This Town— That World

HOW MUCH IS THIS PROGRAM WORTH?

How deep is the interest of Floyd county in getting back into the Red Cross blood procurement program? The answer will be given next month by your contributions during the Red Cross fund drive. Throw out any regard you have for stockpiling blood against the day disaster strikes, and consider, if you must, only those here at home who need blood. With the county outside the program, the sick and injured must wait while near death till a donor can be found or blood can be bought. Is it worth \$8,800 to us to know that blood for these is available, and free, at any hour, day or night? That would be a little less than 18 cents per person in the county.

A JOLTER

This "Medic" program on TV isn't designed for the squeamish, but it's one of the best. This week's depicting the awesome effects of nuclear attack on a great city, was one every person who doesn't believe in the necessity of Civil Defense or in the need for a blood procurement program should have seen.

Fifty years or so from now gray-beards will be quivering, "We don't have the oldtime winters any more. By cracker, I remember the winter of '55. The snow was two feet deep. And cold—you youngsters don't know what cold is."

Public relations is the art of not treating the public like poor "relations."

A good husband is a man who sticks with his wife, thick or thin.

FREEDOM CRUSADE REMINDER

I am just now reminded that we haven't done a thing in this paper toward publicizing the Freedom Crusade. The reminder comes through a story sent us from the Arnett school neighborhood on the Middle Creek road.

Eight-year-old Dorothy Sue Hackworth was playing in the orchard near her home Tuesday afternoon when she found a huge balloon containing a bundle of papers. Her mother, Mrs. Alice Hackworth, found the papers were materials pertaining to the Freedom Crusade and that

TO OBSERVE PRAYER DAY

World Day of Prayer To See Five Churches Taking Part in Service

Five Prestonsburg churches will participate, Friday of next week, along with thousands of other communities over the country in the World Day of Prayer.

For this, the 69th year of the observance in the United States, the meeting-place will be the Arnold Avenue Church of Christ. The service will begin at 10 a. m., with the Church of Christ conducting the worship till 11 a. m. The other hourly worship periods will be, as follows:

Presbyterian Church, 11 a. m. till 12 noon; Baptist Church from noon till 1 p. m.; Methodist Church, 1 to 2 p. m.; Assembly of God, 2 to 3 p. m.

"Abide in Me" (John 15:4) is the theme of the 1955 World Day of Prayer. Christians in the United States and in 128 other countries around the world will be united in prayer on that day. The regular annual observance began in 1888 as a day of prayer for foreign missions. A few years later a day was chosen for prayer for home missions. In 1919 the two days were united and the first Friday in Lent was chosen as the Day of Prayer for missions.

Then in 1927 it became the World Day of Prayer.

The public is invited to attend during any hour of the local observance.

SECOND ORDER OF KY. COAL IS PROMISED

Kentucky Delegation Told Bids To Be Asked on Coal To Furnish Fuel to Korea

A telegram received by The Times today (Thursday) from Senator Earle C. Clements and Congressman Carl D. Perkins says the Foreign Operations Administration told them Wednesday that it will buy a second 100,000 tons of Kentucky coal for shipment to Korea.

The first 100,000-ton purchase of a promised 2,000,000 tons was made last fall.

F.O.A. said bids for the 100,000 tons will be asked for in several weeks. The coal, to be exported in June, will be bought in the same manner as the 100,000 tons purchased last November in Kentucky.

Today's announcement follows a "brass-lacks" meeting last Tuesday in the office of Harold E. Stassen, F. O. A. administrator among Stassen, Senator Clements and Congressman Perkins, of Hindman, and John C. Watts, Nicholasville.

At the meeting, the three Kentuckians asked Stassen bluntly when F.O.A. was going to buy the 2,000,000 tons of Kentucky coal Stassen promised to buy during last fall's campaign.

Stassen replied that the coal would be purchased by next October.

SEEKS RETURN OF NEWSOMES

Extradition of Brothers From Texas Sought; Pair Wanted in Franklin Court

Acting Governor Emerson Beauchamp last Friday signed requisition papers seeking extradition from Texas of former Floyd countians Casey and George Newsome, Jr., brothers, who are wanted in Franklin county for armed robbery.

The Newsomes were arrested by a Texas ranger recently. They had fled to Texas after slugging the Franklin county jailer, commanding the auto of an Asbury College student when he stopped at a traffic light in Frankfort and then forcing the student to accompany them to this county. The student told officers here he was relieved of most of his money as well as his car after they reached the Middle Creek section of the county.

For a time the trail of the brothers was lost, although the student's car was later found on Abner Mountain, near Melvin. The two were awaiting trial on armed robbery charges when they slugged Jailer Johnny West, of Franklin county, Jan. 3 and made their escape.

Extradition proceedings were started, Franklin County Attorney William A. Young, said, after the Newsomes had refused to waive extradition. Young said the F.B.I. at Louisville had requested the FBI office in Dallas, Texas to release the brothers to Kentucky. The federal authorities in Dallas held them on charges of taking a stolen automobile across state lines. They agreed to let Kentucky have them because the robbery charges are more serious than the federal counts.

Other Floyd farmers who received above the state average of \$49 were Lewis Burchett, of Emma, who got \$64.08; Billy Merritt, of Bonanza, \$63.59; Willie Frasure, of Bonanza, \$63.49; Frank Derossett, of Bull Creek, who received an average of \$53 per hundred pounds.

Tobacco-growing in the county increase last year, but the rise was small, according to Alex M. Spradlin, of the local Agricultural Stabilization committee. In 1952 21.4 acres were grown; in 1953, farmers grew 33.1 acres, and last year the crop went up to 33 acres. No large increase in production is anticipated for this year, Spradlin said.

JUDGE ADAMS CLEARS CO-OP

Holds Manager Wolf, Jones Did Not Slander Former Co-Op Employee

Circuit Judge Eldred E. Adams, of the Johnson circuit court, last Thursday handed down an opinion holding that Douglas Stapleton is not entitled to recover any part of the \$25,000 damages asked in his slander action against the Big Sandy Rural Electric Cooperative, George Jones and S. D. Wolf, manager of the Co-op.

Judge Adams held that there is "not a scintilla of proof that would in any way remotely attach liability to the defendant cooperative or to the defendant, George Jones." He also held that statements made by Wolf were made upon inquiry from a prospective employer of Stapleton, after he had been discharged by REA. These statements were privileged communications in the absence of actual malice, the opinion held. No malice was proved.

One of the incidents leading to the court action was the claim that Stapleton took some records which the Co-op claimed was its

Local Board Reports Seven Men Were Called For Induction Wednesday

Draft Board 25 has reported that seven men from Floyd county were called Wednesday for final induction.

Among the seven were five volunteers who are: Everett Haywood, Blue River; Kenneth Dale Adkins, Harold; Arthur Ward, Buckingham; Franklin D. Chaffins, Minnie; Vanidan Ferrell, Jr., Harold. Others inducted were Shirley Roger Martin, now of Winchester, Ky., and Gillis E. Holcomb, a transfer from Harlan, Ky.

Local Board 25 has announced that there will be no pre-induction for the months of February and March.

BANK DEPOSITS UP IN COUNTY

But Average Increase In Floyd Not As Big As Group 7 Average

Floyd county bank deposits last year showed a gain of \$506,852.26 over those of the preceding year, yet the county's gains were below the 5.9% average increase shown for the same period by all banks in the 16 counties of Group 7, Kentucky Bankers Association.

These figures were released last week by J. Douglas Turner, Paintsville, who compiled a consolidated statement and a breakdown by counties from statements of 28 banks in the area.

Floyd county's gain in deposits last year was 4.1%. Total deposits in the three banks of the county were listed at \$12,968,218.59 as compared with \$12,461,366.33 in 1953.

Elliott county with \$1,060,124.12 in deposits showed the biggest gain over the preceding year, 20.7% with Boyd county's 14% next highest. Boyd county's deposit total of \$39,725,568 was highest in Group 7, and Pike's totaling \$23,399,060, was next. Pike's gain over the preceding year was 5.5%.

In addition to Floyd, Elliott, Boyd and Pike, counties showing gains were Breathitt, Greenup, Johnson, Knott, Magoffin and Morgan. Those counties showing losses were Carter, Lawrence, Leslie, Letcher, Martin and Perry.

TOBACCO CROP AT TOP PRICE

Sold by Floyd Farmer; Floyd Weed Crop Draws Above Kentucky Average

A price of \$64.49 per hundred was received by Alex Weddington, of Banner, for 1,400 pounds of his tobacco crop recently. He grew a total of 2,900 pounds on 1.7 acre, and the remaining 1,500 pounds were sold on the Lexington loose-leaf market at \$61.35. These prices were near the top of all prices received for 1954 tobacco.

Other Floyd farmers who received above the state average of \$49 were Lewis Burchett, of Emma, who got \$64.08; Billy Merritt, of Bonanza, \$63.59; Willie Frasure, of Bonanza, \$63.49; Frank Derossett, of Bull Creek, who received an average of \$53 per hundred pounds.

Tobacco-growing in the county increase last year, but the rise was small, according to Alex M. Spradlin, of the local Agricultural Stabilization committee. In 1952 21.4 acres were grown; in 1953, farmers grew 33.1 acres, and last year the crop went up to 33 acres. No large increase in production is anticipated for this year, Spradlin said.

One Floyd native, Lloyd Spears, who participated in the veterans On-the-Farm Training program under R. C. Barnett of Martin, grew a near-record 500 pounds on 2 acre on a farm on Barnett's Creek in Johnson county. Spears a former resident of the Buffalo section, went at tobacco production in scientific fashion, Barnett said. After having his soil tested, a complete fertilizer, with a side-dressing of chicken manure, was used. "This is the best production anybody ever realized in my program," Barnett pointed out.

BABE DIES

Billy Roy Shepherd, day-old son of William and Hazel Shepherd, of Gunlock, died at the Beaver Valley hospital, at 6 p. m. Tuesday. He was the only child. Funeral rites were conducted to day (Thursday) at home, the Rev. James Vanderpool officiating. Burial followed in the family cemetery under the direction of Hall Bros. Funeral Home.

BOARD MAKES DEED TO LOT

For Health Center Site, Clearing Way for Work; Urges Gym Plans Finish

Action of the Prestonsburg Board of Education Monday night provided complete title to a lot on the present Prestonsburg high school grounds as a site for the proposed Floyd County Health Center.

The Board authorized its chairman and secretary to execute a deed to its half-interest in the site. The Floyd County Board of Education took similar action last week.

Upon completion of plans for the structure, bids will be asked from contractors. Floyd county has earmarked \$25,000 for the building, and the State Buildings and Properties Commission has promised \$20,000. If this is matched, as expected, by the federal government out of Hill-Burton funds, a total of \$90,000 will be available for the work.

The City Board at its Monday night meeting drafted a letter to Clell Hayes, Ashland architect who has contracted to prepare the plans for the proposed auditorium-gymnasium in connection with the new high school building here, strongly urging completion of the working plans by March 1.

Clyde Burchett was employed to fill the vacancy in the high school faculty here created by the death of Gerald G. Leslie. Another vacancy in the high school, this is the Latin department, has been created by the illness of Mrs. Arnold Guess, and the Board has asked Mrs. R. V. May to substitute for remainder of the school year.

