SPEAKING OF AND FOR FLOYD COUNTY
PRESTONSBURG, KENTUCKY

JANUARY 26, 1961

THURSDAY

This Town-- That World

Newspapers will remain human as long as they refrain from referring to new babies as tax exemptions.

These TV commercials wherein manufacturers of soaps, soap powders and other--er, abrasives offer roses with one brand, dishes with another remind us that a newspaper would have to offer a horse-whip with every subscription to be in a competitive position.

HOW DO YOU WRITE IT?

I have seen the word written, "underway," so often of late that I have been almost convinced I was simply being stubborn in writing it as two separate words. But a brief consultation of Webster's confirms the feeling I had that "underway" isn't the way to write it. There just ain't any such word. Usage, of course, will make one word of it, if it hasn't already succeeded in doing so. But it would be just as reasonable to add these words to the dictionary: "onway," "inway," "improgress," and even "underconstruction."

Then I think of "underwent," "undergone" and many others. Little wonder that the English language defies learning.

Why is it that "cornmeal mush" is out of place and not nearly so good unless it's snowing or the wind is howling around the eaves?

COMPLAINT
A certain lawyer-friend almost had me on the ropes with this communique till I contrived to summon up all my astute reasoning powers and come to the conclusion that he was giving me a ribbing. It reads:

"I have, sir, a complaint to make which, I feel, is fully justified. I refer to your edition of Jan. 19 in which appeared a news item pertaining to certain damage suits filed in the Clerk's office of the (See Story No. 1, Page 6)

WINSTON FORD HEART VICTIM

On Florida Vacation; Highway Contractor Succumbs Unexpectedly

William Winston Ford, 50, prominent Prestonsburg contractor, died of a heart attack Tuesday afternoon while vacationing with his family in Ft. Lauderdale, Florida.

News of Mr. Ford's death was received here as a shock by relatives and friends. Mr. Ford had flown to Ft. Lauderdale last Friday to join his wife and other members of his family who had gone there a few days earlier. He apparently was in his usual health, and the attack was unexpected. Death followed soon afterward.

Mr. Ford was best known as a road construction contractor, and only last week was apparently the successful bidder on construction of a sector of the Dewey Lake road. He had been in the contracting business about 25 years, and his operations extended over a wide area of Kentucky.

He was a son of Mrs. May Ford Hyden and the late Grover Ford and had spent all his life here. He was first married to Sarah Virginia Compton, of Pikeville, and after her death to Vera Vinson, of Danville. His widow, one son, Winston Ford, Jr., his mother, one brother, J. B. Ford, and two sisters, Mrs. Robbie Marcum and Mrs. Kenneth Allen, all of Prestonsburg, survive.

The body is expected to arrive here Friday night. Funeral rites will be conducted Sunday afternoon from the First Methodist Church here, the Revs. Harold W. Dorsey and Orin M. Zimmerman officiating. Burial will be made in the Porter cemetery here under direction of the Carter & Callihan Funeral Home.

Court House Happenings

SUITS FILED

MARRIAGE LICENSES
James M. Flannery, 23, Ligon, and Barbara F. Chaffins, 20, Wayland, William L. Reed, 27, Toledo, Ohio, and Janice Faye Salyer, 21, Oil Springs, Ky.

OPERATION BOOTSTRAP SUCCESS IS REACHED

GOAL MARK IS ATTAINED ON WEEK-END

"Tying the Bootstrap" Observance Is Slated At P.-T.A. Festivity

Now history, "Operation Bootstrap" will give way Friday evening at 7:30 to a new event--"The Tying of the Bootstrap."

Tying the Bootstrap comes after the other operation is all wrapped up and marked "successful" in bold letters. It will be the event staged at the high school cafeteria by the Prestonsburg high school Parent-Teacher Association as it jubilantly marks the successful conclusion of a drive to raise \$30,500 toward the construction of a complete athletic field on the high school grounds for the use of the entire area served by the school.

By raising the required \$30,500 the Parent-Teacher Association qualified for a \$9,500 appropriation from the Floyd County Board of Education. That goal was met at 11 a.m. last Saturday.

The "Bootstrap" will be tied with a special meeting of the Parent-Teacher Association at which County Superintendent Charles Clark the five members of the Floyd County Board of Education and two former members, Mrs. W. D. Osborne and J. E. Campbell, will be guests. The Board's check for \$9,500 will be presented the P.-T.A. at that time.

Also expected to attend the special meeting are Mrs. Wanda McClernon, vice-president of the Kentucky Congress of Parents and Teachers, and Mrs. Nolte, editor of the state organization's official magazine. Both are from Ashland. All friends of the school are being invited to the victory party.

The Board of Education's contribution was voted last year on the condition that the Parent-Teacher Association have on deposit \$30,500. Confronted by the task of raising that amount, the P.-T.A.'s Building & Improvement committee, headed by Byron M. Thompson, first explained by newspaper and radio the plan in detail. Its non-political aim and its purpose of serving not only those students who reside here but all who reside in the surrounding area served by the school. Then Youth Confidence Bonds and Certificates were offered for sale.

There was a singular unanimity of purpose in the entire undertaking, members of the committee working hundreds of (See Story No. 3, Page 2)

ORGANIZATIONS LEAD JUNIOR COLLEGE MOVE

Cooperation is the keynote as Floyd counties begin combining their efforts to win the location in the county of a two-year college.

Location somewhere in the county, not any particular site, is being stressed. Inability to vote together as a group is being recognized as a prime weakness and the principal reason why the county has been unable to have such an institution.

WORK NOTED BY EXTENSION

In Annual Summary; County Agent Reports On 1960 Activities

A summary of activities last year by the Floyd County Extension Service was released this week by Robert M. Jones, county agent. The release also gave a preview of the 1961 agriculture program.

Jones noted that the Extension staff, composed of himself, Jack Friar, assistant agent, and Frances Howland, home agent, made 1,289 farm and home visits, distributed 5,150 bulletins, held 350 meetings with an aggregate attendance of 10,517 persons. The staff traveled 34,427 miles. It was reported.

The report listed three chief categories of activity. These were in the field of 4-H club work, work by the Homemakers and in agriculture. Friar notes that there are 1,276 4-H members who performed 1,904 projects last year. These were chiefly in sewing, cooking, woodwork and electricity.

Activities listed in the 4-H Club field included:

1. Rally Day activities in which 220 members participated. Six Floyd county members were judged district demonstration winners and of the four members attending the State Fair, two received blue awards.
2. The County Talent Show featured eight club and 14 individual acts with over 100 participating members.
3. Seventy-five club members attended the district 4-H camp.
4. Two judging teams were trained with the poultry judging team that was named third in the state. The soil judging team was named fifth in the state.
5. Raised \$326 for the district 4-H camp.

The Homemakers division of the 1960 summary pointed out these facts:

1. The county has five Homemakers Clubs with 177 members.
2. The Homemakers have been in existence in the county since 1957 and a year that members have given lessons in foods, clothing, home furnishings and mosaic tile.
- A special activity listed in agriculture for last year was the sawmill clinic held for operators at Allen.

The family garden improvement program was started last year. Jones noted that 20 acres of strawberries were produced with several fields producing over 300 crates per acre.

Interest in forestry was promoted and the report pointed out that a record number of tree seedlings was planted last year.

ADVICE GROUP VOTES MEET

With School Leaders; Conference Is Sought On Education Problems

The Floyd County Education Council Advisory Committee at its first official meeting Tuesday evening voted to confer with the board of education and key school administrative personnel on problems facing the school heads.

Harry Zimmerman, of Wheelwright, chairman of the committee, was directed to issue the invitation to the board and others. It is planned to have the meeting Tuesday evening, Feb. 21, at Allen.

Herald Is Appointed To Direct Assistance On Conservation Here

With four new appointments, Kentucky Conservation Commissioner J. O. Matlock and the Soil and Water Resources Commission have completed the field staff for giving direct assistance to Kentucky's 121 soil conservation districts.

One of the four is John Herald, stationed at Paintsville and serving the counties of Greenup, Carter, Boyd, Elliott, Lawrence, Morgan, Johnson, Martin, Wolfe, Magoffin, Floyd, Pike, Breathitt, Knott, Perry and Letcher.

TEACHER PAY TO INCREASE

High Qualifications Offered by Applicants For Positions In County

Teacher applications received for all, or nearly all, of the 472 positions in this county for the coming school year are showing a high increase in qualifications, it was said by Superintendent Charles Clark this week.

Noted, too, is the high number of out-of-state teachers with degrees applying for jobs in this county. All are natives who had left employment years ago to teach elsewhere. Clark noted that at least 20 had asked for positions.

There are 15 new applicants who have degrees but have never taught before, it was said, and about 40 are teachers who have held emergency certificates and will be certified by school opening date.

Clark said that all degree teachers will receive an automatic raise of \$200 annually the next term and that teachers without degrees will get an additional \$100 a year.

"We expect to work very closely with the budget committee of the Floyd County Teachers Association to arrive at an equitable salary schedule for everybody concerned," the superintendent said.

He also announced that teachers will be placed in the position of their choice, if possible.

"Each teacher will be placed where it is convenient and where they are best qualified," Clark added.

If teachers can't be given their choice for some reason, the teacher will be invited for an interview to seek an understanding about another position, he explained.

For the first time in many years teachers will be given a written contract. Teachers eligible for a continuing status will be provided with that contract. It was said that a person eligible to a continuing contract was one who has had six years' tenure or who will be beginning the sixth year in one position.

Teachers will be recommended for their positions at an April board meeting.

Jarratt Wood Promoted To Sales Supervisor

Jarratt M. Wood, power sales engineer in the Pikeville district of Kentucky Power Company, is being promoted to general heating sales supervisor for the company in Ashland.

He succeeds Roy L. Sallee, who is being promoted to the air conditioning division of the American Electric Power Service Corporation in New York City. Kentucky Power is part of the AEP System.

ASK DAMAGES OF \$152,649

Negligent Operation Of Barnett Automobile Alleged by Plaintiffs

A suit for \$101,149 filed last week in circuit court here against Radford K. Barnett, of Martin, brought to \$152,649 the total damages sought of him as a result of the Dec. 23 automobile collision on KY. 114, near here, in which one man was killed and two others were injured.

This latest action raised the total asked in damage suits within the last two weeks to \$238,649.

In all the suits filed negligent and careless operation of their vehicles was alleged against the defendants.

The \$101,149 suit against Barnett was filed by G. C. Perry, Paintsville attorney, representing Winfield Holbrook who was seriously injured in the wreck near here. Norman Lee's widow, Mrs. Dess Bolen Lee, filed the first suit against Barnett, asking \$51,500.

Other suits filed as the aftermath of auto fatalities or injuries were:

Ralph Moger vs. Flossie Johnson, Verdell Johnson and the U. S. Fidelity & Guaranty Co., damages in the death of Clyde Douglas Moore, \$29,000; Josie McCown Tackett vs. Flossie Johnson, et al for injuries to her son Danny in the same wreck, \$57,000.

Mrs. Gloria Dean Salisbury Vick seeks to recover \$20,000 from the Commonwealth Life Insurance Company in a suit filed here last Friday. Her petition, prepared by Commonwealth's Attorney Hollie Conley, claims that amount on a policy issued on the life of Orris Salisbury who was killed in an automobile accident at Martin, Dec. 10.

Mrs. Vick, though divorced from the insured in July, 1958, claims she was the sole beneficiary. Besides asking the death benefit amount of \$20,000, the suit also demands compliance with a provision of the policy which would give her a \$500 paid-up life insurance policy, plus a policy in the same amount for her son, Anthony Bryant Salisbury, until he reaches the age of 21.

FORD NAMED LOW BIDDER

On Lake Road Work; Completion Will Close Gap In Scenic Highway

The Winston Ford Company of Prestonsburg is low bidder on grade drain and bituminous surfacing of 2.86 miles of the Dewey Lake road from Goble Branch to Stratton Branch, the State Highway Department announced last week. Its bid was \$220,368.30.

Bids totaling \$4,175,000 were received by the highway department on improvement of roads and bridges in six counties. The Dewey Lake road was the only Eastern Kentucky project.

Work on the lake road will await the coming of spring. When completed this will close the last existing gap in a lakeside scenic route extending all the way from the dam to the State park boat dock and connecting with U.S. 23 at Lancer.

Work on the golf course near the boat dock has been almost at a standstill during the last few weeks because heavy machinery needed for drainage operations cannot be moved onto the water-soaked ground.

FORMER STATE REPRESENTATIVE KNOWN FOR HELP TO BEREAVED AREA FAMILIES, HEART VICTIM

The only man ever to be elected to office from this county without a relative residing in the county died here last Thursday morning.

The victim was 60-year-old William Guy Biggers, former State Representative from the 96th district of this county. A native of Glasgow, Barren county, he was twice elected Representative from Floyd--in 1943 and in 1945.

Mr. Biggers was stricken ill about 9 a.m. last Thursday while in the Hager May Market here. A few minutes earlier he had chatted with friends and apparently was in good health. He was dead upon arrival at the Prestonsburg General hospital a few minutes later.

