7-CENT RISE OFFER MADE

By Gas Firm Spokesman At City Council Meet; Sewers Claim Attention

The Prestonsburg City Council was told at its Monday evening meeting by a spokesman of the Kentucky West Virginia Gas Company that the company will accept an increase of seven cents on the new gas contract pending between it and the city.

The offer is a reduction of three cents per 1,000 cubic feet from the rate originally asked.

The Council deferred until this evening (Thursday) any action toward acceptance or rejection of the proposal. Paintsville officials who also will be negotiating with the gas company on a new contract will attend tonight's meeting.

Prestonsburg's sewers again claimed the attention of the Council, but no definite action is expected before early in 1961 when engineering work will be completed. Financing methods were mainly discussed.

The Council set the tax rate for all real estate and personal property as of April 1, 1961—75c per \$100 valuation and \$1.50 poll tax for all males 21 years of age and above. The ordinance adopted provided for a 2% discount on all city taxes paid on or before Dec. 1, 1960 and an interest charge of 6% on all taxes unpaid on April 1, 1961.

TO DEVELOP JENNY WILEY STATE PARK

Full Development There To Require \$1 Million; Other Work Is Planned

Jenny Wiley State Park is slated for full development which may cost a million dollars or more.

Announcement of plans for the park lying around Dewey Lake was made in Frankfort Tuesday by Marshall Peace, executive assistant to Parks Commissioner Edward Fox, and by Thomas Nelson, director of parks planning.

The officials announcement did not mention the probable cost of the Floyd park development, but it has been known locally for some time that at least \$1,000,000 has been considered for it.

And if a lodge and amphitheatre for the outdoor showing of the Jenny Wiley pageant are constructed, as called for in the master plan developed for Jenny Wiley State Park, even more than that may be required.

Two other state parks, those at Buckhorn Lake and Rough River Dam, are also scheduled for full development with funds from the \$10,000,000 bond issue approved only last week by the voters.

In addition, the Department of parks' present plans call for:

- 1. Grading and landscaping of tent-camping areas for all parks. 2. Improvement of all parks facilities, including remodeling and refurbishing of cottages at an estimated cost of \$3,000 each. 3. Further development of Greenup Lake in Greenup county and Falmouth Lake in Pendleton county (formerly Kincaid) as day-recreation parks.

The bond issue—\$90,000,000 for roads and \$10,000,000 for parks—was approved in last Tuesday's election by almost a 10,000-vote majority.

The Parks Department is negotiating with the federal government to lease 500 acres of land (See Story No. 2, Page 4)

Five Cent Piece Worth \$50,000. Other Rare Coins To Be Seen At Martin Coin Club Display

Did you ever see a five-cent "nickel" worth up to an estimated \$50,000? If not you can see it at a display of rare and unusual coins scheduled by the Martin Coin Club at the theatre there, Saturday.

The famous 1913 Liberty or "V" nickel is but one of a large collection of coins to be displayed by C. Lewis Haynes, Johnson City, Tenn., according to Carl E. Babb, president of the Martin club. More than 50,000 rare and unusual coins will be presented in the display, Babb says.

A coin auction will be held at 8 p.m. in the Youth Center room of the Martin Theatre to give collectors an opportunity to acquire coins for their own private collections. It was stressed, however, by Babb that profit was not an object of the display or auction.

"Since 1954, interest in coin collecting has increased in this area and this display is being held here to create additional interest," Babb said. "We would like to change the name of the coin club to the Big Sandy Coin Club."

On display will be a complete set of one cent pieces, gold coins, commemorative coins, half-cents, two, three and twenty-cent pieces, half-dimes, several types of nickels,

Floyd-Co. ASC Elects Convention Delegates; Meet Set Here, Nov. 30

The Floyd County ASC Committee held its annual committee election in each of the five communities Thursday of last week, according to Elder Goble, local office manager.

Delegates from the five communities will meet at the Floyd county ASC office, Prestonsburg, Wednesday, Nov. 30, at 10:00 a.m., to name the county ASC committee for next year.

Delegates elected and the community that they represent are: Ruben Reed, Right Beaver Creek; Laekey Salsbury, Left Beaver Creek; Eddie Akers, Mud Creek; Robert Pitts, Middle Creek; and Lee Justice, Cow Creek.

dimes, quarters, half-dollars, coins of the Holy Land and hundreds of others. Babb noted that the display will be much bigger than presentations in many big cities and if this event is successful an even larger display is planned.

The Martin club was started a few months ago by Babb, Robert A. Keathley, David Grigsby, Meredith Spurlock and James R. Crisp. Charter membership is still open, the club president said.

RAY STEPHENS CLAIMED HERE

Gas Firm Accountant, Church Leader, Victim Of Heart Attack, Sunday

Frank Ray Stephens, 50 years old, assistant supervisor of field accounting for the Kentucky West Virginia Gas Company here and one of the county's most respected men, died unexpectedly of a heart attack at 1 a.m. Sunday at the Prestonsburg General hospital.

Mr. Stephens had entered the hospital 20 days earlier after suffering a heart seizure at his home. His condition had not been regarded as critical, and had improved to such extent that he had expected to return Sunday to his nearby home.

A son of the late Bishop Bascom Stephens and Virgie Ratliff Stephens, he was born near Langley, May 9, 1910. He had been an employe of the gas company 32 years and during most of that time had resided here.

Mr. Stephens at one time was a member of the Prestonsburg Board of Education, but it was in his life as a common citizen and as a lay-leader in his church that he reached his highest attainment. He was a member of the First Methodist church here, and at the time of his death was a member of its board of stewards, was secretary-treasurer of its Sunday School, president of the Men's Bible class, a member of the church choir and a teacher in its mission Sunday School at Brandy Key. He also was a member of Zebulon Masonic lodge.

Surviving are his widow, Mrs. Julia Baldrige Stephens, to whom he was married 26 years ago, and one son, Stuart Edward Stephens, of Prestonsburg; four brothers and one sister, Ed Stephens, of Langley, Clyde Stephens, of Cliff, Lon Stephens, Zebulon, Ky., Floyd Stephens, High Grove, Calif., and Mrs. Bonnie Turnipseed, Elgin, Texas. Funeral rites were conducted Tuesday at 2 p.m., from the First Methodist Church, the Rev. O. M. Simmerman, assisted by a former pastor, the Rev. Harold W. Dorsey, officiating. Burial was made in the Richmond cemetery under direction of the Carter & Callihan Funeral Home.

Thanksgiving Service Set At Methodist Church

The annual community Thanksgiving service, sponsored by the Prestonsburg Ministerial Association, will be held at the First Methodist Church at 10 o'clock on Thanksgiving Day morning with the Rev. Harold Dicks, pastor of the Arnold Avenue Church of Christ, delivering the sermon. Special music for the service will be provided by members of the Prestonsburg high school Glee Club.

BERRY PLANT OFFER MADE

By Bedford Processor To Prestonsburg; McGill Discusses Project Here

Prestonsburg can get a strawberry processing plant here if farmers within a 60-mile radius will grow 150 acres of berries.

W. W. McGill, specialist in fruit production, College of Agriculture, University of Kentucky, and Hubert Davis, specialist in vegetable production, also with the University, were in Prestonsburg Monday contacting leaders relative to the proposed plant.

McGill explained the proposal at a meeting at the courthouse here Monday evening. The processor, Carl Abbott, Bedford, Ky., would install the plant for the 1962 crop of strawberries if the acreage warrants it, McGill said.

He noted that the project was up to the people of the area and the plant can come to Prestonsburg if this and nearby counties will grow berries in sufficient quantities. It was the consensus of the farmers at Monday evening's meeting that approximately 60 acres of strawberries could be grown in Floyd county for the 1962 season.

A 60-mile radius of Prestonsburg would include all or part of the counties of Floyd, Pike, Johnson, Knott, Martin, Magoffin and perhaps Breathitt. The counties, with the exception of Floyd, would presumably need to grow only a total of 90 acres assuming that Floyd would produce 60 acres, it was pointed out.

The Bedford processor would assume all costs of the plant here and offer a daily market during strawberry season.

The project has been referred to the industry committee of the Prestonsburg Community Development Council headed by Clifford B. Latta. The two Extension specialists discussed the matter with Latta and Prestonsburg bankers, Monday.

McGill pointed out five advantages of a processing plant here:

- 1. Farmers would be paid cash on delivery of the berries. 2. The cost of crates would be eliminated, since the processor would furnish them. 3. The berries can be delivered after dark if necessary as most of the processing work will be done late at night. 4. The plant would offer a market every day at prevailing prices. 5. Since the plant would be close to production areas, riper berries could be picked and better weight thereby insured.

Abbott will meet with area farmers at a meeting here tentatively scheduled for Dec. 6, McGill said.

Financial aid for farmers wanting to go into the program will be available if needed, the group was assured Monday evening.

