SPEAKING OF AND FOR FLOYD COUNTY

THURSDAY

PRESTONSBURG, KENTUCKY

NOVEMBER 15, 1962

This Town-- That World

It is exactly 3:56 p.m. as I start this. I should be through by 4 p.m., if I write only what is in mind as of this moment.

"SOMEBODY" PEEKED

Hanging on the wall in front of this desk is a memento left behind by Charles Goble during a recent visit here from West Liberty. It's a folder-type thing, and the flap reads, "In case of fire raise this flap!"

Well, somebody raised the flap, and here's what the next word was: "Not now, stupid—just in case of fire."

VITAL STATISTICS

The Vital Statistics office of the State Health Department occasionally runs into items which are more interesting than cold statistics would be expected to be. For instance:

On death certificates of the last century causes of death were on a few occasions listed as "to mean to live" and "shortness of breath." ("Heart failure" is a good, all-inclusive reason that surely was listed.)

And the folks in that office have found that there are some people who would like to appear for the record older than they really are, since it sometimes pays. One person went so far as to scorch the pages of a Bible to make it look older and thus scotch any question as to the authenticity of the genealogical record in it.

Somebody reported finding my lost temper when they drained Dewey Lake. Now they can start looking for my hopes for good fishing.

ARE WE UNGRATEFUL?

Has Floyd County lost its capacity for gratitude? Of it is, like the fellow Senator Barkley often told about, insisting that the Red Cross hasn't done anything for it "lateley"?

Floyd Red Cross Chapter is behind with its rent, behind on the salary of its one paid worker. Floyd county had a quota of \$6,700 when the Red Cross fund drive was begun early this year, and the people of the county had contributed only \$2,200 of that amount as of this week.

This is the Red Cross which after the flood of 1957 spent \$525,000 in (See Story No. 1, Page 6)

URA APPROVES GRANT FOR URBAN PLANNING

Initial federal grants for two Prestonsburg urban renewal projects were made last week, and project numbers have been assigned to two other undertakings on which federal aid is being sought.

Congressman Carl D. Perkins reported last Thursday from Washington that the Urban Renewal Administration had received approval of the two urban renewal grants totaling \$18,435 to begin the survey and planning of the "Central Business Area" and "Courthouse Square" projects here.

Perkins said:

"Preliminary estimates indicate that when planning has been com-

WOMAN TRIAL JURORS FAIL OF A VERDICT

Defense Claim Death Of Little Accidental; May Slaying Case Next

The jury in the trial of Mrs. Ruby Little, accused of the shotgun slaying of her father-in-law, A. J. Little, at Wheelwright Junction a few months ago was dismissed Tuesday night as hopelessly disagreed. The case will be set for a second trial.

Trial of Mrs. Little began with the empanelling of a jury Monday, first day of the November criminal term of circuit court. The jury deliberated about four hours.

Commonwealth testimony told of a dispute existing between the victim and his son, Johnny Little, and Johnny's wife, Ruby, over a garden plot. This testimony said the elder Little had gone through the garden to the fence which separates the Johnny Little yard from the garden and that the quarrel was renewed when he arrived there. Mrs. Maggie Sammons, a daughter of the slain man, came after him, took his arm and was leading him away when he was shot from behind.

There was no eyewitness testimony from the Commonwealth as to the actual firing of the fatal shot, but State Detective Chester D. Porter testified that Mrs. Little told him she fired the shot which struck her father-in-law.

In fact, the defense admitted that she had possession of the gun from which the shot was fired. Mrs. Little and her husband concurred in (See Story No. 2, Page 6)

PICK CARTER KCA OFFICER

Coroners Hold Meeting At Lexington; Compton Is Elected President

The Kentucky Coroners Association, which concluded a three-day meeting at Lexington Sunday, named James Carter, Floyd county coroner as a regional vice-president. Russ Compton, of Catlettsburg, was elected president.

The Lexington conference, at which many specialists attended and delivered addresses, was a part of the Continuing Education Institute conducted for coroners, commonwealth's attorneys, sheriffs and law enforcement officers by the Department of Legal Medicine and Toxicology, University of Kentucky Medical Center, Lexington.

Governor Bert Combs addressed the coroners and other officials Friday and Attorney General John B. Breckinridge spoke Sunday on "The Office of Coroner."

Others named to offices in the Kentucky Coroners Association are Chester Hager, Lexington, vice-president, James Davis, Owensboro, and Hubert Reid, Earlinton, both as regional vice-presidents to serve with Carter.

Compton and Carter have been participating in the activities of the Association for many years and both have attended several state and national conventions.

Knife Wound Victim Identifies Assailant

Clifford Crum, who was severely slashed in an altercation at the mouth of Arkansas Creek, near Martin, Saturday night, was expected to be able to leave the McDowell Memorial hospital today (Thursday).

Crum did not name his assailant until Tuesday, it was said at the Sheriff's office. A warrant for his attacker had not been issued Wednesday morning.

DALE KILLED IN GERMANY

Auto Accident Claims Veteran Tram Soldier; Funeral Slated Saturday

Sgt. Charles W. Dale, 26, of Tram, was killed November 2 in Germany in an auto accident. Details of the tragedy have not been learned.

Sgt. Dale was a veteran of eight years in the airborne service and had been stationed in Germany for 18 months. He was a native of Weeksburg, the son of Ervin and Othel Hamilton Dale, of Tram, and was a graduate of Betsy Layne high school.

Surviving, besides the parents, are his wife, Sieglinde Hiel Dale, of Koch, Germany, and two daughters, Antonia Othel Dale and Sieglinde Wanda, both at home. Surviving brothers and sisters are Edgar Dale, Columbus, Ohio, Magdalene Dale, James Dale and Archie Dale, all at home.

The body arrived here Tuesday and was removed to the home of his parents at Tram. Funeral services will be held Saturday at 11 a.m. at the Tom's Creek Baptist Church at Ivel, the Revs. Johnny Conley, James Harmon and William Amburgey officiating. Burial will be made in the Hamilton cemetery at Grethel under the direction of Carter & Callihan Funeral Home.

High School Youth Hit by Truck Here

David Allen, son of Former County Court Clerk Jarvis Allen, suffered a broken bone in his leg and a concussion Monday morning when he was struck by a car as he crossed Lake Drive here at the Wise Restaurant, Lloyd Hall, driver of the car which hit the youth, was not held to any charge. The injured boy, a freshman in high school here, was delivering newspapers at the time of the accident. He is at the Prestonsburg General hospital.

QUIET FALLS IN COAL AREA

Warrants Are Issued On Earlier Charges; Trials Slated Monday

On the whole, the Floyd county coal mining scene was quiet this week, with scattered mines operating without interference, and with the only open disputes being those represented by court action.

Warrants for members of both sides in the mine dispute have been issued within the week. All arrested have executed bond.

The latest arrests were made this week after Bailey Mosley, 53, of East McDowell, filed an affidavit naming Homer Howell, Simon Moore, Willard Howell and Green Johnson as the men involved in beating him at the Oct. 23 meeting of pickets and others at the McDowell high school gymnasium. A peace warrant issued for Homer Howell has not been executed because officers have not been able to find him, the Sheriff's office said. The others, all of whom are accused of assault and battery, are slated for trial Monday.

Cecil Newsome and Namon Sammons were arrested last week by Constable Tom Adams on the charge of carrying a concealed deadly weapon. Peace warrants were sworn out by Charley Hamilton for Walker and Cecil Newsome, Hamilton claiming that a gun was "thrown" on him. A peace warrant also is issued for Kermit Newsome on the statement of Harry Moore that Newsome "flashed" a high-power rifle.

Mosley, who claims to have served as a member of a local union committee and to have been a member of the United Mine Workers since the first local was organized on Left Beaver Creek, stated in an affidavit that George Howell directed that he be ejected from the McDowell (See Story No. 5, Page 6)

2 FLOYD MEN FOUND DEAD

Carbon Monoxide Claims Branham and Hamilton In Car at Lorain, Ohio

Bodies of two Floyd countians were found early last Thursday morning in a parked car at Lorain, Ohio. Death resulted from asphyxiation by carbon monoxide, a coroner's jury held.

The victims were Bobby Gene Hamilton, 18, formerly of Grethel, and Russell Branham, 20, of Amba. Their deaths were discovered when Mrs. Zella Moore went to the parked car in the driveway of her home to call her brother and his Floyd county friend to breakfast.

Relatives said the two apparently had returned home late at night and had decided to sleep in the car, preferring not to disturb the household by entering the house. Windows of the car were closed, and the motor was still running when the bodies were found.

Hamilton had been employed at Lorain about three years as a construction worker. Branham had arrived there only two or three days before his death, having gone there seeking employment.

Hamilton is survived by his parents, Bruce and Virgie Tackett Hamilton, of Grethel, and the following brothers and sisters: Benny Hamilton, New London, Ohio, Bill Hamilton, Chicago, Illinois, Matt Hamilton, of Grethel, Kemis Hamilton, Lorain, Ohio, Mrs. Marie Rice, Chicago, Mrs. Zella Moore, Lorain, Ohio, Mrs. Pearl Parsons, Lincoln Park, Michigan, Mrs. Lorraine Stoneburg, Mt. Vernon, Ohio, Mrs. (See Story No. 3, Page 6)

POWER PLANT IS DEDICATED

Contribution To Area Emphasized by Speakers; Governor Unveils Plaque

Kentucky Power Company's \$37-million Big Sandy Plant near Louisa was dedicated last Thursday in ceremonies emphasizing its contributions to the economy of the area.

Some 600 guests watched Governor Bert Combs unveil the plaque which dedicates the plant "to the service of the people of Kentucky." He paid tribute to Kentucky Power Company and the American Electric Power System and noted the impact of the 265,000 kilowatt plant on the economy through its use of 750,000 tons of Eastern Kentucky coal annually.

He said that the plant was a symbol of vision transforming Eastern Kentucky from a land of opportunity to a land of prosperity. He complimented Kentucky Power and the AEP System on their confidence in the future of the area they serve.