A son of Mrs. Emma Depp Biggers and the late Dr. Lon C. Biggers, of Glasgow, he came to this county in 1932 as county supervisor of projects for the Works Progress Administration. He never left Floyd

FOOD FOR THE NEEDY DOUBLED BY KENNEDY

Bonanza Man Victim Of Diabetes; Funeral Rites Held Saturday

Billy Howell, 29, of Bonanza, died Jan. 18 at the Prestonsburg General hospital of diabetes. A farmer, he was never married.

Mr. Howell was a son of the late Davy Howell and Mrs. Klissie Meade Howell, Plainsfield, Ohio. Surviving brothers and sisters are Davy Howell, Jr., Bonanza, Mrs. Earl Miller, West Prestonsburg, Winifred Howell and Mrs. Jay Baldrige, of Cliff, Chester Howell, Detroit, Mich., and George Ernest Howell, Springfield, Ohio.

Funeral rites were conducted at 2 p.m., Sunday, from the Pruitt Memorial chapel on Abbott Creek, the Rev. Dewey Conley officiating. Burial was made in the Meade cemetery on Abbott Creek under the direction of the Moore Funeral Home.

APPEAL MADE BY BLACKBURN

In Second Conviction; Slone Trial Continued To April Court Term

Bennie Blackburn heard a jury Monday declare him guilty for the second time in little more than a month, and Monday's verdict added a two-year pen term to the 21 years imposed on him at the December court session for the slaying of Bill Buck Baker.

He was convicted Monday of shooting and wounding with intent to kill James "Red" Slone.

Both Slone and Baker were shot while on Blackburn's premises near Knotley Hollow.

Slone claimed he was shot four times from behind as he turned to leave Blackburn's trailer-home following an argument between him and his host. He admitted both were drinking and that he used objectionable language but claimed that when Blackburn took offense to his remarks he started to leave the trailer.

Blackburn testified he fired on Slone only when the latter attempted to turn a shotgun on him. The defense also contended Slone was not shot four times.

An appeal from the 21-year manslaughter sentence in the slaying of Baker is being prepared, and Blackburn may also appeal Monday's verdict.

Trial of Mrs. Cora Slone on a charge of slaying her husband, Allen Slone, was continued this week till April 13. Allen Slone was the father of James "Red" Slone, complaining witness in the case against Blackburn. Her first trial ended in disagreement of the jury.

Date for the trial of Mrs. Corsy Francis, who was named in a murder indictment in the bullet wound death of her husband, A. B. Francis, of Whitesburg, has not been set. Francis was fatally shot while he and his wife were visiting at the home where Allen Slone's body lay awaiting burial.

James Jacobs entered a plea of guilty this week to a charge of escaping jail, and was sentenced to jail for one day. He had served 29 days in jail already.

(See Story No. 4, Page 3)

COMBS LAUDS UNEMPLOYED AID INCREASE

Flood Control Work, River Canalization Possibilities Seen

Meat and eggs will be added to the diet of relief clients, it was announced Tuesday.

County Judge Henry Stumbo said Wednesday he has already signed a contract pledging Floyd county to handle fresh butter for distribution to the needy.

A double share of surplus foods to the needy was one of the first directives made by President Kennedy following his inauguration, and later new Labor Secretary Goldberg announced he favors some quick federal aid to the unemployed who now exceed 5,500,000.

Lauding the President's announcement that more surplus foodstuff will be available for the needy, Governor Bert Combs said at Frankfort this week:

"President Kennedy's immediate and sensitive action in directing practical use of food stockpiles encourages my belief that he will undertake highway and water control work with a similar sense of urgency."

Fishtrap Reservoir, the budget allotted \$900,000 by President Eisenhower, was approved by Ex-President Johnson in the director of the administration, closing days of his administration. Last year, the U.S. Army could Engineers said \$3,700,000 could be put to use in construction of the dam.

Big Sandy River canalization immediately rose to mind in the valley when mention of waterways and flood control were hinted as possible projects of the Kennedy administration.

More than 9,000 Floyd county residents are receiving foodstuffs. Unemployment, a chronic ailment here, has mounted in recent months.

Said Governor Combs this week:

"The Kentucky state government will continue to co-operate in every possible way in administering the surplus-food program. We will go out of our way to eliminate distribution bottlenecks which could arise."

(See Story No. 2, Page 5)

MRS. HARKINS HEADS DRIVE

For Annual Heart Funds; Appointment Announced By Kentucky Chairman

Mrs. Mary Jane Harkins, of Prestonsburg, will head the forthcoming 1961 Heart Fund drive in Floyd county. Her appointment as county chairman has been announced by Charles R. DeSpain, Bardstown business executive who is state campaign chairman.

The Woman's Club of Prestonsburg is sponsoring the county-wide drive. This will be Mrs. Harkins' fourth year in a leadership position in the campaign.

Mr. DeSpain also announced the appointment of Mrs. Georgia Cantrill, of Wheelwright, as chairman for that community, and of Mrs. W. L. Reed, of Drift, as chairman for the Drift and McDowell areas. Both the Wheelwright and the Drift-McDowell Woman's Clubs are sponsoring the campaign in their respective areas.

The Heart drive begins on February 1 and continues through the month.

Dr. DeSpain emphasized that the role of the Kentucky Heart Association in fighting heart and blood vessel diseases through its multiple year-round activities in this state has increased enormously in recent years and is showing outstanding results. "For this reason," he said, "the only goal for the 1961 drive is to top last year's collection of \$351,000 by as great a total as possible."

Most Kentucky communities will climax their campaigns with the special door-to-door Heart Sunday collections on February 26, he announced.

WHEN ONE WORD COUNTS
Omission of the word "not" from the report in last week's Times of the John Graham Chapter D.A.R. meeting here destroyed the intended meaning of a request made of members. A letter from Mrs. Barnes read at the meeting asked that members write their Congressman requesting that the House Committee on Un-American Activities not be abolished. We failed to include the "not."

RETURN FROM FLORIDA
Mr. and Mrs. Marvin Music, Mr. and Mrs. Burl Spurlock returned home Sunday from a vacation in Miami, Florida. While there they spent a day at Nassau in the Bahamas.

IN HOSPITAL HERE
Russell Pelfrey is a patient at the Prestonsburg General hospital, suffering from a severe attack of influenza.

Revival Is Scheduled By Methodist Church; Rev. Moran To Preach

The Eight Days for Christ Crusade sponsored by the First Methodist Church here will begin Sunday. It was announced this week by Rev. Orin Simmerman, pastor. It will continue through February 5.

Rev. Eddie Moran is the scheduled evangelist and Bob Anderson, music major at Asbury College, will lead the revival choir. A feature of Saturday evening will be the presentation of a film, "Operation Abolition," that portrays Communist activities among the "beatniks."

Rev. Simmerman issues a cordial invitation to the public to attend the services.

SHOWER FOR MISS HARKINS

Miss Barbara Baker Harkins, bride-elect of Mr. Charles A. Wiechers, Jr., was honored with a miscellaneous shower on January 21 at 8 p.m., at the home of Mrs. Tom Graham Dingus on Highland avenue. The home was decorated with bouquets of carnations. The dining room, lighted with candlelight from the serving table, with pink and white carnations as an added decoration, was beautiful. The refreshment table was covered with an Italian cut cloth. The centerpiece of pink and white carnations was flanked by small lacy parasols and branched silver candleabra holding pink candles. Nuts and dainty bridal mits in silver containers were on the table where decorated cakes were served to the guests. Mrs. R. V. May presided at the punch bowl. Mrs. George P. Archer poured coffee. Gifts were displayed on the first level. She received gifts of linens, crystal, silver, kitchen utensils and many household items, for which she expressed her appreciation to all present and the hostesses, Messdames Charles Frazier, Marvin Music, Earl McDonald, Curt Homes, Osa F. Ligon, Ruth Isbell, E. R. Burke, George P. Archer, C. L. Hutsinpiiler, Homer Salisbury, J. B. Clarke, Fred G. Francis, Tom G. Dingus, Marshall Mahan.

AT ST. MARY'S HOSPITAL

Mrs. Agnes Spradlin is doing nicely at St. Mary's hospital in Huntington. She suffered a broken hip when she fell at her home on Arnold avenue last week. Her son, Alex Spradlin, and Charles Friend, Jr., have been at her bedside. Mr. Friend returned home Sunday.

UNDERGOES SURGERY

Mrs. Ralph Torrech, nee Patsy Marcum, is now at her home at Norfolk, Virginia, after having undergone major surgery at a hospital there. She is doing nicely, which is good news to her family and many friends here. Her cousin, Mrs. Kenneth Verley, is visiting her during her illness and convalescence.

HONORED ON 12TH WEDDING ANNIVERSARY

Mrs. James Allen was honored on her 12th wedding anniversary, January 22, by her mother, Mrs. Theekley Short, at her home at Lancer. Mrs. Allen was presented gifts by Mesdames Grover Lowe, Rebecca Rasnick, Bill Pettey, Jerry Stephens, Mr. and Mrs. John Warrick and Miss Burieta Gearheart. Mrs. Short served refreshments.

ATTEND INAUGURAL

Mr. and Mrs. Paul C. Combs and Barkley Sturgill have returned home from Washington, D. C., where they attended the inauguration of President John F. Kennedy. Mr. and Mrs. Combs also visited their son who is attending school at Arlington, Va.

Wheelwright Club's Committee Chairmen Named by Bradbury

Arthur Bradbury, president of Beaver Valley Kiwanis Club, Wheelwright, has announced the following committee chairmen:
Cliff J. Aders, public relations; H. M. Wiley, support of churches; Paul Linkous, education and fellowship; Joe Peraino, programs and music; E. Minor Pace, public and business affairs; Steve Clark, Key Club; James Conley, attendance and membership; Bill Lockin, boys and girls; Charles Hopkins, agriculture and conservation; L. B. Jesse, underprivileged children; Lloyd Stumbo, vocational guidance; Wallace Frazier, inter-club relations.
Mr. Bradbury, in making the appointments, reiterated his pledge to a continuation of the community service projects which his club has sponsored in the past, and called on all committee members and chairmen to help all they could this coming year.

ATTEND BIGGERS FUNERAL

Friends from here who attended the funeral of William G. Biggers at Glasgow, Jan. 15, were Miss Christine Spradlin, Mrs. L. B. Fairchild, Mr. and Mrs. Scott Spradlin.

Married men lead safer lives than men without women.

More than four times as many bachelors as married men die of tuberculosis, says the February Reader's Digest. Three times as many unmarried men as husbands die of influenza and pneumonia. Nearly four divorced men commit suicide to each married man. Widowers and divorced men are more than three times as likely to be killed in automobile accidents as husbands.

KFWC Prexy Issues Call for Meeting; Slated At Lexington

Mrs. C. B. Morgan, president of the Kentucky Federation of Women's Clubs, has issued the official call for the winter board meeting to be held Jan. 30, 31 and Feb. 1, at the Phoenix hotel, Lexington. Registration will begin at 9:30 a.m., Jan. 31.

"To Know Our Program and Each Other" has been selected as the purpose of the meeting. The Student Loan Committee will meet on Jan. 30 at 7 p.m., followed by the executive committee meeting at 8 p.m. in the president's suite.

January 31, at 9 a.m., the district governors' and state chairmen's breakfast and meeting will be held. At 10 a.m. the junior club women will meet with Mrs. L. T. Follett, Mt. Sterling, junior director, presiding. The general session, open to the entire membership, will begin at 11 a.m. The luncheon meeting follows at 12:30 p.m., at which time Mrs. Ben Kilgore, Kentucky Department of Conservation, will show a film and speak on "Making Kentucky a Cleaner, Greener Land."

On Tuesday evening at 7, Mrs. James Halsted will be the guest speaker for the dinner meeting. Mrs. Halsted is the daughter of Eleanor and Franklin Delano Roosevelt. Dr. and Mrs. Halsted are now living in Lexington where he is assistant to the dean of the medical school. The Halstedes have recently returned from a two year stay in Iran. Mrs. Halsted plans to speak on some of her experiences there.

ECONOMIC LOSS
Economic loss from traffic accidents in Kentucky during the past decade equals an amount of money that would build 65,000 new \$15,000 homes.

Sen. Cooper Testifies For Depressed Area Bill Of New Administration

Senator John Sherman Cooper (R-Ky.) testified today (Thursday) as the chief Republican sponsor of the new Administration's first bill, its depressed areas proposal, before the Senate Committee on Banking and Currency.

The bill provides loans for industrial sites and buildings, and for community facilities to encourage new industry in labor-surplus areas, plus grants for community facilities, technical assistance and retraining of unemployed persons. About 20 Eastern Kentucky counties, and 12 other Kentucky counties would be eligible for assistance under the measure, according to the latest figures on substantial and persistent unemployment.

