NO-PASS PASSAGES

Madison Square Garden, says Ned Irish, the Garden's executive vice-president, greets the seeker of passes to athletic events with a placard prominently posted in the waiting room, which reads: "In Those Days No Passes Were Given."

Below this line appear the following Biblical quotations in support of the "They Shall Not Pass" policy, and we reprint them here for the benefit of others who often are beset by requests for Annie Oakleys:

"Thou shalt not pass... Numbers 20:18. Though they roar, yet they cannot pass... Jer. 5:22. The wicked shall no more pass... Nahum 1:15. This generation shall not pass... Matt. 24:34. Beware that thou pass not... II Kings 6:9. Neither any son of man pass... Jer. 51:43. No man may pass through because of the beasts... Ezek. 14:15. So he paid the fare thereof and went... Jonah 1:3.

DEAD DOGS WAG NO TAILS

If this story falls flat on its face, this lug's labor's lost. I've spent some time cleaning it up from the version given me by a friend, and I assure you, it was no small task.

It has to do with this talking dog business and the affairs of a young man in college. Also the affairs of an old man at home.

When John went to college he was not heavily endowed with cash. His father was a farmer, land-poor, so the boy was up against the proposition of acquiring knowledge on something other than a silver platter.

But John acquired some friendships at college, and these kindred spirits were given to a bit of roistering. So it wasn't long till John, a freshman, was fresh out of cash. He was up against it, he realized. He must have money—but where and how to get it? The old man didn't have it, he knew. Then along came this talking dog business. So there evolved a plot. John wrote home:

"Dad, I know a man who is an expert trainer of dogs. He trains dogs to talk like those you probably have been reading about in the papers. If you will send Old Shep to me I'll have him taught. He can be a great deal of company to you and Ma there alone, both of you old and not able to get out. The fee is only \$500."

The old folks went into a huddle and after much groaning of spirit decided to risk it. They slapped a mortgage on the old homestead, raised the \$500 bucks and bundled it and Old Shep off to college.

Followed a long series of hi-jinks, with John leading the pack. They traveled several different gaiters until the \$500 was gone. Again desperation gripped the collegian. Broke. Old man broke. What to do?

Again the youngster's fertile brain began incubating a scheme. Wrote he, home:

"Dad, Old Shep has learned to talk wonderfully well. I would get him on the radio and send you your money home, but you know how shy he is and I don't want to be cruel to him. So I have decided he should be educated to the limit, purely for the enjoyment of you and Ma. This man who has been training him to talk can teach him to read, and I think that would be better even than talking, since he could read the newspapers to you and Ma as well as talk. This course would cost

SCHOOL HEAD 'AIR STUDENT'

Superintendent Hall In 'Flying Classroom' Among 120 Educators

Approximately 120 leading educators from 20 states are "pupils" in the fifth Michigan State College "Flying Classroom" which took off from Cleveland Municipal Airport Monday, Feb. 21. Carl M. Horn, director of continuing education at the college, announced recently.

Included among those making the tour is Palmer L. Hall, superintendent of Floyd county schools.

The "Flying Classroom," sponsored by the American Administrators and Michigan State College, will visit Cleveland, Detroit, Chicago and St. Louis during the one-week period ending Sunday, Feb. 27. Its purpose is the study of "School Building Planning and Construction," and "Business, Industry, and Education Cooperation."

Two 60-passenger airplanes have been scheduled for the trip. The school administrators, board members and architects met in Cleveland Sunday for orientation before the flight.

CLAIMS AIDED BY RED CROSS

Power of Attorney Held In Over 1,000,000 Cases Of 6,500,000 Vets' Pleas

Of the more than 6,500,000 compensation and pension claims on file with the Veterans Administration last year, the American Red Cross held power of attorney in more than 1,000,000 cases to act for the veteran or his heirs, Miss Ella Noel White, executive secretary, Floyd Chapter, said last week.

She emphasized that the organization is ready to give immediate assistance in the preparation, filing and development of claims for government benefits that may be due a veteran or his dependents.

Chapter workers are kept advised by Red Cross national headquarters of the laws enacted by Congress and the interpretation of them by the Veterans Administration, it was pointed out. These chapter workers know exactly what information must go into the various applications, and to what office they should be sent. Furthermore, Red Cross claims service field directors are stationed in each of the 34 VA offices in the United States, Alaska, Hawaii, Puerto Rico and the Philippines, the chapter added.

Approximately 85 per cent of these claims service representatives are former servicemen and they have been specially trained for their jobs. Thousands of veterans the country over have successfully presented their claims before various VA boards through these representatives, it was said. During the past year the Floyd County Chapter has handled approximately 100 cases per month, 75 per cent veterans, the others servicemen and a small percent of civilians. With chapter workers the country over ready to obtain background information that may be needed to round out a claim, the Red Cross is able to serve the veteran or his dependents speedily and, equally important, efficiently.

Floyd County Chapter's office is located in the Masonic building and is open, Monday through Saturday noon.

Red Cross Sunday Set February 27

President Basil O'Connor of the American Red Cross announced that Feb. 27 has been set aside as Red Cross Sunday. Observance of this special Sunday in churches throughout the nation precedes the opening of the annual Red Cross fund appeal to be conducted through March.

J. R. Hurt, this county's 1949 campaign chairman, has appealed to all Prestonsburg churches to cooperate, saying that this practice is a tradition among clergymen of all faiths to give spiritual meaning to the Red Cross appeal.

Traffic Violators Safe Here from State Police

If your license as the driver of a motor vehicle has been revoked, you can continue to operate with complete immunity from the state police if you are careful not to drive outside the limits of Prestonsburg and 39 other Kentucky towns.

This state of affairs results from the fact that the act of the Legislature creating the state police provides that the state agency can operate only in those cities of the first five classes which invite it to come in. To date, 107 municipalities have extended the invitation. Prestonsburg, Louisville and 38 other places have not laid down the welcome mat.

WET-DRY POLL HERE MAR. 26 HELD CERTAIN

Judge Expected To Fix Election Date Monday; Drys Form Organization

Prestonsburg's local option election, it became almost certain this week, will be held on March 26.

Certainty of the wet-dry vote developed with the decision by dry leaders not to contest the petition filed Jan. 24 asking County Judge Alex L. Davidson to designate March 26 as the election date. Only one affidavit had been filed, as of Monday, denying signature to the petition. Although dry leaders openly questioned others and had considered attacking the petition, they finally decided not to do so.

The law makes mandatory the setting of the election date asked in the petition, unless the petition is effectively contested, and Judge Davidson will in all probability enter an order authorizing the election at the county court session next Monday.

After deciding to fight the question out at the polls, approximately 100 persons met in a dry rally at the Methodist Church here Sunday and organized for the dry campaign. The Rev. L. W. Benedict, pastor of Irene Cole Memorial Baptist Church, was named campaign chairman at Sunday's rally. Other organization leaders named are: Mrs. J. D. Mayo, vice-chairman; Mrs. J. C. Hanshaw, secretary, and Ray Stephens, treasurer.

Since the filing of the petition, wet forces have made no further campaign moves.

PAROLEE HELD IN CAR CASES

Hall Accused of Forgery In Purchase of Auto From Local Dealer

A penchant for using other Halls' names on checks and other papers by means of which he acquired cash has J. Hall, state parolee, back in jail here.

This time, the Mud Creek man mixed checks with fast automobile deals, the trail of which extended to the Canadian border, then back to Prestonsburg, and from there again to Cincinnati. His first pen result when he was convicted on a false pretense charge of obtaining money from a local bank by signing the name of W. J. Hall, a well-known depositor, to a telegram asking for money while he was in the army.