Donald C. Cook, president of AEP and Kentucky Power, expressed the belief that the nearby Burnaugh site, which is jointly owned by Kentucky Power and the C. & O. Railway, offers an excellent opportunity to the aluminum industry because it is "one of the outstanding sites for an aluminum reduction operation available in the country today."

He said the location of a major aluminum plant on this site "would have the immediate result of our adding an additional unit to the Big Sandy Plant." This would mean expenditures of over \$36 million and use of another 3-million tons of coal each year.

The AEP System president said, "For this and other reasons we believe the future for Eastern Kentucky is bright, and we will do everything we possibly can to help realize that future."

The Big Sandy Plant raises the American Electric Power System's (See Story No. 6, Page 6)

Thanksgiving Service Set At Presbyterian Church; Rev. Jagers To Speak

The annual union Thanksgiving service will be held Wednesday, November 21 at 7:30 p.m., at the First Presbyterian Church here. The Rev. W. D. Jagers, pastor of Irene Cole Memorial Baptist Church, will be the speaker. Special music will be furnished by the high school chorus.

This is the first Thanksgiving observation to be held here on Thanksgiving eve. It coincides with the prayer meeting hour of most churches, and it is hoped that all churches of the community, as well as the public in general, will be well represented at the service.

ASC ORDERS NEW ELECTION

Akers Files Complaint With State On Naming Of Salisbury and Reid

The state Agricultural Stabilization Conservation committee has ordered new elections held for the office of community committees in the communities of Right and Left Beaver Creek. Notice that the elections held Sept. 24 were being voided was issued this week.

Lackey Salisbury and Rubin Reid were named committeemen of the communities at the September election without opposition.

Webster Akers, of Grethel, who was elected committeeman of the Mud Creek community, filed a notice of protest Oct. 11 in which he asked that the elections of Salisbury and Reid be voided.

Akers alleged that the Left Beaver community election was held in a U. S. postoffice and that the site for the election was changed by Elder Goble, local A. S. C. office manager, from Raymond Turner's store at Drift to John Spurlock's store at Printer after the voting place was announced in the Floyd County Times.

"Goble exceeded his authority and used undue influence on the members of the A. S. C.," Akers alleged.

The Grethel committeeman charged in his complaint that the Right Beaver Creek community election was held at the home of an A. S. C. member (William Hicks) and this caused many members not to attend. Akers further asked that Goble be investigated "as to his undue influence on members of the program."

Goble, in a statement this week to The Times, in regard to the polling of farmers on Left Beaver Creek, said that H. T. Hill, member of the county committee who had selected the place, came to his office Sept. 13 and said that he had made a mistake in picking Raymond Turner's store and asked that it be changed to Roe Turner's store. Instead, the committee named Spurlock's store.

"The Floyd County Times was notified immediately of the change," Goble said. "The Times published the change in the next issue and individual notices were sent to each farmer telling them when and where the meeting place in their community would be."

The 2,800 farmers participating in the program name five community committeemen who in turn name a three-man county committee to conduct the conservation program. The committee employs the personnel and supervises the cost-share practices.

Lewis Burchett, Daniel Akers and William Hicks were named by the newly-elected county committeemen on Sept. 28 to serve as the county committee. But a new election of county committee members will be held following the community elections.

Highway Job Bids Asked On Floyd, Johnson Work; Federal Funds To Finance

Bids for a grade, drain and concrete surfacing project on the Paintsville-Auxier-Prestonsburg road in Floyd and Johnson counties will be received by the Highway Department on November 30.

The project will begin approximately 2 mile south of US 23 and 460, near Hager Hill, and extend 1.45 mile south of the Johnson-Floyd county line, a distance of 5.395 miles.

This highway improvement is being financed with federal and state road funds.

ROUGH FISH, SHELTER CONCERN OF BIOLOGIST

Bernard Carter, director of the Division of Fish, Department of Fish & Wildlife Resources, is more concerned about the future development of Dewey Lake as a fishing spot than by the loss of bass suffered last week when the level of the impoundment, dropped by 25 feet within a period of six days, was restricted over most of its length to the stream channel.

The rough fish problem and the matter of cover for fish in the lake drew most of Mr. Carter's attention during his visit here this week.

Although the loss of bass was admittedly heavy in the small section affected—from a point near Stratton Branch to a short distance above Brandy Keg Cove (the state boat dock location)—, it was pointed out that no loss has been discovered elsewhere and that week-end rains wiped out the last apparent possibility of any further loss.

Gas having the effect of carbon dioxide and water laden with minerals and mud created an oxygen shortage, and this is believed to have caused the loss of fish life. Division of Fish personnel at the lake at the time of the drawdown were not equipped to take samples of the water, and for that reason no laboratory analysis was available.

Both Carter and Conservation Officer Raymond Copley expressed the belief that many of the bass taken from the lake would have survived if given a chance. In fact, said Copley, some taken from the affected section and placed on a stringer did revive when placed in a pond.

With the bottoms beyond the banks of Johns Creek itself exposed by the drawdown, the lack of cover for fish became painfully apparent. All accumulations of brush and logs are gone, especially in the portion of the lake from Clark Branch, two miles above the dock, to the dam. Inspection of the area above Clark Branch is difficult, because boats can negotiate the stream beyond that point only with difficulty.

Mr. Carter said that, if the U. S. Corps of Engineers and the Division of Parks will give their approval, cover may be provided for fish by dumping old car bodies along the shores of the lake at a distance and depth sufficient to insure no interference with boat travel or danger to skiers and others.

The possibility also exists, it was pointed out, that brush cleared by state workmen from slopes bordering the lake might be securely anchored below the normal water level if state and federal authorities will permit.

Division of Fish personnel continue setting operations at several

points, and the haul of suckers is heavy, in particular. Other fish being taken are carp and some small crappie. Bass, both white and black, are returned to the water.

Some white bass of good size have been seined. Few smaller individuals of this species have been netted, since there was no white bass spawn in the lake last spring.

During the drawdown a great number of shad passed through the dam. Celsus Meek, damtender, said the stilling basin below the dam was literally jammed with shad, and Conservation Officer Copley said the stream far below was "literally working alive" with them.

The lake will be restocked with "keeper-size" black bass from the state hatcheries when the water level is restored April 1, it was said.

ROAD, BRIDGE CONSTRUCTION NEARS FINISH

Rock Surfacing Begun To Serve Winter Traffic; Concrete Poured on Spans

The Prestonsburg arm of the Mountain Parkway from Prestonsburg to the junction with the David road is approximately 95% complete, contractors said here Wednesday.

Stone surfacing was begun Wednesday by the Winston Ford Company on the new road at the junction with the David road at the forks of Middle Creek, with this phase of the work to continue on to Prestonsburg to serve traffic this winter.

Gobel Mattingly, of the Mattingly Bridge Company, contractor on construction of several bridges in the area, including those on the new sector of the Parkway, said the four-lane span across the river here should be completed within the next four weeks. Concrete work on one lane of the bridge has been done, with another lane being readied for paving. Two other bridges built by the firm farther up Middle Creek are complete, with only the forms to be removed. Work is beginning on the bridge to connect West Prestonsburg with the new highway.

Pouring of concrete on one section of the Prestonsburg-Town Branch bridge has begun, and Mr. Mattingly said this project should be completed within the next two or three weeks, barring bad weather.

The Mattingly Bridge Company also has completed three bridges on the Prestonsburg-Auxier-Pointsville road—one across the Big Sandy at Auxier, another across Johns Creek and a third across the river near Hager Hill. All three of these spans have been in use for some time.

WPRT SEEKS FM LICENSE

Application Requests 100,000 Watts Power; Equipment Is Purchased

Application for a new FM broadcasting station was filed Oct. 29 with the Federal Communications Commission by Stephens Industries, Inc., of Prestonsburg.

The application requests a Class C FM broadcasting station to operate on Channel 279 at Prestonsburg, with a power of 100,000 watts, 24 hours a day, and antenna height of 311 feet above ground. The transmitter will be located 3 miles east of Town Branch Fork Road, 5 miles south of Prestonsburg, and the site of the main studio will be on U. S. Route 23, approximately 1.5 miles east of Prestonsburg.

Mr. Stephens said Radio Station WPRT FM will be the most powerful station in this region. Equipment has been purchased and construction of the FM station will start as soon as the Federal Communications Commission grants approval.

Officers and directors of Stephens Industries, Inc., are D. C. Stephens, president and director; Dora S. Stephens, secretary-treasurer and director, and A. Robert Doll, director. All of the stock of the company is owned by D. C. Stephens.

WOMAN DIES OF EXPOSURE

Hospital Escapee Found Victim in Scott County; Body Returned to Floyd

The body of a Floyd county woman, an escapee from the Eastern State hospital, Lexington, was found Tuesday morning near the Southern Railway tracks, two miles south of Sadieville, Scott county.

A laundry mark led to her identification as Miss Goldie Morgan, 46, of Price, Scott county deputy coroners said.

The laundry mark, which read "Ward 5," caused the officials to contact the Lexington hospital where a nurse, Mrs. Elizabeth Cernien, identified the woman.

Clad only in a short-sleeve dress, the woman apparently died of exposure and exhaustion, the deputy coroners said.

Miss Morgan's body was found lying face down alongside the railroad tracks in the gravel right-of-way. Her knees and face were bruised, apparently caused when she fell, the deputy coroners said. She apparently had been dead 10 to 12 hours.

Mrs. Carmen said that Miss Morgan had been missing from the hospital since about 7:45 a.m. Monday. Raymond Wilson, a signal man for the Southern Railway, said that he saw the woman walking along the tracks between Georgetown and Sadieville about 3 o'clock Monday afternoon. A train crew reported seeing the body this morning.

Miss Morgan was a daughter of W. P. and Fennie Cox Morgan, of Price. She was never married. Surviving brothers are Troy Morgan, Leesburg, Florida, Vennie Morgan, and Nova Morgan, both of Price.

The body was taken to the Johnson Funeral Home at Georgetown but later removed to Hall Brothers Funeral Home at Martin.

Funeral rites will be conducted Friday at 10 a.m. from the Little Nancy Regular Baptist Church at Hi Hat, the Revs. Jerry Hall and Ellis Hopkins officiating. Burial will be made in the Boyd cemetery at Hi Hat.

