

This Town-- That World

The weather, last week-end, was reminiscent of April. Politically-speaking, it was like June in this county.

HARD NUT TO CRACK, EH?

This for the edification of those who even now are struggling with that branch of mathematics yeapt algebra. Bill Cury is our source of information.

Algebra was the idea of an uneducated shepherd who, hard put to keep tally on the number of his sheep, devised this system of mathematics. When he sought to introduce the science to various colleges and universities scattered through Syria, Persia, Turkey and Egypt, he got the old heave-ho; until, at last, one educator, an oldtimer, gave him ear.

Today, algebra is taught to grade school pupils in those lands, though we in this country spare our youngsters a few years longer. Over there, to be a shepherd one must know his algebra.

The guy who came up with the alphabetical system was Al Gebar. And, appropriately enough, most students of the science will agree, the name, literally, means The Hardshell.

COULD THEY HAVE MARRIED.

Jack Wild, of the University of Kentucky, tells this story which he tentatively calls, "The Case of the Missing Window-Scratchers":

Sixty-seven years ago Minnie Howard Combs and Eddie B. Cromwell scratched their names, with a diamond ring or stickpin perhaps, on a window pane in the main building of the Agricultural and Mechanical College of Kentucky.

Through the years since 1882, when the imposing structure which is now the Administration Building of the University of Kentucky, was completed, change followed change. Today only the solid brick walls remain the same—the brick walls and the names of Minnie Combs and Eddie Cromwell, lettered on a pane of glass in the second-floor room where English classes used to meet.

In those early days of the university, all of the college classrooms, offices, and laboratories were in the building that overlooked a lake where Alumni Gym now stands. Even the natural history museum, armory, and weather bureau were quartered there. In those days the president personally greeted each of the incoming students (in 1882 there were only 211 students and 17 faculty members) and extracted from each a matriculation fee of \$5.

Since the school opened its doors for the first time, 64,544 students have been enrolled, and the Registrar's office has permanent records on all but the first few hundred. There is no record, however, of Minnie Howard Combs and Eddie B. Cromwell, who wrote their names on a fragile window pane 67 years ago, except that they entered the school in 1881.

Who knows what became of Minnie Combs and Eddie Cromwell? I wish I knew. It happens that in the window pane they used is in my office.

BOTH HAD THEIR 'WEAKNESSES'

Years ago, this county had an organization called The Owls. It never amounted to a whole lot and didn't last long. The most distinctive thing about it—to me—was its slogan which reminded all and sundry that there is so much bad in the best of us and so much good in the worst of us that it hardly behooves any of us to speak ill of the rest of us. I have always subscribed to that doctrine, though I may have failed, on occasion, to practice what I preached.

What recalled this to me was a Floyd countian's discussion this week of the traits of two families. Said he, in effect:

"You take that set, and they'll swear hell was a ice-house, right on the witness stand, and think no more of it than spittin' in the street. But if they owe you a penny, brother, you're as sure of your money as if it was in the bank. As

SUE COMPANY FOR DAMAGES

Man, Son Ask \$12,500
For Injuries Sustained
As Water Tank Bursts

For injuries suffered when a water tank burst and poured onto them a torrent of water, Oct. 14, last, Sam Rector and his 14-year-old son, Adrian, both of Garrett, last week asked in a suit filed in circuit court here damages totaling \$12,500 of the Diamond Elkhorn Coal Company at Bosco.

Negligence was alleged. Rector's suit pointed out that he and his son had agreed with the company to transport scrap from the mine to Garrett and that they were picking up iron and loading it in a truck when the wall of water swept them downhill.

The elder man claims water "or some other object" injured his left leg, caused paralysis of the right side of his face, "materially diminished" the vision of his right eye and caused disfigurement of the right side of his face.

The boy claimed injuries to his wrist and elbow.

POLIO DRIVE UNDER WAY

Almost \$1,000 Spent
By Chapter for Floyd
Sufferers in 6 Months

The most important March of Dimes in history got under way this week in Kentucky, and in Floyd county the drive was under the direction of Paul C. Combs, of Prestonsburg, the Kentucky Chapter, National Foundation for Infantile Paralysis, announced Tuesday.

Although Floyd county was fortunate during a year which saw 27,000 of the nation's children stricken by polio, 13 Floyd county boys and girls, sufferers from effects of the disease, were given treatment and care by the Kentucky chapter at a cost of \$990.67 in the last six months of the year alone.

These figures were cited to show parents of children in this county that they have a direct stake in the success of this campaign, with funds for the fight on polio depleted by huge outlays of money made necessary by the epidemic which hit other communities.

Children of this county who received treatment and care from June through December, 1948 were Ronald Allen, Bonnie Jean Bradley, Paul Branham, Mary Marcella Butcher, Billy Sue Click, Frank Derossett, Ruth Holbrook, Clara Mae Holt, Maxine Kidd, John Moore, Barbara Pack, Pamela Fay Tufts, Sandra Whitten.

Mr. Combs pointed out that Floyd county's goal is \$3,000. "If," he said, "every person contributes his share, we will go over the top. And it is important that we reach this goal, so the Kentucky Chapter can continue with its fight against polio wherever and whenever it strikes. Don't wait for some one to call for your contributions—send or bring it to the committee and make it as large as possible. When polio strikes again, it may be your child or your neighbor's who would need help."

The March of Dimes continues through Jan. 31. Cooperating in the Floyd county drives are schools and various organizations.

LICENSE SALE FIGHT CALLED

State's Plan On Plates
Will Hurt 50 Per Cent
County Clerks To Meet

County Clerks of the state will meet in Louisville Jan. 26 to plan a fight on a proposed move to take out of their hands the issuance of motor vehicle licenses and to turn that business over to Frankfort.

Earl K. Snow, Louisville, said recently, "If the automobile license is taken away from County Clerks, I don't believe there is a Clerk who would care to remain in office." County Clerk Jarvis Allen estimated that, if Frankfort takes the auto license business, revenues of the County Clerk's office would suffer by more than 50 per cent.

The state plan is similar to that now in effect in North Dakota and California. The state police are reported wanting the change made so that an index by motor number may be kept rather than by license number.

Last month, the Clerks sent C. J. Riley, Carroll county clerk, with representatives of the State Revenue Department and the State Police to North Dakota to make a study of the system in effect there.

The Clerks expect to learn at the Jan. 26 meeting from Guthrie Crowe, state police superintendent, and H. Clyde Reeves, head of the Revenue Department, what to expect from them.

JUDGE DENIES JOHNSON BOND AS FRATRICIDE

Woman Says Slayer
Continued To Shoot
After Deputy Fell

County Judge Alex L. Davidson denied bond to George Johnson Thursday morning after hearing evidence in the case. The defendant testified his brother, sheltering himself behind a man and a boy, fired on him first. This evidence, however, was contradicted by Commonwealth testimony.

Deputy Constable George Johnson faced examining trial here today (Thursday) before County Judge Alex L. Davidson in the slaying on Abner Fork, near Melvin, late last Sunday afternoon of his brother, Deputy Sheriff Matt Johnson, 39.

His brother, it was said, was dead when the deputy constable stopped shooting inside a place operated on Abner by Buster Mullins. Four bullets struck the victim—one entering his forehead over the right eye, two taking effect in the left leg and the fourth in the lower abdomen.

The slaying, according to reports reaching here, followed attempts of the deputy sheriff to take his brother home. The deputy constable, these reports say, was intoxicated and seeking to force his attentions on Mrs. Zella Mae Mullins, wife of Buster Mullins.

Residents of the head of Left Beaver section expressed sorrow at the officer's death, saying he was a good citizen and officer. Shortly after the slaying, George Johnson appeared at Bypro, tearfully announcing he had killed his brother. He was arrested there by Deputy Sheriff Butler Spivey, who brought him to jail here. He later was quoted as saying his brother fired the first shot.

County Attorney W. W. Burchett questioned Mrs. Mullins, who signed a statement before County Judge Alex L. Davidson, telling of the shooting. George Johnson had been at her place approximately half an hour when Matt arrived, she said. "George was trying to make me go with him and I asked Matt to talk to him and take him home," she said.

Remainder of her statement follows: "George was acting like he was drunk. Matt said, 'He's a fool—you can't talk to him,' and he said, 'I start with him I'll have to kill him.' About that time George came up and asked us what we were talking about, and Matt said, 'Let's go home, George.' George said he was not ready. He looked over at me and said, 'Let's go—are you going?'"

"Matt said, 'George, don't try to make somebody do something they don't want to do,' but George insisted. Matt said, 'That woman is married and she has got a husband in there.' George said, 'Damn her husband—she's going with me.' Matt pulled his coat up and showed his badge and said, 'I'm a sheriff same as you and you are not making her go nowhere as long as I'm in here.'

"Matt was sitting on the counter and he pushed the door together and told the boys to get out. George walked over to the cooler and put his arm up. Matt walked over in the room and George jerked his pistol and Matt went for his.

"George jerked his first. Matt said, 'Don't do that, George!' and George shot him. Matt staggered

Elliott Announces Date For County Music Event Featuring School Bands

The third annual post-war Floyd County Music Festival has tentatively been scheduled for the first week-end in April, Jesse Elliott, Floyd county band instructor, said Tuesday.

These tentative plans, made recently by music instructors in the various schools of the county, envision a two-day event. A greater number of bands than ever before will be sought as participants in the festival.

