HIPPO MAN FOUND DEAD NEAR LANCER

Two Others Stricken At Mountain View Motel; Carbon Monoxide Blamed

Dr. Morris, Pikeville pathologist, said Wednesday morning that carbon monoxide in amount sufficient to cause death was found in a blood sample taken from Campbell's body.

One man was found dead and two others unconscious in a room of the Mountain View Motel at tragedy-ridden Knotley Hollow, near Lancer, Monday afternoon.

The victim was 46-year-old Earl Campbell, of Hippo. He was dead when the tragedy was discovered, about 1 p.m.

His two companions, Tramble Adkins and Charles (Dommer) Bailey, both of whom also are residents of the Hippo community, were dismissed Tuesday from the Prestonsburg General Hospital.

Cause of the death of Campbell and the condition of his companions had not been definitely fixed as of Tuesday afternoon. Sheriff Henry C. Hale said, however, that he had been told by Dr. William C. Morris, Pikeville pathologist, that a specimen of Campbell's blood showed traces of carbon monoxide.

Dr. Morris performed an autopsy Monday night at the Hall Brothers Funeral Home, Martin.

Mr. and Mrs. Tom Burchett, owners of the motel, were quoted by authorities as saying the three men rented a room, about 11 p.m. Sunday. Mrs. Burchett said she went to the door of the room several times during the next morning and knocked after the occupants had failed to appear. Finally, she and her husband opened the door with a key and found Campbell lying dead across a bed. They dragged Adkins and Bailey from the other bed onto the floor, near the door.

The fire in the gas heater inside the room was not on, those called.

LANCASTER REVISITED

Memo to a Daughter:

You gave your old man a bum steer, Monday afternoon, about how to get out of Danville and head back toward Lexington. I followed Main street, right on out, as you said, passed a school and there drew some dirty looks, probably because I didn't stop. Then I saw a sign which read, "Dead End Street," but I trusted my daughter and drove on. And finally I came to the end of the line, with nothing but a sizeable farm on beyond.

On my way back to town I saw a sign, which read, "Four-Way Stop." That brought me up, as they say, short. Then I get back to the junction of two or more roads and take off down one. I pull into a service station and a colored gentleman informs me, "Yes, suh, jes' keep on 25—right into Lexington."

And I do. Five miles or so out, I begin to get suspicious, and I stop again, this time to inquire of a highway crew if this is the way to Lexington. They agree that it is if you're not in a hurry to get there. First, they advise that I turn around and go back to Danville and start all over again. Then they decide, maybe, it would be as well to go on into Lancaster and get on 27.

Although I had on another occasion visited Lancaster because of a tendency to miss highway signs and a natural talent for getting lost, I decide it's Lancaster for me again. Pleasant town, Lancaster, even if it is 11 miles off the route.

My reason for writing this memo is to suggest that you bear down on that English, young lady, while you're in school. Do that, and you can write a book on Adventures in Motoring, one of these days. We'll be a great team—you to do the writing, and leaving the driving to me.

Last week, Henry P. Scalf, my associate, had this column written before he learned I had done the chore prior to leaving town. This is fine—it makes the job easy for me this week, because what follows is Mr. Scalf's contribution.

GRASS ROOTS DEMOCRACY The associate editor, in the absence of the boss this week, escaped to Betsy Layne where approximately 100 old neighbors and friends from there, Harold and Stanville, met in a grass roots move to improve their communities.

Ever try going back to your old haunts and walk into a meeting of those you knew intimately but haven't seen for years? Many are a bit grayer, time with its attendant harrassment has added a few wrinkles to their faces but the old, warm smiles are there and their handclasp is still warm.

These people had come out to listen to government specialists and their own leaders on how to form a local development corporation and ultimately procure a water system. Most of the old community leaders sat quietly and allowed a new group of much younger men to lead the discussion. There was Paul Gearheart, president of the Harold Telephone Company, Jack Tomlinson, head of a local refinery, and others. They knew what they and the community wanted and were out to try to get it through the good old American democratic process.

JAYCEES ASK NEW MEMBERS

Eligibility Is Noted By President Mitter; Past Projects Reviewed

The Prestonsburg Junior Chamber of Commerce has initiated its annual drive for membership, it was announced this week by Vance Mitter, president. All men between the ages of 21 and 35 are eligible to join this civic organization, he said.

Mitter noted that one of the basic purposes of the Jaycees is to develop leadership through community work. The various civic projects of the young men constitute a training course that contributes immeasurably to full, mature community leadership.

The Jaycee president reviewed some of the projects heretofore completed by his group. These are the maintenance of the Jaycee playground in North Prestonsburg, publication of the football programs, the sale of seat belts for auto drivers and the presentation of the play, "Running Wild," with the proceeds going to the new football stadium. The organization is currently engaged in the project of installing new house numbers on Prestonsburg homes and the work is expected to be completed in the spring.

The organization meets every Monday evening at the LaDale restaurant at 8:15 for dinner, Mitter added. Next week's program will be on Tel-Star, Southern Bell's space satellite.

MINE FIELD PEACE SEEN

Commissioner Cobe Says Several Operating Firms In Agreement with UMW

State Labor Commissioner Carl Cobe said Tuesday "very good progress" has been made in talks aimed at a settlement of labor troubles in the Eastern Kentucky coalfields.

Cobe said several mining operations and ramps in Floyd and Pike counties negotiated wage agreements recently with the United Mine Workers of America.

He indicated other settlements will be negotiated shortly in the 6-month-old labor dispute between the region's unemployed coal miners and nonunion coal operators.

"Several mines in Floyd county are making welfare payments, and I understand some hospitalization cards have been restored," Cobe noted.

He added, however, that no overnight settlements can be expected in the dispute between coal operators and the roving pickets because conditions that caused the labor trouble in Eastern Kentucky have been brewing for years.

A 2-month truce in the dispute was broken Monday when pickets from Perry county resumed their roving caravans.

Their spokesman, Berman Gibson, Hazard, charged the state-sponsored labor discussions had produced nothing for his people in the way of a satisfactory settlement.

Cobe said that while talks have been held in Perry county, nothing tangible has come out of the discussions.

Approximately 35 pickets were active in Perry county and Leslie county Tuesday, State Police reported. They first visited a mine belonging to Perry county Sheriff Charlie Combs and later toured mines around Cutshin in Leslie county.

State Police said the mines continued operating and employees refused to talk to pickets.

The police also said no more than 50 pickets were involved in Monday's activities and not the 200 reported active earlier.

Hueysville Man Agrees To Repay Benefits Paid; Amount Involved Is \$148

Ova Jacobs, of Hueysville, has entered a plea of guilty to charges of drawing a total of \$148 in unemployment compensation benefits while employed and has been fined \$30 and costs, it was announced here this week. He also agreed to repay the \$148 in monthly installments of \$15.

Jacobs, according to state Unemployment Insurance Division records, drew unemployment compensation during a period of four weeks of 1961 while employed by the Jet Elkhorn Coal Company at Wayland and the New Hope Coal Company at Langley, earning during that time \$120.31.

