## OF CUSS

A minister once told me that use of a cuss-word was tacit admission of lack of vocabulary. There was no argument. It goes without saying that the cusser knows no nice word to express his feelings and so gives forth with the folly of profanity.

It now appears that our Presidential candidates need such a warning. Eisenhower had some difficulty with a gadget which unfolds his speeches before him and is accused of describing or addressing the contraction in vitriolic terms. Stevenson had some similar uncomplimentary comment about the rain.

The score seems about even with the boys in the cussing department as of this writing. Both candidates agreed on one point and that is that certain things are damned things. The only thing not damned you might say, is their expression of feeling.

But then somebody reminds me that Washington himself let his temper get out of hand at the battle of Monmouth and addressed his panicky troops in some, what sulphurous prose. But he was accused of cutting down a cherry tree, too, and admitting the crime; so you don't know what to believe.

## HUNTING REPORT

Vester Fraley has done his good deed for the current hunting season. Stalking the elusive (if not non-existent squirrel) in nearby hills, he found a family of five orphans—tiny ones, almost starved. He was able to look, next day, when asked about his luck, that he got five. But this business of feeding youngsters from a medicine dropper gets pretty darned tedious after a few days and nights of it, we gather.

518 REGISTER  
IN HI SCHOOLPrestonsburg High  
Crowded; '53 Grads  
Will Pass 100 Mark

But for a modern and commodious grade and high school building, Prestonsburg and surrounding communities would have gone house-seeking for high school rooms last week as school opened here with a record 518 pupils registered in the high school.

Although the grade school took care of the 175 freshmen registered, that left about 345 for the high school, a structure which can accommodate with a reasonable degree of comfort 300 pupils.

In both the high school and the grades last week the enrollment stood at 1,140, with another dozen expected. City Superintendent Chalmer H. Frazier said. Pupils from the Left fork of Middle Creek section are being transported here after both the high school here and Maytown had been offered them. Choice of the school which they will attend is being left to the pupil. County Superintendent Virgil O. Turner said.

HENRY TRIAL  
FOR ROBBERY  
BEGINS TODAYSpecial Judge To Hear  
Case; Little Convicted  
In Shooting of Johnson

Special Judge R. C. Littleton, of Grayson, arrived here this morning (Thursday) to preside in the trial of Willis Clay Henry, who is accused of armed robbery and false imprisonment in the robbery of D. C. Stephens, Prestonsburg dental laboratory owner, of \$30,000 in cash last January.

Circuit Judge Edward P. Hill vacated the bench after Stephens had filed a motion for a special judge. It was said by court attaches that both sides are ready for trial.

A trial which required almost all of Wednesday resulted in a two-year pen term for Gomer Little, who was charged with shooting and wounding Bow Johnson, near Melvin. Little also is accused of shooting Sol Johnson, Bow's father. He claimed he fired only when Johnson and another man rushed upon him while he was standing on his porch and that the shot was fired at a distance of only a few feet. Johnson, other witnesses claimed, fell some distance from the house.

Commonwealth's witnesses testified they were walking past Little's home when the firing began without warning from a darkened house. Little and a brother of Johnson had had previous trouble.

The jury in the trial of Jim Nobel, charged with shooting and wounding Willis Hall on Left Beaver Creek, resulted last Wednesday in a "hung" jury.

Other convictions within the week:

Arnold Tackett, grand larceny, one year; Frank Hooks, striking and wounding, submitted law and facts, paid \$100 fine, same charge against his wife, Maggie, dismissed; Dester Hamilton, damaging property, fined \$50 on submission of law and facts, \$100 bonds of his co-defendants, Cecil Newsom and Jerry Mitcnehl forfeited; Arnold Tackett and John Burgess, breaking and entering, confessed, each given a three year pen term; Bill Stumbo, reckless use of deadly weapon, \$500.

Cases set for trial:  
Bill Kazee, malicious shooting at without wounding, Sept. 25; Holbert Blevins, assault and battery with an auto, Sept. 20; Ollie Martin, detaining a woman against her will,

THE SURPRISE  
WAS MUTUALAs Storeowner Walked  
In On Burglar; Blanton  
Named in Allen Break

Mr. and Mrs. John Laven walked, unsuspecting, into a burglary in their store near Allen early last Friday night, and their efforts to stop the intruder resulted in the arrest of a nearby Dwale man, the following day.

The couple identified Billy Blanton as the man who bowled them over in a mad rush for the outside when Mrs. Laven grappled with him and her husband sought to halt him at the front door. He was arrested on a warrant sworn out by State Detective J. E. Combs, who fingerprinted Blanton at Court Attorney W. W. Burchett's office.

The couple say they had gone to their home for supper, returning around 8:30 to the store. A dir light was burning and when Mrs. Laven, who went behind the counter, first, reached the cash register she saw a dark form beneath the counter which she thought was a dog. She kicked the form. A man rose, sharply bumping his head on the open cash register drawer. Mrs. Laven's screams warned her husband as she grappled with the intruder, who finally succeeded in throwing her aside. At the door Mr. Laven sought to halt the man but he, too, was knocked off-balance.

Sheriff A. B. Meade and Deputy Sheriff Frank Parsons were soon at the scene of the break, and a bloodhound from Paintsville was placed on the trail. At the end of a culvert, some distance down the highway from the store, were found five in cash and some carbine cartridges. The cash found represented the store's loss, it was said. The dog followed the trail into the nearby hill, then back to the highway and across into Dwale where the scent was lost, officers said, on the railroad tracks.

Entrance to the store was gained through an opening left by removal of an exhaust fan.

School Board Views  
To Be Aired at Meet  
Of P.-T.A., Sept. 18th

An informed and active Parent-Teacher Association here is the aim of Mrs. Lon C. Hill, new president of the P.-T.A., and for its first meeting next Thursday evening members of the City Board of Education have been scheduled to discuss plans for meeting the need for a larger high school building here.

Members of the Board will also answer questions asked by teachers and patrons as to the problems involved, it was said in announcing the meeting as an interest-builder.

County Superintendent Virgil O. Turner will be invited to sit in on the meeting, Mrs. Hill said. She stressed the importance of this first meeting of the new school year to parents who are interested in the educational advantages which Prestonsburg can offer to its young people. Various clubs here have been asked to call to the attention of their members the coming meeting.

The meeting will be held at 7:30 p.m., next Thursday, at the grade school library.

SIX INDICTED  
IN SLAYINGSConspiracy Charge  
Raised in Slaying  
Of Virgil Coburn

Six persons were named in the three murder indictments returned during the nine-day session of the grand jury which adjourned here Wednesday afternoon.

One of the six, Ernest Scott, who was named in a murder bill and also on a conspiracy charge with High Fitch, already is serving a 10-year manslaughter term in the slaying of Virgil Coburn in November, 1950. The new indictment relates to the same crime but is regarded as seeking prosecution of the two on a criminal conspiracy count.

Others indicted were:  
Milt Hunt, his wife, Mrs. Ida Hunt and Marion Yates in the slaying at the Hunt home of Jake Salsbury; and Miley Prater in the slaying of his brother-in-law, Grover Hicks, on Middle Creek a few months ago.

Bond of \$5,000 was asked for the release of each of those indicted. Bonds totaling \$8,000 were asked for the release of Gloria Kramer, who was indicted on an armed robbery and unlawful imprisonment counts. She is accused of having forced a Pike county man at gun's point to drive her from the Kentucky end of the Williamson bridge to Betsy Layne, this county. Her trial was set for Sept. 18.

In the indictment against Scott and Fitch it was alleged that Scott fired the shots which killed Coburn and that Fitch advised him to do so. Indictments of two Bull Creek youths, Herman Gray, 19, and Roland Gray, 16, of statutory rape of a 15-year-old girl was followed by a grand jury probe into the actions of Albert Hall, the girls' father, with the result that he was named in an indictment accusing him of attempted extortion. The grand jury was told, Commonwealth's Attorney Martin said, Hall agreed to accept a sum of money, drop the case and take his daughter to Ohio.

Three employees of the Ideal Cleaners at Martin were accused of conversion of funds in indictments

U.S. 23 Delegation Asks  
Improvement of Highway

As the U.S. 23 Association sent a delegation of more than 100 persons to Frankfort Wednesday to petition the State Highway Department to improve U.S. 23, oldest—and in spots, the worst—of Eastern Kentucky's surfaced roads, it was learned here that two Floyd county roads have been let to contract and that bids are being asked on a third.

Contract for bituminous surfacing of the Abbott Creek road, Cliff to Bonanza, and the Bull Creek route, Prestonsburg to the Forks of Bull Creek, was awarded last week to the Independent Road Oiling Company. The company's bid was reported as slightly above \$50,000.

Bids were asked this week by the Highway Department in reconstruction and traffic-bound surfacing of the Banner-Prater Creek-Harold road, a distance of 7.69 miles for Sept. 26 letting.

Members of the Association pointed out to Highway Commissioner W. P. Curdin these basic reasons for reconstructing and improving certain sections of the 185 miles of road.

18th Floyd Polio Case  
Reported This Week

Illness of a few days ago of Joe Isbell, son of Mr. and Mrs. S. L. Isbell, of Prestonsburg, was diagnosed Wednesday by a Lexington specialist as polio. He became ill, en route from the Ridgecrest, N. C. camp conducted by the Baptist Church, and his vision was affected. This brings to 18 the known polio sufferers in Floyd county this summer.

BOND ISSUE  
IS DISCUSSEDMillion Dollars May Be  
Overall Need of Town  
For Essential Projects

Discussion of a bond issue to meet in package style the needs of Prestonsburg for paved streets throughout its corporate limits, an expanded and improved water system and a sewage disposal system got nowhere at Monday night's meeting of the City Council.

Figures totaling around a million dollars were talked as necessary to meet all these projects, which would include extension of a water main to take Prestonsburg's water supply from Dewey lake. A sewage disposal system is viewed as a necessity within a few years at the longest because of regulations which forbid, or threaten to forbid, pollution of streams by sewage.

Outside talk of improvements, the main item of business was the appointment by Acting Mayor Paul C. Combs of C. H. Corbin and J. Y. Goble to investigate the need of a traffic light at the intersection of U. S. 23 and Third avenue. A petition signed by a number of residents of that section had asked a traffic light there as a protection to school children. Mr. Corbin said the light now in use on the Trail at Crum's Pure Oil Station will be moved there and that a warning signal will be installed at its present location.

In Five Communities;  
Voting Places Listed

Community committeemen and delegates from each of the five PMA communities in Floyd county are to be elected Thursday, Sept. 18, according to an announcement by the Production and Marketing Administration office here.