Announcement of early festival plans was made after the return from the music clinic sponsored in Louisville by the University of Louisville of Mr. Elliott and four other music instructors. Miss Kathlee Hays, Miss Margaret May, Mrs. Carlos Haywood and Mrs. Oval B. Hall.

FCC Grants Station Construction Permit To Prestonsburg Man

The Kentucky Mountain Broadcasting Company has been issued a permit to construct a radio station in Prestonsburg, the Federal Communications Commission announced last week.

HIT-RUN DEATH HELD SOLVED

Rice Released on Bond;
Salisbury Statement
Names Acused Man

Mystery surrounding the hit-run death at Allen on the night of Jan. 9 of Bobby Lee Woods, 14-year-old Allen schoolboy, was considered solved Saturday with the arrest by state police of John Rice, 28, Martin restaurant-operator.

Arrest of Rice in the six-day-old case followed intensive search over this section for a damaged car bearing marks of the tragedy.

State Policemen Ed Craft and Arch Thompson quoted Rice as admitting his car struck the boy, but he declined to make a statement before officials here. Rice, according to the officers, said he left the scene because he was scared. He was released under \$3,000 bond.

In a signed statement, made before County Judge Alex L. Davidson and County Attorney W. W. Burchett, Norris Salisbury, of Martin, said he was a passenger in Rice's car at the time of the tragedy. He declared Rice's lights "were not very good" and that lights of an approaching car blinded Rice.

When the cars passed each other, Salisbury stated, he saw two boys "right in front of the car." A moment later, he added, Rice announced, "We have hit somebody." He then slowed down, then speeded up his car, Salisbury said. Driving to Martin, Rice left his car behind Tivis Reynolds' garage. Salisbury said Rice told him not to say anything about the incident "and he would take care of the rest."

The Woods boy and his younger brother, Ernest, were nearing the home of their parents, Mr. and Mrs. George Lee Woods, at the upper limits of Allen after attending a show when the tragedy occurred. The claim that the car ran off the pavement at the right side of the highway was not substantiated by tire marks, officers said.

Lack of Modern Refrigeration Establishes Clue in Burglary

Frozen chickens that were "hot" and threatened to become hotter on the hand of thieves who were not equipped with modern refrigeration resulted in what authorities termed a solution of one of the recent breaking and entering cases in this vicinity, and supplies a break in a local armed robbery case.

When Deputy Sheriff Epp Laferty learned frozen fowls were being given away or sold in Johnson county, he quickly linked one Louise "Buttermilk" Montgomery, of that county, with the theft of lard and footstuffs from the plant on Little Point of Tracy Jones & Sons on the night of Jan. 8.

Under questioning, Miss Montgomery admitted knowledge of the Little Point break and also told of the holdup at Ball Alley, just outside Prestonsburg, of Clyde Godsey in his place of business, the same night.

As a result, Laferty arrested Russell Jones on a breaking and entering charge, Elmer Adams and Booten Castle on charges of knowingly receiving stolen property. The Montgomery woman was booked on the same charge. Remaining uncap-

Oops! 'Man They Couldn't Hang' Slips Far Down Criminal Scale

A man who declares, in a letter addressed to the editor of The Times, that he has during a life of 54 years of crime been a con man and a killer, a man they could not hang, dropped to the low estate this week of occupying a cell in the Floyd county jail on a mere cold check charge.

This bit of lese majeste was suffered by the self-styled master criminal when the \$420 check he issued to Jack Hatfield, manager of the Brown hotel here, for room rent, meals and cash, bounced last week.

The "criminal," one Dee M. Noah, whom The Times has known for several years as a transient printer, wrote the editor asking Page One space for his "life story," agreeing to pay for the space at the rate of 25 cents a word for each of 650 words, or a total of \$162.50. He didn't say if he proposed to write another check for this amount.

Doubt of the man's sanity arose when his autobiographical sketch was read; rose higher when some alleged wits hereabouts learned he was offering to pay 25 cents a word for space in this newspaper.

At the time his check to the hotel bounced, Noah had in his possession, Mr. Hatfield said, a \$12,500

check drawn on Ben Johnson, well-known land auctioneer. Contacted in Hot Springs, Ark., Mr. Johnson stated with considerable emphasis that the check is a forgery.

Noah launched his saga of crime for circulation through this newspaper with this paragraph: "Outlaw, con man, killer. Settles down in Prestonsburg, Kentucky. Dee M. Noah, alias, Charles Farries, alias, James E. Boswell, for fifty-four years an outlaw. Quits the game and buys him a nice, little home in Prestonsburg, Kentucky for \$15,000, furnished completely. Gets him a 1949 Frazier-Manhattan car with all the extras and tremens (sic) and means to write a book, entitled, 'The Man They Couldn't Hang.'"

On further along, Noah claims to have split total deposits of \$30,000 with two Prestonsburg banks, to have stock in a Fort Smith, Ark., printing company worth \$20,000, also \$5,000 in a Washington, D. C., publishing firm and \$17,000 invested in Tracy City, Tennessee. Altogether, he calls it, he's worth a cool \$90,000.

In a cutback, as they say in the scripts, Noah relates that he was born July 12, 1884 at Pineville, Ky.

Mrs. George P. Archer Heart Victim At 78 After Long Illness

Mrs. Emma Johns Archer, wife of George P. Archer, widely-known Prestonsburg banker, died at 10:45 p.m., Monday at the Prestonsburg General hospital at the age of 78.

In failing health for several years, Mrs. Archer's condition became alarming two weeks ago. Direct cause of death was given as a heart condition.

A daughter of John G. and Elizabeth Harkins Johns, Mrs. Archer was a native of Prestonsburg where she spent her entire life. She was married on Christmas Day, 1887 to Mr. Archer and over the succeeding 61 years provided him the help and inspiration which led to his long and successful career in business. To this union were born eight children, the following surviving: Mrs. W. B. Garriott, Flemingsburg, Ky.; George Booten Archer, Adrian, Mo.; Arthur J. Archer, Prestonsburg; Mrs. H. B. Patrick, Prestonsburg; Mrs. O. W. Van Petten, Charleston, W. Va.; Dr. John G. Archer and Ralph T. Archer, both of Prestonsburg. Her eldest child, Dr. Ernest E. Archer, died in 1934.

Mrs. Archer had been a member of the Methodist Church since girlhood and the present Methodist Church here stands on a lot which was the gift of her and her husband. She had hundreds of relatives and friends throughout this section.

Surviving, besides her husband and children, is one sister, Mrs. Elizabeth Robinson, Plainview, Texas, 22 grandchildren and 24 great-grandchildren.

Funeral rites were conducted Wednesday afternoon from the Meth-

Prominent Abbott Man, Dave Miller, Succumbs At Huntington Monday

Dave Miller, 75 years old, prominent Abbott Creek farmer, succumbed Monday at St. Mary's hospital, Huntington, W. Va., to a glandular ailment. Death followed an illness of 20 days.

One of the county's best citizens, Mr. Miller was a son of the late Wash and Mary Miller, and was a lifelong resident of the Abbott Creek section. He had been a member of the Methodist Church for years.

Survivors include his widow, Mrs. Hetty Miller, to whom he was married in 1897, three daughters, Mrs. Paris Conley, of Abbott Creek, Mrs. Harry Baldridge, East Point, and Mrs. Carroll B. Keck, Warrington, Pa. He also leaves two sisters, Mrs. Belle Hyden and Mrs. Ann Miller Hereford, both of West Prestonsburg, and three grandchildren.

Funeral services were conducted Wednesday afternoon from the Abbott Creek church, the Revs. G. R. Fannin, Howard Church, Alex Stephens, Ted Green and Moses Kitchen officiating. Burial was made in the Pruitt cemetery on Abbott under direction of the Arnold Funeral Home.

4-WAY FETE FOR KIWANIS

In Club's Anniversaries
And Annual Ladies' Night,
Installing New Officers

The Prestonsburg Kiwanis Club will hold a quadruple celebration in meeting tonight (Thursday) at the Brown hotel.

The club is observing the 34th anniversary of Kiwanis International, its own 25th anniversary, the installation of 1949 club officers and its annual Ladies' Night.

Founded in Detroit immediately previous to World War I, Kiwanis International now embraces nearly 3,000 clubs throughout the United States, Canada, Alaska and Hawaii and a membership of 190,000 business and professional leaders.

During the past year, Kiwanis clubs have compiled an outstanding activity record. Among other projects, they have raised \$9,820,000 for cancer, heart and other campaigns, \$6,665,000 for the Community Chest; provided 225,632 luncheons and 265,826 quarts of milk for needy children; financed the treatment or clinic; gave vocational guidance to 116,193 youngsters at the clinics; gave vocational guidance to 266,953 boys and girls; sponsored 2,865 go-to-church campaigns; entertained 135,268 farmers at rural-urban meetings; assisted 13,200 veterans to find housing, and spearheaded 1,524 get-out-the-vote drives.

To promote the individual enterprise system, Kiwanis International during the past year distributed 16,000,000 pamphlets in a nationwide campaign to combat complacency and the spread of Communism.

Salyersville Firm To Construct Span On Weeksbury Road

The Department of Highways Tuesday awarded four contracts totaling \$524,538.64, including a contract for concrete superstructure for the bridge on the Melvin-Weeksbury road. Robertson & Harper, of Salyersville, received the bridge contract on a bid of \$7,234.20.

