**Miss Conley Is Bride Of W. B. Fletcher, Jr.**  
Miss Estella Ruth Conley, of Lexington, daughter of Mr. and Mrs. L. A. Conley, of Abbott road, near here, became the bride of Mr. Walter B. Fletcher, Jr., son of Mr. and Mrs. W. B. Fletcher of Lexington, in a ceremony solemnized at four o'clock Saturday afternoon, Feb. 18, at the home of the bride's sister, Mrs. A. J. Akers, 407 Cochran Road, Lexington. The Rev. W. B. Casey, pastor of Chevy Chase Baptist Church, was the officiating minister.

The bride wore a beige gaberdine suit with navy blue accessories and a white orchid shoulder bouquet. Her only attendant, Miss Kathryn Hicks, wore a gray gaberdine suit with black accessories and a shoulder bouquet of gardenias. John Preston Fletcher served as his brother's best man. A reception was held following the ceremony for members of the wedding party. The bride's table, covered with an ecru lace cloth, held a tiered wedding cake topped with bride and groom figurines. A needle point arrangement of spring flowers and greenery was used as a centerpiece and was flanked by white tapers in silver holders.

The bride is a graduate of Prestonsburg high school and the Mayo Vocational School at Paintsville. She is now employed by Southeastern Greyhound Lines in Lexington. The groom was graduated from Lafayette high school and attended the University of Kentucky. He also holds a position with Southeastern Greyhound Lines.

**1950 MERCURY TOPS ALL WINNERS IN MOBILGAS GRAND CANYON RUN!**

**1950 MERCURY WITH OVERDRIVE AMERICA'S "NO. 1 ECONOMY CAR"!**

**OFFICIAL WINNER!**  
Four-door Mercury Sport Sedan, entered by the Los Angeles Dealers Lincoln-Mercury Association.

YES, now it's officially-proven! Pound for pound, the big new 1950 Mercury IS America's most economical car! For, in the 751 Mile Mobilgas Grand Canyon Run conducted by the American Automobile Association last week, Mercury delivered grand-prize winning gasoline economy—over a rugged course which ranged from Death Valley to 7000 foot icy mountain passes! This remarkable economy—made possible by the combination of Mercury's thrifty, V-type, 8-cylinder engine and its gas-saving "Touch-O-Matic" Overdrive—came as no surprise to Mercury owners. For many Mercury owners had repeatedly reported gasoline economy far above average expectations. Yet this unusual economy is only one of the many reasons why thousands of owners are now choosing Mercury. Many say it's the smartest-looking car on the road. Others claim it's the smoothest-riding, most comfortable, too! And all agree it's the biggest value for the money! Drive Mercury yourself—and see!

Sets amazing new gasoline mileage record for gruelling 751 mile Grand Canyon run as it outperforms 30 other entries from America's leading car makers!

### Two Million Bluegill Bream Available

Frankfort, Ky., Feb. 27—(Spl.)—At least two million bluegill bream will be available for Kentucky Farm Pond owners this year. Minor Cark, Superintendent of Fisheries, has announced. Already many applications for the first distribution, which will start in March, have been received, Clark said, but a few more can be filled on this first delivery.

It is pointed out that applications can be made to the conservation officer in one's county. This application will be returned to J. T. Cox, Supervisor of Farm Pond Stocking at the Division office.

These applications which cannot be filled in the March delivery will be taken care of in the fall, but pond owners are warned to make applications to the conservation officer at the earliest possible date so that the schedule may be mapped.

Immediately after the bluegill stocking, the bass distribution will start these ponds, it is pointed out. The same procedure will be followed in the fall coverage. Those owners who have made application will be notified when they may pick up their fish at a distribution point in their counties. The hour and date at which the truck will arrive will be designated. It is imperative that the owners be prompt to secure their fish on the distribution date. The first deliveries will be made in the Western part of the state and the trucks distributing the fish will work eastward until the deliveries have been completed. The Farm Pond Supervisor emphasizes that on applications which had not been received prior to February 22, deliveries of both bluegill and bass will not be available until fall.

