

PRESTONSBURG, KENTUCKY

SPEAKING OF AND FOR FLOYD COUNTY

THURSDAY, JULY 29, 1965

This Town . . . That World

The dog is home, no longer lovelorn, the silence is deafening, the neighbors are happier, the fish aren't biting — so what is there to write about?

MORE THAN GABBLE NEEDED

One gets the feeling, these days, that this country, if not all the world, is being drawn, inexorably, into war. It's not because anybody in particular wants to invite such destruction upon themselves but because the greed and ambition of men proclaim the inevitable punishment for their own evil.

Now that we are there, for better or worse, Viet Nam is not a point of argument for us who essay the roles of arm-chair generals and sidewalk diplomats. American boys are dying, the sacrifice will continue — and they and the country's future need more from us than idle surmising about what should or shouldn't have been done.

CURFEW THE ANSWER?

Should a curfew be established, countywide, to control the hours teenagers spend at large?

We don't know about restricting the curfew merely to youngsters; perhaps it's needed for adults, including many parents.

Consider these facts pointed out recently by an officer of the law who patrols a large part of the county at night, particularly on week-ends.

"Most of the things that shouldn't be happening take place after midnight," he said. "Then is when things are stolen, places broken into, gatherings get the rowdiest and the speedsters go tearing around."

"You should see what we see," he continued. "Young boys and girls drinking in some places. At one place, girls who can't be over 13 doing The Twist on tables, dressed in bikinis. I tell you, you don't have to go to the city to see burlesque. Cars, homes broken into. Youngsters who aren't more than children stranded on roads, without gas at 2 or 3 o'clock in the morning."

DRAFT CALLS HERE SMALL

Deeper Commitment By U. S. Brings Hint Of Increasing Quotas

Although America's commitment in South Viet Nam is growing greater and President Johnson has indicated that Selective Service will increase its demands, the urgency of the situation is not reflected in Floyd county draft figures.

Both Floyd Selective Service boards—No. 25 and No. 166 — have called for induction this month only five selectees. Last month, the induction total from this county was 15.

There is a possibility, however, that a second draft call will be made before month's end, it has been rumored.

President Johnson's Wednesday news conference was far from dramatic, as was expected after Vice President Humphreys' speech before the Conference of Governors had obviously been toned down.

The President indicated that the draft may be doubled during remaining months of 1965 and that the present force of about 75,000 American military men now in Viet Nam may be increased to around 200,000 by end of the year.

U. S. SENATE OK's MARTIN STREAM JOB

Two Big Sandy Dams In Public Works Bill; Cost-Sharing Fought

The omnibus public works bill which was passed by the Senate Tuesday includes more than \$200 million for Kentucky water projects, one of which is the \$3,346,000 stream clearing and channel improvement work on Beaver Creek at Martin.

Two other Big Sandy river projects included in the omnibus rivers and harbors legislation are:

A \$20,080,000 dam and reservoir at Yatsville, on Blaine Creek, Lawrence county, and the \$16,970,000 Paint Creek reservoir in Johnson county.

Senator John Sherman Cooper and Congressman Carl D. Perkins continue to be concerned about the local cost sharing required of communities benefitting from the projects.

Lawrence county's share of the Yatsville project cost would be \$2.6 million, and Johnson county's \$965,000 on the Paint Creek work. Perkins and Cooper have been arguing for months now that communities in Appalachian areas cannot raise their share of the money themselves, but that this lack of money should not kill the projects in the oft-flooded Big Sandy valley.

But the Martin project is not subject to any cost-sharing charge. Senator Cooper said of the local cost-sharing provision that the Senate understands is that non-federal bodies, which could include states, will have 10 years after completion of construction to make agreements to share in costs of non-flood protection facilities for the purposes of recreation, fish and wildlife enhancement. The Senate bill, he said, includes a new provision for 50-year loans to eligible non-federal bodies. Repayment of loans may be realized by user fees charged visitors to recreation areas around a flood control project.

REGIONAL FOLK FEST HERE IN '66 TALKED

Jenny Wiley State Park's new amphitheatre may next year become the scene of a regional folk festival staged under the auspices of the National Folk Festival Association.

Talk of a regional festival here was heard at a luncheon meeting Tuesday of Prestonsburg residents with Sarah Gertrude Knott, Washington, D. C., director of programs for the National Folk Festival and general director of the 1965 American Folk Festival which was held at St. Petersburg, Florida.

Miss Knott, who, with her sister, Miss Gladys Knott, was the guest here of Tom and Edith James, pointed out to the group meeting here:

"I am a Kentuckian, in the

2 PROJECTS NEAR FINISH

Urban Renewal Areas Here Near Completion; Suit May Be Dropped

Prestonsburg's two urban renewal projects — the Courthouse Square and Central Business District parking areas — are expected to be completed within the next two weeks.

Promised state work on sidewalks along the Courthouse Square perimeter could delay completion of that project. Base for blacktop surfacing was laid there this week.

The first coat of blacktop was applied during the week to the Central Business District lot between First and Second streets. Litigation over a boundary line, which could have prevented full development of plans for that area, was reported headed for dismissal, but the suit filed against the City of Prestonsburg and the Municipal Housing Commission had not been dismissed as of Wednesday noon.

Parking meters are to be installed in the Central Business District area. Automatic gates controlling entry and exit at the Courthouse Square will be used, with one attendant at the exit gate.

Some landscaping and planting around the two projects will be among the last phases of work.

'FALSE VOTES' WON FOR TWO, IS CLAIM

A voting-machine technician testified at Inez Tuesday that two candidates won nominations in the May 25 Martin county Republican primary with 992 "false votes" each.

The testimony came from Lewis Berry, of Huntington, West Virginia, during the trial of six election suits in Martin circuit court.

Berry later acknowledged on cross-examination that there was a "remote possibility" that he could be wrong.

He identified the candidates as Martin county Sheriff Mike Haney, who won the Republican nomination for county court clerk, and Andy Kirk, who won the Republican nomination for sheriff. The two nominees are the defendants in two of the six contest suits.

Berry said his estimate of the false votes was based on his examination of the county's 11 voting machines during a court-ordered election canvass held here earlier this month, and on other election records.

He also testified the counters opposite the names of Kirk and Haney had apparently been advanced in some precincts to as high as 99 votes prior to the election.

Asked by attorneys for Kirk and Haney if the machines could not have been defaced some time after the election, Berry replied: "It's my opinion they weren't tampered with after the polls closed."

Defense attorneys had suggested in their line of questioning of various witnesses that the

Former Floyd Man Is Academic Dean At Knott College

Pippa Passes, Ky.—Alice Lloyd College's executive committee of the Board of Trustees has announced the appointment of William R. Hughes as academic dean, effective July 5. Dr. Anthony J. Salatino held this position prior to Mr. Hughes' appointment.

The son of Mr. and Mrs. Joe Hughes, of Martin, Mr. Hughes' educational background includes graduation from Martin high school in 1948, Caney Junior College (now Alice Lloyd College), Eastern Kentucky State College, summer, 1949; part-time study while in the Air Force at San Francisco State College, College of Marin, Kentfield, California, in 1951-52; University of California Extension, 1953-54; correspondence work with the University of Wisconsin; undergraduate work for B.S. completed at Ohio University in 1954-56, and graduate work summer sessions from 1957-60, earning his master's degree in education.

Work experience includes one year in the Floyd county school system, instructor and educational specialist in the Air Force from 1950 to 1954, two years' teaching social studies and two years as high school principal in Laurelville, Ohio, and five years at Alice Lloyd College as registrar and dean of students.

Mr. Hughes has been awarded five consecutive Kellogg Foundation Grants to study junior college administration and one to study junior college housing.

Mr. Hughes is a member of KEA, NEA, National Council for Social Studies, Phi Delta Kappa, Southern Council on Teacher Education, Kentucky and Southern Association of Registrars, Kentucky Personnel and Guidance Association, Council of the Southern Mountains, and Kiwanis International serving locally in the Martin Kiwanis Club.

Artist Harm Slates Visit to Park Here For This Week-End

Ray Harm, noted artist and staff artist-naturalist with the Kentucky Department of Parks, will visit Jenny Wiley State Park Saturday and will exhibit his paintings and present a program of wildlife study and interpretation at the amphitheater at 8:30 p.m. In the event of rain, the program will be held in the lounge of May Lodge.

Sunday morning, he will lead a nature walk at the park. Mr. Harm's visits to state parks is now an annual event which attracts those interested in art and nature in growing numbers from year to year. A native of West Virginia, he lives at Deatsville, Ky., near Bernheim Forest.

Besides his work with the Department of Parks, he is an artist-in-residence at the University of Kentucky, is staff artist for the Kentucky Ornithological Society and is contributing editor to Florida Naturalist Magazine. Many of his bird and wild flower prints are available at Kentucky state parks.

Williams and Wife Fined; Book Little On Hit-Run Charge

Claude Williams and his wife, Connie, this week were fined \$50 each in quarterly court where they were charged with contributing to delinquency.

Two others fined Gilbert Marcum and Larry Bentley, who were accused of fishing without license. Fine and costs totaled \$30.50.

Marvin Little was booked at the jail July 18 on a hit-run charge which originated in the Wheelwright police court.

Six have been booked at the jail within the week for traffic offenses. Those arrested, charges on which each was booked and names of arresting officers follow:

Sam Lee Crum, drunk driving and reckless driving, Constable Gillis Conn; Freddy W. Hall and Richard C. Wells, drunk driving, both arrested by State Trooper E. B. Allen; Bill Mann, drunk driving, by Sheriff Henry C. Hale and Deputy Sheriff Lonnie Herald; J. B. Ford, drunk driving, Policemen Thornsbury and Waddles; Dave Marsillett, reckless driving, Chief of Police Potter and Policeman Thornsbury.