Other projects awarded, by counties, were: Greenup—Greenup-Russell road, beginning at east corporate limit of Raceland and extending toward Russell, 1,062 miles, grade, drain and high type surface; Nally & Ballard, Bardstown, \$224,658.19.

Harlan—Dressen-Sunshine road, bridge and approaches over Martin's Fork at Dressen, 0.180 mile; Lyons & Ebreeden, Rogersville, Tenn., \$33,214.30.

COURT METES SINGLE TERM

Harlan Salyers Guilty;
Several Heard In Week
As Murder Cases Re-set

The week in circuit court saw only one penitentiary sentence imposed, and that on the guilty plea of Harlan Salyers to a charge of grand larceny. His term is one year.

One murder case, that of Fred Dickerson, was continued this week till Jan. 31, and the trial of Bertie Hall for murder was set ahead to April 18.

The case of Charlie, Basil and Columbus Compton and Dan Collins, charged with shooting at without wounding Homer Parsons, was continued till next Wednesday. A shooting and wounding charge against the four was dismissed for lack of prosecution. At the same time, an assault and battery charge against Parsons was dismissed for the same reason.

Convictions since Wednesday of last week were:

Noah Collins, charged with assault and battery in the whipping of a son of Morton "Shikepoke" McGlothen, fined \$500; Bill Johnson, reckless use of a deadly weapon, \$50 fine; Dorothy Johnson, assault and battery, \$50; Childers Newsome, drunk driving, \$100; Pat Bentley, drunk driving, \$100 and driver's license revoked for one year; Junior McCoy, assault and battery, \$75; Harrison Hunley, assault and battery and reckless use of a deadly weapon, \$75 and \$100, respectively, on two charges; M. V. Click, possessing whiskey for sale, \$100 and 60 days in jail.

The liquor charge against Lora K. Stephens was dismissed last Wednesday on her attorney's demurrer when it was established the charge against her grew out of an illegal search warrant.

For lack of prosecution or evidence these cases were dismissed:

Carl Hall, Ray Meade and Jimmie Keathley, striking and wounding; Homer Parsons, shooting into motor vehicle; Mrs. H. F. Johnson, forgery; Eloise Spradlin, breach of peace; Dora Johnson, selling liquor; Alex Ousley, obtaining goods under false pretense; Martin Case, violation of Sunday law; Ola Rice, forgery; Andy Hamilton, selling liquor; Richard King, grand larceny; Carnie Huff, assault and battery; Haden Hall, reckless use of deadly weapon; Corrine Wiley, shooting at without wounding; Paul Mullins, knowingly receiving stolen property; Oscar and David Sturgill, breaking and entering; James Smith, aiding prisoner to escape; Sam Derossett and Corrine Wiley, adultery; Vasil Compton, malice striking and wounding; Vernie Hall, assault and battery; Stewart Sherman, grand larceny; Kermit Irick, rape; James Branham and James Arthur Sanders, rape; Earl Osborn and Kermit Irick, breaking and entering storehouse; Marlin Combs, assault and battery with an auto.

Cases continued: Bee Scott, malicious striking and wounding, Feb. 12; Hubert Pennington, selling liquor, April 12; Cleveland Stephens and Lou Bradley, adultery, April 12; Roy Arnett, obtaining money under false pretense, Jan. 27; Foster Brewer, shooting and wounding, April 14; Sie Hamilton, carrying concealed deadly weapon, April 5; Mack, Fred and Bee Johnson, Glenn Moore and Carl

CANAL VITAL TO BIG AREA, CLAIM MADE

Coal Drops 40 Per Cent
And Business Off Half;
Reports Hearings Slated

A delegation of some 20 Kentuckians told Senators Barkley and Chapman Friday in Washington that the Big Sandy area is rapidly skidding into a depression that can be halted only by Congressional approval of an \$82,300,000 project providing for the canalization of the Big Sandy river.

The Senators and two Kentucky Congressmen—Carl D. Perkins, Hindman, and Tom Underwood, Lexington—listened and agreed that the project is vital to the state's economic health.

President Truman's recommendation to the Congress included \$734,011,700 to be spent on waterways projects in the year starting July 1, 1949. The recommendation includes funds for 157 new flood-control projects in 35 states, also proposed were 61 other river projects in 27 states, Alaska and the District of Columbia. The President further stated due to the high cost of construction and large competitive demands from various sectors of the economy that only those projects to be undertaken where urgency is evident.

Reliable authorities reported the Appropriations Committee is to begin hearings this week.

The President's budget did not make a recommendation on Big Sandy valley because it was not in the list of Congressional approved projects. The Big Sandy Valley canalization program has the approval of the District, Division and the U. S. Board of Army Engineers and the Rivers and Harbors Committee of the Congress, but was defeated on the floor of the House in 1946.

The Big Sandy Valley Association, headed by Dr. O. W. Thompson, of Pikeville, proposes that the army engineers build a series of locks and dams which would extend the navigable channel into the coal fields. The project would cost about \$82,300,000. The Association is asking for \$25,000,000 appropriation for the first year's work.

Senator Barkley (now Vice-President) said he would make an appeal to the director of the budget and to the President himself and that he would do everything in his power to get the project through the Appropriations Committee.

The delegation stated Big Sandy coal mines were closed down because they could not pay the high freight differential and compete with coal from other fields. It was a gloomy picture that the delegation painted of what is happening to the

SOMEBODY GETS BLASTED

Editor, The Times: We want to express our appreciation to our magistrate, or whoever was responsible for the gravel that was used for the private driveway and the business place.

There is plenty traffic on this side of the road from the Drift station to Simpson Branch and, of course, there are several mines up Simpson Branch. It is still possible to get over this road in trucks, and, of course, we have cars over it, but it is plenty hard on a car. But if it does more good to do two private jobs than to scatter the gravel on the road we still thank you.

Let's Not Talk Overlong

Numerous Floyd county citizens and groups are interested in a Floyd county sesqui-centennial celebration this year; yet, we run the risk, this 150th year of the county's history, of talking overlong.

A countywide organization is needed. Every community in the county needs contacting, that each may be represented in the observance.

This is Floyd county's opportunity to write its own story, to tell its history, to point up its present and to look together to the future. It is not the task of any one community or of any certain group. A lot of work remains to be done, and all will have to join in the doing if it is done right.

And if the job isn't done right, better that it not be undertaken.

The Fair Benefits

THE Court of Appeals decision voiding the contract whereby one man would have made the proverbial killing through operation of a racetrack and pari-mutuels at the Kentucky State Fair, is a lifesaver for the Fair.

When one man's interest becomes too important in the affairs of a public institution, the interest of the public rightly wanes. And the Fair, which at best is far from perfect, cannot afford to lose ground with the rank and file.

Time of Decision

THE next thirty days may be the most momentous period of like duration in the history of the Big Sandy valley. For the next month may see the success of the move for canalization of the river, or its final failure.

This is "It." The time of decision is a matter of a few weeks distant.

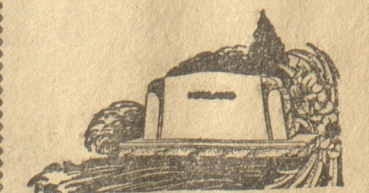

With more friends in official Washington than ever before in the long history of the canalization fight, the opportunity for complete victory is so great that failure now would be more absolute than ever before. President Truman is a staunch advocate of waterways. As of today, Thursday, Alben W. Barkley became Vice-President of the United States, and he, a Kentuckian, is pledged to work for Big Sandy canalization as a thing vital to his home state and an asset to the nation. A native of Louisa, Fred M. Vinson, is Chief Justice of the U.S. Supreme Court, and his sympathies naturally are with the river improvement. Kentucky's Congressional delegation is solidly for the undertaking. Governor Earle Clements and others prominent in the state administration are contributing their support.

But leaders cannot fight a winning battle without the help of the man in the ranks. It's up to the rest of us now to do the work of the foot soldiers and of the men and women behind the front.

Invest now in what appears to be a splendid chance for victory. Money spent now will mean a contribution not only to your own economic future but also to the maintenance of the section's schools and churches and to the development of scores of communities.

This time, our help must not be either too little or too late.

DOUBLE UTILITY, ECONOMY, VALUE!

You get double UTILITY, ECONOMY AND VALUE in the 'Jeep' Station Wagon.

With seats in, it is a smart passenger car . . . comfortable and roomy for six or seven, easy to handle and smooth as silk. With seats out, it is a practical utility vehicle . . . useful for carrying carpenters' tools, surveyors' instruments, contractors' equipment, engineering material

and many other loads up to 1/2 ton. And of course it's just the thing for luggage and all kinds of vacation equipment. The Station Wagon seats and interior are washable, body and top are made of steel, and it has 'Jeep' power and stamina for dependability and long life. With its thrifty 4-cylinder engine and fuel-saving overdrive, this car is exceedingly economical to operate. Maintenance costs are lower, too . . . thanks to its sound engineering and good solid construction in every part.

Seats that go in or out in a jiffy are a big reason for the all-around utility and extra value in the 'Jeep' Station Wagon.

SPORTS AFIELD

By TED KESTING

Has the shotgun reached its ultimate development? The gun reached practically its present form in England about 200 years ago. Since then there have been only two marked improvements: the choke, developed about 1866, and improvements in ammunition during the last 20 years. And there development has stopped, at least temporarily, writes Col. Townsend Whelen, noted arms and ammunition authority.

