

BLAME IT ON THE HEAT  
You who think there's nothing to editing a newspaper should try it, some week which is like this week. I presume you agree with me that a "local" newspaper like this should devote its first page to local news. Well, right there would be where the job would become less appealing, weeks like this. For, as of this hour, the local news—news of Page 1 importance—just hasn't happened... Pass the scissors.

THIS ISN'T PLEASANT READING  
Perhaps we should print this elsewhere, but we're setting it up in blackface type to attract your attention. Maybe there should be a black border around it, too, for it isn't good news.

In a few words, this is to announce that, effective July 1, subscription rates of The Floyd County Times will be increased.

This raise in price is not of our choosing. It is forced on us. As long as a year ago, neighboring newspapers boosted their subscription prices. We held to the line as long as possible. But now, with a new \$10-a-ton increase on newsprint, and that newsprint costing before that increase \$138 a ton, plus freight, as compared with about \$65 in World War II, there's no other course open to us. Hence, the new rates, effective July 1:

Subscription per year in Floyd county, \$3; elsewhere, \$3.50.  
Price per single copy, 10 cents.

AHA!  
I'm almost afraid to print this, folks being pickled enough without getting any suggestions from outside sources. Casting caution to the winds, however, we record the story:

A Cleveland man who had paid \$4,200 for a swanky car took it back to his dealer, squawking mightily that the body rattled, loudly demanding service and threatening to take his custom elsewhere. So the dealer put his mechanical force to work. Doors were tightened, adjusted, the body was gone over with the well-known fine-tooth comb. All to no avail.

Finally a door was removed, then dismantled. And inside was found a pop bottle containing a note which read:

"You finally found me—you rich and so!"

## DEWEY FISHING SET FOR T-V

### Series of Programs To Show State Lakes, Beginning June 28th

Fishing on Dewey Lake and other artificial impoundments of the state will be shown on television, beginning late this month, the Division of Game and Fish announced this week.

A series of four programs giving the low-down on Kentucky fishing, fishing places and how they're caught will begin over WHAS-TV, Louisville, on Saturday night, June 28 with a half-hour program to be telecast at 9:30 Central Daylight Saving Time. Three other programs will follow on the same schedule on the nights of July 12, July 26 and August 9.

In cooperation with WHAS-TV, the Division of Game and Fish has arranged to present enlightening, entertaining programs on Kentucky fishes, fishing places, fishing tips and methods—and devices used to harvest fish. Also facilities offered fishermen and vacationists at the various lakes will be described.

The first program will feature Kentucky Lake. To follow are picture-stories on Cumberland, Dale Hollow, Herrington and Dewey Lakes. A highlight of the program will be a description and showing of live fishes of various species.

## DAMAGE SUITS SEEK \$58,410

### Gas Firm, Employee Sued in Death Here Of Boy Hit by Truck

Two damage suits filed in the Floyd circuit court last week, one resulting from the death of a child here, seek to recover a total of \$58,410.

The damage action growing out of the local fatality is that in which Mrs. Violet Friend Hyden sued the United Fuel Gas Company and its employe, Milton Martin, in the death last March 31 of her seven-year-old son, Robert Perry Friend. Her petition, filed by Atty. Paul E. Hayes, alleges that the United Fuel truck which struck her son was "carelessly and recklessly operated by Martin, that the truck was traveling at high speed and gave no warning of its approach. The suit asks \$56,000 damages and \$410 for burial expenses.

The other suit is that of Frank Patton, of Hueysville, who sued the Chesapeake & Ohio Railway Company and its employes, Brodie Duke and D. P. (Perk) Dingus, both of Martin, for \$8,000. Patton's petition, prepared by Atty. Edward L. Allen, alleges that he was injured when his auto was struck by a locomotive and tender at the Route 80 crossing of the railway tracks at Lackey. Joint and concurring negligence and carelessness in the operation of the train are alleged.

## SPEAKERS PAY LEGION HONOR

### Legionnaires Elect Martin Commander; State Posts Talked

"The keys of the city are always extended to any American Legion meeting here," said Mayor Curtis Clark in welcoming the 10th District convention of that organization at the Center Grill, Sunday, June 15. His speech was an appreciation of the many civic projects the organization had sponsored.

A. J. May, former Congressman, guest speaker, remarked on the great bulwark that the American Legion had become in the nation's fight against Communism, and the important role they were playing in present day government.

Mayor J. B. Wells of Paintsville, spoke sponsoring the candidacy of Homer Wright, area commander, for the post of department commander. This post will be filled at the Lexington meeting in July.

Tom James, tenth district commander, was the recipient of a gift from the Legion at the hands of Mayor Wells for his outstanding work in membership. The 10th district led all other districts in membership increase.

The meeting, prefaced by the election of Guy Meade as assistant adjutant, got down to the business of the election of officers. Those elected were Gomer Martin, of Martin, tenth district commander; C. H. Combs, Hazard, vice-commander; Ralph Clevenger, chairman of rules and order committee; Tracy Salisbury, committee on constitution and by-laws; Gorman Collins, committee on resolutions; Robert Ramey, Child Welfare; C. V. Snapp, Americanism; Marshall Davidson, legislative; Cy Cooper, finance.

The state convention will be held in Lexington, week of July 20. The 40 et seq will precede this convention by a meeting on July 19, it was announced.

## SPEARS' SHOT IS EXPENSIVE

### Others Draw Fines In Game Violations; Dynamiters Watched

One shot at the wrong target, at the wrong time, cost Kermit Spears fines totaling \$54 in county court last week.

He was arrested by Deputy Sheriff Shirley Caldwell and A. F. Rice after he had killed a pheasant on Buffalo, in the Dewey reservoir area. He pleaded guilty to charges of hunting out of season and to killing protected game and was fined \$27 on each count.

Three others drew fines, Friday and Saturday in county court, for fishing law violations and were fined \$27 each. Those, arrested by Conservation Officer Raymond Copley, were:

Naomi Rowe and Hazel McKinney, both of Fraise, Ky., fishing without license; Earl Chaffin, Hatcher, W. Va., fishing with improper license.

Copley said he is continuing his watch of all persons on the lake in an effort to catch those who have been dynamiting fish. "I have even gone so far as to search fishermen's boats and tackle boxes—a thing I ordinarily wouldn't do—but I hope they understand that this is necessary if we are to find this kind of people," Copley said.

He added that he has determined the method use in killing fish: a dynamite cap and wires leading from batteries.

THURSDAY

## FLOYD COUNTY 1952 TAX LEVY NEAR KY. LOW

### Court Drops 20-Cent Tax For Memorial Hospital; School Levy Is \$1.50

The Floyd fiscal court last Thursday voted one of the lowest tax levies fixed for any county in the state.

The levy to real and personal property was dropped to 50 cents per \$100 valuation as the 20-cent levy for the proposed Floyd County War Memorial Hospital was eliminated at least for the next fiscal year.

Other levies stand as before: 20 cents per \$100 on bank and trust company shares, 2 cents per acre on timberland to provide protection against forest fires, and 1% of the market value of crude oil produced in the county, and \$1.50 poll tax.