3 VALLEY TOWNS JOINING IN "PIRATES OF PENZANCE" ENACTMENT AUGUST 6 and 7

The Jenny Wiley Drama Association's presentation of Gilbert & Sullivan's "Pirates of Penzance" at the Jenny Wiley State Park amphitheater, August 6 and 8, will be a joint effort on the parts of three Big Sandy valley county-seat towns.

Residents of Prestonsburg, Paintsville and Pikeville as members of the cast have pooled their talents for the presentation. Jack Walters, of Prestonsburg, and Mrs. Christine Goodman, of Pikeville, are co-producers of the show. Miss Shari Hall, music student at Pikeville College, will play the romantic lead, replacing in the cast Mrs. Geneva Carter who was forced to withdraw because of illness.

Miss Judy Warren, University of Kentucky graduate student in music, will arrive this week-end to assume the work of music director, it was said Tuesday.

Miss Hall, who is assuming the role for which Mrs. Carter was first cast, was first runnerup in the Miss Kentucky Pageant last year.

SAYS SLONE OFFERED PAY

In Merit System Test; Trials of Ex-Official, Student Set Aug. 19

Former State Representative Allen Slone, of Blue River, will face trial in Franklin county, August 19, on a charge of offering to pay another person for taking a state merit-system examination, it was announced at Frankfort Tuesday by Franklin County Judge Elmo Dempsey.

Dempsey also said that Harry Kramer, of Louisville, a student at the University of Kentucky, has been charged with making a false statement relating to merit tests in connection with the Floyd county case.

Mr. Slone, who has been employed in the Department of Economic Security office here, was suspended, pending outcome of his case.

The details of the incident were supplied by Personnel Commissioner Walter Gattis, who swore out the warrants.

Slone has been on the state payroll since June 7 in a "provisional category" as work training supervisor in Floyd county. He was hired when no one else was available, Gattis said, but had to take an examination within six months.

The personnel commissioner said a person came in the office to take Slone's test Monday and identified himself as the former Representative.

A receptionist noted on Slone's application that his age was 44, and Gattis said "it was rather obvious that this young person was not Slone."

Kramer's trial is also scheduled August 19. Both charges are misdemeanors.

SIX TO FACE GRAND JURY

Acquittal of Akers In Rum Case Causes Move to Grand Jury

Liquor law violations alleged against six persons have been dismissed in quarterly court, and each has been marked for possible indictment by the Floyd circuit court grand jury at its September session.

The cases were dismissed after Douglas (or Jack) Akers had been acquitted, July 14, by a quarterly court jury. Unwilling to take the other cases to the lower court juries, prosecuting officials decided to dismiss the remaining six and start action all over again in circuit court.

Estill Damron, who was listed as the witness on whose statement a search warrant was issued for the Akers premises, did not appear for the trial. A warrant has been issued for his arrest. Akers was arrested by ABC Agent Claude Flanery and State Trooper Don Goble, who said they confiscated 104 cans of beer on his premises.

The cases to be submitted to the grand jury are those of Joe Lykins, Mrs. Betty Lykins, Mrs. Howard Slone, William Riley (Junior) Wells, Joe Martin and Red (Junior) Martin.

WATER STILL UNDER STUDY

Three Towns Warned Of Unsafe Water But Approval Thought Near

The water supply of three Right Beaver Creek towns which was declared unsafe for human consumption last Friday was expected to be approved this week as safe for use.

A temporary stoppage in the operation of chlorinating equipment last Friday caused health authorities to warn residents of Wayland, Estill and Lackey who are on the lines of the Wayland Water Company against use of the water. Dr. Russell L. Hall, county health doctor, urged water consumers to boil all water used for drinking and cooking purposes.

J. M. Stumbo, health department sanitarian, said Wednesday that he inspected the Wayland plant Monday and that tests made at that time showed that sufficient chlorine was in the water. He returned to Wayland, Wednesday, and his findings on this visit will determine if the water supply is safe.

MARTIN BOND ISSUE VOTED FOR SEWERS

Sale of 20-Year Issue Totalling \$164,000 Set By Council for Aug. 9th

The City Council of Martin voted the adoption Tuesday morning of a 20-year \$164,000 bond issue to finance construction of the town's sewer system and sewage disposal plant.

At the same time the bond sale was set for August 9 at 2 p.m.

The bonds, the ordinance provides, are to be paid from revenues of the system. These revenues are to be realized by a sewer charge equal to the water bill of each customer. No connection charge will be made against property-owners if tie-in is made during construction of the system, but \$100 will be charged those making connections later.

The monthly water rates at Martin, as described in the ordinance, are:

First 3,000 gallons, \$1.625 per 1,000 gallons; next 2,000 gallons, \$1.38 per 1,000 gallons; next 5,000 gallons, \$1.22 per 1,000 gallons; next 15,000 gallons, \$.975 per 1,000 gallons; next 25,000 gallons, \$.81 per 1,000 gallons; next 50,000 gallons, \$.65 per 1,000 gallons; over 100,000 gallons, \$.49 per 1,000 gallons; minimum bill per month, \$4.88; 25% increase for users outside the city limits.

The sewer construction job at Martin has not been undertaken without opposition, the matter of the sewage disposal plant location being the subject of a circuit court action here. A federal grant is paying approximately 70% of the cost of the overall job.

SUIT NAMES KY. TROOPER

\$105,000 in Damages Asked in Action Here For Boy, 5, Hit by Car

State Policeman Donald Lafferty was named defendant Tuesday in a \$105,000 circuit court damage suit filed by a five-year-old Martin boy.

The plaintiff, Bobby Scott, suing in the name of and by his mother, Mrs. Audrey Scott, claims he was hit by the state police car driven by Lafferty, last Nov. 5. Alleging that negligent and careless operation of the car caused "diverse" cuts, wounds, bruises and broken bones, the plaintiff asks \$100,000 damages for permanent injuries, plus \$2,500 for doctors' and hospital bills and an additional \$2,500 for future bills.

Lawrence Scott, who is listed as a plaintiff in the complaint, sues individually, seeking to recover \$150 for a pony which he claims was killed by the state cruiser.

Veteran Religious Workers See Daughter Commissioned To Service In West Africa

The Rev. and Mrs. C. H. Furman, of Betsy Layne, who have served as Christian workers in this and other Eastern Kentucky counties for almost 30 years, last Sunday evening saw their daughter, Miss Elizabeth (Beth) Furman, commissioned at Clyde, Ohio, for service in Sierra Leone, West Africa.

Miss Furman was commissioned for foreign service at the First Missionary Church at Clyde by the pastor, the Rev. Herman Wagner, and the secretary of the Foreign Missions Board of the Missionary Church Association, Ft. Wayne, Indiana. She and two other missionaries will sail from New York to Freetown, Africa, August 13. At the service she was welcomed by a national from Sierra Leone who is at Ft. Wayne for Bible training and to earn his master's degree. Her parents, four sisters and many relatives and church friends attended the commissioning service.

Miss Furman is a graduate of Mt. Carmel high school, in Breathitt county, and is a graduate of the Ft. Wayne Bible College and the Lutheran Hospital School of Nursing at Ft. Wayne. She more recently has completed a seven-month course at Missionary Internship, Inc., Detroit, and study at the Toronto Institute of Linguistics, Ontario, Canada.

Her principal service in Africa will be as a nurse.

Miss Furman's parents have lived and worked, since their marriage 29 years ago, in the Banner-Betsy Layne-Harold area of this county. Her father spent almost two years in this county, prior to that. One of her sisters, Christine, plans to do her work from the pulpit, and she is now a student at the Kentucky Mountain Bible Institute, Breathitt county. Another sister, Marie-deth, is a Head Start teacher in this county; another, Mary Anna, is the wife of Daniel Blevins, of Clyde, Ohio, and the youngest, Grace, will be a high school senior next year at Mt. Carmel.

Refreshments, consisting of a decorated birthday cake, punch, nuts and mints, were served by Mrs. Lucy Bowles and Mrs. Bruce Allen to the guests, including the Cassidy school faculty members and Mrs. Carter's former neighbors of Pennsylvania Court. Mrs. Carter graciously acknowledged all the personal and household gifts presented to her.

GUESTS OF MRS. NEELEY

Dixie A. Neeley had as her guests at May Lodge for dinner Wednesday evening, Mrs. Jane Maister, Atlanta, Georgia, and Miss Ruth Fricher, Cincinnati, Ohio. Miss Fricher has been a guest of Mrs. Neeley for the past week.

UDC Chapter Hostess To District Chapters July 24 at May Lodge

Greenville Davidson Chapter No. 1904, United Daughters of the Confederacy entertained chapters of the Perryville district at May Lodge Jenny Wiley State Park, with a luncheon meeting at 1 p.m., July 24.

The president, Mrs. Sallye Ligon Clark, presided. The invocation was given by Mrs. Everett H. Sowards. Mrs. Clark welcomed the guests and expressed appreciation to them for coming to Eastern Kentucky and enjoying the beautiful scenery of the mountains and May Lodge. She introduced Mrs. Isaac Hardeman, Louisville, Kentucky, president, who presided over the afternoon session of the convention. Mrs. Hardeman led in the salute to the American and Confederate flags. In her address she stressed that every member keep the spirit of the men who fought a good cause; that as long as there is a chapter of the United Daughters of the Confederacy the memory of these men will never die. She also stressed the U. D. C. program of maintaining the sponsorship of Jefferson Davis Highway, the Randolph Fund, assisting in the furnishing of the kitchen at the national headquarters in Richmond, Virginia, the Student Loan Fund and the U. D. C. Magazine.