The county is divided into five communities for the purpose of administration of the PMA program. Each community will elect five committeemen of which three are regular committeemen and two are alternates. At the same time delegates from each community are to be elected—three regular and two alternates. These delegates meet on September 19 at the local PMA of-

High School Enrollment  
Up in County's Schools

Enrollment figures received from 15 of the larger schools of the county system by the County Superintendent's office, including all the high schools except Betsy Layne, indicate an increase in high school enrollment over last year and a slight drop in the grade school enrollment.

Without the Betsy Layne figures, the county high school enrollment stood at 1,513. The total enrollment for the same schools last year was 1,389.

The 15 schools on which figures were available had a grade school enrollment last year, however, of 4,878 as compared with 4,793 for this year.

A few rural schools had not completed their enrollment reports, thus delaying the overall school enrollment picture.

In the county system only Martin and Palmer-Dunbar showed gains in both high and grade schools. McDowell had a congested condition

DEWEY RESERVOIR DRAWS WITHIN 20,000  
OF MARK REACHED ALL LAST YEARJUDGE PATRICK  
VICTIM AT 93Former Circuit Judge,  
Educator Buried Today;  
Rites at Salyersville

Former Circuit Judge Ashland T. Patrick, whose public career began 70 years ago and earned him the esteem of a wide section of Eastern Kentucky, died at the age of 93 at 5:50 a.m., Tuesday, at the Prestonsburg General Hospital. He had been ill a year and had submitted to an operation two weeks earlier.

The son of John Wesley and Abigail Salyer Patrick, he was born June 2, 1859 on Burning Fork, Magoffin county. He was educated at Georgetown College and Ohio Wesleyan University, Delaware, Ohio. After a teaching course of a few years, he in 1883 was elected as the first Magoffin county Superintendent of Schools.

He was admitted to the bar in 1882, and practiced law with his father-in-law, W. W. Howes, at Salyersville until Mr. Howes' death in 1889. After that he served as United States Commissioner with offices in Salyersville for 10 years.

In 1915 he was elected Circuit Judge of the old 31st judicial district, serving two terms and moving to Prestonsburg during his tenure of office. He was a Republican and for many years took a leading part in his party's activities. In 1939, at the age of 70, he founded the Patrick family reunion, an annual event which brought together members of the family from all parts of Kentucky as well as from neighboring states.

Judge Patrick was a member of the Presbyterian Church and the Masonic Order. For all his years, his mental faculties remained keen, his interest in public affairs and people and his love for reading undiminished. He was married Sept. 11, 1881 to Amanda Louise Howes, who died 11 years ago. Of this union three daughters and one son survive: Mrs. R. C. Adams, Mrs. B. J. Elam and Mrs. C. D. Milby, all of Lexington, and H. B. Patrick, Prestonsburg. He also leaves four brothers and two sisters, Mack Patrick, Wenatchee, Wash., John H. and Jeff Patrick, Salyersville, Ben Patrick, of Ohio, Mrs. Oliver Patrick, Salyersville and Mrs. Belle Rowland, Lexington.

Following a brief service at the home here of H. B. Patrick this afternoon (Thursday) at 1 o'clock by the Rev. Gerstle M. Haggard, the body was taken to Salyersville where the funeral was conducted from the Methodist Church by the pastor and the Rev. A. C. Harlowe. Burial was made in the Gardner cemetery under direction of the Moore Funeral Home.

## VISITOR FROM OREGON

Mrs. Mary Nesbitt Spear, of Portland, Oregon, arrived here last week for a visit with relatives. She was accompanied by a brother, Jim Nesbitt, of Morehead. They left Thursday for Arlington, Va., to attend the funeral of their uncle, Marion Richmond, on Friday. They will return here this week.

Foremen's Club to Meet  
Here Saturday Evening

The Foremen's Club of Princess Elkhorn Coal Company will meet at 6:30 p.m. Saturday, Sept. 13, for dinner meeting at the Center Grill. A business session will be held after which Robert E. Layman of Lexington will address the club on the importance of good industrial relations. Layman, a former staff member of the National Association of Foremen is now vice-president of the Central Bank of Lexington. He has had wide experience in sales and industrial relations work.

BLOOD DONORS  
GIVE 93 PINTSContribution Helps  
Supply Armed Forces  
As Urgent Call Made

Volunteer workers here in the Red Cross blood program were highly pleased with the contribution by citizens of Prestonsburg and surrounding communities last Wednesday of 93 pints of blood. The contribution brought the community's average for two visits here of the bloodmobile this year to 105 pints per trip.

Blood was given by 47 volunteers who had not been contacted for contributions. One hundred 29 persons had been scheduled to give blood, and there were 47 rejections. Among those who gave blood were three veterans of the fighting in Korea: Woodrow Stephens, of East Point, who lost an arm; Ora Curnutte, Jr., Auxier, and Clyde Hancock, of Emma.

The blood contribution here came in good stead, Red Cross workers said, explaining that an urgent call for blood for the armed forces in Korea had been made and the supply was meagre.

Next visit of the bloodmobile will be at Wheelwright, early next month. The Wheelwright community has consistently been a heavy contributor to the blood program.

It added: "We feel juries have been too lenient in such matters."

GRAND JURORS  
CLOSE HECTIC  
9 DAYS' WORKAttempt To Indict  
Burchett Rejected;  
New Probe Sought

One of the most hectic grand jury sessions to be held by the Floyd circuit court ended Wednesday afternoon on a note of dissatisfaction on the part of some of its members with what had been accomplished.

Eight members of the jury signed a formal request presented to Circuit Judge Edward P. Hill, calling on him to empanel a special grand jury to investigate the alleged conversion of county funds by County Attorney W. W. Burchett.

It was an attempt to gain an indictment against the County Attorney which made the session a stormy one. Commonwealth's Attorney Burnis Martin presented the case against the official and handed members of the jury a written statement of his views of the matter.

He told The Times he understood the vote was eight for indictment, four against. The Times was told by another source that the vote was the opposite: eight against returning an indictment and four for such action. Yet another report said the vote was seven against, four for and one juror abstaining.

The request for a special grand jury to investigate the case was signed by Marvin Marshall, foreman, C. H. Osborne, G. B. Salsbury, Miller Smiley, Chas. Rowe, Sparrel Stratton, Blanche Boyd and Alice Ball. It read, in part:

"... we ask this court to appoint a special grand jury to further the investigation of W. W. Burchett of conversion of county funds as set out in affidavits made as sworn to by Mr. Burnis Martin, Commonwealth's Attorney."

Judge Hill read the request in court and remarked that he would give it early consideration. The indictment attempt against the County Attorney was based on claims that he had been paid more than the salary allowed by the state Constitution.

In its final report the grand jury said it had questioned 108 witnesses. About 80 indictments were returned. "We have interrogated a number of witnesses regarding the selling and possessing of whiskey and found it practically impossible to secure indictments for same, due to the fact that the witnesses will not tell what they know," the jury commented.

It added: "We feel juries have been too lenient in such matters."

You Won't Like This---It Tells  
Story of the Good Hatfields

By Henry P. Scaif

The name Hatfield brings up talk of feuds and "trouble." A mere mention of that family to an alien to the mountains and he asks questions, and if you pose as an authority on the Hatfield and McCoy clans he will listen with attention. He believes all the old stories of ambush, death and hatred. Too much of it is true.

But tell the alien to the hill-land that there were other Hatfields who carried no musket and plotted no ambushes against their enemies; tell him of the Hatfields who were hard-working, God-fearing citizens of the mountains and that their names are a credit to the citizenry of a solid section of the state—and your listener is not interested. He wants the old, old stories of bloodshed and death.

There were other Hatfields besides the West Virginia clan—peaceable, solid citizens who helped to build Floyd county and other sections. Their names are scarcely heard. They were of the same family, for the Hatfields came to America in colonial times from England. They drifted westward and settled in the Southwest Virginia counties of Russell, Dickinson and Wise. They pierced the forested mountain land on Tug river when the Indian was gone but yesterday.

The first ancestor we do not know. We only know of many Hatfields living in a close, adjacent area and that by all rules of westward immigration they must have been of the

land about the year 1730 and came to America to settle in Giles county, Virginia. He served as captain in the Virginia militia of Montgomery county during the Revolutionary War. Later he moved to Cabell county and settled on the Guyan river. Here he lived the remainder of his life. He was burned in a bend of the Guyan river in the heart of a forested, rugged area. The exact date of his death is unknown.

Of Andrew we know very little. When he came to Cabell county he brought one son, Adam, with him. There may have been others. Adam was born Oct. 19, 1774, died June 18, 1855. Adam married Mary Williams, who was born in 1782. She was of Dutch descent and spoke broken English. Adam and Mary had six sons and as many daughters. One daughter, Kate, married a Swann and was the mother of Dr. P. H. Swann of Huntington and the grandmother of Dr. Walter C. Swann.

Moses Hatfield, one of the sons of Adam and Mary, was born in 1822, died 1895. He married Peninah Beckett (1820-1878). They had eight children. Martha Ann (1844-1908), a daughter of Moses and Peninah, married Adam Hinchman (1842-1910). Their grandchildren and great-grandchildren are Floyd county citizens.

Each year the descendants of Moses Hatfield meet near Huntington (See Story No. 6, Page 6)

Devil Anse's descendants are respectable people today. Lawyers, doctors and ministers abound in the race. A daughter of the Hatfield clan married Benjamin Fairless of U.S. Steel. But back in the old days when Devil Anse's clan was bush-whacking McCoy's there were other Hatfields of the same ancestral tree who plowed, planted and built in a new land without thought of feuds. Andrew Hatfield was born in Eng-

which named the owner of the business, W. O. Huddleston, as the complaining witness. Those indicted and approximate amounts they are accused of converting to their own use are Ronald Hobbs, \$52, Earl Spears, \$190, and Jack Boyd, \$167.

Other major indictments returned since last Thursday follow:

Steve Smith and Marion Hatfield, breaking and entering and conspiracy, bond of \$3,000 each required; Bennie Blackburn, selling liquor, second offense, two counts, total bond of \$3,000 asked; Edward Robinson, destroying property of another and two cases of shooting at without wounding Mr. and Mrs. Richard Sammons, of Arkansas Creek, total bond asked, \$3,500; Garner Price, Edd Conley, John Rice, Charlie Handshoe, Paul Raymond Wallen, Cecil Green and Johnny Martin, each charged with child desertion; Junior Younce and Molly Jones, grand larceny, charged with the theft of a wheel and tire from Duffy Vance; Claude Little, knowingly receiving stolen property.