By a process of elimination British gunmakers and sportsmen found that the most efficient weapon for killing flying birds was a smoothbore gun of approximately 12 gauge, with a barrel about 26 to 30 inches long, shooting about 1 to 1 1/2 ounces of shot propelled by about 3 to 3 1/2 drams of black powder, the gun weighing seven to eight pounds, with a stock about as that made at present.

If the barrel was longer or the gun made heavier, it became too unwieldy for wing shooting. A shorter barrel did not burn enough of the powder charge to give the velocity and penetration necessary to hit and kill. A lighter gun or a heavier charge gave too much recoil. A larger charge of powder spoiled the pattern and increased recoil.

Smaller gauges down to 20 and up to eight have been used for special purposes, but from the very beginning the 12-gauge proved to be the best all-round bore, and still is. With this balanced design gunmakers seem to have been stopped, and except for the two improvements noted above, they are still stopped today.

There is nothing much that is new to write about the types of shotguns—double-barrel, either side-by-side or over-under, pumps or automatics. The double hammerless gun reached its perfection about 1890, the pump about 1897, and the Browning automatic about 1905. All will shoot the same according to their gauge and choke. The choice between these types is a purely personal one.

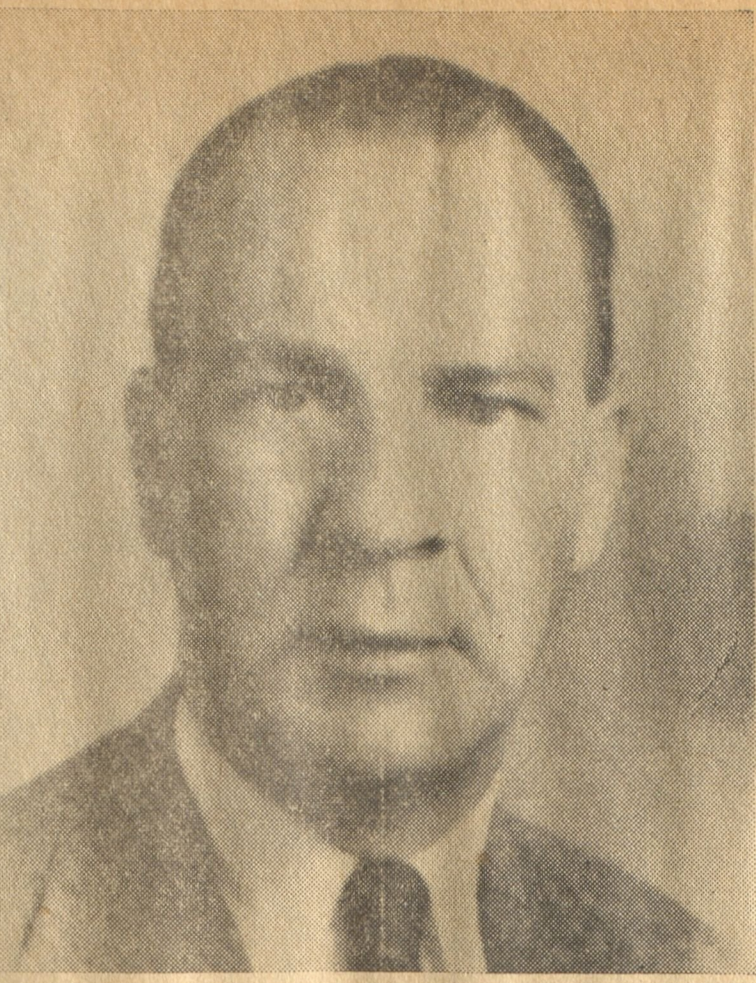

Discussing quality or makes is treading on dangerous ground, but we might safely put it this way: Guns selling at less than about \$50 to \$60 are 20-year or 20,000-round guns, given proper care; those above this price are lifetime guns.

BAPTIST CIRCLE MEETS
The Chattie Salisbury Circle of the Baptist Church met last week at the home of Mrs. Herbert Salisbury, Jr. "Christ, the Answer for the Individual," was the meeting topic, and the program was led by Mrs. Kelly Wells, who was assisted by Mrs. Ben Stansifer, Mrs. Tom Graham Dingus and Mrs. Franklin W. Moore. Attending the meeting were Mrs. Herbert Salisbury, Sr., Mrs. Raymond Sirkle, Mrs. Edward B. Leslie, Mrs. Tom Graham Dingus, Mrs. William J. Dingus, Mrs. Bill Napier, Mrs. John G. Archer, Mrs. Curtis Clark, Mrs. Grover Young, Mrs. Franklin Moore, Mrs. Ben Stansifer, Mrs. Kelly Wells and the hostess.

Those acquitted during the week: Orville Bentley, drunk driving; Woodrow Stone, carrying concealed deadly weapon.

The rape case of Shorty, Ray and William Hall was transferred to juvenile court, since all the defendants are under 18.

Bonds of three were forfeited. Defendants, charges against them and amounts of bonds are: Tom Johnson, carrying concealed deadly weapon, \$1,000; Oliver Setser, shooting at without wounding, \$2,500; Eddie Coffee, selling mortgaged property, \$1,000.

The indictment charging Bill and Tennie Blanton with knowingly receiving stolen property was quashed, to be re-submitted to the grand jury.

On a writ of habeas corpus petition, alleging the prisoner was wrongfully held here for the sheriff of Hamilton county, O., Troy Baker was released from jail. The charge of deserting a pregnant wife against Andy Mitchell was continued, Mitchell to pay his wife \$50 a month.

The grand jury will re-convene next Thursday for the last three days of its session.

KENTUCKY ON THE MARCH

By EWING GALLOWAY

When, in 1934, the Johns Vogels, just out of Moody Bible Institute, invaded the mountains of Whitley county, Ky., their worldly possessions consisted of a small trunk full of clothes and \$20 in cash. There was a three-year-old daughter, Gladys, a considerable responsibility with a family with only \$20, no friends, no place to live. At that time their ambition was to save souls.

They found shelter in a one-room log cabin with a leaky roof, which they rented for \$2.50 a month. Preaching wherever he could attract an audience, Preacher Vogel, as the natives call him, soon gained the confidence of the mountain people, which he strengthened by distributing used clothing to the needy—garments sent by people in John's home town, Oaklawn, Illinois. Then something happened to change the future of the Vogels. Over in Knox county an irate father killed a young man he believed had betrayed his daughter. It turned out that the wrong man was shot. Soon afterwards the father of the baby asked Preacher Vogel to help him rescue it from the mother, whom the unwed father accused of neglecting it. Vogel and the young man found the mother unguarded by her father, and took the child. The father, unable to provide a home for it, left the baby with the Vogels.

That incident marked the beginning of what is now called the Gallatin Children's Home, which does a fine job of bringing up 65 children. Here children were taken in—orphans, waifs, unwanted tots—and nearly every day brought new problems, such as getting food, clothing and additional house room.

Missionary Vogel hewed logs with which to build cabins, cleared land to grow vegetables, while Mrs. Vogel kept house and looked after the increasing number of waifs. Mountain people shared their food with the Vogels. When hogs were slaughtered one carcass was sent to the Vogels, potatoes, flour and corn meal were shared. But despite the generosity of native people and strangers, food for next week is still uncertain.

The Vogels insist that the Lord will always provide, meaning, of course, that people with Godly impulses bring in the things that are needed. And they don't solicit a penny from anybody.

Today the institution is incorporated as the Gallatin Children's Home. It has as many children as can be sheltered with the buildings it has. And there are trained assistants who help bring up the 65 children, which work, of course, includes first-rate elementary schooling.

Funeral Services Held In Pike County Friday For Native of Floyd

Funeral services were held last Friday for Mrs. Josephine Stanley Whittaker, 63 years old, a native of Middle Creek and a lifelong resident of Floyd and Pike counties.

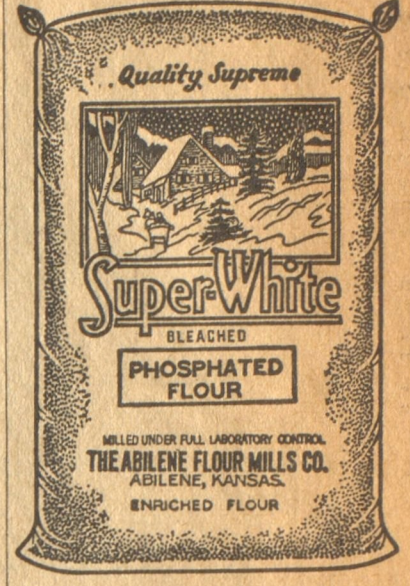

Ill four years, Mrs. Whittaker was the victim of a paralytic stroke on the preceding Wednesday morning at her home in Elkhorn City where she had resided since 1942. She was a member of the Church of God.

She is survived by her husband, Ben Whittaker, formerly of Wayland, three sons, Rev. H. M. Whittaker, of Praise, Robert and Thurman Whittaker, Pikeville, two daughters, Mrs. Floyd Sanders and Mrs. George Tufts, of Republic, in Pike county, two brothers, Franklin and Silas Stanley, Silver Lake, Indiana, 15 grandchildren and four great-grandchildren.

Services at the Church of God, Elkhorn City, were held by the Revs. H. F. Griffith, C. T. Farley and Willard Ward. Burial in the Johnson Memorial Park, Pikeville, was under direction of the Call Funeral Home.

