### SELF-REGULATION HOW IT COOPERATES

Self-Regulation calls for the closest possible cooperation with state and local law enforcement authorities in the solution of any problem which might relate to the retailing of beer.

Our Committee makes no attempt to assume the powers of the constituted officials. Instead, it seeks to aid and strengthen their work by providing an extra "shoulder to the wheel" of law enforcement.

Public officials throughout the State know from experience that they can depend on our assistance in maintaining wholesome, orderly conditions in retail beer outlets.

# Caught Again

Under the date of Sept. 13, 1946, four politicians of this county sent out a letter to the teachers asking them to support the Wet cause on the basis of more money for the teachers. The following is the closing paragraph of that letter:

"We are therefore appealing to you to use your vote to defeat this attempt prompted by out-of-the-county interests, who care little about the economic losses by voting NO in the Local Option Election, September 30.

Yours very truly,

CLIVE AKERS  
Tax Commissioner, Floyd County

The following is the answer by a teacher of Floyd county:  
Dear Mr. Tax Commissioner:

In your letter of September 12 to me as a teacher you remind me that I am interested in the welfare of my profession. What teacher in her right mind and worthy of the profession, is not? I am indeed aware of the responsibility of my profession in developing the minds of the men and women of tomorrow! Your feeble attempt to influence me to violate that responsibility by selling the welfare of our youth to be sacrificed on the altar of greed calls for a protest if not a reprimand. I have no intention of being a modern Judas Iscariot as you seem to suggest. How can I warn children against the evils of liquor, as the law requires, and then vote FOR it? You were elected to serve as Tax Commissioner and not to advise me how to vote. You were elected to serve the people of Floyd county and not a few rich liquor dealers.

You take a lot for granted when you assume that we teachers have no convictions or no judgment on this issue. You infer that if this county goes dry our profession will suffer. But we know that the revenue will go to all counties the same whether they are wet or dry. We are tired of being pushed around by the liquor traffic and tired of caring for its victims.

When has liquor ever made BETTER citizens? When has liquor ever

A pie supper will be held in the auditorium of the Prestonsburg grade school Friday evening, Sept. 27, at 8 p.m., under sponsorship of the mothers and teachers of the two first grade rooms of the grade school for the purpose of buying material. ### TO THE PUBLIC

I feel that this election is of great interest to all the citizens of Floyd county and, since I am in a position where I must give information and assistance to both sides, I wish to explain that I maintain a position of neutrality and my intention is to give justice to both sides as much as possible. I feel that the voice of the majority should rule, and I will strive to see that it does.

I have heard rumors that have been spread that I am working for one side or the other, which are untrue, and I hope all you people will understand why I cannot speak or work in behalf of any group.

I must send out ballot boxes and supplies and I must receive them when they are returned and then I must assist in the count.

In order to comply with the law, we will be forced to close the courtroom while counting. The public will not be admitted. No one will be allowed in the counting room except the election commissioners, tabulators and one representative for each side at each table. These representatives should be named by the committees for the wets and the committees for the Drys and the list submitted to the election commissioners before the count starts, so that they will be admitted by the guards.

Willie favors dry flies, Basil pooh-poohs anything but wet flies. Willie swears by a Royal Coachman; Basil won't hear of anything but a Silver Doctor. And by the time it comes to steel rods versus bamboo rods... #1X&\*\*!!

Booze Has Caused Here!  
Let's Vote Liquor Out!!!!

## Let's Vote It Out, Monday, September 30

### NOT BY MY VOTE!

Men will have strong drink, and men will sell liquor, BUT,  
NOT BY MY VOTE

Saloons may go like the brook, forever, and men may die by the thousands in them, but  
NOT BY MY VOTE

Youth may be wrecked and character dismantled, homes may be destroyed, and women and children beggared, but  
NOT BY MY VOTE

Children may be caught in the saloon snare, the victims of alcohol may fill our jails, almshouses and insane asylums, but  
NOT BY MY VOTE

Saloons may degrade and impoverish the people; producing idleness, disease and pauperism. It may breed anarchy and crime, but  
NOT BY MY VOTE

Government may license the drink traffic and for a consideration take "a reward against the innocent" and bargain away the public health and the public morals, but  
NOT BY MY VOTE

Liquor traffic may corrupt the social and political life of the nation, it may worm its way into all business and even into the sacred precincts of the home and the church, but  
NOT BY MY VOTE

Bells may toll the death knell of a human being slain by rum every five minutes of the day, but  
NOT BY MY VOTE

### OUR PLEDGE

We, the members of the Floyd County Ministerial Association, realizing that our task is just begun when we vote Floyd county DRY on Sept. 30, hereby pledge our fellow-citizens, that we who represent the churches in this county will work unflinchingly to protect the fruits of our victory. Numbers of prominent Christian laymen have pledged their assistance in guaranteeing strict law enforcement. A Mass Meeting will be called following the election, inviting all citizens interested in a more wholesome environment for our children, to aid us in achieving our goal.

REV. J. E. FELTY, JR., Chairman

### "IT COULD BE WORSE"

Exclaimed a prominent Floyd county Business man recently. Continuing, he said: "I voted for repeal but present day liquor joints and roadhouses have the old saloons put to shame for promiscuous selling to minors, drunks and women. I'm going to vote dry and try a dry county for three years."

HUNDREDS ARE SAYING THE SAME

Why not try a DRY FLOYD. If we don't like it, we can vote again at the end of three years to determine whether we want to remain dry or return to open saloons and roadhouses. What is more fair than that?

NOTHING COULD BE WORSE THAN THE PRESENT CONDITIONS

### WHICH GETS YOUR VOTE OF CONFIDENCE?

You Make Your Choice Monday  
One of These Groups will Step Forward Monday Endorsed By  
Your Vote As Your Ideal! Which One?

**THE DRYS:** Composed of ministers, educators, public officers, civic workers, men and women of the church. This group giving their time and energy, without thought of monetary reward, asks for your vote of confidence. The church teaches youth and adults the higher and finer things of life. Liquor is the greatest enemy of these ideals.

**The SALOONS:** Composed of criminals, law breakers, corrupters of men and defilers of womanhood. They want your vote so they can continue destroying the character of our boys and girls. Character once destroyed is an easy mark for the liquor dens. Monday, you pick out the boy and girl you want to send down liquor's road.

You Cannot Stand for the Best Interest of Your Home and Community If You Vote With the Liquor Crowd

### A \$7,800,000,000 SHAME

Figures released last week by the United States Commerce Department show that Americans spent the record-breaking sum of \$7,800,000,000 for alcoholic drinks in 1945.

This was 9 per cent plus, or \$700,000,000 above the 1944 total of \$7,100,000,000.

This report, taken alone, is one of the most devastating indictments of our so-called civilization it would be possible to make. But, coming simultaneously with former President Herbert Hoover's statement that 500,000,000 persons throughout the world are short of food and Herbert H. Lehman's assertion that "there will be barely half enough food to go around next year; many millions must go hungry; many will starve," it becomes even more damning.

Why seven billion, 800 million dollars should be spent for intoxicants while 500,000,000 persons face hunger, with many of them doomed to starve, is a question that ought to weigh heavily on our national conscience—if we still have one.

