The fishin' is real bad when fishermen, working singly and collectively, can't lie about it.

### SKY-WATCHING

The first sky-watching I've done at night since Halley's comet had folks all agog was Wednesday when we tracked this orbiting balloon across the skies. Seeing a man-made object a thousand miles off in space, one wondered about all the wonders of those distances into infinitude that the eye cannot plumb. And the thought of man's inability to control himself, although able to create the means of his own destruction—from sky, sea or land—almost brought a shudder.

### UNOFFICIAL REPORT

Ray Allen has just called from Martin to set the record straight and all rumors to rest. His report on Dr. J. H. Allen's prowess (?) as a squirrel-hunter we shall not print, having failed to give Doc an opportunity to brand it as a lie, but we will take a chance and give the remainder of the report.

It appears that our informant and J. M. (Judge) Turner have literally decimated the squirrel population of Scott county. Strange enough, this report does not tell exactly how many the two of them killed but by "dead reckoning" they come up with a figure ranging between 20 and 25. Anyway, so the story goes, they killed enough to supply Gov. Bert Combs with squirrel to feed 15 persons at the Executive Mansion, one day this week.

Promptly thereafter, we are told, the Governor commissioned both Dr. Allen and Judge Turner Kentucky Colonels. If Allen's story that Dr. Allen supplied none of the squirrels is true, the honor must have been accorded out of recognition for his worth in other fields. Anyhow, Ray Allen contends the two are colonels, junior grade. He thus pulls rank on the two on the grounds of seniority, since he has been a colonel since January.

If Dr. Allen wishes to set the record any straighter, he will please restrict his article to 500 words and refrain from dealing in personalities.

## MINER KILLED BY SLATEFALL

### At Guaranty Coal Mine; Noble Sammons Succumb At St. Mary's Hospital

Noble Sammons, 38-year-old Arkansas Creek miner, died last Thursday noon at St. Mary's hospital, Huntington, W. Va., about six hours after he had been crushed by a slatefall in the mine of the Guaranty Coal Company at Hite. He suffered a skull fracture and a broken leg.

The victim was a son of Alex and Ida Sammons, of Arkansas, and was a member of the Church of Christ. Besides his parents, he leaves his widow, Mrs. Ollie Sammons, five children, Larry Noble, Rosemary, Terry and Lucy Mae, all at home; five brothers, Seymour, Claude Naaman, Bennie and Henry Sammons, and one sister, Mrs. Lou Ann Hall, all of Martin and vicinity.

Funeral rites were conducted Sunday from the residence, the Revs. Bennie Blankenship, Hershel Huff, the Rev. Conn and others officiating. Burial was made in the family cemetery under direction of the Turner-Ryan Funeral Home.

## BOARD HIRES THREE AT SPECIAL MEETING

### 2 ASSISTANTS TO CLARK GET BOARD'S O.K.

#### Allen Named To Head Transportation Job; Ten Teachers Resign

One order voted unanimously by the Floyd County Board of Education at its special meeting Saturday named two assistant superintendents for four-year terms at salaries of \$7,200 each.

Wayne Ratliff, who has since earlier in the year been assistant superintendent, was named to one of the posts and will be in charge of finance and personnel. Walter Frasure, who last year was principal of the Dwale school, was named to the other spot as assistant superintendent in charge of the instructional program.

At the same time Oliver Allen, teacher last year in the McDowell consolidated school, was employed to assume complete charge of the transportation system operated by the board. His salary, it was said, will be that of a high school principal.

State Representative Ben Martin, of Drift, was employed in the maintenance department at a salary of \$300.00 a month, and one of his first jobs, it was said, will be the installing of glass in the old Pres- (See Story No. 2, Page 6)

## BOARD CALLS REGISTRANTS

### For Pre-Induction Tests At Ashland; 32 Others Slated For September

Thirty-four registrants of Draft Board 25 here were notified to appear at Ashland, August 8, for pre-induction examination, but five of the group were transferred to other boards. Thirty-two others are slated for the same examination, Sept. 20.

The demands of the armed services on draft boards continues to be extremely low, it was said. Only one man is slated for induction in the Sept. 20 call.

The Local Board is seeking the whereabouts of a missing registrant, O. C. Jarrell, whose address was last listed as Prestonsburg.

Names and addresses of those given pre-induction tests, August 8, follow:

Joe Raymond Miller, Dock; Tom Edd Blackburn, Endicott; William Sanford Hackworth, Bonanza; Sheridan Degarmo Crum, Dwale, transferred to Local Board, Ypsilanti, Mich.; Adis Ousley, Risner; Ballard Dayton Wright, West Prestonsburg, transferred to Local Board, Lexington; Willis Lewis, Ivel; William Dudley Branham, Prestonsburg; John Archer Clark, Auxier; Walter Meadows, West Prestonsburg; Tom Ratliff, Jr., Lancer; William Jacob Crider, Lancer; Albert Dawson, David; Carl Raymond Sizemore, Prestonsburg; Arthur Dalton Carpenter, Jr., Mare Creek; Billy Joe Nichols, Thomas.

## RAIDS NET INTOXICANTS

### Slone's Wife Fined By Magistrate Conn; 'Shine Still Destroyed

His plans to quit the Sheriff's force abandoned, Deputy Sheriff Joe Wheeler Lewis joined other officers last week and this in three liquor raids.

Most recent of the three was the search Monday of the premises of James Slone, near the old Winchester mining camp, and the confiscation of 22 half-pints of whiskey and 20 16-ounce cans of beer. Slone was rounded, a few months ago, in a roadside fight with Deputy Sheriff Lewis. His wife's plea of guilty to the liquor charge was accepted by Magistrate Fred Conn, and she was fined \$50 and costs. The fine imposed on her presumably cleared her husband. State Detective E. L. Cornett and State Troopers Williamson and Goble took part in the Slone raid.

The second search made in recent weeks at the premises of Ezra Collins on the Middle Creek road uncovered six half-pints of whiskey and 25 cans of beer last Thursday. Ashland Joseph and Bill Craze, who were at Collins' place, were arrested and jailed by Lewis and Deputy Sheriff Lonnie Herald and Wesley Fannin.

Lewis and Deputy Sheriff James Hall destroyed a moonshine still on Cushman Creek, near Printer, last Friday. The officers said the still was idle and that nobody was arrested.

Three juveniles were arrested Tuesday by State Detective Cornett and Deputy Sheriff Lewis on a charge of breaking into Tom's Wholesale at Ivel. Chester Layne, owner of the business, estimated \$200 worth of his stock was taken. Some of the candy stolen in the break was recovered by the officers.

State Detective Chester D. Potter is investigating the theft of a 1955 Ford Tuesday night from the lot here of the Music-Colvin Motor Company. The car was later found, wrecked, on Bull Creek.

Others jailed within the week included:

L. D. Fountain, charged with obtaining goods under false pretense, arrested by Deputy Sheriff Fannin; (See Story No. 4, Page 6)

## Clements Quits Highway Post At Frankfort

Word was received here today (Thursday) from Frankfort that Earle C. Clements had resigned the post of Commissioner of Highways to accept a post with the Kennedy-Johnson campaign headquarters in Washington, D. C.

His resignation is effective, Sept. 1.

Accepting the resignation, Governor Combs pointed to the effective work of Mr. Clements in reorganizing the Department of Highways, effecting economies and planning an effective road program. The Governor said he will name Clements' successor by September 1.

The retiring commissioner is a former Kentucky Governor and a U. S. Senator.

## ROADS GROUP REACTIVATED

### At Louisville Meeting To Sponsor Bond Issue; Watkins, Oates Support

Two former Highway Commissioners and the present commissioner, Earle C. Clements, threw their support to the proposed \$90 million road bond issue at a recent meeting at Louisville. They were J. Stephens Watkins and Ward Oates.

The Louisville meeting, attended by interested persons from all over the state, heard Gov. Combs state no funds derived from the bond issue would be used to finance toll roads.

The group reactivated the Kentucky Better Roads Council and planned to initiate a drive to enlist popular support for the bonds. An extra \$10 million will be voted on this fall for the improvement of parks.

Watkins, who was made president of the Council, pointed out the growth of automobile registration in the last ten years. More than 1,200,000 cars and trucks are now registered in the state and the road program must keep up with increased highway use, he added.

Oates said the "bond issue is not a partisan matter. Unless it is passed you will see road building come to a standstill in Kentucky." He compared the heavy maintenance costs to a Frankenstein that is constantly growing.

Henry Ward, general manager of the Louisville Chamber of Commerce and chairman of the State Parks Board, discussed plans for parks using the \$10 million bond money for up-grading and expansion.

"Kentucky will get \$160 million in Federal Aid in the next three years and can then undertake a program amounting to \$218 million on all classes of highways," Dwight Dray, chief engineer of the Highway Department, said. Without the bond money, many of the major and minor roads must be neglected, he pointed out.

## DEVELOPMENT GROUPS PLAN CITY PROGRAM

A second executive committee meeting to plan organization for actual work on the coordinated plan for community development proposed to Prestonsburg by the Department of Economic Development was held here this week.

Although a community beautification project is slated for immediate action, the committee worked toward organizing for an overall effort, which also includes transportation, industrial development, city utilities, health, education and culture, recreation, tourist promotion and retail business.

Each member of the executive committee—Mrs. R. V. May, chairman, Fred Francis, Mrs. Fred Francis, Arbor Jones, Ed Music and City Councilmen Watt Hale and Virgil Griffith—accepted responsibility for forming a sub-committee to handle each of these phases of effort.

The City Beautification committee is composed of Lon C. Hill, Watt Hale, Robert Jones, Winnie F. Johns, Mrs. Marvin Music, Miss Alice Harris.

The Transportation committee is to be formed by Marvin Music but is incomplete. This committee will be concerned with streets, roads, traffic and airports.