Oliver Lee Justice and Lynn Elroy Houck, breaking and entering and conspiracy, \$3,000 bond required on each of two counts and \$2,500 on a third, the charges involving the robbery of the stores of Bill Hall, Johnny Hall and Edgar Howell at Harold and Betsy Layne (defendants were recently jailed in West Virginia); Junior Lawson, obtaining money under false pretense; Floyd Phelps, removing mortgaged property from the state; Willis and Garnis Hall, reckless use of a deadly weapon; Irene Newberry, carrying concealed deadly weapon; Chester Ousley and George Laughton, shooting and wounding on Middle Creek of Melvin Frazier, \$3,000 bond required for each; John D. Goble and G. R. Martin, cold check; Harry Malkin, obtaining money under false pretense; Zora Hall, possessing alcoholic beverages; Willie Hall, goods under false pretense.

Billy Blanton, breaking and entering store of John Laven at Allen, \$2,000 bond; Zora Hall, escaping custody after arrest; Harold Jones, arson, accused of burning house of Tom Shepherd; Luther Stone, Paris Gamble, drunk driving; Harold Jones, child desertion; Edd Hicks, selling liquor (two counts); Hershel Lester, policeman at Martin, malfeasance in office, two counts, charged with taking whiskey from J. B. Norris without search warrant and not arresting him, also accused of arresting Johnny Rice for public drunkenness and permitting Rice to leave under replevin bond and drive his car while under the influence of alcohol; Mary Henson, fogery of \$10 order to a store; Everett Adkins, receiving stolen property; Dugan Adkins, grand larceny; Charles Case, selling mortgaged property.

## TIDBITS OF KENTUCKY FOLKLORE

By GORDON WILSON, Ph.D.  
Western Kentucky Teachers' College Bowling Green, Ky.

### BY EYE OR BY EAR

For hundreds of generations people have been recording in some written form their significant facts or their most serious thoughts. So important are these records that they constitute a far better history of preceding ages than all the kitchen middens and all the buildings, even, according to my judgment. In fact, the carved or written records supplement at every point all the archaeological data that have been accumulated. We have almost come to ask of any civilization, of any people, "What did they write?"

However, it is hardly fair to assume that any body of writings that any age has left represents, except in a very fragmentary way, the ideals, the thoughts, the purposes of that age. Browning speaks of "Fancies that broke through language and escaped." It is of this intangible achievement of our race that the folklorist thinks most often. Hundreds of traditions, more binding than anything as yet written down, are to be found among all men. A small portion of these ever find their way into print or are carved on stone. For most ancient races and civilizations we have to assume a whole body of thoughts as the paleontologist and archaeologist assume a whole skeleton from a scrap of bone or a primitive city from a remnant of one wickerwork hut. It has often occurred to me that we know so little of the actual thinking of the ancient people who dwell in our own land before the advent of the white man, though everywhere about us are remnants of their camping places, their cooking places, their permanent fortifications. What did the Indian who shaped the perfect arrow head that I have just picked up believe or think? How did he react to natural phenomena? What did he believe about life and death, about future life with its rewards or punishments? How far advanced was he in his moral code? As compared with the more highly favored races at the time of his own life, how did he think in kindness or courtesy or plain decency? I am not trying to revive the myth of the "noble savage," but I am wondering whether even the savage has ever had an unbiased hearing. Always we have looked upon him from our own vantageground of superior, or fancied superior, achievement.

But the savage has his revenge, in a way that he could never have dreamed of. We may reject his crude methods of transportation, his crude morals, his arrows or spears; but we still have his myths, his traditional culture, often his way of little thinking. He has left us very little that can be comprehended by the eye, but his traditional lore has been handed down by ear. A large percentage of what we know is not found in books; some of our knowledge is, of course, superstition and not fact; some is on the borderline between fancy and science; some, actually, is basically scientific, though subject to many a queer inroad of things that are in no sense scientific. Who can tell how many of our taboos arose among the more primitive times of our race, when man was barely man? And yet, these taboos have often received the sanction of the most hard-headed and matter-of-fact people, they have hardened into statute laws or equally binding customs of common law. It would be a brave man who would challenge all of them, especially since they have served for so many ages as bulwarks against the lower elements in our race or even in every individual. Though many of these ancient ways of thinking are now written laws, there are still an indefinite number that remain on the borderland between tradition and statute law. Sometimes I think we are more often influenced by

these latter ways than by all the codes of laws drawn up by men from Hammurabi to the present. If we violate statute laws, we can be tried in open court; but if we violate these traditional customs that are fully as old as our written codes, we are tried still, but only in the minds of people who still retain respect for the most majorum, the "customs of the elders."

### Cow Creek Merchant On Fishing Expedition Breaks Leg at Dewey

Henry Clay has been released from the Prestonsburg General hospital after treatment for a fracture of the left leg, incurred Sunday below the Buffalo bridge on Johns Creek.

Clay and a companion, Kenneth Caldwell, were on a fishing expedition and while Caldwell was out looking for a boat, Clay began to carry the fishing equipment down to the water's edge. He fell on the slippery bank.

Lying in the sun, unable to walk, Clay called for help. He could hear other fishermen downstream but they failed to hear his appeals. It was 45 minutes before he attracted the attention of a passing motorist who brought him to the Prestonsburg hospital.

### Upperclass P'burg Men Greet Freshman Class In Big-Brother Fashion

Fifty-two upperclass boys and girls stepped into the role of big brothers and big sisters this week in welcoming the freshman class at Morehead State College and did a very creditable job of it, in the opinion of Dr. Marjorie Palmquist, dean of students at the college.

Under Dean Palmquist's direction, the upperclassmen first attended a "campus camp" held Saturday, Sunday and Monday, during which they were coached in their duties as greeters and advisers to the school's new crop of students.

However, the campus camp was not all serious business, Dean Palmquist explained. Though the campers held group discussions and saw films on the subject of courtesy and the art of entertaining, they also participated in the college grill and picnicked at Carter Caves State Park as part of their preparation.

With Six Prisoners Taken Friday in Federal Case By Postal Authorities

Final roundup of a gang alleged to have robbed two post offices several weeks ago was announced in Ashland Monday by W. D. Brewer, a United States postal inspector.

Brewer said he took Levi Cantrell, 23, into custody Friday at Daytona Beach, Fla., bringing to six the number arrested in this case.

Four Paintsville men and a Paintsville woman were arrested the middle of July. They were James M. Blanton, 26; Wayne Griffith, 31; Bernard Hart, 23; Robert Baldrige, 21, and Edna Baldrige, 19, sister of Robert.

The six are accused of robbing post offices at Santon, in Powell county, on June 23, and Lizemores, W. Va., on July 4. Money-order forms comprised most of the loot, Brewer said. Fifty-three forms were stolen from the two postoffices.

Brewer said that after the robbers cashed a money order at a liquor store in Cattlettsburg they robbed the draft-board office at West Liberty of Selective Service registration cards for use in making identification for cashing other money orders.

Brewer said the robbers cashed only four money orders. The rest were received at Seymour, Ind., where they had been buried by the robbers after the postmaster there got suspicious of them and got the license number of their car. That was where postal inspectors got on the robbers' trail.

The five arrested the middle of July were taken to Paintsville.

Brewer said Cantrell waived extradition to Kentucky from Florida. He added that all six arrested have admitted parts in the robberies and the cashing of the money orders.

**SCOUTS VISIT  
NEW MEXICO**

Floyd Boys Among 28  
At Rocky Mt. Ranch;  
Hike Thru Mountains

Twenty-eight Explorer Scouts and leaders from 12 towns of the Lone-Some Pine Council recently returned from a tour which took them to the National Philmont Scout Ranch located in the Rocky Mountains, northeast New Mexico.

Explorer leader Raymond W. Gibson, Jr., of Wheelwright, who had the largest delegation, reported that the trip was an experience that comes to a person only once in a lifetime. He said that while at Philmont the Scouts covered 80 miles of some of the most beautiful and scenic country in America. The Scouts hiked 50 miles over mountain trails and stayed overnight in outpost camps located among the mountain peaks and valleys of the 127,000 acres included in the Philmont properties.

Floyd county scouts who made the trip are: Larry Hughes, Billy Lambert, Richard Tufts, Tommy Price, Donald Gibson, Larry Jarrells, Clyde Hall, Raymond W. Gibson, Ronny Ebeins, William Johnson, all of Wheelwright; Johnny Allen, Ronny Goebel and Chuck Wiechers, all of Prestonsburg; Delno Keen, Dwale.

One of the great adventures of the trip was hiking over Clear Creek Mountain, which is 11,600 feet elevation. All Scouts carried their own personal gear and equipment in packs on their backs. Sure-footed mountain burros carried food and sleeping bags. Some of the Scouts caught trout in the mountain All scouts completed advance training in Explorer Scouting skills, which included, cooking, nature study, woodlore and survival skills.

Scout Executive John Dean and Field Executive Ira Combs, of Hazard, also accompanied the Scouts to Philmont. Dean reported that the ranch which was given to the Boy Scouts of America by Frank Phillips is becoming one of the great Scout Training Centers of America. During the two weeks while Scouts were out enjoying the high adventure accorded by the mountain trails, more than 200 Scouters and their families took training courses offered at the training headquarters. Volunteer leaders combined family vacation with opportunities to go horseback riding, fishing and visits to Taos and Santa Fe, New Mexico with opportunities for training under the direction of men on the National staff of the Boy Scouts of America. While at Philmont, Dean completed a training course in commissioner service. Ira Combs completed a course in Cub Scout leadership.

**George Scarberry, 86  
Is Gun-Shot Victim  
At George's Creek Home**

George Scarberry, 86, father of Heston Scarberry, of the Left Beaver Creek section, this county, was found shot to death at his home on George's Creek shortly after noon Sunday. Lawrence County Coroner L. Bryan Young returned a tentative verdict of suicide.

Mr. Scarberry, a native of Johnson county, had a fatal gunshot wound of the neck. A grandson, Everett Grayson, 21, found the body while going to the home when neighbors said the aged man had not been seen for two days. A 12-gauge shotgun was found beside the body.

Funeral services were conducted at 2 p.m., Monday at Belle's Chapel by the Rev. Bhd Welch. Burial was in the Preston cemetery.

Mr. Scarberry was the son of the late William and Rachel Carter Scarberry.

Surviving are two daughters, Mrs. Lacey Grayson, of George's Creek, and Mrs. Ina Scarberry, of Ashland; four sons, William Scarberry, Catlettsburg, Albert Scarberry, Buchanan, Ed Scarberry, of Circleville, O., and Heston Scarberry, of Beaver Creek, Floyd county, and a sister, Mrs. Sarah Edwards, of Ireland, O., and a brother, Jake Scarberry, of Ireland, O.