### 90 DRY COUNTIES

Yes! Prohibition Prohibits.  
Read What These Counties Say of Local Option

**POWELL COUNTY:** At least 75 per cent improvement.

**ELLIOTT COUNTY:** It doesn't seem like the same old place.

**NICHOLAS COUNTY:** Jail has been empty frequently since we went dry.

**CARTER COUNTY:** Less bootlegging and drunkenness and safe for our boys and girls.

**MENEFEE COUNTY:** County officers signed statements saying cases in court decreased as much as 75 per cent.

**ALLEN COUNTY:** Scottsville chief of police says: "I have had little to do since we voted liquor out."

**OWEN COUNTY:** We are surrounded by wet counties but conditions are so much better, it is not the same place.

**CUMBERLAND COUNTY:** says Sheriff Mrs. Stanley D. Pace, has less drinking and lawlessness since local option. It is better in every way.

**METCALFE COUNTY:** "100 per cent improvement. I was county judge during liquor and am now county attorney and am in a position to know."

**MONROE COUNTY:** Every county official in a signed statement declares their county is much better off. Less trouble, less drunkenness and less crime.

**GARRARD COUNTY:** Twenty-seven business men, bankers and county officials go on record with the statement that business is better, no vacant store buildings and less drunkenness and lawlessness.

**MAGOFFIN COUNTY:** This county voted dry in 1936 by 5,470 to 433. The last full wet year (1935) there were 791 arrests for drunkenness. After seven years dry there were 114 arrests (1943) for drunkenness. A seven to one drop in drunkenness.

**KNOTT COUNTY:** Twenty-three business men, bankers and county officials in a sworn statement present a certified copy of the county jailer's records which reveals—the first 8 WET months of 1942 there were 496 convicted for drunkenness and 20 were sent to jail for moonshining. The first 8 DRY months of 1943 ONLY 23 convicted for drunkenness and 4 for moonshining.

Rev. J. S. Rucker, of Maytown, says while he was pastor in Ashland, his church held services at the jail each Sunday, preaching to 50 or 75 men and women, mostly drunks. On the first Sunday after Boyd county went dry (into effect), the jailer called to tell him not to come: THERE WAS ONLY ONE PERSON IN THE WHOLE JAIL. Drunks have long said most crime is due to liquor. When you vote for liquor or do not vote, you give your stamp of approval to INCREASED CRIME.

### WARNING!

MORE AND MORE WHISKEY DIVES, BEER JOINTS AND ROADHOUSES ARE BEING CROWDED INTO FLOYD COUNTY EVERY YEAR.

Here are the Facts from the State Revenue Records:

For the fiscal year ending June 30, 1944, Floyd county had 75 beer joints and 20 whiskey dives. A TOTAL OF 93 SALOONS.

For the fiscal year ending June 30, 1945, the number was increased to 81 beer joints and 24 whiskey dives. A TOTAL OF 105 SALOONS.

For the present fiscal year, as of August 1, 1946, the number has jumped to 94 beer joints and 30 whiskey dives. A TOTAL OF 124 SALOONS NOW IN THE COUNTY.

LAST SPRING THE STATE ALCOHOLIC CONTROL BOARD GRANTED SIX NEW WHISKEY LICENSES OVER THE VIGOROUS PROTEST OF COUNTY JUDGE ALEX L. DAVIDSON.

### WHAT IF FLOYD VOTES WET?

IF FLOYD COUNTY SHOULD VOTE TO REMAIN WET we may be at the mercy of a greedy state board. What may prevent them from jamming MORE AND MORE SALOONS under our nose in EVERY COMMUNITY?

WITH LAWLESS SALOONS EVERYWHERE what protection have we, our homes and our children, against this increasing wicked and shameful menace?

### LET'S VOTE FLOYD COUNTY DRY

AND STOP THIS OUTRAGEOUS, CRIMINAL AND UNWARRANTED INCREASE OF SALOONS BY VOTING YES TO VOTE DRY AND GET RID OF THE WHOLE DANGEROUS AND DISGRACEFUL MESS.

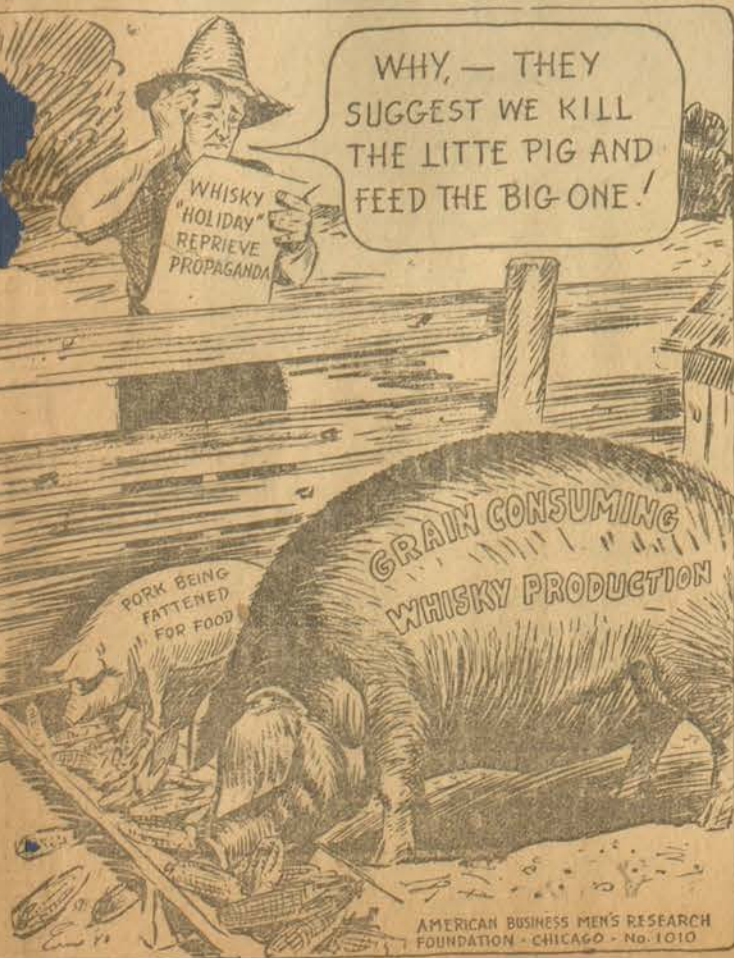

IT CERTAINLY COULDN'T BE ANY WORSE THAN IT IS NOW.

WHY NOT TRY IT FOR THREE YEARS. If at the end of the three years, we don't like local option we can vote over again and bring the saloons back. FAIR ENOUGH, ISN' IT?

Item from the "Ashland Independent" January 8, 1945:  
CITY JAIL EMPTY; NO ONE TO TRY  
For the first time in months, the Ashland city jail was empty and there are no cases docketed for the Ashland police court, Judge A. R. Imes reported today.  
In the first week of local option, only 11 cases had been considered last night. Prior to this Judge Imes stated there were 40 to 50 cases of drunkenness disposed of.

### "IT'S HARD TO BELIEVE"

Liquor Boys Like To Scare People  
Believing That Local Option  
Is Not A Success In Kentucky

My! Oh, Why! Then...

TRIMBLE, SCOTT AND LETCHER COUNTIES SO WELL  
SATISFIED WITH LOCAL OPTION THAT THEY VOTED  
TO REMAIN DRY LAST SPRING?

American Business Men's Research  
Foundation  
55 W. Jackson Blvd., Chicago 4, Ill.

"Joan, it is easy to tell you why I am interested in local option. My husband's paper recently carried a liquor association advertisement claiming that prohibition had always been proven a failure and the people have repealed it."

"Was that recently?"

