NOTICE

TO WHOM IT MAY CONCERN:

Notice is hereby given that on the 15th day of October, 1947, the un-dersigned produced and which was ordered filed their fourth amended petition in the Letcher Circuit Court in the cause styled "Bank of Mill Creek, plaintiff, vs. The Elk Horn Coal Corp., et al. defendants," re- sentative of his office now on fullperting the sale of various and sun- time duty in Floyd and Pike coundry lots, with buildings thereon, sit-uate in Floyd and Letcher counties, hon, who recently resigned from Kentucky, to various purchasers, subject to the approval of court, and it was ordered that said petition lie over to the 23rd day of October, 1947, for exceptions.

sentative is a world war if veteran, and has been with the Social Secutives, 1947, for exceptions.

HOWARD N. EAVENSON, W. W. GOLDSMITH and THOS. S. HAYMOND, Ancillary Receivers for The Elk Horn Coal Corporation.

The Social Security representative will be at the Prestonsburg postoffice, the second and fourth Tuesdays of each month, and at the Wayland postoffice the first Tuesday of on Mr. Probst in Pikeville may see him at the Pikeville postoffice on

Probst Is Successor

Of Lauhon As Social

Security Field Man

Mr. Godbey explained that his office administers federal old-age and survivors insurance. Under this program workers in industry build monthly cash insurance benefits that are payable to the insured worker and qualified members of his family when he reaches age 65 and retires; likewise, to eligible survivors of the insured worker when he dies at any age. Stressing the fact that no benefit can be paid until an application for it has been filed, Mr. Godbey urged all persons who believe they may be qualified to come in and discuss the immediate filing of claims. The next visit to Prestonsburg by the Social Security representative will be on Oct. 14.

any Monday, Thursday or Friday.

HONORED ON BIRTHDAY

Two revered Floyd women were remembered this week by relatives and friends as they observed their birthdays. Mrs. Polly Allen, of Hueysville, mother of Atty. Edward L. Allen, Prestonsburg, observed her 87th birth anniversary Sunday. On Tuesday, Mrs. Minta Webb, of Lackey, observed her 88th birthday.

Sunday, Oct. 12, was a very good day in the David Community Church. There was an attendance of 117 in Sunday School, Sunday night the Rev. Moses Kitchen, of East Point, preached on the subject, "The Judgment." A large number of Christian people came with Rev Kitchen, and among them a fine quartet. Folding chairs had to be brought out to take care of the overflow crowd.

SPECIAL SERVICES

There will be special services at the Pilgrim Holiness Church, starting Sunday night. Services will continue throughout the week, leading up to the regular revival beginning Oct. 27, with the Rev. Florence as evangelist. Special speakers and singing are announced for each evening at 7:30.

Today Your Pharmacist Drops A Few Facts About ...

TRYPAFLAVINE

This drug's no good, insisted the German Ehrlich, because it will not kill trypanosomes, the parasite that causes sleeping sickness. But Carl Browning, a Scotsman, refused to accept Ehrlich's dictum and repeated tests found that Trypaflavine would kill bacteria and used it successfully on wounded soldiers.

CONVENTION OOK FOR THIS QUESTION ON YOUR BALLOT

"Are you in favor of the calling of a YES convention for the purpose of revising or amending the present Constitution of Kentucky, and such amendments as may have been made to the same?"

Grandpa's Chiffonier is in its second childhood

BECAUSE UNDER OUR PRESENT "OUT-OF-DATE" CONSTITUTION

No. 1 School funds cannot be distributed fairly.

No. 2 Education cannot be taken out of politics.

Kentucky voters lose \$500,000 every two years through inefficient election methods.

BOTH PARTY CANDIDATES FOR GOVERNOR AGREE WE NEED A CONSTITUTIONAL CONVENTION.

This advertisement is contributed by a group of public spirited citizens who believe our present State Constitution retards Kentucky's development.

HERE IS A 4-UNIT DIESEL FREIGHT LOCOMOTIVE NOW OPERATED BY 2 MEN (1 ENGINEER AND 1 FIREMAN)

2 BRAKEMEN AND 1 CONDUCTOR COMPLETE THE CREW OF THIS TRAIN | One brokemon usually rides in the locomotive in freight service

-BUT THE UNION LEADERS WANT 15 EXTRA "SITTERS" ON THIS TRAIN . . . 3 ENGINEERS, 3 FIREMEN, 6 BRAKEMEN AND 3 CONDUCTORS . . . TO GO ALONG FOR THE RIDE AT FULL PAY!

It's to your interest to know about this proposed feather-bedding!

For sheer feather-bedding, this mock work proposal takes the cake. But it is only one of 44 "rules" demands filed by the leaders of the operating unions. If all these demands were granted, they would cost the railroads an added BILLION DOLLARS A YEAR.

Increased Wages, Too

On top of these "rules" changes, the leaders of the operating unions have filed an additional demand for a wage increase of over 30 per cent. If granted, this would be an added cost to the railroads of \$400,000,000 a year.

