

Suit Attacks Redistricting Act

ACT VIOLATES CONSTITUTION, PETITION SAYS

Cornett, Cooper, Clark
Co-Plaintiffs in Suit
To Annul Legislation

The act of the 1948 General Assembly which reshuffled boundaries of judicial district lines in this section, created one new district and made of Boyd county a single district was assailed on 10 "fronts" in a suit filed in the Floyd circuit court Friday by Commonwealth's Attorneys John Cornett, Cooper, Clark, Earl R. Cooper, Salvorsville, and J. Blaine Clark, Inez.

Each "front" represented a spot where the legislative act had allegedly violated the state Constitution.

Named as defendants were Circuit Judges Edw. P. Hill, Jr., J. W. Turner, Watt M. Prichard, Walter R. Prater and W. J. Baxter, Commonwealth's Attorneys Thomas Burchett and R. R. Craft and Attorney General A. E. Funk.

Attorneys for the plaintiffs—Harkins & Harkins, Bert T. Combs, Joe Hobson and B. M. James—expressed the hope that a hearing of the suit may be had before the effective date of the redistricting act, June 17.

The petition contends that the act is null and void in violation of Sections 51, 59, 98, 100, 123, 130, 131, 161, 234 and 235 of the Constitution.

It cites each alleged violation of the Constitution:

Section 51, in that it relates to more than one subject and all subjects of the act are not expressed in its title.

Section 59, which forbids the General Assembly to enact any local or special acts regulating the jurisdiction of the practice of the circuit courts of justice, or the rights, powers, duties or compensation of officers thereof.

Sections 98, 100 and 234, in that the act permits Commonwealth's Attorneys Cornett and Clark to be residents of Knott and Martin counties, respectively, which are not counties of their new districts, until the day before their terms of office expire.

Sections 98 and 234 specifically provide, the petition points out, that civil officers in districts shall reside within their respective districts and shall maintain offices at such places in these districts as may be required by law.

Section 131, which requires the holding of three regular terms of circuit court in each county every year. This, the plaintiffs contend, will be impossible in Knott county, since one term was in March, and the new act sets the dates for the

SOLDIER DEAD ON WAY HOME

Five from Europe,
One from Pacific
En Route to U.S.

Among the 127 Kentuckians whose bodies are en route to the United States from foreign cemeteries are those of five Floyd county soldiers. These originally were buried in military cemeteries at Epinal, Ste. Mere, Eglise, La Cambe and St. Jean, France.

Names of the Floyd soldiers and their next of kin follow:

Pvt. Seldon Horn, Mrs. Anna B. Horn, Auxier; Pfc. John J. Amburg, Mrs. Amaleida Caudill, Dwayne; Pvt. Darwin L. Snipes, Joe Snipes, Bonanza; Pfc. Amos Tackett, Levi Tackett, Melvin; T/5 Jesse W. Vaughan, Buren Vaughan, Auxier.

A sixth Floyd soldier's body, it was learned today (Thursday), is being returned from the Pacific theatre. The soldier is Pfc. Chester Johnson, whose next of kin was listed as Liza J. Johnson, of Halo.

It was announced last week that the body of Pvt. Horn will be buried at Camp Nelson national cemetery, Nicholasville, Ky.

MINERS' AID IS OUTLINED

Caddy Asks Workers
To Help Cancer Fight;
Operators To Cooperate

Power and influence of the coal industry of this section, with workers and operators co-operating in the movement, were thrown into the drive for funds for national cancer control as more than 50 representatives of coal companies and the United Mine Workers met in Pikeville Tuesday.

Sam Caddy, Lexington, president of U.M.W. district 30, presided at the meeting which was called to consider a plan for miners to contribute voluntarily to the cancer fund.

Operator representatives agreed to handle payroll deductions in expediting contributions by miners, and Mr. Caddy asked all miners to give all they can afford to the fund.

Floyd, Johnson, Pike and Letcher counties were represented at the meeting. The group set up a committee to study further the proposal for making possible contributions from miners through payroll deductions.

Sam Cassidy, Jenkins, president of the Consolidation Coal Company (Ky.), was elected chairman of the committee, with Tom Raney, Pikeville, international representative, District 30, U.M.W.A., as co-chairman. Harry LaViers, Paintsville, former president of the Big Sandy Coal Operators Association, was named secretary-treasurer.

Workers in the cancer drive who attended the meeting included Mrs. Winnie F. Johns, Prestonsburg, chairman of the Floyd county cancer fund drive committee, Miss Clara Shaw, Jenkins, Seventh district chairman, and James Straus, Lexington.

In addition to Caddy, Raney and Carson Hibbits, District 30 representative, the United Mine Workers were represented by presidents of 13 local unions over this section. The operators' group included B. F. Reed, Drift, president of the Big Sandy Coal Operators Association, and R. A. Hedland, Pikeville, president of the Utilities Elkhorn Coal Company.

Upon returning here, Mrs. Johns expressed delight upon learning of forthcoming help from this source. At the same time she urged her co-workers in this county to send in reports and funds collected not later than May 25.

"Floyd county has reached its quota for the last five years, and we are hoping we will not fall down on our quota of \$1,000 this year," Mrs. Johns said. "We are especially anxious to raise all the money we can, since the American Cancer Society has been operating the past year on borrowed money. There is so much to be done, so many suffering, that the Society thought it better to borrow funds than to turn them away."

TO RESUME WORK
Mrs. Orris Gearheart, who has been ill for the last four months, said this week she expects to resume work Monday in the office of her husband, Dr. Gearheart, at Martin.

