**MEDICAL MIRACLE**

Today Your Pharmacist Drops A Few Facts About...

**PENICILLIN**

The drug that was discovered twice could well be said of Penicillin because Dr. Alexander Fleming did not arouse the interest of his medical colleagues when, in 1928, he announced that he had found a mould that would destroy bacteria. Years passed but no further development was made until acute need for antibacterial agents at the start of World War II brought about the "re-discovery" of this wonder drug when the War Production Board began subsidizing its commercial production in May 1944.

- \$5,000,000 for common school per capita and equalization funds.
- \$500,000 for the five institutions of higher learning.
- \$25,000 for Kentucky School for the Deaf, Danville.
- \$3,300,000 for aged, blind, and dependent children.
- \$100,000 to finance a gambling investigation in Kentucky.

The Governor also asked that the 1934 ouster law be amended so that regents of state college boards could have fixed tenure.

In a message to the Governor following their meeting in Louisville Monday the K.E.A. directors reiterated their belief it would require an emergency appropriation of \$1,500,000 this year, plus \$34,500,000 for each of the next two years, to meet minimum needs of public education in Kentucky for the next three years.

Forty-six Democratic House members met in Louisville and agreed to reject the Governor's proposal. Nine other Democrats either telephoned or telegraphed messages to the Louisville meeting, stating they would abide by the action of their colleagues.

The Democrats sent the following telegram to the Governor:

"The Democratic members of the House of Representatives have always been willing and are now ready to provide the needs of education and welfare of the aged, needy blind and dependent children. The record of the Democratic members of the House in the 1946 regular session of the Legislature provides the sincerity of this statement."

"When you act under your constitutional right and call the Legislature into session, the Democratic members of the House will provide for the needs for education and welfare under their constitutional rights."

On receipt of the telegram at Frankfort, the Governor responded by sending a telegraphic reply addressed to "Harry Lee Waterfield, et al." It said:

"Your wire received. Your caucus group evidently is not as greatly interested in helping the school teachers, the aged, the needy blind and dependent children as they profess to be when urging a special session of the legislature."

"I have presented an opportunity for you and have made the way clear and simple and easy, and at the minimum of time and expense to the state."

"I have intentionally barred the way to a political session of the Legislature, which would result in an injury to the state and unnecessary expense to the taxpayers."

"If your group is acting in good faith and for the best interests of Kentucky, the terms I have outlined should have strong appeal to you."

"For you to say 'no' to this effort to help education, the aged and the needy blind in the present emergency, is a plain admission that your group is more concerned with politics than with the welfare of those in question."

"I have acted under my constitutional right and with no thought but the good of Kentucky. It is now up to the members of the Legislature to adjourn politics and keep faith with the people."

"It is not a problem for a Democratic caucus, but for each individual member to determine for himself. The responsibility is his and his alone."

Nominate Astor Hogg, a mountain Democrat, for Attorney General. 7-3-47.

take his chances on collecting from Keystone when and if the company is able to pay.

Keystone was placed in liquidation by Pennsylvania's Attorney General at 9:30 a.m. (CST) June 26. All Keystone property—damage and public-liability insurance held by Kentucky operators was voided at that time.

Though suspension notices have been sent to Kentucky operators, the transportation division explained that technically an operator cannot be suspended without a formal hearing.

After Pennsylvania acted against Keystone, Harry B. Wilson, Kentucky insurance director, canceled the right of 109 agents in the state to do business for Keystone after it learned the company had assets of around \$7,000,000 but liabilities of \$10,000,000.

**To the Voters of the 29th Senatorial District:**

I am the son of Bob Martin, grandson of Alamander (Squint) Martin, Drift, Ky., and the grandson of Billie Hall, Hall, Ky.

I am a World War II veteran and a school teacher, and I have recently completed my study of law at the University of Kentucky. In canvassing my district, I have been greatly impressed by the surge of people who are determined to bring a progressive government to the people of our county. **OUR GOVERNMENT IS AND MUST REMAIN AN INSTRUMENT OF THE PEOPLE.**

I submit to you a program of progressive government, a program which will bring Good Roads, Good Schools, and, above all, a good, clean government. These improvements are the basis of our society, and are the basis of a democracy.