Submitting its state-approved budget and estimated receipts, the Prestonsburg Board of Education asked the court to impose a tax of \$1.50 per \$100 valuation for general school purposes, \$2 poll tax and 40 cents per \$100 on bank shares.

The City Board's budget envisions the expenditure, next fiscal year, of \$110,330.12. To meet this, it figures the \$1.50 tax per \$100 on an assessed valuation of \$2,057,565 will raise \$30,863.48; that the \$38.40 per capita from the state will add \$2,210.30 more, tuition will approximate \$32,700 and franchise corporations will pay \$12,700.

The Board broke down its anticipated expenditures in this fashion: Administrative and general control, \$8,000; instruction, \$79,106.88; operation of school plant, \$7,500; maintenance of school plant, \$3,000; fixed charges such as insurance, rent, etc., \$2,000; auxiliary services, such as transportation, lunches, health activities and the like, \$1,800; capital outlay, \$4,933.26; debt service, \$7,926.26.

The Board's outstanding indebtedness, it was cited, is \$33,000 in holding company bonds.

The fiscal court at its meeting set the salary of Miss Billie Harris, secretary to the County Attorney, at \$1,500 a year. It also directed County Attorney W. W. Burchett to seek a reversal from the Court of Appeals of the two cases won by Miss Rebecca Ellis, court reporter in her suits to collect from the county for her services.

## MINING MEN PICK CASSIDY

### To Head Association; Elect Hurt Treasurer At Lexington Meeting

S. M. Cassidy, of the Consolidation Coal Company, Jenkins, was elected president of the Big Sandy-Elkhorn Coal Operators Association, at the closing session Friday of the group's two-day meeting in Lexington.

He succeeds B. F. Reed, of Drift, who was named chairman of the Association's board of directors. Other officers elected are:

W. W. Goldsmith, Charleston, W. Va., vice-president; J. R. Hurt, Prestonsburg, treasurer, and Harry S. Homan, Pikeville, executive secretary.

Named to the group's board were E. J. Bowman, Pikeville, president, Utilities Elkhorn Coal Company; A. P. Boxley, Beckley, W. Va., division manager, Eastern Gas & Fuel Associates; S. M. Cassidy, Jenkins, president, Caudill-Ward Coal Company; Edgar Dale, Wayland, assistant general superintendent, Elk Horn Coal Corporation; H. K. English, Pikeville vice-president and general manager, Beaver Coal Mining Company and the Clear Branch Mining Company.

G. O. Tarleton, Jenkins, vice-president, Consolidation Coal Company; W. W. Goldsmith, Charleston, W. Va., receiver, Elk Horn Coal Corporation, George Evans, Glo, Ky., Evans-Elkhorn Coal Company; John Foster, Huntington, W. Va., Pond Creek Pochontas Company; David L. Francis, Huntington, president, Princess Elkhorn Coal Company; Joseph Harris, Cincinnati, president, Russell Fork Coal Company; Harry LaViers, Paintsville, vice-president, LaRuss, Paintsville, vice-president, South-East Coal Company; Virgil L. Picklesimer, Seco, Ky., general superintendent, South-East Coal Company.

A. H. Mandt, Manton, Ky., president, Stephens-Elkhorn Fuel Corporation; B. F. Reed, Drift, Ky., secretary-treasurer, Turner Elkhorn mining Company; James R. Hurt, Prestonsburg, land agent, Turner Elkhorn Mining Company, and R. A. Hedland, Pikeville, general manager, Utilities Elkhorn Coal Company.

## This One Will Do for a Puzzler-- What Do with That \$64,304?

### TAXPAYERS LEAGUE TO CLAIM REFUNDS ON TAX COLLECTED

What disposition shall be made of the \$65,304 total in taxes collected in this county for the proposed Floyd County War Memorial Hospital, if—as now appears quite probable—the hospital is never built?

Officials are reluctant to attempt an answer to that question. Some taxpayers may offer a variety of answers, and some of them may be good. But a satisfactory decision is a matter which will require considerable study.

If the hospital is never built, shall the \$65,304 lie in the treasury, untouched till forgotten?

The money cannot be refunded to those who paid it, it is pointed out, for the reason that it was not

paid under protest.

The belief that it could legally be expended on hospital care for the county's indigents has been expressed.

Others have considered the feasibility of the purchase of a county poor farm where indigents would be provided shelter, food and an opportunity to become partially self-supporting. The funds on hand, it has been estimated, would purchase such a farm.

Floyd county spends annually between \$10,000 and \$15,000 on its indigents, it is estimated. Hospitalization for indigents approximates that amount, too.

There is a strong possibility that the United Mine Workers' Welfare Fund will construct a hospital at McDowell, and in that event, it has been said, there will be no need for additional hospital beds in the

## WISH OF MAN, DYING OF CANCER, TO RETURN HOME BEFORE DEATH GRANTED AS RACE WON IN 400-MILE AMBULANCE DRIVE FROM OHIO

A Floyd countian, dying from cancer, last week won a 400-mile race with death, and died, as he had hoped, at home.

The victim, 36-year-old Clyde Hall, father of three, had been taken, a few days earlier, to the Cleveland (O.) Clinic for treatment. He soon realized treatment was in vain, and voiced a desire to return home to die. The ambulance of the Hall Brothers Funeral Home was dispatched from Martin to return him to this county.

The ambulance arrived at the East McDowell home of the sick man's father, Willard Scott Hall, at midnight last Thursday. He died about three hours later.

Surviving, besides the parents, are his widow, Mrs. Luceba Hall, a daughter, Mary Ann, and two sons, Donald Clyde and Robert Lee Hall, all of McDowell, two brothers, Burnette Hall, McDowell, and Owen Hall, Brownsville, Pa., and three sisters, Mrs. Mary Hall, Ashabula, O., Mrs. Madge Blake, Waynesboro, Pa., Judith Hall, address unknown; and two half-sisters, Hazel Hall, of Greenup, and Mrs. Fay Newsome, Fleming, Ky.

The funeral was conducted Monday from the graveside in the Greenbury Hall cemetery at McDowell, the Revs. Bert Hall and Sam Newsome officiating.

## Former Floyd Official Receives Law Degree; Will Practice Here

Jarvis Allen, former County Court Clerk, was graduated from the University of Miami, Fla., with the degree of Bachelor of Laws, June 9.

A graduate of Caney Junior College, Mr. Allen attended Morehead State College and the University of Kentucky. He formerly taught in the Floyd and Greenup county schools.

While at the University of Miami he was a member of Tau Kappa Epsilon social fraternity. Mr. Allen will practice law in Prestonsburg.

## Twenty-Seven Youths Are from This County At Conservation Camp

Of the 177 boys from the Seventh district attending the new Junior Conservation Club camp on Lake Cumberland over the past week, 27 were from Floyd county. The Floyd delegation, little more than half the size of last year's, was accompanied by E. R. Burke, district supervisor, Bernard Baldrige, county conservation officer, Clifford Wright, Prestonsburg, and F. M. Johnson, Allen, camp counselors.

