This Town— That World

If successful writing is, as they say, 99% perspiration and 1% inspiration, I've got it made, what with the temperature, the humidity and the sun doing a double-take through this window at my right.

HE ATE THE EVIDENCE

The Absent-Minded Professor is a storied character, but a wool-gathering fisherman is something more rare. But when one does start pursuing the vagaries you've got something. For instance, there's the case last week-end during the Fishing Rodeo staged at Dewey Lake by the Junior Chamber of Commerce. A sad case, fellows. This guy had caught a four-pound bass and had the prizes in that division in the well-known bag. He had entered the contest, and everything was ready for his triumphant entry. The only complications was, he camped out and next morning had the entry for breakfast before he remembered he was in the rodeo.

The weather, assorted personal ills, the high cost of living and other important conversation topics are getting a rest while this Governor's race is on.

CONGRATULATIONS

Yes, it does pay—sometimes—to read this column. If, for instance, the E. R. May family at Warco hadn't taken time to read a piece we had in our June 23 edition, headed, "Opportunity Knocks," and hadn't done something about it—well, opportunity simply would not have knocked. Instead they entered the contest—we have an idea as to which member of the family did the writing—and have become one of the 10 families who will be guests for a week-end of the Cincinnati Fun Fair Committee as the Royal Family of the Queen City.

DON'T FALL THESE CHILDREN

The noble effort being made in this county to remember the forgotten children—the retarded—is in danger of failure, we are told, because transportation is lacking for these youngsters. One woman has

CITY COUNCIL CUTS LIGHTS

All Lake Drive Lights Except One Eliminated; Third Street, One-Way

All traffic lights on Lake Drive here (the Mayo Trail) are to be eliminated except the light at the Court street intersection, the City Council decided Tuesday night, acting on recommendations made by the State Highway Department following a study of traffic problems here.

The Highway Department reached the conclusion that the other three traffic lights on Lake Drive serve only to slow down and impede the flow of traffic through town while serving no beneficial purpose, Mayor Harry Sandige said.

On the same recommendation the Council also made Third street one-way, with traffic to be routed north. A decision as to Second street was not made.

J. P. Noonan highway department district engineer, Pikeville, said state police will patrol Lake Drive during the 90-day trial period without traffic light control.

The changes will go into effect as soon as traffic signs are supplied by the state it was said.

BONDS ASKED OF TWO HERE, \$25,000 EACH

Howell, Dye Returned To Jail on Two Counts After Examining Trial

Bonds totaling \$25,000 each were asked Tuesday by Acting County Judge W. W. Burchett for the release of Charles Dye and Roland Howell, who have been held in jail here since June 25 on charges of kidnapping and armed robbery.

Amount of their bonds was fixed at the conclusion of an examining trial. Mr. Burchett presided as special judge in the absence of County Judge Henry Stumbo. The two were returned to jail upon their failure to execute bond.

Bond of \$15,000 each was asked on the kidnapping charge and \$10,000 each for armed robbery. The charges against the two men, both in their early 20's, were made by Lowell May, 26, of Salyersville.

Neither of the defendants testified at the hearing, and no defense testimony was heard. May, as chief witness for the Commonwealth, repeated the story of kidnapping and robbery that he first told in a signed statement, adding details to the account. The other witness was Deputy Sheriff Green Johnson, who identified two revolvers as having been confiscated from the home at Price of Jarvey Howell, father of Roland, at the time the two men were arrested and the elder Howell was shot by Deputy Sheriff Troy Mullins. Howell's condition was reported improved this week, although a .30-caliber rifle bullet fired by the officer passed through his liver.

BOARD NAMES GRID MENTOR

Ted Cook To Succeed Ferrell in Coaching Black Cat Grid Team

Ted Cook, who for the last two years has been regarded as a top football coach in the South-Central Kentucky Conference, will come here next month to become head grid coach of the Prestonsburg Black Cats.

Cook, who has been coach at Lebanon (Ky.) high school, was named to the post Tuesday by the Floyd County Board of Education. His selection for the job left vacant by resignation of Doc Ferrell, who begins coaching at Owensboro, Ky., this fall, was made only after a careful study of several applicants for the job here. County Superintendent Virgil O. Turner said the Athletic Association here was consulted before the coaching post was filled.

A native of Whitesburg, Cook had coaching experience while in the U. S. army during World War II. He is a graduate of Eastern State College where he played both football and basketball. Cook was recommended by Paul McBrayer, Eastern State mentor as an outstanding coach and citizen.

At Lebanon high school he won one conference championship, was named Coach of the Year in 1953, and last year tied for the loop lead with Glasgow. The fact that he specializes in the split-T made him the more acceptable to Prestonsburg where Ferrell employed that system with marked success after starting out with the straight-T. Coach Cook's conference record was 11 wins, 3 losses and 2 ties.

Thirty-five years old, the new coach is married and has two children. He is expected to move here within the next few weeks.

Disabled Garrett Miner Is Heart Attack Victim, Monday of Last Week

Virgil D. Slone, 57, of Garrett, died of a heart attack, at 11 a.m. Monday of last week. He was a disabled miner.

Mr. Slone was a son of the late Charley and Elizabeth McKnight Slone, and was married to Angeline Hill Slone, who survives. Surviving also are a step-son, Harlowe Nowak, of Garrett, and a step-daughter, Mrs. Roy Click, of Manton.

Brothers and sisters surviving are Mrs. Brock Foster, Kansas City, Mo., Mrs. James Lewis, Cincinnati, Roy Slone, Batavia, O., Arthur Slone, of Garrett, Guy Slone, Cincinnati, John Slone, of Indiana, Mrs. George Hansford,

\$15,000 Suit Filed By Clarke Naming Tenant of Building

Damages amounting to "at least" \$15,000 are asked in a suit filed by J. B. Clarke, his wife, Mrs. Verther Clarke, and their son and daughter, Dr. W. F. Clarke, Pikeville, and Mrs. Jane C. Fugate, against John D. Collins, former tenant of a building owned here by Dr. Clarke and Mrs. Fugate.

Damage claimed in the partial destruction by fire of the building while Collins had it leased for business purposes. The parents acted for their children in leasing the property, and the lease provided that Collins would take all reasonable precaution to protect the building from fire, the petition says. It alleges that the fire was a result of Collins' negligence and carelessness.

The building, of block construction, was valued in the petition at \$25,000. Fred Francis, Prestonsburg attorney, represents the plaintiffs.

LEWIS SEEKS TO FILE SUITS

Asks Court of Appeals For Reversal of Ruling By Spl. Judge Grauman

Jesse K. Lewis, of Lexington, Wednesday, petitioned the Court of Appeals to reverse the ruling of Judge Lawrence S. Grauman in three Floyd county suits filed by the Good Government Taxpayers League and to uphold his right to bring the suits for the recovery of money alleged to have been misappropriated by officials and former officials of this county.

This is the same litigation that led to charges of unprofessional conduct against Lewis. The Board of Bar Commissioners ordered him suspended from practice for six months, and a special Court of Appeals affirmed the suspension June 24.

Lewis filed the suits in question late in 1952 on behalf of the Good Government Taxpayers League. One suit sought to recover \$1,504.80 from Troy Sturgill, sheriff, from 1946 to 1949, on the grounds it was due the county and he had not paid it.

Another suit sought to recover a part of his salary from County Clerk DuRan Moore on the grounds the fiscal court illegally raised it from \$750 to \$1,200 a year.

The third sought to recover from A. B. Meade, then sheriff, certain expense accounts allowed him for fiscal court, including \$75 a month for his private automobile.

Judge Grauman who sat as special judge of Floyd circuit court to try the cases in April, 1953, ruled the clients of Lewis did not have a right to bring the suits.

EDUCATION AID LESS FOR '55

Per Capita Off 67 Cents As Census Grows; Schools In Floyd To Get \$558,416

State aid to public education, commonly known as the per capita support, is \$36.84 for each child between the ages of 6 and 18 in the school census. It was announced in Frankfort last week. That amount is 67 cents per child less than the per capita for the preceding fiscal year.

The reduction results from the fact that the same gross total of money—\$26,212,500—is available for division this year as last, and this year the school census population is 12,675 more children than last year.

The Floyd county school system will receive \$526,546 in per capita funds—\$8,801 less than last year. The Prestonsburg independent district's share will be \$31,870—\$428 less than the per capita apportionment for the 1954-1955 school year. The new census lists 711,434 children of school age. The 1954-55 census listed 698,759.

These facts were announced by Wendell P. Butler, superintendent of public instruction.

The per capita is calculated by dividing the census of 711,434 into the \$26,212,500 appropriated by the 1954 Legislature for district support. The per capita goes to every district, share and share alike. But later in the 1955-56 term, \$8,573,000 will be sent to poorer districts in an effort to equalize them with the wealthier ones.

Except for isolated exceptions, all the state support must be used to pay teachers.

The new school census shows the same pattern of population trend that has prevailed in Kentucky since World War II.

STRIKE CAUSE IS DISCUSSED

Maynard Says Return To Work Will Depend On Compliance to Pact

Jolie Maynard, president of the union representing striking employees of the Sparks Brothers Bus Company here, said Tuesday that the workers are willing to talk terms leading to a possible return to work but added that the only terms acceptable would provide that the company as well as the union comply with the letter of the contract.

"We have bent over backwards, trying to help the company in hard times, paying for gasoline out of cash receipts and accepting whatever was left after the gas was bought as our pay," he said. "But now the company tells us everything is to be according to the contract and that we're to turn in every cent we collect and the company will buy the gas and pay us our wages. That's all right, but our pay was short the last time, and now we want the company to stick with the contract, too."