"That is what started me thinking. I looked up the record. In 1945, 458 local option elections were held in the United States. Sixty-

one wet units became dry while only seven-teen units became wet.

"By percentages—23% of the wet units voting changed to dry. Only 8% of the dry units reverted to a wet status."

"Then it seems that today units that have tested prohibition locally overwhelmingly approve it."

"Yes and those that test the tavern don't like it."

THREE YEARS AGO, TRIMBLE, SCOTT, GRANT AND LETCHER VOTED DRY. This spring, the former saloon keepers, itching to get back "in the money," FORCED these counties to vote over again to determine whether they wanted to REMAIN dry, or return to the open saloons and roadhouses.

"NOW," SAID THE LIQUOR BOYS, "HERE'S OUR CHANCE TO PROVE THAT LOCAL OPTION DOESN'T WORK."

BUT MY! OH, MY! JUST SEE WHAT HAPPENED

DRY SENTIMENT OVER GRANT COUNTY WAS SO OVERWHELMING against the return of open saloons, the liquor boys saw ONLY DEFEAT AND GAVE UP—threw in the white towel.

TRIMBLE, SCOTT AND LETCHER WENT ON WITH THE VOTE

It looked like the "boys" had a "sure fire" opportunity in Letcher; it voted dry three years ago by the slim majority of ONLY thirty-two. But conditions were so much BETTER under local option that she voted to REMAIN DRY by ALMOST 1000 DRY MAJORITY. For the same reasons, both Trimble and Scott voted to remain DRY by a combined majority of 2,000.

PROHIBITION IS A SUCCESS—NO BETTER PROOF

Next time the liquor boys pull that stale chestnut about "Prohibition doesn't work," etc., ask them to explain Trimble, Scott, Grant and Letcher.

WHY NOT TRY A DRY COUNTY FOR THREE YEARS? If at the end of three years, we don't like local option, we can vote over again and bring open saloons back. FAIR ENOUGH, ISN'T IT?

# Troy B. vs. The School

At the time I resigned as superintendent of schools a few months ago, I said it was rumored a "would be" big politician was laying plans to get control of the schools. This rumor has now become a reality; and Troy B. is head over heels in the school race. His candidates for the Floyd County Board of Education are Willard May and Joe Wheeler Burchett. It appears that Troy B. will never be satisfied unless he controls all the offices around the courthouse; and that's exactly what he means to do, making all the teachers and their relatives subject to his will. You will remember that another man called Hitler started out to rule the world just a few years ago.

Troy B. has taken great pains to tell the people on their tax notices that their school tax has been increased from 75c to \$1.50 per \$100 valuation. Why didn't you tell the people, Troy B., that their consolidated school taxes had been repealed by the Legislature and that all school taxes had been put under one levy? I suppose that you will agree that this is true. Considering that people do not have to pay any more consolidated school taxes in Floyd county, there is not so much increase in school taxes after all, is there, Troy? Some rural sections pay a little more taxes, but their children get nine months schools, too, just as the children of our larger schools do. Under the new law everyone pays the same

rate, and every school in Floyd county regardless of where it is located gets the same school term as do the larger schools. Troy, don't you think the country boys and girls deserve an equal chance with the larger schools?

Moreover, Troy, why didn't you tell the people that the county rate for school taxes is the same and not one penny higher than they are in Prestonsburg where your brother-in-law Wicker is superintendent? The rate is \$1.50 in the county; it is \$1.50 in Prestonsburg. Here in Prestonsburg Mr. Wicker does not operate a large fleet of school buses as is done out in the county at a cost of \$50,000 per year, and yet the school taxes are as high in Prestonsburg as they are out in the county. This is the cold truth, Troy, and it cannot be wiped off the record with a smile.

Here is another thing Floyd county teachers and taxpayers ought to know. Under the present law, the sheriff gets 1 per cent of the school taxes for collecting them. Last winter while I was at Frankfort trying to get the Legislature to appropriate more money for the schools, Troy B. was down there trying to get a bill passed giving the sheriffs 4 per cent of the school taxes for collecting them. He got his bill passed. But he later found out that the law giving 4 per cent to the sheriffs did not apply to present sheriffs. I am informed that he is now writing the sheriffs of the state for money to finance a law suit to see whether he cannot get his 4 per cent instead of 1 per cent for the collection of our school taxes during his present term. Why do I mention this? It shows one thing beyond doubt: Troy B. is more interested in his own bank account than he is in the teachers or the taxpayers.

Back last year when Troy B. was running for sheriff, he said he stood for the veterans. This year he has changed his mind, and he is doing his dead level best to defeat a veteran, Palmer Hall, who is now superintendent of Floyd county schools, and who lived on a little bread and soup each day in a German prison camp while Troy B. was safe at home. Does this sound very much like you are for the veterans or against them, Troy?

There is only one issue in this campaign, dear people! Do you want the schools to continue to go forward under Palmer Hall, a veteran who risked his life along with your boys, or do you

want to elect Troy B. as political dictator in the superintendent's office to dominate all the offices around the courthouse without worrying about your children's welfare?

I was your superintendent for almost ten years. Even Troy B. will have to admit that I did a fairly good job. The Board of Education and I looked after your children's interests. We hired Democrats as well as Republicans for teachers. We did not try to control other offices as our sheriff is now trying to do. Whether you continue to have good schools in Floyd county depends upon your choice for Board members to be elected in November. Let's keep our schools clean! I'm sure you'll agree with me that you don't want your schools flung back into politics. I'd like to see our schools continue to go forward. This can and will be done if you elect as school board members James (Jimmy) Green in Educational Division No. 1 and Dr. J. H. Allen in Division No. 2. These men will co-operate with Palmer Hall, Superintendent, and the hold-over Board members—Dr. Dewey Osborne, Ray Fraey and T. N. Newsome—in continuing a good school program in Floyd county.

Educationally yours,

## The House That Jack Built

This is the house that Jack built.

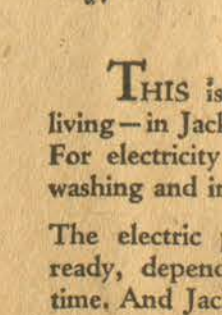

This is the wife that keeps house in the house that Jack built.

This is the washer that does the wash that helps the wife keep house in the house that Jack built.

This is the iron that irons the wash the washer washed, that helps the wife keep house in the house that Jack built.

This is the wire that carries the power that heats the iron, and turns the washer that does the wash, that helps the wife keep house in the house that Jack built.

THIS is the story of better living—of electric living—in Jack's house. The tale could go on endlessly. For electricity is a servant of many talents, of which washing and ironing are but two.

The electric power that helps Jack's wife is always ready, dependable, available in any quantity at any time. And Jack doesn't need much jack to pay the bill.

This is the company that strings the wires and makes the power that gives the Jacks—and countless families like them—all the comforts and convenience of electric living.

**FOR YOUR BENEFIT**

This poem I read about 50 years ago and still remember:

I saw him stand at the close of day  
Close to a grog shop door,  
His lips were parched, his eyes  
were sunk,  
I viewed him o'er and o'er.

His infant son stood by his side  
And, lisping, to him said,  
"Father, mother is sick at home  
And sister is crying for bread."

He, trembling, rose and staggered in  
As oft he'd done before  
And to the landlord faltering said,  
"Oh, give me one glass more!"

The host complied, with parched  
lips  
He surged around the bowl,  
He drank while wife and children  
starved  
And he ruined his poor soul.

