that he heard Charley Reed say he, Goble and Wishard Watson took Robinson in a car to Prestonsburg.

Robinson, yet uncaptured, was to have been brought to trial at West Liberty today. Authorities here said Tuesday that an FBI representative slated to appear as a witness in the trial as to ballistics tests will be notified the trial has been postponed.

Also still a fugitive is William Caudill, life-terminer, who escaped from the Floyd county jail on the same day Robinson made his getaway.

Recruiting Station Here Open Throughout Week

Capt. Carroll of the Paintsville recruiting office, announced this week that the recruiting station located in Room 200, postoffice building, Prestonsburg, will be open Monday through Saturday noon of each week. Cpl. Charles Q. James will be in charge.

Capt. Carroll requested that all discharged veterans of Floyd county contact the office here relative to the new re-entrant policy provided in War Department Pamphlet 12-16. Veterans discharged since May 12, 1945 may retain their rank as of that date, provided re-enlistment is made prior to June 30, 1946.

C. & O. Veteran Found Dead This Morning Near Emma Home

Thomas B. Patton, 45 years old, veteran section foreman of the Chesapeake & Ohio Railway Company, died of a heart attack near his home at Emma this morning at 2:30 o'clock.

Mr. Patton, who had been ill since September, walked outside his home a few minutes before he was found dead by members of his family. A son of the late John Patton, he was born and reared at East Point, and was one of five brother-employees of the railroad company. He had resided at Emma for the last 30 years and his father also was a section foreman.

Mr. Patton was one of the county's best men and had many friends in this section. He is survived by his widow, Mrs. Della Kendrick Patton, three sons and three daughters: Mrs. Virgil Daniels, Washington, D. C., Chester, Palmer, Vivian, Alex B. and Nancy Carol Patton, all of Emma.

Three of his five surviving brothers are section foremen—Willie, at Island Creek; Lonnie, at Louisa, and Sam, at Buchanan. He leaves two other brothers and three sisters: Charlie Patton, Prestonsburg; Ray Patton, C. & O. employe at Buchanan; Mrs. W. L. Rice, Allen; Mrs. Phillip Bentley, San Diego, Calif., and Mrs. Ruby Bender, Edwood City, Pennsylvania.

The funeral will be conducted Saturday afternoon from the Emma Methodist Church, the Rev. Isaac Stratton officiating, and burial in the family cemetery will be directed by the Arnold Funeral Home.

COURT WING NEAR FINISH

Public Grounds Here Being Improved; Fill Started for Garage

Construction of the two-story addition to the courthouse here for use of the Floyd County Board of Education and the County Health Department, was near completion this week. The work is being done by W. D. McCown, contractor, whose bid of \$6,240 gained him the construction job.

As finish of the work on the courthouse wing was in sight, grounds at the rear of the jail and courthouse addition were being filled, to eliminate a swampy condition.

A sizeable fill job was also under way along the Mayo Trail this week as the Cooley Motor Company prepared to build a garage on property recently acquired from the Harkins estate. Plans for the structure have not been completed, but it was indicated it will be built of concrete blocks.

IDLE MINES IN PROSPECT

Sunday at Midnight Is Work Deadline Under Old Pact

With a general shutdown of the soft-coal mines called by UMWA President John L. Lewis for Sunday midnight, Floyd county viewed with no pleasure the prospect of an indefinite period of idleness in the county's principal industry.

One mineworker here this week indicated he would not be surprised if some Floyd miners "jump the gun" on the Sunday midnight work deadline.

Lewis brushed aside a proffered wage increase equivalent to the 17 cents an hour already granted workers in some other industries and stalked from the union-operators' conference in Washington with the declaration that the existing contract ends Sunday midnight. He told newspapermen his workers would stay out until they have won "fair treatment" and a contract containing airtight safety and health provisions as well as wage and hour demands.

Operators said they had rejected the principle of paying a royalty in coal to finance a health and welfare fund for the UMW and that they have declined to give U. S. safety recommendations precedence over mine laws.

Speculation that the federal government might intervene to stave off the shutdown met with the flat statement from operators that they want no part of government intervention and Lewis' declaration that the miners will refuse any proffered extension of the present contract, with the eventual settlement terms retroactive to Monday.

Lewis told a press conference the union is not interested in settling existing wages and hours until demands on safety and health are met.

