

Truck Mining Industry Lags

COAL SURPLUS DRAWS BLAME FOR SITUATION

Official Estimates
1 Per Cent of Mines
In County Operating

Of the upwards of 500 truck mines which were operating in the county a few weeks ago, only 1 per cent are now working, it was estimated Wednesday by Arthur C. Carter, president of the Floyd County Truck Mine Association.

Only those operations which were selling coal to rail mines and loading their product over tipples prepared to grade coal were operating this week, it was said.

Shutdown of a large number of small operations sent mine workers to larger rail operations for employment. At David, the Princess Elkhorn Coal Company with a surplus of manpower was forced to turn away many job applicants.

Gloomy as the picture was, Mr. Carter said he had been advised by men familiar with coal prospects "not to get discouraged," that the situation will improve.

While it has become apparent that the "seller's market" no longer exists in the coal business, this source of information said the general shutdown is only temporary. At present, it was learned, the market is dead because of huge stockpiles of coal stored up against what buyers expected to be a lengthy shutdown over contract differences—a situation which failed to materialize—and an embargo on freight cars made necessary because 5,000 or more gondolas remained unloaded at both lake ports and at tidewater.

The tidewater tie-up exists largely, it was said, because only one foreign nation, Italy, is now buying American coal.

A number of truck mines, particularly those which can offer only mine-run coal, may never find a market, it was said. But those which can supply clean coal with an ash content not exceeding 8 per cent are expected to resume work.

BALLOT LISTS 18 CANDIDATES

Brown-Chapman Spat
Over Income Returns
As Election Is Near

Both parties in the primary coming up Saturday are using the "short form"—their ballots are on the brief side.

Democratic candidates have only 11 candidates on their ballot; Republicans, four less than that.

Main interest in this election, as usual in Kentucky, lies with the Democratic party where those waging the battle have been, on occasion, swinging from the heels.

The verbal fireworks have been especially visible in the Senatorial race between John Young Brown and Virgil Chapman. This week the matter of Mr. Chapman's income tax came into the campaign after Drew Pearson, Washington columnist, had reported on the matter. Brown stated on more than one occasion that Chapman for a period of 14 years did not pay his income tax. Moreover, he said he would quit the race if Chapman could prove he did. This offer was made on the condition Chapman would quit if he could not disprove the charge.

At Ashland Tuesday, Brown said: "Of course, he (Chapman) paid when he got caught, but for 14 years (from 1926 to 1940) he did not file his income tax returns." The Lexington attorney stated, "If Seldon Glenn (collector of internal revenue) says that Chapman filed income tax returns prior to 1940, I will withdraw from the race and let Chapman have the nomination. I wouldn't make that proposition if I didn't know for sure. I can not only give the name of the person who turned him in but also the man who went to Louisville with him to patch it up." Brown said.

Congressman Chapman in a telegram received by The Times Wednesday, made the following statement:

"I brand as absolutely false my opponent John Young Brown's charge that I did not pay income tax for fourteen years. My only income during twenty-two years in Congress has been my salary on which

Henton Admits Theft Of Railway Material

John Henton and Harold Ousley, of Martin, were placed under bond Tuesday after Henton had confessed to Special C. & O. Agent G. L. Gray, of Allen, that the two had stolen from the C. & O. scrap valued at \$150 and sold here for \$45.44.

A breaking and entering charge was filed against Eugene Hicks, who was jailed here Tuesday by Deputy Sheriff Troy Mullins.

Eddie Coffee, of Magoffin county, was jailed by Deputy Sheriff Epp Lafayette Sunday on a charge of selling a mortgaged automobile to the Willys Motor Sales here.

Andy Hamilton was jailed Sunday by Deputy Sheriff Steve Hamilton on a charge of selling whiskey. The prisoner is a resident of the Mud Creek section.

'I AM READY,' SAYS SLAYER

As He Goes to Chair
In Eddyville Prison
In Slaying of Hodge

Saying "I am ready to meet Jesus," Jasper Nease, 24-year-old former soldier from McRoberts, Ky., was executed in the state's electric chair at Eddyville last Friday.

He was one of three soldiers condemned to die in the robbery-slaying of Vernon Hodge, former Louisville World War II paratrooper. Awaiting execution in death row at Eddyville state penitentiary are Daniel T. McPeck, 22, Dublin, Va., and Herbert Workman, 19, Tesla, W. Va.

Warden Jesse Buchanan said Nease was pronounced dead at 12:12 a.m. (CST) after saying, "I am ready to meet Jesus" as he went to the chair. Nease became the 141st man to die in the chair since it was established at Eddyville in 1911.

When Buchanan went to read the death warrant to Nease, the warden told the Letcher county soldier, "Jasper, you have made a good prisoner since I have been here."

Nease told a newsman "I've never been able to figure it out" why he took part in the slaying. "I realize it's too late now to be sorry, but I want everyone to know that I am sorry. I suppose that we were drinking whiskey too much that night, although I don't believe any one of us was drunk."

The prisoner ate only a small portion of his last meal, a chicken dinner served yesterday afternoon. There were no visitors to see him the last day. He spent most of it reading his Bible.

The three soldiers were escapees from the military compound at Fort Knox, serving court-martial sentences given them in Europe. Nease was convicted at Louisville on an armed-robbery charge May 19, 1947. McPeck and Workman later were convicted on similar charges.

The trio had been indicted on murder charges in Perry county, where Hodge's clubbed body was

FIVE WAIVE AT HEARING

Banner Men Placed
Under \$1,000 Bond
Each in W. Virginia

Five Floyd countians waived preliminary hearing at Williamson, W. Va., Monday, and were held to \$1,000 bond each, to answer to the grand jury at the September term of Mingo circuit court.

All were said to have posted cash bonds following their arraignment before Magistrate J. B. Porter.

The five, all accused of breaking and entering Red Jacket Coal Company stores, are Willard Hall, Homer Hewitt, Graham D. Hurd, O. C. Hamilton and Curtis Akows. Their arrests followed a confession signed here by Jackie Hall, who boasted of his looting successes. The accused men waived extradition and were taken to West Virginia last week.

Another member of the alleged gang operating over what was described as a wide area is George Hall, a resident of Banner as are the others. He was taken to Logan. According to Jackie Hall, he was involved in robbing the Logan County Coal Corporation store at Lundale, of jewelry valued at an estimated \$10,000.