PRESTONSBURG'S NEWEST FIRE TRUCK... The Prestonsburg City Council accepted delivery of a new fire truck in November that cost approximately \$23,000, equipped. The 5-ladder truck will pump 750 gallons of water per minute and has built-in foam tanks to control gasoline, oil, and rubber-based fires. Shown beside the truck is Fire Chief Henry Gray.

POWER FIRM'S BUDGET INCLUDES FLOYD WORK

Kentucky Power Company's construction budget for 1963 is above \$4,750,000, according to F. M. Baker, vice-president and general manager of Kentucky Power.

He said major items in the budget are, transmission lines, \$660,000; transmission substations, \$150,000; distribution lines, \$1,890,000; distribution substations, \$660,000; completion of facilities at the Big Sandy Plant, \$1,150,000; and the addition and replacement of other equipment \$224,000.

"The cost of these improvements in our 18-county service area will make a contribution to the economic development of eastern Kentucky," Baker said. He noted that Kentucky Power's residential customers used 3,380 kilowatt hours last year while paying 18% less per k.w. than 10 years ago.

Among the major transmission projects expected in the Ashland District is the construction of a 138,000-volt tie-line from the Siloam area to the transmission network of Ohio Power Company. This \$120,000 project will provide another tie between Kentucky and Ohio Power, two of the six companies in the integrated American Electric Power System. A 69,000-volt line and facilities to serve the new plant of Air Products & Chemicals, Inc., in Bellefonte will cost \$67,000.

In the Pikeville District, \$72,000 is slated for the continued construction of a transmission line connecting Beaver Creek substation at Hi Hat by way of Lackey station with McKinney station at Drift. Completion of the tie-line and the rebuild of some 46,000-volt line will increase transmission capacity and provide another source of power to both the Left and Right Beaver areas.

Additional Pikeville District construction involves two miles of 48,000-volt line and a new 46,000/12,000-volt station of 1500 kva capacity in Knott county at Topmost. At a cost of \$100,000, these facilities will provide additional capacity in the Beaver Creek area.

Distribution work in the Ashland District includes the expenditure of over \$100,000 for station facilities and two new distribution lines which will provide alternate sources of feed in the business districts of downtown Ashland.

Hazard District's distribution work includes three major projects. A total of \$164,000 is budgeted for modernizing station facilities by the installation of ultra-high-speed oil circuit breakers to improve reliability of service. A new distribution station will be built and two miles of line rebuilt on Smoot Creek at a cost of \$65,000. The new facilities will improve service in the area. Marking the completion of a three-year program of relocation of lines for Buckhorn Dam, a distribution line costing \$15,000 will be built to serve upon completion of the Buckhorn State Park Lodge and cabin area.

Largest single distribution project in the Pikeville District will be the additional removal and relocation of miles of line on land to be flooded upon completion of the Fishtrap Dam. The work will cost \$120,000 in 1963.

Baker said Kentucky Power expects to build 135 miles of distribution line to serve about 2,000 new customers in its service area this year. Also expected is the installation of 1,200 new street

Kite Child Is Victim Of Gun Accident; Rites Held At Home Wednesday

Carlos Thornberry, five-year-old son of Denver and Juanita Fouts Thornberry, of Kite, was dead on arrival at the McDowell Memorial hospital, Monday, from a 22-caliber bullet wound in his chest. The child was playing on a bed, it is said, and reached the weapon hanging on the wall and accidentally fired it.

Besides the parents, he is survived by a brother, Harlas, at home. Funeral services were held Wednesday at 10 a.m. at the home, the Revs. Bert Hall and Eppie Holbrook officiating. Burial was made in the Keene cemetery at Kite under the direction of Hall Brothers Funeral Home.

TRAVEL MEET RESCHEDULED

At Park Here, Feb. 21; Chairman Music Urges Attendance At Meeting

The U. S. 23 Regional Travel Conference, originally planned in January, has been rescheduled for February 21, Marvin Music, Prestonsburg, temporary chairman of the U. S. 23 Region for the Kentucky Travel Council, announced this week.

This will be the fourth in a series of regional conferences sponsored by the Kentucky Travel Council. The fifth, originally scheduled for Frankfort in January, will not be rescheduled because of the meeting of the 1963 General Assembly and the forthcoming statewide Travel Conference, slated for Louisville on February 26 and 27.

All Kentuckians in Eastern Kentucky who have an interest in the travel industry have been invited to attend the U. S. 23 Regional Conference at Jenny Wiley State Park, from 10:30 a.m. to 2:30 p.m. on Thursday, February 21, Music said.

In addition to regional presentations such as regional inventory of attractions, facilities, conventions, entertainment and travel organizations, the conference will include a discussion of "The Travel Industry—To Date and Future," "Servicing the Traveler," "Travel Motivation," "Travel Research," "Travel Organizations," and a visual presentation of Kentucky to date called "Kentucky Crossroads."

DEVELOPMENT FIRM FORMED

Three-Town Community Envisions Improvement; Water System Is Sought

A three-town development corporation was formally decided upon at a meeting of residents at Betsy Layne, Monday evening. The new corporation, to be known as the Citizens Development Corporation of Harold, Betsy Layne and Stanville, will be incorporated soon as a non-profit organization. Planning by the promoters has been under way for months, sparked chiefly by the Betsy Layne Men's Club.

A meeting on Tuesday evening of last week heard government specialists and others discuss community development and in particular, the proper avenues of approach for federal financing on a proposed water system to serve the three towns. The development

Child Seriously Hurt When Hit by Car

Deanie, 11-year-old son of Mrs. Dollie Dotson and the late Paul Dotson, was seriously injured Wednesday afternoon when hit by an auto near his mother's home on the Middle Creek road.

It was said that the child was struck by an auto driven by Tom Goodman, of Pikeville, and that the accident occurred when the boy alighted from another car in which he had been given a ride home from school here. First taken to the Prestonsburg General Hospital, the injured boy was later removed to a Huntington hospital.

BOARD HIRES TEN TEACHERS

School Bus Purchases Authorized At Meeting; Resignations Accepted

The Floyd County Board of Education at its regular meeting Saturday afternoon concerned itself primarily with personnel problems. Several certified and emergency teachers were employed upon the recommendation of Superintendent Charles F. Clark.

Employed as teachers are William H. Martin, Jr., Wayland elementary school; Carlos Blankenship, Wheelwright elementary; Betty Ann Fleming, Wheelwright high school; Carl Horn, Prater school; Ulisses Horn and William Nardo, both at Prestonsburg high school.

Joyce N. Johnson, Eugene Cline and David R. Leslie were hired as emergency substitute teachers, and Ruby Jean Newsom was employed as a regular emergency teacher. The board voted to accept the resignation of Bill Martin as janitor of the John M. Stumbo elementary school at Grethel, and Milford Adams was named to succeed him. A leave of absence was granted to Adrianna Francis from her teaching position. The board also accepted the resignation of Helen B. Wells as a teacher in Prestonsburg high school.

The board voted to purchase five new 66-passenger school buses. The vehicles will be bought through the Division of Transportation, Kentucky Department of Education.

DEATH PROBE SAID ROUTINE

Family Is Convinced Osborne Death in Fire At Hunter Accidental

State detectives who have been investigating the death, January 25, of Hiram Osborne, 84-year-old Hunter man, in a fire which destroyed his home, said this week the probe has uncovered no evidence which would indicate there was foul play. The investigation has not been completed.