His last series of escapades is said to have begun with a trade in an automobile the Valley Motor Company here had acquired from F. P. Hall, Weeksburg attorney. In this transaction he was said to have issued a cold check for approximately \$300. Apprehended in Michigan, he was returned here but was released last Tuesday after "arranging" a settlement of his debts, etcetera, it was said.

Next day, it was said, Hall went to the Cooley Motor Company here and procured another car, this time forging F. P. Hall's name to a \$900 check. The bank here refused payment and advised the Weeksburg man of the forgery. Meanwhile, the ex-convict had turned up in Cincinnati where he is said to have offered a dealer a car trade so "hot" that the dealer became suspicious, with the result that Hall again was arrested.

And again was returned to jail here.

Traffic Officer Warns Against Ignoring Tickets

Motorists who have received parking violation tickets here and have failed to pay the nominal penalty of a 5-cent deposit in the meter at the police station were warned this week by Traffic Officer Roe Layne.

If they do not comply with the traffic regulation providing for deposit in the meter, warrants will be sworn out for their arrest, Mr. Layne said. "And that will cost a lot more," he added.

CLUB OWNER IS CONVICTED

Mrs. Scott To Appeal Fine and Jail Term; Wayland Man Jailed

Mrs. Bea Scott, proprietor of Scott's Night Club at Betsy Layne, was fined \$100 and given a 30-day jail term by a jury in county court here Wednesday morning upon her conviction of possessing whiskey for sale.

The trial, spiritedly fought, saw a dozen or more witnesses testifying, with the defense seeking to disqualify County Judge Alex L. Davidson as the trial judge and also certain deputy sheriffs from the duty of summoning a jury.

The defense claimed the 26 half-pints of Paul Jones whiskey and half case of beer found by deputy sheriffs and state police Saturday night in the club belonged to a roomer named Bartley. One witness testified that he had bought whiskey there.

A peace bond of \$500 was also required for Mrs. Scott's release pending her appeal to circuit court, authorities said.

Action against the night club began with a petition signed by more than 100 residents of the community protesting operation of the club. Saturday night, Daniel Newsome swore out a peace warrant stating he had bought whiskey at the club. The raid followed on Saturday night.

Citizens of the community followed up this action by appearing in court for the trial. Slated for trial Monday is Kenneth Roberts, of Lackey, former Floyd officer, in whose auto Deputy Sheriff Harold Conley found six cases of whiskey and six cases of beer last week. Roberts was jailed here Friday.

Howard Knox, charged with shooting and wounding two women at Wayland, last fall, was jailed here last week and later released under \$2,000 bond. Also at liberty under bond is Richard Carter, who was jailed here Thursday by Deputy Sheriff Harold Sammons on a cold check charge.

James Price and Junior Baldrige are in jail on breaking and entering charges, the latter accused of taking a small amount from the Dairy Bar here. Officers said he was drunk and had been touring the town on a stolen bicycle.

Willard Hughes was held Sunday on \$1,000 peace bond, and Tuesday morning Pearl Conley was ordered held until he executed peace bond in the same amount. His wife, Ellen Lawson Conley, claimed he had repeatedly beaten her, and that from the result of one beating she had lain unconscious eight hours. She told of her husband tossing her out the door of her home onto concrete. The husband contended she started the fights and that on the occasion when she claimed he threw her out the door the circumstances were different. She, said he, was pulling his hair and her hold slipped, causing her to fall.

The teaching of health and economy habits in the schoolroom should and will go with the child through all his life and is as much a part of the teacher's duty as the teaching of subject matter, Mr. Hall pointed out in the proclamation.

Survivors are two daughters, Mrs. Rudolph Lewis, Miss Lennie Lewis, two sons, Herbert and Elder Lewis, two brothers, Elder, Banner and Wallace Lewis, all of Ivel, and one sister, Mrs. Ben Gunnells, of Mare Creek.

Funeral services at the home were conducted by the Rev. Isaac Stratton and burial in the Alfred Lewis cemetery was under direction of the Arnold Funeral Home.

MAY NOT FILL POOL BEFORE 1950; STRIKE NOW IN FIFTH WEEK

The Times was in error when it stated, several weeks ago, that July 11 has been definitely set as the date when the Dewey reservoir waters will be impounded and open to public use, this newspaper learned only this week.

July 11 is the date when the contract of the Ryan Construction Company expires, and there is a strong possibility no pool will be created by impoundment in the area this year. H. W. Witte, resident engineer, U.S. District Corps of Engineers, said.

Even the time for completion of the dam by Ryan could be extended. Before the lake is formed and opened to the public as a recreation center, cemeteries and roads must be relocated, the area must be cleared, a dam tender's quarters constructed and possibly other preparations made.

Employees of the Wyoming Valley Nursery, contractors on the clearing project, remain on strike. The work stoppage began Jan. 18 when the demand of a resident of the section that his son be employed. The company refusing to comply with this demand, men began quitting work. Later, the matter of wages entered the dispute. It was said this week no apparent progress is being made toward a settlement of differences.

OFFICE-SEEKER EXAMS SLATED

Tax Commissioner Candidates To Take Tests on March 14

Candidates for the office of Tax Commissioner in counties of the Seventh Congressional district will face an examination to be held in the Administration building of Pikeville College at 2 p.m., March 14, the State Revenue Department has announced.

Under the law, to get his or her name on the ballot as a candidate for Tax Commissioner next August, the candidate must hold a certificate stating that he passed the test prepared by the Revenue Department. Until the enactment of the present law, these tests were given by County Attorneys.

Tax Commissioners now in office and planning to seek re-election are not required to take the examination.

SETS HEALTH ECONOMY DAYS

Supt. Hall Estimates 60 Per Cent of Power For Schools Is Wasted

The first three days of next week have been designated Health and Economy Days in the Floyd county schools by proclamation issued last week by Superintendent Palmer L. Hall, and all principals and teachers have been requested to see that a minimum of 20 minutes' instruction be given all pupils on each of these three days on proper heating, ventilation and lighting of classrooms.

The teaching of health and economy habits in the schoolroom should and will go with the child through all his life and is as much a part of the teacher's duty as the teaching of subject matter, Mr. Hall pointed out in the proclamation.

It has been estimated that from 40 to 60 per cent of the electricity paid for by the Floyd County Board of education is, in effect, wasted, the school head stated, adding that, despite this excessive use of power, the eyes of boys and girls are being injured because in perhaps half of the classrooms lamp shades and bulbs are not kept clean or the bulbs are of improper wattage. Natural light, the best of all lights for a classroom, is obscured, he said, by dirty window panes, curtains not adapted for school windows and lowered shades.

It is estimated that of the \$800 school power bill per month, from \$300 to \$500 is wasted. Commensurate loss in fuel results from improper ventilation and heating.

LEGISLATURE TO CONVENE

Special Session Set Tuesday; Tax Reform And School Aid, Topics

Special to The Times  
Frankfort, Ky., Feb. 24—The special session of the General Assembly which Governor Earle C. Clements has called to meet here next Tuesday will be presented with a series of bills, enabling in nature, that will permit counties to avail themselves of state assistance to correct their assessment problems.

The bills, now being drafted, will be studied further by the Legislative Research Commission when it convenes today, but salient points of them are that they are merely permissive in character—voluntary measures—that counties need not take advantage of unless it is desired by the local communities themselves.