FBI MEETING SET AT PARK

Representatives To Talk Problems of Enforcement At May Lodge, Nov. 19

Increased FBI jurisdiction in fugitive investigations and in interstate gambling activities as well as the growing number of violations involving fraudulent checks and illegally obtained credit cards has prompted FBI Director J. Edgar Hoover to schedule special nationwide law enforcement conferences to discuss these matters.

Representatives from this area will meet at 10 a.m. November 19, at May Lodge, Jenny Wiley State Park.

More than 25,000 prosecutors, law enforcement officers and others interested directly in the matters to be discussed are expected to attend these conferences which will continue through December 1 of this year.

Ian D. MacLennan, special agent in charge of the Louisville office of the FBI, said that the FBI's increased jurisdiction in fugitive matters has already been of tremendous service to local authorities in locating fugitives who have fled across state lines. He said that the FBI's availability and willingness to assist local police in these investigations and in matters pertaining to interstate gambling activities and fraudulent checks will be discussed in detail at these conferences.

In addition to FBI personnel, the following speakers will take part in the program at Jenny Wiley State Park: Bernard T. Moynahan, Jr., United States Attorney, Lexington; Lt. Col. James W. Hughes, deputy director, Kentucky State Police, Frankfort; Ralph Fontaine, executive vice-president, Kentucky Bankers Association, Louisville; William G. Bailey, cashier, Citizens National Bank, Paintsville.

SCHOOL TEAM PLANS ADVICE

To High School Seniors At Meeting, Nov. 26; Questions, Answers Set

Most if not all high school seniors lack the information necessary to a wise choice of which college or university they should attend.

That's the reasoning behind the University of Kentucky's visitation program, which this year is giving seniors in 91 of Kentucky's 120 counties an opportunity to obtain authoritative answers to their questions about college life in general and UK in particular.

Six UK representatives, each an authority on some aspect of college life, will present an information program at 7:30 p.m. Monday, November 26, at Prestonsburg high school for residents of Floyd, Pike, Magoffin, Johnson, Martin and Morgan counties.

All high school seniors in the six-county area, along with their parents, teachers, counselors and others interested in learning more about higher education in Kentucky, are invited to attend the Prestonsburg meeting.

The program will consist of a brief talk by one of the team members, a longer question-and-answer period, and an informal session, in which the question period, team members say, which gives the student and his parents all the information they could obtain in a personal visit to the UK campus in Lexington.

Questions dealt with by the team usually cover such subjects as financial aid and school costs, academic requirements and expectations, housing, admission procedures and student services. Member of the visitation team are Richard Rushing, Alumni Association field secretary; Ordie (See Story No. 4, Page 6)

Mobile X-Ray Unit Slates Second Visit; Service Is Free, Noted

The mobile X-ray unit, donated by the Kentucky Elks Association for use in the state, will be at Har-old all day, Monday, November 26, it was announced this week by Dr. Russell Hall, of the Floyd County Health Department. It will offer free X-rays to all teachers, food-handlers and persons with contacts with known cases of tuberculosis.

Dr. Hall, in urging teachers and others to avail themselves of this opportunity to have an X-ray made, noted that the mobile unit would be in operation from 10 a.m. to 12 noon and from 1 p.m. to 3 p.m. This is the second trip of the unit to Floyd county this year.

MARTIN FOR STATE SENATOR

Without any solicitation from Senator Martin, we take this means of bringing to the attention of the general public and the Democratic voters of this county the immediate need of having Burnis Martin return to the State Senate to represent the people.

His record in the state senate for the school teachers and the schools, for the establishment of the college in Floyd county and his record in the state senate of having never voted wrong on a labor issue should especially endear him to the Democratic voters of this county.

Senator Martin has had four years experience in the State Senate, would make a strong candidate in the two Democratic counties of Floyd and Knott, and knowing his way in and around Frankfort and the maneuverings of the legislative process, the Democrats should all unite and get behind Senator Martin and return him to the State Senate where he can be of great benefit to the people.

If you want a man you can have confidence in, a man who will stand and fight for the interests of the common, laboring class of people, a man of experience and unquestioned ability, a man who, at the last session of the legislature, was named by a poll of the newspapers as an outstanding Leg-

islator, I urge all Democrats and Republicans alike to get behind Senator Martin and request that he run for re-election.

MR. AND MRS. GEORGE WRIGHT
Martin, Kentucky

Chairman Is Thankful

I would like to take this opportunity to express my appreciation for the splendid assistance which I received from the precinct workers and the county officials in the recent campaign.

I would also like to thank the voters of Floyd county, both Democrats and Republicans, who supported the Democratic ticket.

I take this opportunity to congratulate the victorious Republican Party, and although the nominee on the Democratic ticket was not successful, I am still thankful for the two-party system, for this system is the foundation of a Democracy.

The result in Floyd county was obtained through "hard work" and is something that we can be proud of in future years.

Junior Woman's Club Hold October Meeting

The Prestonsburg Junior Woman's Club held its October meeting at the Regional Library reading room. Mrs. Clifford B. Latta, the club president, presided over the meeting. The club collect was read by Mrs. William Rowe.

Following the devotional program, Mrs. Earl Martin, program chairman, introduced the guest-speaker, Mrs. Regina Mayo, who gave an interesting talk on her tour of the western states and her visit to the World's Fair.

The club voted to sponsor a Christmas Parade the day after Thanksgiving if the merchants are interested in it. Another meeting will be held this week to work out the complete details concerning this parade.

The club voted to take complete charge of the Floyd county May Day parade. Mrs. William Goble was to report later to the club what the band teachers want the club to do.

Mrs. Winston Ford, Jr., asked each member to make a list of the people they want invited to the holiday dinner dance to be held at May Lodge on New Year's eve.

The club voted to send a Halloween gift to their child at Beulah Mountain Home. It also voted to help pay expenses of a girl to attend the UN meeting in Louisville.

At the club's September meeting, Mrs. Earl Martin, program chairman, introduced the guest-speaker, the Rev. T. W. Chisholm, pastor of the Presbyterian Church. He gave an informative talk on the trip he and other men from Prestonsburg made to Gatlinburg, Tennessee. He pointed out that Prestonsburg, as a tourist town, has more to offer than Gatlinburg—"if we would just develop what we have."

The club voted to buy work books, pencils, and supplies for 16 first grade children, also to sponsor a clothing drive, with the clothes to be distributed in the grade school to children who needed them.

It was explained by Mrs. Clifford Latta, who is chairman of Kentucky's stamps for the wounded, to remember veterans by saving all United States Commemorative Stamps and all foreign stamps. These stamps will be mailed to the Veteran's hospital at the end of the year.

The club voted to sell recipe cards and other type postcards as a means of making money.

The club welcomed Mrs. Betty Roberts, who has moved here from Frankfort and transferred her membership. It also welcomed back Mrs. Wayne Ratliff, Jr.

Following the business session, a dessert was served by Mrs. Degermo DeRossett and Mrs. Harry Burke.

MRS. DAVIDSON ENTERTAINS U. D. C.

Mrs. A. J. Davidson, of Pikeville, entertained Greenville Davidson Chapter, United Daughters of the Confederacy, with a luncheon at The Lantern, three miles south of Pikeville, Nov. 10. Mrs. John R. Clark, president, presided. Mrs. Everett H. Sowards gave the blessing. Following the meal, the group assembled at Mrs. Davidson's home in Pikeville, where the Chapter held its meeting. Mrs. Mary Ford conducted the ritualistic service. Greetings and her membership certificate were extended to Miss Lena Porter, of Pikeville, a new member. Names of Misses Katherine Ratliff and Marian Ratliff, of Pikeville, were presented for membership. The collection netted \$2.43. Mrs. Clark invited the Chapter to meet with her, December 13. The hostess served refreshments to Mesdames John R. Clark, Harry Sandige, Joe Hobson, Everett H. Sowards, Mary A. Ford, A. J. Davidson, Tom Fields, Luther Shivel, Lida D. Spradlin, Miss Lena Porter, guests Mrs. F. L. Heinze, Mrs. Holly Starr, Mrs. Joe M. Davidson, Mrs. John E. Layne, and Mrs. E. S. Bowling. Ashland, Miss Katherine Ratliff, Miss Marian Ratliff, Pikeville.

Clerk Makes Settlement With School Board Here; Voters Reminded To Check

County Court Clerk Ollie Robinson has turned over to the Floyd County Board of Education \$1476.31, the total of delinquent taxes collected during the first 10 months of his term.

The Clerk announced this week that the voter-registration books are now open. "If you have married and your registration is now in your maiden name, you must re-register, also during this period you may transfer to your voting precinct," he reminded voters. Robinson also invited voters to call or visit the office to check about their voting status, especially those in Abbott Creek, Rough and Tough, Rock Fork, Garrett, Middle Creek, Jack Allen, Melvin, and Weeksbury. These precincts were split up and there is a possibility that some voters may have been placed in the wrong precinct, he said.

POULTRY FARM

One of the biggest poultry farms in the world is being built on a 20-acre tract in Ventura county, California, by Julius Goldman. As a starter, Goldman plans to have a million laying hens by 1964. The West Coast states normally consume only about 22 percent of the nation's lamb while the North-east and New England states consume 47 percent. The states around the Great Lakes region account for about 13 percent.

Try this LIGHT as a FEATHER

Spice Chiffon Cake

It's spicy-sweet, delightfully rich and flavorful. Your family will love this Spice Chiffon Cake—extra delicious because it's made with Silver Mist Flour.

Silver Mist Flour is pre-sifted, so you need never sift again for anything you bake. Complete instructions for "no-sift" baking are printed on every bag. This fine, white flour bakes right because it bakes light. Buy Silver Mist Flour at your grocer's today!

Silver mist FLOUR

SILVER MIST A Product of International Milling Company

SPICE CHIFFON CAKE
(A Silver Mist Pre-sifted Flour recipe)

1 1/2 cups + 2 tbsp. SILVER MIST All-Purpose Flour	1 tsp. cinnamon	5 egg yolks
1/2 cups sugar	1/2 tsp. nutmeg	3/4 cup water
3 tsp. baking powder*	1/2 tsp. allspice	2 tsp. vanilla
1 tsp. salt	1/2 tsp. cloves	1 cup (7-8) egg whites
	1/2 cup salad oil	1/2 tsp. cream of tartar

SPOON... flour (not sifted) into dry measuring cup. Level off and pour measured flour into mixing bowl.