Goodwill Quartet Sings For Logan, W. Va., Church

The Goodwill Quartet, a vocal group that has been singing hymns in this area for some time, sang at the Logan (W. Va.) Free Will Baptist Church, Saturday evening at the request of the pastor, Rev. Earle Fraley. The group is composed of Brazton Thompson, J. L. Laferty, Sr., Russell Blackburn and Mrs. Alta May Whittaker.

The quartet was accompanied to Logan by Rev. and Mrs. Phil Fraley of Prestonsburg. Rev. Fraley is a brother of the Logan minister.

AREA FORESTRY MEET HEARS NEWMAN, OTHERS

"People who own forest lands have a responsibility in the forest fire prevention program," James Newman, of the University of Kentucky, told a meeting of landowners, students, teachers and representatives of several governmental agencies at Grethel, Tuesday evening.

Newman, one of the leading foresters of the state, discussed what landowners and others could do to lessen the number of forest fires. "This state can't stand another 1952," he said in referring to the woodland holocaust that erupted that year due to carelessness and drought.

The meeting, first of a series of regional ones scheduled by the newly-organized Floyd County Forestry Association, was attended by representatives of the Division of Forestry, Department of Fish & Wildlife Resources, Extension Service, local landowners, teachers and students of the Big Mud Creek section.

Films and slides were shown by Newman and Robert Jones, county agent. Forrest Burchett, forest ranger with the Division of Forestry, gave a short talk on "Fire Law and Division of Forestry's Activities." Jones discussed the effect of forest fires on the community and Daniel Akers, of the Floyd County Agricultural Stabilization Conservation committee, explained ASC forestry practices. Bernard Baldrige spoke of the need for forest protection if our wildlife resources are to be conserved.

All district scouters are urged to attend. Dinner tickets may be purchased at the dinner, which will be prepared by the Prestonsburg high school Parent-Teacher Association.

Evangelistic Singer To Lead Revival Here

STEVE TAYLOR

Steve Taylor, of Greenville, S.C., who is recognized as one of the South's leading evangelistic singers, will be in charge of the music in revival services at the Irene Cole Memorial Baptist church, starting Monday night. The evangelist for the series is Homer Martinez, of Fort Worth, Texas.

Mr. Taylor is an accomplished trumpet player, as well as song leader. He will present a musical program with variety, quality, balance and depth which everyone will enjoy. Everyone in the community is invited to attend these special services and to sing the gospel under the direction of this able musician.

GIDEONS AID FLOYD PUPILS

Nearly 8,000 Testaments Given Grade Students; 500 Bibles Are Donated

The Gideon Society, an inter-denominational and national group of Christian businessmen, came to Floyd county schools this week and left 7,991 New Testaments for the students.

Wednesday, 500 Bibles arrived at the office of the materials department of the school system to be distributed to the classrooms.

It took eight teams of Gideon representatives with the participation of the school administration officers and two days of intensive work to get the New Testaments in the hands of the students.

Behind this bonanza of free Scriptural literature is a story that began a few years ago when O. E. Stanley, vocational agriculture teacher at Betsy Layne high school, found a need for classroom Bibles and wrote the Gideon Society. The group sent free Bibles for all the Betsy Layne teachers but, better than that, the Society retained its interest in Eastern Kentucky schools.

Clem Martin, supervisor, and former County Superintendent V. O. Turner contacted the Gideons after the Betsy Layne distribution about Testaments and Bibles for all the students and teachers in the county.

The Gideons deferred compliance for the Society formed by two salesmen who searched vainly for a Bible in a hotel room (See Story No. 4, Page 4)

ALLEN NAMED SCOUT HEAD

Prestonsburg Principal Installed As Chairman Of Jenny Wiley District

Woodrow Allen, principal of Prestonsburg high school and 1960 district vice-chairman, will be installed as the new chairman of Jenny Wiley district, Lonesome Pine Council, Boy Scouts of America. The installation will be staged at the Prestonsburg high school cafeteria, Friday at 6:30 p. m.

Mr. Allen succeeds Bill Lockin, of Wheelwright. Vern Bailey, of Wheelwright, is the new vice-chairman, and Jess Elliott, Betsy Layne, is the district commissioner.

The installation will be made at the annual district Appreciation Dinner. Scouters from the four counties of the district—Floyd, Martin, Johnson and Magoffin will be honored. The district operating committee chairman will give their annual reports. A film, "They Also Serve," will be shown.

All district scouters are urged to attend. Dinner tickets may be purchased at the dinner, which will be prepared by the Prestonsburg high school Parent-Teacher Association.

Morehead Alumni Plan Organization Meeting At Wise Restaurant

Morehead State College alumni now living in Floyd county will hold an organizational meeting at the Wise Restaurant here Monday night, November 21, at 6:30.

Dr. Doran, president of Morehead State College, will be the principal speaker along with Billy Joe Hall, director of alumni affairs.

Every former Morehead College student is invited to attend and bring his or her wife or husband.

Through the formation of the Floyd County Morehead College Alumni Association it is hoped that the group will be able to provide four scholarships to needy Floyd county high school graduates to attend the college.

CHILD KILLED, SECOND HURT

In Two Auto Mishaps; Election Day Tragedy Occurs At Teaberry

One small boy was fatally injured in this county and another was critically hurt last week when struck by automobiles in separate incidents.

Seven-year-old Douglas Gene Newsome died at 8:30 p.m. Election Day, three hours after having been struck by an auto driven by Noah Hall, 17, of Galveston. The child was struck while playing with two other small boys, near his home at Teaberry.

James E. Foley, 6, is a patient at St. Mary's hospital, Huntington, suffering broken legs and a possible skull fracture when hit last Thursday afternoon soon after he had left school at the forks of Middle Creek, near here.

State Trooper W. Williamson who investigated the Teaberry tragedy, reported that the Newsome child and the other boys were nine feet off the highway when he was hit and that he was carried by the car a distance of 64 feet.

Another report received here said Hall's car stopped only when it jammed into a telephone pole and that the child was thrown approximately 10 feet beyond the pole. The injured boy was first taken to the McDowell Memorial hospital, and from there was being taken to the Harlan Miners' hospital when he died. Internal injuries were given as the cause of death.

Hall was arrested on a voluntary manslaughter warrant and also was cited for driving without an operator's license. (See Story No. 3, Page 4)

SLONE WIDOW FAILS TO WIN JURY VERDICT

Trial of Woman Here First of Five Cases Docketed for Month

The jury in the murder trial of Mrs. Cora Ratliff Slone, charged with the slaying at Sugar Loaf, a few miles from here, of her husband, Allen Slone, was dismissed Tuesday as hopelessly disagreed, and so a second trial of the case may be held at the January criminal court term.

The woman's trial is the first of five murder cases docketed for closing days of the November court session. Other defendants and dates set for their trials are: Bennie Blackburn, Nov. 23; Ballard Fleming, Nov. 25; Zeon Warrick, Nov. 28; Crosby Francis, Nov. 29.

These comprise the heaviest murder docket to be faced by the Floyd circuit court in several years.

The Commonwealth in the trial of Mrs. Slone emphasized the point that her jealousy led to the slaying, while the defense, represented by the law firm of Tackett & Tackett, contended she was under attack by her husband and that his slaying was not contemplated.

Three witnesses, James Slone, son of the victim by a previous marriage, James Kendrick and his wife, Dotty Kendrick, a niece of Allen Slone, testified they were at the Slone place, the Monday preceding the shooting. James Slone quoted his stepmother as saying at that time that "if those two women come back here drunk, I'll kill Allen and throw them out."

Kendrick said Mrs. Slone was in tears at that time and that she said, "If Allen steps out on me any more, I'll kill him."

Kendrick's wife gave yet another version of the situation that Monday. She said Mr. and Mrs. Slone quarreled and that Mrs. Slone said she would "kill the—"

The Commonwealth also contended the Boy Scout ax with which Mrs. Slone said she was struck by her husband prior to the shooting had no part in the case, since later was found lying in a desk. The couple's 12-year old son, Forrester, testified, however, that he picked up the ax off the floor and laid it on the desk.

A "death-bed" statement of Slone's as related by his son, James, and corroborated by James Kendrick, was admitted as evidence. This oral statement, as repeated by the two witnesses, ran to this effect: Slone was preparing to leave the house and his wife gained possession.

Hazard and Paintsville, Eastern Kentucky's two leading high school football teams, will be involved in the Class AA and Class A semi-final playoffs of the Kentucky High School Athletic Association, Friday night.

Hazard is repeating as Region Four Class "AA" champ will play a rematch with Highlands. This game will be played at Hazard. The Bulldogs lost last season's meeting, 32-19, in the Northern Kentucky city.

Paintsville's unbeaten Tigers 11-0 are in Region Three Class "A" for the first time this season. They played as an independent team last year.

