

This Town-- That World

END OVER END

Green Hackworth, from Abbott Creek, after riding down to "Black Bottom," over to the Middle Creek bottom, up and down and all around town before arriving at his destination at Earl Street and the Mayo Trail for the single fare of a thin dime Saturday morning felt so good about getting all this bargain in riding that he gave the driver, Chester Layne, a cigar as he got off the bus.

Chester, habitually a cigarette man, starting to light up, fondled the stogie over and over in his hand and then, suddenly, yelled at the departing passenger and benefactor, "Hey, Mister, which end of this do I put in my mouth?"

Giving solid advice from around, Hackworth quickly shot back, "Why, —it's best you try the end next to you!"

SAFETY DITTY

And this is not about one of those close shaves, either!

"Was overheard upon the road, "Twere happy souls those two who rode!

"Our brakes are hour—not air," laughed Reese, "Oh, why?" asked we Increase, "Is that, my Pop?" "Because it takes almost an hour to stop!"

Too bad—Reese and we Increase are now deceased!

(Ed. note—For that wee piece, I've got release)

TRUE, TRUE, HOW TRUE!

With Truman pointing to the Presidential nomination, the Democratic bigwigs are worried about the "truemen" in the proverbial Solid South.

SOLID BUT HIGH

While the anticipated hot days of the coming summertime have agitated speculations on building swimming pools here and you, we note that The Shelby News from down Shelbyville way has offered some "concrete" evidence on fluctuating costs.

We herein cite the Shelbyville case.

Says the News, "In November, 1945, the city voted a \$50,000 bond issue to finance construction of a swimming pool. The pool was to be 105x45 feet, and located behind the high school gymnasium.

The proposed swimming pool for Shelbyville is very similar to one that was built in Lexington in 1938 for \$38,000. Yesterday (a day in 1948, if you please) the city council opened bids submitted by contractors for the job." There were two bids. One high bid, so thought the city fathers, for \$118,450.50, and another still higher for \$133,570.50. These bids "went set" fast when the council apparently decided to "reshuffle for a new deal." Upon advice of the consulting engineer they rejected the bids and called another meeting to decide upon a time to advertise for new bids.

High diving in Shelbyville may be postponed until high prices start nose diving!

In our own case, here and throughout the Big Sandy area, we have a problem that leaves nothing but the "head swimming." And that is an unsteady state of affairs.

The only swimming pool in this area of 14 counties embracing a population of over 425,000 and our nearest one (we might say, "our dearest one") is located at Wheelwright in the southern tip of Floyd county. Primarily built by the Inland Steel Corporation for its employees and the constituents of their community the officials have very graciously permitted "outsiders" the use of the pool. But this one pool cannot possibly accommodate the thousands of swimmers in this territory.

Health officials have repeatedly warned the public against bathing in the open streams as unsafe. Swimming is one of the healthiest exer-

W. VA. ESCAPEE IN JAIL HERE

Facing 3 Felony Counts, Rutherford Tells Guilt Of State Pen Flight

Luther Rutherford, 35, in the Floyd county jail here charged with three counts of grand larceny, confessed to Jailer Everette Collins Sunday he was wanted in West Virginia as an escapee from the state penitentiary at Moundsville.

Waiving formal extradition proceedings, Tuesday, Rutherford told Jailer Collins and County Attorney W. W. Burchett, "I didn't break jail I just walked out and escaped!" Collins said he failed to divulge any further details of his escape.

He is held without bond pending arrival of West Virginia authorities.

The fugitive was arrested and brought to jail April 16 by Earl Blackburn, Wheelwright policeman, accused of stealing two cars and robbing the lockers in the Wheelwright bathhouse. Floyd county officials indicated they would pass their charges in deference to the Moundsville claim on the prisoner.

SHERIFF GOES FOR FUGITIVE WANTED HERE

Walter England, Sought In Shooting of Officers, Apprehended at Tulsa

Pending the arrival of Floyd county officers, Walter England, 27, Martin, is being held in jail at Tulsa, Okla., on a charge of unlawful flight in the shooting of his father-in-law and two deputy sheriffs last November. He is held in lieu of \$5,000 bond after a hearing before a United States Commissioner on the flight charge.

Arrested at a filing station where he had been working since arriving there 10 days ago, he told detectives

Clements Asks Return Of Man In Shooting

Frankfort, Ky., April 22—Governor Earle Clements issued a requisition late yesterday for the Governor of Oklahoma for Walter England, 27, a 6-foot-4 coal miner wanted on charges of shooting and wounding two Floyd county deputy sheriffs.