Sgt. Chester D. Potter said the probe is a routine investigation, such as State Police carry on in such cases, and that the investigation is not being made at the request of the victim's family.

Mrs. Shannon Greer, of Prestonsburg, daughter of Mr. Osborne, said this week, pointing out that she spoke for herself, her mother and her brothers and sisters:

"We have no doubt in our minds. We are convinced that he died an accidental death."

Mr. Osborne lived alone, and the blaze which destroyed his home and claimed his life occurred late at night.

SCHOLARSHIP FUND GRANT IS ANNOUNCED

Reynolds Says Others Expected In Future; Trustees To Set Rules The Hubbard C. Francis Scholarship Award, established this week by the Francis Stores of Prestonsburg, is the first such grant to be made available annually to deserving students at the Prestonsburg Community College.

Announcement of the scholarship, which will be for \$250 annually, was made by Fred G. Francis. Although this was the first grant offered for use by future students of the community college, a number of others are expected to be established, it was said Monday by W. J. Reynolds, Jr., of Allen, chairman of the fund-raising drive staged a few months ago to help buy the college site.

Rules governing scholarships will be set up by trustees of the college. The trustees have not been named. Later, a Scholarship committee is expected to be constituted.

In announcing the annual scholarship Mr. Francis said: "Francis Stores were founded in Prestonsburg in 1922, and the area has been good to us. We feel we have an obligation to Floyd county and think there is no better way to repay it than by helping to educate deserving boys and girls."

Francis Stores contributed \$2,500 toward purchase of the college site. (See Story No. 2, Page 8)

BREAKS HIT FLOYD FIRMS

Two Juveniles Charged With Betsy Layne Theft; Drilling Rig Loss Told

Two juveniles have been taken into custody, accused of breaking into the Luther Adkins Store at Betsy Layne Sunday night and of taking several cartons of cigarettes, watches, knives and other items. At Allen, shortly before 3 a.m. Sunday morning, five Johnson cousins fled with a vending machine taken from the Greynouth Bus Station and Restaurant. Four of the five later were arrested at Paintsville. One was booked on a charge of drunk driving and three as drunk, but none has yet been charged with taking the machine. State Detective Chester D. Potter said they admitted taking the machine, the owner of which lives in Tennessee.

Thieves entered the Quick Coin-Operated Laundry here Friday night, broke into four machines and took their contents. The amount of their haul is not known, W. O. Gobel, Sr., owner of the laundry, said.

Hobart Hayes, of Betsy Layne, reported that parts taken from his truck and drilling rig on the head of Brush Creek are valued at \$200. He found the machines stripped of generator, battery and other items when he returned to the drilling location after a week's absence during the bad weather. Identity of the thieves is not known.

CITY TEACHER HEART VICTIM

Mrs. Stephens Stricken At School Here; Funeral Services Held Wednesday

Mrs. Virginia Needham Stephens, 65, widow of Dr. O. T. Stephens, died at 3 p.m. Monday at the Prestonsburg General Hospital, about three hours after she had suffered a heart attack.

Mrs. Stephens was stricken at the Prestonsburg grade school where she taught the seventh and eighth grades. She had had a heart ailment for some time.

A daughter of the late Clay and Sarah Spencer Needham, she was a native of Booneville, Kentucky, and had resided here since 1928. Her husband preceded her in death, in 1956. Mrs. Stephens had served the schools here as grade school attendance officer and later as teacher. She was a member of the Presbyterian Church and John Gresham Chapter, Daughters of the American Revolution.

UTILITY VOTES \$20,000 AID

Additional Funds Make City Sewer Construction Bid Within Cost Estimate

The Prestonsburg Gas & Water System voted Monday to supply the \$20,000 additional funds needed to eliminate what may be the last barrier to the awarding of a contract for the construction here of a sewer system and sewage disposal plant.

The total of bids asked for the work was \$1,029,949. This was reduced \$32,000 by an alternate bid, leaving the bids \$997,949 above engineers' estimates. The \$20,000 voted by the municipally-owned utilities will reduce the over-bid total sufficiently to permit the awarding of a contract, it is believed.

"We should know within a week the final decision, and we think the contract will be awarded," H. D. Fitzpatrick, financial adviser to the city in the sewer construction project, said Tuesday.

If a contract is awarded within the week, work should be started by end of the month.

KIWANIS RESOLUTION ASKS POLLUTION BAN

A resolution calling on persons and corporations guilty of releasing coal dust into the Big Sandy River and its tributaries to stop such practice and asking the courts to enforce laws pertaining to such pollution was adopted last week by the Prestonsburg Kiwanis Club.

The action was taken after the Big Sandy had for several weeks "run black," mainly because of coal washings from Virginia mining operations.

Floyd circuit court grand juries have voted indictments against coal firms polluting the Big Sandy and other streams, and among those indicted have been Pike county firms. Convictions have resulted in practically every instance. But state courts do not have jurisdiction over out-of-state firms, and so pollution originating in Virginia poses a serious threat to which no solution short of federal court action has been offered.

Prestonsburg and Paintsville water system officials have registered strong complaints against the contamination of the water. Sportsmen's groups likewise have protested the unloading of coal dust into the water because of its destructive effect on fish.

The Kiwanis Club resolution follows, in part:

"WHEREAS, for many days now, the waters of the Big Sandy River have been contaminated with and polluted by coal dust to such an extent that purification by the citizens and cities along the river has been made more difficult, and in instances impossible, also damaging aquatic life, and large quantities of coal dust have been left on low lands by the receding waters, resulting in great and extensive damage to farm lands along the river, and

"WHEREAS, the practice described above is a violation of federal and state laws, and

"WHEREAS, said practice can and should be corrected;

"BE IT THEREFORE unanimously resolved by the Kiwanis Club of Prestonsburg, Kentucky, that the release of coal dust into the Big Sandy River be protested and condemned, and those persons or corporations releasing such coal dust be requested to correct the situation. It is further resolved that the courts of this commonwealth enforce the laws pertaining to pollution."

The very latest

... in 1900

This crank-type washing machine was a real time and work saver to the housewife of 1900 . . . the last word. Now, it's an antique.

Every day more homemakers are finding that the electric way is truly the better way. That's why the average home today has 15 to 20 more electrical appliances than it did just a few years ago.

With all the time and work electricity saves, it's comforting to know that it hasn't gone up in price. In fact, the more you use, the lower the unit cost becomes.

Folks live better these days . . . electrically; and, more than ever, electricity is the biggest bargain in the family budget.

And Remember - Electricity is COAL -- COAL BY WIRE!

NOTICE OF SALE

On the 25th day of January, 1963, the Board of Trustees of the Town of Allen, Kentucky, adopted a resolution directing the sale at public outcry of a town electric power franchise. This resolution is in words and figures as follows:

WHEREAS, the existing franchise held by the Kentucky Power Company for the distribution of electric power in the Town of Allen, Kentucky, will expire on March 7, 1963, and,

WHEREAS, there is a continuing public necessity for adequate service of electric power and energy to the citizens of the Town of Allen, and,

WHEREAS, it appears that it is to the interest of the public that a franchise be advertised and sold granting and entitling the grantee to use the public streets, thoroughfares and other public places for the erection and maintenance of lines for the transmission and distribution of electric power.