The extension and expansion of Rural Electrification is a program which must not be hampered but must be promoted with all our vigor, and we must fight to preserve and promote this program by refusing to send to our State Senate Doug Hays who supported a "ripper" bill which would cause many of our people to live in darkness or else use the old kerosene light.

I stand for an adequate school program—a nine-months term—an increase in teachers' pay and in teachers' retirement. Our children deserve the best. As a school teacher I am aware of our plight in the field of education. Let us look forward to a program of advancement and learning for our young generation.

Increased appropriations for the Welfare Department must have our special attention. The old aged, the people who are blind and deaf, the orphans and the widows must be amply cared for, and I will support any reasonable legislation to achieve this end. Also, adequate hospital care must be provided to keep us strong and energetic.

Our roads are primary assets in our community life and are fundamentals of our daily existence, and these funds should be handled by our fiscal courts.

I am submitting to the people of this district a program which will advance our cause of democracy and bring untold happiness and advancement to our Christian and Educational Way of life.

I will vote for the interests of the people at all times. I have no political scars and I will represent all the people rather than privileged classes.

Yours for better government,

**Farmer Earle Clements Pledges Real Help For Kentucky Farm People**

**EARLE CLEMENTS**, candidate for the Democratic nomination for Governor, is a farmer and the son of a farmer. A letter from another Union County farmer, H. R. Norman, Route 4, Morganfield, pays Clements this rare tribute:

"... The first honest-to-goodness farmer to run for Governor in a good many years. He is not only a good farmer, but also a very high-class citizen who has the confidence and respect of all farmers in this county . . . He is not just a town man who owns a farm. He can do everything there is to do on the average farm, from driving a tractor, operating a cultivator, to vaccinating a hog.

"The farmers down here elected Earle as County Judge for two terms and he did a particularly good job. He got the county's money troubles straightened out and cut the debt in half. Earle has always been a leader in any movement for improving farm conditions, including soil conservation, Rural Electrification and better breeding for livestock."

In Congress Clements has:

1 — Sponsored the law which added 6 to 8 cents a pound to the price of dark tobacco.

2 — Helped, as a member of the House Agriculture Committee, in writing and enacting the Marketing and Research Act seeking new uses and markets for farm products.

Clements favors a stronger State Bureau of Marketing and pledges: "I shall put the State Government to work in the farmers' service."

**To All Kentuckians:**  
Here are some of the things why voters should support and vote for CHARLES H. GARTRELL, Ashland, Ky., in the forthcoming primary election. Mr. Gartrell is running for the nomination for LIEUTENANT-GOVERNOR on the Democratic ticket.  
1. "Charley" Gartrell is a native Eastern Kentucky boy, with a natural interest in the welfare of the people of our section of the state. He is a young man, 32 years old, and actively endorses and promotes any action or program which will develop and support the interests of the common man.  
2. "Charley" Gartrell is the only war veteran running for the nomination for Lieutenant-Governor. He was a Navy aircraft pilot during World War II.  
3. "Charley" Gartrell has actively and enthusiastically assisted in many ways the government's program for training and rehabilitation of war veterans, particularly the veterans' Flight Training program under the G.I. Bill of Rights. Without his assistance and guidance there would have been no flight training program for veterans here at Prestonsburg.  
4. "Charley" Gartrell is courteous, conscientious, and deserving of the trust and confidence the people should give him in his race for the Lieutenant-Governorship. Many instances of his courtesy and fair dealings are known of by the people of this section during his directorship of the Kentucky Aeronautics Commission at Frankfort.  
5. "Charley" Gartrell's eight-year industrial engineering plan means more and better paying jobs for all Kentuckians. He wants a better and higher standard of education for the rural sections of Kentucky together with higher brackets of pay for qualified teachers.  
Let's support a man who will foster and promote good government for the people and by the people of Kentucky.

