SOMETHING WRONG

American newspapers do a pretty poor job of it at times, but the English press will always hold the cellar spot and keep us off the lowest rung. When the press of any country will ignore the story of upwards of 60,000 persons sitting through a cold rain at night to hear a preacher speak for an hour and devote its space to a round-by-round description of a fist fight thousands of miles away, there's something wrong. The London newspapers did that this very week.

HELP WANTED

Bud Spurlock has asked us to do him a favor. He wants us to tell one and all that whoever has a certain mother cat of the alley-cat variety shut up and separated from that passel of kittens she left at his house to please set her free. Warming milk for this brood, putting it into tiny bottles and feeding the babies at the midnight hour is getting to be something more than an inconvenience, he says.

DAFFYNITION

A "square" is a man who won't look round at a pretty girl.

IT'S A PLOT!

Last year I wore a certain straw hat that the summer long, and escaped comment, either approving or critical, from both sexes. This spring I don the old skimmer again, and immediately I run into comment.

I go into the County Clerk's office, and the gals there want to know where I got that crazy hat. I refer to the vintage of this stack of straw and wonder why it is never referred to as crazy till now.

MOBILE UNIT
HERE IN JUNEX-Ray Clinics Slated
In Five Floyd Towns,
Starting Here June 7

To return here next month for its annual Floyd county work under the joint auspices of the Floyd County Health Department and the Floyd County Tuberculosis Association, the mobile X-ray unit of the State Board of Health will visit five towns in the county during an 11-day stay, eight of which will be work days.

To stop in Prestonsburg first, the unit will be here June 7, 8 and 9; at Martin, June 10; at Estill, June 14; Wheelwright, June 15 and 16, and at Harold, June 17.

An effort will be made by health and school authorities to have as many persons receive the benefit of the chest X-ray tests as possible.

Because of the diligence with which tuberculosis has been hunted out in the county, Floyd now has 20 patients in the state TB sanatorium at Ashland—more than its quota. The county was originally assigned a quota of 11, and that was later increased to 15.

"The tragedy of the TB work, however, is, too many are too far advanced for them to be cured," Mrs. Regina B. Mayo, of the health department and the county's original TB nurse, said. She pointed out that the prime purpose of the mobile X-ray unit work is to discover TB cases before it is too late.

BELL CLAIMS
DAMAGE DONE,
POSTS REWARDManager Says Circuits
Cut in County; Jones
Speaks At Rally Here

The Southern Bell & Telegraph Company this week announced that it will pay a reward of \$5,000 for the arrest and conviction of the person or persons who destroy facilities of the company during the present strike which is now in its tenth week.

Jack Stone, Paintsville, district Southern Bell manager, said cutting of toll circuits in this county was first discovered Saturday. Before that, beginning with last Thursday, he said, 38 toll circuits had been out from time to time. The first trouble was not the result, however, of outright destruction or physical damage to lines, he added. It was caused by wires being thrown to hang across circuits, thus disrupting services.

Told of the reward offered and the damage reported, Fred A. James, Prestonsburg, president of the Communications Workers of America local here, said, "That's fine about the reward. I wish they would keep it standing. Long before there was any strike it was a common thing for circuits to be out, and on Middle Creek alone a lot of lines were shot out."

The toll circuits temporarily incapacitated served a huge area extending from Virginia down the Big Sandy valley to the Tri-State. The strike is now in its 66th day and the Communications Workers, seeing to the holding of their lines, were holding pep rallies locally. Here for a meeting Wednesday night was A. T. Jones, Washington, D. C., vice-president of the telephone workers' union.

In a statement made to The Times he said that there were hopeful signs on the surface for a settlement of the strike. He charged that the responsibility of the walk-out lies with the company.

"We would agree to the no-strike clause asked by the company if it would agree to an arbitration clause whereby differences could be adjusted by those who have no interest in the differences," Jones said. "The company is misrepresenting the union's position on arbitration. To agree to a no-strike clause without arbitration provisions would put us at the mercy of the company," he added.

PLANT SUPT.
IS APPOINTEDRoberts Named To Head
Big Maytown Operation
Of Hydrocarbon Company

D. B. Beecher, vice-president of the Equitable Gas Company, has announced the appointment of L. E. Roberts as plant superintendent of Equitable's subsidiary Kentucky Hydrocarbon Company.

Mr. Roberts' permanent headquarters will be at the hydrocarbon recovery plant near Maytown, with temporary headquarters at the offices of Carbide and Carbon Chemicals Company located at South Charleston, West Virginia.

A native of West Virginia, Mr. Roberts attended formal engineering courses at two universities in addition to completing a Penn State extension course in natural gas. He began service with Equitable in 1934 and was subsequently advanced to construction engineer at compressing stations department, West Virginia, the position held prior to his recent appointment. All of his service has been in the compressing station department.

A veteran of the Navy during World War II, Mr. Roberts is married, has two children, ages three and eight, and resides at Bridgeport, West Virginia.

Date of the beginning of construction work on the huge Maytown plant planned by the Kentucky Hydrocarbon Company, an affiliate of the Kentucky West Virginia Gas Company, hinges on approval of the company's application pending before the Federal Power Commission. Clearance on the project already has been granted by the Kentucky Public Service Commission, but work will be delayed until federal permission is received.

Work on pipeline construction to bring gas to the plant from Virginia is being delayed for the same reason, it was said. Clearing of right-of-way on that job has been begun, however, to make possible work on the line itself immediately after the Federal Power Commission takes action.

County Women Spearhead
Move To Employ Agent

Women's Clubs of the county are spearheading a movement which seeks the employment of a home demonstration agent for Floyd County.

Full memberships of the Maytown, Lackey-Garrett-Wayland and David clubs already have signed petitions asking the fiscal court to make an appropriation for this service. Other clubs' petitions are expected shortly to join these three, all of which are to be presented at an early meeting of the court.

Postmasters' Meeting
Is Scheduled for Here

Postmasters of Floyd and surrounding counties will meet June 2 at 6:30 p.m., at the grade school here, it was announced this week by Delmas A. Smith, secretary-treasurer of the Kentucky Chapter, National Association of Postmasters.

Invited to attend are the local Post Office Department inspector and district manager of the area, Loren B. Gard, Lexington. Several Association officials also will be present.

How Wheelwright Miners
Rescued Worker Is Told

The story of the heroism which won for Nathan Fleming and Richard Wells, Wheelwright miners, medals of honor from the Joseph A. Holmes Safety Association is told graphically in the citation submitted to the Association by Arthur Bradbury, veteran Inland Steel Company safety director at Wheelwright and Price, and himself associated with the mining industry since he was a boy of 13 in England.

The citation follows: "On August 17, 1954, a large fall of rock occurred killing one man and injuring another.

"A loading machine was loading into a shuttle car from a lift which was being driven through an old pillar. A large fall of rock occurred suddenly which measured 40 feet in length, 17 feet in width, with a maximum thickness of 6 feet.

"The fall killed a timberman who was waiting in the place and caught the shuttle car and its operator. The fall completely covered the shuttle car and as the operator was attempting to escape he was pinned against the side of the car.

"The timberman was killed in-

stantly and was recovered 3 hours later, his body severely crushed. The shuttle-car operator, Wesley Shumate, was covered by the large mass of fallen rock which was partially held off his body by the shuttle car. He was unable to move and was calling for help.

"One of the workers on the section, Richard Wells, went on top of the rock fall and started to move pieces of rock in order to get the buried man. The section foreman, Nathan Fleming, crawled under the rock and succeeded in releasing Shumate. Wells and Fleming lifted him through the opening in the rock-fall made by Wells and carried him to safety.

"While this rescue was being effected more rock was threatening to fall and great courage was required on the part of Wells and Fleming to stay in this position of great danger long enough to free Shumate and remove him to safety. Shumate received an injury to his back and a fractured left hand. He has since recovered from these injuries and feels that he owes his life to the prompt and courageous action of Wells and Fleming."

SCHOLARSHIPS
AWARDED FIVEEleventh Annual Awards
By Princess Elkhorn Aid
Floyd High School Class

The Princess Elkhorn Coal Company, David, Kentucky, announced this week the recipients of its 11th annual scholarship award. The five award winners this year bring to 46 the number of grants made to outstanding graduating seniors in Floyd and Johnson counties.

Currently there are 13 young people attending college under the scholarship program. Five are at Pikeville College and three of these will transfer to the University of Kentucky.

Kentucky next fall; one is attending Eastern Kentucky State College; one is attending Georgetown College; one is at St. Mary's School of Nursing; one is attending Ohio University, and four are at the University of Kentucky.

The scholarship awards this year were made to:

Donald F. Capelli, son of Mr. and Mrs. Peter Capelli, of David; four-year grant for the study of engineering at the University of Kentucky.

Joseph L. Marshall, son of Mr. and Mrs. Oliver Marshall, of David; four-year grant for the study of mechanical engineering at the University of Kentucky.

Myrtle Tussey, daughter of Mr. and Mrs. William Tussey, of Water Gap; a two-year grant for the study of a business course at Pikeville College.