## EX-GOVERNOR TO PRESENT

### Trophy to Winner Of Baseball Meet At Drift Ball Park

Winner of the American Baseball Congress district tournament which began at the Drift baseball park Wednesday night will be awarded the championship trophy Sunday afternoon by A. B. "Happy" Chandler, former Kentucky Governor and ex-commissioner of Baseball, it was announced this week by James M. "Toodles" Wells, president of the Big Sandy Baseball League.

Seven of the Big Sandy League's eight teams will be in the American Baseball Congress district tournament, only Wheelwright sitting out the round robin.

The tourney began with Hi Hat meeting Elhorn City in the opening game Wednesday night at 8:30. Wayland met Allen in the second encounter of the evening.

Price drew a lower bracket bye, and only one game will be played tonight (Thursday). Drift meeting Pikeville at 8. Friday night at 6:30 the winner of this game will play

## Dewey Camp Ready for First Group Of Scouts Arriving There, Sunday

One of the busiest places in Floyd county over the last two weeks during the lull in coal mining operations has been, and still is, the Boy Scout camp in the Dewey reservoir area, near German, to which several coal firms and others have diverted labor to speed to completion installations necessary for the Scout camping season.

As a result, the camp is ready to receive the campers, and between 100 and 125 Scouts from Floyd and Johnson counties will move in Sunday as the first group from Lone-Lone Pine Council to spend a week there. And after them will follow the camp weekly contingents of Scouts through the camping season.

Already completed are these items in the \$75,000 Scout camp development program there:

A road from German to the camp, a distance of more than a mile, costing \$7,000.

The main lodge containing a dining pavilion 30 by 100 feet, with a 30 by 40-foot wing containing a

modern kitchen, refrigerator room and laboratory.

A complete water system, with hot water available.

Nine troopsties ready for occupancy, with each site providing conveniences for nine two-man tents, and each having running water and sanitation facilities.

This week bulldozers were at work damming up a hollow at the camping pool 300 feet long by 160 feet wide. Water will be pumped from the lake into the reservoir thus created, and will be purified by a filtration system, it was said. This will be completed soon.

Planned only this week and due for completion within the next few days is a health lodge, 14 by 20 feet, for use as a first-aid room.

Yet the big undertaking is far from complete. It was planned as a \$75,000 venture by Longsome Pine Council which includes counties of this section of Kentucky and three

## Hayes, New Chairman Of Compensation Body As Its Senior Member

Paul E. Hayes, Prestonsburg attorney and former State Representative, Tuesday became chairman of the State Workmen's Compensation Board.

After serving in the House of Representatives at the 1950 session, Hayes was appointed to the Board by Governor Earle C. Clements in November, 1950. Under the Board's rotation system Hayes became the senior member when Allen P. Cabbage, Letchfield, and J. J. Tye, Barbourville, were reappointed by Governor Wetherby on expiration of their terms of office. Mr. Hayes succeeds Cabbage as chairman.

Hayes' term of office will expire June 30, 1953. He will continue to maintain his law office here.

## LOCAL RACES LEND INTEREST

### Two Unexpired Terms Attracting Democratic Primary Candidates

Floyd county voters will have something besides the election of a President, a U.S. Senator and a Congressman on their minds this year, developments of the last few days make certain.

At the August primary the Democrats will nominate a candidate for Coroner to fill an unexpired term. As of Wednesday morning, last day for filing, no Republican had filed.

And, too, there is the matter of electing a Constable in Magisterial District 1 to fill an unexpired term. Four Democrats and no Republicans had filed, Wednesday morning.

Candidates for the Democratic nomination for Coroner are the present Coroner, James J. Carter, Mack Harmon and Bennie Blackburn, all of Prestonsburg. Carter was appointed last year upon the resignation of Coroner Judge Bush.

Democratic candidates for Constable are the present holder of the office, Banner Burchett, Jewell D. "Stinky" Fitzpatrick, Charlie Laferty, and Dayton Joseph, all of Prestonsburg and vicinity. Burchett was appointed to fill the vacancy created by the resignation of Constable Harold Sammons.

The election of a Coroner and a Constable in a Presidential election year was declared legal in an Attorney General's opinion this week. Presidential electors are considered state officers, and so county officers may be elected on the same ballot.

## CO-OP SLATES ANNUAL SHOW

### Beauty Contest, Music To Feature REA Meet Slated Here, July 4-5

One of the top features of the 1952 Annual Meeting and Electric Farm Show, on July 4-5 at Prestonsburg, sponsored by the Big Sandy Rural Electric Co-operative, will be the third annual co-op-ivity beauty contest.

Open to all unmarried girls between the ages of 16 and 25, the beauty contest has always drawn many entries and considerable interest in this co-op area.

Manager Dan Wolfe, of the Big Sandy RECC, urged all eligible girls whose parents are members of the cooperative to enter. The winner will participate in a state-wide contest to be held at the Kentucky State Fair in September with the state winner traveling to California next February to enter a national contest.

All co-op members who attend and register will be eligible for attendance prizes of electric appliances to be given away every hour on the hour.

The Annual Meeting portion of this year's program will take place on the afternoon of the second day. In addition to reports and other business, 3 directors will be elected.

Manager Wolfe said that the entertainment portion of the co-op's 1952 show shapes up as the best yet offered for the several years that the Annual Meeting has been held in conjunction with the Electric Farm Show.

Traveling with the Farm Show Caravan and presented several times during the two-day program are programs of music, horse acts, clowning mules, wild animal shows and trapeze acts.

The scientific show "Preview of Progress" will be presented twice during the two-day program.

The Big Sandy Rural Electric Co-op serves a total of 3500 members in 5 counties.

## LEAGUE ASKS ACTION TAKEN TO STOP PAY

### On Debts Exceeding Fiscal Court Budget; Suit Asked by June 25th

The Floyd County Good Government Taxpayers League has requested County Attorney W. W. Burchett to file legal proceedings to declare void all contracts and debts made by the Floyd fiscal court in excess of the budget of the county for the fiscal year in which such responsibilities were incurred, it was announced this week by Joe H. Cooley, League secretary-treasurer.

The request was formally made after the League's directors had adopted a resolution calling for such action.

The resolution stated that these obligations "are in excess of at least \$30,000."

The County Attorney was asked to file suit prior to June 25 to enjoin payment of these debts and contracts.

The June 25 date for filing of the action was asked because, the resolutions stated, the new fiscal year begins at that time. It was pointed out, however, that the Floyd fiscal year runs, as does the state's, from July 1 to June 30.

Acknowledging receipt of the League's request, County Attorney Burchett said:

"I don't know of any claims being allowed in excess of the budget. If anybody has a just claim which the county is obligated to pay, I will not resist payment; on the other hand, if the claims are unjust I'll oppose them. I might add that I have five cases in circuit court at this time in which I am resisting claims against Floyd county, and that I did this long before any requests for such action were made."

## GRIGSBY WINS 'STATE' POST

### Martin Athlete, Smiley From Legion Post Here On Boys State Ticket

Pete Grigsby, Jr., Martin basketball and baseball star, was named Commonwealth's Attorney in the election Tuesday of Boys State officers at Danville.

