

This Town... That World

INVITATION
This is our last opportunity to invite you all out for the doubleheader basketball polo benefit Saturday night.

One of the most encouraging features about the whole thing is the ready willingness of the schools, their heads and the boys and girls to work for the success of the event.

If they can work thus, that children may walk, surely the rest of us can afford to pay for a ticket and sit and watch two fine basketball games.

WE GOT LOST
We got the map turned around last week on that proposed road up Middle Creek to the Right Beaver section. It goes down Stephens Branch instead of Buck's Branch.

HELP WHEN NEVER NEEDED MORE
We like stories supplying concrete evidence of helpfulness. This one has to do with the Red Cross.

Troy Canterbury, Allen war veteran, came to Floyd Chapter, American Red Cross, Tuesday of last week seeking help in getting a rare type of blood for his mother, who was critically ill. Before that, he had called Ashland, but the type blood needed was unavailable there. The Red Cross chapter here, of course, did not have help at hand for the veteran, but it soon had it available. Miss White, executive secretary of the chapter, immediately contacted the Ironton (O.) Red Cross chapter which has a permissive blood program. Luckily, that chapter had five persons of that blood type registered. The result: A donor gave blood at Ashland and, next day, the blood was sent to Allen.

All this without charge to the veteran or his mother, of course.

Now, this ringworm business is no laughing matter. I know. Still, I got a laugh out of this note from a former Floyd countian, now in West Virginia:

"See where our old home town made out news in Sunday's Herald-Dispatch by starting from 'scratch.'"

JURY ACQUITS P'BURG MAN
Five-Day Trial Ends Friday as Dickerson Cleared; Term Ends

A jury which had sat through exhaustive questioning of an array of witnesses and the subsequent arguments of four attorneys required less than 45 minutes, late last Friday afternoon, to reach a verdict of "not guilty" in the trial of Fred Dickerson in the slaying here, last January, of James Roark, Jr.

Thus ended a trial which, from the beginning of the empanelling of the jury, required five days. It was the second trial of the case. With the verdict ended the extended January criminal term of circuit court here.

Both the Commonwealth and defense followed the same line of questioning employed in the first trial and the evidence elicited varied little from what was originally heard in court here.

The Commonwealth offered testimony claiming Roark was shot and fatally wounded while sitting in a booth of the drug store which Dickerson then operated here and while offering no offense. These witnesses claimed Roark was unarmed and that the shooting came without warning.

The defense, on the other hand, showed that Roark had previously struck or struck at Dickerson while in the drugstore and had threatened to kill him and had otherwise intimidated him. Testimony of a taxi driver told of finding a revolver in the seat of his cab after he had taken the wounded man to the Prestonsburg General hospital.

The courtroom was crowded throughout the hearing of testimony, which began Wednesday afternoon.

TRIP AWAITS BEST SPELLER

Floyd Schools Enter Herald-Dispatch Bee; County Test in March

A trip to Huntington, W. Va., to compete in the Tri-State spelling bee is in store for Floyd county's spelling champion. Spellers representing over 700 schools from Ohio, Kentucky and West Virginia will compete and the winner will receive a one-week trip to Washington, D. C., as a guest of The Huntington Herald-Dispatch.

Floyd County's champion will also receive from The Courier-Journal and The Louisville Times \$10, a lapel button, a certificate and a dictionary, awards made by these newspapers in lieu of the trip to Washington. The Courier-Journal hasn't sent spellers to Washington since pre-war days.

This is Floyd county's first year to take part in The Herald-Dispatch bee and keen competition is anticipated. Rural school and grade school champions will be selected this month, and a county-wide bee will be held, the first week in March.

RED CROSS PLANS LAID
For 1949 Drive Beginning March 1; Quota Set at \$6,350

Preliminary plans for the March fund-raising campaign of the Red Cross in Floyd county were laid at a recent meeting of the fund-raising committee at Red Cross headquarters here.

J. R. Hurt, 1949 fund campaign chairman, emphasized the importance of reaching the county's goal of \$6,370. Because of the fact that Floyd county's Red Cross quota has not been reached since 1945, there is a possibility, if it is not reached this year, the chapter will be merged with other chapters and the charter surrendered.

Eastern area headquarters, American Red Cross, was represented by Miss Agnes North, Alexandria, Va., who outlined the organization of a Red Cross fund campaign committee.

The campaign was planned for March 1-15, with advance gifts solicitation to begin the middle of February, as has been the custom formerly.

At this meeting the following chairmen were appointed: Publicity, Mrs. J. H. Keenan; window displays, Mrs. Wayne Bradley; individual advanced gifts, B. F. Reed, Drift; commerce and industry, Carl H. Corbin; business district, R. V. May; residential district, Mrs. Ben Stansifer; outlying areas, A. H. Mandt, of Manton; special group division (teachers), County Superintendent Palmer L. Hall.

Mr. Hurt said the 1949 appeal will emphasize the securing of Red Cross members. "We want to give everyone a chance to become a Red Cross member," he said.

MACK, THIRD GUN VICTIM
Since January 16; Little Under Bond In Weeksbury Case

Herman Mack, Jr., 31-year-old Weeksbury miner, war veteran and former prizefighter, Sunday morning, shortly after midnight, became the third Floyd countian to die of bullet wounds since January 15 as he fell dead from a blast from a shotgun loaded with buckshot.

The same shot, fired by Mack Little, sent Paul Fraley, 21, to the Beaver Valley hospital, Martin, with two buckshot through his lung. Mack was shot in the left side of his chest, and he died instantly.

The shooting took place near the Little home on Caleb Fork at Weeksbury. Little told Sheriff Troy B. Sturgill and Deputies Harold Conn and W. L. Rice that Mack and Fraley were drunk when they came to his home seeking whiskey and that they abused him when he told them he had none. He said the two had got whiskey, earlier in the night, in the vicinity and apparently were mistaken as to the house they had visited at the time. After asking them to leave and after being threatened, he said, he ran to his truck to get his shotgun.

Mack and Fraley, he was quoted as saying, almost beat him in the race to the truck. Snatching the weapon as the others neared him, he fired.

Authorities said they were told Fraley was so intoxicated at the time he had no clear recollection of events leading up to the shooting.

Little was arrested by Sheriff Sturgill and deputies Monday morning at the home on Hen Pen of his father-in-law. He later in the day was released under \$10,000 bond.