However, the proposed laws will give the Department of Revenue added authority, a staff of valuation experts and qualified field men who will be available to go into any community where local taxing authorities request assessment assistance.

"It is my hope the General Assembly will enact remedial legislation to provide for such enabling laws through which counties may be helped to equalize their property assessments," said Governor Clements. "Such legislation should pursue strictly the form of enabling acts and be corrective only in character."

"In fairness to the school children of Kentucky," the Governor said, "counties should be given added time to make proper adjustments to continue their eligibility for equalization aid." Legislation will be offered.

JUDGE HOLDS DANIELS HERE WITHOUT BOND

Counsel for Slayer May Take Bail Plea Into Circuit Court

Joe P. Tackett, attorney for Graden Daniels, 22, confessed hammer-slayer of 52-year-old Dan Collins whose body was found in a coal train caboose at Wheelwright Junction in the early morning hours of Feb. 12, indicated Tuesday he may appeal to the Floyd circuit court for bond for his client.

The Prestonsburg attorney hinted as much after County Judge Alex L. Davidson concluded the examining trial here Tuesday afternoon of Daniels with a quick "No bond allowed," seconds after opposing counsel had said they had finished with testimony.

Daniels himself did not testify at the hearing. Only his father and the Rev. Edgar R. Miller, of Auxier, appeared as witnesses in his behalf and they told of a dent in the wall of the caboose, this to substantiate the claim of the slayer that Collins threw the hammer at Daniels before the implement was turned on him with devastating fury.

Cross-questioning by Atty. Edward L. Allen elicited from Miller the admission that the dent was between the stove and the back door of the caboose, not toward the front door toward which Daniels claimed he had been shoved by Collins.

Detective Arch Thompson, of the state police, corroborated for the Commonwealth the details of Daniels' confession and declared it was gained without threats or promises, and M. T. Begley, of Martin, conductor of the train which Collins was a crew member on the night of the slaying, told of finding Collins' body when he opened the caboose door after returning to that section.

PLACE BURDEN ON GAS FIRM

Ky., W. Va., Notified To Show Cause Why Gas Not To Be Supplied 17

The Public Service Commission has notified the Kentucky West Virginia Gas Company to show cause at a public hearing in Frankfort March 22 why the Commission should not order it to supply gas service to L. G. Frazier and 16 other residents of the Price community on Left Beaver Creek.

The Commission's decision will be watched with interest by many residents of this section who have applied in vain for such service.

The gas company, it has been explained, has a contract with the Louisville Gas & Electric Company to supply a certain gas volume monthly. To place on its lines local consumers would make it impossible for the company to fulfill terms of this contract, it has been claimed.

Bosco Mine Among First To Make Sludge Valuable

A Floyd county mine, that of the Diamond Elkhorn Coal Company at Bosco, is one of four U.S. coal operations which have taken the lead in discovering that sludge—the residue from washing coal—is really black gold.

The Bosco mine, the Jenkins mine of the Consolidation Coal Company, at Harco, Illinois, and an operation at Hillstadt, Ill., are the four pioneers in discovering that sludge is, instead of worthless and a mining headache, an important fuel.

Before these companies installed heat-dryer units by which sludge is made marketable, this product of coal washing was a gremlin in the operation of coal mines. Finding places to dump it was, and in most cases still is, a problem. Water running off it bore a chemical detrimental to land on which it drained.

The sludge, or slurry, now is being turned into a highly combustible stoker fuel for making of electricity.

Sludge is nearly pure carbon. It is left in the separation of commercial coals from impurities as they pass through the screens to be sized, washed and otherwise processed before loading onto railroad cars.

The new process grew out of the

problem of getting rid of it. When the Diamond Elkhorn Coal Company at Bosco, some time ago, installed a link conveyor, it also installed a heat-dryer to convert this matter from washing waste into coal.

"It sells as carbon," T. R. Stapleton, superintendent of the Bosco operation, said.

Most coal-washing plants do not handle coal below quarter-inch size, it was explained. The Bosco operation handles all that will burn, regardless of size. One man operates the heat-dryer there and, though it was a rather heavy investment, it is paying dividends.

Through the use of the heat-dryer, the wet mass of coal emerging from the washer, finer than metal filings, is converted into powder-dry fuel with a high BTU content. Its makers claim it is preferred for fueling boiler stokers in power-making because it does not have to be crushed. This saves, it is explained, the cost of pulverizing coarser coal, and it's easier to handle.

In carbon content this sludge is compared to "mother coal," which is found in the No. 3 Elkhorn seam of this section, one coal man said. This coal product, which is coal not "yet of age," is said to be 90 per cent carbon.

**My Old Kentucky Home Visited by 101,523 To Shrine During 1948**

Frankfort, Ky., Feb. 24 (Spl.)—Citizens from all 48 states, the District of Columbia and five foreign countries visited My Old Kentucky Home during 1948, the Division of State Parks announced today. A total of 101,523 persons visited the famous shrine.

There were 13,178 Kentuckians who visited the spot where Stephen Collins Foster wrote the immortal strains of "My Old Kentucky Home." Indiana was second with 8,942, while Ohio and Illinois ran a close third and fourth with 7,376 and 7,318, respectively.

Michigan had 3,760 of her citizens pay their respects. Citizens of California and New York, who recently expressed the opinion that they would rather visit Kentucky than any other spot, had 1,288 and 1,189 on the register.

Nevada had the least number of persons to visit the shrine with 29 names on the book.

Leading the foreign countries was Canada with 374 while England ran far behind with a second of 70, Puerto Rico was third with 27 and Hawaii next with 25.

Fourteen Chinese and 12 French visited the spot. Russia was tied with several other countries for a low mark of one visitor.

In many European countries, "My Old Kentucky Home" is considered the national anthem of the United States due to its great popularity abroad.

**OF INTEREST TO VETERANS**

World War II veterans receiving education or training under the GI Bill are urged by Veterans Administration to include the name and address of their school or training establishment in all correspondence with VA.

This information should be included in addition to the clearly legible, complete name and address of the veteran and the extremely important claim number.

Student-veterans and job-trainees who follow this advice will expedite any action on their case by VA and avoid delays often caused by lack of sufficient information contained in correspondence from veterans.

Veterans taking institutional on-farm training under the GI Bill must submit reports of their 1948 earnings to the Veterans Administration regional office by March 1, 1949, in order to continue receiving subsistence allowances, VA said this week.

Failure to submit reports before the deadline may result in suspension of subsistence payments until such time as the reports reach VA. The reports—covering income from productive labor only, for the calendar year 1948—will be used by VA as the basis for adjusting each veteran's subsistence for the current year (1949.)

Under the law, subsistence allowance will be reduced if a veteran's monthly income from productive labor plus his subsistence exceeds \$210 a month if he has no dependents, \$270 if he has one dependent, or \$290 if he has more than one dependent.

**QUESTIONS AND ANSWERS**

Q. I am an honorably discharged World War II veteran. At present I am in prison for a minor offense. May I receive a correspondence school course under provisions of the GI Bill?

A. Yes, the Veterans Administration makes contracts with approved schools and will pay for accredited courses, but no subsistence allowance will be paid.

Q. I am a World War I veteran and have been working out my income tax report. Do I have to show my compensation from VA?

A. Disability compensation is exempt from federal income tax. However, this is a matter within the jurisdiction of the Internal Revenue Bureau.

Q. I would like to know why the pension I had been receiving under the law is now called compensation?

A. Public Law 494, 79th Congress, provided that the term, "compensation," be applied to all service-connected disability or death benefits paid through Veterans Administration.