Sponsored at Boys State by John B. Reynolds Post, American Legion, Grigsby was elected on the Federalist ticket, which won six of the 10 state posts. He is a son of Mayor and Mrs. E. P. Grigsby, of Martin.

L. C. Thomas, Glasgow, of the Nationalist party, was elected Boys State Governor.

Boys State is sponsored by the Kentucky Department of the American Legion and its affiliated Posts. Floyd Post No. 129 here is being represented at Danville by Vyrion Allen Smiley, Prestonsburg high school junior. Smiley was a nominee for Secretary of State, also on the Federalist ticket, but lost in the final balloting.

Grigsby and other new officials were inaugurated Tuesday night, with Chief Justice James W. Cammack, of the Kentucky Court of Appeals, administering the oath and Ex-Governor A. B. Chandler delivering the principal address. The Boys State sessions will continue through Friday, with the new officials busy at actual operation of government, organizing and conducting mock courts, collecting and paying taxes and transacting other affairs of state.

## 57 ENROLLED AT WORKSHOP

### Conducted at Allen By Morehead College; 49 from Floyd County

Fifty-seven students, 49 of them from Floyd county, are enrolled in the workshop being conducted at Allen by the extension department of Morehead State College in cooperation with the Floyd county school system.

The workshop, dealing with problems in rural education, began last week under the direction of Mrs. Mary S. Marshall, principal of the Bardstown elementary school, assisted by Wayne Ratliff, principal at Wheelwright. Carrying six semester hours credit, the course will run for five and one-half weeks, ending July 16.

Floyd students enrolled include Lenora Burke, Polly Shepherd Harmon, Marquette Preston Jones, Peggy Ann Kendrick, Pearl Prater

### WRONG—AGAIN

In Louisa recently, I stopped at Wright's to buy something I had forgotten to buy at home, and was a little taken aback to see Clifford, the brother who operates their store in Prestonsburg, looking me over as if trying to decide if I were intent on buying something or robbing the place. There he stood, bow tie and all. So I inquired what in tunket, or words to that effect, he was doing down there.

"I live here," he said. "Since when? Whatsa big idea, up and leavin' us?" I demanded to know.

Then he explained. "I believe you're mistaken. I'm Chesley, Clifford's twin brother." After that I decided to have my glasses filed down, but he said he didn't go in for that kind of work, and I suggested he come to Prestonsburg and masquerade around a bit as Clifford and have some fun.

"Afraid to," he said. "Somebody might be gunnin' for him and take a shot at me."

I might add that these boys say in their ads, "You're Always Right at Wright Brothers." Well, brother, I wasn't.

Price and the two upper bracket winners in the first round will clash in the second game.

The finals will be played at 2 o'clock Sunday afternoon. Tournament play cuts into the regular schedule for the league. In last Sunday's games these were the results:

Wheelwright 16, Price 12 in 11 innings; Wayland 15, Hi Hat 0; Elkhorn City, 5, Drift 4; Allen 8, Pikeville 3.

Allen's protest of the Hi Hat game of Sunday, June 8, was allowed by Wells, who ruled that the game be re-played from the point at which the disputed decision was made. The game will be played as a part of a doubleheader on the occasion of Allen's next visit to Hi Hat.

### Man 72; Wife 69 Ailing for Years —Now Back on Job

An old couple, living on the farm made the statement a few days ago that for years they hadn't known what it was to be free from pain. The man said that his back and legs would ache so much that he would cramp and gasp for breath. He said that everything he would eat soured on his stomach and caused gassy bloating. His wife said that she had headaches, was weak, felt worn out and terribly nervous so that she couldn't sleep. They said after reading about New HI-VITA Tonic and trying it, that they never would believe that HI-VITA could help them both so much. At present they are a healthy and happy couple relieved of their sufferings and busy at their chores on the farm, altogether different folks. HI-VITA Tonic is the new mixture of nature's Herbal juices combined with blood-building iron and nerve-strengthening vitamins B-1, B-2, B-6 and Niacin. It has brought blessed relief to many people who had never been really helped before by any medicine. Taken shortly before meals it mixes with your food and aids digestion "thus eliminating gas and bloat." Don't go on suffering, get New HI-VITA Tonic at W. A. ROSE DRUG STORE.

## ITS ENGINE ADDS MUSCLE TO EVERY DROP OF GAS!

To many owners, the mighty 180 H.P. V-8 engine that powers the Chrysler New Yorker is the most remarkable feature of this remarkable car. It is certainly the most discussed automobile engine in many, many years.

This is the engine with hemispherical combustion chambers... the engine that gets more power out of every drop of gas. And non-premium gas at that!

Actually, it puts you in control of more power than you'll probably ever need use. You'll sense this... together with its unequalled response... the very first yards you drive. It runs smoother, more

quietly, and with less wear than any other engine ever built into an American automobile.

... and it makes driving (both cruising and the short runs) more fun than you have ever known it to be!

But that's not all. Along with this engine there are scores of other reasons, too, for driving a New Yorker before resolving on any new car. Like Full-time Power Steering that makes steering five times easier... and your control, fine times greater... than in ordinary cars. Like Power Brakes that cut needed pedal pressure by as much as two-thirds.

Like Oriflow shock absorbers that make even bad roads feel "newly paved"... restful chair-high seats... big, wide-opening doors... big windows that let you see more.

It's true... until you drive a Chrysler New Yorker you won't know what you're missing. Why not stop in today?

**Another Road Need**

FLOYD county connection with Magoffin and Knott counties is well under way to realization with the letting of a contract to construct a highway from Licking River headwaters down Raccoon fork of Salt Lick Creek. That promises the Right Beaver Creek section in particular connection with the new Breathitt-Magoffin coal field. Sorely needing the same facility is the lower section of the county, which could at comparatively little expense be connected with the same field with a highway from David to the top of the hill separating the Licking River valley from Middle Creek, and from there down Howard Branch to the Salyersville-Hindman route now under construction.

**Simply Living and Letting Live**

AS the gathering storm that is a Presidential campaign mounts toward its November climax, more and more will be heard from politicians about civil rights and the views of this candidate or that on the question. We doubt if any of the opinions voiced or any of the political platforms written will contribute much to a solution of the problem. Some will favor penalties to force goodwill on and among men. Others will cry out for the Constitution but will insist on drawing the color line and making of it a Constitution for the white race only. Because of the intolerance which exists in the so-called cultural centers and the prejudices which a great majority of Americans have been unable to shed, The Times takes pride in the story which it published a week ago of a Floyd county community where the two races live peacefully and with mutual respect as good neighbors, without troubling their minds with the complexities of sociology, social justice and a long string of technical and high-sounding terms which apply to the art of living.

There the men and women of both races have learned to look on each other as humans and to behave as humans, not as atavistic plunderers of the rights of others. It's a simple story, that of Tram and Camp Branch. But let them begin studying and mulling over the complexities of living, let them begin arguing the Constitution and the laws that are needed, and we dare say the serpent will rear his head in the peaceful Eden.

