

A DECLARATION OF INTENTION

We are The Democrats for Cooper Committee of Floyd County. Some time ago we met to organize but having little idea of how much support we could secure it was thought advisable to ask the great body of independent thinking Democrats if they would come forward and sign the Declaration of Intention to vote for John Sherman Cooper. This declaration said simply: "I am a Democrat. I intend to vote for John Sherman Cooper for United States Senator." That was all that was printed on the declaration. We sent it out to Democrats all over the county.

These declarations began to come back to us almost at once and scores of persons asked for other sheets to get filled out. In a week we were being swamped with declarations. In our files now are hundreds of signatures and as soon as practicable we will give you an accounting of the numbers and the names. The list contains business men, working men, doctors, men and women from every walk of life. All men and women rising above politics to make a solemn, written Declaration of Intention.

We are the independent organization of Democrats working for the good of Eastern Kentucky and are connected with no party organization. We seek to re-elect to the Senate one of Kentucky's great men.

Our choice was easily made for Cooper has demonstrated he is aware of the needs of Eastern Kentucky, that he understands the vast problems in economics that confronts us. The mines are now receiving orders for overseas coal, the Greenup Dam is being let for construction as a preliminary step to canalization of the Big Sandy and the Big Sandy River itself will soon be re-surveyed. These are steps he is taking to alleviate the distress of our people. To oppose him would be to foolishly strike at the hand extended to help us.

Since we are Democrats who intend to vote outside the party, we feel that you are entitled to know our reasons, for the same reason that impel us to vote for Cooper are the ones upon which we base our appeal to you. We list a few of them below, feeling that no one who is rational or fair or reasonable can question the validity of our thinking.

1. John Sherman Cooper is an Eastern Kentuckian himself, who understands our economic problems. If industry is to come to us, it will come only

through the instrumentality of persons in sympathy with our needs. Other sections of Kentucky are making progress because years ago the basis of their prosperity was laid by men who were friendly to their home sections.

2. John Sherman Cooper has demonstrated time and again his ability to rise above partisanship, to thrust aside the demands of expedient politics and vote for the good of his state. His record of voting for the needs of his people is familiar to everyone.

3. The Greenup Dam, now in the first stages of construction, is but the first step in the canalization of Big Sandy River. The waters from that dam will extend to Lockwood. After the completion of the Greenup Dam, the canalization of our river is but a natural sequence to the first event. The first step is being taken, the next follows.