One year elapsed . . .  
A crowd stood round his door,  
I asked the reason and one replied,  
"The drunkard is no more."

I may have lost a word or two over  
the years but the awesome truth of  
that poem remains with me and I  
pass it on to you.

**Drys Present Sam Morris**

By MRS. EDGAR R. MAY  
Publicity Chairman

**SAM MORRIS**  
The Voice of Temperance

Floyd county Drys present Sam Morris, Sunday, Sept. 29th, at four places, FREE. An offering is taken but Morris makes no charges. He will speak as follows:  
Prestonsburg Methodist Church, 11 a.m.; schools in Wheelwright, 2:30; McDowell, 4:30; Martin, 8:00.

**DINNER FOR MORRIS**

Dry officers, committeemen, ushers, their respective husbands and wives, will compliment Rev. Morris with a dinner at the Valley Inn hotel Sunday noon before leaving for Wheelwright, with a State Highway Patrol escort.

COMING: "PRISONER AT THE BAR"

Do not miss the play by the Drys. Schedule follows, 7:30 p.m.:  
Prestonsburg Methodist Church, Monday 23; McDowell school, Tuesday 24; Martin school, Wednesday 25; Wheelwright theater, Thursday 26; Wayland school, Friday 27; Weeksburg church, Saturday 28.

**DRY PUBLICITY CHAIRMAN OFFERS RESIGNATION**

Mrs. Edgar R. May, who filed Thursday for the County Board of Education race, offered her resignation to the Drys in the business session that evening, because some of the dry ranks reported she had primed the speakers of the Martin rally. (Ask the ministers. Only one knew she had even considered announcing, and that was the general chairman, to whom she had twice previously offered her resignation.) Some politicians were so alarmed over what came out in Martin that they took steps to see that politics not be mentioned again, and that Mrs. May be kept off the platform. (Wonder if that is why the Prater schoolhouse was locked and dark the night she and Rev. Isaac Stratton and some others went there to hold a rally. Bro. Stratton had arranged for, and never did get in.) It seems they do not like that other platform Mrs. May is standing on either. They like "created" jobs and campaign "slush" funds, though.

Mrs. May's resignation was unanimously rejected. The committee offered to hire a stenographer to assist her for the rest of the campaign. Jesse Elliott suggested that a public statement be issued in her behalf.

(P.S. If anyone objects to this being paid for by dry funds, Mrs. May can send the drys a bill for three and one-half months' typing, and pay the cost of this herself.)

**DRYS, WATCH OUT ELECTION DAY**

Be sure both judge and clerk sign your ballot

Watch for ballots not true to form. String all lower stubs as specified by law. VOTERS whose ballots are SPOILED by wets, DEMAND another. See that officials sign THEIR names and FULL names on back of ballots. Be sure both stubs are removed, upper and lower. Watch for smears and smudges; demand new ballot. DO NOT believe false rumors at last. Report all CROOKEDNESS.

**NEW DRY VICTORIES GOOD OMEN**

Little Paint went big dry. Knott went big dry again. Madison and Oldham went big dry again. Montgomery county went big dry again. COME ON, Floyd. Drys express thanks to the public officials and The Times' editor for their assistance and fairness.

**GARRIOTT HANDBILL BRINGS RUSH JOB**

"Some of the Truth is Out," new dry handbill by Rev. W. B. Garriott, was so hot it sent the wets scurrying to Pike county to get a reply off press. The wets resent MUD SLINGING, but they endorse murder, highway accidents, broken hearts, homes, lives, wrecked character, orphaned children, crowded jails.

asylums, poorhouses, poverty, disease, and ignorance. Consistency, what a jewel thou art! The only professional drys are Hoshal and Morris. Mr. Hoshal works one week here, Morris one day. (Bill Biggers, paid wet, has been on the job much longer, and he, too, is from the outside.) The dry campaign started IN FLOYD, when Jess Elliott, Betsy Layne teacher, wrote asking Mr. Hoshal to come start it. We need more like Jess!

**WET OFFICIALS WRITE FLOYD TEACHERS**

Teachers last week flooded dry officers with letters received by them from Clive Akers (who owns a liquor store); Bill Biggers, a paid wet, Jerry Ponce Howell (whose relatives own a liquor store) and Doug Hays. These officers urged them to vote wet, saying out of the county persons are waging the dry campaign. Biggers and Doug Hays are from out of the county. But Henry Porter, Carl Senters, Bro. Isaac Stratton, Mrs. Ollie May, Mrs. Golda Short, Mrs. Bass Fraley and other drys were born and bred here! The letter claimed Floyd educational system would not get \$140,000 annually from alcoholic beverages if the county goes dry. What a farce, when every dry county in Kentucky gets its same share of state liquor funds. Do these men think our teachers are so ignorant they do not know this? If the liquor business takes such great care of the financial needs of our schools, why did the County Board of Education raise the Floyd county school taxes this year? Intelligent teachers also know the wet crime bill costs far more than their puny taxes. Proof of this is the crime study on the drys' whole page today, by Rev. Rucker, of Maytown. READ THAT!

Drys thank the teachers who offered their names for publication. It is unnecessary. Every time the wets put something out, they make votes for the drys! Drys remember these four officials, and regret to learn that the office of county superintendent is the only place one may obtain a list of teachers with their addresses.

**CHURCH DONATIONS STILL LAG**

Churches paying to date: Free-wills at Banner, Betsy Layne, Wheelwright, Lackey, Drift and Glo; Missionary Baptist at Allen, Garrett, McDowell and Wheelwright; Methodist, Emma, Betsy Layne, Laynesville, Wayland (in part), Allen, Martin, Maytown, Garrett, Salisburg, Assembly of God, West, Prestonsburg, Regular Baptist, Harold, and Huesville; Church of Christ, Bosco, Glo; Christian Church, Martin; Auxier Methodist Church; Prestonsburg Presbyterian Church. Make checks to Bill Malone, Allen.

**WHERE IS THE WET STRAW POLL?**

What became of the wet straw poll? They never did report it. Can you guess why? Reminds us of these men covering the county not long ago, trying to get boys under age to register, assuring them they would see that no harm came to them! They ought to see our straw poll! They will on Monday, Sept. 30.

**FALSE REPORT CORRECTED**

The speakers' chairman corrects a false report, namely, that Palmer Hall promised to speak for the drys and later declined. Mr. Hall did not make any promise, in the first place. He was invited to speak, but never did accept; however, some others did accept and later refused and the talk about Mr. Hall, according to reports, comes from this source.

as the direct result. Indicative of the non-political interest in a new constitution, Mr. Reeves pointed out that the 1944 and 1946 General Assemblies authorized the submission of the question to the people in 1947 with no dissenting votes in the Senate at either session, and only three votes in the House each time.

The speaker is one of the bureau of 50 men and women who have undertaken a state-wide campaign to familiarize local audiences with reasons and arguments for a new constitution. **SHOWER FOR BRIDE-ELECT**

Mr. and Mrs. W. P. Mayo were hosts to a family dinner Tuesday evening at 7 o'clock at the home of Mr. and Mrs. J. D. Mayo on the Mayo Trail, complimenting their niece, Miss Dorothy Sue Allen, whose marriage to Mr. Tilden Belvard Friend will occur on Saturday. A covered dish dinner was enjoyed by the following: Mr. and Mrs. Edward L. Allen, Mr. and Mrs. H. L. Mayo, Mr. and Mrs. J. D. Mayo, Mr. and Mrs. W. P. Mayo, Mr. and Mrs. R. V. May, Mrs. Bess S. May, Mrs. Olga M. Latta, Andrew J. May, Mr. and Mrs. Jack Spurlin, Mr. and Mrs. David Horner, Mr. and Mrs. Homer Salisburg, Mrs. H. D. Fitzpatrick, Mrs. Buddy Hatton, Mr. and Mrs. Friend. The table was lovely with an arrangement of bright red dahlias in a low bowl, the same color scheme being carried out through the home decorations. Many interesting and useful gifts for the kitchen were brought by guests.