He had been working at odd jobs in several Midwestern states in recent months. In addition to charges here, officials say that England is wanted by Ohio authorities for parole violation. He was convicted of auto theft five years ago, they say, and was sentenced to 20 years. He was a parolee at the time of the shooting on Buck's Branch on November 6 of the past year.

GOP CONCLAVE ENDORSE MEN

Prestonsburg Attorney In Race for Judge Appellate Court

Near 200 delegates to the Republican district convention held at 11 a.m., Monday at the courthouse in Inez unanimously endorsed the candidacy of Edward L. Allen, Prestonsburg attorney, for party nomination for Judge of the Court of Appeals from the Seventh Appellate district comprising 27 Eastern Kentucky counties. The primary will be held this coming August 7.

The party conclave also endorsed John Sherman Cooper for U.S. Senator and W. Howes Meade for Congress. Both are incumbent in office.

Dr. M. D. Flanery, Pikeville, was elected district chairman and Henry Scott, Pikeville, was chosen as secretary.

Judge James W. Turner, Paintsville, and Dewey Daniels, Hazard, were named as delegates to the state convention held in Louisville Tuesday and the national convention to be held in Philadelphia. Stephen Combs, Whitesburg, and Earl Cassidy, Inez, were picked as alternate delegates.

Mrs. John W. Langley, Pikeville, presided during the meeting as temporary chairman.

Judge Eugene E. Siler, Williamsburg Republican, announced, on the same day, that he had decided to run for re-election to the Court of Appeals from the Seventh Appellate district. Siler had previously announced he would return to his law practice instead of seeking office. He said his name had been entered without his request.

Siler is serving out the term of the late Judge Alex Ratliff, Pikeville Democrat. The race this year is for the full eight-year term beginning next January. Two other candidates already have filed, Democrat Lynn B. Wells, West Liberty, and Republican Elmer Roberts, Campton.

THURSDAY

SPARKS BUSES AND DRIVERS IDLE WEEK

Old Contract Terminated, Negotiations Stalled On New Agreement

Buses and drivers of the Sparks Brothers Bus Company remain idle tonight (Thursday) marking a week since the breach between the company and its union drivers April 15. The break in relationship occurred when negotiations between company representatives and the union's negotiating committee with their representative, Charles A. Neal, failed to gain a working agreement to replace the old two-year contract which terminated last Thursday at midnight.

"We didn't strike," a union spokesman said, "and we are out of work due to the lack of a contract. Under the law we, as members of the union, cannot legally work without one."

In a written statement to The Times the negotiating committee stated, "We met with Sparks Brothers and asked only a fair and reasonable demand in wages and other working conditions but they flatly refused anything other than that stated in the current issue of The Times." Continuing, the statement read, "If and when Sparks get ready to sit down and negotiate a fair contract with the committee, then we will resume bus service on Sparks routes."

The union drivers' negotiating committee is composed of Jesse Wallen, James Laferty, Jole Maynard and the local's president, Bill Allen.

Union spokesmen have not stipulated their demands for publication and the only company comment obtained was, "The drivers demand too much."

McKinley Sparks, bus company president, was out of town and could not be reached for a statement on the company's position in the matter.

Sparks Brothers buses serve Prestonsburg and Eastern Kentucky by the way of Left Beaver to Wheelwright, through the Right Beaver section in Floyd county to beyond Wayland and through Hindman in Knott county to Hazard, the Perry county seat. They also operate a short line from Louisa in Lawrence county to Sandy Hook in Elliott county.

This cessation of bus operation on the Sparks lines has not affected other bus lines. The Kentucky-Virginia Stages, partially owned by the Sparks interests, remain in operation from Ashland to Pikeville, Jenkins, Elkhorn City and Grundy, Va. Short lines in the immediate vicinity of Prestonsburg, Laferty's Bus Lines, the Short Way Bus Lines, the Local Bus Lines and the City Bus Lines, are owner-operated and not affected by the union local drivers' action.

The contract just terminated was a result of a 93-day walkout pending company recognition of the drivers' union two years ago.

Mr. and Mrs. J. O. Webb were in Lexington last week on business.

It Wasn't Hot Water!

With or without hot or cold water this past Monday, the washing machine in the home of Mr. and Mrs. E. R. Burke on Second avenue caught fire.

The fire department was called but Frank Layne, brother of Mrs. Burke, rushed from his nearby store and quickly quenched the flames before the arrival of the fire-fighting apparatus.

Mr. Layne told The Times his extinguisher doesn't require water to douse a fire on a washing machine and we are going to stay out of hot water by saying that the origin, cause and fullest extent of the damage is not known!