ADD... sugar, baking powder, salt and spices to flour (not sifted) and stir well to blend.

ADD... oil, egg yolks, water and vanilla in order listed.

BEAT... 2 minutes with electric mixer or by hand (150 strokes per minute) until satin smooth.

FOLD... egg whites in large bowl until foamy. Add cream of tartar and beat until very stiff peaks are formed.

FOLD... egg yolk batter into egg whites very carefully using a rubber scraper.

POUR... into ungreased 10-inch tube pan.

BAKE... at 325° for 55 minutes, then at 350° for 10 minutes more.

INVERT... pan on funnel to cool. Frost with a butter cream icing, or as desired.

*If you use Silver Mist Pre-sifted Self-Rising Flour omit baking powder and salt.

**Yule Season Plans Scheduled
By Junior Woman's Club Here**

The yule season will be ushered in here Saturday, November 24, when the Junior Woman's Club will stage a Christmas Parade, complete with floats, Santa, the Snow Queen and a community Christmas tree. Five floats and gaily decorated convertibles will feature the parade. One float will bear the Snow Queen, who will be selected from the queens nominated by the several high schools of the county. Another will take Santa Claus on a tour as he scatters largesse of bubble gum and candy among the kiddies. Yet another will present the Nativity scene, and the fourth will represent a church scene, with a group of Girl Scouts as the choir. What the fifth float will depict has not yet been decided.

All high school bands of the county are being invited to participate. A community Christmas tree will be placed near the police station.

Mrs. Virgil Goble, president of the Prestonsburg Woman's Club, has pledged \$25 toward the purchase of lights for the tree.

Four of the floats will be sponsored by Francis Stores, the First National Bank, the Bank Josephine and Music-Colvin Motor Company. Various civic clubs will have convertibles in the parade.

Maytown high school, the only school to name a representative to compete for the title of Snow Queen, has chosen Miss Sue Thornsbury.

The Junior Woman's Club's committee planning the Christmas Parade is composed of Mesdames Wayne Ratliff, Jr., David Hereford, James Adams, Jack Hyden, W. M. Rowe, Bobby Ray White, Earl Martin, Winston Ford, Jr., Phillip Sallsbury, Mary Auxier Hale, Betty Roberts.

W.S.C.S. MEETS

Mrs. Frank Harman was hostess November 5 to the regular meeting of the W.S.C.S. of the First Methodist Church. She was assisted by Mrs. Elizabeth Harman, Mrs. Richard Spurlock, president, presided. Mrs. Regina Mayo presented the program, "United Nations Family." Miss Alice Harris gave a talk on national defense and U.N. programs. Mrs. H. B. Patrick gave a report on the new church peace center of the Methodist Church located across the street from the United Nations headquarters in New York City. The Woman's Division of Christian Service donated \$500.00 for this structure.

Desert was served to Mrs. Stella Spurlock, Mrs. Carl Horn, Regina Mayo, Miss Alice Harris, Mrs. Arnold Compton, Rev. and Mrs. O. M. Simmerman, Mrs. H. B. Patrick, Mrs. Carlos Roberts and Mrs. Cecil Kendrick.

REMOVED FROM HOSPITAL

Miss Gayle Calhoun, daughter of Mr. and Mrs. Tom Calhoun, has been removed to her home on Highland avenue following a week's hospitalization at the Prestonsburg General hospital. She is improving, friends say.

DAY HOMEMAKERS MEET

What are you teaching through your example to your child concerning money? Shall we pay for good grades? Shall we pay for good behavior? Shall we pay children for work around the home? How do you rate as a parent? How do you rate as a grandparent?

These questions were among those discussed by Mrs. Winnie F. Johns, leader of this month's Homemakers' program, Nov. 8 at the home of Mrs. Virginia Harmon. Each member read and discussed parts of the lesson, which was devoted to helping children learn the use of money.

Mrs. V. A. Smiley and Mrs. J. B. Clark reported on the district council meeting which they attended at Paintsville recently.

Mrs. Bill Osborne made a report on plans for the Christmas luncheon, which will be held Dec. 13 at 1 p.m. at the May Lodge.

Mrs. Paul Francis displayed cushions, wall panels and pictures of creel embroidery which she had done. Having a special workshop soon on this work was discussed.

Members attending were Mesdames V. A. Smiley, Cecil Kendrick, R. W. Feiler, Clyde Burchett, Jack Spurlin, Grace Ford, Winnie Johns, Bill Osborne, James Donahoe, T. B. Sturgill, Wm. Dingus, H. D. Hewlett, B. L. Sturgill, Paul Francis, Thurman Hughes, J. B. Clark, a new member, Mrs. Wayne Ratliff, Jr., and the hostesses, Mrs. Francis Harmon and Mrs. Gorman Collins.

The January meeting will be held the second Thursday at the home of Mrs. Winnie Johns, with Mrs. Grace Ford as co-hostess.

Mother of P'burg Man Victim At Sandy Hook; Rites Conducted Tuesday

Mrs. Missouri Frances Fraley, mother of Vester J. Fraley, of Prestonsburg, died Sunday at her home at Sandy Hook at the age of 90. She had been in ill health for the last year.

Mrs. Fraley was the widow of the Rev. James E. Fraley and was a lifelong resident of Elliott county. She had on numerous occasions visited her son here.

Survivors, in addition to her son who resides here, are two daughters and four sons: Mrs. Nannie Skaggs, of Ashland, Mrs. Sarah Gibson, of Flemingsburg, Ralph Fraley, of Sandy Hook, Archie Fraley, Margeno, Illinois, Bill Fraley, Hamilton, Ohio, and Addie Fraley, Roscoe, Kentucky. She also leaves one brother, six sisters, 38 grandchildren, 60 great-grandchildren and three great-great-grandchildren.

Funeral rites were conducted at 1 p.m. Tuesday from the Watson Baptist Church, Sandy Hook, and burial was made in the family cemetery.

PROFIT-MAKER—Lexington, Ky.—Agricultural lime-stone is a good profit-returner, says George D. Corder, UK Ag Extension Service soils specialist.

Our Yesterdays

(Items taken from files of The Floyd County Times of 30, 20 and 10 years ago.)

Thirty Years Ago

(November 11, 1932)

New York Governor Franklin D. Roosevelt defeated President Herbert Hoover by a landslide majority in Tuesday's national election, with Floyd county polling a 2-1 Democratic vote... In the Prestonsburg school election, A. J. Davidson, Dr. M. J. Leete and Alex M. Spradlin were elected... Ellis Howard, 39-year-old Floyd county tax commissioner, was found dead on Middle Creek, Saturday night—stabbed to death... The Carter Motor Sales garage, showroom and office on Third avenue here was destroyed by fire early Monday morning at a loss of \$18,000, it is estimated by A. C. Carter, owner... The entire lot of 800 ballots at Depot precinct No. 2, for the school election, were stolen Monday night, and County Clerk A. B. Meade had to order them re-printed... Married: Miss Emily Josephine Bowling, to Mr. John Everett Layne, formerly of Prestonsburg, at Cincinnati, Ohio, November 3... There died: Dewey Hall, at his home on Right Beaver Creek, Wednesday; Mack Hamilton, 50, at his home at Beaver.

Twenty Years Ago

(November 12, 1942)

Registration of home owners and car operators for kerosene and gasoline rationing will be started in Floyd county today (Thursday)... Mines operated by Ward and M. K. Reed, in this county, led mines of the Big Sandy area in safety during September, A. D. Sisk, secretary of the Big Sandy Elkhorn Mining Institute, reported last week... George Burke, Jr., 14-year-old Drift schoolboy, succumbed Tuesday morning at Orthopedic hospital, Huntington, West Virginia, to injuries sustained September 21 when struck by a truck while in search of scrap to aid the national war effort... Fifty-one of the 168 Floyd countyans called from Selective Service Board 44 for final examination at Huntington, West Virginia, were rejected because of a variety of shortcomings... Gene Hughes, 63, of Minnie, was fatally crushed by a slatefall in the Stumbo Elkhorn Coal Company mine at Drift, Thursday morning... Quarantine of several Floyd countyans who have been rejected for military service because of syphilis and who have not submitted to later treatment as directed was asked Thursday by the Floyd County Board of Health... Fillmore F. Jones, 30, former Martin liquor store operator, died at Memorial hospital, Williamson, West Virginia, October 29, of injuries sustained in an automobile wreck on the Williamson-Metewan highway... Born: to Mr. and Mrs. Everett Hager, of David, Friday, a son, Ronald Lee; to Mr. and Mrs. Frank Neeley, November 9, a son, Ashley Brian; to Mr. and Mrs. Andy (Buster) McClanahan, of Bull Creek, a son, Andrew Anthony, November 4... There died: Mrs. Arminta Crager Cyrus, 71, Wednesday, at the home of her daughter at Winchester, Ohio.

Ten Years Ago

(November 13, 1952)

Rumor persisted here this week that a federal probe of the conduct of the November election in three Floyd county precincts will be made, the three precincts under suspicion being Toler Creek, Antioch and Drift... Tidbits Of Kentucky Folklore

By GORDON WILSON, Ph. D. Western Kentucky Teachers' College Bowling Green, Ky.

When I was growing up at Fidelity, just about all the stories and novels we read were highly romantic. Life as we saw it seemed pretty dull or even cruel; but the fiction writers showed us some worlds that were far different. Sometimes it was hard to lay down a novel and go feed the horses or worm and sucker tobacco or slop the pigs. But we sometimes imagined ourselves doing some dream-world task when we had to attend to the very commonplace duties of the day. A stern father, for example, might interfere with our too-ardent love for the romances and see that we got our share of necessary labor around the farm. As an old man who has had a lot of contact with both romance and realism in his reading since Fidelity days, it is hard to decide whether to laugh at or praise some of the reading we did.