The first irrigation system to be used in Spencer county was installed by J. D. Brown of the Little Mount community.

**AND ABOUT FISHING**

There are certain late afternoons when I can't go fishing—some will say they're few—and almost invariably those are the times when the fish are hitting. Just now comes report that the bigger ones were striking at the lake yesterday afternoon. At that time I was a galley-slave, if being chained to a typewriter in order to fill up some type galley can be called such.

It's enough to make a body gnaw the cork off his rod handle.

Fellow tried to sell me a window brush, the other day. Another fellow said, "Sell him a hoe!"

Yes, there was a shortage of material for this column this week. Haven't heard a story that can be cleaned up in so long . . .

By Prestonsburg Man**

Ray Howard, owner of the Cash Furniture Store, Prestonsburg, has been notified by the International Harvester Co. that he has won for himself and Mrs. Howard an all-expense-paid trip to Bermuda starting Oct. 10.

Mr. Howard received this award because he has sold more International Harvester products than any other dealer in Southern Ohio, Southern West Virginia and Eastern Kentucky during a sales contest.

Mr. and Mrs. Howard expect to leave here by plane in time to be in New York by Oct. 10. While in New York they will attend a banquet, sponsored by International Harvester, at the Waldorf Astoria Hotel. After they take a tour of New York City they will go aboard the Queen of Bermuda, sailing to Bermuda and Nassau.

Mr. and Mrs. Howard will return to Prestonsburg around October 25.

## SPRADLIN-VANHOOSE VOWS EXCHANGED

Mr. and Mrs. Alex M. Spradlin announce the marriage of their daughter, Elizabeth Marlene, to Mr. Robert Burns Vanhoose, son of Mr. and Mrs. Ollie Vanhoose, Paintsville, Ky., on August 27, at 8 p.m., at their home at Cliff.

Before an improvised altar of greenery, flanked by archways of entwined huckleberry and white gladioli, baskets of white gladioli and seven-tiered candelabrae, the double-ring ceremony was read by the Rev. Gerstle M. Haggard, pastor of the Methodist Church. The bride was given in marriage by her father. Miss Ruth Joy was maid of honor. Mr. David Richmond Hereford served the groom as best man. Mr. Johnnie Wheeler, Jr., Paintsville, and Mr. Thomas James Tackett lighted the candles preceding the ceremony, while a program of nuptial music was played.

The bride wore a ballerina-length dress of nylon net over white satin. The fitted bodice, with off-the-shoulder effect and double ruffled satin trimmings, was under the net which had a jeweled neckline. The full skirt had graduated tucks to the hemline and was bouffant over a hooped skirt of satin. Long, tight sleeves pointed at the hand completed the dress. Her finger-tip veil of illusion was caught by a band of seed pearls on a white satin toque. She carried a purple orchid with stephanotis tied with satin ribbon streamers. Her only jewelry was a single strand of pearls, a gift of the groom.

Shown in the photo during a radio broadcast of the activities were, left to right, Acting Mayor Paul C. Combs of Prestonsburg, Ted Arnold of Radio Station WSIP, and Mrs. Clark.

**Church Here Picked To Be Group Center For Methodist Work**

At the recent session of the Methodist Conference at Morehead a state-wide simultaneous evangelistic mission was announced for Kentucky Methodist Churches.

It is in the planning that every church in the Louisville area covering all of Kentucky and Western Tennessee, will take part. This comprises something over 1500 Methodist churches and over 492,000 members, with as many more constituents. The Prestonsburg church will be a group center for preparation and training workers for surrounding Floyd, Pike, and Johnson counties.

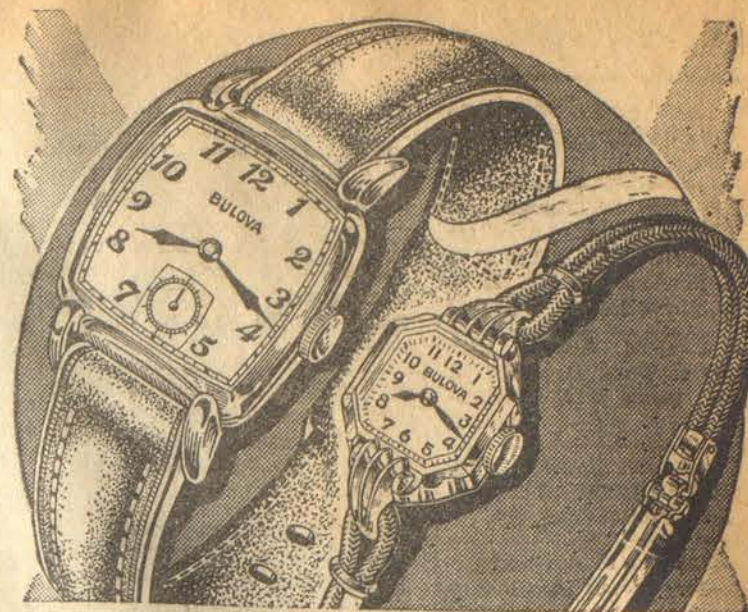

The meeting is to take place Oct. 26-Nov. 2. A combined program of mass evangelism and personal visitation will be employed.

This is but a part of a program begun by the Methodist Church four years ago. From its effectiveness in other areas of the church, it is expected to bring between 7,000 and 8,000 new converts, with as many renewals of those inactive through the years of war upset, when people have been moving so much that they have "all but forgotten the church and their God", as expressed by one of the ministers-leaders.

Heavy fertilized corn in Carlisle county will make fair to good yields, despite droughts.

Shortage of hay and grain has caused the culling of dairy herds in Campbell county.

Bring any question on the scripture, or about Christian living, and an answer will be given to you, publicly, if it is of general interest, or privately, if it is a personal matter. Please bring questions written out.

**Waterfowl Season To Be 10 Days Longer This Year**

Frankfort, Ky., Aug. 30 (Spl.)—

The season for hunting ducks and geese in Kentucky has been extended 10 days over the season of last year, the U. S. Fish and Wildlife Service has announced. The season for geese, ducks and coot will open on Nov. 17, five days earlier than last year, and will close on Jan. 10, five days after the closing date of last season. The extension was granted, the Service has informed the Department of Fish and Wildlife Resources, when it was found that the duck and geese population this year was estimated to be far greater than for the past few years.

The bag limit will remain the same as for the past season. Daily limit of ducks is four, with a possession of eight, which total may not include more than one wood-duck. The daily bag limit and possession limit for geese again is five which total may not include more than two Canada geese or its subspecies, or two whitefronted geese or one Canada and one whitefronted. The limit, daily and possession, for coot remains at 10, while the limit for redbreasted or American margsansers remains at 25 with no possession limit after the first day of the season.

Shooting hours for waterfowl and coot is one-half hour before sunrise to one hour before sunset (CST) except on the opening day of the season when shooting is not permitted until 12 o'clock noon and ends one hour before sunset. The legal possession limit of waterfowl may be held in cold storage for 90 days after the close of the season for each species, the regulation adds. All automatic or hand-operated shotguns used in taking waterfowl must be plugged so as to hold not more than three shells in the magazine and barrel combined.

Ohio county homemakers this year will study better lighting, making of parchment and cloth lampshades, color in the home and use of accessories.

**Mrs. Alice B. Derossett Dies at P'burg Hospital; Funeral Held Tuesday**

Alice Baldrige Derossett, 73, died Sept. 7, at the Prestonsburg General hospital. She was the wife of Taulbee Derossett to whom she was married in 1914, and the daughter of William and Dicy Conley Baldrige of this county. At the time of her death she resided on Little Point.

## COAL BARGES USE KENTUCKY

### Former Floyd Man Heads Firm Sending Product by Water

Charles Gilley, former oil refinery owner at Betsy Layne, announced this week that the Kentucky River Collieries, which he heads, has shipped four barge loads of coal, about 6,000 tons, from Beattyville, thus opening the Kentucky River for its first coal shipment in 35 years.

Opening of the Kentucky to water transport of coal created considerable interest in this section where Big Sandy River canalization has long been sought as an economical means of transportation.

Mr. Gilley said this week's shipment sent 6,000 tons of coal to Clay's Ferry, which is about 13 miles from Lexington.

Mr. Col. Clarence Bigdoo, United States district engineer, said his office is interested in the new development since the United States Corps of Engineers ordered the locks and dams closed a year ago because there was no commercial tonnage on the upper river. Coal operators in the area appealed to Congress saying they planned coal towing. Closing of the locks was postponed.

The coal started moving in four small barges. According to the engineers it is being trucked about 29 miles to the dock. It will be sent from Clay's Ferry to Lexington by trucks also.

The Philip Ritchie Towing Company, Paducah, said it plans to use a second boat and barges if the current experiment is successful.

The last heavy shipments in the upper Kentucky were made during or near the end of World War I, according to the engineers. At that time crude oil was shipped to Louisville refineries, and coal was sent to Frankfort and Louisville.

Beattyville is the head of slack-water navigation provided by the dams.

### Martin High School Head To Supervise Preparations On Martin Passion Play

Directors of the Passion Pageant will meet Sunday, Sept. 21, at 3 p.m., in the Martin Methodist Church.

At a recent meeting members voted to move the stage to the foot of the hill, so everyone can see easily. Since then Dr. Wade Mahood and Coach Denzil Halbert have torn the building down in sections. Dr. Mahood, C. R. Marshall and Chris Straub have moved part of it. Judge Henry Stumbo is cooperating fully in the landscape work. Pageant leaders appreciate his assistance.

James Salisbury, principal of the Martin school, and general chairman on Pageant Day, will supervise further work along this line with the high school boys' club soon. Ten complete stage settings will be arranged, side by side, at the foot of the hill to facilitate production, since the new script calls for 50 scenes. These will be given in the length of time required for the original production.

At present, contacts are being completed for extensive advance advertising in state magazines in early spring issues. This necessitates a retake of some pictures in color, and additional ones of various new scenes. Much work must be completed by November 1.

The constitution calls for replacement of board members who miss two consecutive meetings, unless quite ill.

**NOTICE**

The Floyd county fiscal court will receive sealed bids until 10 o'clock a.m., Sept. 29, 1952 for the construction of two concrete abutments on the Estill bridge over Right Beaver Creek. The court reserves the right to reject any and all bids.

HENRY STUMBO, Judge, Floyd County

### SCHOOLS GET FUND SHARE

#### County School's Part Of Equalization Fund Is Above Last Year's

School districts in Floyd county will receive \$257,017.34 of the \$5,573,000 equalization fund to be distributed last year for educational purposes, it was announced last week by Superintendent of Public Instruction Wendell P. Butler.

