SPEAKING OF AND FOR FLOYD COUNTY

JANUARY 29, 1959

THURSDAY

## This Town— That World

### THE VAIN SEARCH

The man stared out the window. There was the distant skyline, trees lifting gaunt, imploring arms against the weather. Cars threaded the narrow, traffic-jammed street. One car, he noted, had a radiator that looked like a mouth drawn churlishly down at the corners. He stared at the muddy street and wondered how many diseases children would contract if they made mud-pies in that mess as they used to play in good, old country mud. Washington and Lincoln were born in February, he mused. He tugged at his car. The sun came out. But nothing helped. The poor sap was digging for an idea for a column.

### WE ALL LOSE

Dr. H. Halbert Leet, Lexington psychiatrist, was killed Monday night with three others in the crash of his plane into a Woodford county field. This is the same Dr. Leet who on several occasions flew to this county and gave of his services without charge in the early days of the Floyd work for retarded children. When such hearts stop beating the world loses some of the mercy and compassion it so sorely needs.

### REASON ENOUGH

We are reminded that both Washington and Lincoln were tall, strapping men. Another reason for such as I to look up to them.

### POOR CONSOLATION

Some of us short men may console ourselves with the idea that there have been great half-pints, too. But I never fail to think of Napoleon and Hitler, and that gets me right back where I started.

### WONDER . . .

The United Mine Workers of America have invested in banks, the publishing business and possibly some other altogether legal and — See Story No. 9, Page 6 —

## RADIO BEACON IS DAMAGED

### Programs Are Suspended For Two Hours By WDOC Following Vandals' Work

Vandals who shot out the lights of the transmitter tower of radio station WDOC here Monday night of last week returned Monday night of this week to destroy electronics equipment in the antennae system. The station went off the air for two hours Tuesday while the electric components were being repaired or replaced. The station had attempted to broadcast in the early hours of Tuesday and after much difficulty had to suspend at 9:30, according to Rex Osborne, manager. Osborne said the station is offering a \$1,000 reward for information leading to the arrest and conviction of the person or persons responsible for the damage. He estimated the damage at \$600.

The top beacon light of the transmitter tower had three bullet holes in it, it was said, and the angle of the holes indicated that the shots were fired from the ridge back of the May cemetery. It is thought the shots were fired from a rifle. The tower is 345 feet high and the beacon is required by the Civil Aeronautics Administration to facilitate air traffic. Osborne noted that interference with or damage to the tower is a federal offense. State Police were notified of the station damage but no arrests have yet been made, Osborne said.

## CIRCUIT COURT TRIAL SESSION ENDS TUESDAY

### Hill Dismisses Panel After Newsome Trial; Grand Jurors Return

Except for the work of the grand jury, which re-convened Wednesday to continue in session through Friday, the January term of the Floyd circuit court was ended Tuesday with the dismissal by Circuit Judge Edw. P. Hill of the regular jury panel.

An equity term of court will be held next month, a civil term during March, and then criminal trials will be resumed in April. Final week of the term saw no convictions. Adrian Newsome was given trial on a manslaughter charge in the auto death of an 11-year-old Mud Creek boy, and the jury reported Tuesday that it could not agree.

Newsome testified he was driving on a narrow road, that he met a car which crowded him and that he cut to his right and did not see the boy on his side of the road until it was impossible to stop in time to avoid hitting him. Other defense witnesses said the boy often played on the road and that they had been forced to stop in order to avoid hitting him. Some of these also said they did not think Newsome was drunk. — See Story No. 4, Page 4 —

## COOPER RAPS IKE'S BUDGET

### Depressed Areas' Needs Cited; Says Community Share of Load Too High

Senator John Sherman Cooper was sharply critical this week of the President's budget allocation of only 55 million dollars to aid depressed areas, such as Eastern Kentucky. A bill, sponsored by Sen. Paul Douglas, of Illinois, proposes to use \$379,500,000 for the same purpose.

At a press conference held by four senators attended by Cooper the Kentucky issued a statement advocating the larger amount.

"The funds to be lent under this bill would provide the seed needed to stimulate our economic growth," the Kentucky said. "The depressed localities cannot provide the tools with which to meet their problems, nor are the states able to meet the situation. There is only one way to meet it, and that is through federal action.

"We are going through a period of surging economy, but there are pockets of depression — See Story No. 5, Page 6 —

## Plant Personnel Changes Announced by United Fuel; Paul Jarrell Is Promoted

Charges involving compressor and extraction plant personnel of United Fuel Gas Company and affiliated companies of the Columbia Gas System were announced today by James S. Phillip, vice president and general manager.

L. O. Smith, formerly assistant manager of compressor department, becomes assistant manager of compressor and extraction. He will have supervision over the companies' compressor, gasoline and extraction plants.

## MAN WHO HELPED COUNTY'S SCHOOL FOR RETARDED DIES IN WOODFORD PLANE CRASH

Dr. H. Halbert Leet, 47, the Lexington psychiatrist who in the early days of work with the retarded children at Martin, flew his plane to this county to offer free examinations of children, was killed Monday with three others when his plane crashed in Woodford county.

Killed with him were Leonard Gross, a clinical psychology trainee who was associated with Dr. Leet; Frank Bancroft, a writer for pharmaceutical publications, and Dan Weiner, a leading photo-journalist. Weiner and Bancroft were residents of New York City.

They were aboard Dr. Leet's four-passenger plane when it crashed and burned in a remote muddy field near the crest of a hill close to the Kentucky River.

## Allen Gets New Trial In Slaying of Cline

Joe Allen, who last week was given a two-year pen term for the slaying of Roland Cline on Johns Creek last year, was granted a new trial by Circuit Judge Edward P. Hill today (Thursday).

The case was continued generally till the April term of circuit court.

## HAROLD FIRM BUYS UTILITY

### Valley Telephone Company Sold By Ratliff; Facility Slated For Improvement

The Harold Telephone Company has bought the franchise and facilities of the Valley Telephone Company in the Left Beaver Creek section, it was announced Tuesday by Paul Gearheart, president of the Harold firm.

The Valley Telephone Company, serving about 20 subscribers, mostly stores and business firms in the Bypro-Melvin-Jack's Creek area, was owned by Wayne Ratliff who bought the company a few years ago. The company was originally established in 1939 with two lines out of the Wheelwright exchange and had approximately two and one-half miles of lines.

Interest of the Harold firm in acquiring the Left Beaver company began several months ago when the Left Beaver Improvement Association approached Gearheart on the matter. There are 1,085 homes and business houses in the area without telephone service, according to a survey by the purchasing company. Gearheart said his firm would build an exchange near Melvin that will serve 548 customers within five years. He added that he already had 280 applications for service in the area formerly served by Valley Telephone. Construction of the exchange will start in early summer.

The Harold Telephone Company, successor to the Roberts Olga Telephone originally established by B. F. Elliott in 1912, has made extensive improvements in the system serving the Big Mud, Creek and river area from Boldman to Ivel. It has 610 customers now and expects to serve 1,500 within the next five years, Gearheart said.

Members of a fiscal court may become personally liable if they do not require that all excess fees owed to the county are turned over to the county treasury, Miss Mary Louise Foust, state auditor of public accounts, told county judges in a statement recently.

## HILL NOTES ROAD WORK

### Allen-Dwale Bridge Street Work, Surfacing Contracted Or Scheduled

Recent highway contracts awarded in this county includes, among several projects, the construction of the Allen-Dwale bridge and approaches, it was announced by the Highway Department this week. The contract went to C. D. Juett, of Winchester, whose bid of \$166,756, was low.

The contract provides for grade, drain and bituminous concrete surfacing. It is a federal aid project with the state and federal governments sharing the cost on a 50-50 basis.

Street surfacing in this county proposed in a notice to bidders by the Department includes projects at Allen and Harold. The Harold job, of 1.3 miles and the Allen work of 1.6 miles, are both to be of bituminous class C-1 surfacing. Bids must be submitted by Feb. 6 at Frankfort.

Recent hard-surfacing contracts let in this county, according to Lon C. Hill, are awards for work to the Adams Construction Company on the Stonecoal-Turkey Creek road. Contracts for surfacing of the Buckingham road and the Prater Cree road were also let recently, Hill said.

## MAN WHO HELPED COUNTY'S SCHOOL FOR RETARDED DIES IN WOODFORD PLANE CRASH

Police estimated the accident occurred at 7:05 p.m., based on the time shown on a watch bearing Dr. Leet's name.

The plane apparently became lost in overcast skies around Lexington. State police said Leet radioed the Lexington airport he could not land because of the weather and was flying on to Louisville—about 80 miles west—with one hour's fuel left. The cause of the crash was not determined. Firemen said the plane was still burning when they arrived at the scene.

Dr. Leet had flown to Pineville to conduct a clinic, then went to Middleboro for magazine pictures before heading to Lexington.

R. H. McGee, Wilmore, said he — See Story No. 6, Page 4 —

## Floyd Woman, Husband Receive Doctor's Degree At Same Time

BATON ROUGE, La.—A husband and wife will receive doctor's degrees in the same field and at the same commencement exercises for the second time in the history of Louisiana State University, January 27.

Mr. and Mrs. Titus Johnston will receive Doctor of Philosophy degrees with a major in plant pathology. Coincidentally, the only other similar situation developed in the same department in June, 1957.

Johnston is a native of Bogalusa, La., and the son of Mr. and Mrs. Samuel E. Johnston of 1211 Ave. F, Baton Rouge. He received a bachelor of science degree from Southeastern Louisiana College in 1955 and a Master of Science in horticulture at LSU in 1956. He received an experiment station fellowship to finance

his M.S. study and a Dow Chemical fellowship to finance his doctoral work. His wife, the former Peggy Stumbo, is the daughter of Mrs. Della Stumbo of Harold, Ky. and the late John M. Stumbo. Mrs. Johnston received her B. S. degree from the University of Kentucky in 1952 and M.S. in botany from the same University in 1954. During her graduate study she has gained financial aid from a teaching assistance-ship and an Atomic Energy Commission grant.

The couple met while studying at LSU and were married in 1956. Both hope to do research work with a university or with the U. S. Department of Agriculture after receiving their degrees.