Mrs. Mary D. Allen entertained to dinner Wednesday evening at her home on Second avenue Mr. and Mrs. John E. Layne, of Ashland, Mrs. Everett H. Sowards, Mr. and Mrs. Jo M. Davidson, Colonel May and Mrs. Tot Allen Mann.

## Two-Dollar Question

Through all history from Adam to Eve, people have had to decide, make a choice for better or worse for the race. Some have made the wrong choice and have gone to destruction. Those who made the right choice have brought the world to what it is today: Christianity, Education, Good Homes, Modern Conveniences, Good Schools, Churches and all good things that make life and happiness for all people of the world.

We continue to face certain issues today that we must fearlessly meet and decide, that we may continue to go forward, that our offspring may have a better world. Sept. 30 will be a Great Day in the history of Floyd county. To vote "Yes" we go forward, to vote "No" we go with God. To each voter of Floyd county, let's have a few \$2 questions, very easy-to-answer ones:

Did booze make this a grand county? No.

Are the Wet Leaguers, the Booze Barons, builders of churches, schools, hospitals, orphan's homes? No.

Does the booze business fill the jails, hospitals, penitentiaries and insane asylums? YES.

What is causing the crashes on

streets and highways, breaking human bodies, filling garages and graves, breaking up homes, increasing divorces, spreading venereal diseases? BOOZE.

Who do you fear as you start on the highway in your automobile, for a drive, going to work or to church or any other place you wish to go? Are you safe in Floyd county as you would like to be under the conditions now prevailing?

To the Older Voter:

Soon we will turn Floyd county over to younger people. You and I will soon be out of the arrangements. Shall we hand them and leave them a good place to live? Remember it is our duty to lay up good things for our children. Think of these things on Sept. 30. You must surely will vote "Yes." How can you let them down?

To the Miners: You are referred to by the Wet Leaguers as their chance to keep them in business, to make them richer. They have sold you their cheapest the highest and left the highest for what they considered higher-ups. Now you are grand fellows, as they need your vote. Their business is flourishing, while we have no meat, no lard,

black bread. They are getting the best of all things—big homes, new automobiles, Blue Grass farms—all at the expense of those who toil in the mines and in the woods of Floyd county.

To the Vets of the last war and the younger voters—don't be fooled. A few more easy questions to answer: Who hung the service star over the altar of your church and knelt in prayer for you while you were fighting the battle over there? Most of all our boys came back. Who prayed through all the long nights for all of our boys while you were fighting Hitler and his army, that this world might continue to be a good world to live in? You were not giving your all that a few here at home could be the destroyers of us all. You did a good job there. Help us do a good one on Sept. 30 by voting "Yes." A vote "Yes" will help reward that good Mother and Dad who so faithfully remembered you and anxiously awaited your safe return.

To you fathers who sometimes drink: You say it is no good. Surely you don't want your boys to be drunkards. You should vote yes for their sakes.

To the Church Member: Your church is against the liquor traffic. You will sin if you fall to do your duty. You cannot be neutral—you must make a choice.

To vote "Yes" you vote for all the church has fought for through all the ages. To vote "No" you vote for all that is wrong—drunkenness, disorder, destruction of man and property, our boys, our girls, our homes.

Think on these things. I am sure you will vote "Yes" if you listen as you reason with yourself.

A Friend to you all,  
J. DAVID TUFTS,  
Wayland, Ky.

## Shell Treated Eggs

This method of packing eggs was developed to a great extent by the government during the war and has proved so successful that we have contracted to have all our eggs "Shell Treated" for the next three months.

These eggs are of good quality and will stay fresh much longer, the freshness is simply sealed in with a thin film of vegetable oil.

These eggs will be ready for distribution to the retail stores the coming week.

## Clarifies Regulations For Disabled Veterans

The distinction between disabilities entitling veterans to motor vehicles and to prosthetic cards aiding them in procuring artificial limbs was emphasized this week by Estel L. McKinney, contact representative here of the Veterans Administration.

To be eligible to an automobile or truck under existing regulations, the veteran must have lost one or both legs, or the use of same, above the ankle. A veteran who has lost a leg or an arm, or their use, is eligible to a prosthetic card.

## WAKE UP, KENTUCKY

By EWING GALLOWAY  
J. S. Tompkins' Jackson County Sun, of McKee, carries an article, authored by "A Voice from the Hills," from which the two following paragraphs are quoted:

"Comparing Kentucky with the other 47 states of the union, it is said that she stands only one rung from the bottom of the ladder in education of her nativity. Why is that? She is near the heart of the nation, she is fairly wealthy in her natural resources, and her soil is comparatively good. Then, why must she occupy such a humble position comparatively? If she is too poor to educate her future citizens, then it would seem that her economical life is not functioning properly. She is not keeping step with the times. Why should she continue to be classed as a second rate state? It would seem obvious that something should be done about it.

"This all reverts back to the thought that Kentucky should have more finance. And if we should know how that may be had, it would seem that all we would have to do is to take a look at the enterprising states of the union and see how they got theirs. They started from scratch and built up their states to great wealth, giving their children good schools, higher education, and a higher standard of living."

The Sun writer is right as far as he goes, but he doesn't go far enough. Poverty is only half the diagnosis. We all know that our schools, our public health service, our welfare institutions would be better if the state were richer, but even more than half the blame for our shame is public indifference.

I have never heard of any county or municipality in Kentucky that does not suffer from public indifference in civic affairs. For half a century our institutions have been down on their uppers because there were no good cobblers to repair our footwear when money was too scarce to buy new shoes. By cobblers I mean public officials, backed by patriotic and enterprising citizens, capable of making dimes go a long way when dollars were absent.

This fiscal year most of the schools in Kentucky will have considerably more money than ever before. So far as I have been able to learn, the county tax rate has been increased 66 per cent in most instances. We'll see how much the schools are improved. All that money can be wasted if the schools are not administered wisely, economically, with greater freedom from the curse of cheap politics.

Along about the middle of the public school term I'd like to get a detailed report on the progress in the schools of Jackson county from Mr. Tompkins. I would be glad to fill this column with his story. I'm sure he could make it a good one.

Homemakers in Breathitt county have made luncheon cloths, place mats, aprons and blanket protectors from feed bags.

## Miss Cottrell, Mr. Bingham Wed

Miss Lyda Margaret Cottrell, daughter of Mrs. Margaret Cottrell and the late Dr. J. T. Cottrell, of Catlettsburg, became the bride of Mr. Ivan Gray Bingham, son of Mr. and Mrs. S. M. Bingham, 3200 Hampton street, Ashland, at 6 p.m., August 30. The marriage was solemnized in the First Methodist Church, Catlettsburg, the Rev. A. P. Keyser officiating in the double ring ceremony.