The victim was a native of Kansas and saw army service overseas during the recent war. He is survived by his widow, one child and his parents, who reside at Foxtown, Kansas.

Funeral rites for the victim were conducted Wednesday from the home of his father-in-law, W. R. Mosley, the Rev. E. E. Collins and others officiating. Burial was made at Weeksbury under auspices of Wheelwright American Legion Post and Local Union 5893, United Mine Workers. The Ryan Funeral Home directed the funeral and burial.

Mrs. Isabella Allen, Long Ill, Succumbs In Her 89th Year

Mrs. Isabella Justice Allen, 89 years old, one of the county's oldest and best-known women, succumbed Tuesday night at her home near Martin, victim of a long illness attendant upon advanced age.

Mrs. Allen was the widow of Sant Allen, who died in 1935. She was the last of the family of Mr. and Mrs. Jack Justice. Since girlhood she had been a member of the Christian Church.

Surviving are four sons and three daughters, Marion Allen, of Justell, Henry, Joe and T. J. Allen, all of Martin, Mrs. Sam Justice, Paintsville, Mrs. W. S. Akers, of Martin, and Mrs. Clayborne Bailey, of Justell.

Funeral rites are being conducted this afternoon (Thursday) from the Martin Christian Church, with burial in the Allen cemetery at Warco, the Ryan Funeral Home directing.

Mrs. Fanny Newsome Dies at Hospital

Mrs. Fanny Newsome, 58 years old, died Wednesday afternoon at the Beaver Valley hospital, Martin, a victim of heart disease.

A native of Shelbyville, Pike county, she was a daughter of Mr. and Mrs. David Kinney. Surviving are her two sons, Hersell Newsome, of Dupp, and Herman Newsome, McDowell, and the following brothers and sisters: Mrs. Anna Kinney, Mrs. Tom Adkins, Mrs. Grady Johnson, Mrs. Richie Kinney, Gus, Earl, Malcolm and Bill Kinney, all of Shelbyville.

The funeral will be held Friday from the home at Shelbyville of Gus Kinney and burial will be made in the Ratliff cemetery on Shelby, under direction of the Ryan Funeral Home.

4-MAN BOARD BEGINS WORK ON 1948 LIST

Revenue Department Sits in on Appeals Of Coal Companies

A four-man board of tax supervisors met here Monday morning for a two-week session during which a review of assessments will be made. The supervisors are L. C. Leslie, of Emma, Walter Martin, Wayland, R. D. Spurlock, Printer, and Basil Hamilton, Harold.

Appeals are being filed by approximately 17 coal companies on whose equipment assessments were boosted recently by the Department of Revenue a total of around a million dollars. A representative of the Department of Revenue will be here today and tomorrow (Thursday and Friday) to sit on a hearing of these appeals.

The first recapitulation of assessments gave a total of approximately \$16,500,000, and this figure was adequate, the Revenue Department said recently, to qualify the county for its share in the school equalization fund. Unless the supervisors cut into raises made, the final recap will place assessments at around \$20,000,000.

Assistant Attorney General Herdman said, last week, that the state Revenue Department has a right to send its agents into a county to evaluate property, as in the Floyd county mine property assessment.

The law gives the department the power to review the assessments and initiate increases and decreases in assessed valuation, Herdman said.

The courts have held the department, through its agent, the Tax Commission, can equalize assessments between counties and insure that all property is listed at its fair cash value, he added.

Herdman said the department cannot arbitrarily raise an individual's assessment except for the purpose of procuring equalization.

The opinion went to Walter Vanhoose, Nippa, Johnson county. The department has been conducting a re-assessment project in that county.

NEW HIGHWAY FEDERAL PLAN

Johnson Engineer Says; Proposed River Route Would Dodge Mountain

Warren Auxier, Jr., Johnson county highway engineer, this week quoted a federal highway engineer as saying a new route from Prestonsburg to Paintsville is definitely in the federal government's highway plans.

The proposed highway would divert heavy traffic from the present U.S. 23 and by-pass Abbott mountain by following the Big Sandy river from Paintsville to connect with the Auxier road leading on to the Mayo Trail, near here.

Highway officials at Frankfort recently told a Floyd county delegation they knew nothing of any plans for the new road.

The federal authority did not say when work on such a project would be undertaken, Auxier was quoted as saying.

BODIES OF SOLDIERS TO ARRIVE THIS WEEK

The Arnold Funeral Home announced Wednesday that the bodies of two Floyd county soldiers will arrive here Friday and Saturday.

These are Carl Hays, son of Mr. and Mrs. W. P. Hays, of Hi Hat, and George Goodman, son of Mrs. Jennie Goodman, of Dwale.

HELP FOR CLINIC

The Eagles Club met Monday night and voted an appropriation of \$100 to aid the ringworm fight. Officials of the club later announced it is ready to contribute \$100 a month, if necessary, to the eradication of the infection here.

A fund may be established with which to purchase necessary supplies for the clinic held here. A contribution of electric clippers was made to the health department by Harry Ranier.

WIDE NEWSPAPER PUBLICITY AND MOUNTING CONCERN OVER THE RINGWORM EPIDEMIC IN PRESTONSBURG RESULTED MONDAY NIGHT IN ONE OF THE COMMUNITY'S FEW TOWN HALL MEETINGS, WITH A GATHERING OF APPROXIMATELY 250 WORRIED PARENTS EXCHANGING VIEWS WITH HEALTH AND SCHOOL AUTHORITIES.

Wide newspaper publicity and mounting concern over the ringworm epidemic in Prestonsburg resulted Monday night in one of the community's few Town Hall meetings, with a gathering of approximately 250 worried parents exchanging views with health and school authorities.

Out of this meeting and the subsequent session, Tuesday morning, of the County Board of Health, emerged a definite plan for combating the scalp infection from which approximately 60 Prestonsburg pupils are suffering. The plan provides, briefly:

1. Children who have ringworm will not be banned from school; rather, will be obliged to attend.
2. Infected schoolchildren will be required to have their heads clipped and to submit to regular care and treatment, either from their family physician or at the Health Department clinic.
3. No child suffering ringworm will go to a barber shop.
4. Any pupil who now has ringworm and who is not rid

'Town Hall' Gathering Hears State Health Official Outline Plans for Ringworm Battle

quired, Mr. Frazier said he was told by the head of Winchester schools, and the infection was finally stamped out through regular treatment of sufferers. Most of Winchester's children were treated, he said he had learned, as Dr. Marvin Ransdell, director of the Floyd County Health Department, is treating children here.

