

This Town-- That World

THE SENATOR WAS DISCREET

U. S. Senator John Sherman Cooper and Chas. F. Trivette were thirsty when they visited this office last Friday...

Although The Floyd County Times has operated on more than one occasion with a skeleton crew, it has never been short-handed in one department...

We could have 50 newboys. There is a certain allure to selling papers.

Ralph Davis has a youngster who has always wanted to sell The Times but has never got around to it.

It was the boy, offering the paper for sale, yelling at the top of his voice the old, familiar here but new words to Cincinnati.

"FLOYD COUNTY TIMES!"

President Truman and others have properly stated that this bombardment of Henry Wallace with over-ripe eggs and tomatoes isn't the American way...

HE IS THE LAW

"Doc" Cann called Wednesday to declare, "I AM the Law." Which was right. He has been re-instated.

This young man Ted Benedetti has, here in Prestonsburg, probably the toughest coaching job in Eastern Kentucky.

And now this particularly for Val Strahan and some of those others who so dearly love some of this column's puns:

The new Black Cat coach isn't one of those guys who sings the blues. Maybe he's afraid somebody might call it "Song of Benedetti."

TRUCK CRASH KILLS CHILD

Tot Dead on Arrival At Hospital; Uncle, Truck Driver, Shaken

Two-year-old Billy Parsons, son of Homer Parsons, of Betsy Layne, was almost instantly killed Friday morning when the truck in which he was riding struck another truck and he was thrown onto the pavement of U.S. 23 at Betsy Layne. His skull was crushed and he was dead on arrival at the Prestonsburg General hospital.

It was said here that his uncle, an employee of the Gilley Refining Co., near Betsy Layne, was driving the truck in which the tot was riding. This version of the tragedy said another truck pulled onto the highway in front and that efforts to avoid a collision failed. The child's relative, whose name was unavailable, was dazed but not seriously hurt.

The victim was a son of Homer Parsons and Erma Salisbury Parsons, both of whom survive. Funeral rites were conducted Sunday at Printer from the home of Rasser Martin, the Rev. Roy Hall officiating. Burial in the Keathley cemetery at Printer was directed by the Arnold Funeral Home.

RAILS WOULD RAISE RATES

Ask ICC for Nationwide Freight Raise on Coal, Coke, Other Products

The railroads asked last week for higher freight rates on coal, coke and iron ore. The proposed increases, the railroads said, would yield \$140,000,000 a year on the basis of 1947 traffic.

The carriers asked the Interstate Commerce Commission for a nationwide rate increase of 25 cents a net ton or 28 cents a gross ton on hard and soft coal and coke. A raise of 20 cents a ton (net or gross) was asked for iron ore in the East and South.

The railroads said the freight rates on coal, coke and iron ore have not kept pace with the rise in rates on other commodities.

The railroads contended that the coal traffic is able to bear "its fair share of increased railway costs as the price of coal has gone up far more than the increase in the average revenue of Class 7 railroads for transporting coal. The same is true of iron ore."

The rails said they need the higher rates "to help offset the rising costs resulting largely from the increased prices of railway fuel, materials and supplies."

BEAVER CREEK FISH KILLED

Conservation Officer Suspects Mine Water; May Ask Indictment

Floyd County Fish & Game Club officials expressed the belief this week that every fish between Martin and Allen has died within the week as a result, it is suspected, of acid-bearing waters escaping from a coal mine into the stream.

Bernard Baldrige, county conservation officer, said he had sent samples of the water pumped from the Utilities Elkhorn Coal Company mine on Buck's Branch to state laboratories for an analysis, and added that if the analysis shows this water to be injurious to fish, as suspected, he will go before the Floyd circuit court grand jury next week for an indictment against the firm.

The mine water has been reaching Beaver Creek at Martin for some time, Baldrige said, but not till the stream had reached its low stage of last week were fish visibly affected. Dead fish were first seen Sunday, it was said.

One farmer on Buck's Branch told the conservation officer that his chickens died after drinking the water. Birds died along the stream and there is not even a tadpole living in this tributary to Beaver Creek, Baldrige said.

He quoted a chemist of the Chesapeake & Ohio Railway Company as saying the water contained acid and iron.

On Baldrige's visit to the mine officials directed that the pump eliminating the mine of water be stopped at least until Beaver Creek has a larger volume of water.

Along the five-mile stretch of water between Martin and Allen residents collected huge numbers of fish, it was said. Bass, carp and catfish were among these. One 18-pound catfish was taken.

Baldrige said the Elk Horn Coal Corporation has 20 separate cases docketed against it for trial this month as a result of pollution of Right Beaver Creek through coal washings.

Fishermen here were complaining this week of oil fouling their lines, and one indicated he will ask that source of this form of pollution be traced.

LOCK-AND-DAM BACKERS SEE DEVELOPMENT

Of Big Sandy Valley With Transportation Cheaper by Waterway

The Big Sandy region, its resources and possibilities through development made possible by water transportation—this was the subject of talks, public and in conference, of waterways officials, public officials, representatives of the U.S. Corps of Engineers and private citizens as members of the Big Sandy Valley Association gathered at the Paintsville Country Club Saturday for an all-day annual meeting and barbecue.

Chester C. Thompson, president of the American Waterways Operators, told the Association that river transportation no longer needs to be much concerned about competition in the delivery of freight.

Improvements in diesel-powered towboats, said Thompson, have increased the speed of tows and have definitely kept down the cost of water-transported services. Inland water transport, he added, takes its hat off to no other type or form of transportation.

Harry Pockras, technical assistant to the Huntington district corps of engineers, told the association that there are 2,400,000,000 tons of coal to be mined within 10 miles of either side of the Big Sandy and its Tug and Levisa forks.

Speaking for Maj. Gen. J. C. Meahaffey, Ohio River division engineer at Cincinnati, Pockras reviewed plans for canalization of the river

LIGHT PREVIEW SAT. EVENING

As Prelude to Sports Program at Gymnasium Featuring Wrestling

Prestonsburg residents and visitors from other localities will see the new Floyd County Playground here under the lights for the first time Saturday night, it was announced today (Thursday) as Winston Ford, contractor, put the finishing touches to the field.