## COURT LIABLE IN FEE CASES

### If Its Members Fail To Require Payment, State Auditor Says

Members of a fiscal court may become personally liable if they do not require that all excess fees owed to the county are turned over to the county treasury, Miss Mary Louise Foust, state auditor of public accounts, told county judges in a statement recently.

She said copies of a legal case upon this matter, Funk vs. Milliken, have been sent to all county attorneys and judges. The copies were distributed at the request of William Hays, president of the Association of County Attorneys in Kentucky, Miss Foust said.

She added, in the memorandum to judges: "You and your county attorney now have case law to study with your fiscal court and each fee official. In the interest of proper accountability of each official we urge you to do this. It is the responsibility and the duty of the fiscal court to require of each official an annual statement of accountability.

The fiscal court members should take seriously their complete responsibility as managers of the fiscal affairs of the county. They should require that each official maintain complete records to account for all fees. KRS64. 100 requires that each sheriff maintain a record of all fees collected. The fiscal court should see that this record is kept. An official who fails to collect a fee required by law reduces his own earnings. Each court clerk will be charged with what the law requires him to collect.

## VETERAN UNION HEAD, HEART ATTACK VICTIM

Sam H. Caddy, 75, of Lexington, veteran head of District 30, United Mine Workers of America, died Saturday following an illness of a week. He has guided the activities of his union in the state for a quarter of a century.

Death was due to a heart attack he suffered a few days ago. It was the last in a series over a period of several years.

All unionized mines in District 30 closed Monday in observance of the funeral, Caddy, a native of England, organized some 25,000 miners in this state when he was sent here in 1933 by John L. Lewis, president of the United Mine Workers. He was the only man ever to serve both the state C. I. O. and the Kentucky Federation of Labor as president. These two organizations are united now but the miners are not affiliated.

He worked in the coalfields in England from the time he was nine and came to America—because of "terrible conditions" in his own country—when he was 22.

## RETAIL TRADE STUDIED HERE

### Floyd Food Consumption Total Is \$4,769,000.00; Auto Sales Are Off, Said

(Special To The Times)  
New York, Jan. 20 — Just how the average Floyd county resident adjusted his spending during the recession, cutting down in some directions and expanding in others, is revealed in the current Consumer Markets Data study.

All in all, it is seen, once he became convinced that his income was not seriously endangered, he again demonstrated his voracious appetite for consumer goods. As a result, most local business stood up well. They went through the recession without too much suffering.

Exceptions were the heavy goods industries, which depend on selling their higher-priced products on installment credit. The average consumer, normally a cautious individual, cut down drastically on such purchases, refusing to add to his debt load.

Sales of autos and home furnishings showed a loss from the previous year. Stores handling foods, clothing and general merchandise had gains. The retail spending picture, for the fiscal year ending July 1, 1958, is revealed in the annual study made by the Standard Rate and Data Service.

It shows that business done by the various types of food stores in Floyd county, selling food for off-premises consumption, totaled \$4,769,000 in the year, or 25 cents of the retail dollar. The volume in the previous year was \$4,429,000. — See Story No. 13, Page 2 —

## SCHOOLBOY, 11, KILLED BY CAR

### Glenn McCoy Is Victim On U. S. 23, Near Here; Driver Is Hospitalized

Glenn McCoy, 11-year-old schoolboy, was almost instantly killed early Monday morning by an auto driven by Bill Allen, Prestonsburg automobile salesman.

The tragedy occurred on U. S. 23, on the Little Paint Creek side of Abbott mountain, and within a few yards of the McCoy home.

State Patrolman Music, of Paintsville, who investigated the accident, said witnesses claimed the boy ran onto the roadway from his home, which is a short distance below the highway. He added that statements of the driver and of witnesses indicated Allen did not see the boy until — See Story No. 2, Page 4 —

## Fourteen Are Fined \$325 Total; 27 Cases Removed from Docket

Two \$100 reckless driving fines and a dozen others of less severity brought the total of fines levied in quarterly court within the week ending Tuesday afternoon to \$325.

The reckless driving fines were imposed on Darwin Hall and Babe Shepherd after the drunk driving charges against the two men had been reduced on motion of the County Attorney.

Twenty-seven cases were dismissed. Trial Commissioner Glenn Burchett said many dismissals were made because the cases had long been on the docket, with prosecuting witnesses failing to appear. "The docket had grown till just calling it would require half a day," he commented.

Defendants in cases drawing fines follow:

Ray Stone, hunting without a license, \$15 and costs; John H. Hatfield, hunting without license, acquitted by jury; Martin Hall, Den — See Story No. 1, Page 4 —

## MOTHERS' MARCH SET TO AID FUND EFFORT

The Kiwanians will conduct the annual Mothers' March here at 6 p.m., Saturday, as a climatic effort in the fund-raising drive for the March of Dimes, it was announced Tuesday by Ray Howard, Floyd chairman for the National Foundation.

Public interest in the work of the National Foundation is heightened this year because its efforts are not directed solely toward the fight on polio, although it continues its monumental work in that field. Also included in the Foundation program are certain types of birth defects and arthritis, with treatment to be given those under 19 years of age who are crippled by this baffling disease.

Tolling of church bells and sounding of the fire department siren will mark the beginning of the Mothers' March. Those who want

to have a part by contributing to the fund drive are asked to have their porch lights burning. The mothers will be assisted in the community-wide canvass by several teen-age girl-volunteers.

The Kiwanians also will sponsor two benefit teas for the March of Dimes during this week.

Last Saturday's parking meter and bridge toll collections totaled \$36.11, Howard said. This phase of the drive was carried out by members of Prestonsburg high school chapter, Future Homemakers of America, who were directed by Miss Hazel Hill.

A benefit bowling tournament has been scheduled at Wheelwright to aid the drive, and in almost every community served by a woman's club, special events are being planned to raise March of Dimes funds, it was said.

## MARTIN DIES FROM WOUNDS

### Former Floyd Man Victim Of Hammer Blows, Said; Funeral Rites Held Today

Cecil Waller, 40, of Daniels Creek, Johnson county, faces a possible murder charge in the hammer slaying of his neighbor, James Martin, 53, formerly of Johns Creek, this county, it was said at Paintsville by Johnson County Attorney Don C. Van Hoose.

Martin died at a Paintsville hospital Monday morning of head wounds caused by hammer blows. He was injured Jan. 16, and Waller was named in a striking and wounding indictment last week by the Johnson grand jury.

Sheriff Wince Trimble quoted Waller as saying Martin came to his home, Jan. 16, and attempted to cut him with a knife. He said he struck Martin three times with a hammer to prevent Martin from cutting him. The bruises and lacerations were at the back of his head, Trimble said.

It was said Waller and family then left his home, leaving Martin lying on the floor, and that the former Floyd county lay there till the following day when neighbors moved him onto a cot. When Sheriff Trimble arrived at the home that day he had the injured man taken to a hospital in Paintsville.

The victim, who was a son of Mrs. Josie Cornett Martin and the late Tom Martin, had moved to the Daniels Creek section a few months ago from Fallsburg, Lawrence county. He leaves, besides his mother, his widow, Mrs. Lovie Hill Martin; three daughters, Mrs. Thelma Dennison, Wabash, Ind., Mrs. Eulah Jane Crace and Miss Evelyn Martin, both of — See Story No. 12, Page 6 —

## Man Waives Hearing For Grand Jury Probe

Jerry Goble, of Auxler, waived examining trial here last week on a charge of committing indecent or immoral practices with a child under the age of 14 years, and executed \$2,000 bond for his answer to grand jury action.

The accusation against Goble was made by Elzie Powers, whose affidavit stated Goble fondled in an indecent manner a four-year-old daughter of Otis Griffith.

## SCHOOL, STORE BURGLARIZED

### Appliances, Cash Taken In 2 Hauls Net \$2,500; Safe Is Broken By Pick

Two Floyd county burglaries in a period of three days last week netted thieves hauls placed at \$2,000 to \$2,500.

Latest of the breaks were made Friday night when the safe of the Wheelwright school was smashed and an estimated \$500 in cash was taken.

In the other burglary, which was staged around 4 a.m. last Wednesday, between \$1,500 and \$2,000 worth of appliances was taken from the Western Auto Store operated at Martin by Clyde Hogsd.

State Detective Chester D. Potter said entrance to the Wheelwright school was apparently made through a basement window; from that point the thieves entered the office of Boone Hall, school principal, without difficulty. He said they first had attempted to break the front of the safe but, failing that, turned upon the bottom of the safe with a heavy pick and mattock. — See Story No. 10, Page 6 —

## BIRTHDAY PLAN OF MAN, 101, IS POSTPONED AS HIS SON, 67, DIES IN LEXINGTON HOSPITAL

Plans to celebrate the 101st birthday of the lone Floyd county centenarian last week-end were deferred indefinitely Thursday when a 67-year-old son was seized with a heart attack and died Tuesday. Instead, the aged man spent the occasion quietly at the home of a daughter, receiving his friends and awaiting anxiously reports from the bedside of the son in a Lexington hospital.

John W. Elliott, of Martin, 101 years old Monday observed the day, among other things, in listening to another son, M. B. Elliott, 72, read a newspaper. Keeping an avid interest in the events of the day, he does not allow his impaired eyesight and hearing to lessen his knowledge of current events.

The big birthday party, scheduled at the home of his daughter, Mrs. Anna Stumbo, at Whitesburg, became, because of the illness of his son, James, a day only to receive the calls of 40 to 50 persons who called to offer their good wishes. He finished the day with a nap. — See Story No. 8, Page 2 —

## REGION'S ROAD SYSTEM PLAN TO BE HEARD

### Report to Commission Slated at Feb. 2 Meet, Is Announcement Made

A report on Highway Department planning for a regional roadway system to serve Eastern Kentucky will be presented to the Eastern Kentucky Regional Planning Commission at its regular monthly meeting on February 2. The report is the result of the commission's request and recommendations for such planning, made to Commissioner Ward Cates in the commission's Prestonsburg meeting last August, according to the commission's executive director, John Whisman.