Jackie Hall and Elzie Clevenger remain in jail here.

DOVE ESCAPES AT LA GRANGE

Authorities Here
Told of Floyd Man,
Two Others in Break

Floyd county authorities were notified Tuesday that three prisoners, one of whom is Jimmie Dove, of this county, had escaped from the state reformatory at LaGrange.

Still at large, according to this report, are Dove and James L. White, of Jefferson county. Dove, who was returned to this county after having long been a fugitive, was convicted in the Floyd circuit court and given two non-concurrent terms of three years each for child desertion. He is a former resident of Garrett.

Dove and Robert A. Spencer, who was quickly re-captured, escaped from a work detail at the Kentucky Children's Home. White made his escape from the reformatory itself.

Spencer had a petition for clemency on file at the time of the break after serving three months of a two-year term for voluntary manslaughter. At least an additional year is expected to be added to his sentence.

Judge Rules Against Mother In Child Custody Suit Here

In a written opinion this week County Judge Alex L. Davidson ruled that Mrs. Dorothy Fields Belcher, former resident of this county, is not entitled to the custody of her daughter, whom she left eight years ago when the child was only 14 months old and whom she had not again seen until a few weeks ago.

Custody of the child, Alma Sue, remains with Jesse and Margaret Jones, of Wheelwright, the only father and mother the little girl ever knew.

In his written opinion Judge Davidson pointed to testimony claiming the mother traveled with a "street carnival" for seven years after leaving the child and so expressed doubt of the Christianity now professed by the plaintiff. Other points of the opinion in the case which attracted wide attention over the county follow:

"The defendants stand in this court as upright and good moral citizens. They lived at Garrett, Ky., when Alma Sue, only 13 months of age, was left at their home. They now live at Wheelwright, Ky., and

one of the best and cleanest mining camps in our county. At the time the plaintiff went to leave Alma Sue with them at Garrett, she took a Mrs. Bentley with her. Her statements to this lady at her home and then at the home of Mrs. Jones, in the presence of Mrs. Bentley and Mrs. Ward clearly evinced her intention in the matter. Then shortly after she left this little girl in the Jones home she was stricken ill and was confined in the hospital and there remained for 11 days. At her bedside was always found Mrs. Jones, except when Mr. Jones came to relieve her to go home for some things. If this court had never known the defendants he could freely declare they possess that charity and love so seldom shown by humanity for those who are not blood related. But they speak by their actions, which is more important than words. They most assuredly possess the cup of human kindness, to say the very least, and have played the part of real Samaritans. To all this is added the fact that since July, 1940, they have in sickness and

Court Votes Jailer \$100 a Month Pay; Bridges Contracted

The Floyd fiscal court voted Monday pay of \$100 a month to Jailer Everett Collins for janitor services at the jail and courthouse, and awarded two contracts for bridges.

Hitherto, the Jailer was paid \$75 a month.

E. V. Hamilton's bid of \$1,300 was accepted on construction of a bridge across Big Mud Creek at Teaberry, and J. J. Holbrook's bid of \$975 won the contract for building a bridge across Meade Branch of Abbott Creek.

The court purchased from Arvie Burchett, Prestonsburg, a bulldozer for \$6,500.

PRICES CLIMB, ACTION ASKED

Hogs Top Record,
Cattle Equal It;
Meat Boycotted

Livestock and wholesale meat prices climbed at some markets early this week and the nation's mayors were urged to demand immediate action from Congress to combat high prices.

Hogs set new all-time highs at Cleveland and Chicago, and cattle at Omaha equaled the price record for that market.

Wholesale meat prices started on the upgrade again at New York for the first time in 10 days.

Mayor William O'Dwyer, of New York, called upon his fellow mayors to "urge Congressional action now to alleviate the prices facing our people."

In a telegram to George Welsh, Grand Rapids, Mich., president of the U. S. Conference of Mayors, O'Dwyer said, "Prices are skyrocketing throughout the nation and the housewife's shopping basket is shrinking daily under the impact."

At Cleveland \$32 a hundredweight was paid for a top-quality load of hogs. Other hogs sold for \$31.75 a hundredweight.

Hogs generally were higher at Midwest markets. At Chicago a load sold for \$31.10, topping the all-time high for Chicago, set last Friday at \$31. Hogs also hit \$31 at Indianapolis, the all-time high there, for the third straight market day.

Omaha cattle hit a top of \$40 a hundred pounds, equaling a record set last December and equaled again in January.

At New York wholesale meat markets, where prices had been in a decline for more than a week, the asking price was higher Monday on all classes of meat. Choice beef was up a cent a pound and pork loins sold as much as 2 cents a pound higher.

Market analysts said buyer resistance was continuing, but that many people still were willing to pay the price for good meat. Short livestock supplies were blamed for the rise in meat-on-the-hoof prices.

The American Meat Institute, however, predicted that meat supplies would increase in another month.

Housewives in at least three Texas cities laid plans this week for a boycott of high-priced meat. In one place they got unexpected help—grocers promised to close their meat counters.

Mrs. R. D. Vaughan, president of the Dallas Woman's Chamber of Commerce and leader of the Dallas campaign, said women there were calling "every number in the phone

Amateurs To See How Pros Do It At 6th Annual Fish Fry Sunday

The Simon-pures of the Floyd county corner of the sports world will see how it's done by the professionals at the sixth annual fish fry of the Floyd County Fish & Game Club, Sunday, at the Mayo farm, one mile east of here.

Scene of the fish fry, the valley's biggest annual sporting event, has been shifted from the golf course at Allen to the location near here, and club officials are predicting that accessibility of the new field and facilities for parking will make the event bigger and better than ever.

To show the rest of us how it is done in select circles there will be:

Wilbur Cox, one of the great marksmen of the world, representing Remington-Peters in rifle and shotgun shooting.

Paul Daniel, bait-casting pro, representing Action rods and Langley reels with an amazing display of accuracy.

Al and Ruth Therwarth, state archery champions, in an exhibition with bow and arrow.

In addition to these, the club will stage a mo-sket shoot, a wildlife exhibit and a bait-casting contest. Ten prizes of real value to fishermen are being offered in this contest.