He added that one driver, Bernard Francis, was discharged when he refused to work an extra day after having worked the full week called for by the contract. That was when the drivers quit, Maynard added.

"The whole thing is so complicated it's almost impossible to explain it all," he said. The union has not objected to Fred Dickerson, a part-owner of the business, selling tickets, although he replaced a union member as ticket-agent, nor does it object to the recent employment of Frank Hatfield as general manager, Maynard said.

Seven drivers operating on highways from Prestonsburg to Wheelwright in one direction and to Hazard in the other are idle as a result of the dispute.

Topmost Girl Wounded By Bullet, Improving; Is Wayland Hi Senior

Aster Cook, 17, daughter of Albert Cook, Topmost, was wounded Monday night of last week at her home by a bullet from a .38 special revolver.

According to authorities investigating the shooting next day, the shot was fired by Buford Bates, 19, of Kite. They said that Bates and Miss Cook had dated "steadily" for the past two years but could throw no light on the causes of the shooting. She is a senior at Wayland high school.

Miss Cook was taken to Stumbo Hospital where her condition was listed as "good." The bullet, deputies said after the preliminary investigation, passed through her body and lodged in a wall of the building. It was a flesh wound, they said.

A warrant has been issued charging Bates with shooting and wounding.

MRS. MESSER SUICIDE VICTIM

Wife of Former Coach Found Dead at Hinton; Failing Health Blamed

Mrs. Dorothy Miller Messer, 45, wife of W. M. Messer, of Hinton, W. Va., a former Floyd county basketball coach, was found dead Sunday night in Hinton, reportedly the victim of a self-inflicted bullet wound.

Mrs. Messer was widely known in Floyd county, her husband having formerly been basketball coach at Prestonsburg high school and principal of Maytown high school. She had been in ill health for years and had been despondent, the family reported. She was a member of the Christian Church and was active in civic work.

Her body was found Sunday night at the rear of the Western Auto Store in Hinton of which her husband is manager. Mr. Messer was away from home at the time of the tragedy, and when Mrs. Messer failed to appear at home, her daughter, Mrs. Dale Ratliff, of Hinton, and a neighbor began the search which ended with discovery of her body.

Mrs. Messer was a native of Wallins Creek, Ky. The family had resided in Hinton since 1940. Besides her husband and daughter, she is survived by her mother, two sisters and a brother. Burial was made at Wallins Creek.

NAME TURNER FOR 4 YEARS

Superintendent's Term Set Ahead until 1960 At County Board Meet

The Floyd County Board of Education at its Tuesday meeting employed Virgil O. Turner for a second four years as superintendent of Floyd county schools and secretary of the board. The new term will begin with the end of his first, July 1, 1956, and will extend Mr. Turner's tenure of office till July 1, 1960.

At the same time the board re-employed its present office force: Clem Martin, assistant director of instruction; Mrs. Lucille Herndon, clerk; Mrs. J. A. Spradlin, bookkeeper; Mrs. Rebecca Rasmick, assistant bookkeeper; Blanche Dingus, health coordinator; Robert Thacker, payroll clerk; Wanda Greene, clerk; M. C. Wright, textbook custodian; Betty Phillips, attendance department clerk; Herbert Prater and Glenn Whitaker, attendance officers; George Edward Allen, maintenance supervisor.

Otis D. Spurlock, director of instruction has been employed as principal of the new county-owned Pres-

Presenting a silver goblet to Mrs. Winnie F. Johns for her work on the Dogwood Trail honoring this county's war-dead is Ed Stewart, commander of the John B. Reynolds Post at Martin as John Campbell past district commander of George Owsley Post, of Garrett, watches.

Prestonsburg's Mrs. Winnie F. Johns, founder of the Dogwood Trail Association, was honored by the several American Legion posts of this county Saturday on the Good World program of radio station WPRT. Paying tribute to Mrs. Johns were John Campbell, of Garrett, past district commander, Ed Stewart, of Langley, commander of the Martin post, and David B. Leslie, past commander of Post 129, Prestonsburg.

"The American Legion appreciates the work, effort and leadership of Mrs. Winnie F. Johns," said Leslie, who was the principal speaker of

STUDY SLATED ON 4-H CAMP

First Group To Visit Lake Site, Saturday; Report Due August 2

First of a series of visits to the site for the proposed regional 4-H Club camp in the vicinity of German on Dewey Lake is scheduled for Saturday, and out of these will come a report to the general Camp committee at its August 2 meeting in Flemingsburg on the overall plan and needs for the big installation.

County and home demonstration agents and 4-H leaders from the Greenup-Rowan section of the area will visit the site Saturday. Next Monday, the delegation will be from the Big Sandy section.

County Agent Ellis Boggs said this week that he has proposed July 23 as the date for a visit to the site by various committee members for a detailed study of the area, the acreage needed, landscaping to be done and other work that will be required. This group will probably include J. B. Clarke, who will handle legal work; M. V. Clark, health; County Agent Boggs, representing farm agents; Betty Jo Powers, of Johnson county, representing home demonstration agents; Boyd Wheeler, field agent in 4-H Club work; Kermit Mills, engineer, and N. H. Elliott, landscape engineer.

This group will make the report to the general committee at the Flemingsburg meeting, and out of that meet are expected to come definite plans and the pinpointing of needs. After that a lease will be procured from the U. S. Corps of Engineers on the land needed for the camp and the Finance committee will begin work.

SENATE VOTES \$40,000 FUND

For Big Sandy Survey On Waterway Planning; Other Items Increased

The Senate passed with little debate Tuesday the bill providing \$563,763,000 to plan and build flood control and navigation projects during the current fiscal year, and in this amount was included an appropriation of \$40,000 for the survey by the U. S. Corps of Engineers of the Big Sandy valley.

The House originally voted a \$20,000 appropriation for the Big Sandy survey, as recommended by the Administration, but Senator Earle C. Clements succeeded in getting that amount doubled by the Senate Appropriations Committee.

The entire appropriations bill now goes to a conference committee, since the Senate action on the Big Sandy and other projects increased the amount authorized by \$45,543,200. Senator Clements in a wire to The Times expressed the hope that the conferees would agree to the increases.

Other projects in this section benefitting by Senate action: Funds for a survey of the Kentucky River were increased \$30,000. The House voted \$20,000 and the Senate made it \$50,000.

A proposed floodwall at Catlettsburg got \$250,000 more from the senators. The House had approved \$50,000 to complete planning. The senators made the total \$300,000 so that construction can be completed a year ahead of schedule.

East Kentucky items voted by the Senate just as they came from the House were:

PRICE SLUMP CAUSES SCARE

Beans Drop to 75 Cents But Stage Comeback; No Sales Made at Low Price

Beans dropped to a low of 75 cents a bushel at the Huntington market late Tuesday afternoon, throwing a big scare into Floyd county farmers, but in a few hours the market rose again to \$1.25 per bushel. No farmers, as far as known to the Floyd County Marketing Association, have had to take less than \$1.25 per bushel, it was said. Top price received this year on the Huntington market was \$3.25 per bushel.

Approximately 2,000 bushels of Top Crop variety of beans have been shipped from here to Huntington as of Tuesday evening. In addition to this several hundred bushels have been sold locally, it was said. Peak of production was said to have been reached the middle of this week and production would almost cease by Sunday.

Several depressing factors contributed to the low price of beans this week, marketing men said. The conditions began last spring when farmers failed to plant by April 15, either due to the rainy weather or from fear of frost damage. This made the crop late. Beans were thus late here to reach market at top prices all the production period. Then to further depress the market, producers in other states began to haul to the Huntington market where beans were bringing \$3.25 per bushel. Beans were hauled to the tri-state market city from far away as North Carolina, Maryland, Pennsylvania and New Jersey.

"Luckyly for us though the North Carolina shipments caught the Huntington market very low and thus scared the truckers away. It may be that the prices will remain at a profitable margin until the end of the season," Boggs says.

Boggs, in discussing the use of bean vines for hay, said that if farmers had used any of the three sprays of methoxychlor, malathion or rotenone, there was no danger in feeding to livestock.

BUDGET TOTAL IS \$211,712

Outlay on Highways To Be Less, Is Plan Of County This Year

The 1953-1956 budget adopted by the fiscal court and recently approved by M. D. Maghill, local state finance officer, envisions the expenditure of \$211,712.

This total is \$7,469 more than was spent last year, but actually less money will be spent on many items while others remain unchanged. The biggest single increases in outlay for the year are anticipated on payment of road and bridge bonds and purchase of rights-of-way. The budget proposes \$30,900 debt service on these bonds, which is \$23,800 more than was spent for this purpose during the last fiscal year, and \$11,000 for rights-of-way as compared with \$2,500 used on that score the preceding year.

Among the heavier expenditure reductions planned are these: Highways, \$57,880, which is \$10,820 less than last year; health and sanitation, \$2,620, a decrease of \$4,300; hospitals, charities and corrections, \$9,600, a drop of \$3,100. The amount set up for the service of old debts was \$21,500, which is \$3,000 below last year's figure.

Letters were also sent to other Floyd counties over the United States similarly honored by the re-naming services. These were Floyd county, Georgia, Indiana, Iowa, Texas, and Virginia.