The nine-man commission, created in the fall of 1957, is formulating a comprehensive area development plan for the Eastern Kentucky region. The group which meets monthly in various towns will hold its February meeting in the conference room of the Department of Economic Development, to which the commission is attached.

"Although we are concerned with many factors of development, in formulating our overall plan of improvement for Eastern Kentucky, we place one of the highest priorities upon the development of a roadway system adequate to our regional needs," said B. P. Reed, Drift chairman. In its August meeting, the commission asked Commissioner Cates of the Department of Highways, to place high priority on the planning of a road system to provide adequate access from Eastern Kentucky to Central Kentucky and other parts of the state. At that place priority on planning to: (1) — See Story No. 3, Page 4 —

## 17 NEW BILLS ARE REPORTED

### Three Are Re-Introduced In Robbery At Allen; Indictments Total 33

Seventeen indictments were reported by the grand jury today (Thursday), second day of its work after adjournment earlier in the month. These brought to 33 the total number of true bills voted to date.

Three men named in one of the indictments had previously been charged with armed robbery but the original bill was quashed and re-submitted to the jury. They are Clet Miller, Amos Lee Duncan and Howard Hicks, and are accused of robbing the Clifford Reynolds Market at Allen last April.

Heston Scarbury was named in an indictment charging him with failing to stop and render aid after he allegedly had hit Leonard Hall with his car last May 18.

Other indictments follow: Lon Coleman, uttering a forgery, accused of signing the name of Lonnie Mullins, to a \$16.82 check; Willie Case, possessing moonshine whiskey; Randall Branham, Luther Clair and Jarrell Belcher, breaking and entering the Wheelwright school; Harold Sammons, cold check; Oto Horn, possessing whiskey; Jerry Goble, immoral practices with a female child under the age of 15; Bill Elam, cold check; Grace Fields, forgery, two counts, each for a \$30 check to which the name of Jimmie Porter had been signed; Estill Jarvis, Curtis Carroll, Warner Willie, Jr., John H. Rice, Alex Patton, Milford Tackett, each for child desertion.

**Island Creek Completes Coal Research Center,**

Completion of Island Creek Coal Company's new coal research center at Holden, W. Va., was announced this week by company president, R. E. Salvati.

"The new structure and facilities," Mr. Salvati said, "represent several years' planning and a sizable investment, but we are confident there will be many benefits from this undertaking, not only to ourselves but to our customers, especially those in the metallurgical industry."

"The coal research center," Mr. Salvati explained, "adjoins the company's recently expanded quality control laboratory, making the facilities of each available to the other."

"Coal categorization," he stated, "will for the present receive priority at the research center, which will have complete facilities for this project including a movable-wall oven of full commercial width which will record the wall pressure developed during the coking period, and provide sufficient coke of normal size for further physical and chemical tests. The equipment used will follow the pattern of that designed and used by the steel companies in their own laboratories, and will be the only such installation by a commercial coal producer in southern West Virginia."

"The new coal research center," Mr. Salvati continued, "supplements the services Island Creek has to offer its valued customers in the steel industry. For many years Island Creek has maintained rigid quality control and has made extensive evaluation studies of all its products of coal and coke for metallurgical use. The new facilities will provide considerably more information on the joining characteristics of our coals both when used alone and when combined with other coals and, we believe, will enhance our participation in the metallurgical market."

Sales of automotive equipment and supplies, including trailers and boats but not industrial vehicles, amounted to \$4,020,000, equal to 22 cents of the dollar. This compares with \$4,205,000 a year earlier.

General merchandise stores, including department, variety and general stores, accounted for \$3,595,000, or 19 cents, as against \$3,538,000 previously.

Shops selling clothing and other apparel grossed \$714,000, amounting to 4 cents. The figure was \$675,000 the year before.

Home furnishings stores took in \$919,000, or 5 cents, compared with \$962,000 before.

**RAIDRIDGE SERVES ON USS RANGER**

Alameda, Calif. — Robert Bairdridge, airman, USN, son of Mr. and Mrs. John R. Bairdridge, of Langley, Ky., departed from Alameda, Calif., Jan. 3, aboard the "super" carrier USS Ranger for a tour of duty with the U. S. Seventh Fleet in the Far East.

The big attack carrier has been operating out of Alameda where she arrived last August after completing a 17,000 mile trip from Norfolk, Va., around South America and Cape Horn.

The Ranger was commissioned on Aug. 19, 1937, at the Norfolk Naval Shipyard, Portsmouth, Va. She is the first of the Forerunner-type aircraft carriers to be assigned to duty with the Pacific Fleet.

**RESCUE GROUP DISPLAY OF EQUIPMENT SLATED**

The Floyd County Emergency & Rescue Squad, Inc., will display its equipment and personnel at the Prestonsburg high school grounds Sunday from 2:00 until 3 p.m., it was announced this week.

Latest contribution to the squad was \$14 from the Methodist Sunday school at Dwale.

**Council of Churchwomen Hold Quarterly Meeting; Sample Plaque Approved**

The regular quarterly meeting of the Prestonsburg Council of Churchwomen was held Wednesday afternoon, Jan. 21 at the Community Methodist Church.

Mrs. Burl Spurlock, president, presided and reports were given from standing committees—Mrs. L. B. Fairchild of the Better Literature and Mrs. T. E. Midkiff of the Christmas for Christ committees.

Mrs. H. B. Wright presented a sample copy of the Ten Commandments plaque, which will be ready to be placed in every room of the grade school and high school by the close of the school year in May.

Another Christian emphasis which is sponsored by the Council is World Day of Prayer. This year the main observance will be held in the Church of God on North Lake Drive Friday, February 13. The litany and entire program for this year has been prepared by nine Christian women (or coptic) of Egypt. Christians of 14 countries will be united in prayer, using the theme, "Lord, I Believe"—John 9:38.

The Council desires that the judges of the local courts continue to have all sessions opened with prayer. This includes the City Council meetings.

Those attending this business meeting were Mesdames Burl Spurlock, R. V. May, Joe Arnett, H. B. Wright, F. L. Heinze, Harold Ensminger, Frank Layne, L. B. Fairchild, H. E. Midkiff, Hern Burke, and Miss Daisy Miller.

The next meeting will be held at the Arnold Avenue Church of Christ, Wednesday afternoon, April 15. There are seven Prestonsburg churches, represented in the council. Others are invited to join.

The Bane of Selfish Interest

One of Eastern Kentucky's most serious troubles is that most Eastern Kentuckians are only slightly interested in the region as a whole...

Thinking all the way from politics, on through economics and even into the realm of religion is poisoned by such selfishness...

Thinking of ourselves and not of others, we wander into a discouraging maze of errors in the field of business, for instance.

You think the hometown merchant's price on a certain item is too high. The same article is advertised for \$5 less in a store, a hundred miles away.

You have spent almost \$5 worth of gasoline, to begin with, before you get yourself and your purchase home, not to mention wear and tear on your auto...

And so the vicious spiral of tightfisted selfishness runs its course. Multiply such an instance by a hundred or a thousand in a county such as Floyd county...

This is not to argue a "closed door" policy for Floyd counties. We know the world is our neighbor in this modern age...

Something doesn't add up in the current picture. Bank deposits in this county are at an all-time high.

It would be so much better for us all to line up together to meet our common problems than it would be for us all to line up for the next hand-out.

A Sound Suggestion

Most of the plans made to improve this section smack so strongly of the visionary sort that the ordinary citizen is unable to get a tooth-hold in them.

Mr. Reed suggested that location in the Big Sandy of a power plant to generate electricity through the use of inferior grades of coal produced in the valley's mines would eliminate 80% of the Big Sandy's unemployment problem.

That gets us quickly on familiar ground: a plant that would burn a huge tonnage of coal, and that coal mined from beneath the hills of this section.

The idea sounds feasible for the producer of electric power. A coal-burning electric plant in the Big Sandy would mean more electricity being used by more coal mines, businesses and homes.

Now to get the Kentucky Power Company interested!

BOYS' SIDE—GIRLS' SIDE

The schoolhouse at Fidelity had two doors: the one to the left as you faced the building was the girl's door, and that side of the playground belonged to the girls, too...

Another sitting together developed, too, allowed by the teacher unless trouble developed; and, fortunately, it usually didn't. I refer to some boy's being allowed to sit, for a period of two, by some girl while they were studying together.

On the playground the lines of demarcation between boys and girls was usually pretty tightly drawn. Out in front of the building there was a sort of neutral ground, where we could play together, usually under the watchful eye of the teacher...

SOCIAL SECURITY QUIZ

by Thomas B. Thompson

"Inquire Before You Retire" is the message your Pikeville Social Security Office is stressing these days. By so doing, you'll help us get that first monthly social security check to you much faster.

Our first question today reads in part: "If a man dies and leaves a widow not 62 years old, what does social security pay, and does social security pay on burial expense on anyone in a family?"

A. A widow under 62 years of age will normally qualify for a lump-sum death payment on her insured husband's account, providing they were living together in the same household at the time of his death.

If a widow under age 62 has her deceased husband's entitled children in her custody, she may qualify for monthly benefits with them. Otherwise, she must wait until age 62.

No, social security does not "pay on burial expense on anyone in a family". The lump-sum death payment is paid on the death of an insured worker.

Q. "In 1958 I operated a small farm, and made a profit of \$900.00. How do I report this income in order to receive credit for social security?"

A. You report your self-employment income on Schedule F of your income tax return, and forward it to the District Director of Internal Revenue before April 15th.

Q. "How much social security tax will I have to pay on my 1958 farm income?"

A. 3-3/8% tax on your net profit, after deducting all business expenses and depreciation from your gross income.

Q. "Must I pay social security tax on my maid, who earned \$5.00 a week during October through December, 1958?"

A. Yes, The law requires that any employer of household workers report and pay social security taxes on each person who is paid cash wages of \$50 or more in any calendar quarter.

Don't forget—Inquire Before You

Of course, this lining up according to one's sex had a more dignified approval from the country church. In some of the churches I knew the sexes were kept absolutely separate, but the pews next to the walls were for men and women, respectively.