Q. What income limitation is attached to the pension I will get as the widow of a soldier who died in a Japanese prison?

A. No income provisions are applicable to compensation payable for service-connected death.

**Clements Dares To Lead**

FRANKLY, this newspaper has never been a great admirer of Governor Earle C. Clements.

At first, it was suspicious of his connections. Later, it had an idea the Governor was dictatorial in his methods. His connection with the re-districting bill had us at the point of pronouncing our own special brand of anathema on him.

But as of this week the Governor's stock goes up with us.

We like the cold nerve of the man.

He has called a special session of the General Assembly to start out, at least, on the tax reform job which has long been recommended but which has been a cat-belling job all other Governors have eschewed. He has been warned of public reaction, of the possible loss of Kentucky to the Republicans in 1950.

Yet those who warned him, astute politicians that they are, have admitted something should be done to get tax assessments within the realm of equality. And so the Governor has decided, says Allan M. Trout, a reputable and sincere reporter, that he will be Governor but once and—damn the torpedoes!

This legislation to be sought at the special session, it is claimed, will not be a law "laying down the law" to home rule, taking authority away from the counties or eliminating county offices.

Rather, it will be an enabling act which will give those counties needing help on tax matters the right to call in state aid. That being true, the Legislature should, after looking into the bill, and around and behind it, support such legislation if there are no pitfalls for the public in it.

**Home Games Cancelled By Former Floyd Man, Head of Morehead High**

Morehead, Ky.—Cancellation of Morehead high school's four remaining home basketball games, because of a "near epidemic" of scarlet fever, was announced last Thursday by Walter Price, principal of the local school. Price, a native of Prestonsburg, is a former Floyd county teacher and coach at Wheelwright. The school was closed Wednesday on orders from the state and county boards of health and cancellation was made necessary.

The games were with West Liberty, Russell, Olive Hill and Catlettsburg.

In addition, Breckinridge Training School's game with Mt. Sterling, scheduled for Morehead Wednesday night, was postponed pending further developments. Breck has one home game remaining, with Maysville.

Morehead schools were ordered closed until March 7. A city-wide quarantine on all children 16 years of age and under also was imposed.

There are about 40 cases of the disease in the city. Dr. I. M. Jarred, chairman of the Rowan County Board of Health, reported.

The quarantine bans all children from entering any places of public assembly, including restaurants, theatres, poolrooms and churches.

Dr. Jarred said all cases reported so far are mild, and he expressed belief the cases were "under control."

Morehead high school students, numbering 650, were sent home. Previously 350 pupils at Breckinridge Training School were dismissed when the first cases of the disease were discovered Feb. 7.

**Progress of Scouting In Floyd-Co Indicated By 1949 Membership**

The Floyd district Boy Scout representatives held their regular monthly meeting Friday evening at the Clubhouse at Wheelwright, with 44 members present. The groups discussed Scouting activities in the past as compared with the present. It was pointed out that at the beginning of 1948 there were 170 Scouts, Cubs and leaders registered, as compared with 215 on Jan. 1, this year, and 821 as of Feb. 1, 1949. These figures do not include the Scouts or leaders who are forming troops at Auxier, Allen, Prestonsburg and the Cub Packs being formed at David and Wheelwright. "The goal for 1949 is 404 but it looks like the results will be nearer 500," one leader in the Scout movement said.

After the joint meeting, the groups divided into two sessions. The institutional representatives, under the chairmanship of William Crawford, met and discussed the business of the Council. It was decided that a district Court of Honor will be held, some time in March, the date and place to be announced by the committee on Advancement within a few days. Rev. L. W. Benedict is chairman of this committee.

It was also agreed to have a district camporee, April 30 and May 1, at Camp Arrowhead. The arrangements will be worked out by the Camping and Activities committees which is headed by Harry Fiedler.

The second group, composed of Scout committeemen, scoutmasters and assistants, met under the direction of George Bingham, field executive. R. L. Carver, scoutmaster for Troop 20 here, was in charge of the program. E. Daniels and Wendell Ensminger, members of Troop 20, gave a demonstration of setting up camp. This demonstration included setting up a tent, preparing fire, preparing for cooking and other activities incidental to camping.

Next monthly meeting will be held, March 18, at a place to be designated later. The troop at Wheelwright will have the program and will put on a cooking demonstration.

**Tests at Wheelwright Indicate No Ringworm; Pupil Transfer Banned**

That ringworm is not to be expected in every school or community where examinations of pupils are made became evident this week as no case of the infection was found in the Floyd County Health Department in the big school population at Wheelwright.

The spread of ringworm here is toward being stopped, health officials said, with one or two new cases discovered, but as many or more were announced cured. The clinic opened early in the month and about the number of cases reported at not more than 20 health department nurses who visit this week.

Efforts to prevent spread of ringworm from one school to another were made by Dr. Marvin Ramsdell, director of the health department, last week asked school officials not to permit the transfer of children to a new school unless the child has actually changed his residence to that school district. Children moving from a school where the infection is prevalent will be required to be checked for ringworm before entering their new school.

Volunteers for the ringworm clinic here for the coming week are: Feb. 28—Mrs. Orville Cooley, Mrs. Woodrow Greenwade, Mrs. Denzil Whitten; March 1—Mrs. Bill Cury, Mrs. Foster Anderson, Mrs. E. S. Collins; March 2—Mrs. S. L. Isbell, Mrs. Hoover Harrington, Mrs. Fred Meece, Mrs. Bill Napier; March 3—Mrs. Dave Stephens, Mrs. Cottrell Burchett, Mrs. Ray Stephens; March 4—Mrs. Marguerite Sharpe, Mrs. W. R. Callihan, Mrs. Virgil Webb.

Harvey Howard and Bill Napier, local barbers, have volunteered their services on alternate Wednesdays.

ed that will bring about an extension of time in this respect.

An added appropriation will be asked of the General Assembly for the benefit of the state's mental hospitals, in order that employees may be placed on an eight-hour basis, the pay of personnel raised together with a sufficient sum to raise the daily maintenance allowance of the unfortunates confined within the institutions.

In addition, the General Assembly will be asked to clarify the status of the Kentucky Building Association, to clearly define its powers and authority and to remove any doubt as to validity of the act establishing the Commission.

The Governor, in his call, also recommended that the Legislature pass a law authorizing an extension of time for the amortization of REA bonds.

At the last session of the General Assembly a bill was offered which proposed to extend the maximum amortization period to 50 years, a figure that did not conform with the federal enactment.

"If the present law which requires amortization within 25 years is amended to conform to federal legislation, it will insure maximum benefit in Kentucky from federal loans."

When the assembly meets next week it will be necessary for the Democrats in the House to elect a new majority leader. John C. Watts, Nicholasville, who held the post last session, is now director of the division of motor transportation. It is generally expected that Charles W. Burnley, Paducah, who was Watts' assistant, will get the post.

The Senate must elect a new clerk to replace Ervine Turner, of Jackson, who has since become circuit judge.

The secretary, a native of Floyd county and a former teacher, addressed a meeting of the Johnson County Teachers Association at nearby Flat Gap high school.

Speaking on the relations of education to the government, Hatcher referred to a federal-aid-to-education bill now in Congress and said he understood it would raise the average salary of Kentucky teachers from about \$1,900 a year to \$2,400.

He urged every citizen to see to it that "proper officers and teachers and officers give us the right kind of government and schools."

**Schoolteachers Are Not Required To Take Census**

Frankfort, Ky., Feb. 22—Assistant Attorney General W. Owen Keller said today a public-school teacher can not be required to take a school census.