WAY CLEARED FOR JULY 21 BOND-SELLING

Two Boards, Council Take Necessary Steps For \$275,000 Issue

Action taken in one day this week by the Floyd County Board of Education, the City Board of Education and the Prestonsburg City Council cleared for action deeds that had been in more or less of a mess for months.

The effect of the three separate meetings was to remove any possible local barrier to the sale of \$275,000 worth of revenue bonds July 21 to finance the construction of the auditorium-gymnasium as an annex to the new Prestonsburg high school.

The county board executed a deed to the site and approved a sizeable volume of papers necessary to successful conclusion of the bond sale. The city board later in the day met to transfer the site to the City Council which, acting as a holding company for the school board, then authorized sale of the bonds.

Bids on the bonds will be opened at 11 a.m., July 21, at the Municipal Building here.

Once the bonds are sold, work will begin as soon as materials are at hand. Akers & Akers, Banner contractors, already have been adjudged low bidders on the project, and the contract will be officially awarded them upon sale of the bonds. The firm is now adding the finishing touches to the high school building itself.

Total cost of the auditorium-gymnasium is estimated at \$296,800, the ordinance adopted by the City Council Tuesday evening specifies. This total includes these items: contract for construction, \$266,000; architects' fees, \$12,500; estimated interest during the period of construction (one year), \$11,300; financing fee, \$3,000; attorney fees and other legal expense, including that of an appeal to the Court of Appeals, \$4,000.

Although the bond sale will initially be for only \$275,000, the City Board of Education authorized the immediate transfer of \$12,600 of its funds to the City of Prestonsburg School Construction Account, and further pledged the transfer of an additional \$9,200 to \$12,600 (depending upon the amount needed) of its special school tax revenue for this year.

PLANT DEFECT ROUSES FEARS

Martin Water Supply Held Safe As Repairs To Mechanism Effected

Fears of residents of the town of Martin as to the purity of the municipal water supply were allayed Wednesday after County Health Administrator M. V. Clark worked with water company employes in testing the water and placing the water plant back to what is regarded as effective operation.

"I think everything is in good shape," Mr. Clark said today (Thursday). He will, however, check the water daily.

The trouble began, it was said, when W. B. Jarrell, veteran operator of the water system there, quit after a dispute with water commissioners. That threw operation of the plant onto Clyde Lester and W. E. Frazier, neither of whom had had much experience. A mechanical defect developed, cutting the chlorination system off for about 36 hours except for pre-chlorination. The filters were undamaged.

The small unit used for pre-chlorination was put into use Wednesday to serve also for post-chlorination, and this arrangement, believed to be effective, will be in operation until a new part is received and repairs are made.

Navy Renames LST 762 Honoring Floyd County

The United States Navy has renamed a ship in honor of Floyd county, the Prestonsburg Junior Chamber of Commerce was notified this week.

Last Saturday, the LST 762 was officially redesignated the U. S. S. Floyd County. All senior county officials were invited to attend the renaming ceremonies held on board ship in San Diego Bay, California, at 9:00 a.m.

Letters were also sent to other Floyd counties over the United States similarly honored by the re-naming services. These were Floyd county, Georgia, Indiana, Iowa, Texas, and Virginia.

Hensley-Howell Vows Exchanged June 24th

Miss Herma Jean Hensley, only daughter of Mr. and Mrs. Charles Irby Hensley, of Warco, Ky., became the bride of Mr. James B. Howell, Jr., of Louisville, Ky., Friday, June 24.

The double-ring ceremony was performed by Rev. John D. Boykin, pastor of the Baptist church, in the parsonage at Buechel, Ky., in the presence of a few close friends. The bride wore a ballerina length gown of pink and white swiss, with an orchid corsage.

The bride, a graduate of Maytown high school, attended the Spencerian Commercial School in Louisville, and for some time has been an employee of the Girder Company of that city. The groom is the elder son of Mr. and Mrs. J. B. Howell, Sr., of Louisville. He is a graduate of Male high school, and is employed at National Carbide Company, Louisville. He was with the U. S. Army, 1951-1953, serving in Korea in 1953.

Following the ceremony, a reception was held in the home of the groom's parents. The young couple will reside in Louisville, where they are preparing to purchase a new home.

Mr. and Mrs. Howell spent the week-end of July 4 with her parents at Warco. On Tuesday afternoon they were honored with a tea and miscellaneous bridal shower, by Mrs. Thomas Ray Flannery, in the home of her mother, Mrs. Edgar R. May. Co-hostesses were Mesdames John R. Baldrige, Roland Burchett, Tommy Jones, and Miss Kaye Francis Hagans. Receiving with Mr. and Mrs. Howell were Mrs. Flannery and Mrs. Burchett, together with Mrs. Hensley, mother of the bride. Mrs. Howell wore a frock of white designers' cotton, with gunmetal print, and a sweet pea corsage. Mrs. Hensley wore a blue sheer, with pansy corsage.

The dining table was centered with a huge bowl of Regal lilies and lace fern, while other summer flowers filled the rooms, where the many beautiful gifts were on display. The hostesses served a salad course and punch to the numerous guests in attendance from various towns.

Lightning Strikes Twice—at Same Man

Portland, Ore. — An explosion in an electric substation caused by lightning blew Harold Judd, of Vancouver, Wash., 25 feet across a room and out the door.

After he counted his bruises and scratches—not serious—he found his car, outside the building had been damaged to the extent of \$100.

MARRIAGE LICENSES

Billy Joe Jackson and Mary Jo Smith, Woodrow Mullins, 24, and Dora Mae Marshall, 16, both of Manton; married here June 29, the Rev. M. C. Wright officiating. Neve Conley and Cloydene Daniels. Nathaniel Moore and Shelby Jean Hamilton. Arval J. Moore and Jeanne Collins. Alonzo Jones and Ioma Ruth Ousley. Nelson Prater and Clara Sparkman. Frank J. Di-Georgio, 31, and Katherine Goble, 39.

Strawberry short cake was served to 300 persons who attended a strawberry show in Johnson county.

Two Towns Plan Community Buildings

In Pikeville it's not the American Legion but the public that will be doing the job of constructing and equipping a Community Building. Work there will be started July 23, we are told, on a structure the cost of which will approximate \$60,000.

This neighboring venture is cited as an example for Prestonsburg. Here, Floyd Post of the American Legion proposes a building along similar lines but smaller and less costly. The Post has the lot, several thousands of dollars to invest in the undertaking but not enough to do the complete job. That is where public support in terms of dollars and services can help make the Community Building possible.

The buildings planned for both Prestonsburg and Pikeville are similar in purpose; to provide a meeting-place for community gatherings, library quarters and the like. Pikeville's envisions an auditorium seating 800; the building here does not. A daily youth program planned at Pikeville has not yet come into the plans here.

This is not to suggest dreaming of the impossible, but with enough support from the public the Legion Post here could enlarge its plans to meet other needs of the community. In any event, it will need help, it cannot carry the whole load; a community project, it will afford the community a chance to have a part in its building as well as in enjoying its facilities.

Warnings and Pleas Failed

Every known means of communication was employed last week to warn the American people against the tragedies that awaited them over the holiday week-end if they did not use extreme caution in their driving and other recreational activities. Press, television, radio, even sermons from the pulpit—all urged sanity upon the people. The National Safety Council stepped up its unrelenting war of propaganda against recklessness inside autos and out.

And yet the holiday toll was the most ghastly in history.

That is not to say that all those words of warning were wasted. Perhaps more autos were on the nation's highways than ever before; as more people live and move about in their somewhat frantic quest for enjoyment and relaxation, there are more to die.

Yet nobody can deny that there is something basically wrong. Many of those who died were innocent of recklessness or carelessness; they were trapped like rabbits inside their autos as wild, reckless speedsters bore down upon them. One unthinking, uncaring driver can kill a dozen of the most thoughtful and cautious. And that is the type of motorist to whom all warnings, all pleas are only so many words.

Then what is the solution to this problem that grows more perplexing, the harder it is studied? We do not know, can only surmise. But we have an idea that, education and warnings and pleas failing, the cruder attack might work. That attack would consist of stricter regulations and stricter enforcement.

More reckless motorists behind bars instead of behind wheels will mean more precious lives saved.

Baptist Vacation Bible Schools Enroll Over 700 At Dozen Points

Pictured above is Thomas Jervis, of Home Branch, with three of his children, Irene, Wayne and Hattie Belle, and five grandchildren, Montaine, Lou Anice, Arizona, Kathleen and Minerva.

Last Friday brought to a close a five-week period of Vacation Bible School activity sponsored by the Irene Cole Memorial Baptist Church during which time there were 12 schools conducted with a total enrollment of slightly more than 700. Schools were conducted at the local church, the nine points in the county where Mission Sunday Schools have been established and in the communities of Buckeye and Emma. Last year, eight such schools were conducted.

One of the highlights of the closing day's activities was the presentation of a certificate with gold star for perfect attendance to "Uncle" Tom Jervis, 71-year-old resident of the Home Branch community, who attended the Intermediate Bible class at the Home Branch Bible School for the entire 10-day period.

Floyd Family Wins Fun Fair Week-End, Cincinnati's Guests

Carl W. Rich, chairman of the Cincinnati Fun Fair Committee, wired The Times this week that one of its reader-families, the Edgar R. May family, of Langley, has won an expense-paid week-end in Cincinnati as guests of the Cincinnati Fun Fair Committee.

The Floyd family is one of 10 to be honored as Royal Family of the Queen City over the 10-week period, July 1 through Sept. 6. The May family won by submitting the best completion to this sentence: "I would like to spend a week-end in Cincinnati during summer Fun Fair because . . ."