LEFT BEAVER MEN ACCUSED IN ROBBERY

Bank Cashier Wounds 1; Two Others Captured As \$42,794 Recovered

Charged with the noon-hour hold-up of the Peoples Bank at Pound, Va., involving over \$40,000 last Thursday, Homer Bates, Wheelwright, is in a Norton, Va., hospital, recovering from gunshot wounds, Fred Blackburn, Jr., Wheelwright, and Charles Newman Mullins, Pound, Va., are being held in the Wise county (Va.) jail. Virginia State Police reported that \$42,794 of the loot had been recovered and returned to bank officials.

The robbery at gun point occurred when Ed Barr, cashier, was alone in the bank and the streets of Pound were fairly deserted. Barr was forced into a vault while two of the men scooped up the cash but, he told officers, he "came out shooting" as the men left. One of the men, pre-

TWO-HUNDRED HOMEMAKERS IN DISTRICT MEETING HERE

"Building Better Homes for a Better Nation" keyed the 15th annual Eastern Kentucky district meeting of the Kentucky Federation of Homemakers here Tuesday at the Methodist Church.

Two hundred sixteen delegates and visitors registered from the six counties of Floyd, Pike, Johnson, Perry, Breathitt and Letcher. The other six counties, Knott, Owsley, Magoffin, Martin, Morgan and Leslie, have no home demonstration agent and were not represented.

Activities began with registration

at 10 a.m., continued with business and social meetings, shows, musical programs, a roll call of counties and came to adjournment at 3:30 p.m. Mrs. Ernest Neal, Paintsville, was elected director and Mrs. Watson Mullins, Whitesburg, was chosen secretary.

Distinguished visitors were Mrs. W. K. Morris, president of the Kentucky Federation, Miss Myrtle Welton, state leader, Mrs. Helen M. White, assistant state leader, and Mrs. Louella Canterbury, Chicago, Illinois.

Too Much Water!

Highlighting festivities of the second annual Floyd County Music Festival here Saturday, Betty Jean Layne, 17, junior in Betsy Layne high school, was crowned Festival Queen in the coronation ceremonies staged on the high school grounds.

The vivacious brunette, chosen to represent her school by the popular acclaim of her fellow students, is the daughter of Mr. and Mrs. Melvin Layne, Betsy Layne. While a minimum scholastic standing was required of each candidate, the beauty, personality and poise of each aspirant were basic qualifications for final judging.

Amylee Hall, McDowell senior, was runner-up, followed by Jane Halstead, Prestonsburg freshman, who was judged third.

PATROL NABS TWO ALLEGED KIDNAPPERS

Former Floyd Resident Accuses Two Pike Men; Kidnapped In Ironton

A spree of commandeering vehicles landed two brothers, Earl and Robert Adams, Virgie, in the Pikeville jail charged with kidnaping and armed highway robbery and facing FBI charges. They were jailed on complaint of Ray Simpson, Ironton, O., cab driver and, until recently, a miner at Drift in this county.

The duo were apprehended by chance Tuesday at 4:30 p.m., on U.S. Route 23 near Pikeville by Capt. Vernon Sanders while he was parked beside the road making a routine traffic check. He noted the taxi speeding by, gave chase and forced them to stop.

Robert Adams was operating the cab. Simpson said that the Adamses had forced him to drive them after robbing him of his clothes and money. All three were seated in the front seat.

The officer's report said that the brothers were drunk and a search of the cab produced a pistol.

Highway patrolmen said today that the accused men, some time during the night, had stolen a truck near the mouth of Robinson Creek and abandoned it in Lawrence county before proceeding to the Ohio town. Hobert, officers say, was convicted and sentenced to 21 years in the penitentiary in the May, 1937 term of Pike circuit court. He has been out about three years and is under indictment for attempted forgery now in the Pikeville court, patrolmen stated.

The patrolmen chipped into a fund for eats and gas for Simpson's cab to enable him to return home. The case has been turned over to the FBI for further probe and possible prosecution.

Lettie Osborne, 24, Succumbs at Home

Lettie Osborne, 24, Buckingham, daughter of Mr. and Mrs. Wilburn Osborne, died at her home Sunday.

Survived by her parents, she also leaves eight brothers and sisters: Charles, Topmost; Burl, Bevinville; Gilbert and Wilburn, Jr., both of Buckingham; Mrs. Culbert Waddles, Dema; Mrs. Clineas Waddles, Topmost; Mrs. Roosevelt Osborne and Miss Maxine Osborne, at home.

Funeral services were at the graveside and burial was made in the Buckingham cemetery Tuesday under direction of the Ryan Funeral Home.

Auto Theft Charged To Lawrence Resident Arrested at Wayland

Clifford Robinette, of near Louisa, was arrested at Wayland at 11 p.m., Tuesday by Sgt. Archie Thompson, of the Kentucky Highway Patrol, and Galloway Gray, C. & O. Railway officer on a warrant for auto theft.