**To the People of the 29th Senatorial District:**  
During the 14 years I have inspected lumber for Doug Hays I have probably known more at first hand of his many acts of kindness and generosity, great and small, to others than any other man in this section.  
I think the people should know these things and, while space does not permit me to list all these I know, I point to the poverty-stricken churches to which Doug has donated lumber, to the graveyard fences his lumber, given out of the goodness of his heart, has built and to his help to private citizens who have lost their homes by fire.  
Doug Hays does not ask credit for these things. He did them because he wanted to. The giving was reward enough for him. But I feel that all the people should know; hence, this statement from one who appreciates good deeds rather than good talk.

**Junior Legion Teams To Play in District Tournament Sunday**

Although Junior American Legion baseball teams of Prestonsburg and Hazard, along with that of Hyden, have temporarily been declared ineligible to take part this season in tournament competition leading toward the national American Legion tournament, the district Legion tournament will be held at 2:30 Sunday afternoon at Paintsville, with Prestonsburg and Hazard the only entrants.

Belated arrival of registration forms was blamed for the temporary ineligibility, but Legion officials here and at Paintsville were hopeful of the two teams' reinstatement when Legion baseball officials learn the facts.

Prestonsburg has defeated Hazard in their two games this season.

The local team's last game was at Ashland Wednesday afternoon, Prestonsburg winning a brilliant 1-0 pitching duel between "Blue" Childers and Jones, of Prestonsburg, and Queen, of Ashland. Jones and Garber got the only two Prestonsburg hits.

**To the People of Floyd County:**

**Look At This Man's Face Remember His Name**

**He Is Your Neighbor! He Is Your Friend!**

**He is now your State Superintendent of Schools. He can be (with your help) the next Governor of Kentucky and the first of your neighbors to hold that important office.**

**JOHN FRED WILLIAMS**

He was born and raised an ordinary country boy in next-door Johnson county. Like you he trudged through mudholes to the country schools and helped work on a poor mountain farm. He left his position as Superintendent of Johnson county schools at a financial loss to himself to help pull Kentucky's schools out of the bottom of the list amongst the 48 states. That he has been a GREAT State Superintendent of Schools is acknowledged by men of all parties and professions. He has been a friend to your child and your child's teacher—and therefore to you.

There are other things that John Fred Williams would like to help the people of Kentucky do. He has a sincere interest in the laboring man. He believes in better treatment of the old and the handicapped. He is one of the country people. He would like for all Kentuckians to have roads instead of mudholes and creek beds as fast as they can be had. He knows our problems and he wants to help find the answers.

**REPUBLICAN VOTERS, PLEASE NOTE!** Waiting to help this fall are thousands of Democrats who know the merits of this man. But right now only you can help our neighbor. His nomination depends upon your getting out to the polls—you and your friends and neighbors! **IT IS IMPORTANT! GET THERE! NOMINATE ONE OF OUR OWN BOYS, JOHN FRED WILLIAMS, for Governor.**

**Is The Record**

Lee Waterfield has been attacked as a candidate for Governor of Kentucky but did not see military service during the record.

Veterans of this county were quick to express resentment against this unjustified attack. Some of you voters may still have some reproduce here the record:

**AFFIDAVIT OF MEDICAL EXAMINER**

**WHOM IT MAY CONCERN:**

This is to certify that I was the medical examiner for Selective Service Board Number 65, Hickman County, Kentucky.

This is to further certify that I am personally acquainted with Harry Lee Waterfield of Clinton, and am personally acquainted and have full knowledge of his physical defect.

This is to certify that Harry Lee Waterfield did not pass the draft board physical examination use of serious physical handicap, to wit: dislocation of both shoulders in which capsule of shoulders failed to unite, leaving a permanent handicap. The uselessness of one shoulder necessitated a grafting of bone from leg to arm to hold left shoulder in place.

To the Voters of Legislative Dist. 96

As most of you perhaps know, I am a candidate for the Democratic nomination for Representative from our district. Before the election, I will try to see as many of you as possible; but, in the event I do not have the opportunity to talk with you personally, I make this statement so that you will know what to expect of me as a member of the State Legislature.

1. I will work and vote for increased salaries for teachers and whatever other measures necessary to raise the state's educational standards, so that Kentucky will no longer be near the bottom educationally among the 48 states.

2. I will work for the general betterment of all the people, and will be fair to all classes—to Labor, the Farmer and all others seeking a livelihood by honest effort.