Heavy Use of Books by Pupils Shown As Almost Every Student at Lancer Read 10 Books Left by Bookmobile

The Lancer school where the attendance is about 25 pupils was cited this week by Robert J. Wallace, Bookmobile driver-librarian, as a striking example of the intensive use of books in various communities since the Bookmobile has been in operation.

Ten books were left at the school recently, and the fact that 233 signatures of readers were listed by the time the books were picked up on the next Bookmobile visit indicated that almost every one of the 25 pupils had read all 10 of the books.

Mr. Wallace said some of the new books added recently to the Bookmobile are:

Primer on Alcoholism, Stay on Stranger the story of Caney Creek and Mrs. Alice Lloyd); The Prayers of Peter Marshall, A Hymn Is Born (stories behind great hymns), Radio-TV Handbook, and How To Raise Your Own Salary.

A new Bookmobile station has been established at Bill Little's Furniture Store, Drift, where adults may borrow books. Next week's itinerary of the Bookmobile follows:

Lure of Pulpit and Kentucky Drew Him Out of Retirement

Why does a minister leave retirement at 72, quit Florida's sunnier clime for the rigors of a Kentucky midwinter to return to harness as pastor of a mission point in a small town?

The Rev. George S. Watson, who recently became pastor of the Drift mission in the Upper Big Sandy Parish of the Presbyterian Church, tells why.

First of all, the years preceding his temporary retirement were spent in an executive capacity, as synd secretary for his church in Kentucky, and he said, "I always felt like doing my last work in a pastorate."

And, next, he explains, "I learned more about the goodness of the human heart while I was a pastor in the mountains of Kentucky than in all my other work." Which makes it clear enough why he came back not only to Kentucky but to its mountains for work in the pulpit.

Not the Rev. Mr. Watson but an acquaintance tells The Times that the veteran minister could have had pastorates in California and perhaps in many other states. But the work at Drift was there to be done, Drift was in Kentucky—moreover, in the Kentucky mountains—and there he is.

The minister, a native of Frankfort, was ordained by the Transylvania Presbytery at Danville in 1910.

36% of Deaths in Floyd Caused by Heart Disease

Special to The Times

NEW YORK, Feb. 14 — Figures released by the Government detailing the 64 principal causes of death in the United States show that heart disease man's greatest enemy, causing 36 percent of all deaths among residents of Floyd county.

(Sunday, Feb. 20, has been designated Heart Sunday. Contributions to the Heart Fund may be mailed to "H-E-A-R-T," care of your local postoffice.)

High as this proportion is, it is exceeded by that reported for the United States as a whole, where the rate is 53 percent, and by that for the East South Central States, 47 percent.

The seriousness of the heart disease problem is brought home by the American Heart Association this month—heart month—with an estimate for the nation of 800,000 deaths a year from the disease. It is more than half of all deaths.

More than 90 percent of them are attributed to hardening of the arteries and to high blood pressure. The popular notion that heart and blood vessel diseases are necessarily associated with old age is dispelled by the figures, states the association. About one-third of them occur under age 65.

The risk of dying of heart disease has gone up nearly 25 percent among middle-age men in the past generation, while the risk for women in the same age group has gone down by about the same amount.

Among residents of Floyd county,

according to vital statistics data issued recently by the U. S. Public Health Service for 1951, out of 308 deaths from all causes, 110 were due to diseases of the heart and blood vessels, the cardiovascular group.

The hope of controlling this dread killer lies in scientific research, states the heart association. Still unknown, it points out, are the causes of rheumatic fever, high blood pressure and hardening of the arteries, which are responsible for nearly all heart and blood vessels damage.

POLIO DRIVE TOTALS TOLD

Coal Company Is Largest Contributor; Collections Of Park Meters Donated

A total of \$1,294.48 has been netted in the polio drive here, Ray Howard, chairman of the local March of Dimes Committee, announced this week.

The Woman's Club of Prestonsburg has sponsored and directed the collection of money from business houses in Prestonsburg. Their total now stands at 131.70.

The Princess Elkhorn Coal Co., and Employees of David, made the heaviest contribution—\$437.00. The Fountain Corner donated a display window which was rigged to accommodate the tossing of money into bowls. This alone netted \$43.92.

The Prestonsburg Y-Teens and HI-Y Clubs patrolled parking meters which Prestonsburg officials turned over to the polio drive. The clubs turned over to Mrs. Dick Roberts and James W. Howard a total of \$215.31.

The Mother's March, sponsored by the Kiwanians, made approximately \$400 in West Prestonsburg the 900 Club sponsored activities which collected \$25. The Prestonsburg Junior Woman's Club held a card party which netted \$30.15. A bake sale sponsored by Girl Scout Troop No. 6, under the leadership of Mrs. Orville Pearson, made \$10.40.

The National Foundation for Infantile Paralysis has approved and awarded the following certificates of appreciation to the following for their unselfish gifts of money and aid in the Prestonsburg area.

Fountain Corner and Employees, 900 Club, West Prestonsburg, The Forks of Middle Creek School, Princess Elkhorn Coal Company and Employees, Prestonsburg Woman's Club, Prestonsburg Girl Scout troop No. 6, Prestonsburg Y-Teen Club, Prestonsburg HI-Y Club, Dr. George Archer, Bank Josephine and employees, Kiwanians, Prestonsburg Junior Woman's Club, Mrs. Dick Roberts, Mr. and Mrs. James Camelia, Floyd County Times and Employees, Radio Station WPRT and Employees, Mack Harmon, Ernest Osborne, and James W. Howard.

Francis To Address Scout District Fete Here Friday Evening

David L. Francis, Huntington, W. Va., president of the Princess Elkhorn Coal Company, David, will be the principal speaker at the annual banquet of Jenny Wiley district, Boy Scouts of America, at the grade school cafeteria here Friday evening at 6:30.

The dinner meeting, at which new district officers will be installed by B. F. Reed, of Drift, was originally scheduled for Jan. 21 but was postponed because of weather and travel conditions. Music for the occasion will be supplied by the David Teen-Agers, widely known vocalists from the Floyd mining town which bears Mr. Francis' name. George E. Evans, Jr., of Estill, new district chairman, will preside.

New officers to be installed are: Mr. Evans as district chairman; Arthur Luchinger, Paintsville, vice-chairman; Jack Branham, Martin, finance chairman; Chalmers H. Frazier, Prestonsburg, advancement chairman; James Fuller, Van Lear, camping activities chairman; M. V. Clark, Prestonsburg, health and safety chairman; Virgil Porter, Van Lear, leadership training chairman; N. M. White, Prestonsburg, chairman of organization and extension; Jesse Elliott, Betsy Layne, district commissioner; Cecil Sherman, Van Lear; assistant district commissioner.

MUD-CR. MAN IS CHARGED

With Attempted Rape; \$5,000 Bond Is Asked For Newsome's Release

Charged with the attempted rape of a seven-year-old girl, Azzie Newsome, of Big Mud Creek, is in jail here in default of \$5,000 bond asked by County Judge Henry Stumbo. Newsome was brought to Prestonsburg Feb. 5 by Constable Joe Lykins, Jr., upon a warrant issued by Magistrate Edgar Howell. The warrant, sworn to by Magdalene Clark, older sister of the child, says that Newsome did "commit the offense by coming to their house and getting in bed with her seven-year-old sister." Magdalene Clark was in charge of the Clark children while their parents were away. It is said that the parents of the children were in Detroit. Whereabouts of the mother at the time of the alleged crime is not known.

Constable Lykins said that at about dark on the evening of Feb. 3, Magdalene Clark came to his house, saying Newsome had molested her, that she fled around the house and when Newsome thought she had run under the floor, he crawled after her.

Lykins said he and Joe Ross Keathley went to the Clark home, found all the lights on, and found Newsome in bed with the victim. It was necessary, Lykins said, to pull Newsome out of the bed.

Floyd-co. Buys \$44,118 Of E and H Saving Bonds In January, Report Says

The sale of Series E and H Savings Bonds in Floyd county during January, amounted to \$44,118.00. The county's sales goal for 1955 is \$480,000.00.

In Kentucky, sales for the same period totaled \$6,123,386. The state's annual goal is \$68,200,000.

Sales efforts are being emphasized in two particular fields at this time—agriculture and schools. In each county visited by area sales managers, the county agent and the Agricultural Stabilization committee officers will receive a personal call. We have been assured of the full cooperation of both these agencies through the distribution of Savings Bonds promotional materials to the farmers, as well as the recommendation for the purchase of Series E and H Bonds by each county representative.

TO LOSE POST IF SUSPENDED, MARTIN SAYS

Cites Court Decision In 1937 Case; Further Action Being Awaited

Commenting this week on conjecture as to his official status in the event that the Court of Appeals suspends him from the practice of law as recommended last week by the Kentucky Board of Bar Commissioners, Commonwealth's Attorney Burnis Martin said:

"I don't see why the public should be misled; it's very plain that my office would be forfeited."

Some had expressed the opinion here last week that, even though Martin were suspended, forfeiture of his office could result only from impeachment proceedings.

In support of his statement Martin cited a 1937 opinion of the Court of Appeals in 103 S. W. (2nd), which reads, in part:

"A judgment of suspension would work a forfeiture of the office."

The case referred to was that of the Commonwealth vs. Harrington in which the Board of Bar Commissioners had recommended suspension but that his office not be forfeited.

The Court of Appeals has not yet taken any action in Mr. Martin's case. All judges of the Appellate Court have disqualified for the case, and special judges will be named by the Governor to make the decision.

TWO APPROVE LARGER LINE

To Carry Gas To Allen After Sub-Zero Weather Closes Church, Sunday

Construction of a three-inch gas line from the Dwaile compressor station of the Kentucky West Virginia Gas Company to serve the town of Allen was authorized Monday by J. W. James and R. R. Allison, commissioners of the Floyd County Gas District.

The action was taken after gas pressures at Allen Sunday were so low that church services were suspended. It was held that the weakened supply to approximately 300 customers resulted from the main which was only two inches in diameter. The old two-inch line will be left in operable condition for use of needed, it was said.

Laying of the line, which will cost about \$3,000, is expected to be completed this week.

The Floyd gas system also had low gas pressure in the Stone Coal area during the week-end sub-zero weather, and a broken line at Glen caused church services to be skipped, it was said.

A snowfall last Thursday night and Friday of five to seven inches, followed by a second cold snap which sent the thermometer five below here, brought business over the county to a near-standstill. Although driving conditions were extremely hazardous, only one serious traffic accident was reported.

LACKEY NURSE AUTO VICTIM

Mrs. Reynolds Is Killed In Wreck Near Maytown; Husband, Youth Injured

Mrs. Evelyn Faye Reynolds, 23 years old, practical nurse at the Beaver Valley hospital, Martin, was almost instantly killed shortly after midnight Monday when the auto driven by her husband, Harold Reynolds, of Lackey, skidded on an icy highway near the mouth of Wilson Creek and plunged over an embankment.

Mrs. Reynolds' neck was broken and she suffered internal injuries. Her husband and "Red" Triplett, Lackey youth, escaped with minor injuries. Mrs. Reynolds had worked at the Martin hospital from 4 p. m. till midnight, and her husband was driving her to their home at Lackey when the tragedy occurred.

The victim was a daughter of Ed and Ella Allen Griffith, of Lackey. Surviving, besides her husband and parents, are one son, David, a sister, Mrs. Elizabeth Thomas, and two brothers, Ben, Ronald and Amon Rey Griffith, all of Lackey.

