Guild To Conduct Rummage Sale Here As Aid to Cripples

Although the drive for the crippled children's fund cannot be actively waged, county-wide, until miners resume work, the campaign will be activated locally Friday and Saturday, May 24-25, with a rummage sale at the Methodist Church under auspices of the Wesleyan Service Guild, it was announced this week.

All funds derived from the sale will go to the benefit of the county's crippled children. Mrs. A. H. Mandt, chairman of the drive, said.

Girl Scouts of Prestonsburg will visit homes here next Thursday to collect unwanted items which are "white elephants" on the hands of householders. These will be taken to the church for the sale on the following two days. Household owners owning automobiles are also being asked to take their contributions to the church.

Mrs. Mandt said no definite quota has been assigned Floyd county for the drive but that it is hoped as much as \$5,000 will be raised.

Mine Injuries Claim Hargis Campbell, 39, Resident of Eastern

He is survived by his widow, Mrs. Dixie Campbell, his parents, nine children, Edgill Campbell, of the army, Etta, Mont, Minna, J. Bill, Gay, Ora Fay, Andrew Jackson, Henry and Leticia, all at home, and by two brothers and two sisters: Harold Campbell, of Michigan, Earl Campbell, Hippo, Mrs. Oscar Ousley, Risner, and Miss Rebecca Campbell, Columbus, Ohio.

Funeral rites were conducted Sunday from the Wilson Creek Baptist Church, the Rev. C. F. Conn and others officiating, with burial being made on Wilson Creek by the Ryan Funeral Home.

Venue Change Protest Says 'Mountains' Hated

Proposed transfer of the trial of Charlie Compton, charged with the recent murder at Betsy Layne of Mrs. Homer Parsons, from the Floyd circuit court at Winchester was attacked by Joe Hobson, attorney for Compton and other members of his family indicated in the slaying, on the grounds that a fair and impartial trial of the case may not be had in any county of the Blue Grass section because these counties "have a hatred toward the people of Eastern Kentucky and particularly Floyd county."

Accompanying this response to the motion of Commonwealth's Attorney John Chris Cornett for a change of venue was a mass of affidavits—239 in all—from Floyd, Martin, Knott, Johnson, Magoffin and Morgan counties, stating that a fair trial of the case may be had in any of these counties. Included in the affidavits were statements from three Floyd county officials, three Knott officials, two from Johnson, and five each from Magoffin and Morgan.

Circuit Judge E. P. Hill granted the Commonwealth's time to prepare its case for a venue change and announced that he will make his decision May 24.

TRUMAN SIGNS BILL BANNING YOUTH DRAFT

Act Extends Draft Till July 1; Age Limit Set at 25

President Truman affixed a reluctant signature Tuesday night to a stop-gap bill extending the draft until July 1 and banning the induction of fathers and youths 18 and 19 years old.

The new draft bill voided notification by Draft Board 44 here for the following to appear for induction: Elmer Stone, Dock; John H. Meador, West Prestonsburg; Dave Morgan, Hunter, Jr., Ivel; Olof Kidd, Honaker; Timothy Paul Reynolds, Beaver.

Abe Stone, of Prestonsburg, who was included in the call, will not gain such respite from service, since he enlisted April 26.

The 20-through-25-year manpower pool of unmarried men in the draft board here is very low and few inductions will be made through this board as a result, it was said.

Confronted with the alternatives of accepting the amendments or letting the whole wartime Selective Service law expire at Tuesday midnight, the President chose "the lesser of two evils," as his secretary put it.

The secretary, Charles G. Ross, told reporters that the President regarded it as a "bad bill." It was passed because the two houses of Congress were unable to get together in time on a longer extension.

Less than six hours before the midnight deadline, the Senate agreed to the House restrictions on inductions, and Senate Secretary Leslie Biffle sped the measure to the White House.

News Secretary Ross informed members:

"The President doesn't like it at all, but feels, as some of his officials do, that it will be better to sign it than have confusion that will result from failure to continue a legislative support for armed force inductions."

Selective Service announced that its present ban on the induction of men 26 and over will be continued, despite the fact that the act as renewed permits the drafting of men through age 29.

Rewards for Robinson Now Total \$600; \$300 Posted Here This Week

Rewards totaling \$600 are now being offered for the arrest, or for information leading to the arrest, and the return to the Morgan county jail of Lonnie Robinson, alleged slayer of Prestonsburg Policeman Albert Horn and Orbin Moore, Chief of Police Epp Laferty announced this week.