3. I will support the cause of Pro-

hibition in Floyd county and throughout Kentucky. I will not be a party to giving more power to the liquor interests in this or any other county.

4. As a veteran, I naturally will work with veterans and their friends for the best interests of the boys who served their country in time of war.

I am a son of the late Mart Allen and Lizzie Gibson Allen whom many of you older voters remember. I was born and reared in this county and have lived here practically all my life. I am now earning a living by doing accounting and office work on contract for several private business firms. I think my experience with the people and my knowledge of the workings of state government at Frankfort will enable me to make this District a Representative able to do much for the people and to get things done that they need.

I do not propose to be all things to all men. I feel that I am qualified to serve you well, but I have no intention of making a lot of vain promises. As needs arise and I become convinced of the rightness of issues as they become apparent, I will, if elected your Representative, act to the best interests of the people, particularly those of my home county.

The Selective Service Record of Harry Lee Waterfield, Democratic Candidate for Governor

GUESTS ON ABBOTT ROAD Mr. and Mrs. Robert Jones, Mr. and Mrs. Frank Vaughan, Miss Ollie Jones, Miss Lizzie Jones and Miss Bertha Vaughan, of Prestonsburg, spent Sunday on the Abbott road at the home of Mr. and Mrs. Curtis Jones.

The following information may be obtained at Selective Service headquarters, Louisville, Ky., on page 27. Classification Record, Local Board No. 65, Hickman County, Clinton, Ky., by those who desire to see it in person:

Age at time of registration, 29. Mailed questionnaire June 11, 1941. Returned questionnaire June 12, 1941.

Classified 3-A June 23, 1941. (3-A—Father of one or more children with whom he maintained a bona fide relationship in their home.)

Classified 4-B January 14, 1943. (4-B—Officially deferred by law—a member of a state legislative body.) Column 15, page 27, of the above record shows that registrant never appeared for physical examination before any local or state board of the Selective Service.

It is not too important that Harry Lee Waterfield is not a veteran. It is important if he permits the facts to be misrepresented as to why he is not a veteran.

Mr. Waterfield's supporters stated in last week's Times that he was unable to pass a physical examination for the army. If so, why was he classified 4-B (deferred by reason of being in the Kentucky Legislature) instead of 4-F?

ers. Patton and Burchett, were a.w.o.l. Wohlford went all the way for Wheelwright and had an easy time of it, with his mates scoring 16 runs on 13 hits and five Prestonsburg errors. The winners' attack was led by big Jess Ratliff who in six times at bat walked, hit a home run, two doubles and two singles.

Emma and Garrett, however, were the surprise teams of the meet, with Elkhorn City right along with them. Errors cost Emma a 5-4 game in the opener Thursday morning with Louisa and Garrett, behind stout pitching by Potter, probably contributed the big upset of the four days by defeating Wayland, 5 to 2. Elkhorn City almost upset Wheelwright Friday afternoon, with Thornsburg giving a fine exhibition of nerve by sticking it out the full 11 innings after being felled with a terrific liner which caught him on the thigh.

The tournament was attended by big crowds and produced some top-notch baseball.

(THE TIMES is unable to publish box scores, since the official score book was taken out of Prestonsburg by the scorer, who was reached only this morning (Thursday) by long distance telephone call.)

**To the Republican Voters Of Floyd County:**

We believe that the nomination of Eldon S. Dummit as the Republican candidate for Governor will insure Republican victory in November. He has made a splendid record as Attorney General of the state and his experience in this office has made him familiar with the many problems of the state government. He has co-operated with the present Republican Administration; he has the confidence and support of the rank and file of the Republicans of the state and has been friendly with all groups and factions within the party. There is no valid reason why every Republican interested in the success of the party should not support his candidacy.

We present a brief biographical sketch of General Dummit and respectfully solicit your vote for him in the primary on August 2.

**Graduate, University of Kentucky Law School**  
Eldon S. Dummit was born August 6, 1896. He served as a private in World War I. Born on a farm in southwest Missouri, he attended the rural school and worked his way through High School and College. He attended Drury College and the University of Kentucky, graduating from the Law School of the University of Kentucky in 1920. He taught law at Lincoln Memorial University before entering the practice of law in 1921.