Keller said he gave the opinion to Scott Reed, attorney for the Fayette County Board of Education. Keller added he understood the county had been putting a clause in its teachers' contracts requiring them to help take the school census.

"It is not a part of the teacher's duty," Keller said, "but it is made a part of the attendance officer's duty by the statutes. He is paid to do that, and I don't see how a teacher can be required to."

Keller said he understood some of the teachers had objected to the census work.

only \$500 more. Then I could send him home to you."

Dad, the old sap, fell for this one, too, and so did Ma. One more mortgage wouldn't hurt any worse, they decided. So off went the \$500. Which, of course, was promptly put into circulation till John had barely enough to get home on, at the end of the term.

But this going home business—now there was a poser. He couldn't take Shep home with him, of course, in view of the fact that the dummock couldn't read a lick nor could he do more in the matter of talking than point his nose at the moon and howl, as usual. So, in desperation, he packed off home after turning the dog over to a total stranger whom he hoped never to see again.

As the train pulled into the station nearest home, the first person John saw was Dad. Good, old Dad! But what an unwelcome sight, just now.

Eagerly Dad shook his hand, slapped him on the back, inquired after his health. Then:

"John, where's Old Shep—in the baggage car?"

"No, Dad, Shep's not with me. But don't make a scene. Come out here where I can tell you."

They walked a few yards away, then John went into the alibi routine:

"Dad, Old Shep learned to talk just as I wrote you. Then he learned to read. And I was so hopeful he would be all F expected him to be to you and Ma. But yesterday morning while I was in the bathroom, shaving, Old Shep came in, sat down on a stool and began reading L'il Abner to me from the newspaper. I was enjoying it when, all of a sudden, he looked up and said:

"John, tell me, is it true about your Pa getting put in jail, that time he went to Kansas City?"

"Dad, it flew over me, it did, and before I thought I cut Old Shep's throat! You won't be seein' Old Shep any more."

The old man turned, walked a few feet away, then cocked one eye up at a la Donald Duck, and said,

"It's what he deserved. Say, John, you sure that dog's dead?"

**Maytown Man, Nearing 80,  
Publishes Family History**

J. A. Begley, of Maytown, who will reach the age of 80 in November, has lived to see published a work to which he has devoted many years of his life. "A History and Genealogical Record of the Allens, Begleys, Mays of Kentucky," is just off the press.

The book gives the descendants of John Allen from 1750 to the present time. It contains genealogical data on many generations of various old families throughout this section. In addition, it gives a brief story of several of the families mentioned, including individual accounts in various instances.

The author, who has devoted all his spare time to the work in his old age, traveling long distances at much expense to gather data, candidly admits the book unfortunately contains numerous errors. But it is particularly interesting to those interested in genealogy. Copies may be procured from the author.

**BABE DIES**

Lester Ray, seven-weeks-old babe of Mr. and Mrs. Elmer Hackworth, of Brainard, died at the Prestonsburg General Hospital Sunday. The parents and three brothers, Paul, Ralph and Lawrence, survive. Funeral rites were conducted from the home and burial was made in the family cemetery, the Arnold Funeral Home directing.

Discussion in Meeting  
For Area School Heads**

Morehead State College was host, last Thursday, to the superintendents of schools of Eastern Kentucky and representatives of the State Department of Education. Superintendent Boswell B. Hodgkin and Miss Louise Combs were representatives of the State Department of Education.

Main objective of the meeting was to discuss policies concerning the serious emergency teacher problems, especially the issuing of emergency certificates. General consensus of opinion was that emergencies should be declared in time for prospective emergency teachers to enter college for summer work. It was unanimously agreed that this work should be done on the campuses of the state, as far as possible.

**TO THE PEOPLE OF  
MAGISTERIAL DIST. 3:**

I take this opportunity to let you all know what you have been waiting to hear, yes or no as to whether or not I was a candidate for Magistrate.

For the past 10 years I have wanted to be your Magistrate, but, owing to my close friends or neighbors, or relation being in the campaign for something, I did not make the race. After careful consideration, and the urging of support I have been promised, I have decided to be a candidate for Magistrate in District 3 on the Democratic ticket.

I don't need any introduction. I think everybody knows who I am all over this district, for I have friends and plenty relatives from the head of Arkansas to the head of Skull.

I will tell you later what kind of service I will try to give you when I am elected.

I want to thank the few good strong friends of mine who would have been candidates, had I not run. I tell them, here and now, that sometime I will return the favor. I also want to tell the many friends of mine who have been asked by others, and have held back their promises until they found out what I was going to do, that I will be seeing you.

# RUPP REPORTS

U. K. Coach Looks Back on the Olympics

**SPEAKING OF OFFICIATING**  
From time to time you hear a lot of discussion about officiating at high school and college basketball games in this country, and I have heard it said that even coaches join in complaining against the hard-working individuals who arm themselves with shrill whistles and attempt to keep up with a couple of fast teams through 40 minutes of play.

But if fans think they see some debatable officiating in the gymnasiums and field houses of the United States, they should have gotten an eye full of that show in the Olympic games last summer.

The officiating in the tournament at London's Harringay arena was certainly not of the best, but it's easy to see why. The rules said that to be an official in the Olympic games one had to be a pure amateur—in other words, he could never have received compensation for

having served as an official in athletic competition.

It's quite simple to understand how difficult it would be for us to get good officiating in this country under such rules. Men might understand the game thoroughly, but still could not be good officials without having had some experience in the work.

Three of those who worked games in the Olympic tournament were also coaches of teams competing in that event.

In several of the games there neither of the officials assigned spoke English, and when the U.S.A. played a team from a Spanish-speaking nation with one of the officials from Switzerland and the other from China—well, things got a bit confused at times, and it was difficult to understand just what was taking place.

In the early games, a lot of time was consumed in the discussion of the rules, or trying to determine just what signal an official was giving, or trying to give. The games thus were slowed down, much time was lost, and some misunderstanding resulted.

The officiating was extremely close, the worst infraction apparently being traveling with the ball, and that violation was called at least 100 times a game in the opening rounds of play. Screening of a blocking type was permitted. Charging was seldom called, but when called the foul usually was pinned onto the man who had been charged into. The defense had very few privileges.

After four days of constant discussion regarding the rules, the situation began to clear up some what. In our last three games, those in the championship rounds of play, the tournament officiating was greatly improved. Some of the poorer officials had been eliminated after their work in the earlier rounds.

One squad encountered some difficulty in the early contests also because the Olympic games were played under the 1936 rules. We had practiced with those rules in mind, but it was not easy for the players to change over from the rules under which they had played at home and remember the different things they would have to do to conform to the 1936 regulations.

# RAMBLER FIVE WILL DEFEND STATE TITLE

Vie in Lexington Meet For Second Net Crown And Shot at National

Prestonsburg's VFW Ramblers, the 1948 VFW state champions by virtue of their victories last March in the veterans' state-wide meet at Louisville, are girding themselves in full strength to defend their title this year at Lexington on March 7 and 8.

Winner of the state title for 1949 will be sent to represent Kentucky in the national tournament at Anderson, Ind., held April 4 to 9, Lus Oxley, Hazard, state director for Veterans of Foreign Wars athletes, informed The Times. Had plans not so factually materialized for this year's series of state eliminations to determine the champ, Oxley declared, he was planning on sending the defending champions to the national event in order that Kentucky might be officially represented.

The state title tests will get under way at 9:30 a.m. March 7 at either the Transylvania College or Castlewood gymnasium, he stated. There will be three games in the morning and three in the afternoon to fill out the opening rounds. All second round games will be held that night.