Senator Cooper pointed out that he had co-sponsored and voted for the bills passed by the Congress last year and in 1958. "In addition," he said, "I have repeatedly urged immediate and long-term proposals of my own to help Eastern Kentucky and the underdeveloped areas in other states—in the Senate, before the Departments of Government, at the White House, and as a member of the Special Committee on Unemployment Problems."

"Many of these steps can be taken without special legislation," Senator Cooper said. "They include better roads and airports, development of water resources, additional efforts to find jobs for the unemployed, the use of existing programs such as the small watersheds, rural development, soil conservation, and forest service programs."

"This bill will provide a start and give hope to the people of Eastern Kentucky," Senator Cooper declared. "It would give real support to the efforts of the state and local communities to bring in new industry and to develop the basic resources of the area."

Leading a symphony orchestra appears to make for long life. These great conductors, all active, are listed by the February Reader's Digest: Pierre Monteux, 85; Bruno Walter, 84; Tullio Serafin, 82; Sir Thomas Beecham, 81; Ernest Ansermet, 77; Otto Klemperer, 75; Leopold Stokowski, 73. The late Arturo Toscanini was nearly 90 when he died three weeks ago.

TIMES WANT ADS PAY!

Engineers Appointed To Head Road Offices, Henry Ward Announces

Appointment of 12 engineers to head the district offices of the Kentucky Department of Highways under a reorganization plan to become effective March 1 was announced this week by Henry Ward, commissioner of highways.

The districts, headquarters cities and the new district engineers are: First District, Paducah—Jack Carson, now district engineer for the First Maintenance District at Paducah.

Second District, Madisonville—Lamar Riney, former district engineer for the old district office at Madisonville and now an engineer on special assignment.

Third District, Bowling Green—J. Paul Hunter, now district engineer for the Second Maintenance District at Bowling Green and former district engineer at Flemingsburg.

Fourth District, Elizabethtown—Harvey R. Ditto, now district engineer for the Third Maintenance District.

Fifth District, Louisville—W. F. Knarr, now area engineer for the Area C District at Louisville and former district engineer at Louisville.

Sixth District, Covington—C. O. Yochum, now district engineer for the Fifth Maintenance District at Covington.

Seventh District, Lexington—Roy L. Campbell, now area engineer for the Area D office at Lexington and former district engineer at Lexington.

Eighth District, Somerset—David L. Hacker, now district engineer for the Fourth Maintenance District at Somerset.

Ninth District, Flemingsburg—Shirley B. Riddle, now district engineer for the Seventh Maintenance District at Flemingsburg.

Tenth District, Jackson—Raymond Pile, former district engineer at Elizabethtown and now location party chief in Area C.

Eleventh District, Manchester—James M. Lucas, former assistant district engineer at Jackson and now resident engineer in Area E.

Twelfth District, Pikeville—George F. Kemper, now area engineer for Area F at Morehead.

Ward said that the reorganization plan calls for the strengthening of the district offices so that more details of the department's programs can be carried out through them. He added that four new positions will be created in each district: 1. an assistant district engineer for design, planning and right of way; 2. an assistant district engineer for construction, materials and research; 3. an assistant district engineer for maintenance, traffic and equipment; and 4. an administrative manager for records, personnel and other office detail. Appointments to these positions will be announced prior to March 1.

The 12 new districts will replace 14 which have been in operation under a plan adopted in 1957. These consist of eight district offices which now handle maintenance, traffic and equipment and six districts which are in charge of design and construction. Under the new plan, Ward said, all phases of the Department of Highways program will be carried out through the single office assigned to each district.

"This form of reorganization was recommended as a result of the study of the Department of Highways conducted by the Automotive Safety Foundation and by the career engineers of the department," Ward said. "It will produce efficiency, economy and a closer coordination between the department and the people in the counties the department serves."

George F. Kemper, who will be the district engineer of the Kentucky Department of Highways for this district in the reorganization ordered by Commissioner Henry Ward, has 12 years of service with the department. He will head the seven-county Twelfth district under the reorganized plan, with headquarters at Pikeville. The counties in this district are: Floyd, Johnson, Knott, Lawrence, Letcher, Martin and Pike.

Kemper was district engineer in the old Seventh district from February, 1950, to May, 1950, when he was named area engineer at Morehead. Kemper was employed by the Department of Highways in 1949 as a senior engineering aide. In June, 1950, he was transferred to Flemingsburg as a junior highway engineer in the division of construction. He resigned in 1951 and worked as an assistant mine superintendent at Olive Hill until 1952 when he was rehired as an assistant resident engineer.

A native of Willard, Ky., Kemper now lives at Grayson. He is a graduate of the University of Kentucky and is a registered professional engineer.

Ward said the district offices will have a large degree of autonomy in the management of the county arterial systems and increased authority for operating functions on the state trunkline systems.

Though all are palefaces, 150 La Junta, Colorado, Boy Scouts are nationally famous as the Koshare Indian Dancers, reports the February Reader's Digest. They earn \$500 a night, travel thousands of miles each year in their own bus, and have built their own \$200,000 Scout headquarters, Koshare is the Pueblo word for fun-maker.

MEDICAL CARE PROGRAM SET

Seminar Held Here To Better Acquaint Health Departments

The medical care program in Kentucky which became effective the first day of January, was the subject of a seminar held here last Thursday to better acquaint the local health department with the program and its part in it.

The seminar here, one of a series, was held under the auspices of the Kentucky State Health Department.

Patricia K. Conlan, M.D., director of the Division of Medical Care, led the seminar discussions, with Mrs. Shirley Wester and Dan S. Tuttle, of the State Health Department staff, taking part. They explained the new program, unique in the United States, as outlined by legislation and the Governor's Advisory Committee on Medical Care.

In this program, certain physician, hospital and dental services and specified drugs will be paid for by federal and state funds for eligible persons on the public assistance rolls. Persons over 65 who qualify financially will be entitled to physician's services and hospital care. Because of limited funds, these benefits are now available only for care of acute, emergency and life-endangering conditions, including maternity care. Eligibility is being established by the Department of Economic Security while responsibility for quantity and quality of medical care is under the Department of Health.

Benefits to be paid to the cooperating physicians, dentists, pharmacists and hospitals are based on the budget for the program and the estimated needs. As the program progresses and needs are more clearly defined changes will be made to bring the program even more into line with the essential requirements of good medical care for Kentucky's indigents.

The program in Kentucky is possibly more stringent than in other places as there is now less money available and so many needing these services. Kentucky has some 144,000 persons—4 1/2% of the state's population—on the Public Assistance role and an estimated 80,000 who are eligible for medical assistance for the aged.

(Continued from Page One)
Last week, Donald Ray Mullett was convicted of breaking and entering the W. L. Baldridge store on Little Paint and was given a one-year pen term. The same sentence was given Richard Compton when he entered a plea of guilty to a child desertion charge. John D. Collins won an acquittal to a charge of child desertion.

Elmer Jeffers, a Tennessean who had been held in jail here more than 40 days on a theft charge, was ordered released early last week after the grand jury had failed to return an indictment against him. He was told to leave the state and stay out.

L. RICHMOND CO.
92 Years of Values
PRESTONSBURG, KY.

But how's your talent for handling money?

How many men are you at the same time?

During a lifetime, you play many parts.

This weekend you may be painting the house. The next you're acting in an amateur theatrical. You're a chef at barbecues. A pretty fair electrician. A gardener, a tutor, a mender of toys.

One thing is sure—if you're a husband and father, you've got to be a person of many roles and talents.

There are times, though, when you need expert help. Help with handling your money, for instance. As an expert in money matters, your full-service commercial Bank offers sound advice and

the many services to make your money go further.

Money-wise families find a full-service Bank helps them manage their incomes wisely, efficiently. Checking accounts, savings accounts, loans—only a full-service Bank has them all under one roof.

More than that, when you deal with a full-service commercial Bank, you build up that precious asset called "standing." This simply means the good character and financial reputation you've established with your Bank—something they will gladly vouch for.

WHAT IS A FULL-SERVICE BANK?

It's simply a complete Bank, a commercial Bank. For unlike many financial institutions that offer only one or two services, a full-service commercial Bank handles all your money needs. These services include • Savings Accounts • Checking Accounts • Personal Loans • Car Loans • Home Loans • Business and Farm Loans. By using these services you build your Personal Standing in your community.

Our neighborhood full-service commercial Bank stands ready to help you with all your financial needs.

MASTER COMMISSIONER'S SALE FLOYD CIRCUIT COURT OR 3085

Franklin W. Moore, Adm., of the Estate of Will Parrett, Deceased Plaintiff, Vs.: NOTICE OF SALE Levi Prater, et al Defendant.

By virtue of a judgment and order of sale of the Floyd Circuit Court rendered and entered at the January term, 1961, in the above styled cause I shall proceed to offer for sale at the Courthouse door in Prestonsburg, Kentucky, to the highest and best bidder, at public auction, on the 11 day of February, 1961, at 10 o'clock a.m., same being the first day of the regular term of the Floyd County Court, upon a credit of six (6) months, the following described property, to-wit:

FIRST TRACT:

A tract of land lying in Floyd County and on the Mill Branch of Middle Creek, beginning on a sugar tree in the bottom on the line of Bascom Dotson near a rock cliff; thence running a south course with said Dotson line to the top of ridge to J. M. Richardson line; thence down the ridge and with the center of the ridge to Ed Merritt line; thence down the hill with said line to the branch; thence crossing the branch and up the hill with same to top of ridge to W. M. Dotson line; thence up the ridge and with center of the ridge to Bascom Dotson line; thence down the hill with said line to the beginning. And being same land conveyed to first party by Marion Neeley, and Jennie Neeley, on Jan. 6, 1909, by deed recorded in deed book 25, page 161, records of the Floyd County Court.

SECOND TRACT:

Also being a tract of land on the Mill Branch of Middle Creek, commencing on a dogwood on the right side of the Mill Branch and running straight across and the center of the swag to a small white oak standing near the top of the hill; thence from the white oak to the top of the ridge being on George Hale's land; thence around the ridge to the Bill Parrett's line; thence from the Bill Parrett line to a cherry tree; thence from the cherry tree out to the branch; thence from the branch to the beginning. Being same land conveyed to the grantor by Renie Poe and Johnnie Poe on October 20, 1928, by deed recorded in deed book 79, page 517.

THIRD TRACT:

Also being on the Mill Branch of Middle Creek, beginning on a beech tree standing on the bank of the Mill Branch; thence running a south course of the hill and with W. M. Parrett line to top of the hill to a chestnut oak; thence running down the ridge to the top of a knob to a black oak; thence running down the point a north course to top of the point to a small hickory; thence running down the hill with Johnny Poe line to a small sugar tree same course to the Mill Branch; thence crossing branch and with Poe's line up the hill to the top of ridge and with center of ridge to a small hickory corner to W. M. Parrett line and Amos Dotson line; thence a south course with W. M. Parrett line to a sycamore; thence running up the branch to a beech to the beginning. Being the same land conveyed to grantor by Steve, Whittaker and Margaret Whittaker on January 20, 1923, by deed recorded in deed book 79, page 319, records of the Floyd County Court.

FOURTH TRACT:

Also being on the Mill Branch of Middle Creek, beginning at the branch near a beech tree on the line of W. M. Parrett; thence running down the branch and with the branch to opposite a small sycamore; thence up a north course to a small white oak; thence same course to a maple on top of a point; thence up the point to hickory; thence to top of ridge to a marked hickory to W. M. Dotson line; thence up the ridge with said line a west course to W. M. Parrett line; thence down the hill south course to the beginning. Being the same land conveyed to the grantor, by W. H. Richardson and Ella Richardson on December 28, 1912, by deed recorded in deed book 79, page 521, records of the Floyd County Court.

FIFTH TRACT:

Also tract of land on Mill Branch beginning on a small sycamore; thence up the hill with the conditional line to a white oak; thence with same line to the top of the hill to Amos Dotson line; thence with same line to back pine to Bill Parrett line; thence down hill with same line to maple; thence straight line across bottom to branch; thence to the beginning.

There is to be excepted from the sale a road, which is now in use to the graveyard of the estate of Will Parrett.

It is further ordered that 25 feet on the back side be excepted from this sale. To be excepted from the sale of this property is the property described in deed book 101, page 452, as follows:

Lot No. 3, Division No. 2 of the A. F. Prater estate, beginning in the branch opposite a small drain; thence a south course up the hill with A. F. Hicks line to the top of the hill to a black oak and Acro Castle's line; thence a west course with the center of the ridge and Acro Castle's line to a marked pine and to Bill Shepherd's line; thence an east course down the hill with A. F. Hicks line to a marked rock in the edge of the branch; thence

Unusual Hobby Of Floyd Native Featured In National Newspaper

Home last week for the first time in 26 years, Mrs. Amy Sturgill King, of East Riverdale, Md., brought with her products of the hobby of her husband, Ralph King, which have earned him feature spots in the pages of Grit and the Sunday magazine section of The Washington Star.

A retired bricklayer who is not content to be idle, Mr. King takes bits of broken dishes, cups, glass, stones and the like, and converts

these into unusual lamps, flower-pots and other articles for the home. He takes these fragments, adds such ingredients as cement, lime, mortar coloring and sticks them onto a vase or similar receptacle in such clever fashion that the results are eye-catching.