He angrily dismissed an operators' counter-offer on those points as "sumbo-jumbo" which failed completely to meet the miners' views. He accused the companies of maintaining shockingly unsafe conditions in many mines and asserted that many miners were killed or injured in accident during the war years was proportionately greater than casualties in the armed forces.

PERMANENT SURFACING IS STUDIED

Highway and Court Officials To Confer On Improvement Plan

There is a possibility that \$50,000 of Floyd county's rural highway allotment of \$72,580 for 1946 will be used for macadam-bound surfacing of farm-to-market roads constructed during depression years by the Works Progress Administration, a county official told THE TIMES this week.

The official added that the plan had not been officially discussed by the fiscal court and that it might not be acceptable to the highway department if proposed by court. "But the fact remains," he pointed out, "Floyd county in this year could have about 10 miles of permanent road built a year so that something tangible could be seen as a result of the rural highway fund allotted us, and at the time we still would have work on other county roads the \$22,000 left that we merely received."

The added \$50,000 will be available this year for the county's roads as a result of the \$5,000 budgeted by the General Assembly for county highways.

How the Floyd county funds will be spent will be definitely decided at a meeting within the next few days of highway department officials with the fiscal court here, it was said this week.

Describing rural county highways as the major problem of the Department of Highways, Commissioner J. Stephen Watkins counseled district engineers of the department that rural roads "are your number one responsibility."

Governor Simeon S. Willis told the engineers that the increased appropriation is "a challenge and a responsibility" and Tom Wallace, editor of The Louisville Times, who visited with the conference, told them "the department is on trial and your future efforts will be watched."

"Advancement and completion of the county rural roads system in Kentucky to the best of our ability with the money available is our top priority task," Commissioner Watkins said. "Poor country roads breed a stagnant social and economic situation. With 40 per cent of our farms on poor roads we must counsel with the fiscal courts and spend this money where it will do the most good. We must make every dollar count. It is the major part of your work and this is an ultimatum." A long-range program is to be worked out with county fiscal courts which will ultimately bring all-weather roads within reasonable reach of the major sections of every county. Many rural county roads need completion.

LOCKS, DAMS HEARING SET

Rivers and Harbors Committee To Hear Arguments Apr. 26

Proposed canalization of the Big Sandy river and its Levisa and Tug forks will be taken up in hearings next month by a Congressional committee considering the first big flood control and navigation authorization bill since 1942. It was announced in Washington Wednesday.

The estimated \$82,300,000 project to make the Big Sandy river navigable for barge transportation of coal from the West Virginia and Kentucky fields has been set for April 26. Hearings by the House Rivers and Harbors Committee on the entire program of the U. S. engineers are scheduled to begin April 18.

The canalization project is being sponsored by Chairman A. J. May of the House Military Affairs Committee, who contends the proposal will provide cheap transportation of coal and ultimately benefit the consuming public through lower coal prices.

Spokesmen of the Chesapeake & Ohio Railway Company and the Norfolk & Western Railroad, testifying at a hearing Tuesday before Governor Tuck, of Virginia, maintained that the project would cost at least \$100,000,000 before completion, that not be passed on to the public, and that it would unfairly subsidize competition with the two roads which now have tracks paralleling the proposed route. Congressmen May and other canalization proponents attended the meeting.

SNEEZIN' ANNOUNCEMENT

Spring has cub.

FRIENDLY TIP

No less than three highway signs read, "To Dewey Dam Site." Well, brother, you can drive these roads till the wrecker hauls you out three days later and you still won't be at Dewey—not by a dam's sight!

FOR THOSE WHO CANNOT PLAY

Floyd county's high school athletes here last week exemplified the spirit of amateur sportsmanship in its finest form. These clear-eyed youngsters played their heads off for boys and girls who because of handicap and vision find it difficult if not impossible to attend school, much less play basketball.

STREET SCENE IN SPRING

Walk along Riverside this week and you walk in beauty. The cherry trees that residents there had the esthetic sense to plant, several years ago, are in bloom. Wish some of these folks who thrive on "typical" Kentucky mountain pictures would drop around and do one in technicolor of Riverside.

Val Strahan said Wednesday he hadn't seen the pictures of his home town, Shepherdsville, as published in a recent number of Collier's. But he was all in and those who had seen the magazine suspected that his blood pressure had gone up.