In coping their first championship they will battle Lynch there. Lynch is the club that lost its first game in three years last Friday to M.M.I. in Paintsville's tenth annual Big Sandy Bowl. Lynch was the state Class A champion last season.

Stres for Friday's games are determined thusly: Odd-numbered regions are host teams during odd-

numbered years. Thus the even-numbered ones are host this year. After Friday's semi-finals, they move to Lexington for the finals Thanksgiving Day. The Class A finals will start at 12:30 p.m., and the Class AA final at 3 p.m.

In the final statewide football ratings Tuesday morning, Prestonsburg was ranked 62nd in Kentucky; Paintsville, 24th; Wheelwright, 84th, and Pikeville 47th.

In downing Lynch, 12-7, in Paintsville's well-matched Bowl game, the Cadets of M.M.I. were the first team to score on the Bulldogs this season and were the first team to win over them in three seasons. Although the Bowl selection committee named M.M.I.'s quarterback Jim Chasteen as the game's outstanding player, the majority of press row, who did not participate in the voting, felt the honor should have gone to Jim Myers, senior half-back, who gained virtually all of the Cadets' yardage.

The first of several doubleheaders throughout the basketball season at the Prestonsburg high school gymnasium will be played Saturday night when Breathitt county meets Martin and Garrett tangles with Betsy Layne.

Prestonsburg high will open its 1960-61 season next Tuesday night with the Auxier Hornets.

Fourteen teams will open play within the next two weeks in the Little League basketball program. Paul Phillip Hughes, former black-cat athlete, is expected to be a starting guard on the Transylvania College basketball team this season. Buford Crager, another winner of the Prestonsburg Jaycees' Reatherford-Salyers Award, as was Hughes, played the finest football game of his career in Morehead's 20-9 conquest of Eastern last Saturday. Coach Guy Penny termed Crager's performance as one of the best in his long coaching career.

**Registrants Inducted For Service; Boards Name 37 Preinductees**

Four registrants of the county's two draft boards have been inducted to Army service this month, it was announced this week.

Draft Board 127 sent on Nov. 1 Dennis Gibson, of Estill, and Frederick T. McDavid, of Weeksbury, for induction. Clifford Brown, West Prestonsburg, and Troy Eugene Hunt, of Lancer, were forwarded Nov. 9 by Draft Board 25.

Among the 37 registrants sent by Draft Board No. 127 for pre-induction examination on Nov. 1 were two doctors, Lowell D. Martin, Huesville, and Crit Hobbs, McDowell. Other registrants sent for preinduction tests by that board are:

Tracy Johnson, Bevinsville; Berlin Ray Johnson, Melvin; James Edward Moore, McDowell; Ralph Mullins, Printer, Frank Eugene Cook, Weeksbury; Carlos James Hall, Amba; Walker Hall, Honaker; Minefee Moore, Wayland; Rondal Dean Williams, Craynor; Charles E. (Continued from Page One)  
The Grethel meet was presided over by Henry P. Scalf, president of the Association.

Newman, in his talk, told of a dramatic and terrible fire on Log Mountain, Bell county, in 1952, when "it seemed the whole state was afire."

"When I think of forest fires I think of 1952 and when I think of that year I recall the struggle we had in Southeastern Kentucky. There had been no rain for weeks and the woods were dry, inviting a carelessly dropped match or cigarette.

"Suddenly, the whole area was afire and the Division was so short-handed that it conscripted me. It had to be a desperate situation to require that.

"However I took a group of Lincoln Memorial University students and went as directed to Log Mountain. On our way we found the roads barricaded by Hallowe'en pranksters and we were hours getting to our destination. In a laurel thicket on the mountain we were met by a few others trained in forest fire fighting. We were given directions. In a short while we found ourselves on the top of a ridge and heard the crackle of a fire roaring up the hillside. The wall of fire was twenty feet high and rushing with the velocity of a train. We fled for our lives.

"After that we fought hard. It was dirty, desperate work, without water or food. There is nothing glamorous in fighting a forest fire.

"The fires were coming from Tennessee and day after day, after we would get our fire under control, the Tennesseans would fire against us and we would fight desperately again.

"Finally, in desperation we held a conference and decided to give the Tennesseans a dose of their own medicine. We raked the necessary fire lanes and back-fired for a great distance. The blaze swept over the mountains and disappeared into Tennessee. It was a question of survival and that was our justification.

"Let me repeat," Newman said, "there's nothing glamorous about forest fire fighting."

**Prestonsburg Must Make a Decision**

The next election at which Prestonsburg voters may be asked to make a decision could be a vote on a bond issue to finance a sewerage system and sewage disposal plant for the community.

Direct action by the City Council or a decision to decide nothing and let the festering problem fester longer and multiply the community's troubles are the only alternatives to such a vote. Surely the people will not be content to let matters stand and do nothing until dire emergency in the form of pestilence or federal government action forces a decision.

It is a big task that Prestonsburg faces. The community itself will be required to pay around \$600,000 of the total cost of this project on which the health of its citizens and the progress of the town depend. New taxes, increased water bills or some similar revenue-producing plan will be necessary; and, whichever is adopted, none will be painless. The cure for a long-standing malady seldom is.

But, if Prestonsburg is to advance it must get out of the filth and slime that are more than figurative expressions in our case. Dr. Russell L. Hall, of the Floyd County Health Department, stated the situation in forceful language recently, but he did not exaggerate. The danger of disease in epidemic form is a dreadful reality. And the passing of time multiplies the perils.

The community and its elected officials must take action for yet another reason. If Prestonsburg is to compete with other towns for new business and new people, if it is even to hold its own in competition with other communities, it must clean up, starting with this basic matter of sewerage and sewage disposal.

And the longer we postpone the moment of decision, the farther behind we shall be and the greater the distance to be covered in drawing even with others.

**VETERAN NEWSPAPERMAN DIES; WAS FORMER REPRESENTATIVE**

The funeral of Henry Arrowood, 64, onetime writer for The Courier-Journal and a state representative four terms, was held at 2 p.m. Tuesday at Old Friendship Church on Greasy Creek in his native Johnson county.

Burial was in the Pigg family cemetery at Boon's Camp. Arrowood died Saturday at Vero Beach, Fla., where he had lived since 1953. He had been in ill health many years.

The story of this veteran newspaperman's life is a saga of success, despite the physical handicaps that dogged him more than half his course.

In the 1920's, Arrowood was business reporter for The Courier-Journal, working what then was called the Main Street beat.

He reported the main stream of banking and business failures after the stockmarket crash of 1929 and ending in the far-reaching collapse of Banco Kentucky and the Bank of Kentucky.

In 1931 physicians advised him he had six months to live. Arrowood was suffering from a bone malady contracted while in submarine service in World War I. So he resigned and went back home in Paintsville.

But instead of dying, he married. He established The Paintsville News, weekly newspaper, in 1934 and it proved a financial success.

He then merged it with The Paintsville Herald and became editor and co-publisher of the combined operation. He tinkered with real estate on the side. He made money in all his ventures.

His bone malady got no better, and to it were added arthritis and heart trouble. This combination of ills forced him out of the weekly

newspaper business in 1941. So he ran for State Representative in Johnson and Martin counties. He was elected, re-elected in 1943, again in 1945, and again in 1951.

From his vantage point as Republican legislator during the administration of Governor Simeon Willis, Arrowood wrote a regular political column for the Courier-Journal, entitled "A Republican Says."

Worsening health finally drove him to the friendly climate of Florida in 1953. Again he refused to sit and mope.

He wrote and mailed to The Paintsville Herald the column he has been running in it for years, entitled Arrowpoints.

It was a chatty column of cheer and goodwill, check full of wit, humor, and whimsy, in no way reflecting the writer's physical agonies.

His Arrowpoints in The Herald was perhaps the oldest column in the press of East Kentucky and certainly one of the most popular.

Arrowood is survived by his wife, Mrs. Ernestine Pigg Arrowood; his daughter, Mrs. Ruth Jaskovich, Atlanta; his mother, Mrs. Mary Arrowood, Huntington, W. Va.; a sister, Mrs. Felix Ward, Boons Camp and four brothers, Leonard Arrowood, Huntington, W. Va.; Irvin Arrowood, Paintsville, and Glenn and Flem D. Arrowood, both of Wayne, W. Va.

### Lady's Arm Bent Like Jack-Knife

One lady told us her arm used to be doubled up like a jack-knife because her muscles were stiff and sore with rheumatic pain. She said people would stare at her. Finally she got RUGON and now says she can raise her arm above her head and the awful pain and stiffness is gone entirely.

RUGON is helping so many victims of rheumatism and neuritis because this NEW Liquid Formula contains Three Wonderful Ingredients. Not a tablet or capsule. RUGON goes to the very source of pain almost at once and costs but a few cents a day to take. So don't go on suffering. Get RUGON at W. A. Rose Drug Co.