Free awards which will be presented to persons attending the day-long program include a 10-horsepower Elyrud motor, a 5-horsepower Johnson motor, a boat trailer, a Remington automatic shotgun, a Remington repeating shotgun, Wonders and President reel, a Remington Speedmaster .22 automatic rifle, a Dynamic rod and President reel, a Remington Fieldmaster .22 repeater and a .22 Supershot revolver.

The fish fry annually attracts a crowd of several thousand persons, and this year's is expected to be attended by the largest gathering in the history of the event.

COMPROMISE PLAYGROUND LAND ACTION

Ford To Begin Work
Filling Area Soon;
Lights Are Planned

The Prestonsburg Board of Education's two condemnation suits to acquire property for the playground project here ended by compromise Monday, and directors of the Floyd County Playground Center, Inc., met Wednesday to employ Winston Ford, Prestonsburg contractor, to fill the low-lying area which is planned as a recreation center.

The Board of Education's suit with U.S. District Attorney C. P. Stephens and Mrs. Johnnie Hollifield, owners of lots from which parts were sought as a portion of the playground, came to an end Monday afternoon when Mr. Stephens lacked only one witness of concluding testimony to support his claim the playground is not needed. The hearing began Tuesday of the preceding week.

These two properties acquired and an understanding reached with Mrs. Wilson Clarke, owner of the only piece of property not yet purchased, the Board estimated the land embracing the recreation area will cost \$16,400. The field, overall, will be approximately 155-feet wide by 650 feet long and will provide facilities for recreation for all ages.

Mr. Stephens, whose property had been appraised at \$2,500, was awarded in the compromise \$1,500 and he retains that part of his lot extending with Highland avenue the depth of the present gymnasium. The Board, however, was given easements for construction of drainage lines and retaining walls.

DALTON TELLS PLANT PLANS

Pike Operator Says
Truck Mines To Stay;
Will Invest \$100,000

Pikeville, Ky., Aug. 4.—A. J. Dalton, leading truck mine operator in Pike county, announced today he will begin construction in about two weeks on a \$100,000 coal preparation plant in Pikeville.

At the same time, he disclosed plans for "three or four" similar plants at various points in the county.

Dalton owns about 60 truck operations and has a reported annual pay roll of \$1,500,000. He said the Pikeville plant would clean from 40 to 50 railroad cars of coal daily. That would be about 2,700 tons.

In his announcement Dalton said: "Truck mines are here and they're here to stay. I feel the panicky talk going around is entirely unwarranted. As for myself, I am expanding."

He did not elaborate, but apparently referred to reports circulating in this area that the market for truck-mined coal—frequently of high ash and sulphur content—might dwindle.

Dalton said he understood about 15 per cent of Pike county's some 300 truck mines have closed permanently because of a slow market. He added:

"Those operators who won't or can't clean their coal will remain closed."

Dalton reported his own mines were down. He said he had been told that only "a few mines" in the vicinity of Elkhorn City still were operating.

He attributed the slow market to what he said were large stock-piles of run-of-mine coal. "With a plentiful supply on hand," he said, "a better product is expected of the producer."

Another factor in the truck mine picture is the demand by many operators for higher prices—a demand made after United Mine Workers won a dollar-a-day wage increase in their 1948 contract. The issue has resulted in intermittent closures in six Eastern Kentucky counties since July 7. Affected were operations in Floyd, Pike, Letcher, Johnson, Knott and Perry counties.

BOOZE FOUND AS TWO HURT

Former Officer May
Face Liquor Charge
After Allen Wreck

Clarence Patton, of Lackey, until recently a deputy constable, was hospitalized Wednesday, charged with reckless driving, and he also faces a possible liquor charge as a result of an automobile collision at the upper limits of Allen.

Four cases of whiskey and a revolver were found in the former officer's auto. When some whiskey which had been opened was found in the other car involved in the crash its owner, Joseph A. Salem, Jacksonville, Fla., salesman, was also charged in Allen police court with reckles driving.

Allen authorities Wednesday afternoon had not charged Patton with liquor possession, since Bill Slone, a deputy constable, claimed he had taken the four cases in a raid. Slone also claimed the revolver found in Patton's car, Allen officials said.

Policeman Charles Callison, of Allen, said Patton's car apparently cut across into the opposite lane and struck Salem's auto.

Patton suffered a dislocated hip and cuts and bruises, Salem's injuries, which are minor, consists of lacerations about the face and contusions.

County Judge Alex L. Davidson said here Wednesday that Patton was removed July 3 from the list of Floyd officers.

MIDDLE CREEK
CONTRACT LET

Adams' \$183,362 Bid
Is Low on Highway,
P'burg-Salyersville

R. L. Parker, district highway engineer, announced Wednesday morning that contract for bituminous surfacing of the Prestonsburg-Salyersville road from the junction with the David road to Salyersville has been awarded to H. C. Adams, Lexington contractor.

Adams' low bid was \$183,362.83. Notice has been issued for beginning of work on the route within 10 days, Mr. Parker said. The project covers a distance of 10.2 miles.

Contract for re-surfacing of the Prestonsburg-Salyersville route from West Prestonsburg to the junction with the David road is scheduled for August 20.

Engineers were at Martin this week making a survey of the bridge project made necessary there by condemnation of the span linking the parts of town lying on either side of Beaver Creek. Mr. Prater said rural highway funds may not be used in restoring the bridge, since it is located in the corporate limits of the town. It was learned from another source, however, that there are some federal and state funds which may be used on such work. A report on the project was scheduled to go to Frankfort today (Thursday), Parker said.

No contract for repair of the Left Beaver Creek highway is in sight, it was said at the district engineer's office. A maintenance crew, however, already has done some patching on the route, 1,000 tons of additional material has been unloaded at Hi Hat for further work, and an order has been placed for 1,000 more tons of blacktop material for Left Beaver, it was said.

CLUBS TO EYE
SPEED TRAPS

Motorists Arrested
Asked To Report
To Auto Clubs

Kentucky Automobile Clubs will join in an investigation of charges made by motorists that traffic traps are being operated in some sections of Kentucky.

Announcement of the campaign was made by N. W. Dendy, manager of the Eastern Kentucky Automobile Club, after consideration of complaints received from motorists.

Motorists throughout the state who have been arrested and fined in so-called traffic traps during the past three years were requested to report such incidents to their nearest automobile club.