The equalization fund—a supplement to the common school fund—is distributed on a basis of need to school districts in the state any may be spent either for teacher salaries or other educational purposes approved by the school authorities.

The \$26,212,500 common school fund is distributed on a census basis and must be spent for teacher salaries.

Districts that will participate in the equalization fund in the county, and the sums received by each are: Floyd county district, \$254,638.64; Prestonsburg independent district, \$2,378.70.

At the time Mr. Butler announced distribution of the equalization fund, he again appealed strongly for a proposed amendment to the state Constitution, which will be submitted to the voters next year and which will give the General Assembly greater leeway in distributing school funds. The present requirement that at least 75 per cent of the funds be distributed according to the number of children in a county, regardless of whether they are in school or not, is prohibiting progress in Kentucky schools, Butler said.

### Coal Company Honors Scholarship Students

On Wednesday, Sept. 3, Princess Elkhorn Coal Company honored its scholarship students and their parents with a dinner at the David clubhouse. David L. Francis, president, William Crawford, vice-president and general-manager of the company, were hosts.

To date a total of 15 scholarship students attend college on Princess Elkhorn Coal Company scholarships. This group is made up of the following: Pikeville College, Oma May Dempsey; Eastern State Teachers' College, Paul Hager, Ronald Smiley; Berea, Opal June Hopson; University of Kentucky, Ordell Ray, John Vaughan, Bee Johnson, Paul Hall, Wesley Wadell, Jack Crawford, Alvin Akers, Billy Perry and Arnold L. Horn.

**Senator Hays To Head Floyd Democratic Drive**

State Senator Doug Hays, of McDowell, has been named chairman of the Democratic campaign in this county, it was announced this week.

His appointment was announced by Clyde Watson, state Democratic campaign chairman.

**Kentuckians To Wed In San Francisco**

C. S. Layson, of Harlan, Ky., announces the engagement of his daughter, Ruby, of San Francisco, Calif., to S/Sgt. Mason P. Sexton, of the U.S. Air Force, son of John Sexton, of Hueysville, Ky.

Miss Layson is employed by the Encyclopaedia Britannica in San Francisco. Sgt. Sexton is a member of the Armed Services Police Detachment at Treasure Island.

Plans are being made for a December wedding in San Francisco, where Sgt. Sexton is permanently stationed.

## FOR RENT

for a re-union of the clan. Mrs. Tina Susan Hatfield Ashworth, of Huntington, is the chief historian of the family. When the clan gathers they come not on mountain horses but in automobiles. Instead of muskets and "hog rifles" they bring along food and the many necessary articles for a dinner on the grounds.

Samuel Hatfield, who was no close kinsman of Captain Anse, lived on Johns Creek in Floyd county. He was the father of Susan Hatfield who married Grand Sir Ayres Vaughan (1742-1842). In 1854 Samuel sold Tandy L. Stratton the Young Branch. Today it is called the Tandy Stratton Branch. There were other Hatfields on Johns Creek. Joseph and James were two. None of the Floyd county Hatfields were large landowners.

One interesting old deed on the Floyd county records is that of James Fuller, attorney for Robert G. Scott of Williamsburg, Virginia. Fuller executed a deed to Jeremiah Hatfield in 1818 before Pike was made a county for 50 acres of land on Tug river. The land conveyed was part of a grant to the Rev. James Madison in January, 1796.

Another deed on the Floyd county record is that of Nimrod Younger to James Hatfield for a 100-acre tract on Quicksand Creek, dated Aug. 19, 1822. The Floyd and Perry county lines bisected Quicksand and the land lay across the line. It was necessary to record the deed in both counties.

Jeremiah Hatfield, as said, was a son of Samuel Hatfield. In 1875 he entered into an agreement with one John Waldeck for the apprenticeship of his son Herman. Now in this year 1833 Big Sandians were emigrating to Arkansas. Jeremiah Hatfield had married a Brown and the Brown family of Floyd was going to the Arkansas river where there was a plenitude of rich and level land. The Brown family went to a place on the Arkansas river ever afterwards called Brown's Landing. Jeremiah went with them in 1835. The children of these expatriate Big Sandians intermarried in Arkansas and their descendants scattered over the Southwest.

Before Jeremiah left for Arkansas he entered into the following agreement with his son to remain here and learn a trade: "Witnesseth that the said Jeremiah Hatfield hath this day placed and bound out his son Herman Hatfield to the said John Waldeck, born 27th day of August 1817, until he shall arrive at the age of 21 years." (Note: Herman was only 16 and probably did not want to go to Arkansas). "The said John Waldeck is to instruct and learn the said Herman all he can in the art and business of cabinet making and find and provide for the said Herman during his term of service good and wholesome meat, drink and lodging and during said term of service the said Waldeck is to send the said Herman to school four months during which said term of the said apprentice to his master shall faithfully observe all his lawful demands, obey the said John Waldeck. Is at the end of the term of the said Herman to give him two common suits of clothes and also one fine which shall be worth five dollars."

So run the annals of some of the Hatfields who were unsung because the even tenor of their way did not appeal to the public imagination.

**Mrs. John Hale, Hostess  
At the First Meeting  
Of P'Burg Woman's Club**

The Prestonsburg Woman's Club held the first meeting of the new year, September 4 at the home of Mrs. John Hale, with the president, Mrs. W. W. Cooley presiding.

Under old business left over from last year, Mrs. Grover Lowe, chairman of the layette project, reported that five of the six layettes were completed and two have already been distributed. The sixth layette has not been completed and some members have not turned in gowns and other items. Any members who have such items are asked to contact Mrs. Lowe as soon as possible.

New business for this year is the continuing of the layette project, with Mrs. Grover Lowe as chairman; the sponsoring of the T. B. Christmas Seal Drive (all work to be volunteer); and the Holland's Magazine subscription drive will be held the last three weeks of September.

Mrs. Cooley informed the club that the Seventh district meeting which was to be held in Prestonsburg on October 4 has been postponed till November 1.

A letter from the Good Government Taxpayers League was read. The club voted to ask a representative of the League to speak before the Club.

At the conclusion of the business meeting, Mrs. O. J. Williams, Seventh district Governor, gave an interesting report on the national convention of the General Federation of Women's Clubs held at Minneapolis, Minn., last May. Mrs. Williams also had on display many interesting mementos of the convention. Mrs. Beecher Hardwick, Seventh district Vice-Governor, then gave an equally interesting report on the state convention of the Kentucky Federation of Women's Clubs held at Covington-Cincinnati.

The hostess, Mrs. John Hale, and co-hostesses, Mesdames Earl Arnett and Grover Lowe, served refreshments to the following members: Mesdames W. W. Cooley, Glen Anderson, Raymond Sirkle, Robert Regan, A. C. Harlowe, B. F. Combs, Merle Wilson, James Donahue, Cecil Kendrick, Newt May, Byron Nunery, E. S. Collins, J. D. Mayo, J. H. Keenon, Russell Shaw and Miss Alice Harris, and guests Mesdames Den Burke and Ethel Powers; and Mrs. O. J. Williams and Mrs. Beecher Hardwick, of Betsy Layne.

The next meeting will be on Oct. 2 at the home of Mrs. B. F. Combs.

**IT'S A GOOD WORLD**

BY WILMAX

In his address before Floyd county teachers Dr. Spain, of Morehead, outlined the characteristics of the product he hopes to see come from our schools and colleges. He first emphasized the prevalence of a severe moral depression in America for some years past.

Dr. Spain stressed the importance of good appearance of individuals and in our surroundings, too. He stated that the presence of debris and littered premises reflects a low standard of living. Like some other sections, ours does need more pride in such matters. The yards of some homes of persons of moderate incomes are as deplorable as those found around hovels. Too few of us are sufficiently civic-minded to make a success of Clean-Up campaigns, when these are announced. One need only drive through the average community to see how little influence and effect these moves achieve.

The speaker advised teachers to encourage the appreciation of beauty everywhere, to develop in children the depth and ability to enjoy and understand the lovely things around us. Most of us do not see all that Reba Mayo does in works of art. None of us appreciates a sermon the way Rev. L. W. Benedict or Rev. Carl Senter can. We ordinary mortals do not understand a poem as Virginia Turner does. We common folks, who lack musical talent, seldom thrill to Beethoven as Edith James does. But we can cultivate a taste for art, music and good literature both in ourselves and in youngsters.

Every individual can revel in a starlit night. We can note the perfection of a half-blown rose, kissed by the morning dew. We feel the lift of wings as we look into a baby's precocious face. We can thank God for His handiwork in the firmament and in nature. If we only try long enough and hard enough, we can develop and nourish an esthetic sense in children, who in later years will prefer order and cleanliness to chaos and filth or unsightliness. We who know nothing about arranging flowers can have the ecstasy that comes from growing them. We who cannot paint, write poetry or sermons, or compose music that stirs the world, can delight in the work of more gifted souls.

Dr. Spain also recommended that teachers help pupils acquire a better command of written and oral English. According to some parents, we teachers need to do likewise. Few are perfect. All of us are subject to making mistakes. But it is a deplorable fact that many members of the one profession that should do most to promote the use of good grammar either do not know, or do not care enough about, correct English to use it. We are judged by our speech almost as much as we are by character and experience. Some of our errors may be the result of ignorance, but many are due to carelessness. The more we try to learn, the more a majority of us find how little we know. The teacher whose habit of using incorrect grammar persists is inexcusable.

When the Kentucky writer, Jesse Stewart, entered college, a professor told him his papers showed originality, but that they were more crudely written of any he had ever seen. Jesse Stewart got busy and did something about it. He won a fellowship abroad, and today is telling others how to write.

Too often persons who make the most grammatical errors are unaware of the fact. Colloquialisms exist everywhere, but the public has a right to expect teachers to have reasonable vocabularies, and the ability to use our language correctly and fluently, to exercise a wise choice of words and to use good English when writing as when speaking.

Several years ago the State Department requested teachers to submit to them a theme on the subject, "My Philosophy of Education." Countless teachers had to seek help or ask some acquaintance to write the entire paper for them. Not one of us can teach what we do not know, but most of us can learn much that we do not know if only we apply ourselves. Few of us would exchange what we learned in school. This statement is not intended to underestimate the value of a formal education. One major objective of a college education is to teach and to train us all how to continue the process of acquiring knowledge without further assistance when we leave school.

Dr. Spain also deplored the waste of human resources that come from the lack of opportunity. Jesse Stewart is an example of what an education can do for an individual. Lincoln, with his few books, occupied the White House. So many youngsters drop out of school annually that each teacher must exert every effort to keep them in school.