### CARD OF THANKS

We wish to take this means of expressing our thanks and appreciation to everyone who helped in any way during the illness and upon the death of our beloved son, Ronald Fitch. We are grateful to the many friends and relatives who sent food and flowers; to the ministers, Doug Burkett and others for their consoling words and the Hall Bros. This is plumb encouragin'. Maybe now folks will stop referring to other uses. Vitamins and minerals can be added to the ink, and there you are!

The day may come when newspapers will be advertising themselves as containing the highest vitamin content and let the news go hang. A good slogan may be, "If you can't read it, eat it."

But there will be, inevitably, some misanthrope who will mutter, "What a mess for even a cow to swallow!"

### BACK TO DEWEY!

And now to fishing. I declared it quits as of 4:35 p.m., last Saturday, threatening to open up a new stand at Buckhorn Lake, come next spring. Anyway, I had adjourned, sine die, for the good year 1960. But—ah, what a delicious freedom it is to enjoy the right to change one's mind. Perhaps I should say, to have one's mind changed.

And it is changed. The very next day, "Red" Osborne and "Red" Cunningham and others had it never so good. The blamed bass were even hitting flyrod poppers; or, if the bait ran deeper, they took bombers. Anything, for yours truly was not there. And now—today, Thursday, Nov. 17—Earl Castle prances in with a 7 1/2-pound bass taken on a bomber.

And my mind has changed, or been changed. It is wandering somewhat, too. Oh, me! What is so rare as a nice, sunny day when I can get away?

## Our Historic Heritage

A Pictorial Review of East Kentucky

(No. 117 in a Series)

RAFTING ON JOHNS CREEK 50 YEARS AGO

The Big Sandy logging industry reached its height in the three decades of 1880-1910. By the latter date the great reserves, except for the Sandy Basin in Southwest Virginia, had been cut away. Left were only minor sections of timber on small tributary streams.

Logs were gathered into small rafts on streams like Johns Creek and Big Paint Creek and floated down to the river where three or four were joined together for the trip to Catlettsburg.

Shown here in this picture is a crew headed by Tom James (extreme left on raft) at the mouth of Sycamore Creek, Pike county, about 50 years ago. The teamsters on the bank hauled the logs to the stream and the rafting crew put them together with "tie poles."

The First National Bank presents these pictures of our past in recognition of our historical heritage and trusts they will contribute to your understanding of our colorful history.

### Burnis Martin Thanks Voters, Announces Interest in County Office

As Campaign Manager for the Democratic Party in Floyd County in the Nov. 8th election, I wish to report that Floyd County led the State with a nearly 5,000 majority. On behalf of the Democratic Party I wish to thank all the officials and the thousands of party workers who gave of their time and money toward this well-earned distinction, of which Floyd County may be justly proud.

These enthusiastic expressions of confidence in me and the interest shown in good county government greatly encourage me to seek a public office in Floyd county. I shall select that office in which I can perform the most worthwhile service to you and to our county.

### THE WATCHMAN SPEAKS

#### SOMETHING IN THE WIND

You can always tell the way the wind is blowing, if you will notice the straws in the wind. Things are happening fast. A few years back there was merely "scent in the wind," and only those with acute discernment could perceive the wind's direction. Then "straws in the wind" appeared and many with less discernment did perceive what was ahead. Now, we are seeing the entire "straw-stack" in the wind, and soon the entire "patch" will be moving. We have discovered "WINDWARD"—We know from whence it comes. And now, only the very spiritually blind cannot see what is in the wind, because they have blinded their own eyes "WILLINGLY".

Certain forms of government such as Socialist, Communist, and the "Welfare state" which have been abhorred, unwanted, and rejected by us are now being accepted gradually, and also copied, patterned after, and imitated.

A "centralized" power is clamored for. Uncle Sam is not close enough kin to us now—we want "Daddy" in his place to give us everything—to handle our money and dole out to us what he wants us to have. We have learned it is much easier to let "Pappy" feed us, plan our future, manage our retirement and order our lives throughout.

You should know, if you do not, this is not good for the "children." It is robbing them of their self-respect, discouraging initiative and creating a bunch of whining, crying, lazy, suckling babies—"Here are my wages, Daddy, I don't know how to use it."

**SPIRITUAL APPLICATION:** Practically everybody "belongs to the church." This spirit is maintained, the church is full of weaklings—anything satisfies them, even a sugar treat (sugar in a wet cloth, tied with a string).

### Rev. and Mrs. Green B. Allen Celebrate Wedding Anniversary

Rev. and Mrs. Green B. Allen, of Garrett, celebrated their 60th wedding anniversary, Nov. 7, with a dinner for relatives. They were married in Magoffin county in 1900. Rev. Allen is a minister of the First Church of God and a retired miner. He and Mrs. Allen are each 78 years of age and in reasonably good health.

They are the parents of five living children—one son, Earl, died in 1936 as the result of a mine ac-

ator's license. His appearance bond was set at \$2,000. Later, Mrs. Tilda Mae Newsome, mother of the victim, procured a peace warrant for Hall, stating that he threatened her life on the same day her son was hit. His peace bond was set at \$500. Hall executed both bonds.

The Foley child, a son of Lemuel Foley, was struck near the Middle Creek school last Thursday by an auto driven by George Phillips, of Feds Creek, Pike county. State Police said the accident was unavoidable. The boy, it was reported, had run from the hillside where the school is located upon the dismissal of classes for the day, and had stepped onto the highway directly in the path of the car. Phillips, who was accompanied by his wife and two children, swerved his car but not in time to avoid striking the boy.

The Newsome child was a son of the late Morgan Newsome. Besides his mother, he leaves five brothers, Earnel, Ernie, Sherrill, Jimmy and Jack Dennis Newsome, all of Teaberry.

Funeral rites were conducted from the residence by the Revs. Bill Martin, Green Hall, J. H. Isaac, McKinley Moore, Bill Hall and Luther Conn. Burial was made in the Newsome cemetery at Craynor under direction of the Hall Bros. Funeral Home.

several decades ago, is an organization seeking to remedy that situation on a national basis.

Constant correspondence with the Gideons initiated by Martin and Turner resulted in the Floyd county request being put high on the priority list. The Society distributed Bibles and Testaments in Harlan county schools in 1958, did the same in Letcher county last year. After that they were ready to come to Floyd county.

While here, the team suggested the organization of a Gideon Camp at Prestonsburg and a luncheon was held Monday evening at the Wise Restaurant to explore the possibilities. The Gideon group here was headed by William Wacker, president of the Louisville Chemical Company.

The proposed Gideon Camp here, it is explained, would be headed by businessmen who would finance the Society's purchase of Testaments and Bibles and be responsible for distribution in the region. The nearest camp now is at Ashland.

at both Rough River Dam (Breckinridge county) and Buckhorn Dam (Perry county).

Both dams have been completed and water is being impounded. Peace and Nelson said each site will get the full treatment accorded a full-fledged park, including, boat docks, cottages, lodges, beaches, picnic shelters, parking areas, and other basic facilities.

Jenny Wiley Park already has four duplex cottages and other recreational fixtures. Additional cottages will be built and the general area developed fully.

Many of the park projects will be under contract by spring, Peace said, and should be ready for use with the opening of the 1962 season.

He said the department will announce other plans for spending the rest of the \$10,000,000 as they are formulated and approved.

Peace said the increasing popularity of tent camping makes it essential for all parks to have such areas.

"Tent camping has exploded nationwide, and we must provide the facilities to keep up with the trend," he said.

Camping areas are now being built at the parks—Kentucky Lake, Pine Mountain, Natural Bridge, Carter Caves, and Lake Cumberland.

With campsites now are Levi Jackson, General Butler, Kentucky Dam Village, and Cumberland Falls state park.

Other current parks construction includes motel-type swimming pools at Kentucky Lake, Pine Mountain, and Cumberland Falls; a bathhouse at Greenbo Lake; a picnic area and shelter building at Big Bone Lick in Boone county, and golf courses at Jenny Wiley and General Burnside parks.

**JOHN GRAHAM CHAPTER D. A. R. MEETS**

John Graham Chapter, Daughters of the American Revolution, was entertained November 8 by Mrs. William O. Goebel at her home on North Arnold avenue. Mrs. Edward May, the regent, presided. Miss Alice Harris, the chaplain, conducted the ritualistic service. At the business meeting the motion carried to add another High School Pilgrim essay contest to the chapter program. Auxiliaries high school will be invited to participate in this program next February. A resolution was adopted to endorse the preservation of historic Block House Bottom. The chapter endorsed the beautification of the City Building, the site originally given by John Graham for Floyd county's first courthouse. Flowers, shrubs, trees and grass will be planted on this site for a city park. The chapter voted to assist in the preservation of a gift to the state regent at Louisa, Nov. 13. Mrs. Tom James thanked the chapter for remembering her during her confinement with a broken ankle. Mrs. H. L. Mayo read the president's message. Miss Alice Harris gave a talk on National Defense. Miss Blanche Dingus, guest-speaker, gave an interesting talk on "What the P-T.A. means to Us." She said the organization was formed in 1897, in Washington, D. C., with a membership of 100 mothers at a National Congress meeting there. A card was sent to Mrs. Walter Van Landingham, who was ill in the Prestonsburg hospital and to Mrs. Fred Osborne, the state regent, who was recovering from recent surgery.