DRIVE RESULT IS IN DOUBT

Sunday and Monday, Red Cross Movie Days in County

As the Red Cross drive goes into the final days of March, the outcome is still in doubt, Palmer L. Hall, Floyd county drive chairman, said Tuesday.

Approximately one-third of the county's quota of \$1,250 had been turned in at the local chapter office Monday. Only a small part of the community chairmen and workers had made a final report or turned in all money collected, however. It is certain that complete reports will not be received from some of the winning communities until after April 1.

As county chairman of the drive, I urge all workers to finish seeing those on their list, or all within their community as soon as possible, and to continue until that has been done, right up until the final day," Mr. Hall said. "Where pledges have been made, collections will be made even after the official closing of the national campaign."

74 Red Cross Workers Lost Lives During War

Washington, March 24—Seventy-four American Red Cross workers lost their lives overseas during the war, National Chairman Basil O'Connor said today. "These Red Cross people," O'Connor added in a statement, "died not only in the service of their country, but in direct and unselfish service to the individual men of the United States armed forces in every theater."

Next Sunday and Monday have been designated Red Cross Movie Days in the county. Theater owners and managers are asked to co-operate with the local chairman by taking collections at each showing of Sunday and Monday's picture so that any who have not had an opportunity to give or who wish to give more will have that final opportunity.

I believe in putting my store right in my customer's home. The telephone is more than convenient communication. It is a means of doing business, a way for the merchant to put his store in his customers' homes. In serving business, the Telephone Company accepts a great responsibility—the obligation to meet every need of the business man who depends on the telephone. With the Company—as with the corner drug store—earnings are vital to continued success. And because the telephone has become a part of everyday life, telephone earnings are a subject of importance to all. In 1945, telephone earnings were the lowest in the past 23 years. For 1946, the outlook is for even lower earnings. In keeping with the general trend throughout the country, wages have recently been increased. The cost of everything else going into the furnishing of telephone service is also climbing. Adequate earnings are a basic necessity to the American way of life. Earnings must be sufficient to enable industry to maintain high standards of service and to attract capital for expansion. As for the Telephone Company, they are indispensable if the full usefulness of the telephone in carrying on the business of the community is to be safeguarded.

The telephone is more than convenient communication. It is a means of doing business, a way for the merchant to put his store in his customers' homes. In serving business, the Telephone Company accepts a great responsibility—the obligation to meet every need of the business man who depends on the telephone. With the Company—as with the corner drug store—earnings are vital to continued success. And because the telephone has become a part of everyday life, telephone earnings are a subject of importance to all. In 1945, telephone earnings were the lowest in the past 23 years. For 1946, the outlook is for even lower earnings. In keeping with the general trend throughout the country, wages have recently been increased. The cost of everything else going into the furnishing of telephone service is also climbing. Adequate earnings are a basic necessity to the American way of life. Earnings must be sufficient to enable industry to maintain high standards of service and to attract capital for expansion. As for the Telephone Company, they are indispensable if the full usefulness of the telephone in carrying on the business of the community is to be safeguarded.

THE OLD JUDGE SAYS...

GEORGE: "Yes, I certainly would like to hear why you call that an old fashioned idea, Judge."

OLD JUDGE: "Glad to tell you, George. Until recently, a person known as an alcoholic was generally treated as a social outcast. Little if anything was done to understand him or help him. But, during the past few years, medical research and study has developed that alcoholics are really sick people... that there is usually a deep-rooted physical, social or emotional reason behind their behavior. That's why today so much is being done to help them by finding out and correcting the condition that leads them to excess."

GEORGE: "How many folks are there like that, Judge?"

OLD JUDGE: "Well, according to scientific research, 95% of the people who drink, drink sensibly. 5% do so unwisely, at times. Included in that 5% is the small percentage of the sick people I'm talking about."

GEORGE: "That certainly gives me a clearer picture. It's the most sensible approach I've ever heard on the subject."

NOW YOU CAN GET

Flying Octanes

Ashland
GASOLINE

IN THE GREAT NEW

They were tough customers—these Flying Octanes—in the business of winning mastery of the skies over far-flung battlefronts. But now the joyous job of bringing you greater motoring pleasure through "ASHLAND" line. They'll take you places with pickup, speed and power that will make "ASHLAND Gasoline for me from now on." Stop and fill up at the courteous, Ashland dealer conveniently located to serve you.