Commonwealth witnesses testified no car approached Newsome, and one of these, driver of a car in front of Newsome and traveling in the direction he was following, said he did not meet any car in the vicinity of the tragedy.

Newsome admitted he had drunk three cans of beer. Circuit Judge Hill directed that the car of David Hughes, who had been convicted on a liquor charge, be sold.

Cases dismissed included those of Heston Scarbury, charged with child desertion, and Fred Newsome, who had been indicted for unlawful traffic in alcoholic beverages.

PLAN INSURANCE PROGRAM

LEXINGTON, KY.—Life insurance is a very important part of the family protection program, and it should be considered along with other plans in the family's overall program, says Miss Frances Stallard, Extension specialist in home management at the University of Kentucky.

Mr. Walters Gives an Example Of Chandlerism At Its Worst

Rural Highway Commissioner Mack Walters has given us an example of Chandlerism, that vague but unsavory commodity that is so often condemned but so seldom defined.

It is interesting to note the background, experience and qualifications of the three men. Joe Bates is a politician currently out of office, having lost his campaigns as Governor Chandler's candidate against Brent Spence for Congress, and against Earle Clements for the Senate.

Harold Stockdell, who will perform his mysterious functions in the central section of the state, is even more eminently qualified. He is the brother-in-law of Joe Leary, Governor Chandler's right-hand man and currently campaign manager for the Governor's candidate, Harry Lee Waterfield.

Charles Burnley, the third trouble shooter, is a sometime politician who slips into and out of Democratic factions almost quicker than the eye can follow, and has been most recently distinguished as a Chandler stalwart in the General Assembly and the loser of his subsequent race for the House.

It is worth noting that our Rural Highway Department has always managed to function without the services of these experts in the past. And it is strange that they suddenly become absolutely necessary only when the Governor's candidate, Harry Lee Waterfield, appears to be in serious trouble in his campaign to succeed his sponsor.

Not that we want to be stingy about such matters. Were the Highway Department not already top-heavy with such political payroll padders, we would not object to Mr. Walters hiring himself a few men to beat the election-day bushes.

Commissioner Walters makes few bones about the function of these contact men. Their main purpose, he admits "will be to visit county judges and offer to do anything they can on the judges road problems."

Mr. Walters points out, as an example of how the trouble shooters could be useful, the recent request of Ohio County for a lot of stone to repair flood-damaged roads.

That is what makes this such a neat example of Chandlerism. For it is the mark of Chandlerism to perpetrate such baldly, blatantly, outrageously political acts.

THE CITY OF MARTIN, KENTUCKY, By Dortha W. Allen, City Treasurer

Letters of Pvt. William Jones

AT CUMBERLAND GAP

William Jones, while at Camp Chase, O., near Columbus, learned again and again that a common soldier knows little of his destiny except what is told him by superiors.

He wrote his wife, Mary, at Dale, Campbell county, Ky., Oct. 26, 1863:

"It is now Monday morning and I am not sure we are exchanged yet or not. They have been sending men to their regiments every day and they have not said anything to us about going yet. All of the men from Roscerans' army went off today."

"I worked three days last week at shoemaking and made \$4.50. I am not at work now as the man can do his work himself since so many have left. I traded my watch chain for a silver watch and I think I can sell that as soon as pay day comes."

"I am writing this letter in the shanty where there are 20 men. They now are carrying on some singing, some talking and dancing and making speeches and such speeches. There is no quietness only when they are all asleep. I would have written yesterday but I heard we were going to leave and I wanted to find out the truth about it."

The long looked-for exchange came and Jones wrote his wife, Nov. 8, 1863, from Camp Nelson, Ky.

"I arrived here last night. We got as far as Lexington Friday night, and then we got on the train and came to Nicholasville and then we had to take it a-foot to this place. This is 19 miles from Lexington. I think we may stay here some time. They intend to equip us here. We have nothing to do but eat and sleep."

"I saw some of our company. They came down with a train of wagons from Nashville (sic). They met with no trouble on the way. I am in hopes by the time we get there the war will be over. There is a rumor that the 7th OVC is to come back to Kentucky but I place no reliance in camp rumors... I have got that miniature..."

Sunday evening, "near London, Ky." Nov. 15, Jones found the time to write again.

"I arrived here today and on our way to the regiment I went with Capt. Carry, the same that brought us from Camp Chase to Crab Orchard. We traveled on foot 35 miles. At Crab Orchard I saw Let S... of our regiment and company. He recaptured for us and gave us horses. I never could stand to wait a-foot. My feet got very sore but they are now alright. This place is 50 miles from Cumberland Gap. Our regiment has been in a fight and got whipped. The Rebs were four times as strong as we were. The Rebs took a good many of our boys prisoners and killed some but we killed 6 times as many as they did so they did not make much."

"The roads are very bad for teams. It has been raining since yesterday. The Lieutenant stopped us today until the rain is over. We are living fat here. We killed a hog yesterday so we have fresh meat and coffee and cornbread. We buy meal and get it made up in bread where we are staying. We are sleeping in a good barn... I am very thankful for that cap as it is just the thing to sleep in. I have not shaved since I left so I look as brave as a sheep."

"Our regiment was not used up as bad as was first reported. There was only about 80 killed, wounded and taken prisoners. I am in hopes the war will be closed up right here in the gap. It is my opinion that the most of the Southern Confederacy is in Tennessee. If so I believe we can corner them..."

He urged his wife to write of tenor and "direct to the Gap instead of Knoxville."

time the commission asked Oates to develop a new route to serve the area between Winchester on the western end and the Pikeville area and the Hazard-Whitesburg area on the eastern end; (2) bring improvements to US 23 in order to make this route more serviceable toward the north; and (3) make improvements to US 119 to provide adequate access across the southern part of Eastern Kentucky.

The commission also recommended: (1) that construction be planned to develop the roads by sections moving consistently toward the center of the region; and (2) that the worst sections of the roads be developed first to high standards, leaving those sections now in fair condition to serve minimal traffic needs for later development.

In addition to routine items of business which the commission will consider, it will discuss the need for federal legislation of both an emergency and a long range nature, to provide special assistance to depressed areas to attempt to relieve them of chronic depression conditions. "The commission is very much interested in effecting the legislation to be considered and enacted by the present Congress," Whisman said.

No official action was taken against Allen, who was later treated for shock at the Prestonsburg General hospital.

The McCoy boy was a pupil at the Little Paint school. He is survived by his parents, Bill and Mary Sellards McCoy, and eight brothers and sisters: Mrs. Chester Garrett and Billy Gene McCoy, both of West Prestonsburg, Ellis, Elsie, Fred Bennie, A. J., James Wesley and John Henry McCoy, all at home.

Funeral rites were conducted Wednesday from the First Church of God here, the Revs. Moses Kitchen and Jonas Miller officiating. Burial was made in the Banner May cemetery, near Allen, under direction of the Moore Funeral Home.

**President Announces Census Bureau To Study Consumer Buying Trends**

A new survey of consumer plans to buy autos, TV sets, washing machines, and refrigerators will be launched by the Bureau of the Census in January, according to Supervisor Robert A. Yerkey of the regional field office in Cincinnati, O., which will participate in the project. The survey is being made for the Federal Reserve Board for use in a national study of consumer buying trends. These questions will be asked in conjunction with four of the their regular Current Population Surveys which provide monthly figures on employment and unemployment in the United States. The questions asked about TV sets, washing machines and refrigerators will be relatively simple. Respondents will be asked if they own any of the items, when each was purchased, and if they plan to purchase one in the next three or six months. For cars, information will be obtained not only on ownership and buying plans, but also on methods of financing, outstanding indebtedness on the car, and recent repair costs. Current Population Survey statistics will be collected locally during the week of Jan. 19 by Mrs. Wilma L. Taulbee, of Malone, Ky.

Two previous breaks have been made at the school. In a Jan. 12 burglary three men are accused of looting a soft drink machine of about \$50. One of the trio, Jerry Belcher, was jailed here Saturday. Named as his accomplices are Randall Branham and Luther Clair, Potter said.

A bold entry through the front door of the Western Auto Store at Martin netted thieves a wide selection of television sets, radios, phonographs, electric mixers and other appliances. It is believed the loot was loaded into two cars which had been cut down to accommodate bulky items.

Arnold Freeman and Thomas Clifton were arrested in the Porter Addition here Monday night by Policemen Bill Potter and Kelly Frasure. They were booked on a charge of breaking and entering after a look on the premises of Spurlock Food Service allegedly had been broken.

Sixteen half-pints of whiskey and gin and the 1949 model Cadillac in which it was transported were confiscated here Saturday night by Deputy Sheriffs Joe Wheeler Lewis and Harold Johnson. The officers arrested Denver "Wimpy" Stone, driver of the car.

Deputy Sheriff Lewis and Deputy Sheriff Lonnie Herald found four half-pints of whiskey Tuesday on Middle Creek, a few moments after a man fled the scene in a taxicab. The officers did not have sufficient evidence to make an arrest, it was said.

Other recent arrests: Babe Shepherd, drunk driving, jailed by State Troopers Williamson and Wright; Clarence Kidd, hunting without license, arrested by Conservation Officers Copley and Mead; Leonard Hobson, drunk driving, arrested by R. Hall and Ransom Case.

promoted to superintendent of operations of the Compressor Department.

H. O. Grady, supervisory engineer at Beaver Creek compressor station, near Allen, replaces Jarrell as superintendent of the Southern Division.

Andrew Kessock, Jr., formerly with the Columbia Gas System Service Corporation in New York City, has been named superintendent of extraction, with general supervision over the Kenova extraction plant near Huntington.

Smith, a graduate of the U. S. Naval Academy, joined United Fuel in 1954 as training director. He became assistant manager of the Compressor Department in 1957. He is a member of St. Anthony's Catholic Church and the father of four children. The family residence is at 879 Chester Road, Charleston.

Jarrell will move to Charleston, where he will have offices at the company's headquarters and report to Mr. Smith. Jarrell, who is married and the father of two children, is superintendent of the Sunday School of the Arnold Avenue Church of Christ in Prestonsburg. He is a past master of F. & A.M. Lodge 273 in Prestonsburg, also past high priest of Prestonsburg Chapter No. 182, Royal Arch Masons.