Mrs. Elmer A. Deiss, Lexington, past vice-president general, spoke on various things the chapters were doing and showed a framed photograph and replica of Jefferson Davis that was hung in the Jefferson Davis Hall at Transylvania College last year.

Mrs. Josephine Turner, Louisville, past national vice-president, and state chairman of Constitution and By-Laws, outlined the many changes that will be presented at the division convention to be held at Owensboro, October 6-8. Mrs. Turner has written a history of the life of Sarah Meriwether Goodlett, the founder of the Daughters of the Confederacy, which will be in print in September.

Reports were given by Mrs. Walter P. Coleman, Lexington, division treasurer; Miss Anne Virginia Parker, legislative chairman; Miss Carolyn Hart Clay, second division vice-president and president of the John Milton Elliott Chapter, Catlettsburg.

Miss Clay also gave the response to the address of welcome. Souvenir gift bags with gifts from business establishments here were presented each guest. Mrs. Everett H. Sowards presented the division president a flower arrangement made by Mrs. E. R. Burke. Mrs. Hardeman graciously accepted it and expressed her thanks for such an elaborate gift. The dining room table was decorated with composites of roses and small Confederate flags.

Guests present were: Mrs. Elmer A. Deiss, Mrs. Walter P. Coleman, Mrs. Edith Steivers, Mrs. Anna Nell Hall, Mrs. King, Lexington, Mrs. Isaac Hardeman, Mrs. Josephine Turner, Louisville, Miss Anna Virginia Parker, Ghent, Miss Carolyn Hart Clay, Mrs. Kelly Harper, Catlettsburg, Mrs. Leo Bever, Ashland, Mrs. A. William Grant Goble, 96-Year-Old Floyd Man, Succumbs at Pikeville

William Grant Goble, of the Auxier road, near here, and one of Floyd county's oldest men, died at 10:35 a.m. Monday at the Pikeville Appalachian Regional hospital, victim of a paralytic stroke. Mr. Goble was 96 years old.

A native of East Point, he was the last of the family of Dr. Isaac Goble and Emma Hannah Goble. Until incapacitated by advanced age, he was a farmer.

His wife, Cora Howard Goble, preceded him in death in 1957. His only immediate survivor is a son, Arthur Goble, of the Auxier road, with whom he resided. He was a member of the Arnold Avenue Church of Christ. Funeral rites were conducted at 10 a.m. Wednesday from the Arnold Avenue Church of Christ by Harold Dicks, of New Boston, Ohio, a former pastor of the church. Burial was made in the family cemetery at Auxier, the Carter & Callihan Funeral Home directing.

decals used to deface the counters were originally placed opposite the names of other candidates, and then after the polls closed, were removed and pasted opposite the names of Kirk and Haney.

Berry testified that this appeared unlikely.

In another development, two witnesses testified that the "theory" that decals were used to deface the machines was first raised in conversation with them by James Muncy of Inez shortly after the election.

Muncy ran second to Haney and is contesting the results of the election.

The testimony came from Mrs. John Thacker, Martin County Court Clerk, and her husband, a deputy clerk.

"He (Muncy) said somebody must have gotten to those machines and pasted a little number over the machines," Mrs. Thacker said.

Haney, as sheriff of Martin county, served as a member of the election commission during the November general election and was entitled by law to possession of the keys during the election. Voting machine keys are assigned by Kentucky statute between elections to the custody of the county court clerk.

Mrs. Thacker said Haney returned some voting machine keys to her after the election. She said she assumed when she took possession of the keys that they were all there but she didn't count them.

The officer insisted that a midnight curfew should be established, all over the county. He admitted that that would be shifting to the law the responsibility that belongs to parents—but he doesn't respect a lot of parents any more than their children do.

We would like to hear from readers on this subject.

community College, told the group that ETV could be an invaluable aid to the rapid expansion of the community college.

"It is hard for small, new colleges to find the specialized personnel they need," he said. "Educational television can fill this gap until the college gains its footing."

Elaine Kirk, Morehead State College, said during the discussion that "ETV is the method of learning we can't get any other way."

"It can't replace the teacher," she said. "It is not an end in itself. The television segment must be followed up by the classroom teachers."

In this respect it is like a movie or film strips, only the potential of television is so much greater, she said.

O. Leonard Press, executive director of the Kentucky TV Authority, answered questions about the proposed new network.

Curriculum will be largely controlled by the state department of education and program service to schools would be provided free of charge, Press said.

In 1960, the Legislature authorized study of educational TV in the state and in 1962 enabling legislation was passed. Now a \$500,000 appropriation is needed to start construction, he said.

CARD OF THANKS

We, the family of Hager Mike May, wish to thank all who were in any way helpful to us through visits, comforting words and thoughtful acts in the illness and death of our beloved husband and father. We wish to thank the ministers, all those who sent floral and food offerings, Dr. George P. Archer and the nurses, and the Carter and Callihan Funeral Home for its efficient service.

We are deeply grateful. God bless you all.

Disabled War Veteran Heart Victim July 22 At Water Gap Residence

Old Thomas, 52, disabled World War II veteran, died last Thursday at his home at Water Gap, victim of a heart attack. The fatal seizure followed several years of ill health.

Mr. Thomas was a son of the late Prof. W. R. and Mary Reynolds Thomas, and was born at Lawson, Oklahoma, August 17, 1912. His wife, Gracie Lafferty Thomas, preceded him in death in 1960.

Surviving children are Roy Rogers, Mary Frances, Willis Ashland, Rafe Williams, Freda Mae, Glenda Sue and Zella Marie Thomas. He also leaves a sister, Mrs. Raymond Van Court, Detroit, Michigan, and two brothers, Willis Thomas, Tuscaloosa, Alabama, and Victor Thomas, Huntsville, Alabama.

Funeral rites were conducted Monday from the residence by the Rev. John W. Conley, and burial was made in the Dwale cemetery under direction of the Carter & Callihan Funeral Home.

Emma May Hatcher

We wish to thank everyone who assisted us during the illness and at the funeral of our mother, Emma May Hatcher. For efficient service, we wish to also thank Our Lady of the Way hospital, Hall Brothers Funeral Home and Davidson Memorial Gardens. Every kind deed, every word of condolence, every flower is etched in our memory.

PROBER SAYS COMBS CLEAR

Of Trucker's Charge; No Evidence to Effect Combs Knew of Fund

Former Gov. Bert T. Combs was exonerated of any wrongdoing in a report last week of an investigation by the attorney general into charges of a Nashville trucker that \$130,000 was paid during Combs' 1959 campaign to obtain favorable truck-weight legislation from the 1960 General Assembly.

Deputy Attorney General Henri L. Mangeot, who conducted the inquiry, said some \$100,000 was paid at the Sheraton-Seelbach Hotel in Louisville "in dribs and dabs" over a period of time that ran perhaps as late as mid-January, 1960.

Mangeot said \$30,000 of the contributed money was borrowed from a Nashville bank on a note dated January 15, 1960. This money, he said, was perhaps paid at State Democratic Headquarters in the Sheraton-Seelbach.

In Louisville, Jefferson County Attorney E. P. Sawyer said he has requested a copy of the report from the attorney general's office "because of the report's allegation that a transaction occurred in Louisville."

Sawyer said he would give the report to Commonwealth's Attorney Edwin A. Schroering, Jr. Sawyer declined any comment on the report and Schroering could not be reached for comment.

"There is absolutely no evidence that Combs had any knowledge that these funds had been received or that he knew where, when, how, from whom or in what amounts the contributions had been made."

"There is absolutely no evidence of any kind to indicate that these funds were used for any purpose other than payment of legitimate campaign expenses."

Ray Hall, of Galveston, Dies of Brain Injury Suffered Eight-Mos. Ago

Ray Hall, 26 years old, of Galveston, died July 22, in a Lexington, Kentucky, rest home of a brain injury sustained eight months ago when he fell from a tree while squirrel hunting. He was the son of Willie and Florence Hall, of Galveston, and was married to Thelma Eastridge Hall, of New Boston, Michigan, all of whom survive.

Also surviving are seven brothers, Oliver, Orville, Willie, Jr., and O. C. Hall, all of Grethel, Otis and Forrest Hall, both of Galveston, Phil Hall, of Lorain, Ohio, and two sisters, Mrs. Shirley Hannah, Paramount, California, and Mrs. Ruby Jean Keathley, of Galveston.

Graveside services, under the direction of Hall Brothers Funeral Home, were conducted July 25 at the Hall cemetery at Galveston, the Revs. William Green, George Gross and Benjie Blankenship officiating.

NATIONAL REUNION

The annual national reunion of the Coppage-Coppage Family Association will meet in Lexington, at the Phoenix hotel, August 13-14, the association announced this week.

The membership of the association, which was founded in 1948, includes descendants of William Coppage, a pre-Revolutionary War resident of Virginia.

CARD OF THANKS

I am deeply grateful to all who in any way were helpful through comforting words and thoughtful acts to me in my bereavement upon the passing of my husband, Richard Martin. I also wish to thank the ministers for their comforting words, those who sent food and floral offerings, and the Hall Brothers Funeral Home for its efficient services.

AREA ROAD PROGRAM START DRAWS 1,500

The Appalachian Regional Development Program, enacted recently by Congress to give the area and its people a new start, left the realm of planning recently and took its first concrete step near Isom, a tiny Letcher county village.

Construction of the road by the Winston Ford Construction Company, of Prestonsburg, got under way immediately after the groundbreaking ceremonies, which was attended by about 1,500 spectators. The occasion was the groundbreaking for a five-mile road that will link Ky. 15 from Isom to near Whitesburg. The straightened, expanded route will be part of the leg of the Mountain Parkway.