The lights will be turned on as a part of the evening's program which includes three professional wrestling matches at the nearby gymnasium and a dance, all of which are being sponsored as benefit events to raise funds for the playground.

The big job of making the fill itself was finished last week. This week's work added a topsoil coat and smoothed up the rough edges.

The lighting system of 125,000-watt power—36 lights on either side of the field—is considered the best in this section for football and softball play. Its first practical use will be found on the evening of Sept. 11 with the opening of the football season here.

COURT VOTES FOREST FUND

2-Cent Levy Voted To Provide County Forest Protection

The fiscal court at its meeting last Thursday voted, in approving a contract with the Division of Forestry, to levy a tax of 2 cents an acre on each of the 176,348 acres of forest land in Floyd county and thus create and maintain a county forestry fund.

The court's action was in accordance with state forestry regulations, with the county to perform certain duties in the work of protecting forest acreage from destruction or damage by fire.

During the preceding fiscal year, the first for countywide service by the Forestry division, all but one of the observation towers planned for the county were constructed, telephone lines were strung to connect towers with central points and fire-fighting forces were organized and trained. This was in addition to an educational campaign launched to impress on school children as well as adults the value of forests and the importance of protecting them.

This year, Palmer Crum, county forester, said recently, more rapid development of the program will be made.

With the Kentucky Employment Service offering free office space to the Welfare Department here, the court ordered at last week's meeting that rent for Welfare Department offices will not be paid after Tuesday of this week.

DON'T NEED HIM BUT WANT HIM

Johnson county has an officer Floyd county very much wants.

The officer, Constable Leonard Blair, is wanted on four counts, to be exact—reckless use of a deadly weapon, carrying concealed a deadly weapon, possessing moonshine whiskey and being drunk while acting as Constable.

The constable's alleged violations of law as interpreted in this county occurred Saturday at a church service being held on Jenny's Creek, just across the county line in Floyd. Deputy Sheriff Harold Sammons has the warrants.

FBI MAY QUIZ 3 OHIOANS

Girl, 2 Companions Hurt in Wreck; Car Was Stolen, Claim

Three young Ohioans, a 14-year-old girl and two young men, will face questioning by the Federal Bureau of Investigation when they leave the Prestonsburg General hospital where they are receiving treatment for injuries sustained in an automobile wreck near here Tuesday morning.

This Prestonsburg police learned in a telephone conversation with authorities at Elyria, O., a few hours after the three were hospitalized.

The three are Doris Siss, Berea, O., Bob Vasey, 17, Lakewood, O., and Dick Smith, 21, whose Ohio address was not given.

A new Mercury five-passenger coupe which the girl said the youths had stolen from a parking lot wrapped itself around a tree on Abbott mountain at 10 o'clock Tuesday morning, when the driver failed to take the first curve from the top of the mountain as he drove toward Prestonsburg. The girl and Vasey suffered minor bruises. Smith's leg was broken below his knee and internal injuries were suspected.

Police here did not learn wherein interest of the FBI lies in the trio, though the belief was expressed that federal agents may want them for transporting a stolen auto across state lines.

If the girl persists in her claim that she was transported from Ohio against her will, other federal charges are held possible.

She told Policeman Ray Collins she had a date with Vasey Monday evening and that he and Smith picked her up in Berea, O., for a ride. After a considerable time had passed, she said, she asked where they were going and they assured her they were returning to Berea. Later, however, she continued, the two told her they were heading either for Florida or California.

Police at Elyria, O., told officers here they want Smith, regardless of what the FBI does. They did not state why he is wanted there.

Prestonsburg officers first suspected the car was stolen when, viewing the wreckage, they could not associate ownership of a costly auto with the appearance of its occupants. The car is a total loss.

Howard Dissents from Majority In Judges' Expense Act Ruling

"The majority opinion, insofar as it upholds the validity of Section 2 and Section 3 of the so-called 'Judicial Expense Act,' is contrary to the great weight of authority and should not be allowed to become a part of the organic law of Kentucky, no matter how urgent the need for revision of some of its supposedly outmoded limitations and restrictions upon the salaries of public officials," recently wrote J. W. Howard, Prestonsburg, one of the justices of the "special" Court of Appeals named to rule upon the Act, in a dissenting opinion.

The special court ruled by a 3 to 2 vote that the Act lifting the salary limitations with expense allowances is Constitutional.

Section 3 of the Act provided that the Appellate Court shall be paid \$150 a month, the "reasonable equivalent" of travel, food and lodging expenses which would be incurred if compelled, in the performance of their duties, to travel to and from the place of their official residences to the capital at Frankfort.

Mr. Howard pointed out: "It is apparent that the allowances so provided contravene the mandatory prohibitions of Section 235 of the Constitution of Kentucky."

This section provides that "The salaries of public officials shall not be changed during the terms for which they were elected. . . ." The same section adds: "No public officer, except the Governor, shall receive more than five thousand dollars per annum as compensation for official services."

NAME YATES PASTOR HERE

LABOR DAY HOLIDAY—THEN SCHOOLDAYS FOR 7,000 MORE FLOYD COUNTY STUDENTS

Observance of Labor Day next Monday will delay the opening of circuit court one day and at the same time give approximately 7,000 Floyd county boys and girls a day's reprieve from classroom tasks.

For the day the big event of the section will be the United Mine Workers' big Labor Day celebration at Jenkins which thousands of persons from all counties of the section are expected to attend.

The circuit court will not empanel juries until Tuesday morning, it was said here.

Registration of students in Prestonsburg will require two days, and so actual school work here may not be expected till next Thursday. In the high school and the grades here 1,000 pupils are expected to register.

In the eight high schools and the grades of consolidated schools outside of Prestonsburg more than 6,000 will return to the classroom, it is estimated.

The circuit court has a docket of 230 cases waiting trial.

Baptist Movement Achievements In Area Told In Meeting Here

More than 300 conversions and baptisms and over \$100,000 contributed to further the Baptist movement were reported in a review of the preceding year's activities made at the 71st annual session of Enterprise Baptist Association here last Thursday and Friday.

There are now more than 4,000 members of the 30 churches of the Association in this and five neighboring counties, with the year ending in the meeting here showing a substantial church membership increase, it was said.

The 72nd session of the Association, August 25-26, 1948.