**JUDGE CAN'T RULE**

Hotel and restaurant workers in the state are not entitled to wage increases ordered by State Commissioner of Industrial Relations Edwin C. Willis in 1950, unless also ordered by the Federal Wage Stabilization Board, Franklin Circuit Judge William B. Ardery ruled. The jurist ruled that he lacked jurisdiction to determine the legality of a proposed increase because the 1950 Defense Production Act vested such authority in the Wage Stabilization Board.

# Black Cats Score Easy 26-0 Victory In Opening Contest over Whitesburg

If, as The Times reported last week, Prestonsburg's Black Cats were crippled for their Friday night encounter with the Whitesburg Yellow Jackets, the Doctor brought them around by game time.

What panacea of Doc Ferrell was using does not appear on the record, but whatever, the result was just what the Doctor ordered.

That was the unexpectedly easy 26 to 0 victory they registered over Whitesburg, a school which over the years has never failed to give the Cats a full evening's exercise for their opening grid game.

Those two cripples we mentioned last week, John Delmar Hughes and Marshall Woods, had so far progressed along the road to recovery before some 2,000 fans gathered at the playground here Friday evening that all they did was to play every minute of the game they were needed and to score three of the four Black Cats touchdowns.

On top of that, Hughes, last year's all-state quarterback, did the passing, the punting and kicking the extra points. And some mighty fancy running.

The game opened on a drear note for Ferrell's young team. Whitesburg kicked off and recovered the ball on the Cats 45. The Black Cat line was holding none too well at this stage of the game, and John Hall and Buddy Fields, two speedy Yellowjacket backs, were hitting off-tackle for heavy gains. They kept up this running assault on the Prestonsburg goal till a 15-yard holding penalty set them back from the Cat. After that, they threatened only in milder fashion, although most of the first quarter was played in Black Cat territory.

Prestonsburg's first scoring thrust came with startling suddenness early in the second quarter when Delmar Hughes faded back to pass, failed to find a receiver open and elected to run. He raced to the right, then cut to the south side of the field, picking up some needed downfield blocks, en route, then sped down the sideline a distance of 65 yards for the marker. Then he kicked the extra point, with his brother, Lowell, a freshman, holding the ball.

This younger member of the Hughes family held the ball on all four conversion attempts, two of which were good, the others being blocked as they were speeding squarely down the middle. He also joined the backfield later in the game and was seldom stopped, on two occasions racing for first downs and receiving passes from brother Delmar like a veteran.

The second touchdown for Prestonsburg came in the third quarter when Delmar Hughes slid around end and ran 20 yards into the end zone. This touchdown was set up by Dixon's 50-yard punt return and Shepherd's run good for 100 yards.

Less than five minutes had gone in the third quarter when Marshall Woods, whose knee remains injured, snatched up a Whitesburg fumble at about the 50 and after a belated start did not stop running till he was across the Whitesburg goal.

Prestonsburg's last marker came in the fourth on a series of passes from Delmar Hughes to Lowell Hughes and Shepherd which carried the ball within the Whitesburg five. Dixon bucked the ball across from the fullback spot, scoring standing up.

Except for its first-period drive, Whitesburg could not get going till the third quarter when Kincer was shaken loose around his own right end for 35 yards. Johnny Hill overtook him from behind and saved what appeared to be a certain Whitesburg score.

The performance of the entire team provided Coach Ferrell possibly the most pleasant surprise he has had in quite a spell. Stanley Prater and Johnny Hill excelled in the line, particularly in downfield blocking. In the backfield was a whole galaxy of stars at least for evening: the Hughes brothers, the sophomore, Shepherd, "Jeep" Alexander and Dixon at fullback.

More aggressiveness from the line on defense is needed, Coach Ferrell said, as the team faces powerful opposition Friday evening here from Irvine high school, a team which last Friday night defeated Paris high school 13 to 0.

Irvine brings here a tremendous scoring threat in their big 185-pound fullback, who is a better-than-average passer.

Allen Edges Trimble  
In State Casting Meet;  
Cook 3rd Among Juniors

For the second year in a row David Allen, of Prestonsburg, won last Sunday the senior casting championship of Kentucky Junior Conservation Clubs at the State Fair in Louisville, defeating a former state champion Bobby Trimble, of Lexington, 95 to 94.

The tournament, in which each of the state's nine conservation districts was represented, was hotly contested and was witnessed by Governor Lawrence W. Wetherby, who presented gold cups to winners of the senior and junior divisions. The tourney was sponsored by the Department of Fish & Wildlife Resources.

Allen and Johnny Cook, also of Prestonsburg, were accompanied to Louisville by E. R. Burke, Seventh district supervisor, Cook, who last year won the junior division title, lost to Skippy Hatfield, of Mt. Washington, who posted an 89. He entered the tournament without practice, and received for third prize a casting rod. Allen received, in addition to a gold cup, two reels.

The Floyd county boys were sponsored at the tourney by the Floyd County Fish & Game Club.

Other scores posted in the senior group age 14 and over, in addition to those of Allen and Trimble follow: Denton Hughes, Marion, 91; Leo Oney, Greenup, 87; Jimmy Smith, Cloverport, 85; Jimmy Marcum, Beckner, 84; Tommy Bartram, Albany, 81; D. Sanders, Olinstead, 76; Carl Rubie, Eminence, 75.

Rev. Howard Church  
Assigned Horn's Chapel  
And Auxier Churches

At the recent session of The Methodist Conference at Morehead, Rev. Howard C. Church, of Prestonsburg was assigned as Pastor of Horn's Chapel and Auxier Methodist Churches.

He was cordially received by a fine audience at Horn's Chapel last Sunday morning for the first service there. Services at both churches will be as follows, Church School 9:30 each Sunday, with preaching services on alternating Sundays at 11:00 a.m. and 7:30 p.m.

The Auxier church had a fine dinner-on-the-ground last Saturday night and donations were made to repair the church building.

Rev. Church is well known in Prestonsburg, Floyd county, and surrounding counties, especially for his role in mission and welfare work. Besides his membership on the board examining the public assistance rolls of Floyd county he carries on a program of his own through the incorporated Goodwill Mountain Mission, with store and headquarters in Prestonsburg. In this program he operates on the motto of Goodwill stores everywhere, "Not charity but a chance". If a person can't buy, he gets help any way. Brother Church expects assistance from his new congregation.

BLAME DOGS  
Dogs are said to have caused some Perry county farmers to reduce their flocks or go out of the sheep business.

### WINS SECOND TITLE IN ROW

For the second year in a row David Allen, of Prestonsburg, won last Sunday the senior casting championship of Kentucky Junior Conservation Clubs at the State Fair in Louisville, defeating a former state champion Bobby Trimble, of Lexington, 95 to 94.

### COACHES PICK WHEELWRIGHT

For Net Tournament To Aid Annual Fund, Set Referee's Pay

Floyd county school principals and coaches laid plans at a meeting in Martin recently for the annual pre-season basketball tournament which will be held this year at Wheelwright, Dec. 3, 4, 5 and 6.

The first-round schedule worked out at the meeting: Wednesday, Dec. 3, 7 p.m. (upper bracket)—Martin vs. McDowell; 8:30 p.m.—Maytown vs. Betsy Layne. Thursday, 7 p.m., (lower bracket)—Auxier vs. Garrett; 8:30—Wheelwright vs. Wayland.

Net proceeds up to \$2,000 will go to financing publication of The Floyd County school annual. Funds above that figure will be divided equally among the eight high schools. Wayne Ratliff, principal of the host school, will be the tourney manager.

Compensation of referees also was fixed at the Martin meeting. Out-of-county referees will be paid a flat \$15; \$17.50 if the game is called by only one official. Referees from the county will be paid \$10, plus \$2.50 if the game is officiated by only one.

The coaches agreed for officiating of Auxier high school's home game by only one referee.

## ECONOMIC RUIN

This is exactly what is happening, fast and surely, in Floyd county. How long have you citizens of Floyd county in your minds and hearts recognized this fact to be true?

Look around you, wake up, search and question. How many of our citizens were forced to leave our home county to find a living? Today, how many in your community are unemployed and destitute? How many of your sons and daughters have volunteered for the armed services in order to escape this widespread unemployment and destitution? How many of our beloved citizens were forced to sell their homes and furniture in order to leave in search of work and a decent living elsewhere? How many are registering for unemployment checks in our county? How many of our citizens can meet their honest obligations by paying them their just debts?

Ladies and Gentlemen of Floyd county, we are all guilty. The economic ruin facing Floyd county is entirely our fault. Let us all open our minds, face the facts and together do something about the salvation of our home county. To refresh your memories, and bring to light the very things that you as citizens have been thinking for months, let us just mention only a few reasons for our spreading economic collapse.

First and foremost, we in Floyd county have always been relied upon, depended upon without any doubt by state and county politicians to vote straight Democratic every election year. **Floyd county is in the bag for the party.** The party does not have to recommend that new factories, new roads, new federal and state aid be placed in Floyd county. **Why should they?** We will give the party the usual never-ending large Democratic majority that we always have in the past.

What is the ultimate result of our large Democratic majority for the party? The natural course is for the Democratic party to recommend immediate factories, new roads and financial aid to the counties that are in doubt for the party. By placing all this aid in doubtful counties the party knows that more votes are to be gained and more financial aid for the party.

Ladies and Gentlemen, do you doubt that this is true? Don't you have nerve enough for the salvation of your home county to want to remedy this gross economic ruin? Let this thought dwell within your hearts and minds—what would really happen if the citizens of Floyd county went to the polls and astonished the party by giving the opposition a whopping majority? This would once and for all place Floyd county in line for future factories and outside economic grants that we really need and merit. **To lose Floyd county, the "in the bag county,"** by the party would be a jolt that would astonish and amaze the party in power. **When this happens, then and only then,** will the favorite party really begin to help our county in its time of need.

No political party can afford to lose the majority that we usually give to favorite candidates. Let us who love and cherish our county think before we vote. **You the Voter** can keep your sons from leaving home to work. **You the Voter** can be responsible for plenty of good, honest work in Floyd county. **You the Voter** can be the one who has new factories, new state aid, etc., in Floyd county.

This letter contains simply what we all have been thinking about for quite some time. Let us as **VOTERS** be heard by ballots.