Mary Lou Miller, daughter of Mr. and Mrs. Benton Ousley, of Cliff; a two-year grant to prepare at Pikeville College for teaching of English.

Peggy Sue Allen, daughter of Mr. and Mrs. George E. Allen, of Langley; a four-year grant to study veterinary medicine at the University of Kentucky.

Miss Allen will receive a certificate of award at the Maytown high school commencement exercises, May 26. The others will receive their award at the commencement exercises of Prestonsburg high school, May 23. Presentation of awards will be made by John W. Straton, scholarship chairman for Princess Elkhorn.

All of the recipients of the scholarship.

BERRIES NEAR
BEST PRICESFloyd Strawberry Crop
Starts Moving May 12th;
Co-op Lacks Cooperation

Strawberries started moving out from this county to Huntington and other cities of the Tri-State area Thursday of last week when a truck of the Floyd County Marketing Association picked up 20 crates here. Since then most farmers have been shipping berries that are selling at or near the top of the market.

First crates of 24 quarts each sold locally at \$12 while the Huntington market was yielding only \$10, but when the local demand eased, and dropped to \$6, the Huntington buyers paid, and are continuing to pay, around \$10 for Farmers Grade No. 1. Only a few crates at Huntington brought as low as \$9.

"Contrary to reports," Kermit Howard, president of the marketing association said, "no berries have been brought \$5 per crate. We did have four crates of berries in bad shape, over-ripe and beginning to mold, that had to be sold for \$6. Farmers are hard-pinched for labor and have a lot to learn about grading. Since then grading has improved."

The Association has had its troubles, Howard pointed out, chief of these being the refusal of many growers in the co-op to utilize the marketing services. With berries in big early local demand, growers disposed of many here at home and thus threw a greater transportation charge per crate on those who shipped through the co-op. In compensation for these high drayage charges the Association is planning

Middle Creek Home
Destroyed by Blaze

The home of Marian Brown on the Middle Creek road burned Monday afternoon and its entire contents were destroyed. Origin of the fire was thought to have been a defective electric wire. Brown's son was in the house at the time, and upon discovering the blaze called to other members of the family in the garden but their efforts to extinguish the blaze were fruitless.

The house was the property of Corbin Joseph, of Prestonsburg.

The above picture snapped at a rehearsal, shows, left to right, Bill Allen who played Jenny Wiley, Stevie Stephens, one of the Wiley children, and Carl Brickley as Thomas Wiley.

Indians, Daniel Boone, Boy Scouts, Jenny Wiley and a real live grizzly bear were features of the Boy Scout Circus held at Pikeville, Saturday. All roles were enacted by Cub and Boy Scouts, but the bear, real and very much alive, was brought along by Scout Russell Adkins, of Jenkins.

The two most popular features of the Circus were the Indian dance team of Scouts from Louisville and the Jenny Wiley pageant presented by Prestonsburg Troop No. 21, it was said by Scout officials this week. Audiences in this area saw the the Louisville dance team for the first time at the Circus but this was the second time the Wiley

SALK VACCINE
YET DELAYEDFloyd Clinics To Await
'All Clear' Word; Effect
Of Schools' Close Feared

The second round of Salk serum shots for the prevention of polio was further postponed by the announcement Wednesday from Washington that pending what the U. S. Public Health Service called "another look-see at this whole confused picture."

Floyd county will be no exception to the delay, and announcement of new clinic dates will await word from Washington via the State Board of Health, M. V. Clark, Floyd health administrator, said.

The second vaccine shots will be effective, despite the delay, but what is causing health authorities and others concern in this county is the fact that school terms will be closed before the next clinics are held. That may result in the loss of transportation of first and second grade pupils by school bus to the clinics and seriously affect the clinic attendance.

Mr. Clark said he had received calls from parents and others inquiring if the Salk vaccine on hand here cannot be released to private physicians for immunization purposes, inasmuch as there has not been one adverse effect from the first-round shots in the county. "My hands are tied in the matter, since I have been instructed not to release the vaccine under any circumstances," Clark said.

The vaccine used in this county was manufactured by Pittman & Moore, of Philadelphia, and use of that laboratory's product has not resulted in any incident that would place it under suspicion. It is to be given the most exhaustive tests, however, along with all others, and cannot be used further until the "all clear" is sounded by the U. S. Public Health Service.

ROADS TO GET
\$66,000 SHAREFloyd Part In \$5,000,000
Kentucky Rural Highway
55-56 Program Is Known

Of the \$5,000,000 total in Kentucky's rural highway fund, Floyd county will receive \$66,007.26 for its rural roads during the fiscal year beginning July 1, this year, an order entered Wednesday by the fiscal court shows.

The order had the effect of a contract between the Rural Highway Administration and the county. It specified that the funds thus allocated are to be used only for furnishing and placing on rural roads surfacing aggregates for limited maintenance. All other maintenance work such as patrolling, grading, ditching, draining, repairing and replacing all drainage structures are the fiscal court's responsibility.

Seven roads are listed in the agreement for traffic-bound macadam surfacing. These are: Spurlock Fork of Middle Creek, 3.7 miles; Whitaker road, Middle Creek, 2.2

Girl Scout Council To
Hold Its Annual Rally
At Camp Chatterawha

The Sandy Valley Girl Scout Council's will hold its annual Rally Day Saturday from 9:30 a.m. till 3:30 p.m., at Camp Chatterawha on Dewey Lake, it was announced this week by Mrs. John P. Sammons, of Martin, Rally Day chairman.

Each Girl Scout troop is expected to take to the rally an exhibit of its work done during the year, and the exhibits will be judged as to which best tells the Girl Scout Story. In the afternoon Intermediates will take part in a nature hunt, and Brownies will play games. During the day each troop will lead a song in a Sing-Spiration program.

At 2 p.m., a board meeting will be held, and all members of the boards are expected to be present.

MINIX FACING
DETROIT WRITEx-Wife Accuses Man
Of Kidnapping, But Tot
Taken Is His Own Child

Minix's attorney, Joe P. Tackett, said today that the Detroit authorities had agreed to dismiss the kidnapping charges against the Floyd countian if he would release the child to their custody.

Jewell D. Minix, native Prestonsburg man, now a resident of Chicago, was arrested here Tuesday by Deputy Sheriffs Amos Gray and W. B. Boyd on a kidnapping warrant issued by Detroit authorities. Extradition of Minix to Michigan will be sought immediately, Detroit officers told Sheriff Gorman Collins.

The kidnapping charge was lodged against Minix by his divorced wife after he had brought his young daughter here from Detroit.

Minix told The Times he did not know his wife had been granted a divorce from him or that she had been granted custody of the child. He said his wife was in Chicago and that the child was at her mother's home in Detroit.

Minix added that he will not waive extradition to Michigan.

Jailed here last Friday was Boyd Montaine on a warrant sworn out by Deputy Sheriff Willie Johnson accusing him of shooting and wounding "Peanut" Slone. Montaine was released under \$2,000 bond after he had waived his case to the grand jury. Officials here knew none of the particulars of the shooting, and Deputy Sheriff Johnson's affidavit stated only that he "believed" Montaine shot Slone.

An old offense got back into the jail records Saturday when Deputy Sheriffs Ed Amburgey and Obe Cusley booked Odel Scott on a charge of making home brew.

Others jailed during the week on more serious offenses:

Earl Glenn Branham, child desertion, arrested by Deputy Sheriff W. B. Boyd; Ogil Prater, drunk driving, arrested by Deputy Sheriff Hollie Holbrook; German and Allie Salisbury and Milford Blackburn, all of the Middle Creek road, possessing beer for the purpose of sale, jailed by Deputy Sheriffs Wade Moore, Amos Gray and Jim Prater.

Some Jobs Go A-Begging
Tho Many Yet Unemployed

Mines that closed months ago are still closed, and men who have been unemployed till their unemployment compensation checks are exhausted still remain idle—and yet there are jobs going a-begging.

So said this week Glenn S. Anderson, manager of the Prestonsburg office of the Division of Employment Service, Kentucky Department of Economic Security.

Right now, Mr. Anderson said, job openings are available for waitresses, cooks, nurse aid, maids, baby-sitters, day workers and handy men. He estimated that 50 such jobs in Floyd and Johnson counties are unfilled.

One employer here, he said, needs a roofer; another, a sheet metal worker.

On top of that, for the first time in 18 months to two years, unskilled

labor is being hired in Ohio and Michigan. Eight hundred unskilled workers are needed in Lorain, O., but at present only residents of that state are being hired. At Flint, Mich., however, where there is a need for 150 such workers, an auto-mobile plant is hiring men regardless of their place of residence.

Turning to the dark side of the picture, Mr. Anderson said many miners rendered idle by the coal slump remain unemployed. He estimated that as many as 2,000 of these have within the last year exhausted their claims to unemployment compensation. Half of that number may be eligible to file again for idle pay, he said, but the others, those longest idle, are without income of any sort.

An indication of the upward employment trend is revealed in other figures released by Mr. Anderson.