Mrs. Goebel served a dessert to Mesdames Edward May, Tom James, A. C. Harlowe, Everett H. Sowards, J. G. Stepp, H. L. Mayo, Mrs. Grace D. Ford, Mrs. Winnie F. Johns, Mrs. Lida D. Spradlin and guest Miss Blanche Dingus.

The new year books were distributed. The marker fund netted \$1.00. The December meeting will be held at the home of Mrs. Osa F. Ligon. Mrs. Myrtle Hunt, the leader, will present the topic, "Christmas in Our Local Schools."

## THANKSGIVING PRAYER

BY MRS. BILL MAY

Our Father, we come with our thanks today  
 For the blessings you've scattered along the way;  
 Thanks for our family, for friends old and new,  
 For the faith of our fathers, tried, trusted and true;  
 Thanks for the sunshine, the star-studded sky;  
 The smile of a child and a baby's first cry.  
 Thanks for the mountains capped with white snow  
 And the warm summer rains making gardens grow.  
 Thanks for the ocean and the gleaming white sand,  
 And the wonders of nature all wrought by your  
 hand;  
 Thanks for the joy your presence imparts  
 And the comfort you give to all broken hearts.  
 Thanks for our leaders, and bless them, we pray,  
 Give them wisdom and courage, and show them  
 the way.  
 Thanks for the power of prayer and of trust;  
 And thanks for the blessings unnoticed by us.  
 Please accept our thanks as Thanksgiving draws  
 near,  
 And make us more thankful each day of the year.

### Field Representative Sets New Contact Date

Because of the Thanksgiving holiday James A. Morris, field representative, Social Security Administration, Pikeville, will be at the Prestonsburg contact station on Monday, Nov. 21.

Contact station hours will be the same as on regular days, Morris said, Morris will resume his regular Thursday schedule on Dec. 1.

### Methodist Church Sets Annual Autumnal Bazaar

The First Methodist church opened its annual fall bazaar at the former Hutinspiller drug store building on Court Street today (Thursday). Offered for sale are a variety of items. The bazaar will be open from 9 a.m. to 5 p.m., through Saturday.

Lunch will be served Saturday only from 11 a.m. to 1 p.m., it was announced.

### ONIONS ARE GOOD BUYS

Just a taste of onion can turn a plain dish into something pretty special. And since onions are plentiful right now, include them on your shopping list and serve them often, suggests the U. S. Department of Agriculture.

### Revival Scheduled

Ronnie Coyne, known in evangelistic circles as the Plastic Eye Miracle, will conduct a revival at the Pentecostal Church of God at Ivyton, Ky., Nov. 28-29. It was announced this week by the Rev. Forster Prater, pastor.

The 17-year-old evangelist wears a plastic eye but God has enabled him to see and read with or without it," Rev. Prater says. "The public is invited to hear him preach the Gospel, pray for the sick and hear him read through the plastic eye by the hand of God."

The teen-age evangelist is from Stanton, California.

### Jerry Lewis Volunteers To Ring Door Bells Here In Dystrophy Fund Drive

Scores of Jerry Lewis Volunteers will ring the door bells of friends and neighbors in Floyd county, Nov. 14 through Nov. 24, to collect funds for the medical crusade against the crippling, mysterious disease known as muscular dystrophy.

Thelma L. Stovall, state campaign chairman, said, "I was certainly pleased to hear from Mrs. H. D. Fitzpatrick, Floyd county area campaign chairman, that our appeal for volunteers to march for Muscular Dystrophy was met with so much response." Mrs. Stovall added, "According to the reports I have received on campaign activity, we should have the very best MDAA Fund Drive that has ever been held in Kentucky. I hope that everyone realizes how important it is that we do have a successful campaign, as many dystrophic patients are constantly being reported to the MD state office in Louisville."

More than 200,000 Americans suffer from MD. The relentless advance of this muscle-wasting disease greatly shortens life expectancy at all age levels. In children, who compose the majority of its victims, it is nearly always fatal. MDAA hopes its all-out scientific research program will find the answer in time to save those now stricken.

Mrs. Fitzpatrick, urges all residents of the Floyd county area to contribute generously to MDAA's appeal. "In our own community," she declared, "we have benefited greatly from previous medical-scientific crusades."

### NOTICE TO BIDDERS

The Floyd County Board of Education will accept bids until 12:00 M, December 6, 1960 for 96 size "A" tablet arm desk chairs. Bids must be accompanied by samples and delivery within 10 days assured. The Board reserves the right to reject any or all bids.

### Health Departments Warn of Diphtheria; Immunization Urged

The Floyd County Health Department and the Kentucky Department of Health voices concern over the recent outbreak of diphtheria in the state. While no cases have been reported in this county, health officials were keeping their fingers crossed and urging immunization.

"The situation is serious," said Sara C. Stice, Division of Health Education, Frankfort, in a letter to the local health authorities. "Two people have already died from diphtheria in Scott county and the disease has now spread beyond Scott. As you know, proper immunization could have prevented these cases."

Earl Compton, sanitarian with the Floyd County Health Department, explained immunization procedure this week.

"Immunization against diphtheria should begin at the age of two or three months," he said. "Diphtheria toxoid is usually given to infants in combination with tetanus toxoid and whooping cough vaccine. This requires three injections, one month apart, for best protection. Another injection three to 12 months after this primary series is recommended."

"It is only through proper immunization that we can be protected from diphtheria," Compton added. "If anyone in your family looks or acts sick, has fever or complains of a sore throat, call a physician at once. If your child has diphtheria, his life may depend on your alertness and your promptness."

### GARRETT

The Garrett P.T.A. met last Thursday night in the high school auditorium with some 20 members attending. The Halloween carnival, which the group had sponsored on Halloween night, was discussed. More than \$200 was netted from the event. In addition, Mrs. Cox's seventh grade room netted over \$25.

The group launched its membership drive under the leadership of Mrs. Bessie Draughn, fourth grade teacher. Each room of the school will compete for membership subscriptions. The room that signs up the most parents, percentage-wise, will receive approximately \$25 worth of dictionaries for use by the room. The contest will close December 15. Each child will take a message home to his parents telling them what the P.T.A. is, what it has done and what it plans to do for the school this year.

The Ways and Means Committee is completing plans for a turkey shoot Sunday afternoon at 1 o'clock. There will be plenty of live turkeys and the ammunition will be furnished by the P.T.A. The shoot will be held in the Garrett ball park. Everyone is urged to come out to win a turkey for the Thanksgiving dinner and at the same time help your P.T.A. to help your school and your children. Coffee, cakes and sandwiches will be served on the grounds by the members.

The next regular meeting of the group will be Thursday night, December 7. All parents and teachers are welcomed and urged to attend.

### CARD OF THANKS

We wish to take this means of expressing our appreciation to everyone who in any way assisted us upon the passing of our beloved mother, Mollie Leslie. We are grateful to the many friends and neighbors who sent food and flowers, to the minister Jim Stratton, for his consoling words, and the Hall Bros. **TEACHERS MAKING BIG PLANS FOR SPENDING LARGER CHECKS**

Kentucky school teachers are making big plans this month for spending their salary checks, recently increased by sales tax funds.

More than one hundred teachers were asked what they plan to do with the money soon to come their way. The sampling, made in every school district in the state, brought forth these facts.

Further education is the basic goal of most of the teachers questioned. The majority of these indicated that they plan to finance all or part of their work toward a master's degree with the new increase. One teacher, who lacks 12 semester hours for her master's, will spend her increase commuting the 34 miles a day to college. She said, "I've spent most of the money I've made going to school. I don't regret it."

Second on the list is travel or vacations, including several planned trips to education association conventions. One teacher, who receives a \$1,200 increase, is taking a trip to her native Florida, which she hasn't seen since being sent to an Ohio orphan home in 1926. Another said she would "take some educational trips that I have long anticipated but could not afford on my old salary." And a Western Kentucky instructor spent six weeks in Europe.

**State History Group Elects W. A. Wentworth; Governor Combs, Speaker**

W. A. Wentworth, Frankfort, was elected president of the Kentucky Historical Society, Friday, at the 124th annual election of officers.

Wentworth is a former president-general of the Sons of The American Revolution. He succeeds Henry Harned, Frankfort, secretary of the Kentucky Bar Association.

