

THURSDAY

This Town-- That World

This is written on Dec. 7. So what? Nothing, only it's Pearl Harbor Day. A day which President Roosevelt predicted would "live in infamy." Also a day which already has died in the memory of many.

ONE YEAR LATER

And tomorrow, Thursday, Dec. 8, marks the end of the first year of Governor Bert T. Combs' administration. Allan M. Trout did a splendidly objective job of assessing the work of the administration during this first year, in his Courier-Journal feature last Sunday.

Bert Combs has made his mistakes and he's taking his lumps, just now, but his boldy ambitious program for Kentucky is one that will hold a high place in Kentucky history. It may require years for us to get the proper perspective, but the time will come when a sales tax will look infinitesimally little alongside a giant road-building program, a general advance in the field of education, better care for the aged and dependent, a merit system to become effective next year and to be of effect; recognition of the rights of state employees, with assessments eliminated, and so on.

This first year has seen the broad strokes applied to the canvas. Now to the detail, to roads, schools, all the rest. The picture, if completed, will be one to behold.

Three years hence, Kentucky will have a new Governor. Whoever he is, whatever his thinking, Kentucky will never go back to the days before this Eastern Kentuckian moved into the Governor's mansion.

A BAD DEBT

At hand, along with a whole passel of other month-end bills, is a statement of what I owe the Jenny Wiley State Park dock. Somebody over there was real optimistic. They billed me for locker rental from Oct. 1 to Dec. 1, then noted that my boat wasn't removed till Dec. 2. So another line on the statement: "Dec. 1 to Dec. 2... one bass." Goble Dies Of Injuries

Received Near McDowell In Auto-Truck Accident; Was Unconscious 60 Days

Wilson Lee Goble, 20, of Emma, who suffered brain injuries in an auto accident Oct. 4 near McDowell died at the Harlan Memorial hospital Sunday. He died without regaining consciousness.

Goble and five others—Bill Jarrell, James (Buddy) Goble, James Hunter, Jackie Short Burchett and Adrian Jarrell—were injured when the car in which they were traveling to work on Left Beaver Creek rammed the rear of a truck. Bill Jarrell's condition remains serious, although he has been returned to his home on Cow Creek. The others have recovered.

The victim was a son of Estill and Anna Hunt Goble, of Emma. Surviving brothers and sisters are: Roosevelt, James, Denny, Willard and Curtis Goble, Mrs. Lily May Hunter, Joyce, Bertha and Patty Sue Goble, all of Emma.

Funeral rites were conducted Tuesday from the residence of the parents by the Revs. Isaac Stratton and Henry Crider, and burial was made in the Willie Goble cemetery at Emma under direction of the Hall Brothers Funeral Home.

JURY REJECTS WIFE'S STORY IN TRIAL HERE

Bennie Blackburn Gets Pen Term of 21 Years, Tho Wife Absolves Him

Although he testified that he did not fire the shot which killed his employee, Bill Buck Baker, and though his wife told the jury that she shot Baker, Bennie Blackburn was held guilty Monday night of manslaughter in the slaying and was given a 21-year pen term.

Mrs. Blackburn's admission that she killed Baker came as a surprise. As a counter to this turn of events in the trial, the Commonwealth produced the testimony of State Detective Chester D. Potter, who quoted Mrs. Blackburn as having told him, County Judge Henry Stumbo and others on the night of the shooting that she was asleep when the shots were fired and did not know who did the shooting.

The woman later explained to the jury that she gave this version of the trouble because she was excited and did not want to tell at that time of her part in Baker's death.

The defendant himself said that when he and Denvel Joseph, of Prestonsburg, drove to his home at the scene of the Floyd county school bus tragedy, near Knotley Hollow, his wife let him in the door of the block building into which he had moved from the adjacent trailer-home they had been occupying. He said he went into the bathroom and that his wife went to the refrigerator to get some milk from a refrigerator which had not yet been moved to their new living quarters.

Blackburn said he heard the two shots that were fired but thought nothing of it, since the backing of cars was often heard there. His wife then, he said, returned to report that she thought she had shot Bill Buck.

Mrs. Blackburn did not say why she fired, and she was not called on as a witness to explain. The defendant quoted the wounded man as saying while en route to the hospital here that he did not know "why I did that—I thought it was a woman from Johnson county."

Mrs. Rebecca Baker, widow of the victim, told of Blackburn firing and rehiring her husband on two occasions, and Commonwealth's Attorney Hollie Conley in his argument stressed the point of friction between the two.

Denvel Joseph said he had been drinking and that as he waited in the car outside the Blackburn place for the defendant he dozed off, to be awakened by the shots. He said that immediately thereafter Blackburn was at the car window, pounding on it. He said he then hid over the nearby river bank, fearing for his life.

Blackburn will appeal the jury's verdict.

Ballard Flemmig, who was given a two-year term for the slaying of Don Woods, has filed motion and grounds for a new trial, and if this is not granted is expected to appeal.

Trial of James "Red" Slone on a charge of shooting and wounding Deputy Sheriff Joe Wheeler Lewis was begun Tuesday and was expected to be concluded by noon Wednesday.

Scheduled to begin Wednesday was the trial of Zeon Warriss on a murder charge in connection with the slaying of Roe Layne.

GOVERNOR TO ATTEND PRESTONSBURG MEET

Governor Bert Combs will return to Prestonsburg Friday evening of next week to plan the future of his home town with its citizens.

The Governor will discuss plans for progress in the area at a town meeting scheduled at the grade school cafeteria at 7 p.m. The Community Development Council, host to the event, issues a general invitation to all persons interested in a progressive program to meet with the Governor.

Proceeding the town-wide meeting the executive committee of the Jenny Wiley Drama Association will discuss the proposed outdoor drama at the park here next year. Tentative plans for this discussion are a dinner with the Governor and the committee at the LaDale Restaurant at 5 p.m.

Marvin Music, president of the drama group, noted this week that the talks on the drama will seek commitments and clarification of the part the state will play

MISSING ARKANSAS-CR. MAN LOCATED IN OHIO; RESCUE SQUAD SEARCHES 4 DAYS

The futile search by the Floyd County Emergency & Rescue Squad to locate Ed Layne, 34, of Arkansas Creek, ended Tuesday when a relative of the missing man telephoned Graham Burchett, squad captain, that he was staying at Lancaster, Ohio.

Layne disappeared Nov. 21, on Arkansas Creek, not far from the

home of his brother, Curt Layne, with whom he was residing. Relatives feared he was injured or dead, and the rescue squad was asked to conduct a search.

The group searched four days, combing the mountains and mines in the Arkansas Creek section but abandoned the effort Sunday.

PLAN REPORT ON PROGRESS

Urban Renewal, Housing Are for Discussion At Martin, Next Thursday

An important community meeting is scheduled at the Youth Center in Martin next Thursday at 7 p.m., Mayor Haskell Frye, of Martin, announced this week.

Accomplishments of the community in its work for urban renewal and low-rent public housing will be reviewed. Elbert G. Hines, urban renewal specialist, Kentucky Department of Economic Development, and Mr. Watson, of the federal housing agency, will attend the meeting, as will the town of Martin Citizens' Participation committee, Planning and Zoning Commission and the Federal Housing Commission.

All citizens of Martin are being invited to attend the meeting, Mayor Frye said.

The town of Martin has levelled all but three of the homes in the area scheduled for urban renewal development, and work on that project is expected early next year. It also has gained federal approval of 40 housing units to be constructed in its public housing program.

INTOXICANTS ARE SEIZED

In Two Liquor Raids; Blackburn Is Searched Two Days Before Trial

Two days before his trial on a charge of murder was slated to begin, Bennie Blackburn figured in a liquor raid staged by Deputy Sheriff Joe Wheeler Lewis and State Trooper Allen last Friday.

Three cases of beer and 16 half-pints of whiskey and gin were found at the Blackburn home by the officers, who had procured a search warrant after a half-pint of whiskey had been bought there. Blackburn's wife entered a plea of guilty before Magistrate Johnny Caudill, who issued the search warrant, and was fined \$50.

The same night, a raid on the premises of Melv Click by the same officers uncovered three cases of beer and some whiskey. Click executed bond. Next day, a warrant was sworn out for the arrest of Harold Yates, Prestonsburg taxicab driver from whom a half-pint of whiskey had allegedly been purchased.

Jailed here within the week: Orville Ousley, accused of receiving stolen property, arrested by Deputy Sheriff Robert Beach; William J. Thompson, no operator's license, booked by State Troopers D. H. Goble and Billie Lykens; Bob Hall, driving while intoxicated, arrested by State Trooper W. Williamson.

Ranier bought a 14-acre tract from John Allen which fronts along U. S. 23, beginning with the Forrest Burchett line and extending south to the vicinity of a pipeyard.

Construction to be done on the property will include an office building, garage, welding shop, machine shop and supply yard. Estimated cost of the work is \$100,000.

Mr. Ranier said the office building here which was gutted by fire and an adjacent older structure will be torn down and the lots they occupy offered for sale. The Prestonsburg property fronts 225 feet on U. S. 23 and extends 375 feet back to the river.

He added that the only insurance on his damaged property was \$300 and that that was on a radio unit in the office building.

The blaze, which caused damage estimated at \$30,000, ruined the interior of the four-room building including carpeting, calculating machine, new short-wave transmission equipment and other items used in telephone office. Ranier said his records, which were stored in fireproof cabinets, are intact, except for an old ledger containing past due accounts.

The move to bring Governor Combs here was initiated by Marvin Music, acting for the Community Development Council.

Christmas Store Hours Set by Merchants Here

Starting Friday, December 16, all stores participating in the Prestonsburg Businessmen's Association will remain open to 8 p.m. The announcement was made by Vance Mitter, chairman of the Association.

Mitter said that all tickets given by Prestonsburg merchants and upon which cash awards are made each week, will entitle the holder to an award of \$500 Christmas Eve. The usual awards will be made each Saturday until Christmas, he said.

SCHOOL HERE LOSES RATING

Qualified Teacher Lack Causes Association Step; Pupil Standing Unhurt

Prestonsburg and Pikeville high schools are among seven in Kentucky which have been recommended for denial of renewal accreditation by the Southern Association of Colleges and Secondary Schools, it was announced last week in Memphis, Tennessee.