For instance: April, 1954 the Division of Unemployment Service here found new local jobs for only 11 persons. Last month, a year later, 33 new local jobs were found.

The unemployment picture assumed its darkest hue in March of last year. That month, 10,159 weeks of unemployment were claimed by the idle. By March of this year, the figure had dropped to 6,583, and last month it sank even lower to 4,995. The unemployment claims filed here against other states rose to 1,432 in March, 1954 but were down to 696 last month. New claims filed against other states in March of last year totaled 204; in March, this year, were down to 73.

Figures are little consolation to the man without a job, but there they are. And there are more jobs bobbing up, here and there.

\$250,000 JOB
AT LAKE SEEN
NEAR GERMANCamp To Serve Region
Comprising 20 Counties;
Officials Promise Help

The Dewey Lake area in the vicinity of the German bridge was selected late Wednesday as the site for the proposed quarter-million-dollar regional 4-H Club camp to serve 20 counties of Eastern Kentucky.

Announcement of the choice, made by unanimous vote of the five members of the Sites committee, was made by Marvin Music, of Prestonsburg, one of the committee members.

News of the selection of Dewey Lake was hailed in this section, as a wise choice. When the 4-H camp is completed and put into use, the lake will be the center for three large youth groups. Lonesome Pine Council, Boy Scouts of America, already has its Camp Shawnee within two miles of the 4-H camp site, and the Girl Scouts' Camp Chatterawha is located on an arm of the lake, approximately two miles above Dewey dam.

The committee made its selection after a two-day tour of a wide area in inspecting five proposed sites. Greenbo Lake, which is yet to be impounded in Greenup county, was Dewey's strongest competition. Other sites considered were Carter Caves State Park, a farm in Elliott Caves State Park, a farm in Elliott county.

Before work can be begun on the area selected, which is upstream from the German (Buffalo) bridge, a lease must be procured from the

GUESS NAME
SCHOOLS HEADHigh School Principal
Here To Become Boyd-Co.
Schools Superintendent

Arnold Guess, principal of Prestonsburg high school has been named Superintendent of Boyd county schools. The Times learned this week.

Mr. Guess will succeed as head of the Boyd school system Floyd Hall whose recent resignation becomes effective June 30. Two years of Hall's term remain, and Mr. Guess' present contract with the Boyd County Board of Education is for that period. Guess is wanted there for work by June 1, if it is possible for him to finish his work here before that date, it was said.

Mr. Guess came here as high school principal last year. Mrs. Guess has been a teacher of the Methodist Kindergarten here since opening of the current school term.

A native of Morganfield, Union county, Mr. Guess received his AB and MA degrees from Western State College, Bowling Green. He was principal of the Mortonville elementary school in Woodford county and for two years a member of the faculty of Bridgeport high school in Franklin county before coming here.

Man in Pike 'Torso Case' Faces Jail Break Trial Slated for Next Monday

Willard "Cattfish" Damron, twice tried in Pike county's torso murder case, has a date in court June 23 on another charge.

The Boldman poolroom operator and Alfred and Claude Goodman, brothers, have been ordered to stand trial on that date in connection with the May, 1953, escape of Clyde Jack Clements from Pike county jail.

Circuit Court juries last December and last month were unable to agree on a verdict after lengthy trials of Damron on a murder charge.

Damron was accused of killing Clements and leaving his dismembered body in a shallow grave on John's Creek near Pikeville.

A torso was found in March, 1954, and the coroner said the victim had been dead about six months. The State said it identified the torso as that of Clements through personal effects.

Clements, a former Tennessee convict, walked out of the jail here while awaiting court action on a charge of possessing burglary tools. At his murder trials, Damron denied having anything to do either with Clements' escape or with his death.

The Commonwealth claims Damron gave Clements \$100 when the men were in jail together and that Clements used the money to bribe Claude Goodman for a key to his cell.

Damron and the Goodmans, deputy jailers at the time of Clements' escape, are charged with aiding and abetting in the escape.

Mrs. Ora May Layne, 55, Succumbs in Lexington; Burial in Mayo Cemetery

Mrs. Ora May Sherman Layne, 55 years old, wife of Roe Layne, of Cliff, died Saturday morning at Guthrie hospital, Huntington, W. Va., following an illness of several years.

For years a resident of Prestonsburg, Mrs. Layne was a native of Paintsville, the daughter of H. R. and Lou Osborne Sherman. She was married to Mr. Layne on Dec. 17, 1914. A member of the Freewill Baptist Church, she was one of her community's best women.

Besides their daughter, Mrs. Doris Lyday, Columbus, O., Mr. and Mrs. Layne reared two other children, their granddaughter, Ruth Ann, and Dr. Beecher L. Scotchfield. In addition to these, her husband and her mother, Mrs. Layne is survived by two other grandchildren and by five brothers and two sisters: Fred, Ezra, Alfred and Ernest Sherman, all of Paintsville, Buck Sherman, Van Lear, Mrs. Maxine Preston, River, Ky., and Mrs. Matilda Begley, Paintsville.

The funeral was conducted at 2 p.m. Monday from the Methodist Church here, the Revs. Carl Layne and Moses Kitchen officiating. Burial was made in the Mayo cemetery here under direction of the Moore Funeral Home.

Pallbearers were Mack Harmon, Fonzo Harrington, Woodrow Fitzpatrick, Elder Ball, William J. Dingus, Tom Graham Dingus, Charles Crum.

Fred James, president of Communications Workers Local No. 3317 here, presided at the meeting of workers. He charged that the offering of reward money was pure propaganda and to this Jones added the reward offers were designed to allow the public to infer that widespread damage was being done. James told his fellow members that the union did not condone such things and asked them "to protect, not destroy, company property."

Miss Branham, Bride of Mr. Olinger

Mary Louise Branham, daughter of Mrs. Mabel Branham, of Prestonsburg, became the bride of David Olinger, son of Mr. and Mrs. Milton Olinger, of Dayton, Ohio, Saturday, April 2, in St. Rita's church when the Rev. Clarence Schmitt performed the double-ring ceremony.

The bride, who was given in marriage by her mother, wore a ballerina-length gown of white Chantilly lace over taffeta. The sculptured bodice was fashioned with a scoop neckline enhanced by embroidered scallops. A Spencer jacket fitted over the bodice and buttoned from the peter pan collar. Long lace sleeves tapered to bridal points over the hands. Her veil consisted of tulle which was trimmed with seed pearls. The bridal bouquet was of a large orchid and a dozen small ones surrounding it. The bouquet was sent to the bride from her sister, Mrs. E. B. Webber, in Hawaii.

Serving the bride as maid of honor was Miss Laura Branham, while bridesmaids included Miss Carolyn Branham and Miss Carolyn Lambert. They wore matching taffeta gowns of seafoam green. The molded bodice featured long torsos and sweetheart necklines. Gathered inserts enhanced the bouffant skirts. Venice lace fashioned in the likeness of daisies formed their headpieces. They carried yellow carnations.

Paul Scheurmann was the bridegroom's best man. Serving as ushers were Bruce Koogler and Clifford Humphrey.

Following a reception, Mr. and Mrs. Olinger left for a trip through New York. They will make their home in Dayton.

U. S. Corps of Engineers. The Corps of Engineers, however, has been deeply interested in development of the area for the public benefit and little delay in procuring property easement is expected.

A wide bottomland area on the west side of the lake was chosen for the recreation area for the regional 4-H center. The camp itself would be built on the hill on the opposite side of the lake.

The Sites committee, headed by Jay Young, of Ashland, was accompanied Wednesday afternoon in its inspection of the Dewey Lake area by county officials, including all members of the fiscal court, and by interested citizens. County Judge Henry Stumbo assured the committee of the county's cooperation in making the camp fit every 4-H need. Assistant County Agent Ervine C. Joseph was a member of the local tour party in the absence of County Agent O. E. Boggs.

In addition to Mr. Music, of the Sites committee, Floyd county was represented on the Finance committee by Burl Spurlock, president of the First National Bank.

Envisioned for the regional camp are facilities to accommodate several thousand campers annually.

Need for a new regional camp became apparent two years ago when it was found that the two existing 4-H regional camps in the state had inadequate facilities to care for the fast-increasing number of 4-H'ers.

Led by the University of Kentucky's Extension Service, a movement got under way for an Eastern Kentucky site, but feasibility of a single site was discounted by leaders. Decision to make two Eastern Kentucky camp areas was reached last year.

This county and 19 others were placed in the Northeastern Kentucky region and at a meeting at Paintsville several months ago the various committees necessary to provide the camp facilities were elected.

**RHEUMATISM—ARTHRITIS
SUFFERERS OFFERED
AMAZING RELIEF**

A truly remarkable new medical dis-
covery now offers wonderfully fast
relief from nagging, crippling agony
of Arthritis, Rheumatism, Neuritis
and Neuralgia. Sensational Ar-Pan-
Ex tablets work through your blood
stream to bring blessed relief from
gnawing, stabbing pains in joints,
muscles and nerves.