**Income Estimates Given in Booklet**

A booklet presenting county income estimates for Kentucky and six other southeastern states has been published by the Conference on the Measurement of County Income, James W. Martin, director of the University of Kentucky's Bureau of Business Research and chairman of the measurement conference announces.

The per capita estimate rate for Floyd county in 1950, as published by the conference, was \$751.

Highest per capita income rate in Kentucky for 1950 was recorded in Hardin county where the figure was placed at \$1,700. Jefferson and Kenton counties followed with per capita income marks of \$1,649 and \$1,636 respectively.

Campbell county's per capita income figure was fourth in the state at \$1,622, and Fayette county was next with a rate of \$1,360.

The publication was prepared by the conference to help meet the need for income data by counties for plant location, sales promotion and sales management, government finance, resource development and research purposes, Prof. Martin said.

**Big Sandy Lock and Dam May Continue Operation**

Cincinnati, June 11 — Lock and dam No. 1 on the Big Sandy river at Catlettsburg, Ky., one of a number of navigation facilities closed this year by the government as an economy measure, may continue in operation.

The Ashland Oil & Refining Co., of Ashland, Ky., made an offer today to the secretary of the Army to operate the lock and dam.

Col. Paschal N. Strong, Ohio River Division Engineer, said the company had offered to contribute \$20,000 a year, beginning July 1, for operation and maintenance of the lock. The oil firm, one of the largest independent operators in the United States, is lone user of the facilities.

The government, in turn, obligates itself to refund any unexpected balance to the firm or to apply such remainder as credit toward the next year's operations and maintenance.

### Kinnaird, Gartrell Control Truck, Air Transportation

John M. Kinnaird, 30, is the youngest man at the head of a department of Kentucky State government.

Kinnaird, a Nicholasville resident, has been Commissioner of Motor Transportation since last Spring when he was promoted from his position as assistant commissioner. He is a lawyer, having received his degree from the University of Kentucky Law School in 1948.

He is a veteran of World War II and saw service in the China-Burma-India Theatre as an Air Force officer. He holds the Air Medal and the Distinguished Flying Cross, each with an oak leaf cluster.

Kinnaird is a Presbyterian and is a member of the Masonic Order and the American Legion.

He is married to the former Sarah Anne Denny and has daughters four and eight years old.

Charles H. Gartrell, 37, was appointed commissioner of Aeronautics in 1948. He is the first commissioner of the Department of Aeronautics.

Gartrell is a native of Boyd County and makes his home in Ashland. He was an alderman in Ashland, 1940-1942, and president of the Ashland City Council in 1941. He was a candidate for lieutenant governor in the Democratic primary in 1947.

He is a graduate of Centre College, Danville, where he received an A.B. degree in 1937. He is also a graduate of the Naval Air Academy. He served in the Navy as a pilot for three years during the last war and is a qualified commercial pilot. He holds the Air Medal.

Gartrell is a member of the American Legion, the Kentucky Chamber of Commerce, Veterans of Foreign Wars, Masons, Shriners, and is a past president of the Kentucky Junior Chamber of Commerce.

He is a trustee in the Presbyterian Church. He is married to the former Nancy Tanner and they have three children.

### E. G. Sellards Promoted To Assistant Manager

Edward Graham Sellards, underwriter for the Commonwealth Life Insurance Company, has been promoted to assistant manager of the Williamson office of the company, it was learned this week.

Sellards' promotion was effective as of June 1 and he assumed charge of his new duties at that time. He was formerly an agent at Prestonsburg, but at the time of his promotion was connected with the Pikeville office.

### Hartley To Continue As Radio Engineer At U. of Michigan

Pikeville, Ky., June 9 (Spl.)—A Prestonsburg man who has just finished a year's work at Pikeville Junior College expects to continue his training in electrical engineering at the University of Michigan this fall.

James D. Hartley, a native of Charleston, W. Va., completed 12 months' study at Pikeville with a standing of 2.67, equivalent to an average grade of A-minus, Dr. A. A. Page, college president, said. He held part-time employment as radio engineer at station WLSI, Pikeville, while studying at the college.

With his wife, the former Ernestine Brown, of Prestonsburg, and their small daughter, Hartley will live in a veterans' housing unit at Willow Run, near Detroit, and commute to the university at Ann Arbor, Mich. He will be employed part of the time as an engineer by radio station WPAG, in Ann Arbor.

A radio-gunner in a naval air patrol squadron in the Pacific theater for 3½ years during World War II, Hartley holds the Air Medal.

### ABC Board Discloses 4-Year Activity Gain

Frankfort, Ky., June 1 (Spl.)—Chairman Guy C. Shearer of the Alcoholic Beverage Control Board today reported that there have been convictions of 144 licensees on charges of permitting gambling on licensed whiskey and beer premises during the last four-year period with two such convictions for the preceding four-year term.

Shearer disclosed a heavy increase in the volume of business before the ABC Board—which regulates the liquor and beer traffic in Kentucky—with 880 cases being tried during the period, compared with 549 for the preceding term.

In addition, he pointed out that 605 convictions have resulted in the last four years, compared with 293 in the comparable period—while still seizures also increased tremendously during that period. There were 346 stills seized and destroyed from April 1948 to April 1952, compared with 97 during the preceding term.

The ABC Board also cited figures to show that of the 682 cases disposed of during the last four years, 159 were for having disorderly premises; 109 for selling to minors and drunks, 88 for Sunday sales, 61 for selling without proper licenses, 29 for keeping improper records, and 11 for permitting minors to loaf in bars.

Shearer recently asked agents to keep an eye on places in dry territory which have federal gambling licenses. Wherever there is gambling, there may be some liquor, he pointed out.

One Floyd county business, that operated by J. E. and Gegie Conley, Prestonsburg, was listed as possessing a federal gambling permit.

### 230 SERVICE FIRMS IN COURT

More than 230 injunctive actions have been filed for the Office of Price Stabilization by the Department of Justice in the nation-wide survey of service trades establishments. Similar action is contemplated against 625 other concerns.

Failure to keep and file records and reports as required by the service trades regulation is alleged in the complaints. Compliance of service establishments is important because expenditures in this field represents 12 per cent of the average consumer's budget.

Richard Mentor Johnson, Kentucky lawyer and statesman, is the only United States vice-president to have been put in office by a vote of the senate. He did not have a majority of electoral votes, causing the election to be thrown into the senior house.

### NOTICE

#### TO THE OPERATORS OF AUTOMOBILES IN FLOYD COUNTY

New driver's licenses have arrived. All persons not having renewal license before August 1, 1952, will be charged \$1.00 penalty under the new law now in effect.

The last name of all persons beginning with A through K will be issued for two years, fee \$2.00, and others for the year, fee \$1.00.

Due to the change in the law and the manner of issuing driver's license, no one will be sent out of the office this year to issue licenses. Please avoid the penalty and rush.