Officers said the accused did not have the car, which was stolen during the flood, in his possession at the time of arrest. He was returned to Louisa to face charges.

Robinette was employed by the railroad in construction work and resided in one of the camp cars, authorities stated.

Observe Traffic Safety Week Here

Proclaim Apr. 26-May 1 As Week of Campaign For Safer Driving

Floyd county and Prestonsburg will begin observance Monday morning of Traffic Safety Week with the appearance of Officer Irvin E. Hibbs, safety engineer of the Louisville police department, who will maintain a safety exhibit booth in the former city police station opposite the courthouse and conduct safety programs at various schools in the county throughout the week.

Today (Thursday) Mayor E. P. Arnold issued a proclamation designating the week beginning April 26 as Traffic Safety Week in Prestonsburg. (See Mayor Arnold's proclamation published elsewhere in The Times.)

Officer Hibbs, here under the sponsorship of the Kentucky Peace Officers Association, the Prestonsburg Junior Chamber of Commerce, several business men and local groups, has conducted safety programs in Cynthia, Henderson, Fort Knox and Bowling Green.

The school itinerary of Hibbs and entourage is announced by H. D. Fitzpatrick, Jr., safety chairman as follows: Tuesday—8 a.m. at Allen school; 10 a.m. at Betsy Layne high school; 2 p.m. at Auxier high school and at 8 p.m. at a meeting of the Jaycees. Wednesday—11:30 a.m., at the Prestonsburg high school; 12:45 p.m. at Prestonsburg grade school and Thursday, 10 a.m. at Martin high school; 2 p.m. at David grade school; 6 p.m. at the Prestonsburg Kiwanis Club and 7:30 p.m. at the Prestonsburg P.-T.A. meeting.

Pension Plan Hits Snag While Miners Return

It was indicated in Washington today (Thursday) that the Justice department now may ask Judge Goldsborough to let Lewis and the union with light fines—or even no penalty at all—on the civil contempt count because the strike at last seems to be over.

The Local Bus Lines Go Strictly Local

What's in a name? The local bus lines are purely local... (period).

Operating as the Harris Bus Lines from here to David, a short distance of 12 miles, and from here to Auxier, the even shorter mileage of six, the outfit changed hands recently when the owner, James P. Harris, sold these two runs to Clarence Logan and Tom Calhoun, of Prestonsburg.

Faced with the problem of naming their concern, with all appropriately good names already taken by bigger bus companies in previous operation, the local boys began right at home—in fact, right upon their own persons—and lifted L.O. the first two letters of Logan and combined them with CAL, the first three letters of the name Calhoun, to arrive at the title LOCAL for the Local Bus Lines.

After all, it is a local bus line, isn't it?

COURT METES 5 SENTENCES

2 Charged With Murder And Minor Offenses Net Sum of 32 Years

Dewey Gibson, Wednesday, received a sentence of 21 years in the state penitentiary in this week's term of the April circuit court here for the fatal shooting of Taylor Blackburn, World War II veteran, near Bypro recently.

Gibson waived arraignment before the court and entered a plea of guilty to the charge of first degree murder. The penalty was derived from a compromise verdict.

Bas Compton, tried April 21 for murder in connection with the fatal shooting of Mrs. Helen Parsons, Betsy Layne, was given a sentence of eight years.

A brother, Charlie Compton, who was convicted in the Pike circuit court on a charge of venue on the same charge, received a 21-year pen term and, authorities stated, he is now serving the sentence.

Isaac Keathley received one year on a charge of grand larceny, Mark Henry found guilty of storehouse-breaking drew one year, and Sanford Newsom was given one year for family desertion.

Drunk Driving, Target Of Highway Patrol Drive Slated For Eastern Ky.

SAFETY ANALYST

OFFICER IRVIN E. HIBBS

Who will appear here in connection with Traffic Safety Week has been a member of the Louisville Division of Police for the past five years as Safety Analyst. A graduate of Northwestern University Traffic Institute; Georgia Technological Institute of Pedestrian Protection and Engineering and the Federal Bureau of Investigation of Police Training sponsored by the Kentucky Peace Officers' Association; was police instructor for the Kentucky Highway Patrol at Camp Breckinridge, associate editor of the Kentucky Peace Officers' publication and a police instructor for same. He is now a member of the police committee of the National Safety Council, Governors' Highway Safety Committee and the American Society of Safety Engineers.

"Cracking down without reservation on drunken driving," declared State Highway Patrol officers here this week in announcing a drive on all traffic violators and operators of defective vehicles.

As a prelude to the drive, the patrol is conducting running road tests now and merely advising without making arrests. Sgt. Ed Craft stated, in speaking for Capt. Vernon Sanders, district head of the force, that the Highway Patrol will be glad to furnish any operator without obligation information on operation and required running equipment on vehicles.