THIS IS WHAT HAPPENED WHILE THE CITY SLEPT

While all the burghers of Pres-
tonsburg who were where they
should have been last Sunday morn-
ing—at home, sleeping peacefully—
45 homes in the Pikeville district of
the Kentucky Power Company were
disturbed as early as 3 a.m., as that
number of company employes rose
sleepily to keep an engagement here.

The early morning date here had
been in the planning for months,
and early rising was necessary for
all the men to ready themselves for
the work to be done, drive 30 miles
in most instances and get the work
done on schedule and without inter-
ruption of either family or business
life here.

The job at hand was the conver-
sion of the Prestonsburg distri-
bution circuit from 7200 volt delta
to 12,000 volt wye. This included
the changing of bus connections in
the station and a change in connec-
tions on poles at 85 different loca-
tions, including 22 three-phase
banks, 33 single transformers, and 30
side taps. Also, there were regula-
tors to be installed in the Prestons-
burg substation.

The job had been in the planning
stage for months. Preparatory work
completed, H. M. Eagle, general
foreman, had seen that every man
knew his work place and what he
is to do. R. C. Anders, station fore-
man, was ready for the substation
change.

By 4:00 o'clock the men were at
the service building, a mile south of
Pikeville, checking and arranging
their tools and lining up their
trucks. At 4:30 the first of the line
trucks headed for Prestonsburg, fol-
lowed by 20 other trucks and pas-
senger cars. As the last of the con-
voys pulls away, Rodman Crutch-
field, senior transmission and dis-
tribution clerk, is left alone, but in
contact with 18 of the vehicles
via short wave radio.

The invasion force of omaha-
orange trucks from Pikeville, Mar-
tin, Paintsville and Prestonsburg
itself is here at approximately 5:30
and the motor-powered line short-
ens as truck pull off and park at
their assigned work places to await
the "dead and grounded" signal
which is scheduled for 6:00 a.m.

By 6:00 o'clock, the necessary
switching at nearby McKinney
switching station is completed; and
at the Prestonsburg station the
breaker is dropped, the disconnects
pulled, the grounds attached, and
the signal to begin work is given
via short wave radio to all vehicles
by Mr. Eagle.

In the station, ladders go up and
in a matter of seconds, men are on
the steel removing the knife blade
disconnects and removing and re-
placing the fuse mounts on the 44
kv; on the 7200 volt side three tri-
psavers are replaced with 50 amp
reclosers; demand meters are in-
stalled; three 100 amp regulators
and by-pass switches are connect-
ed; and the necessary bus changes
are made to convert the station
from 7200 volt delta to 12,000 volt
wye. The substation crew is assist-
ed by six employees of Harris Broth-
ers Construction Company of Pres-
tonsburg on the station work.

All over town men are busy chang-
ing connections at the 85 different
locations. The work moves rapidly
along as planned, each man know-
ing what is expected of him and
well aware of the urgency of speedy,
safe and yet quality workmanship
in order to minimize the service in-
terruption.

At 7:25 the last of the crews re-
port "clear" and service is restored
to the City of Prestonsburg, 5 min-
utes ahead of the scheduled time.

The job remained to check each
of the 22 three phase banks for
proper phasing. Beginning with the
hospital and working through the
restaurants in the order of urgency.
Only eight of the 22 required re-
connecting as this final task was
completed at 10:15.

The citizens of Prestonsburg may
have noticed their clocks were one
hour and twenty-five minutes slow

JOHNSON MAN NABBED HERE

Brother of Life-Termer Is Arrested by Police On Armed Robbery Writ

Earl Baldrige, 29-year-old Paintsville man who has been sought for some time by Johnson county authorities on a charge of armed robbery, made the same mistake this week that his brother, Robert, made earlier. He came to Prestonsburg.

And, as in the case of his brother, police here promptly nabbed him. He was arrested Monday by Chief of Police Epp Laferty and Policeman B. L. Sturgill, and was returned to Paintsville the following day.

His brother, who was arrested here April 5 by Chief of Police Laferty, was given a life pen term under the Habitual Criminal Act.

Although Chief of Police Laferty said he understood the armed robbery charges against Earl Baldrige grew out of the same series of hold-ups for which his brother was sentenced, Earl's name was not mentioned here till this week in connection with the Paintsville holdups.

"I've been expecting this," Laferty said Baldrige commented upon his arrest. The officer said the prisoner also named a man he suspected of supplying the tip that resulted in his arrest.

Robert Baldrige netted only \$7.30 in cash in the two holdups which resulted in his arrest and conviction.

Laferty said he was told that Earl Baldrige is already a loser to the law in possibly two cases prior to the armed robbery charge.

The disclosure of the further delay came when a reporter asked why there had been no report on the findings of a federal inspection team which has completed a visit to Wyeth Laboratories, Inc., at Marietta, Pa.

"There will be no further releases of vaccine from any manufacturer for several days," a spokesman said. He added the situation did not affect the 7,850,000 cubic centimeters of vaccine produced by two other laboratories and approved for use in the nationwide immunization program. Much of this has already been used and what is left is still approved for use.

Another spokesman added: "Nothing has been found wrong with the vaccine" at Wyeth's.

He described the holdup as simply another precautionary measure. He explained that government scientific inspectors conducting a plant-by-plant study have been seeking to develop refined methods for studying and analyzing protocols—scientific data submitted by manufacturers on which government clearance on the vaccine is based.

"They have now developed those and now they are going to review them," the spokesman said.

NEW BUILDING STARTED HERE

Latest Project To House Moore Hardware Store; Other Structures Begun

Latest of the business structures to start building here is a 40x70 foot brick on Lake Drive, opposite the bus station, which will house the hardware business of County Clerk DuRan Moore.

The building is on a lot 65 by 80 feet which Mr. Moore purchased from Byron Nunnery and John Allen, and is a part of the property purchased from Mrs. Mary Jane Harkins. Included with the lot is an easement which will permit owner of the building access to the site via an alley from either Lake Drive or Arnold avenue. The structure will be entirely of brick except for a common wall on the north side, which will be of block, and is designed for addition of a second story if desired later.

Scott C. Craft is contractor on the construction job, with Astor Meade sub-contracting. Completion is assured in four months.

Preparations were being made this week for the pouring of the 120-foot-long foundation of the Town Center to be built on North Lake Drive by H. D. Fitzpatrick, Jr. The center will be composed of eight units and is one of the largest business buildings planned here. The same type of work is under way on South Lake Drive on the motel being built by Edward Music and Thomas Hereford and the R. V. May Company building.

Excavation work was begun this week on North Highland for a residence to be built by Mrs. Mary Jane Harkins and daughter.

Then a few days later, I'm there again and a lady gently explains to me, that she has always repressed a desire to ask folks about their attire and such matters, but that she just cannot resist asking where and how and why I came by that "creation" perched atop my head. This is plumb mystifying, and I at first consider trading the old hat in on a new model. But I don't know; they say used hats aren't moving too well, these days. Besides, I've come to the conclusion that this is a deep, dark plot on the part of the wimmen-folks to get even with me and various other males who have been making snide remarks in recent years about those monstrosities the ladies perch upon their heads.

NO-NOT PAY TV!

They say the letters written about the present system of television broadcasts and "pay television" heavily favor the latter. Which reminds me that some of us folks who like our entertainment, if any, to come as cheaply as possible should take pen in hand.

Let's say we do get "pay television" and have to add to the cost of a set, cost of picture tubes, repairs, line service, etcetera a dollar in order to enjoy a prize fight. Then suppose you get one of these Harold Johnson deals or one of these fights where the pugs either can't or won't scrap. Or suppose you have a play coming up that you want to see and you plank down your money, sit back and start enjoying the program, and along about the interesting part there flashes on the screen that always interesting message, "Sorry, Network failure. Please stand by." Then what?

With all its faults, and there are plenty of them, we'll take the kind of television where the advertiser pays the bill for the program and leaves us only with those other bills that are plenty already.

to give a bonus on a crate-shipped basis, to the growers.

"The late freeze and early drought reduced production some," County Agent O. E. Boggs said. "Then, too, some farmers burned their plants up with fertilizers, and by not using Chlorodane allowed worms and soil insects to destroy the plants. The rain started some berries to rot but the sue of Captain stopped that at once," Boggs added.

The shipping season will probably be over late next week, it was said. The marketing association after that will be dormant until bean production starts in a few weeks. Most farmers have made money on their berries and a few have done "exceptionally well," it was said.

One Floyd farmer had by last Saturday sold over \$500 worth of berries from less than half an acre. Another consistent shipper and large producer on half an acre is Everett Thompson of Mare Creek. Thompson demonstrated a method of cutting costs by installing an assembly line of pickers, cleaners and graders.

DOG ORDER IS ISSUED

Judge Stumbo Quarantines Honaker Community Dogs For Period of 45 Days

County Judge Henry Stumbo issued an order Monday of last week which placed dogs in a second Floyd county community under quarantine for a period of 45 days.