Other Kentucky schools denied accreditation are Carrollton, Fleming County, Lancaster, St. Mary's Academy at Paducah, and Stanford. Serious deficiencies were given as the reason for the action as pertaining to all seven with the exception of Stanford which did not apply for renewal.

Woodrow Allen, principal of Prestonsburg high school, said the reason for the denial of accreditation for the school here resulted because five teachers were not fully qualified. Three faculty members do not have the baccalaureate degree while two others have not had the required education courses, although they have college degrees.

"It was a situation that could not be averted," Mr. Allen said. "It was a question that boiled down to this: Did we want to teach certain important courses, even if the teachers available were not fully qualified, or did we prefer to drop the courses entirely?"

One fully qualified teacher, he pointed out, resigned only four days before the opening of school, leaving the board of education no alternative but to employ one who did not fully meet Association standards.

RANIER TELLS MOVING PLANS

Contractor to Move Headquarters to Site Bought Outside Town

H. B. Ranier, head of the H. B. Ranier Construction Company, whose office building here was destroyed by fire, Nov. 25, said Friday that he has purchased a site near Sugar Loaf where his headquarters will be established by Jan. 1.

Ranier bought a 14-acre tract from John Allen which fronts along U. S. 23, beginning with the Forrest Burchett line and extending south to the vicinity of a pipeyard.

Construction to be done on the property will include an office building, garage, welding shop, machine shop and supply yard. Estimated cost of the work is \$100,000.

FIRES LEVEL 8 HOMES IN COUNTY SATURDAY

Eight residences were destroyed by fire in the county Saturday night, with seven of the eight being destroyed in the town of Lackey at an estimated loss of \$25,000.

The other home levelled was that of Charlie Arnett on Middle Creek. The three-bedroom structure burned while the family was visiting relatives, and nothing was saved. No estimate of Mr. Arnett's loss was

available, but it was said that insurance was inadequate to cover the damage.

The Lackey blaze broke out at dusk Saturday in a house owned by Willis Conley, of Lackey, and tenanted by Mrs. Evelyn Hicks. Its cause is unknown. From there, whipped by a stiff wind, the flames spread to consume almost an entire block of small residences owned by Dr. M. M. Collins, Beulah Collins, Willis Conley and Luke Reed. All except one were occupied by tenants.

Contents of all the homes except that which was occupied by Mrs. Hicks were saved. The town water supply, however, was a mere trickle and residents were powerless to combat the spreading fire. Only the arrival of the Martin and Prestonsburg fire departments, equipped with auxiliary tanks, prevented heavier destruction.

The buildings destroyed are at the mouth of Lackey Hollow. The home of Fred Martin and the Texaco service station across the street were damaged and only the work of the two fire departments saved the U. S. postoffice and a nearby church.

Scott Collins, attorney here who resides at Lackey, said the firefighters from Martin and Prestonsburg saved four of the town's most valuable buildings and prevented what might have spread into a community-wide holocaust.

It was said here that none of the loss was covered by insurance. The residence occupied by Mrs. Hicks stood in the middle of the row of seven houses, and the flames spread from that building to the three on either side of it. The Hicks family was not at home when the fire started. Other occupants of the houses were Haney Conley, Corinne Stanley, Mort Reed, Ellen Jones and Luke Reed.

PICK MARTIN SCHOOL DEAN

New Eastern Position Announced By President; Jagers, Coates Named

Dr. Henry Martin, native of Eastern, this county, and director of the elementary training school at Eastern Kentucky State College, has been appointed dean of students, and two other faculty members have been named associate deans, it was announced last Wednesday by President Robert R. Martin.

All are new positions at Eastern. Dr. R. E. Jagers, associate professor of education, was appointed associate dean of graduate studies, and Dr. J. Dorland Coates, director of the Eastern training school program and principal of Model high school, was named associate dean of instruction for teacher education. Both will be responsible to the dean of the faculty, Dr. W. J. Moore. Both, however, will devote approximately 60 per cent of their time to their respective positions during the remainder of this year, according to the President.

Dr. Martin, who holds the A.B. degree from Berea College, the M. A. from the University of Kentucky, and the Doctor of Education degree from the University of Tennessee, has taught in the Floyd and Mason county schools. He served at East Tennessee State College from 1951 to 1955 and during World War II was communications officer in the U. S. Navy.

He is president-elect of the Kentucky Association of Colleges, Secondary and Elementary Schools. He will continue his work as director of the training school throughout the remainder of this school year, but with a reduced load the second semester. He will begin full-time duties with the beginning of the summer term.

WEIGHT ISSUE STOPS TRUCKS

Old Law Enforcement Threatens Truck Mines; Production Is Reduced

What is envisioned as a body blow to Eastern Kentucky's truck-mine industry was dealt this week when personnel of the Department of Revenue, Frankfort, descended on the area and issued citations to truckers for improper registration of vehicles.

Truckers are exempt from the requirement to buy weight tags if the gross weight of the vehicle is 18,000 pounds or less but many were weighed in the department personnel at other check points at the same time, rendering the truckers liable for weight tag charges.

POPULATION IS DOWN IN CITY AND COUNTY

It's official now, according to the U. S. Bureau of the Census—Floyd county's population is down to 41,642, and Prestonsburg's population is only 3,133.

Although many arguments—some of them, logical—have been presented to prove that population losses attributed by the 1960 census to many cities and towns are incorrect, it is too late now to get the figures revised.

Floyd county, according to the census taken 10 years ago, had a population of 53,500. Prestonsburg's at that time was 3,585, and despite annexation of new territory it fell, according to census totals.

Populations of other Floyd county towns are given as follows:

Allen, 370; Martin, 992; Lackey, 221; Wayland, 1,340; Burton, 504; Wheelwright, 1,518.

Populations given other towns in the area:

Paintsville, 4,025; Pikeville, 4,574; Elkhorn City, 1,085; Hazard, 5,598; Louisa, 2,071; Hindman, 793; Van Lear, 921; West Liberty, 1,165; Morehead, 4,170; Salyersville, 1,173; Whitesburg, 1,774.

The final total for the county was 3,038,156 for a percent over the 1950 county's population of 2,966,810.

Population figures for the central and Eastern states follow, with the figures appearing in parentheses: Anderson, 8,618 (8,114 (10,410); Bell, 11,400 (11,400); Boyle, 21,257 (20,515); Boone, 15,490 (19,964); Casey, 4,446; Clay, 20,748 (20,748); Clinton, 12,469 (14,677); Fleming, 9,921; Floyd, 41,642 (53,500); Franklin, 29,421 (25,933).

Garrard, 9,747 (11,747); Harlan, 9,489 (9,809); Harlan, 751; Harrison, 13,704; Jackson, 10,677 (13,101); Knott, 18,748 (23,846); Knox, 25,240; Laurel, 24,901 (25,797); Lincoln, 7,420 (8,739); Leslie, 10,941 (11,941); Lincoln, 16,503 (18,668); Madison, 11,156 (13,839); Mason, 18,454; Menard, 1,774.

PIKEVILLE COMMUNITY CHORUS TO APPEAR HERE NEXT MONDAY RENDING HANDEL'S 'MESSIAH'

Approximately 50 volunteer singers comprising the Pikeville Community Chorus will render the Christmas music from Handel's sacred oratorio, "The Messiah," at the Prestonsburg grade school auditorium, Monday, Dec. 12, at 8:00 p.m.

This group, sponsored by the Pikeville Ministerial Association, with singers from about a dozen churches, is being brought to Prestonsburg by the Kiwanis Club. The chorus is directed by William M. Hunter, head of the Pikeville College music department. All solos sung will be performed by local people, regular members of the chorus.

The Pikeville Community Chorus made its "Messiah" debut a year ago, Mr. Hunter's first year at the college, doing a short version of the Christmas music. This was the first time in Pikeville history the oratorio had been performed. The chorus did a large number of selections from the Easter music of the oratorio this past spring.

In this performance, which will also be given at the Pikeville high school auditorium, Sunday, Dec. 11,

LODGE, POOL, TEN COTTAGES ARE ASSURED

Amphitheatre at Park, Roads, Camp Facilities In Development Plans

Gov. Bert Combs announced Wednesday that a 35-room lodge with dining room and 10 vacation cottages will be built at Jenny Wiley State Park, near Prestonsburg.

These and seven other major projects at this park will be part of the state park construction and expansion program—the greatest in the history of Kentucky—to be financed by the \$10 million bond issue, Combs said.

The new dining room will be designed to seat 200 persons. Other projects scheduled for the Floyd county park are:

Prestonsburg Native Succumbs In Virginia; Burial, Near Washington

Miss Mary Frances Leslie, of near Harrodsburg, Va., died Friday, Nov. 4, at Medical College of Virginia hospital, Richmond.

Funeral rites were held Monday, Nov. 7, at 10 a.m., at the Milton L. Jennings Funeral Home, Crewe, Va. Interment was at 3 p.m. in Cedar Hill cemetery, Maryland (near Washington, D. C.). Officiating was the Rev. Clifton E. Dixon, Jr., pastor of the Burkeville Presbyterian Church.

Miss Leslie, eldest of nine children of R.A.E. and Mary Frances Womack Leslie, was born at Prestonsburg, Oct. 28, 1882. She was for 20 years a teacher in the rural schools of Eastern Kentucky, and was in the federal government service in Washington, D. C., and Richmond, for 13 years. Since her retirement in 1933 she has resided in the home near Burkeville to which her parents removed in 1915 from Kentucky. She was a lifelong member of the Methodist Church.

Four of her five sisters survive: Mrs. June Leslie Scott, of Cabotville; Mrs. Fay Leslie Bays, Lexington; Miss Ruth C. Leslie and Mrs. Elizabeth E. Larson of Washington, D. C. She is also survived by a number of nieces and nephews.

Mrs. Bessie T. Bush, Victim At Harrodsburg

Mrs. Bessie Turner Bush, 37, wife of Horris D. Bush, former Prestonsburg-Auxier road superintendent, died at 3:50 a.m., Nov. 29, at Central Baptist hospital, Lexington, after a long illness. She was a native of Owsley county and lived at Stringtown on the Lexington road. She was a member of the Community Methodist Church at Prestonsburg and also of the Booneville Eastern Star Chapter No. 448.