An unexpected appearance at the meeting was made by Dr. Tracy Jones, director of county health work, State Department of Health, and his introduction to the crowd drew a round of applause.

Dr. Jones told the gathering that he had no doubt of the sincere interest of Dr. Ransdell in halting the spread of ringworm.

Asked about the best and safest treatment, he prescribed: Cutting the hair, getting medicine to the seat of infection, regularly, and the use of protective caps to prevent spread of the infection. Instead of stopping children from school attendance, he suggested day-to-day check-ups and regular treatment, emphasizing assiduous care in the home.

Use of x-ray to remove the hair from affected areas has been discontinued by many dermatologists, he said, because of the delicate film-

VETERAN DIES IN COLLISION

Father, Two Others Survive Truck Crash Near Martin Sunday

Farrell Chaffins, 20-year-old war veteran, was instantly killed and three other men were injured Sunday night in a collision of two trucks on the Allen-Lacey highway, between Martin and Warco.

The injured are F. E. Smith, of Maytown, Zeer Chaffins, of Minnie, father of the victim, and Henry Allen, of Lacey. None of the three was seriously hurt, although Smith remained a patient at the Beaver Valley hospital, Martin, Wednesday.

According to the report of the tragedy reaching here, the Chaffins pick-up truck was traveling toward Martin, meeting the Smith ton-and-a-half truck, when a car drew out of the lane at the upper side of the highway, a short distance above the home of Dr. Orris Gearheart. The Chaffins truck was cut to the left to avoid hitting the car, resulting in a smash-up of the two trucks, both of which were reduced to wreckage.

Young Chaffins' skull and chest were crushed.

The victim worked with his father as a painter. He was born at Lacey and resided there until the family moved recently to Minnie. Surviving are his parents and the following brothers and sisters: James Chaffins, Louisville, Mrs. Hugh Andrews, of Kansas, Harold and Hillard Chaffins, both of the army, Mack Chaffins at home, Kendall and Murdis Chaffins, of Garrett.

STRIKE STOPS CLEARING JOB

In Johns Creek Area; Work Demand Blamed For Forced Lay-Off

The Wyoming Valley Nursery clearing project in the Johns Creek reservoir area is strikebound for the second week, an official of the company said Monday.

This report said the work-stoppage began with the demand of a resident of the section that his son be employed. When the firm failed to comply with the demand, it was reminded nobody would work, it was said.

With that break in the work schedule, other troubles not described, but believed to involve increased pay demands, developed.

The clearing project is now 75 per cent complete.

Authorities here said they had not been requested to give those working under work protection, and there was no indication that federal authorities would be called into the case.

U. S. OFFICIAL CLAIMS CLAY LABELLED HIM

Newspaper Statements Of Bourbon Countian Attacked by Stephens

U. S. District Attorney Claude P. Stephens filed suit Saturday in the Floyd circuit court seeking to recover \$50,000 from Cassius M. Clay, of Bourbon county, for alleged libel.

The federal official, a resident of Prestonsburg, termed as "maliciously libellous and slanderous" certain statements Clay caused to be published on Feb. 4 in The Courier-Journal and The Lexington Leader.

Stephens' petition enumerates these allegations of Clay's as libellous and intended to injure the official in his profession:

1. That the official acts and conduct of Stephens in the Bourbon county vote fraud case were inept and that his handling of the case showed "incompetency or worse."
2. That the district attorney made contradictory statements regarding the status of the vote fraud case and that because of these statements and the "incompetency or worse" the Department of Justice should relieve Stephens of his duties with respect to the case and place in charge a special attorney of the Department of Justice.

Mr. Stephens alleged that Clay's published statements are to the effect that Stephens does not have the required qualifications to practice law or to perform the duties of his office, and that they imply dishonest or improper practices in the performance of his duties as District Attorney.

The purpose of the published articles, the suit contends, was to embarrass the plaintiff and to hold him up to contempt, especially with reference to his official connection with the investigation of the election fraud cases in Bourbon county, and thus to effect Stephens' dismissal as U.S. District Attorney.

Clay, who is chairman of the Bourbon County Citizens Committee, said in a prepared statement last Friday night that the committee felt its request for appointment of a special federal attorney to handle the investigation "is fully justified and should be granted."

In the case referred to spurious ballots favoring the Democratic party were found in several precinct ballot boxes. One vote was permitted U.S. Senator John Sherman Cooper, Republican candidate for reelection, in a box which allegedly had been tampered with.

Clay said the committee requested the Attorney General's office in

FINE AND JAIL ON CONVICTION

Of Dry Law Breach, Simpson Points Out To Pike Officials

Conviction on liquor-law violations in local-option territory carries a fine and jail sentence, Assistant Attorney General William F. Simpson said last week.

The opinion went to J. A. Runyon, Commonwealth's Attorney at Pikeville. In his report on a statute-interpretation dispute among officials at Pikeville, Runyon said County Judge Ervin S. Pruitt, on recommendation of County Attorney E. P. Keese, has been fining violators who plead guilty from \$100 to \$200 and turning them loose.

Runyon argued that those convicted of infractions in legally dry territory must be fined and jailed. Simpson agreed. Pike county is dry.

The statute specifies that a first liquor-law offender must be fined \$20 to \$100 and jailed 50 to 60 days. Second conviction imposes a \$40 to \$200 fine and 60 to 120 days in jail. The third conviction of the same person, and subsequent convictions, bring a one- to two-year term in the penitentiary.

First offenders are subject to the discretion of the court as to putting up a peace bond. But peace bonds are mandatory on second convictions, Simpson said.

Chick Experts at U.-K. List '12 Commandments'

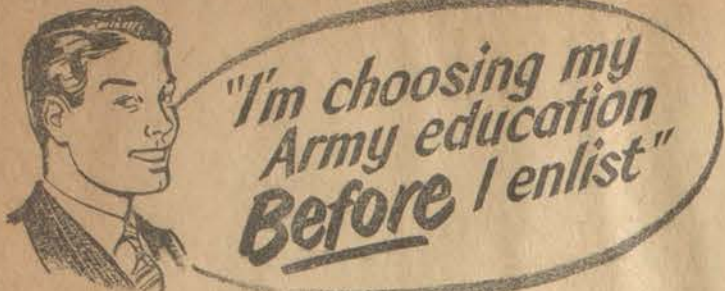

Lexington, Ky., Feb. 9—Poultry specialists at the University of Kentucky's College of Agriculture and Home Economics today released a list of 12 "commandments" for farmers to follow when brooding chicks.