In Cincinnati, the week-end of July 15-17, the May family will select their entertainment, occupy the presidential suite of one of the city's finest hotels, choose where they will dine, meet TV and radio celebrities and dignitaries, and enjoy a round of events.

The Fun Fair contest closes August 19. Entries should be mailed on a postal card, addressed to Cincinnati Fun Fair Committee, 307 Union Central Building, Cincinnati 2, Ohio. Any family may send as many entries as it chooses.

Mr. Rich's telegram follows, in part: "Congratulations. A family from the Prestonsburg area, the E. R. May family, has been named as Cincinnati's Fun Fair Family for the week-end July 15-17, when they will be guests of our city."

WATERFIELD ANSWERS THE COURIER-JOURNAL

Harry Lee Waterfield referring to an editorial in the Courier-Journal June 23, 1955, declared: "That Bert Combs was a tool for Earle Clements and Lawrence Wetherby. It is a farce for the captive candidate who is running against 'Happy' Chandler to claim independence of thought or of action. His every thought and his every act is dominated completely by Earle Clements and Lawrence Wetherby, and we have had enough of Earle Clements."

"I want no part of Earle Clements, Lawrence Wetherby, their group or this administration. I have served as speaker of the House, and in the Legislature with five governors—Happy Chandler, Keen Johnson, Simeon Willis, Earle Clements, and Lawrence Wetherby. I am running with Happy Chandler in this campaign because in my experience and in my judgment he is the greatest governor Kentucky has ever had."

"We must rid ourselves of the leadership that is now in Frankfort, and I call upon you people and all honest Kentuckians to nominate and elect Happy Chandler. . . I urge you to support him vigorously, for the people of Kentucky are entitled to his experience and leadership."

"When Earle Clements was in the Senate he turned the teachers down. . . They have not done anything for education except to make promises that were not fulfilled. . . I say to you that Happy Chandler will provide the funds for the Minimum Foundation Program and I further say to you that I know what I am talking about."

"I want to make one thing crystal clear concerning my experience in state government: I may be a naive person and there are some things I don't understand about political machinery, but I do know this much—that Happy Chandler has never told me a lie and that is a lot more than I can say for some other people who have served in the Governor's office."

Sheepmen Schedule Meet At Courthouse, Friday UK Specialist To Attend

A meeting of sheepmen and interested farmers has been called for Friday evening of this week at the courthouse here. The meet will start at 8 p.m., County Agent Ellis Boggs said. R. C. Miller, sheep specialist, University of Kentucky, will attend.

Subject of discussion at Friday's meeting will be whether or not to sell now or hold lambs for future sale, desirable breeding types of rams, ewes available for type shipment for breeding purposes, the wool incentive program and lamb prices.

There will be a brief meeting of the Floyd County Sheep Committee immediately after the general meet, it was said. Virgil Smith, of Allen, chairman of the sheep committee, urged farmers and sheepmen to attend.

20-POUND CATFISH COPS FISHING RODEO BIG PRIZE

A twenty-pound, 40-inch catfish, caught by Ed Cecil and Bee Hayes, of Betsy Layne, won the grand prize in the Prestonsburg Junior Chamber of Commerce Fishing Rodeo at Dewey Lake, July 4.

The whopper was landed about 100 yards up the lake from the mouth of Brandy Keg cove where the Dewey Lake State Park boat dock is located and was the victim of a hunk of cheese. In addition to taking the grand prize of \$100 worth of fishing tackle for the largest fish caught, it was also tops in the catfish division.

Four others of the 60 fish registered by fishermen from seven states won prizes in the bluegill, carp, crappie, and bass divisions. There was no entry in the pike division.

I. H. Layne, South Point, Ohio, was the champion bluegill producer with a 4-ounce, 6 1/2-inch specimen. His winning entry was good for a flyrod and reel.

J. L. Jenkins, West Portsmouth, Ohio, grabbed the honors in the bass division with a 2-pound, 3-ounce, 15 1/2-inch largemouth bass. He was awarded a tackle box and 25 lures. Fred Wells and son, Doug, Prestonsburg, won the carp and crappie divisions with a 2 1/2-pound carp and a 9-ounce crappie. Their catches were good for lanterns, minnow buckets, lines, lures, paddles and other assorted fishing equipment.

Fishing was hampered by some 10,000 to 12,000 people visiting, boating, swimming and camping over the July 4th week-end.

Prestonsburg Kiwanians Attend Annual Convention At Cleveland, June 26-30

Dr. and Mrs. George P. Archer and Mr. and Mrs. Chalmers Frazier and C. L. Hutsinpipler, all Kiwanians of Prestonsburg, attended the 40th annual convention of Kiwanis International at Cleveland, Ohio, June 26-30. They joined more than 13,000 other Kiwanians and their wives at the largest convention in the organization's history.

The convention was held in Cleveland's Municipal Auditorium as the high spot in Kiwanis' 40th anniversary year. The first convention of Kiwanis International was also held in Cleveland. At that time, the organization boasted 16 clubs. Today, there are well over 400 Kiwanis clubs in the United States, Canada, Alaska and Hawaii.

Principal speakers at the five-day meeting, in addition to Kiwanis International President Don E. Engdahl, were the Honorable Ezra Taft Benson, Secretary of Agriculture, The Honorable A. D. P. Heeney, Canadian Ambassador to the United States, and General Nathan F. Twining, chief of Staff, United States Air Force. Dr. Reuben K. Youngdahl, pastor of the Mount Olivet Lutheran Church in Minneapolis, delivered the opening address of the convention Sunday evening, June 26th. Mrs. Kathryn Metz, well-known journalist and staff member of the Quaker Oats Public Relations Department, will speak to the women on Monday, June 27th.

Nine Perfect Years

Another record of attendance was chalked up at the end of the ninth grade at Wheelwright this year when Glenda Joyce Jones received her perfect attendance certificate. She has attended nine years without missing a day. She is the daughter of Mr. and Mrs. Tilden H. Jones, of Bevinsville.

SPORTS CHATTER

By Gordon Moore

(Continued from Page One)

Eastern Kentucky lost another excellent high school coach this week, due to low salaries. Glendon Stanley, head football and basketball coach at Morgan county high school for the past ten years, resigned Wednesday, to accept a teaching job at Fellers high school in Florida.

He said that he regretted leaving Eastern Kentucky but the salary increments were too much to pass up.

The Prestonsburg Junior Chamber of Commerce will again sponsor Johnny Cook in the Kentucky State Junior Chamber of Commerce golf tournament at Hopkinsville, July 10 and 11. The first five in the Kentucky play-offs will qualify for the national tournament at Columbus, Georgia, later next month.

The Jaycees hope to send five Prestonsburg youths next year if enough show an interest in the sport.

It was encouraging to note last week-end that fishermen from seven states were fishing on Dewey Lake. Prestonsburg businessmen should begin to realize the value of the lake to the community, to aid these tourists in any way possible, since they spend many, many dollars locally.

The highlight of the Jaycee Fishing Rodeo was to see many of the local anglers and "blowhards" trying to catch a 5-ounce bluegill and a 3-pound carp since they would have won the divisional prizes. Any other time, these same fisherman would have frowned on any person catching same.

Record monthly consumption of coal by electric utilities of 12,018,000 tons, set in January, 1955, will be broken in November and December, this year, as a result of expanding installation of AEC and TVA projects.

done practically all this work of transporting the tots to the special class at Martin, and help must be found. We can't believe folks aren't interested in giving these children a chance; some don't understand the need, others haven't stopped to think. A good line of thought is this: "If my child were one of these, what would I do to see that it gets an opportunity to learn something, a chance to find a place in life instead of facing hopelessness and a miserable existence."

This man, Dr. Leete, drives from Lexington to Martin once a month, pays his own expenses and gives retarded youngsters free examinations. That isn't any joy-ride he's taking once a month. It isn't piling up any great honors for him. He's doing that out of the goodness of a great heart. Besides that, funds raised through The Courier-Journal and Louisville Times and Radio Station WHAS have been allocated to this county to pay for the services of a teacher for these retarded tots. All this comes from outside Floyd county.

Then can't we at home share in a great work to the extent that as many as 10 persons will volunteer to give of their time about five hours every two weeks? The big need is for transportation of the McDowell group to the class at Martin. The children must be at Martin by 9:30 a.m. and returned home at 11:30 a.m.

Mrs. A. H. Mandt (Phone 3218, Martin) will explain the program and the needs to any interested caller.

The budget provides for \$12,000 for labor on roads, \$5,500 below the preceding year; \$3,500 for materials for roads, \$1,100 off the 1954-1955 total. For road and bridge construction \$5,000 was earmarked. Nothing was budgeted last year for such work. The new machinery appropriation was cut from last year's \$4,000 to \$3,000.

All official salaries remained unchanged, with the exception of an increase in Sheriff's fees from \$3,300 to \$4,000. The amount earmarked for the election commissioners was increased from \$150 to \$200.

A new appropriation was that of \$820 for a home demonstration agent.

The grand champion lamb at the Pennyroyal district 4-H show at Hopkinsville, shown by Kenneth Porter, brought \$96.50 a hundred-weight.

rural areas in general, are losing substantial numbers of people.

2. But, from the viewpoint of total population, these losses are more than offset by gains in urban centers, and in counties along the Ohio River.

Louisville for example, gained 2,014 children, and Jefferson county outside the city gained 5,871.

Lexington gained 446, and Fayette county outside the city gained 836.

