WIND CAUSES IN COUNTY

Salt Lick Section Hit Hardest Early Sunday: One School Flattened

A windstorm of nigh-cyclonic fury, stemming from the tornado which claimed 40 lives in Missouri, Illinois and Indiana, hit a wide section of this county at 5 a.m., Sunday, causing heavy property damage.

There was no loss of life. Probably hardest hit were the Raccoon and Salvers near Hueysville, ings cluttered the air. The fact that the windstorm came at an hour when few persons were outside their nomes was credited with saving their lives.

Driver of the truck, owned by the Webb Construction Company, which is in charge of surfacing a portion of the Prestonsburg-Salyersville highway, came to the sheriff's office here and asked for an investigation. He told officers that the boy was on the mule along the side of the road as he approached them. The mule turned and was struck by the

side of the truck, he related, knocking the boy off. He stopped, he said, laid the injured youth beside the road and cautioned people nearby to not move him because of the possibility of compound fractures. On the way to the sheriff's office, he notified the hospital to send an ambulance for the boy, officers stated.

Another version of the accident says the truck was attempting to pass a car when it hit the mule.

The youth, son of Mr. and Mrs Homer Nelson, is reported resting satisfactorily at the Prestonsburg General hospital.

It has to do with the temperance lecturer who gave a practical demonstration of the destructiveness of strong drink, His laboratory equipment consisted of (a) one glass of water, (b) one glass of whiskey, (c) one worm.

The audience watched closely as he hauled the worm from a box filled with dirt, held it suspended between thumb and forefinger, the while explaining what he proposed to do. Then he dropped the worm into the glass of water.

The worm wriggled in the water, in apparent delight, as if to the water born.

Then the "earthling" was removed from the glass, again lifted high in the speaker's fingers and dunked in the glass of whiskey. Whereupon the stantly died.

Triumphantly the lecturer turned to his audience. "There you have seen a great lesson, a truth none can afford to ignore. I ask you, my friends-what does this teach us?"

There was a moment of silence, then there arose at the back of the house an old man. He cleared his hroat and quavered:

"Mister, as I see it, this here teaches us that if you drink the stuff ou ain't gonna be bothered with

Decidedly, yes! By accepting your thrift deposits and your purchases of U.S. Savings Bonds, banks help you

postpone your spending for scarce articles; by lending funds to business and industry for constructive purposes, banks help increase the supply of scarce goods. In these and other ways, banks fight inflation.

TO THE PEOPLE OF FLOYD COUNTY:

I agree with my opponent-Floyd county is paying its way out of debt.

But this is a job that was started longer than four years ago. And no one man can claim credit for the improvement in the county's financial

I am now in my tenth year as Magistrate from District No. 3 of this county, and I have seen this debt reduced during the administrations of two County Judges. I, as a member of the fiscal court, have worked as faithfully as any official in this county, to see that debt cleared away as

These are the figures, to go back a few years:

On June 30, 1939, the county debt stood at \$817,227.27. By June 30, 1944, my first five years in office, the debt was cut to \$778,976.97. On June 30, last year—four years later—the debt was down to \$574,881.56.

The county also has \$90,000 worth of bonds which it holds to pay on this debt. It should be noted, however, that all of these bonds were purchased during the administration of Edward P. Hill as County Judge. In 1942, \$50,000 worth of bonds were bought; in 1943, \$30,000, and in 1944, \$10,000, making a total of \$90,000 the county has today.

Also in the bank, to be paid on this debt, is at this time exactly \$138,262.60.

All this is good. Nobody is more proud of this record than I, but I do not claim credit for making this possible. In fact, the credit belongs to no one individual.

It is a policy necessary to the county's sound credit and good name, and if elected County Judge I will not depart from it.

As a member of the fiscal court I have not, in my desire to get things done for my district, ever forgotten that I am a Floyd county man and that all Floyd county deserves whatever I could do for it. So, as the opportunity arose for other parts of the county to benefit, I have voted

As a candidate for County Judge I have no promises of miracles to make to the people, I do not want to make such promises, knowing I cannot fulfill them, and then have to face the people later, knowing they know I made false promises.

I can promise you, however, with complete honesty, that as County Judge I will work hard for all of Floyd county and for all its citizens in every walk of life. I will attend to the business of being your Judge, with no private axes to grind, no old scores to settle.