"From this day, and from what is begun here, Appalachia will come to mean hope, opportunity and healthy economic development," said John Sweeney, federal co-chairman of the regional commission. "The long-range benefits will extend far beyond the borders of this region, for both the bulldozers and the

WRITER RECALLS WIT OF ADLAI STEVENSON

Was the late Adlai E. Stevenson "too smart for his own good," politically speaking?

There were those who viewed him as an "egghead," a cold intellectual, lacking the common touch. The following, written by James Driscoll, portrays Mr. Stevenson as a man of warm humor and scintillating wit.

Stevenson, who once defined a politician as a statesman who approaches every question with an open mouth, was criticized during both of his presidential campaigns by Republicans who said he wasn't serious enough and was too "highbrow."

"If it is a crime," Stevenson replied, "to trust the people's common sense and native intelligence, I gladly plead guilty."

He said after the campaigns that he noticed that humor about himself or general noncontroversial subjects was more effective than sharp wit about his opponents.

"Maybe this is a good thing," Stevenson said, doubtfully. "I suppose maybe it's the general quality of banality or conventionality that's crept into our political dialogue . . ."

Generally speaking, the standardization of talk, of newspaper reporting, and the kind of banality of most of the television programs have created a standard of manners which is deprived of a good deal of lusty vigor, especially of the use of wit and humor that we used to have."

Stevenson hoped for a renaissance of political wit. He said that the sense of humor in the U. S. is "one of the indispensable qualities" of life.

He noted somewhat sadly that he was less responsive to humor than he used to be. "Perhaps that's the sort of corrosiveness that comes with time or maybe age and perhaps just general exhaustion."

"You get your nose rubbed into this solemnity and this seriousness of our time and it begins to have its effect on you, it buries your own natural spontaneity of personality."

"I don't know what the answer to it is. I keep thinking it is education and, hopefully, a reversal of the pattern of conformity . . ."

"If you express a view that departs from the norm nowadays, then of course you are immediately charged with being a Communist or something or other."

For more than 40 years Stevenson kept a notebook in which he jotted down his own ideas that he thought worth preserving, and quotations from many sources. He used most of the quotations in his speeches at various times.

Here are a number of his humorous remarks. Some were made in Kentucky, some were compiled by Leon A. Harris in his 1964 book, "The Fine Art of

Political Wit," and some are from other sources.

In Louisville last October Stevenson said he was "not entirely indifferent to the outcome of the presidential election."

"After all, Congressman Miller (then the Republican vice-presidential candidate) has announced that I will be fired five minutes after Barry Goldwater takes office as president. To that I say that I can save him at least four minutes."

In 1952 in Louisville, Stevenson spoke immediately after that fine public speaker, Vice-President Alben W. Barkley.

"The worst thing to befall any man," Stevenson said, "is to have to speak after Mr. Barkley. I never thought you Kentuckians would do that to me."

In 1952 in Paducah, after receiving notice that Dwight Eisenhower's speaking platform had collapsed the previous night, Stevenson said:

"That doesn't surprise me a bit. I've been telling him for two months nobody can stand on that platform."

Among his political quips: "Nixon is finding out there are no tails on an Eisenhower jacket."

"I like Republicans, have grown up with them, worked with them, and would trust them with anything in the world—except public office."

In a reference to Eisenhower's hobby: "Golf is a fine release from the tensions of office, but we are a little tired of holding the bag."

"Eggheads of the world, arise. You have nothing to lose but your yolks."

A reference to the Eisenhower-Dulles foreign policy: "The power of positive brinking."

A definition of an editor: "An editor is one who separates the wheat from the chaff and prints the chaff."

After three months of crisis debate at the U.N. in 1961, he said: "What with Cuba, Congo, Korea and now Laos, I sometimes yearn for the simple brutalities of bipartisan politics."

In a speech this year to be Harvard Alumni Association:

"I have been picketed, applauded and abused from right to left and center everywhere from Texas to Toronto for more years than I like to remember. Indeed, my honorary degree should have a P. D.—Doctor of Pickets."

As Illinois governor, Stevenson vetoed a bill prohibiting cats from running at large, and commented:

"It is in the nature of cats to do a certain amount of unescorted running. In my opinion, the state of Illinois and its local governmental bodies have enough to do without trying to control feline delinquency."

And, finally, in a reaction to his second defeat for president, Stevenson quoted Lincoln's story about the boy who stubbed his toe:

"It hurts too bad to laugh, and he was too big to cry."

Calhoun, Sheppard On Advisory Board Of Southern States

Clifford Calhoun, of Water Gap, and James Sheppard, of West Prestonsburg, were elected to the local Southern States advisory board at the annual membership meeting held here, July 23. More than 250 stockholder-members and their families attended the session.

Arthur Garrett, of Prestonsburg, was named chairman of the advisory board, while Jesse Wallen, of Prestonsburg, was picked as vice-chairman.

Elected to the local Southern States farm home advisory committee were: Mrs. Burnis Martin, of Prestonsburg, and Mrs. Ollie Wallen, of Water Gap, Kentucky. Mrs. Less Wallen, of Water Gap, was chosen as chairman of the farm home advisory committee, and Mrs. Wes Campbell, of Water Gap was named secretary.

Jesse Wallen, of Water Gap, was chosen as a delegate to represent the local membership at the Southern States Cooperative's 42nd annual stockholders' meeting in Richmond, Virginia, November 11-12. Clifford Calhoun, of Water Gap, was named alternate.

The financial report of Southern States Cooperative was given by G. A. Roberts, of Barboursville, West Virginia, a regional representative of the organization.

Kenneth Meade, manager of the Prestonsburg Farm & Home Store, gave the report on local operations and services, and showed color slides of local patrons' farming activities.

Hatfield-Arrington Wedding Solemnized

Miss Ina Clara Hatfield, Lynchburg, Virginia, daughter of Mr. and Mrs. Edward Hatfield, of Water Gap, Kentucky, became the bride of Mr. Roy McArthur Arrington, son of Mr. and Mrs. Charles T. Arrington, Red House, Virginia, in a double-ring ceremony solemnized at 8 p.m. Saturday, July 17, from the Park Avenue Baptist Church, Lynchburg. The Rev. Ollie V. Goad was the officiating minister.

Preceding the ceremony, a program of traditional wedding music was rendered by Robert W. Blake, organist.

Given in marriage by her brother-in-law, A. D. Miller, the bride wore a white organdy dress, with white hat and blue accessories. Her flowers were a Colonial bouquet of white carnations.

The matron of honor, Mrs. A. D. Miller, Lynchburg, Virginia, sister of the bride, wore a blue dress, with white accessories and a corsage of carnations.

Sanford T. Arrington served his brother as best man. Ushers were James C. Arrington and Wayland Britchett.

Following the ceremony, a reception was given by Mrs. Robert C. Gunter, sister of the groom, at the church. Mr. and Mrs. Arrington spent their honeymoon in Kentucky.

The bride attended Eastern Kentucky State College, Richmond, before going to Lynchburg in March, 1965. Mr. Arrington attended William-Campbell high school. They will reside in Lynchburg.

PRESTONSBURG, KY. — MARTIN, KY.

An Ordinance Providing for the Issuance of Sewer Revenue Bonds of the City of Martin, Kentucky, for the Purpose of Constructing a Municipal Sewer System, Setting forth the Terms and Conditions On Which Said Bonds and Additional Bonds Ranking On A Parity Therewith Are To Be and May Be Issued and Outstanding, and Providing for the Payment of Said Bonds from the Revenues of Said System.

WHEREAS, it is necessary for the health and welfare of the City and its inhabitants that a municipal sewer system for the City of Martin be constructed, and

WHEREAS, it is the desire and intent of this Council at this time to adopt this ordinance authorizing and providing for the issuance of revenue bonds to the amount of \$164,000 for the purpose aforesaid and to set forth the terms and conditions on which said revenue bonds and any additional bonds ranking on a parity therewith are to be and may be issued and outstanding and expressing special covenants with respect to the operation of said system, and providing for the rights of the holders of said bonds in the enforcement thereof.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MARTIN, KENTUCKY, AS FOLLOWS:

SECTION 1. That pursuant to the Constitution and laws of Kentucky and particularly said Sections 58.010 to 58.140, inclusive, of the Kentucky Revised Statutes there are hereby authorized to be issued one hundred and sixty-four negotiable coupon revenue bonds of the City of Martin, Kentucky, in the aggregate principal amount of \$164,000, each of which shall be designated a "Sewer Revenue Bond," for the purpose of constructing with other available funds a municipal sewer system and to pay all necessary expenses in connection therewith.