Kenton county gained 510, Campbell county, 175, and Boone county, 294. This area is suburban to Cincinnati.

The peak of atomic construction having stopped near Paducah, McCracken county lost 1,129 children. But new atomic construction just north of Portsmouth, Ohio, swelled the Greenup census by 234, and the Lewis county census by 314.

Pike county was hardest hit in the coal section, losing 526. Whitley county, with the same economy, lost 327, and Perry county lost 126.

Ballard county lost 347, due to close of atomic construction in near-McCracken. Wolfe county lost 172, Morgan county, 171, and Elliott county, 172.

In dollars, of course, each district will lose or gain in proportion to its loss or gain in the school census. Details on other counties of this area may be found in the following table. The first column of figures shows what the per capita will be this term. The second column shows what it was last term.

4,500 HERE AND AT MARTIN FOR JULY 4th CELEBRATION

Fat men and lean, pretty girls and ugly men, the old and some so young and spry they could climb greasy poles and catch greasy pigs—all these and more went into the July 4 celebrations staged in Prestonsburg and Martin as an estimated 4,500 persons gathered in the two towns.

Prestonsburg's celebration began with a parade of veterans of Foreign Wars, the American Legion, Little and Pony League players, the high school band and the Fire Department. It closed with a fireworks display and square dance in Court street.

Between these events were the addresses of welcome by Dr. Jack Salisbury, past commander of Walter K. Bowling VFW Post, and a patriotic address by the Rev. Harold W. Dorsey, pastor of the Methodist Church, with these followed by a day full of contests.

An estimated 2,500 persons spent the day here. At noon 180 watermelons were served, and through the day children enjoyed a free show. Cash prizes were awarded in these events.

Fat man's race, Bob Craft, winner; egg and spoon race, Allen Pitts; largest family, a tie between Sallie Hale and Mary Prater, nine children each; oldest man, Levi Strickland, 94; oldest woman, Jenny Miller, 79; pie-eating, Paul Jarrell; Tallest man, Junior Howard; ugliest man, tie between Bob Marshall and Junior Stone; wife-calling contest, Ollie Campbell; husband-calling, Ollie Jarvis, of Cow Creek; greasy pole, Frank Sweeney; greasy pig caught by Clyde Perry; fiddlers' contest, Woodrow Salyers; horseshoe pitching, Raymond Goble; hog-calling, tie between J. H. Hughes and Dilly Blackburn.

At Martin the crowd was estimated at 2,000, and the awarding of \$500 in cash prizes was one of the big events. Winners of these awards were: \$300, Eugene Case, Hunter; \$100, Harold Mullins, of Martin; \$20 to Pearl Hunt of Drift, Dick Allen, of Martin, Mrs. J. S. Sherman, of Martin, Earl Hughes, of Weeksbury, Everett Sword, of Orkney.

Cash prizes and merchandise were given as a dozen or more event-winners at Martin. Miss Sparkle Gearheart, of Langley, winner of the bathing beauty contest, received a \$65 wrist watch; Florence Blackburn, Martin cheerleader, was awarded Samsonite luggage as second prize, and third prize winner, Chadie Salisbury, of Martin, received a dress.

In the tug-o-war the fats threw their weight around to overcome the leans. The Allen Indians defeated the Kiwanis Braves in the morning Little League game and in the afternoon the winners were the Legion Cardinals over the Maytown Red Sox. Mr. and Mrs. Sam Branham were the oldest couple present. Names of winners in these events were unavailable.

Greasy pole climb, fat man's race, fiddling contest, hog-calling, three-legged race, ball-casting contest, ugliest man and mother of the largest family.

Pfc. Kenneth E. Adkins, 19, son of Mr. and Mrs. Luther Adkins, of Betsy Layne, has just spent a 43-day leave at home. Pfc. Adkins was recently stationed at Two-Rock Ranch Station, Petaluma, Calif. He graduated two years ago from McDowell high school. Adkins is in the army security agency, and left for Frankfurt, Germany, June 28. He has been in the army 17 months and has 19 months left.

Mr. and Mrs. Gerald Baker have returned to their home in Ashland after a visit here with Mr. and Mrs. Harrison Frazier.

Vacation Bible School started in the Methodist church Tuesday morning with an enrollment of 59. More are expected during the week. A 10-car motorcade with a police escort drove through old and New Allen before the school started.

Monroe Hall, son of Mr. and Mrs. Troy Hall, is a patient in St. Mary's hospital, Huntington, W. Va. He had several blood transfusions over the week-end and will undergo surgery, Friday.

Fred Miller, Sr., of Lima, Ohio, was visiting Mr. and Mrs. Willard Kinzer, Sunday.

Among those picnicking at Dewey Lake Monday were Mr. and Mrs. Galloway Laferty and daughters, Klora and Rita, Mr. and Mrs. Palmer Crisp, Mr. and Mrs. Bill Sexton and children, Pam and Jimmy.

Mrs. Harrison Frazier and Mrs. Nancy Louder were in Paintsville, Thursday.

Frank Preston was a business visitor at Patrick, Saturday.

PIONEER DAYS

SALE

In this sale we go 'way, 'way back to Pioneer Days. And in this sale there hangs a tale—a bear's tale, if you will pardon the pun.

More than a hundred years ago, David Cooley, father-in-law of Isaac Richmond, operated a General Store here in Prestonsburg. He was the great-great-grandfather of the present I. Richmond Store manager.

In those early days of this, the oldest of Floyd county businesses, Mr. Cooley owned a bear which he kept chained to a tree on the property where the store was located on First avenue here, a few doors away from the site of the present store. It was his custom in those days to invite home with him for lunch all customers who happened to be in the store at the noon hour. The invitation was usually accepted, and

store and bear were left unattended.

On one such occasion Mr. Cooley and his friends returned to the store to find the bear had broken his chain and was inside the building. Since he kept sugar in a barrel, the whereabouts of the bear was no mystery. They found the barrel overturned and the bear helping himself to its contents.

As a result of this incident, Mr. Cooley staged Prestonsburg's first sale—a sale of the sugar from the barrel, at bargain prices.

And now, a century later, we go 'way back to the bear and this bit of history to tilt over for our customers and friends barrels and barrels of bargains in our Semi-Annual Sale.

Sale Continues through Saturday, July 16th

Floyd, Pike Schedule Changes Have Worker Here Two Days Weekly

Robert A. Flynn, district manager, Ashland Social Security Office, has announced a new visit schedule (effective July 1) for Floyd and Pike counties.

H. Glenn Holyfield, resident representative, services both counties. His schedule will be as follows:

Pikeville—each Thursday and Friday from 8:30 to 5 p.m., in the U. S. courthouse basement.

Prestonsburg—each Monday and Tuesday beginning at 10:00 a.m., in the employment office.

These visits are for the purpose of receiving applications for benefits under the Federal old age and survivors insurance program and to conduct other business connected with the federal family insurance program.

Mr. Flynn urged all employees on jobs covered by social security, who are 65 or over, to talk with Mr. Holyfield on the advisability of making applications for retirement benefits for which they and their families may be eligible. Where workers in employment covered by the Social Security Act are deceased, members of the families should inquire or write without delay about filing their applications for benefits, Mr. Flynn said.

Benefits cannot be paid until application is made and any long delay in applying for payment will mean loss of benefits.

Persons who believe they may be eligible for retirement or survivors benefits under the social security law should write to the Ashland Social Security Office promptly if it is inconvenient for them to see this representative when he visits in or near their locality. The Ashland Social Security Office is located at 340 14th Street, Ashland.

DRIFT

WOMAN'S CLUB MEETS

The Drift Woman's Club held its program meeting June 20 at the Turner-Elkhorn office here, and voted to address a letter to the Floyd fiscal court thanking the court for its fine support.

Members of the club who served as volunteer workers at the second round of polo shots at McDowell, June 16, were Mesdames H. D. Hewlett, Delver Hall, Roe Turner, Glenn Ward and Adrian Hall. The following have volunteered from the club to help in the clinic for examination of school children: Mesdames C. J. Cahill, Fred Cochran, Jack Dingus, W. L. Reed and Roy Turner, from Drift, and Mesdames Delver Hall, Foster Stumbo, Glenn Ward, Everett Sidham and Girdle Moore, from McDowell.

Mrs. C. J. Cahill and Miss Ruby Akers gave brief talks on the School for Retarded Children which opened June 20 at Martin. Volunteer workers are needed, particularly women who will drive children to and from school. Mrs. Fred Cochran volunteered for one day a month. Miss Akers displayed the luggage which was presented her as outgoing president by the club. Mrs. Ivan Reed, chairman of crafts work at Drift and Martin for the retarded, and Mrs. W. L. Reed will go to the Hindman Settlement School to inspect such work done there. All club members were urged to save old materials such as nylons, wools, sheets and ties for future use in the training of the retarded tots in the crafts.

Mrs. W. L. Reed discussed the concession stand located at the Drift ball park for the summer. The club voted on the sale of Christmas cards by the members.

Refreshments were served by the hostess, Mrs. Roy Turner, to Mesdames C. J. Cahill, Fred Cochran, Jack Dingus, Bobby Hall, Delver Hall, H. D. Hewlett, Girdle Moore, W. L. Reed, B. F. Reed, Alvin Reed, Everett Sidham, Glenn Ward, Foster Stumbo, Misses Ruby Akers, Catherine Reed, Betty Turner, Claudia Watson, Mrs. Ivan Reed. The next meeting will be held July 18 at the home of Catherine Reed.