Funeral arrangements were in complete Wednesday afternoon. Services were held at the Waynesburg evening by Revs. J. B. Burkett and Dillard Reed. Burial will be made near Hindy was said.

Floyd Countian Living in Detroit Plays Heroic Role in Rescue of Tot from Fire; Hall May Be Namd for Bravery Award

Delbert Hall, a transplanted Floyd countian living in Detroit, played the hero's part when he saved a ten-month-old girl from a certain death in a burning room.

Mr. Hall, formerly of Hi Hat, was himself just out of the hospital where he had undergone an operation for a lung abscess.

Lt. Edward Schultz, a Detroit policeman, said that he would recommend Mr. Hall for the Police Department citizen's bravery award.

Hall's wife, Dove, was in her basement where she heard Michael Whitescarver, 5, crying in the yard next door. When she asked why, the boy pointed upward and sobbed:

"My sister's alone up there and the bed is burning."

Mrs. Hall tried to enter the house, but the smoke drove her back. She then called her husband.

Hall rushed to the front of the house where he found a police scout car crew called by neighbors backing out of the doorway, saying the smoke was too thick to permit entry.

Hall ran to the rear and climbed a smoked-filled stairway.

"I couldn't see where I was going but I felt my way along the walls, guided by the baby's crying," Hall said later.

In a rear bedroom, he found Deborah Whitescarver in her crib, the sides locked in place.

FLOYD WOULD NOT BENEFIT

From Education Aid Plan of Eisenhower, Educators Here Say

County Schools Superintendent Virgil O. Turner and Prestonsburg City Superintendent Chalmers H. Frazier said this week they are in agreement with state officials who have stated the plan of President Eisenhower for aid to education would mean little help to Kentucky.

"The plan wouldn't help us, except for the little that the direct grants-in-aid would do," Mr. Frazier said.

Superintendent Turner commented, "I don't see how it could help a county like Floyd. We haven't the ability to pay back, and that would kill our chances." He added that grants-in-aid proposed would total \$200,000,000 for the entire nation and that Kentucky alone needs much more than that.

A comparatively recent survey of Floyd county school building needs showed that \$8,000,000 would be required to cover the bill.

Wendell P. Butler, superintendent of public instruction, called the program "an evasion of federal aid to education." Kentucky, he said, is not considering taking part in the new program, if passed by Congress, because the state would not be financially able to match federal funds. Kentucky needs 10,000 new school-rooms and 8,000 now in use should be replaced, Butler said. By 1960, he said, it will cost \$350,000,000 to bring Kentucky's school buildings up to standard.

Casey-co. Rabbit Puzzles State Wildlife Experts; Uk Biologists Study It

Frankfort, Ky. — A whopper of a rabbit—weighing all of 19 pounds—posed a puzzle for State wildlife authorities today.

What kind of a rabbit is the specimen found dead beside a highway in Casey county?

The grey-brown "monster" is 30 inches long and 12 inches tall, with ears 6 inches in length, Bob Pierce, State Department of Fish and Wildlife Resources biologist, said.

Rarely does the weight of an ordinary cottontail exceed 2 pounds, wildlife officials said. Pierce, who's checking with the University of Kentucky biology department, said the creature may be a cross between a Belgian hare and a cottontail.

Or, he added, its general description "fairly well fits that of a California jack rabbit." He also said the creature may be a cross between a large foreign breed imported by an American grower and a wild native rabbit.

The rabbit was taken to the university at Lexington. Officials here said late today a report on it hadn't been received.

TOTAL DEBT

The total debt by all government in the U. S. came to \$300,000,000,000 by the end of fiscal 1953. Of this, 89 per cent was owed by the federal government.

LETTERS TO THE EDITOR

BACKS MARTIN

Editor, The Times:

It is this writer's opinion that when anyone is elected to an office by a substantial majority, he should be given a chance—unhindered and unrestrained—to serve his term unmolested by political subterfuge. I think it is very undemocratic that permanent ouster can be instituted or induced by suggestion of a few political foes. Should unethical or corrupt acts be committed while in office, then in due time the voters who elected him will oust him at the polls. That is the proper way for democratic procedure.

Americans are noted for fair play and are deeply sympathetic for the under-dog. They despise dictatorial judgment—when that judgment could possibly err, or when judged in secrecy. They also despise political chicanery and back-biting in all forms.

Floyd countians had a capable and honest prosecuting attorney. They would welcome the reconsideration of his case. They think it would be democratic that Burnis Martin be given a public hearing before permanent disbarring.

APPRECIATIVE OF OUR HELP

Editor, The Times:

Please accept the sincere gratitude of the Kentucky Tuberculosis Association for the generous assistance given by your paper and its staff to the 1954 Christmas Seal Sale.

Your support of the campaign to raise funds for the fight against tuberculosis was an example of the outstanding public spirit your newspaper has always shown in aiding efforts to build a better world for ourselves and our children.

Firm in the knowledge that the people of Kentucky are determined to defeat tuberculosis, we move ahead in an increased effort toward this goal.

Sincerely yours,
E. R. GERNERT, M. D.

Kiwanis Club Speaker Praise Nurse's Work In Floyd Fight on TB

Prevention of tuberculosis was the subject of discussion by the Prestonsburg Kiwanis Club, last Thursday evening, with Mrs. Regina B. Mayo, Floyd TB nurse, the speaker.

Dr. George P. Archer, club president, in commenting on Mrs. Mayo's work in this county, said she was entitled to sole credit for the fine job done here in reducing the tuberculosis death rate. This county, he said, is the only one in the state with a fulltime tuberculosis nurse.

Facts brought out by Mrs. Mayo were that five years ago this state ranked third in the nation in TB deaths. She said that deaths in Floyd county fell to only five in the past two-year period of 1953-54. There are 75 active cases in the county at the present time, with 55 on the waiting list for 15 available beds allotted to Floyd county in the state tuberculosis sanatoria.

Points stressed by Mrs. Mayo as essential in controlling tuberculosis are: creating interest in X-ray tests, education in cleanliness, elimination of the common drinking cup, regular tests in schools and, if the tests are positive, tracing of the source of infection.

Mrs. Mayo said that during the first year of operation of the mobile X-ray unit here only 900 had X-rays made but that the second year 3,125 pictures were taken. New drugs are doing a good job in assisting in control measures, she said.

Mrs. Harry Snodgrass and daughter, of Allen, were business visitors here last week.

An insanity petition naming Azzie Newsome was filed in circuit court here Feb. 7 by Chester Newsome, a brother. Action on the hearing was postponed until after the indictment of Newsome. The insanity hearing would come up automatically, County Attorney Hollie Conley says, if Newsome pleads insanity when arraigned in circuit court.

Dr. George B. Edmiston, of Prestonsburg, certified on the insanity petition that he agreed "from previous contact with the patient (Newsome)" with the pleadings.

an ELECTRIC CLOTHES DRYER
can cut ironing time in half!

Only an ELECTRIC dryer gives you all these features:

- Safe and clean as electric light.
- No flame, no fumes, no fading.
- Costs less to buy.

Yes... you can save 1 1/2 hours of ironing each week when you dry clothes electrically. Many things like towels, knit goods, and corduroys come out wrinkle-free—need no ironing at all. For others you just set the dryer dial and they come out damp-dry ready to be ironed without sprinkling.

You'll dry an 8-lb. wash in about an hour without carrying baskets, bending or stretching. That's why we call the electric clothes dryer "world's greatest wife saver." Get one soon.

Suit in Elliott Filed by Lewis Charges 10 Misused Funds

(Continued from Page One)

own. Stapleton admitted taking one. He contended Wolf had said he had to call in the F. B. I. to get the records back. Mr. Wolf denied making such a statement.

Judge Adams ordered that the defendants recover from the plaintiff their costs in the suit. W. W. Burckett, of Prestonsburg, represented the defendants.

Sandy Hook, Feb. 11 — Orville Fannin, member of Elliott county fiscal court, brought suit today against six officials and four former officials of Elliott county, charging them with misapplying county funds.

The suit was filed in Circuit Judge John A. Keck's Court by Jesse K. Lewis, Lexington attorney for Fannin, and an unnamed group of Elliott county taxpayers.

Named as defendant in today's suit are Elliott County Judge David L. Davis, County Attorney Virgil H. Redwine, County Clerk Estill Hutchinson, County Treasurer, Mrs. Blanche Adkins, Jailer Levi Waggoner, and three members of Elliott county's 1950-53 fiscal court: Delbert Kitchen, Robert F. Miller, Lova Ison, E. H. Maggard, and Ray H. Binion. Binion is still a member of the Fiscal Court.

Also named as defendants were the sureties on the official bonds of the 10 present and former county officials.

The petition states that on May 3, 1949, the fiscal court entered an order fixing salaries of county officers for the new four-year terms that were to start January, 1950.

However, the petition charges, after the November elections, the fiscal court order fixing salaries "was wrongfully and fraudulently altered" so as to increase the salaries of the county attorney, treasurer, county clerk, and jailer.

And, the suit continued, beginning in January, 1950, and for 1949-50 fiscal year these salary increases were unlawfully paid out of county road-and-bridge funds.

The suit charged that during the four-year period from January, 1950, through December, 1953, the county judge and members of the fiscal court "unlawfully and in violation of the law" contracted with each other to perform personal services or furnish materials and supplies to the county and paid each other out of public funds.

The suit also charged that the former fiscal court budgeted \$1,200 out of road-and-bridge funds each year ostensibly for the salary of a County road engineer, and that each month for four years \$100 was paid to County Judge Davis.

The suit charged that County Clerk Hutchinson was paid \$168 out of county general funds without authorization of law. None of these defendants filed any bill or claim stating that he had rendered any service to the county for which he was entitled to be paid these sums, the suit added.

County Attorney Redwine "counseled and advised said unlawful expenditures and diversions and mis-

March Term Jurors Announced by Cooley; Terms Begins March 7th

Circuit Clerk W. W. Cooley this morning (Thursday) released the list of 35 jurors whose names had been drawn from the jury drum by Circuit Judge Edward P. Hill for service at the March term of circuit court.

The court session, which will convene Monday, March 7, will hear the trial of civil cases. The next criminal term will not convene till April.

The list of jurors: W. L. Akers, Dana; Mrs. Warren Hale, Prestonsburg; Mrs. Lila Gibson, Martin; Henry Ousley, Risner; Ernest Boyd, Mare Creek; Tack Hall, Honaker; Laura Hall, Betsy Layne; B. W. Bentley, Garrett; Monroe Ousley, Alphoretta; James B. Layne, Harold; Elizabeth Howard, Dwale; H. Conn, Dana; Mrs. B. F. Elliott, Harold; Mrs. Bob Marshall, Langley; Gypsy Baldrige, Cliff; Mrs. Anis Banks, Cliff; Lonnie Hobson, Prestonsburg; Mrs. Z. S. Dickerson, Cliff; Norris Blackburn, Prestonsburg; Elmer Music, Cliff; J. L. Ousley, Risner; Abe Green, Cliff; Marjorie Lynch, Betsy Layne; Lee Hopson, Auxier; Eli Hicks, Alphoretta; Meesie Boyd, Betsy Layne; Woodrow Crager, Cliff; Mont Ousley, Risner; Frankie Woods, Woods; George Crager, Wayland; Willie Sammons, Betsy Layne; Tom Wicker, Eastern; Lizzie Crager, Cliff; Catherine Refett, Prestonsburg; Juley Conley, Langley.

appropriations of public funds," and Mrs. Adkins, the county treasurer, failed to prevent unlawful diversion of public funds, the suit said.