**FHA Chapter Members Attend State Convention**

Five members of the Prestonsburg high school chapter of Future Homemakers of America attended the organization's 7th annual state meeting in Richmond, June 3-5. The three-day meeting was held on the campus of Eastern State College with the chapters of the Richmond district serving as hostess chapters to the group.

Attending the convention as representatives of the Prestonsburg chapter were: Barbara Prater, Phyllis Hager, Nancy Jeannette Hill, Vera Baldrige, state historian, and Mary E. McGinnis, president, of the Ashland district, who will serve as a member of the nominating committee.

In addition to her local office, Miss Baldrige has also served during the past year as state historian and will serve as chairman of the scrapbook committee and will respond to welcome at the opening session Tuesday night.

All girls attending the convention participated in one of the 15 groups that are organized to deal with special problems. These groups will work on such problems as management of chapter finances, use of parliamentary procedure, and the planning of a chapter program of work.

Featured addresses of the meeting were given by Wendell P. Butler, state superintendent of public instruction, Mrs. Katherine Conafay, assistant national FHA adviser, and Charles K. O'Connell, secretary of state.

Another highlight of the three-day program was the presentation of the state officer candidates in an interview program conducted by Barney Arnold, WHAS farm program director.

The Prestonsburg FHA chapter had a total membership of 89 girls during the past year. Miss Hazel Irene Hill is adviser to the local chapter. Membership in the organization is limited to girls who are taking, or have taken, home economics in high school. The state adviser of the organization which is now composed of 206 chapters with 9,458 members, is Miss Mary Belle Vaughan of the Division of Home Economics Education, Frankfort.

Officers of these associations are: president, Sue Cole Waller, Clark County High; first vice-president, Billie Jo Bennett, Dry Ridge High; second vice-president, Martha Scott, Murray Training School; secretary, Mary Fish, Todd County High; treasurer, Betty Jane Thompson, Mackville High; historian, Vera Baldrige, Prestonsburg High; parliamentarian, Deane Giddens, Carrollton High; song leader, Barbara Glass, Wilmore High; reporter, Laura Alice Cundiff, Albany High, and recreation leader, Janice Marian Crume, Livermore High.

But Kentucky farmers can eradicate their own Johnson grass. If they wait for support and technical instructions from Lexington or Farm Bureau offices their land may be all but ruined.

**IN THE ARMED SERVICES**

**JUSTICE COMPLETES COURSE**

Lackland Air Force Base, Texas—Airman Charles Justice, 20, son of Sim Justice, Martin, Ky., is completing his AF basic airman indoctrination course at Lackland Air Force Base.

Lackland, situated near San Antonio, is the world's largest air force base, site of Air Force basic training, for men and women, headquarters of the Human Resource Research Center, and home of AF's Officer Candidate School.

**MARTIN IS TECHNICIAN**  
With U.S. Air Forces in Japan—Pfc. Neb L. Martin, son of Mr. and Mrs. Miles B. Martin, of Eastern, Ky., recently arrived at the 382nd General Hospital near Osaka, Japan, to serve as a medical technician.

The hospital cares for casualties of the Korean War, many of whom are flown to a nearby air strip often within a few hours after being wounded on front lines.

Pfc. Martin entered the army in March 1951 and received his basic training at Ft. Benning, Ga.

**GRADUATES FROM COOK SCHOOL**

PORT BENNING, Ga. — Pfc. Billy J. May, son of Mr. and Mrs. D. B. May of Allen, Ky., graduated recently from the Cooks Course conducted by the Third Army Food Service School here, Lt. Colonel John S. Andersen, commandant, announced.

This course is designed to train non-commissioned officers in the operation of a unit or consolidated mess and in the preparation of food.

**PRESTON HOME FROM KOJE**

Sgt. I/c John R. Preston, son of Mr. and Mrs. J. M. Preston, formerly of Hueysville, has been visiting his parents near Pikeville after 22 months' service on Kojima Island, site of recent trouble with Communist prisoners of war. He now is at Ft. Knox, Ky., awaiting reassignment. Sgt. Preston has been in the army almost three years.

**SOME CONTROLS SUSPENDED**

OPS has suspended controls at the primary producer level on cattle hides, kips, calfskins, tallow, lard, animal waste materials vegetable oil, soapstock, crude cottonseed oil, crude soybean oil, crude corn oil, burrap, wool, wool top, wool noils, wool waste, and alpaca. OPS is prepared to reinstate controls on these commodities if need be. Policy will be not to suspend controls where such action would result in levels of prices or margins higher than permitted under existing regulations.

**NO TRIBUTE TO RACKETEERS**

Commending the Supermarket Institute and those hotel and restaurant associations which have urged their members to stop buying potatoes until they can be assured of the availability of potatoes at selling prices, OPS Director Ellis Arnalle, declared:

"If potatoes are being offered to these great buying organizations at over-ceiling prices, then it is everlastingly to their credit that they are refusing to pay tribute to this kind of racketeering. These organizations are making a real contribution to stabilization and to the nation's well-being through the stand they have announced.

"If all other buyers will follow suit, then any threatened breakdown in the normal distribution of potatoes will be avoided, to the great benefit of the consumers and legitimate members of the trade."

## Legion Post No. 295 Elects '52-'53 Officers

Garrett, Ky., June 3 (Spl.)—George W. Owsley Post No. 295, American Legion, elected its officers for the Legion year 1952-53 on June 1. Elected as the new Post commander was Enoch Combs, of Garrett. Mr. Combs has served the Post as adjutant since its beginning in 1950. Elected as first vice-commander was Robert L. May, of Glo. Mr. May has served as Post commander since 1950. Delbert O. Sloan, of Garrett, was stepped up from third vice to second vice-commander, and Raymond Sexton, of Garrett, was elected for the third vice-commander's office.

Shelby Draughn was elected adjutant. Mr. Draughn has served in that office for the past year or so, first as acting adjutant then as assistant adjutant. Glenn Pack, of Estill, was re-elected finance officer. Rev. John F. Ramey, of Lackey, was re-elected chaplain. Hollie Conley was re-elected historian. Joe Gayheart, of Hueysville, was re-elected master-at-arms. Jennings Martin was elected Post service officer. Martin had served the Post as second vice-commander for the past year. David A. Sloan was re-elected child welfare officer, and James S. Wallace was re-elected publicity officer.

The Post and its Boy Scout troop No. 28 staged a Memorial Day parade and services at Garrett on the same day. The Legion and Boy Scouts marched from the Legion hall to the school grounds. There they held flag-raising ceremonies. Three rounds in salute were fired by the firing squad. The new Post commander, Enoch Combs, offered a Memorial address.

Those who participated were Robert L. May, Joe Gayheart, James S. Wallace, Enoch Combs, Shelby Draughn, Claude G. Sloan, William Lyons, Jr., John W. Baldrige, Dee Baker and Earl Collier, of the American Legion; and James Franklin Francis, Ernest Francis, Billie Francis, Doyle Hunt, Raymond Vonderpool, Edd Clark, Dan Martin, Herman Vanderpool, and Dickie Martin, of the Boy Scouts.