Members of the Industrial De-

## RIVER SPAN IS APPROVED

### Miller's Creek Bridge As Part of New U. S. 23 To Cost \$1,046,000.00

A district highway official said this week that the \$1,046,000 bridge approved for construction Monday by the Army Corps of Engineers is not at Auxier, as was indicated in press dispatches, but will span the Big Sandy near the mouth of Miller's Creek as a part of the new U. S. 23 river route.

This information was supplied by O. J. West, Pikeville, district engineer for the Kentucky Department of Highways.

Although the Huntington district office of the Corps of Engineers has approved the span for construction, final approval must be obtained from the Secretary of the Army and the chief of the U. S. Army Corps of Engineers in Washington. The bridge, as planned, would be 820 feet in length and would be financed by state and federal matching funds. A contract on its construction is planned for later this year, it was said in Frankfort.

Contract for surfacing of the Brush Creek road from the end of the present surfacing near Hippo postoffice to Ky. 80 was awarded last week to the Allen Construction Company, Winchester. The Adams Construction Company's bid on surfacing approximately 13 miles of the Left Beaver highway from Martin to a point near Hi Hat was also accepted. Amount of the bids offered by the two firms was not learned.

Bids on other surfacing jobs—at Maytown, Eastern, Betsy Layne, Burton, Melvin and Weeksburg—were rejected as too high.

County construction of two roads, on Bull Creek and Hen Pen, under the lease-purchase arrangement with the state, has met an obstacle in a delay of drain pipe delivery, it was said this week.

## BELL ERECTS NEW BUILDING

### On Westminster Street; Completion Envisioned By February 1, Said

Southern Bell's new dial building on Westminster street here will be completed by next February 5, it was announced this week by Byron Simpson, local manager.

Simpson said that his company will be spending approximately \$180,000 to provide for the growth and better service to Prestonsburg customers.

The building itself will be completed by the first of November, then Western Electric installation forces will move in to install all the new equipment. They will complete their work by the February deadline.

The dial building will be of frame construction with brick veneer. It will front 46 feet on Westminster and will be 48 feet deep. The design will be modernistic and in keeping with all new central office buildings, Simpson said.

H. E. Hennigh, Inc., of Cedar-town, Ga., was awarded the contract for the construction work which began about three weeks ago.

## TWO MURDER HEARINGS SET FOR COURT TERM

### Inland Steel Company First-aid Contest Won By Price Plant Team

The Price Preparation Plant team won the first-aid contest staged by the Inland Steel Company at its annual Safety Day Saturday, but the battle for second-place honors was such that it shared equal attention.

A team from All Operations and the Price Mine No. 1 team finished in a second-place tie. A new problem designed to break the deadlock was submitted, the two teams worked it, and yet they were tied. A second problem then was submitted, with the All Operations team finally edging out the Price group for No. 2 honors.

All three teams will compete in the district first-aid contest, Sept. 17. Nine teams competed in the contest, which Inland officials termed highly successful.

## WEEKLY PAY CHECK RISES

### In Floyd, Announced; Purchasing Power Here Increases, Study Shows

(Special to The Times)

New York, Aug. 9—How well did the average worker in Floyd county make out last year? How much was he able to buy with his weekly pay check. Compared with previous years, was it more or less?

The answer is that the local wage earner, in the main, did well. In spite of the continuing rise in the cost of goods, of bigger taxes and of reduced worktime in some instances, his purchasing power was high. He was able to buy more with an hour of labor than he could a half dozen years ago.

Facts and figures showing the relative purchasing power are from the Bureau of Labor Statistics, the National Industrial Conference Board and other sources.

In Floyd county, on the basis of existing market prices and earnings locally, the average wage earner was able to buy a dozen eggs with 35 minutes of his working (See Story No. 6, Page 6)

## YORK VICTIM AT PIKEVILLE

### Furniture Stores Head Dies of Long Illness; Was Pike County Native

W. C. (Bill) York, 56, Eastern Kentucky furniture dealer, succumbed to a long illness at 4:30 p.m., Sunday, at home on South Mayo Trail, Pikeville.

Mr. York, owner of stores at Pikeville, Prestonsburg and Martin, was a native of Pike county, a son of the late Charles and Betty Brewster York and a grandson of Judge J. M. York, of Pike county. He was a member of the Methodist church and was affiliated with the Masonic fraternity.

Surviving is his widow, Mrs. Melsiter Bentley York, and four sons and daughters: Charles C. York and Forester York, both of Pikeville; Mrs. Phyllis Moore, Prestonsburg; and Mrs. Betty Sue Davis, also of Pikeville. Surviving is a brother, James M. York, of Pikeville; and a sister, Mrs. Kathleen McGhee, Melbourne, Fla. Five grandchildren survive.

Funeral rites were conducted today (Thursday) at 10:30 a.m. from the home, the Rev. Harold Dorsey officiating. Burial was made in the York cemetery at Pikeville under the direction of Justice Funeral Home.

## Mrs. May Trapped In Parked Truck, Escapes Train With Few Injuries

Mrs. Russell May had the terrifying experience Wednesday of seeing a train bearing down on her while she was inside a parked truck from which there was no escape.

She had parked her truck so close to railroad cars on the VanHoose Lumber Company siding at West Prestonsburg that there was no room to leave the truck cab on the driver's side. To jump from the other would be to land squarely on the tracks, in the path of the train. She knew the bed of the truck extended over the tracks and that it would be hit. The engine of the

## GRAND JURY PROBE SEEN IN SLAYINGS

### Court Session Here To Begin Sept. 6th; 72 Listed As Jurors

Two murder cases already are on the docket of the next Floyd circuit court term, which will convene Tuesday, Sept. 6, and four others may be charged with the same offense before the grand jury adjourns.

The two murder trials already docketed are those of Lewis Hall, who is scheduled for trial Sept. 15, and Bennie Blackburn, whose trial has been set for Sept. 19.

Scheduled for grand jury investigation are the slayings of Don Woods, Allen Slone, A. B. Francis and Roe Layne.

In all, 169 cases are on the court's docket. This figure is higher than that of recent terms, but a large number of the defendants are "not before the court" because officers have been unable to locate them for service of bench warrants.

Offenses found most often on the docket are breaking and entering and child desertion.

The court term will not convene on the usual day, Monday, Sept. 5, because Labor Day falls on that date.

Names of 72 persons who have been drawn from the jury drum for grand and petit jury service at the coming term, they are:

Estill DeLong, Drift; Mrs. Harry Barnett, Betsy Layne; Fred Hall, Jr., Galveston; Elzie Neeley, Lancer; Frank Burchett, Auxier; Mrs. Luther Adkins, Betsy Layne; Oma Spradlin, Bonanza; Ella Mae Hall, Harold; Millard Gibson, Betsy Layne; Frank Kidd, Betsy Layne. (See Story No. 7, Page 6)

## REED, OTHERS HOLD MEET

### Safety of Shuttle Car Operator Talk Subject; Recommendations Made

B. F. Reed, treasurer, Turner Elkhorn Mining Company, Willard Stanley, and Frank Forsyth, of the Department of Mines and Minerals, were responsible for a meeting held at Drift, July 23, to discuss safety improvements that would give more protection to the shuttle buggy operator.

The Kentucky Department of Mines and Minerals recommends the following for the protection of men employed in this type of work:

1. That trailing cable on end net to shuttle car be placed inside a 20-foot length of flexible rubber hose.
2. Use of insulated hooks to secure trailing cable along body of shuttle car.
3. Use of insulating material to cover entire deck of shuttle car, such as rubber mats, insulating material that can be sprayed on metal, etc.
4. Use of dry insulated gloves by all shuttle car operators.
5. Use of spring type switch that automatically returns to neutral when released by the operator.
6. Keep travel roads drained so buggies will not run through water. This will speed up the delivery of coal to the outside and will give protection to the buggy operator. Wet gloves and wet clothing are often the cause of electrocutions.

"We welcome safety suggestions from mine owners, buggy operators and other workmen who have ideas that might assist us in our effort to improve the safety record of the Kentucky mining industry," said A. H. Mandt, commissioner of the department of Mines and Minerals.

**Parker - Hereford Vows Said In Church Ceremony Here**

—Photo by Strahan

The First Methodist Church in Prestonsburg was the scene Sunday, Aug. 7, of the marriage of Miss Peggy Lee Parker, daughter of Mr. and Mrs. W. B. Parker, of Prestonsburg, and David Richmond Hereford, son of Mr. and Mrs. Thomas Hereford, also of Prestonsburg. The vows were exchanged at 3:30 o'clock in the afternoon, with the Rev. Harold W. Dorsey, of Pikeville, Ky., officiating.

The church was decorated with arrangements of white gladioli and mums, palms and greenery interspersed with white tapers in candelabra. A program of nuptial music was presented by Miss Mary Jo Shivel, vocalist, and Mrs. Chalmers Frazier, organist.

The bride was given in marriage by her father. She wore a gown of chantilly lace and pleated tulle over bridal satin. The fitted bodice was accented with a sabbina neckline sprinkled with seed pearls and sequins, and the long sleeves tapered to points over the wrists. The basque waist billowed into bouffant, alternate tiers of pleated tulle rippling into the chapel train. Her tiered fingertip veil of illusion was attached to a crown of seed pearls and sequins. She carried a bouquet of stephanotis and lily of the valley centered with a white

orchid and tied with satin streamers knotted with stephanotis.

Mrs. Clifford B. Latta, sister of the bride, was matron of honor. She wore a gown of cell blue silk organza over taffeta. The fitted bodice was designed with a soft folded sabbina neckline, and the very full skirt was accented in the back by a sash peplum effect from center waist line to the wide hem. She wore a picture hat of matching blue organza and carried a basket of pastel flowers tied with satin streamers.