Here's how YOU can win the Gold Bars of an Army Officer

TWO NEW WAYS TO JOIN THE RANKS OF AMERICA'S YOUNG LEADERS

DIRECT COMMISSION
A commission as second lieutenant in the Officers' Reserve Corps with a 2-year initial tour of active duty is ready for you if you meet these requirements: one year of honorable service in any of the Armed Forces between 7 December 1941 and 30 June 1947; have completed two years at an accredited college or university; U. S. citizenship; AGCT score of 110 or better; not more than 32 years old; physically fit. Once commissioned, you'll be assigned to a 3-month officers' training school, and, on successful completion, you'll be free to compete for a Regular Army Commission if you meet the competitive tour age requirements. Go to your nearest U. S. Army and U. S. Air Force Recruiting Station for complete details at once.

OCS FOR HIGH SCHOOL GRADUATES
If you've graduated from high school or can pass an equivalent examination, are between 19 and 28 years old, are a U. S. citizen, and have necessary physical qualifications, apply now for enlistment for Army OCS. After your application is approved, you'll be enlisted as a Sergeant and given basic training if you have not had it already, then sent direct to Officer Candidate School, subject to quotas, of course. Upon graduation, you'll be commissioned a Second Lieutenant in the Reserve, and placed on two years of active duty. Top OCS graduates are commissioned in the Regular Army—all others may compete for a Regular Army Commission. Get all the facts about applying for OCS entrance at your nearest U. S. Army and U. S. Air Force Recruiting Station without delay!

OF INTEREST TO VETERANS

A total of 4,155 veterans in Ohio, Michigan and Kentucky are amputees as a result of service in World Wars I and II, the Veterans Administration Branch Office in Columbus, Ohio, reports this week.

Voight W. Baker, chief of VA's Prosthetic Service in the three states, said the total includes leg and arm amputees and those with partial amputations of the feet or hands.

There are none of the so-called "basket" cases—loss of both legs and both arms—in the three states, Baker said.

The number of amputees includes: Ohio, 1,722; Michigan, 1,453; Kentucky, 980. VA is paying disability compensation to all of these veterans, Baker said. In many cases the VA has assisted in the rehabilitation of the amputee veteran.

Five veterans in the three states suffered loss of both legs and one hand, 59 lost both legs or feet, eight lost both hands and six lost one hand and one foot.

Issuance of insurance policies to replace temporary certificates on most forms of insurance will begin in the near future by Veterans Administration Central Office in Washington.

No action on the part of the veteran will be necessary to obtain the new policies, which will contain provisions of the NSLI contracts as outlined in the NSLI law.

Policies will be issued on renewed term contracts and for those converted to any of the six permanent forms. Certificates that have been issued on the original term insurance will remain in effect until renewed or converted. VA insurance officials estimate that it will require several months to complete the job.

Not the Wide Prairie But Any Old Bottom Serves, Fliers Find

Four fliers from Texas' great open spaces found rough landing in the hill-circled Big Sandy valley as dusk fell this evening (Thursday), but all escaped injury though two of the planes were damaged.

The Texans—Vic Strickman, Lawrence Draper, James Miller and Bill Fuston—were flying near Bellanca from Wilmington, Del., to Texas. They were attempting to reach Lexington when dusk overtook them. One landed on the Burke farm, above here, another in the bottom below Emma and the other two near the Banner May home, below Allen.

Big Sandy area of Eastern Kentucky. They described it as the start of another depression that would send the relief rolls skyrocketing. Dr. Thompson stated that Pike county alone was losing over three-quarters of a million tons of coal monthly because of the unavoidable freight differential, also the coal production for the nation as a whole for 1948 decreased 5 per cent while in our section it had decreased 35 per cent to 40 per cent, and unless something is done we are going to be in dire financial circumstances.

Bank officials in the delegation stated that banks in our section were losing deposits at a rapid rate in the last few months, because a number of mines were closed and "people are eating up their money." They further stated that many are drawing Unemployment Compensation now and when that's gone, they'll be looking to Washington for relief as they did in the '30's.

Wholesale and retail merchants said that trade in the Big Sandy area was off from 30 per cent to 50 per cent. Public officials said they had noted a decided collapse in the economic set-up. Others pointed to the abundant natural resources including high quality coal, oil, natural gas, limestone, iron ore, timber, clays, shales and salt water for chemical industry and their importance to the welfare of Big Sandy, Kentucky and the nation.

The delegation from the Big Sandy Valley included State Senator Doug Hays and Marvin Music, of this county, Richard Wells, Sr., K. J. Day, George Coleman, Judge Irvin Pruitt, Pierce Keese, J. E. Sanders, Dr. O. W. Thompson, J. T. Billiter, D. C. Moore, Dr. J. E. Johnson, Johnnie Smith, Dan Chambers, Dr. Paul B. Hall, Bill Garland, J. B. Moore and J. T. Britton, also Conservation Commissioner Henry Ward, representing Governor Earle Clements.

Commissioner Ward stated to the Kentucky Congressmen and Senators that "there is a real demand for Eastern Kentucky coal by industry, because of its superior qualities, but they are not buying our coal because of freight differential. The government has canalized other rivers which has placed Kentucky in its unfavorable position and the federal government now owes it to Kentucky to canalize the Big Sandy river. Our state government suffers when any section suffers. The Governor is very strong for the project and will do all he can to assist it." The delegation returned from the capital, more optimistic than ever before of success.

back and shot one time and it went over George's head. Then Matt fell and George walked around the counter and emptied his pistol at him. George then took the empty shells out of his gun and dropped them on the floor and reloaded his gun and went out."

Mrs. Mullins said that, although four or five men were in the room when the argument began, only Luther Tackett was there when the shooting took place and that he entered from the back as the firing began.

Tackett corroborated this statement. He said he heard one man say, "Don't do that," but did not identify the speaker. He said he fell to the floor at the first shot and did not see the slaying.

Officers said the bullet which apparently was fired by Matt Johnson entered the wall over the doorway. The victim was a son of Hiram Johnson. He is survived by his widow and four children, Opal, Lily, Bertie and Virgie.

Funeral rites for Johnson were conducted Wednesday from the residence at Bypro, the Rev. Jerry Hall officiating. Burial at Buckingham was directed by the Ryan Funeral Home.

Rites for S-Sgt. Layne Held At Parents' Home

Funeral services were held recently for Staff Sgt. Herbert W. Layne, 24, son of the late Lee and Mrs. Linda Caldwell Layne, of Tram, who was killed in action, Sept. 12, 1944, in France. He served in the armed forces four years while stationed in Iceland, Ireland, England and France.

Other survivors are two brothers, Hubert and Bertram Layne, Tram, and six sisters, Mrs. Bertha Hall, Mrs. Florida Smith, Mrs. Wilda Farmer, Mrs. Elsie Blackburn, all of Tram, Mrs. Lillie Johnson, of Rochester, N. Y., and Mrs. Ersel Wright, Ashland.

Services, Jan. 8, at the home were in charge of the Reverend Isaac Isaac Stratton and Carl Layne. Burial in the family cemetery was under direction of the Carter & Callihan Funeral Home with Floyd Post 129, American Legion according military honors at the graveside.

Mrs. Terry Succumbs, Victim of Paralysis

An illness beginning with a paralytic stroke five years ago ended Friday with the death at Dema of Mrs. Mary Terry, 83 years old, widow of Richard Terry. She died at the home of her daughter, Mrs. Spence Slone.

Mrs. Terry was a native of this county, a daughter of Henderson and Liza Moore, and had many relatives and friends in this section. She leaves two sons and three daughters, Mrs. Jim Hatfield and Mrs. Dahlia Hatfield, both of Matewan, W. Va., Miles Terry and Mrs. Spencer Slone, both of Dema, and Pearl Terry, of Raven, Ky.

Funeral rites were conducted at Dema by the Revs. Sherman Slone and Hawk Moore, with burial in the Terry cemetery on Caney Creek under direction of the Ryan Funeral Home.

THE NEW FUTURAMICS

FUTURAMIC—the most glamorous word in motor cars now applies to two great lines of Oldsmobiles. Not only the newly styled Futuramic '98—but also a brand new Futuramic '76' with a new '49 Fisher Body that's lower, wider and offers greater visibility. And this year, Oldsmobile has struck a new balance of power with two great engines for these Futuramic cars. The new "Big Six" Engine in the '76' is more powerful than ever. And the new '98' is powered by the revolutionary "Rocket" Engine. It's a high-compression, valve-in-head eight—an engineering marvel that steps up horsepower to 135, yet actually cuts down on gas costs. Words can't describe it. You've got to drive it yourself for Oldsmobile's "NEW THRILL!"

Distinguished Visitors Highlight Vets' Meeting

The regular meeting Sunday of the John B. Reynolds Post, American Legion, at Martin was highlighted by the presence of distinguished visitors.

James Igo, Whitesburg, area vice-commander, formally presented the post with its charter. All members of the post took the obligation given by District Commander J. L. Hayes, Mt. Sterling, who later gave a very stirring talk on "The American Legion's Part In Winning the Peace."

WOMAN'S CLUB MEETS

The Betsy Layne Woman's Club held its January meeting at the home of Mrs. Lon Roberts. A report was given on the number of Christmas stockings sent by the club to Veterans' hospitals. The club filled and mailed 11 stockings. It was decided that the club will sponsor the March of Dimes in the community. The club also voted to contribute to the Penny Art Fund and the International Scholarship Fund.