Life itself was, if we are to look at it with adult eyes, pretty lacking in romance. It had lots of sweat and dirt and a few tears. Pitting one's energies against a hard-headed mule when a fellow would like to have fought dragons instead was pretty tame stuff. Bright, ethereally beautiful girls of the novels looked like angels sure enough as compared with the ordinary country girls we knew. But it was easy to shut our eyes to the rather unpleasant realities around us—work and ugliness and plainness—and imagine that we were living in some other time and place. I am sure that if we had met some of the realism of other books that were beginning to appear about the time we could read and understand, we would have wondered whether there was anything to live for. Life had enough ugliness without trying to magnify it. To my father's house came the ailing, the afflicted, the ornerly to seek medical advice. Even the finest people are usually pretty sorry spectacles when they are sick. I could not help hearing some of the endless complaints, some of the eagerness to get some medicine that would restore one's physical well-being and make him equal to the stern life he had to live. I found it easy to run away after hearing so many complaints and lose myself in the dream world of some poet or novelist who, apparently, had run away, too.

Frankly, I think that romance was what I needed most in those days. But the writers that I knew most about were sentimental beyond words and were afraid to suggest that ordinary life was in any sense romantic. Our novels, then, were tearful or sticky and always far-fetched. We fairly lived from one Mary Jane Holmes novel to another as they appeared in serial form in our pulp magazines. I remember wading through St. Elmo, by Mrs. Augusta J. Evans Wilson, as it was printed in a magazine in twenty-two installments. Though the author had a lot of unassimilated knowledge and made you feel that you were seeing a big portion of the world, her treatment of characters was startlingly like that used by Mrs. Holmes: the hero always triumphed; the villain was found out, and either repented or got punished; the lily-white heroine was just there, a prize to the hero or a temptation to the villain. All this took place in the novels in some place far away or long ago, so that it was hard to believe that any of us could have ever seen and known such characters. I am afraid that we went back to our sordid-seeming lives little improved by our having lived for a while in dreamland.

But, again, as an old man I wonder what has taken the place of those very reading experiences we had. Do children read now, or do they look at TV? Is the rather silly romanticism of my childhood dead? Are we to regard the utterly frank and unromantic aspect of most modern writing as better than the sweetness and insipidity of the older novelists? It did not occur to me until I was grown that I had realism in the constant

Food donations to needy persons overseas increased 15 percent last year, according to USDA officials. These donations, part of the Food for Peace Program, totaled more than 2,700,000,000 pounds during fiscal 1962. Their dollar value came to \$224,500,000. This food was distributed by U. S. voluntary relief agencies in over 100 friendly countries.

YADEN-THOMPSON VOWS SAID AT BARDSTOWN, KY.

The marriage of Miss Anita Fain Yaden, daughter of Mr. and Mrs. Andrew F. Yaden, of Bardstown, and Mr. Thomas Burton Thompson, Jr., of Erlanger, son of Mr. and Mrs. Thomas Burton Thompson, Sr., of Prestonsburg, was solemnized at 2:30 o'clock in the afternoon, Sunday, September 30, in the Bardstown Christian Church. Rev. Charles Allen, pastor, performed the double-ring ceremony. The bride chose September 30 for her wedding day because it was the wedding anniversary of her maternal grandparents. This date would have marked the 61st anniversary of her grandfather and late grandmother, who died a year ago. The grandfather, B. E. Burnette, came from London, Kentucky, for the ceremony.

The church was decorated with arrangements of white gladioli interspersed with fern, and white candelabra with lighted tapers.

Miss Susan Yates, Bardstown, the organist, presented a program of nuptial music, and accompanied Mr. James Johnson, of Mt. Sterling, the soloist, in four selections.

The bride, given in marriage by her father, wore a floor-length gown of heavy white satin. The bodice featured long sleeves tapering to a point at the hands with a detail of tiny buttons at the wrist. The scoop neckline was outlined with a small band of lace applique and pearls. The same motif was carried out on the fitted bodice, buttoned down the back. The skirt was fashioned with side draping which formed a small bustle

bow with lace and pearls, and extended into a long flowing train. Her elbow-length veil of net was held in place by a crown of pearls and sequins. She carried a bouquet of white gardenias and stephanotis.

The maid of honor, Miss Doris Yaden, of Warren, Ohio, sister of the bride, and the bridesmaids, Mrs. Charlotte Thompson, of Washington Courthouse, Ohio, sister-in-law of the bridegroom, and Miss Diane Yaden, of Bardstown, sister of the bride, were costumed in identical dresses of gold satin with headpieces of gold net and satin. They carried old fashioned nosegays of bronze mums with gold streamers amid a background of white lace and gold net. The flower girl, Miss Andrea Yaden, sister of the bride, was dressed in a similar outfit and carried a basket of rose petals.

Mr. Gary D. Thompson, of Washington Courthouse, Ohio, served his brother as best man. Ushers were Mr. Earl T. Arnett, of Mt. Sterling, cousin of the bridegroom, and Mr. Earl W. Messer, of Richmond, Kentucky.

The bride's mother wore a soft brown satin brocade dress with brown and green accessories. The bridegroom's mother was costumed in a royal blue wool dress with black accessories. Each had a corsage of white carnations.

A reception followed at the church. After a wedding trip, the couple are at their home at Richmond, Kentucky, where Mrs. Thompson is a student at Eastern State College.

Out-of-town guests included: B. E. Burnette, Mrs. Brack Whitaker, Mr. and Mrs. Virgil Onkst and family, Miss Sandra Robinson, Miss Betty Robinson, all of London, Kentucky; Mr. and Mrs. Thomas B. Thompson, Sr., Mrs. John Hale, Mr. and Mrs. Victor Hale, Mrs. Grover Lowe, all of Prestonsburg; Mr. and Mrs. Eugene Webster and family, Sam W. Fife, all of Lexington; Mrs. Earl T. Arnett, of Mt. Sterling; Mr. and Mrs. George Beasley, of Booneville; Miss Betty Miller, Miss Betty Dickey, and Miss Bonnie McKechee, all of Western State College, Bowling Green; Mr. and Mrs. Frank Spragens, Mr. and Mrs. William Bryant and family, of Lebanon; Mr. and Mrs. J. T. Ruby, of Louisville.

testifying that the elder Little came to the house and threatened to kill them all; that Johnny Little ran into the house and procured a revolver and that Mrs. Little picked up the shotgun and loaded it. This testimony added that Johnny Little tripped and fell, accidentally firing the revolver. Mrs. Little saw him fall, heard the shot and in the excitement the shotgun also was accidentally fired, they claimed. Their son's testimony concurred with theirs, except that he did not tell of the quarrel immediately preceding the shooting.
Scattered pellets from the same blast that killed Little struck his daughter, Mrs. Sammons, in the back, but she was not seriously wounded.
Trial of Deputy Sheriffs Troy Mullins and Marion Martin, charged with the slaying on Cow Creek of Ex-Magistrate John May, is scheduled to begin next Monday.

total generating capability to more than 7-million kilowatts—the largest amount of electric power ever made available to its customers by an investor-owned utility. It is the System's ninth new major generating station and its 27th new generating unit to be built since the end of World War II.

Other speakers included: Mark Cresap, president of Westinghouse Electric Corporation and Leslie Wilcoxson, vice-president of the boiler division of The Babcock and Wilcox Company.

Earlier in the morning the guests toured the plant built by the Bechtel Corporation, general contractor. Guides explained the equipment, including the turbine-generator built by Westinghouse Electric Corporation. The unit is large enough to supply all of the electric requirements of all of Kentucky Power's customers with power to spare.
One of the most unusual features of the plant is its giant cooling tower, 320 feet high, with a base diameter of 245 feet, tapering to 140 feet at the top. The natural-draft concrete tower, built by The Marley Company, is the first of its kind in the Western Hemisphere.

The giant tower reduces the temperature of the hot water coming from the condenser by 21 degrees F. before the water again flows to the condenser at the rate of 120,000 gallons per minute. The water evaporated, less than 3%, is replaced from the Big Sandy River.
F. M. Baker, Kentucky Power's vice-president and general manager, was master of ceremonies and introduced the speakers and others at the head table.

OPEN NEXT WEDNESDAY

The Prestonsburg high school basketball team will open its 1962-'63 season next Wednesday with the best prospects for a winning season since 1958.

Expected to get starting assignments against the Louisa Bull Dogs at 8 p.m. are forwards Wayne DeBoard, 6-1 senior, and William Kendrick, 6-1 junior; center Freddy Setser, 6-0 sophomore, and guards Jimmy Setser, 5-11 junior, and Mike Wells, 5-10 junior.

Capable reserves are Johnny Herald, 6-2 junior center; Phillip Tucker, 6-0 junior forward; Gary Frasure, 6-0 junior forward; Danny Hamilton and Mike Wells, 5-10 junior guards; Howard Castle, 5-8 junior guard.

Coach Jack F. Wells and assistant coach Bobby Wells have the most promising group of freshmen at the school in recent years.

The Black Cats will sport new uniforms this season and will play on a new floor that has been needed for sometime. The fieldhouse has been painted inside, and the building has the most impressive appearance since it was first used.

Throughout the season, four tournaments, the Floyd County Pre-Season, Prestonsburg Invitational, the district and regional meets, will be played here along with seven other twin bills.

One college game will be played December 12 when the Morehead State College Eagles meet Campbellsville College in a game preceded by the Prestonsburg-Pointsville tilt.

Betsy Layne pulled the biggest surprise of the young basketball season last Saturday night by downing Garrett on the Red Devils' home court, 63-59, in an overtime period. Wayland had whipped Ben Fannin's quintet, 72-55, the previous night.

The annual pre-season tournament, to open in Prestonsburg, November 28, appears to be the best matched in recent seasons. First round-ball games pit Prestonsburg against Betsy Layne, Wayland

against McDowell, Garrett against Wheelwright and Maytown against Martin.

SEVENTY-SEVEN STUDENTS FROM FLOYD AT EASTERN

Richmond, Ky., Nov. 6 (Spl.). —Seventy-seven Floyd county students are among the record 4,271 students enrolled for the fall semester at Eastern Kentucky State College, Charles Amrose, Registrar and Dean of Admissions announced.