The bridesmaids, in identical gowns to that of the honor attendant, were Mrs. Robert Staggs, sister of the bride, Mrs. Donald R. Compton, Mrs. Roger Colvin, Mrs. Sidney A. Parker, Miss Elizabeth A. May.

Miss Jan Collins was the junior attendant. She wore a bouffant gown of blue organza with a cummerbund of matching satin. Her picture hat matched her dress. She carried a basket of pastel flowers tied with satin streamers.

Miss Elizabeth Ann Burchett, niece of the bride, was flower girl. She wore a frock identical to that of the junior attendant. She carried a basket of rose petals.

John Robert Hereford, brother of the groom, was the ringbearer.

Thomas Hereford served his son as best man. Ushers were Sidney A. Parker, brother of the bride, Roy Ramey, Clifford B. Latta, Vance Mitter and Thomas LeMaster.

The bride's mother wore a white lace sheath dress over blue taffeta with matching accessories and a white orchid corsage.

The groom's mother wore a blue chantilly lace dress with matching accessories and a white orchid corsage.

A reception was held after the ceremony at the home of Mr. and Mrs. Clifford B. Latta.

For a wedding trip to Florida the bride wore a white linen and silk sheath with matching accessories and white orchid corsage.

Mr. and Mrs. Hereford will make their home in Prestonsburg.

**W.S.C.S. MEETS**  
The Women's Society of Christian Service, of the Community Methodist Church met August 2, at the home of Mrs. E. B. May, Jr. The president, Mrs. Eddie Ward, presided at the business session. She was recipient of many lovely gifts of linens, china, crystal and miscellaneous items. Refreshments of iced cakes, punch, nuts and candies were served from the dining room where the bride's table was covered with a lace cloth centered with pink and white carnations. Tall, branched candelabra with pink candles tied with pink tulle flanked the centerpiece. Hostesses honoring Miss Sirkle were Mesdames Glenn Spradlin, John Archer, Ruth Isbell, Byron Nunnery, Newton May, Paul Combs, Don Moore, Herschell Tackett, Cliff Latta, W. B. Parker, Hoover Harrington, Miss Lorraine Fitzpatrick.

**BRIDAL RECEPTION**  
Mr. and Mrs. Clifford B. Latta entertained with a bridal reception at their Arnold Avenue home honoring Mr. and Mrs. David Richmond Hereford, immediately following the wedding ceremony at the First Methodist Church on August 7. Their home was attractively decorated with summer flowers.

Forming the receiving line were: Mrs. W. B. Parker, mother of the bride; Mrs. Thomas Hereford, mother of the groom; Mr. and Mrs. David Richmond Hereford, Mrs. Donald R. Compton, Mrs. Sidney A. Parker, Mrs. Robert Staggs, Mrs. Roger Colvin, Miss Elizabeth Archer May, Miss Jan Collins and Miss Elizabeth Ann Burchett. The bride's table was covered with a cut cloth with a bouquet of white flowers for the centerpiece. Branched silver candelabra with white candles were at either end of the table where white cakes, punch, mints and nuts were served by Mrs. Edgar Lambert, Huntington, W. Va., Mrs. Ken Verley and Mrs. James R. Spurlock. The tiered wedding cake was on a smaller table. Assisting the hostess were Mesdames W. W. Burchett, J. B. Ford, James W. Adams, Burl Spurlock, R. V. May, Olga M. Latta, Bess S. May and Edna Madison.

## Mrs. Elizabeth Murrill Dies In West Virginia; Mother of Floyd Woman

Mrs. Elizabeth R. Murrill, wife of the Rev. Howard A. Murrill, onetime pastor of the Prestonsburg Methodist Church, and also mother of Mrs. Alex H. Spradlin, of Prestonsburg, died at her home near Lewisburg, Greenbrier county, West Virginia, last Thursday at the age of 88 years.

Mrs. Murrill, formerly Miss Elizabeth Ruth George, was born and reared on a farm between Lewisburg and White Sulphur Springs. She was a graduate of Greenbrier College for Women.

Mrs. Murrill was well known to the older residents of Prestonsburg. While here she was active in church work, civic and social activities. She was also an active member of the Order of the Eastern Star.

Most of the children of Rev. and Mrs. Murrill attended school here, and her daughter, Mrs. Victoria M. Spradlin, has been a teacher in the Prestonsburg city schools for many years. After leaving here Rev. and Mrs. Murrill resided at Pikeville for three years while he was pastor of the Methodist Church there.

Funeral services for Mrs. Murrill were conducted at the Lewisburg Methodist Church on August 12. The funeral oration was delivered by the Rev. J. C. Fisher, superintendent of the Lewisburg district of the Methodist Church, assisted by Rev. Ross Evans and Rev. M. D. Milen, pastor and assistant pastor of the historic, old Lewisburg Methodist Church, which is more than 130 years old. Burial was made in the Lewisburg cemetery.

Mrs. Murrill is survived by her husband, a sister and brother, and a large number of relatives, all of Lewisburg, and by the following children: Winston Murrill, Phoenix, Arizona; James Murrill, Downey, Calif.; Julian Murrill, Ronceverte, West Virginia; Colonel E. L. Murrill, U. S. Air Force; Mrs. J. C. Jeffries, Jacksonville, Fla.; Mrs. R. L. Handley, Norfolk, Va.; and Mrs. Alex H. Spradlin, Prestonsburg, Ky.

## Wheelwright Hi Band Attends Camp Crescendo

Forty-two members of the Wheelwright high school band accompanied by their director, Miss Barbara Martin, left Sunday, to attend Camp Crescendo, at Lebanon Junction, Ky., for 10 days.

Camp Crescendo is a new camp that has been utilized for the first time this year. Roy Boesser, who is camp director, is also band director at Male high school, Louisville.

Those attending camp are Miss Barbara Martin, band director, Greg Banks, Alice Clark, Ellsworth Collins, Sharon Collins, Stevie Benedict, Billreda Johnson, Tony Collins, Jami Fields, Christine Collins, Butch Cook, Richard Cooley, Donnie Cooper, Dean Counts, Phillip Damron, Steve Damron, Gwynne Deal, David George, Peggy Gilliam, Danny Greer, Naomi Griffith, Carol Hogsed, Alma Johnson, Carol Jones, Mary Lou Jones, Linda Layne, Winnie Ann Little, Larry Mullins, Sharon Nemet, Henry Osborne, Ruby Osborne, Janet Osborne, Marcus Owens, Leonard Roberts, Jr., Madonna Stanley, Russell Hall, Johnny Brock, Eddie Miller, Edith Miller, Jackie Hall, Dick Berger, Steve Berger and Tina Straub, of Maysville.

Kentucky is the first state to combine all phases of child welfare into one department.

Kentucky's new revenue program provides \$115,900 for tobacco research in 1960-62.

## P'BURG BLACK CATS EYEING FIRST DIVISION

Prestonsburg high school has strong hope of its 1960 football team reaching the first division in the Eastern Kentucky Mountain Conference race.

The Black Cats should have the most experienced club in the area and are convinced they can better last season's mark of three victories, six defeats and one tie, which saw them tie for seventh spot in the league.

## South Vietnam Officers Accompany Kentuckians On Illicit Still Raids

A moonshiner captured in the Kentucky mountains recently showed some surprise when he saw among the arresting officers two officials of the South Vietnam Bureau of Investigation.

A raid upon manufacturers of illicit spirits in Kentucky is not much different from such a raid in their Asiatic nation, say Capt. Ton-thai-Binh and Lt. Truong-Van-Ky of the V.B.I. They accompanied Kentucky State Police and local officials on the raid only as observers.

Binh, Ky and Lt. Ngo-van-Thong, who have been in Kentucky, are three of the 11 South Vietnamese police officials who are studying law enforcement methods in the United States. They are in this country under the International Cooperation Administration program. Binh is leader of the group.

Lieutenant Ky is internationally known as the foremost soccer referee in Asia. The Bureau of Investigation, which is the South Vietnam national police organization, sponsors the champion soccer team of that country. "It's one way we have of getting the people to cheer the police," jokes Ky.

Makers of illicit spirits in South Vietnam post lookouts in the hills to warn against the approach of "revenuers" just like they do in Kentucky, Binh says. The percentage of the population that is criminal, police methods and criminal traits are about the same in South Vietnam and Kentucky, he adds.

Murder in South Vietnam is discouraged by the guillotine and there is no agitation to abolish capital punishment there as in America, says Binh.

## Girl Scout Troops Hold Five-Day Games

For five days, August 8-12, 43 girls from Brownie and Intermediate Girl Scout troops in Prestonsburg worked and played at Huff and Puff Point, Juvenile Jungle, and Dew Drop Inn, unit sites for day camp at Camp Chatterawha. Mrs. Virgil Goble and Mrs. C. O. Williams, of Prestonsburg were co-directors of the well-attended session.

They were assisted by several mothers who helped with arts and crafts, nature study, and various and sundry Girl Scout skills. Among these were Mesdames Kate Ward, May Calhoun, Phoebe Allen, Keith Alley, Eye May, Clyde Vanhoose, Lloyd Burton, Franklin Moore and Irene Clark. Junior assistants were Senior Scouts Donna Ann Meade, Becky Wright, Shirley Harmon, Mary Lynn Hall, Mary Evelyn Williams, Judy Calhoun, Virginia Adams, Brenda Milligan, Gayle Calhoun, Sharon Allen, Marty May, Mrs. Betty Gail Minix and Miss Ruby Spears.

Waterfront activities were supervised by Miss Sallye Hill, and Mrs. John Graham was director of first aid.

The final day of the session was Visitor's Day. The program included folk dances and skits which featured characters in highly original costumes. The arts and crafts display was made up of hand-printed scarves, hand-made and hand-decorated purses and jewel boxes, items which the girls who made them will keep as mementos of a week of fun in Scouting.