One hundred sixty-seven messengers and visitors representing the 30 churches from this and five neighboring counties registered here Thursday. These were in addition to representatives of the Prestonsburg and some neighboring churches which did not register.

One new church, Big Creek Church, near Williamson, was constituted and added to the Association.

The largest church in the Association is at East Williamson, W. Va., where the Rev. Sherman Woods is pastor. The church has a new building and has more than 700

Howard pointed out in his opinion that the lump sum allowance of \$150 a month "is not to cover an expense actually incurred. Rather, it is to cover expenses that might, or could have been, though confessedly were not, incurred. It is in lieu of an artificial or ostensible expenditure, not an expense in actuality."

On the other hand, Mr. Howard held that the expense allowances made to Circuit Judges do not violate the Constitution, since the Act of the General Assembly specifies these expenses in the performance of official duties as postage, telephone services, supplies, stationery, stenographic assistance, law clerk hire and books and periodicals. He pointed out that these allowances are distinguished from the personal allowances made to Appellate Court justices and commissioners, that they, therefore, "clearly partake of the nature of official expenses and in no wise clash with the prescribed limit." In this part of his opinion he sided with the majority opinion.

Admitting that no one can deny that members of the Appellate Court should receive compensation for their work sufficient to maintain them "in an atmosphere of dignity and respect incident to their high office," the Prestonsburg man pointed out that the remedy lies in amending the Constitution which, "until it is amended . . . must be regarded as the supreme law of the state and enforced accordingly, no matter what changes have come about in the amount of services rendered or in living costs."

School Lunches Up Here to 20 Cents

Prestonsburg pupils will pay five cents more a day for tickets at the school lunch room, it was announced this week.

The State Department of Education has approved an increase from 15 cents to 20 cents on daily lunch tickets. The increase is less than that approved for some schools of the state which are charging 25 cents. The old 15-cent rate has been discarded by practically all schools with the advance of foodstuffs costs.

Former Miner Victim At 36 of Tuberculosis

Tuberculosis was given as the cause of the death of John Spradlin, 36 years old, former miner, at his home on Mare Creek Saturday. He had been in ill health for some time.

Mr. Spradlin was a son of the late Mariah Spradlin and of Dorothy Bays Spradlin. He is survived by his mother, his widow, Mrs. Eloise Spradlin, three daughters and two sons, Mrs. Irene Lewis, of Ivel, Barbara, Hurley, Wilburn and Emogene Spradlin, all at home; two brothers, Martin Spradlin, of Mare Creek, and Mar Spradlin, Ivel, and three sisters, Mrs. Elza Fraley and Mrs. Minnie Fields, both of Johns Creek, and Mrs. Julia Spradlin, of Ivel.

The funeral was conducted from the residence Sunday, the Revs. Everett Adkins, Clyde and Carl Layne and Pem Hunt officiating. Burial in the family cemetery was under direction of the Arnold Funeral Home.

Opening Game Date Changed to Sept. 11

A change in the date for the opening game of the football season was announced today (Thursday). Whitesburg will play Prestonsburg's Black Cats at 8 p.m., Saturday, Sept. 11, instead of Friday, Sept. 10.

Mrs. Lee Harmon and daughter Margaret, Melvin and Troy Shepherd left Tuesday for Detroit, Mich., upon learning of the death there of Woodrow Shepherd.

Motorcycle Wreck Hospitalizes Two

Two Wheelwright brothers are in St. Mary's hospital, Huntington, W. Va., after having been seriously injured in a motorcycle wreck late Sunday.

They are Floyd Gillum, 25, and Ray Gillum, 16. The elder Gillum was more seriously hurt, his skull having been fractured and his shoulder broken. Ray Gillum's left leg was broken. Both are said to be in satisfactory condition.

FLOYD-CO. MAN RIVER VICTIM

Shepherd's Body Reported Located In Detroit River

Relatives here learned Tuesday that the body of Woodrow Shepherd, former Prestonsburg man, had been found in the Detroit river at Detroit, Michigan.

Particulars of the tragedy are lacking. Shepherd, a man of about 35, was described as a strong swimmer.

The victim was a son of the late Alamander Shepherd and spent practically all his life in and around Prestonsburg. He had been employed in Detroit for some time. Surviving are his widow, Mrs. Edna Shepherd, one child, one sister, Mrs. Lee Harmon, Prestonsburg, and three brothers, Frank Shepherd, Huntington, W. Va., Troy Shepherd, Trenton, N. J., and Melvin Shepherd, Prestonsburg.

Burial was made at Central City, Michigan.

'NIGHT CLERK' JOB COSTS 2

'Work' Includes Prowl Thru Hardware Store, Taking \$600 in Loot

Two city prisoners with a yen for what one termed "night clerking" are in the county jail charged with breaking and entering the Wm. Arrowood Hardware Company store here and stealing merchandise valued at \$600 after midnight last Thursday.

The two men, Robie Harmon, West Prestonsburg, and James Price, Martin, had been in the city jail on drunk charges and were assigned a weed-cutting job last Thursday. They failed to turn up at supper-time and officers failed to locate them.

When, according to Price, they were discussing plans to leave Prestonsburg Harmon decided they should first "do some night clerking."

The night clerking was the job done in the hardware store. They chopped a hole in the warehouse at the rear and from there ranged the store. Their loot consisted of 10 shotguns, a 30-30-calibre rifle, 11 wrist watches, \$300 worth of pocket knives, flashlights, 25 boxes of ammunition and six razors.

Barely eluding police detection as they left the building, loaded with loot, they thumbed rides to Portsmouth, O., selling guns and other items en route, said Price, who talked freely with officers. A promise from a Fort Gay man to buy a gun Saturday brought Price back there. He wound up under arrest in Louisa as a drunk and Policemen Bill Blackburn and Ray Collins returned him here. Sunday, Portsmouth officers arrested Harmon at the request of police here.

Recovered by the store were two guns, 54 knives, four razors, seven wallets and six boxes of small calibre ammunition.

Eagles Underwrite \$2,000 in Memberships

The Eagles Club here has underwritten the sale of \$2,000 worth of memberships in a drive being sponsored for benefit of the Floyd County Playground, it was announced this week.

The club, organized two months ago, has a membership of approximately 200, with various parts of the county represented.