SECTION 2. That said bonds hereby authorized shall be numbered consecutively 1 to 164, inclusive, shall be of the denomination of \$1,000 each, dated May 1, 1965, and scheduled to become due and payable in numerical order on May 1 of the respective years as follows: \$1,000 in 1968, \$2,000 in 1969 through 1977, \$3,000 in 1978 through 1985, \$4,000 in 1986 through 1990, \$5,000 in 1991 through 1994, \$6,000 in 1995 through 1997, \$7,000 in 1998 through 2000, \$8,000 in 2001 through 2003 and \$9,000 in 2004 and 2005, provided, however, that said bonds which may be outstanding from time to time shall be subject to redemption by said City prior to maturity, in whole or in part, in the inverse order of their maturities, less than all of a single maturity to be selected by lot, on any interest payment date on or after May 1, 1980, and in the event any of said bonds are called for redemption as aforesaid, notice thereof, identifying the bonds to be redeemed, shall be given by publication at least once not less than thirty days prior to the redemption date, in a newspaper of general circulation throughout Kentucky, and in a financial newspaper or financial journal published in New York, New York, and it is further agreed that should any of said redeemable bonds be called for redemption prior to maturity as aforesaid said City will pay to the respective holders upon surrender of the bonds a sum equal to par and accrued interest plus additional interest equal to three percent of the principal amount thereof. Said bonds shall bear interest from date thereof at a coupon rate not exceeding the statutory maximum of six percent per annum, the exact rate or rates of interest for said bonds to be fixed by supplemental resolution or ordinance as a result of the advertised sale and competitive bidding for said bonds, as hereinafter provided. All interest at the coupon rate shall be evidenced by proper interest coupons attached to each of said bonds and to be payable semi-annually on the first days of May and November in each year. That both principal and interest shall be payable in lawful money of the United States of America at The First National Bank of Cincinnati, Cincinnati, Ohio. Said bonds shall be signed by the facsimile signature of the Mayor of said City and sealed with a facsimile of its corporate seal, attested by the manual signature of the City Clerk, and the interest coupons attached to said bonds shall be executed with the facsimile signatures of said Mayor and said City Clerk, and said officials, by the execution of said bonds, shall adopt as and for their own and proper signatures their respective facsimile signatures on said coupons. All of said bonds, together with the interest thereon, shall be payable only out of the special funds as hereinafter more specifically provided and shall be a valid claim of the holder thereof only against said funds and the portion or amount of the revenues of the sewer system of said City pledged to said funds as hereinafter provided.

SECTION 3. That said bonds and the interest coupons shall be fully negotiable, but upon presentation at the office of the

City Clerk of said City of Martin of any of said bonds same may be registered as to principal in the name of the owner on the books in his office, such registration to be noted on the reverse side of the bonds by the City Clerk, and thereafter the principal on such registered bonds shall be payable only to the registered holder, his legal representatives or assigns. Such registered bonds shall be transferable to another registered holder, or back to bearer, only upon presentation to the City Clerk with a legal assignment duly acknowledged or proved. Registration of any of such bonds shall not affect the negotiability of the coupons thereto attached, but such coupons shall be transferable by delivery merely.

SECTION 4. That said bonds and coupons shall be in substantially the following form, to-wit:

(Form of Bond) United States of America Commonwealth of Kentucky County of Floyd City of Martin Sewer Revenue Bond

Number \$1,000

KNOW ALL MEN BY THESE PRESENTS, that the City of Martin, in the County of Floyd, and Commonwealth of Kentucky, for value received, hereby promises to pay to bearer or, if this bond be registered, to the registered holder hereof, as hereinafter provided, the sum of One Thousand (\$1,000) Dollars on the first day of May, 19...., and interest on said sum from the date hereof at the rate of ... percent (...%) per annum, payable semi-annually on the first days of May and November in each year until paid, except as the provisions hereinafter set forth with respect to redemption may be and become applicable hereto, such interest as may accrue on and prior to the maturity of this bond to be paid upon presentation and surrender of the annexed interest coupons as the same severally mature, both principal and interest being payable in lawful money of the United States of America at

This bond is issued by said City pursuant to an ordinance duly adopted for the purpose of constructing a municipal sewer system, and this bond has been issued under and in full compliance with the Constitution and Statutes of the Commonwealth of Kentucky, including among others Sections 58.010 to 58.140, inclusive, of the Kentucky Revised Statutes.

Bonds of the series of which this bond is one and as may be outstanding from time to time are subject to redemption by said City prior to maturity, in whole or in part, in the inverse order of their maturities, less than all of a single maturity to be selected by lot, on any interest payment date on or after May 1, 1980, and in the event any of said bonds are called for redemption as aforesaid, notice thereof, identifying the bonds to be redeemed, will be given by publication at least once not less than thirty days prior to the redemption date, in a newspaper of general circulation throughout Kentucky, and in a financial newspaper or financial journal published in New York, New York, and it is further agreed that should any of said redeemable bonds be called for redemption prior to maturity as aforesaid said City will pay to the holders of the respective bonds so called for redemption, upon surrender thereof, a sum equal to par and accrued interest plus additional interest equal to three percent of the principal amount thereof. All of said bonds as to which notice as aforesaid shall have been given and for the redemption of which, upon the terms aforesaid, funds are duly provided will cease to bear interest on the redemption date.

This bond and the issue of which it forms a part, together with such additional bonds ranking on a parity therewith as may be issued and outstanding under the conditions and provisions of said ordinance, are payable from and secured by the income and revenues to be derived from the operation of said sewer system, a sufficient portion of which, to pay the principal of and interest on this issue and any additional parity bonds, shall be set aside as special funds for that purpose. This bond and the series of which it forms a part do not constitute an indebtedness of the City of Martin within the meaning of any constitutional or statutory provisions or limitations. Said City covenants that said sewer system will be continuously operated as a revenue-producing undertaking and that it will fix and charge such rents, fees, rates and charges so that the income and revenues therefrom will be sufficient to pay all of said bonds and interest thereon as the same become due, to pay the cost of operation and maintenance thereof and to comply with all the covenants of the ordinance under which such bonds are issued.

This bond is fully negotiable but may be registered as to principal only in the name of the holder on the books of said City in the office of its City Clerk, such registration being noted hereon by the City Clerk, after which no transfer shall be valid unless made on said books and

similarly noted on this bond, but it may be discharged from such registration by being transferred to bearer, after which it shall be transferable by delivery, but it may be again registered as before. Registration of this bond as to principal shall not restrain the negotiability of the coupons by delivery merely.

This bond is exempt from taxation in the Commonwealth of Kentucky.

It is hereby certified, recited and declared that all acts, conditions and things required to exist, happen and be performed precedent to and in the issuance of this bond have existed, have happened and have been performed in due time, form and manner as required by law in order that this bond will be a valid and legal revenue obligation of such City, that the amount of this bond, together with all other obligations of said City, does not exceed any limit prescribed by the Constitution or statutes of the Commonwealth of Kentucky, and that a sufficient portion of the income and revenues of said sewer system has been pledged to and shall be set aside into said special fund by said City for the prompt payment of the principal of and interest on this bond and all other bonds authorized or permitted to be made payable from said special fund.

IN WITNESS WHEREOF, said City of Martin, in the Commonwealth of Kentucky, has caused this bond to be signed by the facsimile signature of its Mayor and a facsimile of its corporate seal to be hereunto affixed, attested by the manual signature of its City Clerk, and the coupons hereto attached to be executed with the facsimile signatures of said Mayor and said City Clerk, which officials, by the execution of this bond, do adopt as and for their own proper signatures their respective facsimile signatures appearing on said coupons, and this bond to be dated the first day of May, 1965.

Attest: Mayor City Clerk (Form of Coupon) No. \$..... Unless the bond to which this coupon appertains is redeemable and accordingly shall have been heretofore called for redemption, on the first day of, 19...., the City of Martin, Kentucky, will pay to bearer the amount shown hereon, at, as provided in and being interest then due on its Sewer Revenue Bond dated May 1, 1965, numbered

Attest: Mayor City Clerk (Form of Registration to be Printed on the Back of Each Bond) Date of In Whose Signature Registration Name of Registered City Clerk

SECTION 5. The proceeds of the bonds shall first be used to pay the expenses of the fiscal agent simultaneously with such bonds being taken up and paid for, then an amount equal to the interest accruing on such bonds during the twenty-one months after May 1, 1965, shall be paid into the sinking fund hereinafter created, and the balance shall be set aside for construction and other costs of such project. Such amount paid into such sinking fund shall not reduce to any extent the amounts otherwise provided herein to be paid into such sinking fund, and such amounts shall be used only for the purposes for which such sinking fund may be used. The proceeds of said bonds thus set apart for construction costs shall be paid out only upon certification by the engineer employed by the City to supervise the construction work to the effect that the respective amounts of such expenditures represent amounts due and payable for materials furnished or work or services performed in accordance with the plans and specifications for such project. Pending expenditure such proceeds shall be deposited in the Sewer Construction Fund at The First National Bank of Prestonsburg, Prestonsburg, Kentucky, and each such deposit to the extent it causes the aggregate deposits by said City in such bank to be in excess of \$10,000 shall be secured by a surety bond or bonds furnished by a surety company or companies qualified or authorized to do business in Kentucky or by a pledge of direct obligations or by guaranteed bonds or securities of the United States of America having a market value equivalent to such deposit. If it be determined at any time that the amount of bond proceeds being held for construction costs is in excess of the amount necessary to be disbursed therefrom for the authorized purposes during the ensuing six months, such excess may be invested in interest bearing bonds or other direct and general obligations of the United States of America having a maturity date or being subject to retirement at the option of the holder not more than two years subsequent to

the date of such investment, and all such investments, as well as all income therefrom, shall be carried to the credit of such Construction Fund. Any surplus remaining after accomplishing the aforesaid purposes shall be converted into "Sewer Bond and Interest Redemption Account," hereinafter identified. All accrued interest which may be received from the sale of the bonds hereby authorized, plus such an amount as will be equal to interest for eighteen months on all of such bonds from their date, shall be paid immediately upon the proceeds of such bonds being obtained into said "Sewer Bond and Interest Redemption Account." That any misapplication of the proceeds of the bonds herein authorized shall not to any extent affect the validity or legality of the bonds herein authorized.