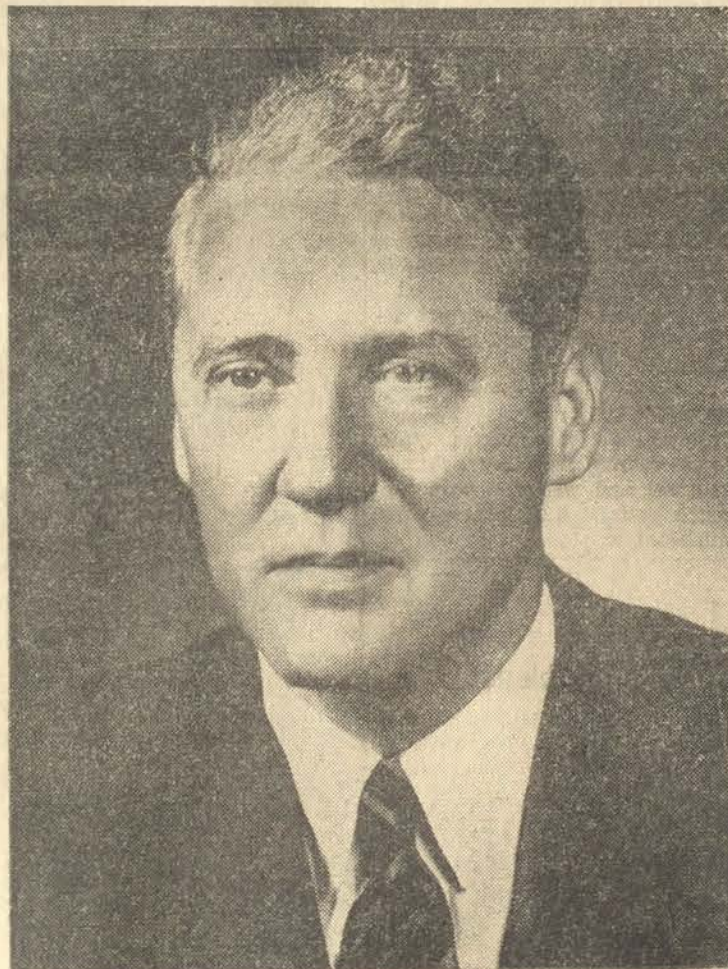

4. The purchase of 2,000,000 tons of coal from Kentucky for overseas shipment will materially aid our depressed coal industry. That the miners are getting more work, that the mine owners are selling more coal, are signs of the John Sherman Cooper program.

5. John Sherman Cooper's opponent has had 40 years of office within the gift of the Kentucky people. That 40 years has produced nothing for Eastern Kentucky that benefited our industrial development.

6. John Sherman Cooper has voted for increased Social Security benefits, increased benefits to veterans. These benefits are being reflected immediately in checks to the recipients.

We have no illusions as to what we are being called by the regular organization of Democrats. Nor are we concerned. Having made our choice to rise with John Sherman Cooper above partisanship, having placed the good of Kentucky paramount to all party labels, we expect as our reward only the satisfaction of doing a civic duty. The epithets of the regulars are but curses that pass with the wind. We say only to them that we are unafraid because we stand for a great Kentuckian, and as evidence that we want to be counted, we have signed our names.

We are proud that we have done so, proud of our associates, proud of our Declaration of Intention. We ask you to share our efforts, share with us our intention to vote for a great Kentuckian.

60,000 Employers Receive Tax Forms

Frankfort, Ky., Oct. 5 (Sp)—Over 60,000 employers are now receiving Kentucky quarterly income tax withholding forms from the Department of Revenue. Commissioner of Revenue Robert H. Allphin announced that with the close of the first quarter since state income tax withholding began July 1, the department is providing every Kentucky employer with three kinds of forms.

Employers will use one form before October 31 to report tax withheld from employees' wages through September 30. Another form is the individual withholding statement which the employers will retain until the end of the year and there is an order form with which employers may obtain additional withholding statements.

During January, 1955, an employer must provide each of his employees with two copies of the individual withholding statement, and file the third copy with the department. Commissioner Allphin cautioned all employers that withholding statements for employees who will work until the end of the year should not be sent to the Department of Revenue before January 1, 1955. If additional statements are required, they should be requested on the order form to be furnished in the near future.

Any employer, who does not receive these forms should notify the Department of Revenue, Frankfort.

COMMUNITY ORGANIZES P.-T.A.

The Arkansas P.-T.A. was organized August 18, with the assistance of Blanche Dingus, the health coordinator for Floyd county schools. The following officers were elected by a majority vote: Sol Crum, Jr., President; Mrs. Sam Thacker, vice-president; Mrs. Bud Crum, secretary, and Mrs. Homer Sammons, treasurer. The meetings are to be held the second and fourth Fridays of each month at 3:30 p.m.

The P.-T.A. has outlined the following projects to accomplish a hot lunch program for the children and fencing of the school playground.

Friday night, September 24, the community enjoyed an old-time pie supper at the school. The people were entertained with music and singing by Dotty Jean Crum; singing by a girls' trio, Janice Sammons, Florence Blackburn, and Glennis Lafferty; cake walks and guess cakes. THE BIG SANDY NEEDS COOPER

We are Democrats but we intend to vote for John Sherman Cooper for United States Senator. We so state in our Declaration of Intention and to that we have subscribed our names. We are the Democrats who want to clean house, who want to elect a man to office who will, in our judgment, relieve some of the economic ills that afflict Eastern Kentucky. That we are voting outside our party this time is a matter we consider one of conscience, a matter of importance to us because it effects our future and our children's future.