HOW ASHLAND'S WAR EXPERIENCE, REFINING AVIATION GASOLINE, BRINGS YOU A FINER FUEL

Gasoline Went to War

"I want the best aviation gasoline ever made," Uncle Sam told us. Using the facilities of one of America's most modern refineries, Ashland Oil gave our air warriors 100-octane-plus aviation gasoline.

Every "Crack" a Boost

This gasoline is "cracked" many times to improve its octane rating, to give it that instant starting, that quick pick-up, that soothing smoothness which spell perfect performance in any engine.

Why It's Tops

The blending of catalytic gasoline and special aviation components with an already fine gasoline gives "ASHLAND" a definite superiority over ordinary gasoline—a fact which you can easily prove.

Now Available For You

Those same war-trained Flying Octanes are down to earth in "ASHLAND" Gasoline, bringing to your car that thrilling zip over the highways that they gave Uncle Sam's warplanes over the skyways.

Our Policy on NEW CAR ORDERS

IN ACCORDANCE WITH FAIR PROCEDURE

We are now accepting orders for earliest possible delivery of new cars and trucks on a new system set up by Joe H. Cooley. However, as you know, there are not enough of either for all who want them. Therefore, we want to make a clear statement of our policy . . . so that everyone will know exactly how we are handling orders for and delivery of new cars during the current shortage period.

- 1 We intend to fill orders for new cars in the order in which they are received. There are two exceptions to this basic rule—
- 2 We will definitely reserve a percentage of our cars for those who have served in the Armed forces. We feel sure that all our customers will agree with the justice of this exception.
- 3 If definite need for a new car is a factor, we will, in the public interest, determine such cases on the basis of the now abolished, but publicly accepted, OPA priority lists.
- 4 We would welcome a trade-in on a new car and will offer top market prices for your used car.

This policy is in your interest. We are following it because we want to serve you fairly and well today as in the past. The Ford Motor Company and we ourselves are making every effort to deliver your new car promptly and honestly.

a new kind of rubber brings you a great new INNER TUBE
The U.S. ROYAL BUTYL TUBE

OUT OF THE WAR came a new kind of rubber—*butyl*. Because of its special properties, it makes the finest inner tubes ever known. It's tough and strong. It resists splits and tears. And it holds air far longer than ordinary rubber. United States Rubber Company scientists pioneered in developing *butyl* inner tubes for the Armed Forces. On every front, in every service, they dramatically surpassed all war standards of tube performance. Now, U.S. Royal Butyl Tubes are ready for you—to bring you better, safer motoring. See this great new tube at your U.S. Tire Dealer's now

★ HOLDS AIR MANY TIMES LONGER...

★ FIGHTS PUNCTURES... Makes Driving Safer

U. S. Royal Butyl Tubes hold air in your tires many more times longer. Less checking—less danger of under-inflation—more miles of dependable, trouble-free service.

Nail holes won't spread in U.S. Royal Butyl Tubes—the tube squeezes tight around the nail, holds air in. No sudden letdowns—fewer roadside tire changes.

"are YOU working for 2¢ a day?"

IF YOU do work that an electric motor could do for you, such as pumping water, hoisting hay, or sawing wood, you are working for about 2 cents a day, in terms of what the electricity would cost.

The successful farmer is a successful businessman, too. Hired help can be paid better, profits can be higher, if the cheapest tool—Electricity—is put to work 100 per cent.

If your farm is electrified, make Electricity pay by using it in every possible way. Electric motors, big and small, cost less to use, the more they are used.

Electric brooders produce more pigs, more chicks. Cows give more milk when they get plenty of water. Lights in the poultry house keep the hens producing more eggs. Electric refrigeration lowers the bacteria count of milk, conserves food.

It has been said that Electricity will do 225 jobs on a farm, not counting the 90 uses in a farm home.

Yes, Electricity put to work, is a "Must" on the business managed farm today.