**Lawyer**  
For more than twenty-five years he has been engaged in the general practice of law in Federal and State courts and is a member of the Fayette County, State and American Bar Associations.

**Family**  
In 1926 he married Christine Shouse, daughter of the late Dr. Thomas S. Shouse and wife, of Shelby county, Kentucky. His wife is also a graduate of the University of Kentucky and their daughter and two sons are students there.

**Elected Commander American Legion**  
In 1931 he served as State Commander of the American Legion of Kentucky, and was also Worthy Grand Patron of the Order of Eastern Star during that year. In 1941 he was elected president of Optimist

International, a service organization comparable to Rotary and Kiwanis, having as its motto, "Friend of the Boy." In 1943 he sought political office for the first time and was elected Attorney General of Kentucky.

**Honored By Profession**  
In 1946 he was elected president of the Southern Association of Attorneys General and to membership on the Executive Committee of the National Association of Attorneys General.

**Civic Leader**  
He has served as chairman of the Lexington Council of Boy Scouts and received the "Beaver Award" for meritorious service in scouting. He is past president of the Travelers' Aid Society and served as campaign chairman of Lexington's first Community War Chest. He is a member of the Lexington Board of Commerce and has served as a director on the following boards: Family Welfare Society, U.S.O. Council, Stop-Over Station, Mental Hygiene Association and Lexington Civilian Defense Council.

**Affiliations**  
He is past president of the Pyramid Club and of the Central District of Odd Fellows. He is a Mason, a member of the University Alumnae Association and the Kentucky Peace Officers' Association. He is a director of the Central Exchange Bank, a member of the Governor's Council and a director of the Teachers' Retirement Fund.

**Church Leader**  
He is a member of the Central Christian Church of Lexington, one of the largest church congregations in Kentucky, and has been an officer in that church for a number of years.

**Popular Public Speaker**  
Eldon Dummit has been in great demand, not only in Kentucky, but throughout the United States as a public speaker. He has, in the past ten years, probably, addressed a greater number of non-political meetings and conventions in Kentucky than any other living man. Through his wide-spread activities and contacts and in his public speaking, he has made many thousands of friends among the Democrats and Independents of Kentucky and his following of personal friends and admirers will be a great strength to him as the Republican nominee for Governor.

**Ideal Candidate**  
General Dummit is a pleasing personality, an able and forceful speaker, and energetic and tireless worker, he has no axes to grind, no political enemies to punish, and he offers the highest hope for a united Republican party and for victory in November.

We commend him to the thoughtful consideration of all Republican voters of Kentucky and respectfully solicit your support.

### NEWS FOR THE VETERAN

#### VA HOSPITAL PATIENTS VIEW RELIGIOUS FILMS

The showing of religious films in Veterans Administration hospitals in Ohio, Michigan and Kentucky has become a helpful adjunct to chaplaincy work among hospitalized veterans.

Edward J. Kroencke, chief of the Chaplaincy Division for the VA's tri-state Branch Office in Columbus, Ohio, said this week religious films frequently are used in chaplaincy programs in eight VA hospitals in the three states area. An average patient attendance of 65 has been noted at film showings at Dearborn, Mich., Cleveland (Crie), Brecksville, Dayton and Chillicothe, Ohio, Lexington, Louisville and Outwood, Ky.

"Chaplains do not substitute film showings for other phases of their religious work," Chaplain Kroencke said. "Films either are incorporated in a religious service or shown in addition to regularly scheduled chapel services."

Hospital chaplains point out that the films are helpful to the particular type of patients viewing the shows and that the films respect denominational preference if shown to mixed religious groups.

"Our hospital chaplains agree that there is a definite need for the showing of religious films, Chaplain Kroencke said. "We realize the tremendous teaching power, the spiritual and even the psychological value of motion pictures."

#### MAJORITY OF VETERANS STUDY AT COLLEGE LEVEL

Nearly two-thirds of all veterans

in school under the G.I. Bill and the Vocational Rehabilitation Act (Public Law 16) are enrolled in institutions of higher learning, the Veterans Administration reported today. VA's definition of institutions of higher learning includes universities, colleges, professional and technological schools, teachers' colleges, normal schools and junior colleges.