On November 11, 1950, the suit asserted the following order on its order book:

"The court upon being informed by the clerk that certain funds of the 1950-51 general-fund budget were already used so that no more warrants could be written without exceeding said funds:

"Now, therefore, on motion of Justice Ison and all justices present, which is a majority, agreeing, it is ordered by the court that the said clerk is directed to write warrants for any claims that have been passed by said court or any claims in the future that may be passed regardless whether the budget is exceeded in that particular fund or not."

Magistrate Fannin, who brought the suit, said that on last January 4 and again last Tuesday he, as a member of the present fiscal court, demanded that action be taken to recover for Elliott county any money that had been misappropriated.

His motion on January 4 was voted down and the fiscal court refused to take any action on his renewed motions last Tuesday, the suit stated.

Fannin asked the circuit court to order the money returned to the county with interest, and to order a full and complete accounting from the county clerk and treasurer of all sums shown to have been illegally appropriated or paid out in excess of budget funds.

BIBLE QUIZ

By A. F. BARKER
(508 Euclid Ave., Bristol, Va.)

Q. What is the earliest account we have of the different languages of the earth?

A. At the building of the Tower of Babel about 2247 B. C. Because "the Lord did there confound the language of all the earth; and from thence did the Lord scatter them abroad upon the face of all the earth." (Gen. 11:9).

Q. What reference do we have that until this time all the people spoke one language?

A. (Genesis 11:1) "And the whole earth was of one language, and of one speech."

Q. Who were the ancestors of this generation of people?

A. "Now these are the generations of the sons of Noah, Shem, Ham and Japheth; and unto them were sons born after the flood." (Gen. 10:1)

Q. "And as they journeyed from the East" they settled in what place?

A. "They found a plain in the land of Shinar; and there they dwelt." (Gen. 11:2).

Q. What gigantic building operations did they propose to carry out?

A. They said "Let us make brick and burn them thoroughly. Let us build a city and a tower, whose top may reach unto heaven. And let us make us a name, lest we be scattered abroad upon the face of the whole earth." (Gen. 3-4).

Q. Who came down to see the city and the tower?

A. "And the Lord came down to see the city and the tower, which the children of men builded." (Gen. 11:5).

Q. To what extreme did the Lord say they would go if they were allowed to continue?

A. "And the Lord said, Behold the people is one, and they have all one language; and this they begin to do; and now nothing will be restrained from them, which they have imagined to do." (Gen. 11-6).

Q. How did the Lord bring the building of the city and the tower to an end?

A. Confused their speech so they could no longer understand one another. "So the Lord scattered them abroad from thence upon the face of all the earth; and they left off to build the city." (Gen. 11-7-8) So this is the earliest account we have of the different languages of the earth.

Green Pastures Group Votes Awards; Wells Is Elected Chairman

The Green Pastures committee voted at its Jan. 19 meeting to give three awards this year to farmers leading in pasture improvement. The three awards to be made are first, second and third prizes are a pig, a lamb and a Cyclone seeder.

Lloyd Wells was elected chairman of the committee and O. E. Boggs was named secretary.

The committee voted to take advantage of the state awards this year, and in addition certain local sponsors of the Green Pastures program will give awards. The recent meeting also voted to authorize a supplement edition of the Floyd County Times on July 28. The Green Pastures Tour will be held Aug. 2 and winners of the pasture improvement program will be named at that time.

To be eligible for participation, the farmers must enroll in the program. Enrollment cards are now available at the local Extension Service office, Agricultural Stabilization office or the Soil Conservation District office. In addition, it was said, vocational agriculture teachers are trying to reach interested farmers.

E. R. Burke To Distribute Metal Building Materials

E. R. Burke, of Prestonsburg, has been awarded the distributorship of Eagle-Picher Products to serve seven counties.

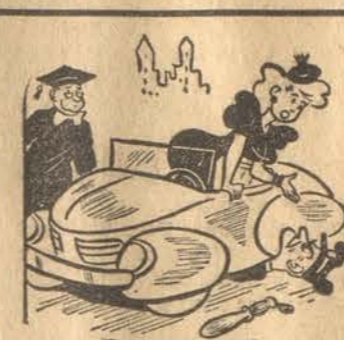

The counties covered by his distributorship are Floyd, Pike, Johnson, Martin, Magoffin, Knott and Letcher. He will operate under the firm name of Eagle Window and Awning Sales.

Tom James, who has been associated with the Eagle-Picher products in recent years, will continue as a salesman for Mr. Burke.

Through efforts of homemakers clubs, 200 name plates have been ordered for mailboxes in Daviess county.

The Battletown Homemakers Club in Meade county has obtained a vacant school building to use as a club house.

MUSIC WINS GOLD AWARD FROM OIL INDUSTRY GROUP

The Oil Industry Information Committee of the American Petroleum Institute conferred its highest service award on W. D. Music, sales representative of the Gulf Refining Company, Prestonsburg, for "distinguished leadership and accomplishment in its public relations program during 1954." The award was made in Cincinnati before more than 80 prominent oil men from Kentucky, Ohio and Tennessee.

This Gold Award is based on Music's volunteer activities in making information about the oil industry available to the public and thereby establishing a better understanding between people in the oil business and the consuming public. Mr. Music has been actively engaged in the oil business since 1951. Born at East Point, Johnson county, he is a graduate at the University of Kentucky. Mr. Music has taught in secondary schools in Kentucky, and has coached basketball at Auxier consolidated and Heller high schools. He served three years as a navigator in the U. S. Air Force.

In receiving the Gold Award, Mr. Music stated, "Oil men do try, whenever the opportunity offers, to tell the people the plain unvarnished truth about their industry and to relate its operations to the whole economy of the United States. Thousands of us are members of a voluntary organization known as the

Oil Industry Information Committee which sponsors such activities as Oil Progress Week, a school program and special materials to civic clubs, womens organizations and farm groups.

"The sole objective of the OIIC," continued Mr. Music, "is the development of greater public understanding of the oil business and the part it plays under America's present system of private, competitive methods of doing business under our free enterprise system which contributes so much in the growth and continued prosperity of our nation."

Welfare Trustees Sue Pike County Coal Firm To Recover \$17,161.80

Trustees of the United Mine Workers of America Welfare and Retirement Fund filed suit for \$17,161.80 against the Mountain States Coal Corporation of Pikeville Tuesday. A. J. Dalton is the company head.

The suit in United States District Court seeks an additional sum of 30 cents for each ton of coal produced by the firm in excess of 107,337.81 tons between March 5, 1950, and July 31, 1952.

The suit said the company agreed to pay the union fund 30 cents a ton on coal produced. It said the firm produced about 107,337.81 tons during the period concerned, making it owe the fund a total of \$32,201.35.

The plaintiffs claim the defendant paid \$15,039.55 and still owes \$17,161.80.

Suit was filed in the name of John L. Lewis, Charles A. Owen, and Josephine Roche as fund trustees.

Looking To Next Summer

The weather being what it is, benumbed citizens may not be able to muster much interest in the subject of baseball. Yet the Hot Stove League operates, and sunnier days are ahead.

Which causes THE TIMES to wonder why there is so little interest in baseball in this county. Time was when Prestonsburg, Wayland, Drift and other towns of the county fielded teams that played an interesting brand of ball and claimed the interest of a large part of the county. Last year, the sport was restricted to two or three communities in the county, and interest in this, the national sport, probably hit an all-time low.

The Lexington Kiwanis Club had a special program to honor the 4-H club champions in Fayette county.

A total of 500,000 strawberry plants have been ordered for Floyd and surrounding counties.

HEALTH NOTES

By Floyd County Health Department

Common sense is the best way to prevent a common cold according to the philosophy of the hero in the film, "How to Catch a Cold." The 16mm animated cartoon is available for civic groups and any health programs through the Floyd County Health department, states M. V. Clark, administrator.

The ten minute film is a sound and color movie.

Also available from the Floyd County Health Department is a pamphlet on colds called "Ker-choo and You."

Along with these health education services, Mr. Clark gives some "common sense" precautionary measures against sneezes and sniffles:

- (1) Bundle warmly on colder, winter days. Dress according to the season, but don't overdress your children.
- (2) Avoid contact with others who have a cold for their nose and mouth discharges, along with handkerchiefs, eating utensils and other articles, are a source of infection.
- (3) Eat the proper foods.
- (4) Do not become overtired.
- (5) And for those with colds (most people have at least one or more a year) Mr. Clark advises:
 - (1) Stay in bed; rest.
 - (2) Cover your coughs and sneezes to protect the other fellow.
 - (3) If complications arise, see your family physician right away.

NOTICE

Pursuant to an order of the Fiscal Court the undersigned Special Commissioner will, at the hour of 1:00 p.m. on the 21 day of February, 1955, at the front door of the Courthouse in Prestonsburg, Kentucky, offer for sale a franchise or privilege authorizing the purchaser, successors and assigns, for a period of 20 years to erect, build, place, operate, repair, replace, reconstruct, change and alter pipe lines, meters, regulators and other apparatus, on, along, across and under the public roads and highways in the area on Left Beaver Creek including Wheelwright Junction, Melvin and Weeks-bury and the area adjacent to and between said points. All work done in connection with the erecting, building, placing, operating, repairing, removing, replacing, reconstructing, changing and altering of said pipe lines, meters, regulators or other apparatus on, over and along the public roads and highways of Floyd county shall be done under the supervision of the Road Engineer of Floyd County, or some one designated by the Fiscal Court and in such manner as not to obstruct the ditches or drains of said public roads or highways or to destroy or injure said public roads or highways; and said pipe lines, meters and regulators and other apparatus shall be built, operated, or maintained on, over along or under the said roads or highways in such manner as will not interfere with the free use of public travel on, along or over said road and highways, or the improvements or maintenance of any such public road and highways and the purchaser of said franchise or privilege shall always leave the said public roads and highways in as good condition as they were the time said purchaser began work on same. The purchaser of said franchise or privilege shall, at all times, in any work that it may do on, along, over or under said road or highways, see that same shall be in as good condition after said work as they were before said work and in doing said work, said purchaser shall not unreasonably interfere with the free use and travel of said public roads and highways.

This 8th day of February, 1955.
CLIFFORD MARTIN,
Special Commissioner

Cooperation Makes The Heartiest Welcome

THE TIMES has been impressed with the active cooperation given by Floyd county officials to assure the location in this county of the big hydro-carbon plant to be built by the Kentucky West Virginia Gas Company.

Their active interest in this plant, which would be an asset to any county where it might be located, is indicative of the recognition Floyd county has for the need of new industry. The officials were not thinking altogether of new jobs, although that is the great need of the county. They were thinking, too, of the years ahead, of men working, of the possibility of this plant attracting other developments of like nature, and of the tax revenues that will accrue.

And they were thinking, too, of the gift Floyd county made to Pike, years ago, when a little cooperation would have kept the big United Fuel Gas Company compressor station now located at Boldman, Pike county, within the borders of this county.

Any other business seeking a location in this county will meet the same fine cooperation from the county's officials and citizens.