### BAIT CASTING, SCHOOL RIFLE MATCHES SET

#### Prize-Winning Awards And Trips Announced By Floyd Supervisor

Plans for the annual prep bait casting contest and rifle matches in Floyd county high schools among members of the Junior Conservation Club were announced this week by Bernard Baldrige, Floyd county conservation officer and club supervisor.

In the bait casting contest, nine Shakespeare Classic reels will be given the winners, one to each top scorer of the nine high schools. The boy who tallies the highest score of all competing in the school tests will be adjudged the county champion and will be awarded, in addition to his school prize, a trip to the Kentucky State Fair.

County champions in the rifle shooting contests will be decided in a county-wide shoot at the mouth of Sugar Loaf on US 23, south of Prestonsburg, Baldrige said. The tentative date is set for sometime this month, he stated, pending the completion of the individual school qualifying matches. Four of the school shoots are yet to be held.

Winning county-wide rifle teams will be awarded a trip to Dale Hollow. County winners will be designated in one-man, two-man and four-man competition, he said.

As a stimulant to interest in junior conservation work in Floyd county, Jimmy Gilpin, of the State Division of Fish and Game, will visit various schools. He visited Prestonsburg, Martin and McDowell on Monday. Tuesday found Mr. Gilpin at Maytown, Garrett and Wayland. Baldrige said Gilpin would visit other schools in the near future.

### Pike Judge Sets Date To Hold Elkhorn City Wet-Or-Dry Election

Pike County Judge Ervin S. Pruitt, after a hearing at Pikeville recently, set March 23 as the date when Elkhorn City is to have a local option election.

Judge Pruitt had heard the case Monday, Feb. 13, but wanted more time to study it before deciding on it. The petition was signed by some 323 Elkhorn City voters, representing about 25 per cent of the registered voters there.

Curtis M. Caudill, Elkhorn City mayor, said Judge Pruitt would be the ABC administrator, unless the mayor appointed a substitute. If the wets win, applications to operate liquor stores would be accepted by the Mayor or his substitute and sent to the ABC board in Frankfort. This board, explained Judge Pruitt, has the power to grant or deny licenses.

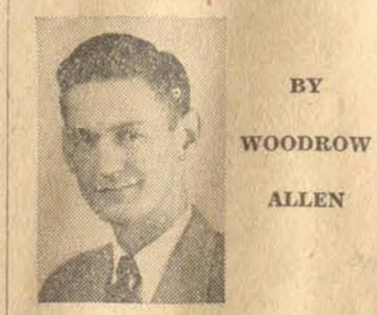

It is believed that not more than two stores would be allowed, based upon the population Elkhorn City has.

### Three New U-K. Students, Floyd County Residents

Included in the University of Kentucky's second semester enrollment of 6,946 are 252 new students, three of whom are from Floyd county. Lee Sprowles, University registrar, announced.

The Floyd students are: Mrs. Mabel H. Stumbo, McDowell; Mrs. Vio Rathiff Goff, Martin, and John K. Jones, Wheelwright.

### COMMENTS

BY WOODROW ALLEN

It is only reasonable and just that a man who has devoted two-thirds of his life supporting his family should be able to retire when he reaches 65 years of age.

Yet many men can't—because they haven't made provision for sufficient income to permit retirement at 65.

The only way the average man can provide for his latter years and furnish protection for his family at the same time is through life insurance!

For the man who earns a higher than average income, the easiest, safest, and surest way to provide retirement income is through life insurance!

See me, soon, and let's talk about your future.

By TED KESTING

Novice anglers are sometimes confused by all this debate on "what's the right size line?" But they soon learn that the lighter the line, the farther and more effortlessly you can cast, and the fewer back-lashes you will have.