List of Indictments Carried Wrong Name

The list of indictments which appeared last week in The Times included the name of McKinley Turner. This was erroneous, in that the correct name of the accused man is McKinley Turner, Jr.

WORKERS HIT AT CHAPMAN

UMWA Representatives Hit at His Candidacy In Meet at Pikeville

Opposition to the candidacy of Congressman Virgil Chapman, Paris, Ky., for the Democratic nomination for U.S. Senator at the August primary, was voiced by a resolution adopted by 500 representatives of Eastern Kentucky miners at a meeting in Pikeville Saturday.

Delegates to the annual convention said they represented 20,000 mine workers. The resolution listed what the miners regard as "numerous" anti-labor votes cast by Chapman in Congress. Among these, it was said, was the Taft-Hartley act.

Election of Policy committee resulted in selection of Morton "Shikepoke" McGlothen, of Printer, for the section embracing Floyd, Knott and Johnson counties. George Lundy, McRoberts, was named from the Hazard section.

The Scale committee elected at Saturday's meeting and representing Floyd, Knott and Johnson counties is composed of John Kitchen, Clear Creek, Tom Martin, Printer, Earl Layne, Manton, and John Crum, Van Lear.

RAIL STRIKE CALLED OFF

Three Railway Unions Bow to Court Order; Hearing, Wednesday

The coast-to-coast railroad strike was called off Monday night as three resisting unions bowed to a court order not to go ahead with the strike which was set for 6 a.m. Tuesday.

Charles G. Ross, presidential secretary, announced: "John R. Steelman, assistant to the President, has just received official word from the rail union leaders that the threatened strike has been called off."

Ross said that after a federal court order, obtained by the government Monday night, was served on the union leaders directing that the strike be cancelled, "their committees held a meeting and voted to rescind the 6 a.m. strike order."

McDOWELL CARPENTER VICTIM OF FALL, SISTER SUCCUMBS THREE HOURS LATER

John Day Tackett, 65 years old, well-known McDowell carpenter, died Saturday at the Beaver Valley hospital, Martin, of injuries sustained on the preceding Saturday, and less than four hours later his sister, Mrs. Lizzie Tackett Osborne, 54, was dead at her home in East McDowell.

It was said here that Mr. Tackett was hurt when a defective timber broke under his weight as he was erecting rafters of a home at Drift. His skull was fractured and his right leg broken. Conscious for a few hours after his injury, he lapsed into a coma and did not revive.

The brother and sisters were natives of the McDowell community and were children of the late George and Elizabeth Akers Tackett. They had many relatives and friends in the county. Mrs. Osborne was a member of the Primitive Baptist Church.

Surviving her are her husband, Dock Osborne, of East McDowell, and 10 children, Mrs. Clarence Halbert, East McDowell, Mrs. Argie Page, Mrs. Stella Hall and Mrs. Maxie Tackett, all of McDowell, Mrs. Verna Mitchell and Mrs. Wanda Tackett, of Craynor, Mrs. Luther Frazier, Dony, and Edgill, East McDowell.

Mr. Tackett is survived by his widow, Mrs. Belle Tackett, three sons, Arvil, Joe P., and Newberry, all of McDowell, and seven daughters, Mrs. Isaac Hall and Mrs. Russell Ward, both of McDowell, Mrs. Joe Roseman and Mrs. Natchie Sarette, both of Wheelwright, Mrs. Grace Spradlin, Ida, Ky., Mrs. W. F. Wallace, Lorain, O., and Mrs. James J. Hewitt, Bradford, N. C.

Surviving brothers of the two victims are W. B. Tackett, of Craynor, and Wilburn Tackett, of East McDowell. Funeral of Mrs. Osborne was conducted Sunday from the graveside in the Osborne cemetery at Dony, the Rev. Pink Osborne officiating. Last rites for Mr. Tackett were conducted Wednesday, the Revs. Willie Collins and Troy Nickles in charge. Burial in the Lucy Hall cemetery at McDowell was under direction of the Ryan Funeral Home.

Glee Club and Band To Appear in Concert
Commencement Week Activities Announced

The Prestonsburg boys' and girls' glee clubs and the Prestonsburg high school band will give their spring concert in the grade school auditorium Tuesday evening at 8 o'clock, it was announced this week by Mrs. Oval B. Hall, director.

The public is invited to the concert, for which there will be no admission charge.

Mrs. Lee Hall, of Auxier, was here on business Monday.

Commencement Week activities for Prestonsburg high school were listed this week by Superintendent Chalmers H. Frazier, as follows:

Baccalaureate sermon by the Rev. Harold S. Black at 2 p.m., Sunday, grade school auditorium; Class night, May 17, 8 p.m., grade school auditorium. The junior high graduation exercises will be held at the same place May 20 at 7:30 p.m., with County Attorney W. W. Burchett delivering the Commencement address.

Superintendent Palmer L. Hall will present the seniors their diplomas.

The exercises will be marked by the announcement of scholarship awards to outstanding seniors. Max C. Burns, personnel director, Princess Elkhorn Coal Company, will award scholarships from his company, and Claybourne Stephens will present on behalf of Walter K. Bowling Post, Veterans of Foreign Wars, a cash award to the senior ranking highest scholastically in the county.

This year's graduating class is 64 below that of last year which included 44 veterans who received their diplomas under the G.I. Bill. Again the "sweet girl graduates" outnumbered the boys—this year, 139 to 103.