Besides her husband, survivors are her parents, Mr. and Mrs. Roy Turner, Booneville; a daughter, Charlotte Ann Bush, and a son, Gary Donald Bush, both at home; two brothers, Henry Turner, Booneville, and Carl Elmo Turner, Hamilton, Ohio, and her grandfather, Bascom Dooley, Booneville.

Funeral services were conducted at 1 p.m., Wednesday, Nov. 30, at the Glave Sims Funeral Home at Harrodsburg, by the Rev. Charles Lake and the Rev. C. L. Cooper. The body was taken to the Goodwin Funeral Home at Cadiz where services were conducted Thursday. Burial was made in the East End Cemetery there.

Those attending the funeral at Harrodsburg were Mr. and Mrs. R. A. Burke, Mr. and Mrs. Fred Dickerson, Mrs. Hern Burke, Mrs. Joe Burke, and Rev. Charles Lake.

CARD OF THANKS

We acknowledge our deep gratitude to our friends and neighbors for the many kindnesses extended to us upon the death of our little daughter, Joyce Ann. We deeply appreciate the food that was brought, the floral offerings, the consoling words of the ministers, the Revs. Charles Lake and Roy Moyer, and the efficient service of the Carter & Callihan Funeral Home.

THE HARMON FAMILY

Jailed for six months as a narcotics addict, a Long Island teacher started a school for young prisoners in the Nassau County Jail. It proved so successful, says the December Reader's Digest, that it has been continued and other communities may adopt the idea as a means of juvenile rehabilitation.

**Free Phone Service,
P'burg to Wayland,
Effective December 14**

Effective Wednesday at 2 a.m. next, free telephone service will be enjoyed by residents of Prestonsburg and Wayland to all parts of Floyd county served by the Southern Bell Telephone & Telegraph Company, it was announced this week by Byron Simpson, local Southern Bell manager.

This free calling will work hand-in-hand with the new central office building in Prestonsburg. A new completion date has been set for this building, located on Westminster street, for April 9, next.

The new central office will give increased telephone facilities to Prestonsburg and Floyd county, Simpson said.

The people of the Prestonsburg and Wayland areas are asked to wait until Dec. 14 before using the free service calls. Any calls, or calls attempted before that time could cause trouble in the equipment which is being readied for this service, Simpson said.

Denial of accreditation does not in any way jeopardize the status of pupils at the high school, Allen emphasized. Any graduate of the school will be permitted to enter any state-supported college in Kentucky without examination. If graduates should enter colleges outside Kentucky, they would in practically every case be required to take the college entrance examination, whether Prestonsburg high school had its Southern Association accreditation or not, he added.

The Floyd County Board of Education has cooperated with the school and is continually seeking to employ a full faculty of qualified teachers, the principal said.

Prestonsburg high school is the only Floyd school to qualify for Southern Association accreditation. In explaining that the present situation does not jeopardize the standing of any graduate of the school as he or she seeks college entrance, Allen pointed out that he is not minimizing the benefits derived from being in the Association's good graces. The educational standards it requires for teachers, the salary requirements and the demand that teachers be employed on their qualifications are not to be discounted, he said.

Prestonsburg high school, its principal predicted, will be reinstated without the usual complete re-evaluation procedure carried out by the Association before restoring a school to its good graces. The employment of only fully qualified teachers is the county board's goal for next year.

The school was dropped from the accredited list three years ago because certain reports had not been filed but was reinstated the following year.

**Pike Youth Awarded
Forestry Scholarship**

DARRELL ROBERTS

Darrell Roberts, 18, Pike county, has been awarded a \$1,600 scholarship for outstanding work in his 4-H Club forestry project, according to an announcement made recently at the National 4-H Club Congress, held in Chicago, Nov. 27-28, Dec. 1.

He is one of four national winners of these forestry scholarships, donated by Homelite, a division of Texton, Inc. The \$1,600 scholarship is one of the largest scholarships awarded to national 4-H winners.

Last year, Darrell was selected 4-H forestry winner for the Southeast Region and received a trip to the annual National 4-H Club Congress. He is now a freshman at the University of Kentucky, enrolled in pre-forestry. He plans a career as a professional forester.

Darrell has carried a 4-H forestry project for five years. During this time he has planted over 9,000 pine trees. Last spring, he was cited for outstanding tree-farm work by the Kentucky Forest Products Industries.

Although Darrell does not live on a farm, he became interested in forestry and studied trees growing in Pike county for his first 4-H forestry project. In 1957, he leased from a land company 11 acres covered with a stand of young yellow pines. Since that time, he has marked this woodland for improvement and removed defective trees from the area. He also checked and improved a new plantation of 500 white pines at another location.

Darrell also has helped younger boys and girls with their forestry projects as a junior 4-H leader. During his seven years of 4-H Club work, he has carried projects in electricity, entomology, garden, and strawberries, in addition to his forestry and leadership projects.

As president of his local club, he helped with many 4-H programs on forestry and fire prevention. Darrell also has given demonstrations on timber stand improvement and tree-planting to many 4-H and other groups.

The oldest in his family, Darrell has five brothers and one sister. He is the son of Mr. and Mrs. Noble Roberts, Belfry.

**Winners Are Named
In Flag Competition
In Grade School Here**

Judges of the Junior Chamber of Commerce picked the design offered by Zella Faye Wallace, seventh grade pupil here, as the winning entrant in a contest to select the school flag design. The competition was sponsored by the Chamber which offered top prizes of \$10 and \$5. Second place went to Jimmy Crum, eighth grade student in the room of Miss Anna Martin. Judging was done Tuesday evening of last week, according to Vance Mitter, of the Jaycees.

**Life Magazine Features
Famed Kentucky Drama
Presented At Pineville**

Frankfort, Ky., Dec. 2 (Spl.) — "The Book of Job," famed Kentucky outdoor religious drama, was the subject of a page spread in a national magazine on November 21.

Life magazine featured the drama which enters next spring into its fourth year of production and its third year at Laurel Cove, Pine Mountain State Park, Pineville, Ky.

The title of the article was, "Living Mosaics in a Biblical Play," which follows a color photograph of the group. Paving tribute to the unique makeup and costumes of the group, Life said of the production:

"It would be easy to imagine that these figures had stepped right out of the sparkling Byzantine mosaics that embellish early Christian cathedrals. They are young actors with their faces painstakingly made up in tiny segments and their costumes covered with small pieces of cloth to simulate the ancient mosaics. Appropriately, they are performing a play, The Book of Job, based on the magnificent Bible story, with Job himself surmounting a group of bearded comforters and a chorus of four women.

"The startling idea of doing Job in mosaic style was originated by a husband-and-wife teaching team, Orin and Irene Corey, at Georgetown College in Kentucky. They took the play with student actors to England and the 1958 Brussels World's Fair. Now it is a regular attraction presented by Georgetown students for two months every year at nearby Pineville, Ky."

**HEART CLINIC
EXAMINES 42**

**Five Specialists Join
In Work; 'One of Best,'
Is Thornbury's Opinion**

Twenty-two adults and 20 children from Floyd, Martin and Johnson counties were examined at the heart clinic conducted here last Friday under the joint auspices of the state and county health departments and the Kentucky Heart Association.

Robert Thornbury, executive director of the Heart Association, termed the clinic "one of the best held in the state." He also praised "the wonderful headquarters here, its facilities and the cooperation given."

The adult patients were all from this county. Twenty of the children examined are residents of Floyd, four came from Martin county and two from Johnson.

Five specialists gave their services at the clinic. They are Dr. Joseph A. Little and Dr. Elaise Savara, both of Louisville, Dr. Richard R. Crutcher, Dr. Edmond Pellegrino and Dr. Noble T. Macfarlane, Jr., all of Lexington.

Only indigents, referred to the clinic by physicians, were examined. The clinic service included X-ray examination, electro-cardiograph and general tests. Reports will be sent to physicians referring the patients to the clinic, diagnosing the condition of each patient and recommending needed treatment, if any. In the event that surgery is recommended, this service also will be provided without cost.

Mr. Thornbury stressed the fact that the Heart Association does not claim credit for free surgery, pointing out that heart surgeons and hospitals provide the free service, with the Heart Association serving in a "clearing house" role.

Two members of the State Health Department staff also had a part in the clinic, along with personnel of the Floyd County Health Department. They are Lawrence Bismarck, Louisville state program director, and Finley Boothe, Beattyville, Eastern Kentucky field representative.

Refreshments for patients and members of the clinic staff were served by the Prestonsburg Junior Woman's Club.

**Morehead Alumni Fund
Created To Aid Students
With Scholarship Plan**

Morehead, Ky., Dec. 8 (Spl.) — The Morehead State College Alumni Association has created a alumni scholarship program.

The objectives of the program are to assist in the total program of the college and to express confidence and support to the philosophy of the institution by making educational opportunities available to more high school graduates.

The Association has established the program to emphasize the importance of the individual alumnus concerning himself with the educational advancement of the youth of his area. The program will enable the Morehead Alumni Association to be a more service-minded organization.

Scholarship awards in the amount of \$50 per semester will continue for four full school years if the recipient meets the required standards of the scholarship program and if the recipient shows evidence of continuing need of financial assistance.

Applications for these scholarships must be received in the Alumni office by June 15.

All active members of the Alumni Association will be mailed a scholarship application so they may nominate a candidate. Other copies will be given upon receipt of such a request by the alumni office.

All regional high school principals and guidance counselors will be sent an explanation of the scholarship program so they can explain the program to the senior class.

The number of scholarships to be awarded each year will depend on the available funds in the fund which must be continuously replenished.

The standards of the scholarship candidate are: he must have been in the upper one-third of his high school graduating class; he must have displayed good character and the desire to further develop his personal abilities and skills; he must have shown evidence of the need of financial assistance; and he must maintain an academic standing of 2.5 during the freshman year and 2.75 during the upperclass years in order to be eligible for renewal of the award.

The Scholarship Committee has the duty and responsibility of making all decisions relative to the awarding of the scholarships. The committee which will meet annually between June 15 and July 15 will determine the policies of the total program.

Billy Joe Hall, Director of Alumni Affairs, will serve as chairman of the committee. Other members include Fola Hayes, Lexington; Cloyd McDowell, Harlan; Dr. W. D. Blair, Paintsville; John Collins, Morehead; and the president of the Alumni Association, Lloyd Cassidy, Ashland.