REPORT CITES SALE OF MILK

58,200 Gallons of Milk Bought Monthly in Floyd From 6 Dairies Rated "A"

Floyd county is buying 58,200 gallons of pasteurized milk a month, John Milton Stumbo, sanitarian with the Floyd County Health Department, said this week in announcing the ratings of dairies furnishing the county's milk supply.
The following companies have been rated Grade A labels for the grading period beginning July 1, 1954 and ending Dec. 31, last, he said:
Pet Milk Co., Hazard; Guyan Milk Co., Huntington, W. Va.; Daniels Dairy & Ice Cream Co., Paintsville; Borden Milk Co., Huntington; Chappell Milk Co., Big Stone Gap, Va.; and Foremost Milk Co., Bristol, Virginia.

The method of arriving at the ratings was explained, briefly, by Stumbo. A sample of milk is picked up from each supplier at random from the supplier's truck, packed in ice and shipped to the Public Health Laboratory in Lexington where it is tested and the bacteria plate count determined. At least four milk samples from each source are required during the six-month period.
The maximum bacteria plate count must not exceed 30,000 per milliliter or a coliform count of more than 10 per milliliter. At the end of the grading period the plate counts are converted into logarithmic averages, using the last four samples, and these results are released for publication as a service to the public.

BY WILMAY
(The views expressed herein do not necessarily reflect the views of The Times.)

And good news when Maytown Woman's Club announces plans for a town-wide Clean-Up campaign, according to its live-wire president, Mrs. James E. Allen. Perhaps the move will spread throughout the county, and Floyd accomplish what Muhlenberg has two different years, in what it labels "Operation Litter-burg." The project there has gained nationwide attention. The State Highway Department cooperates.
Recently some of us heard Rex Osborn, dynamic manager of WPRT and a concerned civic leader here, say that he took a high school youth with him on a trip sometime ago, and the thing that drew this lad's major attention, strangely enough, was the clean streets of the cities they visited. Rex said it made him do much thinking to hear that boy exclaim about the clean streets, roads, and premises, in general.

We need to do some more thinking when our high school students inquire why foundation plantings surround all school and other public buildings in some nearby counties, while most of ours remain barren and unattractive. Too many recall what followed such efforts made by several schools as far back as twenty years ago. Some present attempts are being made and all of us, especially teachers, can do much to help see that some appreciation of beauty and cleanliness etc. is instilled into those children who fall to receive such training at home, unfortunately.
Kids are kids, and they do have fun. A week or so ago one section of Grade Six, in Martin, had the word "garments" in its spelling lesson. Larry Greer sits opposite Stanley Halbert, so Larry told Stanley he had garments on his back. As teacher entered, a free-for-all was under way, with Stanley righteously indignant over the accusation, while Larry split his sides. The nice part of it was that when the teacher explained what garments are to Stanley, he laughed as loudly as anyone else and enjoyed telling others about the joke on himself. Both are sweet children, from fine families.
One night when the cast of the Negro minstrel just presented in Martin announced they must practice Wednesday evening, George Sims, who had the leading role, quickly said any rehearsal then must not conflict with prayer service hour, as he attends. How different our land could be if all Christians put God first that way. In contrast, one arrival for another prayer service, elsewhere, said to the preacher, "Cut it short. Make it snappy tonight. There's a good show on we want to see." He replied, "Sure is, and I want to see it myself."

See all the lovely murals featured Sunday in the C-J-J? Murals in homes and public places are in high vogue. So many enjoy Mr. Seal's historical articles some have said it would be most appropriate if good post offices, schools, banks, and some other public buildings, have at least one mural, depicting incidents in the history of our great section. These would acquaint our children with Jennie Wiley, Daniel Boone, and other pioneer leaders. They would not cost much and would help develop pride in our area. We need to boost the good more. The nice part is that Floyd county already has an artist of skill, Mrs. Reba Mayo, whose series of Eastern Kentucky wild flowers has aroused much interest in the mountains.
Everyone expects big things of Joe Isbell at Georgetown, where he plans to major in religious education. For years our county was on the receiving end of the line, with most churches receiving outside workers and aid. Things are changing. Today, Carter Berkeley, of Wayland Methodist, is preaching in Georgia. Franklin Conley, of Prestonsburg Baptist, is getting his ministerial training at Georgetown. The Martin Freewill Baptist Church has for assistant pastor, Brother Stephens, a very youthful Floyd countian. Think of the many young people getting valuable experience every Sunday working in the missions of Irene Cole Memorial Baptist Church. Tune in Saturday at 9:45 over WPRT, to hear Maytown Methodists discuss some plans they find effective in promoting attendance.

If it's the movie, A MAN CALLED PETER, is like the books by the late Peter Marshall, or his sermons compiled by his wife, it should be a blessing to America. Unquestionably he had qualities few of us possess. The blessing of his life on the nation since his unexpected passing at forty-six, may prove immeasurably greater than it might have been had he lived. More have heard of him.
A Times Want Ad will give you good results, inexpensively, too.

Mrs. Gearheart Is Victim Of Cancer at Huntington; Was Toler Creek Native

Mrs. Miranda Stephens Gearheart, well-known Betsy Layne woman, died at St. Mary's hospital, Huntington, W. Va., at 9:05 a.m., Wednesday, a victim of cancer. She was 81 years old.

Last of the family of David and Margaret Daniels Stephens, Mrs. Gearheart was born and reared and spent her entire life in Floyd county where she had many relatives and friends. She was married in 1890 to Ned Gearheart, who died Aug. 14, 1915. For 20 years she was postmistress at Linwood, on Tojer Creek, a postoffice which has long since been discontinued. She had been a member of the Church of Christ for 50 years.
Surviving are eight of her 10 children: R. B. Gearheart, Ashland, Fred Gearheart, Harold, Mrs. Verlie Bush, Mrs. Sallie Bush, Mrs. Margaret Compton and Mrs. Panny Bush, all of Harold, Mrs. Kelsa Elliott and Mrs. Charlie Crum, both of Betsy Layne. Two sons, Hatler and Dr. Orris Gearheart, preceded her in death. She also leaves 23 grandchildren and 19 great-grandchildren.
Funeral arrangements were incomplete late Wednesday. It was said by the Baker Funeral Home.

The balloon had apparently been sent aloft from Milwaukee, Wisconsin on Lincoln's birthday, the preceding Saturday. The papers disclosed the balloons released in Milwaukee were freed to test flight characteristics, and that they are symbolic of the balloons being flown across the Iron Curtain to take news of the free world to the people of enslaved nations.
The little girl took the balloon to school, next day, and to say that she was the Star Pupil that day is perhaps an understatement. After that, teacher and pupils joined in filling the 10 slips contained in the balloon for donations to the Freedom Crusade.

DON WALLEN IS PLAYMAKER FOR GEORGIA COLLEGE QUINT

By Joe Axelson

Statesboro, Ga. (Special) — A transplanted Kentuckian is the playmaking genius on this season's Georgia Teachers College Professors, currently rated the best small-college team in the Southeast with 14 wins in 17 starts. Don Wallen, from Wheelwright high, a 5-11 sophomore guard, has started every one of the 17 games this season, earning a varsity letter this season, earning a varsity letter

Coach J. B. Scearce, Jr., originally from Bagdad, Ky., and an Eastern Kentucky graduate, said recently, "Wallen is making plays right now that no sophomore has ever made here at Georgia Teachers in my time."

"If he improves normally, Don could be the best guard we've ever had down here, although he'll have to go some to improve on the Parsons brothers (Roger and Ralph) from Harlan who starred here from 1948 to 1952," added Scearce.

Wallen's long suit is a sure, heads-up, dribbling style that enables him to get a quick pass to open teammates. His best pass is a bounce-pass delivered on the read run, and his team-leading assist total of 138 in 17 games shows his value to the squad.

The stocky guard, called by his teammates "The Wheel from Wheelwright," has scored 149 points for an 8.8 average.

Don's top point production this season was 18 points against Florida Southern College.

SPORTS CHATTER

By Gordon Moore

The Luck of the draw has placed 15th regional cage favorites Inez and Meade Memorial in the first round of the 58th district tournament at Paintsville, March 2. This is the third successive year that the two schools will battle in the first round of play.

All efforts to seed the powerhouses ended in a 4-4 deadlock. A majority is necessary to seed.

In the Floyd county drawing, Monday night, favorites Garrett and Wayland drew in opposite brackets after all efforts to seed failed.

Sandy Hook, in the 60th District at West Liberty, appears a cinch to reach the regional with only Ezel to beat for a regional berth.

Favorites Pikeville and Virgie in the 57th at Pikeville College collide in the first game of the tournament while Belfrey, Phelps, and Elkhorn City are all in the upper bracket.

PICK THE EIGHT CONTEST

The Redmore Insurance Agency, Prestonsburg, is again sponsoring the "Pick the Eight" Basketball contest. All you have to do is to select the eight teams you think will play in the 15th regional tournament at Paintsville, March 8-12, and send them on a postal card to the Redmore Insurance Agency, Prestonsburg, Ky. (See Rules elsewhere on this page.)

Robert Hooks, former Wheelwright high school cager, is in Germany with the armed forces, but follows Floyd county basketball through the medium of The Floyd County Times. Hooks writes from his hospital bed that he believes that a Floyd county team will represent the region in the state tournament.

Bill Gary Martin, ex-Martin Athlete, is enjoying a fine season of play at Greenbrier Military Academy and he has hooped in 12 points per game in 15 contests.

Wheelwright's Don Wallen is also doing an excellent job at guard on the Georgia State Teacher's five at Statesboro, Georgia.

George Conley, former Ashland high school mentor, who will officiate the Floyd county district tournament, has 11 Ashland high basketball players now playing on major college quintets throughout the United States.

P'BURG, WAYLAND TO OPEN DISTRICT TOURNAMENT PLAY

The Floyd county district basketball tournament will be held at Garrett, March 1, 2, 3, 4 and 5, with competition conducted only at night sessions.

Lower bracket teams will start play at 7, March 1, when the Prestonsburg Blackcats (6-12) meet a favored Wayland team (20-5), now ranked third in the region. All other teams drew first-round byes.

Play gets under way the following night at 7 when Denzil Halbert's Purple Flash (12-10) will meet the Wheelwright Maroons (12-9). Martin and Wheelwright, both in the upper bracket, are ranked 10th and 12th in the region. The close of the Wheelwright-Martin game the Garrett Black Devils (20-4) meet Auxier (6-10).

The winner of the Prestonsburg-Wayland contest will oppose McDowell (9-12) on Thursday night, with Betsy Layne (11-13) and Maytown (8-13) making their tournament debut later in the night.

Survivors in the two brackets will meet in the semi-finals, Friday.

Observers following hardwood play expect Wayland and Garrett to fight it out for district honors on Saturday, March 4. The two teams have enjoyed excellent seasons, as their records indicate.

Gordon Moore and Frank Heinze, both of Prestonsburg, will serve as scorer and timer, respectively. The officials will be George Conley, Ashland, and Forrest Preece, Inez. Charles Clark, principal of the host school, will be tournament manager.

Osborne Is Second In Region Scoring

Charles Osborne, 15-year-old son of Ell Osborne, of Prestonsburg, ranks No. 2 in the Fifteenth basketball region with an average of 31.9 points a game. A sophomore at Flat Gap high school, the 6-foot-4 youngster has spearheaded the attack of his team in each of its games this season and is highly regarded for future college play. In 23 games Osborne has scored a total of 735 points to 858 scored by the region leader, Coleman, of Wayland, in 26 games.