NOW, THEREFORE, be it resolved by the Board of Trustees of the Town of Allen, Kentucky,

I.

SECTION 1. That there be sold at public auction to the highest and best bidder, the right, privilege and authority to acquire, maintain, construct and operate in, above, under, across and along the streets, thoroughfares, alleys, bridges and public places (as the same now exist or may hereafter be laid out) of the Town of Allen, Floyd county, Kentucky, lines, poles and equipment for the distribution of electric energy, either by means of overhead or underground conductors, with all the necessary or desirable appurtenances for the purpose of supplying electric energy to said Town and the inhabitants thereof and persons and corporations beyond the limits thereof for light, heat, power and any other purpose or purposes for which electric energy is now or may hereafter be used, and for the transmission of the same within, through or across said Town.

SECTION 2. Said lines and appurtenances shall be constructed so as to interfere as little as possible with the traveling public in its use of the streets, thoroughfares, alleys, bridges and public places. The location of all poles or conduits shall be made under the supervision of the proper board of committee of the city government.

SECTION 3. The right, privilege and franchise shall be in full force and effect for a period of twenty (20) years from the date of the passage of the ordinance granting it.

SECTION 4. The grantee of this franchise shall save the Town harmless from any and all liability arising in any way from negligence in the erection, maintenance or operation of said lines and appurtenances.

SECTION 5. Whenever the grantee of this franchise shall begin the erection of any lines or other equipment, it shall promptly and diligently prosecute the work to completion and leave the streets, thoroughfares, alleys, bridges and public places where such work is done in as good condition of repair as before such work was commenced.

SECTION 6. Wherever in this franchise, either the Town of Allen or the grantee thereof is referred to, it shall be deemed to include the respective successors and assigns of either, and all rights, privileges and obligations contained in this franchise shall be binding upon and inure to the benefit of the respective successors and assigns of said Town, and said grantee, whether so expressed or not.

SECTION 7. The grantee of this franchise may make such rules and regulations covering the furnishing of said electric energy as may be fair and reasonable and consistent with the standard practice of the grantee. Said grantee may charge such rates for electric service as shall be fair and reasonable. The said grantee shall render service under said franchise of like quality, that is, adequate, efficient and reasonable, to that now being rendered to said Town.

SECTION 8. The consideration paid by the successful bidder for the franchise privilege and right provided for herein shall be complete compensation and consideration for said franchise, privilege and right and for the use and occupancy of the streets, avenues, alleys, bridges and public ways of the Town in lieu of any street or alley rental or to the charge for the use or occupancy of said streets, avenues, alleys, bridges, thoroughfares or public places of said Town and in lieu of any pole tax or meter tax.

SECTION 9. Each bidder for said franchise, privilege and right shall file as a part of his bid a certified copy of a certificate of convenience and necessity from the Public Service Commission of Kentucky, issued under the authority of KRS 278.020 (3).

SECTION 10. The ordinance granting this franchise shall be accepted by the grantee thereof within sixty (60) days from the date of its passage.

II. The Town reserves the right to reject any and all bids.

III. The clerk of the Town of Allen is hereby directed, after having advertised the time, place and terms of sale and the rights to be sold by posting written or printed notices in six (6) public places in the Town

of Allen, including the door of the city hall and in at least five (5) other conspicuous places in the Town for at least 15 days before the time of sale and by causing the publication of such notice in the Floyd County Times for not less than three (3) consecutive issues next before the date of sale, to offer for sale at public outcry to the highest and best bidder at the front door of the city hall in the Town of Allen, between the hours of 10:00 o'clock in the morning and 2:00 o'clock in the afternoon on some convenient date to be named in such notice and advertisements and upon other conditions herein stated; and receive bids for franchise and authority herein directed to be sold.

No person, however, other than the owner of a plant and equipment sufficient to render the service required by this Resolution shall be entitled to bid on such franchise unless the prospective bidder shall deposit with the clerk before the commencement of the bidding a certified check for the sum of \$5,200.00, representing five per cent of the fair estimated cost of the plant required to render the service, pursuant to KRS 96.020. Said franchise shall be sold for cash in hand and the deposit above referred to may be forfeited upon failure of the successful bidder to meet the other requirements of said statute.

IV. The clerk will report her acts, together with all bids received by her for such franchise to the Board of Trustees at its next regular or adjourned or called meeting held next after such sale.

Pursuant to the direction of the Board of Trustees of the Town of Allen, Kentucky, as set forth in the foregoing Resolution, the undersigned will, on February 15th, 1963, at the front door of the city hall in the Town of Allen, Floyd county, Kentucky, at 10:00 o'clock in the forenoon or shortly thereafter and in any event, between the hours of 10:00 a.m. and 2:00 p.m. offer for public sale at public outcry to the highest and best bidder, an electric franchise on the public streets and thoroughfares of the Town of Allen, Kentucky, which electric franchise shall be in the terms set forth in the foregoing Resolution and said sale shall be made in all respects in accordance with the Resolution set forth above and all bidders will be required to comply with the terms of such Resolution.

WITNESS, Nellie Parsons, City Clerk, this 25th day of January, 1963.

CARD OF THANKS

We wish to take this means of expressing our thanks to all of you who in any way aided us upon the occasion of the illness, death and funeral of our beloved Mrs. Louanna Thompson. To you who tendered flowers, to those who spoke words of sympathy and consolation and to the Rev. Douglas Burkett we offer our gratitude. Last but not least, we are appreciative of the fine and efficient service of the Carter & Callihan Funeral Home.

THE THOMPSON FAMILY

MARTIN

Mr. and Mrs. Ben J. Spradlin announce the birth of a daughter, Lisa Anne, at Our Lady of the Way hospital last week. Mrs. Spradlin's mother, Mrs. Tom Hampton, and brother, Steve, returned to their home in Iowa after the baby's birth. Steve is serving in the Air Force and will soon leave for a year in Alaska.

Sister Angelo, Mr. and Mrs. Harlan Bradley and Sister Janet left for Corbin, where they were called by the sudden death of Sister Angelo's mother, Mrs. Mary Dusini.

Mrs. Gladys Frazier is recuperating nicely at her home here after undergoing major surgery at Our Lady of the Way hospital.

Mr. and Mrs. Harry Gene Preflatish and children were the Sunday dinner guests of Mr. and Mrs. Ralph Moore, of Price.

Henry B. Clay, 64, Dies At Prestonsburg General; Rites Conducted At Emma

Henry B. Clay, 64, of Emma, died Saturday at 7:30 a.m. at the Prestonsburg General hospital. He had been ill two weeks. Death was attributed to a heart attack.

Mr. Clay was a son of Jeff and Nan Clark Clay. His wife, Mellic Morrison Clay, survives. He was a member of the Free Will Baptist Church.