Elected to serve with Wentworth were:

Attorney General John B. Breckenridge, Lexington, first vice-president; Jackson D. Guerrent, Danville, second vice-president; Edward A. Dodd, Louisville, third vice-president.

George M. Chinn, Harrodsburg, director; G. Glenn Cliff, Frankfort, assistant director and editor; Charles Manning, Frankfort, controller; Mrs. Eugenia Blackburn, Frankfort, curator; and Miss Frances Coleman, Frankfort, librarian.

Governor Combs, by law, is chancellor of the society. As speaker at the meeting, Combs noted that Friday was Veterans Day and urged members of the society to cherish the memory of those who served their country.

The historical society, Combs said, is more important in Kentucky than in most states because Kentucky has more tradition and history than most states.

Combs presented Maurice Henry, editor of the Middlesboro Daily News, a citation from the American Association for State and Local History for his paper's 48-page special edition covering the dedication of Cumberland Gap National Park.

Harned reported to the society that the 1960 Legislature granted it a new charter and that the society received a 122 per cent increase in its appropriation.

This, he added, enabled the society to contribute to the Civil War Centennial Commission, to microfilm county records, and to keep the old statehouse open for visitors on week-ends and holidays.

Re-elected to the executive committee were:

Lieutenant Governor Wilson W. Wyatt; Mrs. William B. Ardery, Paris; Mrs. E. C. O'Rear, II, Versailles; Lon Carter Barton, Murray; Richard L. Garnett, Glasgow; Mrs. Owen D. Moreland, Lexington; I. C. James, Harrodsburg; William Fitzgerald, Florence; Lt. Gen. Field Harris, Versailles; Mrs. Charles Milliken, Franklin; Judge John S. Palmore, Henderson, and Mrs. W. F. Sutterlin, Mrs. Bailey P. Wooton, Mrs. Charles N. Hobson, and E. Gaines Davis, Jr., all Frankfort.

Bel Air Sport Coupe. With up to 2 inches more head room; more leg room, too—front and rear.

**NEW-SIZE YOU-SIZE SIXTY-ONE DERFUL CHEVY**

Impala Sport Sedan. All 5 Impalas feature the deep-well trunk—the floor's recessed a full 7" to hold things that have never been inside a trunk before.

Brookwood 9-Passenger Station Wagon. One of 6 for '61. Each features a cave-size cargo opening nearly 5 feet across and a new concealed compartment under the floor.

Biscayne 4-Door Sedan—with the same sensible design you get in all the usable, livable, likeable '61 Chevies.

No needless bulk or overhang here. This '61 Chevy is built on the principle that the place you want space is *inside*. We put it there, too. Actually trimmed the outer size to give you extra inches of clearance for parking and maneuvering, and still worked wonders with inner space. Door openings are as much as 6 inches wider. Seats are as much as 14% higher. We've thought of everything. Increased rear foot room by slenderizing the driveshaft tunnel. Worked in sensible new ideas all the way back through that huge bin of a baggage compartment. See how thoughtful this one is? Full of good new things. Full of good old things, too, like Chevy's well-known thrift and dependability. The new '61's at your Chevrolet dealer's right now.

HARVEST FESTIVALS such as Thanksgiving have a long, long history. The early Greeks and Romans had their designated days of "Thanks" and their idea has come down through the centuries. Thanksgiving Day in America is probably our second most honored feast day... a day of family gatherings, cranberry sauce and usually too much turkey. To a closely-knit family, it's a day of fun and one, which true to our tradition, is observed by gathering the clan together and diving into that ever-present bird. All of us at Southern Bell hope you have a wonderful Thanksgiving Day and—Happy Eating!

In planning your family gathering, remember to let your telephone work for you. Handle all those last minute details by phone—it's so much easier.

AND, if your youngsters can't come home for Thanksgiving, why not call them and say hello over the holidays. Long-distance rates are low with extra bargains after 6 PM and on Sundays. It's fun to keep in touch by telephone.

YOU'LL ENJOY "The Thread of Life", newest TV program in the Bell Telephone Hour Science Series, Friday night, December 9, over NBC-TV. If you're interested in the mysteries of heredity, how we inherit our personalities, the characteristics of our parents, our chances of having an exact double, how many new babies will be boys or girls, and lots of other fascinating facts about the science of genetics, put a big red circle around December 9 on your calendar and check your newspaper for time and channel.

**THE CHURCH FOR ALL . . . ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

It's hard for grownups to grasp what it means to be a child today!

We grew up yesterday. The planes and radios which had startled our parents were commonplace to us. Television and jets we could take in stride. *But Space!* Who among us expected to live in a Buck Rogers era?

Yet to our youngsters nothing seems more natural than man's invasion of the universe. Everything that went before was preparation. We are ready to blast off. And the man who will establish our first colony on Mars is probably training for his mission in a sixth grade classroom . . .

Was there ever a time when religious, moral and spiritual development were more essential to our youth? The Truth man will cherish on Earth, and carry with him among the stars, is being taught every Sunday in our churches. Is your child . . . and the home in which he is growing up . . . FIT FOR THE AGE?

**CORNETT FAMILY**

We intercept a letter, via the column of Logan Ewell in the London (Ky.) Sentinel-Echo, recently for a letter of a Kathleen Dollar, of Amarillo, Texas, on the Cornett family of Southeastern Kentucky.

"My great-grandfather, who served in the Revolutionary War, was William Cornett, born in Henrico county, Virginia, 1761, died Perry county, Ky., Nov. 26, 1836. He was a son of John Cornett, of Buchanan county, Virginia. His first wife was Rhoda Gilliam and his second wife, Mary Everage. He raised 11 children and most of their descendants are still living in Kentucky."

This letter reminds that "Perry County, Kentucky, A History," compiled by the Hazard Chapter, Daughters of American Revolution, has two pages of information on the Cornett family.

Four sons and daughters of William Cornett were John, Arch, Lucy, and Elizabeth. John married Rachel Smith, settled on Carrs Fork; Arch, born in 1789, married Judy McDaniel, went to hosuekeeping on Clover Fork of Big Leatherwood Creek; Lucy married Woleary Eversole, son of Jacob Eversole, the pioneer; and Elizabeth married William Campbell.

Following the death of Rhoda Cornett and William's remarriage to Mary Everage, in 1796, they came to Kentucky, settled near Bull Creek, later Perry county, Ky. Here they lived the rest of their lives.

It seems that Mary Everage was also twice married and that by her first marriage, name of husband not learned, she had two daughters: Sally who married

Thomas McDaniel and Polly, who married Robert S. Brashear from Little Leatherwood Creek, Perry county.

Issue of the marriage of William Cornett and Mary Everage were: (1) Robert Bustard Cornett, born 1798, married Louisa Combs, a daughter of Elijah Combs, of Perry county; (2) Roger Cornett, born 1798, married Polly Lewis; (3) Nancy Cornett, married Samuel Combs, son of "Danger" Nicholas (Nick) Combs; (4) Rachel Cornett married John A. Caudill; (5) Samuel Cornett married Polly Adams; (6) Nathaniel Woleary Cornett, married Lydia Caudill; (7) Joseph E. Cornett, married Sally Brown. Joseph E. Cornett helped to lay out the town of Whitesburg and later served as a county judge of Letcher county.

William Cornett died, as the Texan correspondent of Mr. Ewell's said, Nov. 26, 1836, and his second wife, Mary Everage, survived until Jan. 28, 1852. Both were buried in the Cornett cemetery near their old home. An interesting story is told by his descendants as to why the old Revolutionary soldier selected this particular place to be buried. He had dreams of driving a wagon under a giant sassafras tree on the hill and was unable to get the team to move from under it.

Traditional accounts of the first visit of William Cornett to the Eastern Kentucky wilderness are preserved in the Cornett family. Cornett and Gideon Ison, while residing in Virginia, heard stories of the game-filled valleys over the mountains in the new state of Kentucky. They left for Southeastern Kentucky in 1796. Fear of Indian attack was not completely gone by 1796 and the pair, with their provisions and equipment for a long sojourn, took precaution from possible attack. Crossing Big Black Mountain, they moved slowly down the westward flowing valleys, and after four days of struggle over the rugged, almost trailless land, came to the mouth of Beech Fork of Big Leatherwood Creek. Around their camp were acres of level land, covered with giant trees and everywhere was the sign of game.

What a place to live, they mused and talked. But there were questions to be answered, practical questions every pioneer asked. Would the land grow crops, like those in Virginia? How long was the growing season? To test the seasons in East Kentucky they cut down a beech tree, planning to return in June. Their theory was that if the bark had bursted by then from the effects of the spring sunshine, it would be a sure sign that Virginia crops would mature in Kentucky. They returned the next year to make permanent homes, although there is no traditional account of what happened to the beech tree. William Cornett's first son, William Bustard Cornett, was born in the new land the next year.