## SCOUTING LOOKS AHEAD

In less than twenty-five years, population experts predict that the United States will have more than 250,000,000 inhabitants. They forecast that six million babies will be born each year and that America can look forward to being a youthful nation.

Kentucky taxpayers will be required to pay out approximately \$869,820,000 in Federal taxes as their share of the cost of the federal spending program of \$79.8 billion proposed by President Eisenhower for the Federal fiscal year 1,60-61, according to an estimate made today by Harper Gattton, Louisville, executive vice-president of the Kentucky Chamber of Commerce.

The Lonesome Pine Council, Boy Scouts of America, which administers the programs of Scouting in this area, has made a splendid record in growth and activities. Today 2,892 boys are active in 134 units. Making Scouting possible through their volunteer services in many capacities are more than 1,200 men and women.

Coach John Gordon Goble, former Prestonsburg high lineman, later with the University of Kentucky Wildcats, has 28 candidates from which to mold this season's eleven that opens at Wheelwright, September 2. His assistant is his cousin, Bill Goebel, Jr. (Morehead State College).

Now in the midst of twice-a-day practice sessions, Goble will start a letterman at every position. The bright spot in this season's eleven should be the backfield, which has three-year veteran Bobby Marshall at the signal-calling post. He is a 6-1 senior and has started virtually every game for the past three years.

At one halfback post will be Dennis Stephens, speedy veteran of three seasons. He is a 155-pound senior and the squad's fleetest back. His running mate will be Bill Leedy, 140-pound, one-letter sophomore. Filling the fullback spot is Dixon Nunery, 165-pound junior, who was the team's second leading scorer last season.

The line has considerable experience in five three-year seasoned performers, ends William Prater and Bob Smith, tackles Paul Johnson and Bob Pearson, and guard Paul "Red" Minix.

Smith and Johnson are 170-pound seniors; Pearson is a 175-pound senior, as is Prater, and Minix is a 165-pound senior.

Dickie Fitzpatrick, 175-pound junior, will operate from the other guard position and Ashland Joseph, 160-pound junior, will fill the center gap. Both were regulars last season.

Ample reserve strength could be the biggest handicap to the squad. Replacements, center Jim McDonald, end Chuck Tackett, tackle Stevie Stephens, halfback Kermit Baldrige and quarterback Gordon Young, are all inexperienced.

Prestonsburg will play a ten-game schedule with seven opponents being E.K.M.C. foes.

### We Cast an Envious Eye Toward Cumberland, Ky.

Even the most optimistic were surprised when it became known this week that already 325 young women and men have applied for enrollment in the University of Kentucky's new Southeast Center at Cumberland, Kentucky.

Buildings are barely being completed in time for the opening of classes on Sept. 6, and yet the response to the opportunity offered youth of the region through facilities of the new Center is outstanding. No thoughtful student of the situation there had predicted an enrollment this first year as high as 300.

Thus the urgent need of a University of Kentucky branch in that area is proved. The enrollment in that part of Eastern Kentucky points strongly toward the fact that the same sort of University of Kentucky facility is needed in the Big Sandy valley.

The Southeast Center at Cumberland is opening in a field already served by Union College at Barbourville and Cumberland College at Williamsburg. Sue Bennett College at London and Lincoln Memorial at Harrogate, Tenn., serve the area. The Big Sandy and neighboring valleys are in the educational area served by Pikeville College, Morehead State College and a University branch at Ashland. Pikeville College, 30 miles from Prestonsburg, is nearest Floyd county, and already it is bulging at the seams. Morehead State College is in much the same condition. Ashland is approximately 85 miles from this county and still farther from other counties which share Floyd county's need for higher education nearer home.

The parallel between the area to be served by the new educational center at Cumberland and the Big Sandy area, plus some counties in the nearby Licking river and Kentucky river watersheds, continues in their similarity of topography, industry (or lack thereof), roads and economic handicaps. The same needs young people feel so keenly in the Cumberland area torture youth of the Big Sandy and the Licking and the Kentucky.

The Southeastern Center means more to the Cumberland area and to the youth of that section than can readily be assessed or set down in so many words. The same educational facility in the Big Sandy would be as successful and would mean as much to thousands of would-be college students and to those parents who face heavy financial burdens if their children are to continue their education and realize their full potential.

The Cumberland branch of the university has meant an outlay of half a million dollars. That would be a cheap price to pay for the same benefits in this Big Sandy area that is depressed in its economy and even more depressed by the lack of educational opportunity for many of its brightest minds and most ambitious youngsters.

### Girl Scout Caretaker's Cottage Approved By Sandy Valley Council

A site for a caretaker's cottage has been approved at a special meeting of the board of directors of the Sandy Valley Girl Scout Council, it was announced this week.

Members of the board chose a location on the lower slope of the approach to Camp Chatterawha, where they plan to build a pre-fab house of four rooms—two bedrooms, living room and kitchen.

The need for a year-round caretaker has become increasingly urgent with each passing year as the empty camp has drawn more and more curious, careless and covetous campers. Supplies and equipment have been stolen, tents taken, and most serious of all has been the threat of spreading forest fires. It was to meet this need that the board decided upon the immediate construction of the cottage.

In the meantime, arrangements have been made for Mr. and Mrs. Garnett Goble, of Auxier, to live in the main lodge and to act as caretakers. Mrs. Goble has been at Camp Chatterawha throughout the summer session, serving as cook.

Board members present at the meeting included Mrs. Minor E. Pace, president of the Council, Mrs. J. B. Fields, Mrs. Arthur Bradbury, Mrs. Roy Souleyrette, and Mrs. George Leatherman, all of Wheelwright; C. T. Dahlin, accompanied by Bill Mullins, of David; Mrs. J. R. Camelia, H. D. Fitzpatrick, Mrs. Zella Archer, executive director, and Mrs. Shirley Hughes, field director, all of Prestonsburg.

### CLIFF

Dr. Palmer L. Hall, of Morehead State College, called on his friends, Mr. and Mrs. Will Stephens, here Saturday.

Mr. and Mrs. Town Hall and Town, Jr., of Sarasota, Fla., called on Mr. and Mrs. Will Stephens here Tuesday.

Mrs. Emma Honeycutt, of Auxier, spent Sunday with her cousin, Mrs. Will Stephens. They had not seen each other for more than 30 years.

Mrs. Doug Snyder has been quite ill at her home here for the past week but is resuming her work as nurse at the McDowell Memorial hospital, Wednesday, after much improvement after a week's rest and doctor's care.

Mr. and Mrs. Gene Stanley and Glenda Jean, of Lancer, were hosts to dinner Sunday. Their guests were her parents, Mr. and Mrs. John Stephens, of Cliff.

Mrs. Doug Snyder called on friends at Jenkins during the weekend.

Mr. and Mrs. Willie Collins and children, of Indiana, spent the week-end here with Mr. and Mrs. Henry Lafferty.

Mr. and Mrs. Kermit Collins, of Detroit, spent the past week here with his grandparents, Mr. and Mrs. W. A. Burchett.

The Cliff Free Will Baptist Sunday School enjoyed an outing last Sunday at The Interstate Park at The Breaks of Sandy.

### Kelsey Goes to Kansas; Kindergarten Continues

Dwayne Kelsey, educational director at the First Methodist Church here, has resigned to accept a similar work with the First Methodist Church, Liberty, Kansas. Mr. Kelsey left for Kansas, several days ago.

The kindergarten work which he did at the Methodist Church here last year will be continued this year by Mrs. Richard Spurlock. Classwork will begin August 23. Children may be registered now.

"These trails would shake the cab off an ordinary truck...but not our Chevy"

Few trucks are subjected to the body-wracking beatings that are part of a day's work for this Chevrolet Series 60 pulpwood hauler. It's owned by J. E. Fox, North Carolina logging contractor. As Bobby Fox, a partner in the business says, "Loaded with pulpwood, we drive over stumps and potholes you'd think would tear the truck to pieces. These trails would shake the cab off an ordinary truck, but not our Chevy. We can average an extra load a day... make \$45 to \$50 a day more with this Chevy than we can with the others."

In every weight class these Chevies are doing more work at less expense than trucks have ever done before. Drive one at your Chevrolet dealer's. It's an experience that could pay you big dividends.

"That 6-cylinder engine really performs," says Bobby Fox. "It's got the lugging power we need in the woods and walks right along with a full load on the highway."

tonsburg high school building which is to be renovated and by the end of the 1960-61 school year to become headquarters for the school system. The building will house the school board offices now located in the courthouse, as well as the county and regional libraries.

"We expect Oliver Allen to be the busiest man in the school administration system," Superintendent Charles Clark said this week, commenting on the appointment. He added that Allen's duties will include the conduct of a safety program, with drills on loading and unloading of school buses held at various schools from time to time; the study of bus routes, location of bus stops, the study of gasoline consumption and costs, preparation of specifications for new bus units as needed and the compilation of monthly reports from data supplied by individual bus drivers.

Clark said Allen will have his office at the bus garage at Allen, will have a private telephone line and will keep in contact daily with state police and other agencies on road conditions. He will supervise contract hauling of pupils as well as the regular transportation by bus.

James Salisbury, principal of Martin high school, has been serving as director of transportation at an additional salary of \$125 a month.

Resignations of 10 teachers were accepted by the board. These are Dorothy Dotson, Pauline Nicholls, Earlene May, William T. Hammonds, Charlotte J. Ritchie, Ella Mae Osborne, Glennis Ramey, Clifton Steele, Thelma Waddell, Joyce Ann Triplett.

Three certified teachers were employed: Nancy Hodges, West Prestonsburg school; Larry Hughes, Wheelwright, and Paul Branson, McDowell.