I'll pay the two months locker rental to Dec. 1, would like to pay for the extra day but doubt that I'll ever come up with what was charged. If suing me would help, I'll not answer the action.

ALL TIED UP

Virgia Johns, who now lives in Needles, Calif., noted this column's recent item about troubles with a dog which has an affinity for the family car. A cartoon which she clipped from some other newspaper offered a hint as to a solution of my dog troubles. The cartoon showed a guy leaving home for work, and alongside stood the family pooch with his tail in a half-hitch around a porch railing.

I have hopes of my young son. He is able even to detect the ludicrous in his own writing, something many of us oldsters have never been able to achieve. He did himself a piece, the other night, on Jack London's "Call of the Wild," and in reading it over found this gem:

"The dogs often battled to the death, and the loser was eaten alive."

ANOTHER SEASON GONE

The deer-hunting season ended last Saturday—The Floyd County Times' and Gordon Moore's statement in our last edition to the contrary. We had it ending Sunday, and you'd be surprised how much trouble an item of three or four lines, buried in the middle of a column, could cause. . . . One of my old fishing comrades reports his luck held firm. No deer. . . . From another source came an enthusiastic report. Asked about his luck, the hunter bellowed, "Fine!" Asked about his deer, he reported: "Deer? —didn't get any. But I got back alive."

The good boat "No Strike" left Dewey Lake on Dec. 2. The weather since that date has been fine. Naturally.

CARD OF THANKS

We wish to take this means of expressing our appreciation to every one who in any way assisted us upon the passing of our beloved father and husband, William G. Jarrell. We are grateful to the many friends and relatives who sent food and flowers, to the ministers, Rev. Deerfield and Robert Martin, for their words of comfort, and the Hall Brothers Funeral Home for its thoughtful and efficient service.

A Pictorial Review of East Kentucky

(No. 120 in a Series)

BURCHETT SCHOOL GROUP AND TEACHER

Half a century ago Hatton & Luther's Big Sandy Floating as "Photography Afloat," was a favorite with many in the valley journeyed to the riverside and had excellent pictures taken in graphic salon.

Henry Porter, center above, was teaching at the Burchett school in 1896 when the "floating gallery" anchored at the mouth of several sittings for pictures. Mr. Porter, accompanied by several above photograph made. Left to right, front row, are Alice Burchett, Herman Roberts and Elijah Wells. Back row, left to right, are Octavia Burchett, Mr. Porter, Hattie Burchett, Virgie Roberts. The above picture was taken by Mrs. Octavia Burchett Akers, of Prestonsburg, the happy children, all living.

The First National Bank presents these pictures of our historic friendly service with the hope they will contribute to your understanding of our historic heritage.

Miss Webb Becomes Bride Of Mr. Mills in Ceremony Performed at Irvine, Ky.

Miss Ada Lois Webb, daughter of Mr. and Mrs. Jos. A. Webb, of Irvine, Ky., and Mr. Jimmy L. Mills, son of Mr. and Mrs. Oscar Mills, of Auxier, Ky., were united in marriage at 8 o'clock Friday evening at the bride's home with a few friends and the families attending. The Rev. David Blondell officiated at the double-ring ceremony.

The home was decorated with white snapdragons and mums, greenery and candies.

The bride, given in marriage by her father, wore a dress of chantilly lace over satin. The sculptured bodice featured a rounded neckline and three-quarter length sleeves. The dress was street-length, with a full skirt. A white hat with pearls held her veil. Her bouquet, a white orchid, was carried on a white Bible.

The maid of honor was Miss Maxine Russell, of Hardshell, Ky., aunt of the bride. She wore a street-length frock of medium-blue taffeta, a matching headpiece, and carried a bouquet of white carnations with blue streamers.

Bobby Mills served his brother as best man. A reception was held after the ceremony.

The bride is a graduate of Irvine high school and the Lexington Beauty School and has been employed at the Elizabeth Arden Beauty Salon.

Mr. Mills is a graduate of Auxier high school and is now serving a four-year term in the Marine Corps.

Mr. and Mrs. Wells will make their home in Albany, Georgia.

Approximately 3,000 Allow Drivers' Licenses To Lapse Each Month

Every month in Kentucky nearly 3,000 persons are letting their driver's licenses expire.

This means that these Kentuckians are foregoing their driving privileges by staying out from behind the wheel, or that they are jeopardizing their future driving careers by operating their automobiles when they have no valid operator's license, according to Don C. Sullivan, director of the Division of Driver Licensing in the Department of Public Safety.

To protect their driving privileges, the director urges every person who holds a Kentucky license to check it from time to time to be sure it is still good. The expiration date appears in the upper right corner of the license.

Since 1958, Sullivan explained, Kentucky has been issuing licenses that are renewable every second year in the driver's birth month.

Records of the division show, Sullivan said, that 28,890 drivers whose licenses expired in the first 10 months of 1960, failed to renew them on time. He reminded drivers that anyone who waits six months to renew his license is required to pass a complete driver's test before he can procure a valid operator's license.

Application for license renewals are made, as they have been for many years in Kentucky, at the office of the circuit court clerk in the county in which the driver resides. Sullivan added, "If in doubt, contact your circuit court clerk. He is willing to help you in any manner concerning your operator's license."

Fluoridation Increases in Municipal Systems; Kentucky Leads States

More than 50 percent of Kentuckians obtaining drinking water from municipal systems now receive the benefits of fluoridation, the Kentucky Department of Health reports.

Water supplies of 42 communities, serving 859,000 persons, now contain fluorides, the agency said. The fluorides help prevent dental caries (tooth decay).

The agency said the number of Kentucky communities having fluoridation puts Kentucky in a leading position among the states in this regard.

CARD OF THANKS

We wish to take this means of expressing our thanks and appreciation to everyone who in any way helped during the illness and upon the death of our beloved mother, Rosie Catherine Jordan. We are grateful to the many friends and relatives who sent food and flowers, or in any way helped us; to the ministers, Johnny King, Jack Moore, M. P. Blanton, Vernon Hall and Willie Conn, for their words of comfort, and the Hall Brothers Funeral Home for its kind and efficient service.

Combs Tells Supporters Of Constitutional Need At Frankfort, Last Week

Gov. Bert Combs told more than 300 supporters of constitutional change who met in Frankfort last week that the situation in Kentucky "is critical but not desperate." A resolution was approved at the meeting setting up a study group to screen recommendations and submit them to the Governor within 90 days.

The group, to be composed of not more than 30 members and representing all segments of the population, will give first priority to the matter of state salary limitations. Because the proposed calling of a constitutional convention failed at the polls in November, the salaries of public officials are due to be cut sharply when a Court of Appeals ruling goes into effect January 1. This ruling will limit statewide public officials pay to \$12,000 a year. Those who have lesser responsibilities will receive a maximum of \$7,200.

If these salary limitations go into effect, the results could be disastrous to Kentucky's future. A great majority of those whose pay will be cut, are employed in the fields of education and health and their present salaries total thousands of dollars above the ceiling set in Kentucky's outdated constitution. It is inconceivable that they will remain employed in the state at a salary less than half of what they would receive elsewhere. If they do remain in Kentucky, they will undoubtedly go into private business, and the state will still be deprived of their valuable services.

Gov. Combs said he believes the appellate court will make some decision on the salary problem before it adjourns for the Christmas holidays December 16. With this point in mind, the revisionists set forth no specific statements on what should be done by the study group. They feel that a better analysis of the matter can be made after the court's action.

The Governor said, "We have not given up hope. I think some solution to our problems may be found."

When the resolution was passed, the Governor named 21 persons to the study group and said others would be added later. Those named are: Herndon Evans, Lexington publisher; James Poston, Fort Thomas; farm leader Burl St. Clair, Falls of Rough; Earl Bellew, Olive Hill; Mrs. William Clower, Lexington; Rumsey Taylor, Princeton; State Public Service Commissioner Edward T. Breathitt, Hopkinsville; State Representative Marlow Cook, Louisville; Mayor Hecht Lackey, Henderson; Dr. H. L. Donovan, University of Kentucky president emeritus, Lexington; Dr. Frank Dickey, University of Kentucky president, Lexington; Tom Ballantine, Louisville; Judge James W. Stites, Louisville; Judge Parker Duncan, Bowling Green; State Superintendent of Public Instruction Wendell P. Butler, Frankfort; Attorney General John Breckinridge, Lexington; Judge Charles I. Dawson, Louisville; former Governor Simeon Willis, Ashland; Newton Thomas, Horse Cave; Father Felix Pitt, secretary of the Catholic school board, Louisville; and Dr. John E. Reeves, U. K. political science professor, Lexington.

Lincoln National Park Has Cabin-Birthplace Of Martyred President

Abraham Lincoln National Historical Park is located on 110-acre Sinking Spring Farm. Once owned by the parents of Abraham Lincoln, the park is located three miles from Hodgenville on U. S. Highway 31-E.

The small cabin in which Abraham Lincoln was born is housed in a classic structure of pink granite and marble fronted by six huge doric columns. The monument is approached by 56 steps, one for each year of the Civil War President's life.

In 1904 funds were raised by popular subscription to build the monument, the cornerstone of which was laid in 1909 by President Theodore Roosevelt.

The Kentucky Tourist and Travel Commission has been informed that five presidents have visited the park since it was deeded to the Federal government in 1916.

Marquis de LaSalle was the first white man to view the great rapids of the Ohio River at the present site of Louisville in 1870. It was almost a century later (1768) when Captain Thomas C. Bullitt made the first survey of the site.

Located in the foothills of the panoramic Cumberland Mountains in Eastern Kentucky is Cumberland Falls State Park. The Falls is the highest east of the Rockies and south of Niagara with a drop of 88 feet and the only place on this continent and one of two places in the world where a "moonbow" may be seen.

NEED \$50,000 FOR HOSPITAL

Fund Drive Launched To Save Pike Methodist; Walters Named Chairman

A "Save Your Hospital" drive to raise \$50,000 for the Pikeville Methodist hospital was launched Dec. 1.

E. Bruce Walters, Pikeville automobile dealer, is general chairman of the drive, which will continue throughout December. Funds received in the first few days total \$2,300, he said.