One of the major reasons we intend to vote for Cooper is because of his stand on canalization. His recent speech over WSAZ-TV confirms, for us, his intense interest in Eastern Kentucky, in the Big Sandy region. In that speech he pledged his continued advocacy of canalization. He didn't offer the moon. He offered only a sober, intelligent approach to a problem that has confronted our section for decades. That is the problem of how to succor a section like Eastern Kentucky whose economy is based upon coal. Canalization will solve our problem of marketing coal. Canalization will bring many and varied little industries. Coal is of prime importance to our section. Canalization will open up markets for it.

The re-election of John Sherman Cooper offers the only chance this valley will be canalized. For years Cooper's opponent served in the Senate of the United States. There was a time his merest wish could have been translated into law, when he could have had the Big Sandy River canalized by asking for it. He did not. He forgot us and allowed a vast section of Kentucky to shift, unaided, for itself. That is history. If Cooper's opponent is elected to the Senate we can expect another long period of inaction on canalization.

Cooper has demonstrated he wants the river canalized. He has had appropriated the money necessary to re-survey it. To those who say canalization is dead, Cooper says it is not. It is a living, never dying dream of a people, a people buffeted by politics and inaction and neglect, but a people who have vision. That we have vision is why John Sherman Cooper will receive a vote of confidence from us.

We are Democrats. That we intend to vote for a great Kentuckian and disregard party labels reflects our sober judgment. Join with us in this effort to help ourselves by re-electing John Sherman Cooper to the Senate.

SPORTS CHATTER
By Gordon Moore

The Pikeville-Prestonsburg battle each year has grown to be one of the major grid-rivalries in the Eastern Kentucky Mountain Conference, not to mention the personal duel of Coaches Doc Ferrell and Clayton Powers. Thursday night's meeting will see two undefeated clubs. Both have won 5 in a row, both rank 5th and sixth in state ratings, both are 1, 2 in state scoring circles.

Since the coaches took over at the respective schools, all games have been extremely close and the former U.K. graduates point to the annual meeting. In three of four previous Ferrell-Powers clashes one point has been the deciding factor as may well be the case Thursday.

Prestonsburg, with a post-season Bowl record of 0-3, will return to the Mt. Sterling Recreation Bowl, Friday, November 12, to battle Lexington's Lafayette. On the same night, in Paintsville, Pikeville tangles with Cumberland in the fifth annual Big Sandy Bowl.

CATS WIN FUMBLING VICTORY 21-13, OVER JENKINS, FRIDAY

The Prestonsburg Black Cats, plagued by penalties and fumbles, won their fifth successive football victory of the season here last Friday by outlasting Jenkins, 21-13.

Thus, the Cats moved into a first-place three-way tie with Whitesburg and Pikeville in the Eastern Mountain Conference race.

Their meeting with Pikeville, on the local field tonight (Thursday), is the first major test for the high-scoring Blackcats in the loop and a win is a must if Ferrell's lads expect to stay in contention for the championship.

Prestonsburg looked far from being the No. 1 offensive team in Kentucky prep circles in building up a 21-6 halftime margin over Jenkins, then could gain only one first down the last half.

With the contest 55 seconds old, quarterback Lowell Hughes spotted "Punkin" Goble on the Blackcat 45-yard stripe and the aerial play netted a 61-yard TD. Ronnie Goble drove over for the extra point and the 7-0 lead.

Six plays later, a clipping penalty put the Cats on their own 2, and an attempted handoff from Hughes to C. Goble was fumbled and guard Carlos Sizemore pounced on the oval in the end zone to retaliate for Jenkins.

Hughes set up the next touchdown on a 45-yard trek to the Caval-

Indians Edge Cards For Championship Of Little League

The Doty Indians won the final series of the Little League playoffs at Drift, Sept. 26, defeating the Turner-Elkhorn Cardinals, two games to one.