At the close of the business session a surprise stork shower was given for Mrs. Arthur Van Kammer. Games were played, and refreshments were served to the following members and guests: Mesdames Earl Hays, Edward Lykins, Keen Robinson, Elizabeth Prichard, Beecher Hardwick, Eliza Blackburn, Jack Williams, Squire Hall, R. E. Williamson, Myrtle Howes, Jesse Elliott, Glenn Blackburn, Robert L. Anderson, Master Billy Anderson, the honoree, Mrs. Van Kammer, and the hostess, Mrs. Roberts.

THESE REPRESENT FIVE GENERATIONS

Left to right—James Lloyd Eblin, 15, Estill; Mrs. Moody Eblin, 32, Estill; Mrs. J. C. Cooley, 49, Estill; Mrs. Melda Smith, 87, Carr Creek, Ky.; Mrs. Bethany Hale, 68, West Prestonsburg.

The five shown in this picture are the eldest of five generations of an Eastern Kentucky family which numbers 283 residents of Floyd, Knott and Letcher counties. Of this family 87-year-old Melda Smith (second from right) is the matriarch. Mrs. Smith, widow of Hillard Smith, Cody, Ky., has nine children, 76 grandchildren, 88 great-

children and 117 great-great-grandchildren. Of these 288, only three are dead, although 15 of her grandsons and great-grandsons saw service in the recent war.

A native of Alcock, Ky., Mrs. Smith is a daughter of Mr. and Mrs. Jackson Combs and is an aunt of Hillard H. Smith, of Frankfort, and John D. Smith, Louisville.

Senator Hays Named In Plans for Dinner In Honor of Barkley

Announcing preparations for the Jackson-Jefferson Day dinner to be held in Louisville Feb. 26 honoring Vice-President Alben W. Barkley, State Chairman Robert B. Hensley named Senator Doug Hays, of McDowell, as chairman of the legislative committee and Beckham Combs, Hindman, as Seventh Congressional district chairman.

Hensley also named Barry Bingham, S. R. Glenn and other notable Democrats and officials to various posts.

He stated that there was a "fair possibility" that President Truman would accept a personal invitation from Governor Earle C. Clements to attend and he expected Chief Justice Fred M. Vinson, Associate Justice Stanley Reed, both Kentuckians, and at least 50 others to come by train and special cars.

One thousand anticipated guests will hear Barkley as the principal speaker.

B.S.C. TOURNEY ALMOST FLOYD EVENT

THREE COUNTY TEAMS RATED CONTENDERS

To Favored Red Devils; Blackcats and Flat Gap Regarded 'Dark Horses'

Facing a "tough row to hoe" in likely meetings with potential power-laden teams from Wheelwright, Martin and Betsy Layne in the Big Sandy Conference tournament beginning Jan. 24, Meade Memorial's Red Devils is noted only a "tongue in the cheek" rating as a favorite by the 15th region hardwood prognosticators.

Giving, where possible, the won-lost standings up to this week in parenthesis, here's how the knothole authorities see the northern qualifying section of the tourney at Flat Gap:

At 1 p.m., Monday, Prestonsburg should beat Van Lear if they can bottle-up the Bank Mules' Honaker. At 2:15 p.m., Meade Memorial (14-2) will grease the skids under Oil Springs. At 7 p.m., Flat Gap (14-2), under a former Floyd coach, Foster Meade, and on their home floor may give Wheelwright (12-1) some trouble. At 8:15 p.m., Martin (12-2) should breeze past Paintsville.

The semi-finals Tuesday at 7 p.m., as the dope bucket hangs high, should see Wheelwright get the go sign over Prestonsburg and the Meade-Martin toss-up at 8 p.m. Should Meade Memorial get by the Flashmen they will likely face Wheelwright, another Floyd representative, in the finals at 8:15 p.m., Wednesday. A consolation game is slated at 7 p.m.

Pikeville's Panthers, the conference number one team, was permitted to withdraw to participate in the March of Dimes polio double-header at Lexington Jan. 26 and enter the Louisville Invitational on Jan. 28.

With Pikeville out, Pike county observers rate Floyd county's Betsy Layne the top team in the southern qualifying section at Pikeville, Jan. 24, 25, 26. Elkhorn City is acknowledged possible second honors.

Here's the way they see the Pike preliminaries:

Elkhorn City's Cougars to take Virgie at 7:30 p.m., and Jenkins' Cavaliers to go by Pikeville College Academy at 8:30 p.m., Monday. At 8:30 p.m. Tuesday should see Betsy Layne over Belfry. At 2 p.m., Fleming, the tournament question mark who drew a first round bye, might give Elkhorn City trouble and Jenkins may surprise Betsy Layne at 3 p.m. Nevertheless, the Bobcats and Cougars are picked by fans for the finals with the Floyd county boys favored.

The winners and runners-up advance to final portion of the tourney at Pikeville, Jan. 28-29, where the conference champion will be decided.

Blackcats Show Promise In Spite of Decisions To Meade and Garrett

Showing definite signs of overcoming their weaknesses, the Prestonsburg Black Cats began to look, this week, more like a ball club, although they dropped two decisions to highly-favored Meade Memorial, 45-34, and a fast-moving Garrett team, 62-47.

Tuesday night's battle at Garrett saw both teams operating at a torrid pace. The Blackcats managed to get in the lead twice over the Black Devils. The Devils led at the first quarter, 17-13. In the second quarter the Cats scored 15 while the Devils nabbed 13, but the half stood 30-28 in favor of Garrett. The Right Beaver boys ran away in the third quarter with 13 points to six for the Cats and scored 19 to the visitors' 12 in the fourth stanza.

Garrett's Duff and Bolen totaled 36 points, splitting high point chores, and George, of the Black Cats, scored 15, with teammate Boyd garnering 12.

The outcome of the Meade Memorial-Black Cat game here Friday night was in doubt until the middle of the third quarter. In the middle of the first period the Cats took a six-to-five lead but the Red Devils led at end of the quarter, 13-12. The second quarter saw the Blackcats go ahead, 18-13, but Meade rebounded fast to hold their one-point margin at the half, 19-18. The surprisingly strong Cat five clawed back into the lead, 24-19, with two minutes of the third quarter gone when George, Prestonsburg guard, fouled out. A few minutes later his teammates, Boyd and Willis, followed the same route. The third quarter ended, 31-23, in favor of Meade. The fourth installment of the hard-fought affair found Harmon, Blackcat forward, and White and Murray, Red Devil stalwarts, being dismissed for fouls. In the final quarter the highly-touted Devils lived up to some advance notices by outscoring the Cats, 14 to 6.

In the third quarter the visitors lost their star center, C. Butcher, who suffered a twisted ankle in a collision with a teammate under his own basket.

The scoring breakdown shows the Cats with seven field goals to four two-pointers for Meade in the first half, with free throws accounting for the difference in tallies. Officials called 53 hardwood misdeeds during the full game.

Independent League Tourney Starts at Martin Tomorrow

Squaring off for league prestige and the tempting prize of the winner's purse or some of the other cash awards, the six member-teams of the Floyd County Independent Basketball League get their tourney under way at the Martin high school gym tomorrow (Friday) night.

The tournament opens with Betsy Layne and Wayland meeting at 7:30 and Prestonsburg tangling with Martin at 9 p.m. In the semi-finals Saturday afternoon Garrett engages the Martin-Prestonsburg winner at 2 o'clock followed by McDowell playing the Betsy Layne-Wayland winner at 3 o'clock. The finals Saturday night schedule the consolation game at 7:30 and the championship at 9 p.m.

Observers rate the Prestonsburg VFW Ramblers as favorite, with Wayland and Garrett as strong contenders. However, independent ball is unpredictable as a rule and the other hard-playing league members are not to be denied their recognition. The Ramblers hold two victories over Wayland but have divided

two encounters each with Garrett and Betsy Layne, Rambler Coach Jack Hyden stated this week. The tournament will be marked by the performances of former all-state players, college luminaries and numerous other outstanding performers.

The Ramblers defeated Garrett Sunday, 74-58, in the Garrett gym. The last meeting of these two teams at Garrett resulted in an agreed tie when a belated check-up of the two score books disputed a one-point Garrett victory shown on the scoreboard. A date for the agreed playoff of the tie has not been set as yet. Following the tourney play, the Ramblers meet McDowell at 2 p.m., Sunday here.

PURPLE FLASH FACES TESTS

After 'Weathering' Fouls To Blast Belfry, 70-38, And Down Auxier, 57-26

Three major contests this week-end and participation in the northern section of the Big Sandy Conference tournament, beginning Monday, offers the Martin Purple Flash a deluge of stiff competition for coming crowded days.

The Flash added two more victims to their victory belt over the past week-end by downing Belfry, 70-38, and racking up the Auxier Hornets, 57-26.

Thursday night at Belfry saw the game marked by 71 personal fouls which either set or too nearly equalled the record, on both teams that indicated that the officials were slightly "whistle happy." Forty-three fouls were called on Martin and 28 charged to Belfry. By the end of the game seven Flashmen had fouled out and another had four marks against him while Belfry lost four players by fouls.