Radio System Installed For Defense Effort Work

Frankfort, Ky., Feb. 14 — The State Highway Department announced it had installed a new \$250,000 short-wave radio system to provide for more efficient departmental operation and, in addition, be of value in civil defense and effort and disaster rescue work.

The system is planned to provide state-wide intercommunication between about 300 of the department's mobile units and State and district headquarters, according to W. J. Crouse, maintenance director.

INCOME TAX FACTS No. 1
New Federal Tax Law May Save You Money

(This is one of a series of articles on income tax changes. The articles are based on information provided by the American Institute of Accountants and the Kentucky Society of Certified Public Accountants.)

The "Ides of March" will no longer hold any terror for the average taxpayer, but the new tax deadline of April 15 can be just as alarming if you don't start early to prepare your federal income tax return.
To help you get started this newspaper is publishing a series of articles prepared with the help of the national and state organizations of certified public accountants. Use these articles, together with the instructions that come with your federal income tax forms, to guide you in making out your return.

Most taxpayers report their income for the calendar year on a cash basis, and the new rules are explained here as they apply to these typical taxpayers. Anyone who uses a different fiscal year or reports on an accrual basis should check the official instructions to see how he is affected.

Completely Revised Tax Rules
Last August the Internal Revenue Code was completely overhauled by Congress and thousands of changes were made affecting taxpayers. It is estimated that every year a million taxpayers overpay their income taxes by a total of more than \$100,000,000. More millions of taxpayers pay less tax than is due, making them liable for assessments, interest and possible penalties.
With the many changes of the new law there is even greater danger of mistakes this year unless you read the instructions and prepare your tax return with great care.
This is a good reason for starting long before April 15. Here's another:

You May Get a Refund
If you find that more tax has been withheld from your wages than you actually owe, you will be entitled to a refund of the difference. The sooner you file your return, the sooner you are likely to get your refund.

What are the chances of a refund? Well, your tax will probably be less because of the reduction of approximately 10% in tax rates since last year, but you have been getting the advantage of this re-

duction all through the year in the form of reduced withholdings from your pay.
Many newly authorized deductions, however, may cut down your tax bill below the amount that has been withheld, thus entitling you to a refund.

New Savings This Year
Here are some of the changes, to be discussed in later articles, which may cut your tax this year:

1. More single persons are entitled to "head-of-household" status.
2. Medical expenses are deductible to a greater extent.
3. Certain health and accident benefits are not counted as income.
4. The \$600 exemption applies to various dependents not previously eligible.
5. A special deduction of as much as \$600 for child care is now available in some cases to working wives, widowed and divorced persons.
6. Tax may be reduced by new credits for dividends and retirement income.
7. Salesmen and other employees who travel may benefit from new rules on expense deductions.
8. New provisions may benefit anyone who bought or sold a home in 1954.
9. Farmers get new deductions for soil and water conservation expense.
10. Businesses are helped by liberalized depreciation rules and other changes.

Additional Information
Be sure to read the official instructions. You can also get help from the Internal Revenue Service, which urges you to consult only qualified advisors.

Schools Receiving Aid From Congress Should Burn Economical Fuel
Congress was urged last week to make sure that any new schools constructed under an aid program will burn the most economical fuel available so that the savings on fuel costs can be applied toward paying rentals and servicing the debt on new buildings, and toward teacher salary adjustments.

The point was stressed in a statement by J. Nelson Stuart, director of Market Promotion of the National Coal Association, filed with Sen. Lister Hill, chairman of the Senate Labor and Public Welfare Committee. Time has been requested to submit this view to the House Education and Labor Committee.

Mr. Stuart pointed out that heating costs are major items in school operating expenses in most of the nation.

"Studies show that as a rule janitorial and custodial payroll for schools is the same irrespective of the fuel used in their boiler rooms," Mr. Stuart said.

"Heating schools with the most economical fuel available is a sure method by which the nation's school authorities can save tens of thousands of dollars. These are dollars that would go a long way toward paying rentals under the proposed school aid program, servicing public debt, financing additional capital expenditures, or helping pay the cost of salary adjustments."

Mr. Stuart proposed that Senate and House education committees write safeguards for conserving the taxpayers' dollars into any school aid bill to make sure that "each local school agency shall produce evidence that it has determined the installation of heating equipment to utilize each of the several fuels commonly used in its area, and the estimated cost of heating with each such fuel, for the useful life of the facility, using current prices of each fuel as the basis of comparison."

Mr. Stuart said that "such action will immediately effectuate substantial reductions in the annual operating cost of many school districts."

To illustrate the need for such safeguards, Mr. Stuart cited instances where school authorities wasted taxpayers' dollars on high cost fuels and said there are "hundreds and hundreds of similar examples" in many states.

CPL. CLEMONS SERVING
Sixth Fleet—Cpl. Roy Clemons, son of Mrs. Sarah Clemons, of Hunter, Ky., and husband of the former Miss Evelyn Robinette, of Tram, is serving in the Mediterranean with a reinforced battalion of the 6th Marine Regiment.

The battalion, aboard ships of the Sixth Fleet, will participate in training exercises with the fleet for a period of about five months.

The cruise affords the Marines the opportunity of visiting many Mediterranean ports.

FLOYD SENDS 31 STUDENTS

To Pikeville Jr., College But Pike Group Largest; Korean Native Is Student

Pikeville, Ky., Feb. 14 (Spl.)—Floyd countians made up 31 of the 289 students enrolled last week for the spring semester at Pikeville Junior College.

The Floyd county group again is greater than that from any county except Pike, Dr. A. A. Page, college president, said. In all, 12 Kentucky counties, seven other states and the Republic of Korea are represented at Pikeville.

The Korean is He-Bong Kim, of Seoul.

The Floyd county students include 12 of the 129 present and prospective teachers in the Pikeville student body, studying for the temporary certificate their first "legal" teaching permit, it was said.

The Pikeville students also represent Martin, Johnson, Lawrence, Knott, Pike, Perry, Letcher, Harlan, Muhlenberg, Oldham, and Whitley counties in Kentucky, and the states of Michigan, Minnesota, Ohio, Pennsylvania, Tennessee, Virginia and West Virginia.

Floyd countians at Pikeville are: from Garrett—La Paye Bamer, Evelyn Bolen, Phila M. Francis, Billy H. Martin, and Mack D. Slone; from Allen—Jimmy Delano Gray and Frank G. Grey; from David—Roger C. Marshall, Grace Evelyn Shepherd, and Josephine Slone; from Weeks—Betty Meade and William R. Smith; Helen Akers, Grethel, Norma Jean Allen, Risner; Winston Ford, Jr., Prestonsburg; Clara Hale, Har- old; Robert Hatcher, Wayland; Adrianna Hayes, Lackey; Jonah Isaacs, Jr., Teaberry; Berlin Ray Johnson, Melvin; Antoinette Lackey, Tram; Nell N. MARTIN

MARTIN WSCS MEETS
The Woman's Society of Christian Service met at 6 p.m., Feb. 8, in the Methodist Church dining room for a covered dish supper, followed by a program. Mrs. Lolo Crisp presided during the business session. Minutes were read and goals for the year were discussed. The Society will furnish shoes for a limited number of children who without such help would be unable to attend school. A committee will investigate this month.

Mrs. Tina Allen was chairman for the program, "New Ventures on Old Roads". Prayer Scripture reading and discussion were by Mrs. Myrtle Fugett, Mrs. Edna Babb, Mrs. Ivaloe Burcham, Mrs. Jerry Martin, Mrs. Florence Marshall, Mrs. Oma Jean Hall, Mrs. Iva Carr, Mrs. Dortha Allen, Mrs. Iola Crisp. Those present included Mrs. Eva Allen, Mrs. Daisy Perry, Mrs. Opal Mayo, Miss Lois Allen, Miss Mickey Martin, Miss Joan Wolverton, Miss Debbie Hall, Miss Rosemary Allen, Ronnie Mayo, Randy Mayo.

Rev. F. V. Allen, Lexington, Ky., formerly of Langley, recently visited his nephew, Clyde P. Allen, and family.

Even the bumps are smoother in the '55 Buick ride

HOTTEST BUICK IN HISTORY
No wonder you see so many 1955 Buicks on the highways—they're rolling up bigger sales than ever in history—topping the popularity that has already made Buick one of the "Big Three."

To be honest—there are some bumps which *nothing* will level out completely. Yet even the real rough ones turn out a lot smoother when you're in a 1955 Buick. And that's not just our say-so. New owners of these new beauties keep telling us that. So you may wonder—how come? What's different about the Buick ride that makes it such a marvel? The answer is—plenty. Most cars have coil springs on front wheels only. Buick has them *all around*—and this year they're newly calibrated for even deeper smothering of jounce and jar. So here your ride is balanced, buoyant, level, serenely smooth. Most cars drive through the rear springs. Buick drives through a *torque-tube* that takes up all driving thrust, wipes out rear-wheel wiggle and wag, steadies your going to a sure and solid track. And no other car in all America has these great comfort extras *plus* the backbone of a massive X-braced frame *plus* both direct and lever-type shock absorbers to snub after-

bounce *plus* a special front-end geometry to stabilize "cornering" *plus* tubeless tires on extra-wide rims for softer, steadier riding. Surely, you owe it to yourself to *try* this great Buick travel, just to judge things for yourself. You'll find it the nearest thing to velvet on wheels—and made even more so by the silkiness of record-high V8 power and the absolute smoothness of Variable Pitch Dynaflo.* Come drive us this week—for sure.
*Dynaflo Drive is standard on Roadmaster, optional at extra cost on other Series.

Airman Wins Motion in Japan

Donald L. Lafferty, son of Mrs. F. Lafferty, of Allen, Ky., was recently promoted to the grade of Airman First Class while serving with the 5th Communication Squadron in Japan. Lafferty is the 5th Comm. Section head in the telephone maintenance section and is reputed to be one of the best wire and telephone maintenance men in the entire Far East.

He was graduated from Martin high school in 1952 and shortly afterward, enlisted in the United States Air Force. He attended the Cable Installer school at Cheyenne, Wyoming before coming overseas.

He is due to return to the states in November, 1955, after having spent two years in the Orient and with the 5th Communication Squadron at several bases in Japan and at several 5th Communication Squadron sites in Korea.

Don is a member of the squadron basketball team and is one of the top scorers in the base league while his team is in competition for the championship. He has been active in athletics since coming to the squadron and his all around ability and industry is both a source of envy and pride to his friends in the squadron.

SALISBURY AT FORT KNOX

3d Armored Division, Fort Knox, Ky. — Pvt. Clyde R. Salisbury, of Hunter, Ky., has completed eight weeks of Army Basic Combat Training conducted by the 3d Armored Division at Fort Knox. He is the son of Mrs. Mary Salisbury, of Hunter. During this initial period of training, he attended classes on basic military subjects and was trained in the fundamentals of combat, including the firing of basic weapons.

Following a short leave, he will receive additional specialized training before permanent assignment to an Army unit.