Jason Lucas, one of our favorite angling authorities, lists the following points to consider when selecting a line to give the most ease in casting, and still assure you a reasonable chance of landing your fish.

In weed-free and snag-free water a veteran can easily handle the biggest bass on a line of five-pound test or less. This is not for the beginner, but he can start with one of not over 12 pounds and work down to lighter line as he acquires skill.

In weeds or snags there isn't this difference between novice and initiate since both must horse in a fish before it tangles up. A 12-pound line will do in most places, for one of very moderate skill. But in some southern water with dense, tough weeds and big bass, it may be necessary to go up to 20-pound test. Some recently developed 20-pound lines astonish the old-timers by their ability to cast even 3/8-ounce lures very nicely, even though they won't give the distance or ease of much lighter lines.

For muskies and large pike few veterans use lines over 20 pounds. It's a risk, but that's the fun of it. Where pike and muskie don't run very large, a 20-pound line should do even for the beginner.

The walleye isn't a particularly hard fighter, but he can snap a fairly strong line if he's permitted to hit the end of it head on. Most anglers use about the same lines for walleyes that they would for bass, but a person who is inexperienced might do well to use somewhat heavier ones.

Too many anglers break lines because they fail to watch the end next to the plug, which should be cut off when it shows wear. They may be, in effect, fishing with a nine-pound line when they think they're using 20-pound.

Fishermen sometimes complain of having been sold rotten lines when the real trouble is varnish on their rod guides. This varnish can become very hard and develop sharp edges that scrape the line passing through. The cure is simple: merely scrape the varnish off carefully.

### QUAIL CHICK BLANKS AVAILABLE TO CLUBS BY END OF FEBRUARY

Frankfort, Ky., March 1—(Spl.)—Application blanks for quail chicks shall be in the hands of District Supervisors by today or tomorrow, Larry Gale, Superintendent of Game Management, announced. The blanks were sent to the districts prior to the end of February.

He pointed out that those sportsmen's clubs participating in the cooperative quail-raising program should contact their local conservation officer or supervisors to make application.

After obtaining their application blanks, the clubs should fill in the data requested and return the blanks to the Superintendent of Game Management. These blanks should be in the office not later than April 15, so that the delivery schedule can be made. The first deliveries will be made in the Ninth District with the Eighth next, and so on, until all the deliveries are completed.

Mr. Gale pointed out that sportsmen obtained more than 60,000 quail last year and a few additional will be available for 1950. This additional amount, however, it was pointed out, will go to new clubs and clubs which raised birds last year should request no more than they handled at that time. Depending on weather conditions, the first deliveries are expected to be made early in June. They will continue until all the birds have been distributed.

SCHOOL ACCOUNTING REPORT OF THE FLOYD COUNTY BOARD OF EDUCATION FOR THE SCHOOL YEAR ENDING JUNE 30, 1949

Palmer Hall, Superintendent and Secretary
Adrian Collins, Treasurer
August 29, 1949
W. W. Roschi, Supervisor of Accounting
Department of Education

Floyd County Schools School Year Ending June 30, 1949

Comments

Minutes—
The minutes of the Floyd County Board of Education are recorded in the approved minute book of this Department. Minutes are signed by Chairman and Secretary and are complete in all necessary details.

Accounting forms approved by this Department are being used. Receipts and disbursements are entered under proper codes, summarized monthly and extended to the recapitulation for determination of monthly balances.

Claims are filed by the month in separate folders. Claim forms F-75 were used with most of the claims in the year 1948-49. In the year beginning July 1, 1949, all invoices will be accompanied by the standard invoice properly signed for approval.

The Board of Education of Floyd County maintains two funds for payment of claims and salaries. The General Fund is used to pay general claims against the Bond. The Teachers' Fund is used to pay teachers, principals, and supervisors salaries.