The church was beautifully decorated with white gladioli, palms and ferns, flanked by six seven-branched candelabra. White satin ribbon marked the family pews. Mr. Luther M. Meek, organist, and Mr. Myron Callahan, violinist, presented the pre-nuptial music of "My Heart At Thy Sweet Voice," "I Love You Truly," "Clair de Lune" was played during the entire ceremony.

The bride, entering the church on the arm of her uncle, Mr. Joe Hobson, Prestonsburg, was lovely in a white gown made with slipper satin bodice, and scalloped neckline and long sleeves ending in points over the hands, with a full skirt ending in a long train. Her fingertip veil dropped from a braided net and satin halo. A strand of pearls was her only jewelry and she carried a white bouquet of white gladioli, with an orchid center.

Miss Sally Halpert, of New York, and Miss Sally Buckles, of Dayton, Ohio, served as bridesmaids, wearing gowns fashioned alike of blue and pink satin, with fitted bodices, elbow length sleeves and full skirts. Their headresses were in the form of crescents matching their gowns. Each carried colonial bouquets.

Mr. John R. Kash, of Ashland, served as best man. Ushers were Don Virgin and Earl Heffner, of Ashland, Mr. Oliver Webb, Jr., and Mr. Fred B. Cottrell, Prestonsburg, cousins of the bride.

Mrs. Cottrell, mother of the bride, was gowned in blue chiffon with a shoulder corsage of yellow roses. Mother of the bridegroom, Mrs. Bingham, wore a gown of wine crepe with a yellow rose corsage. The bride's grandmother, Mrs. Lyda Cottrell, of Prestonsburg, was gowned in black marquisette trimmed in black lace with a corsage of pink rosebuds.

Following the ceremony, a reception was held in the ballroom of the Henry Clay hotel. The receiving line was formed with Mrs. Cottrell, the

bride's mother, the bride and groom, the bridegroom's parents, bride's grandmother and the bridesmaids. After the reception the couple left for a wedding trip through the South.

Mrs. Bingham is a graduate of Thomas R. Brown high school, Catlettsburg, and attended the University of Cincinnati Teachers College. She is a member of Kappa Delta sorority at the University of Cincinnati and will return there at the beginning of the fall term as a sophomore.

## Stronger Body Helps This New Tire OUTWEAR PREWAR TIRES

See Us for this Extra-Safe, Extra-Trouble-Free, Extra-Mileage Tire

No sensible driver would deliberately run his tires over a rock like the one in the picture. But sometimes it can't be helped... and that's when you will be glad if you have new B.F. Goodrich passenger car tires. Built with more and stronger cords, the tire body is better engineered and 35% stronger than in wartime tires. This extra strength was needed to carry the wider, flatter tread. But in building this stronger body to hold the more durable tread, B.F. Goodrich engineers built into it greater resistance to "road shock."

Of course, supplies of tires are still limited. In spite of greatly increased production, demand is even greater. This is especially true of the B.F. Goodrich tire that OUTWEARS PREWAR TIRES. Please check your needs well in advance. Talk to us. We'll do our best to keep your car rolling until we can get new tires for you.

**SET YOUR SIGHTS**

It takes planning to achieve a goal

Some young men know what they want and plan for it. Others are still looking for their niche. The new Regular Army can help both.

Perhaps you want to go to college but can't afford it. If you enlist in the Army, you'll get your chance. Honorably discharged after a three-year enlistment, you are eligible for 48 months of education at any college, trade, or business school for which you can qualify. The Government will pay your tuition, laboratory fees, etc., up to \$500 per ordinary school year, plus \$65 a month living allowance—\$90 a month if you have dependents.

If you haven't found your spot, an Army enlistment offers you training in any of 200 trades and skills. You leave the service eligible for further training at the best civilian schools.

You can assure yourself of the benefits of the GI Bill of Rights if you enter the Army on or before October 5, 1946. See your nearest Army Recruiting Station for details.

**HIGHLIGHTS OF REGULAR ARMY ENLISTMENT**

1. Enlistments for 1½, 2 or 3 years. (1-year enlistments permitted for men now in the Army with 6 or more months of service.)
2. Enlistment age from 18 to 34 years inclusive (17 with parents' consent) except for men now in Army, who may reenlist at any age, and former service men depending on length of service.
3. A reenlistment bonus of \$50 for each year of active service since such bonus was last paid, or since last entry into service, provided reenlistment is within 3 months after last honorable discharge.
4. A furlough for men who reenlist within 20 days. Full details of other furlough privileges can be obtained from Recruiting Offices.
5. Mastering-out pay (based upon length of service) to all men who are discharged to enlist or reenlist.

Do you remember the days of Prohibition? Do you remember from 1920 to 1933 when the liquor traffic was pursued at all hours of the night up and down the rural roads by your homes? Do you remember the moonshine stills that were up the hollows near your home and you powerless to do anything about it? Do you remember the killings of your neighbors, friends and law officers, who attempted to catch the moonshiner making or vending his products? Do you remember when you were awakened by pistol shots, shouting or drunken howls up and down the highways in front of your homes where it was impossible to get police protection?

**FELLOW CITIZENS**, people who sign themselves as the Dry Committee of Floyd County don't remember these facts because they were not in Floyd county or even in Kentucky in those days, which you and I so vividly remember. Those dark and bloody days of Prohibition.

They can't remember the many trips we made to the Catlettsburg federal court on behalf of some of our kin or friends, exerting every effort and sparing no expense to keep some relation or friend from being separated from his beloved ones by incarceration in a federal penitentiary for being caught with a bottle or fruit jar of moonshine whiskey. Let's all vote NO.

**Let's VOTE Whiskey Out**

The time has come for the voters of Floyd county to rise, righteously, indignantly, at the liquor traffic which is undermining her foundations, smearing her name and sending her boys and girls down the road of disease, sorrow and everlasting shame. We've had too much already of the rotten, filthy, ungodly stuff. It has failed. Repeal has failed. (Cor. 20:1): "Wine is a mocker, strong drink is raging; and whosoever is deceived thereby is not wise."

Christ is coming. Let's fight the battle of sin. "Neither shall they drink any liquor." (Numbers 6th chapter and 7th verse; 1st Thessalonians, 3rd verse: "For this we say unto you by the word of the Lord, which are alive and remain unto the coming of the Lord shall not prevent them which are asleep, for the Lord himself shall descend from heaven with a shout, with the voice of the Archangel with the trumpet of God and the dead in Christ shall rise first, then we which are alive will be caught together with them in the cloud to meet the Lord in the air and so shall we ever be with them.")

Now, wets, stop one moment. Where will you spend eternity? I've been told one of the wet women said she had a living to make. Matthew 6th chapter and 33rd verse: "Seek ye first the kingdom of God and his righteousness; and all these things shall be added unto you." In our campaign against this deadly enemy we are going to tell the truth and trust the voters of Floyd county to show their colors of drunkenness and shame which is pouring in upon us through the channels of legalized booze. Floyd county will vote whiskey out.

**WET OR DRY**

The election to be held in Floyd county Monday, Sept. 30th, IS NOT a Wet and Dry issue. There is no mention in the voters' ballot of the words, wet or dry. The question to be decided is simply this: Are we to return to the days of gangsterism when such men as Al Capone, and others too numerous to mention, controlled the laws of our land? Despite the all-out efforts of all the combined law enforcement of our nation, billions of dollars of the taxpayers' money were spent to enforce the law that could not be enforced. In brief—Prohibition.

