He attended Caney Junior College, Morehead and the University of Kentucky School of Law, He has just finished taking the bar examination. His education was interrupted by three years' army service in World War II.

Throughout all of the years that have known him, he has always applied himself well to whatever task he undertook to perform, and has been a good, hard worker. He has the courage, the ability and the sincerity to stand up and fight for what he thinks is right. I have always known him to be honest, sober, trustworthy and of good moral character. I feel sure that, if we give him a chance to represent us in the State Senate at Frankfort, he will lo a good job, and that we will never e cause to regret having helped to out him there. He will tell you about the things for which he stands.

TO THE VOTERS Warrens has was enjoyed sunday evening at OF LEGISLATIVE in Sandusky "Garfield Place," the home of Mrs. haggie Leete, by the following DIST, NO. 97

grandson of the late Press Hall and Greenville Stumbo, of Floyd county. I attended the McDowell high school, attended the Caney Creek school for two years, and Morehead State Teachers College, More-

I have taught school in this county for 10 years, and worked in the mines at Drift and Wheelwright for 27. Undivided profits two years. In addition to the above country two years overseas with the navy in World War II. I saw action 30. at Siapan, Pelillu, Anguar, Leyte, Luzon and Okinawa. I received my discharge in November, 1945, and since have been principal of the Drift consolidated school.

If nominated and elected as your epresentative I will vote in the inerest of good, sound government and pledge to fight for improvement of Floyd county.

1. A \$500 bonus for all Kentucky war veterans. (Other states are paying it, why not Kentucky? We have a surplus nearing \$34,000,000.)

2. A t.b. sanitorium to serve Floyd county and other Eastern Kentucky

3. A raise in the teachers' salaries so the best instruction can be secured for our mountain children.

4. Better rural and state highways. Rural highway fund should be turned over to Floyd county fiscal court rather than be dished out a little at a time by the Frankfort Bigwigs. 5. An efficient compensation sys-

tem for the miners. 6. Legislation for the improvement in methods of farming (better

prices for farm produce.) 7. Out out state income tax, especially the money earned by veterans while overseas.

I want the people to know just where I stand and solicit your help in the primary and general election

Nominate and elect a sober, honest, efficient and qualified man to represent you at Frankfort. JOHN MILTON STUMBO

nings of the contest, the relief hurling of Mims for the colored boys after Justice had been socked for all the Prestonsburg runs, and the return to the game of such oldtimers as Harry Ranier, Ray Collins, Henry Woods, Milt Cyrus and others. Prestonsburg was threatened only in the ninth when Wes Campbell, who has been training for the last few years with an adding machine and pencil, went to the hill to pitch to the last three visiting batters. This was all right up to there, but it turned out that there were more than three batters to pitch to, with the colored boys taking a liking to the Campbell serves. May had to be brought back in from the outfield to retire the side after the losers had tallied four runs.

With most League teams taking part in the district tournament of the American Baseball Congress here this week, the regular schedule is disrupted for this week-end.

To the Veterans of Floyd County:

Our attention has been called to certain fellowmen? You will recall that Franklin statements made by a few supporters of Earle C. Clements for Governor, and this is to give you our views on the matter.

We have no objection to having the merits of any candidate, or the faults of any candidate, pointed out to us. We think it is the duty of every citizen to examine, as thoroughly as possible, any man seeking the high office of Governor.

But we resent this attack on Mr. Clements' opponent, Harry Lee Waterfield, which assails Mr. Waterfield because he was not in military service during World

Now that, we claim, is begging the issue. We are sorry it arose. But since it has, we want to clear up the matter and let you know the truth.

Here is why Harry Lee Waterfield did not enter military service during the recent

He was called, just like millions of other Americans, by his draft board. He filed no grounds for deferment. He answered the call. But he failed to pass the "screen" test given by medical men. An injury he had sustained, some years before, made him unfit for military service.

That is the story, regardless of what you have been told. If necessary, we will produce for any person's complete satisfaction a sworn statement from Mr. Waterfield's draft board. We do not want to see one veteran misled. However you vote, we want you to vote, knowing the truth.

Now, has Harry Lee Waterfield committed any crime against his country, simply because he was physically unfit? Have all the thousands of other good Americans who did not wear a uniform because of physical disability earned the scorn of their more than that we do not ask.

We as voters have a part still to play at home next in importance to the part we played in the victory at arms.

We did not fight that war for any small group. We fought against dictatorship, in whatever form. Our battle was for the weak, not the strong. We hold today to the same principles.

Harry Lee Waterfield, who did not wear his country's uniform because of physical inability, through no fault of his own, is our hope for the common peple of Kentucky. We count ourselves in this group. He has boldly taken his stand for the people. We feel that he will be just toward all, and

Labor Endorses Doug Hays For Office of State Senator

The following is an exact copy of a telegram from Sam Caddy, president, District 30, United Mine Workers of America on Feb. 20, 1946:

Doug Hays Member of State Senate

Accept my sincere thanks for the splendid victory you scored last night through the passage of the Workmen's Compensation Bill. The effort put forth by you will always be appreciated by me and by the membership of our great Union in District No. 30.

> SAM CADDY, President, District No. 30, U.M.W.A.

The workingmen of this Senatorial district are referred to my record in the State Senate. It stands as indisputable proof of where I stand.

Now, I need the support of Labor. All I ask is that you stand by your proven friend. But, if you remain at home, away from the polls on election day, you will fail to take part in my re-nomination and return to Frankfort for the further service of the people of this district.