#### URGENT VETERANS TO KEEP MEDICAL APPOINTMENTS

The Veterans Administration this week urged World War II veterans in its tri-state area to keep appointments for medical or dental care which have been authorized in their respective cases by VA.

Officials at the VA's Columbus, O. Branch Office said veterans should make every effort to obtain prescribed examination or treatment within cases. Broken appointments frequently cause unnecessary delays in medical or dental care.

Medical examinations must be given within the period specified on the authorizing certificate. Treatments generally are prescribed on a month-to-month basis.

Dental examinations must be given within 30 days of the date on the authorizing certificate, while any subsequent treatments are scheduled by the dentist at his discretion, but within a reasonable period of time.

Under existing legislation, veterans may be furnished out-patient medical or dental care in VA clinics, in private offices of physicians or dentists or in their own homes for disabilities by VA incurred or aggravated in line of duty in active service.

Dental conditions which are regarded as service-connected are those which are shown by examination to have developed during a veteran's period of service or within one year after discharge.

"Home-town" examination and treatment may be authorized when VA medical or dental service is not feasibly visible. Majority of the authorized examinations and treatments are made by the "home-town" doctors and dentists, VA said.

World War II veterans who believe they are eligible for medical or dental care at government expense may make application at any VA office, presenting a discharge certificate which is other than dishonorable.

#### QUESTIONS AND ANSWERS

Q. What is meant by a guaranty of a loan under the G.I. Bill?

A. The guaranty of a loan by VA under the provisions of the G.I. Bill is an agreement between a lender of money and VA in the event a veteran fails to pay his loan, the government will pay the guaranteed portion of the loan.

Q. If I can't meet payments on my guaranteed loan, is payment by the government a gift to me?

A. No. Payment by the government of your guaranteed loan is not a gift.

It must be repaid, and if the government pays the guaranteed part of the loan to the lender, you are obligated to the government for that part of the loan.

Q. Under what conditions is a veteran entitled to out-patient treatment from VA?

A. A veteran whose disabilities are service-connected may receive out-patient medical, surgical and dental service for service-connected diseases or injuries. Treatment may be given at a VA field station, or VA authorize it to be given by a physician or dentist in the applicant's place of residence.

Q. What is the latest date on which a veteran may begin a course of education or job-training under the G.I. Bill?

A. A course of education or job-training under the G.I. Bill may be started not later than four years after the end of the war or date of discharge, whichever is later.

Q. If I take a part-time job this summer will VA cut the amount of subsistence I receive while attending school under the G.I. Bill?

A. No, as long as your subsistence allowance and your wages do not equal more than \$200 a month if you have a dependent, or \$175 a month if you are without dependents. Your subsistence allowance may be reduced as much as necessary to keep within these limitations.

Cooperating with members of the General Assembly, the League drafted a bill which would eliminate many fees pocketed by county officials and fix salaries that seemed adequate.

To their state senators and representatives they said, "Look here, boys, you can't do that to us. You've got to repeal that bill immediately or we'll see to it that you never get another public office."

The Legislature went into action in a few hours and the bill was repealed. So far as I know, the repealing of that bill before the ink was dry had no precedent in any state in the union, and nothing like it has happened since.

**A Tribute to George P. Archer**

The Bank Josephine was incorporated by Special Act of the Kentucky Legislature, Chapter 255, Acts 1890, which Act became a law February 25, 1890. The term of the charter was for 25 years, which in due time was extended for a further term of 25 years, and has now been extended for a further term of 50 years.

The bank began business on February 2, 1891, A. J. Davidson being its first cashier.

George P. Archer was the first employe of the bank after it began business, being employed on June 4, 1891. He was elected assistant cashier on February 8, 1892, cashier on June 20, 1904, which position he resigned on June 20, 1912 and to which he was re-elected on July 29, 1912; member of the Board of Directors from April 1, 1895 to June 20, 1912, and from May 7, 1930 until this date; was elected as President on February 1, 1938, continuing to hold the office of Cashier as well; on June 5, 1947 he resigned as Cashier, such resignation to be effective July 1, 1947.