**WHERE SHOULD YOU KEEP THOSE VALUABLE PAPERS?**

Do you need a safe deposit box? Unless you have a fireproof safe in your home, keeping valuable papers in a safe deposit box may save you money and worry in case of fire or theft.

Most banks rent safe deposit boxes of various sizes to fit different needs; the cost usually depends on the size. The box can be opened only during banking hours. However, the disadvantage and the expense of the box may be outweighed by the safety it offers.

To open your safe deposit box, a guard key kept by the bank and your key both must be used; since you must identify yourself to a bank employee before the box is opened and no other person can open it but you. You can appoint someone to open the box in your absence, but you must come in with him first and introduce him to the bank official.

Keep in your safe deposit box anything of value that cannot be replaced. You may also want to include items that would be difficult or expensive to replace.

Among the papers you may want to store there are: wills, stock certificates and bonds; insurance policies; property deeds; titles; bills of sale; leases or mortgages or real property; copies of birth certificates; naturalization papers; marriage, adoption or divorce papers, etc.

Have at least two lists of the items stored in your safe deposit box. Keep one list in the box and the other handy at home.

**CARD OF THANKS**

We wish to take this means of expressing our thanks and appreciation to everyone who helped in any way during the illness and upon the passing of our beloved mother, Margaret Bradley. We are grateful to the many friends and relatives, who sent food and flowers, to the ministers, Revs. Bell and Green Boyd, for their consoling words, and the Hall Bros Funeral Home for its thoughtful and efficient service.

**EXPRESS APPRECIATION**

Our home was recently burned, destroying everything we owned. We would like to take this opportunity to thank our wonderful family and friends for the household appliances, food, clothing and gifts of money. We wish especially to thank those who took us into their own homes until we had a home of our own. Mr. and Mrs. Samuel G. Conn and sons, Banner, Ky.

**COOPERATION**  
brings electricity to 4,443 rural families in Johnson, Lawrence, Floyd, Knott and Martin counties.

**VOLUNTEER FIRE FIGHTERS OR POWER LINE REPAIR CREWS!**

There's not a man or boy here in Kentucky who won't turn out to lend a hand at the cry of "Fire!" To provide effective fire fighters in the less populated rural areas, volunteer fire departments have been organized and trained. No one gets paid—no one expects to. It's merely another case of neighbors banding together to take care of their own needs by themselves.

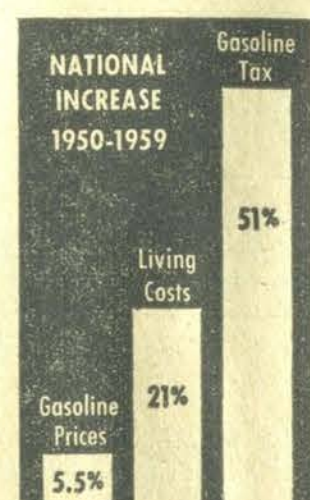

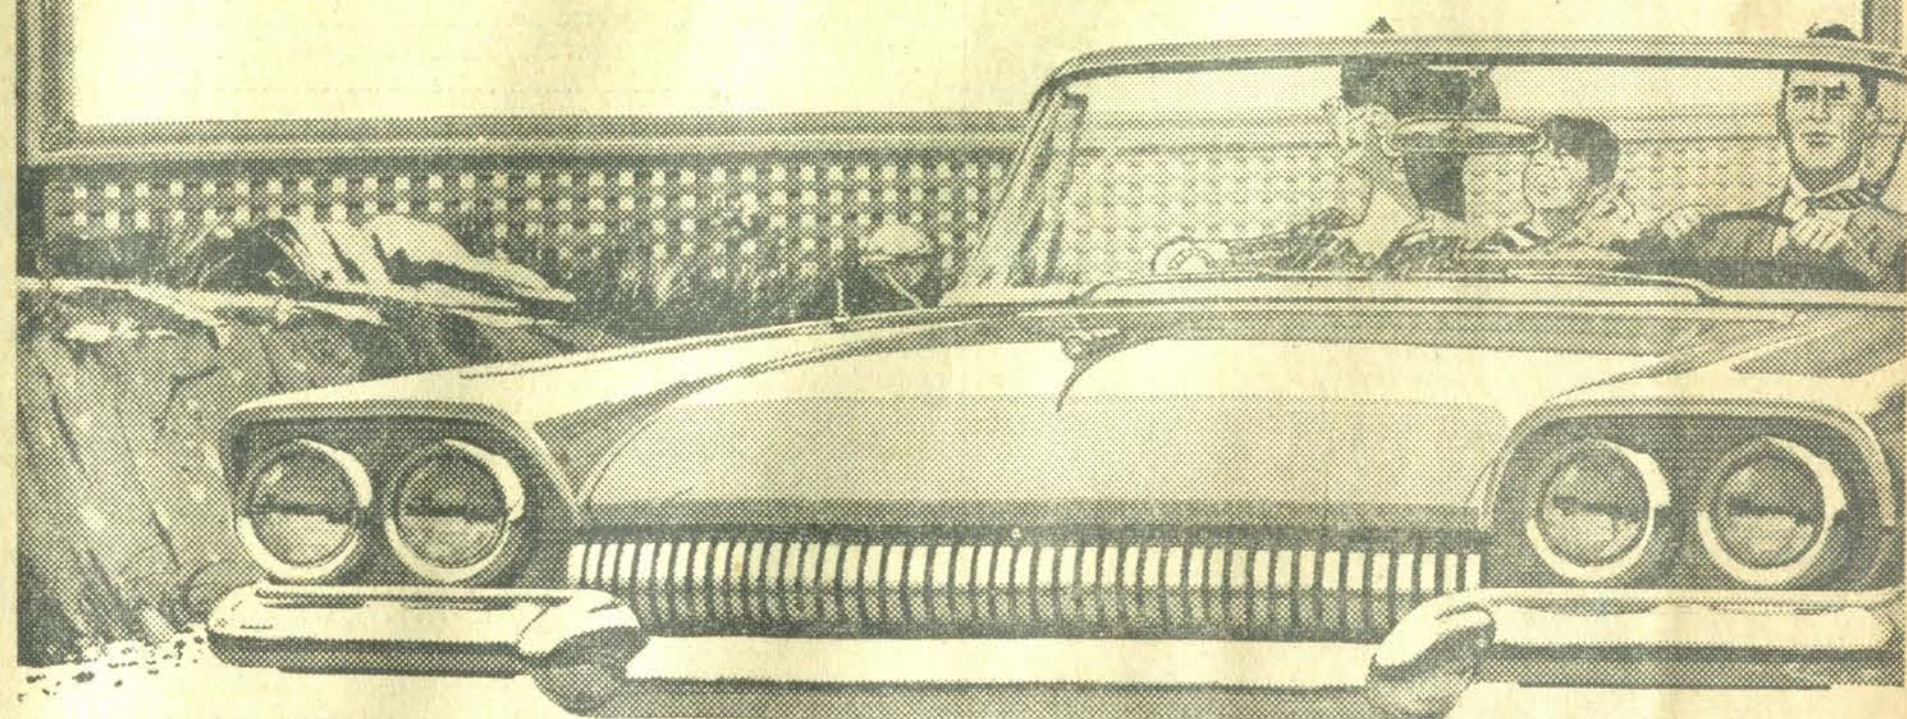

Rural electrification is neighborly cooperation, too. And the power line crews doing emergency repair work day and night in all sorts of weather are symbols of that cooperation. Kentucky's Rural Electric Co-ops . . . created by folks who got together to make a better life for themselves . . . show how neighborly cooperation serves our Commonwealth. As the countryside has brightened and prospered, so the townspeople have benefited, too. The new rural prosperity made possible by electrification is spent in the cities and towns.

You pay \$1.10 tax  
on 10 gallons of gasoline**

Gasoline taxes up 51% in ten years

Federal tax to 4 cents a gallon, in addition to the State tax of 7 cents a gallon.

Looking at it another way, in the last ten years gasoline taxes have skyrocketed 51%—yet the price of gasoline itself has risen only 5.5% during the same period. \$78 a year for gasoline taxes! Gallon by gallon, these taxes add up to a lot of money. Each year the average motor vehicle owner in this state pays \$78 for gasoline taxes alone. That's just a few dollars less than the average week's pay for most people!

In Kentucky, car owners pay \$1.10 tax on every 10 gallons of gasoline they buy.

Does a tax this high—on a basic commodity like gasoline—really make sense? Gasoline taxes in this state amount to a 50% sales tax—and that's over five times as high as the tax rate on luxuries like diamonds and mink coats.

How did gasoline taxes get so high? Well, since World War II, there have been three increases in the federal gasoline tax alone. This brought the

Your gasoline retailer—who must collect these taxes from you—feels that gasoline taxes are much too high. More and more, thinking people are coming to agree. What do you think?