Other teachers employed: Dorothy Hall, Harold; Frances Storie Stapleton, head of Frasure's Creek; Mary Belle Hall, Tinker Fork; Alen Turner, Martin; Zella Reedy, Wheelwright; Ersula Sammons, Arkansas; Palmer Frasure, Tinker Fork.

Transfers made: Mazie Hamilton from Tinker Fork to head of Little Mud; Pauline Conley, Martin to Garrett; Alma Lowe, Drift to Maytown.

Employed as vocational teachers at the Prestonsburg vocational shop, subject to renewal of a contract with the Mayo Sate Vocational School, were George E. Barker, Frank B. Sammons and Charles H. Wells.

Mabel Meade was employed as dental assistant at the Harold mobile dental clinic.

The Superintendent was authorized to advertise for materials to be used in renovating the old high school structure here and to negotiate hauling of pupils from Clark Branch to Spears Ford school and also on the Toms Creek run.

### Mother, Wife of Three Officials Dies At Mt. Sterling Hospital

Mrs. Ada Davis Hill, wife of former County Judge Ed Hill, Sr., died at 12:05 a.m. Wednesday at Mary Childs hospital, Mt. Sterling, at the age of 75.

Mrs. Hill had been in failing health for some time, and her last illness began three weeks ago. She had been critically ill at the Mt. Sterling hospital for a week.

A daughter of Austin and Margaret Auxier Davis, she was a native of the East Point section of the county. During her husband's tenure of office they resided in Prestonsburg, going to Ohio in 1933 and later moving to Mt. Sterling where they have since resided except for winter residence at Ormond Beach, Fla., for the last four years. She was a member of the Methodist Church for many years.

Two of Mrs. Hill's sons also have been elected officials. One, Edward P. Hill, Jr., of Prestonsburg, is the present circuit judge of this judicial district and is a former county judge. Her youngest son, Lon C. Hill, also of Prestonsburg, is a former state representative from the 58th legislative district of this county. Other surviving children are: Mrs. E. E. Clark, of Ashland; Mrs. H. D. Hewlett and Mrs. Ralph Davis, both of Prestonsburg; Joe Hill, Mt. Sterling; Mrs. Curtis Hopson, Cumberland Gap, Tenn., and Mrs. G. A. Cubertson, Paris, Ky.

Also surviving are three sisters and one brother: Mrs. Sam Music, of Little Paint; Mrs. Reba Price, of Johnson county; Mrs. John May, Eubanks, Ky., and Sam Davis, London, Ohio. She also leaves 33 grandchildren.

time, a pair of man's leather shoes with 14 hours and 29 minutes, a pound of rib roast with 43 minutes, a rayon street dress with 9 hours and 31 minutes and a quart of milk with 17 minutes.

The same purchases, under the average wage and price conditions that prevailed in 1953, would have required 5 per cent more working time.

The economic well-being that exists in this country is dramatically underlined by the National Industrial Conference Board in figures showing how New York and Moscow production workers compare in purchasing ability.

The New Yorker can pay for a pound of sugar with three minutes of work, as against one hour and four minutes needed in Moscow. A man's cotton shirt that takes only 56 minutes in New York requires 15 hours in Moscow. A cake of toilet soap represents three minutes here but takes 32 minutes there.

The rising standard of living in the United States, it is pointed out, is due to the fact that "real" income has been increasing faster than have prices. Buying power is now more than 20 per cent higher than it was a decade ago.

This strength is apparent in the Floyd county economy, with average incomes locally running 14.6 per cent higher last year than in 1953.

### Former Louisa Attorney Is Nominated For Mayor At Garden City, Mich.

Attorney Charles E. Lowe, of Garden City, Mich., formerly of Louisa, defeated his opponent, incumbent Mayor James Tierney, in the race for Mayor of Garden City in Tuesday's election.

The Guardian Review, official newspaper of Garden City, in the August 4, publication said: "Mayoral candidate Charles E. Lowe, a virtual unknown before the city primary election campaign began a month and a half ago, outpolled his opponent by 377 votes, for which 31 per cent of the city's voters turned out."

Attorney Lowe moved to Louisa in his early childhood where he received his elementary and high school education. After graduating from college, he taught in Lawrence county schools before he entered World War II, serving as a lieutenant. After the close of the war, he received his law degree and has established a law office in Detroit, where he enjoys a lucrative practice.

A national advertising campaign, a color brochure, a color motion picture, special surveys and reports—these are some of the ways the State Department of Economic Development is telling out-of-state businessmen about Kentucky's industrial advantages.

## Our Historic Heritage

A Pictorial Review of East Kentucky

(No. 105 in a Series)

THE FLOYD COUNTY COURT HOUSE AT COMPLETION IN 1891

This is a rare picture of the present Floyd county court house when it was completed and made ready for occupancy in 1891. In the last seven decades it has been considerably changed by additions and alterations.

The first Floyd county court house burned in April, 1808. It stood where the present Municipal building now stands on First Avenue. Very few records were saved from the fire.

The First National Bank presents these pictures of our historic region as a bit of its friendly service with the hope they will contribute to your understanding of our historic heritage.

**COUNTY-WIDE PICNIC**  
The County 4-H Council is sponsoring a county-wide 4-H picnic at 5 p.m., August 26, near the Dewey Lake boat dock. The picnic will be held in the area to the left of the boat dock.

Each family will bring food and drinks for the family, which can be spread together or as a family group.

All club members and their families are invited to attend the picnic.

**STRAWBERRY PROJECT**  
A survey of the yields from the 4-H Strawberry Project showed that Floyd county club members picked 6,343 gallons of berries this year. This survey included reports from 26 one-fourth acre patches set in 1958 and 1959.

Some of the top producers of the patches set in 1958 were Gary Newman, 500 gallons; Ruby Robinson and Sue Haywood, 420 gallons; Alan Stevens, 375 gallons; Willis Newman, 350 gallons; and Arlun Hall, 300 gallons.

The top producers in the patches set in 1959 were Ossie Spencer, 522 gallons; Delores Smith, 271 gallons; Kennel Adkins, 265 gallons; Larry Clark, 250 gallons; Linsey Stricklin, 225 gallons.

Four club members carried the Raspberry Project. Their yield in quarts is as follows: Gaylord Martin, 220; Dingus Smith, 80; Burgess Lowe, 48; and Paul Greer, 48.

**STATE FAIR CLOTHING**  
The 4-H clothing selected last spring to be sent to the State Fair is due at the Extension office by August 20. The clothing should be cleaned, well pressed and if damaged, it should be repaired as neatly as possible.

The club members eligible to send clothing to the State Fair are: Unit I—Vivian Boleyn, Annabell Newman, Alice Dawson; Unit II—Alva Carol Rice, Carolyn Lafferty, Ruth Conley; Unit III—Billie Hicks, Debbie Sammons, Lynn Halbert; Unit IV—Linda Hale, Peggy Crum, Sharon Allen; Unit V—Joan Hicks; Unit VI—Glenda Merritt, June Martin, Clara Ann Alley; Unit VII—Joan Martin; Unit VIII—Daina Martin.

All articles of clothing should have the club members name, address, club, unit of clothing, and age, attached to it.

**FALL GARDENS**  
There is nothing more tasty or nutritious than good fall produced vegetables. August is the month to start those fall vegetables. A seeding of kale, turnip greens, turnips and winter radishes now, and again Sept. 1, will supply a lot of good eating. Chinese cabbage, leaf lettuce should also be seeded now. If frost is late this year, a planting of beans now may come in.

All the garden that is not going to be seeded to fall crops, should be seeded to a cover crop. Crimson clover makes a fine cover crop for a garden, provided it is seeded early. For late seeding use a small grain, and vetch. To be sure of having a good cover crop, disk the soil thoroughly and prepare a good seedbed.

**CORN**  
This year's corn crop looks as if it will out yield last year's. There are several factors causing this. First, the rainfall has been fairly

**Aged Lancer Resident Dies At Hospital Here**

Mrs. Ella Branham Maynard, 82, of Lancer, died Saturday at the Prestonsburg General hospital after an illness of a week.

She was a daughter of James and Jane Lewis Branham and the widow of Harmon Maynard. Surviving is a daughter, Mrs. Sallie Workman, Kopperston, W. Va.; and two sons, T. V. Maynard, Williamson, W. Va.; and John D. Maynard, Columbus, Ohio. Surviving also are three grandchildren and three great-grandchildren.

Funeral rites were conducted at 2 p.m., Monday, from the Arnold Chapel, the Rev. Ira McMillen officiating. Burial was made in the Old Mayo cemetery at Lancer under the direction of Carter & Callihan Funeral Home.

**Wheelwright Teacher At Science Institute**

Murray, Ky., August 6 (Spl.)—One of the 90 science teachers selected from 13 states to attend the eight-week National Science Foundation Summer Science Institute recently completed at Murray State College is Raymond Cook, teacher at Wheelwright high school.

Along with other science teachers from Kentucky, Illinois, Ohio, South Carolina, Kansas, Massachusetts, Arizona, Tennessee, Texas, Florida, Michigan and Indiana, Mr. Cook received refresher courses in various fields of science, according to the directors, Dr. W. E. Blackburn and Dr. A. M. Wolfson.

In recognition of interest and success in teaching, Mr. Cook was selected from a large number of applicants to receive this training which carried a stipend from the National Science Foundation. The purpose of the Institute is to assist teachers in providing subject matter necessary for effective and stimulating instruction, including recent advances in science.

5. SAVING OF TIME
6. RELIEF FROM COSTLY TRAVEL

We don't believe you gain anything at all by driving long distances to shop at BIG CITY stores. Our local sources have merchandise that's just as good and costs no more.

But merely for the sake of argument, suppose you do save a few dollars on a time-consuming trip many miles from home. And suppose you don't even count the cost of gasoline and oil, car wear, parking fees, etc. Forget, too, if you like, the hazards of driving in today's heavy highway and city traffic.