A reward of \$300 was posted by Jaller Smith, of Morgan county, some time ago for the arrest and return to the Morgan county jail at West Liberty of Robinson.

This week, an additional \$300 were deposited in The First National Bank here for Robinson's arrest or for information leading to his arrest.

Jaller Smith posted his reward, a few days after Robinson fled the jail at West Liberty.

WAR II VETS IN MAJORITY As Legion Post Here Elects New Officers; James Is Commander

Eight of the 10 officers named by Floyd Post No. 129, American Legion, Sunday at its annual election of officers are veterans of World War II.

The transition from direction of the Post by old veterans to the new saw the commander, second and third vice-commanders, adjutant, finance officer, sergeant-at-arms, service officer and historian posts all filled by War II vets.

Tom James was elected commander, succeeding the Rev. Edgar E. Miller, who was named Post chaplain. Other officers elected: Carl Comstock, first vice-commander; Alvin Taylor, second vice-commander; Sam K. Hatcher, third vice-commander; Claude Hale, adjutant; Ed May, finance officer; Fred G. Francis, service officer; Ralph DeBord, sergeant-at-arms; Claude Kendrick, historian.

The Post decided at Sunday's meeting to conduct a Poppy Day sale here May 25 and to observe Memorial Day. A program is in preparation for observance of Independence Day, it was announced.

LONGER TERM FOR SCHOOLS In Rural Sections Seen; School Board Lets Ten Contracts

When Floyd county's rural schools re-open their doors July 15, their first nine-month term will begin, it is expected as a result of the unified public school system provided by action of the 1946 session of the General Assembly, Superintendent Town Hall said this week.

This extended school term is made possible by a uniform tax rate for rural school and consolidated school districts of \$1.50 on the \$100 valuation.

Opening date for consolidated schools was set by the Floyd county board of education at its recent meeting for September 9.

Ten small school buildings, re-advertised for bids for the May meeting of the Board after bids a month earlier were considered exorbitant, were let to contract. Schools to be built, low bidders and amounts of their bids follow:

Clear Creek, Buck's Branch, Lick Fork, Lancer and Brush Creek, J. L. Meade and Taubee McGuire, \$2,497 on each building; Ivy Creek school, Will Hamilton, \$2,790; two-room school at Buckeye, B. J. Caudill, \$4,598; Spewing Camp, George Tackett, \$2,850; Cold Springs, E. B. Shepher, \$2,883; month Tinker Fork, E. V. Hamilton, \$2,560.

The Board saved nearly \$10,000 by re-advertising these schools for new bids," Mr. Hall said.

Of the eight bidders on school bus stops, Curtis Clarke, Prestonsburg, was low with his bid of \$82.46 on the smaller, 6x7-ft. building and \$97.01 on the 7x12-foot structure. In all, 100 of these will be built, it was said.

The Board purchased from M. C. Hall for \$7,000 a three-acre tract of land as a site for a school to be built at Melvin. The tract already has on it a house which will be used as a residence for the school principal.

An addition to the McDowell school playground was purchased from Senator Douglas Hays for \$2,500. The Board authorized construction of an eight-room addition to the McDowell school after previous school building commitments have been fulfilled.

The 500-gallon purchase of oil for school buses was made from the Standard Oil Company on its low bid of 65 cents per gallon in barrels or 77 cents a gallon in quarts.

ONE KILLED, TWO INJURED As Auto Plunges Over Embankment On Jones Fk. Road

One Lackey man was instantly killed and two others were injured, one seriously, Tuesday when the automobile in which they were riding left the Lackey-Hindman road on Jones Fork and plunged over an embankment.

Killed was General Stone, 55-year-old farmer, Virgil Moore is in the Stumbo Memorial hospital at Lackey in a serious condition as a result of internal injuries. His father, James Moore, driver of the auto, was dismissed from the hospital Wednesday.

It was said here that Moore lost control of the car which plunged over an embankment approximately 20 feet high. Stone died of chest injuries.

The victim was a son of the late Jack Stone, of Knott county. He is survived by his widow, Mrs. Sallie Stone, one son, Mark, of Lackey, and four daughters, Mrs. Cephus Mosley, Garner, Ky., Vinus, Zella and Anna Stone, all of Lackey. He also leaves three brothers and three sisters: William, Winston and Wilson Stone, and Mrs. Claude Mosley, all of Garner, Mrs. Isom Tuttle, Leburn, Ky., and Mrs. Floyd Stone, of Lackey.