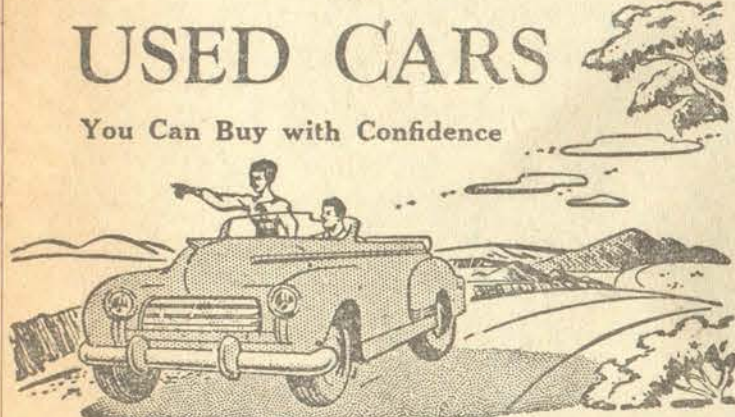

It is not too late to wake up! Let us save the county we love from economic ruin.

A life-long Democrat who loves Floyd county and its people.

The 10 points:

1. Completion of a by-pass at Greenup. Curlin said this by-pass was scheduled to be finished next year.
2. Construction of a by-pass at Fullerton. Plans for this by-pass, Curlin said, now await approval by federal engineers.
3. Reconstruction of three miles between Jenkins and the Virginia line. That project is included in this year's highway program, Curlin said.
4. Construction of a by-pass at Pikeville.
5. Construction of a by-pass at Paintsville.
6. Relocation and construction of the portion of the road between Louisa and Catlettsburg. Work is progressing on a bridge there now, Curlin said.
7. Widening, straightening, and resurfacing of the strip from Prestonsburg to Hager Hill, in Floyd county.
8. Repair breaks and resurfacing in part between Paintsville and Louisa. This is partly finished, said Curlin.
9. Resurface the stretch from Prestonsburg to Pikeville.
10. Eliminate curves at Uhlman and China Branch at Wurtland.

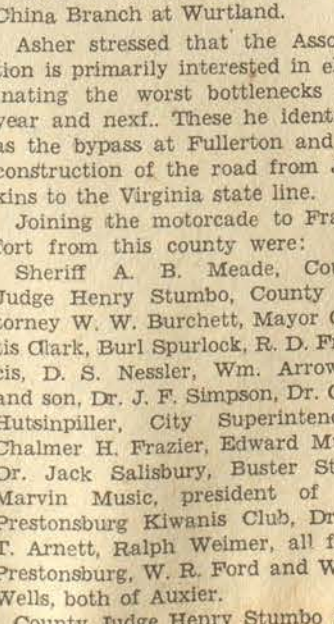

Asher stressed that the Association is primarily interested in eliminating the worst bottlenecks this year and next. These he identified as the bypass at Fullerton and reconstruction of the road from Jenkins to the Virginia state line.

Joining the motorcade to Frankfort from this county were:

Sheriff A. B. Meade, County Judge Henry Stumbo, County Attorney W. W. Burchett, Mayor Curtis Clark, Burl Spurlock, R. D. Francis, D. S. Nessler, Wm. Arrowood and son, Dr. J. F. Simpson, Dr. C. L. Huisinpieler, City Superintendent Chalmer H. Frazier, Edward Music, Dr. Jack Salisbury, Buster Stacy, Marvin Music, president of the Prestonsburg Kiwanis Club, Dr. E. T. Arnett, Ralph Welmer, all from Prestonsburg, W. R. Ford and W. L. Wells, both of Auxier.

County Judge Henry Stumbo said county officials called on Governor Wetherby Wednesday for help in getting work started at once on the Abbott and Bull Creek roads, since Highway Department provisions forbid pouring of bituminous surface after Nov. 1 because of climatic conditions. They were promised all possible aid, but the contractor has 300 days in which to complete the work and it is feared that other contracts will prevent work this fall. If the surfacing is not completed by November 1, the surfacing may be delayed till next spring.

## To the Grand Jury

(The following letter was given to each member of the grand jury by Commonwealth's Attorney Burnis Martin.)

Sept. 4, 1952

On September 1, 1952 you took the following oath: "Saving yourselves, you do swear that you will diligently inquire of and present all felonies committed in this county, of which you have knowledge or may receive information."

A number of witnesses have testified before you to the effect that Woodrow Burchett in 1946 received over \$11,000.00 while his legal limit was only \$5,000.00. That the excess amount in the sum of \$6,000.00 belongs to the taxpayers of this county and he was under the law required to turn the \$6,000.00 into the County Treasury, along with a further sum totaling some \$21,000.00.

This has not and cannot be denied by Mr. Burchett for the record speaks for itself. Mr. May, the County Treasurer, appeared before you and testified that in the twelve years that Mr. Burchett has been County Attorney that he has turned in no excess salary money into the County Treasury.

Any reasonable, honest man or woman must therefore assume that Mr. Burchett converted it to his own use. The Circuit Judge called you into the main court room and told you in plain English language that "he believed that the facts of Mr. Burchett's case come under the law of conversion" and the Honorable Judge proceeded to read you the law of conversion from the Statute Book. The Judge further told you that the length of time a man keeps the money belonging to another is a deciding factor under the law of conversion.

Myself, the Commonwealth Attorney, swore that Mr. Burchett has kept the money for over 10 years with repeated demands that he pay it back in the meantime. He has three close relatives or close connections on the Grand Jury. Mrs. Winnie Archer, the mother-in-law of Woodrow's blood first cousin; Tom Graham Dingus, Troy Sturgill's son-in-law, who married Woodrow's blood first cousin; and Forrest Burchett, Woodrow's blood first cousin. These three Grand Jurors, as far as I can discover, are the only ones trying to stop an indictment, altho the Circuit Judge instructed them that if they had any interest that they should step aside and let the other jurors decide the question.

As Commonwealth Attorney of your county I have repeatedly told you that I have made a detailed and exhaustive study of both the law and the facts of this case and that in my honest judgment and under my Oath to My God, that this is the most clear cut case of Conversion that ever was presented to any Grand Jury.

If you will not believe the Circuit Judge and the Commonwealth Attorney, who are you looking to under your oath of Sept. 4, 1952? You have a solemn duty to perform. And I want you to perform it like honest men and women, and I believe you will. It is your honest minds that constitute you the glorious tribunal that you are—that makes a jury of Woodrow's peers one of the noblest institutions of our country and our age.

I thank my God that I have done my duty, obeyed my oath and fulfilled my obligations and tried my best to enforce the laws of my country. My task is done before the Grand Jury. The decision is in your hands. The eyes of the whole county are upon you. And in after days, when my voice that now pleads with you, is hushed, when memory shall review these facts in a more righteous world, and the accusing finger tells you that you have betrayed your trust under your Oath to your God. What a moment that must be—how like a cancer will that remembrance prey upon your hearts.

But if on the other hand having rendered a contrary decision, you feel that there should have been an indictment, you will say: Thank God, I incurred no hazard, I did my duty, obeyed my trust and deserve

the confidence of the people of the county. After the Grand Jury adjourns it will not do then to plead to your conscience any subtle technicalities and nice logic as I have been hearing from Woodrow's relatives on the Grand Jury—such cunning of the mind will never satisfy the hearts of honest men and women.

You may say to the poor of the county that there is a civil suit pending, but the people of the county will say back to you that your Commonwealth Attorney, Burnis Martin, showed each of you the clear and certain law that the limitations had run on some ten to fifteen thousand dollars of the money converted by Woodrow to his own use, and that it cannot be recovered by civil suit.

But you say further that you should wait for an audit to be made. The people will say back to you that no audit was necessary for the Tax-Payers have the records and the figures and that they filed suit without an audit.

But you say that Woodrow intends to pay it back. The people will say to you that this is not so for he hired Mr. Kilmer C. Combs and the Fiscal Court hired Mr. Jack Howard to fight the Tax-Payers efforts to recover the money for the people to whom it rightly belongs.

I write you this letter because Woodrow as the defendant and the subject of the investigation made you and each of you a speech in his defense, a courtesy that no other defendant has ever been accorded in this court house and before a Grand Jury. You have time yet to perform your duty; and I ask you to perform it as you are ready to answer for it, here and hereafter.

I shall go home tonight and sleep soundly on my pillow after I have knelt by the bed-side and give thanks to my God that I have the courage to my duty as I believe you will.

Thank you and God bless each one of you.

66 I know that if everyone knew the facts about electric cooking, everyone would have an electric range. Electric cooking is so much faster, cleaner, cooler, and... well... there are no other methods that can compare with it.

### CHEAPEST WAY TO COOK

"I have compared my electric bills with friends who use other fuels and I often find their bill will be higher than mine. I'm

positive electricity is the cheapest thing I can buy.

### SAVES FOOD, TIME, WORK

"With my electric range it is not necessary for me to cook my food as long, and I find that I have less shrinkage. The automatic timer gives me extra time to relax and visit friends. Electric cooking is so clean and this makes my housework faster and easier."

Optional equipment, accessories, state and local taxes, if any, additional. Prices may vary slightly in adjoining communities due to shipping charges. All prices subject to change without notice.

WE'LL tell you the answer to that one—  
it's the figures on the price tag.

For some reason, lots of people just can't believe they can buy a Buick at a price so close to "the low-priced three."

Maybe it's because a Buick seems so much better and bigger.

Maybe it's because they think Buick has so much more power and room—which is true.

Maybe it is because so many distinguished people own Buicks—which is also a fact.

But the fact remains—if you can afford a new car, you can own a Buick—so let's see what you get.

You get the thrilling power of a Fireball 8 Engine, that's a gas-saving high-compression valve-in-head—as much power as you can get in cars costing \$300 to \$400 more.

You get as much room as you'll get in cars costing hundreds of dollars more.

You get a ride that cost an honest-to-goodness million dollars to develop.

You get the silken smoothness of Dynaflo Drive.\*

You get big-car comfort, styling, durability.

Don't take our word for it. Come in and see for yourself why so many folks are stepping up to this great car this year.

### WAYLAND

#### JUNIOR WOMAN'S CLUB MEETS

Regular meeting of the Wayland Junior Woman's Club was held Sept. 2 at the home of Mrs. Jack Hammett, with Miss Fay Petry presiding. There was a discussion on the Birth-Date Calendar for 1953, and September 22 was set as a deadline for its completion. Anna Belle Fain reported that the birthday gift had been sent to the little girl sponsored by the club at the Beulah Heights Orphanage. A large box of pocket-book editions has been sent to a veterans' hospital in the state and another box is ready to be sent. Plans were made to entertain the Lackey-Garrett Woman's Club with a weiner roast Monday night, Sept. 15, at the Wayland ball park and in case of rain it will be held in the Methodist Church basement.