Surviving sons and daughters are Thomas Clay, Pontiac, Michigan, Mrs. Vernon Kendrick, Panama City, Florida, Mrs. John Arnett, Wheelersburg, Ohio, Mrs. Jay Combs, Ypsilanti, Michigan, Mrs. Grady Goble, Clinton, Michigan, Calvin Clay, and Mrs. Edward Collins, both of Lancer, and Ralph Clay, also of Ypsilanti. DR. STEPHEN MEEK FERGUSON (1822-1904)

Dr. Stephen Meek Ferguson, physician, soldier and industrialist, was born at Elk Garden, Virginia, in 1822 and educated at Emory and Henry College. He came to the Big Sandy valley in 1848 and married Lucinda Weddington in 1847. He resided at the mouth of Hurricane Creek, near the present Boldman.

Dr. Ferguson became associated with James H. Law, of Cincinnati, in the lumbering and mining business and founded the town of Industry, now Boldman. He joined the 39th Kentucky Infantry, Union, as a surgeon of Company K. He was commissioned a major October 22, 1862, fought in several regional battles and was mustered out at Louisville, September 15, 1865, as a lieutenant-colonel of the regiment.

Following the war he again became interested in lumbering and mining and finally in promoting a railway up the Big Sandy valley. He died in 1904 after being blind for several years. He lies buried in the Ferguson cemetery at Boldman.

A town meeting is a manifestation of America's greatness, be it at a New England village, a southern hamlet or an East Kentucky community.

Paul Geasheart spoke with feeling and a familiarity with his subject, for he has been fighting through government red tape in the interest of his own company for a long time. He repeated what is considered an old platitude but is an axiom with an eternal verity.

"Anything worthwhile doesn't always come easy — it often takes time," he said.

Jack Tomlinson, after listening to County Attorney Barkley J. Sturgill explain the slow, dragging process of procuring government aid on finances, with which Prestonsburg has been coping for six years, remarked that he was enlisting for the six years or longer if necessary.

As I picked up my notes and prepared to leave I felt an overwhelming awareness of the strength of America as typified by this minute demonstration of democracy at work.

WRINKLE QUOTE

Noble D. Wrinkle, of Washington, D. C., and a specialist in the Area Redevelopment Administration, told the Betsy Layne audience Tuesday evening what happens when people are dissatisfied with their governments.

"In some countries of the world if they don't approve of their government, they simply change governments. Here, in America, we change politicians."

SMITH QUOTE

Hillard Smith, Hindman, representative of the U. S. Department of Commerce, related an anecdote at the Betsy Layne meeting reminiscent of Alben Barkley's famous "You ain't done nothing lately" joke.

Mr. Smith was pointing out that the government would help communities in their programs of development but the ideas must come from the people and he told of a letter Senator Albert Gore, of Tennessee, received from a constituent:

"Dear Senator," the Tennesseean wrote, "I am an inventor and I want you to go over to the patent office and see what's been invented so I will know what to invent."

SPOILING FOR A FIGHT

The Gore letter, in some unexplained way, jogs memory of a story told by the late John W. Langley, congressman for many years.

It seems that he was helping his grandfather, Jim Click, hoe corn on the ancestral Beaver Creek farm. John was a mere lad then and his grandfather was several decades away from the 108 years he finally reached.

They began at sunup and toiled around the mountainside, tinning the corn, "skelping" away the weeds and knocking off the stump sprouts. The sun rose higher and higher, got hotter and hotter.

Along about 10 a.m. Grandfather Click threw down his hoe, said: "Young man, let's go to dinner."

Arriving at the farmhouse, they found Mrs. Click hadn't even put a fire in the old step-stove. She told her husband in no uncertain terms that it was too early for dinner.

Grandfather Click mumbled fiercely that he would resume his corn hoeing and yanked the future Congressman back up the mountainside. They hoed, "skelped" and sprouted. Noon came and Grandfather Click never looked up. John began to feel faint from hunger but was discouraged from mentioning the matter by the old man's fierce mien. They worked on.

At about 2 o'clock they came to the end of a long row and Grandfather Click threw down his hoe.

"Let's go to the house, John," he thundered. "If dinner ain't ready I'm going to raise the dickens, and if it is I don't aim to eat a darned bite."

How much do you know about Money?

THIS LITTLE TRUE-FALSE TEST MIGHT PROVE PROFITABLE—TRY IT

1. "Never keep your savings and checking accounts in one place."
True False
2. "Never get too confidential with a banker. Your finances are your business."
True False
3. "You're better off never borrowing any money."
True False

The Answers?
As you've guessed, they're all FALSE. Here's why: If you spread your accounts all over town, you're not as likely to become an important customer at any

one place. By concentrating your banking business, you have the edge when you need a major loan later on. The more your bank knows about you, the more it can help you through counsel, credit references, and—most important—loans.

Get started with a Full Service Bank soon

If there's any secret to "knowing about money", it's to get to know your banker before you need him and then use him for all he's worth. A firm friendship with a Full Service commercial bank (such as ours) is probably the best financial and personal reference anyone can have.

Clark Doubts the Need For Saturday Teaching To Make Up Weather Loss

Floyd County Superintendent of Schools Charles F. Clark said Wednesday that at this time he sees no need to institute Saturday teaching in order to make up days lost by inclement weather.

"If the need were to arise we would poll the teachers for their opinion," Clark said.

From 35 to 40 Kentucky school districts have asked permission to hold Saturday classes this spring to make up time lost because of the cold weather, a state official said Saturday.

Don Bale, head of the Bureau of Instruction in the Department of Education, said some of the districts have lost as many as 10 days.

"We do not advise Saturday teaching," Bale said. "But if they have to do it, we give them special permission."

The state requires a minimum of 175 days of teaching each year. Some districts schedule more than the minimum to take care of emergencies.

Not all of the lost days will have to be made up on Saturdays. Vacations and extension of the normal term for a few days also can be used.

Mrs. Melvina Thornsby, Age 77, of Pyramid, Dies At Prestonsburg General

Mrs. Melvina Justice Thornsby, 77, of Pyramid, died Saturday at the Prestonsburg General hospital. She was a daughter of Jess and Cynthia Stephens Justice and the widow of Thomas Thornsby.

Mrs. Thornsby is survived by the following sons and daughters: George Thornsby, Mrs. Sarah Hamilton and Mrs. Cynthia Pitts, all of Risner, Mrs. Fanny Prater and Bill Thornsby, both of Stockbridge, Michigan; Jack Thornsby, Jackson, Michigan; John Thornsby, Lansing, Michigan; Alka Thornsby, Powers, Oregon; and Charlie Thornsby, Pyramid. Surviving brothers are Jack Justice, Van Lear, Henry Justice, Morocco, Indiana, and John Justice, Pyramid. Surviving also are 60 grandchildren and 82 great-grandchildren.

Funeral rites were conducted Sunday at 10:30 a.m. from the home, the Revs. Hershel Huff and Henry King officiating. Burial was made in the Pitts Fork cemetery at Pyramid under the direction of Carter & Callihan Funeral Home.

McDowell's Dare Devils became the region's first 20-game basketball winner Monday night as they pummeled Elkhorn City, 74-59, on the strength of 28 points by stellar forward David Turner and 16 by Shawn Howell.

Blaine, which comes to Prestonsburg for a Saturday night test with the Black Cats, has won 18 as well as Denzil Halbert's Martin Purple Flash.