Al Capone alone amassed millions of dollars through the days of Prohibition. There were mass killings for power and supremacy and in spite of the combined efforts of money and labor by our government, state and county officials, he was never convicted of violating prohibition laws but was finally convicted for a simple income-tax evasion.

This is only one instance of definite proof of Prohibition's complete failure.

We are prepared to cite, with proof, any dry county in the state of Kentucky for these facts. Go into these counties, stay as long as two hours and you will find any amount

**NEWS FOR THE VETERAN**

**CONVEYANCES FOR AMPUTEE VETERANS**

Application forms for amputee veterans for use in obtaining cars under the \$30,000,000 program recently established by Congress, are limited to those veterans of World War II who are "entitled to compensation for the loss, or loss of use, of one or both legs at or above the ankle." The forms may be secured from any VA office or contact representative, with full information as to the established procedure in procuring the vehicle.

To avoid any misunderstanding of Public Law 663, VA stresses these facts:

1. The total purchase price, including any tax and all special attachments, cannot exceed \$1,000, nor can the veteran pay the difference for a more expensive car.
2. Veterans cannot be reimbursed for cars purchased prior to this act.
3. The veteran must conform to the state licensing regulations, and his eligibility for driving has to be adjudicated by VA.
4. The veteran must be separated from service and his claim completed by June 30, 1947.
5. Under this program, the veteran may apply for a new or used automobile, station wagon, jeep, truck, tractor, or any other form of conveyance.

**G.I. RIGHTS FOR FEMALE VETERANS**

Female veterans of World War II are entitled to the same benefits provided by the G.I. Bill as male veterans, it was emphasized by the Veterans Administration Columbus branch office for Ohio, Michigan and Kentucky.

Under the G.I. Bill, women veterans are entitled to education and training, guarantee of loans, readjustment allowances, including aid for self-employment and job finding assistance. Women veterans attending school or in job-training status are entitled to subsistence allowances of \$65, monthly without dependents and \$90 a month with dependents. They are eligible for disability compensation, hospitalization and National Service Life Insurance.

Women veterans eligible for benefits include former members of the WAC, WAVES, SPARS, Marines, nurses' corps, and commissioned physical therapists, dietitians and medical officers.

**QUESTIONS AND ANSWERS**

Q. If I take a part-time job, will the Veterans Administration cut the amount of subsistence I receive under Public Law 346?

A. No, as long as your subsistence allowance, and your wages together do not equal more than \$200 a month if you have a dependent, or \$175 per month if you are without dependents. Your subsistence allowance may be reduced as much as necessary to meet this limitation.

Q. Does the fact that I receive other income have any bearing on the amount of compensation I get as a veteran with a service-connected disability?

A. Since your compensation is for a service-connected disability, the amount of income you have will not generally affect the amount of compensation allowed you.

Q. What is the latest date on which a veteran can begin a course of education or take an on-the-job training course under the provisions of the Servicemen's Readjustment Act?

A. A course of education or on-the-job training under the Servicemen's Readjustment Act may be started not later than four years after the end of the war or date of discharge, whichever is later.

Q. I am an honorably discharged veteran of World War II and have re-enlisted in the army for 18 months. I would like to buy a home now with a G.I. loan for my own use after my enlistment is up. My wife and children would live in it if I am transferred away from my home. Can I get a G.I. loan for this?

A. You are eligible for a G.I. loan.

**FUNERAL EXPENSES FOR VETERANS**

The Ohio - Michigan - Kentucky branch office of the Veterans Administration in Columbus, O., this week outlined four specific benefits which are available upon the death of a war veteran. The VA is authorized by law to pay up to \$150 funeral and burial expenses of a veteran, provide an American flag for burial purposes, arrange for interment in a national cemetery, and provide a grave marker. Applications for any one of the four benefits may be procured from any Veterans Administration office, from service organizations and from chapters of the American Red Cross. Benefits are available only when the veteran has been discharged under conditions other than dishonorable.

**BENEFITS FOR U.S. VETS WITH SERVICE IN CANADIAN FORCES**

An American citizen who served in the Canadian armed forces during the war and who received gratuities as a veteran under the Canadian laws, is not barred from certain benefits under the G.I. Bill, according to VA officials at the branch office in Columbus, Ohio.

The veteran who received a cash bonus and a "re-establishment credit" in an equal amount from the Canadian government, is eligible for a VA loan guarantee as provided by the American law. This decision clarifies the amendment to the G.I. Bill that stated: "American citizens who served in allied forces in the war are entitled to certain G.I. benefits if they have not received the same or similar benefits from the nation whose forces they served, and if they are residing in the United States."

Benefits, under the Canadian law, are a cash bonus, based on length and place of service, and an equal amount in the form of a re-establishment credit. On this basis, the VA decision ruled that a guaranteed loan which the veteran is committed to repay with interest, is not "similar" to the Canadian gratuity.

**USE VA FORM 336 FOR BENEFICIARY CHANGE**

Veterans interested in changing beneficiaries on National Service Life Insurance and U.S. Government Life Insurance policies, were cautioned to be sure of the correct procedure, VA's Columbus (Ohio) branch office announced recently.

Scanty information is one of the prime "headaches" encountered by all VA insurance offices. Their files contain 150,000 Johnsons, 120,000 Browns, and 13,000 John Smiths, 8,000 of them without middle initials.

Completion of VA Form 336 assures all of the information needed for a properly completed change of

Greetings:

We are advised that there is to be a Local Option Election September 30th in your county about which we are are much concerned.

In Kentucky we have approximately 6,000 union distillery workers. In addition, we have a couple of thousand cooperage workers. A large number of union truck drivers are also employed and for years we have had a tremendous amount of building trades work around the different distilleries in Kentucky, practically all of which has been 100 per cent union. In fact, nearly 30,000 people in Kentucky owe their entire livelihood to Kentucky's distilling industry.

If we continue with Local Option Elections, Kentucky will soon be a "Dry" state, and all of these 30,000 Kentuckians will be forced to seek employment elsewhere or be unemployed and live in poverty.

The American Federation of Labor worked hard toward the repeal of the 18th Amendment. We are opposed to Local Option Elections. We do not believe you can legislate morals into the human family.

Therefore, may I urge that you contact every member of your local union urging them to vote in the coming Local Option Election in their respective locality, and vote in favor of retaining the right to produce, sell or consume alcoholic beverages.

Please do all you can to defeat the "Drys" in these elections.

Fraternally yours,

EDW. H. WEYLER, Sec'y.-Treas.

**BE NOT DECEIVED**

The time has arrived when all of us must come to a decision of how to cast our ballot in the Local Option Election, September 30th. Our only desire is for every voter to look the facts in the face with an open mind. Be Not Deceived! This is not a religious issue. A great majority of the Floyd County Taxpayers' League are good Christians and church members regardless of what has been said of us by the Dry Publicity Department. We believe in God; we believe in churches; we believe in preachers, who preach the word of God; we believe in supporting our churches for we love them and their great work of teaching the word of God and guiding us and our posterity in the right path that Jesus would have us tread; we believe that when Jesus said to keep the Church Holy, he meant to keep it clean and free from the filth that any election must gather as it progresses through a torrid campaign. We don't believe God ever intended for Holy Places of worship to be used to entice or induce any person to vote, to make or change any form of government. It should be handled by mere humans.  
 Again we say, this is not a religious issue. If we could get rid of

Alcoholic Beverages by voting them out of our county, we would lead this fight for Prohibition. We have tried Prohibition and found it a complete failure. President Hoover said, "It was a noble experiment, but it was a failure." The immortal Franklin Delano Roosevelt said, "Prohibition encouraged intemperance and was a complete failure."  
 More of the youth of our nation, both male and female, began using strong drink in the days of Prohibition speak-easies and home-brew joints than has ever been known in the entire history of our nation. Let's not be deceived into thinking this campaign a religious issue but let's look at the facts and vote NO Monday, September 30.