The new order requires residents of the Honaker vicinity, including the area from Frog Branch to Trace Branch, to keep their dogs securely tied or confined. It notes that any persons failing to comply with the quarantine order will be fined upon conviction and that any dogs not properly confined will be killed.

The rabies scare there developed when a rabid dog was killed. The first quarantine order covered the Jacks Creek-Byprow-Wheelwright-Melvin-Weeks area.

Health Administrator M. V. Clark said Wednesday that at least six Floyd countians are now receiving, or have completed, anti-rabies treatment.

Mr. Clark recently presented to the State Board of Health, Floyd County's request for the Board to permit Roy Cook, county dog warden, to immunize dogs against rabies, but such authority has not been granted. The request was made by Judge Stumbo and the County Board of Health after it had been pointed out that authority to render this service would enable Mr. Cook to earn enough to justify doing a good job in enforcing the new dog law.

SQUARE DANCE SCHEDULED

The Floyd County 4-H Council is sponsoring a square dance at the Maytown high school, Saturday, May 21. Irvine Joseph, assistant county agent in charge of 4-H work, said this week. Master of ceremonies will be Mrs. Arnold Lowe, of Eastern, and calling the "sets" will be Charlie Barker, of Paintsville. Purpose of the dance is to raise funds for the annual camping by club members at Fishtrap, Johnson county, in July.

CO-OP MEN ARE TAUGHT

In Supervisory Training Course at Paintsville; Baker Conducts Classes

Employees from Licking Valley, Grayson, and Big Sandy R. E. C. C. met at Mayo School for a conference guiding course in supervisory training, May 3-4. W. Maurice Baker of the University of Kentucky, who is the head of the industrial training program, conducted the conference with the cooperation of Herman Brawner, the Kentucky State Job Safety Training Director, Mr. G. L. Ramey, Director of Mayo State Vocational School.

Although conferences have been held within the State for the past several years at various points, this is the first time that such a conference has been held in Eastern Kentucky and the first time that the REA employees from nearby co-operatives have had the opportunity to come to Mayo School for this type of training.

One of the main topics discussed was personal relationship between the employee and the supervisor. The conference was broken up into sessions with part of the time being utilized to acquaint REA employees of the various facilities which Mayo has to offer the public. Those people who had never been to Mayo before were impressed with the fine facilities that are available and with the need of more facilities to accommodate the many applicants who are now on the waiting list.

The employees from the two co-operatives attending this conference were unanimous in their opinions the conference had brought them more information than they had ever obtained in previous conferences held elsewhere in the state. They asked that more conferences be planned in the future at Mayo.

Regional Education Meets Set As Pre-Conference Activity, Davidson Says

Frankfort, Ky., May 16 — A Kentucky Conference on education to prepare for the White House Conference on Education will be held at the Seelbach Hotel, Sept. 21 and 22, with preliminary conferences to be held at 15 points in the state earlier, according to a decision of the planning committee in charge of the program, headed by Dr. Philip Davidson of the University of Louisville.

Regional meetings and dates already set by the committee include: Morehead, July 15, Mammoth Cave, July 22, Somerset, Aug. 1, and Elizabethtown, Aug. 22. Other meetings will be held at these places — with dates yet to be selected.

Henderson, Russellville, Kentucky Dam Village, Louisville, Bardstown, Williamstown, Richmond, Lexington, Barbourville, Hazard and Paintsville.

The White House Conference is slated for Nov. 28 to Dec. 1 in Washington and is to study educational problems of the entire country. The Kentucky regional and state meetings are to consider the state's needs preparatory to the national conference.

EDUCATION WORKSHOP ANNOUNCED

The University of Kentucky's College of Education will conduct a workshop for teachers of handicapped children this summer on the UK campus. It will begin on July 11 and continue through July 30. Serving as instructional director of the workshop will be Thomas Weaver, director of special education at Cody high school, Detroit, Mich.

Why Southern Bell Cannot Surrender To An Arbitrator Its Responsibility For a Vital Public Service

For weeks now, officials of the CWA union have been maneuvering to get the issues in the telephone strike turned over to an arbitrator for settlement.

There should be no misunderstanding about what this kind of settlement would mean.

It would mean that a third party would be called in to write a whole new union-management contract — a contract that involves every aspect of this business.

His decisions would be final and Southern Bell would be committed, in advance, to accept them, regardless of their effect on the cost and quality of telephone service — on the job security and job opportunities of telephone employees.

We are not willing to subject this vital public service to so grave a risk.

In the telephone strike, arbitration of the whole dispute, undoubtedly, would create more problems than it would solve.

PROPERLY APPLIED, ARBITRATION IS OFTEN A USEFUL TOOL

It has had an important place in our relations with the union for many years. In current bargaining, we have offered to expand its use as a means of settling differences that arise under the new contract once it is signed.

In fact, practically every provision of the new contract proposed by the company is subject to arbitration.

Let there be no misunderstanding then about Southern Bell's position on the principle of arbitration.

On the other hand, arbitration can be taken to extremes. When it is proposed, for instance, as a means for settling fundamental company policy matters — such as a whole new labor contract — it undermines the effective management of the business. It also invites serious risks that could do great harm to the financial integrity of the business.

The basic principle involved is that Southern Bell, which is charged with the sole responsibility for telephone communications in the area it serves, cannot surrender that responsibility to others.

Our obligation for service under the law cannot be delegated.

In the telephone strike, arbitration would be just another form of compromise. The real issue at stake is the no-strike clause to assure continuous service to the public while the new contract is in effect. Certainly the public's right to continuous service should not be subject to compromise.

THREE QUARTERS OF CENTURY OF SERVICE TO THE SOUTH

Southern Bell has been privileged to serve the South for 75 years. It does not take lightly its responsibility for providing this necessary service.

The company pays good wages and in current bargaining has offered to make them better. The telephone pension and benefit plan long has been a model for other companies. It has been in effect since 1913.

Working conditions are second to none in all industry. We have offered many improvements in our labor contract and have accepted many union proposals.

Including all the changes we have proposed, the cost of providing telephone service would be increased by more than \$7,000,000 a year under the new contract.

We are willing to guarantee these wages and working conditions. In return, all we ask union leaders is that they accept their responsibility for agreeing to protect the public against quickie strikes for the life of the contract.

This they refuse to do on any reasonable basis. They say in effect, "We will take all you have offered and then we want an arbitrator to come in and decide how much more we can get." It is this attitude that is prolonging the strike.

Airman Dillard Prater Enjoys Japan Vacation

Dillard Prater, Naval Airman Apprentice, son of Mr. and Mrs. Otis Prater, of Hueysville, recently spent two weeks in early-spring in Japan, when his ship, the 45,000-ton aircraft carrier USS Midway docked at the fleet facility at Yokosuka. Prater has traveled some 28,000 miles aboard the Midway since the large carrier left Norfolk, Va., last December, on its current world cruise. He has visited Capetown, South Africa; Colombo, Ceylon; Manila and Subic Bay, Philippines; and Hong Kong. Prater, who entered the Navy July, 1954, reported aboard the Midway on October, 1954, and is presently assigned to the aviation division.

FIGURES SHOW PAYROLLS DECLINED DURING MARCH

Frankfort, Ky., May 16 (Spl.)—in wholesale trade and 800 striking transportation workers, non-manufacturing employment would have shown a handsome gain. "When compared to March of last year, employment was off by 6,800 workers with all industry groups except government having losses," the report continued. "Largest losses were in coal mining, with a drop of 4,600; trade, down 3,400 and transportation, 2,700. Manufacturing employment was 155,000 at the end of the period; down 1,900 from February but up 4,500 over March of 1954, with seasonal factors continuing in evidence. The most substantial drop under February was in the tobacco manufacturing industry where 3,100 seasonal workers in tobacco re-planting were laid off. The loss was counterbalanced in part by employment gains in machinery, metal products and equipment fields. The non-manufacturing field reported a gain of only 100 workers from February to March, the new total being 386,600 workers. The seasonal layoff of 2,200 workers

Kentucky Income Up \$2 Million Over 1954

Frankfort, Ky., May 16 — Kentucky's total income for the ten-month period through April 30 was \$192,762,995 or \$20,000,000 above receipts for the corresponding period last year, the Departments of Revenue and Finance reported.

General fund receipts totaled \$77,009,968, up \$13,500, over last year, while road funds totaling \$59,198,092.50, slightly above the corresponding figure a year ago and agency funds of \$56,554,939.62 or \$6,400,000 above the same total a year ago were reported.

April collections were \$22,415,426.08, compared with \$24,313,483.50 for the same month a year ago. Most of the increase in the general fund was attributed to the pay-as-you-go system of income tax collection and rate increases in the cigarette, beer, wine and pari-mutuel taxes.

According to American Cancer Society statistics, 24,000,000 Americans now living will die of cancer if present rates continue.

Sportsmen To Select Commissioner Nominees At Hazard Meet, June 20

Frankfort, Ky., May 16 (Spl.)—Sportsmen of the Seventh wildlife district will meet at Hazard at the courthouse at 7 o'clock (Central Standard Time) June 20 to select five candidates, one of whom will later be named Fish and Wildlife Resource Commissioner for the district by the governor.