U. S. SUES SANDUSKY BATES AND EX-WIFE FOR \$412,000

The U. S. district attorney of office in Lexington last week filed a \$412,000 civil suit against Sandusky (Sam) Bates, wealthy Whitesburg coal operator and his ex-wife for back income taxes.

The action asked for a judgment of \$341,968.05 plus interest and costs against Bates and a judgment of \$71,022.08 against his ex-wife Elizabeth.

Bates, 51, who twice has been convicted of murder and then pardoned, was found guilty in Louisville in February, 1953, of evading payment of \$206,991 in taxes on income from his Star Elkhorn Coal Company in 1947 and 1948. He was sentenced to two years in prison and fined \$15,000.

Mrs. Bates originally was indicted with her husband in the tax case, but the court ruled she was a mere figurehead in the company and dropped the charge against her.

Shortly after Bates began serving his term in the Atlanta federal penitentiary he was convicted in Pike circuit court on two bootlegging counts and sentenced to a total of 90 days and fined \$150. State police and deputies sheriff testified they found quantities of beer for sale at four tourist camps operated by Bates and others on Robinson Creek near Pikeville.

The suit filed last week was to be transferred to the docket of the Pikeville division for trial. In addition to Bates and his wife, other defendants were listed as follows:

His mother, Elizabeth Bates, Sr.; Matilda Combs, Sam Collins, Jesse Bates, Della Bates, Gladys M. Blair, B. David Blair, Floyd Mercer, Mary Banks Eckman, Edna Mae Bates, U. L. Bates, all of Letcher county; Bill Hollin, administrator of the estates of Don Reid, deceased, and Kitty Reid, Eva W. Reid, William Reid, Troy Reid and Charles Donald Reid.

The action seeks a judgment against Edna Mae Bates of 10 shares of stock in the defunct Harlan Baseball Club or for the value thereof on April 20, 1951; a judgment against U. L. Bates of a diamond ring and a watch or for their value and asks that the other defendants set up any claim they have against the Bateses or in the Bates' property.

Kelly said the suit charges that Bates and his ex-wife fraudulently placed their property beyond the reach of the United States by failing to record deeds and by having other persons take the property in their hands even though the Bateses were the owners. For purpose of clarity, the suit identified the ex-

wife as Elizabeth, Jr. and Bates' mother as Elizabeth, Sr.

The amounts by years that the government seeks in back income taxes are as follows: 1947—\$258,310.03; 1948—\$50,120.75; 1949—\$20,901.33; 1950—\$12,625.94. The ex-wife was named jointly with Bates in the amounts sought for 1948 and 1949, while he was named alone for the other two years.

Five counts of the suit concerned transfer of property. The suit said one transfer was fraudulent, forged and void, because it involved no consideration and declared Sam Bates "the true and equitable owner thereof."

Two other counts said that the deeds on two pieces of property owned by Bates have never been recorded in his name. Another count said his ex-wife transferred the baseball stock without receiving fair consideration for it. Another count said she transferred the ring and watch with a total value of \$8,500 without receiving fair consideration for them.

Kelly said the district attorney's office is asking the court to declare that the government has a lien on this property, but is not asking that it be sold to satisfy any judgment. Kelly said it has taken federal agents and attorneys more than a year to compile the information preparatory to filing the suit.

ELECTRIC SHOVELS

The mammoth size of the electric shovels used in strip mining of bituminous coal can readily be seen in the fact that one such shovel, with a 50-cubic yard capacity, could load 48,000 railroad hopper cars each month.

In the past year, about a million people have received certificates in safe American Red Cross water safety program.

Dear Lon:

I have been intending to write you a personal letter ever since the General Assembly adjourned thanking you for your cooperation and assistance in the Legislature on all matters pertaining to labor. Thanks to the efforts of you and the other members of the Labor Committee, we were able to kill that is known as the "Right-to-Work" Bill or the Posse Bill, which in my opinion would have destroyed organized labor throughout the State of Kentucky. If it is possible, this bill was equally as bias and anti-labor as the Taft-Hartley Law.

Anytime you may need my support, please do not hesitate to call upon me. I would certainly be glad to do whatever I could for you.

With best wishes and kindest regards, I am

PLAN \$60,000 TOWN CENTER

Ground To Be Broken At Pikeville, July 13 For Community Center

PIKEVILLE, Ky., June 30 — Ground will be broken July 23 for Pikeville's long-anticipated community center.

Some \$30,000, including a \$10,000 grant from the city, already is available for the structure, James Wine, Pikeville attorney and chairman of the board of trustees of the Pikeville Community Center, Inc., said in announcing the decision to start construction.

The community center will be the culmination of ten years of effort on the part of interested Pikeville people to provide a center of recreational activities for the town.

A daily youth program is to be conducted in the one-story brick structure beside Pikeville's post office and Federal courthouse at one end of the city park. It will contain an 800-seat auditorium, with a stage, which can be converted into a banquet hall; a kitchen, a snack bar, and four meeting rooms for small groups.

Quarters for the 7,000-volume Pikeville Public Library also are provided in the building, which is planned to permit addition of a second story in the future.

Trustees of the project, besides Wine, a Rotarian, are Mrs. Lon B. Rogers, a past president of the Pikeville Woman's Club; G. C. Steeley, treasurer of the board and a Kiwanian; Joseph H. Lyons, of the Lions Club, and Dan Jack Combs, of the Pikeville Junior Chamber of Commerce.

Mrs. Rogers is chairman of a committee to plan the ground-breaking ceremonies. It will include representatives of Pikeville civic groups and other individuals "who in the past have expressed an active interest in the project."

Hopper, of Wayland, In Military Training

Aberdeen Proving Grounds, Md.—Reserve Officer Training Corps cadets from forty colleges and universities throughout the country began six weeks of intensive military training at the Proving Ground on June 25.

Among the 581 cadets reporting to the APG Summer Camp was Cadet Paul R. Hopper, of Marshall College, son of Mr. William Hopper, of Wayland, Ky.

The only summer camp for Ordnance ROTC cadets, the Proving Ground program includes classroom instruction and practical demonstration instruction in both technical and tactical missions of the Ordnance Corps. Initial emphasis is being placed on basic military subjects and familiarization with individual weapons. Later phases of training will include technical instruction by personnel of the research, development and testing facilities at Aberdeen Proving Ground.

LANDSTUHL, GERMANY — Sgt Bobby Cook, son of Mr. and Mrs. Frank W. Cook, Dry Creek, Kentucky, has just been assigned to the 86th Air Base Squadron of the 86th Fighter-Interceptor Wing here, under the command of Colonel James O. Beckwith.

In his new assignment, S/Sgt. Cook will work with the Provost Marshal section on Landstuhl Air Base.

Prior to his assignment with the 86th, Cook was stationed at Indian Springs AFB, Nevada. He enlisted in the Air Force in June, 1948. After completing basic training at Lackland AFB, Texas, he was assigned to the 3605th Air Police Squadron, Ellington AFB, Houston, Texas. Since then S/Sgt. Cook served at Seoul, Korea, at Delrio, Texas, Albuquerque, New Mexico, and at Indian Springs AFB, Nevada before being assigned to the 86th Fighter Interceptor Wing.

S/Sgt. Cook has the following decorations: Korean Presidential Unit Citation, Good Conduct Ribbon with two clasps, United Nations Korean Service, American Defense, Four Campaign Stars, and the Japanese Occupation Ribbon.

Slayer of Husband Makes a Futile Try At Taking Own Life

Louis, Ky., July 3—Jailer John Holbrook said today that Mrs. Garnet Stucker, charged with slaying her husband and burying him after cutting off his legs, tried to take her own life.

The woman was found in her cell when Holbrook went to serve breakfast at 6 a.m., with cuts on her arms and throat, he said. Holbrook said Mrs. Stucker, who is 42, had used a piece of a broken drinking glass. She inflicted one cut on each arm near the elbow, and another on the throat near the larynx, Holbrook said.

She was treated at Riverview Hospital, the jailer added, and after "promising not to try it again," was returned to her cell.

Estel was shot Wednesday. His legs were severed, and his body buried in a shallow grave under their home.

Mrs. Stucker told a story of mistreatment at the hands of her husband, a construction worker who was disabled by arthritis.

A hearing on Mrs. Stucker's case, which had been set for yesterday, was rescheduled for Tuesday.

E. M. "Ernest" MOORE TELLS THE TRUTH ON "Saw Logging" DOUG

SENATE BILL NO. 101 commonly known as the OLD-AGE LEIN LAW was passed by the 1952 Legislature by a vote of 27 to 1, reads as follows: "On and after July 1, 1952 The Commonwealth of Kentucky shall have a lien upon all real estate and rights to real estate belonging to, or thereafter acquired, by any recipient of public assistance as a needy aged or needy blind."

SENATE—Voting for the Bill—27

Table with 4 columns: Names of senators voting for the bill (Bonn, Cox, Craft, Duffy, Ford, Freeman, Golden, HAYS, Hoffman, Johnson, Kidwell, Kiser, Lassiter, McCann, Mansfield, Melton, Moloney, Montgomery, Reynolds, Robison, Sample, Shackleford, Shaikun, Stacy, Thomas, Van Hoose, Withers)

Voting against the Bill—1 Losey

Here is DOUG HAYS' record which is a shame and disgrace and as a candidate for the STATE SENATE I do not intend to allow DOUG HAYS or any others to hoodwink and fool the good people of Knott, Floyd and Martin Counties any longer.