All owners of trucks and cars are asked to "please have lights, rear view mirrors, tires, brakes, steering mechanism and other possible defects checked because a large percentage of the vehicles on the highway today have defects in direct violation of the law."

"All trucks over seven feet in length must have marker lights on corners of the bed, three running lights on top of the cab and projected rear view mirrors on each side. On the front of the vehicle the use of a red light is absolutely forbidden," he continued. "The Highway Patrol advises the use, instead, of amber, green or blue lights."

During the drive, to be launched within the next few days, the patrolmen will bear down on reckless driving and "one-eyed" drivers who operate with only one headlight. Traffic accidents have grown to such proportions that something must be done about it and done quickly, the officers declared.

(See Story No. 3, Page 3)

Among the Lexington business visitors last week from here were Clive Akers, A. B. Meade, Circuit Judge E. P. Hill and son, Adrian Collins and Magistrate Henry Stumbo.

In front of the band the drum majorettes from Wayland and Garrett are going through their paces. Photo by Strahan

"You have the only county-wide musical festival in the state... the only one of its kind in Kentucky," Norman Lewis, Bowling Green, told the audience listening to the All-Festival Band of 99 pieces in the above photo.

The concert was part of the day's program in the second annual Floyd County Music Festival. Approximately 3,000 spectators witnessed the parade, the queen's coronation, the afternoon musical events, and a jammed auditorium heard the All-Festival Chorus render a concert at 7 p.m., in the grade school auditorium.

Prestonsburg and Betsy Layne bands rated superior, Martin and the Right Beaver section composed of Maytown, Garrett and Wayland, and the Left Beaver section representing Auxier, McDowell and Wheelwright received excellent ratings.

Participants here will represent about half of those taking part in the Eastern Kentucky Festival at Pikeville, April 23-24, said Jesse Elliott, Floyd county band instructor. The Pikeville events are a prelude leading to the state festival.

**Bill to Restore Right To Seize Mines Offered**

Washington, April 20—Representative Howard Smith (D.-Va.) offered a bill Tuesday to revive essentials of the expired War Labor Disputes Act giving the government power to seize the coal mines in event of a strike endangering the general welfare.

Smith, co-author of the original bill with Senator Connally (D., Texas), proposed that the President's seizure powers should be extended to any plant, mine, or facility.

While a mine or plant was in the possession of the United States, it would be unlawful for any person to instigate or encourage a strike or interfere with the operation of the facilities.

cises and the cleanest sport in existence. Yet if one is to swim in the river it is highly advisable, in order to feel clean, to go home and take a bath afterward.

So far efforts to gain a pool here have been doused with a wet blanket and let to mere rumors "floating in the middle of the air." Construction of a pool has been contemplated recently by different civic-minded citizens who have creditably spent time and money in their plans but were forced to retire their efforts in face of high prices.

With no pool, nearby lake or ocean beaches and the rivers declared unsafe for swimming the probable nearest thing to a high dive into water to be witnessed this summer will be the demonstration by anyone who will obligingly stand on their tiptoes and, in a wide arc, gracefully dunk their thumbs into the nearest finger bowl!

In the meantime,—hmm-mum-m, I wonder how soon the Wheelwright pool will open and what may be the chances for a reservation?

**LETTERS TO THE EDITOR**

Editor, The Times:

I have been compiling a genealogy of my family for 25 years and have been unable to contact relatives who settled in the Big Sandy country, some of them around 1820 and others around 1850-60. Among these were Stephen Adams, Spencer Adams, Arthur Adams, Jesse Adams and others of the name; also Abner Caudill, other Caudills, and the Holbrooks, Crafts, Webbs, Martins, Thompsons and Bakers.

I would like to hear from anyone who might have information on any of these families and who are interested in preserving the genealogy of their ancestors. I am particularly interested in learning the names of Rhoda Martin's parents, who married Jesse Adams in 1816; and where Jesse and Rhoda lived. They had a son, Spencer, and a daughter, Susannah, in 1820. I would like also to contact any descendants of Cuthbert Stone, the Revolutionary soldier, who was living in Floyd county in 1840, neighbor to Stephen and Spencer Adams.

quarry at the base of Pound mountain. Two bags of money and a bundle of currency were found under a small rock cliff in the nearby quarry. A little later, at Jenkins, Ky., Police Chief R. L. Lester reported the apprehension of Fred Blackburn, Jr., 23, by the Jenkins police and Virginia state police. A portion of the money, authorities say, was taken from the back seat of Blackburn's automobile.