Grady will move from Langley to Southern Division headquarters at Prestonsburg. He will supervise operation of 13 compressor stations in seven Kentucky and two West Virginia counties. He has been supervisory engineer at Beaver Creek since 1955. Before that, he was temporary resident engineer on several compressor station construction jobs.

Kessock has been serving as a senior engineer in the engineering and research department of Columbia Gas System Service Corporation in New York. He joined the gas engineering department of the Columbia Gas System Service Corporation at Columbus, Ohio, in 1954. He is a graduate of Brooklyn high school and of Polytechnic Institute of Brooklyn. He is married and has one child.

**STREET EXPANSION**

City Fathers in many towns and cities are fair game for every taxpayer with a gripe about torn-up streets. The prize-winning slogan explaining that situation in Corpus Christi, Texas might serve them well. It read: "When you gotta grow, you gotta grow."

This might have been more appropriate, a week or so ago, but we are constrained to quote that one from the Stillwater (Okla.) Press which reminds us that an optimist is a man who will take up ice-skating again with a bottle in his hip pocket.

**EXPLAINS SUIT**

Arvie Burchett, Prestonsburg contractor, explained last week that the suit filed against him by the First National Bank was on his note endorsed by County Judge Henry Stumbo and three of the county's magistrates, and that the note was made in order for him to get money due him for work he had done for the county.

**EDUCATIONAL  
NEEDS TALKED**

**Davis Tells Kiwanians  
Boards, Teachers Alone  
Cannot Solve Problems**

Mitchell Davis, executive director of Kentucky Council for Education, told the Beaver Valley Kiwanis Club at Wheelwright, Monday evening that it has become increasingly evident that the problems facing education in Kentucky are not going to solve themselves, nor can any one group alone achieve their solution.

"It is both unfair and unrealistic to expect boards of education, school teachers and parent teacher organizations to tackle this job alone when the future of our economy and even our democratic form of government is at stake," he said. "There is a direct relationship between improvement of our public schools and the future prosperity of Kentucky business, agriculture and industry."

Introducing the guest-speaker, B. F. Reed pointed out that he felt from his personal experience that education has not kept pace with progress made in other phases of community and national life.

Mr. Davis said that Kentucky is getting more from each dollar spent on education than any other state, but added that it "just doesn't have enough dollars." He felt that the Minimum Foundation has done wonders for Kentucky education but is far from adequate. He added that the federal government is spending forty-two billion dollars for education. He questioned the wisdom of this, because he felt that the war we had to fear is not the battle of arms but that of minds.

Mr. Davis' organization is sending questionnaires to the people of Kentucky to find out what kind of educational program they want and how they suggest obtaining it.

The club had as guests several members of the Kiwanis Clubs of Martin, Prestonsburg and Pikeville, along with the Superintendent of the Floyd county schools, members of the County Board of Education and teachers.

The Beaver Valley Kiwanis Club will have as its program next Monday the film, "Mr. Webster Takes Stock."

**Heart Ailments  
Top '56 Killers**

New York — Heart disease and cancer were the two great killers in the United States in 1956, although the death rate from both of them dropped by about 3 per cent from the year before.

The Institute of Life Insurance reported that heart and the associated circulatory diseases caused 57 per cent of the deaths among insurance policyholders in this country last year, and cancer 19 per cent. Accidental deaths were third, with 6 per cent of the total deaths.

**Mother of Eight, Pastor's Widow  
Is Graduated as Practical Nurse**

Leading the procession of 17 graduates at commencement rites at a Utica, N. Y., school for practical nurses recently was an "under 55" former Floyd county woman who had raised eight children and had spent years as the busy assistant of her late husband, a minister.

She is Mrs. Genevieve Adams, now a resident of Barneveld, N. Y., and the widow of Rev. T. Conley Adams who served as pastor of a Methodist Church there. Six of her eight children were in the audience as she was awarded her pin and parchment. She reminisces that she had always wanted to be a registered nurse but her family wanted her to be a teacher so she went to Morehead State College, was

graduated and afterward taught for some time. With her children grown or growing up and her husband dead she decided to take up the profession she had dreamed about.

"I was too old for registered nurse requirements but not for a practical nurse's course," she said. "The age limit is 55. I was under that by a safe margin and I enrolled in the Utica school."

One son is a lawyer, another a doctor and a third is an electrical engineer. A daughter is married and four are still in school.

Mrs. Adams is the daughter of Mr. and Mrs. George Hart. A sister, Mrs. Luther Allen resides at Garrett, and a brother, Rev. George Hart, lives at Oil Springs.

**DAVID**

A miscellaneous shower was given last week for Janet Ward, bride-elect of Bob Goodman, of Prestonsburg. Miss Ward received many gifts, which she acknowledged.

Those attending were Mrs. Opal Goodman and Mrs. Orville Cooley, of Prestonsburg, Mrs. Jean Calhoun, Mrs. Walter Ward, Lorraine Ward, Mrs. Dovie Hale, Billie Joyce Colvin, Carlene Burchett, Jewel Tussley, Lydia Penix, Billie Marie Crain, Nola Stumbo, Sandra Stumbo, Mrs. James Mollette, Mrs. Forrest Childers, Rheuma Childers, Della Hamilton, Lou Ellen Patton, Mrs. Richard Castle, Penny Clay, Robert Daniels, Hester Preston, Nova Bussey, Gwen Wells, Mary Francis Stambaugh, Mary Bartley, Ethel Wills, Ora Howard, Ida Mae Howard, Mrs. Rudell Wicker, Lucille Cavins, Ruby McKinney, Mrs. Albert Hackworth, Mrs. Eliga Music.

Donald Capelli, an engineering student at the University of Kentucky, was visiting his parents, Mr. and Mrs. Pete Capelli, this week-end.

Peggy Collins and Judy Bussey were visiting relatives at Garrett over the week-end.

Bruce Howard, a student at Morehead, was home for the week-end. David L. Francis and Russell Harmon, of Huntington, were business visitors in David last week.

Mr. and Mrs. Tandy Bartley have moved to Williamson, W. Va. They have lived in David for 18 years. Their many friends will miss them. He accepted a position as superintendent of the Cinderella Coal Co., near Williamson.

Friends and neighbors were saddened by the death of Roy Hammonds, who died Sunday at the Prestonsburg General hospital.

**WOMAN'S CLUB MEETS**

The David Woman's Club met at the home of Mrs. Dawson Bussey, Jan. 16. The program was an educational one. Mrs. Bill May, program leader, introduced Walter Frazier to the group, and he gave an interesting talk on education.

Mrs. Oliver Marshall, the club president, suggested the club sponsor a Mother's March for the polio drive. Plans to aid Greece were also discussed by the members.

Refreshments were served by Mrs. Dawson Bussey, Mrs. Walter Crace, Mrs. A. C. Wilson and Ora Howard.

**Agency Grants  
Cities Sewerage  
Building Funds**

Frankfort, Jan. 26 (Sp1)—The Kentucky Water Pollution Control Commission has granted funds to three cities to help pay for adequate sewerage facilities.

Commission Chairman Paul Gannon said the city of Berea had been granted \$57,723; Payfield, \$11,940, and Flatwoods, \$114,094.

Gannon said Berea had requested \$80,000. However, he explained, federal allotments to Kentucky for fiscal 1958-59 for this purpose were not sufficient to grant at this time all that Berea asked. The city will get the additional funds when the money becomes available, Gannon said.

The grants were made at the last meeting of the commission.

**THREE NAMED**

Three Eastern Kentucky high school football seniors have been named to the East team of the Kentucky High School Coaches Association all-star game in Lexington next August.

This year, the state will be divided according to basketball regions, the East is comprised of the eight eastern basketball regions and the West takes in the eight other regions.

Nicky Dann, Jenkins end, and Tommy Brush, Jenkins tackle, were selected along with Hazard's flashy halfback, Astor Sizemore, who was the state's leading scorer last season.

As in the past years, several of the players selected will withdraw for various reasons and others will be chosen to take their places. In last year's game for example, of the first 60 players named, only 24 played in the game.

Four Floyd county cage teams are listed as the sixth through ninth in the regional ratings. Martin is 6th, Wheelwright 7th, Prestonsburg 8th and Garrett 9th.

Granville Williams, the nation's leading free throw artist, with 50 of 54 attempts from the charity line, hails from nearby Dwarf, Knott county. The 19-year-old youth played his high school basketball at Hindman high and is now in his sophomore year at Morehead State College.

**MASTER COMMISSIONER'S SALE FLOYD CIRCUIT COURT**

Bank of Hindman Plaintiff  
Vs. NOTICE OF SALE  
Maynard Hopkins &c Defendant

By virtue of a judgment and order of sale of the Floyd Circuit Court rendered and entered at the January term, 1959, in the above styled cause I shall proceed to offer for sale at the Courthouse door in Prestonsburg, Kentucky, to the highest and best bidder, at public auction, on the 7th day of Feb. 1959, at 10 o'clock, a.m., same being the first day of the regular term of the Floyd County Court, upon a credit of six months, the following described property, to-wit:

A certain tract or parcel of land lying in Floyd county, Kentucky, on the waters of Right Beaver Creek and being the same land conveyed to Maynard Hopkins by Lou Barnett bearing date 30th day of September, 1952, and of record in deed book 152, page 81, Floyd County Court Clerk's Office, containing 10 acres, more or less, described and bounded as follows:

Beginning at the upper side of the old county road with Harold Wakeland's line, and running with the old road to a drain to an iron stake; thence running up the hill to a twin maple beside a drain; thence up the hill to a poplar and iron stake on top of the hill; thence with the line of Big Elkhorn Coal Company running up the ridge to a high rock adjoining Dr. M. V. Wicker's line; thence down the hill with Dr. M. V. Wicker's line to the line of lots of Earl Howard; thence with Earl Howard's line or lots running up the creek to a drain; thence with same line of Earl Howard's lot down the hill to Wakeland's line; thence with Wakeland's line up the creek; thence with the same line of Wakeland's down the hill to the old county road which is the line of the beginning.