The enrollment represents an increase of 116 students over the previous mark of 4,155 recorded a year ago at Eastern.

Floyd countians include: Everett Akers, William Braddock, Lonnie Ray Akers, Sandra Gay Click, Robert D. Marshall, Charles L. Osborne, Scott B. Scutchfield and Francis Sue Sherman, all of Martin; Ferman E. Akers, Eddie Carol Hunt and David Joe Willis, of Lancer; Gypsie Akers and Sherry Lunn Miller, of Wayland; Glenn S. Anderson, Donald Calhoun, James Joseph Carter, Frank DeRossett, Steve Dotson, Jeff David Gunnell, Forrest Hackworth, Shirley Ann Harmon, Lorraine J. Hatcher, Judith Anne Howard, Carol J. Johnson, William Gerald Jones, Rodney W. Keenon, George Carl Mahan, Fred Edwin Meece, Franklin D. Music, Judith Merle Roberts, John Wayne Shepherd, Carl Edmond Tackett, John David Wallen and Sandra Warrick.

COACHES RATE VIRGIE TOP REGION PROSPECT

Virgie, Paintsville, Wheelwright and Inez, in that order, are the 15th region coaches' pre-season choices to cop the regional basketball crown now held by Virgil Osborne's Virgie Eagles.

Virgie won its way to the state tournament last season by topping Inez in the semi-finals of the regional and Wheelwright in the finals. From that team they lost all-state guard Tommy Castle, Teddy Little and forward Tommy Bartley.

Returning from the team that won 30 and lost five before bowing out in the state tournament to Breathitt County are 6-4 senior center Don Blair, 6-3 senior forward Dale Osborne. Moving up from last season's second five will be 6-4 junior forward Lynn Tackett and the guards are expected to be seniors Frankie Johnson and John Ratliff, both 5-11, or John Adkins, 5-11 junior.

Don Wallen has three regulars back at Wheelwright from the team that copped 25 wins and dropped five. He has senior Charlie Hall, who becomes over-age January 18, 6-foot junior Joe Fargo and 5-10 junior guard Danny Ray Hall.

Inez has three regulars on hand again and Bruce McClain has three at Paintsville.

Blaine, a small, rural Lawrence county school, could be the sleeper in the region with talented Bill Lewis, a six-foot, seven-inch sophomore, who led the team to a 22-9 record last season. Coach Roger Gambill has one other starter over six feet, five inches.

Very few coaching changes took place in the region as only three were made from last season. Carroll Burchett, former University of Kentucky net star and Flat Gap graduate, returned to his high school alma mater this year as head coach, replacing Fred Perry.

Gobel Salvers switched from football to basketball at Elkhorn City after veteran cage mentor Arthur Mullins was elevated to athletic director at the Pike county school. Gary Fraley, Eastern State College graduate, moved on the scene at Sandy Hook instead of Len Steiner.

The region will be dropped to 31 teams this season, since Auxier merged with Prestonsburg and Coach Bobby Wells moved to the new school as assistant to Coach Jack Wells.

Denzil Halbert, Martin's affable mentor, is the region's veteran in the point of service at one school. The 340-pound former Kentucky

Wesleyan star has a 15-year record of 345 won and 138 lost at the Floyd county school.

Oil Springs high school was forced to cancel its opening game with Van Lear last Saturday night, as the center of the floor in the gymnasium dropped ten inches following a Halloween carnival.

John Campbell's Garrett Red Devils, who are expected to push Wheelwright for the 68th district crown, grabbed its second victory last Wednesday night in edging Maytown, 62-52. Maytown's all-around ace, Bob Tallent, flipped in 26 points, one more than Garrett's 6-4 center Don Bolen. Garrett tripped Hindman by 21 points in its opening win.

Turner Sets Mark

McDowell, Ky.—David Turner, a 6-4 senior, eclipsed the McDowell scoring record here Saturday night, firing in 47 points in leading the Dare Devils to a 85-50 victory over the Letcher County Eagles.

Turner tallied 16 field goals while hitting 53 per cent from the floor. He was equally hot at the foul line, connecting on 15 of 16. The old mark of 42 was held by Bobby King.

The win was number three for the Dare Devils as opposed to no defeats.

Wayland Beats B. Layne

Wayland, Ky.—Wayland's Wasps, with three players hitting double figures, swamped Betsy Layne 72-55 in part of a basketball double-header here Friday night. The other game saw Breathitt County dump Martin, 76-52.

The Wasps outscored Betsy Layne in every period, but finished the game with a 25-point output in the fourth period.

Dan Stanford tossed in 17 points to lead Wayland.

SUB-DISTRICT MYF TO MEET

The Floyd county sub-district Methodist Youth Fellowship will meet at the Maytown Methodist Church Monday, November 19, at 7 p.m. The devotional service will be presented by the youth of the church, and a film on a Thanksgiving theme will be shown. Following the program, refreshments will be served. All Methodist young people and their friends are urged to attend.

DAVID

WOMAN'S CLUB MEETS

The David Woman's Club met at the home of Mrs. Earl McDonald, Nov. 1. The president, Mrs. Lillia Mae Price, presided. Devotional was given by Mrs. Nancy Camicia. Mrs. Ora Howard gave a brief report on the district meeting held in Pikeville, Oct. 16. Nov. 27 was the date set for a Christmas workshop to be held at the clubhouse. The president expressed her appreciation to all who helped in the Sabin Oral Vaccine Clinic held at David, Oct. 28.

The program on Leadership was given by Mrs. Nancy Camicia, program chairman. Refreshments were served by Mrs. McDonald and Mrs. Francis Harmon.

TAKES PART IN CLINIC

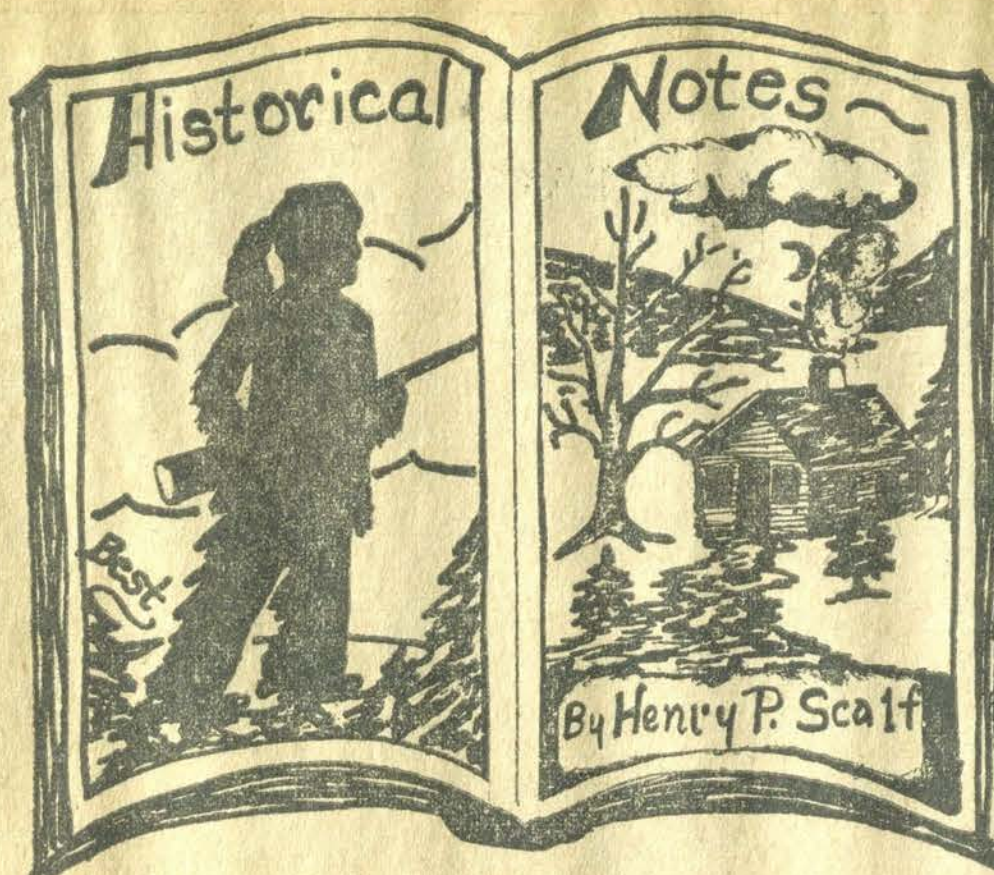

The Sabin oral polio vaccine clinic, sponsored by the David Woman's Club, was held Oct. 28 at the David grade school. There were approximately 550 persons who took the vaccine and \$65 in cash was donated.

Floyd county school buses brought school children to the clinic.

Paul Wells, of the Floyd County Health Department, was in charge of administering the vaccine, assisted by Mrs. Bill Ackerman, of Prestonsburg, Mrs. Lola Belle Akin, of Paintsville, and 20 members of the Woman's Club. The next clinic in the section will be held Dec. 2 to administer Type II vaccine.

TIPS FOR TEENAGERS

Lexington, Ky.—If you aren't old enough to take better care of your clothes, you aren't old enough to have the car—or stay out until 11:30—or go to the party Saturday night. Sound familiar? Most teenagers have heard similar statements at one time or another. Regardless of whether or not this line of reasoning is logical, parents seem to have faith in it. This is one good reason to take care of your clothes—to prove you are responsible and mature, notes Mrs. Rachel Wallace, UK Extension clothing specialist.

HARRIS FAMILY

Mrs. Grace Harris Lloyd, 637 E. 2nd Avenue, Mesa, Arizona, wants to correspond with members of the Harris family in this county and area and for information she will reciprocate with a copy of a family tree back to the first Harris ancestor who came to America.

Mrs. Lloyd desires information on three separate limbs of the family tree. These are:

1. Correspondence desired with any of the children of George Harris, born December 21, 1881, died January, 1950, in Floyd county, and his wife Nola Gose. She wants dates, places of birth and marriage of George and Nola Harris' six children. For this information Mrs. Lloyd, as said, will furnish the informant with a Harris family tree.