When I am elected to the STATE SENATE I will exert every effort to remove this unjust and unfair MORTGAGE that DOUG HAYS voted to place upon the backs of our good old deserving people as they are nearing the end of the way. In the name of common decency how can Mr. Hays look these old people in the face and ask the good citizens to vote for him after he had voted to rob them of their little homes.

Among the feeble, the sick, the poor and the aged who live in this State, DOUG HAYS has helped destroy the peace of mind that existed in the humble cottages of these good old folks and cast a cloud of gloom over them in their last few days of life. They have worked hard and reared large families and have had very little opportunity to accumulate much of this world's goods, but some have finally by much sacrifice managed to become the owners of their little homes. Then Mr. Hays you and your crowd come along and voted this vicious MORTGAGE upon our old people and rob them of their last EARTHLY POSSESSION.

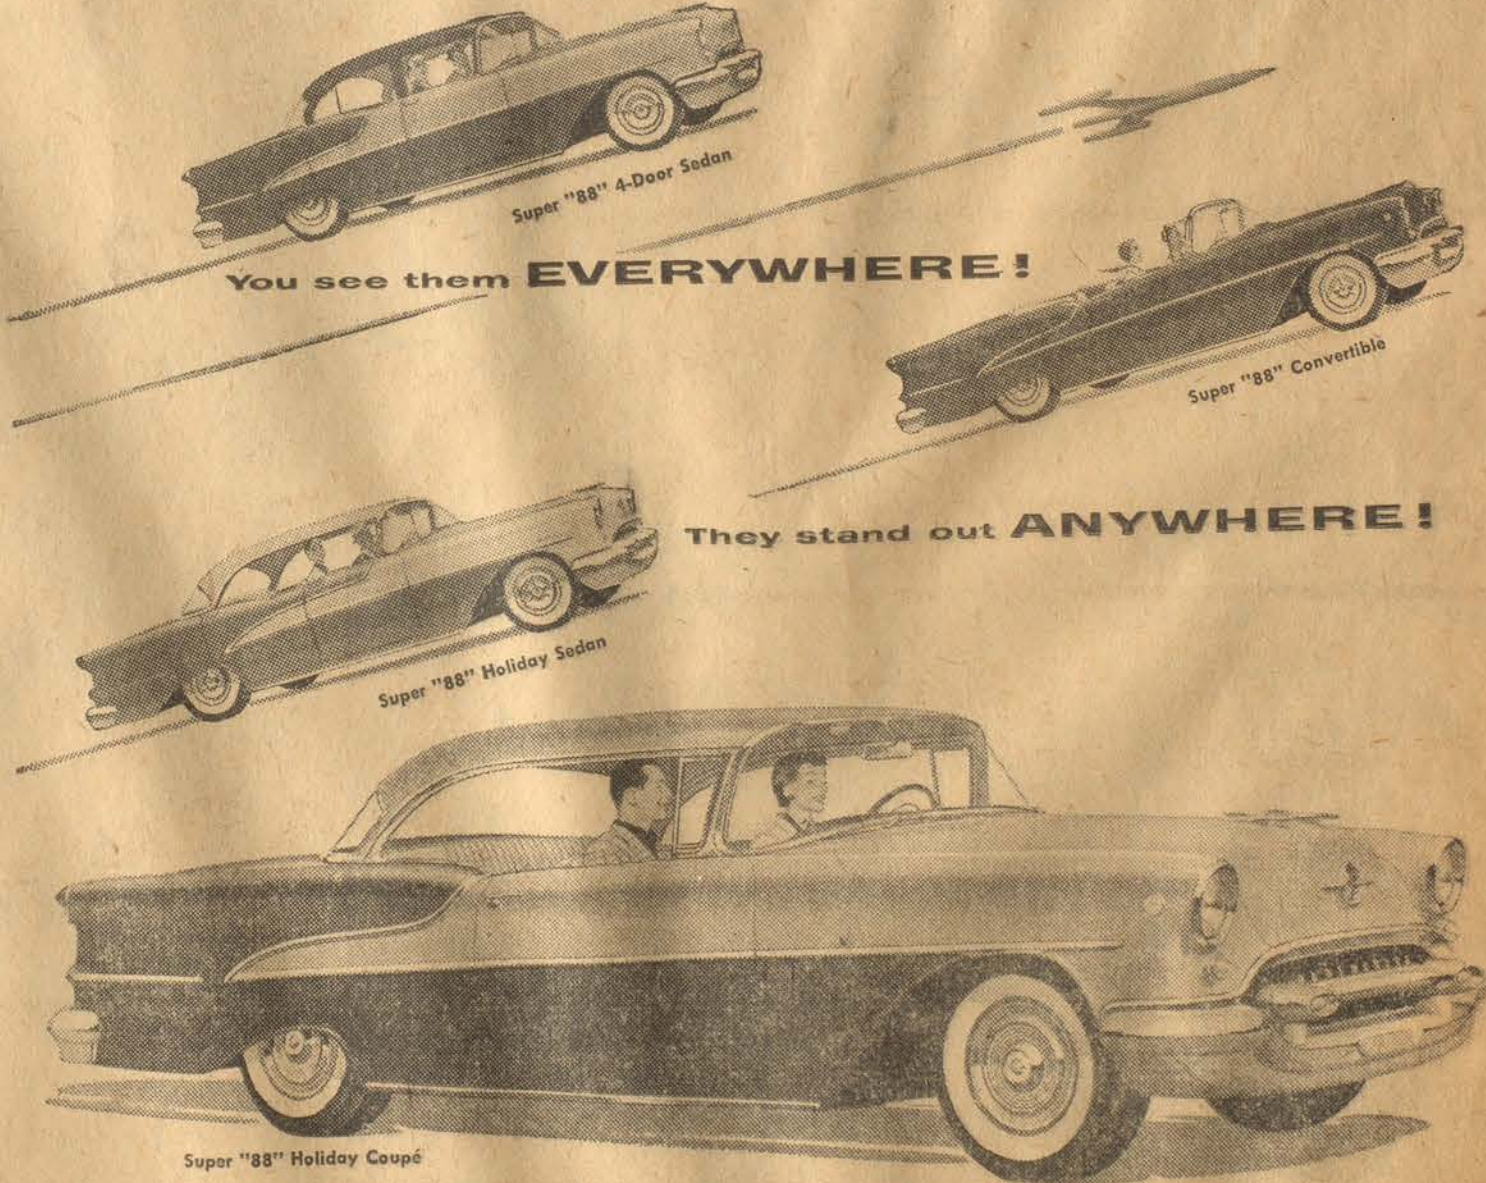

Mr. Hays should know that these old people can't eat these little homes and as he runs around over the District talking his big talk he may think that these good old people are too old and feeble in mind and body to check his record, but on the 6th day of August 1955 he will learn to his sorrow that many an honest heart beats beneath a ragged coat when these old people and their friends flock to the voting booths and elect E. M. (Ernest) MOORE as their STATE SENATOR, a man in whom the people can place their trust.

Your Friend, E. M. (Ernest) MOORE

E. M. (Ernest) MOORE for STATE SENATOR

- 1. I am against the Old-Age Lien Law. 2. I am for fully financing the Minimum Foundation Law. 3. I am for a State Soldiers' Bonus. 4. I am for lowering voting age to 18 years. 5. I am against the now infamous dog law. 6. I am for better rural highways. 7. I am for assistance for the neglected crippled people.

Lancer Man Victim Of Heart Condition At Daughter's Home

Samuel Jefferson Music, 77, of Lancer, died at the home of his daughter, Mrs. Mintie Crider, on Corn Fork of Brandy Keg, at 9:30 p.m., last Friday. A heart condition was given as the cause of death. Mr. Music was a retired farmer.

He was a son of Andy and Emmalee Bowers Music, and was married to Ellen Griffith Music, who preceded him in death in 1936.

Surviving sons and a daughter, besides Mrs. Crider, are Henry and L. J. Music, both of Prestonsburg, Oliver Music, of Lancer, and Mrs. Mary Harless, of Prestonsburg. The names of surviving brothers and sisters, if any, were unavailable as they moved to the state of Washington several years ago.

Funeral services were conducted, Monday, at 10 a.m., at the Free-will Baptist church on Brandy Keg, the Revs. Henry Crider and Charley Rowe officiating. Burial was made in the Harris cemetery under the direction of Carter and Callihan Funeral Home.

Buried in Sand, Man Survives Forest Fire

Allendale, S. C. — Firefighting tractor operator Miles Brant saved himself from probable death when he was trapped by a forest fire.

Brant buried himself in freshly turned sand he had plowed trying to stop the fire. He had face and hand burns, but he was dismissed after hospital emergency treatment.

WILDERNESS ROAD PREMIERE DRAWS GOVERNOR, PRAISE

Berea, Ky., June 30 (Spl.) — Governor Lawrence Wetherby rode down the streets of Berea yesterday in a horse-drawn carriage used by an early president of Berea College. The occasion was the premiere of Paul Green's WILDERNESS ROAD, which opened last night to the applause of a thousand enthusiastic theater-goers.

The governor's parade was led by the Lafayette High School band of Lexington and accompanied by members of the WILDERNESS ROAD company, in Civil War dress and grease paint. The parade ended at Boone Tavern, where the governor was presented with the key to the city (originally the key to the jail house in Jackson, Kentucky). He was introduced to the Freeman's, Squire Sims and his family, the Chris Slocumb's and their ten children and to others of Paul Green's fictional Civil War families. The governor was accompanied by several members of the Kentucky Legislature.