Jamming of the gymnasium in previous years has resulted in some parents of graduates being crowded out, and so this year Superintendent Hall has directed that each senior be given two guest cards. Those to whom these cards are given by the seniors will be seated before opening of the gymnasium doors to the public at 7:30 p.m.

Names of seniors: Auxier—John Bayes, Jr., Doris Connors, Virginia Faye Goble, Forrest Musie, Harrison Sparks, Jr., Agnes Tibbs, Delbert Waugh, Jr., Lora Marie Burchett Wells, Billie Wilcox, Elta Muriel Wilcox, Alice Maye Wireman.

Floyd county's 242 high school seniors will hear Jesse Stuart, noted Kentucky author-lecturer and a former Greenup county superintendent of schools, deliver the Commencement address marking their graduation next Wednesday evening in the Prestonsburg high school gymnasium.

The occasion will be the 12th annual countywide graduation exercises to be held here, and, as in former years, will be attended by a crowd taxing the capacity of the gymnasium.

Colors of the nine high schools sending graduation classes here will mark sections of the gymnasium to be occupied by the individual schools and their patrons. The Floyd county band will provide music. Mayor E. P. Arnold will deliver the address of welcome, and the greeting to graduates will be extended by Chalmers H. Frazier, superintendent of Prestonsburg schools. County

1,100 PARADE HERE ASKING PLAYGROUND

Success of Drive Assures Center, Backers Believe

This community's 1,100 schoolchildren Monday afternoon staged a blocks-long parade to voice their plea for a playground; next morning, 41 business and professional men left a "kick-off breakfast" at the Methodist Church to launch anew a fund-raising campaign—and effect of the two was such that by today (Thursday) success of the Floyd County Playground Center, Inc., appeared assured.

With an option already procured on the B. L. Sturgill property adjoining that of the grade school, negotiations were under way for acquisition of low-lying parts of lots owned by five other property-owners. Funds steadily mounted, and leaders in the playground movement began planning for the work of draining and filling the area the recreation center will cover.

Headed by the Prestonsburg school band, the parade of schoolchildren included every grade from the first through high school. With float, placard and tableau the children, accompanied by their teachers, made a graphic plea for a playground.

The placarded float of the Eighth grade, winner of the Junior Chamber of Commerce first prize of \$10, depicted youth at play, with students appearing as if engaged in various sports. Another presented the tragedy of an injured boy, run down in the streets because there was no safe place for play, and yet another showed a youth confined to a wheelchair by injury while playing in the streets.

In the line of march appeared the tots of the First grade, winners of second prize of \$5, bearing a placard reading, "Too little for signs, too little for floats, too little to play in the streets—please give us a playground."

Another section of the marchers was headed by a placard asking, "Would you have us like this?" and behind it children playing, then another placard asking, "Or like this?" and directly behind it a cripple being helped along.

Other placards along the way carried varying pleas, some of which were: "We are a good investment"; "We are worth more than your dollars"; "The streets are not for us!" and so on through the streets where the youngsters, all these years, have played.

Singleton was instantly killed in the Wayland mine last Thursday when his motor hit a trip of cars which piled onto the motor. His skull was crushed and he died instantly.

Isaacs suffered a skull fracture when struck by a piece of wire cable he was said to have been winding at the Wilson Creek firm's loading chute, Friday. He died on the following day at the Beaver Valley hospital, Martin.

A native of Magoffin county and a son of James and Maggie Singleton, the Garrett victim was well-known in the Floyd county coal field where he had worked for years. He was a member of the Church of God and had many friends in this section. Surviving him are his widow, one son, one daughter, three half-brothers, Elmer Singleton, Burning Fork, Ky., Warren Singleton, Epsom, Ky., Walter Singleton, Dayton, O., and two sisters, Mrs. Harrison Holliday, Holiday, Ky., and Mrs. Hazel Singleton, Epsom, Ky.

His funeral was conducted Thursday from the Church of God, the Rev. Green Allen officiating. Burial was made in the Meade cemetery, Paintsville.

Isaacs, a native of Knott county, was a son of Hiram and Martha Isaacs. He is survived by his widow, Mrs. Susannah Isaacs, of Bevinville, two sons, Edward and Virgil, and two daughters, Mrs. Perry Smallwood and Miss Wanda Lee Isaacs, all of Bevinville; also by three bro-

Holmes Safety Ass'n Cites Floyd Company Second Year in Row

For the second consecutive year the Princess Elkhorn Coal Company at David is on the "honor roll" of the Joseph A. Holmes Safety Association which annually presents honor awards to coal and metal mines with outstanding safety records.

This year, it was learned Wednesday, the Princess Elkhorn Mine No. 2 has been awarded a Certificate of Honor for operating without a fatality from Feb. 1, 1944 to Feb. 29, 1948, a total of 974,860 man-hours.

Last year, it was Mine No. 1 so honored after having operated for a five-year period without a fatality.

This year, Princess' No. 2 mine is the only Kentucky coal operation to receive the Holmes award. Only 43 in the nation were cited for achieving outstanding safety records.

The record of the No. 2 mine dates back to the beginning of operation, Feb. 1, 1944. Its production for the period was 1,018,408 tons.

HALL WINNER OF NEW TRIAL

Judge's Jury Charge Found in Error; 2nd Trial Set Sept. 22

Motion for a new trial for Albert Hall, convicted at the April circuit court term here of the murder of Bill Bryant at Wheelwright and given a life penitentiary sentence, was granted Monday by Circuit Judge Edward P. Hill, Jr.

His case was set for re-trial, Sept. 22.