Donkey basketball, featuring the high school faculty versus local businessmen, will return to Prestonsburg, Thursday, February 14. Many will remember last year's outstanding exhibition rides by Adrian Blackburn, Hade Durbin and Ollie Robinson.

The state Division of Boating is now mapping plans for a recreation director to work four months at Jenny Wiley State Park this summer. . . . Membership fees for play on the Jenny Wiley State Park golf course will be \$40 per season. Prestonsburg and Floyd county residents desiring to renew memberships at the Paintsville Country Club can do so for \$60 per season. . . . Drawing for the 58th district (Floyd county) tournament will not be held until one week before the tournament. . . . The 15th region failed for the first time in many years Tuesday to land a team in the top 25 of Kentucky prep teams. Virgie has taken over top spot, with Wheelwright, Wayland, McDowell, Martin, Paintsville and Garrett trailing in that order. . . . Several former Morehead State College letter-winners, living in Floyd county, are expected to return to the campus Saturday night to take part in the halftime ceremonies at the Morehead-Tennessee Tech basketball game. . . . Department of Fish and Game personnel are expected to resume netting operations at Dewey Lake this week if the warm weather prevails. . . . 8,000 keeper size bass will be added to the lake on April 1, when the water level is returned to its normal summer elevation. . . . McDowell has an outstanding doubleheader carded for February 15 as Pete Grigsby's Dare Devils play a return engagement with Virgie, and Garrett is rematched with Breathitt County. Virgie won an earlier 80-59 decision over McDowell.

Mrs. Susie Smith, 83, Of Martin, Is Victim At Home of Daughter

Mrs. Susie Smith, 83, of Martin, died Monday evening at the home of a daughter, Mrs. Ballard Stephens, of Martin. She was the widow of William Franklin Smith who died in 1950 and the daughter of Henry Davis and Berthenia Caudill Davis.

Mrs. Smith was in ill health for five years. She was a member of the Free Will Baptist Church.

Surviving son and daughters are Talbert Smith, Pikeville, Mrs. Maggie Boyd and Mrs. Stephens, both of Martin, and Mrs. Lilly Smith, East Point. Surviving brothers are Tom Davis, West Liberty, Harlan Davis, Cannell City, Marion Davis, Merion, Chic, and Henry Davis, Hazard.

Funeral services were held today (Thursday) at 10 a.m. at the Martin Branch Free Will Baptist Church at Estill, the Revs. Bill Amburgey, Doug Burkett, Green Boyd officiating. Burial was made in the May cemetery at Martin under the direction of Hall Brothers Funeral Home.

Prestonsburg Bowlers Score High At Tourney; Goebel Outscores Carter

Prestonsburg bowlers did well in the pro-amateur events at the Louisville Open Bowling Tournament last week.

Paired with Don Riddle, Roger Colvin placed 10th, winning \$90. Dr. John G. Archer outscored his pro partner, Bob Chase, 583 pins to 552, and Estill Lee Carter's 806 was only two pins back of his partner, Dale Seavoy.

Bill Goebel, Jr., wasn't in the money but he did something few bowlers, professional or amateur, succeed in doing. He outscored Don Carter by eight pins.

Kentucky Lions Clubs Will Make Annual Drive To Secure Eye Pledges

Lions clubs throughout the state will make their annual drive for eye pledges, February 11-16, in order to step up the sight-restoring program that it sponsors.

Through corneal transplants, the Kentucky Lions Eye Foundation has restored or improved the sight of 104 persons since the program was started five years ago.

"More than 14,000 Kentuckians already have pledged their eyes at the time of death," said Carter Steffey, president of the foundation. "Many more pledges are needed because the progress of the program is in direct relationship with the number of pledges."

Pledges may be made, he said, through any Lions club member.

The six-day span in February will be officially proclaimed by Governor Bert Combs as "Kentucky Eye Bank Week." It is also during this week that a coffee manufactured has offered to donate five cents for every pound of its product sold in the state.

This is one way the foundation has of raising money. It made \$5,500 in this method last year. Another source of income is the Kentucky-Indiana all-star basketball game in Louisville which nets about \$14,000 annually.

For those needing a transplant but can't afford it, the operation is made free of charge, Steffey said.

DeROSSETT
 For CIRCUIT CLERK

This is my first time to ask the good people of Floyd county to entrust to me one of the highest offices in Floyd county, but I assure you that my background, qualifications and Christian training will be an asset in discharging the duties of Circuit Clerk.

In addition to the normal duties, I will promote a driver training program in every Floyd county high school. One reason so many are killed on our highways is a lack of proper driver training.

I invite you to enquire of me. Ask my friends, my neighbors, my business associates, any one who knows me well.

If I win it will be on my merits, not shortcomings of any of my opponents.

Trusting your judgment, I am,

W. M. U. MEETS

The regular monthly meeting of the Woman's Missionary Union of Irene Cole Memorial Baptist Church was held Monday, at the home of Mrs. Marvin Ransdell. The president, Mrs. Olga M. Alfta, presided over the business session. She announced receipt of a letter from Pinecrest Children's Home, Rowan county, requesting materials to make clothing and subscriptions to magazines. Among those suggested were American Girl, Jack and Jill, American Boy, Life, and many others of interest to children and students.

The program was presented by Miss Ella Faye Hayes. It centered around three oriental groups in the United States—Koreans, Chinese and Japanese. These three were represented, in costume, by Mrs. Ed O. Ray, Mrs. Johnny Evans and Mrs. W. D. Jagers.

Mrs. Ransdell served a dessert plate to the following: Messdames Bruce Conley, Esther Evans, A. C. Harlowe, Ernest Jenkins, R. W. Feiler, Garland Godsey, Otis Bussey, Robert Regan, Harvey Gunnell, R. V. May, Miss Hazel Green, Miss Hayes, Mrs. Jagers, Mrs. Ray, Mrs. Evans and Mrs. Latta.

Minister To Speak On Race Relations

Sunday, February 10, is the day often observed in churches as Race Relations Sunday, when many "sob-sisters," falling under the spell of anti-American ideologies and non-Christian concepts of brotherhood, hold forth.

The sermon at the 11 a.m. worship of the Presbyterian Church next Sunday will present some pointed questions and answers on the subject of majorities who would force their ways of life and immorality on the American people today.

The Reverend T. W. Chisholm, pastor of the church who will bring the message, invites all who have been troubled by the current emphasis of the question of minority groups to come to the service.

VISIT HERE MONDAY

Mr. and Mrs. Garland H. Rice, of Paintsville, visited Mrs. Joe M. Davidson, here, Monday, remaining as supper guests.

MASTER COMMISSIONER'S SALE FLOYD CIRCUIT COURT

First Guaranty Bank — Plaintiff,
Vs.: NOTICE OF SALE
Perry Tackett and
Ella Tackett — Defendants.