## CAPITAL ROUNDUP

### CAMMACK GETS BACKING

Democrats and Republicans alike proposed Chief Justice James W. Cammack, Owenton, of the Court of Appeals, as a candidate for reelection to the bench this year from the Fifth Appellate District. The procedure is authorized by the State's non-partisan judiciary law.

### LICENSE NEEDED

The Court of Appeals ruled an apple cider known as "Apple Vat," containing between six and seven per cent alcohol by volume, is subject to provisions of the State liquor laws and the seller must possess a whiskey retailer's license.

The Appellate Court also upheld a local option election won by dry forces in Union county; also promised to review a Lexington special tax of 32 cents on the \$1000 for building purposes before it adjourns June 20.

### DUGAN NAMED

Gov. Lawrence W. Wetherby named John F. Dugan, Louisville, who has been secretary of the Louisville Sinking Fund Commission, as secretary of the Kentucky Racing Commission to replace Keene Daingerfield, Jr., Lexington, whose term had expired.

### MENTAL HEALTH GROUP NAMED

A twelve-member Advisory Council of Mental Health to work with the new State Department of Mental Health when that agency comes into being July 1 was named by Gov. Lawrence W. Wetherby. The Council, composed of physicians, psychiatrists and laymen, includes:

Dr. Spafford S. Ackerly, Louisville, chairman; State Senator Richard P. Moloney, Lexington; Dr. Bruce Underwood, commissioner of Health; Dr. John H. Rompf, Lexington; Rep. Edward T. Breatihit, Hopkinsville; George S. Wetherby, Anchorage; Dr. R. C. Smith, Newport; Mrs. John A. Serpell, Dr. Arthur R. Kasey, Mrs. M. M. Harrison, Louisville, and Frank Yost, Jack B. Stith, both of Danville.

### WARNING ISSUED

State Veterinarian L. L. Breck warned that Bang's disease (tuberculosis infested) cattle have been smuggled into Kentucky along the southern border recently, hinted strong measures will be taken to prevent a recurrence.

### TRUCK RATES STUDIED

Commissioner of Motor Transportation John M. Kinnaird announced that his department is making a study of intrastate truck rates so as to make them uniform. The state has never had a set of uniform rates for the trucking industry, and changes need to be made so as to create an equitable system for shipper and carrier alike, Kinnaird said.

### BIDS ASKED

The Department of Highways called for bids June 6 on the largest road letting of the year—involving 293 miles in forty-four counties.

The letting calls for 30 miles of grade, drain and resurfacing projects in six counties; more than 150 miles of bituminous treatment in 20 counties; approximately 54 miles of two-cent rural road jobs in eleven counties and ditching and draining of 57 miles in three counties.

### ELECTION CALLED

Gov. Lawrence W. Wetherby called a special election for August 2 in the fifteen counties of the old Second Congressional district—to be held at the same time as the regular primary election—to fill a vacancy in the district created by the death in December of Rep. John A. Whitaker, Russellville. State Representative Garrett L. Withers appears to be the Democratic nominee for the Whitaker seat. Republicans have not indicated a choice.

### COMMISSION LEVIES ASSESSMENT

The Kentucky Public Service Commission levied an assessment of \$160,000 against gas, electric and telephone utilities for its support during the coming fiscal year. Included in the list of those assessed were seven privately-owned electric utilities; two pipelines, 27 rural electric co-operatives; 38 gas utilities; 53 telephone companies; 13 water lines and Western Union Telegraph Company.

### FIRE SCHOOL SCHEDULED

The annual Kentucky Fire School at the University of Kentucky was announced for June 3, 4 and 5. Some 500 firemen from throughout Kentucky are expected to attend. The school is sponsored by the University, the State Fire Marshal's office, Kentucky Municipal League, Kentucky Firemen's Association, Lexington Fire Department, State Division of Vocational Education, Industrial Fire Protection Council and the Kentucky Inspection Bureau.

Sufficient rainfall and an application of several hundred tons of ammonium nitrate resulted in the best spring pastures in the history of Ballard county.

## HONORED BY D.A.R. CHAPTER

## A VISION OF FOOLISH WOMEN

I had a vision foolish women were coming to me to teach them the 4th chapter, 16th verse of St. John. "Jesus saith unto her, go call thy husband and come hither." There is a great question today about the women and who has a right to speak. If my Bible said all women were foolish, I would say it. If it said all men were wise, I would say it. I want the church and the world to know I do not uphold for any woman to speak for God or man unless she can prove her legal authority.

The specialized prophet, Jeremiah, said, "Call the mourning women to teach their neighbor and their daughters lamenting and mourning." (Jeremiah 9:17-20) The silver-tongued prophet, Isaiah, said, "For the Lord hath called thee as a woman forsaken and grieved in spirit and wife of youth when thou wast refused, saith thy God. (Isaiah 54:6).

Widows were neglected in the days of the Apostles and they are neglected today on account of so many foolish women being led by money-loving men. But, I thank God, in the language of Christ there was an exception to the rule among widows, and He said in the day of Elijah there were many widows in Israel. But Elijah was sent to only one. (Luke 4:25-26). Elijah did not find this widow on the road begging bread. He found her picking up sticks to bake the last cake of bread.

I can work in my garden and see great-grandmothers and grandmothers and daughters leaving town at night, to run all-night restaurants—and them with husbands. Why do men try to stop the voice of all women when they cannot control their own wives and daughters?

Great Controversy over the Qualifications of Bishops and Deacons; Directions for Doctrine and Conduct:

Thus 2:1-5: But speak thou the things that become sound doctrine, that the aged men be sober, grave, temperate, sound in faith, in charity, in patience. The aged women likewise, that they be in behavior

as becometh holiness, not false accusers, not given to much wine, teachers of good things, that they may teach the young women to be sober, to love their husbands, to love their children, to be discreet, chaste keepers at home, obedient to their own husbands, that the word of God be not blasphemed.

One time a grandmother mentioned (2nd Timothy 1:5); one time pure and undefiled religion mentioned (James 1:27).

It is time for leaders of church and state to awaken and stop walking in their sleep. Too many falling Peters and Doubting Thomases have to hear the cock crow and see the nailprints before they will believe. That is why I am thankful I am a double-acting Democrat, their symbol a Rooster.

Put I wish for you all to know I know the difference in a statesman and a politician. Woodrow Wilson never refused to fight. Nor did Herbert Hoover promise a Rooster in all pots.

So back to God and truth, facts and figures and not guess-work and myth.

Sincerely and prayerfully,  
EVA MEADE HALL

### QUICK FILING URGED

Applicants for 1952-53 whiskey and beer licenses have been asked by Alcoholic Beverage Control Commissioner Guy C. Shearer to file as soon as possible. Between 7,000 and 8,000 applications must be processed by his department during June in order to meet the July 1 deadline for new licenses, Shearer reported.

### COAL TRANSPORTATION UP

An increase in retail coal ceiling prices, to compensate the industry for the freight rate increase effective May 2, 1952, was announced by the Office of Price Stabilization.

The increase, effective May 24, is limited to the exact amount of the rate boost, which was authorized by the Interstate Commerce Commission. It amounts to six per cent, or a maximum of 20 cents per net ton.