SECTION 6. From and after the delivery of any bonds issued under the provisions of this ordinance the income and revenues of said sewer system shall be set aside into a separate and special fund to be designated as the "Sewer Revenue Fund." The income and revenues of said sewer system shall be used and apportioned as follows:

A. There shall be and there is hereby created a special fund to be known as the "Sewer Bond and Interest Redemption Account" (hereinafter sometimes referred to as the "sinking fund"), and beginning not later than November 15, 1966, there shall be paid from such Revenue Fund, and as a first charge thereon, and deposited in such sinking fund, on or before the 15th day of every month, sums not less than:

(1) A sum equal to 1/6 of the interest becoming due on the next succeeding interest due date with respect to all bonds issued and outstanding pursuant to this ordinance;

(2) A sum equal to 1/12 of the principal of all such bonds maturing on the next May 1 until there has been deposited an amount equal to not less than such amount of principal so maturing;

(3) An additional sum of 1/60 of the average annual principal and interest to become due on such bonds to be deposited monthly in the manner set out above; the first such payment to be made on or before the 15th day of November, 1966; such payments to continue until there is a reserve in such sinking fund equal to the amount of the average annual principal and interest to become due on such bonds thereafter. When such reserve has been established same shall be maintained at all times until there are sufficient monies in the sinking fund to pay all the interest on and principal of all bonds outstanding authorized hereunder, and all parity bonds, if any, issued pursuant to the provisions hereof, and shall not be used at any time for any purpose except to pay the interest on and principal of the bonds authorized herein, and any parity bonds issued pursuant to the provisions hereof, when there are no other funds available for such purpose. Any amounts of such reserve which are so used shall be repaid to re-establish such reserve from the first available revenues of such sewer system, after making the necessary monthly payments into the sinking fund equal to 1/6 of the interest becoming due on the next interest payment date and equal to 1/12 of the principal becoming due on the next principal payment date;

(4) If parity bonds be issued, such additional equal monthly sums as will be sufficient when added to other equal monthly sums paid to provide for the payment of interest thereon to the next interest payment date and the principal thereof which falls due at the next principal payment date, and thereafter a sum equal to 1/6 of the interest becoming due on the next succeeding interest due date and 1/12 of the principal maturing on next date for the payment of principal as to such additional parity bonds; and

(5) If parity bonds are issued such additional equal sums monthly, if any are necessary to and as will increase the reserve in the sinking fund within a period of five years from the date of issuance of such parity bonds to an amount not less than the average annual amount of principal and interest to become due thereafter based upon the bonds already outstanding and such parity bonds issued all considered as one bond issue. Such reserve shall be maintained and re-established, if used, according to the same provisions which govern the reserve fund as to the bonds herein authorized. Computations to determine what payments are required to be made into the sinking fund shall be made as of May 1 of each year.

Unless all bonds payable from said fund at the time outstanding are to be then retired, only such part of said sinking fund shall be used to purchase or redeem bonds in advance of maturity as may be in excess of the minimum reserve required to be maintained in such sinking fund as hereinafter provided, plus an amount equal to the interest which will fall due on all of such bonds at the next interest payment date, plus the amount of principal which will fall due on

such bonds at the next principal payment date. Any such purchase of bonds prior to maturity shall be made at the lowest prices (not exceeding their current fair market value nor the terms for redemption thereof) following advertisements for tenders, but if insufficient acceptable tenders are received the remaining excess may be applied to the calling and redemption of bonds as hereinafter provided. All bonds so purchased or redeemed shall be cancelled. It shall not be necessary to advertise for tenders before calling bonds for redemption.

Any other provisions herein to the contrary notwithstanding, no further payments need to be made into said sinking fund whenever and so long as such amount of the bonds shall have been retired that the amount then held in such fund (including the reserve) is equal to the entire amount of the interest and principal that will have accrued at the time of the retirement or maturity of all the bonds then remaining outstanding. If for any reason there should be a failure to pay into said sinking fund the full amount above stipulated, then an amount equivalent to 110% of such deficiency shall be set apart and paid into said sinking fund from the first available income and revenues of the following year or years, and same shall be in addition to the amount otherwise herein provided to be set apart and paid during such succeeding year or years.

All monies held in said sinking fund, including the reserve, shall be deposited in The First National Bank of Cincinnati, Cincinnati, Ohio, and all such deposits which cause the aggregate deposits of said City to be in excess of \$10,000 shall be continuously secured by a surety bond or bonds furnished by a surety company or companies qualified or authorized to do business in Kentucky or by a valid pledge of direct obligations of the United States of America having an equivalent market value. All or any part of said sinking fund, including the reserves, which may be in excess of the interest and principal becoming due within the succeeding six months may be invested in interest bearing bonds or other direct and general obligations of the United States of America having a maturity date or being subject to retirement at the option of the holder within not more than two years subsequent to the date of investment therein, and all such investments, as well as all income therefrom, shall be carried to the credit of the sinking fund.

Such payments into such sinking fund shall be made in monthly installments as provided herein on the fifteenth day of each month, except that when the fifteenth day of any month shall be a Sunday or a legal holiday then such payment shall be made on the next succeeding secular day.

In the event the income and revenues during any month are inadequate to make the required payment into said fund, the deficiency shall be made up and paid as aforesaid from the first available income and revenue thereafter received and shall be in addition to payments otherwise provided to be made in such succeeding month or months.

The sinking fund as aforesaid shall be used solely and only and is hereby pledged for the purpose of paying principal of and interest on the bonds herein authorized and the additional bonds ranking on a parity therewith as may be outstanding from time to time.

The balance of income and revenues then remaining shall be set aside for operation, maintenance and depreciation as hereinafter provided.

B. There shall be created a fund known as the "Depreciation Fund," and 10% of the balance from said "Sewer Revenue Fund" after the aforesaid payments into said sinking fund shall be set aside on the fifteenth day of each month into said fund. Said Depreciation Fund shall be used to set up reasonable reserves for renewals, replacements, new construction and contingencies in the operation of said sewer system, and provided also that withdrawals and disbursements shall be made from said Depreciation Fund to meet the payment of interest on or principal of any bonds authorized hereunder to whatever extent necessary if for any reason funds in the sinking fund are insufficient for that purpose. Bonds herein authorized may be called for prior redemption by using funds in such Depreciation Fund only to the extent that the funds in such Depreciation Fund are in excess of \$10,000.00.

All funds in the Depreciation Fund shall be kept apart from all other municipal funds and shall be deposited monthly and in every other way secured in the same manner as herein provided for the deposit and security of the sinking fund, or all or any part of said Depreciation Fund may be invested in direct obligations or guaranteed bonds or securities of the United States of America.

C. There shall be and there is hereby created a fund known as the "Operation and Maintenance Fund," and the balance of the in-

come and revenues remaining in said "Sewer Revenue Fund" after the aforesaid payments into the sinking fund and the Depreciation Fund shall be set aside on the fifteenth day of each month until a reserve for estimated operation and maintenance expenses for the succeeding twelve months is built up and used for the proper operation and maintenance of said sewer systems, the Council of said City hereby finding and determining that said balance of said revenues is necessary for the proper operation and maintenance thereof but not in excess of the amount required for said purpose, provided, however, that such amount of said balance not actually used for operation and maintenance shall be transferred to the sinking fund, subject to the other provisions herein contained as to the creation of a sinking fund for bonds inferior and subordinate to the bonds herein authorized, or to the Depreciation Fund and used only for the purposes for which said funds may be used. Such estimation of operation and maintenance expenses shall be made, after the sewer system has been in operation for one year, on the prior years experience.

SECTION 7. While the bonds authorized hereunder, or any of them, remain outstanding and unpaid, the rates for all services rendered by said sewer system to said City and to its citizens, corporations or other consumers shall be reasonable and just, taking into account and consideration the cost and value of said properties and the cost of maintaining and operating the same, and the proper and necessary allowances for depreciation thereof, and the amounts necessary for the retirement of all bonds and the accruing interest on all such bonds as may be issued and outstanding and which by their terms are payable from the revenues of the sewer system; provided, however, no reduction in the schedule or rates shall be made without first obtaining the written determination of the consulting engineer that such proposed reduction will not adversely affect the ability of the City to meet all of the requirements of this ordinance. There shall be charged against all users of the services and facilities of the sewer system, including the City, such rates and amounts as shall be adequate to meet the requirements of this and the preceding sections hereof. Compensation for services rendered or facilities afforded to said City shall be charged against the City, and payment for same from the corporate funds shall be made monthly into the special fund created by this ordinance as other income and revenues and shall be apportioned to operation and maintenance, depreciation and bond and interest redemption funds as such other income and revenues. If for any reason at any time there are not sufficient revenues available to pay the bonds herein authorized and to meet all covenants herein, the City covenants to charge such rates as may be necessary to produce sufficient amounts as to pay the interest and principal on the bonds herein authorized and to comply with all such covenants. The bonds herein authorized shall be secured by a pledge of the first gross revenues from the sewer system.

The City hereby covenants that under no circumstances will any of the income and revenues derived in any manner from the operation of the sewer system be used for any other purposes of said City other than for sewer system purposes. The City covenants that the income and revenues of the sewer system will first be used as required herein and that after all reserve requirements have been met the City will use any excess income and revenues for the construction of improvements and extensions of the sewer system or for the retirement of any outstanding bonds authorized hereunder or on a parity herewith.

SECTION 8. That said City hereby covenants and agrees with the holder or holders of the bonds herein authorized to be issued, or any of them, that it will faithfully and punctually perform all duties with reference to said sewer system required by the Constitution and laws of the Commonwealth of Kentucky, including the making and collecting of reasonable and sufficient rates for services rendered and facilities afforded, and will segregate the revenues and make the application thereof into the respective funds, as provided by this ordinance; and the City hereby irrevocably covenants, binds and obligates itself not to sell, lease, mortgage or in any manner dispose of said properties, including any and all extensions and additions that may be made thereto, until all of the bonds herein authorized to be issued shall have been paid in full, both principal and interest, and the City further covenants and agrees with the holders of said bonds to maintain in good condition and continuously operate said sewer system and to charge and collect such rates and charges for services rendered and facilities afforded thereby so that the gross income and revenues will be sufficient at all times to make the prescribed payments into the several spec-

ial funds as hereinbefore provided, as well as pay the cost of operation and maintenance of the system.