By virtue of a judgment and order of sale of the Floyd Circuit Court rendered and entered at the November term, 1962, in the above styled cause I shall proceed to offer for sale at the Courthouse door in Prestonsburg, Kentucky, to the highest and best bidder, at public auction, on the 25 day of February, 1963, at 10 o'clock, a.m., upon a credit of six (6) months, the following described property, to-wit:
FIRST TRACT: Lying and being on the Middle Branch of Frasure's Creek, beginning in Middle Branch at the mouth of a drain a straight line to the top of the ridge between the Middle Branch and the Bill Hall branch of Frazier's Creek; thence running up the meanders of the ridge to the line of Claude Tackett; thence leaving the ridge and running down the hill with the land of Claude Tackett to the center of Middle Branch; thence down the branch with its meanders to the mouth of a drain to the beginning, containing 10 acres, more or less.

SECOND TRACT: Beginning on a white oak on a cliff on the south bank of Frasure's Creek; thence running up the hill to a large stumped (or stoooped) white oak on top of the point; thence with the meanders of the point to the top of the ridge between Middle Branch and the Bill Hall Branch of Frasure's Creek; thence running up the meanders of the ridge to the land of Henry Newsome; thence down the hill and drain with Henry Newsome's line to the center of Middle Branch; thence down with the meanders to the beginning.

Said property will be sold to satisfy a judgment in favor of plaintiff for the sum of \$198.42 and the cost of this action.

For the purchase price the purchaser must execute bond with approved surety or sureties, bearing legal interest from the day of sale until paid and having the force and effect of a judgment with a lien retained upon said property as a further security. Bidders will be prepared to comply promptly with these terms.

Given under my hand, this February 4, 1963.

Pre-Entrance Exams Slated by Hospitals; First Tests At Harlan

The schedule of pre-entrance examinations for the Miners Memorial Hospital Association School of Professional Nursing, beginning February 16, was announced recently.

First tests will be given at the Harlan Memorial hospital and Pikeville Memorial hospital on February 16, under the program set up by Miss Irene Healy, head of Nursing Service and Education for the Miners Memorial Hospital Association. The MMHA administers hospitals in Kentucky, West Virginia and Virginia for beneficiaries of the United Mine Workers of America Welfare and Retirement Fund.

The School of Professional Nursing is located at the Harlan Memorial hospital. Application forms may be obtained by writing the director of the school at that address.

To be eligible, the applicant must be between ages 17 and 35, be a high school graduate (or senior at the time of these tests), with above average school record and be in good health.

Following the tests, applicants will be interviewed by Miss Healy or members of the faculty. Those taking the examinations should be prepared to stay all day for the interviews and testing.

Those eligible for the three-year course must also be accepted for entrance at Morehead State College, Morehead, Kentucky, where the first year of pre-clinical or academic courses is provided. Subjects there include English, sociology, psychology, chemistry, biology, microbiology and nutrition. The second and third years are at Harlan Memorial Hospital, where classroom and clinical experience are offered, leading to a nursing diploma.

Students pay their own way at Morehead, although loans may be arranged, and there are a limited number of scholarships available from the John L. Lewis Scholarship Fund for qualified students of this program. These are awarded to outstanding students who are sons or daughters of UMWA coal miners or members of District 50, UMWA.

On completion of the 33-month course, graduates of the MMHA School of Professional Nursing are eligible to take state examinations to qualify as Registered Nurses.

OFFERS ADVANCE PAYMENT

Producers who take part in the 1963 feed grain program will receive payments for diverting acreage from the production of corn, grain sorghum and barley. R. O. Wilson, chairman, Agricultural Stabilization and Conservation State Committee, said recently.

MARTIN FOR STATE SENATOR

Without any solicitation from Senator Martin, we take this means of bringing to the attention of the general public and the Democratic voters of this county the immediate need of having Burns Martin return to the State Senate to represent the people.

His record in the state senate for the school teachers and the schools, for the establishment of the college in Floyd county and his record in the state senate of having never voted wrong on a labor issue should especially endear him to the Democratic voters of this county.

Senator Martin has had four years experience in the State Senate, would make a strong candidate in the two Democratic counties of Floyd and Knott, and knowing his way in and around Frankfort and the maneuverings of the legislative process, the Democrats should all unite and get behind Senator Martin and return him to the State Senate where he can be of great benefit to the people.

If you want a man you can have

confidence in, a man who will stand and fight for the interests of the common, laboring class of people, a man of experience and unquestioned ability, a man who, at the last session of the legislature, was named by a poll of the newspapers as an outstanding legislator, I urge all Democrats and Republicans alike to get behind Senator Martin and request that he run for re-election.

Telephone Talk

By GUY HISLE
Your Telephone Manager

ALEXANDER GRAHAM BELL was a teacher of deaf children . . . deeply moved and concerned as he listened to the strange, awkward noises they made as they tried to speak. From this teaching experience came his interest in the mechanics of speech, and ultimately his invention of the telephone. Today, we communicate quickly and easily with all parts of the world because of the vision of this man of compassion and courage.

YOUR TELEPHONE IS PROBABLY THE BEST PERSONAL ASSISTANT—SECRETARY—SERVANT—ERRAND RUNNER you ever had! Millions of people think so. And it all begins in a Western Electric Factory where plastic handsets are patterned from a die mold like this one. Over 11,000,000 of them will be produced this year!

ENGLISHMEN IMPRESSED BY TELSTAR! That's the result of a survey conducted by a British organization similar to our Gallup Poll. According to a recent study, the public of Great Britain was more impressed by Telstar than by the launching of Russia's first Sputnik. Of the people polled, 55% rated Telstar as a "very great" achievement and the British "opinion of scientific development in the U. S." has risen as a result of Telstar.

Our Yesterdays

(Items taken from files of The Floyd County Times of 30, 20 and 10 years ago.)

Thirty Years Ago

(February 3, 1933)

County school superintendents will continue to be appointed by county school boards under a decision of the court of appeals Friday, holding unconstitutional a 1932 act attempting to provide for popular election. . . . Floyd county's total indebtedness for the past year was \$850,000. . . . W. M. Greenwade, proprietor of the Greenwade Service Station here, sustained the loss of a Whippet sedan, which was destroyed by fire, and approximately \$35 worth of cigarettes, cigars and candy taken from the service station by burglars, Tuesday night. . . . The Sandy Valley Coal Company, incorporators of which are J. R. Hurt, Charles Alley and G. W. Rorer, will operate the mines of Prestonsburg Coal Company, from which it has leased property on Bull Creek. . . . A county-wide poll among schools to determine the site of this year's district basketball tournament resulted in a tie between Martin and Maytown, and the decision is now up to the state high school athletic association. . . . Although the Beaver Valley Golf Club has voted to abandon the golf course near Allen, the course there will remain open this year. . . . Martin high school will initiate basketball play in its new gymnasium, Friday night, when the Buckeyes take on Virgie. . . . There died: Bill Osborne, 70, of Prestonsburg.