In granting a new trial Judge Hill pointed out that he had in the original trial given erroneous instructions to the jury, in that he failed to instruct the jury as to shooting and wounding. These instructions, as he had written them, were submitted to both the prosecution and defense attorneys who did not at the time discover the error.

"I am not blaming anybody but myself, however," he added. "And since that instruction should have been given and its omission constitutes a reversible error, I must grant a new trial."

It was pointed out that the Court of Appeals had held that in murder trials in which two or more persons were involved, with doubt existing as to which actually killed the victim, instructions covering shooting and wounding must be given.

Hill, a deputy sheriff at the time of the Bryant slaying, testified at his trial that he shot Bryant while the latter was standing. Policeman Earl Blackburn, of Wheelwright, was acquitted at an earlier court term of a murder charge in the slaying.

MINE MISHAPS FATAL TO TWO

Singleton Is Victim In Mine Motor Wreck, Isaacs Fatally Hurt

Two Floyd county residents were fatally injured while working in and around coal mines last week.

The dead are: Hobart Singleton, of Garrett, mortorman for the Elk Horn Coal Corporation, Wayland, and Sil Isaacs, 51, Bevinville, carpenter for the Gibson Coal Company, Wilson Creek.

Singleton was instantly killed in the Wayland mine last Thursday when his motor hit a trip of cars which piled onto the motor. His skull was crushed and he died instantly.

Isaacs suffered a skull fracture when struck by a piece of wire cable he was said to have been winding at the Wilson Creek firm's loading chute, Friday. He died on the following day at the Beaver Valley hospital, Martin.

SHOTGUN WEDDING, 1948 STYLE

There is no need for this column to tax its ingenuity (?) to explain the value of the old muzzle-loader in seeing that the gal is done right by. But some of you may not have heard that the shotgun wedding plays a big part, these days, in the sex life of apple trees. We give you the story in one blast:

The farmer loads a 12-gauge shotgun with a special shell containing pollen and a carrier, steps to the windward side of the tree, aims at the upper branches and lets 'er go. Each shell contains a fiftieth of an ounce of standard pollen gathered in the apple region. Five shots take care of a tree.

Of course, if the bees and the wind do right by the trees, a shotgun wedding isn't necessary.

BOBO'S GOT THE BLUES

There is one resident of Prestonsburg who is pleased not at all about Chester Potter's appointment to the state highway patrol. It's Bobo, Chester's pet owl, which, most of the time, occupies a tree at the rear of the county jail.

While Potter was an assistant to his brother-in-law, Jailer Everett Collins, and during his subsequent employment at the Bus Station Cafe, Bobo was considered the best darned weather prophet in these parts, and that included the owl population, too. But that's all changed now.

Before Chester moved to Pikeville, approach of bad weather would send Bobo into the low-hanging branches of the tree and into the familiar hoots of his kind. And, if a turp for the better was in the offing, up would go Bobo to the upper branches to display himself in silent grandeur.

Now, he's blue and low down, all the time. And about the weather he just doesn't give a hoot.

MR. AND MRS. MALAPROP

Heard a guy at the courthouse this week who was wanting to buy "a set of them double division glasses."

Quoting him to a friend, I was told of another fellow here who, referring to a well-known brand of gasoline, wondered why somebody "don't put in that Blue Smoko gas—'d sell like blazes."

All of which reminds us of the restaurant of a few years back in which the customer's order for poached eggs was invariably roared back to the kitchen: "One order of porched eggs!"

This went on for some time until, one day, the cook was out of sorts for one reason or another and wasn't averse to setting the "front man" right. "Now listen here, you danged fool," quoth the head of the culinary department. "I'm gettin' tired of hearin' you yell, 'Porched eggs' when anybody with the brain of a gnat knows it's PROACHED eggs you're talkin' about!"

VA To Discontinue Visits to Wayland

The Prestonsburg Veterans Administration office announced this week that the itinerant contact representative visits to Wayland will be discontinued after May 17. Claimants desiring assistance with, or information concerning, VA benefits are asked to come or write to Veterans Administration, Midland Bldg., Prestonsburg. The VA representative will be here every Wednesday and Thursday.

Again veterans were reminded that G.I. Insurance cannot, under present regulations, be reinstated after July 1, 1948 without a physical examination.

President David B. Robertson of the firmen's union told Steelman, Ross continued, that "our committees have voted to comply fully with the terms of the restraining order signed by Judge Goldsborough."

Their lawyers, Robertson reported, want an order to working out "terms to comply with this action of the committees."

Ross declared: "Robertson, speaking for the group, stated that messages are going out immediately notifying the railroad workers of the action just taken."

The first definite report that the strike was off came from Edward Gloss, press secretary for the firmen's union. He told reporters, camera men and railroad people:

"The three brotherhoods will comply with the court order. Steps to that effect are being taken immediately."

He said the "steps" consisted of notifying the union members not to strike.

The order to which the union spokesman referred was a court order telling the three unions to call off the strike and further, to do nothing to encourage one.

To pave the way for this order (a type of preliminary injunction) President Truman seized the whole vast network of tracks and trains in the name of the federal government at mid-day Monday and turned them over to the army for operation.

Possible severe penalties are the alternatives to disobedience. Monday night's order was issued by Federal District Judge T. Alan Goldsborough, the same man who fined John L. Lewis \$20,000 and the United Mine Workers \$1,400,000 for not calling off a strike quickly enough this year.

The government invoked the power of the courts after the three railroad unions turned down Secretary of the Army Royall's request that they call off the strike.

Mr. Truman said seizure was necessary in the public interest, that the nation could not stand "a nationwide irragedy" such as a crippling railroad strike.