SECTION 9. That any holder of said bonds or of any of the coupons may, either at law or in equity, by suit, action, mandamus or other proceedings, enforce and compel performance by said City and its officers and agents of all duties and obligations imposed or required by law or this ordinance in connection with the operation of said properties, including the making and collecting of sufficient rates and segregation of the income and revenues and the application thereof.

If there be any default in the payment of the principal of or interest on any of said bonds, then, upon the filing of suit by any holder of said bonds or of any of the coupons, any court having jurisdiction of the action may appoint a receiver to administer said sewer system on behalf of the City, with power to charge and collect rates sufficient to provide for the payment of any bonds or obligations outstanding against said system, and for the payment of operating expenses, and to apply the income and revenues in conformity with this ordinance and the provisions of Chapter 58 of the Kentucky Revised Statutes. Reasonable attorney's fees and court costs incurred by any bondholder or bondholders in connection with obtaining the appointment of such receiver shall be a proper charge and shall be payable out of the income and revenues from the property securing the bonds herein authorized.

SECTION 10. The bonds herein authorized to be issued and the bonds ranking on a parity therewith from time to time outstanding shall not be entitled to priority one over the other in the application of the revenues of said sewer system, regardless of the time or times of their issuance, it being the intention of the Council that there shall be no priority among the bonds authorized or permitted to be issued under the provisions of this ordinance, regardless of the fact that they may be actually issued and delivered at different times. Said City hereby reserves the right and privilege of issuing additional bonds from time to time, payable from income and revenues of said sewer system ranking on a parity with the bonds herein authorized, only under the following conditions:

Additional bonds ranking on a parity with the bonds herein authorized may be issued from time to time in order to pay the costs of further extensions, improvements and betterments to said sewer system; provided, that before any such additional bonds may be issued under this paragraph there has been procured and filed with the City Clerk a statement by an independent certified public accountant not in the regular employ of the City reciting the opinion, based upon necessary investigation, that the net annual revenues of said sewer system for twelve consecutive months out of the preceding eighteen months were equal to at least one and one-half times the average annual amount of principal and interest that will become due in any succeeding year ending on May 1 on the bonds then outstanding and the bonds then proposed to be issued.

In arriving at such net annual revenues such certified public accountant shall base his statement upon the two following factors:

(1) The actual net annual revenues of said project for such twelve consecutive months; and

(2) An adjustment of the net annual revenues for such twelve-month period as in the opinion of a registered engineer of excellent national reputation in the construction, operation and maintenance of sewer system properties, not in the regular employ of the City, will reflect any revision in the schedule of rates and charges being imposed for sewer services at the time of the issuance of such additional bonds, such adjustment to be based on the actual customers of such project from which such revenues were being obtained during such twelve-month period of operation and which is not to be based to any extent upon any estimate of any new and different customers and shall be based only upon the services actually received by such customers during such twelve-month period; and without limiting the generality of the foregoing such engineer shall take into consideration the increased operating and maintenance expenses which will arise because of the contemplated extensions and improvements and treat these increased expenses as if they had occurred during such twelve-month period and such engineer shall not take into consideration any increase in gross revenues which may come about as a result of new customers as a result of the contemplated extensions and improvements.

The interest payment dates for all such additional bonds hereinbefore permitted shall be semi-annually on May 1 and November 1 of each year, and the principal maturities of all such additional bonds shall be on May 1 of the year in which any such principal is scheduled to become due. "Net annual revenues" are

defined as gross revenue less operating expenses which shall include salaries, wages, cost of maintenance and operation, materials and supplies, pumping cost and insurance, as well as all other items as are normally and regularly included under recognized accounting practices, exclusive of allowances for depreciation.

The additional bonds (sometimes herein referred to as "permitted" to be issued), the issuance of which is restricted and conditioned by this section, shall be understood to mean bonds payable from revenues of said sewer system on a parity with the bonds herein specifically authorized and shall not be deemed to include other obligations, the security and source of payment of which are the excess income and revenues from such sewer system and are subordinate and subject to the priority of the bonds herein authorized to be issued, it being provided that bonds which are subordinate and subject to the priority of the bonds herein authorized may be issued only for the purpose of making capital extensions and improvements to such system. In the case of the issuance of such bonds which are subordinate and subject to the priority of the bonds herein authorized to be issued, the bonds herein authorized shall continue to be secured by a pledge of the first revenues from the sewer system in order to make the payments provided herein into the sinking fund, including the required reserve in such sinking fund. Any sinking fund provided for such subordinate and inferior bonds shall be provided for subject to the first revenues from such system being pledged to secure the payment of the amounts herein provided to be paid into the sinking fund herein provided for.

SECTION 11. It is hereby covenanted and agreed that so long as any of the bonds hereby authorized are outstanding the City will carry for the benefit of the holders of the bonds adequate fire and windstorm insurance on all buildings and structures of the sewer system which are subject to loss through fire or windstorm and will carry adequate public liability insurance and will carry for the benefit of the holders of the bonds insurance of the kinds and in the amounts normally carried in the operation of similar properties in Kentucky. All monies received for losses under any of such insurance policies, except public liability, shall be paid into the Depreciation Fund, and such payments shall not reduce the amounts otherwise required to be paid into said Fund. Disbursements of such proceeds shall be made in the same manner and for the same purpose as are other disbursements made from the Depreciation Fund.

In so far as consistent with the laws of Kentucky said City agrees that so long as any of the bonds hereby authorized remain outstanding it will keep proper books of record and account, separate from all other municipal records and accounts, showing complete and correct entries of all transactions relating to said properties, and that the holders of any of said bonds shall have the right at all reasonable times to inspect the works and system and all records, accounts and data of the City relating thereto. Said City further agrees that it will within sixty days following the close of each fiscal year cause an audit to be made of the books and accounts pertinent to the system by an independent certified public accountant showing the receipts and disbursements of the system, with the comments of the auditor concerning whether the books and accounts are being kept in compliance with this ordinance and in accordance with recognized accounting practices. All expenses incurred in making such audits shall be paid as an expense of operation and maintenance of the system, and a copy of each such audit shall be promptly mailed to the original purchaser of the bonds hereby authorized from the City and to any other bondholder that may have requested same in writing.

Said City further covenants and agrees to retain a consulting licensed engineer or a firm of which a licensed engineer is a member to inspect and examine the sewer system and its operation at least once in each period of three years and to file with the City Clerk a written report of the findings and recommendations as a result of such inspection and examination. That said report shall be furnished to the original purchaser of the bonds herein authorized.

SECTION 12. The City agrees that during the time any of the bonds herein authorized are outstanding it will take all such steps as may be necessary to cause the owners of all properties abutting upon any sewer lines of the City to connect thereto and to keep connected thereto all sanitary sewerage drain pipes on such properties. The City further covenants that it will take the proper legislative steps to make it a criminal offense for owners of properties abutting upon any sewer line of the City not to connect thereto and to keep connected thereto all sanitary sewerage drain pipes on such properties. The City covenants that it will take all steps

defined as gross revenue less operating expenses which shall include salaries, wages, cost of maintenance and operation, materials and supplies, pumping cost and insurance, as well as all other items as are normally and regularly included under recognized accounting practices, exclusive of allowances for depreciation.

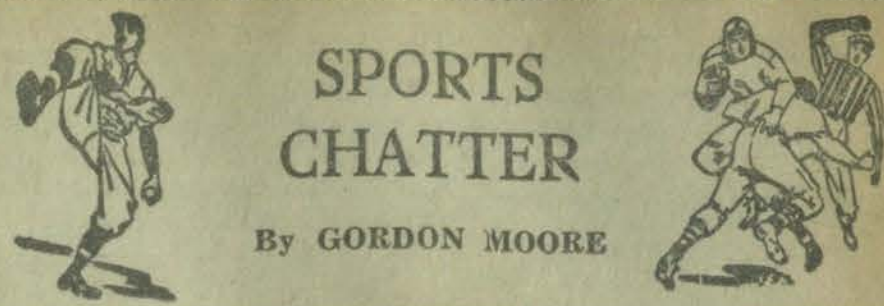

The additional bonds (sometimes herein referred to as "permitted" to be issued), the issuance of which is restricted and conditioned by this section, shall be understood to mean bonds payable from revenues of said sewer system on a parity with the bonds herein specifically authorized and shall not be deemed to include other obligations, the security and source of payment of which are the excess income and revenues from such sewer system and are subordinate and subject to the priority of the bonds herein authorized to be issued, it being provided that bonds which are subordinate and subject to the priority of the bonds herein authorized may be issued only for the purpose of making capital extensions and improvements to such system. In the case of the issuance of such bonds which are subordinate and subject to the priority of the bonds herein authorized to be issued, the bonds herein authorized shall continue to be secured by a pledge of the first revenues from the sewer system in order to make the payments provided herein into the sinking fund, including the required reserve in such sinking fund. Any sinking fund provided for such subordinate and inferior bonds shall be provided for subject to the first revenues from such system being pledged to secure the payment of the amounts herein provided to be paid into the sinking fund herein provided for.