During the period of Mr. Archer's employment and official connection with the bank, its growth has been substantial and progressive, as is best shown by the following comparative statements:

Capital	\$13,800.00
Surplus	0.00
Undivided Profits	542.09
Deposits	15,128.70
	\$29,470.79
Capital	\$ 50,000.00
Surplus	125,000.00
Undivided Profits	25,000.00
Deposits	4,701,963.88
	\$4,911,695.46

During the period above mentioned the country has gone through the Spanish-American War, World War I and World War II; it has weathered three major panics; the bank building was destroyed by fire on May 24, 1916, but it has always been a matter of pride to Mr. Archer and to all the officers and directors who have been associated with him in carrying on the business of the bank that, no matter what the stringency has been, there has never been a time since its organization that any restriction has been placed upon the right of any depositor to withdraw any portion or the whole of his or her deposits at his or her pleasure or to have such deposits paid in cash, nor has there ever arisen a condition when the bank has failed to extend proper credit or enable any of its regular customers to save and to carry on an established business.

The responsibility of the active management of the bank has been substantially upon the shoulders of Mr. Archer for more than 50 years; he has enjoyed the confidence and respect of all who knew him, as a banker, as a sound and correct and accurate business man, as a man who could be trusted under all circumstances and under all conditions and with all matters whether personal or financial.

Many years ago the confidence of the people of Floyd county was considerably shaken as to the safety of the funds in the treasury of Floyd county; the then treasurer of Floyd county had been removed from office by the fiscal court; and the demand was spontaneous and practically unanimous from all sections of the county that Mr. Archer be named its treasurer. He arose from a sick bed of serious illness to accept such an appointment and to qualify for such position. His acceptance of this responsibility quickly and speedily restored confidence throughout the county.

We regret that time, age and health has impelled Mr. Archer to request that he be relieved from the active and important duties of Cashier, but the Board has elected W. J. May, the man of his choice, to succeed him as Cashier, a man in whose ability to fill the office the Board has unlimited confidence, and who has worked with and under Mr. Archer for a period of 35 years.

We are pleased that Mr. Archer will continue to serve the bank as its president and that he will be active in the performance of the duties of that office.

We hereby express the appreciation of the stockholders, directors and officers of the bank to Mr. Archer for his untiring and unceasing loyalty and interest during the long number of years he has been connected with us.

We request that a copy hereof be made a part of the records of this bank, and that a copy hereof be furnished to Mr. Archer.

**TO THE VOTERS  
OF LEGISLATIVE  
DIST. NO. 97**

I was born Jan. 26, 1911 at McDowell, Ky., the eldest son of Green Babe and Jane (Hall) Stumbo. A grandson of the late Press Hall and Greenville Stumbo, of Floyd county.

I attended the McDowell high school, attended the Caney Creek school for two years, and Morehead State Teachers College, Morehead, Ky.

I have taught school in this county for 10 years, and worked in the mines at Drift and Wheelwright for two years. In addition to the above service record I have served our country two years overseas with the navy in World War II. I saw action at Siapan, Pellilu, Anguar, Leyte, Luzon and Okinawa. I received my discharge in November, 1945, and since have been principal of the Drift consolidated school.

If nominated and elected as your representative I will vote in the interest of good, sound government and pledge to fight for improvement of Floyd county.

1. A \$500 bonus for all Kentucky war veterans. (Other states are paying it, why not Kentucky? We have a surplus nearing \$34,000,000.)

2. A l.b. sanatorium to serve Floyd county and other Eastern Kentucky counties.

3. A raise in the teachers' salaries so the best instruction can be secured for our mountain children.

4. Better rural and state highways. Rural highway fund should be turned over to Floyd county fiscal court rather than be dished out a little at a time by the Frankfort Bigwigs.

5. An efficient compensation system for the miners.

6. Legislation for the improvement in methods of farming (better prices for farm produce.)

7. Cut out state income tax, especially the money earned by veterans while overseas.

I want the people to know just where I stand and solicit your help in the primary and general election this fall.

Nominate and elect a sober, honest, efficient and qualified man to represent you at Frankfort.