Judge Goldsborough's restraining order is returnable before him May 19. The unions can argue their case then, but in the meanwhile they are on notice not to strike. To do so would risk contempt of court action. When the order is argued, the government no doubt will ask that the temporary order be made into an outright injunction.

Judge Goldsborough's order said that any railroad strike would "imperil national health and safety and interfere and obstruct the effective performance in discharge of vital and necessary government functions, and will frustrate the powers conferred by the Constitution and by the acts of Congress upon the executive branch of the government."

Monday in February, the second Monday in June and the second Monday in November, and the new act does not become effective until three days after the second Monday in June, leaving only the November term possible during the remainder of the year.

Section 128, in that in the "at-tempted creation" of the 39th district and in the attempted shuffling of the other districts the Legislature had no regard for the territory, business or population of either the 24th, 25th, 31st, 32nd or 36th districts.

It is pointed out in the petition that Knott and Magoffin counties, the 34th district as formed by the act, do not, except at one point, join, and that at the heads of Quicksand Creek and Licking River where no road connects the two counties. Also pointing out that much of the business of the district is in the matter of applications for injunctions and similar matters requiring attorneys, litigants and witnesses to travel from their homes to the judge where he may be holding court at the time, the plaintiffs contend that a distance of 80 miles would have to be traversed over Floyd, Johnson and Magoffin counties or over Knott, Perry, Breathitt and Magoffin between the two county seats, Hindman and Salyersville.

Section 235 is violated, it is claimed, in that it provides salaries of public officials shall not be changed during their terms of office; and the salary of Earl R. Cooper, Commonwealth's Attorney of the proposed 36th district (Knott and Magoffin) would see his salary slump from the usual \$5,000 to not more than \$3,600 a year.

The "Stop-at-Nothing" Vehicle the Whole Country Needed—
4-WHEEL-DRIVE UNIVERSAL **Jeep**
THE UNIVERSAL 'JEEP' is the kind of vehicle this country has needed for forty years. It is a tough, rugged vehicle that can always be depended on to take men and supplies where they are needed.
With selective 2- and 4-wheel drive, the Universal "Jeep" gives speed on hard roads and ability to get over bad roads or travel cross-country. With all four wheels pulling, you go through mud, sand and snow that stops ordinary vehicles. The "Jeep" will climb a 60-per-cent grade and maneuver its way through dense growth.
* For every kind of work—on or off the road, in any weather—the Universal "Jeep" measures up to every need. We invite you to drive the "Jeep" fifty miles and see for yourself.

Hybrid Seed Corn Advised As Rains Handicap Farmers

Hybrid seed corn is due to come into its own in Floyd county this year, was the prediction made this week by County Agent S. L. Isbell in commenting on late planting of corn because of continued wet weather. At the beginning of the week Mr. Isbell estimated that farmers had only 25 pct. of their corn crops in the ground. Because of the delay as ground was too wet to plow, he advised the quick-maturing hybrid seed, adding that many farmers already had turned to this type.

Floyd High School Students Take Part In State Music Meet

Prestonsburg and Betsy Layne glee clubs and quartettes, under the direction, respectively, of Mrs. Oval B. Hall and Mrs. Carlos H. Haywood, participated last week in the state music festival at Lexington. This week, Prestonsburg high school instrumentalists will appear at the festival. Among these are the trumpet trio which rated "superior" at the district festival at Pikeville, and the band which had an excellent rating at Pikeville.

Betsy Layne's glee club and mixed quartet gained ratings of excellent last week at Lexington. The quartet consists of Pauline Robbins, Lois Conn, Donald Roop and Bill Brannham, with Mildred Flanery as accompanist.

Prestonsburg's mixed quartette, male quartette and boys' glee club were rated excellent at the state festival. The girls' glee club attained a rating of "good," as did William Runnels, piano soloist. State competition was from the larger high schools.

Homemakers and 4-H club members in Bethel community, Bath county, are cooperating to improve their school grounds with shrubs and bluegrass.

Lewis Issues Call For Policy Board To Map Demands

John L. Lewis summoned the United Mine Workers' 200-man Policy Committee Wednesday to meet in Washington, D. C., Monday and discuss the demands he proposes to place before the mine operators this year.

The soft coal contract expires June 30. Negotiations with bituminous mine operators begin Tuesday.

The anthracite contract has no expiration date, but Lewis has served notice he plans to end the agreement July 10. Negotiations with anthracite producers will begin May 20. About 80,000 Eastern Pennsylvania miners are in the anthracite group.

Committees from various union districts already have suggested demands for presentation to the soft coal operators, but Lewis has not indicated what he will ask.

Mrs. Keenon Winner On 'Hint Hunt' Broadcast

Mrs. Lillian Keenon, of Prestonsburg, received a pleasant surprise when she was selected from the studio audience at a recent "Hint Hunt" broadcast.

When questioned as to her favorite household hint Mrs. Keenon told Chuck Acre, the "Head Hunter," "To peel tomatoes without scalding them, take the back of a paring knife and go over the tomato just like you would peel an apple—then prick the skin and peel right off—leaving the tomatoes cold and firm for table use."

For this useful hint, Mrs. Keenon received a Parker Pen set.

"Hint Hunt" is heard Monday through Friday at 3 p.m. (EST) over the Columbia Broadcasting System.

Heart Attack Claims Wheelwright Woman In Doctor's Office

Miss Pearl Marie Helton, 31 years old, daughter of John W. Helton, mine foreman for the Inland Steel Company at Wheelwright, died suddenly in a Lexington physician's office last Thursday at 1 p.m., of a heart attack. Death came a few minutes after she suddenly complained of a pain in her chest.