In the scoring department Belfry's Pirates, coached by Dick Looney, got four field goals and 30 out of 50 free tries and the Purple Flash collected 25 field goals with 20 good free shots out of 43. In the first quarter Martin scored 20 points while Belfry got 11 points on free throws. At the half the Beaver Creek boys led the Pike countians, 34-23 and, spotting the line-up with substitutions, went on to a whirlwind finish. Doug Laferty and his brother, Elmer, accounted for 34 points and their fellow Flashman, Grigsby, tallied 14. Addis, Belfry forward, got nine tallies.

The Flashmen continued to justify their recognition as a regional power Friday night at Auxier by defeating the Hornets, 57-26. The contest started out as a close affair but the team from the railroad town "got up steam" and were running ahead, 31-10, at the half. Auxier is handicapped by inexperience and lack of reserves while Martin is deep with plenty of scrapping material.

The Purple Flash, under Coach Denzil Halbert, faces its toughest test this week-end. Tonight (Thursday), they meet "Copper John" Campbell's Wayland Wasps at Martin, tomorrow night at Wheelwright they tangle with the formidable Maroons and Saturday night at Maytown Halbert's charges engage Coach Bill Allen's Wildcats. Early in the season Martin stomped Maytown, 49-29, but the second meeting promises a different story.

Wayland Legionnaires Win 12 of 13 Starts

The Wayland Legionnaires, a member of the Floyd County Independent Basketball League, have a record of 12 wins in 13 starts. On January 4 the Vets bowed to the Cleveland Clowns, 69-51. Jan. 8 saw the Wayland team defeat the high-flying Richmond Lizards, 77-61.

The Brooklyn Dodgers will stage the 1949 All-Star baseball game July 12.

Garrett Tramples Two But Loses To Hindman In Saturday Contest

Garrett's Black Devils accounted for two victories in three games last week.

On Tuesday night, Jan. 11, the Prestonsburg Blackcats gave the Devils a tough scrap for the first half in the Garrett gym before the home boys pulled away to a 62-47 victory.

Playing host to the Betsy Layne Bobcats last Friday night the Garrett team avenged an early season loss to Betsy Layne by walloping the visitors, 56-38.

At Hindman for their third contest of the week Saturday night, the Black Devils were unable to cope with the Hindman Yellow Jackets. Hindman jumped into a 11-0 lead before the Devils could organize their attack. The first quarter ended, 11-3, in favor of the Jackets. Bailey's long shots helped Hindman to establish a lead of 23 to 12 as the half ended. In the last half the Garrett five scored 23 points to Hindman's 20 but it just wasn't enough to gain victory as the final score read 43-35 in Hindman's favor.

Garrett's record stands at nine won and nine lost. They go to Elkhorn City Friday night and to Auxier Saturday.

Patton Paces Maytown To Thumping Victory Over Elkhorn Quint

Paced by Patton, Wildcat center who grabbed 12 two-pointers and one free goal, Coach Bill Allen's Maytown five continued their regional rampage in high school basketball competition by beating Elkhorn City's Cougars, 55-41, at Maytown Friday night.

The "Boys from the Breaks" needed more than just breaks of the game to cope with the currently high-stepping Wildcats. Maytown forwards S. Boyd, with 14, and W. Jones, getting 11 points, aided Alton's parade of points. The Cougar attack was sparked by Dale Ratliff's 12 and Picklesimer's 10 points.

Elkhorn City recently held the powerful Pikeville Panthers to a nip-and-tuck scrap before losing, 47-40. Such comparisons make the 14-point victorious Maytown team eligible for "big league rating" in state basketball circles.

One of the region's sports highlights this week sees Maytown play host to the Martin Purple Flash on Saturday night.

McDowell, 'The Giant Killer' Hands Maroons First Loss

McDowell, a team which gives no quarter to the highly rated "big boys," is up to its old role of giant-killer.

In the upset of the season last Friday night at McDowell they gave the Wheelwright Maroons their first loss in 13 games, 34-32.

Wheelwright led all the way until the last few minutes of the game when McDowell came up fast to knot the count at 30-30. The game was tied again at 32-32 and with just two seconds to go Turner, McDowell guard, heaved a long desperation shot from near mid-floor that cinched the game.

"Wild Bill" Stumbo, McDowell's high scoring forward, was top man with 12 points while teammate Turner ran second with 10 points.

B. Hall, R. Curry and R. Hooks divided honors for Wheelwright with eight points each. In a previous meeting between the two teams at Wheelwright, Coach Estill Hall's boys almost turned the

Prestonsburg 36, Louisa 32
Louis, Ky., Jan. 19—Prestonsburg's Cats took an early lead and held it to squeeze past the Bulldogs, 36-32, here last night.

Prestonsburg scored 17 points to eight for Louisa in the first quarter, both teams got eight each in the second and the hosts outscored their guests, 7-5 and 9-6, in the third and fourth quarters, respectively. Blackcat guard Willis and Bulldog guard Blankenship tied for high point honors with 11 each.

Meade Memorial 50, Inez 47

Inez, Ky., Jan. 19—Meade Memorial avenged an early season 56-55 loss to Inez with a last minute rush to beat the Indians here last night, 50-47.

Early high scoring by Red Devil guard White gave Coach Paul Butcher's five an 18-6 first quarter lead. At the half they led the Indians, 26-22. Both teams battled on even terms during the last half with seconds remaining when a driving finish projected the visitors to victory.

TO THE CITIZENS OF FLOYD COUNTY:

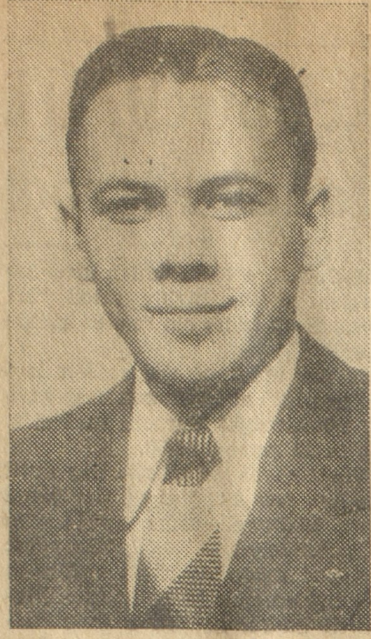

I am very grateful to you for having permitted me to serve as your County Court Clerk for the past three years. I have tried to do a job worthy of your trust.

I have gained experience during the past three years which I feel will qualify me to serve you better in the future.

You people have the right to decide whom you want to serve you for the next four years and I am asking that you consider me for nomination for the office of County Court Clerk at the August primary, 1949.

Sincerely,
JARVIS ALLEN

TO THE VOTERS OF FLOYD COUNTY:

I wish to ask you to consider my candidacy for the Democratic nomination for County Court Clerk of our county.

I am a citizen and resident of Martin, Ky., and have resided there since my return from three years of service in the army of the United States during World War II.

My father, Marson Moore, was born and raised on Left Beaver Creek, near McDowell, Ky.

In education and experience, I feel that I am qualified to serve the people of this county as their Clerk. I realize that the duties of the office are many, that the responsibilities are great, and that the opportunities for serving the people are numerous. I am more than willing to work hard as your Clerk in order to help the people of our county feel that the office of County Court Clerk belongs to them and is at their service at all times. I will try hard to serve you well.

If nominated and elected, my sole ambition will be to conduct myself and the office of Clerk in such a way that the good people of Floyd county will be proud of my work.

TO THE VOTERS OF FLOYD COUNTY:

I am still announcing myself as a candidate for the office of Jailer of Floyd county, subject to the action of the Democratic primary in August. I promise to give you honest, sober and efficient service if elected. Your vote and influence will be greatly appreciated.

1-20-4t-pd. SIE TACKETT JOHNIE CAUDILL

TO THE VOTERS OF FLOYD COUNTY:

I believe that the time has come in Floyd county for the voters to work and elect a working man for our Jailer. After all, it is the working man that pays all the bills. The only time the politicians are for the working man is on election day.

I am a crippled man, having lost a leg several years ago. I am a member of Local Union No. 7796, Drift, Ky. I am a resident of Arkansas Creek and am known all over Floyd county as "One-Legged Horse-Swappin'" Johnny Conn.

I am a Christian man and trying to lead a good life and all the citizens know that they will be treated fairly if I am nominated and elected.

I call upon the good Christian people and the working people to give an old working man a chance by nominating and electing me Jailer of Floyd county. I am 50 years old and have been a Democrat all my life. I will try and see all the voters that I possibly can between now and the primary election, but being a crippled man, I may not get to see all and I take this method of asking for your support and influence.

Yes, here's the newest of all new cars—pre-tested and preproved on the great General Motors Proving Ground—and predestined to win even wider preference for Chevrolet as the most beautiful buy of all, from every point of view and on every point of value. Come in and see it!

First for Quality at Lowest Cost
AMERICA'S CHOICE CHEVROLET FOR 18 YEARS

VALLEY MOTOR CAR COMPANY
PRESTONSBURG, KY.

CHEVROLET

is the only car bringing you all these fine-car advantages at lowest cost!

YOU'LL PREFER ITS "LUXURY LOOK"!

Chevrolet's new Leader-Line Styling is lower, wider, rarer... with new Dyna-Cool radiator grille, Single-Sweep front and rear fender treatment, and fixed-side-rocket lines all around... by far the most beautiful development of the new "functional form" for motor cars.

MORE BEAUTIFUL FROM EVERY ANGLE!