The Indians received two winners' trophies, and two runner-up awards went to the Cardinals. Two of the final games went far into extra innings. The Cardinals took the first encounter in 11 innings, 8 to 7. The Indians came back to edge the Cardinals, 5-4, in 10 innings, then copped the deciding game, 2 to 1, in the regulation distance.

The Black Cats will play their entire 1954-55 basketball season in foreign gyms, as no home games will be played at Martin this season.

Fraley And Mrs. Meade Win Club Golf Titles

Among other items of news which have gone unreported is this one:

Ray Fraley, of Wayland, retained his championship of the Beaver Valley Golf Club at Allen, and Mrs. H. B. Meade, of Prestonsburg, won the women's title.

TO THE GOOD CITIZENS OF FLOYD COUNTY
Inasmuch as some unjust and unfounded criticism and false impressions have been made of the Commonwealth's Attorney's connection with the last Grand Jury's report, as one of the grand jurors I wish to make the following sworn affidavit voluntarily and of my own free will.

Affiant, Mrs. Oscar Mills, of Auxier, Ky., states that every word of the Grand Jury's report was true and backed by sworn evidence; that in the presence of the stenographer and the other eleven grand jurors, the Commonwealth's Attorney at the request of the grand jury dictated the report to the stenographer out loud so that every grand juror could hear. At the end the Commonwealth's Attorney ask them if there was anything they wanted changed or anything they wanted to put in, and they each one said that that was just the way they wanted it and that it was fine. The Commonwealth's Attorney did not force this report on any of us, it was our own report and we marched into and in front of the Circuit Judge and he read it out loud in our presence, and not a single objection was heard.

Mr. W. W. Cooley swore that John May had given him a cold check for the fines he turned in and that he had not made it good. We examined the check for ourselves and also had our examination blank warrants signed by John May.

The Grand Jury made indictments against others for cold checks and other infractions of the law and we women grand jurors took the matter up with the circuit judge because we did not think it was right and fair to indict the others and not indict John May. We at no time discussed this matter with the Commonwealth's Attorney.

Mrs. Oscar Mills
Subscribed and sworn to by Mrs. Oscar Mills before me this 5th day of October, 1954.

No wonder Woody is angry! A single match or cigarette, thrown from a car, can start a fire that will destroy a forest and with it more fish than are caught in a season. Wherever you drive, use the ash tray in your car. That way you'll be doing your part in keeping our state green.

For Board Member --- Elect Frank Arnett

(Pol. Adv.)

Floyd County Times, Oct. 7, 1954 — Sec. 2, Page 5

Equality vs. Favoritism

For two years I have served as your member of the Floyd County Board of Education with the present administration. During this time I have worked hard to improve the schools in my district and in the county and I am proud of our accomplishments. I am also very proud of our present progressive county school administration headed by Superintendent V. O. Turner.

One of the most pressing problems for years has been to provide suitable facilities for the school children in the lower end of the county. Under the present administration and within the next few months now this goal will have become an accomplished fact. One of the finest high school buildings in Kentucky, costing more than half a million dollars and located within the city limits of Prestonsburg, will be finished before the end of this school year and the sadly overcrowded conditions brought to an end.

The Board of Education job pays very little. I did not expect opposition in this election in view of our progressive program but I freely recognize every person's right to seek office. My two opponents are fine young men whom I have known for many years.

However, I am convinced that the real force behind my opposition is a little core of wilful men who care not for your child or mine but seek power solely for personal profit. I could not appease these men without being unfaithful to you and to myself. Moreover, I will never agree to hire any person as head of a large high school, or any other school, who plays favorites and petty politics among the students on the basis of the prestige and social influence of their parents.

I firmly believe that a child from the poorest home in my district is entitled to the same educational opportunity as the child with the richest parents. I believe the country student deserves and should receive the same fair treatment as a town student, and vice versa.

I am the father of ten (10) children and my children go to school at home. There are not many of us who can afford to send our children to far-away expensive private schools. Most of us want to make our home schools bigger and better so that our children can have the benefits of a good education.