Federal Liquor Agents Arrest Two Floyd Men

Winchester, Ky., Aug. 27—Federal agents arrested two Floyd county men here today and seized 28 cases of whiskey, valued at \$1,300.

The agents identified the men as William M. Sloan and William Williams. They waived examining trial and were held to the September term of federal court at Frankfort. The agents said the men were charged with violating both wholesale and retail regulations.

DRAFT CLERK ON OVERTIME WORK MONDAY

Registrants Stand In Long Line; Wills First Registrant Here

Miss Imogene Allen, clerk of Draft Board 25 here, the only Floyd county registration center for the country's second peacetime draft, called up reinforcements after Monday's hectic opening of registration.

Through Monday, with only one assistant, she worked after-hours while the line of 25-year-olds extended from the office door on the second floor of the Combs building, First avenue, down the stairs and spilled out onto the sidewalk. Some of those who appeared on the first day left without registering, although the draft board clerk continued past the closing hour in order to accommodate them.

Seventy-three men, of whom 66 were 25, registered Monday. Miss Allen said there is no way of determining at this time how many other 25-year-olds are unregistered. Tuesday, the crowd was approximately of the same size as the 24-year-olds began registering. Wednesday morning, when the office opened at 8, the line of waiting men again extended from several yards along the sidewalk to top of the stairway.

The first registrant Monday morning was Harry N. Wills, of Prestonsburg.

Miss Allen was appointed clerk of the draft board by State Selective Director Solon F. Russell in a sudden personnel change which relieved John Stephens, Water Gap, former Floyd Superintendent of Schools, from his duties as clerk before he had begun work. Mr. Stephens, however, had attended a "briefing" session for draft board clerks of the area at Hazard, a short time before being notified his services would not be required.

Miss Allen, a resident of North-ern, is a daughter of the late M. V. Allen, onetime Floyd county sheriff.

If a draft board has been officially named for Floyd county, The Times has been unable to verify the fact.

The deadline for registration is September 18.

Registration here was slowed up by lack of help in the office and by the fact that many registrants did not have necessary information at hand. All registrants who are veterans should bring with them their discharge papers and have available their serial number and dates of entry and discharge, it was said.

As registration under the new peacetime draft opened here and across the nation, army officials at Washington asked for 10,000 draftees

SAYS SHERMAN FIRED ON HIM

Johns Creek Man Jailed; Three Nabbed on Liquor Charges in Last Week

Deputy Sheriff Harold Conn said here Monday that Woodrow Sherman whom he arrested at his home on Johns Creek last week fired one shot from a shotgun at him as he approached the house.

Sherman, who was booked at the jail here on a charge of reckless use of a deadly weapon, told the officer he did not fire. One pellet struck Conn on his leg.

Oliver Setser was jailed here this week by Deputy Sheriff Ike Case on a charge of shooting at without wounding and on a peace warrant.

Three persons were jailed during the week on liquor charges. Corinne Jackson, who was arrested Monday by Deputies Grant Akers and Emmitt Roberts, was fined \$20 and given a 30-day jail term by Magistrate Dewey Roberts on a charge of possessing illegal alcoholic beverages. Willard "Goat" Burchett was jailed Saturday when Deputy Sheriff Epp Laferty found a pint of whiskey at the rear of his place at Knotley Hollow and took two pints from men as they left his place. He executed bond for hearing today (Thursday). Walter Johnson was jailed Saturday and booked for selling home brew. The same day, Wheeler Pitts was jailed for alleged possession of whiskey.

Amos Moore was charged with the theft of clothing from Henry Stephens, Jr., at the Brown hotel here, and was jailed Sunday.

Gordon Hopkins, of Ohio, was jailed Friday on a drunk driving charge and was also booked for resisting an officer. He was finally subdued after a lengthy altercation with Deputy Sheriff Harold Conn. For allegedly defrauding The Bank Josephine of approximately \$400, Beverly Hall was jailed last Thursday by Deputy Sheriff Epp Laferty.

MAN HELD IN SHOOTING
Salysville, Ky., Sept. 1—Arnton Reed, 55, was shot and killed near here yesterday and Magoffin Deputy Sheriff Wallace Bailey said James H. Wages, 38, was arrested in connection with the shooting. Bailey said Wages is in jail here on a charge of manslaughter. The shooting came after an argument near a sawmill, the deputy said.

Willys Acquires Lot For Garage Building
The Alex H. Spradlin lot at the corner of Broadway and Friend street has been acquired by the Willys Motor Company as a future location of a garage and super-service station.
For the present, the building now occupied by Graham's Welding Shop on the corner will be enlarged for use by the motor company as a body shop. The lot will be filled and leveled soon, however, by Winston Ford, contractor, so that building may be started at any time.

for induction sometime in November. The navy and air force need no men now. They are getting enough volunteers to fill their ranks.
National Selective Service headquarters will break the call down to state quotas. State headquarters in turn will make local breakdowns for the various boards.
Kentucky's share is expected to be about 200 and Floyd county's, one or two.
Individual draft calls will go to the oldest registrants first, but Selective Service officials have estimated that the bulk of even the early quotas will come from the 22 and 23-year-old group.

When a manufacturer produces a car so obviously ahead of the times as the Futuramic Oldsmobile, it's only natural that demand for that product should break all records. Add to this today's pent-up need for automobiles—plus continuing shortages of steel and other critical materials—and you'll see why we have a real problem on our hands. We value the good will of all our customers. We would like to provide all our customers with new Oldsmobile cars. But unfortunately, this can't be done overnight. That is why we are taking this opportunity to reaffirm publicly our POLICIES ON PRICES AND DELIVERIES. We believe that under present circumstances these policies constitute a sound basis for "fair play" to everybody. And we hope that, on this basis, we may continue to serve you.

Official's Father Suffers Second Loss

From Fire in Few Weeks
Dick Burchett, well-known Ivel farmer and father of County Attorney W. W. Burchett, has within recent weeks suffered two losses from fires.

His most recent loss was suffered last Thursday afternoon when a large barn he owned on Cow Creek was razed with all its contents. In the barn were approximately \$1,000 worth of alfalfa hay, various items of farm equipment and approximately 3,000 feet of poplar lumber.

An electric fan left connected in the wash house at his Ivel home resulted in a blaze which destroyed the small building and a quantity of the family clothing, a few weeks ago.