The commandments are:

1. Keep the fire burning in the brooder stove two or three days before putting in the chicks. Regulate heat to 90 degrees at edge of the canopy. Don't overheat.
2. Feed chicks when they are put into the house. If not fed, they may eat litter and develop digestive troubles.
3. Use only feeds of good quality in chick rations.
4. Allow enough feeder space to avoid overcrowding—an inch for each chick during the first three or four weeks and two inches thereafter.
5. Clean feeders daily when liquid milk is fed.
6. If milk can't be had, then dried buttermilk or dried skim milk may be used and the chicks given clean water to drink.
7. If commercial mash is fed, it is not necessary to feed milk. Give chicks water to drink.
8. Use litter 2 to 4 inches deep at the start and add to it from time to time until it is 8 inches deep. Keep it dry by stirring with a fork.
9. Clean litter and clean feed to help prevent disease.
10. Provide ventilation. Don't make the mistake of having the house closed too tight.
11. Put in low roosts when the chicks are 3 or 4 weeks old.
12. Provide plenty of feed, shade and water in summer.

One out of every 150 Americans isn't on speaking terms with himself, and Mom is mostly to blame, Mrs. Rena Levy says.

Mrs. Levy said she had some firsthand information on the subject, because she has spent most of her 62 years waging a civil war on herself as one of the nation's 1,500,000 stutterers. Hardly anyone realizes it, she said, but that affliction is a major psychological problem, and in nine cases out of 10 the blame can be placed right in the laps of domineering mothers who try to make lap dogs of their children.

Until she was well past 40, Mrs. Levy was in a social muddle, because of her stammering. She was in some pretty illustrious company, including the King of England, but she decided she'd never even be ruler of her own home unless she could govern herself, so she taught herself how to speak correctly by learning to breathe and relax.

Now that she can rattle off "Peter Piper picked a peck of pickled peppers" without stumbling on a single syllable she is teaching other handicapped persons how to talk straight.

"The stutterer is in conflict with his environment and then he starts fighting with himself," she said. "He strains muscles. His voice fights with his body. He talks against his breath release instead of with it. His eyes bulge when he tries to talk. His mouth is distorted. He is really a person to pity."

That's why Mrs. Levy starts correcting the handicap with breathing exercises. Then she gets her pupils to sing sentences, because no stutterer ever stutters when he sings, and a lot of famous singers can't utter a single sentence without stuttering.

After that she goes into their troubles and gets them to relax and enjoy life. In anywhere from three months to a year, her pupils can order a peanut-butter sandwich without the slightest difficulty.

"If a person is going to stutter, he usually starts in at about the age of five," she said, "but a lot of nervous and upset people begin in middle age. Many men got out of the armed forces because they were unable to adapt themselves to new environments in a hurry."

When a child is born, she said he's afraid of only two things—noises and falling. But by the time Mom is through with him, he's likely to be afraid of everything, including himself.

"It's like a snowball, but fortunately the snowball can be melted," Mrs. Levy said. "Parents unconsciously direct children too much and want to hold them too long and make them dependent. They do it in good faith, but they carry it too far when they want to think for their children even after they are married."

"The parents of the pupils don't like me for just that reason. They accuse me of taking their children away from them, but actually the children are merely growing up."

Hazard Native Slain By Arkansas Police

Pine Bluff, Ark., Feb. 9—A burglar was shot and killed in a running gunfight with police in downtown Pine Bluff last night.

Police Chief Met Galligher said Patrolman William Corley shot down Arthur Beatty, about 37, of Hazard, Ky., after the latter was surprised in a luggage and jewelry store by Corley and another officer. In his flight Beatty emptied a pistol at the officers without hitting them.

Galligher said Beatty, a negro, had a long criminal record and was wanted for burglary and grand larceny at Hazard.

In Army Training

Twenty-five-year-old Tom Martin, Jr., son of Mr. and Mrs. Tom Martin, Sr., of Garrett, began army training Dec. 27 and is a member of Co. G, 502nd airborne infantry regiment, 101st airborne division, at Camp Breckinridge.

Child Delinquency, Canal Talks Made At Club's Meeting

A talk on "Child Delinquency" was given by Mrs. Virginia Stephens and A. J. May explained the proposed canalization of the Big Sandy river at the Prestonsburg Woman's Club meeting, Feb. 4, at the home of Mrs. Winnie F. Johns.

The president, Mrs. Wayne Bradley, appointed a committee, Mrs. Russell Shaw and Mrs. Robert Hughes, to cooperate with the other civic organizations in combatting ringworm. The club made plans to give a benefit card party, the proceeds of which will be used for public welfare.

A lunch was served by the hostesses, Mrs. Johns, Mrs. C. P. Stephens, and Mrs. W. W. Forty-Three Ky. Counties Must Adjust Assessments To Qualify for State Aid

Frankfort, Ky., Feb. 7.—Forty-three counties have been warned to adjust property assessments if they want to qualify for school aid.

The warning was issued Friday by the Kentucky Tax Commission which sent letters to the county judges. The 43 counties include almost three-fourths of all school districts now receiving extra financial aid from the state.

The commission said in its letter that unless steps are taken locally to raise or equalize assessments equal to the state's average no aid will be extended. Property assessment in the state averages 55 per cent of fair cash value.

Copies of the letter also were mailed to tax commissioners, school superintendents and editors of newspapers in the 43 counties. The counties include:

Adair, Allen, Barren, Bell, Boyd, Breathitt, Butler, Calloway, Casey, Clinton, Cumberland, Edmonson, Estill, Fulton, Green, Harlan, Hart, Hopkins, Knox, Knott, Laurel, Leslie, Letcher, Lincoln, Lyon, McLean, Mazoni, Marshall, Meade, Menifee, Monroe, Morgan, Muhlenberg, Owsley, Perry, Pulaski, Rockcastle, Taylor, Trigg, Washington, Wayne, Webster and Whitley.

The 1949 school equalization fund amounts to \$2,150,000. It is supposed to be distributed among school districts whose local taxes and regular state aid are not sufficient to meet state financial standards.

The tax commission issued the warning after examining second recapitulation figures from tax commissioners in all of the state's 120 counties. The commission's letters stress that local boards must take the initiative in bringing their counties up to the state average.