WAYLAND

DINNER HONORS WAYLAND TEAM

The Wayland Wasps were complimented Feb. 8, with a full course dinner in recognition of their outstanding record thus far. Mesdames L. B. Price, John Campbell, Buford Rollins and J. T. Spillman prepared and served the meal in the lunch room at the grade school. The tables were decorated with the traditional Wasp motif. The center piece was a huge basketball surrounded by the numeral, 1954. The place mats were blue with golden Wasps. Decorations were made by pupils of Mrs. Lois Turner's fifth grade and by Carolyn and Judy Price, Kirby Hoffman and Marvin Collins.

Master Commissioner's Sale

FLOYD CIRCUIT COURT

Bank Josephine.....Plaintiff
Vs.: NOTICE OF SALE
Noah Tackett & Co.....Defendant

By virtue of a judgment and order of sale of the Floyd Circuit Court rendered and entered at the February term, 1955, in the above styled cause I shall proceed to offer for sale at the Courthouse door in Prestonsburg, Kentucky, to the highest and best bidder, at public auction, on the 7th day of March, 1955, at 10 o'clock, a.m., same being the first day of the regular term of the Floyd County Court, upon a credit of six and twelve months, the following described property, to-wit:

Lying and being in Floyd County, Kentucky, on the Tackett Fork of Mud Creek, beginning at a locust stake at Perry Jones line; thence with the branch to the mouth of the drain; thence up the hollow to the first drain; thence with the drain to the top of the point to Will Tackett's line; thence back down the point to said Tackett line to Perry Jones; thence with Perry Jones line to the beginning.

Said property will be sold to satisfy a judgment for the sum of \$1500.00 with interest from August 21, 1954, and the further sum of \$300.00 with interest from August 24, 1954, and the costs of this action, and if the purchaser desires he may pay the amount of his bid in cash in lieu of executing bond.

For the purchase price the purchaser must execute bond with approved surety or sureties, bearing legal interest from the day of sale until paid and having the force and effect of a judgment with a lien upon said property as a further security. Bidders will be prepared to comply promptly with these terms.

Given under my hand, this 14th day of February, 1955.

Enforcement Asked Of State Trade Laws

Frankfort, Ky., Feb. 14 — The Alcoholic Beverage Control Board told some 350 whiskey wholesalers and salesmen that "strict enforcement of the State's Fair Trade Law" will be expected, and warned dealers against illegal practices.

"I realize you have to have pressure to keep goods moving, particularly because whiskey sales are off about 15 per cent this year," Chairman Guy C. Shearer told the group. "But if you use methods other than those sanctioned by law, it will be at a rather terrific cost."

The gross national product in the United States today is 3 1/2 times the value of the goods and services produced in 1929. The cost of government is 10 times as great.

January Receipts Told By State Departments

Frankfort, Ky., Feb. 14 — The Departments of Revenue and Finance reported total State Treasury receipts at \$13,695,153 for January, approximately \$3,000,000 less than for January, 1954. For the seven-month period of the fiscal year ending January 31, collections totaled \$125,539,692.

General fund collections for the month were \$800,000 under the totals for the preceding January, road fund receipts down \$1,500,000 while agency funds were approximately \$700,000 down.

Special state taxes on gasoline alone yielded \$2,223,000,000 in the fiscal year of 1954. State sales taxes on all other products totaled \$2,535,000,000.

Leslie-Auxier Vows Solemnized Jan. 30th At Valdosta, Georgia

Mr. and Mrs. Harry L. Leslie, of Exma, Ky., announce the marriage of their daughter, Ramona Kay, to Mr. Michael Trent Auxier, son of Judge and Mrs. Jean L. Auxier, Pikeville, Ky.

The wedding ceremony was performed on January 30 in the chapel of Moody Air Force Base in Valdosta, Ga., where Mr. Auxier is stationed.

Mrs. Auxier is a graduate of Prestonsburg high school and Pikeville Junior College. Mr. Auxier is a graduate of Kentucky Military Institute and also attended Pikeville College.

After a short honeymoon Mrs. Auxier resumed her studies at Berea College where she is a junior.

THIRTY PER CENT
Thirty per cent of all tax revenue collected by state governments in 1954, other than unemployment compensation, was obtained from special state automotive taxes. State taxes on gasoline alone accounted for one dollar out of every five taken in by the states.

**No gasoline—no, not a single one—
has higher octane than
New 1955 GULF NO-NOX**

This lamp is burning the "DIRTY-BURNING TAIL-END" of gasoline which GULF refines out

This lamp is burning NEW SUPER-REFINED GULF NO-NOX, the clean-burning super-fuel

but octane alone is not enough . . .

That's why new Super-Refined NO-NOX is specially made to burn clean—to protect your engine—to give you thousands of extra miles of full engine power.

Fill up with new Super-Refined Gulf NO-NOX and feel the difference, right from the start, in full engine power that lasts! You'll get all these immediate benefits:

- More complete engine protection than with so-called "miracle-additive" gasolines.
- Extra gas mileage in the short-trip, stop-and-go driving motorists do most.
- Stall-proof smoothness . . . instant starts . . . fast, fuel-saving warm-up.
- No knock, no pre-ignition—even in today's high-compression engines.

Always remember: Octane alone is not enough. Only a gasoline that burns clean can make its full octane power really work for you mile after mile.

That's why, instead of trying to fight harmful deposits with so-called "miracle additives"—inside your engine—Gulf believes in preventing them from forming in the first place; removes the cause—the "dirty-burning tail-end" of gasoline, at the refinery, to bring you new, clean-burning NO-NOX.

This is GULF'S PLEDGE to the motoring public

- We at Gulf make this promise to America's motorists, We will not permit a single competitor—no, not a single one—to offer a gasoline superior to our own superb No-Nox.
- It is our sincere belief that No-Nox is the finest gasoline on the market today, and no matter what others do or say we will keep it the finest—in power, in performance, in engine protection.
- This is not a boast, not a claim. It is a pledge to you, the motoring public—a pledge backed by the resources—and the integrity—of the Gulf Refining Company.

New 1955 GULF NO-NOX

It's super-refined . . . to burn clean!

FLOYD COUNTY COURT

In the Matter of Discontinuance Of County Road

NOTICE

Notice is hereby given that a petition has been filed in the Floyd County Court for the discontinuance of the county roadway upon the Gibson and Martin farms about one mile above Langley on Right Beaver Creek, in Floyd County, Kentucky, the road sought to be discontinued being more particularly described as follows:

From the forks of the road near the Miles Gibson house across the Gibson property and the Ballard Martin property and across the Chesapeake & Ohio Railway Company crossing to the Eastern boundary line of the Chesapeake & Ohio Railway Company on the other side of such crossing, same being immediately above the Lem Station Tunnel.

This matter shall be heard at the regular term of the Floyd County Court to be held on February 28, 1955.

FLOYD CIRCUIT COURT

Bank Josephine Plaintiff

Vs.: NOTICE OF SALE
Mattie B. Griffin and
William E. Honaker Defendants

By virtue of a judgment and order of sale of the Floyd Circuit Court rendered and entered at the January term, 1955, in the above styled cause I shall proceed to offer for sale at the Courthouse door in Prestonsburg, Kentucky, to the highest and best bidder, at public auction, on the 28th day of February 1955, at 10 o'clock, a.m., same being the first day of the regular term of the Floyd County Court, upon a credit of six months, the following described property, to-wit:

Situated in Floyd county, Kentucky, near Tram, Kentucky, on the Camp Branch of Big Sandy River and being lot No. 3 in the division of the Ida Belle Honaker Estate, beginning at a stake in the C & O Railway right of way 150 ft. below mile post; thence up the hill, S 70 W 350 ft. to a stake on top of the point, witnessed by a small black oak and a small chestnut oak; thence up the point, N 51 W 154 ft.; N 38 45 W 190 ft. 6 ft. North of a dogwood; N 55 30 W 170 ft. to a dogwood; a corner to Ollie Glen; thence down the hill, N 47 E 107 ft.; S 85 E 140 ft. to the C & O Railway right of way; thence with said right of way to the beginning.

TRACT No. 2. Also a lot in the bottom, beginning at a stake at the road a corner of Mattie Winfrey's land; then across the bottom with Mattie Winfrey's line, S 12 45 W 135 ft. to the branch; thence down the branch, S 72 E 139 ft. to lot No. 2; thence across the bottom, N 12 45 E 135 ft. to the road; thence up the road, N 18 W 135 ft. to the beginning, containing 5 acres, more or less, being the same land conveyed to Mattie Belle Griffin by deed of division recorded in Deed Book 129, page 178, Floyd County Court Clerk's Office.

Said property will be sold, or a sufficiency thereof, to satisfy a judgment in the above styled action for the sum of \$134.00 with interest from May 22, 1950, and the costs of this action.

For the purchase price the purchaser must execute bond with approved surety or sureties, bearing legal interest from the day of sale until paid and having the force and effect of a judgment with a lien retained upon said property as a further security. Bidders will be prepared to comply promptly with these terms.

Given under my hand, this 5th day of February, 1955.

J. B. CLARKE,
Master Commissioner
Floyd Circuit Court.

Social Security Booklet Being Mailed to Farmers; Coverage Is Explained

Almost everyone who gets his mail on a rural or star route is going to receive during February a small booklet on social security for farm families, the Internal Revenue Service and the Social Security Administration announced recently.

About 5½ million self-employed farmers, farm employers and farm workers were brought under social security on January 1. This booklet tells them briefly how social security works and what farmers need to do about it. Both the benefits and the tax obligations of old-age and survivors insurance are described.

The booklet points out that, if a farm operator has a worker to whom he expects to pay at least \$100 in cash wages during 1955, he needs to keep a record of the name, social security account number, and the amount of wages paid to the worker. The employer should deduct two percent social security tax from all cash wages paid to each such employee. As the employer, he must put in an equal amount, report the wages, and pay the total social security tax of four per cent to the District Director of Internal Revenue.

Farm land values in Kentucky are expected to decline only slightly this season.

PROCLAMATION

By The Governor of the Commonwealth of Kentucky

To All To Whom These Presents Shall Come:

WHEREAS, the strength of our Nation depends upon the great principles of life, liberty and the pursuit of happiness for all people; and,

WHEREAS, such goals can only be achieved if the youth of our Nation is educated and indoctrinated in these principles; and,

WHEREAS, such education is now imperative because of the growing force of communism with its oppression of small nations which look to us for help and inspiration;

NOW, THEREFORE, I, Emerson Beauchamp, Acting Governor of the commonwealth of Kentucky, do hereby proclaim the month of February, 1955, as

AMERICAN HISTORY MONTH IN KENTUCKY

and urge all homes, schools, colleges and universities, and the people of Kentucky generally to especially emphasize American history during the month and to impart knowledge of the pledge of allegiance to the flag, the Declaration of Independence, and the Constitution of the United States.

Done at Frankfort, Kentucky, this twenty-eighth day of January in the year of our Lord, one thousand nine hundred and fifty-five, and in the year of the Commonwealth, the one hundred and sixty-third.

Emerson Beauchamp
Acting Governor
Charles K. O'Connell
Secretary of State.

IN MEMORY OF FRED BALDRIDGE

Memories are treasures no one can steal
Death is a heartache nothing can heal

Some may forget you, now that you are gone
But I will remember No matter how long.

God knows how much I miss you, dear brother;
never shall your memories fade.
Loving thought will always linger at the spot where you are laid.

Perfect be the rest, dear brother;
It is sweet to hear your name,
and in life I loved you dearly,
and in death we do the same.