TO THE CHILDREN OF PRESTONSBURG:

In the interest of better schools for you we are entering the race for membership on the Prestonsburg City Board of Education. Our only obligation will be to you boys and girls. Please ask your parents and friends to help us.

Yours for better schools,

Father's Favorite BISCUITS

Made with

SNOW FLOUR

For better biscuits, pies, cakes and rolls, bake with Snow Flour. Milled from pure soft winter wheat. Snow Flour has a superior flavor that makes even your best baked goods taste better!

A Product of
LOUDONVILLE MILLING CO.

SNOW BISCUITS

2 1/2 c. sifted Snow Flour
4 tsp. tartaric or phosphate
baking powder

1 1/2 tsp. salt
4 tsp. fat
2/3 c. milk

Measure and sift dry ingredients into a bowl. Cut or work in fat until the mixture has a coarse granular appearance. Add liquid and combine thoroughly. Turn dough out on lightly floured board, gather up into a ball and knead lightly until the dough appears somewhat smooth. Roll to one-half inch thickness. Dip cutter into flour. Cut biscuits and place upon ungreased baking sheet. If crusty biscuits are desired place about one inch apart, otherwise biscuits may touch each other. Bake in hot oven (450° F.) for about 10 minutes.

Judge Walter Reynolds, Former Resident Here, Succumbs at Pikeville

Pikeville Police Judge Walter W. Reynolds, 75 years old, former Prestonsburg resident and an attorney for 50 years, died in Pikeville Monday after a brief illness of pneumonia and heart complications.

A native of Rochester, N.Y., he first began the practice of law in Prestonsburg and while a resident here was a candidate for County Attorney on the Republican ticket. He came to Prestonsburg with his father, Thomas Jefferson Reynolds, who was a timberman. His mother, Mary T. Reynolds, was a lineal descendant of Francis Scott Key.

Judge Reynolds was elected police judge of Pikeville last November and was one of the few Republicans to win a Pikeville city election. He served a previous term in the same office, 30 years ago, a few years after his return from Spokane, Wash., where he served as U.S. Commissioner.

He married a daughter of Milton Hager, of Salyersville and Paintsville. She and the following sons and daughters survive:

John F. and Walter A. Reynolds, Pikeville; Mrs. Roger G. Nooe, Nashville, Tenn.; Mrs. Alice Gatin, Washington, D. C.; Mrs. Neal B. Scott, Sacramento, Calif.; and Mrs. Duran K. Phillips, Pikeville.

NEW CHESTNUTS

Literally making a comeback from the dead—the chestnut. Albert Hall, of Water Gap, brought several green burrs to The Times office Saturday. They came from trees on the John Calvin Hopkins farm—and there are plenty more there this year, he said.

Hi-Ho, Mister!

Some folks tell me you can't sell flour unless you show women a bunch of pictures of cakes and things. Mostly cakes. Maybe so. If that's right I ain't going to sell much Silver Mist Flour. Silver Mist don't look good. It TASTES good. Flour looks like flour, to my way of thinking, but golly, how GOOD a chocolate cake can taste! That is, a Silver Mist chocolate cake. That's because Silver Mist's got flavor. Good-to-eat flavor. The kind of flavor that makes Pa take a bite and think Ma's 18. Sure, he think's you're a good cook, too, but mostly he thinks you're pretty, because that's what good-tasting cake does to a man. Even a grouchy old rascal like Pa. Anyhow, why don't you buy some Silver Mist Flour? It's good as any, a whole lot better than most. If your grocer's smart, he's got some.

Prestonsburg Wins Wild One over Louisa

Prestonsburg defeated Louisa under the lights at Louisa Friday night, 19 to 15, in a baseball game featured by heavy slugging and marred by fielding miscues.

The fielding mistakes, however, were attributable, for the most part, to the wretched infield. Ground balls took wild hips that had infielders undecided whether to grab at the ball or duck for cover.

Kentucky Allocated Almost \$8,000,000 Federal Road Aid

State shares in the \$450,000,000 authorized by Congress for road repairs and construction during the year beginning July 1, 1949, were announced Monday by Maj. Gen. Phillip B. Fleming, federal works administrator.

The money is provided under the federal-aid highway act of 1948, which authorizes appropriation of \$450,000,000 for each of the fiscal years 1950 and 1951 to help states continue the postwar highway program begun under the federal-aid highway act of 1944.

State shares in funds for primary roads include: Kentucky, \$3,765,200; Ohio, \$6,967,252; West Virginia, \$2,211,469.

Allocations for feeder or secondary roads: Kentucky, \$3,045,891; Ohio, \$4,101,075; West Virginia, \$1,857,176. Allocations for urban highways: Kentucky, \$1,154,581; Ohio, \$6,898,622; West Virginia, \$717,603.

And Henry Fitzpatrick sends me a clipping telling of the Pomeroy (O.) Mayor who is getting himself in a lot of trouble by running for Governor (on the Democratic ticket) while facing charges of malfeasance, misfeasance, etcetera, and also getting himself mixed up in his legal terminology when he has time to accuse somebody else. Mayor Canady, according to his opponents, assessed a fine of \$500 upon a woman who had been arrested on a charge of operating a house of ill fame. The charge, according to Hizzoner, was "obstructing a breach of the peace."

Cerebral Hemorrhage Claims Mrs. Mullins

Mrs. Florence Gibson Mullins, 58 years old, wife of Willard Mullins, succumbed Friday at her home near Hi Hat, victim of a cerebral hemorrhage.

A native of Knott county, Mrs. Mullins was a daughter of Ben and Aggie Jane Gibson, and was widely related in Knott and Floyd counties. Her husband and 11 sons and daughters survive: Dewey Gibson, of Dema, Mrs. Virgie Mullins Cook, of Bevinville, Mrs. Hattie Stiekrod, Winchester, Ky., Mrs. Bertha Little, Bernis, Glennis, Leonard and Herman Mullins, Mrs. Etta Mead, Mrs. Anna Johnson, Mrs. Dorothy Lee Caudill, all of Hi Hat. Five brothers and sisters also survive: Miles Gibson, Langley, Mrs. Josie Stone and Mrs. Susannah Isaacs, both of Bevinville, Mrs. Nancy Hall, McDowell, and Bill Gibson, of Gearheart. She also leaves nine half-brothers and sisters: Nebraska Mullins and Maynard Gibson, both of Hi Hat, Mrs. Neola Meade, Mrs. Versie Stone and Leonard Gibson, all of Ohio, Mrs. Clearie Stone, Andy and Sylvester Gibson, all of Wayland, and Daniel Gibson, in Germany.