Explaining his method in a copyrighted pamphlet, King tells how he gets the vari-colored materials he uses. "I even get things folks throw at each other," he said. Most of the products of his craft are given to friends.

Mrs. King visited her brother, Arthur Sturgill, and family here. She left Prestonsburg 46 years ago, and not till her mother's death 20 years later did she return.

- 5 - (Continued from Page One)

He is a native of Minnesota. A major in the Army Reserve, he served in the Corps of Engineers during World War II as a captain. He attended West Virginia University.

His civic activities have included: trustee of Pikeville College and general chairman of its Development Fund Drive; past president of the Rotary Club; member of the executive board of the Lonesome Pine Council of the Boy Scouts, member of the Order of the Arrow and holder of the Silver Beaver Award; Pikeville hospital board member and a committee chairman in the hospital fund drive; member of the Pike County Draft Board; ruling elder of the First Presbyterian Church and member of the Big Sandy Upper Parish Council.

Mr. and Mrs. Wood, who live in the Smith Hill section, are the parents of a married son, Jarrett, Jr.

Joining the company in August, 1948, Mr. Sallee worked in the Ashland district as a power sales engineer and as a distribution engineer. In 1956 he rose to the company's general commercial department and served as an electric heating specialist in residential, commercial and industrial applications.

He is a native of Harrodsburg where he attended public schools. A 1948 graduate of the University of Kentucky with a BS degree in electrical engineering, he was a member of Tau Beta Pi, honorary engineering society. He is a registered professional engineer and a member of the Kentucky Society of Professional Engineers.

A World War II veteran, he has been active in civic affairs, serving as vice-president of the P.T.A., former Junior Chamber of Commerce director and deacon of First Baptist Church of Flatwoods. Mr. and Mrs. Sallee are the parents of two children.

A total of 755 persons died on the streets and highways of Kentucky during 1960.

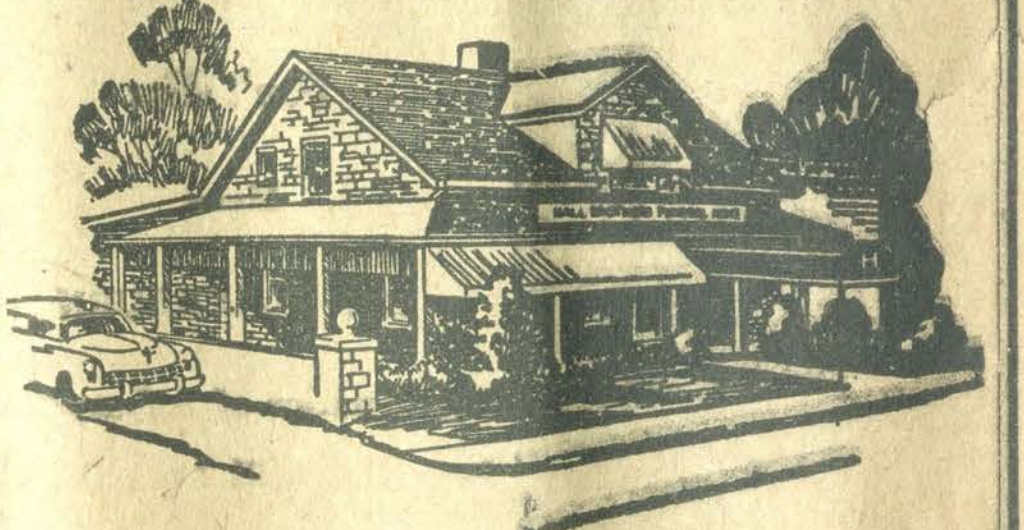

Drunken drivers are involved in at least one-fourth of all fatal traffic accidents in Kentucky.

The Better Literature Fight Goes On

The Times is pleased to learn that the Local Council of Churchwomen continues with its campaign for better literature.

This is a work that gains ground slowly. The effects are not immediately apparent but are lasting; and the Council continues its work, well aware that the fight is one which will not be won in a day.

Some of us may have grown so old that we have forgotten, or do not think back to, the appeal the written word or a picture had to youthful senses. Those who have forgotten cannot fully comprehend the damage done by so-called literature which stresses sex and crime.

The churchwomen have had some success with newsstands and other business places which sell "funny" books to the children and more adult reading matter to adolescents. Cooperation there can be won, if it has not already been achieved. But cooperation from the parents of these children whose minds are being poisoned by pens dipped in filth and violence is not so good. Those who want "the best" for their children sit idly by and watch them absorb into their minds and souls the very worst. And without the help of those who should be most helpful, the fathers and mothers, the fight will be even longer, drearier and, in the end, less successful.

We of Floyd county have access to some of the world's greatest literature these days, and that without charge. The county and regional libraries here are loaded with good books, even great music and art. These are available to all, to most are brought to their doors or to their schools.

This is in favor of the Council of Churchwomen. But the women need help from the home, after all, if youth is to be turned from the shoddy reading fare it has been getting to fare that is worthy of a human being with an immortal soul.

Rev. Vanderpool Named To National Missions

Ashland, Ky., Jan. 23 — Dr. Homer Vanderpool, pastor of the First Methodist Church, announced Monday that he has accepted a position with the division of national missions of the Methodist Church at Philadelphia.

Dr. Vanderpool, a native of Frenchburg, is a graduate of Kentucky Wesleyan College. He has been pastor of churches in Owensboro and Dayton, Ohio.

SHEPHERD IN GERMANY

24th Inf. Div., Germany—Army Specialist Four Ballard L. Shepherd, 20, son of Mr. and Mrs. Brice Shepherd, of Goodloe, Ky., is a member of the 24th Division's 34th Infantry in Germany.

Specialist Shepherd, a driver in the infantry's Company A, entered the Army in June, 1959, and completed basic combat training at Fort Knox, Ky.

Only five counties in Kentucky—Lyon, Owsley, Robertson, Russell and Wayne—were free of traffic fatalities in 1960.

SPORTS CHATTER

By GORDON MOORE

TRIBUTE
The citizens and business firms of Prestonsburg, Floyd county and Eastern Kentucky who invested their money to underwrite the cost of a new athletic stadium for Prestonsburg high school are to be commended for their unselfish act.

Through their purchases of certificates and bonds and through outright donations, they have expressed confidence in the future of the youth of the Prestonsburg high school district. They share in the reward of Prestonsburg's greatest civic accomplishment in recent years, a movement that seemed virtually impossible a year ago when the Building and Improvements Committee of the Prestonsburg Parent-Teacher's Association began the mammoth project.

Under the guidance of its chairman, Byron M. Thompson, this committee has worked conscientiously and devotedly in attaining a goal that gives the local school the most complete and modern physical plant in the mountain area.

The sixteen-man committee spent an untold number of hours, often forsaking their own business and personal obligations to make the project become a reality. Their unified efforts were without glory or individual personal gain, long the biggest detriment in a local civic movement.

They exhibited a spirit of cooperation, a unity of common goal, and "pushed forward" with untiring effort in raising \$30,500 to be matched by \$9,500 from the Floyd County Board of Education.

Construction of the stadium will begin in late April on the plot of ground adjacent to the high school and gymnasium. Present plans call for completion within 90 days, and it will be in use by the local griders in the 1961 season.

Thus far, with the goal just

reached last Saturday, little thought, if any, has been given to a name for the stadium. We are not aware of how the naming of these stadiums come about, except when a donor leaves a sum of money for an earmarked project and in turn his name is bequeathed to the specified project.

In the case of the Prestonsburg stadium, we would like to see it named "Thompson Field" as a tribute to a man still living, who labored relentlessly to see a "dream come true," a deserved honor to a man who personally solicited four-fifths of the monies raised.

In successfully gaining the goal, Byron M. Thompson spent more than 2,000 hours of his own time, drove at least 5,000 miles, made countless speeches to individuals, small firms and large corporations and spearheaded the action of his committee.

To Alie Howard, Hershell Tacklet, Earl McDonald, Chester Patton, Charles Wells, Harry Snodgrass, Lloyd Wells, Francis Harmon, Byron Nunnery, Bill May, Russell Rice, Lon Hill, Tom Cole, John Heinze, John Ellis, Lee Shannon, William Wallen, Marvin Music and Jack Keenan, a job well done, Prestonsburg should be proud of your unselfish work.

Fittingly enough, this Friday night "Operation Bootstrap" will become "Tying the Bootstrap" as the P.T.A. and the Floyd County Board of Education will convene at 7 p.m. in the high school cafeteria to combine forces and monies in a non-political act for the youth of northern Floyd county.

Two Floyd Students Enroll at Marquette

A current all-time record-breaking enrollment of 11,501 at Marquette University in Milwaukee, Wis., includes two students from Floyd county.

There are 30 Kentucky young men and women now enrolled at the Milwaukee school, as compared to 29 a year ago. Seventeen state communities are represented, with six coming from Louisville, four from South Fort Mitchell and three from Covington.

Floyd county students at Marquette are Miss Patricia E. Evans, of Estill, and Victor E. Mitchell, of Allen, both enrolled in the College of Liberal Arts.

Prestonsburg Man Plays for Morehead

Special to The Times
Morehead, Ky.—John Gibson, a former basketball star at Prestonsburg high school, is now a member of the Morehead State College squad which is waging a torrid battle for the Ohio Valley Conference championship.

John, a sophomore forward, is averaging 5.6 points a game and is the Eagles' fourth leading rebounder with an average of 7.2 rebounds a game.

The Eagles' head coach, Bob Laughlin, said, "John has progressed as rapidly as anyone on the squad and we feel has a brilliant future at Morehead State College."

Gibson has large hands, rebounds well, moves well under the boards and possesses a fine one-hand jump shot from around the circle.

One of his best efforts of the season was against Tennessee Tech at Prestonsburg when he scored 8 points and captured 7 rebounds. The following night at Morehead, he scored 11 points as the Eagles downed Tennessee Tech again.

Maytown Wildcats Drop Third Contest To Martin High Team

The Maytown Wildcats traveled to Martin, January 11, to take on their arch rival, the Martin Purple Flash. This was the third meeting of the teams this season. Martin won the first game at Maytown by 24 points, and the second by one point in an overtime at Prestonsburg. The third meeting was played at Martin, which Martin won in another overtime. The score at the end of the regular playing time was 70-70. Maytown took the tip-off in the overtime, went down the loer, shot and missed. Then Martin held the ball for 2 1/2 minutes and scored the final basket. The final score was Martin 72, Maytown 70. Luxmore, of Martin, took scoring honors for the evening with 37 points. Scoring high for Maytown was senior forward Bill Tallent with 26 points.

The following Saturday night, Phelps of Pike county came to Maytown to try to avenge an earlier defeat on their own floor.

Maytown won this game also by a larger margin than before. The final score was Maytown 78, Phelps 55.

Taking scoring honors for the game were: Bill Tallent and Jack Turner, Jr., both of Maytown, with 34 and 28 points, respectively.

Ratiff of Phelps scored 25 points. Tallent has scored a total of 313 points in 14 games, with 60 of them coming in the last week. Tallent has a 22.4 point per-game average so far this season, and has also twice been selected Player of the Week.

Eligible Teacher Number Increases, Butler Says; Emergency Personnel Cut

The number of 1961 graduates from Kentucky's 23 colleges and universities who will be qualified to teach in elementary and high schools next year will be up 9 per cent over last year, Superintendent of Public Instruction Wendell P. Butler announced this week.

Butler said a statewide study, under the supervision of Miss Louise Combs, director of the Division of Teacher Education and Certification, showed a 1961 supply of 2,883 new teachers, up from 2,643 in 1960.

Since 1953, when the education foundation program was established, there has been an 88.5 per cent increase in the number of new teachers graduating from Kentucky schools.

According to Superintendent Butler, the increasing supply of college graduates prepared for teaching, plus the higher salaries provided by the state this year, is gradually serving to reduce the teacher shortage.

Kentucky teachers with college degrees received a state-financed raise averaging \$900 per year in 1960.

"During the 1959-60 school year, there were 2,800 teachers in Kentucky schools serving on an emergency basis," Butler said. "These emergency teachers have some preparation in education, but have not received college degrees. They were issued temporary certificates to overcome the teacher shortage."

"During the current school year, we reduced the number of emergency personnel by one-fourth—to 2,100. We expect increased state appropriations for salaries will continue to attract more qualified teachers so that within the next two-year period the need for emergency teachers will be virtually eliminated from Kentucky schools."

Butler also pointed out that more teachers are staying in Kentucky to teach than ever before. An estimated 50 per cent or more of the 1959 graduates left the state. In 1960, some 1,586 of 2,643 graduates stayed in Kentucky. Out of the 1961 potential of 2,883, upward of 2,000 are expected to stay.

The study showed a 14 per cent increase over the 1960 supply in the number of high school teachers graduating this year, but only a 1.8 per cent increase in the number of elementary teachers. Thus, in the new group of graduates, there will be five elementary instructors for every eight secondary teachers.