But don't overlook these things: What you buy here can be in your home in a few minutes—no waiting several days for delivery. And if the merchandise doesn't give full satisfaction, any needed service or adjustment of the purchase can be made without shipping the items back to the BIG CITY or being forced to make a second trip yourself.

Why drive scores of miles looking for trouble? Shop right around the corner and be safe and satisfied.

When freezing watermelon, the sirup (1 cup sugar to 2 cups water) must cover the fruit to prevent color changes in the top pieces. To keep the fruit under the sirup, place a small piece of water-resistant wrapping material on top and press the fruit down into the sirup before closing and sealing the container.

If mildew stains appear on washable fabrics, launder and sun-dry. If stain remains, use lemon juice and salt, sodium perborate, or any other bleach safe for the fabric.

**5th National Jamboree Experiences Recounted**

By BILL MACK JENNINGS

On July 16, we arrived at Camp Shawnee on Dewey Lake for our pre-Jamboree training. We camped there two days, and on July 18, we set out for Williamson to board the train. That day we had an early lunch at Allen, and traveled to Williamson by private automobile. We left Williamson at 7:35 and that night we traveled through the states of Ohio and Indiana. The next morning we took a tour of Chicago, visiting the Museum of Science and Industry, and several other places. During the day and night that followed, we crossed the Mississippi River and the states of Illinois, Iowa and Kansas. We arrived in Colorado Springs on the morning of July 20, at 10:10 a.m. We traveled from Colorado Springs to the Jamboree site by bus, which took us to our troop campsite. We set up camp and had the rest of the day to tour the Jamboree site.

The Jamboree site was a huge place having four trading posts, two army field hospitals each accommodating 200 persons, and an arena which seated all of the people at the Jamboree. They had also constructed a cloverleaf and a highway from the super-highway between Colorado Springs and Denver, leading to the Jamboree site. The site covered 30 square miles of territory. There were 38 sections which were large in themselves. Each section had its own headquarters, doctor, chaplain and staff. Also at the section were large coolers to keep the perishables that the boys eat each meal.

The Jamboree officially opened on July 22, with a large celebration in the arena. That night the bands from most of the regions played on stage. Incidentally, our own Jesse Elliott was director of the Region 4 band. Then Jim Arness was introduced on stage. He then went to the control booth to narrate the rest of the celebration. They had speeches from some of the national leaders, and Governor McNichols, of Colorado made a speech. It was topped off by a huge fireworks display.

The next thing that occurred of that nature was the rodeo which they had at the back of the arena. They were presented by the directors of the Pike's Peak or Bust Rodeo. They had such things as calf roping, bareback riding, bronco busting, and bull riding. Then the night of July 28, the Jamboree officially closed with the appearance of Herb Shriner and the harmonica chorus.

On July 29, we toured Pike's Peak, which is 14,110 feet above sea level. We left Colorado Springs at 3:30 p.m., July 30, and during the night we traveled through the states of Colorado and Kansas. Then, on July 31, we toured St. Louis, Mo., visiting the zoo. We saw many kinds of animals including, snakes, monkeys, seals, lions and elephants. We arrived in Williamson, August 1 and came from Williamson by private automobile.

It was a wonderful trip except for the dishwashing and cooking.

**Mrs. Sue York, 65, Of Louisa, Succumbs After Long Illness**

Mrs. Sue York, 65, of Louisa, died Sunday in a Louisa hospital after a long illness. She was a sister of Mrs. Martha Hughes and Mont Gibson, both of Prestonsburg.

Surviving are her husband, Julius York, and four daughters: Mrs. Lee Millard, Williamson, W. Va.; Mrs. Luther Tackett, of Martin; Mrs. John Jay Justice, South Williamson, Ky.; and Mrs. Berlin Caperton, Dantex, Texas. Three sons survive: Earl and Andy York, both of Louisa, and James H. York, of Grayson. Another surviving brother is John Gibson, of Huntington, W. Va.

Funeral rites were conducted Tuesday at 1 p.m. from the Louisa Free Will Baptist church.

Notice is hereby given that on the 16th day of August, 1960, the City of Prestonsburg, Kentucky, a Municipal Corporation of the Fourth Class, filed suit in the Floyd Circuit Court to annex into the City of Prestonsburg, Kentucky, the territory herein after referred to.

Said suit was filed with the Clerk of the Floyd Circuit Court on the 16th day of August, 1960, which specifically described the territory sought to be annexed in the City of Prestonsburg, Kentucky, which suit is in words and figures as follows:

**FLOYD CIRCUIT COURT CR 3088 CITY OF PRESTONSBURG, KENTUCKY, A MUNICIPAL CORPORATION, PETITIONER COMPLAINT AND PETITION SEEKING ANNEXATION INTO THE CITY OF PRESTONSBURG, KENTUCKY, OF CERTAIN TERRITORY LYING ON THE NORTHERN CITY LIMITS OF SAID CITY.**

TO: HON. EDWARD P. HILL, PRESIDING JUDGE, FLOYD CIRCUIT COURT

The petitioner, City of Prestonsburg, Kentucky, for its complaint and petition herein, states as follows:

1. On July 5, 1960, at a regular meeting of the City Council of the City of Prestonsburg, Kentucky, held at the City Hall, the said City Council duly adopted and enacted an ordinance which was later advertised in three consecutive issues of the Floyd County Times a weekly newspaper published in the City of Prestonsburg, Kentucky, directing that the City of Prestonsburg annex as a part of said city certain territory lying on or near the northern limits of the City of Prestonsburg, Kentucky, as it is now incorporated, being annexed to and made a part of the City of Prestonsburg, Kentucky, subject to the approval of the courts as set out in section two of said ordinance and which ordinance also directed the city attorney to take necessary steps, including the filing of this suit, to annex said territory as a part of the City of Prestonsburg, Kentucky.

2. That the foregoing ordinance was duly published and advertised in the Floyd County Times for three consecutive weeks, commencing with the week of July 14th,

**Sawmill Clinic Set To Assist Operators; Marcum Site Picked**

Sawmill clinic to help mill owners and operators will be held Aug. 25, at Leon Marcum's mill on U. S. 23, about one mile north of Allen. The program will start at 9:00 a.m. Certain problems are common to most mill operations. Most of these problems steal profits without the owner being aware of the theft. W. W. King, of the Forest Utilization Section of the Tennessee Valley Authority, will discuss "Where Lumber Profits Go." King has studied more than 50 mills and will review difficulties found at them. He will suggest how to overcome or cut the common problems down to a minimum.

One of the major items at small circle mills is the amount of down time—time when workers are being paid but the mill is not cutting any lumber. As much as two hours lost time out of every work day was the average at the mills studied. Down time or non-productive time can be reduced sharply.

A representative of the Corley Manufacturing Company will discuss some of the common mechanical problems. The Corley representative will be a man skilled in mill operations and is familiar with sawmill's problems.

Inaccurately cut lumber loses much of its value to everyone. The sawmill manufacturing it loses when he goes to sell. Large scale commercial buyers cannot resell miscut lumber because wood using industries in the furniture and other businesses can't use it. H. H. Perkins, J. Walter Wright Lumber Company, of Pikeville and Bristol, Tennessee, will tell what his company looks for in purchasing lumber from small mills.

Best dollar returns can be obtained only by getting the highest grade of lumber possible from every log. Each log is an individual problem. It must be examined and sawed with grade in mind. W. W. King, of TVA, will point out the best way to size up a log in order to get top lumber yields. Some logs will be sawed at the mill to demonstrate sawing for grade.

All sawmill owners and operators are invited to attend this meeting. The meeting is sponsored by the University of Kentucky Agricultural Extension Service and other agricultural agencies and groups interested in developing Kentucky forests.

**RYE PASTURE AND FEED**

Mature sows, placed on good Balbo rye pastures last season, produced "excellent litters" with a minimum of feed, says C. E. Barnhart, University of Kentucky Experiment Station swine specialist.

1960, and continuing with the week of July 21st, 1960, and concluding with the week of July 28th, 1960. A certified copy of said ordinance is filed herewith and marked Exhibit A for identity.

3. Said territory proposed to be annexed in the City of Prestonsburg, Kentucky, is bounded and described as follows:

"Beginning at a point in the northern City Limits, said point also being in the center line of U. S. Highways 460 and 23, said highway also known as the Prestonsburg-Auxier Road; thence northeasterly with the center line of said public highway to Sta. 34 plus 24.0 as indicated on the record plans on file with the Ky. Dept. of Highways and known as project SP 36-396 L 5 - P 133(6); thence northeasterly with the center line of said public highway to Sta. 40 plus 50; thence southwesterly, at an angle of 133° 00' to the left turned tangent to curve at Sta. 49 plus 50 for a distance of 160.78 feet more or less to a point; thence southwesterly at a deflection angle of 14° 03' Lt. for a distance of 77.47 feet more or less to a point; thence southwesterly at a deflection angle of 5° 37' 15" Lt. for a distance of 1101.99 feet more or less to a point, the previous three points also being in the center line of the old Prestonsburg-Auxier Road; thence southeasterly at a deflection angle of 68° 14' 15" Lt. for a distance of 233.38' feet more or less to a point, said point also being in the center line of a county road; thence southeasterly at a deflection angle of 8° 10' Rt. for a distance of 125 feet more or less to a point, said point also being Sta. 34 plus 24.0 in the center line of U. S. Highway 460 and 23, also known as the Prestonsburg-Auxier Road; thence south westerly with the center line of said public highway to the point of beginning, so as to include the old County Road located adjacent to the Joe M. May tract of land."

A copy of the advertisement of said ordinance appearing in its issue of July 14th, is filed herewith and marked Exhibit B, for identity.

WHEREFORE, plaintiff, City of Prestonsburg, Kentucky, demands:

1. That this court enter a judgment annexing the above described territory into and as a part of the City of Prestonsburg, Kentucky.