Funeral rites were conducted Sunday at the graveside in the cemetery at Dema, the Revs. Ellis Hopkins, M. C. Wright, Willie Collins, Hawk Moore and Sherman Stone officiating. Burial was directed by the Ryan Funeral Home.

6,000 Bass Fingerling Released in Streams; 5,000 in Johns Creek

Six thousand smallmouth and Kentucky bass fingerling were released last week and this, in Floyd county streams by the Floyd County Fish & Game Club.

Five thousand of both species of bass went to Johns Creek which is being stocked against the time when the area will be a reservoir created by the Dewey dam. One thousand Kentucky bass were released in other streams of the county.

E. R. Burke, district conservation supervisor, said crappie will be available at any time desired from the Division of Game & Fish. Some crappie will be placed in the Johns Creek area this fall and, next year, heavier stocking with this species will be done.

Charles C. Nichols, vice-chairman of the National Retail Dry Goods Association from Youngstown, O., told the association that Youngstown retailers are vitally interested in waterways.

He said, "Retailers there submit that something must be done to eliminate the unfair disadvantages in the steel city's leading industries. Youngstown merchants believe that such dire prospects can be avoided if the proposed Lake Erie-Ohio River waterway is constructed."

K. J. Day, of Pikeville, president of the Kentucky Wholesale Company, asserted that "freight differentials have always favored other regions over ours."

"All the Big Sandy valley asks is to be put on a competitive basis with other regions," he said.

C. D. Jacobs, of Pikeville, president of the Consumers By-Product Coal Company, said that the mining industry in the Big Sandy valley furnishes employment for some 90,000 and supports over 500,000 people.

"But freight rate differentials and high mining cost differentials have over and over again penalized this great district in its competition with other mining districts," he declared.

He said that not only the Big Sandy valley, but mid-continent America as well, will benefit more largely than the installing and maintaining the proposed locks and dams would cost.

Governor Earle C. Clements had been expected for the meeting but was unable to attend. He was represented by Congressman Virgil Chapman.

Sanford Rules Branham Eligible Thru Senior Year

"Set" Branham, triple-threat veteran from last year's team, was declared eligible this week for football and basketball competition in this, his last year in high school.

This announcement by Ted Sanford, director of the Kentucky High School Athletic Association, was the week's best news to the Prestonsburg Black Cats.

Question of Branham's eligibility arose when it was discovered the date of his birth had been given, on high school entrance, as September, 1929. Earlier grade school records here, however, gave the year of his birth as 1928 and this date was confirmed by his birth certificate, with his mother, Mrs. Fanny Branham, and Dr. John Sizemore attesting to the latter date.

Already hard hit by graduation, the Black Cats would have been in desperate straits without Branham in the backfield.

Coach Ted Benedett also halted the appearance for practice this week of Donald Willis, a junior with some experience to add materially to the strength of the team.

Yet the backfield is lacking in reserve strength, Benedett said. The same applies to the end positions and center. A pronounced weakness in the punting and passing department (not in coaching) had also been noted by the coach who is no Gloomy Gus, prone to view everything with alarm.

The Spears brothers, one a guard, the other a fullback, are rounding into condition and are showing promise. Despite an injury suffered while swimming, "Pig" Goodman continues to shine in practice.

Wheeler Branham at guard is looking exceptionally good, both offensively and defensively.

The number of boys sticking with practice through the summer heat stood this week at 34.

First all-out scrimmage of the pre-season grind will be held Saturday morning. All practice sessions henceforth will be closed to the public, Coach Benedett said. Hereafter, the grim business of getting ready for that season-opener under the lights here against Whitesburg, Sept. 10, will be nobody's business but Benedett's and the team's.

SCHULZ COPS STATE OPEN

Winchester Golf Pro Leads All the Way; Meeks Places 4th

Phillip "Bus" Schulz, Winchester pro and a new figure in state golf, roared in with a 54-hole total of 209 in Sunday afternoon's rain and wind to cop the Kentucky Open championship at the Paintsville Country Club.

He led from the first day and literally ran away with the title.

Schulz, formerly of New Albany, Ind., became associated with the Winchester Country Club as a professional only last February and never before had won an important tournament.

He wrote his name in Kentucky golf records today by adding a consistent 110 to a 99 posted Saturday over the nine-hole course.

Jack Ryan, Louisville professional, four-time winner of the open and defending champion, matched Schulz 110 Sunday, but he had posted 104 Saturday for a total of 214.

Schulz was one under par for the 54 holes while Ryan slipped four above.

An amateur, however, engineered the biggest thrill of the day. Grinning Dick Hicks, Lexington city champion and 1946 state titleholder, whipped out a brilliant 29 to shatter the Paintsville course record of 30 which had been held jointly by Authie Meeks and Dr. Robert A. Hall, Paintsville amateur.

Hicks collected four birdies and one eagle on his first round of the day, and got a big round of applause from the crowd gathered at the starter's tent when his feat was announced.

The new course record holder is a junior in the college of engineering at the University of Kentucky.

His sparkling round helped him to a 99 for the day and a 54-hole total of 215 to cop third place and led the amateur contingent. Hicks and Schulz were the only two players in the tournament to break 100 on either day.

Authie Meeks, hometown pro at Paintsville, finished in fourth place.

Bill Kaiser, one of the large contingent of Louisville professionals, took third place with 216, one stroke less than Meeks, who had 217. Pete Doll, Louisville professional, finished with 104-114 for 218 and fifth-place money.

Schulz, by his victory, collected \$200 as the first-place award. Ryan received \$150, Kaiser \$100 and Meeks \$75.

Mrs. Conway is the great-granddaughter of the founder of the chapel.

Over 1,000 Tickets Go on Sale For Mat Bouts Here Saturday

More than a thousand tickets went on sale Monday for the professional wrestling bouts which will be staged Saturday evening in Prestonsburg high school gymnasium as a benefit for the Floyd County Playground.