Art Exhibit, Feature of Wheelwright Club Meet

Wheelwright, Ky., March 24 (Spl.)—Community Hall here was a scene of unusual interest and beauty Monday, last week, when the Woman's Club held its March meeting with the Fine Arts committee in charge of the program. A short talk on "What Is Art?" was given by Mrs. F. E. Conley, after which members and guests inspected the art exhibit, the main attraction of the evening. Pictures, objects of art and handicraft from different countries had been placed in suitable exhibit booths. Africa, Mexico, Australia, the Philippines, India, England, Czechoslovakia, Russia, China, Japan, Italy, France, Belgium and the United States were the chief countries represented. Books, calling attention to the fine arts, were placed with some prints of well-known pictures on one table and a display of art work from local schools demonstrated the creative ability of children of every grade, including high school. In the exhibit, emphasis was placed upon the effective use of color and design in producing a work of art, whether in a building such as the Taj Mahal of India, St. Mark's in Venice, or in a tiny bit of delicate cob-web lace from South America. Some outstanding features were: exquisite glass from Czechoslovakia; china, silver and linen from England; a beautiful sari and graceful vases of Benares brass from India; dolls in peasant costume, handwoven and embroidered linen, and an interesting old icon reminiscent of the old Russian church from the U.S.S.R.; silver, lacquer, lace, silk embroidery, and cloisonne from China; a cut-velvet picture, prints,

native costumes, china and silk from Japan; a painting on porcelain of the "Madonna of the Chair" in a gold-leaf Florentine frame, tooled leather, linen and copies of famous pictures from Italy; glass and china from Belgium; a hand-woven, colorful rug and tooled leather from Mexico; rice linen, straw bags, tooled leather, inlaid wooden tray from the Philippines and Australia; and an interesting old money box (about the size of a small chest) from Africa, with hammered brass hinges and trimmings. Jewelry from different countries showed variety in design and unusual uses of the same materials. A collection of spoons was an added feature. They were varied in color, shape, material and size, and seemed characteristic of the country where they were made. A hand-woven Kentucky blanket and an early American quilt were of special interest. The business meeting of the Woman's Club was held prior to the exhibit. Important business included a report from the Diversional committee. Mrs. William E. Rose, chairman, stated that 38 decks of playing cards had been bought and sent to General Federation headquarters in Washington, D. C., to be used in veterans' hospitals. The club members voted to buy another Victory bond. After inspecting the art exhibit, prepared by the Fine Arts committee members, Mesdames Yale Rogers, F. E. Conley, Tate Hartsook and Miss Margaret Motter, refreshments were served to members and four guests, Mesdames Harry Fields, Leon Porter, Earl Blackburn and G. F. Leatherman. Hostesses for the evening were Mesdames E. R. Price, Paul Flowitz and J. T. Parker.

BETSY LAYNE

Rev. W. B. Garriott filled his regular appointment at the Methodist Church here Sunday afternoon, delivering an enlightening sermon on "Church Discipline."

Mrs. R. E. Williamson, who is again quite ill, has returned from the Pikeville hospital and is improving. Friends wish for her a speedy recovery.

Miss Ruth Layne, Miss Lucille Layne, Miss Madge Spears and Clyde Blackburn, all students at the University of Kentucky, visited relatives here last week before returning for the spring quarter.

Mesdames Eliza Blackburn and Maxine Compton represented the Homemakers Club at the county meeting at Prestonsburg last Wednesday.

Kenneth Lacy, of Salyersville, recently discharged from the army air corps, visited with friends here Monday. Kenneth was a resident of this community several years ago.

Miss Clara Shaw, of Jenkins, Seventh district governor of the Kentucky Federation of Woman's Clubs, stopped Saturday afternoon at the home of Mrs. T. J. Chandler for a brief visit with the Woman's Club here. Miss Shaw was accompanied by Miss Ruth Harmon, of Pikeville.

The family of Mrs. Miranda Gearheart enjoyed dinner with her Sunday, March 24, on the occasion of her 73rd birthday. Many useful gifts were presented to her. Those present were Mr. and Mrs. R. B. Gearheart, of Ashland, Dr. Orris Gearheart, Martin, Mr. and Mrs. Fred Gearheart, Nelle, Betsy Sue, Walter, Fred and Paul Gearheart, Mr. and Mrs. Eugene Kely and baby daughter, Sharon Lee, Sgt. and Mrs. Glenn Whitt, Mrs. Oscar Bush, Mrs. Caldonia Pugh, Mr. and Mrs. J. B. Bush, Mrs. Margaret Compton and daughters, Nadine and Karen, all of Harold, Mr. and Mrs. Palmer Crum, Francis Gene Crum and Kelsa Gearheart, of Betsy Layne.