Funeral rites were conducted today (Thursday) at Garner and burial there was directed by the Ryan Funeral Home.

233 SENIORS TO GRADUATE Here Friday Evening In Tenth Countywide Mass Commencement

Floyd county's 10th countywide graduation exercises, its first peacetime occasion of the kind in five years, will see 233 seniors of nine high schools receive their diplomas.

The exercises, as usual, will be held in Prestonsburg high school gymnasium which will be divided into sections for each of the nine high schools and their patrons.

Dr. A. A. Page, president of Pikeville College, will deliver the Commencement address and the graduates will receive their diplomas from County Superintendent Town Hall.

The colorful countywide graduation will be preceded by each school participating in its own time-honored activities of Commencement time.

The Commencement program here will include music by the Floyd county band, directed by Jesse Elliott, Floyd county band instructor, and by high school glee clubs directed by Mrs. Carlos M. Haywood, Mrs. Oval B. Hall and Miss Margaret May, high school music teachers.

The address of welcome will be delivered by Mayor E. P. Arnold of Prestonsburg following the invocation by the Rev. W. B. Garritt, pastor of the Methodist Church here.

Greetings to the graduates will be given by Monroe Wicker, superintendent of Prestonsburg schools. The benediction will be pronounced by the Rev. M. Robert Regan, of Prestonsburg.

This year's graduating class is a big increase over the 158 of last year, which was the smallest since the first countywide exercises were held in 1937.

In Friday's gathering the feminine influence will again prevail, with 143 of the graduates girls. Prestonsburg's 69 seniors is the largest group to receive diplomas. Wheelwright is next in numbers with 41, including 10 young men graduating from that school under the "G.I. Bill of Rights."

(Names of graduates will be published next week.)

Frazier of McDowell Elected President Of State's YMCA

Walter Frazier, Pikeville College student from McDowell, was elected president of the state Y.M.C.A. Sunday when 47 students representing six college Y's attended the annual Student Retreat at Camp Daniel Boone, 18 miles south of Lexington.

Frasure, a war veteran, is a son of Mr. and Mrs. James Frasure. He was graduated from McDowell high school, class of 1940, and has also attended Caney Junior College. He is president of the Pikeville College Y.M.C.A.

In addition to devotional and inspirational services at the Retreat, the students discussed what the "Y" can do for freshmen and veterans and the relationship between the Y.M.C.A. and the Y.W.C.A., and with the church.

Pikeville College and the University of Kentucky were the only two Kentucky colleges to maintain Y.M.C.A.'s throughout the war. Other schools represented were Berea College, Eastern State Teachers College, Murray State Teachers College and Transylvania College.

WORK PICTURE IN SHADOW Labor Picture Dark, Though Mines Return To Work Under Truce

Despite the 12-day truce entered into Monday between the United Mine Workers of America and soft coal operators, the labor picture in the county and over the nation remains in shadow.

Coal peace talks were broken off Wednesday after John L. Lewis, miners' leader, and Charles O'Neill, operators' spokesman, had deadlocked over the seven per cent mine payroll levy demanded by Lewis for a union-controlled health and welfare fund. They are to resume talks today and to report to President Truman.

Railroad engineers and trainmen have scheduled a strike for Saturday, but one ray of hope remained that they would continue operation of trains if the railroads are seized by the government.

Bus transportation in Floyd and other Eastern Kentucky counties remained paralyzed. No further negotiations between striking employees and bus line owners was reported. None would hazard a prediction when the strike would end.

Vowing that he would "now or later negotiate any contract that does not provide such a fund," John L. Lewis scoffed at operators' claim that the payroll tax he proposes would cost \$70,000,000 a year.

Monday morning every mine in the county was in operation under the terms of the truce, it was said, with the exception of Princess Elkhorn at David. That mine resumed work on the following day. Over the Big Sandy-Elkhorn field only four mines were idle Monday.

Renewed coal production cancelled the proposed discontinuance of the last two passenger trains operating on the Big Sandy division and lifted the freight embargo, but all passenger service on Right and Left Beaver Creeks remains non-existent. The mails from Allen to these sections are being transported by trucks.

VET'S AUTO KILLS BOY Senters' Bond, \$2,000 In Death Here Friday Of Robie Joseph, 10

Clyde Senters, of Ivel, navy veteran and former Prestonsburg high school athlete, was held Tuesday by County Judge Alex L. Davidson to \$2,000 bond to answer to grand jury action after he had waived examining trial in the death here, early last Friday night, of 10-year-old Robie Joseph, Prestonsburg schoolboy.