Last year the commission threw blanket raises on 28 counties to bring them up to average.

This year, however, the state will not take a hand in blanket-raising counties so they can qualify for equalization assistance, Clyde Reeves said. He is chairman of the Kentucky Tax Commission.

Reeves said, however, if a local board fails to bring up its assessment and disqualifies its school districts for extra aid, the commission would step into the picture, if enough local demand from the citizenry is made.

George Washington owned 49 race horses and had a penchant for betting on gray-colored ones.

Mullins Dies Suddenly At Hunter Residence; Rites Held Wednesday

Jay Mullins, 66-year-old miner, died suddenly Monday at his home at Hunter, victim of a heart attack.

Mr. Mullins had apparently been in good health and had on the preceding day attended the triple burials at nearby Drift.

A native of Bevinville, he was well-known in the Left Beaver Creek section. He had been a member of the Regular Baptist Church 14 years. His mother, Mrs. Druth Mullins, of Bevinville, his widow and the following children survive: Caustie Mullins, of Hunter, Jonah Mullins, Printer, Mrs. Hobart Riddings, Baltimore, Md., Frank Mullins, Blue Moon, Ersel Mullins, of Drift, Mrs. Carlos Smith, Baltimore, Hassell Mullins, of Louisville, Boyd and Jean Mullins and Mrs. Herschell Vaughan, all of Hunter. One sister, Mrs. Anna Dalton, of Drift, also survives.

Funeral rites were conducted Wednesday afternoon from the residence, the Rev. M. C. Wright and others officiating. Burial was made in the family cemetery under direction of the Ryan Funeral Home.

KENTUCKY ON THE MARCH

By EWING GALLOWAY

If pausing passersby see an unusual radiance in the marble face of Chief Paducah, in the landscaped middle of one of the Purchase metropolis's beautiful boulevards, it is because the spirit of that locality is proud of the industrial progress the city named for him has made in recent years.

A good wetting by the 1937 flood woke Paducah up. Even before all the water had been pumped out of basements, business people and civic leaders saw that something must be done to save this city of 35,000 from the bad reputation given it by the Great Inundation. They yelled for help and Uncle Sam gave them a \$4,000,000 floodwall three feet above the crest of 1937. Paducah began to grow as soon as the wall was under way.

I'm letting Henry Ward, Paducah newspaperman taking time off to serve the state as conservation commissioner, to go from here.

"Paducah is booming. A \$1,000,000 Magnavox Company plant has been completed and is now in operation, with the first 400 of what will eventually be 2,000 employees at work. This radio parts manufacturing factory is the most modern of its type. Additional units are in the plans.

"The Modine Manufacturing Company, top manufacturers of automobile and tractor radiators, selected Paducah as the site of a new plant last year. So well satisfied were officials of the company of production there that they have just announced plans for the construction of a \$500,000 addition. The contract has been awarded, and first stages of construction are under way.

"Getting into full production now is the plant in Paducah of the Ray-O-Vac Company, manufacturers of dry cell batteries. The Deena Art-ware Company has an addition to its pottery plant under construction. The Claussner Hosiery Company, one of the oldest and most successful of Paducah industries, is expanding its plant. There is full-steam ahead at the Paducah shops of the Illinois Central System, where parts for the entire system are manufactured, at the International Shoe Company plants, at the Southern Textile Machinery Company (only plant in the country making loopers for hosiery machines), and at the many smaller industrial plants which dot the city.

"But Paducah has not stopped with the city limits in its efforts to develop industrial prospects. The Paducah Association of Commerce took the lead in bringing about the location of a great new chemical plant of the Pennsylvania Salt Company 15 miles up the Tennessee river near Calvert City. Construction is now under way. And it aided in locating alongside the Pennsylvania Salt plant a new factory of the Pittsburgh Metallurgical Company, for which property has been bought and plans completed. Both were interested in that site because of a combination of river and rail transportation and the available cheap electric power from the TVA \$115,000,000 Kentucky Dam which is nearby.

"Cooperative marketing of strawberries, peaches, apples and other crops continue a major factor. The 1948 strawberry crop brought more than \$1,000,000 to the members of the McCracken County Growers' Association.

"Another new industry looms large in the future of Paducah and other cities of western Kentucky. It is the development of tourist trade that will be advanced by the great 143-mile-long Kentucky Lake. Opening of Kentucky Dam State Park, another 14 miles away, will stimulate the growth of the recreation industry, the most prosperous industry in many states.

"Paduchans met the challenge of the 1937 flood, and now they can afford to laugh at those who predicted dire things for it as a result of that tragedy."

Louisa Woman Dies Five Minutes After Husband Falls Dead

Louisa, Ky., Feb. 2.—An 85-year-old Methodist minister died here late today and his 79-year-old wife fell dead about five minutes later.

Friends said that the Rev. M. G. Griswold had been out for a walk and was returning home. He collapsed when he stepped onto his porch.

His wife, Mrs. Lydia Angie Griswold, ran across to a neighbor's house for help, and was stricken in the driveway of her home as she was returning.

A daughter, Mrs. Onie U. Kays, of Ashland, said that both her parents had had heart ailments for some time.

Mr. Griswold had been a minister in Kentucky for 65 years. Although he retired 15 years ago, he continued to preach at the Gallup Circuit church near here.

The Howe Rupture Shield has no leg strap; waterproof, sanitary, practically indestructible, and can be worn while bathing. Each shield is skillfully molded and fitted to the parts under heat, which gives a perfect fit and satisfaction.

Large and difficult ruptures following operations solicited.

**Two Floyd-Co. Miners
Among First 8 Cases
Sent to Washington**

The first group of paralyzed coal miners to be hospitalized in Washington will arrive in the nation's capital Friday from their homes in Kentucky and West Virginia.

The eight cripples, two of whom are Floyd countians, are victims of paraplegia caused by mining accidents. Because of the injuries to their spinal columns, suffered in roof falls and similar mishaps in the mines, some of them are paralyzed from the waist down.

They are being taken to Washington for treatment under the program of the United Mine Workers of America Welfare Fund. The men will be taken to the George Washington University hospital, 901 23rd Street, N.W., for medical care and necessary surgery and physical rehabilitation.