WILDERNESS ROAD met with lavish praise from national and local press as well as the audience. New York releases will be available shortly. William Stucky, of the Louisville Courier-Journal, summed it up by saying: "If you want to understand better the dramatic forces that ripped Kentucky in two during the Civil War, if you want to feel the impact of the kind of ideas that made Berea College a name to be conjured with nationally, and if you want to spend a thoroughly enjoyable and enlightening evening with the music, dancing, and the ideals that make up Kentucky's heritage, you should see WILDERNESS ROAD."

Antarctic Whale Catch Shows Substantial Dip

Boston — The 1954-55 antarctic open-sea baleen whaling season that ended March 15 resulted in a catch of 15,300 blue whale units, compared with 15,456 whales taken during the previous season. The quota was 15,000 blue-whale units, established by international agreement. One unit equals one blue whale, two fin whales, 2½ humpback whales, or six sperm whales.

Coal handling is a big job. At the Kyzer Creek Plant of the Ohio Valley Electric Corp. a barge un-loader empties 1100 tons of coal an hour from river barges to a receiving hopper.

ADDITION APPROVED

Frankfort, Ky., July 5—The State Property and Buildings Commission reported preliminary plans have been approved for an addition to Kentucky State Hospital near Danville, estimated to cost \$600,000—with an added \$100,000 to be spent on equipment and furnishings. In addition, a later project will call for modernizing the entire first floor of the main building of the institution.

Expenditures at the other State mental Hospitals for building and plant improvement since 1948 showed:

Eastern State Hospital, Lexington, \$2,554,828; Kentucky State Hospital, Danville, \$1,041,548; Western State Hospital, Hopkinsville, \$3,737,193; Central State Hospital, Lakeland, \$3,132,632.

James Beverly Burchett, 16-year-old son of Mr. and Mrs. Beverly Burchett, of Prestonsburg is Johnson county's champion teen-age driver. He has been presented an award for rating first in the recent county competition as part of the "Tomorrow's Travelers" teen-age driver contest.

The award, presented by Kentucky State Trooper Elmer Deaton, officially designated the youngster as this county's finalist in the 1955 "Tomorrow's Travelers" contest.

The teen-ager will compete with other county winners for the state championship at the State Fair in Louisville during September. The youngster attends high school at Our Lady of the Mountains Academy, Paintsville. The winner of the state championship will receive a new car as first prize.

Now in its third year, the program is a project of the Kentucky State Police and State Fair Board. "Tomorrow's Travelers" emphasizes driver attitude, and all driver tests are given by the Kentucky State Police driver license examiners.

**Fourth Annual Kentucky
Community Contest Has
\$4,500 In Cash Prizes**

Increased prize money, a change to the calendar year as contest period, and announcement of a new five-year competition are features of the 1955 Community Contest sponsored by the Kentucky Chamber of Commerce, is was announced Monday by Barney A. Tucker, London, chairman of the KCC Community Development Committee.

This year's contest, which offers \$4,500 in cash prizes to 10 winning communities, is the fourth annual statewide competition sponsored by the Kentucky Chamber to promote the improvement of all phases of community life.

Contestants will be divided into two groups. Competing in Group One will be communities with less than 3,500 population.

Communities of 3,500 and over will compete in Group Two. Honorable mention prizes have been discontinued and fourth and fifth prizes added in each group.

First prize of \$1,000 in Group One will be given by the Courier-Journal, Louisville Times and WHAS; second prize of \$700 by the Louisville & Nashville Railroad Co.; third prize, \$300, by the Honeycrust Bakery Co.; fourth prize, \$150, by Time Finance Co.; fifth prize, \$100, by the Kawneer Co.

Group Two awards and their donors are: first prize, \$1,000, Kentucky Utilities Co.; second prize, \$700, Western Kentucky Gas Co.; third prize, \$300, Handmacher-Vogel, Inc.; fourth prize, \$150, Knoxville Fertilizer Co.; fifth prize, \$100, Belknap Hardware Co.

The contest will cover the calendar year 1955, Tucker said. Previous contests have been for twelve-month periods beginning on March 1.

Judging will be based on eight spheres of development: civic improvement, rural development, education, main street modernization, tourist promotion, industrial development, organization and planning, and continuity of effort.

To encourage continuous effort, and recognizing that many important projects are impossible of accomplishment within the span of one year, the committee has announced an additional contest and prizes for the greatest community progress over a five-year period, 1955-1959 inclusive.

Purpose of the contest, according to Tucker, is: to make communities more progressive, better places to live; to bring more business and industry and more farm prosperity to communities; to develop educational facilities; to give young people a good reason for staying in their community.

Details of the contest are set out in a brochure released today for wide circulation throughout the state. Copies of the brochure and contest entry blanks may be secured from the Kentucky Chamber of Commerce, 317 Fincastle Building, Louisville 2, Kentucky.

FORT KNOX, Ky. — Pvt. John M. Conley, 20, whose wife Bobby, lives in Mousie, Ky., recently was graduated from the turret artillery mechanic course at the Armored School, Fort Knox, Ky.

The course trains enlisted personnel to perform organizational maintenance on power traverse, turret-mounted weapons, range finders and turret mechanism of tanks and other combat vehicles.

Private Conley, son of Mr. and Mrs. Monte Conley, of Lackey, Ky., entered the Army last November. He was graduated from Hindman (Ky.) high school in 1952.

**ASC Program Offers
Farmers Cost-Sharing
On Cover-Crop Seeding**

As a result of a recent change in the national program, the Agricultural Conservation program in Floyd county will offer cost-sharing to farmers for seeding cover crops for winter protection according to William Hicks, chairman of the Floyd County ASC committee. Until such change was made cost-sharing was provided only for the seeding of an acreage in excess of a normal acreage of such plantings for the farm.

Eligible cover crops will include crimson clover and vetch seeded with small grains or seeding of small grains alone. Cost-sharing will also be permitted for the application of fertilizer needed for the successful establishment of the cover crop, Mr. Hicks said.

It is estimated that approximately 75 per cent of the total land in the county devoted to row crops is left bare in the winter. Cover crops give both immediate and long range benefits to the farmer. Besides protection from erosion, humus and fertility is added when the cover crop is turned. The productive capacity of the land is maintained and, in many instances, is even improved.

To be eligible for Federal assistance, a farmer must make his request for cost-sharing at the county office and indicate the acreage that he plans to seed to cover crops. Requests for practices to be performed this fall are being taken at this time. All farmers are urged to give in their intentions not later than July 30. Remaining program funds allotted to the county will be appropriated to farms after that date, according to requests and conservation needs of the farm.

Twin Pipes that play sweet music!

Chevrolet's "Super Turbo-Fire V8" with 180 hp.

You can spot this one by the twin tailpipes. No matter what you drive, you're going to see twin-exhaust Chevrolets pulling away—in traffic, on the toughest hills, on the long straightaways.

... Unless you have a "Super Turbo-Fire V8" of your own. And then you'll know what it's like to pilot the car that sets the pace for everything else—and doesn't pause to read the price-tags!

What makes the Super seat? Chevrolet's superb valve-in-head V8, with the shortest stroke in the in-

dustry, the most power per pound, and the only 12-volt electrical system in its field—all this plus a four-barrel carburetor and free-breathing twin exhausts.†

Want to sample this silk-lined cyclone? Just give us a call, any day this week, and we'll be proud to show you just how hot a V8 can be.

*Optional at extra cost.
†Station wagon models have single exhaust pipes.

**SOME QUESTIONS FOR
A. B. CHANDLER**

1. When you made your contract with one whiskey firm, the United Wholesale Liquor Co., of Lexington, Ky., August 10, 1945, were you not in the United States Senate from Kentucky?
2. Is it not true that in 1945 we were at war for our very existence as a nation and that MEAT, GASOLINE and WHISKEY, etc., were very difficult to buy on a legitimate basis?
3. Since there was no whiskey for the legitimate dealers to sell, did you not through the prestige and power and influence of your high office as United States Senator put the heat on large whiskey firms in New York and other places to turn loose large quantities of whiskey to whiskey dealers in Kentucky such as the United Wholesale Liquor Company?
4. In spite of the fact that you were drawing \$12,500 a year salary as United States Senator did you not receive from this one whiskey firm alone a total of \$32,841.14?
5. Is it not SILLY, ABSURD and RIDICULOUS for you to contend that this huge sum was paid to you for writing and examining whiskey contracts when at the time you made your contract there was no whiskey for dealers to sell? (Very little whiskey was on the market at the time except that sold by bootleggers and black marketeers).
6. When you were receiving your whiskey money and enjoying your swimming pool and making a junket trip in luxury and complete safety far back of the battlefields, was not your opponent in this race, Judge Bert Combs, a real soldier in the war, trying to support himself and family on the meager pay of a soldier?
7. Are you not, A. B. Chandler, in the whiskey and gin business right now while you're doing so much talking about a "sober" administration? Are you not connected with the PILGRIM DISTRIBUTING COMPANY?

Answer these questions yourself, Chandler, don't let Joe Leary, your manager, answer your questions.

The soldier who didn't come back, the soldiers who are maimed and crippled today in this country, their relatives and friends, await an answer and not a grin, a hug, a kiss or a squeeze, or hot air. They want YOUR ANSWER, if you have one.

Bert Combs is a young, independent mountain man of high character. He will put the interest of all the people of Kentucky first. He is not and never will be controlled by any special groups. Bert Combs has a clean, unscarred public record. He will make an honest and capable governor.