The child was struck by Senters' automobile on the highway, near the home of Ex-Jailer Guy Horn, at the upper limits of Prestonsburg, and was dead upon arrival at the Prestonsburg General Hospital. His neck was broken.

Senters said the boy dashed onto the highway, directly into the path of the car. Authorities investigating the tragedy said Senters apparently made every effort to avoid hitting the boy and County Judge Davidson said witnesses indicated the accident was unavoidable.

Corbin Joseph, father of the victim, said Senters apparently was traveling at high speed. The distance from where one of the boy's shoes was found to where the body lay was estimated at more than 50 feet.

Surviving, besides the parents, are seven brothers and sisters: Raymond, Denver, Marie, Kermit, Carl, Maryland and Emmett. The funeral, held Monday afternoon from the Freewill Baptist Church, was attended by his classmates of the fourth grade here. The Rev. Scott Castle officiated at the rites. Burial, directed by the Arnold Funeral Home, was made near the Joseph residence.

Last game for the Cats before the district tournament will be at Williamson Monday afternoon.

Daily Rains Retard Work at Dewey Dam; Routes Are Improved

Daily rains have hampered work of the Ryan Construction Company on the Dewey dam, yet preparations for heavier operations ahead are being made while excavation for both tunnel portals and construction of the resident engineer's field office at the site of the dam are being done.

Altogether, the company has approximately 50 men on its payroll at this time. Preparations were being made this week to grout the southwest abutments of the dam.

Improvement of the Cliff-Auxier road to the dam and of the Van Lear road leading to Dewey is under way. Five hundred tons of crushed stone have been applied by Floyd county to the road to the dam while the contractors have been widening both routes.

Herbert W. Witte, resident engineer, said this week he expects to move his office from Prestonsburg to the field location at Dewey around July 1.

CATS FAVORED TO WIN TITLE In Tournament Here Next Week But See Tough Opposition

Prestonsburg high school's undefeated Black Cats enter the district baseball tournament here next Thursday with fingers crossed after having been rated the "distinct favorite" to cop the title and earn a berth in the regional at Morehead May 28.

Although sporting an eight-game winning streak, including a victory here last Thursday over Williamson, one of West Virginia's best high school baseball teams, the Cats are not unmindful of the danger lying in over-confidence and are not regarding the Auxier team too lightly.

Besides Prestonsburg and Auxier, Martin and Garrett are certain entries with Wayland and Maytown probable.

Against Williamson here last week, Ballard Branham, mound sensation, had a bad first inning when the visitors scored a run on a single and a double, although striking out the side. In the sixth he suffered a mild streak of wildness, walking two after his mates had committed two errors. Only one hit was made off his delivery in that inning.

Wedding's pinch single in the seventh scored the winning run, Prestonsburg winning, 4 to 3. Over the distance, Branham allowed three hits and fanned nine. In his four games during the season he has allowed in all only seven hits, twirling a no-hitter against Russell and following up with a one-hit game against Paintsville.

"Ach" Hyden was in his highest fettle of the season against Paintsville high school, the following day, holding the Johnson countians to two hits, one run and striking out nine. Meanwhile, his mates pounded two Paintsville twirlers for 11 markers. Hyden is credited with five wins this season and, while his record is not as sensational as Branham's, he has done a workmanlike job on every appearance on the mound this year.

Last game for the Cats before the district tournament will be at Williamson Monday afternoon.

WAYLAND CHILD DIES OF HEART ILLMENT

Delma Glee, six-year-old daughter of Mr. and Mrs. James Arms of Estill, died at the Stumbo Memorial hospital, Lackey, Monday, a victim of a heart ailment. The little victim was a pupil of the Wayland grade school. Surviving, besides the parents, are four brothers, Thomas, Bobby, Charles and Glenn. Funeral services were conducted Tuesday from the Baptist Church at Lackey, the Revs. E. H. Howard and Alex Coburn officiating. Burial in the Chandler cemetery, Lackey, was directed by the Ryan Funeral Home.

101-Year-Old Mother, Mother's Day Guest

old mother of 10 children.

Mrs. Shepherd, honor mother for the occasion, was brought to David in a Princess Elkhorn Coal Company truck from her home on Open Fork, five miles away. Although for many years a member of the Regular Baptist Church, it was one of the few Sunday Schools she had ever attended and Sunday was the first time in several years she had been out of the narrow valley where she resides with her daughter, Ora Lee.