\$468,000,000 To Non-Operating Employes

In addition to this, an Arbitration Board has just granted a wage increase of 151/2 cents an hour to the million employes represented by the 17 non-operating unions. This will cost the railroads \$468,000,000 a year.

Where Will The Money Come From? Where will all the money come from

to pay these increases? They total several times as much as the railroads made in 1946 or will make in 1947. In July, the railroads filed an appli-

cation for increased freight rates to close the gap which then existed between wage and material costs, and railroad revenues. Since then it has been necessary, because of further increases in wages and material costs, to supplement that petition and to ask for an additional freight rate

increase. No other course is open. Railroads Do Not Run For **Employes Alone**

Railroads are operated for the benefit of not one, but several groups-shippers, passengers, employes, stockholders, and the general public. The interest of all must be served-and that cannot be done unless the railroads can operate efficiently and economically, and unless they are allowed to earn sufficient revenue to provide the kind of transportation service this country MUST HAVE:

We are publishing this and other advertisements to talk with you at first hand about matters which are important to everybody.

NATURE ON THE 1005E

The Recent Hurricane Demonstrates Again Southern Bell's Ever-Readiness to Serve You ... Come Storm or Fire, Hail or High Water

With the first warning of the approaching hurricane along the Atlantic and Gulf Coasts, all Southern Bell personnel in the Southeastern states was

alerted for action. Orders for equipment were rushed to the Western Electric Company. Emergency crews from adjoining states poured into the threatened area by truck, plane and train. Every effort was concentrated on getting skilled men and materials there ahead of the hurricane.

When the full fury of the storm struck, operators stuck to their posts hour after hour ... maintaining communications throughout most of the storm-lashed section . . . helping to save lives and avert injuries, to ease anxious hearts and minds and to bring a feeling of calm and comfort to those waiting out the wind. Typical of this devotion to duty were the two lone operators in a telephone office in Bay St. Louis, who stayed at their switchboard until the last lines went out-then prayed. As soon as the storm abated, emergency

crews went to work repairing a damage to telephone facilities that ran into hundreds of thousands of dollars and totalled more than 106,000 breaks in service. Skilled repairmen worked around the clock-wading through miles of swamps and marshes battling wind, water-even snakes. It was a tremendous job. Yet within a few days after the wind blew itself out, more than 90% of the telephone service in areas affected by the hurricane was back to normal.

Fortunately, hurricanes don't happen every day. But it's good to know that whenever and whatever the emergency, you can count on telephone folks to deliver that extra measure of power in a pinch. It's this tradition of service that gives a value to your telephone that cannot be measured by the price you pay.

Is Bound To Make A Good Governor

FEET ON THE GROUND-Earle Clements is a real farmer He was born on a Union County farm, the son of a farmer, and is actively engaged in farming. He knows the farmers' problems from wrestling with the soilnot just the theories.

SOIL CONSERVATION - Clements has always helped the Soil Conservation program. He knows its great value to Kentucky farmers.

R.E.A. AND T.V.A. - In the State Senate he voted for the Kentucky T.V.A. enabling Act, and since his election to Congress he has always fought for both T.V.A. and R.E.A.

TOBACCO PRICE HELP-Clements sponsored the law which added 6 to 8 cents to the price of dark tobacco.

MARKETING-As a member of the House Agriculture Committee, Clements helped write and enact the Federal Marketing Research Act, and he pledges the creation of a vigorous State Division of Marketing and Research in the Agriculture Department at Frankfort.

GOOD ROADS-Clements stands for more and better rural roads.

KNOWS ECONOMY-As a County Judge of Union County, Clements cut the debt in half by shrewd manage-

EXPERIENCED—Clements is a Democrat of the progressive school. His motto is progress. His able service in County, State and Congressional posts qualifies him to do a real job as Governor.

VOTE For CLEMENTS

IN THE NOVEMBER 4th STATE ELECTION

Our Obligation To You...

New cars are rolling off the assembly lines today at a record-breaking rate of production.

However, new cars have been virtually out of production for almost six years, and the driving public has had to "get by" with their old cars. In addition, many of the cars that were on the highway before the war have found their way to the junk heap because of old age or wreck-

It is an impossible job for the automobile factories to make a new car for everyone who needs one, no matter how efficient their production

might be. We are buying all the new cars that the factory will sell to us, and we are re-selling them all within our local Chrysler and Plymouth ter-

ritory. We are also trying to buy the cream of the used car crop, and we are passing these on to those of you who need them, at a right price.

Since we cannot supply the demand for new cars, we sincerely hope that you will understand the difficulty of our job and that you will be patient with us. We promise to do our best to bring you all the new cars harm just as fast as they are available to us.

In the mentime, while you are waiting for your new car, our Service Department can help you keep your old car in top running shape until your new Chrysler or Plymouth arrives. Our garage is well-equipped to give you efficient, prompt, and courteous service. We use genuine MoPar parts and our prices are right.

COME IN TODAY AND LET US FIX UP YOUR OLD CAR