SECTION 11. It is hereby covenanted and agreed that so long as any of the bonds hereby authorized are outstanding the City will carry for the benefit of the holders of the bonds adequate fire and windstorm insurance on all buildings and structures of the sewer system which are subject to loss through fire or windstorm and will carry adequate public liability insurance and will carry for the benefit of the holders of the bonds insurance of the kinds and in the amounts normally carried in the operation of similar properties in Kentucky. In so far as consistent with the laws of Kentucky said City agrees that so long as any of the bonds hereby authorized remain outstanding it will keep proper books of record and account, separate from all other municipal records and accounts, showing complete and correct entries of all transactions relating to said properties, and that the holders of any of said bonds shall have the right at all reasonable times to inspect the works and system and all records, accounts and data of the City relating thereto. C. OLLIE ROBINSON, Clerk, Floyd County Court

hereafter installed a sewer line of the City of Martin, Kentucky, shall within 30 days from the date such line is installed and placed in operation connect therewith all sanitary sewerage drain pipes of such building conveying sanitary sewage therefrom into such line and failure to do so is hereby declared to be unlawful and to constitute a nuisance. Any person, firm or corporation who refuses to connect to the sewer system within 60 days from the date such line is installed and placed in operation shall be fined not less than Ten Dollars (\$10.00) for each offense. Each day such person, firm or corporation fails or refuses to connect shall constitute a separate offense. No storm water drain shall be connected with any sanitary sewer hereafter constructed, nor shall any storm water be introduced into any such sanitary sewer. That the City shall take any and all necessary steps which may be legally taken which may be necessary to require the use of its sanitary sewer facilities by all buildings of every kind situated upon all lots abutting upon any street, alley or easement in which there is now or in which there is hereafter installed a sewer line which is a part of the sewer system of the City. That the provisions of this section are a covenant in favor of the \$164,000 of City of Martin Sewer Revenue Bonds, dated May 1, 1965, and shall not be repealed or amended and shall always be in force as long as any of such bonds are outstanding.

5. No sewer tapping charge shall be made during the period that such sewer system is under construction financed in part by the proceeds of such bonds dated May 1, 1965. After the engineers in charge of the construction of such sewer facilities certify that same have been completed each person tapping such sewer facilities shall pay a tapping charge of \$100.00.

6. That the provisions of this ordinance are severable, and if any section, clause or provision of this ordinance be ruled void or unenforceable by any court of competent jurisdiction, the remainder thereof is intended to be enacted and shall be in force and effect notwithstanding.

7. That all ordinances or parts of ordinances to the extent, but only to the extent, that they are in necessary conflict herewith are repealed, and this ordinance and the provisions therein shall be effective from and after its passage and publication as provided by law.

8. That all ordinances or parts of ordinances to the extent, but only to the extent, that they are in necessary conflict herewith are repealed, and this ordinance and the provisions therein shall be effective from and after its passage and publication as provided by law.

9. That all ordinances or parts of ordinances to the extent, but only to the extent, that they are in necessary conflict herewith are repealed, and this ordinance and the provisions therein shall be effective from and after its passage and publication as provided by law.

be available for inspection as are other municipal records. The Secretary-Treasurer shall, in addition to any compensation received as a member of the Commission, receive a reasonable salary, the exact amount to be fixed by the Commission, for his services in collecting and expending monies for such Commission, such salary not to exceed \$25.00 per month. Any appointed member of the Sewer Commission failing to attend four successive regular meetings without cause acceptable to and approved by the Sewer Commission shall be thereby automatically removed from office, and the vacancy shall be filled as hereinbefore provided.

d. That said Sewer Commission shall have the full, absolute, complete and exclusive supervision, management and control of such sewer system, including, without limiting the generality of the foregoing, the administration, maintenance, operation and extension thereof. All bills for services rendered by such system shall be collected and accounted for by such Sewer Commission in the manner and form required by law, and all collections shall be deposited with the Treasurer of the Commission or as he may direct, provided however, that each sewer bill shall be billed simultaneously by the City with the water bill and collected at the same time as the water bill is collected. Such municipal system shall be operated on a fiscal year basis, commencing each year on May 1 and ending each year one year later, and at least thirty days prior to the beginning of each fiscal year the Sewer Commission shall cause to be prepared and adopt a detailed budget of the estimated amounts of money to be received in connection with the operation of such system and the necessary expenditures in connection therewith for the next ensuing fiscal year, a copy of which budget shall be filed with the City Clerk. All disbursements for the account of such system shall be ordered paid out only upon the approval of said Sewer Commission.

e. Such Sewer Commission shall have power to employ, fix the compensation of and discharge a Superintendent or Manager, if desired, and through such Superintendent or Manager to direct, employ, fix the compensation of and discharge all employees who perform services for such system and such Commission. The Superintendent or Manager, if one is designated, shall perform such duties as may be conferred upon him by such Commission.

f. Such Sewer Commission shall perform any and all covenants and agreements contained in any contract or obligation between the City and the holder of Sewer Revenue Bonds, dated May 1, 1965, secured by the revenues of such system hereafter created, to the full extent permitted by law.

g. That in enacting the ordinance establishing the Sewer Commission it is intended that same shall be a contract protected against impairment under the principles laid down in the case of Keathley vs. Town of Martin (Ky.), 253 S.W. (2d) 3, and that so long as any of the Sewer Revenue Bonds, dated May 1, 1965, are outstanding, either as to principal or interest thereon, said ordinance can not be changed, varied or altered in any manner, it being intended that the provisions of the ordinance shall constitute a contract between the City of Martin, Kentucky, and each and every holder of such bonds hereinbefore referred to and that purchasers of any of such bonds may purchase same in reliance upon the contract set out in said ordinance, since the City Council of such City enacts said ordinance for the assurance and protection of the citizens of said City and for the purpose of assuring the holder or holders of such bonds of the efficient operation of such system.

SECTION 15. That the City Clerk is hereby authorized and directed to cause notice for bids for the purchase of said bonds to be published in The Floyd County Times published in Floyd county, Kentucky, which newspaper has the largest circulation within such county and within the City of Martin, such notice to be published in accordance with legal requirements. Such notice shall also be published in The Courier-Journal, a newspaper published in the City of Louisville, Kentucky, and in The Bond Buyer, published in New York, New York. Each bidder will be required to qualify by furnishing a good-faith deposit of \$3,200 and will be required to bid for the bonds not less than \$155,800.00, plus accrued interest. Such notice shall be in the customary form and shall state that the right is reserved to reject any or all proposals.

SECTION 16. That the provisions of this ordinance shall constitute a contract between the City of Martin and the holder or holders of the bonds herein authorized to be issued, and after the issuance of any of said bonds no change or variation of any kind in the provisions of this ordinance may be made until all of the bonds authorized herein have been paid in full as to both principal and interest.

\$1.9 BILLION BILL IS ASSAILED, PRAISED

VICTIM DEFROSTED

London—Thieves locked butcher Henry Pearce into his refrigerator after robbing him of 112 pounds (\$313). Shortly afterward, however, they phoned police, saying Pearce might freeze to death. Police got him out in time.

The House started its clash over the \$1.9 billion bill to fight the war on poverty next year Tuesday with some partisan pummeling.

Republican opponents said they weren't against the objectives of the poverty war—but it was a "mess," a "shambles" and a political pork barrel for Democrats.

The bill's sponsor, Florida Democrat Sam Gibbons, said the issue boils down to:

"Will this nation continue its efforts to battle poverty at home with a program that has now made a constructive start, or will we be held back by the faint-hearted prophets of doom who feed upon rumor and gossip?"

Republican speakers constantly emphasized that they were trying to be constructive—that they want to eliminate poverty too, but that they feel the Democrats are pushing legislation that won't do the job right.

And Democrats kept pointing out that Republican local officials have been involved in the controversy where anti-poverty projects have run into trouble, such as Ypsilanti, Michigan, and St. Petersburg, Florida. Republican obstructionism is to blame for failures, they said.

"If our hearts and minds remain open and our vision unclouded, we shall really be able to do something for the poor in this generation," Rep. Carl Perkins, Hindman, Democrat, said.

Perkins, who represents Kentucky's Seventh District, an Appalachian region, is second ranking Democrat on the House Education and Labor Committee, the committee that reported out the bill.

In the floor argument, he said, "So much attention has focused on controversies arising out of the community action (part of the war on poverty) that we need to be reminded of what we are accomplishing."

"We hear that the program is bogged down."

"We hear that it's a mess, a shambles, and all the bickering and squabbling about the administration (of the poverty war) would seem to be the quarreling of vultures over a dead cadaver."

"Well, we in Kentucky take another view," he said. "We have welcomed the anti-poverty program as a harbinger of hope for thousands of our people. And so we've been far more interested in what's being done than what's being said."

Using a prepared speech, Perkins told the House that 50 Job Corps centers now have more than 11,000 trainees, about 1,200 VISTA workers, the war on poverty's domestic version of the Peace Corps, will be at work by next month, more than 100,000 youths are in neighborhood Youth Corps jobs that will encourage them to remain in school, and thousands more are in Project Head Start programs, adult education programs, work-experience programs, and getting rural loans to improve their homes.

"All this, and more, in just nine months of operation," Perkins said. "In just nine months over three million poor people have been reached, directly and indirectly."

"That's quite a gestation period," he said.

Perkins told the House there are good reasons for the troubles the community action programs run into. These programs basically involve getting a group of representative citizens, including poor people, together into an organization to direct the war on poverty in its area.

"This disagreement and controversy was to be expected—in fact, I see it as an indication of progress, because it means that communities are being stirred up about their poverty programs," Perkins said.

"For the first time, the poor have a forum in which they are represented and in which their voice is being heard," he said.

Rheumatic Pain Gone In 8 Hours

"For years I had rheumatic pains in my shoulders, legs and ankles; when I walked I would flinch with agony, but recently I got RUGON and the pains began leaving my body in eight hours. Now I am entirely free of pain and praise RUGON to the sky." This is a true, sincere testimonial.

RUGON is helping so many victims of rheumatism and neuritis because this NEW Liquid Formula contains Three Wonderful Ingredients. Not a tablet or capsule. RUGON goes to the very source of pain almost at once and costs but a few cents a day to take. So don't go on suffering. Get RUGON at W. A. Rose Drug Store.