Strong for her years and alert, Mrs. Shepherd in the comfort of a rocking chair enjoyed the program. Awaiting her at the church was a leather handbag presented by the Cox Department Store here and a gift of \$10 in cash from the David Bible class.

The widow of Brice Shepherd, she is a native of Virginia but has spent so many years in Floyd county she considers herself a Kentuckian. At the "old home place" on Open Fork she is quite active, refusing to bow to the weight of the years, and acquaintances say she still can spring from a "mighty" little rise in the ground" to mount a horse or mule.

She "rides behind" some friend or relative when she takes a trip home-back. And always sidesaddle. She has never ridden "a-straddle."

Among the 110 who attended the David Community Sunday School's Mother's Day observance Sunday was Mrs. Nancy Shepherd, 101-year-

DAUGHTER'S LEAVES

Although the succulent stems or stalks of the rhubarb plant have long been used for springtime sauce and pie, the leaves are poisonous because they contain so much oxalic acid in soluble form, the U.S. Department of Agriculture warns. Numerous cases of illness and even some deaths have been reported in both Europe and the United States from eating rhubarb leaves cooked as greens. Though oxalic acid is present in the stalks, it is in such small amounts and mostly in the form of insoluble salts so that it does not create a hazard.

Rhubarb leaves may be put to use to brighten dark aluminum pans, however. Boil leaves and water in the discolored pan or kettle a few minutes. Then wash the pan thoroughly with soap and water.

Burchett-Conley Vows Are Solemnized Today

Miss Bernice Burchett, daughter of Mrs. Martha Hughes Burchett and the late Walter Burchett, of Highland avenue, and Mr. William Paris Conley, son of Mr. and Mrs. Paris Conley, of the Abbott road, were quietly married Thursday, May 16, at the Methodist Church at 2 p.m.

The double ring ceremony was solemnized by the pastor, the Rev. W. B. Garriott, Mrs. L. W. Barbour, of Huntington, W. Va., aunt of the bride, served as matron of honor, and Mr. William Richmond Pruitt was best man. The bride was attired in powder blue, with white accessories. Her corsage was of orchids, with a shower of white sweet peas. Mrs. Barbour wore a navy suit with black accessories. Her corsage was of white rosebuds tied with fuchsia ribbon.

Mrs. Conley attended school in Letcher county prior to her residence here. Mr. Conley was graduated from Prestonsburg high school and attended Pikeville College. He was discharged from the army in November after having served three years, 18 months of which were spent overseas. He is now employed by the Floyd County Board of Education.

Following the ceremony, they left for a brief honeymoon in Cincinnati and other points.

A. H. Mandt and J. R. Hurt left Tuesday afternoon for Washington, D.C., where they will confer with coal officials in regard to the coal strike.

Why You Face a

COAL FAMINE!

This is not an argument. It is not an attempt to convince anybody of anything. It is presented as a public service in an effort to tell the people about the coal strike—what caused it—what the coal operators have done to try to settle it—what the coal famine we now face means to the people.

Usually there are two reasons given for strikes:

First—Failure of management to grant union demands for wages, hours or working conditions.

Second—Refusal of management to bargain collectively with the union.

Neither of these is the cause for the coal strike.

As to the first: Coal mine operators have offered the highest wages ever paid to coal miners. They have volunteered the highest offer made by any large industry since the end of the war. They voluntarily offered to follow the wage pattern set in the steel, oil, and automotive industries. They offered to reduce the working hours per day. They made a number of specific offers regarding working conditions.

As to the second: The wage conference was called at the request of John L. Lewis, president of the miners' union. The Operators' Negotiating Committee readily agreed to it. The conference began March 12, 1946. Union officials consumed almost a week in speechmaking. They made no specific demands. The operators replied in less than one day and then promptly submitted proposals to prevent a strike. The proposals were ignored by the union officials. A strike was called on April 1.

The operators submitted additional proposals to bring the strike to an end. These also were dismissed by the union's leaders.

UNION LEADERS REFUSE TO BARGAIN—UNLESS...

Union officials walked out of the conference on April 10, admitting that there had been no negotiations for making a new wage agreement since the conference had opened.

For more than two weeks, union officials declined to return to the conference.

The union leaders warned that there would be no negotiations—that they would not bargain collectively—until the operators had agreed in principle:

1. To a tax to be levied on every ton of coal mined. Ten cents a ton has been

the figure mentioned. This royalty payment would go into the union's treasury (at the rate of over \$50,000,000 annually) to be administered entirely by the union as a so-called "health and welfare" fund.