I hold you in dreams at night
and think of you at dawn
and yet I have to tell myself,
That you are really gone.

You were so wonderful to me,
So gentle, sweet and kind;
yet there is nothing I can say, dear brother.

Written by his sister Mrs. Grace Neeley, Findlay, Ohio.

Prices of farm machinery and equipment are expected to be about the same this year as last.

Members of 4-H clubs have placed "welcome" signs on four roads leading into Ballard county.

Farmers in Magoffin county are planning to organize a county livestock improvement association.

TO THE PUBLIC

It is difficult to find the right words to express our deep gratitude and sincere appreciation to the many, many wonderful persons who helped in our Johnny Pack Benefit Drive.

"To say a simple 'thank you' would be the understatement of the year. We could never have succeeded in reaching our goal of \$502.00 without you, the public.

Thanks again for your help.

HOWARD IN TEXAS

A/3c Franklin Howard, son of Mrs. Anna Howard Shepherd, and step-son of Abe Shepherd, of Pyramid, has been assigned to Amarillo Air Force Base, Texas, as a student jet fighter, according to a recent announcement by Brig. Gen. Walter R. Agee, base commander.

Airman Howard was transferred to Amarillo from Sampson Air Force Base, New York. He attended Prestonsburg high school.

Often referred to as the Air Training Command's "model" base, Amarillo Air Force Base is the nation's only training center devoted exclusively to the training of jet fighter and bomber mechanics.

Reminder Is Given On Mine Licenses

Operators, owners and lessees of coal and clay mines must procure licenses from the Department of Mines and Minerals to operate during 1955. A. D. Sisk, chief of the Department of Mines and Minerals, reminded today. The licenses must be kept posted at a conspicuous place near main entrance to the mine.

In addition to the annual license, an annual report and map must be on file with the department before the license may be issued, Sisk said. Failure to procure a license constitutes a misdemeanor and may result in a fine of \$25 to \$200 for each day of illegal operations.

GOVERNMENT DEBT

Total government debt in 1953 was equal to 98% of the country's national income. The federal debt alone amounted to 87% of the national income for the entire United States.

VETERAN'S DEADLINE DATES SET BY REGIONAL OFFICE

A checklist of deadline dates before which eligible veterans of the Korean conflict period must act if they wish to take advantage of certain benefits was issued Monday by Ray R. Adams, manager of the VA Regional Office in Louisville.

Most of the deadlines resulted from the President's proclamation setting January 31, 1955 as the end of the Korean conflict period governing eligibility for the benefits. The conflict period began June 27, 1950.

One of the most important deadlines not affected by the President's proclamation requires that eligible veterans who wish to go to school or train under the Korean GI Bill must start training within three years after they leave service or forfeit all further rights to the benefits.

This requirement is contained in the law itself and, therefore, was not affected by the President's proclamation. Those who start their education or training within the required three-year period must complete their Korean GI Bill Training by January 31, 1963, or eight years after discharge, whichever is earlier. The terminating date of January 31, 1963 resulted from the President's proclamation.

For GI loans on homes, farms or businesses, eligible veterans of the Korean conflict period now have until January 31, 1965 to receive a VA guaranty or insurance as a result of the President's proclamation. No further guaranties or insurance may be issued after that date on loans made to veterans under the present law.

For vocational rehabilitation under Public Law 894, eligible disabled veterans of the Korean conflict period must start in time to finish their rehabilitation by January 31, 1964, or nine years after separation, whichever is earlier.

These termination dates apply to all eligible veterans except those in certain "hardship" categories. For the latter, an additional four years is granted by law in which to complete their rehabilitation.

For a \$1,600 grant toward the purchase of an automobile or other conveyance, seriously disabled veterans of the Korean conflict who are eligible must apply for the grant within three years after they leave service or forfeit the benefit.

For this benefit, the President's proclamation merely set January 31, 1955 as the end of the Korean conflict period during which eligibility for the grant may be established. This means the injuries covered by the law must be sustained in active service on or before that date.

No application deadlines prevail for the other VA-administered benefits affected by the President's proclamation. These benefits for eligible veterans of the Korean conflict period on a wartime basis are:

Hospitalization and domiciliary care for nonservice-connected disabilities; compensation for service-connected disabilities or death at wartime rates; pension for total and permanent nonservice-connected

disabilities or death; reimbursement of burial expenses and a flag to drape the casket.

The President's proclamation did not change the deadline previously established by Congressional action for certain benefits available to eligible World War II veterans.

These benefits and the applicable deadlines are:

World War II GI Bill education or training—For those now in training, no additional training may be afforded after July 25, 1956, except for veterans who may have additional training time under the Armed Forces Voluntary Recruitment Act of 1945.

Vocational Rehabilitation under Public Law 16—In general, no training based on World War II service may be afforded beyond July 25, 1956, except for certain hardship cases who are granted an additional four years in which to train.

World War II GI Bill loans for homes, farms or businesses—No guaranty or insurance will be available on loans made to eligible World War II veterans after July 25, 1957, except for those who have established a later terminal date under the Armed Forces Voluntary Recruitment Act of 1945.

"Back to God" Program To Be On Air, Feb. 20, Commander Leslie Says

The fourth annual American Legion "Back to God" program will be on the air on Sunday, Feb. 20, at 8:00, David B. Leslie, Commander of the Floyd Post Number 129, announced this week.

The program will be carried by the American Broadcasting Company but it is hoped that through rebroadcasting the other systems may carry it also into the Floyd county area.

The 1955 "Back to God" TV and Radio program will originate from Grand Central Station in New York City where President D. Eisenhower will again headline the program. There will also be representatives of the major faiths on the program, along with Morton Downey, noted singer, the West Point Chapel Choir, National Chaplain Albert J. Hoffman, Mrs. Percy Lanson, national Auxiliary president, and the national commander, Seaborn P. Collins.

UK County Agent John W. Blue III reports many tobacco yields of 1,800 or more pounds an acre in Powell county.

Plans Are Announced For State Construction

Frankfort, Ky., Feb. 14—The State Property and Buildings Commission announced plans for construction of a health center, an Economic Security office building and a dormitory at Kentucky Training Home here with bids to be opened soon.

The health center will be at Benton and the Economic Security building will be at Glasgow. Estimated cost of the health center is \$32,000; the dormitory, \$325,000 and the Economic Security structure, \$75,000.

Frankfort, Ky., Feb. 14 (Spl.) — A new edition of the Kentucky Industrial Directory will be published this year, it was announced today by Joseph H. Taylor, executive director of the State Agricultural and Industrial Development Board. Taylor said 3,000 manufacturers had been mailed registration cards for the new publication, which will be for 1955-56.

"The heavy demand for the three previous editions of the directory has shown that the publication has become a highly important 'buyer's guide' and has helped greatly to expand the market for Kentucky products," Taylor added.

The directory will list the company name, address, products and employment of all Kentucky manufacturers, and carry other useful business and community information. It will be published by the board and the Kentucky Chamber of Commerce within the next few months. It will be distributed widely over the nation to purchasing agents, defense procurement offices, government agencies and other buyers.

"While out-of-state manufacturers have invested many millions in new Kentucky plants during the last two years, most of the new plants to be listed in the directory are small, locally-owned Kentucky businesses," Taylor said.

"One of the directory's main benefits is that it has shown Kentucky buyers they can find a vast array of quality products here at home, often at substantial savings."

Taylor suggested Kentucky manufacturers complete answers to the questionnaire by March 1, in order that compilation of the new directory get under way immediately.

Those who fail to receive registration cards by February 21 should notify the Board here and cards will be provided, Taylor said.

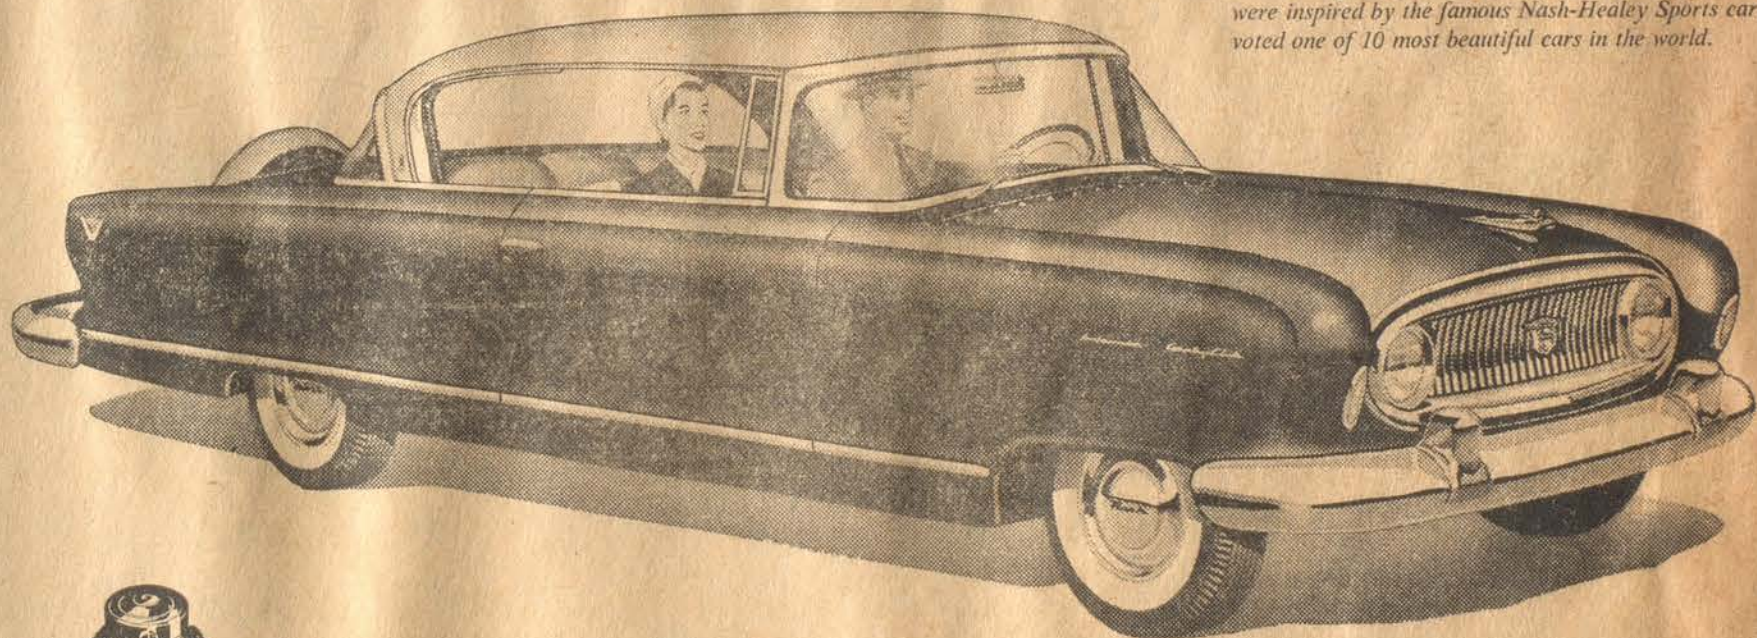

NO AUTHORITY

Frankfort, Ky., Feb. 14 — A county board of education has no right or authority to pay a sheriff for serving papers on parents for failure to send children to school, Assistant Attorney General W. Owen Keller ruled.

He held this duty devolves upon the school attendance officer.