The higher ceilings are allowed, OPS said, because retail coal industry earnings are too small to permit absorption of any rate increase. An OPS survey now is under way to determine whether retail coal dealers can qualify for further increases in ceilings under the OPS Industry Earnings Standard. This standard provides that price relief will be granted when an industry can show that its current ceilings are less than 85 per cent of the earnings it had in the best three years of 1946 through 1949.)

### BETTER TESTS NEEDED

State police, attending a refresher course here, were told more rigid eye tests are needed for drivers. A Lexington eye specialist said that more than 100 of the 742 lives lost in traffic accidents last year could have been avoided had adequate eye test examinations been given prospective drivers.

#### "KEEPING UP WITH LIZZIE"

Some writers on earlier times would have us think that all pioneers were alike; others suggest that no two resembled each other. Both types of writers have something on their side but not the whole truth. If we are to judge by the things that some of us can remember, people have always been both conservative and radical. Some have been old fogies in every generation; some have been young upstarts who attracted the unfavorable comment of all the oldsters of their time.

We talk about the Pilgrim Fathers as if they were prim saints or even hypocritical sinners. If one of them were to come visiting in our homes, I fear that we would have to revise our notions of Pilgrims in general. In some ways they were grim and prim and stiff. What they believed they believed, and they were ready, with gun or sword if need be, to defend their most ordinary opinions. And they seem to have been brave, or dare-devil, at least. But if a mere man were to come into our homes dressed as sissily as they were in real life, we would burst out laughing. Not even at a dress-up ball today would you find such finery and such ostentation as these grave old fellows wore. If such people so clownishly dressed had come into our little old schoolhouse at Fidelity, there would have been a temptation to throw some mud, sure-enough mud, at the stiff, starched-and-ironed people, particularly if they were teen-agers. Not to have been dressed thus, as you know, would have brought down the wrath of the Pilgrim fathers themselves. They, like everybody else, had to keep up with Lizzie.

When I was a boy at Fidelity, there was a desperate effort made to compel all people to approximate a certain standard. Those who wanted to be regarded as somebody dressed and acted accordingly to a

very rigid code and spent whatever money they had to keep up with styles. On the fringe of our little community, and sometimes inside it, there were others who seemed to fly in the face of convention. They became for the others horrible examples of what not to be and do. And yet, after years of study of language and folk customs, I know now that they in their queerness were following quite as rigidly standards of an earlier time. Evidently it was just as serious a matter to them to talk and act as they did—the ones who were perfectly honest about it—as it was to the so-called better class to follow their later and more up-to-date folkways. The Lizzie that they kept up with was just a slightly different sort of Lizzie from the one we followed. It always comes as a surprise to my students in the history of the English language to find that expressions that their parents warned them against had been perfectly appropriate in the days of their grandparents and earlier.

Democracy as it has developed has given much wider range to folkways than aristocracy did. The person with the poorest background may be dressed so much in style now that no one could suspect that he had not been brought up in the very best home. Clothes still may make the man, but it would take a super-judge to decide whether one's taste for such clothes had been handed down. Language, too, has often been democratized so much that nobody could pretend to know the user's ancestral backgrounds. There might be an exception—a person who had been brought up in the tradition that certain words add dignity and worth to speech, whether they are needed or not. Plain, effective language is the best evidence in the world of a thoughtful culture, whether it is of old or brand-new. Keeping up with Lizzie in language implies now a making of accurate language sound effortless and natural. Don't forget that when effort is still obvious, east of manner has not yet developed; and the user may be trying, ineffectively to cover up folk traces that he feels are not classy enough.

CLUBWOMEN HEAR DR. McFARLAND

"A person is not entitled to the results of a successful living if he makes no attempt to live successfully," was the advice given Kentucky clubwomen by Dr. Kenneth McFarland, educational consultant for General Motors. Dr. McFarland was principal speaker at the state convention of the Kentucky Federation of Women's Clubs which was held June 4, 5 and 6 in Covington, Ky., and Cincinnati, Ohio. Dr. McFarland's address was one of the most enjoyed by Mrs. Earl McDonald and Mrs. Francis Harmon, delegates to the convention from the David Woman's Club. Highlights of the trip were given by Mrs. Earl McDonald in her report to the club at the regular meeting held June 13 at the home of Mrs. Lon C. Hill.

The club also voted to sell sandwiches at the Princess Pool and to aid Mrs. Betty Wellman in a county health clinic. Members of the club will advertise the health examinations by means of posters and will furnish clerical aid on examination days.

A dessert course was served by the co-hostesses, Mrs. McDonald and Mrs. Hill, to the following members: Mesdames O. H. Marshall, Ezra Clark, Arnold Clark, William Crawford, Isaac Stumbo, Joe Tussey, Joe Jack Daniels, Bill Maynard and Francis Harmon.

Kentucky's Agricultural and Industrial Development Board, credited with bringing millions of dollars worth of industry into Kentucky, was created in 1948.

#### DECEPTIVE TAXATION

(From The Reader's Digest)

Not one taxpayer in a hundred suspects how much hidden taxes add to his cost of things he buys. When a customer walks into a showroom and lays out \$2,000 for a new auto, for example, some \$824 of the price has already stuck to the fingers of federal, state and local tax collectors, an article in the June Reader's Digest reports. And when a car owner buys a gallon of gas for 26 cents, he pays 12 cents for the gas and 14 cents for the tax. On numerous other items—including milk, beef, bread and similar necessities—the tax comes to at least half the real value of the product.

Today the average American is turning over 32 cents of every dollar he earns to one tax collector or another. On a \$3,500 annual income, this means that a family pays \$799 in hidden taxes—in addition of course to income taxes which amount to another \$299.

It is widely agreed that a tax load of 25 cents on the average citizen's dollar is about as high as a government can safely go, the Digest article says. Above that point taxes push up prices and sap incentive. They make a man think twice before risking his cash to make a profit. They dry up and scare off the flow of equity capital into new plants, equipment and products—the foundation of our industries and their future growth.

We are already seven cents past the danger line.

#### Tax on Diesel Fuel Effective July 1st

Diesel fuel, bottled gas and all other special motor fuels used to operate motor vehicles on public highways in Kentucky are covered under a new tax law which becomes effective July 1. The tax is 7c per gallon, David K. Walker, director of excise taxes, Department of Revenue, announced.

Gasoline is covered under a separate tax law.

The motor fuel tax is levied to build and maintain highways, Walker explained. The tax is placed on motor fuel because that is the most economical and simplest way to pay for the use of roads. The tax is approximately the same on all fuels, so that no special advantage exists for using a particular type of fuel, Walker pointed out.

The law sets up three classes of taxpayers: dealers, local users, and interstate users, all of whom must report and pay tax. All three classes are required to apply for license and furnish bond by July 1, 1952. Present license held by dealers of special fuels will expire automatically on July 1.

Walker also said the gasoline tax law, as it affects gasoline terminal storage operators, has been amended and operators will be notified of the changes.

Education takes 7.7 per cent of British government revenue.