Mr. Dendy said that Kentucky motor club desire to extend full cooperation to enforcement officials in curbing reckless and irresponsible drivers, but he added:

"We do believe in some sections of the state excessive fines are being assessed for minor infractions of traffic laws. Such enforcement activities are not being conducted for safety purposes, but rather as a means of obtaining revenue from unsuspecting motorists."

Mr. Dendy said reports of arrests received from motorists would be kept confidential.

The club manager said the state attorney general's office had declined to investigate speed-trap charges. Assistant Attorney General John M. Kinniard was quoted as saying the club should consult private counsel about protecting rights of motorists.

This Town-- That World

WHO'S FICKLE?

Abraham Lincoln's favorite poem posed this great question, "Oh Why would the Spirit of Mortal Be Fickle?"

The martyred President wasn't talking of sports and fickle sportsmen; his brooding spirit looked on and the present to Death, the common denominator.

Not enough of the abstract. Let us turn to a concrete example.

A few short months ago, Prestonsburg was all agog about the high school football team and its coach, Guy Eibner and his T-formations. What was the doctor ordered in athletics hereabouts. If we'd had authority we probably would have issued a new stamp in his honor. The boys got together and might him a new car.

Then, a few weeks ago, Mr. Eibner and left. Immediately thereafter, in non-drinkers hereabouts went around looking like he had a severe hangover. No, Mr. Eibner wasn't dead in effigy, but he wasn't leading any popularity polls here.

Then, the other night at a meeting of the Lions Club, some cub mentioned his name. And up rose Lion Tamer in all his saturnine festivity and announced:

Brother, just for that you are dead 10 cents."

It was reported the Club is considering revision of the by-laws to permit a penalty of a jail sentence for the second offense.

ROAD—AS FAR AS IT GOES

The highway department of Kentucky has issued a bulletin in which it uses of highway department shipment in political campaigns is expressly forbidden.

A noble sentiment! But why not carry it further? Why not forbid any use of the department to use department time in getting the word to other employes about how to vote or else?

As a private employer, I respect independent Americanism of those I work with too much to attempt to dictate how they should vote. I know they would respectfully suggest that I take a running-jump into the nearest pool of water known to be over my depth. And that would be what they should do. They earn their wages; their ballots are their own.

By the same token, employes of a state do not belong to the Administration in power. Their pay is low; they earn every cent they draw. They should not be cowed into contributing to the "kitty" for any person or party, and they should not be told how to vote.

And, if told how to vote, these employes should show their independence by voting indignantly against such high-handed coercion.

A LOSING ARGUMENT,
FELLOWS!

Comes the Revolution! Men in the Northwest, says a newspaper headline, insist they're better than horses.

To Kentuckians, particularly these of the Bluegrass section, this is heresy, no less. Down in the section where the politicians cast their eyes (underhand) toward the hills whence cometh their strength, there's no doubt about it. A horse is much more important than mere man.

The only way a human birth, down there, attracts the attention of other humans to the degree of a thoroughbred colt does for babies to arrive in numbers of not less than three. Maybe quadruplets would be a bigger event than the birth of a son or grandson of fan-o'-War, but it would be what you might call a dead-head.

Of course, we humans are handicapped in competition with the horse because we don't watch our own

Notice to All Parents In Rural School Districts

August 11, 1948, has been set as Census Day for all rural school districts. On that day all rural teachers will dismiss their schools and will make a personal visit to the homes in their districts to get a correct census of all children. It is most important that the school age record of your children is exactly correct. Please remember this date and have someone at home who can give all the names and ages correctly. You will note, too, that a new state law requires all first-grade children to have a medical examination this year. During this visit your teacher will get certain information on these first-graders in regard to their health record.

Apply FOUR-LEAF to your soil ANY SEASON OF THE YEAR! It STAYS where you put it—doesn't leach out in water. Your growing plants' own root acids DISSOLVE IT AS NEEDED. Can't burn any seed or plant. Apply FOUR-LEAF to plowed ground, growing crops, pasture, stubble and stalks... and particularly to legume seedbeds or seedlings, because legumes especially need ample phosphorus.

Dr. Paul B. Hall

Candidate for Democratic Nomination
FOR CONGRESS
SEVENTH CONGRESSIONAL DISTRICT

MY PLATFORM:
To serve all our people of the Seventh Congressional District honestly, faithfully and conscientiously, to the best of my knowledge and ability at all times, and do my part in keeping the United States truly the land of opportunity and the greatest nation on earth.

To the Democrats of the Seventh Congressional District:

My dear Friends:-

On August the seventh it will be your privilege and duty to help select the Democratic nominee for Congress from the Seventh Congressional district of Kentucky.

I earnestly ask you for your support in this race because I feel I can and will make you the best Congressman of any one asking for this important office. I know the people and know your needs here in Eastern Kentucky.

I am not a professional politician but just one of you who really wants to do something for our people. All four of my opponents in this primary are now holders of public office. Three were elected by you and one was appointed to office. All four have considerable time yet to serve in these offices. It seems they should be satisfied with the offices you gave them.

It is rumored that if elected to Congress that I intend to quit the practice of surgery. This is absolutely incorrect as I fully intend to keep up the practice of surgery.

One of the MANY things I hope to be able to get for our people here in the mountains is a large Federal Tuberculosis Hospital, one that will care for over a thousand patients. I will be untiring in my efforts to get this hospital if elected.

After you have given this matter your serious consideration, I feel sure you will see it is to your best interest, your neighbor's and your people's best interests to help send me to Washington as your Congressman.

Come out and vote for me, a man who is keenly interested in your churches, your schools and the industrial development of our district. I'll do something about it, if elected.

Sincerely,

PAUL B. HALL, M.D.

Veteran of World War I, having crossed the ocean 10 times. A man who worked in the mines for years to get money with which to study medicine.

Your Support and Influence Will Be Truly Appreciated and Not Forgotten

book" to rally support for the August 9-16 boycott.

At Orange, Texas, Mrs. L.A. Rex said grocers offered voluntarily to close their meat counters. L. E. King, manager of two chain stores at Orange, said, "We're all for it and if the ladies mean business we will close our markets next week; we're not making any profits on meat anyway."

Similar campaigns were reported planned at Corpus Christi and at Atlanta.