2. Correspondence is desired with descendants of William Riley Harris, born about 1786. His son, James Riley Harris, married March 18, 1830, Jane G. Harman. His eight children were Kelsey French, Harman, John W., James F., Elizabeth, Esther Jane, Jeff and Mary. Dates of birth and death of each child and of William Riley Harris are desired. Same offer tendered to supply the informant with the Harris family tree.

3. Correspondence desired with descendants of David Kelsey Harris, born about 1790, son of James and Pate Harris. David Kelsey Harris had three children: Polly Hamilton, Amy Spurlock, and Margaret. I have one son of the first marriage, David Kelsey, Jr., listed. Were there others? Mrs. Lloyd needs names of children, dates of birth, deaths, marriages. In return, as said, she will send a copy of the Harris family tree.

Mrs. Lloyd, who visited Prestonsburg in 1957, reports that she has made considerable progress on extending the Harris family line back farther in the past.

"I am pleased to report a measure of success. At that time (1957), as I recall it, I had only found the family of my third great-grandfather, the ancestor of most, if not all, of the Floyd county Harries. James was a Revolutionary War soldier, born in Buckingham county, then Albemarle county, Virginia, in 1762 and died in Floyd county in 1833.

"His parents were James and Mary Harris, cousins. James, who died in Albemarle county in 1792 was the son of Robert Harris and Mourning Glenn. Robert Harris, who was born in 1696, died in 1765. His parents were William Harris (born about 1675, died 1730, Hanover county, Virginia) and Temperance Overton. His parents were Robert Harris and Mary Claiborne. He was born about 1615 in Essex county, England, and died 1701 in Virginia. They resided at Cedar Hill, Hanover county. Further research has traced this family in England as far back as William Harris who was born about 1480 and died in 1556. The ancestry of Mary Claiborne, Temperance Overton and Mourning Glenn have all been traced back into the English families.

"I am hoping to glean information in Floyd county on my Harris cousins who were helpful to me in sending me their own immediate family group records—George Harris and Maude Harris Leslie, both of whom have since died. I hope to contact descendants of William Riley Harris, son of the first Floyd county ancestor, James."

OSBORN FAMILY

A letter from Robert G. Osborn, 5556 Emerson Avenue North, Minneapolis 30, Minnesota, expresses appreciation for the help this column extended in bringing persons together with knowledge of the Osborn family. His letter follows:

"It has just come to my attention that I am indebted to you for a very considerate and generous act in my behalf.

"Last April I received a letter from a James W. Osborn, Tulsa, Oklahoma, in which he made a reference to a clipping from a newspaper having been sent to him carrying my request for contacts with members of our family. Yesterday I received a letter from Mrs. William G. Lewis, Rochester, Indiana, which included a copy of

your article and the name of the paper.

"I am continually amazed at the wonderful response by virtually every person I have contacted in regard to the history of the Osborn family. The contacts I have made in Eastern Kentucky, the wonderful letters I receive, has made what started out as a hobby, a labor of love. I am looking forward to a trip I plan to your area in the future . . .

"According to family legend our family began in this country with five (or seven) brothers arriving at Plymouth. We have no names. It is, of course, a legend. These brothers removed to a place called Osborn Ford, in Virginia. My father was told by his grandfather that there was a William Osborn, Sr., then a William Osborn, Jr. That William Osborn, Jr., served seven years in the Revolutionary War, that one of them was known as William 'The Fox' Osborn. That this 'Fox' Osborn was scalped while living and survived, that 'Fox' escaped from Indian captors (one branch of the family has it from prison) on ice skates, that one of these William Osborns was a companion to Daniel Boone in the exploration of Kentucky. I have never found recorded substantiation of these legends.

"William Osborn, Jr., was the father of James Osborn, born in South Carolina in 1790 and probably others. This James Osborn was my great-great-grandfather. (Continued on Page 4)

Finding out what makes lightning strike another new way AEP keeps your electric costs low

Scientists are developing an invisible "umbrella" to protect high-line towers from lightning interruptions. This new shielding device will assure more dependable electric service than ever before possible. This research uses a new "camera" which takes up to nine pictures of a single flash of lightning in four-millionths of a second! These micro-second cameras are mounted on top of hundreds of AEP towers. Doing things in new ways to improve service and efficiency is one big reason why the unit price of electricity for our customers, has not gone up during twenty years of inflation.

Your service is better, your rates are lower because Kentucky Power Company is a part of the American Electric Power System. Supplying more electricity than any other investor-owned utility, AEP aids the economic growth of 2,340 communities in seven states. Through integrated operations, progressive engineering, research and coordinated management, the six member companies of AEP bring you low-cost power with greatest dependability.

Mrs. Isabelle Music Moles, 82, well-known resident of East Point, died at her home at 2:15 a.m., Wednesday, October 31, after an extended illness.

Mrs. Moles was born in Floyd county September 16, 1880, and was the daughter of the late John W. and Clarinda Baldrige Music. She had lived at East Point most of her life. She was a member of the Little Paint Church of God. Her husband, Francis Marion Moles, preceded her in death August 17, 1928.

Surviving are five sons, Otto and Bill Moles, both of East Point; Floyd Moles, Ashland; Edgar Moles, Lexington; John Robert Moles, Carpentersville, Illinois; and three daughters, Mrs. Martha Leake, Warsaw, Ind.; Mrs. Virginia Brown, East Point; a brother, Willie Music, East Point; three sisters, Mrs. Josephine Robinson, East Point; Mrs. Mahala Snavey, Detroit, Michigan; Mrs. Annalee Whitaker, Waverly, Ohio. Also surviving are 24 grandchildren and 38 great-grandchildren. Funeral services were conducted at 1 p.m. Saturday at the Little Paint Church of God with Ray Wyant and Moses Kitchen as officiating ministers. Burial was in the Moles family cemetery at East Point.

HISTORICAL NOTES

(Continued from Page 3) "In 1814 in Greenup county there was recorded an instrument deeding to Sawyer Osborn, from William Osborn, land, cattle, house and all personal property where they now live" and charging Sawyer with the care of Betsey, William and David, "now that Sawyer is in his 21st year and free to deal for himself." Of the above named children, I have found that Elizabeth married John Lloyd Gray, of Gray's, Kentucky, that Sawyer married Hetty Knox, that ... ah was probably Nehemiah and if so I am in contact with his descendants. Of the above William and David I have found nothing.

"The entire instrument was witnessed by James Osborn and the mark of Sarah Osborn. A descendant of Elizabeth Osborn Gray has letters that say Elizabeth was the daughter of Thomas Osborn and Ada Jackson. At that period there was also a Morgan Osborn in the area. Morgan married Margaret Gray and Sarah married Daniel White. "James Osborn, by his marriage to Abigail Greenslate and Margaret McGone, was father of 29 children. James died, apparently in 1871 in Greenup county. His will is recorded in Washington county, Iowa, where he owned land that year. "I am attempting to locate descendants of each of the children or if there are no descendants, a record of the death of the last of the line."

RITCHIE, MCGUIRE FAMILIES Mrs. Carre Allan, map librarian, Department of Economic Development, Frankfort, writes about her Stratton and Leslie ancestry through the McGuire and Ritchie families. She is a granddaughter of Thomas J. Ritchie, born December 16, 1842, died December 13, 1929; married, February 17, 1869, Elizabeth Esther McGuire, born August 20, 1844, died July 30, 1908. Her great-grandparents were William J. McGuire, born 1804, died July, 1886; married April 3, 1827, Mary (Polly) Stratton. Mary or Polly Stratton was a daughter of Hiram Stratton, died 1817, married 1805, Hannah Lesley (Leslie), born May 22, 1769. Mary (Polly) Stratton and William J. McGuire were married by Nathaniel M. Talbot, according to records in the Floyd county court clerk's office. Her father was deceased at the time of the marriage and consent was given by Hannah, her mother. Hiram Stratton, son of Solomon Stratton, Revolutionary soldier with Gen. George Rogers Clark on the Illinois Expedition, went to Edgar county, Illinois, with Col. Jonathan Mayo, John Stratton and others. Hiram returned to Kentucky, contracted typhoid along the way and either died as he neared home or soon after his return to Kentucky.

SLONE NOTES ELIGIBILITY

Of Home-Bound Pupils; Two Teachers Employed To Instruct Handicapped

Since the launching of the new program to teach home-bound pupils the Floyd county superintendent's office has had many questions posed as to eligibility of pupils. It was said this week by Richmond Slone, director of pupil personnel.

In an attempt to answer many of the questions, Slone issued a statement this week to parents.

"In determining which children are to receive home teaching it will be generally understood that a child who is of school age with physical handicaps that will prevent him from attending school 30 days or more is eligible," Slone said.

"Children who cannot attend school because of handicaps such as rheumatic fever, poliomyelitis, heart conditions, cerebral palsy, accidents and various types of surgery are eligible for home-bound teaching. Children who have only speech problems, hearing problems, or mental retardation are not eligible for home instruction since these conditions do not prevent regular school attendance.

"When the child is home-bound because of a communicable disease, the service cannot be offered.

"Parents interested in securing home-bound teaching should be ready to provide the superintendent's office with a medical excuse since it must be on file before a child can be enrolled for home-bound teaching."

Maurice Allen and Delmar Laferty were employed several weeks ago to teach home-bound children, Slone notes.