2. That said territory shall thereafter be treated and considered for all purposes as a legal part of said incorporated city.

3. That if any defense is made hereto that petitioner recover its costs.

Here's what has happened to those hydro-cooled peaches you've been seeing on the market: they were picked when firm-ripe and immersed in an ice-cold water bath for about 20 to 25 minutes as soon as picked. These peaches ripen more evenly and keep four to five days longer than uncooled ones.

**AN ORDINANCE ANNEXING CERTAIN TERRITORY IN DWALE TO THE CITY OF ALLEN**

Be it Ordained By The Board of Trustees Of The Allen City: That pursuant to Kentucky Revised Statutes 81.240, 81.100, 81.110, the Board of Trustees of Allen City, a municipality of the Sixth Class in the Commonwealth of Kentucky, does hereby propose to enact an ordinance annexing certain unincorporated territory to the Town of Allen. Said territory is adjacent to the town of Allen and is more particularly bounded and described as follows:

"Beginning at the C. & O. Pump Station at the Northwest end of the Allen corporation, then up the hill in a western direction to the top of the ridge, thence following the ridge to the gap of the Bull Creek Highway. Thence following the ridge in a northern direction to a point on the south side of the Trestle Hollow, then down this point in an eastern direction to the Big Sandy River, thence up the Big Sandy River (South) to the point of beginning."

2. That within no less than thirty (30) days after the enactment of this ordinance and the publication thereof as required by such statutes, the Board of Trustees of said town will enact another ordinance enjoining to the City the territory hereinabove described.

3. All ordinances, or parts of ordinances, in conflict herewith are expressly repealed to the extent of such conflicts.

4. This ordinance shall become effective after due passage by the Board of Trustees and after it has been published in at least four (4) issues of the Floyd County Times, the only newspaper published in Floyd county.

**VENTERS FAMILY**

A letter from Mrs. M. B. Hood, 1200 Utica St., Plainview, Texas, asks information on the Venters family. This family lived in Eastern Kentucky as early as 1800.

"My Revolutionary ancestor, Arthur Venters, married Jane Marks, I presume in North Carolina. He served in the North Carolina Line and was issued a land grant in Davidson county, Tenn., in 1789. The 1810 Census of Floyd county, Ky., lists him and his family.

"I am interested in proof that Jesse, who married Sarah Baker in Floyd county in 1813 is the son of Arthur Venters—and then Nancy to be the daughter of Jesse Venters. The information I have states Nancy married Spencer Graham in 1841 in Benton county, Ark., and moved to Texas about 1845."

**BAILEY P. WOOTTON**

The biography on Bailey P. Wootton, written by his second wife, Mrs. Clara Collins Wootton, of Frankfort, is reviewed in the Kentuckian Citizen, of Paris, Ky., August 5, by Edna Talbot Whitley.

"As a young girl Mrs. Wootton lived in Paris and attended the public school. There she formed a friendship with Mildred Lisle which was afterwards renewed when they both went to Hazard to work. Her step-father was J. Irvine Dempsey, of Paris, who was transferred to Hazard through the influence of Richard Butler, then chief clerk of the Division Superintendent of the new L. & N. Division. After graduating from business college, she secured a position as stenographer in the law office of Mr. Wootton's partner in Hazard. In 1916 she became Mr. Wootton's second wife and was married at the residence of her relative, Rev. E. G. B. Mann in Lexington, who had formerly been a pastor in the Paris Methodist Church.

"For her title, 'They Have Topped the Mountains,' she has borrowed a phrase from an address which her husband made as recently elected Attorney General of Kentucky to the meeting of the State Bar Association in Frankfort in 1933. The quotation in full reads: 'But these circuit riding lawyers are no more. They have topped the mountain on their last ride. We see them pause at the top, turn in their saddles, and beckon their fellows—then pass out of sight forever.'

"Judge Wootton's service as a lawyer in Eastern Kentucky began at a time when there were no railroads nor a foot of improved dirt road, nor any town with a population of five hundred in a square of one hundred and fifty miles embracing eleven counties.

After a year of practice in his native western Kentucky area he began his work at Jackson, then in the throes of the Marcum-Cockrell feud. Remaining there but six months on that account he went on to Hazard which had recently been in the grip of the French-Eversole feud. Busy from the first with title examinations on account of the growing demand for timberlands and anticipating the changes in the value of land which had recently sold at fifty cents an acre, he helped organize the first bank in 1903. In 1911 he organized a publishing

company to produce the Hazard Herald, helped to get telephone lines and adequate light, water, and power service for that area. He was instrumental in bringing the L. & N. railroad to the coal fields, the first train of which ran in 1912. When the town and county lacked funds to provide a bridge to the town across the river to the railroad he was member of a small group to build one with private funds. As a member of the school board he helped erect the first graded high school. A bank building and the first comfortable hotel were other local improvements in which he had a hand.

"In a most impersonal way Mrs. Wootton sketches his preparation for this fascinating career from his birth at Lebanon in 1870, his education in one-room schools and seminaries to which he often walked six miles a day each way, his teaching in Ohio in 1888, in Texas 1890, and Hazard, then a town of fifty persons, while getting his B.S. degree in engineering after only seven months there in 1898, his authorship of a needed text book during his teaching days, his running newspapers in Texas and Arizona and his organizing banks in the latter state.

"Those interested in the changing political scene will especially enjoy the chapter on state politics. 'Mrs. Wootton has performed a difficult feat in expressing her admiration for the accomplishments and character of her late husband in a completely detached way.'

**PICTURES WANTED**

Again, allow me to appeal for your old pictures to run in The Times. I need pictures of old school scenes, river boats, old teachers and ministers, group pictures, or any kind of historical interest.

They will be returned within a few days, uninjured.

**Miss Vance, Mr. Dawson Wed at Conesville, Ohio**

The marriage of Miss Valda Vance, daughter of Mr. and Mrs. Arthur Vance, of Columbus, Ohio, formerly of Beaver, Ky., and Jack Dawson, son of Mr. and Mrs. Carl Dawson, of Conesville, Ohio, was solemnized Saturday evening, July 23, at 7 o'clock in the Conesville Methodist Church. Rev. Frank Spencer performed the double-ring ceremony.

The bride was attired in a white street-length dress and wore a white head-band attached to a tiny face veil. She carried a white Bible topped with red roses and white carnations, and wore a pearl necklace, a gift of the bridegroom.

Mr. and Mrs. Larry Dawson, brother and sister-in-law of the bridegroom, were the attendants. Mrs. Dawson wore a pale blue dress with white accessories. Her flowers were red roses.

The new Mrs. Dawson was graduated from McDowell high school and attended Morehead State College. She will be employed this year in the Coshocton county schools.

Mr. Dawson, who is a 1957 graduate of Conesville high school and Andrews Barber College, Columbus, is a barber at the Gallimore & Lane barber shop, Coshocton.

After a short wedding trip, they will reside in their newly furnished home at Lake Park.

**COOPERATION is a Kentucky tradition!**

**"TRADING OFF" HELP OR SHARING POWER!**

"Trading off" help is a Kentucky tradition as old as the state itself. Most of us don't think twice before we roll up our sleeves and pitch in to help out a neighbor. It's the sort of thing that we all do naturally, cattle shipping time or anytime. And we know that we can count on our neighbors to help us out in the very same way whenever we require a little assistance. It's just a case of being neighborly.

Rural electrification is neighborly cooperation, too. Kentucky's Rural Electric Co-ops... created by folks who got together to make a better life for themselves... are a good example of how neighborly cooperation serves our Commonwealth. As the countryside has brightened and prospered, so the townspeople have benefited too. The new rural prosperity made possible by electrification is spent in cities and towns.

**ANSWERS TO YOUR TAX QUESTIONS**  
BY WILLIAM E. SCENT  
KENTUCKY'S COMMISSIONER OF REVENUE

Q. How will sales tax be reported to the Department of Revenue?  
A. Every seller who holds a Sales Tax Permit will receive an accounting machine card automatically every month on which he will report.  
Q. What should the permit holder do if he should lose his tax return or fail to receive it by mail?  
A. He should contact the Department of Revenue, Frankfort, Kentucky, for another. Any other return will not be accepted.

Q. How will the use tax be reported to the Department of Revenue?  
A. Use tax may be reported in the following manner:  
1. All permit holders will report use tax on the Retail Sales and Use Tax Return. This is the return they receive automatically every month.  
2. Persons who are not permit holders and who do not file Revenue Form 51A102 will file a Consumer's Use Tax Return.  
Q. Will the Consumer's Use Tax Return be mailed?  
A. No. This return will be available in banks, court houses, and all Department Field offices.  
Q. May the number be used for making tax free purchases by the following purposes only. Such numbers issuance of resale certificates?  
A. No. The number is for report-begin with nine hundred thousand and are easily recognizable. A merchant is not justified in accepting a resale certificate which bears such a number.  
Q. Must Revenue Form 51A102 be filed even though use tax liability was not acquired during the month?  
A. Yes.

**Bishop Gum Assumes Methodist Leadership**

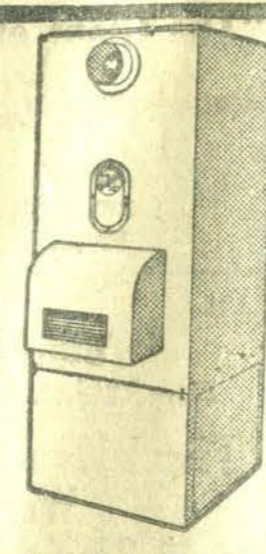

Louisville, Ky.—Methodist Bishop Walter C. Gum assumed leadership of his denomination in 112 Kentucky counties here this week.  
The 63-year-old leader will direct the work of the church's Kentucky and Louisville Conference which include 175,000 members in 1,035 churches. This area includes all Kentucky except eight southwestern counties, which are part of the Memphis Methodist Conference.  
Bishop Gum, who was elected to the episcopacy at a regional meeting last month at Lake Junaluska, N. C., moved to Kentucky from Norfolk, Va., where he had served as pastor of Park Place Methodist Church for five years.  
The Virginia native was assigned to lead the church in Kentucky at the request of the state's two conferences. He succeeds Bishop William T. Watkins, who retired last October after serving since 1944.  
Bishop and Mrs. Gum will make their home in Louisville. His office will be located in the Methodist building at 1115 S. Fourth.