The new Beauty-Leader Bodies by Fisher (with push-button door openers outside) are true masterpieces by the master builder of fine coachcraft... with superb lines, extra-fine upholstery and a wide variety of coloring... much more beautiful from every angle—inside and outside—front, side and rear.

MORE ROOM AT EVERY POINT!

The new Super-Size Interiors featuring extra-wide "Five-Foot Seats," give you plenty of head, leg and elbowroom as well as extraordinary seating space for six full-grown passengers; and you'll also notice that the giant rear deck has what amounts to "trunk room" capacity.

SEE ALL! ENJOY ALL!

New Panoramic Visibility, with wider curved windshield, thinner windshield pillars, and 30% more window area—all-round, permits you to see all and enjoy all, and to travel in maximum safety.

THESE ARE CARS THAT "BREATHE"!

Yes, you'll enjoy the additional pleasure of riding in a "car that breathes," for a completely effective heating and ventilating system supplies warm air to every nook and corner of the interior—exhaling stale air—and keeps glass clear in all weather. *(Heater and defroster units optional at extra cost.)

THE NEW RIDE'S A REVELATION!

A vastly improved Unitized Knee-Action Ride, combined with new direct-acting airplane type shock absorbers, front and rear, and extra low pressure tires, gives the stability, smoothness and road-safety you have always wanted.

THERE'S ONLY ONE WORLD'S CHAMPION ENGINE

You get the finer results of Chevrolet's sturdy Valve-in-Head Thrift-Master engine in all Chevrolet models... together with all of Chevrolet's money-saving economy of operation and upkeep... and this is the world's champion engine for miles served, owners satisfied, and years tested and proved.

JUST COUNT THE COMFORTS!

Push-Button Starter for simplest, easiest starting; Hand-E-Gearshift with Synchro-Mesh Transmission for maximum shifting ease; and Firm Foundation Box-Girder Frame for ride-stability and road-steadiness unsurpassed in the Chevrolet price range.

STOP MORE SWIFTLY AND SAFELY!

The new Certi-Safe Hydraulic Brakes give even faster stops with safety... and assure the highest degree of effective braking action for you and your family.

YOU'LL SAVE MORE MONEY, TOO!

This new Chevrolet is designed, engineered and built to speed your pulse and spare your pocketbook, for it brings you all these and many other important improvements at the lowest prices and with extraordinary economy of operation and upkeep.

Plus NEW CENTER-POINT DESIGN!

A remarkable 4-way engineering advance exclusive to Chevrolet in its field, and consisting of Center-Point Steering—Center-Point Seating—Lower Center of Gravity and Center-Point Rear Suspension gives the new Chevrolet riding and driving results without precedent or parallel in low-cost motoring. That means a new kind of riding ease and a new kind of driving ease heretofore reserved for owners of more expensive cars. Remember—only new Center-Point Design can give you all these finer motoring results; and only the new Chevrolet brings you Center-Point Design at lowest cost!

DEPENDABILITY

EATING up the miles as it roars along the smooth highway... grunting like a laboring Percheron as it mounts the long, hard grades, the Interstate Bus... on time again... bespeaks dependability.

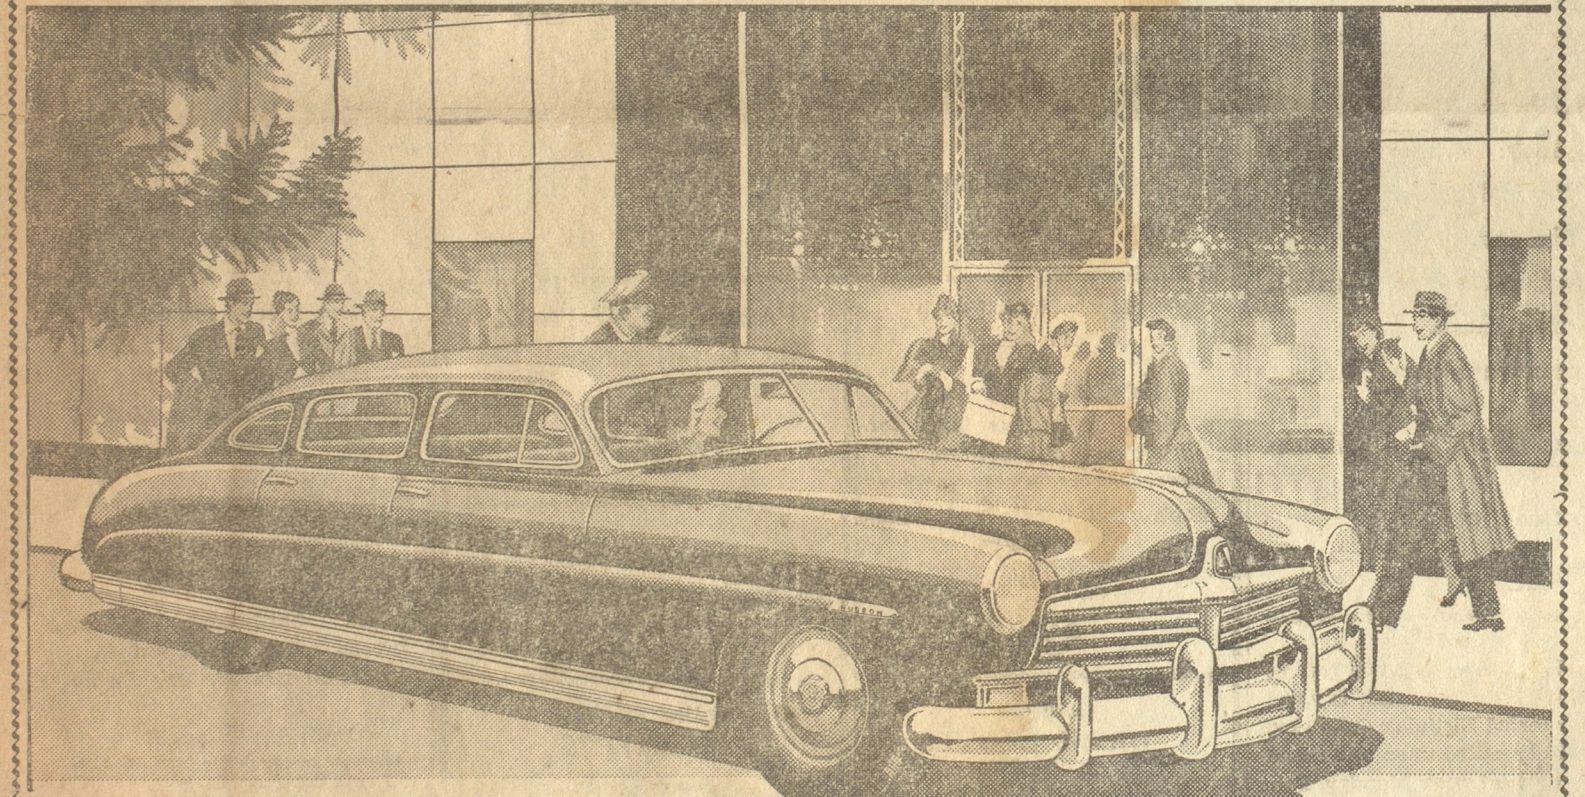

It's a long, uphill climb for any organization to reach the goal of complete public confidence. We take pride in having reached that goal... to have gained our reputation for dependability.

Try Hudson!.. See why ..it's lower..it's better!

Here's the only car you step down into—the lowest on the highway—a stunning beauty with the liveliest, smoothest and safest way of going you've ever known!

The whole world knows that the lower a car is built, the more graceful its lines can be made, the better it rides, handles and performs, and the safer it is.

And now you are invited to see and drive the lowest-built car on the highway—the New Hudson!

The New Hudson—and only Hudson—has recessed floors. Thus, lounge-size seats are lowered to harmonize with the new, lower top.

Because you step down into Hudson, you get more head room and roomier seats than in any mass-produced car built today... and all of this along with ample road clearance!

But you'll soon find that amazing roominess is only one of the wonderful things you get in this unique new kind of car.* We believe you'll want to read about more of them in the column to the right. Then see your nearby Hudson dealer who will gladly arrange for you to drive this sensationally low-built automobile.

BETTER design: Because the "step-down" principle is so basically right, it enables Hudson to achieve pleasing proportions and symmetric, free-flowing lines.

BETTER performance: Hudson's all-new, high-compression Super-Six engine—or the masterful Super-Eight, perform at their best because this car is so thoroughly streamlined.

BETTER roadability: With the lowest center of gravity in any American stock car, Hudson really hugs the road, especially on curves. Hudson's Fluid-Cushioned Clutch, Center-Point Steering and Triple-Safe Brakes contribute mightily to a wonderful feeling of assurance.

BETTER value: One look, one ride will quickly tell you that here is an automobile so far ahead it is a protected investment.

Everybody knows **ELECTRICITY** does a **CLEANER** job

That goes for **COOKING** too!

YOU know why electricity is the best way to light a home. It's dependable, odorless, safe and clean.

It's the smart way to COOK, too—and for the same reasons. More and more women are finding that out every day.

Yes, electricity is the cleanest source of heat in all the world. And an electric range is the finest cooking device ever invented. But don't take our word for it! Ask any professional chef who's ever used one. Ask any housewife who knows the thrift, the flick-a-switch convenience, of a modern electric range. Ask yourself... "Why should I be without one?"