Said property will be sold to satisfy a judgment against the defendants in favor of plaintiff for the sum of \$1,500.00 with interest from Sept. 30, 1957, until paid; and the further sum of \$2,000 with interest from August 16th 1957, until paid and the cost of this action.

For the purchase price the purchaser must execute bond with approved surety or sureties, bearing legal interest from the day of sale until paid and having the force and effect of a judgment with a lien retained upon said property as a further security. Bidders will be prepared to comply promptly with these terms.

Given under my hand, this 19th day of January, 1959.

**O'Bannon Was Kentucky Hero In Tripoli War**

By Charles F. Hinds  
Secretary-Treasurer, Kentucky Historical Society

When the Marine Hymn is heard, it should call to mind the name of the marine hero of the Tripolitan War, Lt. Presley O'Bannon. Kentuckians especially should be conscious of O'Bannon because he was a Kentuckian. He lies buried with other military heroes in the state portion of the Frankfort cemetery.

For several years O'Bannon represented Logan county in Kentucky Legislature. But after his death (1850), the War Between the States tended to sprinkle the ashes of oblivion over his grave in Henry county, and it was not until 1919 that his memory was revived in a long newspaper article. In 1920 the Kentucky Legislature passed a resolution providing for his removal to the state burial ground.

O'Bannon's part in the Tripolitan War was glorious, although the war was itself wasn't. Approximately 600 soldiers were enlisted in Egypt in 1805 by William Eaton for an attack on the enemy-held town of Derne, Tripoli. Five to six hundred miles of Libyan Desert had to be crossed. Few armies have been more truly international or cutthroat. Insufficient water and food and mutiny threatened more than once to turn the army back to the starting point in Alexandria. Once the expedition, evenly divided between the Mohammedans and the Christians, threatened to turn into the Tenth Crusade, but Eaton and the leader of the Arabs managed to restore order.

Derne was sighted April 25, 1805. Eaton sent word into the city that he was prepared to accept its surrender. Back came the Arab challenge, sustained by twice as many defenders: "My head or yours!"

Two days later, the motley army, without its Arab half, but with U. S. naval support, moved to the attack. When all seemed to be lost, the marine detachment consisting of Lt. O'Bannon, one non-com and six marine privates made a desperation charge, and the battle was won.

Jessamine county was named for the daughter of a pioneer, Jessamine Douglas, whose young life was ended by an Indian tomahawk.

## Telephone Talk

by  
**H. D. HAYES**  
Your Telephone Manager

"THANKS FOR CALLING!" That's our way of thanking you, not only for the calls you make day in and day out, but also for the opportunity of serving you. This seems an appropriate time to express the appreciation we feel all during the year. For us, there's a lot of satisfaction in providing a service that's so vital to our community and state, and in putting you in touch with those you want to talk to for need, pleasure or profit. Every day we're doing our level best to make your telephone service as useful and convenient as you, yourself, want it to be. Mighty nice to have you as a customer!

\*\*\*

**CAN YOU TOP THIS?** Watching a telephone installer carefully picking up every snippet of wire after putting in an extension phone reminded one of our customers of his grandfather's thrift and efficiency. His grandfather, he said, never threw away a piece of string. The long pieces he put into a large box labeled "String." The rest went into a smaller box. Its label read: "String Too Small to Use."

\*\*\*

**THE HAPPIEST FAMILIES**, the friendliest friends are those who remember "It's fun to phone Long Distance." There's no need to wait for a special occasion. Just call whenever the mood strikes you. It'll do you good and bring a lot of satisfaction at both ends of the line. You get Bargain Rates, you know, when you call station-to-station. And you save even more after 6 P.M. and any time on Sundays.

**FOLKS**, don't forget, this is the time to give to the **MARCH OF DIMES**.

## TEACHER PAY IN STATE STILL NEXT TO BOTTOM

A few years ago the stock phrase of educators in deploring Kentucky's low teachers' salaries was "Thank God for Arkansas." Today the phrase is no longer applicable but we can take no comfort from that. The phrase has just changed to "Thank God for Mississippi," as that state now has the unenviable position at the bottom next to Kentucky.

The Kentucky state average for teachers salaries is \$3,225, far below the national average of \$4,650. California leads the nation in public school teachers salaries with an annual average of \$5,925.

Kentucky has made remarkable strides in salaries in the last few years, particularly since the enactment of the Minimum Foundation Law for Education but other states have too. Kentucky has advanced but only to hold its second place position.

An analysis of the 215 Kentucky school districts shows that the Port Thomas district leads the state with an average payment of \$5,183. Bringing up bottom position is Leslie county with an average salary of \$2,328.

Floyd county takes 195th place with an average of \$2,698 with 495 teachers. That progress is being made is shown by the figures for Floyd county in 1954 when the average was only \$2,193.

Pointing up the economic condition of the Eastern Kentucky counties is the fact that only two county districts and 14 independent districts are in the first half of the 215 districts as they are ranked in the matter of salaries. Actually it is much worse than that for most Eastern Kentucky counties crowd for the bottom positions.

Thirty-six Eastern Kentucky counties all average below the state average and the average of these mountain counties is down to \$2,693, only a few dollars better than Mississippi. Actually, Knott, Elliott, Clay, Menifee, Wayne, Magoffin, Perry, Johnson, Wolfe, Letcher, Lawrence, Martin and Leslie counties cannot "Thank God for Mississippi," as they pay their teachers less on the average than that southern state.

Louisville takes second place from the top in salaries with an average of \$5,001. Martin county crowds Leslie for the bottom with an average of \$2,428.

The annual average of teachers salaries for 52 Eastern Kentucky districts, both independent and county, following in rank as excerpted from a ranked list of the entire 215 districts:

Rank 19th, Ashland, \$3,677; 22nd, Lynch, \$3,614; 49th, Harlan (city), \$3,326; 51st, Pineville, \$3,309; 57th, London, \$3,280; 58th, Bath county, \$3,262; 65th, Corbin, \$3,217; 66th, Irvine, \$3,211; 69th, Vanceburg, \$3,207; 73rd, Paintsville, \$3,189; 81st, Montgomery county, \$3,154; 82nd, Pikeville, \$3,146; 86th, Greenup (city), \$3,129; 87th, Williamsburg, \$3,127.

Rank 97, Hazard, \$3,081; 106th, Jackson (city), \$3,055; 126th, Rowan county, \$2,994; 151st, Laurel county, \$2,887; 153rd, Knox, \$2,887;

THE KELLY GENERAL STORE AT MOUTH OF JOHNS CREEK

The general store of J. S. Kelly at the mouth of Johns Creek at the turn of the century was one of the largest mercantile establishments in the Big Sandy valley at the time. It had a large clientele with the loggers of Johns Creek and from the surrounding countryside. It was here most of the Johns Creek raftsmen left the passenger boats to return home after a "trip down the river."

Kelly was a great admirer of William Jennings Bryan, the advocate of free trade as opposed to a protective tariff and had the words, "Free Trade," painted next his name over the store front. His customers called him Free Trade Kelly.

The first store in the Big Sandy valley was established by John Graham at the present Emma, then called Graham's Bottom. The store was founded after 1805. The astute Graham, who was landowner, merchant, judge, banker and surveyor, did much barter business, exchanging goods brought overland from Virginia or up stream by pushboat as that was before the first steamboats, for herbs, furs and hides.

Today, Prestonsburg and Floyd county stores are modern, specialized institutions with goods from all over the world. The First National Bank salutes them.

More Than Half Of Arrests Are For Drunkenness

By J. Collis Ringo, Executive Director Kentucky Commission on Alcoholism

The Jan. 11 Lexington Herald-Leader carried a feature story on drunkenness and the police department.

In 1957, of 6,751 arrests by Lexington police, public drunkenness accounted for 3,709—more than half of all arrests made.

These chronic jail offenders are the bottom-of-the-barrel alcoholics. They constitute a separate problem within the great problem of alcoholism.

The industrial programs of De Pont, Consolidated Edison, Allis-Chalmers and a recent convert, Arco Steel Corporation, have demonstrated that early detection and corrective action can be highly effective.

The percentage of alcoholics who have overcome addiction is pitifully small, approximately 300,000 out of an estimated 4,500,000.

San Diego, Calif. — James E. Triplett, chief machinist's mate, USN, son of Mr. and Mrs. T. Triplett, of Wayland, Ky., and husband of the former Miss Kathleen Hall of Wayland, departed San Diego, Calif., Jan. 3 aboard the destroyer USS Gurke for a six-month tour of duty with the U.S. Seventh Fleet in the Far East.

Main duties of the Gurke while with the Fleet will be patrolling the waters off Formosa. The destroyer will visit Pearl Harbor, Hong Kong, the Philippines and Japan.

MASTER COMMISSIONER'S SALE FLOYD CIRCUIT COURT

Kelly Development Co. — Plaintiff Vs. NOTICE OF SALE Lloyd Ford — Defendant

By virtue of a judgment and order of sale of the Floyd Circuit Court rendered and entered at the January term, 1959, in the above styled cause I shall proceed to offer for sale at the Courthouse door in Prestonsburg, Kentucky, to the highest and best bidder, at public auction, on the 7th day of February 1959, at 10 o'clock, a.m., same being the first day of the regular term of the Floyd County Court, upon a credit of six months, the following described property, to-wit:

Being Plat No. 7, lot No. 7, House No. MD-140, of the property of the Kelly Development Company at Weeksburg, on left Beaver Creek, Floyd county, Kentucky, as shown on a certain map entitled "Map of Weeksburg, Kentucky, subdivision of surface tracts" of record in File Box No. 3, Map 142, Floyd County Court records, to which reference is made for a more complete description of said property.

Said property will be sold to satisfy a judgment against defendant in favor of plaintiff for the sum of \$252.33 with interest from June 9, 1958, until paid and the cost of this action.

For the purchase price the purchaser must execute bond with approved surety or sureties, bearing legal interest from the day of sale until paid and having the force and effect of a judgment with a lien retained upon said property as a further security. Bidders will be prepared to comply promptly with these terms.