The amount sought is needed to meet current obligations of the 140-bed institution, which is faced with serious financial difficulties. Walters added that the hospital's board of trustees, which authorized the drive, saw only two other solutions for the financial problem—to sell the institution or to close it.

Patients in Eastern Kentucky who were unable to pay were treated at a cost of some \$50,000 during the year ending Sept. 30, the drive chairman said. Free service outside Pike county, with discounts and allowances, accounted for \$30,000 of this sum, he added.

"The need for free service continues to face the Pikeville Methodist hospital, which throughout its 37 years has accepted non-paying patients freely," Walters said, "but the present situation makes it necessary to curtail charity work. We must raise funds for this institution, or Eastern Kentucky will lose one of its most valuable assets."

All 18 members of the hospital's medical staff are active in support of the drive, as is a growing group of Pikeville business men, he added. Some special events being planned by local citizen groups include a bazaar, dances, and a basketball tournament.

LAMP SHADE EXHIBIT

At the regular meeting of the Prestonsburg Woman's Club on December 1 at the home of Mrs. Eddie Worland, the Arts and Crafts committee displayed a variety of lamp shades made during the recent Tuesday night workshops directed by Mrs. John Graham. Results were pleasing and the committee feels that it has been one of the most satisfactory projects undertaken.

Workshop sessions will discontinue for the month of December but on January 10, at 7:30 p.m., a workshop in block printing will be in session at the Prestonsburg Library reading room for anyone interested in making enclosure cards, stationary, note paper, wrapping paper, Christmas cards for next year, etc., by this process, which consists of cutting designs on linoleum blocks which are used to transfer designs by the application of special fluid with pressure.

Anyone interested may call Mrs. Clyde Burchett, Arts and Crafts chairman.

SPEND SUNDAY IN HAZARD

Mr. and Mrs. George T. Roberts, Mr. and Mrs. Tom Fields and Mrs. Roy Perry went to Hazard, Sunday to spend the day with Mrs. James Garnett on her birthday. She received special remembrances from her family.

RECOVERING FROM SURGERY

Estill Hyden, who underwent heart surgery recently at the Kentucky Baptist hospital in Louisville, is doing nicely at his home on Little Paint. He returned home Sunday, accompanied by Mrs. Hyden and his son-in-law, Willis Sparks. Rev. Harold C. Dicks, pastor of the Church of Christ here, was at his bedside during surgery. His many friends here are glad to know of his rapid recovery.

BIRTHDAY DINNER

Mrs. John Warrick was honored on her birthday, November 23, with a dinner at Opal & Joe's Cafe. The table was decorated with fall flowers. Place cards seated Mrs. Warrick, Mrs. Grover Lowe, Mrs. Theekley Short, Mrs. Joyce Allen, Mrs. Jerry Stephens, Mrs. Bill Pettrey, Mrs. Rebecca Rasnick, and Miss Burieta Gearheart. Following dinner, the group returned to Mrs. Warrick's home where the decorated birthday cake was cut and served with ice cream. She received many remembrances from her friends, to whom she expressed her deepest appreciation.

SON IS BORN

Mr. and Mrs. Louis R. Ponsetto, of Lexington, are announcing the birth of their third child, second son, on December 2 at the Good Samaritan hospital in Lexington. Mrs. Ponsetto is the former Vyvian Combs, of Prestonsburg. They lived here before going to Lexington last year.

3 YEARS OLD, NOV. 29

Celia, daughter of Mr. and Mrs. Kilmer Combs, celebrated her third birthday on November 29 at her home on Arnold avenue. Twenty little friends called to wish her a happy birthday, bringing her gifts. Games were played from 2 to 3 o'clock, after which refreshments were served. A decorated birthday cake with three burning candles was cut by Mrs. Combs and served to the guests.

Mrs. Dona S. Shepherd, Age 68, of David, Dies At McDowell Hospital

Mrs. Dona Stephens Shepherd, 68, of David, died at the McDowell Memorial hospital Sunday noon, following a year's illness.

Mrs. Shepherd, a daughter of Reuben and Nannie Haywood Stephens, was twice married. Her first husband, Henry C. Shepherd, preceded her in death in 1938 and her second husband, Fair Shepherd, died in 1959. She was a member of the Regular Baptist Church.

Surviving sons and daughters are Ashland and Richmond Shepherd, both of David, Oliver and Jake Shepherd, both of Grass Lake, Ind., Rome Shepherd, Defiance, Ohio, Reuben Shepherd, Jackson, Mich., Mrs. Kitty Shepherd, of David, Mrs. May Messer, Jackson, Mich., Mrs. Della Hamilton, Mrs. Peggy Patton and Mrs. Louellen Patton, all of David, Mrs. Ollie Centers and Mrs. Verba Lester, both of Lima, O., Mrs. Susan Confer, Jackson, Mich., and Mrs. Nannie Bailey, LaPayette, Ind. Surviving are two sisters, Mrs. Della Hackworth, Claypool, Ind., and Mrs. Ollie Hackworth, West Prestonsburg. One brother, Tommy Stephens, of Kite, survives, as does a half-brother, Beverly Ratliff, of Mantion.

Funeral rites were conducted at 10 a.m., Tuesday, from the David Community Church, the Revs. Wallace Calhoun, Alex Stephens and Ira Fields officiating. Burial was made in the family cemetery under the direction of Carter & Callihan Funeral Home.

CARD OF THANKS

We wish to take this means of expressing our thanks and appreciation to every one who in any way were helpful during the illness and upon the death of our beloved father and brother. We are grateful to the many friends and relatives who sent food and flowers, or in any way helped us; to the ministers, Raymond Howard, Banner Mamm, and others, for their consoling words and the Hall Brothers Funeral Home for its kind and efficient service.

that janitors would be required to devote full time to their jobs, "satisfactory to the principals."

Other matters of interest transacted by the board were:

1. Accepted the plans and specifications for the proposed Mud Creek elementary school building submitted by Gilling, Chrisman and Miller, Lexington architects.

Fears were expressed by Ken Miller, architect, and members of the board that an anticipated prevailing wage directive by the Department of Industrial Relations would increase the cost of the structure by an overall 40 per cent and in some categories of construction, 200 per cent. Wayne Ratliff, who had appeared before the department at Frankfort, Monday, to get a prevailing wage rate for Floyd county, noted that the established rates for the Ashland area was: bricklayers, \$4.25 per hour; carpenters, \$3.32, and common labor, \$2.50. "We're in the department's hands," Ratliff said, pessimistically.

2. Ordered the abandonment of the Bryant Branch school building at Hi Hat and voted to sell it to the highest bidder.

3. Discussed the legality of paying the transportation costs of exceptional children but deferred any action until a ruling could be made by the Attorney-General's office at Frankfort.

4. Ordered that chains be bought for the county system's 33 buses. It was pointed out by Superintendent Clark that this was a safety measure against being caught by heavy snows, as was the case last winter.

5. Heard Curt Wallen, of the Clear Creek Parent-Teacher Association, appeal for aid on the construction of a lunchroom at Hi Hat. Wallen pledged \$1,000 to the board from his group's funds toward the construction. Action was deferred until Paul Thurmond, of the Department of Education, Frankfort, could advise on the acceptability of the recommended structure.

6. Entered an order authorizing Director of Transportation to dismiss all schools when the roads are dangerous as a result of inclement weather conditions.

7. Authorized payment to the Prestonsburg Fire Department of \$75 for a run recently to the Auxier high school to put out a fire.

8. Granted leaves of absence to Billy Ray Howard and Pluma Jean Stumbo, teachers.

9. Ordered the acceptance of the textbook recommendations made by the textbook committee of teachers and voted to advertise for science and mathematical supplies under the National Defense Act whereby the federal government will match expenditures for the latter supplies on a matching basis.

10. Employed David Gearheart as janitor at Ligon; named Waltust Reynolds and Lennie Boyd to the maintenance force at \$300 per month to replace Riley Reynolds, who had quit, and Emmitt Roberts, who had been discharged.

11. Accepted the high bid of J. H. Stepp for the George school building which had been abandoned. Rejected the bid of LeLon Marcum, of Allen, as too high for rough lumber.

12. Employed Wilbur Jamerson, a certified teacher, in a substitute capacity, and employed these other teachers: Ann Mae Childers, Alberta Dearing, G. W. Vicars, Virginia Reed Martin, Bennie Joe Martin, Margie Smith Long, Arvenia Reed, Emma G. Billips and Wendell Martin.

13. Employed full-time clerks at Wheelwright, McDowell and Betsy Layne high schools at \$150 per month, to relieve the principals so they could devote 50 per cent of their time to supervision as required by law. Clark stated that this measure was being taken to further a better school program and if it did not do so effectively he would be against it in the future. Named to these positions were Victoria Rossi, Wheelwright; Cleo Stumbo, McDowell, and Marlene Tackett, Betsy Layne. Paired clerical jobs were made for these high schools with clerks named: Wayland Garrett, Margie Campbell; Martin-Maytown, Barbara Ratliff. Because of travel expenses they will be paid \$175 monthly.

The salary of Lora Marie Wells, Prestonsburg high school clerk, was set at \$175 monthly because of her three years' experience.

On these proposals Howard opposed and Hall abstained.

College Variation Noted Concludes Study Group; 28 Colleges Are Viewed

Kentucky colleges vary greatly in quality of students and academic standards and generally do not get their share of superior high school graduates.

Those were two of four conclusions reached in a report of 28 Kentucky colleges by the special studies committee of the Kentucky Association of Colleges, Secondary and Elementary Schools, which has been published by the University of Kentucky Bureau of School Services.

The other two conclusions were: A large percentage of students, particularly men, who would normally be expected to succeed in college, are probated at the end of their first term.

Women students are more successful than men.

Fair Board Schedules Meeting At Library

The Floyd County Fair Board will meet Thursday evening, Dec. 8, at the Prestonsburg library, beginning at 7:30 o'clock, it was said Monday by K. R. Howard, board chairman.

"This meeting is most important," Howard said. "While the fair is still fresh on our minds, the board should be in a good position to make plans for next year's fair."

"I am sure everyone will be interested in the financial report. For the first time in several years, we can look forward to starting into a new year, in the black." If every board member will show the same enthusiasm now as before the fair, the 1961 fair could be improved over last year.