The only issue involved in this election is whether you want two separate sets of rules and treatment for the students—one for the town boys and girls and another for boys and girls from the country.

My stand is that every child in our school system, whether rich or poor, be treated exactly alike and that the same opportunity to learn or to take part in school activities be accorded to each student, regardless of where that student may live.

The issue is plain—EQUALITY vs. FAVORITISM.

You voters will be the judge and I will be glad to abide by your decision.

Pikeville College Pageant To Feature Student Cast, On Founders Day, Oct. 14

Pikeville, Ky., Oct. 4 (Spl)—Students will play most of the roles in Pikeville Junior College's 65th-anniversary pageant Thursday evening, October 14, it was announced today. The performance, in three scenes, will represent the founding, the growth, and the future of the school, Dr. A. A. Page, college president, said. It will be a prominent feature of the 30th annual Founders Day celebration at Pikeville, which is looking forward to joining the ranks of four-year colleges soon. Founded in 1889 as Pikeville Collegiate Institute, the school was first a three-year high school, standard for the times, then added a fourth high-school year early in this century. The junior (two-year) college was fully accredited by the Southern Association of Colleges in 1931, Dr. Page said, although the first college class was graduated in 1923.

REVENUE BOND ISSUE DISCUSSED FOR PARKS

Planned expansion programs of state park facilities through revenue bond issues were revealed by several states in discussions at the National Conference on State Parks held last week in Seattle, Washington. A report on these plans was brought back to Kentucky by Henry Ward, State Conservation Commissioner, one of three Kentuckians who attended. Kentucky is considering issuing \$3,500,000 in revenue bonds for facilities at Dewey Lake, General Butler, Carter Caves, Pine Mountain and several other parks. "All of the states are enlarging their state parks to meet the increasing demands by the public for out-door recreation," Ward said. "Many are turning to revenue bonds to finance revenue-producing facilities." "Texas is leading this list with a \$50,000,000 bond issue. Texans reported they expect their first bonds to be issued this winter. "Oklahoma has a new \$7,500,000 bond issue. Several years ago Oklahoma issued bonds to build Lake Murray State Park and the experiment was a great success," Ward added. "West Virginia is the state closest to Kentucky with a revenue bond issue in the mill. That state has sold \$5,500,000 for new facilities. Virginia built a number of vacation cottages several years ago through revenue bonds."

visited the state's 24 parks and shrines during the 1953-54 fiscal year. The figure for 1952-53 was 3,261,500. The current figure is almost ten times the estimated attendance at state parks in 1947-48, when an expanded park system was just being started by the state. The figure for that year was 373,589. Kentucky Dam Village, Gilbertsville, continued to be the most-visited park in the system with some 1,350,000 visitors. This figure includes visitors to Kentucky Dam, Kentucky Lake State Park, near Hardin, attracted 650,000 guests, and Cumberland Falls State Park, Corbin, ranked third in the system with approximately 325,000 visitors during the year. Attendance at other parks was listed as follows: Audubon, 100,000; Blue Licks, 20,000; General Butler, 225,000; Carter Caves, 150,000; Columbus-Belmont, 15,000; Jefferson Davis, 40,000; Levi Jackson, 45,000; Lincoln Homestead, 10,000; Lake Cumberland, 50,000 and My Old Kentucky Home, 150,000; Natural Bridge, 155,000; Pennyrite, 95,000; Pine Mountain, 55,000; Pioneer Memorial, 70,000; Dr. Thomas Walker, 12,000; Constitution Square, 5,000; William Whitley House, 10,000; Old Mulkey Meeting House, 5,000; Isaac Shelby, 3,000; Perryville, 8,000 and Cherokee, 25,000.

Tells State Requirements On Estimated Income Tax

All Kentucky taxpayers who do not work for fixed wages must file estimated income returns by Nov. 15, Dewey Roberts, of the State Revenue Department, said last week. He added that half of the estimated tax must be paid at the time of filing the return, and the remainder must be paid when the final return is filed on or before next April 15.