**FFA Members Eligible To Compete For Bonds; Oct. 29 Deadline Noted**

Kentucky F.F.A. members are eligible to compete for \$775 in U.S. Savings Bonds being offered as prizes in the 1960 Future Farmers of America contest.  
A \$100 bond will be awarded to Kentucky's Champion Future Farmer and \$50 bonds will be presented to the top entrant in each of the state's nine F.F.A. districts. The runner-up in each of the nine districts will receive a \$25 bond. In addition to the savings bonds the top ten winners will receive an all-expense-paid trip to Louisville to receive their awards at the Annual Farm Awards Luncheon next February.  
Special certificates will be presented to chapter winners, and a goal-seal certificate will be sent to each chapter having 100% participation in the contest by eligible members.  
High school vocational agriculture students, including 1960 graduates are eligible to enter the contest. Entrants should submit a summary of their farming programs, projects leadership accomplishments, high school activities and plans for the future.  
October 29, is the deadline for entries.  
Information concerning this contest may be obtained from vocational-agriculture teachers or by writing the Public Service Department, The Courier-Journal, The Louisville Times, Louisville 2, Kentucky.  
This competition is one of four in the farm incentive program of The Courier-Journal The Louisville Times and WHAS, Inc.

**USA Announces Revised Farm Housing Regulations**

The U. S. Department of Agriculture announced Aug. 2, a change in regulations governing farm housing loans made under Title V of the Housing Act of 1949.  
Walter S. Atkinson, Jr., county supervisor of the Farmers Home Administration at Paintsville, said that effective immediately a farmer who owns a farm that will annually produce for sale or home use at least \$400 worth of commodities based on 1944 prices, if he meets other eligibility requirements, may be able to obtain a farm housing loan.  
Previously to be eligible an applicant had to own a farm that would produce a substantial amount of the operator's income.  
Farm housing loans are made by USDA's Farmers Home Administration and are used to construct and repair needed farm houses and farm service buildings. USDA said its experience demonstrates that there are farmers who can properly use and repay this type of credit but whose income from farming operations does not constitute a substantial part of their total income.  
Other eligibility requirements for farm housing loans remain unchanged. These requirements are that the applicant lacks the resources needed to obtain credit elsewhere, be a citizen of the United States, and have sufficient income from farm and other sources to pay farm operating and family living expenses and meet payments when due on his debts.  
Anyone interested may contact the FHA office in the Hager building, Paintsville, any week day from 8 a.m. to 5 p.m.

**SETSER HAS THREE OFFERS**

Three major league baseball clubs, the Cincinnati Redlegs, the Pittsburgh Pirates and the Baltimore Orioles, have made lucrative offers in the form of a contract to Auxier's Paul Setser. However, if he signs a professional baseball contract he will be ineligible to play his final season with the Pikeville College Bears' basketball team along with the college baseball team.

The agile Setser plans to finish his college career and sign with one of the three at the close of next baseball season.

All three of the clubs' scouts saw Setser win a doubleheader last Sunday as he paced Lowmansville to 4-0 and 7-6 wins over Paintsville.

By GORDON MOORE

More than 50 coaches and officials attended the annual Eastern Kentucky football rules clinic in the Pikeville high school gymnasium, Monday night. The clinic, sponsored by the Kentucky High School Athletic Association, was under the direction of Edgar McNabb, South Fort Mitchell, who has been the K.H.S.A.A. representative on the National Federation Football Committee for several years.

The Prestonsburg Junior Chamber of Commerce for the fifth consecutive year will give away free a

32-page program at all home football games of Prestonsburg high school.

The football booklet this season will feature 45 pictures and much other material that should be enjoyed by every fan attending the games. Several new features also have been added this year.

The fourth annual Kentucky-West Virginia Kiwanis all-star football bowl game will be played in Williamson's Lefty Hamilton Park, Saturday night at 8:30. In the three previous games, the West Virginians have copped all three games.

John Campbell, Jr., has decided to remain as basketball coach at Garrett high school. . . . Forty candidates reported to the first football practice session at Prestonsburg high school, Monday morning. . . . **EKMC SLATES SEASON START**  
Paintsville Withdraws To Join NK Conference; Goble In Second Year

The four-sport 10-team Eastern Kentucky Mountain Conference will open the 1960 football season in two weeks with one new member and only one coaching change from last season.

This year marks the sixth year for the mountain high school league and all of its teams, except Elkhorn City, are in region 4, Class AA, of the Kentucky High School Athletic Association playoffs. Elkhorn City is a Class A region 4 school; however, their games will count in conference play.

Wheelwright, an independent school since reviving football four seasons ago, was admitted to the loop at the spring meeting to replace Paintsville who withdrew from the league to join the North-eastern Kentucky Conference.

Paintsville, a charter member of the original circuit, is a Class A region four school and could not secure enough games in the Eastern Kentucky area to be eligible to compete in the playoffs. So the school joined the nearest area league to schedule the necessary games.

Turning to the coaching picture, Paul Wright moves into the head job at Hazard high after serving for seven years as assistant to Jim Caudill, who moves to the principal's office. With Caudill now giving up the sport, Whitesburg's Edd Moore is the league's veteran in the point of service as he will be starting his ninth season at the Letcher county school.

Other Letcher county mentors are John Morgan, in his second season as head man at Jenkins, and Jack Hall in his fifth season at Fleming-Neon high school.

In Pike county, Albert Vipperman is the chief of Belfry's football forces and in his second season after serving four years as an assistant. Charlie Deaton will start his third season at Pikeville high and Gobel Salyers his second at Elkhorn City.

John Gordon Goble in Prestonsburg and Ray Brackett at Wheelwright are in their second seasons as head coaches. Ed Orick begins his third campaign at M. C. Napier and Walter Brugh his fifth at Paintsville high.

Hazard is the defending league champion as well as Class AA region 4 play-off winner, and Whitesburg is the defending runner-up. Pikeville was the loop's third team last season with a 6-2 conference mark.

M. C. Napier high school, near Hazard, will play its home games on a new field adjoining the high school this season. Prestonsburg's proposed new stadium will not be ready in time for play this season, although the Floyd County Board of Education has given the project its stamp of approval.

The officiating team of four Prestonsburg whistle-blowers, E. B. May, Don Sullivan, Frank and Johnny Heinze, will make some 20 appearances in Eastern Kentucky high school football games this season. Some weeks, they will officiate as many as three games.

With the acute shortage of officials in the area, some coaches have switched from Friday to Saturday night games in order to secure officials.

**TRANQUILIZER IMPLANTS**  
Beef steers that received implants of a tranquilizer drug last season in a University of Kentucky Experiment Station test showed varied response to the drug.

**NEW BOWLING LANES SLATED**  
Work Is Progressing On 12-Lane Center, Said; Opening Planned, Sept. 1

Construction of the new Big Sandy Bowling Lanes at 221 Broadway, Paintsville, Ky., is progressing on schedule, proprietors reported today. Proprietors say they plan to open the 12-lane center about Sept. 1. There will be a formal opening with special attractions for all bowlers and the general public, before the start of regular activities.

Several choice times for league play are still available. Those who wish to make a league reservation and those who would like help in organizing teams or leagues, are urged to get in touch with Manager, B. D. Music at Telephone No. 789-3663 or 789-5310.

The Big Sandy Bowling Lanes will feature the complete line of BRUNSWICK GOLD CROWN equipment, including automatic pin-setters. With a fully-automatic house, all lanes will be ready for use at all times. This will enable bowlers to practice or compete when it is most convenient for them.

Big Sandy Bowling Lanes, is being built at a cost of \$250,000.00 which includes installation of equipment and furnishings. Watch this paper for definite Grand Opening date. (Adv.)

**Book of Job Actor Guest of Governor**

Frankfort, August 15 (Spl.) — "Job" walked into the state cafeteria last week and 500 state workers almost dropped their forks.

The visitor was actually Warren Hammack, an actor who is currently portraying Job in "The Book of Job" now at Laurel Cove, Pine Mountain State Park, Pineville.

Hammack and Orlin Corey, director of the outdoor religious drama, were special guests of Governor Bert T. Combs who made a proclamation last Thursday that the week of August 15-20 be The Book of Job Week. This is the final week of the 1960 season.

Governor Combs, a booster of the Biblical drama, conducted actor Hammack and director Corey on a tour of the capitol after the presentation.

Governor Combs said in his proclamation, ". . . Every man, woman and child can receive inspiration and spiritual comfort from a performance of 'The Book of Job.'"

The drama was first staged in October, 1957, at Georgetown College. Since then it has traveled over two continents and is internationally known.

**Telephone Pioneers Bar-B-Cue Planned**

A bar-b-cue will be held Saturday at the Boy Scout camp on Dewey Lake by the Blue Grass Council of the Telephone Pioneers of America, Byron Simpson, Southern Bell Manager, announced Tuesday.

Members from Prestonsburg, Paintsville, Pikeville, Richmond and Winchester will attend.

Simpson said the Blue Grass Council is a unit of the Telephone Pioneers of America, which is composed of both active and retired men and women with 21 or more years of service in the telephone industry. It is 47 years old and is the largest society of its kind in the world, with more than 199,800 members in the United States and Canada. There are 74 members in the Blue Grass Council.