"This is a supply in reverse of the demand," Butler said, "but it means the shortage of secondary teachers in Kentucky will be alleviated more quickly. There are almost twice as many elementary positions as there are high school vacancies. The usual demand is for two grade school teachers for every secondary teacher."

Butler said he feels the higher set up for college graduates in secondary education have attracted more students to this level.

The greatest shortage, however, is still for high school teachers of mathematics, natural sciences, and music, he said.

There will be 395 teachers graduating with majors in these fields in 1961, while there were only 353 in 1960.

Named Kentucky Colonel

J. P. Baldrige, retired, Blanche, Ohio, jeweler, and native of Bonanza, was recently commissioned a Kentucky Colonel by Gov. Bert T. Combs. Mr. Baldrige is a brother of Mrs. Ray Stephens, Prestonsburg, and Mrs. Carl N. Woods, of Morehead.

Knott Evangelistic Ass'n To Sponsor A Countywide Revival Next September

Hindman, Ky.—In mid-December the ministers and leading laymen of the churches in Knott county were invited to attend a supper meeting at Camp Nathaniel, to decide upon and discuss plans for a countywide revival in the county.

M. H. Alcorn, Jr., of Hazard, was present and he shared with the group his experiences in, and the outcome of, a similar campaign held in Perry county in 1953. He was chairman of the Kentucky River Evangelistic Association which sponsored the revival in Hazard. As the result of his remarks the group voted unanimously to undertake such a campaign in Knott county in September, 1961.

Cordell H. Martin, Hindman attorney, was instructed to prepare and file incorporation papers, that the organization might acquire legal status. It is to be a non-profit corporation formed for the purpose of promoting and conducting non-sectarian evangelistic services on a community basis in Knott county.

The board of directors met at Cordell Martin's office, Jan. 12. The following were present: Garland Franklin, John Misher, A. L. Osborne, Dr. D. G. Barker, Chester Lucas, Earl Moore, Cordell Martin, Amos Nickels and Oscar Morgan. J. S. Bell and L. J. Hampton were absent.

Officers elected at the Jan. 12 meeting are: Rev. Garland Franklin, president; Dr. D. G. Barker, vice-president; Cordell H. Martin, secretary; John Misher, treasurer.

The board selected the following persons to act as chairmen and co-chairmen of these committees: Finances—Mrs. Geneva Smith, trustee of Association funds; publicity—Rev. A. L. Osborne, chairman, and Rev. Tittsworth, co-chairman; prayer committee—Rev. Carlson, chairman, and Rev. J. S. Bell, co-chairman; personal work committee—Dennis Gline, chairman; music committee—Rev. Bob Beckwith, chairman, and Mrs. J. S. Bell, co-chairman; program chairman—One half of meetings—Dr. D. L. Martin.

The brilliant production of Job has played before international audiences, including the 1958 Brussels World Fair. This year the play will run from June 22 through September 4.

Third Season Opens For Pineville Drama; State Pioneer Plays

Kentucky will again be the scene of one of the most stirring religious dramas in America this summer.

The annual production of "The Mook of Job" will be in its third season at Pine Mountain State Park near Pineville. The inspiring outdoor drama, depicting the suffering of Job in the oldest book in the Bible, is played by the Everyman players, a troupe formed by producer-Director Orlin Corey, of Georgetown, to present religious plays.

The serene beauty of "The Cathedral of the Hills" around Laurel Cove Amphitheatre adds to the impressive re-enactment of Job's troubled life. The grassy stage is fronted by a clear, reflecting pool and backed by a towering 100-foot, laurel cliff.

The brilliant production of Job has played before international audiences, including the 1958 Brussels World Fair. This year the play will run from June 22 through September 4.

THANKS

We wish to thank members of the cast and all others who assisted in any way in the presentation last Thursday and Friday of the musical comedy which we sponsored for the benefit of the Athletic Field Project here. The spirit of cooperation was splendid and was a credit to the community.

"It is ridiculous to permit food to pile up in warehouses when hungry children are crying for it. If it is necessary that state vehicles be used to distribute this food, every effort will be made to provide such vehicles."

Agriculture Secretary Freeman said Monday that his Department might purchase for distribution to the needy, some food stocks not in the government's surplus holdings.

That was a surprise to the Democratic chairmen of the two Congressional agriculture committees.

Both Senator Allen J. Ellender of Louisiana and Representative Harold D. Cooley of North Carolina questioned whether the Department of Agriculture had the authority to buy food for a relief program.

Freeman's remarks were in response to President Kennedy's Executive Order No. 1, issued Saturday. It directed the Agriculture Secretary to double the amount of food being distributed to the needy.

The Secretary indicated Monday that he would also seek to increase the variety of foods in the relief packages. The government stocks of surplus high-protein foods are somewhat short.

Freeman conferred Monday with officials in the Department who conduct the food-distribution program. He would not say what foods might be purchased, but low-priced meat was an obvious possibility.

The present distribution package includes wheat flour, corn meal, nonfat dry milk, rice, butter, and lard. Stocks of all these have been acquired by the Government under the farm-price support program.

What is being considered, apparently, for the unemployed is something like the temporary expansion of jobless pay by the Eisenhower Administration in the 1958 recession.

This would help those workers still jobless after exhausting their state payments, as well as idled workers not covered by the various unemployment-compensation programs.

Goldberg said nothing had been decided, although the Labor and other departments, as well as Kennedy's task force on unemployment, were all working on the problem.

"There is a deep concern about the unemployment-compensation area," Goldberg said, "and a strong feeling that Government must extend help."

Under the regular federal-state program, insured workers get idle benefits ranging from \$26 to \$55 a week for a maximum period usually 26 weeks. The average benefit has been running about \$32 a week.

Legislation to aid depressed areas, aimed at encouraging various job-making projects, is also one of the top objectives of the Administration.

At least 60 per cent of Americans die without a will, reports the February Reader's Digest. In such cases, the state in which they lived apportions their belongings according to an impersonal legal formula. This often is long delayed.

ANSWERS FOR VETERANS

Here are authoritative answers from the Veterans Administration to questions of interest from former servicemen and their families:

Q. Have any of the various bills to re-open GI life insurance to lapsed veterans been passed by Congress?

A. No. Although several bills with this as aim have been introduced, none have received Congressional approval.

Q. Are the doctors and nurses at VA hospitals members of the different branches of military services?

A. No. The VA's doctors and nurses are civilians. Of course, they may belong to reserve units or even attend organized drills or training periods, but they are civilians in their capacities as VA employees.

Service Interruptions Of Southern Bell Firm Restored In Region

The Southern Bell Telephone Company had a number of service interruptions, as a result of last week's cold, snowy weather, in all exchanges, according to Byron Simpson, local Southern Bell manager.

The worse areas were in Wayland, Hindman and Cody exchanges, where long distance service was out for a brief period of time. Prestonsburg, Martin, Allen, McDowell, Tnez, Paintsville and Louisa all had a number of local lines down, but they were all restored by the weekend, Simpson said.

The long distance trouble in Wayland, Hindman and Cody was caused by tree limbs breaking under the weight of the snow and falling across the lines. This long distance service was restored by the weekend, along with any local trouble in that area, Simpson said.

Floyd circuit court by y'r ob't servant and one or two other legal luminaries.

"You, sir, have done me a cruel injustice, in that you did, obviously with malice aforethought, break the aforementioned news-story at that very spot which placed the part which I played, as plaintiff's attorney, on an inside page of your newspaper.

"Will you favor me with an explanation as to why my name did not appear on Page 1 where it rightfully belonged?

"The partiality which you have shown is, to put it plainly, unconscionable."

FELLOW-SUFFERERS

I am not certain that this story is apropos at this season of the year, since it refers to a man who was suffering from the soporific effects of the sun. Well, it appears, anyway, that this lazy bag-o-bones had seated himself and was plumb restless—so restless, in fact, that he finally came to the conclusion, and said as much, that he was sitting on a wasp.

"Well why don't you get up?" his wife inquired.

"Never mind," drawled her spouse. "I figger I'm hurtin' the wasper as much as he's hurtin' me."

Thanks, Everybody!

We are very grateful to the scores of persons who so willingly gave of their time to participate in our presentation of "Running Wild." To everyone, the cast and those who contributed other services, we must say that your assistance was of inestimable benefit in aiding at the last moment to put over "Operation Bootstrap."

It was a community project requiring warm cooperation of which all of you can justly feel proud.

SINGING SCHOOL AT CLARK SCHOOLHOUSE IN 1922

Singing schools were a feature of community life only a few decades ago in this area. Singing masters, conversant and accomplished with the old shaped notes of the music scale, traveled from community to community, teaching everybody who would come. The price of their services was usually raised by pie socials and individual contributions.

In this photograph of a singing school at the Clark schoolhouse on Buffalo Creek in 1922, Elbert Nickles, West Liberty singing master stands at the extreme left. Almost the entire community participated.

Identified in the picture are Theora Blackburn, Lelia Freeman, Antha Lowe, Bertha Blackburn, Mrs. Tommy Blackburn and children, Lucy Blackburn, Mrs. Cannie Goble, Lawyer Farley, Floyd Skeens, Gus Scott, Ernest Maynard, Burris Clark, Lando Scott, Robert E. L. Scalf, Buddy Blackburn, Wayne Scalf, Elige Burchett, Matilda Scott, Mrs. Sarah Scalf, Bill Goble, Jim Burchett, Tivis Sellards, Win Burchett, Mrs. Angeline Burchett, Sadie Maynard, Vivian Clark, John Scott and Lizzie Blackburn. Many have passed away but many, too, lived to become successful citizens of today.

The First National Bank presents these pictures of our past in recognition of our heritage and trusts they will contribute to your understanding of our colorful history.

WHEELWRIGHT

GIRL SCOUT MEETING HELD — The Wheelwright Neighborhood Girl Scout meeting was held in the Girl Scout room on January 9. The chairman, Mrs. Hunter Thomas, presided. The group decided to buy a new American flag and a badge chart. Each troop leader present received work assignments for the year. The mother-daughter box supper was planned for March 6. The cookie chairman will be appointed soon.

Attending the meeting were Mesdames Steve Benedict, Herbert Gillis, Carl Johnson, Steve Clark, J. E. Fields, Sara McQueen, Hunter Thomas, Minor Pace, Arthur Bradbury, Anna Watts, Edna Baskin, Eloise Lewis, Bob Grimm, Stanley Logan, Ray Gibson, Miss Madeline Cury, Miss Joan Osborne, Mrs. Shirley Hughes, Girl Scout executive from Prestonsburg, and the following Girl Scouts who are working on their five-point pin, Alice Clark, Alice Johnson, Carolyn Jones and Jackie Hall.

**SOUTH POLAR ISLAND
IS NAMED FOR DEWART**

By Henry P. Sealf

The United States government has named an island off the Antarctic coast for the son of a Pikeville woman. The frozen antarctic sea bit of terra firma near Wilkes Station is officially designated Gilbert Dewart Island.

Dewart is a son of the former Elizabeth Mayo Sowards, now Mrs. Gilbert F. Dewart, Cloverdale, California, and a nephew of Mrs. Ruth Sowards, Prestonsburg. He was honored with the name for his work as a seismologist and explorer in 1956-57 of Antarctica. He is the only American attached to the Fifth Soviet Antarctic Expedition currently seeking scientific information at Mirny, a Russian polar base.

Dewart, taking part in a scientific exchange program with the Russians in commemoration of International Geophysical Year, is studying seismology and gravity for the National Science Foundation administered this year by the California Institute of Technology, of Pasadena.

This is his second trip to Antarctica. His first, four years ago, earned him a scientific reputation and recognition as a man well-fitted for polar exploration. When it was necessary to designate an American to serve on the Russian expedition Dewart was quickly named.

His second polar saga began Christmas Eve, 1959, when he boarded the Russian ship, Koperatziya, at Cape Town, South Africa. He was greeted with "Ya, Amerikanetz," and was showed smilingly around the oceanographic vessel. In the classless society of Russia he was given a second class cabin. He was gratified to meet at Cape Town an old friend and his M. I. T. instructor, Dr. Louis Ahrens. Ahrens is famous for his age determinations of rocks on the South African Shield.

On board the Koperatziya he was told the last mail he received to go out and he mailed his parents a letter. He sensed himself as a bit in the pattern of history.

"I must confess that I have a little of that feeling that comes over you just before you start climbing a difficult pitch in the mountains . . ."

**Massman To Speak
At Foreman's Club
Meet Here Friday**

Glenn Massman, president of Glenn Massman and Associates, Dayton, Ohio, a national authority in the field of supervisory human engineering, will be the principal speaker for the regular monthly meeting of the Kentucky West Virginia Gas Company Foreman's Club. The meeting will be held at the Prestonsburg high school cafeteria, Friday at 6:30 p.m.

Mr. Massman will speak under the sponsorship of the National Management Association, the world's largest management organization with which the local club is affiliated. It has 64,000 members in 320 affiliated management and foremen's clubs throughout the United States, Canada, Puerto Rico and Hawaii.