Miss Hazel Irene Hill had as her houseguests last week Miss Louise Hobson, of Lexington, and Mrs. Norman Foss, of Manchester, N.H.

Come on, neighbors, one and all,
Let's vote for Dr. Paul B. Hall

In his race for Congress, let's help him win.
Who could truthfully say he hasn't been your friend?
We know he has done many a good deed,
He's really our friend in need.

He's performed many surgical operations,
Work has been hard
And now at his age
We know he is tired.
In everything he has done his best,

We know Dr. Hall is a man who needs rest.
He has been a faithful servant,

Year in and year out,
He's saved many lives
There's not any doubt.
In time of sickness
We know whom to call
Who got us better
Dr. Paul B. Hall.

If he should be elected Congressman
He will not forget a friend.
He will just be the same man

That he's always been
He will not promise us things
Then turn us down
And he will not high-hat us
When he comes back to town
He's a man who will help us in every way

So don't forget him on Election Day.
He has malice toward none
And Charity for all,
So won't you please vote
For Dr. Paul B. Hall

The three, armed with a carbine taken from a guard at Fort Knox, overpowered Hodge and took him to Perry county. They kept the car after Hodge's death.

The Court of Appeals upheld Nease's sentence. Governor Eorle C. Clements declined to commute it to life imprisonment or to grant a stay of execution.

Beware of Last Minute Propaganda

I have information that some of my opponents, either Hays or Perkins, or both are preparing to scatter two hand bills, which I shall discuss as follows:

First, they are preparing a bill showing a photostatic copy of the resolutions passed by the Democratic Convention held at Prestonsburg June 5th, on which my name appeared with a line drawn through it. They are falsely, deceptively and fraudulently attempting to show that the line or lines were drawn through my name to indicate I refused to condemn the Taft-Hartley Law. The truth of the matter is, that one Paul Akers was appointed on the committee in my place, and the record will show that fact, and after it was noticed that Mr. Akers was on the committee instead of myself, I drew some lines through my name and wrote his thereon. Doug Hays made the appointments to the committee, and at the request of Paul Akers, and the consent of Hays, Mr. Akers was substituted in my place on the committee. I have advertised in the papers and stated publicly many times that I am opposed to the Taft-Hartley Law, and that I will do all within my power to repeal that law.

Second, they are getting ready to circulate a hand bill signed by Earle Layne, who had a compensation case appealed in my court. I tried the case, and sent it back to the Compensation Board because the order of the board was not a final or appealable order. I followed the law, as I saw it. The case was not appealed, because I believe Layne's lawyer realized his mistake. I would under my oath have to decide the case

tomorrow just as I did decide it.

Just a word further with reference to the Earl Layne case above referred to. I went to Local Union No. 6282, of which Earl Layne is a member, and explained the case to the satisfaction of the President and members of that union, and Clyde Godsey, President of Local No. 6282, endorses me and urges miners to support me.

I am indeed surprised that men seeking the high office of Representative to the Congress of the United States, would resort to deceptive, false propaganda, put out at the eleventh hour, when it is too late to explain such interferences. They have known of the two above circumstances over two months, and never gave the voters any information or mention of them, until the last hour of the campaign. If a candidate will resort to false, fraudulent trickery to win the nomination, he will resort to the same practices after he is elected, if he thinks he can get by with it.

Let me remind the mine workers that your representatives have thoroughly investigated Carl Perkins, and find that he is tied up with Chapman and against Brown, and have put out a statement to you to that effect. Therefore you should not support him.

While I do not like the idea of a mud slinging campaign, when one of my opponents starts it by issuing false and deceptive hand bills, I feel like fighting back and giving you miners the benefit of some of the circumstances, which are facts and true, which you should know before voting intelligently. Let me remind you

that Doug Hays voted for the Moss Bill, to prevent the people of the state from having cheap electric current. He voted for the liquor bill and to deprive the public of a hearing thereof. When requested by Tom Raney, your labor representative, to introduce a bill in the Senate, he said he made his living from the coal operators, and that he would have to consult them before he introduced it. He took a copy of the bill and over the week-end brought it back to Floyd county with him, and after introducing the bill the next week, told Tom Raney that he talked to a coal operator in Floyd county, and was told it was a good bill, and that it would be all right to introduce it.

Do not be misled by unscrupulous men seeking public office at any cost, but remember the many weeks in which you have not heard a word of criticism of me or my official acts. The opposition is defeated and with the assistance of a few outlaws are fighting like outlaws usually fight. I appeal to the good people who want good government and law enforcement, to go to the polls Saturday, rain or shine and express yourself in opposition to such dishonest practices. Your vote for me will be a vote for the Winner, now and in November, and a fighter for a good cause and the right side of things. It is seldom you find an honest, reliable man willing to engage in politics, due to the dirty practices of some of them, so when you do, you should go all out for him.

Respectfully yours,
EDWARD P. HILL

and generally better than the homes of a majority of us humans.

The horse is, admittedly and traditionally, a noble animal. The only men we have ever known to be referred to as noble is the Redman.

Both have a tendency to make hogs of themselves on occasion, but the horse will not eat or drink anything he can get to; he may indulge in an overdose of green apples and clear water, once in a while, but the records fail to disclose the identity of any nag afflicted with that malady known to man as a hang-over. The horse has contributed two un-euphonious words to the language, "whinny" and "nicker," but not one member of the tribe has ever insulted the eardrums with a "Hi-Yo Silver!"

And do you suppose a horse would be fool enough to bet on a man stumbling around a racetrack with a hoss on his back?

My knowledge of horses is rather limited; I barely know enough about them to beat a retreat when they start grinning at me. But I have observed them and men, together and apart, at various times. I have heard men call horses names that, applied to men, have caused murders; but I never yet have heard a woman say to a horse, "You louse!" and then relegate said horse to the dog-house for an indeterminate term of suffering.

Wonder if those big hairy-chested men of the Northwest have asked their wimmen-folks if they're better than horses... H-m-m...

Mrs. Hollfield's property was appraised at \$300 but she was allowed \$400, plus \$250 for construction of a septic tank and necessary sewage lines. The same will be paid Mrs. Clarke, it was said.

B. L. Sturgill, original owner of greater part of the area, sold his land for \$12,000, Douglas Fitzpatrick, of Garrett, was paid \$1,200 for a part of his lot. J. E. Conley was paid \$400 for the part needed from one of his two lots; he made a deed to the other as a gift.