**HIGHWAYS AND GASOLINE TAXES**

Your gasoline retailer, naturally, favors construction of the roads that the motoring public needs. He believes in fair and reasonable taxation for this purpose but feels that taxes on gasoline have now reached unreasonably high levels. He also believes that all special taxes on the motorist should be used only for highway purposes. Yet last year, out of every automobile tax dollar collected by the Federal Government from highway users, more than 40 cents went for non-highway purposes. If these automotive tax revenues were dedicated for highway purposes, there would be no need for the latest increase in the federal gasoline tax.

The gasoline you buy... is taxed too HIGH! Your Gasoline Dealer

Everybody's trying to copy Ford's styling...  
Everybody's trying to talk Ford's value language...  
**BUT ONLY FORD'S GOT THE REAL THING FOR YOU!**

1961 Ford Galaxie—like all Ford cars carries a Dealer's Extended Warranty.

We're proud as punch that all the car makers are trying to get aboard the style trend started by Ford! We're also proud that they "followed the leader" on the Ford Dealers' extended warranty! Good luck, fellas! But one thing they can't even begin to copy is the amount of value Ford can pack into a car for the price you pay! That's Ford's secret, and we're keeping it under lock and key!

The prices are out and one thing is clear. Model for model, equipment for equipment, the '61 Ford is your greatest value! Whether you measure cars by performance, ride, comfort, or looks—Ford gives you the most for the least. And the '61 Ford is packed with new features that keep you out of repair shops, too. Come in and learn how you can save . . . today.

First shop your Ford Value Dealer F.D.A.F.

Here's how the '61 Ford Takes Care of Itself... the first 1961 car dealer-warranted for 12,000 miles or one full year

- Lubricates itself. You'll normally go 30,000 miles between chassis lubrications—which cost less than \$4.00.
- Cleans its own oil. You'll go 4,000 miles between oil changes with Ford's Full-Flow oil filter.
- Adjusts its own brakes. New Truck Size brakes adjust themselves automatically for the life of the lining.
- Guards its own muffler. Ford mufflers are double-wrapped and aluminumized—normally will last three times as long as ordinary mufflers.
- Protects its own body. All vital underbody parts are specially processed to resist rust and corrosion.
- Takes care of its own finish. New Diamond Lustre Finish never needs wax.

Warranty. Ford Dealers led the industry in extending the warranty on '61 Fords to 12,000 miles or one full year, whichever comes first. See this warranty at your Ford Dealer's now.

**MEMORIAL OBITUARY**

**James A. Rice  
Floyd Mine  
Owner, Dies**

Garrett, Ky. — James A. Rice, 57, prominent Floyd county coal mine operator, died Tuesday, Nov. 1, at the St. Mary's hospital in Huntington, W. Va., after a long illness.

A native of Johnson county, he was a son of the late James Albert Rice, Sr., and Dolly Crisp Rice. Rice moved to Floyd county at an early age and worked several years as a laborer before entering the truck-mine business about 15 years ago. He owned and operated the Rice Elkhorn and the R. G. Elkhorn coal companies.

He was a 32nd degree mason, a Shriner and a member of the Eastern Star. He was also an elder in the Church of Christ at Hueysville. Survivors include his wife, Mrs. Hazel Compton Rice; two sons, Reginald and Jerry Lee Rice; two brothers, Perry B. and Barton Rice all of Garrett, and four sisters; Mrs. Minnie Witten, Witten, Ky.; Mrs. Maude Daniels, Garrett; Mrs. Walter Hitchcock, Ashland, and Mrs. H. F. Terry, Martin.

Services were held Friday, Nov. 4th at the Hueysville Church of Christ with Evangelist Bill Ford of Pikeville and L. B. Price of Wayland officiating. Burial was made at the Davidson Memorial Gardens, Ivel, under the direction of Hall Brother's Funeral Home.

**FANNIN PROMOTED**

Otto Fannin, Jr., of Martin, has been promoted by the Commercial Credit Corporation to the post of credit manager of its Portsmouth, O., office, being transferred there from Jacksonville, Fla. He recently attended a two-week training course sponsored by his company in Baltimore, Md.

**CRANBERRY STUFFING**

Fork chops are popular with many Kentucky Homemakers because they "go so well" with many other foods and can be served in a variety of ways. With both pork and cranberry products plentiful, the U. S. Department of Agriculture suggests serving cranberry-stuffed pork chops as "something different" yet appealing and tasty.

For the stuffing, use whole cranberry sauce, combined with fine bread crumbs, chopped parsley, diced celery, orange juice, sugar and salt. Use double thick center-cut chops; after stuffing, place them in a baking dish. Cover the dish and bake in a moderate oven an hour, leaving the dish uncovered during the final 15 minutes for browning the chops.

**Sam C. Justice, 66,  
Bevinsville, Victim  
At McDowell Hospital**

Sam C. Justice, 66, of Bevinsville, died Monday at the McDowell Memorial hospital. Although a disabled miner for 37 years, death was sudden and followed only a brief illness.

Mr. Justice was a son of Jay and Kissie Webb Justice. His wife, Laura Mullins Justice, preceded him in death.

Surviving is a son, Doffie Justice, of Ligon and two daughters: Mrs. Harry Hall, Bevinsville, and Mrs. Connie Rhodes, Cincinnati. Surviving are two brothers and two sisters: Henry Justice, of McDowell, Kenneth Justice, Columbus, O., Mrs. Frances Mullins, Dante, Va., and Mrs. Halie Keene, of Printer.

Funeral rites were conducted today (Thursday) at 10 a.m. from the United Baptist church at Hi Hat and burial was made in the Newman cemetery under the direction of Hall Brothers Funeral Home.

**BUYING BEDDING**

Rip Van Winkle slept for 20 years. Yet in your lifetime, you probably will spend more time asleep than he did. That's why a comfortable bed that encourages sleep is so important.

Comfort begins with a bed that has a good frame. The steel side pieces of the frame should overlap from 5 to 7 inches. The kind of casters you select will depend on whether the bed will be placed on a rug or on a wooden floor. Casters with brakes are available. Choosing the right springs and mattress is important. Consider the two together, because the springs and mattress should be built for each other for comfort and long wear. Remember that each sleeper needs 39 inches width for maximum sleeping comfort. And choose the type of mattress—soft, medium or hard—preferred by the person who will be sleeping on it.

Hundreds of springs, well-secured and well-padded, are the major features to look for when shopping for springs and mattress. Also check the handles on the mattress, the ventilators and firmness of the edge. Note how the side wall is held in position; poorly-built side walls may give way quickly.

When buying sheets, choose either a fitted sheet or one long enough to stay tucked in. Good quality percale sheets last longer than medium quality muslin. You have a wide choice of fibers for blankets; several light-weight ones give more warmth and are more comfortable than one heavy blanket.

Don't forget to read labels and know just what you're getting when you shop for any kind of bedding.

**CLUBWOMEN MEET**

The Allen-Martin Woman's Club held its November meeting on Nov. 7, at the home of Mrs. John C. Hall. The business session was presided over by the president, Mrs. Duna Combs. Mrs. Frances Sherman reported that at a recent meeting of the Executive committee it had been decided that the club accept the offer by the town of the old water plant building to be used to house its library. Mrs. Frances Sherman was named a committee of one to see about necessary repairs. The library should be in the new location by the first of next year.

Mrs. Combs presented a program on fine arts, using slides furnished by the National Gallery of Arts, concluding with slides by the artist, Charles Dix, of Wisconsin. Following the program, Mrs. Hall served a dessert to the following members: Mesdames J. D. Adams, R. R. Allen, I. A. Combs, J. W. Hall, David Marrs, Carl Martin, Wm. Martin, John P. Sammons, John J. Sherman, Beecher Scutcheff, G. C. Spradlin, Everett Tackett, Miss Nell Music, Audie Lee Hall, Mrs. T. J. Allen and guest Mrs. Edith Reclmore.

The December meeting will be at the home of Mrs. Glenn Spradlin, with Nell Music as co-hostess.

**WOMAN'S CLUB MEETS**

The Lackey-Garrett-Wayland Woman's Club met at the home of Mrs. Crit Wells, November 9, for an all-day sewing meeting. A quilt top was almost completed during the day.

A letter was read from Mrs. Lon C. Hill, requesting the club to give \$9.50 to the Floyd County Health Department to be used for kitchen facilities at the Health building. Club members voted to send a check immediately.

Lunch was served by Mrs. Wells to Mesdames Earl Castle, Glenn Pack, Harry Sherman, Ellen Hornsby, Charles Hornsby, J. E. Miller, N. D. Howard, S. M. Martin, Otis Kilburn and guests from Wheelwright, Mesdames C. R. Tankersley, Arthur Bradbury and Roy Souleyrette.

The next club meeting will be Friday, November 18, at the club house.