Massman is one of the most sought-after public speakers in America. He became an industrial relations counselor after studying at Otterbein College, Wittenberg and Miami Universities and beginning factory work as a toolmaker. His industrial career saw him progress rapidly to safety director, public and industrial relations supervisor, and executive.

DRIFT

MRS. BRADBURY IS SPEAKER — The Drift Woman's Club met January 16, with Mrs. Dick Showers as hostess. The president, Mrs. W. L. Reed, presided.

Mrs. Hugo Miller, CARE chairman, introduced Mrs. Arthur Bradbury, of the Wheelwright Woman's Club and past governor of the Seventh district, who gave an enlightening talk on CARE.

Children given the chance to get an education, grown men and women eagerly learning to read and write, farm families reaping bigger crops, more income, whole villages pooling their labor to build roads, schools, sanitation facilities—these were described as the result of help given through CARE.

"Packages sent through CARE provide means so man can make a living," the speaker said. Kentucky club women are pledged to help the Latin American countries this year.

Mrs. Miller showed the club-women a film about CARE packages sent to China.

Refreshments were served by the hostess to guests, Mrs. Arthur Bradbury and Mrs. George Leath-erman, and the club members.

Next meeting will be February 6, at the Turner Elkhorn office, with Mrs. Lloyd Stumbo as hostess.

**CPL. JAMES CAUDILL
IN NORTH CAROLINA**

Camp Lejeune — Marine Lance Cpl. James M. Caudill, son of Mrs. Minnie Howell, of Langley, Ky., is serving with the Second Battalion, Sixth Marine Regiment, an infantry unit of the Second Marine Division at Camp Lejeune, N.C.

The regiment conducts continuous training in the latest tactics of modern warfare and the Corps' concept of vertical envelopment which employs helicopters and armored landing craft to attack an enemy simultaneously from front and rear.

WHAT WILL A PENNY BUY?

The purchasing power of one penny is low . . . however, it will buy 1-100th of a dollar item! In other words, if you save 100 of those "unimportant" pennies . . . you have a dollar! Elementary, perhaps—but when applied to dollars, you can see that if you save those low-purchasing extra dollars . . . you'll soon have enough to buy something expensive that you really want and need. Begin saving regularly with us today . . . and earn while you save in an insured account!

 Service and Bible Study, 7:30 p.m.

It's easy to jump. Just leave the solid trail behind you and soar into space.

But before you jump—learn how to land! One man can alight gracefully and continue his course. Another will wrap his skis around his head and end up in the hospital.

There are important life-decisions we often describe as "taking the leap." Going to college, choosing a career, getting married—these are just a few. And these "leaps" lead to happiness for some—and tragedy for others.

The Church with its program of worship and religious education makes essential contributions to our life. For what happens after our major "leaps" depends on the character which has been instilled in us, and on the principles by which we live.

The Church prepares us for the leaps we are going to take by teaching us how to land happily, and to continue a right course throughout life.

**THE CHURCH FOR ALL
 ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter Verses
Sunday	Psalms	18 30-33
Monday	Proverbs	1 5
Tuesday	Ecclesiastes	2 19-21
Wednesday	Ephesians	4 14-15
Thursday	Galatians	6 3-5
Friday	John	15 17-20

IN TIME OF NEED
YOU REALLY APPRECIATE

Can you afford to be without Blue Cross and Blue Shield? They're your best assurance of the kind of sound, reliable protection you need . . . when you need it . . . at a realistic cost.

Now . . . before sickness and accident strike your family . . . apply for these modern health care plans that help so much when hospital-surgical care is needed.

HERE'S HOW YOU MAY APPLY

GROUP:
If there are 5 or more persons where you work, ask your employer about forming a Blue Cross-Blue Shield Group.

INDIVIDUAL OR FAMILY:
If you are a Kentuckian, 64 years of age or under, in good health, and are self-employed, unemployed, or neither you nor your spouse works where there are 10 or more employees, you may apply for Blue Cross-Blue Shield on an individual or family basis. Today, fill out and mail the coupon below.

Can you continue protection when you retire or leave your group? If not, your group should consider Blue Cross-Blue Shield.

YOUR FAMILY NEEDS BOTH

USE THIS HANDY COUPON . . . MAIL IT TODAY!

Willard Hamilton, 78, Of Harold, Is Claimed; Funeral Held Tuesday

Willard Hamilton, 78, of Harold, died Saturday at home. He was a farmer. He had been in ill health five years, seriously so for a week.

Mr. Hamilton was a son of Bill and Rosie Hal Hamilton and the husband of Cara Jordan Hamilton, who survives. He was a member of the Church of Christ.

Surviving are two sons and two daughters: Wilburn Hamilton, of Harold, George W. Hamilton and Mrs. Fanny McCoy, addresses unknown, and Mrs. Dencie Defone, of Detroit. Two brothers and two sisters also survive: Cy Hamilton, of Harold, Willie Hamilton, New London, Ohio, Mrs. Frances White, Amherstdale, W. Va., and Mrs. Elizabeth Akers, of Amba.

Funeral services were held at 10 a.m. Tuesday, at the Harold Church of Christ, the Revs. Henry Parsons, Emory Hall and R. B. Clark, Jr., officiating. Burial was in the family cemetery under the direction of Hall Brothers Funeral Home.

Aged Harold Woman Dies At Son's Home; Widow of Elias Kidd

Mrs. Martha Ellen Kidd, 80, of Harold, died Thursday of last week at the home of a son there, Green Kidd. She was the widow of James Elias Kidd.

Mrs. Kidd was a daughter of Levi and Nancy Jane Hall Akers. She was ill eight years, seriously so five weeks. She was a member of the Regular Baptist Church for 61 years.

Surviving, besides her son Green, are four other sons: John Kidd, of Tram, Don Kidd Catletsburg, Frank Kidd, Stuart, Va., and Charlie Kidd, Big Rock, Va. Surviving are two brothers and a sister: Keen Akers, of Dana, George Akers, Toledo, Ohio, and Mrs. Kate Dalton, Alta Vista, Va.

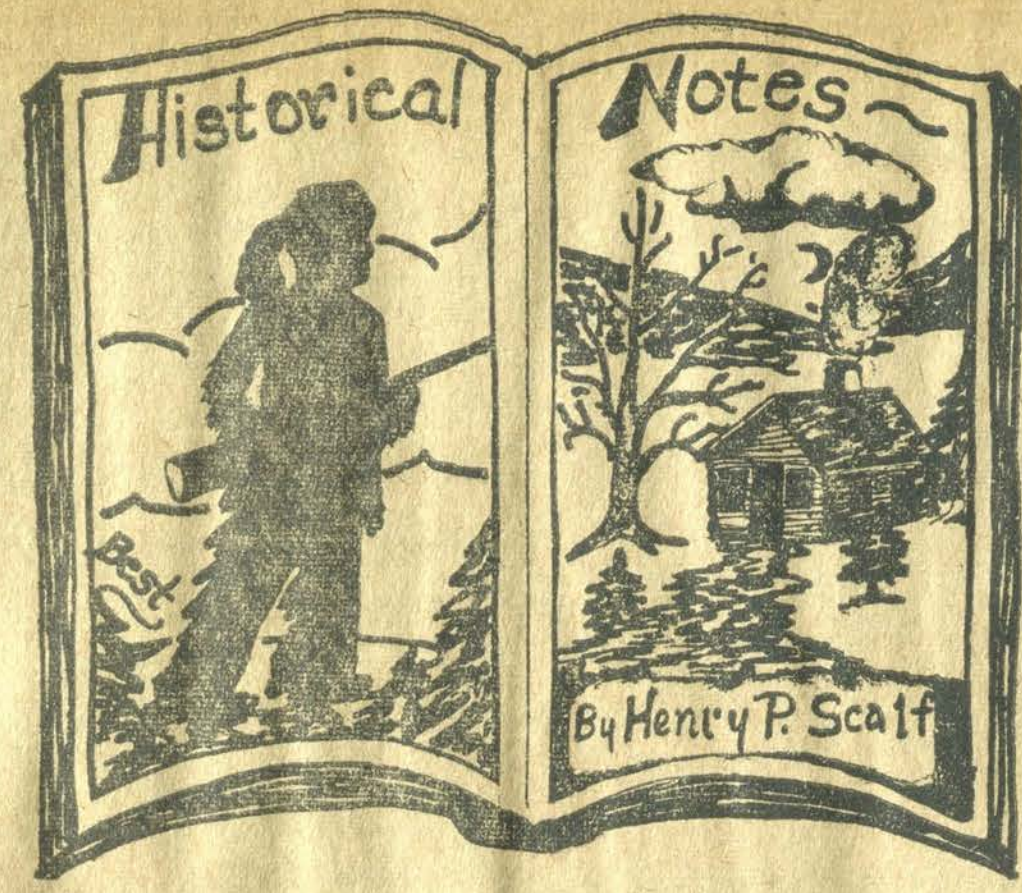

Funeral rites were conducted at 10 a.m., Sunday, from the Little Salem Church, of Dana, the Revs. Lennie Boyd, Luther Conn, Walter Akers and Hershel Huff officiating. Burial was made in the family cemetery at Dana under the direction of Hall Brothers Funeral Home.

ANDERSON IN HAWAII
Schofield Barracks, Hawaii — Army Pfc. Willie C. Anderson, son of Leonard M. Anderson, of McDowell, Ky., is attending the 25th Infantry Division's wheeled vehicle mechanic course at Schofield Barracks, Hawaii. The course is scheduled to end March 3.

During the course Anderson is being trained in the principles of wheeled vehicle maintenance, repair and inspection.

Anderson, regularly assigned to Battery B of the division's 11th Artillery, entered the Army in Jan., 1960, and arrived in Hawaii the following October.

Before entering the Army, the 22-year-old soldier was associated with the Anderson Garage. He attended McDowell high school.

MAYTOWN

MRS. MAY, HOSTESS

The Maytown Woman's Club held its regular monthly meeting at the home of Mrs. Roy May, last Thursday evening. The president, Mrs. C. L. Allen, presided over the business meeting, calling for reports from the secretaries.

A letter was read from the school librarian, Mrs. Elizabeth Baker, thanking the club for its donation of \$25 toward the purchase of new books. Mrs. Baker described the books purchased and gave the plan of reading which will enable all grade school students to read all these books.

Roy May, former Scoutmaster and now committeeman, displayed the new equipment recently purchased with the help of the \$25 given by the club.

Members of the club voted to help support the drive to secure a two-year college in Floyd county. Ten dollars will be given to the Pikeville College Endowment Fund.

Plans were made for the March of Dimes drive. A house-to-house canvass will be made by the members.

Vice-Governor, Mrs. David Reed, will attend the state conference the last week in January. She will be accompanied by Mrs. Paul Borders.

Following the business meeting, an interesting program on "Health During Pregnancy" was given by Mrs. Roy May.

Mrs. May served a dessert course to members, Mesdames Claude Allen, Ivan Bouch, Charles Patton, Jones Tallent, Charles Felker, George Patton, Paul Borders, Theodore Gibson, David Reed, and Roland Burchett.

COMPLETES ARMY COURSE

Staff Sergeant Bobby Cook, son of Mr. and Mrs. Frank W. Cook, of Dry Creek, and husband of the former Hildegard Zils, of 133 Scharnweberstrasse, Berlin, Germany, successfully completed a course in B 885, Fundamentals of Radio, through the United States Armed Forces Institute, Madison, Wis., Jan. 9. Sergeant Cook is stationed at Headquarters, 1st Fighter Group, Link Trainer Section, Selfridge AFB, Mt. Clemens, Mich.

He is continuing his education while in service through the voluntary world-wide education program for members of the Armed Forces.

These installments make no pretense to being complete, rather it attempts to serve as a guide for a student. Any serious student will be able to add to his own list as study progresses. References were made to a few magazine articles in the lists. This was done to allow a student to get the flavor and feel of the hills from viewpoints other than the native mountaineer's own subjective analysis.

If the listing of these manuscripts, articles and books contribute any to a dissemination of knowledge of our area their publication will be justified.

Mrs. Belle Compton, Sister of Floyd Man, Succumbs at Pikeville

Mrs. Belle Hatcher Compton, 72, of Pikeville, died at 2:30 p.m., Wednesday last week at the Pikeville Methodist hospital. She was the victim of a long illness.

Mrs. Compton was a daughter of Ferdinand C. Hatcher and Jenny Mayo Hatcher. Her husband, F. T. Compton, Sr., survives.

Surviving sons are Tyler Compton, Ft. Pierce, Fla., F. T. Compton, Jr., William D. Compton and John Paul Compton, all of Pikeville. A brother, W. T. Hatcher, of Lackey, survives. Also surviving are six grandchildren and one great-granddaughter.

Funeral rites were conducted at 2 p.m., Friday, from the Pikeville Methodist Church, the Rev. Harold W. Dorsey, pastor, officiating. Burial was made in the family plot in Pikeville cemetery under the direction of Baker Funeral Home.