Wide interest in the three bouts has been created by the fact that the wrestlers are well-known performers and are appearing in Cincinnati in widely publicized matches on Friday evening, day before their appearance here.

Young men of Prestonsburg who are leaders in the sports program planned to raise playground funds are constructing a ring in the gymnasium at an estimated cost of \$500. If interest in this and adjoining counties justifies, wrestling matches will be staged here every two weeks over an indefinite period, it was said.

The wrestling card will begin at 8 p.m. Saturday. Ivan Rasputin will grapple with Lucky Somonovich in the main bout. The preliminaries will pit Walter Achiu vs. Whitey Aalberg and Tommy Martindale vs. Walter Statton.

The evening's entertainment will be concluded with a dance starting at 10-11:30 also for benefit of the playground.

Lambert Sets Record For Boldman Track Sunday Afternoon

Curtis (West Virginia) Lambert, of Wheelwright, set a course record of 37.9 seconds for the one-third mile track at the Boldman motorcycle races Sunday afternoon.

Results of the three-mile heats: First heat—first place, Charles Boyd, Prestonsburg, on a Flying Flea; second place, Dick Hunt, Pond Creek, on a James.

Second heat—first place, Curtis Lambert, Wheelwright, on a 74 Indian; second place, Earl Mounts, Broadland, on a Harley-Davidson.

Third heat—first place, Joe Snapp, Ewart, on a Flying Flea.

Probably the most exciting moments were in the second heat during the time Mounts was attempting to pass Lambert. Mounts had had two spills and had no brakes on his machine but he was still game and proved it by some real riding in the final event. Starting in the handicap position of 50 yards, Curtis Lambert (Indian) and Earl Mounts (Harley) in the final overtook the

three small machines and did some real riding. Earl Mounts came in first with Lambert second.

To climax the day the boys from Pond Creek had prepared a ramp for jumping motorcycles, but in the first trial run Alley warped the back wheel so badly that the jump was postponed till the next meet.

More Than Subsidies Wanted

FROM time to time Prestonsburg, as well as other communities of this section, has been queried by manufacturers about availability of sites and buildings for a manufacturing plant.

Too often, it has been the local experience, the firm proposing to locate here wants everything wrapped up and delivered in a pretty package with a blue ribbon bow. If, now, a building to certain generous specifications could be furnished, rent-free, it would be a great inducement.

THE TIMES has never grown enthusiastic about any business proposing to move into this county with the understanding that it shall enjoy favors and privileges not granted individuals and firms who have risked their capital, established themselves in the county and succeeded, the hard way. And now, through the Bureau of Business Research, University of Kentucky, comes a discussion, "What Does Industry Expect of a Community?"—in which Mr. Bassett upholds that jaundiced view of the fellow looking for special privileges. On this subject Mr. Bassett writes:

"It is my feeling that both community and industry should avoid subsidies in the form of land grants, buildings, etc. Unless a town has those things which a particular industry requires, it is not the place in which that industry should locate a plant. The granting of subsidies might influence the opinion of management's representatives and lead to the selection of a given town; but in the long run if certain basic factors are lacking in the town's make-up, the choice so made will be an unhappy one for both the community and the industry. . . Furthermore, most managements want to be free of any feeling of obligation to the community or to individuals in the community, which must surely exist where subsidies are granted and accepted. . . Generally speaking, the same comments apply with respect to tax exemptions."

That is speaking for the company which expects to move into a community, grow with it and make the community grow.

Now for some of the things a sound, responsible company does expect from a community:

Nearness to raw materials,

available labor, fuel and power, transportation facilities, good plant sites, cooperation of the community with industry, good schools and churches, a tax set-up which is stabilized and not burdensome.

Mr. Bassett's pamphlet stresses these items:

Services and facilities which a community has to offer. These services and facilities include the public school system, vocational training, library facilities, churches, health services, public utility systems, sewage disposal practices, police and fire protection and similar benefits.

Recreation facilities. This item is nearing the status of a "must" with companies planning new plants in new locations.

Financial condition of the state, county and municipal under consideration.

The general attitude of state, county and city officials with respect to industrial expansion by interests outside the state.

These are some of the requirements, as condensed from a comprehensive article by a man near the top in a big company. It furnishes a criterion by which to judge ourselves, a yardstick with which to do a bit of civic measuring.

DR. J. A. BROWNE

In Memoriam

In memory of our darling son and baby brother, Edward L. McCowan, who passed away just one year ago today:

What would we give to clasp your hand,
 Your happy face to see,
 To hear your voice and see your smile
 That meant so much to me!

Just when your life was brightest,
 Just when your years were best,
 You were called from this world of sorrow
 To a home of eternal rest.

Your smiling way and pleasant face
 Are a pleasure to recall,
 You had a kindly word for each
 And died beloved by all.

Some day we hope to meet you,
 Some day we know not when,
 To clasp your hand in the better land
 In our hearts your memory lingers.

Always tender, fond and true,
 There's not a day, dear Eddie,
 We do not think of you.

Sadly missed by Mom, Dad, Brother and Sister.

WAYLAND

The church baseball league played between Allen and Wayland, there were five games in this series, which had all the embellishments of professional competition—loud speakers, plenty of fans and uninhibited enthusiasm. None of the players was over 14 years of age. The first game was played on Tuesday afternoon, last week. Wayland won but Allen won the Tuesday night game. The third game was played last Thursday afternoon and Allen again won the Thursday night game. The big "rub" game was played Friday night. Wayland won, thus copping the tournament title by winning three out of the five games played.

Mr. and Mrs. H. "Duke" Fuller and baby daughter, Julie, visited Mrs. Fuller's parents, Dr. and Mrs. I. J. Francis, of Hazard, over the week-end.

PRICE

(Formerly Gearheart)

Names of our postoffice, freight depot and station have been changed from Gearheart to Price, Ky., in honor of the Inland Steel Company's superintendent, Emory R. (Jack) Price. The biggest tipple in this section of the country is under construction here. We welcome visitors to our fast-growing little town. The Codell Construction Company has nearly completed its contract and the Rust Engineering Company has been working day and night.

Among those who have been gone to various other counties on hunting trips are Sam Butcher, Elvie Martin, J. F. Howell, George Newman and Squire Henry Stumbo.