Prestonsburg meets Hazard in the first rounds and the winner is luckily acknowledged a bye into the semi-finals. The semi-finals are scheduled for the following afternoon with the finals slated that night.

Lexington will be familiar stomping ground to Rambler players, Wilbur Schu and Bill Sturgill, who were recent stellar performers there with the University of Kentucky Wildcats.

Trophies are to be awarded the winner, runner-up and consolation victor. Competing for the honors, in addition to the Ramblers and Hazard, will be last year's semi-finalist, Madisonville, Newport, Hawesville, Leitchfield, Greenville, Princeton, Mount Vernon, Lynch, Morehead, Paris and Sandy Hook.

Tuning up for the business ahead, the Ramblers disposed of the Mayo Vocational quintet, 67-53, last Thursday night, here. The workout was enacted without the benefit of the Rambler squad's full complement, Manager Jack Hyden said.

Line-ups:  
Ramblers (67) Pos. Mayo (53) S. Branham (10)...F... Earle (4) B. Branham (13)...F... Prater (13) Schu (7) ...C... Blackburn (15) B. Sturgill (12)...G... Paek (3) T. Blackburn (14)...G... Praley (14) Substitutions: Ramblers—Turner (9), Ellis (2); Mayo—Compton (4), Wagner, Combs.

Outscoring their opponents 10 to 2 in an overtime period, the Ramblers spurred ahead of the Harold Hilltoppers, 82-74, at Betsy Layne Monday night. Trailing the Hilltoppers through the game the Ramblers knotted the count, 72-72, at

# Hottest Tournery in State Foreseen for Floyd Teams

## RIFLE TEAMS TO COMPETE

All Floyd High Schools Among Representatives Of Eastern Kentucky

Organization of rifle teams in the high schools of Floyd county and the Seventh conservation district to compete in a series of elimination matches that will lead to the state titles is announced this week by Glen Reynolds, Hazard, the district's junior game club supervisor.

Competing teams are listed as one-man, two-men and four-men teams. Preliminary matches are to be held at each school to determine the school's representatives, and the champions will meet for the county titles. The county winners are slated to meet sometime in April for the district matches. Exact date and site of the district shooting tourney will be announced within a few days, Mr. Reynolds stated.

The district titles will shoot for the 1949 Kentucky championship honors in a state-wide meet scheduled for August 20 and 21 at Frankfort.

"One of the prime purposes of the school matches," said Reynolds, "is to teach the youth the value of the proper use of a gun and discourage abuse and the reckless use of a deadly weapon."

Only schools that have junior game clubs in operation are eligible. However, he added, a number of schools in the district are forming their clubs and may complete their organization in time to enter the matches and swell the expected 40 participants to far beyond that number. The district is composed of the 10 counties of Floyd, Knott, Letcher, Perry, Breathitt, Leslie, Pike, Johnson, Magoffin and Martin.

The Floyd County Fish & Game Club has set the precedent, he declared, by purchasing trophies to be presented to Floyd county winners. Floyd county, at present, leads the state in junior conservation work. The county has all of its nine high schools eligible to compete. They are Auxier, Prestonsburg, Betsy Layne, Martin, Maytown, Garrett, Wayland, Wheelwright and McDowell. Bernard Baldrige, Floyd county conservation officer, will be in charge of the Floyd county matches.

Anyone desiring further details may contact him, E. R. Burke, district supervisor, Prestonsburg, Bernard Baldrige, Langley, Ky., or their local conservation officer.

At the end of the regular playing time, T. Blackburn led with 31 points.

Line-ups:  
Ramblers (82) Pos. Harold (74) B. Branham (9)...F... Stratton (13) R. Turner (18)...F... P. Gay...Heart (22) Schu (10) ...C... J. Elkins (16) T. Blackburn (31)G...W. Gay...heart... (16) S. Branham (14)G...Allen (5) Substitutions: P'burg—Ellis; Harold—W. Clark (2).

Perennially hot and, this year, one of the hottest and fastest in the state, the 58th district tournament gets under way at Betsy Layne next Thursday night with the unique distinction of having no heavy favorite, six strong contenders, two capables and one possibility among the nine Floyd county competing schools.

Anything can, and usually does, happen in a tournament and in any tourney involving the strong Floyd teams it invariably occurs.

Prestonsburg and Maytown get things going in a single game Thursday night at 7:30. The double-bill of the Friday afternoon session at 2 p.m., Garrett and McDowell meet, followed by Auxier and Betsy Layne at 3:15 p.m. Friday night, Wheelwright meets Martin and Wayland plays the Prestonsburg-Maytown winner at 8:45.

In the semi-finals Saturday afternoon, the first game is slated at 1 o'clock between the Garrett-McDowell and Wheelwright-Martin winners while the other two teams will meet at 2:15. The final is set for 8 o'clock Saturday night.

The winner and runner-up meet those of the 57th, 59th and 60th districts at the Pikeville College gym, March 11 and 12 for the 15th regional championship and the right to compete in the state tournament at Louisville later in the month for the Kentucky crown. Garrett was last year's regional representative.

At Louisa, with Blaine as the host school, in the 59th district, Inez meets Louisa in the only opening round game. This one is set for Wednesday night, March 2. The complete draw.

Upper bracket — Blaine, bye; Flat Gap, bye; Paintsville, bye; Webbville, bye. Lower bracket—Louisa vs. Inez; Van Lear, bye; Meade Memorial, bye; Warfield, bye.

The 59th issue is expected to be settled in the semi-final between the Inez Indians and Meade Memorial Red Devils with runner-up honors going to Flat Gap or Webbville.

Pikeville, considered a breeze-in through District 57 competition, meets Dorton at Elkhorn City in the first tourney game, Tuesday night, March 1, and E'city's Cougars stand the best chance at runner-up laurels. The drawing is:

Peds Creek plays Heller and Belfry meets the Pikeville-Dorton winner in the upper bracket. Virgie plays Johns Creek and Elkhorn City meets the winner while Phelps tangles with Pikeville College Academy in the lower bracket. E'city's Cougars are rated a good chance at runner-up.

West Liberty is favored in the 60th at West Liberty with Salyersville or Sandy Hook contending in the finals. The draw is: Salyersville vs. Royalton and Sandy Hook against Ezel in the top bracket. Oil Springs meets Frenchburg and West Liberty battles Cannel City in the lower bracket.

## MEETING SET TO ORGANIZE

**Athletic Association To Encourage Sports And Gate Attendance**

A mass meeting at 2 p.m., Sunday, Feb. 27, in the grade school auditorium is being called this week for the purpose of organizing a Prestonsburg athletic association.

Outgrowth, of the meeting, it is hoped, will result in a permanent year-round organization with over 250 immediate members who will take an active interest in local sports. That many invitations are being mailed urging the attendance of recipients and their sports-minded friends.

One of the sponsors of the move, Gerald G. Leslie, Prestonsburg high school instructor, said, "The community needs an organization like this to create a closer understanding between the citizenry and the athletic activity of our schools as well as other primary local sports activity."

Business of the meeting will be to pledge membership, vote on annual dues, establish a regular meeting date, elect officers, appoint functioning committees and adopt tentative by-laws and a constitution. No dues will be assessed in the Sunday meeting of those in attendance and a constitutional and by-law committee will be formed to readily consider and recommend a permanent structure in the rules governing the group.