Names of the injured miners, their ages, home towns, their local union numbers and the dates of their injuries follow:

**OF INTEREST
TO VETERANS**

Veterans in industrial and on-the-job training who submit changes of address to the Veterans Administration should indicate if the changes are temporary or permanent, VA said this week.

In cases of permanent changes of address, so specifying will speed up the transfer of the veteran's record to the regional office having jurisdiction over the area in which he will be located.

Trainees who are going on short vacations and have no subsistence checks due to arrive during their absence should submit a change of address with a notation that it is only temporary so that their checks will be forwarded.

The Veterans Administration recently urged World War II veterans to keep appointments for medical or dental care which have been authorized in their respective cases by VA.

The VA said veterans should make every effort to obtain prescribed examination or treatment within the time limit in their respective cases. Broken appointments frequently cause unnecessary delays in medical or dental care.

Medical examinations must be given within the period specified on the authorization certificate. Treatments generally are prescribed on a month-to-month basis.

Dental examinations must be given within 30 days of the date on the authorization certificate, while any subsequent treatments are scheduled by the dentist at his discretion, but within a reasonable period of time.

Under existing legislation, veterans may be furnished out-patient medical or dental care in VA clinics, in private offices of physicians or dentists or in their own homes only for disabilities recognized by VA as incurred or aggravated in line of duty in active service.

World War II veterans who believe they are eligible for medical or dental care at government expense may make application at any VA office, presenting a discharge certificate which is other than dishonorable.

The chaplain, Mrs. Herbert Salisbury, conducted the ritualistic service which was followed by a service to the memory of Mrs. George P. Archer, a charter member and second regent of the chapter, which was named for her great-grandfather, John Graham. Mrs. Salisbury gave a prayer, with appropriate scripture. Followed a brief obituary of Mrs. Archer. Assisting in the service were Mrs. A. C. Harlowe, who read, "The Rose Beyond the Wall"; Mrs. Everett Sowards, who read "The Watcher"; Mrs. O. T. ing necessary to prevent permanent loss of hair.

He, like Mr. Frazier and Dr. Sirkle, expressed doubt that the 30 new cases reported are really new, saying that these 30 are, instead, possibly only newly discovered, through the use of "dark" lamps.

Dr. Jones announced that he had directed Miss Oma Smith, of Hindman, field supervisor of nurses in this district, and William Kansinger, sanitation inspector, to come here to offer their services in connection with the outbreak.

The county health department had a clinic in operation last week when concern of parents suddenly became intensified with the discovery of "new" cases and telephone calls were started urging a mass meeting of parents.

A small group of volunteer workers has been assisting the health department, which has been directed by Dr. Jones to devote its full facilities, including its nurses, to the ringworm clinic work. Tuesday morning, the number of Prestonsburg women giving help had risen but with the clinic a work of weeks or months more will be needed, it was said. Volunteer workers were asked to contact Mrs. Newton L. May at Phone No. 3921.

Women helping at the clinic as of Tuesday were listed as:

Mrs. J. D. Harkins, Jr., Mrs. R. D. Francis, Mrs. Bill Wallen, Mrs. Glenn Brickley, Mrs. Marvin Johnson, Mrs. Ray Stephens, Mrs. James Donahue, Mrs. Dave Stephens, Mrs. S. L. District Tourney Drawings and Game Hours Announced

Drawings were held by Floyd county's high school principals and coaches at the county school superintendent's office in the courthouse here for the 58th district basketball tournament at Betsy Layne, March 3, 4 and 5.

Tourney competition gets under way Thursday night, March 3, with Maytown and Prestonsburg tangling in the only game of the opening round at 7:30.

In the Friday afternoon session at 2 p.m., Garrett and McDowell meet, followed by Auxier and Betsy Layne at 3:15 p.m. Friday night, Wheelwright-Martin winners while the other two teams will meet at 2:15. The final is set for 8 o'clock Saturday night. There will be no consolation game preceding the final.

Admission prices, voted by the group, are announced as follows: for the Thursday night game, 40 cents for students and 75 cents for adults and each remaining session will cost 50 cents for students and \$1 for adults. Each school was voted 20 passes which was considered sufficient to care for players, cheerleaders, managers, school principal and the coach.

D. W. Howard, Betsy Layne principal, and Betsy Layne coach Ted Akers are in charge of further plans for staging the district meet and details will be announced later.

The coaches and principals voted an approved list of 10 officials and selected Jack Thompson, Louisville, and Lus Oxley, Hazard, as referees for the tournament. If the services of either one or both cannot be secured, it was voted to procure an alternate from the remainder on the list in the order upon which the referees voted.

They defeated McDowell at Martin Friday night, 56 to 37, and followed that up with a 42-33 victory over Betsy Layne on the following evening.

The Flash jumped into a 3-3 lead in the first quarter over McDowell and held a comfortable lead thereafter at all stages of the game. In the first half Martin held the opposition to a lone field goal and four fouls. The Left Beaver Creek team rallied strongly in the last two quarters. E. Lafferty and McCarty led the Martin attack with 11 points each, and every boy but one of the 13 used by Halbert in the game scored. Turner with 14 points and B. Stumbo with 10 headed the McDowell offensive.

Betsy Layne jumped off to a 22-19 lead in the first quarter against Martin, but failed to hold this edge long. Bob Taylor was the winners' high scorer in this contest with 14 points. Hobson, Crum and Davis, with 9, 8 and 7 points, respectively, were heaviest contributors to the Betsy Layne scoring.

Martin's Purple Flash Defeats Strong Teams In Week-End Victories

Coach Denzil Halbert's Martin Purple Flash, one of the four teams which will appear here Saturday night in Floyd county's first basketball polio benefit, continued a torrid pace over the week-end with decisive victories over Betsy Layne and McDowell, two of the more powerful fives among a bevy of strong Floyd net teams.

Double-Header Basketball Bill Matches Olive Hill vs. Martin and Prestonsburg vs. Maytown

Mounting public interest in practically every community in Floyd county indicated this week that a capacity house will witness the basketball doubleheader being staged here Saturday night by this newspaper as a benefit for the Floyd county March of Dimes drive for funds to fight infantile paralysis.

Advance sale of tickets began Monday here, at David, Martin, Maytown and in other communities, and tickets found ready takers.

For this first polio benefit on the hardwood Olive Hill's Comets are matched against the Purple Flash of Martin high school, and the Maytown Wildcats meet Prestonsburg high school's Black Cats in the other half of the twin bill.