CARD OF THANKS

We wish to take this means of expressing our appreciation to every one who in any way assisted us in the passing of our beloved father and husband, Albert Hicks. We are grateful to the many friends and relatives who sent food and flowers, to the ministers, Banner Mamm, Earl Lawson and Bert Howard, for their words of comfort, and the Hall Brothers Funeral Home for its thoughtful and efficient service.

Merit System Start Is Good, Trimble Says; Opposition Is Light

Kentucky's merit system enacted by the 1960 Legislature is off to a good start, according to Dr. E. G. Trimble, head of the University of Kentucky Department of Political Science and a member of the merit system Personnel Board.

Writing in the November issue of "Review of Government," published by the University of Kentucky Bureau of Government Research, Dr. Trimble says the ground work has been laid for an effective civil service system that will improve the efficiency of the state's service and save the taxpayer money.

"Opposition to the adoption of the Merit System was surprisingly light," Trimble wrote. "Contrary to expectations of some critics, there has been no major effort by politicians to interfere with establishment of the department (Personnel) or the operation of its work."

THE FACE OF FAITH

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

| Day | Book | Chapter | Verses |
|-----------|----------------|---------|--------|
| Sunday | Psalms | 24 | 6 |
| Monday | II Corinthians | 4 | 6 |
| Tuesday | Psalms | 121 | 1-8 |
| Wednesday | Acts | 2 | 28 |
| Thursday | I Peter | 1 | 8-9 |
| Friday | Romans | 1 | 16-17 |
| Saturday | II Timothy | 1 | 7-9 |

Sometimes a face is striking. It isn't the sort of face you're accustomed to. It's a face you wouldn't have expected to see. But you have seen it! That's why you call it striking.

The Face of Faith is like that . . .

The eyes seem lifted toward the hills, to a source of strength. The lips are firm with a courage that rests neither on prowess nor weapon. The countenance shines with a joyous light . . . a light that seems to reflect some mystic Sun though the world around is east in shadow and gloom.

I see the Face of Faith each Sunday . . . the face of a child . . . perhaps your child!

I am her Sunday School teacher—and the joyous light of that striking face inspires me to seek more faithfully in the worship and work of my Church the help of God.

You are her parents. How that confident, expectant radiance must inspire you!

One Floyd county mine, Hi Hat Elkhorn Mining Co., was shut-down Nov. 16, when truckers refused to take a price reduction from \$3.90 to \$3.65 per ton. The shutdown affects about 400 men and 40 operators. Approximately 2,000 tons of coal had been going through the Hi Hat thimble daily. The truckers were still out Wednesday.

PTA COUNCIL SEEKS SCHOOL

Resolution Endorses Floyd College Branch; Meet Held at Melvin

The Floyd County Parent-Teacher Council resolved at a meeting at Melvin, Thursday of last week, to seek a junior college extension in this county of some major Kentucky educational institution.

The Council, composed of all the P.T.A.'s in this county, went on record as officially "supporting the establishment of an extension center at some place in Floyd county, to be impartially selected, comprising at least two years of college preparation..." The resolution was voted unanimously and was signed by W. A. Reynolds, Jr., president, and Blanche Dingus, secretary.

A proposal in the last General Assembly at Frankfort to establish an extension of Morehead at Prestonsburg sailed easily through the House but failed in the Senate.

Cited by the Council as reasons for the need of the school branch in Floyd county were crowded regional colleges and great distances to colleges from Eastern Kentucky.

The Council also voted to assist in any way possible the procurement of an agreement from the State Highway Department to blacktop an old railroad right-of-way later converted into a road opposite the Wheelwright high school. The school P.T.A. wants to use the road in front of the building only for loading and unloading school buses and for other school purposes.

Other matters of business transacted by the Council were:

1. Issued an invitation to Dr. Russell Hall and M. V. Clarke of the Health Department to work out some means with the Council of more effectively offering physical examinations to pupils through grades five to nine. Examinations in these grades of children for physical defects or illnesses was made a law in 1948.

2. Heard Wayne Ratliff, assistant county superintendent of schools, report on the progress of the move to get the new vocational school built at Martin. Ratliff said the state had been asked to view the site and titles were being cleared.

3. Appointed a nominating committee to submit at the next meeting proposed lists of new Council officers for next year. Named were Willard Stanley, of Wheelwright, David Flanery, of Allen, and Bill Lawson, of Drift.

He added: "Upon completion of this program Kentucky will have the finest state park system in the nation and our state will offer fine recreational and vacation opportunities to Kentuckians and do much toward increasing the tourist business in Kentucky."

The bond issue was approved Nov. 8 by the voters.

Jenny Wiley State Park is in the heart of a 12,000-acre forest and centers around Dewey Lake, which is formed by a flood control dam across Johns Creek.

Boat docks, Brandy Keg and an auxiliary dock, offer the fisherman complete facilities, including boats and motors, docking and launching space and good food at snack bars.

The short-wave radio system which the company operates in connection with its widespread activities was centered in the building. The system, valued at \$40,000, includes two base stations, one here, the other at Anco where Ranier is engaged in a gigantic strip-and-anger operation. It serves 15 automotive units and is capable of radio coverage of all Eastern Kentucky and part of Virginia and West Virginia.

CARD OF THANKS

We want to again express our thanks and appreciation to the many wonderful people who purchased their new 1961 Chevrolets and Buicks from Music-Colvin Motors during the months of October and November and once again made it possible for us to publish in print the fact that Music-Colvin Motors is as in the past months . . .

EASTERN KENTUCKY'S LARGEST DEALER

The sale of so many new Chevrolets and Buicks in October and November has made it possible for us to offer you the best selection of clean used cars in Floyd county at prices far lower than ever before. If your present automobile needs replacing or you just feel it's time to trade, now is the time and Music-Colvin Motor Co., is the place.

Every used car on our Big Lot is on sale and they must go, go, go! We are going to make room for a record breaking December and we need the space.

MASTER COMMISSIONER'S SALE FLOYD CIRCUIT COURT

Albert J. Hall & c. Plaintiff,
Vs.: NOTICE OF SALE
Martin Wright & c. Defendant.

By virtue of a judgment and order of sale of the Floyd Circuit Court rendered and entered at the November term, 1960, in the above styled cause I shall proceed to offer for sale at the Courthouse door in Prestonsburg, Kentucky, to the highest and best bidder, at public auction, on the 24th day of December, 1960, at 10 o'clock, a.m., upon a credit of six months, the following described property to-wit:

Lying and being on Left Beaver Creek in Floyd county, Kentucky, beginning at the right of way line of Highway No. 122 at the line of Ralph Moore; thence running with his line to a dogwood sprout; thence down Beaver Creek 100 feet to an iron stake; thence down the hill and across the bottom to the right of way of Highway No. 122; thence up Beaver Creek with said right of way line 100 feet to the beginning. Being a part of the property conveyed to the defendants, Martin Wright and Rubel Wright by Dona Little & c by deed dated Oct. 30, 1945, recorded in Deed Book 128, page 316, Floyd County Court Clerk's office.

The purchaser may pay cash in lieu of executing bond, if he so desires.

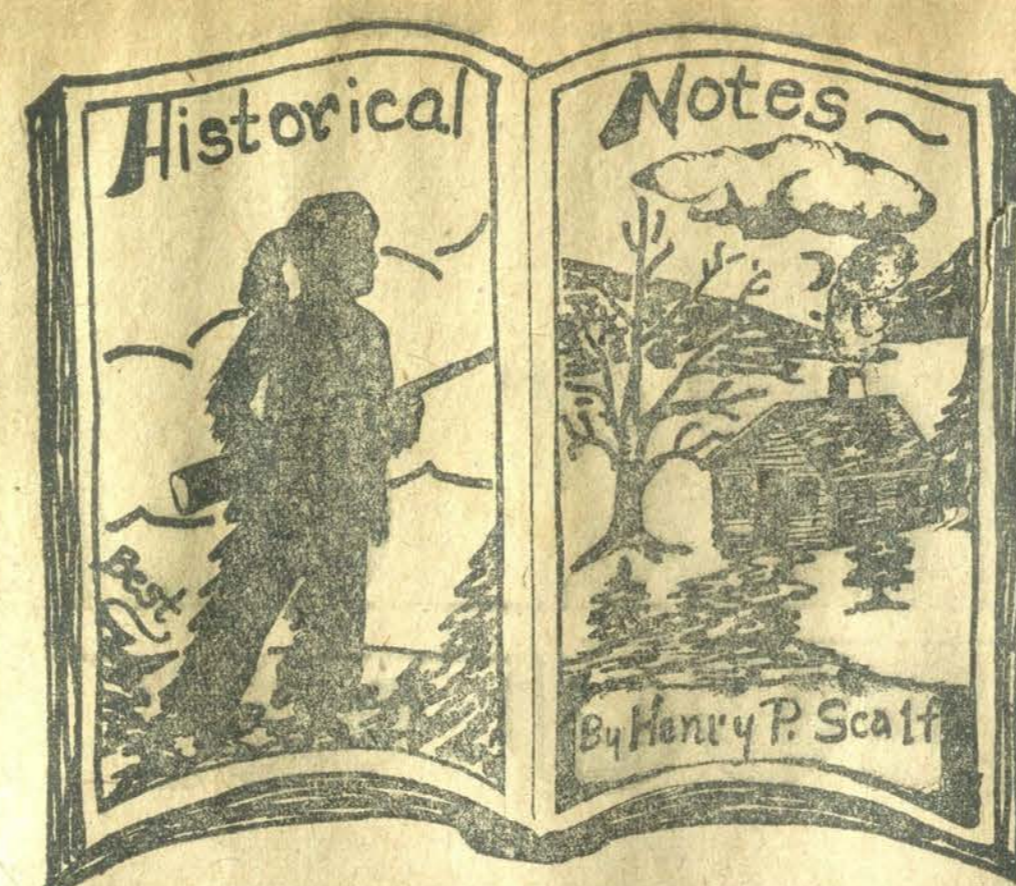

For the purchase price the purchaser must execute bond with approved surety or sureties, bearing legal interest from the day of sale until paid and having the force and effect of a judgment with a lien retained upon said property as a further security. Bidders will be prepared to comply promptly with these terms.