As to the Fiscal Court and the conduct of the county's financial affairs, I promise that all sessions of the court will be held in the County Courtroom, with the doors open to every citizen, so that the people may hear and see for themselves how I and the county's four Magistrates talk and vote in the handling of their money and in disposing of their requests for improvements. This, as I see it, is an obligation on the part of our officials-to let the people themselves in on their own business.

My opponent and I have no personal quarrel, now or ever. I accept his statement that the race for County Judge should be settled on our own merits, if it should be decided otherwise, the people would make a bad decision, and I consider the people as a whole-laboring man, the farmer, the teacher and the professional man-bigger than any one candidate

I am convinced I can and will make Floyd county a County Judge capable of serving all the people efficiently and faithfully, and, so convinced, I ask your support in the coming Democratic primary.

TO THE PEOPLE OF FLOYD COUNTY:

Upon the solicitation of many friends and good citizens, I have at last decided to seek county office, and this is to announce my candidacy for the Democratic nomination for County Judge.

I have served as Magistrate in District No. 3 for the last 10 years and during this time have tried to remember always that my duty is, first of all, to the people, rich and poor alike.

My record has been such that I have no regrets; I have worked to be of service without thought of enriching myself at the expense of others. And if elected County Judge, the same motives will be behind my every act in office. I pledge my efports, in particular, to better rural

Four years ago, you were kind enough to help me in my race for this office, and I have never ceased be grateful to you for that confidence. As Jailer I have conducted myself personally, the jail and all its duties as I think I should have. As far as my own physical condition would permit. I have worked hard to make you a good jailer and to care for the courthouse property as best I could. When unable to do this, I have had sober, honest assistants to do the work for me.

But the truth is, I have made no money out of the Jailer's office. Now, with the prospect of lower prices, it is possible I could, within the next four years, make for myself and family the 'nest egg" I had hoped to earn dur-

ALEX L. DAVIDSON

FOR COUNTY JUDGE

I promised the people of Floyd county, four years o, that if they would elect me County Judge I would the very best job I could, and that promise I have nade every effort to keep.

I make you the same promise again, and I feel that with the experience of these four years behind me I will be better qualified to handle the office than before.

Now, I do not mean to say I have been perfect in every respect as County Judge. I have made mistakes, any mistakes, and I am the first to admit that I have. at I have tried my very best AND WHATEVER MIS-KES I HAVE MADE WERE HONEST MISTAKES. o man is perfect; no man can be all things to all men, and the voters of this county know this as well as I do.

I also admit many things have been needed by Floyd county that have not been done, but I think the people should have the facts about this matter, so they will understand exactly why we have fallen short in some respects. Several years ago, an indebtedness of nearly a million dollars was piled up against this county. Because of that, there must be paid, each year, interest and principal on that indebtedness. After taking care of the bonds as they come due, with interest, there is comparatively little left with which to do the many things that should be done.

Each year I have been in office, we have met our debt obligations as they came due, and I assure you, every year I am your County Judge these debts will be paid until this county is debt-free.

Right now, Floyd county has over \$300,000 in the bank, placed there in a sinking fund against this county debt. With sound business handling of the county's financial affairs, this debt will be paid within another four years. Many of the bonds against the county, now drawing heavy interest, could be retired at this time but, unfortunately for us, they are not callable.

All this I point out to show why the individual needs of communities in the county-roads, bridges and other improvements-cannot be available immediately, no matter how much you or I may want them.

Permit me to add: I intend to run a clean race during this campaign. I have no ill word to speak of any opposition I may have. I want the people simply to know the facts and to consider me as their servant strictly on my merits. I promise you courteous and faithful service and an honest administration. Did I seek your support | Kinney, William Johnson, Phyllis on any other grounds, I would not merit your votes.

Studebaker buying wave sweeps the nation!

Another all-time record in April!

More people bought new Studebaker cars and trucks in April 1949 than in any previous month in any year.

Studebaker sales in January, February, and March were the biggest for any quarter in Studebaker history.

Twice this year Studebaker has increased production in an attempt to meet this sensational upsurge in demand.

1949 is a Studebaker year!

Studebaker's really rolling!