Preparations at Prestonsburg gymnasium for the event included re-finishing of the playing floor, decking of certain sections of the gym in the colors of the four schools, plans for entertainment of the players, their coaches, school principals, cheerleaders and team managers.

The Maytown-Prestonsburg game Saturday night will be a preview of one part of the coming district net tournament, inasmuch as these two teams are slated to meet in the first round of the tourney. Interest in the Olive Hill-Martin encounter rises from the fact that it is a test between two of the strongest teams in their respective sections of Kentucky.

Plans for entertaining the teams include a free show, a reception dinner in the school cafeteria and the presentation of a participation trophy to each school with the school team's name engraved on it. A public address system is being installed in the gym for the benefit of those who wish to hear as well as see the hardwood activity.

The first game between Prestonsburg and Maytown is slated for 7 p.m., and the Martin Purple Flash vs. Olive Hill Comets contest will follow at 8:45 p.m. Due to the anticipated crowd spectators desiring seats should come early. The doors will open at 6 p.m., and the Prestonsburg high school band will entertain the pre-game gathering.

The most of Prestonsburg's stores, customarily open till 9 o'clock on Saturday nights, plan to close early in order that store owners, managers, clerks and customers may attend the games.

Maytown's Wildcats jumped into a first quarter lead and stayed in front to beat the Wheelwright Maroons, 42-37, at Maytown Friday night.

The Wildcats scored 15 to Wheelwright's nine in the first quarter and led, 23-16, at the half-way mark. They built the lead up to 33-23 at the end of the third quarter. The Maroons bounded back to outscore the Wildcats 14-9 in the final chapter but it wasn't enough to gain victory.

R. Curry, Wheelwright center, was top scorer with 19 while Boyd, Maytown forward, got 11 and his teammate, Frasure, tallied 10 points. Maytown hit 19 field goals and four of 10 free shots. Wheelwright tabbed 11 field goals and 15 of their 20 gratis shots.

Line-ups: **Maytown (42)** Pos. W'wright (37) J. Boyd (11), F. Newsome (5) W. Jones (9), F. R. Hooks (5) Patton (8), C. Newsome (19) Cooley (4), G. Newsome (17) Frasure (10), G. Newsome (3) Substitutions: Maytown—Halbert, W. Boyd, Mullins, Wheelwright—Osborne, Dickerson (3).

Falling victim to their opponent's early game scoring, the Auxier Hornets lost the second game of the week to Helliher, 43-31, at Helliher Saturday night.

The Hornets had trouble getting started while Helliher scored 10 to four in the first quarter, 15-11 in the second and 11 to six in the third. A belated Hornet rally in the fourth stanza failed.

Childers of Helliher scored 14 while Auxier's Honeycutt got back into form with 12 points and Wilcox of Auxier gathered 10 points.

Line-ups: **Helliher (43)** Pos. Auxier (31) Hatfield (8), F. Newsome (10) Childers (14), F. Newsome (10) Moore (8), C. Honeycutt (12) Bolen (8), G. Newsome (12) Pergem (8), G. Newsome (4) Substitutions: Helliher—Davis (4), Newcomb, Robinson, Auxier—B. Wells, Wilson (3).

League Roll Is Complete

Drift Awarded Franchise As Sixth League Member With Coal Company Aid

Team roster of the new Eastern Kentucky Baseball League was complete last week with the addition of Drift as the sixth league member, it was announced Monday.

The other teams are Wheelwright, Weeksburg, Wayland, Pikeville and Elkhorn City.

With liberal coal company support, the Drift team is regarded as an important factor in the coming league race. Although lights will not be installed at the Drift park this year, the grandstand will be enlarged to seat 1,000 fans, it was said, and lighting may be attempted if and when the club can purchase or procure a long-term lease on the field.

Arnold Carter, former Cincinnati Reds hurler, has been mentioned as a possible manager of the team. He has a brother working at Drift and through this connection the club is hopeful of acquiring his services.

Ward Reed, Tax Commissioner Clive Akers and others are now working toward the acquisition of player talent for the year.

Without facilities for night games, the team will play at home on Sundays and holidays and on the road for all night contests.

RUPP REPORTS

U. K. Coach Looks Back on the Olympics

(Third in a series of articles in which the University of Kentucky's veteran coach looks back on the 1948 Olympics and views world basketball in general.)

A SALUTE TO LOMBARDO

Many great athletes competed in the Olympic games last summer, of course—the cream of the crop from each of the nations competing, and a number of brilliant performers in addition to our own U.S.A. players appeared in the basketball tournament.

In a previous article I mentioned Furlong of Argentina as one of the standouts. First of all, he was an uncanny shot, a fellow able to put the ball through the hoop for two points from just about any range or any position on the floor. In addition, he had a lot of speed, and he also enjoyed the happy faculty of being able to make the defensive man foul him often.

Just about all the same talents belonged to Lombardo, of Uruguay, and I believe that all of us associated with the United States team would agree that he rated as the best player to perform against us.

Lombardo stood about six-three, fought excellently to get an advantageous position near the basket, could shoot with either right or left hand, and could jump like a kangaroo.

In the game with Canada he scored 28 points, getting 14 on seven field goals and missing only two out of 16 free throws, so we knew that we would have to stop him if we hoped to beat Uruguay since that team was built around this clever player and his teammates fed the ball to him constantly. We succeeded pretty well in keeping the ball away from him, but he managed to score a lot of points against us just the same.

Almost every team in the Olympic tournament used a zone defense except the U.S.A. The others usually presented the 2-1-2 pattern, with the front line dropping back to about the depth of the free-throw circle.

The zone operated rather well, possibly because no team presented a real long-shot artist. Since this type of defensive is extremely compact, it is not difficult to get shots from the side of the floor against it—but you have to hit your shots or no damage is done. Even the team from the United States, which included some players who are good long shots—with our own ball, couldn't hit very well in Harringay arena.

The ball used in the Olympics was heavier than our own, and actually resembled our basketball of the era of 1910. It had little bounce and was exceedingly hard to dribble.

The U.S.A. team used two styles of defense, one the pressing pick-up defense employed during the regular season by the University of Kentucky and the other the retreating defense used by the Phillips Oilers.

The two alternates who had played with each of the two squads in their exhibition series before going to London had become familiar with the playing style of their group and were usually used in the same combinations during the Olympics.

Our two combinations generally employed the fast break on offense, and a goodly number of baskets were scored through its use, partly because the United States could control both back-boards. Our squad was much the best in the tournament, and our one hard game will be discussed in the next article of this series.