Given under my hand, this 5th day of December, 1960.

Prior Service Men Are Offered Choice Of Field of Training

Sgt. Marvin E. Craft, local Army recruiter, said this week that prior service personnel re-enlisting in the U. S. Army in the grade of Corporal or below may now select a new field for training, or may in most cases get back into the same field they last served.

A former mechanic now can receive training in electronics or finance. Also prior service personnel of any service, as well as now-prior service who are physically and mentally qualified for airborne training, may select a field for specialized training and, as a second option, select either of two famous airborne divisions, the 82nd or 101st. The 82nd Airborne Division is at Fort Bragg, N. C., while the 101st is at Fort Campbell, Kentucky.

Sgt. Craft added that high school graduates can still choose a school for training prior to enlistment in the regular Army. Regular Army enlistments are for three years. Any one interested may call the Army recruiting office at TU 6-2680, or stop by and get full information on enlisting for specialized training. Sgt. Craft will be in the Postoffice, Prestonsburg, 8 to 12 noon, Mondays through Fridays.

MELVIN

MELVIN P.-T.A. ACTIVE

The Melvin P.-T.A. held its regular monthly meeting, Nov. 21, and approximately 40 parents attended. The association has a paid membership of about 80. Officers serving for this school year are: James Reeves, president; Manis Crawford, vice-president; Virginia Crawford, secretary; Beulah Keaton, treasurer.

The group sponsored a Halloween Carnival and proceeds were \$569. The P.-T.A. has in its treasury about \$800, and all bills are paid.

Tiling the restroom floors has been selected as this year's project. The P.-T.A. has bought three 5-pin bowling stands for the children's supervised activities, and is buying floor mats for the school, supplies for the duplicating machine, first aid supplies and lavatories for the two annex rooms. The male members of the group also have painted the inside of the two annex rooms. Two hundred dollars have been spent for supplementary readers for most of the grades.

Bill Blair, newly elected board member from District 4, was present at the November meeting and urged all concerned to attend the Floyd County P.-T.A. Council meeting scheduled at Melvin, Dec. 1.

P.-T.A. scheduled meetings are on the third Monday of each month at 7:00.

Refreshments are always served after each meeting in the school lunchroom.

Get ready for the gang this winter by clearing closet space for their winter coats. And check your storage space for folding tables and chairs. Indoor activities make these articles more in demand and you'll want to have them handy.

George, assigned to the group's Headquarters Battery, entered the Army last June, completed basic training at Fort Knox, Ky., and was last stationed at Fort Leonard Wood, Missouri.

The 20-year-old soldier is a 1960 graduate of Prestonsburg high school.

GRAY AT FT. KNOX

Fort Knox, Ky.—Army Pvt. Jimmy D. Gray, son of Mr. and Mrs. Galloway Gray, of Allen, Ky., completed the eight-week typing and clerical procedures course under the Reserve Forces Act program at The Armor School, Fort Knox, Ky., Nov. 11.

Gray received basic combat training at Fort Knox.

A 1954 graduate of Prestonsburg high school, the 24-year-old soldier attended Pikeville College. He was employed as a teacher by Floyd County Board of Education, Prestonsburg, before entering going on active duty.

CARD OF THANKS

We wish to express our sincere appreciation to our friends for the many acts of kindness extended during the last illness and upon the passing of our beloved wife and mother, Mrs. Emma Johnson Stephens. We especially thank the Revs. Johnny King, Paris Music and Wallace Calhoun; the Prestonsburg General hospital and the Carter & Callihan Funeral Home for their efficient services.

REV. ALEX STEPHENS
AND FAMILY

THE GARY'S WIN

E. P. Grigsby's 5 and 10c Store and the Federated Store, of Martin, announce the winners of the first two weeks' "Floyd County Basketball Player of the Week." Gary Lafferty, of Martin, is the first week's winner and Gary Branham, of Wayland, is the second week's winner for his high-scoring performance in victories over both McDowell and Martin.

COLLEGE GAME 8:30, FRIDAY

Eastern Kentuckians are expected to turn out en masse to Prestonsburg, Friday night at 8:30, as the high-flying Morehead State College Eagles meet the Tennessee Tech Golden Eagles in the spacious 5,000-seat gymnasium.

Never before has a college game attracted so much attention here, although this is only the second college game ever played in the local gym. Kentucky Wesleyan and Middle Tennessee State College played the first game here in 1958.

Two Floyd countians on the Morehead squad, John Gibson, former Prestonsburg high net star, is a 6-5 sophomore forward, and Don Martin, Martin native, is a 6-5 1/2 inch sophomore forward. He played his high school basketball in St. Mary's, Ohio.

Both teams are unbeaten this season and each has won the Ohio Valley Conference basketball crown twice.

The annual all-state high school football team, released last Sunday, was the most representative from a statewide standpoint that has yet been selected.

Named to the first team were: Paintsville's senior halfback Mike Minix, who vanned the state in scoring, and Rickey Kestner, Bel-fry's fine junior end. Pikeville's all-around athlete, Bill Baird, was placed on the third team at his halfback position. A notable absence from any of the three teams named was Hazard's junior tackle Lloyd Caudill, who was tabbed by many Eastern Kentucky grid coaches as one of the best linemen of all time.

The nine-team Floyd county pre-season tournament, which was staged in Prestonsburg five nights last week, netted \$1,723.30 for the annual yearbook of the Floyd county high schools.

Prestonsburg high school has switched its Thursday's game with Paintsville to Saturday night. The majority of other area high school games, originally scheduled for Friday night, have been changed to either Thursday or Saturday nights to avoid a conflict with the Morehead-Tennessee Tech game here on Friday night.

KPA Launches Drive To Name Outstanding Citizen Of Kentucky

The Kentucky Press Association, of which this newspaper is a member, has launched its search for Kentucky's Outstanding Citizen of 1960.

The person selected by a vote of Kentucky newspapermen will be honored as Kentuckian-of-the-Year at the mid-winter meeting of the Kentucky Press Association, Jan. 19-21, 1961, in Louisville.

The annual award honors a Kentucky citizen who has made a substantial contribution to Kentucky in the field of public service, over and beyond that required by his trade, business or profession. Working newspapermen are not eligible to receive the award. Persons engaged in politics and governmental service are not eligible if their contributions to the public welfare occurred while "candidates for, or during tenure of, public office."

Readers are invited to suggest names of potential recipients. Please submit your nominations in writing to The Floyd County Times, prior to Dec. 8, 1960. Please be certain to list the accomplishments of each person nominated for the award.

BELL TELEPHONE GUIDANCE SYSTEM STEERS TIROS II INTO CIRCULAR ORBIT

NEW AID IN WEATHER FORECASTING—The day of Operational weather satellites is a step closer now that Tiros II is orbiting the earth. The satellite, launched just a few days ago by the National Aeronautics and Space Administration, will televise pictures back to earth of cloud cover for experimental use in forecasting weather.

To provide accurate data, the instrument-packed capsule must be at a uniform distance from the earth at all times. The Bell Telephone Command Guidance System helped make possible the almost perfect circular orbit of Tiros II.

The Command Guidance System, designed by Bell Laboratories and built by Western Electric, is one of a number of ways the Bell System is participating in the nation's space effort. The same skills and knowledge that went into the development of space equipment have also made possible the finest telephone service in the world.

Morehead To Play Tenn. Tech Here Friday

The Morehead State College Eagles will meet Tennessee Tech in the Prestonsburg High School gymnasium Friday night at 8:30 P. M. Both of the Ohio Valley Conference powers are undefeated.

Shown kneeling are: Freshman coach Lake Kelly, head coach Bob Laughlin and assistant coach Steve Hamilton. Standing are: (front row) William Thompson, Stockdale, Ohio; Granville Williams, Dwarf, and Mickey Morgan, Jackson. Second row: Arthur Cole, Camargo; Don Martin, Martin, and Bert Greene, Olive Hill. Third row: Doug Cundiff, Jackson; Norman Pokley, Warren, Michigan; Ed Noe, Mt. Clemens, Michigan; John Gibson, Prestonsburg and Tom Ellis, Amelia, Ohio.

Eagles-Tech Contest To Be 2nd College Net Game Played Here; Meeting Creates Wide Interest

The High-Flying Eagles of Morehead State College will tangle with Tennessee Tech in the first college basketball of the season in Prestonsburg's spacious gymnasium, Friday night at 8 p.m.

Both teams are members of the strong Ohio Valley Conference and Morehead boasts two Floyd countians on its 12-player squad.

John Gibson, former Prestonsburg high school center, is a sophomore forward for the Eagles and Don Martin, a native of Martin, is a 6-5 1/2 reserve forward. Martin played his high school basketball in St. Mary's, Ohio.

Coach Bobby Laughlin's Eagles are the biggest team in Kentucky basketball circles this season. Returning at center is 6-8 Ed Noe, a junior, who averaged 8.6 points last year. The possessor of a fine jump shot, Noe has developed a soft hook shot and has picked up 15 pounds since last season.

Expected to get the call at forward positions are sophomores Norman Pokley and Doug Cundiff. Pokley is a rugged 6-8 youngster, who averaged 17 points a game as a freshman.

Cundiff, a 6-6 former all-star at Breathitt county, averaged 22 points as a freshman in 1958-59. Senior Arthur Cole, who averaged 6.7 points last year, may work into the starting lineup. A great deal of relief is expected from sophomores Don Martin (6-5), John Gibson (6-5) and Tom Ellis (6-5).

As a forward last year, he averaged 17.1 points, and is expected to be more effective from out front with his deft one-hand jump shot.

Granville Williams, a deadly outside shot who averaged 15.6 points as a sophomore in 1958-59, and led the nation in foul shooting, missed last season because of illness but is in top shape now and probably will get the call at the other guard position.

Mickey Moran, a 13.6 shooter last season, is probably the Eagles' top defensive guard and will provide fine relief at the squad's strongest spot.

Providing relief at guard are two sophomores who hit with deadly accuracy, Bert Greene, a 6-1 former all-stater from Olive Hill, averaged 25 points a game on the freshman team last year while William Thompson, brother of Henderson Thompson, averaged 21 points.

Coach John Oldham's Tennessee Tech Golden Eagles have a 12-man squad composed of one senior, six juniors and five sophomores.