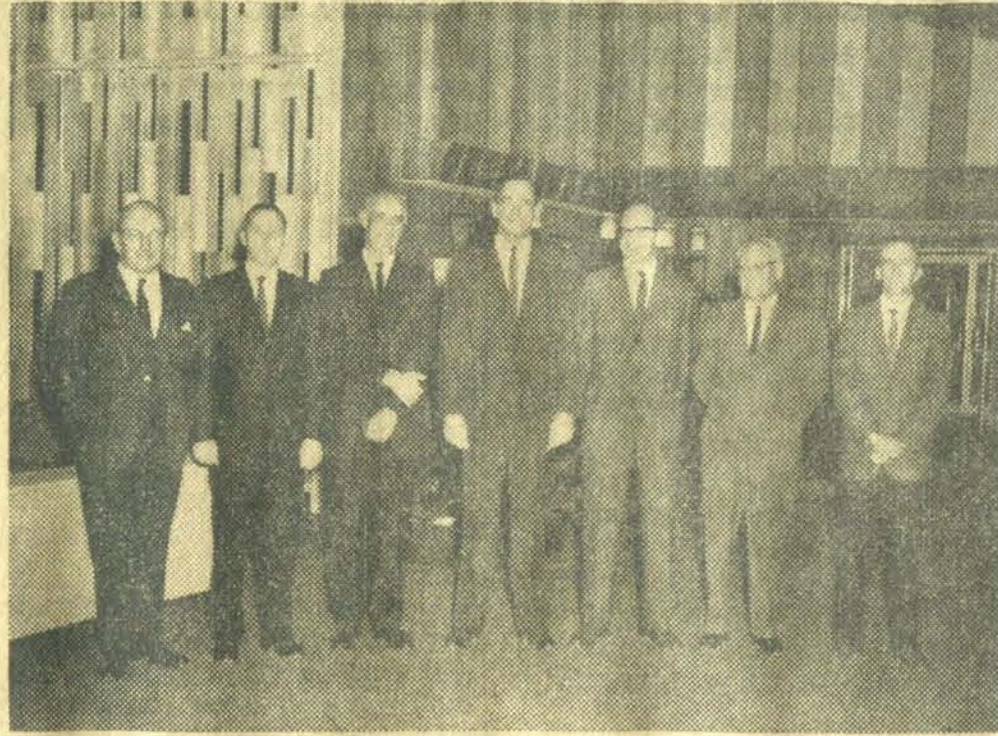

New Insecticide Use Is Dangerous, Noted; Cattle Deaths Reported

Late in September, unexplained losses of cattle were found following the use of Co-Ral, a livestock insecticide used to kill ticks, screwworms, grubs, horn flies, and lice. The insecticide, an organic phosphate, is produced by Chemagro Corporation of Kansas City, Missouri.

"We are informed that the company, after an immediate investigation, discontinued further shipments and recalled certain suspected production lots. When further losses occurred, the company recalled all outstanding stocks. U. S. D. A. Regulatory officials specified that the company should make no further shipments of Co-Ral—either new or old—until each lot had been checked and its safety had been assured," said Frank H. Baker, chief of Animal Industry Branch, USDA, Washington, D. C.

"Any Co-Ral that farmers may have on hand should be returned to their supplier. We suggest that this matter be handled by direct mail to producer groups and individual livestock owners," he added.

Professional Institute Advanced In Status At Paintsville Meet

The East Kentucky sub-section of A.I.M.E. (American Institute of Mining, Metallurgical and Petroleum Engineers, Inc.) has been elevated to section status.

Shown in photo are the present officers from left to right: Russell Williamson, of Inez, independent drilling contractor and a member of the board of directors; George R. Thomas, Paintsville geologist with United Fuel Gas Company, chairman; Robert Sullivan, Prestonsburg, manager and owner Braco-Sullivan, Inc., second vice-chairman; Phillip Jenkins, Paintsville, superintendent of production for Kentucky West Virginia Gas Company, past chairman and member of the board; Paul Sturm, Ashland, production engineer with Ashland Oil and Refining Company, member of the board; Kenneth Barton, Paintsville, district superintendent for Amax Petroleum Company; Jack R. Price, Paintsville, manager for Dowell Division, first vice-chairman. George Galbraith, of

Paintsville, retired vice-president of Walworth Valve Company and secretary-treasurer of the section, was not present when the picture was taken.

The East Kentucky sub-section was formed in May, 1950, as a sub-section of the Appalachian section of Charleston, West Virginia.

Monthly meetings of the sub-section have been held in Paintsville, Prestonsburg and Ashland. Many excellent technical papers have been presented at these meetings by both local engineers and nationally prominent men of the profession.

At present the East Kentucky section has 53 members and a regular meeting attendance of over 80 per cent.

The next meeting of the East Kentucky section will be held on November 8 at the Paintsville Country Club. This will be the annual election meeting for members only. A banquet and dance for members and their wives is planned for early December.

TOURISM SECOND INDUSTRY IN KENTUCKY, WRITER SAYS

BY DON E. WEAVER
(In the Columbus O. Citizens-Journal)

Ohioans will help Kentucky pay for a fine new system of state parks and tourist lodges. We 10 million Buckeyes own the third largest number of autos among the 50 states. And we're great travelers. You see Ohio license plates from New England to California, and from Canada to Florida.

Fred Dunn, the county auditor, told us the other day about visiting one of Kentucky's new park hotels. He said half the cars were from Ohio. A modern room, wall-to-wall carpeted, beautiful and comfortable—\$11 a day for a couple.

Kentucky is slightly smaller than Ohio but has only a third as many people. Its industrial census is far less than ours. Several years ago it saw opportunity in tourism.

Like Ohio, it has no Pikes' Peak, Grand Canyon or other famous tourist attraction, other than Mammoth Cave. But it does have lovely scenery, its blue grass country, rugged hills and some of the biggest man-made lakes in the world.

It started capitalizing on these assets and has built tourism into its second largest industry. Last year it had 19 million visitors and took in \$290 million in tourist and travel expenditures. Out-of-state visitors spent \$193 million. Much of this was spent by Ohioans. Kentucky is only a few hours drive for us.

From 1947 to 1955 Kentucky invested \$8.3 million in parks. From 1955 to 1959 it spent \$500,000 more. In 1960 it began a huge \$20 million parks program. Half of it was a state bond issue voted by the people. The remaining \$10 million was raised by selling revenue bonds. These will be retired out of income from tourism, including Ohioans and visitors from other states.

This year Kentucky is dedicating five, perhaps six, new lodges in its parks. They will add 237 new guest rooms to its park system. Dining accommodations have been built for 1,500. Two more lodges are planned for next year.

The new lodges are of modern architecture, not bark-on-the-log cabins. They have swimming pools, tennis courts, golf courses, all sorts of recreational facilities. Kentucky figures travelers want high class lodgings and recreation. Of course the lakes afford boating and fishing also.

It has eight fine lakes and 30 state parks, with more planned. On Kentucky Lake in Western Kentucky, Village State Park has a

lodge with 56 rooms, each with a private balcony overlooking the lake. There is a swimming pool and a dining room that seats 300. It was dedicated in July.

A \$225,000 lodge at Butler State Park, only 165 miles from Columbus, is nearly completed for dedication this year.

Development of state parks and lodges has spurred other investment. Some 5,000 new motel rooms have been privately built near Kentucky parks in the past three years. There are 4,400 rental units at Kentucky Lake alone.

Along with park development, Kentucky has been improving its highways to make it easier for us Buckeyes and other tourists to get to its lakes and parks.

A great many Ohioans will enjoy the fishing lakes and the nice new lodges. Our dollars will help retire Kentucky's revenue bonds.

And thoughtful Ohioans visiting Kentucky's tourist places will wonder why we don't have more of them right here in Ohio.

Our Lake Hope has been a fine, though small, vacation spot for years. We have a lot of other lakes, including the beautiful lakes of the Muskingum Valley. Kentucky has its Mammoth Cave, but Ohio has its long Lake Erie shore line.

We have many, many ideal sites for well developed state parks with lodges for visitors. The reason we don't have them is that Ohio never has summoned the enterprise to create them.

If Kentucky can build outdoor facilities for tourists, surely Ohio, with a far greater population to draw from in our own and adjoining states, can do it too!

Telephone Talk

By GUY HISLE

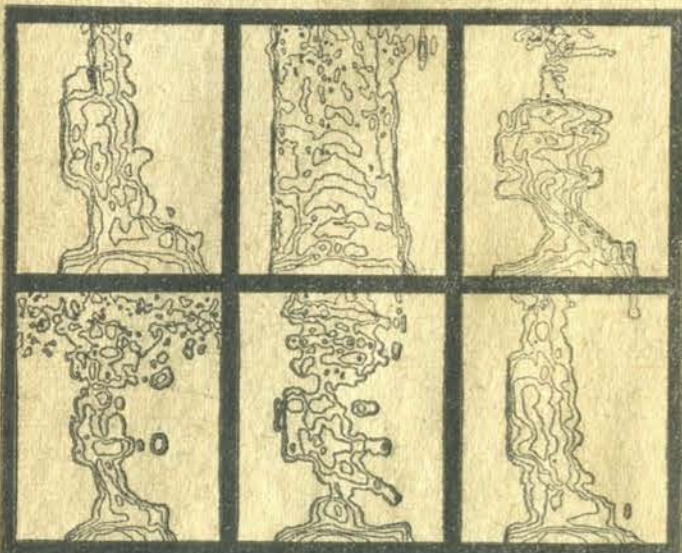

Your Telephone Manager

WHEN THE FIRST TELEPHONE CALL WAS MADE IN 1876, Alexander Graham Bell had the only transmitter in the country. Thomas A. Watson, his assistant, had the only receiver. Today, more than 75,000,000 telephones in the United States carry an average of over 290,000,000 conversations every day. Bell System telephones can be connected to other telephones almost anywhere on earth. Altogether, you can reach 98 per cent of the telephones in the world!

A TELEPHONE OPERATOR answering a call with "Number, Please?" heard a voice reply, "Duston." "What number, Duston?" asked the operator. "No number, just Duston," replied the voice impatiently. "I'm dustin' the telephone."

YOUR VOICE IN PRINT . . . Scientists are learning that voices may be as distinctive as fingerprints. Several years ago Bell Laboratories scientists discovered a way to take "pictures" of voices. Now they are looking for ways to classify voices so that an unidentified voice can be matched against other voices already on file.

Six voiceprints were made of five voices saying "you." One said it twice. Which are from the same person? (Answer: Upper left and lower right.)

THANKSGIVING IS FAST APPROACHING and we hope you can be with your family on this special day. But if you can't, why not share the joy of the holiday by telephone. The sound of your voice across the miles is the best way to say, "I'm thinking of you. I wish I could be there." If you're one of the lucky ones planning a holiday trip home . . . call ahead. It's the quickest way to make happy plans. Whatever you do, wherever you are on Thanksgiving Day, your telephone company wishes you all the good things of this happy season.