Given under my hand, this 19 day of January, 1959.

J. B. CLARKE, Master Commissioner, Floyd Circuit Court. Cost of Adv. \$31.50 1-22-31.

LIVESTOCK IMPROVEMENT ASSOCIATION

Last week the Floyd County Livestock Improvement Association met and elected four directors and officers for 1959.

The directors elected were Odgen Stewart, re-elected; Alex Bingham, re-elected; J. L. Lafferty, Jr., and W. W. Burchett. Holdover directors are Frank Derossset, Jr., E. P. Hill, Claude Allen, Henry Hale and Joe Hicks.

The officers for 1959 are Claude Allen, president; E. P. Hill, vice-president; and J. L. Lafferty, Sr., treasurer.

The membership drive is now underway. The dues are \$3 per year, \$2 of which goes to State Association. Anyone interested in the improvement of livestock in the county is invited to join.

The program of last week's meeting included a discussion on pasture and a movie on the nation's meat supply. Next month's meeting will be on farm credit.

STRAWBERRY PLANTS

The strawberry plant committee decided to order plants from a grower in Menifee county. The plants are from certified virus-free stock, grown under inspection of the Kentucky Seed Improvement Association.

Anyone wishing to order plants can place their order with any of the Extension agents or with J. L. Lafferty, Virgil Smith or Garland Martin. The plants will be delivered when the weather becomes favorable for setting.

FORESTRY LESSONS

The Floyd County Extension Service will offer the forestry lesson for elementary schools again this year.

WHEELWRIGHT

At a recent meeting of the Wheelwright Woman's Club, J. T. Newman, area Civil Defense chairman, told the great responsibility of wives and mothers in providing for the safety of their families and homes under new and awesome circumstances.

Mr. Newman said, "The Atomic Age is here and the Space Age is dawning. Both hold promise for mankind's tomorrow, but how many of us see that tomorrow could well depend upon how many of us learn and how well we learn—the rules for survival today?"

The speaker held a round-table discussion, with the club women asking and answering questions about the clubwomen's awareness of the value of being prepared for emergencies, and how they through understanding and practice may become able to meet emergencies calmly and realistically.

He stressed that every home should have a survival kit, have the facilities for disaster aid, including at least two weeks' supply of food and water and a safe comfortable place for the family in case of an emergency.

Mrs. W. C. Cruise, Jr., of Louisville, and immediate past president of the Kentucky Federation of Women's Clubs has been appointed as the director of women's activities for Kentucky and she will coordinate the preparedness efforts of the various women's groups throughout the state.

Mrs. G. F. Leatherman, chairman of the Education department assisted by Mrs. Arthur Bradbury, were instrumental in bringing Mr. Newman's program to the club. Refreshments were served by the hostesses Mrs. Hubert Cantrill, Mrs. C. R. Tankersley, and Mrs. John W. Rupe.

To remove light scratches on furniture, rub them with a mixture of equal parts of boiled linseed oil, turpentine and white vinegar.

sources; seventy-four percent of the total land area in the county is covered by timber. This portion of our land is not contributing its share of the county's income because of poor management and lack of interest on the part of land owners and citizens.

The loss from fires is a major problem, but wasteful cutting, improper management, and many other faulty practices make a serious threat to our future welfare.

If the forest lands of Floyd county were put under good management, the income from timber could mean one and one-half to two million dollars annually to our people.

A program of this type is a long range one requiring years to develop but there must be a beginning somewhere. As a part of the educational program on forestry, we are preparing a series of forestry lessons to be used by the schools. These lessons are aimed at fifth and sixth grades but can be adjusted either up or down.

We feel that these lessons have done a lot toward bringing about a better appreciation of our forest. Not only do the children benefit but quite often they take the lessons home and parents enjoy reading them.

The restoration of the forests in Floyd county can only be accomplished through a mass educational program and the wholehearted support and cooperation of all organizations and local people.

Mr. Hammons was a son of Sam Hammons, who survives, and the late Mrs. Elizabeth Meade Hammons. His wife, Mavis Nichols Hammons, survives. Surviving are two daughters and a son: Mrs. Helen Branham, of Watergap, Mrs. Phyllis Hammons, and Charles Hammons, both of David. A brother and three sisters survive: Omer Lee Hammons, Lake Charles, La., Mrs. Irene Holycross, North Lewisburg, O., Mrs. Margaret Brugh, Cable, O., and Mrs. Opal Horn, Woodstock, O.

Funeral rites were conducted Wednesday from the David Community church, the Rev. Raymond Dale and Wallace Calhoun officiating. Burial was made in the Richmond cemetery under direction of Carter & Callihan Funeral Home.

Kentucky had 7.3 per cent of its population engaged in manufacturing in 1950.

30 Pct. of U.S. Output Is West Virginia Coal

Charleston, W. Va., — Production of soft coal in West Virginia, the nation's leading coal-producing state, totaled 151,000,000 tons in 1958, or about 30 per cent of the total national production of 500,000,000 tons. Kentucky produced 81,500,000 tons, or more than 16 per cent of the total national output, and Ohio produced 38 1/2 million tons, almost 8 per cent of the national total.

This building, he added, will make it possible for the first time to carry on a full schedule of recreational activities throughout the winter.

**James Peel Succeeds Miss Penick as Director Of Budget, Announced**

Frankfort, Ky., Jan. 21 (AP)—James L. Peel, 33, was appointed director of the State budget Wednesday by Finance Commissioner Orba Traylor.

Peel, assistant since last September, succeeds Miss Nelle Penick, who resigned to get married. Traylor said he hadn't decided on Peel's assistant.

Peel, a native of Nicholasville, was employed by the department as a budget analyst in January, 1957.

A 1952 graduate of Transylvania College, he holds a master's degree from the University of Kentucky.

Peel is a former teacher at Eastern Kentucky State College and a Navy veteran of World War II and the Korea War. He is married and has one child.

"Most families and individuals are potentially medically indigent. In the event of illness which is prolonged, or which requires extensive medical services, they would be unable to meet their expenses. Even under a strict definition of medical indigency, there are at least 400,000 persons in Kentucky who are presently unable to pay the cost of serious illness when it occurs."

**INSURANCE AGENTS**

Insurance Commissioner Cad Thurman recently told the Kentucky Association of Insurance Agents that their state licenses are evidence the Department of Insurance believes them to be citizens in whom the public may place trust. Licensing and examination of agents is necessary, Thurman said, to protect the insured, who "has no part in the preparation of the contract he pays for; he is unfamiliar with the principles involved and with general rules of law. Limitations on benefits through force of policy provisions mean nothing to him. He has no choice but to place his confidence and his money in the hands of the agent."

When you buy from your hometown merchants you get:

1. HONEST VALUES
2. AMPLE SELECTION
3. INSTANT DELIVERY, SERVICE AND ADJUSTMENT
4. MORE PERSONAL AND FRIENDLIER TREATMENT
5. SAVING OF TIME
6. RELIEF FROM COSTLY TRAVEL
7. FREEDOM FROM ROAD HAZARDS
8. ELIMINATION OF COSTLY PARKING PROBLEMS
9. AVOIDANCE OF JOSTLING CROWDS
10. THE CHANCE TO BUILD A BETTER COMMUNITY BY PUTTING YOUR DOLLARS TO WORK HERE

We don't believe you gain anything at all by driving long distances to shop at BIG CITY stores. Our local sources have merchandise that's just as good and costs no more.

But merely for the sake of argument, suppose you do save a few dollars on a time-consuming trip many miles from home. And suppose you don't even count the cost of gasoline and oil, car wear, parking fees, etc. Forget, too, if you like, the hazards of driving in today's heavy highway and city traffic.

But don't overlook these things: What you buy here can be in your home in a few minutes—no waiting several days for delivery. And if the merchandise doesn't give full satisfaction, any needed service or adjustment of the purchase can be made without shipping the items back to the BIG CITY or being forced to make a second trip yourself.

Why drive scores of miles looking for trouble? Shop right around the corner and be safe and satisfied.

**WHAT THINK YE OF CHRIST? (Matt. 22:42)**

**WHAT ROMAN CATHOLICS WILL FIND WHEN THEY STUDY THEIR OWN BIBLE**

(When we say "their" Bible we have reference to the Douay Version published by John Murphy Company, Baltimore and New York with the approbation of James Cardinal Gibbons, Arch Bishop of Baltimore)

Roman Catholics are taught many things. They are often told about the contents of their own Bible. If they would study it for themselves, they would find that their Bible encourages investigation and reading.

They would find that they are admonished by Christ Himself to "search the Scriptures" (John 5:39); that people are liable to make mistakes if they do not know the Scriptures (Matt. 22:29); that those are blessed who read the Scriptures (The Apocalypse 1:3); and that "all Scripture inspired of God is profitable to teach" (2 to Timothy 3:16).

They would find that their own Bible is the only rule of life and that no man has right or authority to make any church laws contrary to it, nor dare they add to or take from it.

"For I testify to every one that heareth the words of the prophecy of this book: If any man shall add to these things, God shall add unto him the plagues that are written in this book. And if any man shall take away from the words of the book of the prophecy, God shall take away his part out of the book of life, and out of the holy city, and from these things that are written in this book" (The Apocalypse 22:18, 19).

"Every word of God is fire tried: He is a buckler to them that hope in Him. Add not any words to His words, lest thou be reproved, and found a liar." (Proverbs 30:5,6).

They would find that there is no Bible record of Peter being in Rome at any time, hence no apostolic succession. Paul never built upon another man's foundation and so that evidence no Apostle had been in Rome before him (To the Romans 15:20). In writing to the Romans in A.D. 58 he salutes twenty-six people and never mentions Peter. Peter writing from A.D. 60-63 was then in Babylon (1 Peter 5:13). Paul writing to Timothy in the last year of his life says "only Luke is with me" (2 to Timothy 4:9-12). Not a word about the Apostle Peter. Finally, it is further proven that Peter was the Apostle of the circumcision and worked among the Jews, while Paul was the Apostle to the uncircumcision and worked among the Gentiles and therefore the Lord's will that Paul and not Peter go to Rome. (To the Galatians 2:7, 8; The Acts 23:11).