A six-point program of aims was outlined for discussion as follows: (1) to promote interest in all local athletics; (2) aid and encourage handicapped youths to participate in sports heretofore denied them due to hindering circumstances; (3) handle the presentation of athletic film releases to be shown at future meetings; (4) increase the present scope of local athletics; (5) encourage an active attendance and increased patronage of athletic events and (6) to maintain a permanent organization dedicated to the above named purposes.

## SEASON CLOSES

Nine games engaging Floyd county schools this week-end officially marks the close of the regular playing schedules as teams throughout the district, region and state prepare for the do-or-die business of tournament play.

## Purple Flash Back On Victory Track, Win Two for One

The Martin Purple Flash got back on the victory road Saturday night at the expense of Prestonsburg, 46-23, after seeing their victory string snapped on the preceding evening by the visiting Wheelwright Maroons, 48 to 45, in a rousing ball game Monday night, the Flash followed up with a 60 to 41 victory over visiting Belfry.

Martin lost the game with the powerful Wheelwright five via the foul route. The Flash led the field, 20 baskets to the Maroons 16, but the winners cashed in on 16 of 35 free shots while Martin was making good on five of only 16 charity tosses. E. Lafferty, a sparkplug of the Martin team, was thumbed out on fouls in the second quarter after scoring 12 points in the opening stanza. His teammates, D. Lafferty and Grigsby, later followed by the same route. Wheelwright lost Hooks and B. Hall on fouls. Martin had a 28 to 23 lead at the half, but, with R. Curry tossing in 25 points for the visitors, could not hold the margin.

Against Prestonsburg, Martin scored 17 field goals to the oppositions seven. In this encounter the Flash hit 12 of 22 foul shots while the Black Cats were making good on nine of their 16 charity tosses.

After Belfry abandoned its stalling game at the end of the first quarter, which ended with the score tied up at 6-all, it was a breeze for Martin Monday night. By halftime the Flash held a 30-15 lead.

1949 All-Star Game Deserves New Name

At Louisa, in the 59th, Inez meets Louisa and Van Lear meets the winner while Meade Memorial scraps Warfield in the lower bracket where the district issue is expected to be settled in the semi-finals between Inez and Meade. The upper bracket that should produce the runner-up has Flat Gap meeting Blaine and Paintsville tangling with Webbville.

The East-West all-star charity basketball game in New York, April 21 may well be named the Kentucky vs. West game. Kentucky coach Adolph Rupp will tutor the East stars and named to the squad by the sponsor, the New York Herald-Tribune, are Wildcat players Ralph Beard, Alex Groza, Wallace Jones and Cliff Barker. Six or seven seniors from all of the eastern schools considered will be named later to complete the squad.

Garrett Extends Wins At Maytown's Expense, 55-39, Saturday Night

Garrett continued its scourge of tough opposition by taming Maytown's Wildcats, 55-39, at Garrett Saturday night.

The game was fairly close for three quarters with Garrett leading, 9 to 8, at the end of the first period, 20 to 16 at the half and 34 to 26 at the close of the third stanza. In the fourth quarter, the Black Devils staged a 21-point scoring spree while Maytown was caging 13 points.

J. Stone paced the winners with 23 and his fellow-hoopsters, Boien and Patrick, got 11 and 10 points respectively. J. Boyd, of the losers, tabbed 12 and his teammate, Wendell Jones, collected 10 markers. In foul shooting, the Black Devils connected 14 of 17 chances and the Wildcats mustered 5 of 16 possibilities.

Boosters Get Treat As Wildcats Defeat Auxier Team, 54-27

Friday night basketball fans at Maytown saw their favorite sons do a point-happy scamper in doubling the score, 54-27, over the visiting Auxier Hornets.

For the first quarter, the scrappy Hornets held the Wildcats to a 10 to 8 margin but weakened as the hosts went into their act of winning going away.

Jones, Maytown, took individual scoring laurels with 17 points.

Former Floyd Basket Stars To Shine in College Meets

Former Floyd county high school basketball stars are in the college tournament limelight this week as the Kentucky Intercollegiate Conference tourney at Georgetown and the Ohio Valley Conference meet at Louisville begins.

For two consecutive years it is Kentucky Wesleyan, led by the amazing little five-foot-four Fairce Woods, that has been established as the favorite to cop the Kentucky inter-collegiate basketball tournament crown. The tourney will be held at Georgetown beginning today (Thursday) and lasting through Saturday.

Woods, under consideration by the professional ranks for a drawing card to the big time league play, has been the spark that propelled the Wesleyan Panthers to the undisputed position of top rating in conference standings for the season with seven victories against one upset loss to Transylvania.

Fairce Woods, a former basketball star at Garrett, is a senior with four years of varsity ball to his credit and has compiled one of the most remarkable records ever achieved. As a freshman, he averaged 15.3 points per game for the second highest in the state, during his sophomore year he averaged 16.5 points to lead the state and in his junior year he again placed second with 14.2 average. For this year he totaled 465 points in 23 games to average 20.2 and again lead the state.

Last Saturday night at Winchester this little splinter of the Woods family of Lackey showed his tall-timbered calibre of the hardwood game by scoring 31 points in leading Kentucky Wesleyan to a stunning 86-68 victory over Marshall College. He collected 10 field goals and 11 of 14 free throws to help the Panthers avenge a 77-57 loss to the Thundering Herd Monday night at Huntington. Woods missed the earlier tilt because of an injured ankle.

Wesleyan will not see any trouble from Morehead, Eastern, Western, University of Louisville or Murray, although its mighty mite, Woods, gave them plenty of concern before the Winchester school bowed to them during the season. They have withdrawn to play in the Ohio Valley Conference tourney.

The Panthers are subject to see some trouble from Transylvania, whom they meet in the opening round tonight at 7:30. This trouble very likely will be instigated by another Floyd county performer, Clyde "Pappy" Blackburn from Betsy Layne, who has been the workhorse of the Transy Pioneers and often their leading scorer.

Union, a strong contender, will be ably assisted in that respect by "Woody" Crum, former Jenkins star and nephew of Mr. and Mrs. Charles Crum, Prestonsburg, and Horace Barker, a satellite from Perry county.

Bobcat Quintet Rules Van Lear Bank Mules, 57-39, Saturday Night

Betsy Layne's Bobcats unsaddled the Van Lear Bank Mules and fastened them up in their own stable, 57-39, at Van Lear Saturday night.

The Bobcats had a little trouble with Honaker who, although heavily guarded, scored 18 points for the losers. Crum, one of Betsy Layne's scoring aces, took individual high point laurels with 19 points and his cohort, Hobson, racked up 13 while another teammate, Meade, caged 11. Betsy Layne led at half time, 28-15.

Line-ups: B. Layne (57) Pos. Van Lear (39) Hobson (13) . . . F. . . . Honaker (18) Crum (19) . . . F. . . . Hall (9) Davis (7) . . . C. . . . Williamson (6) Meade (11) . . . G. . . . McCort (2) E. Conn (4) . . . G. . . . J. Short (2) Substitutions: Betsy Layne—H. Conn (2), Clark, Morrison, Branham; Van Lear—I. Short (2), Waddell, Zejzel.

Rated as an underdog in their first round game of the Ohio Valley Conference tournament with the Evansville Aces at 9:45 tomorrow (Friday) night in the Jefferson County Armory in Louisville, the chances of a Morehead Eagles' victory depend much on the performance of Bill Martin.

Bill, a former McDowell high school Daredevil star and son of the late Mr. and Mrs. John (Daddy) Martin, is Morehead's All-K.I.A.C. center.