Police reported, at first, that the Wheelwright men, in making a getaway, forced Mullins to drive them to a point on the Jenkins highway about three miles from Pound where they left his car and entered an automobile parked on the road. Later, they preferred charges against the Virginia man.

Charles W. Brown, agent in charge of the Richmond, Va., office of the Federal Bureau of Investigation, stated that the three men had been charged with violation of the Federal Bank Robbery Act.

Martin—Fell back just a little, 86 in Sunday School, but the Men's class is growing—13 men—that's fine. They have organized this week and they said they were going to outnumber the ladies' class. Dr. Collins, you'd better not let the ladies know about this! We started our revival last Sunday night with a nice congregation and a good spiritual service. Rev. E. P. Swann, pastor of the First Methodist Church, Louisa, is our evangelist. Come, pray, work, and then the Lord will give us a revival.

Maytown—We have just closed an old-fashioned revival, with about 30 either converted or reclaimed. Twenty-four came into the church. Rev. C. W. Krebs, pastor of the First M. E. Church, Paintsville, was our evangelist. We had 73 in Sunday School last Sunday. We are growing. Church services here Sunday night at 7:30.

Deputy Sheriffs Ed Craft, Scott Compton and H. Harvey and Martin Policeman Allen Stone went to the home of a relative to serve warrants naming England for child desertion and the shooting and wounding of his father-in-law, Jim Manuel, the day before. The writs were sworn out by England's wife. Informed by Craft of the warrants, officers say, England whipped out a revolver and began firing. He felled Deputies Craft and Compton. Escaping unscathed in the officers' return fire, England screamed, "You'll never take me alive!" Following an extensive but futile manhunt Floyd county Sheriff Troy B. Sturgill offered a reward for the fugitive's arrest or any information leading to his arrest.

**Native of Floyd, Victim At Jenkins, April 16**

Mrs. Lou Emma Stanley died at Jenkins, Ky., April 16. She was the daughter of Marion and Adeline Conley, and was born on the Caney Fork of Abbott Creek March 1, 1876.

She was united in marriage to Morgan L. Stanley, June 2, 1892, and to this union were born 12 children, three of whom preceded her in death.

Surviving are her husband, six sons, three daughters, five brothers, one sister and a host of relatives and friends. In early life she professed faith in Christ, joined the Abbott Creek United Baptist Church and was baptized in February, 1893. She lived a faithful Christian life until death. The family has no worries except the loss of a devoted wife and loving mother.

Mr. Stanley will be remembered by his many friends of Floyd county as a Spanish-American War veteran.

**Hall Announces Plan For Floyd Workshop; Registration Is Asked**

That emergency teachers may meet the requirements of earning an additional eight quarter hours of college credit to renew their emergency permits, and in order to permit certified teachers who have not been in school for a few years to refresh themselves in the methods of teaching and earn additional college credit, application has been made by Superintendent Palmer Hall to the Eastern State Teachers College for a workshop in Prestonsburg this summer. While not yet definitely accepted, the application has been favorably received and will almost surely be accepted if the need is sufficient, Mr. Hall said.

School officials express the hope that the workshop will run at the same time as the first summer term in the colleges, in this section. Except where a teacher needs to do a required course for a valid certificate, it will be requested by the Board of Education and the Superintendent that they take the workshop in the county, since the workshop will be built around the actual problems and needs of a teacher in Floyd county schools and will be of more practical help to the teacher than most on-campus college courses.

The number of instructors provided and the type of the course will depend somewhat on the number and type of students enrolled. Credit will be extension (same as correspondence) and will count toward certification or a degree. For those who have taught during the present school term it will count on next year's salary schedule as "current credit."

Eastern State Teachers, it was said this week, would like to make this a big workshop and to staff it adequately. In order that the college may be properly informed, Supt. Hall suggested that those who expect to teach and who will be required to take the course, and that certified teachers who want to take it, register with the Superintendent of Schools as soon as possible. Teachers from neighboring counties will be welcomed and high school graduates who are planning a career of teaching may be admitted. The tuition cost will be between \$20 and \$25.

**Godbey Urges Correct Social Security Numbers**

Floyd countians holding social security cards are advised to check their cards for correct listing of numbers.

Monday, Horace J. Godbey, manager of the Ashland office of the Social Security Administration, announced a campaign to correct employers' social security records in this area, which do not contain the correct names and numbers as shown on workers' social security cards.

Pointing out that correct social security numbers sometimes are not registered with employers, Mr. Godbey urged each worker to immediately check the number and name on his social security card with that appearing on the employer's payroll record.

Mr. Godbey stressed the importance of correct listing on employer's records, since benefits under the social security law are based on the wages shown on the worker's social security account.