They would find that Peter (also called Simon) who is claimed to be the first pope, was a married man (St. Mark 1:29-31).

They would find that Zachary was a married priest (St. Luke 1:5, 13). Also that bishops were permitted to marry (1 to Timothy 3:1-4) and that to forbid marriage is not sound doctrine. (1 to Timothy 4:1-3).

They would find that their own Bible forbids bowing down and the worship of images, pictures or relics. (Exodus 20:3-5).

They would find that God only can forgive sins (St. Mark 2:7) and that Esdras the priest taught the people to confess to God and not to himself.

"And Esdras the priest stood up, and said to them: You have transgressed and taken strange wives, to add to the sins of Israel. And now make confession to the Lord the God of your fathers. (1 Esdras 10:10-12).

They would find that there is no mention made of purgatory or prayers for the dead, but that if men are ever fitted for heaven, they must be before death or not at all.

"After death, the judgment" (To the Hebrews 9:27). Abraham could not help the dead (St. Luke 16:19-31). David knew it was no use praying for the dead (2 Samuel 12:16, 19, 22, 23).

They would find that their own Bible forbids them to call any man "father" as a religious title.

"And call none your father upon earth; for one is your father who is in heaven. (St. Matthew 23:9).

They would find that the Gospel is free "without money and without price." No charges should be made for it. (Matt. 10:7,8).

They would find that there is only one Mediator between God and men and that this Mediator is neither Mary the mother of Jesus according to the flesh, nor some priest, but the Lord Jesus Christ Himself.

"For there is one God, and one mediator of God and men, the man Christ Jesus" (1 to Timothy 2:5, 6).

"But if any man sin, we have an advocate with the Father, Jesus Christ the just" (1 of St. John 2:1-13).

Peter preached:

"Be it known to you all, and to all the people of Israel, that by the name of our Lord Jesus Christ of Nazareth, whom you crucified, whom God hath raised from the dead, even by Him this man standeth here before you whole. Neither is there salvation in any other. For there is no other NAME under heaven given to men, whereby we must be saved" (The Acts 4:10, 12) Every other NAME drags its votaries down to hell.

They would find that Christ is the only way of salvation and that no man-made-system of religion can take the place or even assist God's way of salvation.

"Jesus saith to him: I am the way, and the truth, and the life. No man cometh to the Father, but by Me" (St. John 14:6).

"Him, who knew no sin, He hath made sin for us, that we might be made the justice of God in Him." (2 to the Corinthians 5:21).

They would find that a person can be saved and know it in his life, that a person can realize and experience peace in his heart and have the assurance of his sins forgiven. These precious facts come to us only through faith in the Lord Jesus Christ and His shed blood on the Cross.

"In whom we have redemption through His blood, the remission of sins, according to the riches of His grace" (To the Ephesians 1:7).

"Knowing that you were not redeemed with corruptible things as gold or silver, from your vain conversation of the tradition of your fathers: But with the precious blood of Christ, as of a lamb unspotted and undefiled" (1 of St. Peter 1:18, 19).

"Who his own self bore our sins in his body upon the tree; that we, being dead to sins, should live to justice by whose stripes you were healed" (1 of St. Peter 2:24).

Also read Isaiah 53:4-6; Galatians 3:13; St. John 6:37; 2 to the Corinthians 5:21; To the Colossians 1:20-22.

## HOSPITAL ASSOCIATION HEAD SCORES MAGAZINE ARTICLE

CHICAGO, January 17—The director of the American Hospital Association and the executive vice-president of the American Medical Association today took issue with an article on practices in hospitals in the current issue of Look magazine.

Dr. Edwin L. Crosby is director of the American Hospital Association. Dr. F. J. L. Blasingame is executive vice-president of the American Medical Association. The joint release was authorized by both organizations.

Dr. Crosby wrote a letter to Vernon C. Myers, the magazine's publisher, commenting on the article by Roland H. Berg, Look medical editor. He said, "One needn't believe that everything is perfect in our hospitals—as it is not in other public service programs—to conclude that the handling of an admittedly difficult problem by Mr. Berg and Look was most unfortunate."

Dr. Crosby termed the article's opening sentence—"A hospital is not a fit place in which to be sick"—as "an outrageous misstatement." He said, "This statement is disproved by an abundance of evidence; the growing acceptance by the public of the hospital as the place to get well; the direct relationship between the drop in maternal mortality rates and the increasing frequency with which hospitalization is sought for childbirth."

Dr. Crosby told the Look publisher that although "Mr. Berg devotes much space to patient dissatisfaction . . . the very study he quotes is at odds with his findings." The study of five hospitals in California was sponsored by the California Medical Association. Dr. Crosby said 95 and 94 per cent of the patients in the two hospitals studied in greatest detail were generally satisfied with their care and treatment.

The AHA director pointed out that hospitals have, for the last decade, been continuously striving "to keep abreast of the explosive growth in medical science and to bring those advantages to the American people."

### Neuritis Pain Like An Electric Shock

A middle-age woman told us she suffered 3 years of torture with neuritis pains. She said the pains would strike her like an electric shock. Today this lady again enjoys life and says the change is due to taking RUGON. Her pains are gone and she is entirely free of misery.

RUGON is helping so many victims of rheumatism and neuritis because this NEW liquid formula contains Three Wonderful Ingredients. Not a tablet or capsule. RUGON goes to the very source of pain almost at once and costs but a few cents a day to take. So don't go on suffering. Get RUGON AID at W. A. Rose Drug Co.

He observed, "It is difficult to keep pace, to meet the demands of the patients and physicians for even better and even more complete care and at the same time solve the subtle human relations problem in a hospital."

"I am fearful that you may have unwittingly intensified a problem already difficult enough," Dr. Crosby wrote. He added, ". . . hospital administrators face the continuous problem of fitting inadequate amounts of money to increasing great needs. It is understandable that they trim in the area of scientific needs only as a last resort. We believe that there is a major national problem in the underfinancing of hospital care; a tremendous service deficit in our hospitals. The budgets are balanced somehow. We suspect that this balance is at the expense of the kind of hospital care that medicine and hospitals could provide and the kind of hospital care we believe that a properly educated public would finance."

### Kentucky Offers Tourists Several Lincoln Tours

Fanning about 50 miles southward from Louisville, from east to west, is a rich land for travelers seeking lore on Abraham Lincoln in this 150th year since his birth at Hodgenville, Ky.

The Kentucky Turnpike, US 60, US 31-W and US 31-E lead from Louisville into the heart of Lincoln Land and to many other Kentucky historical landmarks. These and connecting roads offer several interesting short tours for spring and summer vacationers.

To reach the Lincoln Memorial, containing the birth cabin, at Hodgenville, motorists may take the Turnpike to Elizabethtown and then Ky. 61. Or they may prefer to travel US 31-E and on the way visit Bardstown, site of My Old Kentucky Home. Near Hodgenville is the Knob Creek Place, Lincoln boyhood home.

From Bardstown, the vacationer may prefer to swing over on U.S. 150 to Springfield and nearby Lincoln Homestead State Park. In the park are replicas of the cabin of Lincoln's grandmother and the house where lived Nancy Hanks when wooed by Lincoln's father, Thomas Lincoln. In court houses at Bardstown and Springfield are several Lincoln family documents.

A trip along US 60 from Louisville toward Frankfort, Kentucky's old capital city, will take the traveler to the Long Run Baptist Church, which marks the grave of Lincoln's grandfather, who was killed by Indians on his 400 acres of land there.

South of Frankfort, Ky. 35, the vacationer reaches Harrodsburg, site of Pioneer Memorial State Park, which honors Kentucky's oldest white settlement. A temple in this park shelters the cabin in which Lincoln's parents were married.

Elizabethtown, at the southern end of the Turnpike, was chosen as a home by Lincoln's parents after their marriage and contains many relics of the family.

Tourists interested in following the trek of Thomas and Nancy Lincoln, with young Abraham and his sister, from Kentucky to Indiana to make their home, will journey from Hodgenville via Knob Creek and Elizabethtown to Cloverport on the Ohio River.

#### Commonwealth of Kentucky Department of Highways Notice To Contractors Section II

Sealed bids will be received by the Department of Highways at its office, Frankfort, Kentucky, until 9:00 a.m. Central Standard Time on the 6th day of February, 1959, at which time bids will be publicly opened and read for the improvement of:

FLOYD COUNTY, RS 36-976—Bituminous Surfacing of Streets in Harold, a distance of 1,800 miles. Bituminous Surface Class C-1.

FLOYD COUNTY, RS 36-976—Bituminous Surfacing of Streets in New Allen, a distance of 1,600 miles. Bituminous Surface Class C-1.

The attention of the prospective bidders is called to the prequalification requirements, necessity for securing certificate of eligibility, the special provisions covering subletting or assigning the contract and the Department's regulation which prohibits the issuance of proposals after 8:00 A.M. CENTRAL STANDARD TIME on the day of the opening of bids.

NOTE: A Charge of \$2.00 will be made for each proposal. Remittance must accompany request for proposal forms. Refunds will not be made for any reason.

Further information, bidding proposals, et cetera, will be furnished upon application to the Frankfort Office. The right is reserved to reject any and all bids and to waive technicalities.

# BUY BRAND NAME PRODUCTS

"I'M SATISFIED MOST WITH A BRAND THAT'S MADE A NAME FOR ITSELF. WHEN I SPECIFY THE BRAND I WANT, I KNOW I'LL GET FULL VALUE FOR EVERY DOLLAR I SPEND!"

LOOK FOR THE "BRAND NAMES" FEATURED IN FLOYD COUNTY STORES!

You buy with confidence when you buy Brand Name products from your Floyd County merchants. You know that both the manufacturer and retailer must uphold the prestige and value of identified merchandise. Goods that bear a Brand Name must be goods of guaranteed quality, sold at attractive prices—and this standard must be maintained day by day!

When you buy by a Brand Name, you are assured of uniformly reliable merchandise backed by the experience and good name of the company that manufactures it and the store that sells it!

Always Specify "Brand Name" Products

## FLOYD COUNTY TIMES