The Price school children had an outing on the McDowell school grounds Friday. They enjoyed all the playground equipment at McDowell.

Mrs. James Frazier is preparing to teach typing at Wheelwright high school.

We regret the death of Bill Gibson's sister, Mrs. Willard Mullins, at Hi Hat.

Fred Ratliff has recently built a house for his son-in-law, Ernest Wallace.

John C. Frazier will move into his new home soon.

The Regular Baptist association will be held next month at Price.

The people are "fixing" to feed enormous crowds. Those who have bought or are preparing to buy sheep or hogs or calves for butchering are Ray Stumbo, Amos Stumbo, "Uncle" Morgan Stumbo, Simon Moore, Butler Gearheart, D. W. Little, George Bridgeman, L. G. Frazier, Lee Moore and others. The church building is nearing completion.

Berlin Tuttle has moved in lower Price at D. W. Tuttle's.

Hershel Moore bought his mother a new bedroom suite.

Malcolm McCarty is the new manager of the Price Service Station. He fixes cars, runs "double" shifts; sleeps two hours every other day.

Ivel Ratliff has purchased a horse to sawlog with this fall.

Mr. and Mrs. Wallace Frazier and daughter visited Mr. and Mrs. J. C. Frazier Sunday.

Mrs. Ted Stone and Mrs. Herman Conley attended the theater at Drift, Sunday.

Mrs. W. P. Morgan visited her aunt, Mrs. Carolina Stewart, at McDowell Sunday.

Luster Yates has recently moved into the W. P. Morgan property.

Curtis Martin and family, of Pikeville, visited Mr. and Mrs. Elvie Martin Sunday.

Our new school bus driver is Troy Hayes, of this vicinity.

Mrs. Sam Butcher received many gifts at a party given by Mary Tuttle and Mrs. Hiram Butcher at Bypro.

Bill Gibson's mule fell and broke his neck.

Mr. and Mrs. W. M. Cox, of Tip City, Ohio, were visiting friends here, Sunday.

Wonderful... greatest paint yet... for kitchens, bathrooms, nursery, and wherever walls must take hard wear! Sherwin-Williams Semi-Lustre dries to a hard, satin-smooth finish that dirt just can't get a toe-hold on. Whenever splashes, stains or spots occur, simple soap and water remove the soil... restore the surface to its original beauty. You get the grand combination of rich beauty, durability and economy! Semi-Lustre's cheerful, handsome colors are decorator-blended... designed to suit your new-est schemes. Its surface, satin-smooth yet tough, gives you happy years of wear. And this is one paint that stretches... gives grand coverage. Save money! Earn compliments! Paint with Sherwin-Williams SEMI-LUSTRE Wall Finish!

So easy to clean with soap and water!

GREASE!
With most paints, cooking grease and grime penetrate the surface. Not with Semi-Lustre! Plain soap and water take grime right off!

FINGER MARKS!
No need for excitement when the youngster's grimy hands smear the wall. Ordinary soap and water restore Semi-Lustre's freshness.

INK!
Ordinary paints are permanently discolored wherever ink touches. Tests prove that Semi-Lustre is easily washed spotlessly clean.

PENCIL MARKS!
Let the small fry doodle to their heart's content! They don't harm a wall painted with Semi-Lustre. Soap and water clean it easily!

OF INTEREST TO VETERANS

Veterans carrying National Service Life Insurance term policies will be able to renew them for an additional five years upon expiration of the present term period, Veterans Administration Branch Office, Columbus, Ohio, said this week.

G.I. term insurance taken out by veterans before Jan. 1, 1946 carries a term period of eight years from date of issue. Policies issued after that date are for a five-year term.

Those who renew their term insurance when it becomes necessary will pay a higher rate than before, based on their age at the time of renewal.

The majority of veterans attending colleges and universities full-time under the G.I. Bill will be able to work part-time without having their subsistence allowances reduced, Veterans Administration said recently.

No reduction in subsistence will be made as long as income from productive labor and subsistence allowance does not exceed these monthly "ceilings" established by Public Law 512 last spring: (1) \$210 for a veteran without dependents; (2) \$270 for a veteran with one dependent; or (3) \$290 for a veteran with more than one dependent.

This does not mean that there is a limit on what one may earn while attending college full-time. It does mean that a veteran-student may receive his full subsistence allowance if his monthly earnings are not more than \$135 if he has no dependents, \$165 if he has one dependent, and \$170 if he has more than one dependent.

For full-time training in colleges and universities, a veteran may receive \$75 a month subsistence if he has no dependents, \$105 a month if he has one dependent, and \$120 a month if he has more than one dependent.

The beginner cannot be expected to know all the fundamentals of small-boat operation, but even a novice must recognize that some preparation is required before starting a trip, states Willard Crandall, boating authority.

Not only must proper tools and equipment be aboard, but weather must be considered. By weather we mean, principally, wind. Swamping or upsetting from big waves is the greatest hazard of small boating. There are no hard and fast rules as to what size waves a novice can tackle, but if water sloshes in, or even threatens to, the safety margin has long been passed.

The newcomer to boating should stick to sheltered waters until thoroughly familiar with his craft. One of his toughest jobs is to learn to avoid collisions with objects under water. Here are a few elementary rules:

Don't start the outboard unless headed straight out toward clear water, and with at least six inches of water under the lowest part of the motor. Never start an outboard where it is too congested and unnecessarily shallow.

When underway, avoid weedbeds; don't go too close to shore, and slow down at once if logs or rocks are present, or if shallow bottom is seen passing under the boat. Stay well clear of jutting points of land. Reduce speed if any man-made obstructions are seen above water. Keep speed down off rocky shores. Treat all floating objects with respect and stick to marked channels in unfamiliar waters.

The beginner must learn never to underestimate the power of waves, or to take chances with them. Particularly must he guard against swells of other boats and he must not carelessly swamp another boat with his own wake. Always head into dangerous waves. This is an invariable rule of boating.

Making the landing, the final step in boat operation, is something that can be learned only by experience. It is better for the beginner to err on the side of a too-slow landing until he has learned the best speed, and just how to handle the boat at that speed.

The game of chess originated more than 5,000 years ago in Hindustan.