Miss Helton had been a resident of Lexington for the last 11 years. She is survived by her parents, two sisters, Mrs. Blanche Duffy, of Lexington, Miss Faye Helton, Wheelwright, and one brother, John Helton, Jr., of Wheelwright.

Funeral rites were conducted Sunday from the Helton residence at Wheelwright, the Reverend Williams officiating. Burial in the Johnson Memorial cemetery, Pikeville, was directed by the Baker Funeral Home.

Mrs. Ada B. Hyde, 91, Former Resident Here, Succumbs in Virginia

Mrs. Ada Burgess Hyde, the former Prestonsburg resident from whom Mrs. Douglas MacArthur received tutelage in her girlhood and who was the friend of the late Nicholas Murray Butler, famed educator, died Monday morning at the age of 91 in a hospital at Woodstock, Va.

Mrs. Burgess, who left here only a few weeks ago to visit her daughter, Mrs. A. O. Rice, at Tom's Brook, Va., suffered a stroke recently. Until her last illness she retained her faculties to a marked degree, continued her interest in world events with the keen intellect which in other years made her prominent in the field of education.

She and a Miss Hopkins for 15 years directed Soule College, Murfreesboro, Tenn., and it was there that Mrs. MacArthur was her pupil. From there she went to Barboursville, W. Va., where she was a member of the faculty of Morris-Harvey College, and later she moved to Paintsville where she taught in the old Mayo College. Here, she resided with her daughter, Mrs. F. D. Ward, and Mr. Ward, and more recently at the Prestonsburg General hospital. Her brother held the chair of International Law at Columbia University and through him she became acquainted with Dr. Murray.

Mrs. Hyde was a native of Nashville, Tenn., and was a member of the Methodist Church. Burial was made Wednesday at Woodstock, Virginia.

ular judges for the time they serve. Robert B. Hensley, executive secretary to Governor Clements, said none of the special judges has served on either the appellate or circuit courts.

The allowance bill would grant the seven appellate judges \$150 a month and the 38 circuit judges \$100 a month in addition to their regular salaries.

The appellate officials and most of the circuit judges draw \$5000 annual pay. Some of the latter get \$4,800. The additional money would come from increasing from 50 cents to \$3 fees for filing suits in civil cases and from \$2 to \$5 for appeals to the Court of Appeals. The increases would apply to cases in which more than \$50 is involved.

Samuel M. Rosenstein and former Attorney General Charles I. Dawson, both of Louisville, argued in circuit court at Frankfort the General Assembly had authority to make the increases. They pointed out other states with salary limits have done so. Kentucky's constitutional maximum pay is \$5,000 a year.

Former Attorney General Hubert Meredith, of Owensboro, argued that the act violates six sections of Kentucky's constitution. He agreed with opposing counsel that judges' pay is insufficient, but termed the act an evasion of the constitution.

Big Sandy Church League To Begin Season Saturday

The Big Sandy Junior Church Baseball League, composed of teams representing eight Floyd county churches, will begin play Saturday, May 15, Ben Westfall, of Allen, president of the league, announced this week.

The league, it is explained, was formed to serve the dual purpose of a recreation program for youngsters under the age of 15 and also to stimulate Sunday School attendance. Teams for which a full season schedule has been prepared are:

Allen Missionary Baptist, Dinwood Baptist, Prestonsburg Methodist, Prestonsburg Baptist, Wayland Methodist, Maytown Methodist, Martin Christian and Martin Mormon.

TWO TEAMS SHARE LEAD

In Big Sandy Loop After Sunday Games; Harold Is Undeatable

After Sunday's flock of doubleheaders, Harold and Paintsville held joint possession of first place in the Big Sandy league standings with an untarnished record of four consecutive wins, while Prestonsburg and Van Lear shared the dank precincts of the cellar.

Prestonsburg lost its fourth straight in the doubleheader at Harold, 12-5 and 12-10, in games marked by hard hitting, loose pitching in spots and faulty fielding which was helped along by rough spots in the Harold outfield. In the first game of the afternoon Elkins held Prestonsburg to seven hits while striking out 11. Rice started that contest but gave way to Castle. The former was charged with the loss. In the second game Bradley started for Prestonsburg, with young Bill Goble finishing up and turning in a creditable mound performance. Crum and C. Blackburn hit homers for Harold in the first game, and in the last A. Blackburn accomplished the same feat for Prestonsburg.

Garrett and Weeksbury split a doubleheader played on the neutral Prestonsburg field Sunday afternoon. The Right Beaver Creek boys made a runaway of it in the opener, scoring 19 runs on 17 hits and eight Weeksbury errors. The team from Left Beaver won the nightcap, 5 to 1, behind Skiles' three-hit twirling. Burchett was the losing hurler in the first game and Adkins was charged with the loss of the second. In the first game Mullins, Garrett schoolboy hurler, held Weeksbury to three hits, fanned 11 while issuing only one base on balls.

Elsewhere in the league, Wayland defeated Elkhorn City, 12-8, in the first game, and dropped the second, 7 to 1; Paintsville swept a doubleheader over Van Lear, 15 to 1 and 7-3, and Pikeville divided their twin bill on which no figures have been received.

SPORTS AFIELD

By TED KESTING

For years the quail population of this country has been steadily decreasing. No one quite knew why. No-hunting laws, refuge systems and release of pen-raised and wild birds failed to result in more quail.