The candidates will be selected by a vote of the assembled sportsmen and their names will be submitted to the Governor. From this list will be appointed a commissioner to serve a four-year term on the commission. The present commissioner's term expires, August 21. The present commissioner of the Seventh district is Roscoe Davis, Hazard, Counties in the Seventh District are: Floyd, Johnson, Breathitt, Pike, Perry, Knott, Letcher, Martin, Magoffin, Lawrence and Leslie.

Rules of the meeting will be made by vote of the chairman on that date.

SPORTS CHATTER

By Gordon Moore

A NEW TWIST . . .

A fish helped a group of Des Moines, Iowa men win \$430 on a Florida horserace.

The men made up \$50 for one of them to bet on a race on his trip to Florida this past winter.

Since the winner of the trophy for the largest fish caught by a member of the group was from one weighing 3 pounds, 6 ounces, it was decided to bet the money on the No. 3 horse in the sixth race. Result, they won.

With the drastic improvement in fishing in Dewey Lake, it would be hard for the local yokels to decide on a winning fish.

Wheelwright will vie for its fourth regional baseball crown in Grayson, May 26 and 27, along with Ashland, Meade Memorial, Morehead, and Mt. Sterling.

Johnny Cook, Melvin Stewart, Phillip and Lowell Hughes will represent Prestonsburg high school in the regional golf tournament at the Paintsville Country Club, May 25. This is the first regional high school meet ever staged in Eastern Kentucky.

The annual Kentucky high school all-star games in basketball and football, held in conjunction with the U.K. coaching school, will be staged in Lexington, Saturday, August 13. The basketball game will be played in Memorial Coliseum at 7:00 p.m., while the football contest will follow at Stoll Field at approximately 8:30 p.m.

Profits from the games are earmarked for a fund to insure high school athletes of the state against permanent injury.

Coach "Doc" Ferrell is an assistant coach on the East football team.

High school basketball in the state of Kentucky is an immense business, especially at tournament time. During the past season, receipts from 61 district tournaments totaled, \$149,200.75 from 16 regional tournaments, \$90,549.81 and from the state tournament \$107,000.00.

There are 1,089 basketball officials (thus-termed) registered with the Kentucky High School Athletic Association, and only 323 in football.

W'WRIGHT HI TEAM SEEKS

Fourth Tournament Trip With Best in Eight Years; Seven Hit Over .300

The Wheelwright high school Maroons, three-time Eastern Kentucky regional baseball champions, will seek their fourth trip to the state tournament with the best hitting team in Coach Adrian Hall's eight-year tenure.

The current team boasts seven regulars hitting over the .300 mark, who have won eight and lost one. Pitcher-Outfielder Bobby G. Newsome leads the squad with a .325 average. He also is tops in home-runs and doubles.

Others above the .300 figure are: Shortstop Oakie Newsome, .303; catcher Homer Osborne, .310; first baseman, .300.

The squad of five seniors, seven juniors, two sophomores and two freshmen has only three regulars left from last year's team that won 11 and dropped 2, but two inexperienced pitchers, Freshman Bobby Newsome and sophomore Jimmy Hall, have performed like veterans.

Newsome, a five-foot-ten-inch, 150 pound lefthander, has relied on a good curve and a variety of pitches in posting four victories without a setback. Hall, a 16-year-old six-foot-one-inch righthander, has a good fast ball and fair curve. He won the district final game by holding Martin to six hits for his fourth win of the season.

Clarence Ward and Billy Fultz, both juniors, are the other right-handed hurlers.

In nine games played to date, only four errors have been committed, which indicates the strong defense of the Maroons.

Wheelwright will vie for the regional tournament crown at Grayson, May 26 and 27, along with Ashland, Meade Memorial and two other teams.

Counties Not Responsible In Juvenile Cases

Counties are not required to appoint special officers to take care of juvenile problems of the county, this matter being entirely within the discretion of the county judge, who, by virtue of his office, is judge of the juvenile court, the Attorney General's office has held.

The Floyd county Sheriff's office was advised that in juvenile cases "no court fees shall be charged against, and no witness fees allowed, any party to a petition . . . nor shall any public officer be entitled to a fee for service of process in such proceedings."

Pike College Classes Of '05 and '30 Selected For Honors at Banquet

Pikeville, Ky., May 17 (Spl.) — Alumni of the classes of 1905 and 1930 — the 25th and 50th-year classes—will be specially honored at this year's alumni banquet at Pikeville Junior College.

The two classes were chosen for the honor at the annual business meeting of the Pikeville College Alumni Association last week at Pikeville, Sidney Ratliff, Jr., association president, said. The banquet was set for 6:45 p.m., Saturday, May 28.

Mrs. Josephine Kirk, Pikeville, was named president for the coming year in the annual election of officers, and Mrs. William B. Stone and James W. Wine, also of Pikeville, were elected vice-presidents. Carl P. Hatcher was re-elected secretary-treasurer.

Newly-appointed head of the Music Department at Morehead State College is Milton Moore, it was announced today by President Adron Doran. Mr. Moore will assume his new duties at the beginning of the fall semester in September.

The new department head is a graduate of Kansas State Teachers College where he was a scholarship student in voice, and took his master's degree in music, again as a scholarship student, at the American Conservatory of Music in Chicago. He has also studied at Juilliard School of Music, New York, and at the Cheribini Conservatory of Music in Florence, Italy.

Mr. Moore has taken graduate work at the University of South Carolina and at Teachers College of Columbia University, where he has completed residence study for an Ed. D. degree.

Mr. Moore was formerly head of the Music Department at Newberry College, Newberry, S. C. He has served as director of church choirs and community choruses, conductor of choral clinics and adjudicator for music contests, and has appeared as vocal soloist on radio and concert stage. He is married and has two children.

Harmless fire... or is it?

Looks "harmless" enough. Doesn't seem to bother the big trees much.

But the truth is, this kind of uncontrolled, slow-burning grass or brush fire does untold damage across the nation each year.

Why? Because in that grass and brush are tiny trees—the future woods of America—the timber that your children will urgently need. Fire kills these small trees.

It is mighty important that we prevent these "harmless" fires. For they are forest fires, too . . . just as destructive, just as shameful, just as costly.

For America, for your children, please be extra careful with matches, smokes, campfires, any fire. Be sure that every flame, every spark is dead out. Think of those tiny trees . . . hidden in the grass.

Remember—Only you can PREVENT WOODS FIRES!

Good World Hour Plans Father's Day Observance With Program, June 18th

Plans are being laid to observe Father's Day, June 19, in the same manner as was Mother's Day on station WPRT. The program on WPRT honored the outstanding mothers of Floyd county, who were sponsored by various organizations.

The Father's Day program will allow any civic organization, church, school, group or individual to enter a nominee. For a nominee to be entered the following rules must be followed:

1. Select a son or daughter of the nominee who will speak one minute about his or her Dad. The speech can be read.
 2. Mail the name of your nominee and his address to Director of Good World Program, Langley, Kentucky.
 3. Enclose copy of the speech to be made. It must not exceed one hundred and fifty words.
 4. It must reach the program director on or before May 30, and there will be no exceptions.
- Response is important for the program to be justified. Unless 15 or more entries arrive, there will be no contest or program by fathers and their children. If enough entries are received winners will be notified in time. Families are asked not to let those to be honored know about this till the last moment.
- After speeches are made June 18 the fathers and children taking part in the program will select the winner themselves, by ballot.

MAYTOWN

W.S.C.S. ELECTS OFFICERS

At the recent meeting of the Maytown W. S. C. S. at the home of Mrs. Arnold Cassidy the following officers were elected for the coming year: president, Mrs. Howard Ramey; vice-president, Mrs. James E. Allen; recording secretary, Mrs. Elizabeth Allen; promotion secretary, Mrs. George Patton; treasurer, Mrs. Henry L. May; secretary of Spiritual Life, Mrs. Thomas Patrick; secretary of Youth Work, Mrs. Raymond Hopson; literature and publications, Mrs. Jones Tallent; secretary of Children's Work, Mrs. Charles Patton; Status of women, Mrs. Baisden Osborne; supply work, Mrs. John Ison; student work, Mrs. Thurnal Click.

A motion was made that the meeting night be changed back to the second Tuesday of each month instead of the first Thursday. It was also decided to give Secret Sisters gifts only on her birthday and anniversary, putting the money which would have gone for gifts into the piano fund. Mrs. Arnold Cassidy was made chairman of the fund.

Mesdames Manor Manuel and Charles Patton will be hostesses for the next meeting, with Mrs. Raymond Hopson as program leader.