The per capita and equalization payments from the Treasurer of Kentucky have been deposited directly into the Teachers' Fund. It is suggested that if the Board of Education wishes to maintain two funds that all deposits be made into the General Fund and then transferred to the separate Teachers' Fund.

It has been the practice of the treasurer of the Board of Education to sign the checks with a rubber stamp in most instances. The Supervisor can see some justification for this practice in a district as large as Floyd county where hundreds of checks are written annually. However, from a business standpoint it is a practice to be discouraged.

As of August 23, 1949, the county of Floyd had not set up a Bond and Interest Redemption Fund to handle bond and interest payments from the Board of Education. This Supervisor and the Superintendent Mr. Palmer L. Hall, called on the County Treasurer, Mr. W. J. May, and he assured us that this fund would be set up to receive the next interest payment in September, 1949.

On September 1, 1948, \$50,000.00 Floyd County School Building Revenue Bonds were issued. All bonds are due for payment September 1, 1958. The bonds are callable at any interest paying date and Schedule "F-1" shows proposed plan of payment.

The teachers' salary schedule approved by this Department is being followed except in a few instances where credits have been allowed after schedule was approved.

Teachers' sick leave and service records are being kept.

Teachers' retirement deductions are sent to the Retirement System promptly.

Claims for the months of July, August and September were checked and the following invoices were not found:

Table with 4 columns: Check No., To Whom, Amount, For What. Includes entries for C.O. Railway, Mrs. Andrew May.

Disbursements are supported by cancelled checks, claims, and the approved salary schedule.

In a system as large as Floyd county, it appears that the office section is very well organized and economically operated. The records are very neat and accurate.

The annual Financial Report for 1947-48 has not been published, but 1947-48 and 1948-49 will be published when this audit is returned.

It is suggested that the Board of Education have an appraisal made to determine if insurance is adequate. This can be done by a reputable insurance firm or an appraisal agency.

The Board of Education was legally organized for 1949.

The tax collector is submitting monthly and annual statements.

Receipts from the sale of \$50,000.00 School Building Revenue Bonds were deposited in the Current Fund. No transfer was then made to a construction fund. The money was disbursed directly from the Current Fund for building purposes. It is suggested that any future issue be accompanied by a construction fund and all the proceeds from the sale of Revenue Bonds be transferred to this fund and disbursed from this fund for building purposes.

GIRL SCOUT NEWS

Our International service project for 1950—"Schoolmates Overseas." This is the making and filling of school bags for our friends overseas, both girls and boys. To Americans, going to school means school equipment, bright crayons, gay things to wear such as new sweaters and scarfs, but hundreds of boys and girls the world over are going to school without any of the everyday school equipment we take for granted.

Our Girl Scout leaders have sent for patterns to make the bags and you have the privilege of helping some troop or some child fill a bag for children overseas. Here is a partial list of things to help you choose what to send: paper, pads, notebooks, pencils, erasers, crayons, chalk, blackboard eraser, blotter, pen handle, pen points, paper clips, cellophane tape, water colors, brushes, pencil sharpener, mittens, scarfs, socks, handkerchiefs, sweater, blouse, soap, picture book, pocket dictionary. These things do not need to be new but they must be clean.

FLOYD COUNTY, let's get Scout-conscious! Our boys and girls need leaders. Can't you help? Cartmell Takes Part In Inaugural Parade.

Quantico, Va., Feb. 20—(Spl.)—Pfc. Cleomont Cartmell, of Schools Troops, Marine Corps Schools, Quantico, Va., participated in the inauguration parade for Governor-elect John S. Battle at Richmond, Va., recently. "Schools Troops," a demonstrational unit of the Marine Corps Schools added the dash and color of their dress blue uniforms as they passed in review before the newly inaugurated governor.

Pfc. Cartmell's Marine Corps duties are generally aiding in demonstrations for military organizations in defense or attack. Cartmell is the son of Mr. and Mrs. Perry Crider, Lancer, Ky.