Now an answer has been found by the U.S. Soil Conservation Service. According to Verne E. Davison, biologist with the SCS, we have grossly overestimated the food supply. Quail have been starved out. Or maybe we have only failed to realize what food conditions a covey requires. At any rate, while experimenting with bi-color lespedeza, now acknowledged as one of the best foods for bobwhite quail, the SCS has proved that a serious food deficiency exists in almost every field, pasture and woods from Texas to Virginia.

It has only been within the last two years that the value of bicolor as quail food has been recognized by both wildlife and agricultural circles. Today, bicolor strains hold the distinction of being the first plants developed and improved for the primary aim of benefiting an American game species. The future of quail throughout the south is getting brighter and brighter as new strains are introduced, and there soon will be harder varieties for northern planting.

The SCS began gathering superior strains in 1940, and by careful selection several new strains have been developed that are much better than common bicolor. Four million plants of these new strains—enough for 4,000 coveys of quail—were planted afield this year. A perennial shrub, it grows from six to 10 feet high. It can be established by transplanting nursery-grown plants or by direct seeding. It has proved to be a most dependable and inexpensive shrub for erosion-control purposes—a fact which is helping farmers recognize game production as a farm problem they can solve.

RUNNING WATER FOR GREATER PROFITS

EVERY time you grab the handle of a pump, you are lowering your earning power... every time you utilize Electrically pumped water, you are increasing it.

To say nothing of the added physical strain that affects your health, pumping outdoors in all kinds of bitter weather, carrying the back-breaking loads. It's bad enough for the menfolks, but for farm women, it's just too much.

Profits from almost any one of the many uses around the farmstead, especially watering the poultry and cattle, pay many times over for the cost of

the pump and the power to run it.

Speaking of profits—cows watered two or three times daily drink almost 40% more water than those watered but once and produce up to 20% more milk... for plenty of egg production, poultry require 2½ gallons a day for each 100 chickens... hogs need about 2 gallons, and a horse, 15 gallons daily.

And the desperate need for running water to control fire in those vital first three minutes needs no stressing by us.

See your farm equipment dealer today and install electrically pumped water.

NEW SERVEL WITH FROZEN FOOD LOCKER

Up to 60 packages of frozen foods—a whole bushel basketful—fit easily into the big Frozen Food Locker of the 1948 Servel Gas Refrigerator. And that's only one of Servel's new conveniences. For fresh foods, there's moist cold and dry cold to keep vegetables crisp, fruits appetizing, meat tender. There's extra roominess, too,

for clear-across shelves adjust to eleven different positions. Famous for silence, the Servel Gas Refrigerator is basically different from all others. It has no moving parts in its freezing system. Instead, a tiny gas flame does all the work. That's why, as more than 2,000,000 owners know, Servel stays silent, lasts longer. New 1948 Servels are now on display.

NO OTHER OUTBOARD MOTOR LIKE IT!

JOHNSON'S famous Model TD—developing 5.0 O.B.C. certified brake horsepower at 4000 r.p.m.—the ideal "all purpose" motor. It's got the power to GO—to carry a load at a pretty speed, and it has perfect controls to slow it down to a steady, purring crawl for trolling!

It has ALL the fine features of outboard motoring—including Ready-Pull Starter—all brought together in one beautiful package of streamlined power. Nothing "tacked-on." All built in! Yet it weighs only 44 pounds. And with all its improvements it costs only \$162.25

Four other great models to choose from; prices low as \$122.00

Homemakers and FFA Hold Annual Banquet

The Future Homemakers of America and Future Farmers of America of Prestonsburg high school held their annual mother-and-daughter, father-and-son banquet last Thursday evening, with a program peculiarly adapted to the work of the two groups.

Out of the evening's entertainment Woodrow Allen, principal of the high school, emerged as champion hog-caller and Mrs. May K. Roberts, of the high school faculty, as champion cow-caller. Ben Conley and his mother were adjudged "best" in the boy twin line-up, and Mary A. Ford and her mother as girl twins.

The FFA named Mrs. R. L. Shepherd an honorary member, and the FFA so honored Alex M. Spradlin, J. J. Greene and Woodrow Allen.

NOTICE

Up to the time of the regular meeting of the Floyd County Board of Education on June 1, 1948, sealed bids will be received at the office of the Superintendent in Prestonsburg for the purchase of the following supplies for the School Bus Garage:

- 500 gals. of first-quality motor oil (prices to be given in both case lots and in barrels.)
 - 40 or more bus tires—10-ply rayon, size 7:50-20.
 - 40 or more bus tubes, heavy duty, size 7:50-20.
- Bids should indicate net price to the Board of Education after tax exemption is deducted. Almost 50 per cent of the quantity to be delivered during the summer. The Board reserves the right to reject any and all bids.

VAN LEAR BOY WRECK VICTIM

School Net Star Killed, Two Hurt At George's Creek

Louisville, Ky., May 10—Freelin Williamson, 18, star basketball player at Van Lear, Ky., high school, was injured fatally Sunday at 2:45 a.m., when the auto in which he was a passenger hit a bump and ran off the highway at Georges Creek, about 10 miles south of Louisville.

Leonard Barker, driver of the car, was slightly injured and Kenneth Preston, a passenger, received critical injuries and was removed to a Paintsville, Ky., hospital. Paul Brickley, the vehicle's other occupant, was not injured.

Dr. Henry S. Young, Lawrence county coroner, said Williamson died of a broken neck and crushed chest, and that Preston suffered a compound fracture of the left leg, cuts and bruises on the head and a crushed chest. He added that Barker received only minor cuts and bruises on the hand and head and was dismissed from the Louisville hospital after emergency treatment.