Workers who change places of employment were urged to see that their correct social security numbers and names, as appearing on the card, are registered with their new employers. The best method, it was pointed out, is to show the official social security card to the employer, or to the person in charge of pay rolls. Fewer mistakes occur when this method is followed, Mr. Godbey claimed.

Persons who have lost their social security cards should apply for duplicate cards at the Social Security Administration office. Women who change their names by marriage or divorce should notify the Social Security Administration so that the name on the government's record can be changed also.

**Caught Dynamiting Fish In Perry County Stream, Says Arresting Officer**

Four Floyd county men, Kenneth Roberts, Herman Allen, Manuel Fitzpatrick and Glenn Watkins, all of the Garrett-Lackey vicinity, were jailed at Hazard Monday charged with dynamiting fish on Troublesome Creek in Perry county, authorities report. They were later released on bond and bound over to the grand jury.

The arresting officer, Ora Davis, Perry county conservation officer, said he had received a complaint on these men dynamiting the creek Sunday. While he was there the next day making an investigation they came back and began dynamiting again. He caught them in the act and confiscated their fish and dynamite.

## BIG REDS SEE WAYLAND WIN

**Prestonsburg Loses, 11-4 Return Engagement Set For Next Sunday**

Prestonsburg and Wayland had a formal introduction here at Porter Field Sunday. Their baseball clubs met in the formal opening of the 1948 baseball season of the Big Sandy Baseball League and Wayland walked off with the handshake after outscoring the local Reds, 11-4.

However, the Reds and their supporters feel that this is no indication of the outcome of their second meeting next Sunday at Wayland where the two teams are scheduled to conduct an afternoon's diamond tete-a-tete.

Last Sunday's game featured a triple by Wilbur Schu, doubles by Schu, Meade, A. Blackburn, Shepherd of Prestonsburg and doubles by Collier, Ratliff, Boyd, Thomas, of Wayland. Winning pitcher was Adkins, while Castle was charged with the loss.

## "Spring Has Come..."

Maybe the weather can't make up its mind as to whether or not spring is here, but we are certain that it is here weather or not (Pheew... pun.) Some sure signs of spring are: shedding red woolens, noses (sniffing summer, that is, son), soft corns between your toes (our own Printer Goble's contribution), gardens growing, trees budding, motor scooters scooting, bees buzzing, breezes breezing, robins rob—scuse us! Anyhow some hard once said, "In the spring a well man's fancy turns to..."

Well, at ease! Martin Burchett, student from Emma, Ky., is unwaveringly demonstrating the latter.

## SCHOOL WINS FIRST GAMES

**Beat Meade Memorial And Belfry Ball Clubs; Belfry Man Injured**

The Prestonsburg high school Blackcats began another march to the annual state tournament in Louisville by downing Meade Memorial high school, 15-0, Tuesday and yesterday (Wednesday) the Cats convinced Belfry, 10-3. Both games were played here at Porter Field.

The high school team displayed some of the batting and field prowess that has carried the boys to the state baseball tourney for the last three years.

The game yesterday was marred by one unavoidable injury of Belfry's first baseman who suffered a broken ankle. The mishap occurred in a collision with Leon "Blue" Childers, Prestonsburg runner.

(Box scores are unavailable at press time.)

The Cats journey to Belfry next week for a night game.

### IN MEMORIAM

In the Book of Life there are pages filled with memories fond and true. Of those most dear throughout the ages, Are the beautiful memories of you.

Death comes swiftly like an arrow— Just five months and some few days When God called you, my darling one, To His heavenly home to stay.

Do not ask if I miss you, There is such a vacant place— Oft I think I hear your footsteps, If I could see your smiling face.

Days of sadness still come o'er me, Tears of silence often flow, Memory keeps you ever near me 'Till we shall meet again, I know.

Memories and treasures which none can steal, Death leaves a heartache which none can heal, Some have forgotten now that you are gone But I will remember—no matter how long.

Mrs. Ishmael Hopkins, wife, and the children (Adv. M.)

An auto-wise Detroit editor writes, "Hudson... will still be in a sellers' market after the buyers' market returns!" A Cleveland motor-car writer, "The public is in for a thrill!" From a San Francisco auto editor's column, "Hudson has really hit the jackpot!"

And so it goes—right around the nation! Men who have "seen everything" in automobiles go for the New Hudson.

It is the only American-built motor car you step down into when entering, not up on! This new development brings you sensational advantages—among them, newly streamlined beauty that would otherwise be impractical.

This new kind of motor car is only five feet from ground to top, yet by stepping down, you get more head room and roomier seats than in any other mass-produced car built today—and there's good road clearance, too! Because you step down, Hudson's new, all steel Monobilt body-and-frame\* completely encircles you, even outside the rear wheels, with a rugged, box-steel foundation frame—and this brings you a new measure of added safety.