2. To compel mine supervisors, foremen, and other managerial personnel of the mines to join the rank-and-file union.

These were not concrete demands. They were presented in general terms in speeches by the union officials. The mine operators were asked to agree to them without knowing exactly what such agreement would mean. Otherwise the miners refused to negotiate at all. They refused to discuss these or any other subjects in detail. They refused to bargain collectively. They called a strike and the strike continues.

This is the reason for the coal strike.

WHAT DID THE COAL OPERATORS OFFER?

The coal operators made definite offers to the union's general proposals. The offers were made specific in an effort to get negotiations under way; to establish a basis for real collective bargaining.

1. **Regarding welfare**—They offered to explore the establishment of a reasonable fund to help in unusual hardship cases arising directly out of accidents in coal mines, and to join equally with the union in paying the cost if the findings and facts so warrant.

2. **Safety**—They offered to work out codes of safety standards—any desirable changes to be supported by the miners and the operators and jointly recommended to the legislatures of the several coal-producing states. They proposed also to give the miners at each mine the right to have a safety committee to make examinations, recommendations and jointly assist in preparing and enforcing safety rules and regulations.

3. **Compensation laws**—They agreed to make mandatory the acceptance of

workmen's compensation laws in any state where acceptance is optional.

4. **Hospital and medical funds**—They agreed to turn over to the designated agents of the mine workers' union all funds collected from the mine workers for payment of doctors, hospitals, "burial funds," "benefit funds," and for any similar purposes where the union's locals are dissatisfied with existing arrangements.

5. **Wages**—In their offer to conform to the government's wage-price pattern, they offered to the miners the highest wages ever paid in the coal industry. (This offer would add between \$100,000,000 and \$150,000,000 a year to the cost of producing bituminous coal.)

6. **Hours**—They offered to reduce the working day by one hour.

These offers the union refused to discuss.

WHAT THE COAL FAMINE MEANS TO YOU

Coal supplies the power for more than half the country's electricity. It supplies half of the industrial power of the nation. It runs all but a fraction of the country's railroads.

Coal is the most basic of all industries. Without it steel cannot be manufactured... Without steel, automobiles, washing machines, refrigerators, homes, vacuum cleaners and many other essential things people have wanted for so long cannot be made.

Steel and automobile companies are closing down... Railroad service is being curtailed... Electric light and gas plants are reducing their output. If coal mining is longer delayed the coal famine will affect your corner grocery.

Already hundreds of thousands of workers, including thousands of world war veterans, are being forced into idleness. The nation faces today its most serious crisis since Pearl Harbor.

The only real solution to the coal strike must eventually come through constructive legislation. Your action could help speed this solution.

REMEMBRANCE OF MOTHER

God sent an angel down to us,
 Who knocked upon our door,
 And took away our dear mother,
 To bring her back no more.
 Oh, tell us not that she is dead,
 She's only gone before,
 The angel carried her to God—
 To live forever more.
 They say we've lost our dear mother,
 I do not feel it so,
 For she's just gone to be with God
 As sometime we shall go.
 Oh, how we miss her merry laugh,
 Her footsteps to and fro,
 'Tis not that we feel she's lost,
 But in our home we miss her so.
 We know that she is now at rest,
 She's free from every pain;
 Dear ones, don't grieve for her as
 I do,
 For we shall meet again.
 'Tis but the casket beneath the sod,
 We know her spirit lives,
 'Tis but a part of God's great plan,
 To take back what He gives.
 We give thee up, oh! dear mother,
 'Twas for the best, we know,
 Or God would not have called you
 home,
 And grieved our poor hearts so.
 God's ways are passed our earthly
 cares,
 He's wisely willed it so,
 But if we trust His guiding hand,
 Sometime we shall know.
 Now since it be Thy will, oh, God,
 To set her spirit free,
 Oh, may her life be like a tie,
 To bind our hearts to Thee.
 Sadly missed by her children.

now be included in the state-wide re-surfacing program." Highway Commissioner Watkins said. "Unsettled conditions in the steel industry of the nation have prevented bids on steel bridges, since little or no steel of bridge type is being rolled. When this bottle-neck is eliminated, several bridge projects will be ready for letting."
The majority of the re-surfacing projects thus far submitted are state maintenance projects, although several rural highway and federal secondary jobs are included in the bidding on May 31. These two lettings will provide for 850 miles of re-surfacing costing about \$3,000,000—by far the largest program we have been able to inaugurate since 1941. Other lettings covering other counties will give us state-wide activity which should place our highways in excellent shape."