The coroner asserted that Brickley told him the following version of the tragedy:

The group, all residents of Van Lear, had started to Huntington, W. Va., but when it was discovered that there was something wrong with the automobile they turned around and were headed back toward Van Lear. When they were crossing the bridge at Georges Creek the auto hit a bump causing it to weave and go over a 40-foot fill and turn over three times. All were thrown from the car with the exception of Brickley.

Funeral services for Mr. Williamson, a son of Mr. and Mrs. Aulden Williamson, will be held tomorrow at 2 p.m., at the residence. The body is at the Jones Funeral Home, Paintsville. Surviving are the parents, two brothers and four sisters.

SHEDS DIRT...STAYS WHITE...

DU PONT HOUSE PAINT CLEANS ITSELF!

Outside surfaces stay fresh and clean-looking when finished with Du Pont House Paint. Dirt and grime can't get a grip—rains just wash them away!

SELF-CLEANING Du Pont House Paint is so formulated that, as time goes by, a microscopically fine white powder forms on the surface. Heavy rains wash the powder away, taking dust and dirt with it, and leaving the surface clean and white again. Excessive accumulations of dirt (particularly in sooty industrial communities or in heavily shaded locations) may delay or interfere with this process. Because this "self-cleaning" is gradual, the

wearing qualities of the paint film are not abnormally affected.

SELF-CLEANING Du Pont House Paint is as durable as it is beautiful... protects against rust, rot, and decay... gives lasting beauty and protection. Costs no more than ordinary paints—saves repainting bills! Call on a reliable painter for your painting jobs, and ask him to use Du Pont House Paint!

FLOYD STUDENTS MENTIONED AT ANNUAL U.K. HONORS DAY

More than 800 outstanding University of Kentucky students, representing virtually every county in the state, were cited Wednesday for superior academic achievement and named recipients of special honor awards and scholarships at the fourth annual U.K. Honors Day convocation.

Honors Day is held each year by the University as a means of recognizing students for outstanding scholarship, campus leadership and other honors which have entitled them to membership in honorary societies. A common practice at leading universities in the nation, the special day was first observed at U.K. in 1945.

Dr. William Jesse Baird, president of Morehead State College, was the principal speaker on the convocation program. University President H. L. Donovan presided.

Students recognized as winners of scholarships, special awards and prizes included the following from Floyd and neighboring counties:

Princess Elkhorn Coal Company scholarships of from \$400 to \$500 each to superior high school graduates who are sons of company employees and plan to study mining engineering: Donald Crain.

Law Library scholarships to second and third year law students: Bernard Wells, Jr., Louisa; William Coldiron and Frank Warnock, both of Greenup.

Inland Steel Company \$400 scholarships to high school graduates of Floyd, Knott and Pike counties, on the basis of competitive examinations: Oliver Potter, Wheelwright; Catherine Stapleton, Langley; Edward Maggard, Knott; Luther McCloud, Jr., Jenkins; Robert Vines, Belfry; Woodford Crutchfield, Pikeville; Charles Tackett, Prestonsburg, and Mary Louise Osborne, Wheelwright.

Kentucky Distillers Association \$250 for freshmen: Smith Armstrong, Louisa; Betty Jane Fugate, Jenkins.

Kiwanis Club Trophy, awarded to a member of the second year basic course having the highest average in military science for the year: Robert Ferguson, Ashland.

Other students from this area also were among the several hundred cited during the convocation program, U.K. administrators announced. Only those students whose names have not been previously announced in connection with their honors are published.

OF INTEREST TO VETERANS

The certificate of eligibility issued to a veteran upon his entrance into a job-training or school study course under the G.I. Bill loses its validity if the veteran discontinues his training, Veterans Administration Branch Office in Columbus, O., said this week.

The trainee who has discontinued his training and later desires to resume his studies under the G.I. Bill must obtain a supplemental certificate of eligibility from VA.

Application for the supplemental certificate may be made through any VA office.

Veterans who lose subsistence, compensation or pension checks should notify immediately the appropriate Veterans Administration regional office, VA officials said recently.

VA said a veteran losing such a check should write a letter giving his full name and address, his claim number and the date and amount of the check. He also should state for which type of benefit the check was issued and the circumstances surrounding its loss.

On being notified of the check's loss, VA determines first if it may have been found and returned to the U.S. Treasury. If so, the check will be re-mailed to the veteran. If not, VA will request the Treasury to stop payment and take necessary steps to reimburse the veteran.

A veteran who finds his check after reporting its loss should notify VA and hold the check until he has been advised by the Treasury that action to stop payment has been withdrawn.

QUESTIONS AND ANSWERS

Q. Who is entitled to the compensation or pension check received prior to the death of a veteran?

A. The check or checks received prior to a veteran's death become a part of his estate.

Q. I am a World War II veteran and have been totally disabled for a few months. At the end of my sixth month of total disability, will I have to continue paying my National Service Life Insurance premiums or is a waiver granted by law?

A. No automatic waiver of premiums is ever granted. A veteran must be totally disabled for six months before he may apply for a waiver of premiums. You are entitled to file a claim for refund of those premiums you paid from the date on which the waiver became effective.

NOTICE

Bids will be received by the Floyd County Board of Education up to the time of its regular meeting at 1 p.m., June 1, 1948 on the construction of an eight-room grade school building at Betsy Layne, Ky. Plans and specifications may be had at the office of the County Superintendent. The Board reserves the right to reject any and all bids.