Donna Branham, daughter of Mr. and Mrs. Lyman Branham, won the style revue at the annual 4-H Club spring rally at Allen. She will represent Floyd county when she models her play suit at the state style revue at Lexington in June. She was selected style revue winner after competing with 86 other contestants. Other outstanding winners in the various contests were Palmer Lowe and Tommy Martin, poultry judging; Claudina Lowe, dairy foods demonstration; Fonda Joan Martin, foods judging; Claudina Lowe, canning judging; Donald Lowe, seed identification; Diana Martin, Patty Warrens, Sonya Fay Ousley and Ruby Mae Gayheart were selected to send their clothing to the State Fair in September. Claudina Lowe was chosen public speaking champion in the junior division with her speech, "Farming a Way of Life." Donald Lowe was public speaking champion in the boys' senior division with his speech on "Farmers' Citizenship." These champions, with other winners throughout the county, will represent Floyd county at the district rally to be held in Paintsville, May 23. Maytown is proud of its 4-H Club and thanks go to its excellent leaders who have made it an active and outstanding club of the county.

Mary Lou Hicks, who is attending Morehead State College, spent the week-end in Louisville, recently. She visited her sister, Ada June Hicks, and friends and attended the Kentucky Derby while there.

Bonnie Hopson was a patient at the Beaver Valley hospital for several days last week.

Sympathy is extended to the family of Cora Webb who passed away at the Beaver Valley hospital last week.

Mrs. Buck Ellis is visiting relatives in Baltimore, Maryland.

Kenneth "Bobo" Collins has been spending a 14-day leave with his mother, Mrs. Hattie Collins. He is stationed with the Navy at Newport, R. I.

Mr. and Mrs. Clarence Stone are the parents of a son, born May 12 at Our Lady of the Way hospital. The babe has been named Luther Glenn.

Mr. and Mrs. Baisden Osborne and Paul and Mrs. Amy Begley are spending a 10-day vacation in Florida.

Elizabeth May is visiting her daughter, Mrs. Troy Webb, and Mr. Webb at Garrett.

Sandra Sue Patrick was a member of the cast of "Oedipus the King" at Morehead State College, recently. The play was presented for three nights.

Mrs. Edith Osborne, of Russell, has been visiting Viola Stewart.

Bess Ratliff spent the week-end with Nora Hayes at Ashland.

Cancer as a killer has risen from eighth place in 1900 to second place today, says the American Cancer Society.

DRIFT

INSTALLS OFFICERS

Mrs. Crystal Howard, governor of the Seventh district, K. P. W. C., was guest-speaker at the anniversary dinner and installation of officers of the Drift Woman's Club on May 11 at the Sea Cafe.

Mrs. Howard spoke on the General Federation of Women's Clubs, briefly sketching the history of the club from its organization until the present time. She urged the club to participate in the Community Achievement Contest now in progress.

Using the circle candle service, Mrs. Howard installed the following officers for the 1955-56 club year: president, Mrs. Lloyd Stumbo; vice-president, Mrs. H. D. Hewlett; recording secretary, Mrs. Glenn Ward; corresponding secretary, Mrs. Joe C. Moore; treasurer, Mrs. Alvin Reed. The club presented each new officer with a corsage of red carnations, the club flower.

Miss Ruby Akers thanked all members for their cooperation during the past two years. Mrs. Lloyd Stumbo accepted her office as the new president and expressed the members' appreciation to the retiring president. A Samsonite train case has been ordered for Miss Akers.

Members attending were Mesdames C. J. Cahill, Fred Cochran, Jack Dingus, John Bates, Oliver Elam, Bobby Hall, Delver Hall, H. D. Hewlett, Edgar Jones, Claude Martin, Girdle Moore, Joe C. Moore, Alan Reed, Alvin Reed, W. L. Reed, Everett Stidham, Foster Stumbo, Lloyd Stumbo, Wayne Stumbo, Arnold Turner, Clarence Turner, Ray Turner, Glenn Ward, Misses Ruby Akers, Catherine Reed, Claudia Watson, Betty Turner.

The club will have a business meeting at the Turner Elkhorn office building, June 6.

Mrs. Angie Blackburn, Of Lancer, Is Victim; Burial At Sugar Loaf

Funeral rites for Mrs. Angie Burchett Blackburn, 66 years old, who died at 2:10 a.m., Thursday of last week at the Paintsville hospital, were conducted from the residence at Knotley Hollow, near here, Saturday afternoon. Officiating ministers were the Revs. Isaac Stratton and G. R. Faminin.

Mrs. Blackburn, wife of Frank Blackburn, had suffered a paralytic stroke two weeks prior to her passing, and death followed a second seizure.

A daughter of Bill and Julia Hubbard Burchett, Mrs. Blackburn was a native of the community where she died. She had many relatives and friends in this section of the county.

Surviving, besides her husband, are one son, Bennie Blackburn, of Michigan, one daughter, Mrs. Lee Garrett, of Lancer, two brothers, Banner and Willard Burchett, of Prestonsburg, and four sisters, Mrs. Ora Blackburn, Mrs. Maxie Hubbard, Mrs. Maude Wallen and Mrs. Esta Crum, all of Prestonsburg and vicinity.

Burial in the family cemetery at Sugar Loaf was under direction of the Carter & Callihan Funeral Home.

Woodmen to Celebrate Their Society's Birthday

On its 65th birthday, June 6, Woodmen will celebrate their Society's proud record of home protection, caring for the disabled and aged, performing thousands of fraternal, civic, charitable and fraternal services.

In these 65 years, the Society has paid Woodmen and their beneficiaries more than \$470 million in benefits and refund payments.

It has provided free health-restoring care at Woodmen War Memorial Hospital, San Antonio, to some 5,000 members afflicted with tuberculosis. It has given fraternal and financial aid to members in their time of need.

Woodmen also enjoy many more benefits and receive much pleasure from Woodcraft's fraternal and social activities.

Local Woodmen Camps will celebrate June 6 with special programs featuring the reception of "QUEST FOR VALOR," a highly dramatic radio and television story of heroism and brotherly love especially prepared for this occasion.

If available, you'll greatly enjoy seeing and hearing "QUEST FOR VALOR." Check your local newspaper's radio and television program listing, June 6, for this show.

Hottest news in Hardtops is the 4-Door Riviera

Why take anything less than the sensation of the year?

WHEN you learn what's been done in the automobile pictured here, you can easily see why this beauty is winning rave notices coast to coast.

Buick engineers took the hardtop body design that has been growing tremendously in popularity over the past six years—and gave it four doors instead of two.

Simple? Sure—to all outward appearances.

But it took a brand-new kind of body with wholly new structural principles to do it—to bring this long-awaited new kind of automobile to the public in volume numbers and at popular prices.

For this is a true hardtop—with the sleek and racy look of a Convertible, because there are no center posts in the window areas on either side.

And now it has front doors for the front-seat passengers—and rear doors for the rear-seat passengers—plus room increased to the size of a full Sedan.

(It took some special kind of engineering magic, you can be sure, to hinge all four doors at their forward edges for greater safety, and more ease of entering and exiting.)

HOTTEST NEWS IN AUTOMATIC DRIVES IS VARIABLE PITCH DYNAFLOW

It's the world's first transmission with the switch-pitch principle of the modern airplane's variable pitch propeller. You get better gas mileage in cruising. You switch the pitch just by pressing the gas pedal—and get lightning-like response for getaway, or for a sudden safely-surge of accelerating power. It's the performance thrill of the year. Standard on ROADMASTER, optional on other Series at no more extra cost than earlier versions of this wonder drive.

So it looks like Buick has scooped the industry again—and come up with the hottest news in hardtops since Buick originated the first two-door hardtop six years ago.

And you can have it now—in the low-price SPECIAL or the supremely-powered CENTURY—and either one at the modest extra cost of a 4-door model over a 2-door.

Drop in on us today—this week, for sure—and see how easily and how quickly one can be yours.

DAVID

WOMAN'S CLUB MEETS

The David Woman's Club held its regular monthly meeting at the home of Mrs. Francis Harmon, Friday, at 7:30 p.m. Thirteen members and two guests were present. A report was made by the president, Mrs. John Straton, of a joint meeting held with the Drift Woman's Club.

Mrs. Oliver Marshall was selected delegate to represent the club at the state convention. The club voted unanimously to send a petition to the fiscal court requesting it to appropriate money to hire a home demonstration agent. Mrs. Spottie, program leader, presented an interesting program on "Our Neighbors in Other Lands." Color slides, taken by Joe Spears while on a Mediterranean cruise, were shown by his mother.

Refreshments were served by the co-hostesses, Mrs. Harmon and Mrs. Peter J. Capelli.

Aged Maytown Resident Dies at Martin Hospital; Was Blind Several Years

Cora Webb, 74 years old, died at the Beaver Valley hospital, Martin, Friday, at 4 p.m., after a brief illness due to a heart condition. She was a daughter of the late Sharp and Emma Webb, of Maytown, and lived her entire life in that community.

She united with the Methodist Church many years ago. Rendered partially blind by a childhood illness, she was handicapped and unable to participate in normal activities, but was of a cheerful nature and always grateful to friends and relatives who did much to make life brighter for her.