For the donations to the Needy Children Glasses Fund of Floyd county, we especially wish to thank the following for their contributions: Amburgy & Turner, Spears General Merchandise, Hershel Stratton, Bob Wallace, George's Liberty Bell Cafe, Betsy Layne Woman's Club, John Stumbo's Service Station, Harold Pugh Company, Glenn Blackburn, W. D. Steele, Joe I. May, Betsy Theatre, Oscar Bush, United Carbon Company. Their donations showed a real spirit and interest in their school, their community and their country. Mr. Howard wishes to extend to them his personal thanks.

ENTERTAIN FELLOWSHIP GROUP

The Prestonsburg Youth Fellowship group entertained the fellowship group of the sub-district with a "frank-and-pie" supper Monday evening at the Methodist Church. The St. Patrick's Day theme was used as the entertainment part of the program which was followed by an impressive talk by Mrs. W. P. Mayo on "Why We Should Study the Bible." The Mayo Memorial Church, Paintsville, presented the worship service. Seventy young people attended, including the local Intermediate Fellowship.

Comillis Stephens, 74, Member of Well-Known Floyd Family, Victim

Comillis Stephens, 74 years old, member of a prominent Floyd county family, died at 11:30 o'clock last Thursday morning at the home on Bull Creek, near here, of his sister, Mrs. Cynthia S. Prater, with whom he had resided for the last several years. He had been an invalid for four years and his condition had been critical for several days before his death.

A son of the late Morgan Greenville Stephens and Mrs. Malinda Hale Stephens, he was born and reared on Bull Creek where he spent almost his entire life as a farmer. In addition to many relatives, he had a host of friends in this section. He was never married.

Surviving are four brothers and three sisters: Clabe Stephens, Prestonsburg; James Stephens, Cliff; Sam Stephens, Wichita, Kansas; John Stephens, Prestonsburg; Mrs. Mary Scutchfield, Jeffersonville, Ky.; Mrs. Florence Crisp, Martin; and Mrs. Cynthia Prater, Prestonsburg. Funeral rites were conducted Saturday afternoon from the United Baptist Church on Bull Creek, the Revs. W. B. Garriott, B. W. Craft and James Roark officiating. Burial in the family cemetery was directed by the Arnold Funeral Home.

GUILD MEETS TUESDAY

The Wesleyan Guild met Tuesday at the home of Mrs. Roy Perry, with Mrs. Perry, Miss Josephine Davidson and Mrs. Luther Shivel, co-hostesses. After an interesting program, refreshments were served to the following members and guests: Mesdames Stella Spurlock, Phyllis Rainer, Opal Chumley, May K. Roberts, Doug May, Kathryn Frazier, Carlos Hayward, Oval Hall, Garnett Spurlock, Vera Ford, Virginia Shivel, Doug Perry, Ruth Worland, Edna Carol Greenwade, Irene Stephens, Inez Hereford, Golda Wicker, Mary Lou Layne, Mary Margaret Webb, Edith Akers, Nell Ribble, Margaret Spradlin, Anna Mae Mellon, Misses Vivian Hatcher, Margaret May, Pauline Hereford, and guests, Mrs. W. R. Rose and Mrs. Sam Hatcher.

Thomas Hereford arrived home last week with his discharge from the navy after long wartime service. Mr. Hereford was before his navy service manager of the I. Richmond Company here.

Mr. and Mrs. Clarence H. Crisp, T/Sgt. Perry Green, Jr., and Miss Edna Mae Ratliff were recent visitors in Johnson City, Tenn. Sgt. Green going from there to Ft. Jackson, S. C. He has re-enlisted for three years' overseas service with the army.

Damon Stamper, son of B. F. Stamper, Prestonsburg, recently enlisted in Michigan for army service. He was discharged a few months ago, after service in the European theatre.

Mrs. J. O. Salyers, of Hazard, will spend the week-end here, guest of her daughter, Mrs. H. D. Fitzpatrick, Jr.

Midnight Fire Razes Two Justell Homes Owned by Bailey

Two residences occupied by Clayborne Bailey and family at Justell were destroyed Friday night by fire of unknown origin. Damage was said to have been heavy.

The blaze started in a five-room structure occupied by Mr. Bailey's sons and was discovered by a neighbor who aroused the sleeping family. Nothing was saved from the first building. Some of the household effects were removed from the nearby residence occupied by other members of the family but both buildings burned to the ground.