Mrs. Edgar DeCoursey gave an interesting program on fall fashions. She brought out some of the advantages and disadvantages of some of the new miracle fabrics such as nylon, orlon and dacron. Some pictures were passed around showing what a well-dressed woman will be wearing this fall and winter.

Refreshments were served to the following members and guests: Mesdames Edgar DeCoursey, Ralph Wright, Jack Hammett, Dave Stone, Ruel Hicks, Charles Hughes, James Wallace, Anthony Lyons, A. N. Begley, and Misses Anna Lee Fraley, Anna Belle Fain, Joyce Terry and Faye Petry.

The next meeting will be held in the home of Miss Alicia Ann Howard, Oct. 6. Miss Joyce Terry will give a program on American History.

## BIG LIFT to Better Farming

Better farming, new methods and machines, better livestock, and improved marketing are helping bring about a new era of progress and prosperity in Dixie.

Rural telephones (they tripled in number since World War II in the area served by Southern Bell) are bringing a big lift to farm work and farm living. During the first eight months of this year, we installed more than 92,000 rural telephones.

We'll keep on putting them in as fast as we can—because we know how much they mean to prosperity on the farm and in town... and to a strong, well-fed America. More farm telephones also mean more valuable telephone service for everyone.

**TO THE VOTERS OF FLOYD COUNTY:**

With every privilege there is a duty—it is the duty of every citizen to take part in our form of government which is the best in the world—to go to the polls and vote.

We have in Kentucky a new purgation law which will be put into effect for the year 1952 and all time after until changes are made in the law. We of the purgation board could not, because of time, get the work done covering every precinct, therefore in fairness to all voters we have not taken any names from the voting lists.

Five days after the general elections in 1952 continuous through May, 1953 you have the privilege of requesting or changing your voting precinct but you must vote in the precinct in which you live.

We of the purgation board have over 4,000 names of voters who have moved about and since we have not the time to separate these names without many errors we are leaving the names in the books for the coming election.

We urge you as good citizens to aid all you can by getting your names in the right precinct, the one in which you live.

German Vance  
Chairman of Purgation Board.

Cincinnati, O., Sept. 8 (Sp)—The Korea duties of Sgt. Elmer Blackburn, of Prestonsburg, were highlighted on the WLW program, "These Are Your Sons," at 2:25 p.m., last Saturday.

The program noted that Sgt. Blackburn, son of Mr. and Mrs. Wade Blackburn, has recently been awarded the Silver Star for gallantry in action in Korea.

A news article in The Floyd County Times, giving details of the sergeant's duties, was the inspiration for the notice that was given on the WLW program.

The program is one of a series planned to inform listeners of the Ohio valley the role their boys are playing in Korea.

## THE FIRST STONE

I don't know the name of the editor I admire most or where he lives and writes. I only know about my own writing and who and what guides me.

On my writing desk and Holy Bible I keep an emblem, "First Stone." I have never yet been able to find in my Bible the name of the man who had authority to cast the first stone at a woman, although I have proven, and men of Floyd county, leaders of church and state, know stones and persecutions have been cast at me and floods of ice water have been cast at me, but I thank God I have faith to believe the earth will swallow up the water and help me.

I think it would be good for all writers to keep on their desks the First Stone. The sight of it would remind them that nobody has a right to cast a stone and it would be of great influence for a good life in our rural communities. I believe it must be a Christian spirit. I have been using 3 R's, 3 P's (Plove, Pray and Prophecy), 3 G's (Grace, Grit and Greenback).

I feel to tell the leaders if ever there was a time to use the 4 C's it is now—Congeniality, Communication, Co-operation and Consideration; and stop and think before it is too late. It is no time for foolishness or fun. To much wining, dining and dancing—not enough Plowing, Praying and Prophecy.

It was Henry Clay, a great orator and politician of whom history has quoted him as saying he had rather be right than president. It has been said Henry Clay was not infallible; that he drank too much sometimes, and that he gambled occasionally and took delight in such activities as rooster-fighting and horse racing.

When Henry Clay made that statement he probably was referring to his position on the Mexican War which he opposed and probably on the Missouri Compromise which he favored.

This being Presidential election year I think all Christians of every race, creed, color and political faith should ask themselves this question: Has history ever recorded a war like the Korea War? Read 2nd Samuel, 12-13-14. Go and say unto David thus saith the Lord, I offer thee three things. Choose thee one of them that I may do it unto thee. So God came to David and said unto him, Shall seven years of famine come unto thee in thy land or wilt thou flee three months before the enemy while they pursue thee. Or that there be three days pestilence in thy land? Now advise and see what answer I shall return to him that sent me.

And David said unto God, I am in a strait: let us fall now into the hand of the Lord; for His mercies are great and let me not fall into the hand of man.

15. So the Lord sent a pestilence upon Israel from the morning until the time appointed and there died of the people of Dan even to Beer-Sheba seventy-thousand men.

17: And David spake unto the Lord when he saw the angel that smote the people and said, "Lo, I have sinned, I have done wickedly. But these sheep, what have they done? And let thine hand be against me and against my father's house."

Now you see, you wicked fathers are responsible for the slaughter of the first-class youth of our land. Poor mothers having to give up their sons as sheep to the slaughter while the lords and politicians go on selling their Lord for money like Judas and them not being satisfied and running to and fro in the earth, lusting and looking back at the good things they left behind.

Read Joshua, 7th chap., verses 10, 11 and 12: And the Lord said unto Joshua, Get thee up; wherefore liest thou upon thy face? Israel hath sinned and they have also transgressed my covenant which I commanded them; for they have even taken of the accursed thing and have also stolen and they have put it even among their own stuff. Therefore the children of Israel could not stand before their enemies because they were accursed; neither will I be with you any more except ye destroy the accursed thing among you.

This is a question to pastors who fight the works of women. How far did Moses and Aaron journey after Miriam was shut out of the camp? Answer me and get busy if you believe the Bible.

Sincerely and prayerfully,  
EVA MEADE HALL

## Come On In and Order One ... Today!

There are many people in this community who want a Cadillac ever so badly—and who are almost persuaded to order one—

—but who, for one reason or another, are just holding back and waiting.

To all these people we wish to say: "Come on in and order your Cadillac today!"

Every day you wait is simply postponing, still further, the wonderful time when you can enjoy the many delightful things a Cadillac will bring you.

There is, for instance, the deep feeling of pride which comes from owning a car which is universally acknowledged to be the Standard of the World . . .

. . . the great satisfaction that comes from driving a car so quiet you can "whisper and be heard"; so easy to handle that driving is no conscious effort at all; so comfortable and restful that a day at its wheel is the essence of relaxation . . .

. . . the comforting confidence that comes from knowing your car is so soundly-engineered and so beautifully-built that you can keep it and enjoy it over almost any period you may care to designate . . .

. . . and, finally, the happy knowledge that you probably paid less for your Cadillac than hundreds of thousands of people who are driving other makes of cars—for there are numerous models produced by other manufacturers which actually cost more than the lowest-priced Cadillac!

Isn't all this too much to miss for even one needless day? Owners of Cadillacs will tell you it is—out of their own experience. Time and again, people who have just moved up to Cadillac have said to us—"Why did I wait so long to enjoy all this?"

That's why we urge you to come in today and start down the happy road to Cadillac ownership. You have already missed too much—too long!

Stock-car racing is the supreme test of a car's true worth in stamina, safety, performance. This year Hudsons have won 35 victories in 39 starts!

This all-time record on the world's toughest proving grounds (no other car in the world can approach it) is your proof that Hudson will outperform every other car... that you can't choose a better family car!

## The record shows which car is best!

### HUDSON HORNETS SET ALL-TIME STOCK-CAR RECORD!

In 39 stock-car races held so far this year, Hudson came in first 35 times, and both first and second 19 times in these cities:

- |                       |                     |
|-----------------------|---------------------|
| West Palm Beach, Fla. | San Diego, Calif.   |
| Daytona Beach, Fla.   | Oconeechee, N. C.   |
| Jacksonville, Fla.    | Charlotte, N. C.    |
| Gardena, Calif.       | Detroit, Mich.      |
| N. Wilkesboro, N. C.  | Niagara Falls, Ont. |
| Tampa, Fla.           | Owego, N. Y.        |
| Martinsville, Va.     | Williams Grove, Pa. |
| Columbia, S. C.       | Monroe, Mich.       |
| Macon, Ga.            | Milwaukee, Wisc.    |
| Langhorne, Pa.        | South Bend, Ind.    |
| Dartington, S. C.     | Richmond, Va.       |
| Toledo, Ohio          | Rochester, N. Y.    |
| Dayton, Ohio          | Asheville, N. C.    |
| Cunfield, Ohio        | Terre Haute, Ind.   |

No other car in the world can match this record!

### Unbiased tests on the world's toughest proving grounds help you choose your family car!

ALL makes of cars compete in stock-car races. And in these grueling tests of stamina, safety and performance, only results count. That's why, when you look at the stock-car record, you know which car is best.

To date this year, Hudsons have won 35 out of 39 stock-car races—an all-time record!

How does this help you choose your family car? Well, consider this:

- It proves that Hudson's exclusive "step-down" design (with America's lowest center of gravity) gives you road-hugging stability and sureness of handling no other car can match!

- It proves that Hudson's Monobilt body-and-frame\* is the safest, most

durable automobile construction known!

- It proves that Hudson's high-compression engines deliver tremendous power, that Hudsons have the stamina to take punishment equal to 50,000 miles of ordinary driving in tests where other cars fail.

All these important qualities are yours in a Hudson... for your pleasure, for your pride, for your protection. There's sleek, streamlined beauty, too, and you don't have to look at the record to see that.

Stop in and try a Hudson, or give us a phone call and we'll pick you up at your door. You've got a real thrill in store.

**YOU'LL WHISTLE FIRST AT ITS CLEAN, FRESH, YEARS-AHEAD STYLING**

Think back to the number of times you've turned to get a second look when a new Mercury swept by. That's because there's something new, exciting, and beautiful to look at. For Mercury is a freshly styled car . . . with a breath of the future about it. It looks to tomorrow, doesn't borrow from yesterday as do so many so-called "new" cars today. That means you get a car you'll be prouder of and a car that will be worth more at trade-in time, if you can ever bear to part with it.

**YOU'LL WHISTLE AGAIN AT THE THRIFT OF THIS ECONOMY CHAMPION**

The big whistle will come when you become a Mercury owner . . . when you find out just how thrifty this great car can be. For this is the country's top economy car . . . repeat winner against all comers in the famous Mobilgas Economy Run. And that means economy and power, economy and comfort. Because the coveted Sweepstakes prize always goes to the car with the best balance of these qualities. There's a Mercury waiting for you to try at our showroom. Why not make it today?