 After an absence of several months from any column activities, we take a look at the Big Sandy sports arena, especially as it relates to baseball. We have just returned from a ball game well-played by two evenly matched teams and, be it said to the credit of the players of both Wayland and Prestonsburg teams, not a single player on either team raised an argument with the umpire. When and if some other folks learn that you don't win any arguments with the umpire the sport of baseball will bring a greater measure of enjoyment to those of us who don't like arguments, and I am sure we are in the majority of fans. The game was high-lighted by the batting of Boyd and Frady for Wayland and Meade and Roark for Prestonsburg. Also the winning team, Wayland, was well-handled by Old Papa Red (Charley Burnette), manager of Wayland, who had his boys on their toes most of the game. Ira Stephens, the sweetest curve baller on the Big Sandy, pitched a whale of a game, setting the heavy-hitting Prestonsburg boys down in the tight spots. Joe Hicks, who is the kind of an executive of the Wayland baseball club, was fit to be tied when the game was over. I am sure his chest expanded a couple of inches over the victory. There was much good-natured razzing between the fans of the two towns and, all in all, as the country boy stated it, "A good time was had by all."

And now a peek back at the recent Labor Day celebration that took place at the Prestonsburg ball park. In handling such a large crowd as it turned out to be I am sure there were some mistakes made but, all in all, I am persuaded to believe from the comments I hear that it was a success. As a coal miner, I was particularly well-pleased with the conduct of my fellow-members of the United Mine Workers of America. In talking the matter over with Sheriff Troy Sturgill, I was tickled pink over the report that only two members of the Union were arrested—and that, my friends, speaks well for the thousands who attended the meeting.  
 Can't help but wonder what became of the Old Left Beaver Bird who acted as secretary of the Labor Day Celebration Committee. Maybe he crawled into a hole and pulled the hole in after him.

Next Saturday we are off to the U.M.W. of A. convention in Atlantic City, New Jersey. Aside from the fact that we will transact important business for our union, we will hold bar room caucuses and hotel lobby shindigs with the coal miners from all over the United States and Canada. Yep, you should hear us get together and settle all the problems that confront the nation. However, I don't believe the right people always listen in.  
 So long till next time.

 "Prohibition will work great injury to the cause of Temperance. It is a species of intemperance within itself, for it goes beyond the bounds of reason, in that it attempts to control a man's appetite by legislation, and in making crimes out of things that are not crimes. A prohibition law strikes at the very principles on which government is founded. I have always been found laboring to protect the weaker classes from the stronger, and I can never give my consent to such a law as you propose to enact. Until my tongue shall be silenced by death, I shall continue to fight for the rights of men."

## HARD OF HEARING?

**HUTSINPILLER DRUG**  
PRESTONSBURG, KY.

Only a few days ago, the writer as a Floyd county teacher, received a very urgent appeal from West sources professing much interest in Floyd county schools. The appeal was to use vote and influence to prevent passage of local option law. This was doubtless a form letter which went to a very great number, possibly all, of Floyd county's teachers.

I should like to say—and it is, perhaps, the sentiment of many another teacher—that we are extremely grateful for all progressive legislation carrying particular benefits to schools, by way of lengthened term, increased teacher salaries, and the like. We are hopeful that our legislators will even yet find it possible to provide more support for our schools. However, if it be true as implied in this letter, that the alcoholic business must continue to flourish in order to preserve our present status in school support, I am very readily disposed to feel that I am not engaged in any honorable profession. I should, therefore, wish to detach myself from this line of work very promptly.

Surely, among the most acknowledged and approved purposes of education are constructive citizenship and strength of character. To these things intoxicating drink makes absolutely no contribution. More and more revenue derived from its sale means but one thing—more and more undoing of the results which education essays to achieve. In the long run our task of educating is not going to pay big dividends so long as we give sanction to such evils as legalized intoxicants, handled as they now are in our county and state. We need to remove the obstacles to real success, rather than to encourage their existence.

The writer does not believe that any business has merits or demerits simply and only because of its revenue-producing ability, or lack of same. It is easy to rationalize on the liquor subject. It is less easy to come out in the open and say by close-cut, moral standards why this nefarious liquor traffic should be perpetuated.

I feel that many other teachers in the county have the same sentiments with regard to the various appeals from the wets that I have. They focus our attention more definitely on the one and only stand which we can logically make—to vote dry. On my part this is assuredly not for the purpose of injuring any man, but to remove temptations which are so very plainly causing real and permanent injury to so many.

**THE PAY OUT IS INCREASING  
FASTER THAN THE TAKE IN**

Your Telephone Company is doing the largest volume of business in its history, yet telephone earnings are still declining rapidly.

The reason is perfectly clear. Your telephone rate has remained the same for many years while the costs of furnishing you telephone service have increased. Wages, telephone materials, building costs, services, all have been going up so fast that—

*the amount of money Paid Out to provide service is increasing faster than the amount Taken In. Actually telephone earnings today are the lowest in our history!*

As every business man knows, good service depends on reasonable earnings. That is basic. To render good telephone service and to continually improve and expand it, reasonable telephone earnings are essential.

Our public duty demands that we report the facts to you.

# Here Is the Latest News about Chevrolet Deliveries

Everybody from factory to dealer is doing everything  
that can be done to speed deliveries to you

We have been informed by the Chevrolet Motor Division that the past month has witnessed only a slight improvement in the rate of production of new Chevrolet passenger cars. As a result, shipments of new cars to dealers for delivery are still far below the level we and the factory had hoped to attain by this time. In fact, through August, Chevrolet's output of cars in 1946 was only 22.6% of the number turned out during the corresponding period of 1941.

We know that Chevrolet is doing everything possible to step up its production totals—to ship more and more cars to us and to its thousands of other dealers throughout America; and we know, too, that we are assured of getting our full proportionate share of the current output and of future production gains.

Disappointing as the total figures have been—and despite the fact that Chevrolet was out of production entirely during the first three months of the year—it is nevertheless true that Chevrolet led all other manufacturers in production of passenger cars during June 1946, and has continued to maintain its lead in total production from that day to this.

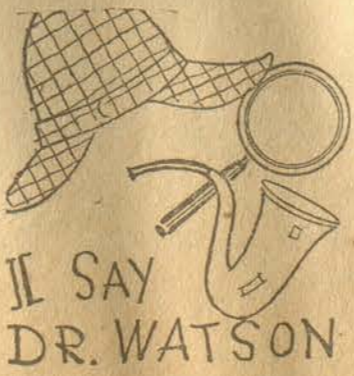

We shall continue to make deliveries of new Chevrolets to our customers just as fast as we receive them; we regret delays as deeply as you do; we thank you for your friendly patience and understanding; and we promise you a new high motoring experience when you take delivery of your new Chevrolet, giving BIG-CAR QUALITY AT LOWEST COST!

Keep Your  
Present Car Alive

Meanwhile, may we suggest that you safeguard your transportation by bringing your car to us for service now and at regular intervals. Let us help you to keep it in good running condition—to maintain its performance, appearance and resale value—until the day when your new Chevrolet comes along.