Work on the project, which was originally sponsored by the Prestonsburg Chamber of Commerce, is expected to be started within the next week, upon arrival of a steam shovel shipped Mr. Ford last week. Mr. Ford, who has volunteered to fill the area and wait two years for his pay, has estimated the work can be completed in less than a month.

The first home football game of the season is with Whitesburg on September 10, and the Board of Education has all equipment for lighting the field at hand. This will be placed as preparation of the playground progresses.

The lighting system, of 180,000 watts, is said to be the best of its kind in this section and will permit night play of softball. Complete installation will entail an outlay of around \$7,000.

TO THE VOTERS IN THE SEVENTH CONGRESSIONAL DISTRICT

On next Saturday you will be called upon to cast vote for a United States Senator and a vote to determine the destiny of Labor in politics in Kentucky. You are well aware of the combined efforts of all organized labor to defeat Virgil Chapman, the champion of the Taft-Hartley law. It is your duty to vote and work for the better interests of organized labor in promoting the candidacy of John Y. Brown.

John Y. Brown has established a record while in Congress which is in accord with labor and industry. It is upon this record that he is making this race.

We must nominate a man who can win in November and this man is John Y. Brown. He will draw the Democratic ticket twenty-five thousand votes in Kentucky. It is the duty of every Kentuckian to cast a vote for a man whom the Honorable Alben W. Barkley will be proud to have as our Junior Senator. It is a well-known fact that John Y. Brown is in accord with the policies and views of Senator Barkley and the work accomplished by this distinguished Kentuckian through the long tenure of service to your party.

It is a responsibility placed upon the shoulders of the Kentucky people to cast a vote for a young, aggressive and sober man to carry the Democratic banner to victory. Have an abiding faith in your determination to defend your cause and the cause of Labor, and I know that on August 7 you will work and vote for John Y. Brown for the United States Senator from Kentucky.

EDWARD P. HILL

FOR CONGRESS

My final appeal to the voters of the Seventh Congressional District: Put aside every personal consideration and emotion and disregard desperate last-minute promises and misrepresentations. Use your precious privilege of the secret ballot and cast your vote for the candidate who, in your honest opinion is the best qualified, who is honest, able and diligent and who will perform the duties of this high office without thought of personal gain or glory. Give it serious thought for these are serious times. This you owe to yourself, your family, your community, your district and your nation.

Respectfully,

EDWARD P. HILL

health cared, provided, clothed and are now educating this little girl. The actions of Alma Sue, while before this court, have been such as to convince one that she has been reared in a God-fearing and loving home. She attends Sunday School and church. She is very intelligent. The bonds of affection created between her and the one she calls mother—Mrs. Margaret Jones—could be no greater if the same blood coursed each of their bodies. The judgment of this court is not based upon the expressions, desires or tears of the little girl nor Mrs. Jones, but looking entirely to the welfare of Alma Sue.

"In reading the opinions of the higher courts this court is further concerned about the fact that in the defendants' home there is also another little girl—Anna Joyce—who practically since birth has been the playmate, companion and pal of Alma Sue. They have developed a bond of affection to the extent they act as sisters. That affection is so noticeable and was so manifested by their conduct before this court. To sever that companionship, to disrupt and disorganize their lives, is beyond the question. This court is not prone to do so.

"Based on the immorality, conduct, demeanor and unsuitability of the plaintiff as shown in this record and upon her statements to others and Margaret Jones that she could keep, rear and raise Alma Sue; that she would give her no trouble; that she would return and sign adoption papers, this court is fully satisfied as to the welfare of and who is the proper party to have Alma Sue. This little girl is fortunate to have the care and counsel of a good woman and man, and whose control of and contact with Alma Sue has been of such duration as to establish mutual confidence, love and admiration. Alma Sue has been fortunate to be in the home of those who have so faithfully performed the duties a parent should have performed, and it is therefore the opinion of this court that plaintiff relinquished all rights she formerly had.

"The welfare of Alma Sue, her future in life, her companionship with Anna Joyce, constrains this court to leave her with the defendants. The opinion of this court is not swayed by any prejudice or partiality, but in the furtherance of justice, justice to a little girl and mercy and goodness at a time she needs them most. It is therefore the order of this court and his judgment that Alma Sue remain in the hands of the defendants and to those who have thus so long extended that mercy, love and devotion. "The writ is denied."

Chapman & Perkins Tied Together

The Administration supporters are tying together Virgil Chapman, candidate for United States Senator, and Carl Perkins, candidate for Congress, in all rural sections where no coal miners live, and all state job-holders are campaigning for Chapman and Perkins.

Union Labor is pledged to defeat any candidate who voted for the Taft-Hartley Law and if Mr. Perkins expects to get the miners' votes, then he should have the Governor's job-holders to stop tying him with Chapman.

The Carl Perkins supporters are waging a double-cross campaign to deceive Labor by tying Carl Perkins with John Y. Brown where coal miners live and with Chapman where nobody but farmers live.

UNION MINERS, BE NOT DECEIVED. CHAPMAN AND PERKINS ARE YOUR ENEMIES. WE URGE ALL LABOR TO VOTE AGAINST CHAPMAN AND PERKINS.

CALDWELL-CLARK VOWS SAID

MR. AND MRS. WILLIAM MAURICE CLARK

Miss Virginia May Caldwell daughter of Mr. and Mrs. Frank Caldwell, of Man, W. Va., became the bride of Mr. William Maurice Clark, son of Mr. and Mrs. Robert Clark, of Lebanon, Ky., in an open lawn ceremony Sunday, July 18, at 5 o'clock.

The Rev. W.M.D. Stevens, an uncle of the bride, performed the double ring ceremony before an arched trellis, trimmed with greenery and red roses with a white satin and red rose bell in the center. Miss Lois Roberts, cousin of the bride, played the traditional wedding marches.

Given in marriage by her father, the bride chose a simple, old-fashioned, white eyelet embroidered organza dress; a string of pearls was her only jewelry. She carried a white prayer book topped with a white orchid.

Attending as maid-of-honor was Miss Margaret Stollings, of Mallory, who wore an aqua shantung dress and had a corsage of pink rosebuds. Mr. Robert Clark, father of the groom, served as best man, and Bob Caldwell, brother of the bride, acted as usher.