She is survived by two daughters, Kittie Webb, at home, and Mrs. A. T. Minters, of Gnadenhutten, Ohio; three sisters, Anne Risner, of McArthur, Ohio, Mrs. Katherine Patton, of Maytown, and Mrs. Lillie Adams of Russell; two brothers, Charlie Webb, of Hutchinson, Kansas, and Malcolm Webb, of Clafin, Kansas, in addition to four grandchildren and two great-grandchildren.

Funeral services were conducted Sunday at 2 p.m. from the Maytown Methodist Church, the Rev. H. M. Wiley officiating. Pallbearers were Charlie Patton, James Webb, Jones Moore, Ray Allen, Mac Dayton, Herbert Ounsley and George E. Allen. Honorary pallbearers were Edgar May, George A. May, Henry May, Troy Webb, Dr. Wicker, O. J. Webb, T. J. Webb, George W. Allen, Earl Webb, Thomas Patrick, Dr. J. H. Allen, Dr. C. L. Allen, George A. Patton, Bill May, Dock Patton, Elbert Howell and W. S. Martin.

Burial was under the direction of the Turner Funeral Home.

MARTIN

W. S. C. S. MEETS

The W. S. C. S. of the Martin Methodist Church held a covered dish supper at 6:30 p.m. May 10, in the church dining room. After the supper a business session was held, with Mrs. Iola Crisp presiding. Members were urged to attend the district W. S. C. S. meeting in Prestonsburg on Friday.

Following the business session the program leader, Mrs. Opal Mayo, took charge. Those taking part in "We Give Thee But Thine Own" were Mrs. Iva Carr, Mrs. Dortha Allen, Mrs. Minnie Frye, Mrs. Jerry Martin, Mrs. Edna Babb, Mrs. Opal Mayo and Mrs. Tina Allen. An impressive candlelight pledge service was conducted. Mrs. Iva Carr gave an interesting report on her trip to Covington as a delegate. Mrs. Carr will be program leader for June.

Those present were Mrs. W. A. Woody, Middlesboro, Ky., a guest, Mrs. Florence Marshall, Mrs. Opal Mayo, Mrs. Iva Carr, Mrs. Edna Babb, Mrs. Orna Jean Hall, Mrs. Jerry Martin, Mrs. Dortha Allen, Mrs. Minnie Frye, Mrs. Iola Crisp, Mrs. Tina Allen, Miss Lois Allen, Ronnie and Randy Mayo.

Airman William M. Rowe Assigned To Philippines

Far East Air Logistic Force, Philippine Islands—Airman William M. Rowe, son of Mr. and Mrs. Jesse Rowe, of Prestonsburg, Ky., has been recently assigned to duty with the Manila Air Force depot, Philippine Islands.

Airman Rowe first entered the service in October, 1954. After completing basic training at Sampson Air Force Base, New York, he was sent to an Air Force technical training school where he completed an eight-week course in engineering equipment maintenance.

Immediately upon completion of tech school, he took 30 days leave after which he departed for his overseas assignment. On April 22, he boarded a plane bound for the Philippine Islands. Upon arrival there, he was assigned directly to the 6424th Maintenance Group, which is a subordinate unit of the Manila Air Force Depot.

Airman Rowe is a graduate of Prestonsburg high school. In September of 1953 he entered Eastern Kentucky State College, which he left in June of 1954. Shortly thereafter, he enlisted in the Air Force.

He is due to return to the States in September of 1956.

M'HEAD WRITERS' WORKSHOP WILL MEET FOR FOURTH TIME

Kentucky's only writers' conference, the Morehead State College Writers' Workshop, will meet for the fourth consecutive year July 25-August 5, it was announced by James R. McConkey, director.

A staff of six professional writers, including Kentucky-born best-selling novelist Harriette Arnew, will work with student writers of all ages and professions during the two-week conference. Workshop activities will include individual conferences with staff members, group discussions of original manuscripts, and a series of evening programs and lectures.

Other staff members for this summer's workshop are Hollis Summers, novelist, short-story writer, poet, and professor of creative writing at the University of Kentucky; James Still, Hindman, Ky., writer who has been included in a number of annual prize short-story anthologies; W. D. Snodgrass, poet and instructor in modern literature at the State University of Iowa; Carl Hartman, critic, an editor of three literary quarterlies, and creative writing instructor at Cornell University; and Leonard Press, radio and television writer and program director for the University of Kentucky Broadcasting Service.

Mrs. Arnew, author of the best-selling novels HUNTER'S HORN and THE DOLLMAKER, is winner of this year's Friends of American Writers Annual \$1000 award. A native of Wayne county, she attended Berea College and was graduated from the University of Louisville. She is now a resident of Ann Arbor, Michigan.

CARD OF THANKS

We appreciate so much the kindness and sympathy of our friends, the flower donors, pallbearers and we especially thank Rev. M. C. Wright and Sherman Stone for their comforting words and also the Turner Funeral Home on the death and at the funeral of our beloved father and grandfather, Rich Hayes.

Jack and Nell Hayes and Children.

Poetry and fiction will be emphasized during the first week of the workshop, July 25 to July 29. During the second week, August 1-5, fiction, non-fictional prose, and television and radio writing will be stressed. Writers may attend for either or, preferably, both weeks, and students who enroll for the full two-week period may obtain college credit.

The Writers' Workshop, now in its fourth year of operation, affords an "inexpensive literary vacation" for persons interested in writing, McConkey said. Expenses, including tuition, dormitory room and meals in the college cafeteria, are approximately \$25 a week, among the lowest of any writers' conference in the nation. Available recreational facilities include swimming, tennis, fishing in the college's 26-acre lake and hiking in the surrounding Cumberland National Forest.

An Issue Vital to Floyd County

A. B. Chandler, speaking in Louisville on January 11th, said he wanted "to get the state out of the motel business and the restaurant business." Bert T. Combs, as part of his platform, has pledged a continuance and expansion of the present state park program.

Chandler has stated that he would lease the park lodges and dining rooms to private individuals. He has promised his political henchmen, if they would back him heavily, he would lease them a park lodge, dining room, or boat dock. Combs assures the people that, by publicity and construction, he will build for Kentuckians a state park system which will yearly attract thousands of tourists, and bring into our state millions of tourist dollars.

Bert Combs has never backtracked on, or deviated from, his original stand on state parks. What about Mr. Chandler's fancy footwork on the issue?

Recognizing the unpopularity of his stand on the park program and frankly told by his advisers it was unpopular, Chandler is now trying to retreat from his previous statements by sniping at management details of the state park operation. In retreat, he backs into his own record as Governor from 1936 to 1939, during which period he did virtually nothing for the park program. Here are the facts and figures:

Table comparing budget appropriation for parks under Chandler (Yearly \$22,000) vs NOW (Yearly \$275,000). Includes receipts from state-owned park concessions (\$18,000 vs \$2,000,000) and attendance at state parks (215,000 vs 3,573,000).

All of which brings us to a question dear to the hearts of Eastern Kentuckians: What about the development of the Dewey Lake State Park?

We know that many people in our county and section gave freely of their time and effort, urging the state to lease lands along the Dewey Reservoir from the Federal government for the development of a State park. THIS HAS BEEN DONE. We know that plans have gone forward for setting up the park. The boat dock is now state-operated. Park roads are being improved. The picnic and swimming areas are being landscaped and provided with table and bathhouse facilities. So far, so good.

We also know that early this year the State Property and Buildings Commission, of which the Governor is chairman, set aside \$125,000 for construction of a lodge, cabins and boat docks. According to the Conservation Commissioner, location of this proposed construction is at Arrowhead Point. Actual construction awaits only the building of a road along the lake through Arrowhead Point connecting with Brandy Keg and the Auxier-Van Lear Road, which is now being completed.

But let's get back to that \$125,000. Would Chandler, if elected, call a meeting early next year of the Property and Buildings Commission and cancel the money

set aside for our park, or perhaps spend this money in some other section of the state? The new Governor could do this, you know. We believe that A. B. Chandler, if elected, would do just that. If he would lease lodges, boat docks, and cabins at Kentucky Dam Lake and Cumberland Falls to private individuals, and if, as he says, he wants to get the state "out of the restaurant and motel business," then certainly we couldn't expect him to spend state money developing new ones at Dewey Lake.

On the other hand, Bert Combs has pledged expansion of the present park program. He was born and raised in Eastern Kentucky, as was his wife, Mabel Hall Combs. They have lived in Prestonsburg for many years, and own their home in Floyd county. Bert will do more even by accident for Eastern Kentucky than Chandler will do on purpose. Bert Combs pledges that when he is elected Governor he will stand by that \$125,000 set aside for the development of Dewey Lake Park, will urge whatever increase is necessary, and will start the ball rolling for immediate construction.

Bert Combs recognizes the economic plight of Eastern Kentucky, and knows that getting more people to come into Floyd county to visit our Park will help our economy.

DON'T TAKE CHANCES ON DEWEY LAKE PARK. BE SURE OF A GREAT TOURIST ATTRACTION FOR OUR COUNTY. VOTE FOR BERT T. COMBS FOR GOVERNOR.