Their star is Tom McKinley, Glendale, Ky., a 6-5 junior. He averaged 11.8 points and 11 rebounds per game last season.

Last-Period Rally Wins Tourney For Wheelwright over Garrett

Wheelwright's Trojans staged a last-period rally in the finals of the Floyd county pre-season tournament here last Saturday night to down the Garrett Black Devils, 58-45.

This marked the third consecutive tournament win for Don Walen's raring quintet. They won both the pre-season and district tournaments last year.

Wheelwright broke a 43-43 tie with 3:47 to play as 6-7 center Bruce Belcher, who was held scoreless the first three periods, found the range for eight points.

In the close fray, Wheelwright led 19-15 at the close of the first period and 35-27 at halftime, but John Campbell's aggressive unit outpointed the bigger quintet, 10-5, in the third quarter.

Senior guard Forrest Newsome paced the visitors with 21 points, and Jay Chaffins was high for Garrett with 20 points.

Wheelwright had advanced to the final with an opening round 77-64 decision over Betsy Layne, then ripped Auxier, 98-56, in the quarter finals and whipped Martin, 72-58, in the semi-finals.

Garrett moved into the final round with a 53-47 win over Prestonsburg, then pulled a mild upset in stopping Wayland, 51-49.

The Wayland Wasps picked up the third place trophy with a surprisingly easy win, 87-64, over Martin in the consolation game.

SAN FRANCISCO FIRM PLANT CONTRACTOR

The Bechtel Corporation of San Francisco, will serve as general contractor for the construction of the Big Sandy steam electric generating plant to be built by Kentucky Power Company near Louisville, it was announced last week by F. M. Baker, vice-president and general manager of Kentucky Power.

Bechtel will build the plant and install its boilers, piping, coal-handling and power-switching equipment. Engineering and design of the plant are being carried out by the American Electric Power Service Corporation, the engineering and design arm of the seven-state AEP System, of which Kentucky Power is a part.

Bechtel has had extensive experience in the construction of major electric power plants throughout the United States, including the recently completed Dresden Nuclear Plant of the Commonwealth Edison Company. It is also well known for its work on the San Francisco Oakland Bay Bridge, Hoover Dam, and numerous oil refineries, chemical and industrial plants.

The \$39-million Big Sandy Plant is targeted for commercial operation in late 1962. It will use 750,000 tons of coal annually from Eastern Kentucky mines. Ground was broken for the plant August 2, of this year and excavation and earth moving work has progressed since that date.

Recently, with two more contractors on the job, the construction tempo has quickened. Work is progressing on sinking 677 steel pilings for the sub-foundation of the plant's powerhouse. These pilings, which are corrugated steel shells, are being sunk to depths between 40 and 50 feet and then filled with concrete.

The C. L. Guild Construction Company of East Providence, R. I., has two shifts sinking the pilings. This phase of construction on the 265,000-kilowatt power plant is expected to be completed by December 1.

Earth-moving by Green Construction has been completed. Starting August 2, the contractor has moved or excavated about 500,000 cubic yards of earth at the site about five miles north of Louisville on Kentucky Route 3.

In preparation for the erection of the 320-foot high cooling tower, the Marley Company has started on foundation and column work which will continue for about two months. Construction of the tower's shell will begin in February.

To be the first of its kind in the Western Hemisphere, the giant cooling tower will provide the constant supply of cool water required by the power plant's condenser for steam-condensing purposes.

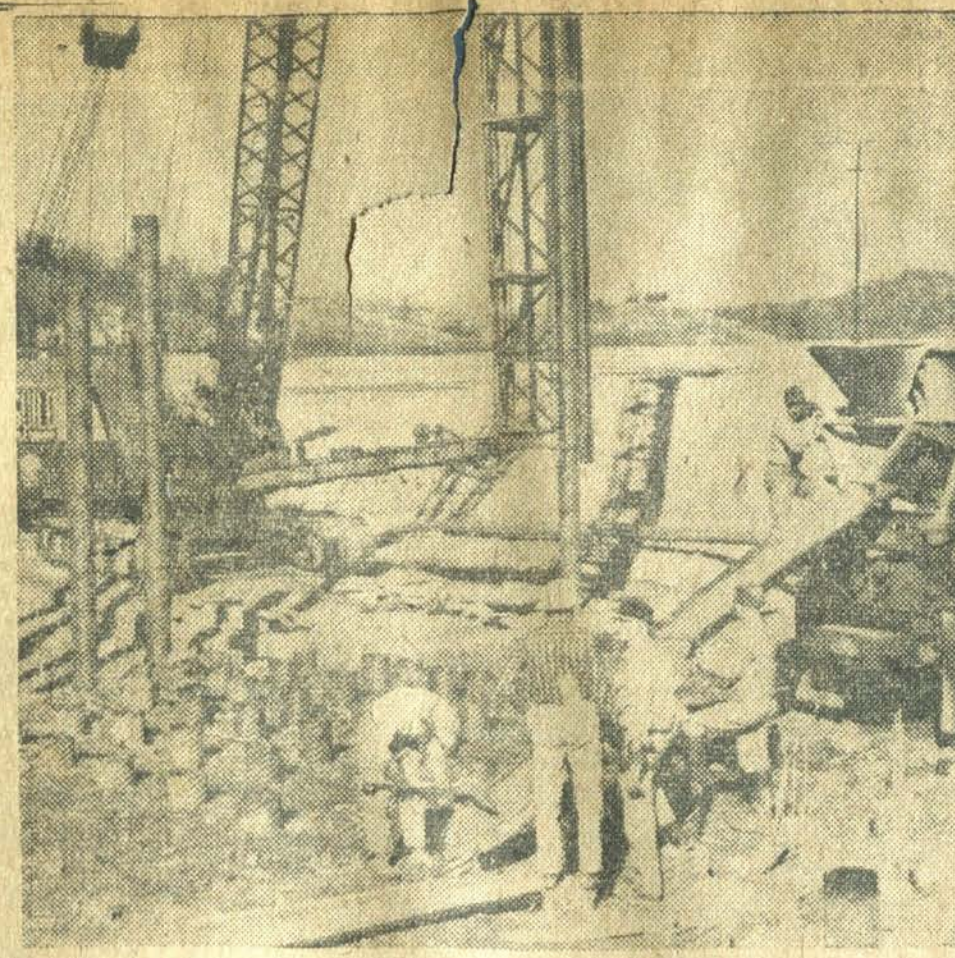

The diameter of the cooling tower will be 245 feet at the base, tapering to 130 feet at its narrowest point near the top, then widening again to 140 feet at the top. The bottom 10 feet of the tower will be open, except for concrete columns on which it will rest, to provide passage for the tremendous amount of cooling air required.

Roberts Receives Grant For Retarded Children; WDOC Sponsored Show

E. H. Roberts, of Wheelwright, president of the Floyd County Council for the Retarded, received for the Council the Thanksgiving Day grant of \$1,000 made by the Crusade for Children to the Council to carry on its classes here and at Martin through the coming year.

The funds failed to report last week that a part of the funds raised locally was through the efforts of Radio Station WDOC, which sponsored a benefit show at the Almar Drive-In Theatre at Allen.

After the machine sinks steel pilings about 45 feet, workmen fill the pilings with concrete for the sub-foundation of Kentucky Power Company's Big Sandy Plant. This phase of the work on the \$39-million power plant near Louisville is slated for completion by December.

Most insect damage in the U. S. is chargeable to foreign insect pests which have found their way into this country.

Some insect pests introduced to the U. S. have inadvertently been carried in lunch boxes.

Kentucky has five year-round state parks: Kentucky Dam and Kentucky Lake State Park, in the Western section; Lake Cumberland State Park, near Jamestown; Cumberland Falls State Park, near Corbin, and Jennie Wiley State Park, near Prestonsburg.

MAYTOWN

Thanksgiving dinner guests of Mr. and Mrs. Champ Gibson, of Maytown, were Mrs. Gilbert Hobbs, Mr. and Mrs. Tabor Gaout and children, of Chattanooga, Tenn., Mr. and Mrs. Noble Hobbs and son, of Pikeville, Mr. and Mrs. Justin Turner, of Lexington, Mr. and Mrs. V. O. Turner, of Prestonsburg, Mr. and Mrs. Tramble Turner, Mrs. Carl Fraley and children, of Wayland, Myra Beth Gibson, of Morehead State College, Mr. and Mrs. Tom Hewlett, Tom Clark and Denny Gibson.

When selecting cranberries, look for those that have a fresh, shiny appearance, recommends Mrs. Leta Jasper, University of Kentucky Extension specialist in consumer marketing. They should be plump, dry, and firm to the touch. Avoid those that have a dull, shriveled appearance.

Should draperies be lined? Generally, any of the heavy materials will be more satisfactory if lined, especially if the fabric is patterned, according to Miss Beth Burr, University of Kentucky Extension specialist in home furnishings. Advantages of lining draperies are: they look better from the outside of the house; they hang better; the fabric is protected from the sun; and the draperies look more professional.

New '61 Chevrolet NOMAD 9-PASSENGER STATION WAGON
There are six easier loading Chevrolet wagons for '61—ranging from budget-pleasing Brookwoods to luxurious Nomads. Each has a cave-sized cargo opening measuring almost five feet across and a concealed compartment for stowing valuables (with an optional extra-cost lock).

New '61 Chevrolet IMPALA 2-DOOR SEDAN
Here's a new measure of elegance from the most elegant Chevrolets of all. There's a full line of five Impalas—each with sensible new dimensions right back to an easier loading trunk.

New lower priced '61 CORVAIRE 700 CLUB COUPE
There's a whole crew of new Chevy Corvairs for '61! Lower priced sedans and coupes with nearly 12% more room under the hood for luggage—and four new family-lovin' wagons.

New '61 Chevrolet BEL AIR SPORT SEDAN
Beautiful Bel Airs bring you newness you can use: larger door openings as much as 5 inches wider, higher easy-chair seats, more leg room in front, more foot room in the rear, all wrapped up in a parkable new size.

New '61 Chevrolet 4-DOOR BISCAYNE 6
NOW—BIG-CAR COMFORT AT SMALL-CAR PRICES—Chevy's thrifty new Biscaynes, 6 or V8, offer a full measure of Chevrolet quality, roominess and proved performance.