Mrs. Caldwell, mother of the bride, was attired in a powder blue print with a white petal hat, white accessories and her corsage was of gardenias. Mother of the groom, Mrs. Clark, wore a pastel green and pink picture hat, white accessories and a corsage of gardenias.

Immediately following the ceremony a reception was given by the bride's parents at their home. The bride's table was centered with a three-tiered wedding cake topped with a miniature bride and groom.

For the bridal trip to North Carolina the bride chose a powder blue gaberdine suit with a black satin hat and trailing veil, black accessories and a white orchid corsage.

Mrs. Clark attended Man high school, Pikeville College and since

January has been a member of the Dehue grade school faculty. While Mrs. Clark is a native West Virginian she is from a prominent Floyd county family, being the granddaughter of the late Judge Robert E. Stanley.

Mr. Clark attended Lebanon high school and graduated from Pikeville College in June. He served 41 months in the Coastal Air Corps during the war.

Mr. and Mrs. Clark are residing in Lebanon, Ky.

Thomas, Misses Charlotte Salisbury, Polly Allen, Peggy Hale, Ruth Lucille Mayo, Doris Ann Clark, Jane Davis, Mary Catherine Hutsin-piller, Mary Martha Williams, Barbara Allen, Laura Virginia Roberts, Carolyn Hill, Betty and Sylvia Helen Davis, Lorraine Fitzpatrick.

Figure out your own electric bill!

You may call it a "light" bill, but lighting's only a part of it. Actually, it's a monthly pay roll for the many electric helpers that make life easier for you. Have you ever wondered what these helpers cost you to run? Here's a little test to see how good a guesser you are. Put down what you think it costs you to run each of the electric appliances you use for one day.

Clocks	Washer	Waffle Iron
Refrigerator	Coffee Maker	Food Freezer
Vacuum Cleaner	Range	Oil Burner
Saving Machine	Iron and Ironer	Sun Lamps
Water Heater	Toaster	Shaver
Lights	Fan and Room Heater	Power Tools
Radles	Dishwasher	Grill
	Blanket and Heating Pads	

Add this daily total and multiply by 30 for your monthly total. a day x 30 days = \$

That's your guess. Compare it with your monthly electric bill. Most people overestimate. That's because electricity does so much for so little! You're right. It's a very light bill!

Inland Steel Nears Safety Compliance, Report Indicates

Although numerous recent safety gains at the Wheelwright mine of the Inland Steel Company have brought this 5,500-ton-a-day development into substantial compliance with recognized safety standards, a federal re-inspection report issued by the Bureau of Mines also suggests a few additional precautionary measures. The mine employed 1,314 men at the time of the June safety survey by Inspector Jack Vittow.
Among the recently-instituted safeguards cited in the report were compliance with the adopted timbering standards, setting of permanent timbers reasonably close to working faces, prompt replacement of dislodged timbers, fireproofing of the air duct leading to the 2-horh ventilating fan, coursing of sufficient air through the last entry crosscuts, driving of crosscuts between rooms and entries at 60-foot intervals, installation of a-r-lock doors, suitable preshift examinations in the mechanical loading sections, and an effective rock-dusting program.
Further betterments listed in the report embraced lifting jacks and gongs for the locomotives, a ban on the use of open-flame lights by workmen entering the mine from remote areas, unobstructed haulage-way clearance, several electrical safeguards, and the use of water to allay dust formed during cutting in about 15 per cent of the working places.

'STAR' CAMP GROUP FROM FLOYD

First row, left to right—Raleigh Archer, Johnny and Gary Thompson;
second row—John Branham, Harry Ranier, Woody Burchett, John
Corbin.

Camp LeConte, Elkmont, Tenn. (Spl.)—These boys have just re-
turned to their homes in Prestonsburg, Ky., after spending a month at
Camp LeConte in the Smokies. The councilors and directors have
classified them as one of the finest all-round group of boys ever to at-
tend the camp. They carried off awards in boxing, horseback riding,
rifle, archery, tennis and crafts. "The boys," said Gale Gardner, co-
director of the camp, "have been outstanding campers and deserve any
recognition coming to them."

**Delay Squirrel Season
Five Days This Year**

Squirrel hunters may take to the
woods on August 20 this year, five
days later than the opening of the
season last year, the Division of
Game & Fish has announced. Thirty
days have been cut from the season
this year in an effort to protect
squirrels for future years, the Di-
vision points out. The season will
open on August 20 and close on Novem-
ber 5, both dates inclusive. Formerly
the season extended from August
15 to November 30. Reports from
throughout the state indicate a lar-
ger squirrel population in most sec-
tions than last year. The hunter
must possess a hunting license, and
repeater or automatic shotguns must
be plugged so that they will not hold
more than three shells in the maga-
zine and barrel combined, the Di-
vision warned.

The rabbit and quail season also
has been reduced this year. The sea-
son will open on November 20 and
continue through January 10, as
compared to the season of last year
which opened on November 20 and
closed on January 15. The squirrel
limit will be six per day, with 10
quail and eight rabbits being within
the law.

The Fish & Game Commission
also has changed the frog hunting
season. Frogs may be taken from
June 1 through December 31, with
a limit of 15 per day. Hunting of
pheasants or native grouse will be
December 1 to December 15, both
dates inclusive, while opossum,
mink, raccoon, skunk, muskrat and
red fox may be taken from Decem-
ber 1 to January 31, both dates in-
clusive. Federal regulations, which
have not been announced, apply to
the hunting of doves, geese, coot,
and gallinule, woodcock and snipe.

**TOURNEYS NOT CONDUCTIVE
TO HARMONY IN LEAGUE**

This state tournament affair look-
ing toward the Kentucky semi-pro
baseball title and a possible crack
at the national championship at
Wichita, Kansas, may be all right
for the ambitions but it's not con-
ducive to harmony in Big Sandy
baseball, was the opinion expressed
here this week.

Some Big Sandy League clubs are
having trouble, after the district
tournament at Pikeville and the
state meet at Elkhorn City, in field-
ing teams. Many regulars sat out
these tournaments while recruits
from other teams, even other leagues,
took their places. Now, some of the
boys are so disgruntled they have
decided to sit out remainder of the
season.