Although an injured knee has hampered his performances, Martin has given a good accounting of himself by leading the Eagle scoring attacks. No statistics on his season play are made available to The Times but competent observers can be quoted thusly: "The battling Eagles, led by big Bill Martin who got 25 points for top scoring honors for the night, stayed right with the Wesern Hilltoppers all through the first half."

"It was the same story after the second half got under way. With four minutes gone, Morehead led, 35-33, as Martin hit everything he threw at the basket." A last-minute rush carried Wesern over Morehead, 69-48, last Thursday night at Bowling Green for their 21st victory of the season.

Martin tallied another 25 points recently as the Eagles beat a hot Marshall College team, 64-62.

Here is the schedule for the tournament's first round games:

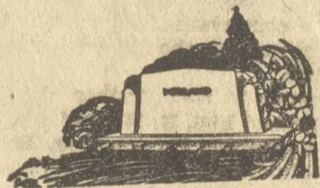

Wesern vs. Tennessee Tech., 7:45 p.m., and Eastern vs. Murray at 9:15 p.m., Thursday; Louisville vs. Marshall at 7:45 p.m., and Evansville vs. Morehead at 9:15 p.m., Friday.

Winners of the first two games meet at 12:30 p.m., Saturday in the upper bracket semi-final and winners of the second two games meet at 2 p.m., in the lower bracket semi-finals.

Semi-final winners meet at 9:15 p.m., Saturday for the championship.

Blackcats Suffer Fate Of Others, Losing Late To Daredevils, 39-38

Coming through in the last second of play for the third time this season, guard Bobby Turner flipped a desperation shot into the basket to pull the game out of the fire for his team as the McDowell High school Daredevils nosed out the Prestonsburg Blackcats, 39-38, in a fireball finish here Friday night. His two previous similar feats were against Wheelwright and Flat Gap.

The game was fast and close all the way with the Blackcats leading, 9 to 8, at the end of the first quarter, 19 to 15 at half-time and 27-25 at the end of the third period. McDowell tallied six field goals and two gratis shots for 14 points in the last quarter while the Blackcats collected four field counters and three for four free throws for 11. Willis led the field with 15 points and Turner, Daredevil guard, garnered 14 for second honors. "Wild Bill" Stumbo, McDowell's smooth ball-handler, and his teammate, Moore, together accounted for 21 points. Boyd contributed a fine floor game while his fellow players indulged in their best game of the season.

Line-ups: McDowell (39) Pos. Pburg (38) Newsome (1) . . . F. . . . Harmon (5) Newman . . . F. . . . (Allen (4) Stumbo (10) . . . C. . . . Boyd (5) Turner (14) . . . G. . . . Willis (15) Substitutions: McDowell — Hayes (2), Mullins (1), S. Hall, T. Stumbo; Prestonsburg—Runnels (1).

Teacher and the Child." Mrs. Hayes
displayed and discussed samples of
art work done by pupils in the first
six grades of the Wayland school and
two large water colors done by the
first grade teachers at the Art Work-
shop held at Garrett this year. As
a conclusion to the program, all
members were given drawing paper
and crayons and asked to draw any-
thing they wished, assuming they
were pupils in one of the lower
grades. The winner of the prize for
the best drawing was Mrs. J. T.
Spillman.

At the business session preceding
the program, the club president,
Mrs. J. C. Wells, read a letter from
the district governor, Mrs. Millard
Tolliver, giving a report of the re-
cent board meeting of the Kentucky
Federation of Women's Clubs. The
chief point made in the report was
the fact that the clubs of the Sev-
enth, Eighth and Ninth districts of
KFWC had been asked to adopt an
elementary school of 1,080 pupils in
the American Zone of Germany.
Each club in the Seventh district
was asked to send 100 pencils and
100 packages of notebook paper to
this school during the month of
March. The Lackey-Garrett Club
voted to send one gross of each.
The president outlined the rules of
the "Build a Better Community"
contest sponsored jointly by Kro-
ger's and the General Federation of
Woman's Clubs, and it was decided
that the club would enter. Possible
sponsorship of lunchroom programs
at the Wayland and Garrett schools
was discussed. A planning commit-
tee, composed of Mesdames Willard
Castle, S. M. Martin, Rudolph Spen-
cer, Troy Webb, K. C. Beverly, Earl
Castle, Richard Vinson, M. M. Col-
lins, Noah Howard, Roy Souleyrette
and E. C. Blanton, was appointed to
investigate the financial aspects of
this project. At the same time a
nominating committee was appointed
to present nominations for club of-
ficers at the next club meeting,
March 7, at the home of Mrs. George
Evans, Jr. Those appointed to this
committee were Mesdames C. S.
Hornsby, W. T. Hatcher, Earl Cas-
tle, Willard Castle, M. M. Collins. A
motion to purchase \$300 in bonds
was made and carried. An invitation
to visit the Garrett Youth Center,
Wednesday night, Feb. 23, was ex-
tended to all members.

At the close of the meeting, Mrs.
Spillman served refreshments to the
following members: Mesdames J. E.
Miller, Richard Vinson, Fred Hall,
M. M. Collins, Mike Staley, Charles
Sturgill, Charles Hornsby, Rudolph
Spencer, Willard Castle, Thomas
Hatcher, Earl Castle, W. T. Hatcher,
J. C. Wells, Melvin Hayes, S. M. Mar-
tin, Fred A. Martin.

CHEVROLET

is the most Beautiful BUY of all

STYLELINE DE LUXE
2-DOOR SEDAN

The most Beautiful BUY for Styling

Look at this exciting new Chevrolet from any point
of view—inside and outside, front, side and rear—and
you'll agree it's the smartest-looking automobile of
this new year. For it alone, of all low-priced cars,
brings you the distinguished beauty and luxury of
Body by Fisher—the body featured on highest-
priced cars.

The most Beautiful BUY for Comfort

Settle into the deep, soft, form-fitting seats. Notice
the extra-generous head, leg and elbowroom of the
Super-Size Interior. Ride in this "car that breathes"
—with an advanced heating\* and ventilating system
that inhales outside air and exhales stale air—giving
comfort beyond compare! \*(Heater and defroster
units optional at extra cost.)

The most Beautiful BUY for Driving and
Riding Ease—with new Center-
Point Design

Most sensational of all the advancements in this
thrilling new Chevrolet for 1949 is the entirely
new kind of driving and riding ease which it
introduces into the low-priced field. New Center-
Point Design—including Center-Point Steering,
Center-Point Seating, lower Center of Gravity
and Center-Point Rear Suspension—brings you
driving and riding results heretofore found only
in more expensive cars. The difference is so
great—and so pleasing—that it's no exaggeration
to say it is proving a revelation to all who drive
or ride in this car. Remember—only new Center-
Point Design can give these finer motoring
results; and only the new Chevrolet offers
Center-Point Design at lowest cost.

The most Beautiful BUY for Performance

What thrills you'll have when you drive this car! It's
the only low-priced car with a Valve-in-Head engine
—the engine which more and more makers of higher-
priced cars are adopting—because it gives a much
finer combination of performance, economy and
dependability. And Chevrolet's world's champion
Valve-in-Head engine holds all records for miles
served and owners satisfied.

The most Beautiful BUY for Safety

Yes, you and your family will enjoy maximum safety,
for Chevrolet brings you *fivefold* safety protection
found only in this one low-priced car: (1) New Certi-
fied Safe Hydraulic Brakes; (2) Extra-Strong Fisher
Unisteel Body-Construction; (3) New Panoramic
Visibility; (4) Safety Plate Glass in windshield and