You ride within this frame—cradled between axles—not on top of a frame as in the past. Hudson's new, lower center of gravity and rugged basic structure give this car delightful roadability—a hug-the-road way of going, especially on curves, that is so safe, so serene, so smooth, it is unlike anything you've known before!

See the new motor car the experts cheer. The nearest Hudson dealer will show it to you now! Hudson Motor Car Company, Detroit 14. \*Trade-mark and patents pending

**NOTICE TO FLOYD COUNTY TEACHERS**

In order that emergency teachers may get the required eight quarter-hours for renewal of their emergency permits and that certified teachers who have not been in school for several years may get a refresher course, application for a five-week Workshop, starting about June 3, to be held in Prestonsburg has been made.

Eastern State Teachers College authorities have almost assured us that a Workshop will be given by them, the number of instructors and the type of courses to be determined by the number of prospective enrollees.

The workshop will be planned to meet the needs of teachers in this county on a practical basis. It will be of far more value to an inexperienced or untrained teacher than ordinary college courses taken on the campus for the same length of time. Except where emergency teachers have practically finished their teacher's course and need to do required courses on the campus they will be asked to take this workshop by the Superintendent and Board of Education. It will be strongly insisted that teachers who have not been in school for several years take the workshop. All teachers not holding a degree are urged to attend. Extension credit which will count toward a degree or certificate will be granted, and for those who taught during the 1947-48 term it will count as current credit on the salary schedule.

Upon the recommendation of the principal and superintendent, high school graduates who are interested in a teaching career may be admitted. Teachers from other counties are invited.

It is especially important now that all teachers who plan to take this course register (tentatively) with the Superintendent at once. We will appreciate, too, suggestions as to the type of course desired. By beginning now transportation "pools" may be worked out. Where number and circumstances make it practical school buses may be used for this purpose (with teachers bearing the operating expenses.) REGISTER NOW!

PALMER L. HALL  
County Superintendent

**Timberland Tax Of 2 Cents Valid, Holifield Opines**

Frankfort, Ky.—An opinion upholding a 1948 legislative act authorizing counties to tax timberlands 2 cents an acre for fire protection was given by Assistant Attorney General M. B. Holifield Monday.

State Forester H. B. Newland said a question had been raised whether a county imposing an annual maximum 50-cents-per-\$100 property tax on land, could levy any additional tax.

Holifield pointed out the annual fire-protection tax is not for public purposes, but for a specific purpose. The courts have already upheld special taxes on dogs for sheep protection and special levies on land for soil conservation and for adjacent road improvements.

The fire-protection tax is in that class, he added.

**ALWAYS WHITE...ALWAYS BRIGHT... no more clinging dirt or grime**

**DU PONT HOUSE PAINT CLEANS ITSELF!**

Your house keeps its freshly painted look when finished with Du Pont House Paint. Dirt and grime can't become embedded—rains just wash them away!

**SELF-CLEANING** Du Pont House Paint is so formulated that, as time goes by, a microscopically fine white powder forms on the surface. Heavy rains wash the powder away, taking dust and dirt with it, and leaving the surface clean and white again. Excessive accumulations of dirt (particularly in sooty industrial communities or in heavily shaded locations) may delay or interfere with this process. Because this "self-cleaning" is gradual, the

wearing qualities of the paint film are not abnormally affected.

**SELF-CLEANING** Du Pont House Paint is as durable as it is beautiful... protects against rust, rot, and decay... gives lasting beauty and protection. Costs no more than ordinary paints—saves repainting bills! Call on a reliable painter for your painting jobs, and ask him to use Du Pont House Paint!

**CARD OF THANKS**

We want to thank our many friends of Floyd county for the beautiful flowers and many kindnesses shown us upon the death of our dear mother, Louranie Slone. We especially want to thank the Rev. Alex Coburn and the Rev. Earl Howard for their comforting and consoling words given us in such sad and trying hours. We also wish to thank the Arnold Funeral Home for the nice manner in which they conducted the funeral. We are sure if this loved one could have known she would have been well pleased.

There's an open gate at the end of the road,  
 Which each must go alone,  
 And there in the light we cannot see  
 Our Father claims His own.

Beyond the gate your loved one finds  
 happiness and rest,  
 There is comfort in the thought  
 That a loving God knows best.

## WORDS

Beautiful words are like a brook That ripples day by day. We speak them, they are gone Forever, we think, to stay.

But some day, somewhere, the words emerge Like the brook until the end. After it hides under turf and sod It must come forth again.

The words that are pleasing and never fade. Are the beautiful words we say; They flow on like the brook to other lands to make happy another way.

One should anchor his words so carefully When he has floated out to sea. That no wind or gale can overthrow The treasure for vanity.