Twenty Years Ago

(February 4, 1943)

Tuesday, this week the last payment on the \$46,000 firefighting equipment (new truck, hose, etc.) purchased by the city of Prestonsburg was made, Mayor E. P. Arnold announced. . . . To qualify Floyd county for its share of approximately \$23,000 of the state's \$2,000,000 rural highway fund, the fiscal court last week listed 30 projects covering approximately 125 miles of rural road in this county on which the fund may be expended. . . . As stipulated in an agreement reached by representatives of the Southern Coal Producers' Association, last week, miners in this and other southern districts producing more than 100,000,000 tons of bituminous coal annually will work on a six-day basis, with the sixth day optional and time-and-a-half to be paid after 35 hours a week. . . . The Navy Department recently awarded a letter of commendation to 18-year-old James Paul Connors, formerly of Auxier, citing the young seaman for "devotion to duty and courage" during the sinking of an enemy submarine by a merchant vessel on which Connors was a member of a gun crew. . . . Selective service headquarters here this week estimated that between 2,700 and 2,900 Floyd county men are now in the armed forces. . . . Floyd chapter, American Red Cross, will begin on March 1 a drive to raise a War Fund quota of \$13,500—the greatest Red Cross quota ever assigned the county in a single year. . . . Mrs. Edith Fitzpatrick James, well-known Prestonsburg singer, will sing Thursday night with the Baltimore Symphony Orchestra in the performance of pieces by Debussy. . . . Married: Miss Louise Frazier, of Martin, and Mr. Earl Eckhart, February 10, at Baltimore, Maryland. . . . Born: to Mr. and Mrs. Roy Peters, twin daughters—Patsy Marie and Mary Elizabeth, February 8, at the Prestonsburg General hospital. . . . There died: Cephus Bates, 19, of Buckingham, Friday; Mrs. Rebecca McKinney, 85 years old, Friday, at the home of her daughter, at Wayland; Mrs. Emily Sizemore Begley, 89, Friday, at the home of her son, near Maytown.

Ten Years Ago

(February 5, 1953)

Floyd county's teacher shortage was described by County Superintendent Virgil O. Turner this week as "desperate," with nine schools either closed or reopening after having been closed for lack of instructors. . . . The Floyd County Board of Education asked at its Tuesday meeting the Floyd fiscal court to act as its financial agent and to advertise for bids on the construction here of the long-delayed high school building; and, at the same meeting, the board approved preliminary plans on school buildings at Bosco and Ligon. . . . A strike of the Inland Steel Company's plant at Indiana Harbor, Indiana, resulted in a halt of all coal shipments from the Inland Steel Company at Wheelwright, idling approximately 1,200 miners there. . . . Thomas Kit Hyden, 33-year-old Prestonsburg native, died last Wednesday in the wreck of an automobile he was driving, at Livingston, Montana. . . . Congressman Carl D. Perkins has arranged a meeting February 17 in Washington with the U. S. Army Corps of Engineers for a discussion of Big Sandy river canalization and urges all Floyd countians interested in this project to attend. . . . The Foreman's Club at Wheelwright is working to give the community top standing in blood-giving for 1953 by meeting the full 125-pint quota, when the Red Cross bloodmobile visits there next Tuesday. . . . Married: Miss Nancy Helen Herald, of Hazard, and Mr. Melvin Dean Pennington, of Prestonsburg, January 24, at the Mayo Methodist Church, Paintsville. . . . There died: Samuel L. Isbell, 47, of Prestonsburg, former Floyd county agricultural agent and widely known veterinarian, Wednesday, at Staffordville, Johnson county; Mrs. Alma Branham Elliott, 29, formerly of Martin, at home in Wilmington, Illinois, January 27; Mrs. Satch King, 65, at home on Mare Creek, Tuesday; Mrs. Ella S. Richardson, 80, Thursday, at home on Middle Creek; Turner R. Frater, 74, of Bonanza, former Floyd county magistrate, at home, Wednesday; Cynthia Rose Riddle, 70, of Lick's Branch, February 1, at the Beaver Valley hospital, Martin; Henry Bows, 84, at home at Auxier, Saturday; Cary N. Martin, 66, at home at Allen, Monday; Mrs. Bessie Arnett, 61, of Howard Branch, near David, Tuesday, at the Prestonsburg General hospital.

corporation leaders envision a wider area of activity than the mere promotion of a water system although that still remains of prime importance in their scheme of community betterment. Cecil Sturgill and Joe I. May, both of Harold, and Henry P. Scalf, Prestonsburg, were named to a public relations committee. The promoters of the development corporation and residents of the three towns will meet Monday evening at 7 p.m. at the Harold schoolhouse. Interested persons are urged to attend.

Mr. Reynolds said others are considering establishing scholarships for students at the college. "We will be glad, of course, to accept offers of scholarships at any time," he commented. "Any person or firm setting up a scholarship fund may have a voice in establishing the scholarship rules." "Money spent on scholarships at the college here at home will be spent here and will be an investment in Floyd county's future," he added. Construction of the college building is expected to be let to contract around April 1, it was said last week. Class work will begin in September, 1964.

Food Stamp Program Initiated In Perry

Carl R. Horn, representative of the United States Department of Agriculture, noted this week that applications are being received from prospective recipients in the Perry county food stamp program. The Perry county issuance office will begin accepting applications Monday. Horn, in advising that all applicants come to the Department of Economic Security office at Hazard, released a schedule for applicants in certain designated areas.

Morehead Classes Start At Prestonsburg Center; Offer Two Class Levels

Classes were organized at the Prestonsburg Extension Center of Morehead State College Tuesday evening at Prestonsburg high school by Monroe Wickor, director of school services at Morehead. Courses on the freshman and sophomore levels will be offered, two nights a week. English 101 Writing and Speaking and English 202 Literature will be offered on Monday. U. S. and Canada Geography 241 will be offered on Thursday night, also American History 242. Each course gives three semester hours credit. Classes will meet weekly from 6 to 9 p.m. for 15 weeks. A student may earn up to six semester hours credit for the semester. "The Prestonsburg center offers an opportunity for college work to those high school graduates who cannot enroll on a college campus this fall because of home and job responsibilities or a lack of financial resources," said Morehead President Adron Doran. Persons holding a high school diploma are eligible to enroll while those persons over 21 without a diploma may enroll as special students for credit. Persons also may audit the courses for non-credit.

to the scene said. The stove, however, was yet warm, they added. One of the survivors told of the return of the three to this county from Ohio where they had visited Adkins' daughter, of their going to the Steak House at Maytown, then driving back to the motel. He said they rose Tuesday morning, got two cans of beer from their car, drank it, then decided to return to bed. Of three half-pint whiskey bottles found in the room and car, two were almost empty but the third was almost full. The victim, a son of James Campbell, of Hippo, and the late Jenny Prater Campbell, was a veteran of World War II. He leaves, besides his father, two children, Curtis Edward and Earl Roy, both of Hippo, one brother, Harold Campbell, Morristown, New Jersey, and two sisters, Mrs. Rebecca Temple, Newport, Tennessee, and Mrs. Rosie Ousley, of Riser. Funeral rites will be conducted at 10 a.m. today (Thursday) from the Philadelphia Regular Baptist Church at Hippo by the Revs. Bert and Raymond Howard. Burial will be made in the Prater cemetery under direction of the Hall Brothers Funeral Home. MENTALLY RETARDED REQUIRE PROPER OPPORTUNITIES Only a few years ago the discharge and return to the community of the mentally retarded was regarded as undesirable, not to be done even when proper supervision and protection could be assured. This policy led to the holding of many mildly-retarded in our institutions who should have been returned to their homes or to other suitable placements.