Another objection to tournament
play is, teams lose their identity
with so many strange faces around.
In self-defense, knowing visiting
teams from other parts of the state
would be "loaded," Big Sandy League
teams taking part in the meets did
likewise going to non-competing

teams for talent and even recruit-
ing help from Class D ball.

Another note in the league's
Jeremiad is sounded when it be-
comes apparent that the winner,
Elkhorn City, will be out of league
play soon, provided it gets by the
Tennessee state champion on the
way to Wichita. That will disrupt
the schedule.

It has been suggested for another
year that Big Sandy baseball might
make a cooperative affair of its bid
for state and national honors, with
one team being designated the
representative—by lot, or otherwise
—then managers of the several
teams in the league selecting their
outstanding players to play on that
team during the tournaments. That
would make an all-star affair of the
matter; still, it would not help the
post-tournament schedule for the
league one bit.

Baseball men of the section are
likely to give this matter consider-
able thought ere next tournament
time.

**BLAIR TAKES
FOURTH PLACE**

**Former Floyd Resident
Among Leaders in Meet
Copped by Sammy Snead**

Denny Blair, who as a resident of
Wayland used to make of the Allen
golf course a pitch-and-putt affair,
finished in fourth place recently in
the West Virginia golf open at
Wheeling, an event which was won
by none other than "Slammin'"
Sammy Snead.

Of Blair's performance and career
as a golfer Fred Burns recently
wrote in The Herald-Advertiser
(Huntington, W. Va.) recently:
By his own admission Denny is
just a Sunday golfer and with just
a few exceptions he only gets to play
about once a week. He is busy hold-
ing down a job and also going to
school under the G.I. training pro-
gram and he doesn't have time to do
much golfing.

But there is considerable more ex-
perience behind his game than most
people think. Denny started, as most
good golfers do, as a caddie out at
Guyan Country Club and he carried
bags for eight years. Aside from
taking part in caddie tournaments
he didn't do much playing until
1933 when he went up to Paintsville
and won the Big Sandy Open. The
following year he saw a chance to
make a little money so he turned pro
and served for a year as pro at Al-
len, Ky. Then he spent a couple of
years as pro at the Riverview Golf
Club here in Huntington and in 1940
served as pro at the Paintsville
Country Club.

The war was coming on about that
time and in 1942 he entered the
service in the Marine Corps. He was
stationed at Camp Lejeune, N. C.
His golfing abilities resulted in him
being named to the staff of six pros
on the camp recreation staff.

He is working in the refrigeration
business and going to school at
Huntington East Trades School.
He'll finish school in September
and then, as he says, "I am going to
have to make a decision about golf
or the refrigeration business."

He likes golf and if he can play
enough to keep his game sharp he
may take a try at a pro job some
place.

Denny was loud in his praise of
the recent state open and said it was
one of the best tournaments he had
ever played in. His tournament ex-
perience has not been very wide but
he has been out in some fast com-
pany a few times.

He played in the Charlotte Open
in 1943 and in the city tournament
in Chicago in 1939 and while work-
ing at Allen he played in the Hazard
Open.

Then of course he has played in
several tournaments around the
state and early this spring he finish-
ed first in the sweepstakes event
(the pros shooting for a little pot) in
the first pro-amateur event of the
season up at Charleston's Kanawha
Country Club.

Denny is pretty well satisfied with
his 284 for fourth place in the re-
cent state open. Sam Snead won it
with a 268, George Hoffer was sec-
ond with 278 and Rut Coffey third
with 280.

Denny had a 72-68-70-74-284 and
his only regret is that 74 on the
final round. But he knows why he
slipped. "The grind was too tough, I
just wasn't in shape for that final
day of 36 holes." And there was only
one way for him to be in shape
and that was by playing golf more.

Snead, Hoffer and Coffey had all
been on the tournament trail and
their legs were ready for the grind.
But at that Denny came home with
a hand full of laurels and the other
hand full of money and he deserves
a lot of credit for his showing.

**Cardinals To Hold
Tryouts at Lexington**

The St. Louis Cardinals, always
strong contenders for the National
League pennant, will conduct a
three-day try-out camp at Legion
Park, Lexington, Thursday, Friday
and Saturday, August 12, 13 and 14.
The camp, made possible through
the cooperation of Dr. Richard S.
Allen, of Lexington, will be one of
more than 80 scheduled by the Car-
dinals this summer.

Workouts, which will get under
way at 11 o'clock each morning, will
be under the supervision of W. H.
"Buddy" Lewis, Jerry Katherman,
Hugh East, and Mercer Harris, for-
mer minor league players and experi-
enced scouts. They will put the
aspirants through regular drills in
running, fielding, hitting and throw-
ing, giving each player a real chance
to show what he has to offer the
major leagues. To conclude camp ac-
tivities, several games will be played
between teams made up of players
in attendance.

Boys planning to attend are re-
quested to bring their own gloves,
baseball shoes, and uniforms if they
have them, for the Cardinals do not
supply this type of equipment for
their trial camps. All expenses in-
cident to attending the camp will be
refunded to those players who are
signed to contracts with any of the
21 minor league clubs comprising the
Cardinals' minor league network.

Resolutions

The committee appointed by the Board of Stewards of the Prestonsburg Methodist Church to draft resolutions upon the death of our friend and brother, French Combs, respectfully submit the following:

Whereas, It has been the will of Almighty God to call from our midst our friend and brother, who departed this life on May 30, 1948; therefore be it

Resolved, by the Board of Stewards of the Prestonsburg Methodist Church, as follows:

First, That in the passing of Mr. Combs, this Board has lost a true, loyal brother, whose death shall be keenly felt by the membership of this Board.

Second, That the church to which he belonged has lost a true, Christian soldier and brother and the community in which he lived a beloved and respected citizen. French Combs, as he was fondly called by all who knew him, was ever ready to extend a helping hand to those in need and never shirked a duty he owed to his fellowman and was ever ready to take his part in any move for the betterment of his church, school and community.

Third, To the bereaved widow and loving sons this Board extends a hand of sympathy and condolence in the loss of your beloved husband and father.

Fourth, That a copy of these resolutions be conveyed to the bereaved widow; that a copy be spread upon the pages of the records of the Board, and a copy be sent to The Floyd County Times for publication.

Respectfully submitted,
 RUSSELL HAGEWOOD