SPORTS AFIELD

A rapidly growing number of people are now taking winter vacations. Probably nearly all people, especially those from the East and Midwest, will go to Florida, the only part of the United States where you can find a combination of at least fair fishing and a climate so warm that you can wear only shorts practically every day.

Let's take Florida from north to south, as you'd drive down, and see what fishing you'll find. Jason Lucas, Angling Editor of Sports Afield Magazine, tells us that Tallahassee is mostly wooded hill country, and noted chiefly for large pickerel. And big pickerel taken on lighter tackle, are excellent game fish.

A glance at a road map will show you that most lakes lie in a very long district beginning inland from St. Augustine and running down to Lake Okeechobee. All these are regarded as almost purely bass lakes by those who have graduated from the worm-and-bobber stage—and by the expert who fishes for bluegills with flies.

Okeechobee might be called the southern limit of the true bass country, though some are found south of there in spots. This is the largest fresh-water lake contained entirely within one state, and it's so shallow that its whole bottom is covered with vegetation—the number of large bass in it is enormous.

Snook is by far the favorite of sportsmen in southern Florida. Size for size, a snook puts up about the same fight as a bass, except that it does not leap so readily nor so high. To at least compensate for their lack of acrobatics, snook, at certain times of the year, can occasionally run up to 18 pounds.

You fish for snook exactly as you would for bass, with the same lures, except that a faster retrieve is generally better. Indeed, you'll sometimes find bass and snook in the same place, so you don't know which you'll catch next.

The Jack crevalle is flat, but not quite as much as a bluegill, and he has very bright, pretty colors. Jacks will average roughly the same size as snook. They have been written up as one of the gamest fish of their size in the world. When first hooked, one will sometimes make a long, fast run that would make a bonefish feel ashamed of himself. You also fish for jacks as you would for bass and snook, with the same lures; in fact, you'll catch some along the shoreline while fishing for those other species.

Ladyfish look like pure silver and when hooked seem to spend more time high in the air than in the water—they fight like rainbow trout, only better. They're small fish, rarely over two pounds, but they're terrific sport, especially on fly tackle.

Catching tarpon on a fly rod is a type of fishing suitable only for expert, cool-headed anglers, and if you're not that it might be well to take a dozen or so rods and lines out in your boat, each of which may be broken a second or two after hooking a tarpon. For these are probably the world's gamest fish. Some anglers use fresh-water spinning and casting tackle for them.

Fishing is good for everything but tarpon until nearly Christmas, when the first cool wave strikes. Through January and February, bass fishing is spotty. In March, bass fishing begins to pick up, but there will be no great improvement in fishing for other species until about the first of May, when all of them, including tarpon, begin to strike well, though at first tarpon are inclined to strike only around dusk. June is invariably the best month in the year for the sea-run, warm-water species.

DALE SCHEDULED

Fort Bragg, N. C. — Army Sgt. Charles W. Dale, son of Mr. and Mrs. D. E. Dale, of Trani, Ky., is scheduled to participate with other personnel from the 82nd Airborne Division's 187th Infantry in Exercise Willow Freeze, a cold weather operation in Alaska, Feb. 9-18.

The 10-day maneuver will provide training for the 82nd Airborne, a major Strategic Army Corps unit, in the reinforcement of the Alaskan Command by air movement from the continental United States. The exercise will emphasize STRAC's ability to maintain an immediate readiness force for airborne deployment to any area of the world.

NATURE TRAILS

THE PLANT THAT KILLED NANCY HANKS LINCOLN

The strange mystery as to the cause of the poisoned milk that killed Abe Lincoln's mother, Nancy Hanks, was not cleared up until many years after her death. It was become known in more recent times that a plant widely distributed in the Eastern and Central states, and sometimes as far west as Nebraska, was directly the cause of her death.

Historians have recorded that she died of that dread malady known then as "milk sickness." It was such a plague in those trying days in the Indiana wilderness, it attacked and killed so many of Thomas Lincoln's neighbors in the decade following his wife's death, that he became afraid for his family. The threat of this "disease" was largely responsible for Thomas' pulling up stakes in Indiana and moving westward to Illinois.

Lincoln's mother was stricken down with milk sickness when he was a lad of nine. It was while the family lived on a farm in Spencer county, Indiana. First, let us see why the Lincoln family had moved from Kentucky to this farm in the wilderness.

Thomas Lincoln had experienced a great deal of trouble in regard to the titles of the various farms he had owned in Kentucky. On one of these farms situated on the South Fork of the Nolin River, in what was then Hardin county, Ky., Abe Lincoln was born February 12, 1809. Due to the trouble he had over the ownership of this and other farms, Thomas Lincoln decided to cross the Ohio River with his family and all his possessions and carve out a new home in the wilds of Indiana. He made the move to that state when Abe was a lad of seven. The family arrived in Spencer county in the fall of 1816 and built a crude, three-sided cabin in which to spend the winter. Next year, the family got busy and cleared away the forests and planted their crops.

Things went fairly well for the first two years in Indiana, despite the hardships of life in the wilderness. Then in 1818, Nancy Hanks Lincoln was stricken down with milk sickness and died. This was a hard blow to all the family and it left a deep and lasting sorrow in the heart of the nine-year-old Lincoln. The lad was so deeply grieved he would never rest content until he had obtained the help of a

traveling preacher to conduct funeral services for his beloved mother, which took place some months after her death.

That summer of 1818, Thomas Lincoln's cows ran at large, browsing on the wild plants growing in the woods of the region. Their milk got contaminated with the poison of a plant botanists called "white snakeroot," and to which they have assigned the imposing botanical name: *eupatorium urticaefolium*. The foliage of this plant contains a poison known as "tremetol," which is soluble in butter fat and milk. The poison is transmitted through the milk or butter to humans and animals and causes serious, often fatal, human illness.

White snakeroot, a member of the daisy family, is a tall and stately plant, lending grace and beauty to fields and woods. It blooms in late summer and bears numerous flat-topped heads of closely clustered flowers. Plants with such flowers in a group are called "composites." The flowers of the snakeroot are white and the heads look fuzzy, because the matured flowers are topped with grayish bristles. This plant is often found in pastures, along streams, and in the deep woods. Its stem is dark purplish, its leaves broadly heart-shaped, sharp-pointed at the apex and toothed.

When walking through fields or woods in late summer, one often sees clumps of snakeroot whitening the countryside, imparting a look of innocent peace and splendor. One would never suspect that such an innocent looking plant was the cause of the death of the immortal Lincoln's mother, Nancy Hanks Lincoln.

Four from County Receive District P.-T.A. Notice of Meeting

Miss Blanche Dingus, Floyd county extension chairman of the Ninth district, Kentucky Congress of Parents and Teachers, and chairman of the committee to nominate candidates for the offices of district recording secretary and treasurer, has received the call to the mid-winter board of managers meeting to be held Saturday at 10 o'clock at the Chimney Corner Team Room, 1624 Carter Avenue, in Ashland. The meeting was previously scheduled for January 21 and postponed because of inclement weather.

Other members of the board of managers from Floyd county receiving the call are W. J. Reynolds, Martin, president of the Floyd County Council of Parent-Teacher Associations; Robert Wallace, Prestonsburg, chairman of the reading and library service committee; and Earl Martin, chairman of the rural service committee.

Mrs. N. H. Lanthorne, Ashland, district president, will head the all-day meeting and the agenda will also include approval of the district spring conference plans and plans for the state convention.

Luncheon will be served at 12 o'clock. Reservations not made previously can be made with Mrs. John Artis, Ashland, before Friday.

Four Floyd Students Are Elected To Office In Union Classes, Clubs

Barbourville, Ky.—Four students from Floyd county have been elected officers at Union College this year.

Miss Carolyn Sue Akers, a freshman, has been elected secretary of the freshman class. A graduate of Prestonsburg high school, Miss Akers is the daughter of Mr. and Mrs. Cleo Akers.

Canton Livingston Napier, of Martin, has been selected sophomore representative for the Student Senate. A graduate of Martin high school, he is the son of Mrs. Lenzie Stone. He is also a member of the Union College Christian Association and Veterans Club.

Miss Judith Roberts, Prestonsburg, has been elected treasurer of the Home Economics Club, and typist for the Stespean staff. A graduate of Prestonsburg high school, she is the daughter of Mr. and Mrs. E. D. Roberts. She is a member of the Student National Education Association, Pep Club, and the Union College Christian Association. She was a homecoming queen candidate in her freshman year.

Miss Kathryn Elizabeth Roberts, Prestonsburg, has been elected secretary-treasurer of the Gerwan Club. The daughter of Mr. and Mrs. E. D. Roberts, she is a graduate of Prestonsburg high school. She has been the recipient of an honor scholarship for the past three years. She is also a member of the Union College Christian Association, and has served on the freshman orientation committee for two years. Preparing for the profession of religious education, she is majoring in English and music.

EXTENSION STAFF **FRANCES HOWLAND**

AREA STRAWBERRY MEETING
Farmers from seven counties are to meet in Prestonsburg, January 26, at 7:30 p.m. at the courthouse, to make further plans for a strawberry processing plant. Each county is to make a progress report on the number of acres that will be set.

Carl Abbott, processor, and W. W. Magill, Extension fruit specialist, will be present. From this meeting Abbott will get a good picture of the interest in the area. The more interested people that attend, the better the impression that will be made on Abbott. All interested persons are invited to attend.

STRAWBERRY PLANT
To set 60 acres will require considerable bookkeeping. The Strawberry Committee has made arrangements with the First National Bank to handle deposits for plant deposits, and maintain extra deposit slips for the committee. The price of the plants including transportation charges will be \$15.50 per thousand.

Other counties have already received deposits on a large number of plants. Only a few from Floyd county have made their deposit for plants, although 40 acres have been signed up with agriculture workers.

It is important to make deposits on plants as soon as possible, so that the strawberry committee will know what progress is being made.

CATTLE GRUBS AND LICE
Kentucky livestock producers lose thousands of dollars each year from cattle grubs or heel flies and lice. The time to treat for both of these insects pest is now.

The grubs, which develop into heel flies, can be controlled by using 15% rotenone dust. Dust about two ounces up and down the back of the animals and rub in well. Repeat this process in about two weeks.
Lice can be controlled by using 0.5% rotenone dust applied as often as needed.

WORK CENTER SAVES TIME AND STEPS

Work centers are step-savers in the kitchen. When remodeling or building a new kitchen, plan clearly defined centers for each activity carried on in the kitchen and have storage cabinets and counter space for each.

The mix center, where most foods are prepared, should be located near the refrigerator. The refrigerator should open on to a counter. At least three running feet of counter space is needed with cabinets above and below for storage of supplies and equipment used here.

The sink center is used for dish-washing as well as for storage and preparation of foods. You will need from two to three feet of counter space on each side of the sink—on the right for stacking soiled dishes and on the left for draining (the opposite if you are left handed.) Store dishes in a wall cabinet at the left of the sink. Make a list of activities done at the sink and the supplies needed for them. These should be stored here. If you have a dish washer, put it at the left of the sink.
Two feet of counter space on one side of the range and one and one-half feet on the other side for serving is needed at the cook center. Plan storage here for food, utensils and seasoning supplies regularly used at the range as well as for the dishes used for serving.
The ideal place for an eating center, if you plan to eat some meals in the kitchen, is next to a window with a pleasant view. Be sure to have enough electrical outlets with correct current located here to take care of small appliances used at the table.
Every home needs a business center and the kitchen or family room is a good place for this. A space for a radio, clock and book shelf can be included.
Storage space is most valuable when every item is stored within easy reach at the place of its first use. Only like things should be stacked together.
Well planned storage and convenient work centers can save you time and make your kitchen work much more pleasant.

Floyd Men Elected To Head Ohio Groups Of Morehead Alumni

Morehead, Ky., Jan. 26—Contacts between Morehead State College and the outside public are becoming much stronger in these weeks, as the institution's alumni in the various areas gather together in their separate residential areas to form organized alumni groups.

During the past two weeks, two new organizations have come into being, spreading the word of Morehead State College into broader areas. January 11, alumni in the Dayton, Ohio, area met at Centerville, Ohio, to organize a service organization for their alma mater. January 19 a similar group in the Columbus, Ohio, area also held its formal beginning as an alumni club.

The Dayton group selected Julian Campbell, of Springsboro, formerly of Prestonsburg, and a 1960 graduate of Morehead State College, as its president with Ivan E. Ball, Fairborn, Fatsy L. Hillman, Covington, Helen C. Vanderpool, Waynesville, and Aurola K. Jackson, Dayton, chosen to fill the posts of vice-president, corresponding secretary, recording secretary and treasurer, respectively.

The Columbus area graduates met at Circleville and selected Hugh W. Stumbo, Columbus, also a former Floyd countyman, as president. Other officers elected were Bill Salisbury, Circleville, vice-president, and Barbara B. Barlow, Columbus, secretary-treasurer.