TO THE PEOPLE OF FLOYD COUNTY:

I wish to take this means of announcing my candidacy for the Democratic nomination for the office of County Judge. During the past three years I have served you to the best of my ability, and I am sure that my experience will qualify me to serve you better in the future.

The record I have made as your County Judge is open for inspection and the public is invited to check this record and determine whether or not I am worthy of support. I promise you a continuation of honest and faithful service. Your support and influence will be appreciated.

Your friend,

ALEX L. DAVIDSON

(Pol. Adv.)

TO THE VOTERS OF FLOYD COUNTY:

I believe that the time has come in Floyd county for the voters to work and elect a working man for our Jailer. After all, it is the working man that pays all the bills. The only time the politicians are for the working man is on election day.

I am a crippled man, having lost a leg several years ago. I am a member of Local Union No. 7796, Drift, Ky. I am a resident of Arkansas Creek and am known all over Floyd county as "One-Legged Horse-Swappin'" Johnny Conn.

I am a Christian man and trying to lead a good life and all the citizens know that they will be treated fairly if I am nominated and elected.

I call upon the good Christian people and the working people to give an old working man a chance by nominating and electing me Jailer of Floyd county. I am 50 years old and have been a Democrat all my life. I will try and see all the voters that I possibly can between now and the primary election, but being a crippled man, I may not get to see all and I take this method of asking for your support and influence.

Subject to the action of the Democratic primary.

JOHNNY CONN
Arkansas Creek, Martin, Ky.

TO THE VOTERS OF FLOYD COUNTY:

I wish to ask you to consider my candidacy for the Democratic nomination for Jailer of Floyd county. I am a citizen of Left Beaver Creek at Mumble, Ky. I am the son of L. B. Williams and a grandson of Rev. Thomas Mosley, of the Left Beaver section.

I am asking the voters of Floyd county for their help because I am handicapped and find it impossible to get work because of my condition, as I have had tuberculosis. I broke down in 1944 while doing war work and spent four years in a sanatorium and had eight ribs and one lung removed. Now that I have an arrested case of T. B., my family has had to depend on my father since my sickness.

I am a sober, honest man and never did swear in my life and I am 27 years old.

I believe if the voters of Floyd County stop and think, they would cast their votes and elect me for their next jailer. I will serve you to the best of my ability. So I hope you all think I am the man who needs help. Your vote and influence will be greatly appreciated.

Palmer Williams
1-27-3t-pd.

TO THE VOTERS OF FLOYD COUNTY:

I am still announcing myself as a candidate for the office of Jailer of Floyd county, subject to the action of the Democratic primary in August. I promise to give you honest, sober and efficient service if elected. Your vote and influence will be greatly appreciated.

1-20-4t-pd.

SIE TACKETT

TO THE VOTERS OF FLOYD COUNTY:

I wish to ask you to consider my candidacy for the Democratic nomination for County Court Clerk of our county.

I am a citizen and resident of Martin, Ky., and have resided there since my return from three years of service in the army of the United States during World War II.

My father, Marson Moore, was born and raised on Left Beaver Creek, near McDowell, Ky.

In education and experience, I feel that I am qualified to serve the people of this county as their Clerk. I realize that the duties of the office are many, that the responsibilities are great, and that the opportunities for serving the people are numerous. I am more than willing to work hard as your Clerk in order to help the people of our county feel that the office of County Court Clerk belongs to them and is at their service at all times. I will try hard to serve you well.

If nominated and elected, my sole ambition will be to conduct myself and the office of Clerk in such a way that the good people of Floyd county will be proud of my work.

(Pol. adv.) DURAN MOORE

TO THE FLOYD COUNTY VOTERS:

I come to you again for the Republican nomination for Jailer. If nominated and elected, I promise you the kind of Jailer the taxpayers need. Thanking you in advance for your support.

TO THE VOTERS OF FLOYD COUNTY:

This is to announce my candidacy for re-election for Representative from the 96th Legislative district composed of Magisterial Districts Nos. 1 and 2 of this county.

After serving one term as your Representative, I feel that I have gained the experience necessary to serve you better at Frankfort. My efforts thus far have been toward the betterment of my home county, and that includes all classes of the county's population—the veterans (of which I am one), agriculture, labor, the teachers and the taxpayer in general.

I have always been glad to listen to my friends, to benefit from honest advice and to heed any suggestions given in the public interest. To try to learn what is best for us all and to work for that will continue to be my policy.

Sincerely,

(Pol. adv.) HENRY HALE

Study of Relations With Russia Presented

The David Woman's Club held its monthly meeting, Feb. 4, at the home of Mrs. William Crawford, with Mrs. James Hall and Mrs. Arnold Clark as co-hostesses. A covered dish dinner was attractively served in the St. Valentine motif. The program of the evening was on the topic of International Relations, and a paper was presented by Mrs. I. C. Spotte on Russia. The aim and purpose of this program was to create and stimulate interest in Russia and to warn and to head against the spread of Communism.

Members and guests present were Mesdames Otis Bussey, Pete Capelli, Arnold Clark, Walter Crace, William Crawford, Harry Fiedler, Enno van Gelder, James Hall, Russell Hartman, William Hartman, Ora Howard, Frank Music, Joe Nekoranec, Don Preston, Charles Schindler, Irvin Spotte, M. E. Thompson, Virgil Warrick.

Family Shoe Store Installs New X-Ray Machine To Aid Fitting Footwear

Family Shoe Store has added a new x-ray machine to their up-to-date shoe store. This machine reveals any deformity of the bone structure of the foot and it not only helps to select the proper shoe but it also determines if the shoe fits properly as to width and length. This machine is adjusted for three degrees of penetration, low for children; medium for women, and high for men. In this new x-ray machine the flesh as well as the bone is shown so that it is absolutely impossible to fit shoes too short.

This is especially important to children, because short or improperly fitted shoes can greatly damage the soft, pliable bones of a child's foot. It eliminates guessing when fitting children's soft feet for it is well-known that youngsters may not know "how the shoes feel" nor be able to express their opinions. This x-ray machine permits you actually to see the fit of shoes before they are purchased and worn, thus eliminating the annoyance of returning misfit shoes.

Adults will be interested to know that it will also aid greatly in fitting arch supports, which has been a feature of the Family Shoe Store. (Adv. It.)