ANSWERS TO YOUR TAX QUESTIONS
BY WILLIAM E. SCENT
KENTUCKY'S COMMISSIONER OF REVENUE

Recently the Internal Revenue Service and the Department of Revenue jointly issued a table for estimating the amount of sales tax deductible on federal and state income tax forms. A few questions and answers on this subject follow:

Q. What is the sales tax deductible table?
A. The table is a chart estimating the amount of sales tax paid since June 30, 1960, by families of different sizes in various income brackets.

Q. Who may use the table?
A. Every Kentucky resident who itemizes deductions on a calendar year 1960 Individual Income Tax Return (Revenue Form 740) may use the table.

Q. Does the table take into account the three per cent tax on a new car?
A. No. The table does not reflect any tax which residents of Kentucky may have paid on a new automobile, a used car not previously licensed in Kentucky, or gasoline purchased during the year.

Q. Can these taxes be deducted?
A. Yes. They may be deducted separately in "Itemized Deductions" on page 2 of Revenue Form 740.

Q. Can a taxpayer deduct more than allowed by the table if he has receipts showing a greater amount of sales tax?
A. Yes. You may deduct any amount of sales tax that you paid during 1960. However, you may be asked to produce records to support the deduction if it exceeds the amount shown in the table.

Q. How can I get a table?
A. The table is available on request at Frankfort and all the district offices of the Department of Revenue. The table is found on Revenue Form 745. Use this number when requesting the form.

Q. The 1960 General Assembly enacted laws which affect the administration of property taxes on motor vehicles. The following should answer some of your questions:
Q. What is the purpose of the new motor vehicle assessment, collection and registration law?
A. The purpose of the law is to insure that property taxes are paid on all motor vehicles registered in Kentucky. The law does not impose new taxes or raise existing taxes.

Q. What will the county court clerk need before he can register a motor vehicle in 1962?

Mrs. Goldie I. Hall, Former Martin Woman, Dies At Danville, Va.

Mrs. Goldie Irene Hall, 34, of Danville, Va., was claimed Sunday at the Danville Memorial hospital following an illness of a year. She was formerly of Martin this county.

Mrs. Hall was a daughter of the late James and Mary Crisp Skeens. Surviving sons and a daughter are Bruce Hall, Tommy Hall, Bill Hall, Jerry Hall and Patsy Hall, all at home. Surviving are three brothers, Bill Skeens and Jimmy Skeens, both of Detroit, and J. C. Skeens, of Martin.

Funeral rites were conducted at 11 a.m., Wednesday, from the Martin Church of Christ, the Revs. John Paul Billiter and others officiating. Burial was made in the Martin cemetery under the direction of Hall Brothers Funeral Home.

INFORMATION FOR VETERANS

Here are authoritative answers from the Veterans Administration to questions of interest from former servicemen and their families:

Q. I sold my GI home and got a release from liability from the VA for any future payments. Am I now eligible for another GI loan?

A. You may or may not be. Release from liability does not automatically restore eligibility for another loan. It is restored only under certain conditions, such as selling your home because of health reasons, moving to another area for a better job, etc.

Q. Under the old death compensation program, the widow of a deceased peacetime veteran received less than the widow of a wartime veteran. Is this true under the Survivors Benefits Act?

A. No. The Survivors Benefits Act provides for equal payments for widows of both war and peacetime veterans.

Q. I haven't received my insurance premium notice envelopes from the VA. What should I do about the payments?

A. By all means, keep sending the

premiums into the same VA office when they become due, just as you have in the past. But be sure to include your full name, address and your insurance number. You'll find that on your policy. It will help to identify your payment.

Q. I am the widow of a recently deceased World War II veteran. He never used his entitlement for a GI loan. Am I eligible for this benefit?

A. Only those unmarried widows of World War II and Korean veterans who died in service or, following service, died as a result of a service-connected disability are eligible for GI home benefits.

(Veterans living in or near Prestonsburg who wish further help about their various benefits should write or visit the VA office at 1405 W. Broadway, Louisville 3, Kentucky.)

I'm a Korea veteran, holding GI term insurance. I understand, by a recent law, I now can convert it to a permanent plan. Is this so?

A. Yes. Korea veterans holding term insurance policies with the letters "RS" before their policy numbers may either convert to permanent plan insurance or exchange for a term policy costing one-third as much.

Q. On my discharge from the Armed Forces I received a lump sum disability severance payment. Will I have to pay this back to the Government if I am awarded VA compensation for the same disability?

A. Yes. The law requires that VA monthly compensation payments revert to the Government until the amount recovered is equal to the amount of disability severance pay the veteran received.

Q. I am planning to sell my GI home but cannot pay off the loan with what cash I will receive from the new purchaser. Do I have to have VA's consent to make the sale?

A. No. You do not need VA's consent to sell your property. However, if you wish to be released from possible liability to the Government, you must apply to the VA.

Q. Is it possible for a disabled "peacetime" veteran to draw VA compensation at wartime rates?

A. Yes. If the disability resulted from extra-hazardous service, as, for example, participation in simulated warfare, the veteran may be eligible for compensation at wartime rates.

Q. The VA has been deducting my monthly insurance premium payments from my disability compensation payments. Recently, my compensation has been reduced and will not cover the insurance payments. Will the VA continue to take my compensation and let me make them the balance due on the insurance premiums?

A. No. Since your compensation will no longer cover your insurance premiums, you will have to pay the total insurance premium direct. The VA will now send you your compensation payments.

Q. As a widow of a World War II veteran, I am receiving death pension for myself and two children. I realize that if I remarry, I am no longer eligible, but would the children still be eligible?

A. The children will be eligible in their own right until age 18, or if in school, until age 21, unless they marry earlier.

Q. I did not file a claim for disability compensation when discharged from World War I because I felt my service-incurred disability was insignificant and it was not bothering me. Now, it does bother me, but I have been told there is a one-year-from-discharge deadline for filing a claim. Is this true?

A. There is no deadline for filing a claim for disability compensation. If you file within a year following discharge, your payments will be made retroactive to the date of your discharge. If you file after a year, your payments are effective from the date you file.

Q. My son, a disabled Korean Conflict veteran, has recently reached the stage where he needs constant aid and attention and we have decided he should return home to live with us. I understand he is eligible for additional disability payments because of his present condition. If I take care of him, will he be eligible for these payments, or must we employ someone to care for him?

A. It is not necessary that he employ an outsider to care for him. Any capable member of his family may provide these services.

Q. Those receiving nonservice-connected pension payments from the VA are asked each year to report on their income. What happens if they fail to make this report?

A. The VA must stop pension payments to those who fail to return the annual income questionnaire. Since the law requires that pensions not be paid to those with outside income over certain limitations, the VA must know the recipient's income to determine pension eligibility.

Q. How many veterans of our Indian Wars are still living? How many Spanish-American War veterans?

A. VA records show 39 persons (average age 90) receiving benefits as Indian War veterans. There are about 35,000 Spanish-American War veterans still living.

Member of Texas Band

The Pampa, Texas high school band, of which James Hall, Jr., 16, formerly of Weeksbury is a member, was declared the nation's most outstanding band at the 14th annual Mid-West Band Clinic held in Chicago, in December.

The Pampa band was the second in the nation to be so declared by the clinic. The Texans offered a 70-minute presentation and received a standing ovation.

Hall is a son of Mr. and Mrs. James E. Hall, of Pampa, and a grandson of Mr. and Mrs. Ollie Hall, of Weeksbury.

Two from Prestonsburg At White House Parley

Washington, D. C., Jan. 16 (Spl.)—Dr. H. E. Midkiff, an optometrist, and Dr. George P. Archer, physician and surgeon, both of Prestonsburg, attended the White House Conference on Aging here, January 9-12.

More than 2,800 delegates attended the conference, representing 49 states and territories, and 300 national voluntary organizations with programs in the field of aging. It is a citizens' conference, rather than an activity of the federal government.

The delegates studied the entire gamut of problems, needs, and opportunities of senior citizens and drew up recommendations for action and programs to be implemented by national voluntary organizations, states, local communities, the federal government, and older people themselves. The subject matter of the conference included such items as income maintenance, inflation, health and medical care, housing and free-time activities.

LAFFERTY IN MARINES

Kaneohe Bay—Marine Pfc. Carl L. Lafferty, son of Mr. and Mrs. G. B. Lafferty, of Water Gap, Prestonsburg, Ky., is serving with Marine Air Base Squadron 13, at the Marene Corps Air Station, Kaneohe Bay, Hawaii.

The Squadron is a unit of the First Marine Brigade, an air-ground fighting team of the Fleet Marine Force, Pacific.

OLDEST KNOWN KENTUCKIAN ON FARM-HOME WEEK CARD

The oldest known Kentuckian will be on a Farm-Home Week conference program. The resident is a Western Kentucky hunter. He will be introduced Thursday night, Feb. 2, in Memorial Coliseum of the University of Kentucky at Lexington.

But—the gentleman will not be a speaker. In fact, he won't even know he is present. That's because only his skeleton will attend. This hunter has been dead some 5,000 years.

The point: The former resident lived in Indian Knoll section of Ohio county. His skeleton was un-

earthed a few years ago by archaeologists.

The hunter's appearance is one feature of a lecture to be presented by Dr. Charles E. Snow and Dr. Douglas Schwartz, University of Kentucky anthropology department members. The lecture comprises the "Community Night" program. It is open to the public. Purpose is to acquaint present-day farmers with some of the life ways of their farmer and hunter predecessors.

The anthropologists' joint illustrated talk will cover the period from 30,000 B.C. (when the New World was peopled) to the 1700's when the first white man arrived in Kentucky. The Shawnee Indians were residents in possession at the latter date.

Snow and Schwartz explain that the various cultures had different types of activities. Some of the people were farmers principally, living along the rivers or in the state's woodlands. Others were hunters and herb gatherers.

WAYLAND

The Lackey-Garrett-Wayland Woman's Club held its regular monthly program meeting in the clubhouse, January 16. The program for the evening was, "Moral and Spiritual Values." The program leader was Mrs. Richard Vinson. The program was one of the most interesting that had been given this year.

Mrs. Glenn Pack, club president, presided at the meeting.

A financial report was given by Mrs. Earl Castle, treasurer of the general funds, and in the absence of Mrs. J. C. Wells, treasurer of the building funds, Mrs. Pack reported that a profit of \$150 had been made from the sale of pecans during the holidays, also that \$160 had been cleared on the dinner prepared for the James W. Alley Lodge, Dec. 9; that all bills had been paid for the month of December, and that another quilt top has been finished.

The club welcomed a new member into the club, Mrs. Winfred Bentley.

Preceding the meeting, a desert course was served by the hostesses, Mrs. M. M. Collins and Mrs. Rudolph Spencer, to the following: Mrs. Richard Vinson, Mrs. N. D. Howard, Mrs. Winfred Bentley, Mrs. Adam Bukovich, Mrs. L. B. Price, Mrs. Charles Hughes, Mrs. Earl Castle, Mrs. J. E. Miller, Mrs. Glenn Pack, Mrs. Bert Stapleton, Mrs. J. T. Spillman, and guest, Mrs. Scott Collins.

The next regular scheduled program meeting will be Feb. 20, at the clubhouse. The program subject is "Conservation;" leader will be Mrs. S. M. Martin. The hostesses for the meeting will be Mrs. Mike Staley, Mrs. William Terry.

President Lauds Mitchell

Washington, D. C.—President Eisenhower has praised the work of Secretary of Labor James P. Mitchell in accepting his resignation effective January 20.

On and after this date I will not be responsible for any debts incurred by anyone other than myself.

MARTIN

ALLEN-MARTIN CLUB MEETS

The Allen-Martin Woman's Club held its regular monthly meeting at the home of Mrs. William Martin January 9. Mrs. T. A. Combs, club president, presided over the business session. Mrs. John Sammons, polo chairman for the club, enlisted members to help in the drive. Miss Nelle Music, chairman of International Relations, introduced the speaker of the evening, Chalmers Frazier, of Prestonsburg. Mr. Frazier gave an informative talk on the present world situation. Through the use of maps the trouble spots of the world were pointed out. Following Mr. Frazier's talk, refreshments were served to the following club members: Mrs. John Sherman, Mrs. Beecher Scutchfield, Mrs. T. A. Combs, Mrs. J. D. Adams, Mrs. T. J. Allen, Mrs. Dave Marrs, Mrs. John Sammons, and hostess, Mrs. William Martin.

SO SAFE
SO CLEAN
SO ODORLESS
SO MODERN

Flameless Electric Clothes Dryer

YES... It's SAFE

Perfect temperature control makes flameless electric clothes drying safe for even the most delicate fabrics.

YES... It's CLEAN

No filmy grime on walls or windows. Curtains stay cleaner longer, too, because a flameless electric clothes dryer doesn't cause dirt.

YES... It's ODORLESS

No fuel odors in your home. No fumes to cling to clothing. Flameless electricity dries your laundry flower-fresh.

YES... It's MODERN

Installs anywhere. No flues needed. A flameless electric clothes dryer offers all the advantages. It's the most modern way to dry clothes. Install one today and start living better... electrically.
